

Valkyrie 2521

[Chapter 2521: Recruit truthfully](#)

In Qin Chen's eyebrows, a vertical eye opened, and suddenly, a terrifying soul power burst out. This soul power turned into a rune and suddenly poured into Ji Fanye's body.

"Ah!" Ji Fanye screamed and fought hard to resist, but Qin Chen's soul power is so powerful. What's more terrifying is that he possesses the heavenly soul forbidden technique, and Ji Fanye has long lost his courage and has no resistance. Power, at this time, all kinds of pressure are double hit, the spirit

The soul suddenly fell.

In his soul, a soul light flashed, and Qin Chen's soul entered the master, leaving a seal in his soul.

Ji Fanye immediately stood up, "Master, I am your faithful slave, Ji Fanye obeyed the master's instructions."

"it is good!"

Qin Chen laughed. He didn't expect that he had come to heaven and finally had a servant.

This is also in this specific environment. Ji Fanye and others are distracted before they can have a chance to control it. Otherwise, how can a mortal saint martial artist in his area enslaved the strong earth saint.

"What about you? There is still a way to survive if you submit to this young man, otherwise, die!"

Qin Chen turned around and said lightly to the remaining three sage masters.

"If we want us to become puppets, we will never be reconciled. If we fight, we will explode!"

At the moment, an Earth Sage master roared wildly, his entire body swelled, and he exploded unexpectedly, charging towards Qin Chen, extremely violent. "Want to explode? Where is it so easy, if I want you to die, you will die, if you want you to live, you must be born!" Qin Chen grabbed it with one hand, and the horrible palm of his hand expanded and swallowed, and Sheng Yuan was tightly bound. With a bang, he slammed the other side

The self-detonation was suppressed, and he was caught in the palm of his hand.

"Ah! I can't control my own life and death." This ancient Fangzhai earth saint was going crazy.

"I am too lazy to talk with you, but if you want to die, this young man will fulfill you!"

Qin Chen waved his hand again, and the remaining three people exploded, turned into blood-colored rainbows, and threw them into the jade disc.

"Okay, everyone, these people are all resolved, everyone is okay." Qin Chen waved his hand, boundless vitality, and looked at the ancient medicine masters lightly.

The ancient medicine master and Shang Gukong were shocked, their bodies trembling, and their eyes were full of excitement.

There is one less dust, alone in the fight against the six masters of Gu Fangzhai, beheading five people, and enslaving one person. It is invincible.

Huh!

Qin Tingting's legs softened and almost fell to the ground.

"What? You think it's incredible? Are you dreaming?" Qin Chen looked at Qin Tingting who was almost slumped, smiled slightly, pointed a finger, and a warm current entered her body, flowing through her limbs, feeling comfortable. Almost groaned, refreshed her and stood up again

Come.

"Ben Shao said that after you follow me, you will never have any difficulties in the future. With Ben Shao there, Gu Fangzhai is a mere sack. Ben Shao kills them like a chicken."

Qin Chen smiled faintly. In fact, he was very thrilled before. If it was not for the origin of time, he could hardly hold the group. If he would break through the big formation, then it would be more troublesome.

Fortunately, the first battle was successful.

"Senior, great, the younger generation has five bodies. From now on, my Gu Zhong sect will be the loyal servant of the senior." Shang Gukong knelt down directly. He only now knows that Qin Chen has kept his hands in the Gu Zhong sect. What is it to leave a soul mark in his mind, at least he still has freedom, look at that ancient Fangzhai Ji Fanye, the peak master of the early days of Di Sage, really

Li was stronger than himself, and he was directly enslaved.

He also heard that certain soul refiners in the heavens can enslave others.

It is almost unheard of to enslave the masters of the earth sages with the cultivation of mortals like Qin Chen.

"My lord, I can't think of Ai Anshun this person, wolfish ambition, no wonder my ancient medicine hall is controlled everywhere, thanks to adults' insightful eyes and torch, from now on, my ancient medicine hall will look forward to it as an adult."

The ancient medicine master also knelt down, feeling agitated.

Of course, they were actually afraid that Qin Chen would enslave themselves.

"Okay, you don't need to be polite. You all took refuge in Ben Shao from the beginning. Naturally, Ben Shao will not treat you badly. As Ben Shao said, follow me. In the future, you will drink spicy food without worrying about other things."

Qin Chen said domineeringly. As for the enslavement of ancient medicine masters, he really didn't have this idea. How could the masters of the earth sage be so enslaved? Just enslaving a Ji Fanye, Qin Chen felt that his soul power was a little strenuous, otherwise, he would be early Not even banned

The group was enslaved together.

As for enslaving Ji Fanye, Qin Chen also had plans, not for the servant of a holy land, but mainly to control Gu Fangzhai.

It's impossible for him to be unmoved by such a big force.

"Boom!"

At this moment, outside the Ancient Medicine Hall, the formation suddenly trembled, and someone was actually bombarding it outside.

"The people inside, quickly open the formation and wait for me to come out."

A roar of roars came from outside the ancient medicine hall. At this moment, outside the ancient medicine hall, a group of guards from Cang Cangxuan city had arrived for the first time. They saw the terrifying formation that enveloped the ancient medicine hall and the roar that came from inside. After they learned that someone was fighting against each other, they suddenly became angry. Angry, bombarded the ancient medicine hall again and again

The big array.

"It's the guard of Cangxuan City." The ancient medicine master's expression changed, revealing nervousness.

They beheaded the Gu Fangzhai master here and spread it out, no matter whether it is reasonable or unreasonable, they cannot escape punishment.

"It's okay, go out and have a look."

Qin Chen put away the Great Sacred Demon Formation, and suddenly the misty Ancient Medicine Hall was clear, and Qin Chen and his group walked out of the Ancient Medicine Hall.

"Look, someone has come out."

"It must be the master of Feng Buqun Zhai, it is ridiculous that this ancient medicine hall dares to fight against Gu Fang Zhai, isn't it just looking for death."

"Hey, I heard that the ancient medicine master of the ancient medicine hall signed an agreement with Gu Fangzhai. Now that he can't get anything out, he should be sent to death."

"Dare to resist, it will soon be the grand gathering of Cangxuan City, angering the City Lord's Mansion, this ancient medicine hall is even more unlucky."

Many outsiders surrounding the door talked a lot, all of them opened their eyes wide and looked inside.

"What?" After they saw the people who came out inside, they were all shocked, because many of the strong people of Gu Fangzhai were not visible. Except for one Ji Fanye, even the master Feng Buqun disappeared. It is the ancient medicine hall, where the ancient medicine master is standing

Around the youth, respectfully, stepped out.

"You guys, what happened before, recruit them truthfully."

The leader of the guard captain shouted angrily, with cold eyes: "I heard that you people from Gu Yaotang and Gu Fangzhai are fighting here. You are so courageous, you dare to make a big fight during the event. Have you put the Cangxuan city rules on In the eyes?" The captain of the guard was angrily and murderous.

[Chapter 2522: Summoned by the Lord](#)

"Why is Gu Fangzhai's seal? Let him come out to see me."

The captain of the guard said coldly, his eyes were cold, even though he was only a mortal realm peak martial artist, but in Cangxuan City, they represented the rules, even if Feng Buqun, a mid-level Saint mid-level master, would not dare to make trouble. .

"This lord, this is just a misunderstanding. It's not that I was waiting for the fight, but the people of the ancient Fangzhai. I came to my ancient medicine hall to make trouble before. As for that Feng Buqun has been killed by the next, I am afraid I can't get out. You are here." Qin Chen said with a light smile.

"what?"

Suddenly, everyone present was shocked, and everyone was shocked.

Feng Buqun was beheaded by this kid, how could this be possible?

This is like a blockbuster, hitting the crowd in an instant, all kinds of whispering, one after another. Qin Chen didn't pay attention to the discussion around him. He just took out an image. At the same time, he took out the contract between Gu Yaotang and Gu Fangzhai: "You should all know that Gu Yaotang and Gu Fangzhai had a contract not long ago. Normal business cooperation

, is understandable, but this ancient Fangzhai, the wolf's ambition, after I waited for the ancient medicine hall to complete the contract, Feng Buqun insisted on occupying the powerful strength, and wanted to occupy my ancient medicine hall. "

Qin Chen paused, and continued: "The ancient medicine master in the ancient medicine hall has already joined me in the Chendi Pavilion. Under my anger, the young master naturally confronted him, and luckily killed the wicked person. This is a contract and incident. After passing, please judge."

This contract was presented in front of everyone. Many people who watched the excitement had heard of it before. Naturally, they were not surprised, but they all looked at the image.

In the intervening images, Qin Chen had already taken out the Huanggu Yiqi Pill, but Feng Buqun directly breached the contract, and immediately shot, and then the big formation was opened, and the following screen was completely broken. "Yes, I always thought that he was not an adult, and he was righteous. Who knows, he is such a wolf and ambitious person. The cooperation with this ancient medicine hall is basically a conspiracy. Although the old man is the deputy chief of Gu Fangzhai, he sees Not used to

As a result, the old man feels sorry for the loss brought to the ancient medicine hall. Now that Feng is dead, the old man is willing to represent Gu Fangzhai and join the Chendi Pavilion to make atonement for our evil deeds. "

Ji Fanye stepped out immediately, with a sincere tone, ashamed of Qin Chen.

This...this...this...

Everyone was shocked, what happened in the end? In a short while, Gu Fangzhai's Lianzhai's lord was not included, and almost the entire army was wiped out. Now he has to take refuge in Chendi Pavilion.

No matter how flexible his mind is, he can't figure out all of this. It just feels incredible.

"All the mess is taken down. Take it back to the law enforcement office and ask it carefully."

The captain of the guard sank and said sharply.

"stop!"

Before the guards behind him were dispatched, an angry voice suddenly came.

Immediately afterwards, a stream of light fell, and the leader was very powerful, and his body was full of terrible aura. It was Zu Anming, the governor of Xicheng, and Zu Anming was followed by a large number of guards of Xicheng, murderous.

"Wow!"

Zu Anming fell directly in front of the captain of the guard.

"It's the ancestor of Xicheng Guanshi!"

The crowd shuddered, showing shock and retreating a little.

Xicheng is in charge, in the eyes of ordinary people, that is the sky, unless it is some of the top forces in Cangxuan City, ordinary forces, even Gu Fangzhai, will never offend.

"I heard that Lord Zu and Gu Fang Zhai Feng Buqun Zhai have quite personal relationships. Wouldn't it be here to preside fairness for Gu Fang Zhai?"

"It's very likely that Gu Yaotang is over."

"Oh, the ancient medicine hall is only a small force. It's okay to fight against Gu Fangzhai. It's fine now. Kill Feng Buqun. This is over."

"Shhh, be quiet, I was heard by Master Ancestor, do you want to die?"

The crowd shook, whispered and discussed.

"Master Ancestor!"

The captain of the guard was also taken aback and hurriedly saluted.

"Snapped!"

Before he bowed down, he slapped him fiercely. Zu Anming looked furious and flew out the captain of the guard, his beard shaking. "Presumptuous, I have strict laws in Cangxuan City. Although there were conflicts between Gu Yaotang and Gu Fangzhai during the event, Gu Yaotang was only a victim. Now that the evidence is all there, you have to bring the people from the ancient medicine hall back. What is the intention of the law enforcement agency?"

When the forces of the cities in the meeting saw, didn't they think that my Cangxuan city was in disorderly formation? "

Zu Anming was furious, and then he approached Qin Chen and said with a smile, "This one is an adult from the Ancient Medicine Hall, right? At a young age, he has such a majestic appearance, and he is indeed a young talent."

Zu Anming was humble, as if he had seen an old friend.

Everyone's eyes were about to fall off.

Rely on.

What's the situation?

Haven't heard of the relationship between Ancient Medicine Hall and Guanshifu?

Qin Chen was puzzled, but with a flash of his eyes, he had guessed something, and smiled and bowed his hands.

"Okay, let's all go away."

Zu Anming shouted angrily, and immediately scolded everyone.

Qin Chen welcomed Zu Anming into the ancient medicine hall. Both you and me were very enthusiastic and respected both Qin Chen and Zu Anming.

He was also shocked. When he received the news, he had arrived the first time, but he learned that Qin Chen had killed Gu Fangzhai's Feng Buqun.

That Feng Buqun was a mid-level master of the Earth Sage. In terms of strength, he was not much weaker than him. He was beheaded by such a young man, which made him not surprised.

This naturally increased Zu Anming's desire to establish a good relationship with Qin Chen.

Zu Anming knew that the matter was urgent, and after chatting with Qin Chen for a while, he left soon.

He wants to report the matter to Cai Gaofeng as soon as possible.

"Little dust, why does Zu Anming have such an attitude?"

In the ancient medicine hall, the ancient medicine masters are all a little confused. This is Xicheng's manager. Under one person, above 10,000, in charge of Xicheng, who would dare to provoke such respect for Chen Shao, surprised them.

"Hehe, it should be the matter of entering the city that worked." Qin Chen flashed his eyes and smiled slightly: "You wait, someone will soon invite Ben Shao."

"Into the city?"

Shang Gukong and Qin Tingting's eyes flickered, and they looked at each other, as if they thought of something, one after another suddenly.

As for what Qin Chen said that someone invited him, Shang Gukong and Qin Tingting hadn't figured it out yet. Of course, Qin Chen did not explain, just let Shang Gukong and the ancient medicine master cooperate with Ji Fanye to take control of Gu Fangzhai first, and he re-understood today's battle. Today's battle has given him a lot of inspiration. , He has to carefully extrapolate and summarize

Experience, the next battle will naturally become more familiar.

Sure enough, someone came to the door the next day.

"Hahaha, Cai Gaofeng, manager of the old city lord's mansion, this young man, don't come here unscathed."

With a loud laugh, Cai Gaofeng took Zu Anming to the ancient medicine hall.

"The city lord would like to ask. Please also invite the young man to take a trip with the old man." When Cai Gaofeng came, he went straight to the point, without any twists and turns.

[Chapter 2523: Peerless Saint](#)

"I have seen Master Cai, and I have seen Zu Guanshi below."

Qin Chen met with Cai Gaofeng and Zu Anming in the guest room of the Ancient Medicine Hall. When meeting the two, Qin Chen only saluted them slightly, but there was no formality on his face. There was an indifferent breath on his body, like the arrival of a god, invincible. .

He had seen the battle of the Holy Lord's breath in the forbidden land, and he was naturally not afraid of the sacred breath of Cai Gaofeng and Zu Anming, and Qin Chen's performance made Cai Gaofeng's eyes flash and his heart was even more shocked.

This son is extraordinary! It is also the first time that he has met Qin Chen face to face. As the steward of the City Lord's Mansion, there are countless young talents who have seen before, such as the crucian carp who crossed the river, but no matter what genius, he is respectful and respectful when seeing him as the steward of the City Lord's Mansion , Never like Qin

Chen is so indifferent. "This is Young Hero Qin Chen." Cai Gaofeng was extremely enthusiastic: "You should already know the origins of Young Xia Qin Chen to the old man. In Cangxuan City a few days ago, the young lady of my City Lord's Mansion was attacked and killed by an assassin. , Thanks to Qin Shaoxia saving the lady, the old man was spared

Because of punishment, it was hard to find Qin Shaoxia today. He is indeed a heroic boy with extraordinary momentum. "Yesterday, the manager of Xicheng Zu Anming found the old man. The old man learned that Shao Xia was in the ancient medicine hall. The lord of the city was very excited when he learned that Shao Xia Qin was still in Cangxuan City. You must ask the old man to come and invite the young man to the city lord mansion. Once, thank you in person

."

This Cai Gaofeng is very smooth, even if he is in a high position, but in front of Qin Chen, he does not put on airs at all and is amiable.

Zu Anming frowned. It was the first time that he saw Cai Gaofeng's posture. Don't look at the old man and old man in front of Qin Chen, but in front of the other forces in Cangxuan City, it was a superb existence.

After all, no one who can serve as the chief steward of the City Lord's Mansion is simple.

"Master Cai has a good reputation. I'm just a casual repair. The rescue is just a coincidence. It's not enough." Qin Chen naturally did not believe the news that Cai Gaofeng learned yesterday. With the strength of the City Lord's Mansion, I am afraid that he has already learned it that day. The news that he was in the ancient medicine hall just wanted to investigate him secretly, or he didn't contact him.

Count.

Later, it was probably the news that he killed Feng Buqun yesterday that alarmed the City Lord's Mansion, and then deliberately invited him to meet him.

"Hey, this matter may be a casual task for Young Xia, but to my City Lord's Mansion, it is a great favor. Please don't refuse Young Xia Xia. The City Lord is already waiting at the mansion."

Cai Gaofeng continued to invite.

After Qin Chen heard it, he could only answer it.

The group immediately left the ancient medicine hall and walked towards the city lord mansion together.

When he left the ancient medicine hall, Qin Chen didn't stop him, naturally, many people nearby saw him.

This immediately shocked many secretly observing people, and each one was shocked. The connection between the ancient medicine hall and the ancient Fangzhai has attracted the attention of countless people. In particular, yesterday, the Gu Fangzhai master relied on his cultivation base and brought six masters of the earth to forcibly occupy the ancient medicine hall. A young master in Medicine Hall, set up

Big array beheaded.

This news shocked everyone's eyes, especially the news that Gu Fangzhai's only living deputy chief, Ji Fanye, was preparing to take Gu Fangzhai to join the Chendi Pavilion. It shocked everyone and made countless eyes. Gathered in the ancient medicine hall.

The Ancient Medicine Hall is only a small force in Cangxuan City, but in the Xicheng area, it has a little bit of fame, and it is nothing, even if it is destroyed, it will not be able to speak.

But Gu Fangzhai is different, this is the leading alchemy power in Xicheng District. In the entire Cangxuan City, almost 10% of the pill business is in the hands of Gu Fangzhai. Now Gu Fangzhai has to seek refuge in the Chendi Pavilion where the Ancient Medicine Hall is located. This naturally shocked countless forces, especially the alchemy forces. , Have inquired about this

The origin of Chendi Pavilion.

And the reputation of Chendi Pavilion was also instantly started.

This has also led to the fact that the entire ancient medicine hall has long been filled with hidden children of the major forces. Everyone wants to know the origin of this Chendi Pavilion, and what methods were used to allow Gu Fangzhai to take refuge.

There are even some forces that are secretly preparing to take some extreme measures against Chendi Pavilion, but because of the attitude of Zu Anming, the manager of the West City yesterday, these forces are a little bit of a rat.

But who would have thought that they actually saw the chief steward Cai Gaofeng and steward Zu Anming of the City Lord's Mansion personally enter the ancient medicine hall, and even warmly invited the young man from the ancient medicine hall to leave.

This news came out, and everyone noticed it quickly. The forces that were planning to target Chendi Pavilion immediately disappeared and were frightened, and Chendi Pavilion suddenly became mysterious in the eyes of the major forces.

Xicheng manager Zu Anming is enthusiastic about Chendi Pavilion. After all, Chendi Pavilion appears in Xicheng, and this is a force that can annex Gu Fangzhai. It is natural to have a good relationship with Zu Anming, but Cai Gaofeng is Who?

That was the great steward of Cangxuan City, the spokesperson of the City Lord's Mansion to the outside world, and his attitude sometimes represented the attitude of the City Lord's Mansion.

In Cangxuan City, no power dared to challenge the City Lord's Mansion, even the top power.

If anyone offends Cai Gaofeng, it must be difficult to move in Cangxuan City.

Didn't you see that the top Shanyao Pavilion in Lianyungzhou, under the suppression of the City Lord's Mansion, could only occupy 50% of the pill business in Cangxuan City? No matter how awesome you are, can you have a great medicine pavilion? Coupled with the fact that Qin Chen beheaded Feng Buqun, no force would dare to underestimate it. Now it has a relationship with the City Lord's Mansion. Now many people are wondering whether Chendi Pavilion is secretly supported by the City Lord's Mansion? Or maybe someone in Yunzhou

Branch of the top power? Otherwise, would the City Lord's Mansion attach so much importance?

But apart from guessing, everyone was more in awe of Chendi Pavilion.

With Cai Gaofeng's arrival, some of the treacherous waves surrounding Chendi Pavilion suddenly stopped.

Cai Gaofeng is also a human spirit, and naturally understands Qin Chen's purpose, but he is not disgusted. He openly appeared outside the Chendi Pavilion and took Qin Chen to the city lord's mansion, which aroused some good feelings from Qin Chen.

Under Cai Gaofeng's leadership, Qin Chen went all the way unimpeded and soon came to the city lord's mansion.

The City Lord's Mansion was magnificent and magnificent, and Qin Chen arrived in a hall only after Cai Gaofeng informed him.

At the top of this hall, a man wearing a golden martial robes is sitting there, exuding a regular atmosphere that suppresses the world. He is a peerless saint who controls the world and brings endless things to people. oppression.

"This is Cangxuan City City Lord Ao Lie? Sure enough, he is a peerless earth sage. A single breath can suppress the eternal age, which is more than a hundred or a thousand times stronger than Feng Buqun?"

Qin Chen was shocked. In front of Ao Lie, the Saint Yuan in his body was suppressed, as if the opponent could kill him with a thought.

"Junior Qin Chen, I have seen Lord City Lord." Qin Chen immediately stepped forward, bowed and saluted, his tone was neither humble nor overbearing, the Nine Stars Divine Emperor Art worked, revealing a hint of unpredictable aura.

[Chapter 2524: Xianyun Yehe](#)

"Your Excellency saved the little girl's Qin Chen?" City Lord Ao Lie of Cangxuan City squinted at Qin Chen, "Your strength is good, and you can save my daughter at the most dangerous moment. If it weren't for you, My daughter may be in danger, where are you from the warrior? I want to thank you very much !"

Ao Lie Longlong said, between the words, the void oscillated, the words were followed by the law, and the rules were all agitating.

Qin Chen's heart was shocked, and the peerless Earth Sage had such a cultivation base that could shake the law, so how terrible would Heaven Sage, Saint Lord? "The Lord of the City is polite. If the road is uneven, drawing a knife to help is what a monk of my generation should do." Qin Chen said in an indifferent and hoarse voice: "The previous assassin used cruel methods and contained supreme lore. Dao, before the shot, he was obviously prepared. Lord City Lord should trace back to the source and find the purpose of the killer organization as soon as possible. I believe that the other party will never only shoot once. If you assassinate the lady again, the lady will be in danger. After all, Lord City Lord Can't keep it all the time

Around the lady. ""Ok? "Ao Lie's eyes showed a hint of shock: "Young man, he is very keen in analysis, very calm, and has the attitude of a big man, but that assassin, you don't have to worry about it. I already know their origins. If you dare to come to Cangxuan again. city

, This seat will let him come back and forth. "

In his heart, he was amazed. With his cultivation level and status, most people see that they must be conscientious. This is the oppression of identity and strength, and it is also a gap in momentum.

But the person in front of him seemed to be used to meeting big people. He was calm and calm in front of him, and his tone of voice was quite free. He was not sad and didn't look at him, and there was a vaguely unpredictable aura on his body, which made Ao Lie quite amazed. .

Originally, he didn't put Qin Chen in his eyes. Later, he heard Cai Gaofeng's report that the other party had set up a large formation and killed Gu Fangzhai's Zhaizhu Feng Buqun. Only then did he move his mind and want to see him.

Seeing now, the tolerance is really extraordinary.

This is not easy! Ao Lie's eyes flashed, and he said lightly: "Looking at your age and strength, I would like to be a figure of the world's arrogant man, why did he appear in my Cangxuan City? Moreover, I heard that your Excellency has established a Chendi Pavilion power in my Cangxuan City. Killed Gu Fangzhai

I don't know if you are not the City Lord, Young Hero..."

"Daddy, I heard that you found the benefactor who saved your daughter, where is it?"

At this moment, an excited voice came, and then, a floating figure swept over, like a fairy like a rainbow, and suddenly broke into the hall. It was the young lady of the City Lord's Mansion that Qin Chen had seen before, Ao Lie's daughter-Ao Qingling.

Seeing Qin Chen, Ao Qingling's face suddenly filled with excitement, and he came to Qin Chen in an instant, and bowed slightly to salute, "Little girl Ao Qingling, I have seen Young Xia, I would like to thank Young Xia for helping me before. Germany, Qing Ling is unforgettable."

Ao Qingling has a sincere tone, bending over to salute, her graceful hair hanging down, her skin that can be broken by a blow is slightly ruddy, like a ripe apple, which can pinch water with just one pinch, and she has a variety of styles, which makes her heart swaying.

But Qin Chen didn't squint, just smiled, not impressed by the spring scenery, and said with a smile: "The eldest is polite, it's a trivial matter, what a trivial matter." "It's indeed a trivial matter, but City Lord Ao Lie, this master has an extraordinary background. , The soul fire family where the old man belongs is also regarded as the leading big family in Yunzhou. Among Yunzhou, it can be regarded as well-informed, but such arrogance has never

I have seen it, really weird. "

At this moment, several people walked over.

Qin Chen saw a young man and two old men walking into the hall.

The leading young man was full of hot rays of light, like a scorching sun. No matter where he went, he exuded a terrifying aura. It was Li Dongyu, the eldest son of the Soul Fire family that Qin Chen had seen at the gate of the city.

And the two behind Li Dongyu, these are two strong men, their eyes are eagles, they are fierce and cruel, and they are magnificent. They are obviously two masters of the earth, and their cultivation is still on top of the group. They also burst out. The hot breath.

The two looked at Qin Chen, their eyes flashed with cold light, full of disdain, and they looked up and down Qin Chen, seeming to be unkind, as if they were arresting and seeing the criminal quickly, as if to give him a crime and imprison him.

Originally, these few people and Qin Chen had no grievances and no grudges, and would definitely not have such eyes and thoughts, but Qin Chen's heart was like a mirror, and it was clear that it was because he saved Ao Qingling.

"Here is a wild crane with idle clouds. He came here by accident. It's normal for a few people to have never seen Ben Shao."

Qin Chen said slowly, with a posture of insult and immortality.

"Humph."

The two snorted, and when Li Dongyu came in, he never saw Qin Chen from the beginning to the end. He saluted Ao Lie directly: "Dongyu has seen Uncle Ao Lie." Then, he turned his head and looked at Ao Qingling. "Qing Ling, why did you come here? There are some people with unknown origins and self-proclaimed young talents, but they are full of bad water. These people will even deliberately set up a crisis and come back to the hero to save the beauty.

To win the favor of beautiful women and gain benefits, don't be fooled by such shameless people. "

Li Dongyu spoke coldly, never looking at Qin Chen, but he was talking about Qin Chen everywhere.

Ao Qingling's face sank: "Li Dongyu, where do I go and who to meet, do I still need to pass you?"

"Qing Ling, you know what I didn't mean, I just care about you. After all, my father and Uncle Ao Lie are very concerned about our affairs. We are children, and we can't let adults worry about it." Li Dongyu is gentle, but his tone Zhong had an unquestionable taste. He was obviously a strong figure. After he finished speaking, he bowed to Ao Lie and said, "Uncle Ao Lie, the younger generation has informed his father about the assassination of Qingling.

After that, he was extremely shocked and asked the juniors to protect Qingling's safety extremely well. Don't worry, Uncle Ao Lie, Qingling doesn't have to worry about being assassinated if there are juniors, and if an assassin comes, the juniors will surely behead the assassin without leaving any future troubles. "Furthermore, after my father learned the news, he promised to report it to Yunzhou. By then, Yunzhou's will will come and he will definitely disintegrate this Wukong organization. As for this person of unknown origin, he will appear with Wukong organization. I wait for reason

From the suspicion, this person may be related to the Wukong organization, and he played a double role. "

This Li Dongyu's methods were so harsh that he directly dubbed Qin Chen the name of a non-empty organization assassin, so he could eat people without spitting out bones. The purpose of his trip is very important for the future of the family. Among them, getting the support of the Cangxuancheng Ao family is a key part, and naturally, no one can destroy it.

[Chapter 2525: As you please](#)

Although this Cangxuan city is only a city under Yunzhou, the Ao family was once the top clan in Yunzhou. Now they are in charge of Cangxuan City and are the overlord of Cangxuan City with great power. Cangxuan City is in Yunzhou. An extremely important city.

Regardless of the fact that Cangxuan City is under the control of Yunzhou, in fact, all the forces in Cangxuan City depend on the expression of the Ao family. For example, the Good Medicine Pavilion is the top power in Yunzhou, but in Cangxuan City, it must also sell the Ao family's face and cannot develop arbitrarily. Although the Soul Fire family has a very high status in Yunzhou, it must be above the Ao family, but I can't bully the Ao family, the two sides are equal

Waiting for status.

Of course, there is the most important point. Having a secret near Cangxuan City is also the most important purpose of Li Dongyu's visit.

However, the current relationship between the soul fire family and the Ao family may not be able to gain much benefit from this secret. Therefore, Li Dongyu has to pursue Ao Qingling and obtain the right to intervene in this secret by marriage.

Now that Qin Chen was born, he happened to save Ao Qingling, and to win a good impression was equivalent to blocking his way of Li Dongyu.

Although Qin Chen's origin is unknown and Li Dongyu is not afraid at all, this time, the matter is of great importance. Li Dongyu naturally does not allow any accidents to happen, and all accidents must be strangled in the baby.

"Well, Dongyu nephew don't have to worry about it. I have already investigated. This child should have nothing to do with Wukong. As for you..."

Ao Lie looked at Qin Chen: "You saved the little girl. My Ao family is grateful. What do you want? As long as my Ao family can do it, I can satisfy you." He watched the fire with insight, and immediately saw the soul and fire family. People's hostility towards Qin Chen also understands the source of the hostility. Although he did not decide to betroth Qingling to the Soulfire family, the Li family has an extraordinary status in Yunzhou. In order to avoid trouble, he

Decided to give Qin Chen a sum of compensation, and then dismissed the matter. Originally, he had heard about Qin Chen's killing of Feng Buqun, and he was curious about Qin Chen. Such a genius was enough for his Ao family to draw in, but since it has attracted the hostility of the soul fire family, and he has a kind of opinion. Unclear Qin Chen's feelings are troublesome here

In autumn, he decided not to branch out. "Father, he is my savior at any rate. We can't be rude or spread it out. If I say that my Ao family is a person who knows and doesn't repay, where is my reputation? How to control this Cangxuan city." Ao Qingling Frowning, his eyes looked at Qin

Dust, very grateful. She was still immersed in the previous assassinations these days. At the moment of her greatest crisis, Qin Chen was not afraid of danger, blocked the killer move, repelled the assassin, and then suppressed the scene, which is the most thrilling thing she has experienced in her life. difficult

Forgetting, remember forever. Ao Lie's eyes flashed, he hesitated, and then said: "Qing Ling is right, this little friend, dare you ask the name of your surname? Which force is it from? No matter what, the young man has saved the little girl. There will be a banquet to clean up the youth,

So that I can express my gratitude. "This, there is no need. When I come down to this Cangxuan City, it is also unintentional. In this Cangxuan City, there are many things to do, and the dinner party is too troublesome. "Qin Chen is still calm, making it impossible to see what his inner thoughts are.

What: "The juniors just acted casually and don't ask for anything in return."

"Oh? Not asking for anything in return?"

That peerless earth sage, City Lord Ao Lie of Cangxuan City was also surprised. What a character he is, he can naturally hear that Qin Chen knew that he was in trouble and wanted to get rid of it quickly, and his tone was sincere, obviously his true thoughts. . "This son's cultivation base is very powerful. Although it is only the pinnacle of the mortal sage, it has the air of the earth sage. It is not weaker than Li Dongyu. It is also extraordinary. I am afraid that the origin is extraordinary. Young talent, but

You have to make friends, not to mention the little girl who has a good impression on him. "

Ao Lie's eyes flashed, and his heart flashed to death, his various thoughts flashed.

Others saw that his Ao family was unparalleled in Cangxuan City, but in this celestial realm, he walked on thin ice with great care.

Thinking in his mind, he laughed and said, "Okay, young chivalrous demeanor, I am impressed, but young chivalrous and my Ao family are kind, so naturally my Ao family can't lose courtesy and let other forces in Yunzhou make jokes. "In this way, in half a month, there will be a grand event in our Cangxuan City, when an ancient heritage will be opened, and there will be a great opportunity to appear. The young man in this seat is only one step away from the earth sage. The earth sage realm is difficult to cross, but In that ancient heritage, but

There is such a glimmer of opportunity that can surpass the heavens and become sacred. Please don't miss it. "

"These days, the young hero can live in my city lord mansion. There is holy vein blessing in my city lord mansion. It will definitely be of great benefit to the young man's breakthrough realm, how?"

"What? Cangxuan City's great opportunity to break through the earth?" Qin Chen's heart was shocked. He has been busy with Chendi Pavilion these days. Although he has heard about the event, he didn't inquire about it. At this moment, he naturally moved slightly.

At present, he has only two most important things, one is to find the three of Qianxue, and the other is to break through the earth saints, and if you want to find Qianxue and the others as soon as possible, this City Lord's Mansion is also of great help.

Thinking of this, he hesitated and said, "Also, it is better to be respectful than to follow your orders.

"Haha, good." Ao Lie laughed: "Gao Feng, you take this person down to live, and you must arrange it in a good room. Although this city lord's mansion is simple, it will never disappoint."

"Yes."

Cai Gaofeng remained silent, only then quietly appeared, bowing and saluting.

"Young man, come with the old slave."

"Uncle Cai, I want to go together too."

Ao Qingling said excitedly.

"Qing Ling... the origin of this person is unknown, you must not contact him too much." Li Dongyu's expression changed.

"Huh, can you control my business?"

Ao Qingling snorted coldly, and immediately left the hall with Cai Gaofeng and Qin Chen.

"This kid..."

Li Dongyu coldly glanced at Qin Chen's back, a vicious look in his eyes.

"My nephew, Qing Ling has this temper, so I don't want to take it seriously." Ao Lie smiled.

"Uncle Ao, don't worry, Dongyu won't." Li Dongyu turned around, the original vicious aura disappeared in an instant, and it was replaced with a smile full of sunshine, and he said, "Dongyu retired."

Then turned and left with the two under his command. Cai Gaofeng and Ao Qingling led Qin Chen walking in the city lord's mansion. The more they walked towards the depths of the city lord's mansion, the more Qin Chen felt that the holy energy of the heavens and the earth was rich, and the holy energy contained in the air had become extremely dense. There seems to be a huge holy vein underground, which is breathing out the holy energy of heaven and earth all the time. Cultivating in this city lord's mansion will get twice the result with half the effort.

[Chapter 2526: Heir of the Holy Lord](#)

Moreover, walking in the city lord's mansion, there are blossoming flowers everywhere, immortal spirits lingering, and array patterns everywhere, like a labyrinth, which is both supernatural and supernatural.

"The prohibition here is very powerful. It should be a large formation of geographies, and it is also a top-level formation of geographies. It is powerful. It is no wonder that the Ao family is undefeated in Cangxuan City and wants to break through this city lord's mansion. I'm afraid it's not enough in the late Saint Stage."

Qin Chen walked in the courtyard, and there were labyrinths lingering everywhere, but he watched his nose, his nose watched his heart, unswervingly, abiding by his heart, and he did not look around at all, nor whispered. According to the general martial artist, even the top master of the earth sage, after entering this city lord mansion, he must look around, use his soul power to investigate, spy on the formation and strength of the city lord mansion, etc., but Qin Chen is completely different, it seems like anything in the world

Nothing can arouse his interest.

This naturally made Cai Gaofeng amazed. It's not that Qin Chen deliberately didn't explore, but that his formation skills were against the sky. He felt that someone had been spying on himself in secret. This

was naturally the city lord Ao Lie. With that Ao Lie's cultivation base and vision, Qin No matter what dust does, it is impossible to escape.

Fang perception.

"It seems that I still don't worry about me, or maybe I want to get a glimpse of Ben Shao's origins. It seems that I have to give this Ao Lie some guesses." Qin Chen's eyes flashed, thinking about his idea.

After a short while, Cai Gaofeng brought Qin Chen to a core area inside the City Lord's Mansion.

Hum!

Stepping into this place, the holy energy of heaven and earth seems to be infused, making people feel refreshed and refreshed just by taking a breath.

"Below this place, there is definitely a top holy vein."

Qin Chen's brows moved. Here, it is a bit similar to the ancient bell sect's holy pool, but both the concentration and quality of the heaven and earth sacred artifacts are more than ten times stronger than that of the ancient bell sect. Cultivating here is twice the result with half the effort.

"Qin Shaoxia, this is the core place of my city lord mansion. Those who live in it are the most precious guests of my city lord mansion, and every room has a dedicated top-level training room. I believe the young man will like it. of."

Cai Gaofeng bowed and smiled.

"Thank you, butler Cai." Qin Chen nodded, neither humble nor overbearing, with a calm expression.

Cai Gaofeng led Qin Chen into the room, which was beautiful, simple and elegant, and the key was the materials, all top materials from the heavens. Not as good as the tables and chairs in the room, which are all made of holy wood, the gods and emperor woods, which have the effect of meditation. Sitting on it, the mind will be naturally calm, the inner demon will be eliminated, and the understanding will be improved. Treasure, any

A Wu Wang sitting on the futon made of God Emperor Wood to practice, stepping into Emperor Wu is beyond doubt.

But here, this **** wood is only used to create the simplest tables and chairs.

In addition, there are also the screens, woven with silk from the sky, and covered on the ground, which are also dark in the northern sky, warm in winter and cool in summer, absorbing the holy energy all the time, but not releasing it, forming a cycle of holy energy in the house. It is refreshing and clear.

Every brick and wood here are treasures. "Qin Shaoxia, you will live here in the future. My name is Ao Qingling. I live in another courtyard not far from you. This is the token of our mansion. With this token, you can freely enter and exit the city lord's mansion and Here, except for some in my city lord's mansion

Outside of special places, you can move around freely. "

Ao Qingling took out a piece of jade pendant with dragons and phoenixes carved on it, exuding a forbidden atmosphere, and he could walk freely in most of the restricted areas of the City Lord's Mansion.

"Then thank Miss Qingling."

"Thank you, I should be the one to say thank you." Ao Qingling smiled slightly, and two small dimples appeared on her cheeky face, which was very cute. "By the way, Qin Shaoxia, you have to be careful of the few people from the Soulfire family just now. The leader is Li Dongyu, and some of his subordinates. They come from the Soulfire family in Yunzhou. They have always been deceived and live nearby. You Try not to talk to him

We have conflicts, if you have trouble, notify me as soon as possible and let me resolve it. "

Ao Qingling frowned and said softly. "Really? I'm just an ordinary person, just passing by Cangxuan City. They can't help me, but if they really want to deal with me, I won't be slaughtered by anyone, Yunzhou Soul Fire Family? Ha ha, come to me Say, it's nothing."

Qin Chen lightly recovered.

Miss Ao Qingling's body was shocked, and she felt Qin Chen's powerful self-confidence and sweeping conviction in her heart. This conviction was not pretended, but was born with it, or was swept through many battles. Nurtured by the world.

"This son has an extraordinary background. Don't underestimate it." Cai Gaofeng felt Qin Chen's self-confidence on the side, and couldn't help but look at Qin Chen more. The more I look at it, the more I feel that Qin Chen's temperament is unfathomable and unmoving. Like a mountain, even, there is an unparalleled aura of looking at the world, reaching the eternal age,

Eternal.

"This breath... is it the eternal breath in the legend? Heir to the Holy Master?"

Suddenly, Cai Gaofeng seemed to think of something, and his body was shocked. "Eternal aura, this is the aura that the holy master of the heavens has. In the heavens, the mortal, the earth, and the heavens can only be regarded as the ordinary level of the holy ones. Only the holy ones can transcend the holy Lord to eternally immortal and create an era. , And this kind of breath, fundamentally learn

No, only if you get the inheritance of the holy master, or get along with the holy master day and night, can you be infected. "

"Is this kid a descendant of a great power of the Holy Master level? But this kind of aura, unlike the aura of the Holy Master of my Guanghan Mansion, does it come from outside Guanghan Mansion?"

Cai Gaofeng was shocked and could not help himself. "It's no wonder that this son is dismissive of the Soulfire family. Although the Soulfire family is the top family in Yunzhou, it is also a bit famous in Yunzhou. Who recognizes it when it comes out of Yunzhou? But the power of the Holy Lord is the overlord of the heavens. In charge of one side, the ruler over the world, nothing

Rival. "

"But how can the descendants of the Holy Master's power come to our little Cangxuan City?"

Cai Gaofeng was startled, and countless speculations emerged.

"Cai Gaofeng, go and find out the origin of this kid."

At this time, an invisible wave resounded in Cai Gaofeng's mind. It was the voice of City Lord Ao Lie. Obviously, City Lord Ao Lie also paid attention to this place. He could naturally feel what Cai Gaofeng could see.

"Dare to ask which power Shaoxia comes from? Qin Shaoxia's talent must come from a big power, but it seems that I don't have a big family named Qin in Yunzhou, and the old man near Yunzhou has never heard of it." Cai Gaofeng His eyes flashed, he narrowed his mind, and began to ask Qin Chen's origins: "Moreover, the aura of the old man and the young man seems to have a supreme, eternal and immobile manner, quite extraordinary?"

[Chapter 2527: Start practicing](#)

"Xia Xia is just an ordinary person. I met a master by chance. He washed my hair and cut my marrow, taught me the supreme exercises, and then let me go on my own. After I succeeded, I would lead Xia to his forces. , Unexpectedly, in the process of experience, in

Xia was wounded by an enemy and fell here inadvertently. The so-called origin is not enough. "

Qin Chen said calmly, but he sneered in his heart: "It's done, I simulated the aura of the Holy Lord of the golden rune paper and black broken blade, and it really caused speculation." He now knows that the heavens are extremely chaotic and re-established. After that, countless master masters have organized their own forces. There are also master masters who like to cultivate geniuses. Today's heaven is the era of the coexistence of heroes and arrogance.

.

Now he deliberately wanted to arouse Ao Lie and the others' speculation, thinking that he was a genius figure cultivated by a powerful Saint-Master level force. As for this trick, he was not afraid of being dismantled because he didn't say it clearly.

What's more, with Ao Lie and the others, they are nothing at all, and I am afraid they are not qualified to see the existence of the supreme Holy Lord, even if they can see it, it is only a distant view.

The master of the holy master is not something they can see when they meet.

And as Qin Chen said, in the heavens, there are some holy masters who like to cultivate geniuses.

Qin Chen needed an identity now. Without an identity in the heavens, he could easily be suspected and lead to chase. "I met a master by chance?" In the Ao family mansion, Ao Lie's eyes flickered, "Huh, I'm afraid this kid is not truthful, but the aura on his body cannot be faked. This kind of aura is supreme, even I'm a peerless holy capital for it

Fear, this kind of aura is definitely beyond the aura of Heavenly Sage, and it is impossible to appear on a kid for no reason. "

"Furthermore, this person's cultivation and attainments are too amazing. Even a powerful force like Yunzhou may not be able to be cultivated. If it is a chess piece arranged by a master, then it is very reasonable." "Today's heaven, it is very chaotic. There are wars everywhere between the various races, especially the Human race and the demons. There are constant confrontations. In addition, the heaven has just been re-established, and a unified management system has not been established. Crisis and opportunities coexist. Lord Lord, wants to unify the heavens and be the supreme being, so we cultivate genius everywhere. If this son is really a genius cultivated by a certain Lord Lord, then this is a big opportunity for my Ao family. at least

It is much more useful than that of the soul fire family. "Ao Lie thought in his heart, and kept flashing, "Although the soul fire family is strong in Yunzhou, it is only the Yunzhou forces after all, and even wants to fight the Yunzhou Yun family, and my Ao family sits on the horror inheritance of Cangxuan City. , I originally aroused the jealousy of some surrounding forces, and now I have discovered that amazing treasure, which is even more dangerous. The Li family came this time and clearly wanted to join in and share a piece of the pie. If I promised to marry, I would be scheming with the tiger. It's a good relationship with this son, maybe you can do it for me

The family formed some good bonds. "

Ao Lie had a lot of coordination in his heart instantly.

"Okay, okay, it's no wonder the little friend is so courageous, not afraid of the Li family, little friend rest assured, in my Cangxuan city, no forces dare to move you."

Boom! Ao Lie no longer concealed his spiritual knowledge, and a majestic voice sounded in Qin Chen's mind: "But you must be careful, little friend. This Li family is from the soul fire family. He came to Cangxuan City this time to participate. The event is actually trying to seize me

Xuancheng's treasure, and that Li Dongyu had two accidents, you have to be more careful. "

"This City Master Ao Lie really has been spying on me secretly. It seems that Ben Shao's aura was spied by him just now, but what does he mean when he speaks like this? Is it because he wants to recruit me?" Qin Chen speculated in his heart.

"Thank you, City Lord." Although he was puzzled, Qin Chen answered with his hands. "In my Cangxuan city, there is an ancient sacred vein. You can cultivate with confidence. The ancient sacred vein is not only full of rich sacred energy, but also penetrates the history of the heavens. It is most suitable for the law of warmth and moisturization, to improve cultivation, open up meridians, and condense the five secrets , I see your distance

I'm afraid it's not far from the Earth Sage, and it's just a good time to make a sacrifice. After a few days, my Cangxuan City inheritance event will open, and maybe I have the opportunity to step into the Earth Sage and achieve supreme achievement. "

Ao Lie's voice came again: "Gao Feng, you give the little friend the highest authority to open the holy veins in the practice room."

"Thank you."

Qin Chen naturally wanted to practice, and he was not afraid that the other party could see through his own details.

"Qin Shaoxia, please come with me." Cai Gaofeng took Qin Chen into the training room. The entire training room was square, like a stone, but he didn't know what stone it was. Cai Gaofeng immediately activated the restriction of the training room. , Below the entire training room, the huge heaven and earth holy energy surge

Moving out, a mighty ocean was formed. Here, as long as you take a breath, there is a strong atmosphere of heaven and earth and a breath of ancient rules, which can be transmitted to your mind, washing distracting thoughts, and purifying rules, so that people here will always be affected. Heavenly Ancient Qi

The baptism of breath, the body is purified.

This is indeed a terrifying training room, and Qin Chen has a feeling that cultivating here for a day will be of great benefit to his physical body.

"Good place."

Qin Chen laughed and sat cross-legged. Suddenly, the holy energy of the heavens and the earth surging, like a giant whale swallowing water, baptizing back and forth in his body, forming a vision.

"The young man is cultivating here. If you have any questions, please call out at will. I will be here soon."

Seeing Qin Chen sitting quietly with his eyes closed, Cai Gaofeng adjusted his vitality, and then walked out slowly, his eyes flashing strangely, and he didn't know what he was thinking.

Coming to the training room, Cai Gaofeng saluted Ao Qingling and said, "Miss, Qin Shaoxia has practiced, so I won't bother you later."

"OK then!"

Ao Qingling pursed his mouth and left quietly with Cai Gaofeng.

At the same time, in a hall in the depths of the City Lord's Mansion, a series of figures exuding a frightening atmosphere appeared in this secret room.

This hall is located in the depths of the city lord's mansion, connected to the ancient holy veins underground, and is in an endless void.

And the many figures in the hall are the most powerful masters in the city lord's mansion and the top power of the Ao family.

Although the aura of these masters is not as good as that of Ao Lie, the peerless Earth Sage at the peak of the late Earth Sage, but also in the late Earth Sage, extremely terrifying, above the head, various laws are tumbling and intertwined into a terrifying vision. "Everyone, this is Qin Chen who saved the little girl in the first place. What do you think of this person?" City Lord Ao Lie waved his hand, and a picture of Qin Chen's practice appeared in front of him. The pores all over his body sprayed with amazing regular force. Wrapped himself, a large amount of holy energy from heaven and earth, like tides, poured into his body madly.

[Chapter 2528: Demon Treasure](#)

The holy energy of these heavens and earth is too strong, layer upon layer, turning into a vast ocean, crazily flooding into Qin Chen's body, turning into pure sacred power.

"Awesome and unfathomable. Is this really only a mortal sacred realm cultivation base? The speed of devouring the holy energy of the heavens and the earth is stronger than the average early peak master of the earth sage, incredible."

"Unbelievable, the talent of this child is amazing, but the more amazing the talent, the more difficult it is to break through the Earth Saint."

"It's no wonder that this person can stop Wukong organization's assassins. With this kind of aura, I'm afraid that the general sage martial artist may not be his opponent."

A famous master was shocked.

Although they had seen the scene of Qin Chen defeating a master of Wukong Organization, it was the first time that they saw Qin Chen practicing. It was even more terrifying than before, and could not help being shocked. "Haha, the early stage of the earth sage? You may not know that this son, just yesterday, killed the master of Xicheng Gufangzhai, Feng Buqun, who was the master of the mid-earth sage, led the master of the early days of the earth sage, As a result, the whole army was destroyed." Ao Lie

With a faint smile.

"what?"

"This is impossible."

"No matter how peerless Tianjiao is, he can at most confront the early-stage Earth Sage warriors. How can he fight against the mid-earth Sage Warriors? Although the Earth Sage and the Mortal Sage are only one realm behind, they are like a chasm. Span."

"Yeah, even the first son of Li Dongyu from the Spirit Fire family can't fight against the mid-level master of Earth Saint? It's a miracle to be able to block it, let alone behead the opponent, it is absolutely impossible."

A famous master couldn't believe it.

"The facts are there, nothing is impossible, but this is not a single kill. There are helpers from the Ancient Medicine Hall and the Gu Zhong School around him, and they rely on the ground formation to kill Feng Buqun." Ao Lie His eyes flashed.

"Land formation formation?"

"It might not be impossible if there is a land formation to help."

"No, even with the help of the formation formation, this son is no more than the peak cultivation base of the sacred realm. How can the power of the formation formation be activated to the extreme? Unless he is a master formation himself."

"Even if it is a master of formation, it is difficult."

Everyone was meditating, and then they shook their heads.

Heavenly realm cultivation base, one level one day, the difference between Van Sage and Earth Sage is too far, if Qin Chen killed the early Earth Sage, then everyone may have no opinion, but the middle of the Earth Sage, it is simply unheard of.

"Ordinary Tianjiao may not be able to do it, but what about the descendants of the Holy Master?" Ao Lie's eyes flashed.

"What? A descendant of the Holy Lord?"

This time, everyone was shocked again and gasped.

In the eyes of everyone in Cangxuan City, the Holy Master was a heavenly existence.

"Yes, I suspect that this son is a descendant of a holy master, but it has not been confirmed. No matter what, this son's talent is against the sky. If it is cultivated, it may be expected to impact the heavenly saint." Ao Lie Shen Soundtrack.

"City Lord, our Ao family, the power is not stable, because your strength is currently only a peerless earth sage, if you can step into the realm of heavenly sage... Then the entire Yunzhou, my Ao family will not fear anyone."

"Among us, except for you, the city lord, everyone else has difficulties breaking through the peerless earthly saints, let alone becoming heavenly saints. If there is a great chaos today, it is indeed necessary to plan ahead."

"Needless to say about the Li family, huh, does the Li family think that my Ao family is an idiot? Everyone knows the wolf's ambition, but the Li family's identity is extraordinary, and our Ao family can't get rid of their skins."

"City Lord, do you mean that you want to match this son with the eldest lady? However, even if this son is talented against the sky, now he is no more than a mortal saint, not even an earth saint. I am afraid that it will not help our Ao family so much. Right."

"Yes, the most urgent matter is for you to break through the realm of Heavenly Sage as soon as possible.

Everyone talked a lot.

Regardless of the awe-inspiring Ao family now occupying Cangxuan City, it is actually perilous. In the heavens, there is only eternal strength and no eternal family. If one joins, if you don't make progress, it may be destroyed in a flash.

"In fact, the purpose of this seat is to see if this child is worth training? If it is worth it, this time our treasure in Cangxuan City may be able to share his share." City Lord Ao Lie flashed.

Everyone was taken aback.

"City Lord, what do you mean?" Ao Lie said solemnly, "If this son is really the descendant of the Holy Lord, then there must be great luck on his body. The treasures I took out of Cangxuan City are inherited

from the demons and are dangerous. Too many, if one is not careful, it may fall, but if it is carried with the atmosphere

People, perhaps some dangers can be easily solved. "

Everyone understood what Ao Lie meant at the moment. Powerful in the heavens, all the rules of control are naturally known. The so-called luck is not illusory, but real. Some people are born with great luck, and they can get treasures wherever they go. If you can interact with these luck

If the sons of the children walk together, their danger will be reduced a lot, and they will even get a bonus for luck.

This is also the reason why those geniuses are competing for fame and fortune.

Qi Luck is not immutable. It can be transferred to each other. If you defeat the Tianjiao of the same generation and win the opponent's luck, you may be on the same footing, while the other party may fall for a thousand miles. Not vain. "This is a way. The treasure is rumored to be left by the ancient demon race. It is gloomy and contains the will of many ancient demon saints. The masters of many forces went to investigate and all died in it. We Tianyue at the edge of Cangxuan City The city lord himself went in,

Both were seriously injured. "Yeah, that day, the city lord of Yuecheng was also a peerless earth sage. He had a complete cultivation to reach the sky. He broke into it last time and almost fell. If he hadn't fleded desperately with the protective treasure, I am afraid he would have fallen into it. If the treasure is this time Open, this day Yuecheng fears

If you are afraid, you must be careful. ""Ugh. Ao Lie shook his head: "Don't I know the danger, but now even the Li family has sent people to come, I am afraid that the news of the treasure here has reached Yunzhou, when the time comes, the Yunzhou master will come, and my Ao family will even more Hard to hold on, that treasure

Among them, it is rumored that there are treasures left by the ancient demon saints, which may help me to enter the realm of heavenly saints, so I must not miss it. "

Others can only be silent.

Who doesn't want to be a god? A master of Heavenly Sage, in charge of a state, is powerful and powerful, and can travel in Taixu. Once the Ao family becomes a Heavenly Sage, it will be easy to return to Yunzhou.

It's a pity that the difficulty of breaking through the Heavenly Sage is too high, and it is ten times stronger than breaking through the Earth Sage.

No one wants to miss this opportunity. "However, it also depends on whether this child is a lucky person. If it is not, it will increase the trouble. At that time, you may be even more dangerous." There is a strong person.

[Chapter 2529: Make a choice](#)

"This is natural." Ao Lie said with confidence: "Just a few days later, it will be the day when Cangxuan City inheritance grand event opens. That inheritance grand event, which lasted for countless years in Cangxuan city, had existed before the rumor was broken from the heavens. So far, there is no

People can completely open this inheritance, this seat does not require this child to fully activate the inheritance, but if you can continue the inheritance opportunity and break through the earth sage, it means that you have great luck, and then go to the magic road treasure together, it is logical. "

"The situation is indeed severe." Everyone on the field shook their heads: "If that treasure is obtained by other forces and breaks through, my Cangxuan City will be really dangerous."

"Huh? Look, what kind of technique Qin Chen cultivated? There is a vision, hiss, and there really is the breath of a big man in it. This breath...the supreme, really is the Holy Lord?!"

Suddenly, a strong man was shocked and gasped.

Everyone saw that in the cultivation chamber, the rules of Qin Chen's body were surging, and a mighty aura diffused out of him, like a **** and demon, devouring endless power.

This mighty phantom exudes an extremely terrifying aura, making heaven and earth surrender. It is clearly a trace of will and aura left in Qin Chen's body by the great figure.

Such as fake replacement.

"Huh! I can only simulate the battle between the golden rune paper and the black broken blade at the beginning, but this should be enough, enough to make the people in the city lord mansion think that I am related to the Holy Lord."

Qin Chen urged the Nine Star God Emperor Jue, absorbed the breath of the ancient Saint Vein, and condensed the Holy Physique. On the one hand, he felt the rifting divine mark, and inspired the trace of his own feeling when the golden rune lingered on him, forming a ghost.

Back in the forbidden land, Qin Chen was eroded by the vortex of the years. It was the aura of the Holy Master that had been protecting him. Qin Chen naturally realized the aura of the Holy Master in the process of protecting him.

However, this is just a momentum, and it does not mean that Qin Chen has the power of the Holy Master.

But it was enough to bluff people. "This phantom... is terrifying. My original strength is horrified." City Lord Ao Lie said in shock: "I was fortunate to have seen the Lord of Guanghan Mansion from a distance, the mighty eternal aura, and This phantom is exactly the same, it seems that Qin Chen,

It is indeed the inheritor of the Holy Lord, although it is only a vague breath, it is absolutely impossible to fake it. "

"Hi! A saint master inheritor came to my Cangxuan city, my God."

"I haven't had a chance to meet the Holy Master. This kid turned out to be the inheritor of the Holy Master. What are my Ao family waiting for? Direct surrender is, if you can surrender to the power of the Holy Master, what Heavenly Saint is not crushed like an ant."

A famous master in the City Lord's Mansion all roared. "It's not appropriate." Ao Lie said in a condensed voice: "Although this person is a descendant of the Holy Master, but the other person is allowed to

experience it. Obviously, he does not want this person to use the power of the Holy Master's power, because only in this way can he cultivate The real master against the sky, if we

It's improper to intervene. "

"What's more, the origin of this person is mysterious. It is especially unknown which Holy Lord power is. If it is the hostile power of our Guanghan Mansion, it will be troublesome."

"So, we can only draw in and make friends, but we cannot surrender."

Ao Lie analyzes quickly and calculates accurately.

"That's right." The other people also recovered from their shock. The city lord said that it is indeed reasonable. After all, Qin Chen is just a mortal sage, and his origin is unknown. If they take refuge in Cangxuan City directly, wouldn't it be a betrayal of Guanghan Mansion. ? Before Qin Chen grows up, I'm afraid Guang

The Han Mansion had completely wiped them out.

The best way is to make friends with each other in silence, and wait until the other party soars into the sky before considering others.

"By the way, didn't this son have established a dusty pavilion? Since it is in our Cangxuan City, then we will support it, and it is best to start from this."

Ao Lie's eyes flashed and he quickly found the entry point.

When Ao Lie and the others were in shock, Qin Chen practiced unscrupulously. "Huh, if you want to come to City Lord Ao Lie, they should be studying me carefully? But this is nothing. In places like the heavens, only the more you show can you be respected enough, as long as I don't take the time origin, the universe and other treasures Show off

If you come out, there won't be any problems, the people of Cangxuancheng will only win me over. "

With his powerful soul power, Qin Chen sensed some cryptic prying aura in the training room, but he didn't mind, instead he urged the Nine Star God Emperor Jue to increase the devouring of ancient holy energy.

Suddenly, an astonishing ancient holy energy poured into Qin Chen's body. In this environment, Qin Chen deduced the laws of the sacred body of space, and the aura on his body became more and more condensed.

boom!

Qin Chen broke through the holy realm in Tianwu Continent. In fact, the holy energy in his body is still not condensed enough, and after breaking through the holy realm, he quickly reached the peak of the late stage of the holy realm. It can be said that his cultivation is not stable. . But at this moment, with the help of the ancient sacred veins of Cangxuan City, Qin Chen's cultivation has finally solidified. The origin in his body has been constantly solidified, becoming more and more powerful, and the laws of each way, Haunted above his head, blooming

The breath of macro.

In addition, Qin Chen's physical body has also undergone a slight transformation.

This ancient sacred vein contained the ancient breath of the heavens, but the purest, and Qin Chen constantly felt the ancient breath in it and the ancient laws of this heaven.

At the same time, Qin Chen began to refining the seal's original aura.

Boom!

First of all, a golden flame was pulled out by Qin Chen, and the golden flame appeared, bursting with hot rays, and the terrifying power eroded towards Qin Chen frantically.

Boom boom boom!

This represents the flame power of the earth saint level, to burn Qin Chen and turn him into nothingness.

"This is...Dari Jinyan, the heaven-defying flame that Gu Fang Zhaifeng didn't master."

"Feng Buqun was really beheaded by this kid, otherwise Da Ri Jin Yan would appear in his hands?"

"His! Unbelievable."

"But how can this kid be so reckless? The golden flames of the sun are the fire against the sky. Under the cultivation of Feng Buqun, he has long possessed the power of the earth sage. Now he liberates it. Isn't it playing with fire?"

The masters of the City Lord's Mansion in the hall deep in the void exclaimed, showing tension.

Da Ri Jin Yan's reputation is too great, once it is displayed, it is enough to burn the masters of the early peak of the Earth Sage. In their opinion, Qin Chen's release here is unwise, and it is tantamount to playing with fire.

"Hmph, suppress me." But the next moment, everyone was stunned. Qin Chen sneered and waved his big hand. Suddenly, the terrible power was overwhelmed, and an amazing soul power eroded out.

[Chapter 2530: Heritage event](#)

Boom!

The golden flame of this big day was exploded. At its core, there was a golden flame, like a scorching sun, blooming with a scorching atmosphere, burning financial iron, crazily distorted at this moment, and exuding a frightful atmosphere, swish, Want to escape here. But how could Qin Chen let him escape? The terrifying soul power suppressed it. The golden flames of the day were constantly twisting and crazily blooming with a terrifying aura, but it was useless. It was suppressed by Qin Chen instantly, and a soul was engraved on it. This big day gold flame core

In the mind and will, between the fingers, it is like suppressing and subduing, turning into its own strength.

"Awesome!"

"Unbelievable!"

"With a snap of his fingers, he conquered Da Ri Jin Yan. Is this still a medicine master?"

"Even the saint master of refining medicine is not so perverted, right?"

The crowd trembles, and there is no way to increase it, but with the flames of the earthly sage's might, even if an earthly sage comes, it takes a lot of energy to conquer it, but Qin Chen can do it with his fingers, just like a miracle. general.

After conquering the golden flames of the big day, Qin Chen began to refine the original power of the unknown.

Hum!

The original aura of the middle stage of the sage bloomed, and the power of the overlord's ascension, the rules of the world, and the perception of the world that Feng Buqun mastered became his own strength by Qin Chen's continuous condensing and understanding. However, Qin Chen did not absorb the earthly holy origin that made others the hottest. He didn't need this earthly holy power to interfere with his practice. He just condensed and refined this earthly holy origin continuously to form a pure one. The original breath, then seal it

.

The original strength of the strong in the middle of the earth sage is too strong.

Boom!

I don't know how long it took, Qin Chen's body collided with the rules of heaven and earth again, and the terrible origin aura appeared on it, which even brought the aura of the earth sage.

"This is... the real rule of the Holy Land?"

Many people looked straight. A warrior who had never broken through the earth sage had actually condensed the earth sage's rules, this...A Fantastic Night.

"It's no wonder that this son is so tyrannical. Although his cultivation has never entered Earth Sage, he has reached the level of Earth Sage in terms of rules and understanding of the origin of the heavens."

"Awesome!"

"Eye-opener!"

The masters of the City Lord's Mansion were shocked a day more today than in the previous ten or a hundred years.

Under the prying eyes of these masters, Qin Chen condensed the sacred essence freely in this way, felt the way of heaven, consolidated his cultivation, and the aura in his body continued to improve.

It is a pity that Qin Chen could not enter the Universe Jade Plate in full view, and use time to accelerate his cultivation, otherwise, his gains would be even greater.

In this way, the original vain aura on Qin Chen's body completely disappeared, and the aura became more and more condensed, blooming with a mighty aura like a mighty power.

one day.

Two days.

Three days!

Qin Chen was completely immersed in the cultivation, so there were not many opportunities to absorb the ancient Saint Veins unscrupulously, so Qin Chen would naturally not be polite.

In the end, the rules on Qin Chen's body had been condensed into substance, turned into rune-like rule runes, exuding mighty aura.

But when Qin Chen was cultivating hard in the City Lord's Mansion, in the Chendi Pavilion, Qin Tingting and others were extremely worried for Qin Chen.

Fortunately, the next day, Cai Gaofeng personally went to the Chendi Pavilion and explained it before Qin Tingting and the others were relieved.

And that day, with the help of the City Lord's Mansion, Chendi Pavilion quickly annexed Gu Fangzhai, and then built a magnificent commercial building in the core commercial area of Cangxuan City.

This naturally attracted the attention of countless forces in Cangxuan City.

The rise of Chendi Pavilion has attracted the attention of all major forces. If it were normal, news like this would surely cause a sensation throughout Cangxuan City, but as the Cangxuan City inheritance event gets closer and closer, more and more geniuses are coming from Cangxuan City, and everyone's attention is also focused. In the inheritance of Cangxuan City

Above the event. As the inheritance event is getting closer and closer, there are more and more Tianjiao in Cangxuan City, and even the top Tianjiao from the surrounding big cities have come one after another, including Tianyue City, Ancient Language City, Fengyun City, Taixuan City, etc. Tianjiao of the surrounding big city,

There are even cities from all major cities, and Tianjiao from some of the top forces in Yunzhou.

This naturally attracted the speculation and panic of many forces in Cangxuan City.

This time, there were too many Tianjiao who had inherited the grand meeting, which caused anxiety among the people in Cangxuan City.

And this day.

Hum!

Above Cangxuan City, a huge phantom suddenly appeared, a misty light and shadow, emerging from its position in Cangxuan City, exuding a vast aura.

The legacy of the event is about to begin.

In the mansion of the city lord of Cangxuan City, Qin Chen kept absorbing the ancient holy energy, and time passed quickly. During this period of time, Qin Chen stayed in isolation and kept retreating without stopping.

His physical body has been refined to the extreme, and the power of the Saint Yuan in his body has also been condensed extremely vigorously, turning it into the purest source.

Hum!

When the sky above Cangxuan City changed, Qin Chen finally woke up from this state.

"My cultivation level has been refined to the extreme. If I have enough power now, I can even hit the Earth Sage realm. Unfortunately, if you want to break through the Earth Sage, you have to condense the Five Secrets. And now, I still lack the ability to condense the Five Secrets. Secret treasure..."

The refinement of the Fifth Secret is extremely critical. This represents the transformation after entering the Earth Sage. If there was no mysterious small sword integrated into the heart at the beginning, Qin Chen would not have such strength in the Mortal Sacred Realm, so naturally he would not be able to break through.

There is only one tempering of the Fifth Secret, and each time is very important. "If I now have the treasure for tempering the Five Secrets, I can completely break through to the Earth Sage. However, there seems to be a wave of fluctuations just now, causing this ancient holy vein to seem to have undergone some changes, and the ancient holy energy in it has suddenly weakened. nine

Cheng seems to be attracted away by some kind of power. In this way, even if you have the treasure of tempering the five secrets, you have to find the holy vein again. "

Qin Chen shook his head, and the energy he needed to break through to Earth Saint must be amazing.

"Hahaha, the little friends have achieved success in cultivation, it is gratifying, but the legacy of Cangxuan City's grand meeting is about to begin, causing changes in the underground sacred veins. We can only wait for the end of the grand meeting before continuing to practice for the little friends."

With a hum, the door of the practice room opened, and a loud laugh came.

It is City Lord Ao Lie.

"I have seen City Lord Ao Lie."

Qin Chen was not lost, walked out of the training room, bowed and said: "This time, I also want to thank City Lord Ao Lie for giving the kid the opportunity to practice. I will remember such a great kind of grace."

"Haha, my little friend is my Ao family benefactor, so why bother."

Ao Lie laughed, but the corners of his mouth twitched.

He really hurts.

During the few days Qin Chen practiced, he had absorbed too much ancient holy energy. He had never seen a mortal realm capable of absorbing so much ancient holy energy. His heart was quite painful, and he was dripping blood.

It should be understood that the ancient holy veins under this Cangxuan city are not endless, especially the ancient holy energy. After each absorption, the ancient holy veins have to be nourished for a long time before they can be restored again.

As soon as Qin Chen walked out of the training room, he felt an astonishing breath lingering in this Cangxuan City, which made him feel a trace of fear and horror.

This is... he hurriedly walked out of the room and saw the center of Cangxuan City. There was a phantom of a giant hammer. The giant hammer was pitch black and terrifying. Sky dome.
