### [Chapter 2511: Made hands and feet](#)

"Little dust, if you let these people go, Gu Fangzhai will definitely get news at the first time. What should I do if they kill them right away?" Master Gu Yao's face changed slightly: "Little dust, let's get ready to run away right away. "Hehe, what's the way to run." Qin Chen's eyes flashed, and Zhizhu was in his hands, and he said with confidence: "Don't worry, Gu Fangzhai will not come to the door rashly after suffering this loss, but will only stare outside. Live with us, wait until the agreement expires tomorrow, will be official

We have at least one day to prepare if we start a trouble. "

"Prepare, what do you prepare?" The ancient medicine master was taken aback.

"Of course it is to prepare for the ancient Yiqi Pill, do you really want to fall back on it?" Qin Chen glanced at the ancient medicine master with a smile, "Now we are responsible, but we can't let people grasp the handle."

"What? Young Chen, do you want to refine the Huanggu Yiqi Pill?" The ancient medicine master was taken aback.

"Otherwise? You pretend that Young Master Ben killed someone, so you are just ready to run away? The Chendi Pavilion of Young Master hasn't opened in this Cangxuan City, so what run."

Qin Chen's voice fell, his figure flashed, he had already entered the ancient medicine hall for restraint, and came to the ancient medicine master's alchemy room.

The ancient medicine master and his party hurriedly closed the store door and followed.

"Take out the materials on your body." Qin Chen raised his hand.

At this time, the ancient medicine master could only follow Qin Chen's orders, and took out many materials from his hands.

"Less dust, this is the only material I have. It is only enough to refine it once. I have refined it several times before but failed. I don't dare to refine this last material anymore." The master looked bitter.

"Don't worry, there is little money, this time it will definitely be successful."

Qin Chen said casually, and then his gaze fell on these materials. At this look, his brows suddenly frowned.

The ancient medicine master hurriedly asked, "Little dust, is there any problem?"

"You said that you lacked two main materials, and you mortgaged the ancient medicine hall before trading back from Gufangzhai. Could it be these two materials?"

Qin Chen picked up two kinds of materials.

"That's right, it's this dragon flame marrow and the wild stone." The ancient medicine master looked at it and nodded: "What's wrong?"

"What's the matter?" Qin Chen glanced at the ancient medicine master, sighed slightly and shook his head: "Ancient medicine, ancient medicine, you are still a pill master, and you don't know if you were sold. Both of these materials have problems. , You got the inheritance of the ancient pill, but you didn't even see it.

..."

Qin Chen didn't know what to say.

As soon as Qin Chen said this, Ai Anshun's eyes flashed aside, as if surprised, and Qin Tingting and Shang Gukong were also shocked.

"What? There is a problem with these two materials?" The ancient medicine master was even more stunned: "No, it's impossible. I checked carefully. It is indeed Long Yanshui and Toohuang Shi, there is no problem."

"The materials are correct, but people have done tricks. Let's just call it Dragon Yansui."

Qin Chen picked up the dragon flame marrow, which was a crimson crystal pillar, blooming with red brilliance, in which there were brilliance flowing, beautiful and magnificent. Qin Chen held the dragon flame marrow in one hand, and the green lotus demon fire suddenly rose up in the other hand, and the flame was burning, and there was a popping sound. I saw that the red crystal pillar was nothing at first, but gradually, the crystal pillar There was a red light on top, this red light

It was combined with the red light of the dragon flame marrow itself, and if you didn't distinguish it carefully, you couldn't distinguish it at all, but a holy alchemist like the ancient medicine master suddenly saw the problem.

"This is..." The ancient medicine master widened his eyes, and his eyes showed consternation and anger. "Hehe, this is Chigen Water." Qin Chen's eyes flashed: "This dragon flame marrow had been soaked in Chigen water before it was handed over to you. Chigen water, which is a material with the same properties as dragon flame marrow, has a breath that is very similar. After that, it's hard to tell, and And the properties of the two are the same, and they are generally used to refine the pill. There is no problem, but it conflicts with the medicinal properties of the ancient Yiqi Pill. If you use the dragon flame marrow soaked in Chigen water, you will naturally not succeed. "

"And this too wasteful stone."

Qin Chen sneered, and Youkong Bingyan used it and approached Taihuang Shi.

"laugh!"

I saw a puff of black smoke suddenly rising from this wild rock, dissolving into the air. "This is too ridiculous stone and has been manipulated. No wonder you can't refine it. If you can refine it successfully, then hell." Qin Chen shook his head slightly and his eyes were cold: "This technique of manipulation is really true. Yes, hehe, it seems that this ancient recipe

Teacher, the method is good. "

Qin Chen sneered, but the ancient medicine master almost exploded.

"Gu Fangzhai."

He hissed and roared, the anger on his body couldn't be suppressed. If he couldn't refine it himself, then he would have recognized it. After all, everyone followed the rules in black and white, but he didn't expect that Gu Fangzhai actually did tricks from the beginning, the purpose is to occupy his ancient medicine hall. How to make him not angry

"Okay, don't be angry. Blame it. Blame you for not being good at learning and making people bully. That's also self-inflicted. Fortunately, you met Ben Shao. Otherwise, you will be cheated to death and you don't know your fault. Where is it."

Qin Chen shook his head: "Okay, take out your deserted ancient Hengyu furnace, this young master does not have a pill furnace, so I can borrow your wild ancient Hengyu furnace for a use."

puff!

The ancient medicine master was trembling with anger, but when he heard this, he almost spit out a mouthful of old blood.

Shao Chen doesn't even have a pill refining furnace, is this...reliable?

His endless admiration and expectation for Qin Chen came to pieces at this moment.

The pharmacist does not have a pill furnace, just like a scholar does not have a pen, and a swordsman does not have a sword, this is too unreliable.

Shang Gukong and Qin Tingting were also dumbfounded, and they turned so fast that they were almost stunned.

"Okay, what's incredible, isn't it that there is no pill furnace, don't chirp, hurry up and refine it."

Qin Chen's face was also a little hot, coughing cough, no way, who made him come from the lower realm.

Although the ancient medicine master was speechless, he did not dare to neglect, and hurriedly took out the ancient Hengyu furnace.

Qin Chen stroked the Huanggu Hengyu Furnace lightly, buzzing, and saw the Huanggu Hengyu Furnace tremble, and quickly resonated with the Huanggu Hengyu Furnace, and then, without any hesitation, he started the refining directly.

This is natural. Among the jade discs of good fortune in the universe, he has seen the master of ancient medicine obtain the ancient alchemy. He is completely aware of some of the techniques, and it is not a problem at all.

Huh!

Seeing Qin Chen's hands, countless materials were thrown into the pill furnace, and the demon flame of Qinglian bloomed, and the refining began quickly.

In the eyes of everyone, all Qin Chen's movements are accelerated ten times faster, which is extremely fast. Therefore, his technique is more smooth and fast, but even if the acceleration is ten times faster, his movements are still like clouds and flowing water. The heart is dazzled.

Rely on!

This is too awesome. Everyone looked silly for a moment.

### [Chapter 2512: Guan Shifu](#)

Qin Chen's movements were so pleasing to the eye, it was shocking to be seen.

Exclamations abounded. Although Shang Gukong and the others were not pharmacists, they had also seen pharmacists refining. It was the first time that they saw the refining of pharmacists like Qin Chen.

Alchemy can still be so artistic.

Among all the people who were even more shocked was the ancient medicine master. The so-called layman watched the excitement and the expert watched the doorway. Judging from Qin Chen's method, what he was using was actually an ancient alchemy technique, which was the technique he had obtained.

But this set of techniques was given to Qin Chen only two days ago. That is to say, Qin Chen only realized the posture he showed in less than two days, but he was more proficient than him.

You must know that the ancient medicine master spent thousands of years in order to master this barren ancient alchemy before he mastered a trace of his skin.

This is simply incredible.

If Qin Chen used other alchemy techniques, he might not have been so shocked, but he was using the ancient alchemy technique, and the ancient medicine master was shocked and his scalp numb, and goose bumps all over his body came out.

Qin Chen naturally ignored the thoughts of the people around him and was completely immersed in the refining. The reason why he can proficiently operate this barren ancient alchemy is indeed related to his heaven-defying alchemy cultivation base, but there is another reason, that is, the heavenly barren ancient alchemy that the ancient medicine master took out is actually related to the ancient times of the Tianwu continent Alchemy Pole

The similarity seems to come from the same source.

Qin Chen had mastered the ancient alchemy when he was in the Tianwu Continent, but now he has come to the heavens and learned the ancient alchemy, so naturally there is no discomfort.

But Qin Chen was also a little surprised. It was his feeling of using the ancient alchemy. Even if the ancient alchemy and the ancient alchemy originated from the same source, after all, he was the first time to use the ancient alchemy, so he should be familiar with it. the process of.

But when he started refining, he found that he seemed to be driven by an arm. Those who were proficient could no longer be proficient, as if he had mastered it in the dark.

Of course, Qin Chen was not in the mood to care too much, but devoted himself to refining.

The master of ancient medicine was fascinated by seeing. From Qin Chen's refining, he saw a lot of his own shortcomings, and found countless of his previous faults. At this moment, he almost had an epiphany. There is also a new understanding.

Listening to your words is better than reading ten years.

The current master of ancient medicine is at such a stage.

"Awesome, too amazing."

"Genius, Chen Shao is simply a genius."

"Take it, the old man completely took it."

Throughout the refining process, the ancient medicine master kept muttering, his eyes were frantic, like a fan of idols, his eyes were red, and he was completely crazy.

At this moment, from the body to the soul, he completely surrendered to Qin Chen.

And when Qin Chen and the others were refining Huanggu Yiqi Pill.

Ancient Fang Zhaizhong.

The strong Gu Fangzhai who got the news was on the verge of rage.

boom!

The terrifying aura swept away, and the meeting room in the ancient Fangzhai was suddenly messed up and messed up.

"Damn it, \*\*\*\* it, Gu Yaotang dared to kill Ouyang Cheng. I will break this kid into ten thousand pieces before I can relieve my hatred."

A middle-aged man hissed and roared, and rules emerged around his body, as if it turned into a universe of stars, suppressing a world, and the anger, like a hundred thousand volcanic eruption, soared into the sky, billowing.

This person is the master of Gu Fangzhai-Feng Buqun!

"Lord Zhai, what nonsense, you order now, our Gu Fangzhai will immediately kill the ancient medicine hall and avenge Ouyang Cheng."

A brawny man at the peak of the early days of the Holy Land was full of murderous aura, his eyes staring into the size of a copper bell, and his anger was soaring.

"Yes, kill the Ancient Medicine Hall to avenge Ouyang Cheng."

A strong man named Gu Fangzhai roared with murderous aura.

Unprecedented shame, this is the strongest shame in the history of Gu Fangzhai. Gu Fangzhai has never been so humiliated since its establishment for so many years.

Not many people knew about the grievances between Gufangzhai and Guyaotang, but after the incident today, the news had already spread out with the departure of those guests.

The sage strongman of Tangtang Gufangzhai was actually beheaded by the people of the ancient medicine hall in the ancient medicine hall lobby. Such news spread out like an earthquake and spread in this area.

If weren't for a grand event in Cangxuan City soon, and countless powerful people and geniuses gathered in the city, and their attention was drawn to the grand event, news like this would definitely shock the entire Cangxuan City.

Even so, it has brought a lot of trouble to Gu Fangzhai, and many forces secretly asked what happened between Gu Fangzhai and the ancient medicine hall.

"Shut up all to me." Gu Fangzhai's master Feng Buqun's face was gloomy: "Go to the ancient medicine hall to get revenge, lightly speaking, what day is it now? The day of the Cangxuancheng grand meeting, this incident is our Gu Fangzhai. If things go wrong, our Gu Fangzhai will definitely enter

Retreating from the dilemma, making trouble at this time, if we are misunderstood by the City Lord's Mansion, then our Gufang Fast will be over. "

"Master Zhai, should that be the case?" "Forget it? Who said it? We signed an agreement with Gu Yaotang, here in black and white, now there is only one day left before the contract expires. Wait, As long as we wait until tomorrow, we will go up with the contract, not afraid that his ancient medicine hall will not recognize it.

At that time, I saw what the ancient medicine hall had to say, as for the guy who killed Ouyang Cheng, he must die. "

Feng Buqun's face was pale, and the power of the mid-earth holy stage swept unscrupulously, showing his inner anger.

Unexpectedly, it has been a long time since Feng Buqun made a move. The people of Cangxuancheng had forgotten his reputation.

Cangxuan City Xicheng District Administration Office.

An earth-sage strong man wearing a stewardship suit sat trembling tremblingly. Above the main seat, an old man sat there, listening to the report of the strong man wearing a stewardship suit.

If anyone sees this scene, they will be shocked. This earth-sage powerhouse wearing a stewardship is exactly Zu Anming, the steward of the Xicheng District of Cangxuan City.

Cangxuan City, like other cities, is divided into four urban areas in the southeast, northwest and northwest. Each urban area has a governing house. The governing office is appointed by the city lord's mansion and is in charge of a city.

But at this moment, the director of Xicheng District is so horrified in front of this old man, how can people not be surprised? This old man must be an extraordinary figure.

"Master Cai, this is what happened in the ancient medicine hall today." The middle-aged man in the stewardess reported the report and looked at the old man sitting on the head respectfully. Needless to say, this old man is Cai Gaofeng, the chief steward of the City Lord's Mansion.

### [Chapter 2513: Dispel suspicion](#)

As the chief steward of the City Lord's Mansion, Cai Gaofeng represents the face of the City Lord's Mansion. Although Zu Anming is the steward of Xicheng District, he never dared to show any disrespect to Cai Gaofeng. It's just that Zu Anming couldn't understand how the ancient medicine hall, such as the alchemy power, entered the eyes of Cai Gaofeng. Now it is the day when the Cangxuan city grand meeting is held. Cai Gaofeng, the chief steward of the city's lord's mansion, unexpectedly several times a day. Come to Xicheng District

, Asked to monitor the movement of the ancient medicine hall, which made him the Xicheng district manager, but he couldn't understand how. "Interesting, really interesting, I can't think that the kid is so fierce, it is a good method to kill Gu Fangzhai's Ouyang Cheng as soon as he shot it." Cai Gaofeng said with a smile at the corner of his mouth, shaking his head and saying, unable to see whether it was anger or emotion.

Zu Anming felt bitter in his heart. After receiving Cai Gaoming's news, he had carefully investigated the Ancient Medicine Hall, but found that the Ancient Medicine Hall had nothing to do with the City Lord's Mansion, which made him very depressed. As a subordinate, the most important thing is to figure out what the upper person means. He doesn't think that Cai Gaofeng pays attention to the ancient medicine hall. It is only Cai Gaofeng's own business. The things that can make Cai Gaofeng, the chief steward of the city lord's mansion, care about it. command,

Otherwise, Cai Gaofeng doesn't need to be so careful.

As the manager of Xicheng District, the most important thing for him is to figure out the attitude of the boss, whether he suspects that there is a problem with the ancient medicine hall, or he is optimistic about the ancient medicine hall. These are two completely different attitudes, which obviously represent two completely different attitudes. Processing method.

Once the handling is bad, he doesn't have to be the manager of Xicheng District, and he may be beaten every minute.

Alas, don't look at him as a manager in Xicheng District. He usually has five people and six people. Sometimes, it is really not easy to do well.

Thinking of this, Zu Anming gritted his teeth, no matter what, he must figure out the attitude of the City Lord's Mansion, otherwise, if there is any misunderstanding, he will be finished. "Master Cai, it will be the Cangxuan City event soon. During the event, the people in the ancient medicine hall dared to fight, or the subordinates sent people out to bring the people from the ancient medicine hall back, and something like this happened during the event. , Isn't it my Cang who lost

Xuancheng's face? "Zu Anming said cautiously.

Naturally, he was not a person who really wanted to catch the Ancient Medicine Hall, he just wanted to figure out the attitude of the City Lord's Mansion.

"Okay, Zu Anming, you don't want to guess." Cai Gaofeng glanced at Zu Anming. He is a human spirit, how can he not understand Zu Anming's little nine-nine.

"To tell you the truth, the one that Gu Yaotang shot has something to do with the City Lord's Mansion. As for the specific relationship, this is not something you should know." Cai Gaofeng looked serious: "You only need to know, once Gu Yaotang If there is something, you must notify the old man as soon as possible. If the matter is urgent, you can handle it as appropriate, but if the other party violated the rules of Cangxuancheng and caused a major incident

, You have to wait until the old man arrives before you can make a decision, do you understand? "

Cai Gaofeng's tone was warning.

The kid in the ancient medicine hall is the benefactor of the eldest lady. No matter what happens, he has to support the other party, otherwise the eldest lady will blame him, and he is still in the city lord's mansion.

He is the chief steward of the city lord's mansion, and the first thing he considers is the city lord and the interests of the eldest lady. As for the rules of Cangxuan City, he doesn't care at all.

"Yes, Master Cai, the subordinates understand this."

Zu Anming was taught a few words by Cai Gaofeng, and instead of being dissatisfied, he was relieved.

He had a bottom in his heart now, and he knew how to deal with something that happened, otherwise he would have been hanging around and his soul would be scared.

At the same time, I was deeply moved.

by!

This ancient medicine hall is actually related to the City Lord's Mansion.

It's really unexpected.

This ancient medicine hall does not show the mountains and the dew, when did it have a relationship with the City Lord's Mansion? And it was Master Cai who paid attention to him personally. Tsk, if he can have a good relationship with Gu Yaotang, would he be able to get some light in the eyes of Master Cai?

I have to say that this Zu Anming can be the steward of Xicheng District. He is indeed capable. He immediately considered the affairs of the ancient medicine hall and his own future.

In fact, compared with the ancient medicine hall, the ancient Fangzhai has more power, and it is also the top alchemy power in Xicheng District. The master Feng Buqun of the ancient Fangzhai has some friendship with his Zu Anming.

But at this time, these plastic friendships were instantly forgotten by Zu Anming.

"My brothers, I'm sorry, I hope you Gu Fangzhai can be more stable, otherwise Zumo and me, there is no way."

Zu Anming sighed in his heart, but he was a little excited. Although he said that, he was eager for something to happen to the ancient medicine hall. He could have a good relationship with the ancient medicine hall. Why didn't he see this ancient medicine before? How extraordinary is Tang?

But it's not too late to make a relationship now.

I have to say that someone like Zu Anming is indeed someone who can use everything as a force in his official career.

Zu Anming's heart was ups and downs with excitement. He didn't know that Cai Gaofeng's heart fell completely.

"Hehe, that kid, there is such a big disturbance, it seems that it has nothing to do with the assassin of Wukong Organization."

What he was most worried about before was that Qin Chen and the previous assassins were actually a group, just performing a bitter show. Although this possibility is too low and too low, it does not rule out such a possibility.

He couldn't take even one-thousandth of the risk.

But now I heard that Qin Chen had directly killed the master of Gu Fangzhai in the ancient medicine hall, and his heart was let go instead.

Haha, if the other party is really an assassin, then using such a thing to attract the attention of the City Lord's Mansion is really idiot.

This is totally unreasonable and totally illogical.

Moreover, the contradiction between Gu Yaotang and Gu Fangzhai had existed a long time ago, which ruled out the possibility of deliberate arrangements by the other party.

In this way, Qin Chen is very likely to be a master of the ancient bell sect who has come to join the ancient medicine hall. No matter how he joins the ancient bell sect, as long as he is not an assassin from the empty organization, then his city lord mansion will not mind.

Qin Chen in the ancient medicine hall naturally did not know what was happening outside, and he was completely immersed in the refining of the Huanggu Yiqi Pill.

This ridiculous ancient Yiqi Pill is the best of the mortal sacred pill, even Qin Chen has to concentrate on it.

Time passed bit by bit, and finally, after a full half day passed, Qin Chen's refining finally came to an end.

"Get up!"

In the tense eyes of everyone, Qin Chen suddenly screamed, and the divine rainbow burst out of his eyes nearly ten feet long, and his hands suddenly lined up on the deserted ancient Hengyu furnace.

boom! I could only hear a magnificent wild ancient aura rising into the sky, bang, the furnace lid exploded, and a total of twelve quaint streamers rose into the sky, rumbling, between the heavens and the earth, there was a roar suddenly, and then, twelve Dao Liuguang drips in the refining room

With the swift rotation, every stream of light bloomed with a breath of shock.

"The Huanggu Yiqi Pill was really successfully refined." The ancient medicine master looked at this scene in shock, completely sluggish, physically and mentally excited.

#### [Chapter 2514: Lack of confidence](#)

The twelve pills of pills flickered in the void, and then fell into Qin Chen's hands.

"The Huanggu Yiqi Pill is indeed extraordinary." Qin Chen swept the Huanggu Yiqi Pill in his eyes, and his eyes flashed slightly. This Huanggu Yiqi Pill contained a special aura. Even he smelled it, the Saint Yuan in his body was eager to move. The feeling, and the soul power, also seems to be sublimated

Like.

It's no wonder that the ancient medicine master wants to refine the ancient Yiqi pill, this pill can indeed greatly enhance the qualifications of a person to enter the realm of the earth.

"Little dust..."

Master Gu Yao looked at Qin Chen excitedly.

Qin Chen snapped it casually, bang, Huanggu Hengyu furnace had fallen in front of the ancient medicine master, and at the same time, the two Huanggu Yiqi Pills had also fallen into the hands of the ancient medicine master.

"These two wild ancient Yiqi Pills should be enough for you to improve yourself." Qin Chen laughed. The materials and things were all made by this ancient medicine master, so naturally he should give some benefits.

"Enough, completely enough, thanks for the less dust."

The excited body of the ancient medicine master is trembling, how many times has he refined this ridiculous ancient Yiqi Pill? Without success, much material and energy was wasted.

And Qin Chen? It only took two days to learn about it, and then it took only half a day to refine this ridiculous ancient Yiqi Pill. This kind of accomplishment makes the ancient medicine master disrespectful.

At this moment, Master Ancient Medicine worshipped Qin Chen with all his heart. As for Qin Chen only gave two pills, the master of ancient medicine has no opinion at all. Huanggu Yiqi Pill is different from the others. The first one has the best effect, and at most one additional one, but the effect is only half, and the third one has the best effect. Time, it has no effect at all

Up.

"Come on, Qin Tingting."

Qin Chen shot it casually, and immediately, the same two ancient Yiqi pills fell into Qin Tingting's hands.

"Little dust...I..."

Qin Tingting looked at Qin Chen in surprise.

"Okay, let's not say, these two wild ancient Yi Qi pills are for you, but don't waste it for the time being. With your cultivation base, if you want to take this wild ancient Yi Qi pills and try to break through the holy land, it should take time. Consolidate."

Qin Chen waved his hand. This pill was extremely precious to others, but for Qin Chen, as long as there were enough materials, he could refine as many as he wanted.

Besides, there are eight pieces left on his body, which is completely enough.

After refining the pill, the sky was already dark, and the entire Cangxuan City fell into silence.

The ancient medicine master clenched his fists excitedly: "With this ridiculous ancient Yiqi Pill, even if the people from Gu Fangzhai come to the door tomorrow, there is no need to worry at all, huh..."

The ancient medicine master breathed a sigh of relief, and was full of resentment in his heart. He didn't think that Gu Fangzhai had actually made the materials for himself at the beginning. Thanks to Xiaochen, otherwise he would be kept in the dark when he died.

"Master of ancient medicine, do you still want to give this ridiculous ancient Yiqi Pill to the people of Gu Fangzhai?" Qin Chen suddenly smiled.

"This, isn't it?"

"Yes, but Gu Fangzhai has to dare to come and ask."

Qin Chen snorted, his eyes flickered, and said lightly: "Master of ancient medicine, give me all the refining materials in this ancient medicine hall, this is rarely useful."

"Yes, little dust." The ancient medicine master directly gave Qin Chen his storage ring: "Little dust, this storage ring contains many top refining materials and refining materials from my ancient medicine hall. There are some medicinal pills that the old man refined in the past.

Take it. "

After experiencing all this, the ancient medicine master completely surrendered to Qin Chen and obeyed Qin Chen's words.

"Little dust, do you want it?"

Shang Gukong's eyes flashed, revealing a suspicious look.

"Hehe, you guessed it right."

Qin Chen smiled, then his figure shook, he had already arrived in the ancient medicine hall, and began to arrange the formation. Gu Fangzhai is said to have a mid-Earth Sage master, and Qin Chen doesn't think he is now an opponent of the mid-Earth Sage powerhouse, but on his own territory, if the Gu Fangzhai people really dare to make trouble, they are even a mid-Earth Sage master. , Also have to

I'm lying on my stomach.

This time, Qin Chen did not save costs. In addition to setting up a defensive array in the Ancient Medicine Hall, he also set up an extremely terrifying attack array inside. In addition, he also arranged the Ten Thousand Saint Demon Slayer Array in the Ancient Medicine Hall. This Ten Thousand Saint Demon Slayer Array is the top-level formation in the tool hall. It is not as simple as an ordinary Saint Array. Ruyun, even the Holy Lord has appeared, this ten thousand saints

Once the Demon Slayer Array is mobilized to the extreme, although it may not be able to kill the master of the Earth Saint Middle Grade, it will cause trouble to the opponent and there is still no problem.

What's more, with Qin Chen's level of formation close to the ground, coupled with the fact that the holy crystal smashed down, he personally urged, the power is even more terrifying, since the people of Gu Fangzhai dare to come, don't want to get out easily.

If Qin Chen's cultivation base breaks through the Earth Sage, and then presides over this Ten Thousand Sage Slaying Demon Array, even a master of the late Earth Sage, Qin Chen will dare to be there for a while, and even drink hatred in this array.

And what Qin Chen focused on was the hall of the ancient medicine hall. If people from Gu Fangzhai came, the location would definitely be in this hall. It was very likely that this would be the first battlefield. Qin Chen has another plan for setting up the battlefield here. He wants everyone to know that from now on, Gu Yaotang can't just make up his mind. Gu Fangzhai wants to annex Gu Yaotang, and Qin Chen does the same. To destroy the ancient Fangzhai, Yang

The prestigious name of Ancient Medicine Hall.

In addition, Qin Chen also refined and produced a signboard of Chendi Pavilion, which was hung on the gate of the Ancient Medicine Hall that night.

This will be the first time that Chendi Pavilion has been in heaven.

Even Qin Chen would enter the Universe Jade Plate every time he refines the formation flag, refining at 30 times the flow rate, and Qin Chen arranged all the formations only when the sky was overwhelming.

"All is ready except for the opportunity."

Qin Chen waited quietly in the ancient medicine hall, only waiting for the people from Gu Fangzhai to come.

Sure enough, as soon as it got light, many people had already arrived outside the ancient medicine hall.

This is all about the grievances between Gu Yaotang and Gu Fangzhai.

"Hey, how did this ancient medicine hall change its name?"

Suddenly, someone saw the revised plaque, and suddenly he was surprised.

"Yes, it was the Ancient Medicine Hall yesterday, why was it changed to Chendi Pavilion overnight?"

"What the \*\*\*\* is Chendi Pavilion? I have never heard of it."

"I haven't heard of it. We Cang Xuan City doesn't have such a power, right?"

"Could it be that Gu Yaotang knew that it angered Gu Fangzhai, so it took refuge in other forces? But even if it takes refuge, it's not so fast, right?"

The crowd talked a lot and was very lively.

"Less dust, be careful, I don't think the people of Gu Fangzhai will give up."

The ancient medicine master and others also stood in the hall, and said nervously. Gu Yaotang is one level worse than Gu Fangzhai after all. Even with Qin Chen, the ancient medicine master will inevitably lack confidence.

### [Chapter 2515: Mojah King](#)

"What are you afraid of?" Qin Chen said, "Okay, I have been busy all night and I am exhausted, so I will go to rest first, and you will notify me when the people from Gu Fangzhai are here."

Qin Chen yawned, turned around and left.

Arranging the big formation, after all, was too exhausting, and Qin Chen couldn't handle it.

Fortunately, he has a jade disc of good fortune, and he rests in it for an hour, which is equivalent to more than one day in the outside world, and he has enough time to rest.

Seeing that Qin Chen had left like this, the ancient medicine master was a little dumbfounded, and Shao Chen's heart was too big, right? Gu Fangzhai will come later, doesn't he need to prepare?

"Kong Lao..." The ancient medicine master turned around and was about to say something to Shang Gukong, and Shang Gukong also yawned: "Guyao Master, I will also go to rest first. If you have anything, let me know as soon as possible. The old man must be there immediately."

When the words fell, Shang Gukong and Qin Tingting also went to rest.

"This....."

The ancient medicine master is completely speechless, can these guys rely on the spectrum? When are you going to rest. "My Hall Master, this little dust, is it reliable?" Ai Anshun came to the ancient medicine master, his eyes flashed, and couldn't help saying: "If it is really not possible, I can't help but give in, Gu Fangzhai thought To annex our ancient medicine hall, nothing more than

If you want to strengthen yourself, with your alchemy master, even if you offend Gu Fangzhai, the other party shouldn't be cruel to you, it's better..."

"Shut up." The ancient medicine master glanced coldly at Anshun, his face a little embarrassed, "Shun Lao, you say this for my own good, I don't care about it, but you are never allowed to say second. Second, since we have taken refuge in less dust, we can't

Half-hearted, otherwise, what face does the old man have to continue to mix in this Cangxuan City. "

"Hall Master, too..."

"Okay, don't say anything. If you say this again, you can blame me for turning my face and not acknowledging people."

"Yes."

Ai Anshun lowered his head, a trace of coldness flashed in his eyes, but did not say anything.

The sky gradually brightened. In order to meet the upcoming troubles, the ancient medicine hall was not open at all today, but outside the ancient medicine hall, many people were surrounded, even more lively than before.

It was getting late, and the people of Gu Fangzhai hadn't come. The ancient medicine master was very nervous at first, but at this moment he was a little impatient. Finally, when the sky was approaching noon, the people of Gu Fangzhai finally came.

And a large number of people came as soon as they came.

"Little dust!" The ancient medicine master notified Qin Chen the first time. Qin Chen had been waiting for a bit of boring. When he got the news, he immediately went to the hall. He was not afraid of these people coming, he was afraid they would not come. If the Gu Fangzhai people really don't come, or use other methods,

He really doesn't have a good way to deal with it.

Now they are here, obviously in their own calculations. With the strength of Gu Fangzhai, since he is determined to annex the ancient medicine hall, he will definitely take a positive form and disdain at all.

What's more, Qin Chen killed Ouyang Cheng of Gu Fangzhai yesterday, just giving them an excuse.

"Did you notify the governing house?" Qin Chen asked immediately. If Gu Fangzhai came to make trouble, the official forces of Cangxuan City must be notified. Qin Chen had already instructed the ancient medicine master to notify the Guan Shifu as soon as Gu Fangzhai's people came, but Qin Chen didn't know it, and actually didn't use it at all. He informed

The government is always paying attention to the ancient medicine hall. Of course, Qin Chen's notification to the Guanshifu did not mean seeking help from the Guanshifu, but since he wanted to establish power in Cangxuan City, the official forces of the Cangxuan City still had to notify it. As long as he notified it, the Guanshifu would be afterwards. It is impossible to say no

know.

The ancient medicine master nodded and said: "When the people from Gu Fangzhai came, I had already sent someone to notify, but the governor had no response at all, as if he didn't intend to control it at all." Qin Chen sneered, and he sneered at the ancient medicine. The master said: "You don't need to be in charge of the government office, they know it, go, you go call Shang Gukong and Ai Anshun out, ready to fight, as for the others, wait and stay still, the cultivation level is too low, come out

It is also troublesome. "Qin Chen believes that this time Gu Fangzhai came here in a rage, with a vengeance. He didn't need to see it, and knew that there was no possibility of compromise. The only way in the end was that the two sides would fight each other, unless he was ancient. Yaotang Yichen

There is still some room for change in serving Gu Fangzhai, but Qin Chen never let Gu Yaotang submit to Gu Fangzhai.

After Qin Chen, Ancient Medicine Master, Shang Gukong, and Ai Anshun came to the reception hall of the Ancient Medicine Hall, they found that there were already seven or eight strong people sitting here. After seeing the cultivation bases of these eight warriors, Qin Chen's eyes flashed, this ancient Fangzhai's so big handwriting, as soon as it came, eight local sage powerhouses came, and the leader of them was a mid-earth sage. There are two people who are the first peak of Earth Saint and the last Five people are the early days of Di Sage.

These five people were sitting here, and the terrifying aura radiating from them immediately made the entire ancient medicine hall shiver.

Qin Chen felt that the mid-sage powerhouse was sitting there, his whole person was like a mountain, giving people an unmatched feeling, indeed, amazing.

It's no wonder that Gu Yaotang didn't dare to go against Gu Fangzhai. The strength of the two sides was too far apart. Ancient Medicine Hall had only Aianshun, a strong early earth sage, but Gu Fangzhai had nine earth sage masters in total. Not above one level.

At this time, the warrior of the mid-earth sage was sitting on the top, and the other eight earth sage powerhouses were sitting on both sides of him. He saw Qin Chen coming in, with a hint of sarcasm at the corners of his mouth, and said coldly: "Since you are here, just sit down."

It seems that this is his site, not the hall of the ancient medicine hall.

Master Gu Yao was about to speak immediately, Qin Chen waved his hand, and instead sat down first, but did not speak. Although the opponent's strength is much stronger than him, since he dares to come to this hall, he doesn't need to be afraid.

In addition to the Ten Thousand Sacred Devil Slayer Array, Qin Chen also arranged a trapped array and a Killing Array in this hall, both of which were comparable to the large formations of the land.

Qin Chen believed that under his auspices, this great formation could easily kill the warriors in the early stage of the Earth Sage, and only the warriors of the middle Earth Sage would be troublesome, but it was nothing.

There is a saying in the heavens called 'Ning Yu Hao, don't mess with the King of Formation. "But Qin Chen happens to be a player of formation.

Although Qin Chen wasn't the king of the battle, he was not inferior to anyone in the battle.

"You killed Ouyang Cheng of my Gu Fangzhai yesterday. You are so courageous." Seeing Qin Chen's fearlessness, Gu Fangzhai's master Feng Buqun suddenly burned with anger and said in a cold tone. He thought that what he saw would be Qin Chen's horrified expression, but who would have thought that the other party was so calm that the unhappiness in his heart could not be suppressed immediately.

[Chapter 2516: Do it](#)

"If you are talking about the few guys who came to my ancient medicine hall to make trouble yesterday, it was indeed Ben Shao who killed him. As for which Ouyang Cheng you mentioned, Ben Shao is not in the mood to remember. Ben Shao killed too much garbage. I can't remember it." Qin Chen faintly

Said lightly.

"you!"

A master of the early stage peak of the earth saint beside Feng Buqun suddenly stood up, and a terrifying killing intent burst out, suppressing Qin Chen firmly. "Why? I heard that your Gu Fangzhai is also a big power, so you don't know the rules? This is my Chendi Pavilion, but it is protected by the laws of Cangxuan City. You are here to act rudely, and Ben killed you. That is also self-defense." Qin Chen

Sneered.

"you wanna die!"

The big man was so angry that he couldn't suppress it at all, but before he could take a shot, Feng Buqun immediately shot and stopped him.

"Huh, it's interesting, Chendi Pavilion, where the breaking forces come from, this is the first time the old man has heard. Since you talk about the rules, the old man will talk to you about the rules." Feng Buqun raised his hand, and he suddenly appeared in his hand. Zhang agreement, "Master of Ancient Medicine, I don't care what you have to do with this Chendi Pavilion, whether you join the other party or deliberately take refuge, you can see it clearly with your own eyes. Three years ago, you signed an agreement with Gu Fangzhai. , I pledged the ancient medicine hall to obtain the materials for refining the Huanggu Yiqi Pill. Three years later, I will return the Gufangzhai three Huanggu Yiqi pills. If I can't do it, I will transfer the Guyaotang to my Gufangzhai. Now the contract time is up. please

I ask you what is the ancient medicine pill? "

Feng Buqun took the contract and showed it inside and out, with a mocking sneer at the corner of his mouth.

Countless people whispered suddenly outside the ancient medicine hall.

Everyone is a saint-level master, and the contract is naturally clear. It is written in black and white, and the contract is drawn. This is absolutely nothing false.

"Feng Buqun, you still have the face to say, you used the materials you have made to deceive me, my ancient medicine is endless with you."

It's okay for Feng Buqun not to mention it. When mentioning this, the ancient medicine master immediately stood up angrily and said angrily. "Haha, you are also a master of alchemy when you have done tampering. You can eat rice indiscriminately, but you can't talk nonsense. If you did tampering, why didn't you see it at the beginning? Now it is ridiculous to talk about tampering?" Feng Buqun sneered, he really didn't

I thought that this ancient medicine master could still see that the material had moved.

"Since you can't produce the Ancient Yiqi Pill, there's nothing to say. Come here and accept this ancient medicine hall. According to the agreement, in addition to the things in the ancient medicine hall, everyone in this ancient medicine hall also I want to serve my Gu Fang Zhai." Feng Buqun's gaze fell fiercely on Qin Chen: "Since your Excellency appeared in the ancient medicine hall, representing the ancient medicine master and Feng Mou in negotiations, he is obviously also from the ancient medicine hall. Come, come, take him down for me, I Gu Fangzhai dealt with myself

People, I want to see who dares to gossip. "

As soon as his voice fell, the two ancient Fangzhai Earth Saints would rush up viciously.

"Wait a minute."

Qin Chen gave a cold cry.

"I want to beg for mercy at this time, it's too late!"

Feng Buqun yelled, with a stern look, "You kill my ancient Fangzhai people, today, the old man will break your body into thousands of pieces to relieve the hatred in my heart."

"Who said Ben Shao asked for forgiveness?" Qin Chen sneered, "Keep your eyes open, don't you want the Huanggu Yiqi Pill, here are three Huanggu Yiqi Pills, just take them."

Qin Chen raised his hand, and immediately three pills flew out and fell into Feng Buqun's hands.

"what?"

"Huang Gu Yi Qi Dan?"

"The refining of the ancient medicine hall was successful?" Suddenly, Gu Fangzhai's people were shocked, and their eyes hurriedly looked over, and Feng Buqun's gaze also fell on the three medicinal pills, a breath of loneliness haunted him. Although I don't know how to refine the ancient Yiqi pill, I also know the form of this pill.

I can see that this is exactly the Huanggu Yiqi Pill.

"How many, can you get out of the pill after I get it? My ancient medicine hall, I don't welcome a few." Qin Chen sneered, "Master of ancient medicine, see off the guests."

"Master Zhai."

Several powerful people in Gu Fangzhai all looked at Feng Buqun, and their faces were frightened.

"Huanggu Yiqi Pill, what is Huanggu Yiqi pill, have you seen it?" Feng Buqun covered the three pill to prevent people outside the ancient medicine hall from seeing it. At the same time, he shook his hand and the three pill disappeared immediately. No, I don't know where he received it,

At the same time, there were three Saint Yuan Pills in his hand, and he said coldly: "How come the old man sees only three Saint Yuan Pills?"

"Yeah, we didn't see what an ancient pill of anger."

"Where is the Huanggu Yiqi Pill, there are clearly three Holy Yuan Pills, ancient medicine master, your ancient medicine hall can't get the Huanggu Yiqi Pill, you actually use the Holy Yuan Pill to pretend to be gods and ghosts, so bold."

The strong men of Gu Fangzhai were happy, and they all burst into anger.

"Feng Buqun, you are mean..." The ancient medicine master was shaking with anger, unexpectedly Feng Buqun would do such a thing.

"Humph." Feng Buqun snorted coldly: "The contract has arrived, and your ancient medicine hall can't get the ridiculous pill, but also kills the strong man of my ancient Fangzhai. Today, the old man came here to accept the ancient medicine hall and replace it. My Gu Fangzhai's Ouyang Cheng takes revenge." Feng Buqun finished speaking, and he waved his hand to the several Paladins behind him and said: "Kill this kid and kill the guy next to him. The remaining ancient medicine Both the master and Ai Anshun were arrested and sold for my Gu Fangzhai in the future.

"

An ant warrior like Qin Chen really couldn't raise his interest in doing it. As for what will be said in the future, it is not up to them as the winner to have the final say.

Several local sage martial artists waited for Feng Buqun to say it a second time, and they had each sacrificed their treasures.

Qin Chen sneered and waved his hand, dozens of flags had been thrown out by him, and the top trapped and killer formations were instantly aroused.

Under the command of Qin Chen, the three of Shang Gukong continued to attack where Qin Chen had dropped the flag.

Boom!

Even if the ancient medicine hall had a top-notch defensive formation, the earth-shattering shaking and sensational sound instantly spread around the ancient medicine hall.

"Do it, do it inside."

With such a big movement, countless warriors outside the Ancient Medicine Hall suddenly yelled with excitement, all of them crowded around to watch the excitement. Such a big scene is not something you can usually see.

For a time, there were many people watching the excitement, but none of them rushed in to intervene. The moment Qin Chen cast down the formation flag, Feng Buqun felt something was wrong, when he discovered that the entire hall had turned into a misty piece. Then there was a slaughter around him. When he found that there were no other people next to him, he immediately knew

Dao was trapped by the trapped array.

"Good boy, I don't think you are still a master of formation, no wonder you are so confident." Feng Buqun sneered. At this time, he already understood why Qin Chen was so confident, thinking that he could be trapped by the formation?

ridiculous. He didn't know anything about the terrifying power of mid-earth holy.

### [Chapter 2517: Array Sword Qi](#)

"Hmph, look at the aura of this formation, not even the land grade, your Excellency has never broken through even the earth saint. The formation at the pinnacle of the mortal grade also wants to trap Feng Mou, which is too naive..." he said. Before it fell, a golden old mace was already in his hand, then

As soon as the golden old mace was sacrificed, it immediately brought a golden thorn to the trapped formation in front of him.

From Feng Buqun's point of view, his move could easily break the formation of Mortal Pinnacle. But when his golden old mace pierced the sleepy formation in front of him, the sleepy formation only shook violently, and returned to its original state again.

Feng Buqun was suddenly startled, "How could it be possible? No, this is not the formation of Mortal rank peak. This is... the formation of Mortal rank, how could it be possible? How can you, a mortal sacred kid, spur the formation of Mortal rank. Method?" When he understood that the trapped formation in front of him was a land, Feng Buqun no longer had the calmness he had just done. He didn't expect that this ancient medicine hall would have a land formation, and even his ancient Fangzhai was not qualified to invite land. The master of the rank array layout is far inferior

How did his Gu Fangzhai Ancient Medicine Hall do it?

Moreover, when the formation of the ancient medicine hall was arranged, he had not received any news.

Feng Buqun would never have thought that the formation of this place was not arranged by the ancient medicine hall invited by the master of the formation, but by Qin Chen himself overnight. If it's just a Fanpin's formation, Feng Buqun would naturally not take it seriously and could easily break open. However, even if the Terrain's formation cannot kill him, it can still trap him for a period of time. Get out of trouble, the Gu Fangzhai he brought

Paladins in other places are in danger.

He can be unafraid of this ordinary land formation, but his subordinates can't.

No, you have to break the formation quickly.

boom! Feng Buqun suddenly burst into flames from his whole body, and the scorching aura instantly lingered in the entire space. He wanted to break through the surrounding large array for the first time, but his attack had not been displayed yet, and the whole large array was once again. Trembling,

Immediately afterwards, a horrible light that he could hardly catch surrounded him, bringing him a strong sense of threat.

No, this is not just a troubled formation of land products, there are killing formations inside. At this moment, Feng Buqun was about to collapse suddenly, with a land-based trapped formation and a land-based killing formation, waves of cold sweat had already appeared behind him. He has tried the sleepy formation just now, the power is extremely terrifying, now he can only hope

This killing array is not so powerful. Feng Buqun couldn't think too much, the flames on his body shook, a red flame armor had appeared on his body, and at the same time, the terrible threatening light had blasted on his body, and it was suddenly emitted. The dull sound of "pupu"

.

It's just that without waiting for Feng Buqun to breathe a sigh of relief, countless horrible sword lights have swept toward him, and these sword lights contain a terrible killing aura, completely enveloping Feng Buqun.

Feng Buqun was shocked and hurriedly resisted, but in a hurry, there was still a lot of terrible sword energy, as if penetrating the void, and instantly fell on him.

"Space rules!"

He was even more shocked, but when he found that these sword auras did not pose too much threat to him, he breathed a sigh of relief, but this breath had not had time to fall, and there was a bang, a terrible pressure. Swept all at once.

Halloween Demon Slayer Array!

Accompanied by the coercion of the Ten Thousand Sacred Demon Array, there were endless killing sword lights, which combined with the array lights, crazily enveloped him.

Although these formations and swordsmanship could not bring him fatal damage, they would not be fatal and could not hold up much. Qin Chen sighed slightly. The warriors in the mid-earth sage are indeed powerful. His formation can kill the strong men at the peak of the early-earth sage, but when facing the warriors of the mid-earth, it is not enough, not only Formation, even Qin Chen

The sword light with the terrifying killing aura could not bring fatal damage to Feng Buqun. However, Qin Chen did not relax at all. After trapping Feng Buqun with the trapped formation and this killing formation, he did not want to attack him. He was deducing his kendo skills, and the sword lights merged together. Under the impetus of Yu Jianshu, constantly

The sacrifice.

Qin Chen has never played against a master in the middle of the earth sage. If he is outside, he will definitely not have the idle time now, but in this formation, it is an excellent opportunity. If Qin Chen does not use it, then That's a fool.

At the same time, Qin Chen also secretly admired Feng Buqun's strength. Although he was trapped by his formation, he hadn't been injured yet. At best, the Saint Yuan had suffered some damage.

Qin Chen affirmed that if it drags on for too long, these formations alone will not be able to trap this unconventional group. After one time, the opponent will definitely be able to kill out. Once he gets out of the trapped formation, then those who are at a disadvantage will inevitably be It was Qin Chen himself.

It's a pity that I haven't been able to break through the Earth Saint Realm, otherwise it would be so troublesome.

However, Qin Chen was not worried. Once Shang Gukong and the others had cleaned up the remaining seven sage martial artists, they would come to help him deal with Feng Buqun. At that time, even if Feng Buqun was more powerful, he would not be able to eat.

"Ah..." a scream came, but Feng Buqun heard it clearly. He knew it was from the person he had brought.

"Zhai Lord, save me!"

"Master Zhai!"

Sounds of fright and anger sounded one after another, turning left and right, so that Feng Buqun could not capture the direction at all. "Smelly boy, if you have a kind, you will fight me upright." Feng Buqun roared again and again. At this moment, he has no horror, only boundless anger in his heart. He could not hear the battle in this trap, but now listen Arrived, it is clearly the other party

Deliberately. "Hahaha, have a dignified battle with you? Feng Buqun, you old thing brought so many sage masters to come, and you are also worthy of a dignified battle, don't you feel ashamed." Qin Chen sneered and showed his full swordsmanship. , At first, his sword

The law could not be completely connected. Afterwards, Qin Chen's swordsmanship was completely free, and the killing sword aura formed the formation of sword aura, which actually integrated the formation into the sword.

"Huh, this feeling!"

Qin Chen's heart was shocked, as if a ray of light lit up in front of his eyes, it seemed that he had peeped into a new kendo realm.

Qin Chen, who integrated the formation into the sword technique, immediately increased his power. If Qin Chen's sword aura was unable to break Feng Buqun's defenses at the beginning, then Qin Chen's sword aura can already be hurt. It's not grouped anymore.

Although Feng Buqun was extremely angry, his heart became more and more frightened and more and more shocked. If he hadn't experienced what happened today, someone would say that an attack from a mortal realm peak martial artist could hurt him, he would never believe it. No matter how powerful the Saint Realm peak martial artist is, no matter how strange the sword is, it is impossible to harm

He is a strong man in the middle of the earth sage. But today, this young man in the ancient medicine hall did it. What kind of monster is this guy?

#### [Chapter 2518: Big day gold flame](#)

Feng Buqun's heart became more and more alarmed. The swordsmanship of the mortal saint realm warrior in front of him was not only weird, but the sword light inspired by his monster sword had faintly formed a sword light array.

This formation was a bit strange at first, but later it became more and more sophisticated, and even formed a ladder attack. This is not a sword technique at all, but a formation technique.

A mortal martial artist can actually combine his sword light into an attack formation equivalent to a land grade. How bad is this? The one who can do this is obviously at least a master of formation.

But how is this possible? Array layout has a great relationship with cultivation base, just like a pharmacist. If the cultivation base does not break through the earthly saint, it is almost impossible to refine the earth-grade pill, because whether it is sentiment, soul, spiritual power and cultivation For, have not reached this

How can it be refined?

The formation mage is naturally the same. How could Qin Chen, a mortal martial artist, control the formation of the land.

No, it is not impossible! In the history of the celestial realm, some unparalleled powerhouses can still do this, but none of these powerhouses is not the strongest powerhouse in the celestial realm. Once a person possesses such a talent, as long as he does not fall, once he grows up, Tiansheng is definitely

A lowest starting point.

How could such a character come to their Cangxuan City, and even happened to be met by him?

Thinking that Qin Chen was such a heaven-defying figure, Feng Buqun was sweating more and more. Although it was ridiculous, it was indeed the first time that he had frightened a mortal paladin. He had already thought that the formation of trapped land in front of him was not arranged by the master of the formation requested by the Ancient Medicine Hall, but by the mortal martial artist in front of him. Be trapped in the formations of this mortal martial artist, and still in

Against the trend, can he not be frightened? He can only break the formation and defense, there is no way to fight back and attack the opponent.

It can be said that from this point of view, the opponent is already invincible.

He must go out as soon as possible, otherwise even if his cultivation base is too high for his mid-sage, he will definitely die in the end. Qin Chen was also depressed, and he could now be said to occupy innate advantage. Feng Buqun could only find a way to break the formation, but couldn't directly fight back against him. All his attacks were blocked by the formation, and even so, he still couldn't hurt Feng.

No group, his trapped killing array is still getting more and more wobbly. Obviously, if he wants to continue like this, even if he has a formation, he won't be able to hold on to the moment of killing the group. The mid-level land-grade powerhouse is really powerful, it is not at all that this ordinary land-grade formation plus he can kill. Fortunately, he spared no expense in materials, promoted the trapped slaying formation to the ground level, and deployed the Ten Thousand Sacred Candle Demon Array, otherwise, it might be granted.

Not the group broke out long ago. Although his own swordsmanship is powerful, it still does too little damage to the mid-level experts. Unless he displays the mysterious rust sword to stimulate the terrifying force inside, although Qin Chen has a bit of control over the mysterious rust sword, But he is not yet

I want to use the mysterious rust sword here.

He always suspects that the mysterious rust sword has some connection with the heavens, so he must be more cautious.

"It seems that I have to break through the Earth Sage as soon as possible. I have been unable to break through the Earth Sage, and it has too much influence on myself.

Qin Chen's eyes were cold, and at the same time he urged his sword light, a cracked sky divine mark was displayed.

Splitting the Sky Divine Mark is the most powerful move he can control in the Forbidden Land, and it is also one of his unique skills besides the mysterious rust sword.

Hum! I saw in the void, a series of terrible lines appeared. These lines appeared between the sky and the earth, which immediately caused the whole world to change. The terrifying space magical powers were like whirlpools, and they suddenly entered Feng Buqun. Body

In the body.

"puff!"

Feng Buqun, who was still anxiously thinking about how to escape before, spouted a mouthful of blood. He looked at Qin Chen in horror and roared, "What magical powers are you?"

"Cracking Sky Divine Mark is really powerful."

When Qin Chen saw this, he was overjoyed. This rifting divine mark was so powerful that he could not imagine that the combination of formation and space rules could cause such an effect.

Although Feng Buqun was only slightly injured, as long as he could hurt the opponent, he could beheaded a little bit.

Qin Chen raised his hand, and suddenly, the second and third rifting divine marks rushed over frantically.

"Damn, brat, do you really think I can't help you?"

Feng Buqun felt the crisis of life and death and could not care about other things. Poof, he spewed out his blood, his tongue was spring thunder, and he jumped up, his hands were intertwined with complex handprints, a force that shook the world, merged into the blood, Bred in his hands.

boom!

In his body, a terrible blood burst out, similar to bloodline power, but not bloodline power, but a source of power integrated into himself.

Moreover, a breath of terror flame spread out.

"The overlord ascends to heaven, Da Ri Jinyan!"

Boom!

In the crisis, Feng Buqun also tried his best. He burned his origin, and saw countless mad dragon-shaped air currents rotating around him, going to the sky and wandering, holding the four directions, golden flames, soaring into the sky, as if rising. A big day.

"Best in the world!"

He blasted a punch, and the infinite power was concentrated to a single point, and suddenly burst out, the rules of the heavens circulated on his head, forming the rules for mastering punishment and judgment, and burst out frantically.

boom! Suddenly, the wobbly formation burst suddenly, and explosions occurred everywhere, and the surrounding area was originally blurred. At this time, the fog dissipated, and everything around was clearly revealed, and the ancient medicine disappeared around. Master etc.

People suddenly reappeared, including the masters of the Divine Sage of Gu Fangzhai.

At this moment, in the big formation, the remaining seven masters of Gu Fangzhai, two of whom had fallen, and five others, were wounded on their bodies, and each was extremely embarrassed.

Seeing that the predicament disappeared, Shang Gukong, the ancient medicine master, and Ai Anshun all looked surprised, but the five ancient Fangzhai experts who were still alive all showed ecstasy and were shocked by the power of the seal. , Very excited.

"This is the majesty of Master Zhaizhu's overlord tactic, supplemented by the heavenly sacred fire and golden flames, which can penetrate the eternal age and break the future!"

"Hahaha, these guys think that if you trap Master Zhaizhu with the land formation method, you can kill us. It's fantastic."

"Now Lord Zhai is out of trouble, kill this kid, rescue me and wait."

"We also cooperate with the action. Once Lord Zhai takes action again, this kid must be seriously injured. We take advantage of his illness and kill him..."

The remaining five ancient Fangzhai Di Sage masters roared again and again, extremely excited.

"Little dust!" The ancient medicine masters exclaimed in exclamation. "Damn, I don't think this mid-sage powerhouse is so strong, but it's okay, but the trapped formation is broken, but the Halloween Demon Slaying Array and the Killing Array are still there. The World Overlord Secret Art? Da Ri Jinyan? I think it's you today. I live or live..." Qin Chen glanced hard.

#### [Chapter 2519: Dark child](#)

Qin Chen also fought away, his stern eyes, facing Feng Buqun's blow, did not move at all, suddenly his body shook, crackling, endless thunder light wrapped his whole body, his body flashed, unexpectedly formed several exactly the same Myself, every

Both of them released terrifying power, and at the same time played the trick of Splitting the Sky against Feng Buqun.

This is the first time Qin Chen's thunder secret technique has been used in the heavens, and the terrible murderous intent of holding the punishment of the heavens burst out.

How terrifying is this force?

With the supreme sense of destruction, at this moment, no one can describe the scene of Qin Chen's attack, like a punishment from the heavens, holding the rules of the sky.

"The Thunder Clone Secret Technique? No, why is this breath so terrible?"

Feng Buqun's scalp was numb, and he shot immediately. He was cruel in his heart, knowing these clones of Qin Chen, but they were just simple clones of Saint Yuan, and there was only one real killer move.

As long as the main body is breached, all clones will be destroyed. Now that there is no trapped formation, he does not believe that this kid can stop him. As long as he kills him, the remaining killing formations will all collapse.

"kill!"

Feng Buqun was also mad, his eyes were red, and he was completely violent. Suddenly, a breath of burning life was conveyed from his body, which was crazy and dangerous.

boom!

Suddenly, his aura skyrocketed again, turning into a \*\*\*\* figure, wearing the overlord's robe, majestic and invincible, the heavenly overlord.

"The overlord is invincible, the gods pay tribute, the sky is shaking, I am Hao Xiong, Da Ri Jin Yan, in charge of the sky!"

Feng Buqun, incarnate as the overlord of Gaidai, punched again and rolled out, heaven and earth really bowed their heads in front of him, and God also lowered that noble head!

This punch was an invincible punch, the heavenly breath, under one punch, one after another retreated, and under the fist wind, the heavens retreated.

The others were shocked by this breath. Shang Gukong and others stopped fighting and looked at this scene in amazement. They knew that this was the blow that decided the battle.

"Huh!" Qin Chen was full of thunder, and his body was full of thunderous power, and the immortal Eucharist spurred to the extreme, his eyes burst into the rainbow: "It depends on whether you are strong or mine, heaven and earth killing, thunder sanctions, space is Respect, time is king, the Eucharist is immortal, eternal

rotten! "

Before speaking, Qin Chen's thunder rules, space rules, killing rules, supreme sword realm, rifting divine mark, soul power brewing on his fists, and the Ten Thousand Sacred Demon Array was also urged to the extreme, punching Chop, crashing together.

Boom!

Qin Chen's whole body was full of energy, the wind and clouds rotated outside his body, the world changed, and the fish and dragons spread. He is like an ancient heavenly monarch, coming again, his whole body is full of light, and he has the might of the top power in the heavens.

However, Feng Buqun was also extremely strong. The two of them collided with each other, and the two of them shook violently. Qin Chen's body shook wildly, and the blood surged in his body. If it weren't for the Immortal Physique, his body would explode with this blow. Open, the flesh will be destroyed.

But Feng Buqun was not well, wow, he vomited a mouthful of blood again, and the terrifying power of thunder fell on him. The robe on his body was directly shattered, and the power of countless rules was suddenly scattered. .

"Less dust!"

"Master Zhai!"

Everyone exclaimed.

Pedal!

Both Qin Chen and Feng Buqun were backing away, and under this terrifying blow, it was unbearable.

Huh! But just as Qin Chen took a step back, suddenly, the void flashed, and Ai Anshun, who was standing not far behind Qin Chen, suddenly showed a trace of hideousness in his eyes, and his figure flashed through the formation. He actually came directly behind Qin Chen,

The fist blasted towards Qin Chen.

"dead!"

He roared, with a hideous face, and attacked outright.

This sudden scene stunned everyone, and no one expected that the worship of Ancient Medicine Hall, Ai Anshun would suddenly act on Qin Chen.

"Old Shun, you..."

"Stop!" The ancient medicine master and Shang Gukong were both furious and shouted. Even Qin Tingting, who was paying attention to this place from outside the formation, also killed him, showing anger and going to Qin Chen to resist, but it was too late for anyone. Ai Anshun was prepared long ago, it was not a temporary motive at all.

He used the power of formation that Qin Chen gave him to attack outrageously, so that there was no time to resist.

"Hahaha, you all can't think of it, this Ai Anshun has already been enrolled by my Gu Fangzhai."

Feng Buqun clutched his chest, laughed loudly, with blood hanging around his mouth, but he was extremely energetic.

The strength of the ancient medicine hall was beyond his expectation, but he was not unprepared, he had already laid down a dark child.

Ai Anshun had been prepared for a long time, the fist attacked, and there was no time to react, and instantly blasted on Qin Chen's body, banging Qin Chen directly.

"Less dust!"

The eyes of Qin Tingting and others were blood-red, and they screamed.

"Hahaha."

Feng Buqun and the others laughed, but Ai Anshun did not laugh, because Qin Chen exploded and turned into countless rays of thunder, without a trace of blood splashing out.

"I knew you had a problem long ago, Ben Shao has been giving you opportunities, but I didn't expect you to be an outsider's running dog."

In the void, a cold voice sounded, and Ai Anshun looked shocked. Just as he was preparing to defend, before he had time to start, Qin Chen's figure had appeared behind him at some point, and punched him like lightning.

"dead!"

Qin Chen blasted out with a punch, grabbing Ai Anshun and reacting in an instant, the rifted divine mark contained a killing fist, including the power of thunder's ruling, and crazily fell on him.

No words can describe it, and Ai Anshun has no assassin that can withstand Qin Chen's full blow.

boom!

His body was beaten into a mass of rotten flesh in an instant.

Just a punch!

Qin Chen directly worshipped Ai Anshun from the Di Sage of Ancient Medicine Hall, and directly beat them into a mass of rotten meat.

Containing Qin Chen's full blow attack, even Feng Buqun would be jealous, how could Ai Anshun be able to resist it in the early days of a holy land.

No one can imagine how tragic this scene is, and how dramatic the turning point is. All the remaining Gu Fangzhai Five Great Earth Saints were dumbfounded, unable to believe their eyes, Ai Anshun was an Anzi matter, not all of them knew, how did Qin Chen know? In their hearts, for this young man,

Unprecedented fear.

Not because of Qin Chen's power, but his wisdom.

"Now it's your turn!" Qin Chen strode forward, killing Feng Buqun, and booming, he shot with all his strength, showing a momentum of suppression, dragons and tigers, there is really a terrible mood that dominates the ages, the heaven and the earth are supreme. Dao Huo appeared beside him and turned into Tai Chi Wanxiang,

There was a flash of light, the big hand flipped, and another punch blasted towards Feng Buqun.

"go!"

Feng Buqun was horrified. He knew that it would be useless to stay anymore. He had lost the heart to resist, and he had to flee from here because of serious injuries.

"Did you go?"

Qin Chen's eyes were cold, his murderous intent skyrocketed, and at the last moment, quietly urging the origin of time.

"The power of time!"

boom! Finally, Qin Chen displayed the most terrifying power of time, and Feng Buqun's actions were infinitely delayed. A terrifying force, like a long river of time, poured into his body instantly.

### [Chapter 2520: Soul slavery](#)

Qin Chen's figure is magnificent, like a world-famous god, unmatched in might.

He shot, the sun and the moon were turned upside down, the world reincarnated, and time was imprisoned at this moment.

boom!

The mighty power of time like a river of sand imprisoned Feng Buqun. Qin Chen's punch contained endless murderous intent. He flipped his hand over, like lightning, and struck Feng Buqun with a punch.

Feng Buqun let out a scream, bursting into various parts of his body, and bursts of flames shot out from his body, the golden flames soaring into the sky, burning the sky.

Boo!

Feng Buqun's body exploded everywhere, dripping with blood, and his limbs were seriously injured. His whole body was covered with flames. He stared at Qin Chen in anger, full of infinite hatred and regret.

He didn't expect that Qin Chen in this ancient medicine hall would be so strong, and that his dignified mid-sage powerhouse would end up like this.

Especially Qin Chen's last blow made his thinking freeze, and he felt a sense of time disorder. What kind of supernatural power was it?

At this moment, Feng Buqun didn't dare to think about the origin of time.

He regretted, and endless regrets surged in his heart. If he had known this a long time ago, he would not break into the ancient medicine hall if he was killed.

Qin Chen grabbed Feng Buqun's head with a big claw, and Qinglian Demon Fire bombarded it in.

There is no mercy from his men.

"I am the lord of Gu Fang Zhai Zhai, you have caused turmoil in Cangxuan City and wanton murder. The City Lord's Mansion will not let you go. If you have something to discuss." Feng Buqun shouted. "Huh, how can this young man kill people wantonly? It is your ancient Fangzhai who coveted my ancient medicine hall and designed to undermine my ancient medicine hall. When I was seen through by my ancient medicine hall, he was so angry that he was so embarrassed that he deceived others and was accused by him Kill, Ben Shao is just a victim, this lawsuit fights

Ben Shao is not afraid of wherever he goes. "

Qin Chen grinned and gave his claw hard, "Dead!"

boom! The power of horror instantly poured into the Fengbu group. This Fengbuqun was too strong. Even under his own full blow, he was only seriously injured and never fallen. If it weren't for the origin of time and the Ten Thousand Sacred Demon Array, it was in the outside world. Chen is not sure about it

Kill, how could this opportunity let him go.

Not to mention Feng Buqun also felt his time origin, this son must die.

Suddenly, Qin Chen shouted angrily, the Saint Yuan in his body burned, and the endless terrifying power instantly poured into the sealed group. Feng Buqun screamed and his body suddenly exploded. After that, Qin Chen made countless seals with his hands, and sealed all Feng Buqun's ideas, magical powers, essence and blood, and rules, and turned them into a huge golden ball. Brilliant

.

In this golden orb, there are not all the treasures, the origin of the earth sage, the golden flame of the sun, various magical powers and so on.

"The jade disc of good fortune from the universe, give it to me, store it first, and wait for me to slowly refine it!"

The space rules on Qin Chen's body flashed, the power of the misty space lingered, and the power of Feng Buqun's body was collected. The invincible Gu Fang Zhai master, the alchemy magnate, and the great power of the middle stage of the earth sage were killed in this way. Qin Chen collected all the storage rings and other things on his body, and then scrapped the treasures he had stored in his storage rings, in his capacity

, Various materials, medicines, magical powers are definitely not a few, and there may even be a holy-grade pill furnace.

This is natural. Even the ancient medicine masters of the ancient medicine hall have the ancient Hengyu furnace. As the master of the ancient Fangzhai, how can he not even have a holy pill furnace?

Qin Chen came to the heavens, he was poor and white. He wanted to develop quickly and didn't kill a few "rich households" to plunder. It was really unsustainable just by relying on his own hard work. "Wait for an opportunity to refine the rules that Feng Buqun has mastered. Feng Buqun is a mid-level master of the Earth Sage. Although I can't swallow all the origins of it, his understanding of the rules of the Earth Sage and the way of heaven Control, it will also bring me huge

Great benefits, when Ben Shao enters the Holy Land, will surely help add great benefits. "

Although Qin Chen is still only the pinnacle of the Mortal Sacred Realm, he has already prepared for himself to break through the Earth Sage. Without breaking the Earth Sage, in this Cangxuan City, he can only be regarded as a Tianjiao, not a strong one.

Now Qin Chen has a deep understanding of his own strength. Without breaking the Earth Saint, it is so difficult even to deal with a middle-level Earth Saint martial artist. How to get out of Cangxuan City in the future, how to get out of Yunzhou, and how to face the Heavenly Sage of Yaomie Mansion. Master. Sealing the origin of Feng Buqun, Qin Chen suddenly turned around, facing the remaining five masters of

Gu Fangzhai, coldly said: "Everyone, do you decide by yourself or let me kill? Of course, if you don't want to Self-decision, I will seal you up

Killing differently, and then destroying Gu Fangzhai, you can't think of it, because your behavior will harm Man Sect. "

"You! You are such a demon!"

One of the early masters of Earth Saint roared desperately: "Let's rush out!"

boom!

As soon as his words fell, the whole person was beaten to pieces, as if five horses were divided into parts, the corpses were scattered all over the place, and blood was flowing into rivers.

It is simply not clear how Qin Chen made the move.

Even Feng Buqun can't escape Qin Chen's poisonous hand, a master of the early earth sage, in this Ten Thousand Saint Slayer Demon array, also wants to rush out? ridiculous!

"I gave this young man a sacrifice." Qin Chen raised his hand and sacrificed the early power of the earth saint again. The methods were harsh and suffocating.

Even the ancient medicine masters, Shang Gukong, Qin Tingting, and others, saw this scene, and their legs trembled in horror. They never thought that Qin Chen was so powerful that the slaying of the holy warriors was like a slaughter. Pig dog.

This is a young master with extremely tough methods.

Although they were terrified in their hearts, what came out more was rejoicing, rejoicing that they had taken refuge in Qin Chen, and rejoicing that they had seized the opportunity. Now, even the most powerful people have fallen. Who else in Gu Fangzhai will be less dusty? opponent.

Puff! An ancient divine master of the ancient Fangzhai knelt down. The ancient medicine master knew him. He was called Ji Fanye. He was the deputy master of the ancient Fangzhai. He was the master of the early peak of the ancient Fangzhai. Name Vice Zhai Lord, Ji Fanye is one of them

One.

At the same time, he was also one of the early peak powers of Gu Fangzhai, and was in charge of a large number of resources of Gu Fangzhai.

"Forgive me, young hero forgive me, I worked so hard to cultivate to the sacred earth. It is not easy. Please forgive me. I am willing to dedicate all my family property to survive. From now on, I will never It will be the enemy of the ancient medicine hall, and the world can learn from."

At the juncture of life and death, he knelt down and begged for mercy, and there was endless shame in his heart. In order to survive, he gave it up, but once he was alive, he must sue the city lord's mansion and kill the demon in this ancient medicine hall. "Hmph, your life is in the hands of Ben Shao, and you actually want to use your possessions in exchange for your own life. When Ben Shao is an idiot, and you still say not to be an enemy of Ben Shao, what do you think Ben Shao believes? You, let's do this, you

will be a slave to the young master, and the young master might consider giving you a way of life, soul slavery!"
