Chapter 251

"Thank you Chen Shao, I'll help you and the pavilion master."

Excited to speak, Liu Guang showed ecstasy.

The last time he accompanied Qin Chen in refining, he benefited a lot. After returning, after a long time of comprehension, his own medicine cultivation level has been astonishingly improved.

This time there is still such a good opportunity, how does he want to miss it? I want to join if I die!

He even had a feeling that it was just around the corner to listen to a few more times of less dusty teachings and directly break through the third-rank alchemist.

Hearing Liu Guang's excited voice, Zhang Ying and Lin Tian, who walked to the door, staggered and almost fell.

His eyes widened and his face was shocked.

What, help Shao Chen? Still so excited?

Brother, you are a second-tier pharmacist, take it out, and the whole king is a powerful existence, and you are also the deacon of Dange.

When you go outside, every great master in the kingdom will call you a master.

How can you follow Chen Shao's refining, just like picking up a big bargain, you are almost jumping up with excitement?

The two of them couldn't help but dizzy.

Master Liu Guang is not a masochist, right? I didn't see it before.

In the refining room.

"Little dust, where is your master?"

After seeing Qin Chen coming in, he was immediately ready to deal with the medicinal materials, and Xiao Ya couldn't help but speak.

"Master, what master?"

Qin Chen was suspicious.

"Isn't your master doing the refining this time?"

Blinking her eyes, Xiao Ya was a little dizzy, and bad thoughts arose in her mind.

"Oh." Qin Chen was so smart, he instantly understood Xiao Ya's doubts, and smiled: "This time, you will help me refine it."

really.

The guess was confirmed, and Xiao Ya's mouth twitched, almost crying.

"Little dust, these are Tier 4 medicinal materials, are you sure, let me refine them?"

"What's wrong with Tier 4 medicinal materials?" Qin Chen wondered: "Did you succeed in refining it last time!"

Puff!

Almost spitting out a mouthful of old blood, Xiao Ya couldn't wait to slap Qin Chen to death.

The last time the refining was successful, it was because only the third-grade pill was refined, but this time, it was the fourth-order medicinal material.

There is no comparison between the two, OK!

"Don't worry, as last time, I will guide you by the side. You only need to follow the method I said." Seeing Xiao Ya still hesitate, Qin Chen immediately comforted.

The brain fainted and almost fainted.

This is not a question of guidance or guidance at all. It is that the medicinal properties contained in Tier 4 medicinal materials are extremely strong. She is a Tier 3 pharmacist, let alone refining, I am afraid that she has no ability to extract the medicinal effects of Tier 4 medicinal materials. , What can you do if you guide?

For a while, Xiao Ya was almost crazy.

Had it not been for the last successful experience, she would have turned her head and left now.

Breathing out, Xiao Ya's towering chest continued to rise and fall.

"Don't worry, if there is a problem, I won't blame you, but you have to promise that you will follow my steps." Qin Chen was speechless.

"Row."

Gritting her teeth, Xiao Ya nodded.

Qin Chen said so, what else can she say?

But even though he agreed, he looked at Qin Chen idiotically, the meaning of his eyes was very clear, the refining would fail later, don't blame them.

"Little dust, then you have to tell us what to refine, right?" Xiao Ya asked after taking a deep breath and calming down.

Liu Guang also looked over curiously.

"It is for Lin Tian and Zhang Ying to refine the blood spirit pool liquid, so that both of them can also be baptized by the blood spirit pool!"

"Blood Spirit Pool Liquid? For baptism?"

The two were startled: "With these medicinal materials, can you refine the bleeding spirit pool fluid?"

Totally incomprehensible!

The blood spirit pool is located in the five northwestern countries. Xiao Ya has not studied it. The liquid contains a special kind of energy, but it is not easy to preserve. Once the blood spirit pool liquid is taken out of the blood spirit pool, it will lose its activity and become Ordinary liquids cannot be stored at all.

"Of course not relying on these alone, there is still this kind of material."

The space ring flashed slightly, and Qin Chen had taken out a spiritual crystal.

"this is....."

Feeling the terrifying energy contained in the spirit crystals, Xiao Ya and Liu Guang suddenly shrank their pupils, revealing amazement.

"Could it be... this spar is a blood spirit crystal obtained from a blood spirit pool?"

Eyes widened, the two of them looked shocked.

"Yes."

Hearing Qin Chen's affirmative answer, Xiao Ya's body shook violently and her face was shocked.

"This blood spirit crystal is obtained by me from the blood spirit pool fluid and can be used as the main material to refine the blood spirit fluid." Qin Chen explained.

With shocked eyes, Xiao Ya's gaze at Qin Chen suddenly changed.

The Blood Spirit Pool is located in the five northwestern countries, and countless powerful people throughout the northwest have studied it.

Finally came to a unified conclusion.

In the depths of this blood spirit pool, there must be something similar to crystals, which is the source of the blood spirit pool's energy.

In this regard, the top powerhouses of the five northwestern countries all wanted to search and study them.

but.

The blood spirit pool is very peculiar. Any Xuan-level warrior entering it will not be able to be promoted, but will instantly arouse the real power in the warrior's body, causing it to explode and die.

This also made it impossible for a profound expert to enter it.

And the strong of the sky level, although it can enter, but after research, the existence of the blood spirit crystal should be located in the deepest core area of the blood spirit pool.

The concentration of the blood spirit pool there is so high that even the strongest heavenly powerhouse cannot enter it.

After several explorations, the major forces also dispelled the idea of exploring blood spirit crystals.

But who knows, now Qin Chen actually took out the blood spirit crystal.

"You have entered the deepest part of the blood spirit pool?"

Can't help it, Xiao Ya blurted out.

"Almost." Qin Chen said casually.

"But the corrosive power of that blood spirit..."

"Oh, it's a bit powerful, but it's not very strong either. Shinoichi will pass."

No...not very strong...

When her body shook, Xiao Ya couldn't wait to slap Qin Chen to death.

Can you stop pretending, can you speak well?

You are not very strong, but in the nearly 100 years since the discovery of the blood spirit pool, no one can reach the point? The one who walked the farthest was only practicing in a place with two or three times the concentration.

According to the detection, the deepest area has at least ten times the concentration.

But you came here, which is not very strong.

When you are another genius, it is all rubbish, is it rubbish?

Looking up and down Qin Chen, Xiao Ya was shocked. How terrible is this guy's physical strength? Can you go to the deepest part of the blood spirit pool?

At this moment, Xiao Ya had unprecedented curiosity towards Qin Chen.

"Well, don't waste time, start refining."

Where did Qin Chen know the shock in Xiao Ya's heart, and directly interrupted her guess.

The refining of the blood spirit liquid took a long time, and he didn't have time to waste here.

boom!

Under Qin Chen's guidance, Xiao Ya and Liu Guang immediately lit a fire and began to refine the blood and spirit liquid.

Chapter 252 Director Lu

Qin family.

"boom!"

"Pill Pavilion was too much this time. He actually did something to my son. Do you really think no one can cure him?"

The tea cup in his hand shattered suddenly, and Zhao Feng looked angry.

In front of her, Qin Fen's face was swollen and aggrieved.

"Then Liu Guang, are you sure you are from Dan Pavilion?" Zhao Feng asked with a gloomy face.

"Hui Niangqin, the child later investigated, that Liu Guang is indeed the second-rank alchemist of the pill pavilion, or a deacon of the pill pavilion, responsible for the interior of the pill pavilion, with great power." Qin Fen said depressed.

Knowing that I was beaten this time, it should be for nothing.

"Qin Chen, this little bastard, when did he even get involved with Pill Pavilion?"

With a gloomy look, Zhao Feng looked incredible.

Regarding the identity of Deacon Dan Ge, even the Qin family did not dare to rashly target it.

How could such a character have anything to do with Qin Chen.

"Mother, I inquired carefully and found a shocking fact..." Qin Fen said in a dare not to be sure.

"what?"

Zhao Feng looked coming.

"I've heard that Qin Chen may be the first-grade alchemist of Pill Pavilion." Qin Fen hesitated.

"What? First-class alchemist, what are you kidding?"

Feng's eyes were wide open, and Zhao Feng's mouth was wide open.

The assessment of the first-grade pharmacist is so difficult, I dare not say that it is as difficult as the sky, but it is also extremely difficult.

Some pharmacy apprentices often pass the exam several times, dozens of times, and even at the age of 60 or 70, they may not pass the exam. Qin Chen, a 15-year-old boy, can pass the exam, which is too far-fetched.

"I also don't think it's true, but after a child's investigation, there is indeed a young man named Qin Chen who passed the Pill Pavilion's first-grade pharmacist examination a month ago. The chief examiner at that time was Liu Guang. This incident also caused quite a stir in the apprentice circle of Dange's assessment."

Qin Fen looked puzzled, but he couldn't help but believe the facts.

And in this way, Liu Guang's reason for Qin Chen's emergence made sense.

"This little **** is hiding too deeply."

Teeth creaked, Zhao Fengqi's mouth was smoked with anger.

"It seems that something else has to be done. The Li family is too wasteful and useless at all."

Gritting his teeth fiercely, Zhao Feng's nails were embedded in his palm.

"Mother, grandpa, when will they arrive?" Qin Fen couldn't help asking with sullen eyes.

"Don't worry, the person your grandpa sent has already set off. It is estimated that within a few days, they will be able to reach the king's capital. By then, both Qin Chen and Qin Yuechi will have to die." Zhao Feng's eyes shot resentment. .

After these few confrontations, she hated Qin Chen so much that she wished to thwart her.

Can't wait anymore.

Wangdu Drunk Fragrant House.

Luo Ling took several members of the law enforcement team, drinking heavily and eating big pieces of meat.

"Captain, you said... There won't be any problems with this matter today."

Thinking of what happened during the day today, these captains couldn't help feeling lingering.

Originally, it was to follow the captain, eat fragrant and spicy food, and slap the Qin family's flattery, but unexpectedly, when the style of painting suddenly changed, Dan Ge made a shot and beat the Qin family young master.

This shot not only hit the Qin family, but also stunned their group of law enforcement members.

All day, I was confused and frightened.

For fear that Dan Ge would be blamed, these people would not be able to eat.

"Fear of a bird, look at your bears, what can be the problem."

Luo Ling waved his hand and said with a look of disdain.

"But that's Dan Pavilion..."

"Pill pavilion, what happened to Pill pavilion? Today, we also acted according to the rules. It was the Li family who reported it. Qin family ordered. Dan pavilion's Mu Xun was appraised. We just dealt with it according to the procedures of Sifang. There must be a reason to deal with us? Not to mention..."

Luo Ling raised his head proudly: "My elder brother-in-law Lu Yang, who is the director of Sifang, has a lot of connections in the Daqi Kingdom, and will naturally protect us. You few, follow me, just don't worry."

One day later, the initial fear in Luo Ling's heart also disappeared, and some were just disdain.

He wanted to understand that as long as his brother-in-law was there, nothing would happen to him.

As for his eldest brother-in-law, but the director of Tangtang Sifang, even if the Dan Pavilion is powerful, what can he do? Don't you need to eat in other places? As a result, his uncle was upset, and directly sealed the Dange shop in Fangshi to see where Dange was crying.

Thinking of this, he calmed down.

"Okay, everyone hurry up and eat. Today, I also had a hard time. I'll finish eating early. I will take you to the place to have a good time."

He smiled, Luo Ling showed a wretched smile on his face.

Seeing that Luo Ling was so confident, the other team members also relaxed and showed wretched smiles.

A few of them, full of food and drink, went out to be chic.

The headquarters of Wangdusifang did not feel like a catastrophe at all, and it was calm.

This Wangdusifang Office, in charge of the management of Wangdufang City, is a very popular department among all the departments in the Wangdu.

After all, Wangdufang City is the gathering place of the great powers of the Great Qi State. As long as the families in the whole Great Qi State are engaged in business, they will find ways to find a shop in this town.

And the management authority of this shop falls on this division.

Therefore, although the Sifang Institute does not hold power, soldiers, or money, it is a poor man who is envied by other departments in the capital.

It's not easy to say that although the Fang City Law Enforcement Team is subordinate to the City Guard Army, it is under the control of the City Guard Army, but it is separately managed by the Division. The law enforcement team leader enjoys the treatment, and even catches up with the President of the City Guard Army. Nothing less.

As for the director of Sifang, it is even more of a super fat difference, and countless powerful children almost broke their heads for this position.

The director of the Sifang Institute was named Lu and Lu Yang.

In order to win the position of the director of the division, he did not go through the back door without any means. There are even rumors that he sent his wives out to accompany those high-ranking officials and dignitaries day and night, which made him stand out. Became the director of this term Sifang.

After he took office, he rarely managed the affairs of the office. General affairs were entrusted to his deputy director. And he lingered on the Chunyue Tower, the capital of the king, and a group of empire powerhouses every day. He was extremely chic. .

But no, at this moment, he is in the Chunyue Tower, holding his affectionate little peach blossom, talking about love.

"Director Lu, you smashed Little Peach Blossom last time. The sore Peach Blossom couldn't get out of bed for a few days."

This little peach blossom, heavy makeup, extremely gaudy, soft hands stroking Lu Yang's fat body, causing Lu Yang's body to burn with desire, like an explosion.

"Hey, are you? Then tell me, why can't I get you out of bed? Hey, hey."

Lu Yang smiled, greasy head and fat ears, showing a mouthful of yellow teeth, looking extremely wretched.

Chapter 253

"Oh, hate it."

Xiao Taohua felt nauseous and wanted to vomit, but she pretended to be shy and slapped Lu Yang on the chest.

"I think you still want it, hehehe."

With an obscene laugh, Lu Yang turned over and pressed Xiao Peach Blossom under him.

"Huh, huh!"

Gasping for breath, watching Xiao Taohua Chenghuan under him, Lu Yang couldn't help but feel a sense of pleasure.

It was only because of excessive drinking that he moved twice and couldn't control himself.

"Damn, the seal whip just ate yesterday, why didn't it work at all?"

Lu Yang was depressed and would not buy a fake seal whip.

"Director Lu, something is not good!"

The door of the room slammed open, and an entourage who had been following him ran in in a panic.

This shock made Lu Yang so soft that he rolled off the bed directly, Bai Huahua's body was like a fat pig, with a clear view.

After recovering, he was furious.

"Snapped!"

A slap slapped the man away, trembling with anger: "Who made you rush in? You are looking for death."

"Yes, yes, the subordinates know their mistakes, but there is a major event in the office, and the subordinate is anxious about the next thing. I also ask Director Lu to forgive and forgive me!"

The entourage trembled all over, did not dare to look up, and said with horror.

"What's the big deal?"

The eyebrows raised, Director Lu said angrily.

This group of rice buckets, what happened, I didn't know how to deal with it, and it actually got to him and disturbed his good deeds. It was a bunch of waste.

"That's the case, the subordinates received the news that Dan Pavilion is about to cancel the cooperation with our Sifang Office." The entourage said tremblingly.

"Unlock the cooperation and then stop the cooperation, what's the big deal...Wh...what? Who do you say wants to cancel the cooperation with us?"

Director Lu said angrily, and only halfway through, he suddenly reacted, and he was frightened in a cold sweat.

"It's Dan Pavilion!" The follower said.

"Where did the news come from?"

Lu Yang trembled, his voice changed.

"It's a manager from Dange who is in contact with our company. He knows that his subordinates are here. He just personally gave me a letter of explanation.

The entourage carefully handed over a piece of paper, raised his head, and saw Lu Yang's white body, hurriedly lowered his head again, feeling sick and nauseous.

After receiving the explanatory letter and seeing the big seal of Pill Pavilion on it, Lu Yang's eyes went dark and he passed out instantly.

"Come on, come on, Director Lu fainted, hurry up and save people."

The exclamation sounded instantly in the Chunyue Tower, and there was a sudden jump.

The old bastard in the Chunyue Tower heard that Director Lu had passed out in the room. They were so scared that they were going crazy. They all rushed forward, pinching the people, pressing the temples, and even some people directly breathed artificially.

Lu Yang is the director of Tangtang Sifang and the chief patron of Chunyue Tower. If he dies here, Chunyue Tower will be closed sooner or later.

"Little Taohong, what did you do to Director Lu."

A steward of Chunyuelou couldn't get in, anxious like an ant on a hot pot, cursing.

"I didn't do anything."

Xiao Taohong was about to cry. It was Director Lu's entourage that frightened him and fainted. What's the matter with him, it was Lu Yang's ability for two seconds, what she wanted to do, the other party did not have this ability.

"I'll clean up you later."

The manager grunted and finally squeezed in.

"Don't move, let me see the situation."

His gaze swept away, and instantly fell on Lu Yang.

"Did you shrink the sun into your abdomen?" The manager's eyes brightened, thinking that he had found a disease, and shouted, "Get the silver needle quickly."

"Shrink your sister, Xu is in charge, so don't mess with it and go aside."

"Yes, the place where Director Lu is headed was originally only this big."

"Our sisters have experienced it, but you have no experience. What are you messing with."

Guan Shi was speechless by several old bastards who were over half a century old and could not speak for a long time.

On the side, someone leaned forward and gestured for a long time, showing amazement.

"This is too small, right? Is this the legendary 'embroidery needle'?"

"Looking at Director Lu's five big and three thick, it turned out to be so small."

"It's no wonder that when he heard that his wife was given to the dignitaries to play with him, she was not only not angry, but also very satisfied."

"Is there anything else?"

"Hehe, the key is that Lu Yang has even experienced several and a half hundred bastards in Chunyue Tower. This taste is different."

After tossing for a long time, Lu Yang woke up.

scare!

Seeing so many people around, almost scared my soul.

"Director Lu, you finally wake up."

A group of old bastards, with joyful faces, seemed to have seen their friendship.

"Let's let, let's quickly."

After returning to his senses, Lu Yang put on his clothes in a hurry and couldn't control anything. He ran out of the Chunyue Tower with his entourage, and shouted, "Go back to Sifang."

Sitting in the carriage, Lu Yang was very confused and restless along the way.

Dan Ge wants to stop cooperating with Sifang Institute, this is a big deal.

You know, any department in the capital city needs to consume a large amount of pill medicine every year, so naturally it needs to cooperate with some pill medicine merchants.

However, cooperation with a drug dealer is not something that a small director of him can call the shots at all, it is entirely an order from the royal family.

Basically, some of the official forces of the Great Qi State, the royal family has a famous order, only allowed to cooperate with Dange.

Among them, it involves the tacit understanding between the top powers such as the royal family and Dan Pavilion.

In the Tianwu Continent, forces such as the Holy Land of Bloodline, the Hall of Vessels, and the Pill Pavilion are terrifying, spreading all over the continent.

At the same time, they are also responsible for maintaining peace in various places.

For example, in the five northwestern countries, the very evil and powerful Blood Demon Sect has always wanted to invade the five great powers and control the entire five northwestern countries.

But for so many years, I haven't been able to succeed. In addition to the reasons why the five northwestern countries are resisting, more importantly, it is the shock of these forces.

These top forces on the continent do not want to see the area under their control is a chaotic place.

Because of this, the Blood Demon Sect has never dared to invade the five northwestern countries on a large scale.

What the major forces in the Northwest have done is to bind official cooperation with these top forces to obtain a guarantee.

This is also the default of the major royal families of the five northwestern countries.

Therefore, for the official forces of the Great Qi State, cooperating with Dange is basically a political task.

But first, Dan Ge even wanted to cancel the cooperation with Sifang Institute, so scared that Lu Yang was about to have a heart attack.

This is Dan Ge's dissatisfaction with his company.

He was able to sit in the position of the director of the boss's workshop, and spent a lot of energy and run wildly. In North Korea, there is also some relationship.

But if the kingdom knew that Dan Ge was provoked by his Sifang, his director would definitely end in minutes.

Chapter 254

In panic, Lu Yang returned to Sifang after a short time.

The first time, several deputy directors were called in and opened their mouths to scold them.

He seldom manages the affairs of the Sifang Office. In his opinion, it must be the deputy director of the Sifang Office who has offended Dange.

Several deputy directors were scolded bloody, but at a loss.

How is Lu Yang making trouble? I usually don't care about anything. When I come up, I yell at them and eat gunpowder, right?

I couldn't help but frowned and said, "Director Lu, are you making a mistake? We are not idiots. How could we go to mess with Dange? Is there any misunderstanding in this?"

"Yes, when we saw the alchemist in the pill pavilion in Sifang, when he was not respectful, he didn't even dare to put a fart."

"Don't say it's a pill pavilion, although other forces like Bloodline Holy Land and Artifact Hall have shops in our market, we have never controlled them, and we don't dare to manage them."

"The other party directly sent the explanatory letter to you, Director Lu. Did you offend Dange, Director Lu? What caused the other party's dissatisfaction?"

At that time, the position of the director of Sifang, several of their deputy directors, also participated in the competition.

But Lu Yang did the most thorough thing. He sent his wife out and walked all the way.

In the end, although Lu Yang successfully competed for the position of director, these deputy directors looked down on Lu Yang with a heart-felt tone, and in their tone, they did not respect him much.

"You...you, I'm so angry..."

Seeing that these deputy directors were still talking coldly at this time, Lu Yang was about to explode with anger.

"What makes me offend the Dange? I, Lu Yang, would offend the Dange? There must be something wrong in the Sifang office. If you don't let me figure it out, the royal family really has to blame it. You can afford it. Huh?"

With a big wave of his hand, he threw the explanatory letter sent by Dan Ge on the table, making Lu Yang tremble with anger.

The deputy directors picked up the explanatory letter and passed them to each other, and their eyes became serious.

The explanatory letter is very serious, indicating that from now on, Dange will no longer have any business dealings with Sifang, and all previous agreements will be directly invalidated.

This tone, although it is not a question of guilt, but it is basically the same.

Moreover, the seal on this was turned out to be the highest seal of the Dange Internal Affairs Hall, which clearly showed that it was the decision of the Dange high-level internal unity.

Even if they were dissatisfied with Lu Yang any more, the deputy directors understood the seriousness of the problem, and knew that ridicule each other was not a solution. The most urgent thing was to find the source, figure out the cause, and remedy it.

Otherwise, the director Lu Yang would be unlucky, and their deputy directors would certainly not be better off.

Ever since, the entire Sifang Institute took action in an instant, asking about the recent events between the Sifang Institute and Dan Pavilion.

In a short while, what happened in Fangshi today reached the ears of Lu Yang and others.

Several people almost spit out a mouthful of old blood.

His grandmother had been involved for a long time. It turned out that several members of the law enforcement team of Sifang were brave enough to dismantle Dan Pavilion's special shop.

Isn't this the rhythm of the old birthday star hanging himself?

What made Lu Yang even more depressed was that the leader of the team was actually his own distant nephew.

Lu Yang, who got the news, almost passed out.

This is so special, not cheating, but cheating uncle!

"Let Luo Ling roll over for me right away and explain the situation clearly."

Lu Yang couldn't wait to slap his nephew from afar with his heart.

Unexpectedly, Luo Ling and the people in his team, as if mysteriously disappeared, were all gone.

Lu Yang is anxious.

What did Luo Ling do? At such a critical moment, it was gone.

This is his rhythm to death.

"Immediately start all the people in the Sifang for me, whether they are dead or alive, they must find Luo Ling and them, hurry."

With an order, the entire Sifang Office instantly jumped.

A group of people from the Qunsifang Office are looking for people from all over the world.

But whether it was going to a few people's homes or some restaurants nearby, they just couldn't find this group of people.

In the end, someone got news that Luo Ling had a few drinks in Zuixianglou before.

But half an hour ago, he had already left, but no one knew where he went.

"Isn't it because you absconded in fear of sin?"

Some people are suspicious.

This time was a bit too coincidental. Half an hour ago, they were still drinking. At that time, it was Dan Ge's ban on Sifang who notified him, and then a few of them disappeared.

This is a coincidence.

Lu Yang was the only one who could pass the news after thinking about it.

After all, he was the first to get the news, and secondly, he was also Luo Ling's eldest uncle and had this motivation.

In the conference room, several deputy directors couldn't help but look at Lu Yang.

"Director Lu, at this time, should you let your nephew out?"

"Yeah, it's not a trivial matter. If the news reaches your Majesty's ears and gets angry, you and I will all be unlucky."

"Director Lu, let me say something bad. This kind of thing, let alone a nephew, if you kiss your son, you have to kill you."

"Don't do foolish things."

Hearing the words of these deputy directors one after another, Lu Yang was furious.

"What do you mean by yin and yang? What do you mean doing foolish things? Do you think Luo Ling was hidden by me?"

When I slapped the table, my lungs almost exploded, and my whole body was trembling.

"Let me tell you, let alone my nephew, even if my father committed the crime, my Lu will not hide."

Listening to Lu Yang's roar, several deputy directors looked at each other, but they were a little bit convinced.

Who is Lu Yang? That's because of the position of his superiors, even if his wife gave it to others to play with, how could someone who did it to save a nephew and risked losing his black hat?

It is indeed unlikely.

Ever since, the entire Sifang was in a relationship with the king, looking for people everywhere.

Lu Yang and the others were so anxious that bubbles grew in their mouths.

It wasn't until midnight that someone learned about Luo Ling and the others, and went to the west kiln to live happily.

And when he was happy, he also drank a lot of wine, one by one, drunk, preparing to spend the night in the kiln.

This is nowhere to be found.

A group of staff from the Sifang Institute, without saying anything, carried a few people back like a dead pig.

Seeing the appearance of Luo Ling and the others, Lu Yang and others were even more angry.

They are so anxious to get angry here, they are about to explode, these guys are so good, they ran into the kiln and happily, they really have the heart of several people.

With a basin of cold water poured, Luo Ling woke up.

"Uncle, why are you here? Haven't you been used to going to the Spring Moon Tower? Do you want to change the tricks, you are used to eating the delicacies of the mountains and the sea, and want to taste wild vegetables?"

Seeing Lu Yang, Luo Ling still didn't know what happened, so he was drunk, just said.

Chapter 255

"Taste your sister!"

Lu Yang trembled with anger.

"My sister?" Luo Ling confused: "Isn't my sister your niece? Didn't you taste it last time? Why, I want to try again, no problem, I'll arrange it."

A group of people all looked at Lu Yang dumbfounded, their mouths opened wide, and their eyes almost burst.

This Lu Yang is too beast, even his niece is not let go?

Nima, this kind of person is inferior to a beast, what else can't you do?

Under the eyes of everyone, Lu Yang's face was as dark as the bottom of a pot, and he couldn't wait for a seam to drill down.

"What nonsense, don't wake me up yet."

"Snapped."

A slap in the face, Luo Ling flew out two meters away, his face hit the ground, two teeth broke.

In the severe pain, Luo Ling woke up instantly, only to discover the scene he was in, and a cold sweat came out.

The remaining captains were also awakened one after another. After seeing the scene they were in, they all broke out in cold sweats.

"Tell me, what exactly happened during the day, why did you conflict with Dan Ge?"

Several deputy directors were too lazy to take care of Lu Yang. One of them, Wu, the deputy director, came up and asked.

Luo Ling and the others also knew that something was in trouble, and they tremblingly told the story. In order to avoid responsibility, they moved Qin Fen and the Qin family out of words from time to time.

"Uncle, we also don't know the situation, thinking that there is a young man from the Qin family, there is also the Li family, and there is also the Mu Xun in Dange, there will be no problems."

"boom!"

With a violent kick, Lu Yang's hair exploded with anger.

"Also, Master Qin, your mother, Qin, is now looking for Dange, let alone **** Qin Fen, it's useless for the Patriarch of the Qin family to come here, you can kill yourself, don't **** hurt Sifang. what."

After being kicked to the ground, Luo Ling didn't dare to argue, and said with grief: "Uncle, we also act in accordance with the regulations of the Sifang Institute. Demolition of illegal buildings is not a mess. Dan Pavilion has no reason to trouble us."

"Return the constitution, your sister, do you have the procedures? Do you have the formal provisions of the Sifang? Did you pass me? Even if you have them, Dange wants to get us, why don't you just do what you want? Your mind Got shit?"

A violent beating was to draw blood dripping from several people, the hatred in Lu Yang's heart.

The other deputy directors were also cold all over, and their eyes were gloomy and wanted to kill.

This is basically what the Qin family and the Li family are looking for to deal with the Zhang family, this group of idiots, without knowing the situation, they went up and flattered, and now it's all right, the flattering failed, and directly offended Dan Ge.

I really don't have any brains at all, this kind of grudge among the kings and giants, why should his Sifang intervene in it?

Really think you are used to being arrogant, you can knead it at will?

"what should I do now?"

After clarifying the situation, Lu Yang and the others also sat down again. The top priority was to resolve the matter.

One night, Sifang was discussing a solution. The safest thing is to find the personnel inside the Dange, take a look, and understand the situation in the Dange.

It has to be said that in the past few years in Sifang, Director Lu Yang and Director Wu have really good contacts, and they can find people from all walks of life.

Among them, Director Wu, in the Pill Pavilion, also has an acquaintance who is a first-grade alchemist.

Moreover, he is mainly responsible for the management of high-end medicinal materials in the Dan Pavilion, and his status in the Dan Pavilion is definitely not low.

Early in the morning, Director Wu ordered a banquet and invited the other party over.

"Master Jia, the younger brother is ashamed, and teaches nothing. I offended your Dange. I am guilty."

Director Wu yelled ashamed as soon as he saw each other.

The first-grade pharmacist's surname is Jia, Jia Fang, and has a relationship with Director Wu. At this time, he just shook his head and sighed: "Director Wu, Director Wu, you let me say what is good about you Well, it's okay. What did your Sifang do with our Dange's affairs? This time, your Sifang has really made a lot of trouble."

Director Wu almost cried when he heard the words, "Master Jia, it's not that I want to offend your Dange. It's because the people are ignorant and their brains are shit. Master Jia, for the sake of our friendship for so many years, you Help me say something nice in Dan Pavilion."

"That's not good." Jia Fang hurriedly waved his hand: "Director Wu, don't say that I have been with you for so many years, even if it is a deep friendship, I can't help you in this matter. You don't know, your company. This time I really got in trouble."

"Is it so serious? Didn't I hear that I have offended the Zhang family? It provokes Master Liu Guang. It should be this family. It has something to do with Master Liu Guang. Master Liu Guang was furious, so he gave this order? Master Jia, you His status in the Dan Pavilion is not low, and his relationship with

Master Liu Guang is also good. Master Liu Guang shouldn't be so shameless, right?" Director Wu wondered.

Jia Fang shook his head speechlessly, almost vomiting blood: "After a long time, no one can figure out what you have offended?"

"Isn't it Master Liu Guang?"

"Master Liu Guang?" Jia Fang shook his head: "Brother Wu, there are no outsiders here. I might as well give you some details. This matter is not just a decision made by Master Liu Guang. I heard that it is Lord Pavilion Master. Order personally!"

what?

Director Wu's shock was not trivial, and he was so frightened that he almost passed out.

"My Lord Pavilion, are you sure?"

His eyes widened and his face was horrified, almost silly.

That is the pavilion master of the Great Qi Kingdom Pill Pavilion. You don't need to salute your Majesty when you enter and leave the palace.

No wonder Jia Fang said that he interceded with the order she gave, and it was useless.

"I still lied to you?" Seeing Director Wu's disbelief, Jia Fang shook his head.

"How could this happen? I have completely inquired about it. The Qin family dealt with Zhang family, that Zhang family, but an aristocratic family in the royal capital, it is already in the sky to catch up with Master Liu Guang. Are all alarmed? Besides, although the people in our Sifang Office are on the scene, they don't do much, so it's not that serious, right?"

Director Wu almost cried.

How could things alarm the Lord Dan Pavilion?

No wonder Dan Pavilion's actions were so cruel, it turned out that even the pavilion owner was alarmed.

This is too unlucky.

"I don't know the specific situation very well, but as far as I know, the most critical person in it is not the Zhang Family or Master Liu Guang, but a young man named Qin Chen." Jia Fang said solemnly.

"Qin Chen? You mean the young man who made his way for Zhang's family?"

In order to solve the problem, Director Wu also asked about the situation at the time. Luo Ling and the others did mention that there was a young man named Qin Chen.

However, what Luo Ling mainly said was that Master Liu Guang showed up with two Zhang family members, so Director Wu and the others didn't care much at first. Now Jia Fang mentioned it and immediately remembered it.

"Why is this name so familiar? By the way, could it be the illegitimate son who was expelled from the Qin family before? Could it be that this incident is actually a conflict between Qin Fen and Qin Chen?"

Suddenly, Director Wu gave a sudden shock and said in surprise.

Chapter 256

"Yes, it's him!" Jia Fang nodded.

"It turned out to be so."

Director Wu was stunned, his mind flashed, and he instantly understood the ins and outs of the matter.

In his post in Sifang, he still has some understanding of the rough relationship between the major forces in the city.

I also know that the Zhang family has actually been living under the Li family.

Therefore, before, I wondered why the Li family and the Qin family would attack the Zhang family.

Thinking back now, this is the contradiction between the Li family and the Zhang family.

It was the contradiction between Qin Family and Qin Chen.

Qin Chen's affairs were raging in the capital, and no one knew about it.

Especially the grievances between Qin Chen and the brothers Qin Fen and Qin Feng have become the talk of the people in the royal capital after dinner.

Although Wu Xu didn't gossip, he occasionally heard about it.

In addition, last night, I analyzed the Zhang family's data overnight and found that Zhang Ying, the son of the Zhang family's head, had just graduated from Tianxing College.

"It's no wonder that the Qin family's dealing with the Zhang family was not really aimed at the Zhang family, but through the Zhang family to deal with Qin Chen, so the appearance of Master Liu Guang from the Dan Pavilion is actually not based on the face of the Zhang family, but it is possible. It depends on Qin Chen's face."

The clues are connected instantly and become a perfect chain.

In this way, things make sense.

The only thing I don't understand is that Qin Chen is just an illegitimate child of the Qin family, and has been expelled from the Qin family. Even if he has a good talent, how can he get in touch with Dan Pavilion and make Dan Pavilion stand out for him?

Can't help but ask his doubts.

Jia Fang shook his head: "I don't know what he has to do with Master Liu Guang, but one thing I know is that Qin Chen is actually a first-grade alchemist in my Dan Pavilion."

"What! First-grade pharmacist, is this impossible?"

Director Wu was so startled that he almost bit off his tongue.

Apothecary, who does not need to study and refine for a long time to pass the assessment.

This Qin Chen, who graduated from Tianxing Academy, has only been a few months, is actually a first-grade pharmacist? What a joke about the mainland.

"This is not a joke, but a real thing." Jia Fang's expression sank: "The chief examiner who assessed Qin Chen at that time was Master Liu Guang. It is said that after that assessment, Master Liu Guang was shocked, and that Qin Chen Chen, also opened up to do a business with Lord Pavilion Lord."

Do business with Dange Pavilion Master?

The body shook, his head dizzy, Director Wu almost died.

This Qin Chen is too arrogant. Even if he is evaluated as a first-grade pharmacist, he is only the lowest-level pharmacist in the pill pavilion. What business can he do with the pavilion master of the pill pavilion?

"This is real!"

Seeing Director Wu's unbelief, Jia Fang emphasized.

At that time, Qin Chen wanted to do business with the pavilion master. Not only Liu Guang, Chen Mu, and Ouyang Cheng knew about it, but also several apprentices who participated in the first-grade pharmacist assessment also heard it, but Zhou Tao and the others used it as a laughingstock. Naturally, it is no secret in Dan Pavilion.

"Could this be the reason why your Dange Pavilion owner sold Qin Chen's face? But as a young man, what business can he do with Dange?"

Director Wu is still a little dizzy, it is really this matter, too strange, not in line with common sense.

"I don't know what business he did with the Pavilion Master, but not long after that incident, our Dan Pavilion launched the second-grade special effect Zhenqi Dan business."

Jia Fang said this to himself.

"You mean..."

Eyeballs widened, Director Wu looked shocked and threw his **** to the ground.

Then he suddenly jumped up, "You mean that second-grade special effect Zhenqi pill is the business Qin Chen and the pavilion master did?"

Taking a breath of air, Director Wu was almost crazy, his expression dull, like petrified.

"I didn't say, don't guess."

His face sank, Jia Fang solemnly reminded: "Moreover, what I said to you today is only allowed to be passed on to you. If there is any leakage, don't blame me Jia Fang and cut off your kindness."

He and Wu Xu have a very good relationship. He said that he didn't want the other party to make a mistake, but if Wu Xu spread the news, then he, a high-level Dange, would not be able to eat.

"I understand, don't worry, this matter will never be heard from my mouth. If there is a violation, Wu Xutian, I will be struck by lightning, and I will not die."

Wu Xu hurriedly raised his finger and swears on the spot.

Jia Fang nodded.

He also knows that Wu Xu's behavior is still okay to be tight-lipped, otherwise he would not speak out his guess.

"What I said, it's no wonder that Dange would be so unfeeling to block our Sifang Office. It turns out that the few rascals have gotten into this character."

Director Wu looked bitter. If the special effect Zhenqi Dan was really a business between Qin Chen and Dange, it would be normal for Dange to block Sifang in this way.

He is responsible for the daily affairs of Fang City. Naturally, in Wangdu Fang City, the most popular one is the special effect Zhenqi Pill. It can be said that it is hard to find a single pill. Such a huge benefit, let alone another company. It was the imperial family of the Great Qi Kingdom that offended Qin Chen, and Dan Ge might block him.

"Brother Jia, then you can give me an idea now," Director Wu said with a bitter face.

Jia Fang sighed and said: "If you want to be forgiven by Pill Pavilion, you should find Master Liu Guang, but the most important thing is to find Qin Chen. After all, the root is in him. I might as well show you, Qin Chen After returning from Fangshi yesterday, I have been in my Dan Pavilion, the pavilion master and Master Liu Guang personally accompany him, staying in the refining room of the pavilion master, all day and night, and have not yet come out."

hiss!

Taking a breath, Wu Xu was shocked.

The master of Dan Pavilion and Master Liu Guang personally accompanied them, and spent a day and night in the master refining room. The implications of this were extraordinary.

"Okay, I can only talk about this. As for other things, I can't say more. What should be done, you can grasp it yourself, but don't let me know that you have leaked the news. Otherwise, you should know what the consequences are. Goodbye."

After finishing speaking, Jia Fang didn't stop and didn't eat any food. He turned around and left the restaurant.

Dan Ge is now banning Sifang, and he has violated the rules by doing so.

"Brother Jia, don't worry, I have my own measures. When the matter is over, brother, I will find you to have a good drink."

Knowing the crux of the problem, Wu Xu let go of his heart, secretly thinking about how to eliminate the impact.

While thinking, he returned to Sifang.

At this look, Wu Xu couldn't help being taken aback.

Only in Jia Si Fang, very calm, not at all anxious last night.

In the conference room, several other deputy directors were also packing their things and seemed to be going home.

"what happened?"

With a frown, Wu Xu couldn't help asking, and his anger rose.

When is this, Sifang is about to be in disaster, why is there no sense of urgency?

Chapter 257

"Director Wu, you're back, it's just right to come back, go back and rest early, here, there is nothing wrong."

Several deputy directors in the conference room saw Wu Xu and immediately smiled.

"It's okay? Could it be that Dan Ge's ban on our company has been lifted?" Wu Xu was stunned.

It shouldn't. If Dan Ge were to lift the ban, it would be impossible for Jia Fang to not know just now, and it is impossible not to tell himself.

"That's not the case. Director Lu Yang entrusted the relationship and found someone. Now I went to Dan Pavilion to intercede, there should be no problem."

"Find someone? Who did you find?"

Wu Xu frowned, Wu Xu couldn't help asking.

From Jia Fang's mouth, he also knew the ins and outs, and naturally knew that the key to the matter was Qin Chen.

If this is the case, if Director Lu Yang fails to find the right person, it may not be useful.

"Hehe, Director Lu found the royal family's Prince Qi, and also found the master Duan Yue of the bloodline holy land. As the two of them, it should not be a problem to clear the ban with Master Liu Guang."

"Yes, Prince Qi is the prince of my Great Qi Kingdom, your majesty's brother, and Master Duan Yue is the first-order bloodline master of the bloodline holy land, and in the bloodline holy land, the status is not low, they two come forward, it is impossible for Dan Pavilion Made me look bad."

"Yesterday our Sifang Office did offend Dange, but Master Liu Guang shouldn't really want to block our Dange. After all, Dange still has to do business in Fangshi. If you think about it carefully, maybe you just want to find Down a step."

"With Wang Ye Qi and Master Duan Yue coming forward, the face is up, and Master Liu Guang has no reason to block our Sifang Institute."

Several deputy directors all smiled and looked relaxed.

I was really worried about the whole night, knowing that the matter could be resolved, all the stones in my heart fell, and my spirit was relieved a lot.

I have to say that although Director Lu Yang is not very reliable and doesn't usually take care of things, the relationship in the capital is still very hard. In one night of work, Wangye Qi and Master Duan Yue were invited. Not ordinary people can do it.

Hearing the relaxed words of several people, Wu Xu's body shook and his brain fainted. He almost passed out.

"Prince Qi? Master Duan Yue? What the **** is this Lu Yang messing up with? Is this trying to force our company to death?"

His face flushed, and he couldn't help snarling directly.

"Director Wu, what's wrong with you?"

Several deputy directors were shocked by Wu Xu's roar, and couldn't help but look over.

Wu Xu, the first deputy director of Sifang Institute, has the highest status among the few present.

Director Lu Yang has always been no matter what, usually, this Director Wu Xu presides over the work.

Therefore, the anger came down, and several people were still a little nervous.

"What's wrong with me?"

It's okay if a few people don't ask, Wu Xu is even more angry when asked.

"Do you know who our Sifang sinned this time? Lu Yang dare to lead people to intercede, pig brain?"

Roaring loudly, the saliva star splashed several people's faces.

"Isn't it Dange Master Liu Guang?"

Several deputy directors glanced at each other, looking puzzled.

What happened to Director Wu? Got gunpowder? Why did you get so angry when you came back from a trip, right?

"Liu Guang, your sister."

Wu Xu was so angry that he was about to vomit blood.

If it really only offended Liu Guang, or Dan Ge really only wanted to hit their Sifang Office, then Lu Yang would not be wrong in doing so.

With the face of Prince Qi's royal family and the face of Master Duan Yue's bloodline holy land, there is a step in the Dan Pavilion, and it will go down.

But now, is it not Liu Guang's business at all? That was an order from the Dange Pavilion Master himself.

This is totally different.

You Zhao Qirui, although you are a prince, you have such a bad reputation and no real power. Besides being a member of the royal family, what kind of face do you have?

As for Duan Yue, it is true that the Bloodline Holy Land has a lot of face, and in terms of its status on the mainland, it is even above the Dan Pavilion.

But, after all, you Duan Yue is only a Tier 1 bloodline master, not even the deacon of the bloodline holy land, what qualifications do you have to let the Dan Pavilion master sell your face?

With the two of them alone, he wanted Dan Pavilion to lift the ban. Is this Lu Yang too naive?

"Forget it, how long has Lu Yang been away?"

Regardless of explanation, Wu Xu asked anxiously.

"About half an hour."

Seeing Wu Xu's appearance, the remaining deputy directors were also nervous.

Wu Xu is steady in his work and has never been aimless. Several people are usually very convinced. There must be something wrong with his look.

"Half an hour?"

Dizzy, Wu Xu almost cried.

After such a long time, Lu Yang must have almost reached the Dan Pavilion. How could this idiot not know to wait for himself?

For the current plan, it is definitely too late to chase, and we can only remedy it in time.

"You guys, follow me to Dan Pavilion immediately."

With a command, Wu Xu couldn't wait to rush out.

"By the way, what about Luo Ling and the others? Director Lu Yang also took them to Dan Pavilion?"

After just two steps, Wu Xu eagerly turned his head again.

"This..." The deputy directors glanced at each other, and one of them said in a nonchalant manner: "Director Lu Yang asked them to go back to rest. Anyway, everyone feels that the matter has been resolved, and it is useless to keep them here."

"Go back to rest..."

Wu Xu just felt that the world was spinning, and he couldn't wait to faint here directly, no matter what.

"My day!"

Immediately afterwards, he burst into vulgarity, a mouthful of old blood spurted out, almost crying without tears.

Not afraid of opponents like gods, but teammates like pigs.

This Lu Yang is inferior to his **** pig teammate.

This matter hasn't been resolved yet, the instigator dared to put it back to sleep, and didn't even do a face-saving project. Lu Yang, where did the confidence come from, Dan Pavilion would definitely buy you?

Just rely on Wangye Qi and Master Duan Yue? Too naive.

"You guys will send someone to capture Luo Ling and the others immediately. Hurry, you must be fast. After you get it, you will directly tie me five flowers and take them to the Dan Pavilion. I will wait for you at the entrance of the Dan Pavilion."

After finishing the order, Wu Xu looked anxious, and rushed out like wind, leaving only a few deputy directors who looked at each other.

"I...we...what do we do now?"

One of them asked dumbfounded.

"What else can I do? I will immediately follow Director Wu's wishes."

The remaining deputy directors were not calm and started to take action.

Luo Ling's home.

After being beaten up by Lu Yang last night, his whole body was wounded, and he was exhausted after not sleeping. Luo Ling fell asleep as soon as he returned home.

This dazed person, before he fell asleep, was picked up by the staff of the Sifang station who rushed to immediately, and he was taken out by the five-flower group.

The same was true for the remaining law enforcement team members. They divided into several paths and rushed to Dan Pavilion.

at this time.

Lu Yang, Wangye Qi, and Duan Yue had already arrived outside the Dan Pavilion.

"Brother Lu, don't worry, Dan Pavilion's ban is nothing. Today's matter is covered by the two of us."

With a slight smile, Duan Yue was full of confidence, looking at the Dan Pavilion in front of him, showing pride.

Chapter 258

Duan Yue comes from the Holy Land of Blood, and naturally has an arrogance that surpasses ordinary people, even in front of forces like Dan Pavilion.

In the Tianwu Continent, the powers such as Pill Tower, Tool Palace, Array Mage Union, etc., belong to the superior powers, and Aoxiao Continent is very powerful.

But if you want to rank them, to be honest, they may not be able to rank up.

In the tens of thousands of years in the history of the mainland, these major forces have fought against each other without distinction.

But there is a different force.

That is the Holy Land of Bloodlines.

In Tianwu Continent, the Holy Land of Blood is the top one among the many sub-professional forces, and it can be said to be the leader of the heroes.

This also made the Bloodline Saint naturally feel superior when facing other forces.

"Hehe, there is Master Duan Yue, how can Lu Mou be worried, presumably this Dan Pavilion, dare not not sell the face of Master Duan Yue."

Lu Yang laughed aside and laughed: "What's more, there is Prince Qi here. Prince Qi is my King of Da Qi. No matter how strong this Dan Pavilion is, you must look at the face of the royal family of Da Qi."

"Hehehe, Lu Yang, you and you, put gold on this king's face, this king is not so face-saving, let Dange look at my face, of course, if you just let Dange give face, I think that Dange, I won't fail."

Prince Qi smiled faintly, and as he spoke, a lustful look suddenly flashed in his eyes, and he said with an obscene smile: "By the way, Director Lu, this king hasn't seen you in a long time. This time it's up, why not call it? Come and have a meal together? Since the last goodbye, I really missed this king."

Speaking of missing, Prince Qi suddenly showed a squinted smile.

"Lord Qi, you can rest assured, as long as this matter is over today, I will personally bring Jiani Nei to visit your mansion. By the way, let my Jiani Nei spend a night in the palace to experience the magnificence of the palace." Lu Yang Haha smiled.

"There is also Master Duan Yue, you are indispensable for this matter."

Turning his head, he looked at Duan Yue again.

"That is naturally excellent."

Duan Yue also laughed.

"In that case, what are you waiting for, let's go."

The three of them stomped and couldn't wait to step into the Dan Pavilion.

"Three distinguished guests, can I help you?"

As soon as he walked into Dan Pavilion, a moving voice rang in the ears of the three of them.

Turning his head, he saw a nice waiter standing beside them.

This waiter has a very **** body, with unevenness, especially his chest, which is even more turbulent. Under the restraint of the white work clothes, there is a kind of visual impact that is ready to appear.

This waiter is Huang Yuling.

When Qin Chen came to Dan Pavilion to look for Xiao Ya, it was Qin Chen that Huang Yuling received and ridiculed along the way.

Unexpectedly, Qin Chen passed the appraisal of the alchemist and became an official alchemist, and was personally received by the master Xiao Yage. He was frightened and frightened, thinking that his position as a pill attendant would be dismissed on the spot.

I never thought that Qin Chen didn't care about her at all, and didn't bother to get to know a waiter, but her identity as a waiter was retained.

During this period, she was trembling, and did not dare to show no respect to any guests.

But the idea of wanting to climb the dragon and attach the phoenix to catch a golden turtle son-in-law has never disappeared.

No, when she saw three men with obvious identities walking into the Dan Pavilion wearing gold and jade, she couldn't wait, and the first one came up.

"Hey, this Dange waiter has a good temperament."

Seeing Huang Yuling, Prince Qi's eyes lit up and he couldn't help but touch her face.

"What do you want this guest to do?"

Huang Yuling was startled, and hurriedly leaped back.

"Ahem."

Lu Yang coughed twice to remind Prince Qi.

This prince Qi, everything is good, but he is a bit too sullied, he can't restrain himself when he sees a pretty girl.

Wang Ye was taken aback and reacted to the occasion, so he smiled and said: "Hehe, girl, don't be nervous, my king Zhao Qirui, the king Qi of the Great Qi Kingdom, this is the sacred lot of blood, Master Yue and Director Lu Yang of Sifang Institute, we three I came to the Dan Pavilion to see Master Liu Guang from your Dan Pavilion, so please tell me about it."

"Prince Qi?"

Huang Yuling was shocked to see that this man who was squinting and trying to touch him turned out to be King Qi of the Great Qi State.

With this attitude just now, he wouldn't anger the other party, right? If you say something bad about yourself in front of the steward, maybe you will be driven out of Dan Pavilion.

"Yes, I will inform you immediately."

Turning around in a hurry, he must report to the on-duty supervisor. Unexpectedly, under anxious steps, he was about to fall to the side.

"Ouch, be careful."

Seeing such a good opportunity, Prince Qi hurriedly stepped forward, hugged Huang Yuling, and squeezed her **** with his fat palm.

"Well!"

Huang Yuling was so frightened that Hua Rong was eclipsed, her eyes were full of tears, but she did not dare to shout, her anxious face flushed with shame and anger.

Seeing Huang Yuling's expression, Zhao Qirui's heart became more impulsive, he hehe smiled, his body pressed against each other, and he squeezed twice.

"Are you okay, miss?"

In his mouth, he said with a squint, his eyes almost glowing green.

"I'm fine!"

Breaking free from Zhao Qirui's hands, Huang Yuling was so frightened that Huarong was pale, stroked her hair, turned around and left.

Oh my God, this guy is just a harlot.

"Tsk tut, it smells, I like it."

Seeing Huang Yuling twisting her **** and kicking away, Zhao Qirui smashed her mouth and said with a smile.

Lu Yang and Duan Yue also laughed.

The appearance of the other party can only be regarded as good, but wearing the uniform of the Dange waiter, it has a special flavor.

Acting righteously, a man in a stewardess came over under the leadership of Huang Yuling.

"I heard that the three are looking for Master Liu Guang?"

After taking a look at the three of them, the steward asked directly when he came up.

"Exactly." Wang Ye Qi said proudly.

"I'm really sorry, Master Liu Guang has something important now. If the three of you don't mind, you can come again next time."

"Next time?" Wangye Qi frowned: "Do you know who we are? This Wang Qi, this is Master Duan Yue of the Holy Land of Bloodlines, this is Director Lu Yang of Sifang Institute, I'm looking for you Liu Master Guang, there is something important, please let me know."

Thinking that the other party did not know his identity, Zhao Qirui introduced in detail.

"The three are really sorry, Master Liu Guang really has something important, and it is not convenient to come out to meet guests at the moment."

Although the status of this hall is not high, the news is very well-informed. He knew that Master Liu Guang had important affairs with the pavilion master yesterday, and he had been staying in the pavilion master's refining room for a day and night.

At this time, no one can report to it. If it disturbs the refining of the pavilion master, who will pay the responsibility? He can't afford it.

"What can I do without even seeing this king?"

When Zhao Qirui heard this, he was immediately angry.

In his opinion, he is the King of Qi, a relative of the emperor, no matter how high his status, Liu Guang, he will not give face, he must come out to receive him?

It's better now, I didn't even see a sentence that was important, so I didn't put him in the eye.

Chapter 259

On the side, Duan Yue's face was also very ugly, and he said coldly: "I am a bloodline master of the Holy Land of Bloodlines, can't I see Master Liu Guang?"

What can be inconvenient to meet guests this morning? It was clear that I didn't want to see them at all.

"Three, it's not that Master Liu Guang didn't see it, it's that Master Liu Guang has something important. He is refining in the refining room and can't accept interruption at all."

That's in charge, knowing that the identity of the three is extraordinary, even explain.

"Refining?"

Duan Yue frowned. If this is the case, he still understands. After all, the pharmacist's refining process requires full attention and cannot be disturbed at all, otherwise it will easily fall short.

"Yes, Master Liu Guang has been in the refining room since yesterday. He has been refining for a day and a night. At this time, you can't let me bother?"

Manager nodded.

"Then when will he be able to complete the refining?"

Staring at the manager's expression, Duan Yue couldn't help asking if he realized that it might be true.

"I don't know this. It may be right away, or it may take a while. I am a subordinate, but I can't be the master."

"In that case, let's wait here for a while."

Looking at each other, Duan Yue said.

Anyway, it's all here. When I go back and come next time, Liu Guang may not have time. Since he has been refining for a day and night, it must be fast too.

After all, the energy of a pharmacist is limited. One day and one night is basically the limit.

What's more, Lu Yang's matter is very urgent and cannot be delayed for too long.

"Okay, if Master Liu Guang finishes the refining, I will definitely help you inform you."

Manager nodded.

They like to wait, just let them wait.

He gave another order to the waiter, and the steward turned and left. When he reached a corner that the three of them couldn't see, he couldn't help but spit: "I'm pooh. What kind of Duan Yue, the Holy Land of Blood is so great? Come to ask for help. I have such a bad temper. I really think I am an uncle. Go to his grandma."

This information is very well-informed. I know the news that the Dan Pavilion blocked the Sifang Institute yesterday. Today, the director of the Sifang Institute came to see Master Liu Guang. There is nothing else, it must be for blocking the Sifang Institute.

He came to ask for help, his attitude was so arrogant, it was the first time he saw him.

Dan Pavilion Hall.

Duan Yue and the others found a corner with no one to sit down.

"This Dange shelf is too big."

As soon as he sat down, Zhao Qirui spoke dissatisfied.

He is dignified, when did he wait so much?

"Lord Qi, don't be angry. From my point of view, Liu Guang is indeed refining. Did you come directly without seeing that the steward had no information? It should be a coincidence."

Duan Yue comforted and said, but his face was also very ugly.

"The two have calmed down. For Lu, both of you have worked hard. When things are over, I promise to invite both of you to have a good time."

Lu Yang laughed.

"That's OK."

As soon as Zhao Qirui heard this, he immediately smiled, "Then I will wait for Director Lu's arrangement."

The three of them are waiting here.

Boom!

The door to Xiao Ya's refining room finally opened at this time.

"Little dust, are you leaving now?"

In the refining room, Xiao Ya followed Qin Chen and walked out step by step, her expressions full of inexplicable emotions.

Look carefully, Xiao Ya's temperament has changed dramatically compared to yesterday. If yesterday's Xiao Ya was a peerless beauty, then now, she is like a fairy who has fallen into the world, and she is all over her body. Exposed a dusty temperament.

"Hehe, now that the blood spirit pool liquid has been successfully refined, Zhang Ying and Lin Tian have also entered the state, and my task is also completed. Why do I stay here if I don't leave?"

With a slight smile, Qin Chen waved his hand.

It turned out that at midnight last night, under Qin Chen's guidance, Xiao Ya and Liu Guang had already refined the blood spirit pool liquid.

It's just that the blood spirit pool liquid is very dangerous. If you are not careful, you will explode and die, and even endanger your life.

Therefore, after Qin Chen called Lin Tian and Zhang Ying to the refining room, he personally checked them, directed them to absorb the blood spirit pool liquid.

Until just now, the two of them were completely stable, and then they relaxed and prepared to leave.

"If this is the case, then I will give you a gift." Two steps forward, Xiao Ya smiled, exuding an inexplicable breath.

"Why the Lord Xiao Ya pavilion is so polite."

Qin Chen's forehead was called a big one. Since yesterday's refining, Lord Xiao Ya seems to have become more polite, even vaguely, tempting him one after another, making him speechless.

"So how can you be, Shao Chen, you are the distinguished guest of my Dan Pavilion, and Xiao Ya also benefited a lot from yesterday's refining. How can you leave Shao Chen alone."

Blinking her eyes, Xiao Ya outlined a smile at the corner of her mouth, showing a sly look.

Yesterday's refining was truly earth-shattering and shocked Xiao Ya.

She never knew that refining could still achieve this point. Under Qin Chen's guidance, she actually refined a Tier 4 spiritual solution, which shocked her whole person extremely strongly.

In the second half of the night, Qin Chen instructed Lin Tian and Zhang Ying to absorb the blood spirit pool liquid, and she and Liu Guang fell into a sense of sentiment. It was not until Qin Chen was about to leave just now that they came to their senses.

And after this night of insight, Xiao Ya felt that her understanding of alchemy seemed to have made a brand new breakthrough, and a brand new door opened before her eyes, reaching an unprecedented realm.

She had a faint feeling that at this moment, even without Qin Chen's guidance, she could refine some basic fourth-grade pill.

How does this make her not surprised, not excited, not grateful?

In order to become a fourth-grade pharmacist, she has continued to practice hard over the years, but there is no sign of breakthrough.

But since getting to know Qin Chen, only two refinings have allowed her to break through the shackles and reach the realm of the Fourth Stage Alchemist.

Let her deeply understand that Qin Chen's terribleness also made her feel deeply wise for her original decision.

"Pavilion Master, Chen Shao, I'll also give a gift to Shao Chen."

At this time, Liu Guang also walked out of the refining room with a respectful expression.

After a night of comprehension, his gains were extremely huge, and there was even a faint impulse to break through to the third rank alchemist.

The worship of Qin Chen is unprecedented.

"you guys....."

Qin Chen was speechless, could you not be so polite, too awkward.

"Pavilion Master Xiao Ya, Master Liu Guang, you see that you are all so dirty and messy. It is too embarrassing to walk into the hall and be seen by other pharmacists. It is better to change your clothes first."

The refining last night was very hard, and both of them were stained with a lot of liquid medicine and stains, which was indeed unsightly.

"Then we will change our clothes first, and then we will send you less dust."

Xiao Ya's cheeks blushed, and Liu Guang left to change clothes.

Qin Chen saw the two leaving, turned around, walked down the Pill Pavilion, and prepared to leave on his own.

At this time, Dan Pavilion Hall.

"Hey, by the way, the quality of this Dange waiter is really good, all of them are pretty."

Looking at the waiter in the hall, the three Wangye Qi had their eyes shining.

During this waiting day, they did not take time off, and kept peeking at the surrounding waiters.

"Well, why is this kid here?!"

Suddenly, Wangye Qi's eyes were taken aback, and the whole person stood up abruptly, shooting a gloomy glow in his eyes.

Chapter 260

I saw a young man walking out of the Pill Pavilion with a handsome appearance. It wasn't Qin Chen, who else could it be?

"Prince Qi, do you know this guy?"

Seeing Zhao Qirui's cold expression, Lu Yang couldn't help but wonder.

"Huh, I know it naturally, and I am very familiar."

With a gloomy expression, Zhao Qirui gritted his teeth and said, his eyes grew colder.

Thinking of the scene where Qin Chen was threatened by Qin Chen at Qin's house that day, Wuming angered and burned in his heart.

As the dignified king of Qi, he was threatened by a kid. This kind of shame is conceivable and unprecedented.

and.

Had it not been for Qin Chen's obstruction, Qin Yuechi would have fallen into his hands long ago, becoming his minister.

Thinking of Qin Yuechi's beautiful face, Zhao Qirui's heart was hot, as if a fire was burning in his belly.

His eyes suddenly became colder.

With a move in his heart, Zhao Qirui took the first two steps, stopped in front of Qin Chen in an instant, and sneered: "Boy, what are you doing here? This is not where you should be!"

These days, the stubbornness in my heart could not be vented, and I couldn't help but teach Qin Chen a lesson.

opposite.

Qin Chen didn't notice the three of Zhao Qirui at first, and his mind was completely focused on what he would do next.

Now his cultivation base has broken through the heavenly level, and all the indicators have also been raised to an astonishing level, but he knows very well that with these, he wants to find Feng Shaoyu and the others for revenge.

Moreover, the current breakthrough is fast because of the solid foundation. Afterwards, each level of improvement will require a lot of time and treasures. If you nest in a small country, it is impossible to do it.

Therefore, he is also sketching out his next goals and plans.

To live a lifetime again, Qin Chen's greatest advantage is to be able to re-plan his life. Some detours and old roads taken in the previous life can be completely discarded and a new path that is lighter and more powerful can be chosen.

As he was thinking, he saw a figure who suddenly stopped him, and then came a cold shout.

Lifting his head, he saw Zhao Qirui standing in front of him.

"Zhao Qirui?" Qin Chen frowned, and said, "What are you stopping me for? What am I doing here, do you need to take care of it?"

Inexplicably, Zhao Qirui, he didn't trouble him yet, but he came to trouble himself. He really thought he was King Daqi, so he wouldn't dare to touch him?

"Boy, how do you talk? Dare to call King Qi directly, don't let it go!"

It had long been seen that Qin Chen and King Qi were not dealing with each other, and before King Qi could speak, Lu Yang could not help stepping forward and directly yelled.

It's a pity that such a good flattering opportunity is not used well.

"and who are you?"

Qin Chen frowned.

"Lu Yang, director of the old husband's office."

He raised his head arrogantly, Lu Yang looked proud, "Boy, looking at your young age, I can't bear your family ruined, I advise you to apologize to Prince Qi, otherwise...hehe."

With a sneer, Lu Yang's expression was cold.

"Otherwise?"

Qin Chen sneered and squinted at Lu Yang.

Director of Sifang? Could it be that what happened yesterday, this Sifang hasn't suffered enough, actually came to Dan Pavilion to go wild?

Looking at Zhao Qirui, Qin Chen's heart moved, and he couldn't help but suddenly, does this Sifang Office want to make peace with Dange through Zhao Qirui?

The corner of his mouth slanted, and he couldn't help but want to laugh. Where did Lu Yang's confidence come from, thinking Dan Ge would sell him Zhao Qirui's face?

"Boy, what is your look?!"

The squinting and disdain in his eyes made Lu Yang furious.

"I don't have time to chat with you, I have something to do, let me go."

His face darkened, and he was too lazy to pay attention to Lu Yang and the others, Qin Chen snorted.

"Boy, if you offend someone and want to leave, how can it be so easy?"

Stretching out his fat palm, he was about to lift Qin Chen's neck.

"Snapped!"

It was only his hand that stretched out in front of Qin Chen. Suddenly a phantom flashed by. Qin Chen lifted his right hand and slammed Lu Yang's palm away. A sharp pain came, and Lu Yang let out a scream of pain.

I lowered my head to see that my palms were red and swollen.

"Say it again, get out of here!"

Staring at Lu Yang coldly, Qin Chen's eyes filled with icy cold light.

"hiss!"

Lu Yang only felt a chill enveloped him, and his body trembled, as if he had fallen into an ice cellar, feeling fear from a spiritual level.

Pedal!

I couldn't help but back up two steps, cold sweat oozing from his back.

But suddenly, thinking of the place he was in, Lu Yang abruptly stopped, his face flushed, and his expression became extremely angry.

As the director of Tangtang Sifang, he was scared off by a young man, so Wangye Qi and Master Duan Yue on the side could see, what face would he have in the future?

"Boy, you are looking for death."

With a loud shout, Lu Yang was about to rush towards Qin Chen.

A sharp light flashed in his eyes, and Qin Chen felt cold in his heart. If Lu Yang really dared to do something, he wouldn't mind letting him know what regret is.

"Director Lu, stop."

At this moment, a loud shout suddenly came, followed by a figure, hooting from the hall, hurriedly stopping Lu Yang.

It is Wu Xu, the first deputy director of Sifang Institute.

"Wu Xu, what are you doing here?"

Stopped by Wu Xu, Lu Yang frowned, very unhappy.

"Director Lu, what are you still causing in Dan Pavilion at this time?"

With a wry smile, Wu Xu looked speechless.

Now Sifang is in a crisis, this Lu Yang is better off, on the surface he came to Dan Pavilion to intercede, but when he got there, he actually clashed with others.

Where is Dan Pavilion? Is it a place where you can yell? If the alchemist here is shocked and angered, I am afraid that things will get worse.

"This little brother, Wu Xu, deputy director of the next Sifang Office, I don't know what conflicts between Director Lu Yang and your Excellency are. There are so many mistakes that are the fault of our company. Please forgive me."

With a hand over Qin Chen, Wu Xu said politely: "If there is nothing wrong, your Excellency can go, I'm really sorry."

After bowing, Wu Xu was sincere.

He doesn't know Qin Chen's identity, but at this time, it is better to do less than more.

"Wu Xu, what's the matter with you?"

Lu Yang frowned, making him unhappy.

What does Wu Xu mean? Is he the director of Sifang, or is he the director of Sifang?

"Hehe, interesting, Director Lu, it seems that you are not the master at this Sifang Institute."

His eyes were cold, and Wang Ye Qi also mocked.

"This....."

After hearing Prince Qi's words, Lu Yang was about to explode, and he blamed Wu Xu for messing around. Seeing that, Prince Qi was angry. Do you know how much energy he had spent last night before calling him?

"Wu Xu, go away, there is no place for you to speak."

Swearing angrily at Wu Xu, Lu Yang turned his head and stopped Qin Chen again: "Boy, do you really want to leave? I tell you the truth, if you don't kneel down and apologize to Prince Qi today, don't go anywhere!"

With his waist akimbo, Lu Yang looked arrogant.
