[Chapter 2531: The inheritance begins](#)

"This is my grand inheritance event in Cangxuan City. If you are interested, you can go to the square in the center of Cangxuan City. By then, all Tianjiao who want to participate in the grand event inheritance will go here." Ao Lie squinted. Said the eyes, there was

Looking forward to the color.

"This is the legacy of the event?"

Qin Chen always thought that the so-called grand event was held by the City Lord's Mansion, and the competition organized by the major forces Tianjiao in Cangxuan City, the winners would be cultivated by the City Lord's Mansion and even be rewarded with treasures.

At this moment, Qin Chen realized that the inheritance of Cangxuan City's grand meeting was by no means as simple as he had imagined.

The vast hammer shadow that stands in the sky is extremely bright, towering straight into the sky, and sits there terribly, the hammer shadow is misty, filled with the light of the sky, shining in the sky, illuminating the whole world.

In the vast world, countless runes of light bloomed, inextricably linked, mysterious and unfathomable, like a waterfall of stars.

This was definitely not arranged by a peerless earth sage like Ao Lie.

This heritage is extraordinary!

"City Lord Ao Lie, what is the heritage of this grand event?" Qin Chen couldn't help but ask.

Ao Lie's eyes were blurred, staring at the hammer shadow in the center of the city, and shook his head slightly: "Actually, I don't know it."

"What?" Qin Chen was shocked. "The Cangxuan city inheritance comes from ancient times. For tens of thousands of years, no one has been able to pry into the true face of this inheritance." Ao Lie's eyes were deeply moved: "Little friend, if you want to know what this inheritance is, I can only go to feel it myself, just by words

The language is hard to describe its mystery. "

Qin Chen's eyes narrowed, even City Lord Ao Lie didn't know?

"Since this is the case, then I will retire first."

Qin Chen arched his hands and left the City Lord's Mansion immediately, flashing in the direction where the giant hammer was.

"I hope this son can gain something." City Lord Ao Lie sighed. Qin Chen, who was advancing fast, flickered above Cangxuan City. Along the way, he encountered many powerful men. It seemed that the

opening of this inheritance had caused countless old guys living in seclusion in Cangxuan City to move out. The real Hidden Dragon and Crouching Tiger, only Holy

Experts, Qin Chen saw no fewer than hundreds of them, surrounded by the holy aura, incredibly bright and mighty.

After a while, Qin Chen finally saw a vast square in front of him, where many powerful people gathered, one after another surrounded by an extremely bright giant hammer shadow.

"Is this a holy soldier?"

Qin Chen's heart trembled slightly, a little shocked. It was the first time he saw such a vast saint soldier, which was even more astonishing than the original Demon Sword, and it was so terrifying.

As for the many figures surrounding the giant hammer, they stepped on the square, seeming to seek a fit with the giant hammer. Through such dazzling runes, communicating with the giant hammer, it seems that no one has yet achieved it.

Many Tianjiao stood proudly on the side of this giant hammer. There were local experts in Cangxuan City, as well as experts from all directions. Many forces were present and seemed to be full of interest in the giant hammer. "This giant hammer is very mysterious. The lines on it don't seem to be like a holy soldier, but like some kind of tool?" Qin Chen frowned and observed carefully. The more he looked at it, the more frightened he became. This giant hammer was like a treasure of refining tools. Soldiers are some kind of refining artifacts, not ordinary

Fighting Saints.

Could it be that this is some kind of refining heritage?

Qin Chen's heart jumped.

After arriving in the heavens, he knew the vastness of the world. Before Qin Chen felt the ancient medicine master's ancient alchemy, he deeply felt that the heavens were terrifying, and if this was some kind of refining inheritance, it would be absolutely terrifying.

"Perhaps, it is not necessarily a gain." Qin Chen's eyes flashed and stared at the past. After a while, he could already see that the giant hammer in front of him was so mysterious. If you want to communicate with the giant hammer, you need to understand the surroundings. Terrible runes, combine these runes together and provoke the inside of the giant hammer

The profound meaning of the Ministry can activate the inheritance on this giant hammer.

"Regardless of the inheritance, the breath of the giant hammer is somewhat interesting, and the runes on it are also very deep, so you can't miss it."

Qin Chen stepped out, and stood under the giant hammer a moment later, looking up at the vast and incomparable giant hammer in the void, only feeling extremely mysterious.

"Every texture on this giant hammer is very special. It seems ordinary, but it contains endless rules of profound meaning. There are various avenues blooming, and various rune methods can be formed. Great."

Qin Chen himself is a master craftsman, a master of formations, and his research on runes is naturally extraordinary, especially after his rapid progress in formations, he has made a stronger breakthrough in this aspect.

A Tianjiao on the side heard Qin Chen's words and couldn't help but turned his head and glanced at him. Seeing that Qin Chen was wearing ordinary clothes, a trace of contempt flashed in his eyes, and he sneered, "Do you understand the meaning of this rune?" Qin Chen looked towards him. The other party, this is an extraordinary young man, wearing a gilt robe, with his hair tied up, his eyes faintly bloom with golden luster, like a sharp blade, blooming with cold light, as if he could see through everything, looking into Qin Chen's eyes band

The slightest disdain and contempt.

This is obviously a Tianjiao from a big power.

"I know a thing or two," Qin Chen said lightly.

A faint mockery flashed across the corner of this young man's mouth, as if mocking Qin Chen's bold words. "This inheritance legend was placed by a certain refining sect in the ancient heavens, and specially selected refining geniuses. It contains the rules of the endless avenue and the principles of the heavens. Cangxuan City has a history of tens of thousands of years and can see through a ten thousandth of this rune. There are not many Tianjiao, you don't

After passing through the holy realm, he dares to claim that he knows a thing or two, which is ridiculous.

"

The young man calmly said that he was the arrogant of the Ten Thousand Dynasties Sect, a great power near Cangxuan City, and he naturally understood the inheritance of Cangxuan City. Hearing what Qin Chen said at the moment, his heart kept surging with disdain. "Hehe, isn't he the only one who is ridiculous? Look around here, there are not many people who don't understand runes. These people are all vassals to pass on. They can truly feel the inheritance of the profound meaning and the people who inspire the luster of the giant hammer. How many? Most people

, But to activate the phantom of the giant hammer, attract the idea of the city lord mansion, get cultivated, right? "

There was another sneer. He was a young man in a cyan robe. He was as graceful as a jade, with a handsome posture and a nice long skin. He was very mean while speaking, and his voice made people feel uncomfortable. .

"Your Excellency is a member of the Giant Spirit Sect?" The youth of Wan Chaozong scanned a fire spirit pattern on the young man's chest, and his eyes narrowed: "I heard that the Giant Spirit Sect is a little accomplished in refining. I came prepared." "What can I do if you come prepared? The inheritance has been opened, and there are not many people who can activate the phantom of the giant hammer. This time, this young man came specifically for the inheritance." The son is indifferent. Said.

[Chapter 2532: Sacred Artifact](#)

This group of people spoke one after another, they knew each other, and some did not know each other, and they didn't seem to be anxious when they talked with each other.

"Cangxuan City inheritance grand event, lasts for one month, only need to activate a hammer shadow rune within one month, you can get the attention of the city lord's mansion and get a certain reward, why should you be impatient." There was another chuckle, and Is a Tianjiao.

The people around him glanced at him and said, "Disciples of Cangxuan City Ding Tian Tian, your Ding Tian Tian is a refining force, and you live in Cang Xuan City all the year round. You should be familiar with this giant hammer. Can you activate it again? "The giant hammer is spiritual, unpredictable, and the rune changes constantly every day. How can it be regular? Even if you are familiar with it, it still depends on your attainments." The disciple of Ding Tian Tian said indifferently: "And, if Just simply activate a hammer shadow, just not

It's just that I can feel a little bit of the profound meaning of the heavens. Only by activating the three hammer shadows can I get some refining inheritance and truly enter the room. "

"Haha, no matter how many channels can be activated, I only know that as long as one of the hammer shadows is activated, one can obtain the great hammer's Profound Body Refining. In the future, 80% of them hope to enter the realm of the Earth Saint. I only want to activate one." The shirtless man said.

"vulgar."

Everyone shook their heads and looked contemptuous: "The hammer manifestation is a rare opportunity for thousands of years. Moreover, after one insight, the second time you can't see it again. The opportunity is rare. I just want to activate one and seek the last."

"Haha, I'm not a refiner, so what if I just ask for one? I'm satisfied if I can step into the Earth Saint."

The guy laughed, not caring.

Qin Chen listened silently, and finally learned a lot from the conversations of these patriarchs.

The inheritance of the grand gathering of Cangxuan City is very strange, originating from before the heavens were broken.

It is rumored that before the heavens were broken, the place where Guanghan Mansion was located, there was a holy refining sect, which was very powerful and powerful in the heavens.

But later, in the Celestial War, the demons fought with the human races, the top race of the demons locked the target on the holy craftsman of this human race, and in an operation, they suddenly attacked.

This battle was very tragic. The Artifact Saint Sect was powerful and the demon army had suffered heavy casualties. However, after all, the Demon Clan had already prepared, and the Artifact Saint Sect could not resist and was forced to destroy the sect.

Before destroying the sect, the master of the refining saint sect, rising up to the sky and roaring, exploded at the same time, throwing the sect's treasure into the endless void, disappearing.

And this treasure is the light and shadow of this giant hammer.

The Demon Race was dedicated to searching for the treasure, but they had searched for a thousand years of the Celestial Realm without ever finding it. Then the Celestial Realm was broken and the Demon Race was suppressed, so no one took this legend to heart.

And as the heavens shattered, countless rumors disappeared in history.

Countless years have passed, and the great powers of the heavens have once again joined forces to restore and re-form the heavens, and this area has also formed the Guanghan Mansion, one after another city, one by one great forces repaired, and rose from the ground.

But one day, this giant hammer phantom suddenly appeared in Cangxuan City, which attracted the coveting of surrounding forces. Countless forces came and tried to find the source of the giant hammer phantom, but no one found the root cause.

Even a strong saint was also alarmed, still unable to seize this treasure, nor can it figure out its source.

Later, someone found this legend from the classics, thinking that this giant hammer was the treasure of the ancient refining holy sect before the heavens were broken.

But this is just a legend, no one knows the truth or not.

After the inheritance appeared again and again, everyone gradually understood the benefits of this giant hammer. Once the inheritance was opened, as long as someone could perceive the meaning of the runes on the giant hammer and activate the phantom on the giant hammer, they would be able to obtain the giant hammer body. Harvest.

And the probability of a sage martial artist is the greatest. Once the phantom is activated, there is 80% hope that he can step into the earth. The strange thing is that martial artists above the heavenly sage can't get close to the giant hammer at all, let alone the perception rune. Moreover, anyone can only perceive once. No matter what cultivation level, he has accepted the inheritance once, and the second time. Can't perceive any

Rune Profound meaning.

Some people say that this is the Refining Saint Sect who was selecting disciples and looking for inheritors.

However, all of this is just a legend, the only thing left is that every time the inheritance is opened, the Tianjiao in Guanghan Mansion will swarm.

At the beginning, a lot of people came, after all, how many masters in the mortal sacred realm in Guanghan Palace? There are simply too many to count.

However, tens of thousands of years have passed, and now the Cangxuan City grand meeting has begun, and there are fewer and fewer people. After all, the vast majority of the powerhouses in Guanghan Palace have almost realized this inheritance, and the rest There are not many people. Moreover, many people are aware of the benefits of Cangxuan City's inheritance, and they all think that they can come to comprehend after breaking through the later stages of the mortal sacred realm. Because of this, they can make the best use of this insight, and even hope to enter the realm of earth sacred. And can

Approved by the City Lord's Mansion.

For some Tianjiao of the top forces in Guanghan Mansion, it is nothing to step into the Earth Sage, but for these small power disciples such as the Ancient Zhong Sect, it is a great honor to be able to enter the Earth Sage.

This is also the reason why Pang Feng of the Ancient Bell School wanted to refine Qin Chen, stepped into the later stage of the mortal realm, and came to participate in the event.

Because only in this way, he can use the opportunity of the grand meeting to pass on, activate the runes, and hope to step into the realm of the holy land, and even be valued by the city lord mansion.

Therefore, the vast majority of those who come to Cangxuan City today are some celestial arrogances of the late Ordinary Saint realm, and even the peak of the Ordinary Saint Realm. Of course, there are also some Earth Saint masters, but only a few.

With the passage of time, more and more people come in. Although the inheritance event lasts for a full month, the sooner you realize it, the more benefits you will obviously get, and naturally no one will miss it.

The flow of people was surging, and among the bustling crowd, Qin Chen felt extremely quiet in his heart. A lot of discussions, like a tide, he can almost grasp the mentality of every Tianjiao present.

"There are so many people this time."

"Yeah, you see, the young master Xue family of Tianyue City has been sent here. The Xue family is not a refining family, and the young master Xue family has just broken through the earth sage not long ago, shouldn't it be necessary to come to Cangxuan City? "

"Not only the young master Xue family of Tianyue City, but also the young master Gu family of Old Language City, who also broke through the earth sage three years ago, shouldn't he consolidate his cultivation, what do you come here for? Cangxuan city refining inheritance, yes Is it useless?"

"Have you noticed that this time there are many more martial artists who came to Cangxuan City to participate in the inheritance of the grand event, and many masters from the land have come, weird."

"There are indeed many more, many of them are new faces."

[Chapter 2533: Qin Chen's perception](#)

Hearing many discussions, Qin Chen looked over, and saw that in the southwest, there were four saints carrying a sedan chair. In the sedan chair, sitting on the sedan chair was a young man who looked motionless. Holding a jade pendant in it,

Playing, I was calm and relaxed, and the breath on my body was actually hazy, making it difficult to see.

This is obviously the Young Master Xue of Tianyue City.

And beside the young master of the Xue family, there was an ancient phoenix, pulling a cloud cart with a canopy lingering on it. He was also a young man with a deep breath and blooming the holy laws of the earth. This is an earth sage genius who has also come. Qin Chen glanced at him and found that among the crowd, there were still many such masters of the earth sage. Many geniuses and disciples of the great family, some of them, had very strong auras. Although it hadn't been long before breaking through the earth sage, but in terms of strength , Are definitely in business

Above the ancient sky.

Moreover, Qin Chen also discovered that in this assessment, no one came to the City Lord's Mansion in Cangxuan City. It seemed that this kind of inheritance was not led by anyone. Anyone could come and feel the inheritance without any threshold. Qin Chen didn't know that this was actually a rule set by Cangxuancheng earlier years ago. Because of the existence of the Great Hammer inheritance, Guanghan Mansion had long ordered that once the inheritance was opened, Cangxuan City could not be sealed off, any Guanghan Mansion. Never felt the inheritance in the territory

The strong are all qualified to come to feel.

"Less dust."

At this moment, an excited voice came, and Qin Chen looked up and saw Qin Tingting walking over excitedly not far away.

"Are you here too?" Qin Chen smiled and looked at Qin Tingting.

"Little Chen, you are worried about us. What did the City Lord's Mansion not take you to?" Qin Tingting looked at Qin Chen with a worried expression, and said carefully.

"Don't worry, what can you do with me?" Qin Chen smiled, "What happened to you?" "Shao Chen, after you left, the City Lord's Mansion sent people to find us, not only helped us annex Gu Fangzhai, but also Gave us the largest commercial building in a commercial center to build Chendi Pavilion. Now our reputation for Chendi Pavilion has long been established.

After going out, the ancestors and ancient medicine masters were too busy to come. "

Qin Tingting said excitedly. She had never imagined that she could still be in such a power. Because of the City Lord's Mansion, the Chendi Pavilion today is majestic and even famous.

Of course, because Chendi Pavilion has fewer alchemists, the real business is still incomparable with Shan Yaotang.

"Oh?" Qin Chen's eyes flashed, it seems that the City Lord's Mansion has made a lot of effort to win him over.

"By the way, after Chendi Pavilion was established, did you come to your door?" Qin Chen asked.

"Looking for it?"

"Yes, for example, did anyone come up to look for me? Especially women, and not from the forces of Cangxuan City." Qin Chen stared at Qin Tingting.

"This... doesn't seem to be there." Qin Tingting shook her head and said in doubt: "There are people who want to see you less, but they are all forces from Cangxuan City. As for women, there is no such thing."

"are not there?"

Qin Chen sighed. Could it be that Qianxue and the others are not in Cangxuan City?

This is very likely. If Qianxue and the others were in Cangxuan City, they would definitely come to the door when they heard the name Chendi Pavilion.

However, if Qianxue and the others are not in Cangxuan City, where can they be? Qin Chen patrolled the square with his eyes, hoping to see Qianxue and the others here, because as long as Qianxue and the others were in Yunzhou, they would definitely hear about the grand event inheritance of Cangxuan City. This is for warriors in the mortal realm. Is not to be missed

within Temptation.

But Qin Chen was still disappointed. If Qian Xue and the others had come over, Qin Chen would have already sensed it.

"Qianxue, where are you?"

Qin Chen couldn't help but feel anxious.

He believed that Qianxue and the others were nearby, but why didn't they come to Cangxuan City because they were not well informed, because the time was too late, or because of other reasons. Qin Chen didn't know, and couldn't guess. All he could do was to continuously improve himself and break through Earth Saint, so that he would have enough capital to establish Chendi Pavilion in the entire Yunzhou, and even in the entire Guanghan Mansion, he believed that only Qianxue They are still alive , As long as you hear Chendi Pavilion, you will definitely find it.

"Little dust, what's wrong with you?"

Qin Tingting looked at Qin Chen suspiciously and woke him up.

"It's nothing."

Qin Chen wanted to shake his head.

At this time, the young masters of the Xue family had already landed on the square. "This young master of the Xue family is so powerful. Not long after he stepped into the shadow of the giant hammer, his body began to circulate the light of the rune, and a lot of runes were faintly communicated, and he wanted to resonate with the shadow and communicate with the hammer. "Everyone looked at the young master Xue family of Tianyue City,

His eyes flickered.

In addition to the young master of the Xue family, the young masters of the Gu family, Wan Chaozong and others in the Old Language City are also trying to communicate with the giant hammer.

"Let's go, we also start to feel."

Qin Chen spoke to Qin Tingting and came to a remote place. He stood under the phantom of the giant hammer, bathed in the light of thousands of amulets, quietly feeling it. Each rune pattern is very complicated and contains the rules of heaven. For others who are not craftsmen, it is like a heavenly book, but for Qin Chen, it is not inexplicable, and it is possible to find the profound meaning. The hard part is how to pass these symbols

Wen, to communicate the phantom of the giant hammer, no matter how simple it is to solve it, I am afraid it is impossible to do it. "The rune is the foundation of power. It drives the regular force between

the world and the earth. As long as I find the rules of this rune, I can communicate with the phantom of the giant hammer. However, this is just a simple communication. If you want to activate it nine times, you must Understand every rune

The most primitive power. "Qin Chen secretly said in his heart, he went to sit up beside the giant hammer phantom, closed his eyes, and quietly enlightened.

Around, endless floating lights gleamed, vast as the sea, unfathomable, and it seemed impossible to start.

This sitting took several days.

The legacy of the Great Hammer has existed in Cangxuan City. I don't know how long it has been. No one has ever been able to explore its mystery. How could it be so easy to communicate. Over the past few days, more and more princes have gathered around this giant hammer phantom, and there are more and more talented figures trying to communicate with the giant hammer phantom. At a glance, there are thousands of them. Yuntian, I don't know the vastness of terror

In front of the phantom, even if there were a thousand or ten thousand people, it still didn't seem to be too many.

Everyone is full of radiance, and various soul powers are arbitrarily integrated into the runes, but so far, no one can realize the power of this rune and communicate with the phantom.

Boom!

At this moment, a terrifying light surged, and a magnificent figure slowly came in the sky in the distance. It was Li Dongyu from the soul fire family, finally came.

[Chapter 2534: shield](#)

"It's Li Dongyu."

"The son of the soul fire family."

"He's here too?" There were bursts of noise from the crowd, with a solemn expression. The Soul Fire family is the top family in Yunzhou. In the eyes of everyone, it is naturally extraordinary, especially Li Dongyu is the son of the Soul Fire family. , His sister Li Wanxue is even more rumored

Zhouzhou Yunmengze is connected, and people dare not underestimate it.

Under the eyes of everyone, Li Dongyu stepped forward, walking like a **** of fire between heaven and earth.

Huh!

He stepped out in one step, as if traveling through the void, and instantly came to the edge of the giant hammer phantom, with terrible flames on his body. Some people who had stood here suddenly retreated, not daring to approach, and were shocked by his aura.

"Huh, what's hard?" The young master Xue family of Tianyue City and the young master Gu family of Ancient Language City flashed a little displeased in their eyes. Li Dongyu's posture was too high. Li

Dongyu is just a mortal martial artist. , And they are the warriors of the Earth Holy Realm, but on the shelf

, Li Dongyu is taller than both of them.

Of course, he also has the arrogant capital, the young master of the soul and fire family, not ordinary people can climb high.

And when Li Dongyu fell.

Hum!

A brilliant light swept over, this was a woman with a terrifying aura blooming on her body, and she suddenly came to the square.

This woman was wearing a strong robe, slightly pink, beautiful, her skin can be broken, her hair flying in the wind, instantly attracted everyone's attention.

"It's Ao Qingling, Miss Ao's family."

"She's here too?"

"Even though Miss Ao's family is in Cangxuan City, she has never realized the inheritance of the phantom, and she did not expect to come this time."

The crowd shook.

Many of the martial artists at the scene were from Cangxuan City, and many of them were naturally very concerned about Ao Qingling, the eldest of the Ao family. When working in Cangxuan City, no matter which force had to look at the Ao family's face, naturally they could not neglect.

Many people's eyes flickered, and they even wondered if they would find a chance to get in touch with Miss Ao's family and fawn on each other. This is a good opportunity. It should be noted that on weekdays, everyone has no chance to contact Miss Ao's family.

"Qingling, are you here too?" As soon as Ao Qingling fell, Li Dongyu had a smile on his face and stepped to greet him. This caused everyone to sigh slightly. The local powers of Cangxuan City, Tianjiao. I was about to go up to say hello, but at this time, they all stopped.

step.

Obviously they have also heard that the purpose of the Soulfire family's trip, it seems to be to marry the Ao family, they dare not offend the Soulfire family, in case it provokes Li Dongyu's dissatisfaction, with their strength, I am afraid that every minute Will be destroyed.

After Ao Qingling fell, she didn't look at Li Dongyu. Instead, she looked back and forth on the square. For a moment, she saw a figure, her eyes lit up, and she walked quickly over, leaving Li Dongyu aside. .

Li Dongyu's smiling expression instantly solidified, and his face became extremely terrifying for a while, especially after he saw the figure of Ao Qingling walking towards him, there was a colder murderous intent flashing deep in his eyes.

"This...what's going on?"

"Didn't Miss Ao's family come to see Li Dongyu's son?"

"Why didn't she even look at Li Dongyu's first son?"

There was a burst of murmurs from the crowd, things seemed to be different from what they had imagined, and these comments made Li Dongyu's expression even more ugly and ironic.

At the same time, everyone turned their eyes on Ao Qingling's body. Under all eyes, Ao Qingling walked to the other side of the square, where a young man was sitting quietly, and Ao Qingling directly walk to that person.

Everyone was puzzled, who was that person, so that Miss Ao Jia directly ignored Li Dongyu's first son and walked towards him.

There is no doubt that that person is naturally Qin Chen.

"Miss Ao's family." Qin Tingting stood in front of Ao Qingling and stopped him. She looked at Ao Qingling in disbelief. Miss Ao's family is such a beautiful woman? Her appearance is second to none in the ancient bell sect.

It's top-notch, but in front of Ao Qingling, it's a lot worse.

Qin Tingting had met Ao Qingling before at the gate of Cangxuan City, but at that time, Ao Qingling was just dressed as a scholar. Qin Tingting never thought that Ao Qingling would be so beautiful when she changed into a woman's outfit.

However, even though she knew Ao Qingling, she couldn't let the other party bother Xiao Chen.

"I recognize you." Ao Qingling glanced at Qin Tingting, and recognized her, "but you get out of the way."

"I..." Qin Tingting hesitated, still standing firmly in front of Qin Chen.

"Qin Tingting, let me go." At this time, Qin Chen opened his eyes. Although he was feeling, he also sensed everything in the outside world. He glanced at Ao Qingling with a wry smile, "Miss, you are doing this. What?" "Huh, you are so embarrassed to ask." Ao Qingling pouted and said with a sad expression: "I kindly waited for you to finish your cultivation. I want to come to understand the legacy of the giant hammer with you, but I waited for a long time and didn't see you. Come out, until I asked my father, I didn't know that you were so early

I just ran over. You left me in the city lord's mansion alone. Is it too much? "

As soon as Ao Qingling said this, the court was shocked.

This... the meaning contained in the words was so rich that everyone almost didn't react.

Who the **** is this young man, who can make Miss Ao Jia speak in such an intimate tone, and it sounds like she was still practicing in the City Lord's Mansion before, even the Lord Lord knows, is it Miss Ao Qingling's face?

But isn't Miss Ao Qingling's friend Li Dongyu the first son of the Soul Fire family? What's going on.

Everyone felt that their brains were not enough, their ears were pricked, and the soul of gossip was burning.

Moreover, many people are also inquiring about Qin Chen's origin.

There were too many people present, and naturally someone recognized Qin Tingting. When everyone knew that Qin Chen was also a member of the Chendi Pavilion, and even when he was one of the main forces when Gu Fangzhai attacked the ancient medicine hall, they were in an uproar.

Recalling the relationship between the City Lord's Mansion and Chendi Pavilion, everyone has one thing in their minds, that is, Qin Chen is the son-in-law that the City Lord's Mansion really fancy, and the son of Li Dongyu, there is no such thing. what.

Suddenly, there was endless discussion on the square, and there were whispers everywhere.

Li Dongyu's face became more gloomy, and the killing intent in his eyes was almost irrepressible.

"Okay, Miss, I also acted as a shield, and your play is almost done, right?" Qin Chen listened to the discussion around him, a wry smile appeared at the corner of his mouth, and said with a smile. Ao Qingling showed a hint of surprise, and immediately transmitted the sound: "Qin Shaoxia, you are my benefactor, and you will help me this time. Li Dongyu, I really can't bear it, and I don't want to have anything to do with him. ."

[Chapter 2535: Is activated](#)

Qin Chen smiled bitterly: "But you are safe, but I have become the target of public criticism."

"Okay, okay, can't I let my father compensate you when I look back?"

Ao Qingling said coquettishly: "If you are a good person, I will rely on you this time."

When the voice fell, she sat cross-legged beside Qin Chen, and the two were very close.

"Can you stay away from me?" Qin Chen sighed and shook his head.

"No, how can others believe that you are my friend if you are far away." Ao Qingling smiled.

Qin Tingting looked silly on the side.

"By the way, how did you see it?" Ao Qingling asked in confusion.

Qin Chen said lightly: "Ben Shao is not a holy crystal, so how can everyone love it. Although Ben Shao has saved you once, it is not because of this that you will instantly capture your heart. Ben Shao prides himself that he hasn't Such a big charm."

He always felt that Ao Qingling was a little too enthusiastic, and now it seems that he wanted to use him to get rid of Li Dongyu's entanglement.

This repaying, um, is really ingenious.

"Actually, your charm is really great." Ao Qingling smiled.

Qin Tingting silently said: "How can you feel the charm of less dust."

"interesting."

Seeing this scene, the young master Xue Family of Tianyue City and the others flashed a hint of fun.

Li Dongyu's expression changed a bit. When everyone thought he would be angry, they saw him snorting and sitting cross-legged, feeling the phantom of the giant hammer.

This made everyone who was going to watch the excitement unable to help but feel lost.

But just for a moment, everyone's eyes were once again attracted by Li Dongyu.

As soon as Li Dongyu sat down, strange flames surged over his body. This was the soul fire, and that was the unique power of the soul fire family.

At this moment, the soul fire bloomed, and the runes of Li Dongyu's body burst out with a faint light, as if being aroused.

"Awesome, the son of Li Dongyu deserves to be the arrogant of the soul fire family, and his rune attainments are so terrible. In a moment, he aroused the rune of the giant hammer phantom. I don't know if there is a chance to communicate with the giant hammer phantom." There is a master of the earth in shock. Said.

Li Dongyu only came for a moment, and the movement of runes caused by him was more terrifying than he had felt for several days.

This is really frightening.

"Should be able to do it? There have been geniuses who have spurred the phantom of the giant hammer in the past. If Li Dongyu can't do it, who can do it, but I don't know how far he can do it, how many times can he activate it? The hammer phantom."

A strong man on the side whispered.

Just at this matter, I saw the endless rune patterns in front seemed to converge into a river of light, hitting the huge hammer phantom. Suddenly, the giant hammer phantom uttered a soft moan, but the reaction was not great.

"Hey, you deserve to be the son of Li Dongyu, how quickly the giant hammer phantom will be triggered, but unfortunately, only a little bit, if the power is stronger, it will definitely be the first time to activate the giant hammer phantom." Everyone was shocked.

"This is the first time Li Dongyu Shizi has tried, and it really turned out to be abnormal. It seems that it will not be long before Li Dongyu Shizi can activate the giant hammer phantom."

Such a scene drew countless people's exclamation. At the same time, everyone looked at Qin Chen and couldn't help shaking their heads. It's been a few days since Qin Chen came here. He is the first group of people to realize the enlightenment, but until now, he has not been able to activate the giant hammer phantom. On the contrary, the first son of Li Dongyu has changed, and he doesn't know Ao Qing. What does Miss Ling think?

, Actually gave up Li Dongyu's first son, and was so affectionate with this kid.

"Attack directly?" Qin Chen naturally ignored everyone's thoughts and couldn't help muttering. His mind moved slightly, and suddenly many rune lights shone, but they seemed to be hidden in the endless rune lights without forming, but they were constantly wriggling, containing tyrannical power, but this power was coming before the shadow of the giant hammer Stop when

Now, Qin Chen's thoughts moved, and all the fluctuations immediately disappeared.

"If it's just an attack, I can easily adjust these runes to make a sensation in the phantom of the giant hammer, but what's the point of this? I don't really understand the meaning of this rune, but through the force of force, it can only be regarded as the end."

Qin Chen shook his head. What he wants is not simply to activate the giant hammer phantom, but to truly understand the profound meaning of the forge in the giant hammer phantom. If it turns out that Qin Chen's purpose is to break through the holy earth, then he is learning about the giant hammer. After the origin of the phantom, Qin Chen's

The purpose has changed.

Obtaining the inheritance of the refining device is far more worth looking forward to than breaking through the earth as soon as possible.

Therefore, he stopped to arouse this rune, but closed his eyes, let these inexhaustible rune patterns that fell like a waterfall linger around his body, from which he could understand the rules, meanings, and essence of these runes. "Sure enough, the real activation of this giant hammer phantom should be to fully understand the meaning of this rune, and inspire the rules in it, so that oneself and the giant hammer phantom will resonate, not a simple sensation, if it is a simple sensation, then once Simple activation

, It is easy to activate twice, but it is impossible to completely activate the phantom of the hammer in the end. "

"There are times when manpower is exhausted. Only to understand and integrate is the right way."

Qin Chen secretly said in his heart, and in the runes, there is the essence of refining tools.

What he needs to do is to find out and grasp the profound meaning and way of heaven.

But this is difficult, and no one has done it for countless years.

But it is because of difficulties that it is more worth looking forward to, isn't it?

Aside, Ao Qingling couldn't help but frown and glanced at Qin Chen. She had a feeling in the dark that Qin Chen seemed to be able to activate the giant hammer phantom, but he didn't know why, but the other party suddenly gave up.

Although this feeling is absurd, Ao Qingling's did indeed produce this feeling.

She closed her eyes and began to feel the whole body, because the inheritance of the phantom of the giant hammer can only be accepted once, she has long learned a lot of secrets from her father, and naturally knows the horror of the phantom of the giant hammer, and she does not want to Miss this opportunity.

In the next few days, everyone closed their eyes and realized, and some people tried to activate the giant hammer phantom, but just like Li Dongyu, it was only slightly shaken, and really activated, this shaking, looming, extremely vague.

To truly shake, the phantom of the giant hammer must be fully activated before it can be considered a success.

Many people tried while communicating, everyone was racking their brains, wanting to be recognized by the phantom of the hammer and gain something. On this day, Li Dongyu's body suddenly burst with terrible rays of light, and saw an extremely powerful force wriggling crazily, and then turned into a torrent of monsters, circling upwards around the phantom of the giant hammer, and then rumbling. Of Rumble

sound.

Hum!

The phantom shadow of the giant hammer vibrated, exuding light and magnificent momentum. Finally it was activated for the first time.

[Chapter 2536: Have activated](#)

boom!

I saw a huge hammer shadow trembling between the world and the earth, exuding an astonishing breath, and the misty light and shadow flickered. This vigor reached the sky, and an invisible force enveloped Li Dongyu and merged into Li Dongyu's body.

At this moment, everyone opened their eyes.

"Awesome, worthy of being Li Dongyu's first son. It didn't take long for him to come to the land of inheritance, and he activated the giant hammer phantom for the first time, too strong."

"Yeah, have you seen that invisible power? As long as the first giant hammer phantom is activated, the grand event heritage will lower infinite power, wash the flesh, and help people break through the realm of the earth."

"It is rumored that as long as the phantom of the giant hammer is activated once, there will be an 80% probability that he will be able to step into the earth sage in the future. Now the first son of Li Dongyu has only been in the square and activated the first way. It's a good deal."

"It's really enviable. I don't know how many Dao Li Dongyu can activate in total. The more you activate, the stronger your body will be tempered. I heard that as long as you activate three Dao, you can get the hammer in the phantom. The refining heritage." "There used to be a refining master, but it's nothing more than the mortal level. He came from Yuzhou outside Yunzhou. He accidentally passed by here. He never felt the shadow of the giant hammer. It happened to coincide with the grand event, but he accidentally activated the giant The three shadows of the Hammer phantom were passed on later, I heard

Established a refining sect in Yuzhou, who is already a figure in Yuzhou, and can build a holy soldier of the pinnacle of land quality. "

"Hs, the pinnacle refiner, that is enough to build an immortal refining sect in Yunzhou, and the strong heavenly saints must be treated courteously." The crowd talked, looking at Li Dongyu with a variety of marvelous lights. Li Dongyu is indeed amazing. It hasn't been long since he came to the square, but it was before the tens of millions of people. If someone can activate the phantom of the giant hammer three times this time, then this Li Dongyu must

Right is the most promising.

Sure enough, Li Dongyu's body was radiant, visible to the naked eye, and his body's soul fire was obviously stronger. This was the transformation of his physical body.

envy.

This is the most intuitive thought of countless mortal holy realm peak warriors.

With Li Dongyu's talent, it is not difficult to step into the Earth Sage. The Soul Fire family has enough resources to be able to raise it to the Earth Sage realm, but how can people not be jealous of such a Tianjiao, the first one to get the transformation? Not surprised.

Many people sigh secretly, there really is no fairness in this world.

Some people are born better than you, have better talents than you, and work harder than you. How to compete?

Activating the giant hammer phantom, Li Dongyu only glanced at the location of Ao Qingling. The meaning in his eyes was very obvious. He was the real first arrogant. In front of him, Qin Chen that Ao Qingling valued was not at all What kind of.

Everyone was attracted by Li Dongyu's gaze, looked at Qin Chen who was still, and couldn't help shaking his head.

In fact, in view of the recent popularity of Chendi Pavilion, many people in Cangxuan City still have great hopes for Qin Chen, and it is absolutely possible that he is one of the first talents to activate the giant hammer phantom.

But now...

Everyone shook their heads, and sure enough, there is a gap between genius and genius.

Qin Chen was a few days earlier than Li Dongyu, but Li Dongyu had activated the giant hammer phantom before that. From one time to another, he could see that the gap between the two was vastly different.

Qin Chen naturally didn't know the thoughts in everyone's hearts. Even if he knew it, he wouldn't care and was completely immersed in his sentiment.

"Om!"

At this moment, the phantom of the giant hammer lighted up again, and a thick light flickered. At the same time, an invisible and deep force descended again.

"It's the Young Master Xue Family of Tianyue City."

The crowd shook, looked over, and saw the young master Xue's body surging with luster and opened his eyes.

However, the luster on his body was darker than that of Li Dongyu. After all, he was already a master of the earth sage. The baptism of the giant hammer phantom was naturally not as effective as Li Dongyu.

But even so, some of the Tianyuecheng disciples around the Xue family young master still showed a proud look.

"It's still a bit slower than Li Dongyu."

The young master Xue family didn't have any expressions on his face. He had come earlier than Li Dongyu. In addition, he was a master of the earth sage himself. Unexpectedly, activating the giant hammer phantom was a bit later than Li Dongyu, and he was naturally a little bit lost in his heart.

Is the son of the soul fire family really so strong?

"Om!"

After the young master of the Xue family, the young master of the ancient language city Gu family also immediately activated the giant hammer phantom, the light and shadow were blurred, and it bloomed.

It seemed to resonate.

With the activation of the young masters of the Xue family and the Gu family, the sages in some big cities such as Fengyun City and Taixuan City have activated the giant hammer phantom, one after another, it is not spectacular.

Compared with the mortal martial artist, the master of the earth sage has a stronger grasp of the heavens, and naturally the faster the phantom of the giant hammer is activated.

Seeing that many people have activated the giant hammer phantom, other warriors naturally did not dare to neglect and continued to feel.

"Om!" "Om!" "Om!"...

The phantom of the giant hammer lights up constantly, and someone can activate it every once in a while. It is extremely shocking. Above the sky, there are constantly flashing magnificent lights and shadows, which is shocking.

Of course, almost all of them are masters of the earth.

And when some earth saints activate the giant hammer phantom...

Hum! There was also light and shadow flickering beside Qin Chen. It was Ao Qingling, Miss Ao's family, who also activated the giant hammer phantom. She almost came with Li Dongyu, but it was much later than Li Dongyu, and also behind some early days. The young masters who came here, but

Compared to other mortal sacred realm martial artists, she is second only to Li Dongyu.

"Awesome, Miss Ao's family, she is indeed a Tianjiao figure, and activated the giant hammer phantom so quickly."

The crowd was shocked.

Everyone had prepared for Li Dongyu's activation so early, but he didn't expect that Ao Qingling would not be too late, and he was even more than a lot of masters in the earth, which naturally attracted amazement.

"This power..."

Ao Qingling felt a terrifying force pouring into her body, as if she had been tempered. In an instant, the impurities in her body were refined and her body became stronger and tougher, as if she had been transformed.

"This...is the baptism of inheritance?"

Ao Qingling was born in Cangxuan City, and naturally knew better than others about the inheritance of the giant hammer phantom. His heart was shocked. This power, far beyond the baptism of any other power, gave her unprecedented shock.

but.

Ao Qingling's genius caused many people on the side to show their surprised eyes. These people's eyes all fell on Qin Chen, who was sitting quietly cross-legged. Qin Chen is undoubtedly the first group of people to come, and he is also a strong person at the pinnacle of the mortal realm, with an extraordinary cultivation base, but now, even Miss Ao Qingling, who is a few days later than him, has activated the giant hammer phantom. , This kid has never moved, which makes people really embarrassed.

[Chapter 2537: Spirit Sword Sect](#)

"Why did Miss Ao Qingling find such a guy?"

"I thought he was a person, but now it seems that he is much worse than Li Dongyu's first son."

"Oh, this is also normal. It's impossible for Tianjiao to come from a commoner. The origin of this son is unknown. If it comes from a top family, it won't build any dusty pavilion in Cangxuan City. I just want to come to the City Lord's Mansion."

Everyone inadvertently glanced at Qin Chen who was not far away, just thinking that this guy was really boring, and sitting here from the beginning was a waste of time.

When Qin Tingting heard these remarks, she felt annoyed and wanted to confront them, but in the end she had no choice but to sit down.

Ao Qingling glanced at Qin Chen suspiciously. Long before Li Dongyu activated the giant hammer phantom, she felt that Qin Chen could activate the giant hammer phantom, but until now, Qin Chen hasn't made any movement. Very puzzled.

She didn't think that Qin Chen would be worse than herself in talent. How could he be able to block the mortal sacred realm Tianjiao who was comparable to an earthly sage assassin would not activate the giant hammer phantom, but Qin Chen's behavior was indeed too weird .

She sinks her heart and no longer thinks about it, but continues to feel the phantom of the giant hammer. She knows that although she has been tempered once, the more she feels, the more times she is tempered, the greater the benefit to herself. , The future achievements will be greater.

However, she had already activated the Giant Hammer Phantom once, and she already possessed the special power of the Giant Hammer Phantom. In order not to affect Qin Chen, she turned to sit a little farther away from Qin Chen.

What everyone didn't know was that the process Qin Chen felt was completely different from theirs. If others were to activate the giant hammer phantom to enlighten and spur the rune.

So Qin Chen is comprehending the essence of each rune. He perceives each rune carefully, starting from the most fundamental point, and it is naturally much more difficult.

To give the simplest example, perceiving runes and activating the phantom of the giant hammer is like building a building.

Others, looking at the drawings, simply used building materials and piled up a little bit to build the building.

However, Qin Chen built the building from the details of how to fire a brick, how to design the building, how to lay the foundation, and how to make the materials.

The difference between the two is indescribable.

After some whispers, everyone continued to bathe in the endless talisman light, trying the phantom of the giant hammer.

There were more and more people who participated and those who were watching. The news of the Cangxuan City grand meeting passed on, and even caused many powerful people in Yunzhou to come and watch.

There are more and more people gathered in Cangxuan City. The strong are like clouds, Crouching Tigers, Hidden Dragons, and even the Great Hammer Phantom. On the vast square, there are not enough places to hide, because there are too many people. Crowded.

Boom!

At this moment, a rainbow of light swept across the sky in the distance, and it was a famous Tianjiao who came directly across the sky.

This is a group of young boys and girls, all exuding a terrible aura, like a phoenix bird flying into the sky, blooming with colorful glow.

This kind of arrogance came and naturally attracted the attention of everyone. Obviously, this group of people, with extraordinary identities, is very likely to be a celestial arrogant figure of a certain top power. This can be seen from the arrogance that blooms in the eyes of these young boys and girls. Feel it clearly.

"I finally arrived, the land of Yunzhou is too far away, fortunately I didn't miss it."

Someone in the crowd opened his mouth and said, slightly rejoicing.

But when they fell, there was an ugly color on their faces.

Because a lot of people have gathered around the phantom of the hammer, and there is almost no place to stay.

"How can so many people gather in this grand gathering of Cangxuan City?"

Leading is a woman Leng Hou Fingshuang, this woman's skin wins snow, but her eyes swept the people around her, causing many people to take a few steps back suddenly.

"A lot of people come here just to join in the fun and waste time." A young man on the side smiled lightly.

They all came from outside places, not disciples of Cangxuan City, but a powerful force from Yunzhou, the Spirit Sword Sect, but they knew something about the inheritance of Cangxuan City.

"Most people just come to play, let alone activate the giant hammer phantom, they may not even be able to perceive this rune." Another young man said with disdain, his eyes proud.

They do have arrogant capital. The Spirit Sword Sect is one of the top sects in Yunzhou. The people of this sect are good at swordsmanship. Most of them have sword skills to the sky, with terrifying power and super attack power. This woman and young man who speaks are all burdened behind. Wearing an ancient sword, branded on the hilt

The special pattern represents the identity of the Spirit Sword Sect.

As long as they are well-informed people, they can recognize their identity from the hilt pattern at a glance, which is also the root of their pride.

The place where they settled happened to be where the disciple of Ding Tiantian was located. That disciple was naturally a knowledgeable person. After being disturbed, not only was he not angry, but politely said: "How many are the disciples of the Spirit Sword Sect?"

"Who are you?" The woman glanced at the other person and said indifferently.

"It is an honor to be able to see the Tianjiao of the Spirit Sword Sect in Mo Xuanlin, Xiading Heaven."

The person smiled and said, Spirit Sword Sect is indeed worthy of their friendship. Although it is not as good as the soul fire family, it is also a top power of the city master level.

The arrogant woman of the Spirit Sword Sect still looked cold and arrogant, and said calmly: "Ding Tian Tian, is the power of refining weapons, this place is so noisy, there is almost no open space, can you still understand the transmission of the communication hammer?"

"It is indeed affected, but the inheritance of Cangxuan City is set by Yunzhou. Anyone can realize that even the City Lord's Mansion of Cangxuan City has not spoken. How can I wait to say something?" Ding Tiantian smiled bitterly, it seems This disciple of the Spirit Sword Sect is full of arrogance. The arrogant woman said lightly: "Although the inheritance of Cangxuan City was set by Yunzhou, it was also the rules

that were set for me to have more geniuses in Yunzhou. But if there are some boring people, you cannot get the inheritance of the giant hammer. , But wasting time here

, Occupying resources, but a little can't make it through, it shouldn't be Yunzhou's original intention. When her voice fell, the youth of Ding Tian Tian was taken aback, and then he saw the young people beside the woman, who suddenly sneered, and then suddenly bloomed with endless sword power, and shouted coldly: "Inability to motivate the people of the great hammer inheritance." , Quickly retreat to me

, Leave here, otherwise, don't blame me for waiting for the sword to be ruthless. "As soon as this statement came out, the sword aura suddenly surged between the heavens and the earth, and an astonishing aura broke out. The terrifying sword power instantly stunned many people and awakened everyone around them. Someone saw the ancient swords carried by these people. , Could not help showing a shocked expression: "It is a disciple of the Spirit Sword Sect. "

[Chapter 2538: Drive the crowd](#)

"Hey, Spirit Sword Sect, that's a powerful force in Yunzhou."

"These forces, even Cangxuan City City Lord's Mansion dare not easily become an enemy, no wonder it is so arrogant."

Many people talked in shock.

"Why, what are you doing here in a daze? I said, those who are not able to get out, don't you understand?" The Leng Ao woman looked around and found that no one was moving, suddenly killing intent.

This made many people around them pale, especially those who were staring at her. Although they were depressed, they had no choice but to stand up and leave quietly. At the same time, they tried to enter from another place and avoid this. woman.

This is strength, where the opponent's strength is, what can they do, even if it is expelled, they can only go.

However, after all, there were a small number of people who left, only sparse people quietly walked away, and many people did not understand.

This is the only reliable opportunity for ordinary warriors like them to enter the holy realm. Who is willing to let go?

"It seems that some people want to die?" The Leng Ao woman's eyes flashed. Suddenly, her sword aura soared to the sky. Some Earth Sage masters didn't leave. Naturally, she wouldn't say anything, but she didn't expect that many ordinary Saint Realm martial artists left. , I was naturally angry, and suddenly, the horrible sword intent swept away,

It almost covers half of the square.

"Hmph, your excellency is so loud, people who don't know think it is Yunzhou Zhouzi who is here."

Suddenly, a cold snort sounded, and the disciple of the Spirit Sword Sect suddenly glared at him, but he saw a young man burning flames in his eyes, a divine rainbow blooming in his pupils, like an immortal from the sky.

"What a strong breath."

The expressions of these disciples of the Spirit Sword Sect changed slightly. This son, whose cultivation level was no more than the peak of the mortal holy realm, actually gave people the pressure of the earthly holy level.

"Hey, it's the son of Li Dongyu who spoke, huh, here, the son of Li Dongyu didn't speak, but the people of the Spirit Sword Sect are so domineering, this is not to put the son of Li Dongyu in his eyes, I am angry too."

Whispers came from the crowd, and many people became excited when they saw this.

The Spirit Sword Sect, the soul fire family, is interesting.

"What kind of person is your excellency? My Spirit Sword Sect is in charge. Your excellency dare to repay, and you won't die."

A disciple of the Spirit Sword Sect shouted coldly, and a terrible murderous aura suddenly broke out on his body.

"stop!"

Just without waiting for him to take action, the Leng Ao woman stopped her and looked at Li Dongyu solemnly, "Your Excellency is a member of the Soul Fire Family?"

The flame on Li Dongyu's body is so easy to recognize.

"Yes, Ben Shao Li Dongyu." Li Dongyu said lightly.

"hiss!"

The young man who had shot a murderous shot at Li Dongyu suddenly inhaled cold air, his whole body was cold, his blood almost solidified.

Li Dongyu, son of the soul fire family?

The Leng Ao woman's face also changed, green and white, and after a while, she went forward and saluted, "It turns out that it is the son of Li Dongyu, who is in the lower spirit sword sect Yun Qingzhu. If you offend, please forgive me."

She was worried that although the Spirit Sword Sect was also a top power in Yunzhou, it was still a step behind the Soul Fire family, especially the other party was the son of the Soul Fire family. Once they were guilty, the senior members of the clan would not let them go.

"There are people who think they are everywhere. This is Cangxuan City, not your Spirit Sword Sect." Li Dongyu said indifferently, his tone disdainful.

"Yes, what the son of Li Dongyu taught is."

Leng and arrogant woman Yun Qingzhu had sweat on her forehead, she said in a chatty. "But." Li Dongyu's words changed. "Your Excellency said before, but there is some truth. Some people are self-righteous and have nothing to do to join in the fun. For example, that person, a country wild man who doesn't know where, came here. When I was sitting there

, Now that several days have passed, it is still so, there is no movement at all, but it is shameful to pretend as if it can really activate the Great Hammer inheritance. "

Li Dongyu looked at Qin Chen in the crowd and said, because the other places were crowded because of Qingling's presence before, but there were not too many people around Qin Chen, and it immediately became eye-catching.

In addition to the movement here, Qin Chen kept closing his eyes, never in the accidental world, as if feeling the virtual shadow of the giant hammer, but it fell in the eyes of everyone, but that was not the case.

It's too much.

Qin Chen was the first to arrive. If he had activated the giant hammer phantom once before, no one had said anything, but now, there have been one or two hundred people who have activated the giant hammer phantom, but Qin Chen hasn't even once Everyone despised it.

Yun Qingzhu was taken aback, caught her who was despised in everyone's eyes, and flashed in her heart.

This one seems weird.

If other times, she would naturally not ask for trouble casually, but now she has angered Li Dongyu. She who wants to ease the relationship with Li Dongyu, her heart changed and naturally made a decision.

"These people who waste resources should naturally be driven away."

The arrogant woman Yun Qingzhu sneered.

"Senior Sister, let me come." The cold sweaty man next to Leng Ao woman who had offended Li Dongyu before turned his mind. Seeing Qin Chen still cross-legged until now, a cold light flashed in his eyes, walking towards Qin Chen. A violent momentum blooms directly

, Furiously threw out. Qin Chen was at a critical moment at this moment. He had faintly found that invisible regular power. Thousands of invisible runes seemed to be flowing. If there was a super power, he would be able to find the runes of this moment. Seems to be

A wonderful rhythm is flowing, hovering above the phantom of the giant hammer.

Qin Chen had no distractions, even the man pressed on his body with a tyrannical might and stepped towards him, Qin Chen didn't even notice it. In his consciousness, the endless runes seemed to converge into a whole, flowing on the phantom of the giant hammer, and there seemed to be a roaring sound in his consciousness, causing Qin Chen's body to tremble suddenly, his consciousness As if entering a giant hammer

Within the phantom, I saw a vague space, a majestic Zongmen Holy Land, a powerful memory of inheritance.

At the same time, Qin Chen also felt a strange power, as if he could easily activate the phantom of the giant hammer at this moment, only a ray of thought was needed.

This feeling was so mysterious that Qin Chen didn't want to wake up from it.

However, in the eyes of the young man, Qin Chen's body tremors seemed to be shocked by his oppressive power.

And everyone's eyes gathered together.

"What do you want to do."

Feeling the hostility, Qin Tingting stood up and shouted coldly, trying to stop Qin Chen.

"Huh? Still companions?"

Another young man beside the Leng Ao woman shook his body, and suddenly appeared in front of Qin Tingting, blocking her way.

Seeing this scene, Ao Qingling's eyes flashed, but she was not in a hurry. The young man was just the pinnacle of the mortal sacred realm. If he really thought that Qin Chen was bullying, he would be too naive. She wanted to see Qin Chen's performance. .

I never thought that even at this time, Qin Chen was still motionless, everyone was shocked to see Qin Chen still sitting there quietly, this time, still feeling? "I don't know how to live or die." The young man said coldly and suddenly killed him.

[Chapter 2539: True heritage](#)

The ancient sword on his back suddenly unsheathed and struck Qin Chen with lightning. Suddenly, a terrifying sword shadow appeared, like a divine rainbow blooming, turning into a sword air that pierced the sky, and hit Qin Chen directly.

Boom!

The sword energy trembled and turned into a boundless sword shadow. This Spirit Sword Sect disciple was indeed strong. With only one sword, the momentum that erupted was not weaker than that of the Earth Sage master, causing countless people on the field to change their colors.

Under this sword, the ordinary early masters of Earth Sage did not dare to take it hard, and wanted to avoid the edge for the time being.

"stop!"

Qin Tingting was furious and wanted to rush forward, but another young man stopped her, sneered at the corner of her mouth, cut out with a sword, and sneered: "Get out of here too."

Until this time, Qin Chen's eyes had not opened, and his brows were slightly frowned, as if a trace of unpleasant emotion flowed out, and his brows trembled.

"You all stop."

Ao Qingling finally couldn't stand it anymore. She never thought that Qin Chen would be indifferent until now, which surprised her. If this sword falls, no matter how high Qin Chen's cultivation base is, it will be impossible to escape death without resisting it. .

She naturally did not allow it to happen.

boom!

There was light on her body, and lightning came.

But at this moment.

Qin Chen's eyes suddenly opened. What a cold, bright eyes. At this moment, the young man looked at Qin Chen's eyes as if he had seen the birth and death of the universe, the beginning of the heaven and the earth, the resurrection of all things, and the origin of the empire. . His sword swing stopped abruptly, and there was a violent tremor in his mind. At this moment, the sky-reaching giant hammer phantom trembled suddenly, and countless runes burst into the sky with brilliant light, and a wave made the entire Cangxuan city capital. The force of shaking suddenly raging

Gushing out.

boom!

Everyone on the court was shocked, I saw the phantom of the giant hammer, blooming endless light, flashing an amazing breath, buzzing, countless runes on it, as if someone was hammering crazy.

The avenue is boundless, the Sanskrit sound is magnificent, and the power of terror sweeps through at this moment, like the avenue is playing, the world changes.

At this moment, the phantom of the giant hammer was activated, but this activation was different from the previous activation, as if it was truly awakened, giving out a real breath.

This is a kind of momentum that crushes the world and can temper all things, like a giant, standing proudly in this world, tempering the world, turning the world into a furnace.

What kind of power is this? At this moment, in the vast square, the countless powerful people around this giant hammer phantom, their hearts trembled fiercely, and their minds trembled violently. This roar seemed to have the power to scare the soul, and it reverberated directly into everyone's heart. For their

In the soul.

What happened to the phantom of the hammer?

Is it activated?

But why is it different from previous activations?

Even the top earth saint masters who were watching from a distance were shocked, and their hearts trembled slightly. Is this the appearance of the Great Hammer inheritance? At this moment, countless powerhouses in Cangxuan City appeared one after another. Even in the direction of the city lord's

mansion, Ao Lie's eyes burst into light, staring at them, countless peerless masters hidden in Cangxuan City appeared, all of them were Top sacred cultivation,

Staring, watching.

"puff!"

The young man who shot Qin Chen was shocked the most. He saw a mouthful of blood spurting out of his mouth, and his internal organs shook crazily. The roar seemed to penetrate his body and his soul.

With a bang, he only felt that his head was about to explode, and he fell directly to the ground, convulsing all over, and the blood overflowing from the corners of his mouth soon stained the ground. The roaring aftermath finally stopped slowly, and the moment of light in Qin Chen's eyes returned to calm and became plain. He stood up casually, not looking at the fallen youth, but looking ahead. The shadow of the hammer, the eyes should be

There is a shocking light in it.

He comprehended some of the rune patterns and activated the phantom of the giant hammer for the first time, and he did not expect it to contain such power.

At this moment, he was shocked, who actually passed down this giant hammer phantom. When he activated the giant hammer, he seemed to see a figure towering over the galaxy, swinging the giant hammer to refine the stars.

Is this true?

"Maple." At this time, Yun Qingzhu, a cold and arrogant woman from the Spirit Sword Sect, exclaimed when she noticed the situation of the youth, and walked to Fengmu's side, only to see Fengmu still trembling.

"Maple, what's the matter with you?" The woman was pale, and could hardly believe the scene before her. She was indeed deeply shocked at the moment the hammer shadow roared, but she was far from being shocked like Maple. miserable.

Her gaze quickly glanced around, and she found that Maple was the only one, and everyone else had their solemn gazes, staring at the virtual shadow of the giant hammer, with shocking expressions in their eyes.

Even the first son of Li Dongyu from the Soul Fire family, the young master Xue family of Tianyue City, the young master Gu family of Ancient Language City, and the masters of the earth sage off the court, all showed shocked eyes. I don't know the shadow of the giant hammer just now. Who activated the abnormal state?

"What." When Yun Qingzhu's hand touched Maple's body, her face turned pale. She found that Maple's heart was shattered. Sure enough, within a moment, Maple stopped. Trembling, no breath, his eyes still

It's still open, seemingly unable to squint.

He didn't understand how he died, whether it was the horrible look or the roar.

"The Hammer Phantom cannot be activated by itself."

In the silent space, a voice suddenly sounded, and everyone's eyes were all attracted by that voice. The speaker was Li Dongyu.

"You mean, someone activated the Great Hammer Legacy just now?"

Ling Sword Sect's cold and arrogant woman Yun Qingzhu seemed to shoot out sharp swords in her eyes, extremely sharp, maple was killed by someone! Her heart was beating, and, about the legend of the phantom of the giant hammer, she had also heard that although there would be a vision to activate the phantom of the giant hammer, it was not special, but just now, that kind of sensational vision for nine days, By no means simple activation can be done, fixed

Someone communicated with the phantom of the giant hammer and made a special activation.

Could it be that someone spied out the true meaning of the ancient refining holy sect inheritance? "Yes, since this giant hammer phantom has changed, then the person who caused this change is definitely among us." Li Dongyu said in a deep voice, his face is ugly, this is a movement he has never caused, but others have done it. His eyes look towards

The sharp eyes of the people in this square flowed from everyone, but he really couldn't imagine who could do this.

He is the eldest son of the Soul Fire family, the top arrogant of Yunzhou, something he can't do, who can do it here? Apart from him, there seems to be no one who is stronger than him. The people of the Spirit Sword Sect are also very powerful, but there is still a slight gap between him. As for the cities and young masters of the major cities such as Tianyue City, he is not even better. Rest assured.

Therefore, when Li Dongyu's gaze swept over everyone, he couldn't imagine who it was. Moreover, the phantom of the giant hammer sounded all of a sudden, without any warning.

"Which Tianjiao is it, can you stand up?" Li Dongyu asked, but no one answered. He didn't know who it was. "Second Li Dongyu, maybe it was really just an accident. The Hammer Phantom might wake up on its own. After all, if someone activates it, the Hammer Phantom will inevitably produce special energy to refine the body. Shadow bursts with terrible air

The machine, there is no energy falling, let alone, who can activate the giant hammer phantom better than you? This cannot exist! "

He only heard the young master Xue Jia say in a deep voice, there was a faint hint of flattery in his tone, Li Dongyu did not reply, his eyes still showed thoughtfulness.

Could it be that it was really just the phantom of the hammer waking up on its own?

In fact, he felt that with his current attainments, even if he gave him more time, he would not be able to resonate with such a terrifying phantom of the giant hammer in an instant.

He can't do it, these so-called cities and young masters can't do it, can anyone else here do it?

Did he really guess wrong? Is it just a change in the Great Hammer Phantom Inheritance itself?

And the local powerhouses in Cangxuan City also believed that, in history, even the three activations of the giant hammer phantom did not have such a terrifying aura.

"Did you do something to Maple?" Leng Ao female Yun Qingzhu stepped forward and looked at Qin Chen with cold eyes. If it were just the roar of the phantom of the giant hammer, it would not smash Maple to death. Everyone heard the roar, but only Maple was killed by the earthquake.

Dust can't get rid of the relationship.

Qin Chen glanced at her lightly, only to spit out one word: "Get out!"

"what did you say?"

The Leng Ao woman's face changed slightly, she stepped forward, her eyes blazed with an unprecedented murderous intent, and after hearing that, other disciples of the Spirit Sword Sect also stepped forward, looking at Qin Chen with cold eyes. .

"Are you okay?" Qin Chen looked at Qin Tingting, frowning and asked, after all, she was also targeted before.

"Little dust, I'm okay." Qin Tingting shook her head, thanks to the fact that Qin Chen caused the giant hammer phantom to explode with a terrifying aura at the critical moment before, causing another young man to stop his action, otherwise Qin Tingting would be in danger.

"These people are too much." Qin Tingting gritted her teeth and said.

On the side, countless warriors stared at them, the roar of the phantom of the hammer disappeared, and everyone recovered from the shock and fell on Yun Qingzhu and his group again.

Here, what seems to happen is more attractive.

"A bunch of idiots, don't pay attention." Qin Chen glanced at the group of people in the Spirit Sword Sect, and said indifferently, and then walked aside, preparing to continue to understand.

At that moment, he finally felt the real power in the phantom of the giant hammer. It was an aura that shocked him extremely. It came from the ancient times and tempered the universe. This feeling deeply shocked him.

"Boy, what are you talking about?"

The expressions of Yun Qingzhu and the others changed suddenly, especially Qin Chen's gaze looking at them, with sarcasm and contempt, and did not put them in his eyes at all.

The young man who had shot Qin Tingting before could not help but step forward.

"Say, what despicable means did you use to kill Maple."

boom!

A mighty sword intent rushed out of him. Suddenly, thousands of swords appeared between the world and the earth. The vanity of the sword light revolved and restrained, transforming thousands of sword shadows, and bursting out a terrifying killing that crushed everything. meaning.

Yun Qingzhu looked at it coldly. She did not move, but acquiesced to the matter. She also wanted to know whether the death of Maple had anything to do with Qin Chen. She was the leader of the Spirit Sword Sect team. Now, the Spirit Sword Sect has disciples. She was dead, she couldn't stand by.

"stop!"

Just as the young man was about to take action, an angry shout came, followed by a fragrance pouring into Qin Chen's nose, and a butterfly-like figure stopped in front of the disciple of the Spirit Sword Sect, Ao Qingling.

"Who are you again?" Yun Qingzhu looked at Ao Qingling coldly, with killing intent in her eyes.

She could feel Ao Qingling's extraordinary. Although it was only the cultivation base of the peak of the mortal realm, the aura that emerged from her body was shocking. This was obviously a figure of the world's arrogant rank and should not be underestimated.

But what about it?

Except for Li Dongyu's first son, their Spirit Sword Sect is not afraid of anyone.

"This is Cangxuan City. At this moment, it is the day when Cangxuan City's grand meeting will be passed down. You can't tolerate you all in the wild." Ao Qingling said coldly.

"Heh, in a big tone, who do you think you are? What qualifications do you have to say?"

Yun Qingzhu's eyes are getting colder and colder. Who does this woman think she is, and she is equipped to discipline them?

However, the whispers of other warriors around made her understand that the woman in front of her seemed extraordinary.

"I am Ao Qingling, the eldest lady of the City Lord's Mansion of Cangxuan City. I wonder if I am qualified to say this?" Ao Qingling was angry. When this Spirit Sword Sect came, he was extremely domineering, expelled and drove others away. If Xuancheng sees nothing, how can he bear it?

Really think she has no one in Cangxuan City?

Yun Qingzhu's face changed slightly, but she didn't expect that the woman in front of her was actually the eldest lady of Cangxuancheng, she turned out to be her? She snorted coldly: "Although you are a member of the City Lord's Mansion of Cangxuan City, but this son killed my disciple of the Spirit Sword Sect before. As a disciple of the Spirit Sword Sect, how can I watch this son get away with justice? Don't be okay, my disciple of the Spirit Sword Sect has fallen

Here, you will not give up, even if you are from Cangxuancheng, you can't stop it. "

Yun Qingzhu stepped forward, and suddenly the sword qi roared, like a violent wind burst out, it was extremely terrifying, it seemed to be able to tear people apart with sword qi, and shred the corpse.

boom!

The terrible collision between Yun Qingzhu and Ao Qingling suddenly shook the sky.

One is Miss Cangxuancheng, the other is Yunzhou Spirit Sword Sect Tianjiao, both sides are equal in strength, and they are not willing to retreat.

interesting.

Everyone showed excitement, this... it seems that something big is about to happen.

Cangxuan City is the Earth Snake, and the Spirit Sword Sect is the River Raptor. Between the two sides, which is stronger and weaker will be announced soon.

"It's ridiculous, you guys are unscrupulous, expelling others to leave, you don't know that you have been used by others, and you are still here to find your own way. It is ridiculous."

At this time, a mocking sneer sounded, it was Qin Chen.

"What did you say?" Yun Qingzhu looked angry. "Isn't it?" Qin Chen turned his gaze slowly and looked at the woman: "You are afraid of the soul fire family, you are used by others, and you want to drive others away, even if this person wants to attack me, but suddenly he is suddenly hammered. What is it to me to kill the ghost town?"
