

## Valkyrie 2541

### [Chapter 2541: Crazy guy](#)

"You..." The woman bit her lip, her eyes were cold, but she didn't know what to say. Just now, it was indeed Maple that shot Qin Chen. Suddenly, there was a roar, and Fengmu was shaken to death by the roar. Qin Chen hadn't moved at all. , There is no breath fluctuation on the body, this absolutely

There will be no fakes.

"It doesn't matter what your status is or what your origins are, Young Master Ben, as long as you don't disturb your cultivation, then you will be in peace, otherwise, Young Master Ben will kill who you are, so you can do it for yourself."

Qin Chen's voice fell, turned and left, ignoring the group of Spirit Sword Sect at all.

"Crazy guy."

Everyone was stunned when they heard this sentence.

Crazy, too mad, Qin Chen actually dared to speak directly to the disciples of the Spirit Sword Sect. Who would dare to say that?

"Arrogant."

Young Master Xue Family of Tianyue City spoke coldly, his eyes cold. "It's no wonder that the first son of Li Dongyu is dissatisfied with you. I heard that your Excellency has established some kind of power in this Cangxuan City. I thought you were a human being. Now it seems that you are arrogant and ignorant.

How I fancy you, I'm afraid I was deceived. "

Young Master Xue Family of Tianyue City sneered at Qin Chen.

Qin Chen turned around and glanced at him quietly: "Your Excellency is the Young Master of Tianyue City?"

"Exactly." Young Master Xue's eyes were arrogant, and the earthly holy breath lingered. "It's ridiculous, you deserve to be called Young Master? I heard that Tianyue City is also a top city similar to Cangxuan City. How come the disciples who came out are so ridiculous. The dignified sage is actually in favor of the soul fire family. A mortal, flattering and flattering,

It almost lost the face of the Xue family, the so-called Chengzi, the young master, but so, the flattering generation is nothing to mention. "

"What are you talking about?" Young Master Xue's anger surged, his body blooming with cold light, and murderous intent was boiling.

A little Fan Sage dared to slander him in this way, but he was still saying the truth, and he became angry and murdered.

The others were also dumbfounded. How did Qin Chen see someone who had just offended the Spirit Sword Sect. He didn't know how to repent, and now even the Young Master Xue of Tianyue City was also ashamed.

Ao Qingling also smiled bitterly, this Qin Chen is simply a troublemaker.

However, she felt that what Qin Chen said was very much in her heart. The so-called young master, Chengzi, was just a group of people who wanted to make a name for themselves.

"Very, very good. You are arrogant and ignorant, and you don't know how high the sky is. Then I have to see, what are you capable of and \*\*\*\* Ben Shao."

Young Master Xue stood up and stepped forward.

"Young Master, deal with this person, why do you do it yourself and leave it to us."

At this time, from behind the Xue family young master, three masters at the pinnacle of the mortal sacred realm walked out with a grinning smile and walked slowly towards Qin Chen. These three are all servants of the young master of the Xue family. Those who are strong in the sacred realm will naturally not let the young master of the Xue family take action. The young master of the Xue family is a master of the earth sage. Need to do it yourself, it will make people laugh

words.

"Okay, you can take action for this young master. If you can get rid of it, you don't have to kill it. Let him know how to behave in the future, so as not to spit out such wild words." The young master Xue looked cold and spoke indifferently.

"That's not bad." Gu Yucheng Young Master also laughed, with irony in his eyes, and he looked at Qin Chen like a dead person.

"Do you think that I'm going to die?" Qin Chen's eyes were sharp, and he stopped Ao Qingling who was about to speak, and walked forward.

Ao Qingling smiled bitterly and shook her head. She knew Qin Chen was angry, and believed that with Qin Chen's strength, there would never be any problems in fighting in the same realm. Therefore, she was too lazy to stop it.

At this moment, the three mortal sacred realm peak powerhouses in Tianyue City had already come to Qin Chen.

"Get out and die." One of them saw Qin Chen staring at Qin Chen and speaking coldly, and a strong killing desire spread out from him, as if a \*\*\*\* breath descended instantly.

Qin Chen still stood there proudly, shaking his head and sighing, "Isn't it good to be alive? Why are there so many people in this world who want to die?"

"Puff....."

A sneer came out, and Yun Qingzhu's eyes were full of ironic smiles, and he sneered: "He is such a pretender? How can Miss Cangxuancheng look at such a boastful person?"

As soon as her words fell, many people laughed. Qin Chen was indeed too ridiculous. Faced with the three geniuses of Tianyue City, before he even started, he said that others were looking for death. It was too arrogant.

However, their laughter was still there, but they saw Qin Chen take a step forward slightly, his eyes swept, and the cold light burst out, and he murmured a few words in his mouth: "Since you want to die, then I can only fulfill you. Up."

I saw his voice fall, raised his palm, and the holy yuan was shining in an instant, dazzling boundlessly, his palm was full of terrible runes, like thousands of runes.

This rune light is actually very similar to the rune pattern on this giant hammer phantom. "Boom!" With a loud noise, Qin Chen's palm print crits out, descending from the sky, and directly rushing to the peak of the three mortal sacred realms. The star-like palm prints are like falling stars, and they seem to be able to pick up stars. Capture the moon, kill instantly, just like

Lightning, with the suffocation attacking power that destroys everything. The trio looked terrified. They only felt the suppression of an infinite starry sky, and hurriedly urged the Saint Yuan in their body to resist, but it was too late. They only heard the muffled sound of rumbling. In a moment, the three screamed, their bodies Direct suppression powder

Broken, burst into pieces.

Puff puff!

Three blood mists filled the void, blood dripping, and murderous intent everywhere.

Qin Chen's palm fell, and he patted his robe, as if dusting off a trace of dust on his body: "That's the level of cultivation? Isn't it just looking for death?"

The audience was silent, and the laughter that was still there just stopped abruptly. Everyone stared at this scene blankly, unable to believe everything in front of them.

What did they see?

The three mortal sacred realm peak powers in Tianyue City were defeated by one move.

This is so strong!

"This is the genius that Tianyue City is proud of? Can insult other people's capital? It's ridiculous, killing with a finger, it's a joke." Qin Chen said indifferently, his voice was not loud, but it seemed like a heavy hammer. It hit Young Master Xue's heart.

The eyes of everyone looking at Qin Chen changed.

This son, indeed, has the arrogant strength. How terrible is it to kill the three mortal peak masters in one palm?

And Young Master Xue's arrogant tone before, on the contrary, was like a clown, which made everyone feel ridiculous.

Even Li Dongyu's eyes condensed, and he glanced at Qin Chen coldly. "A group of self-righteous people, just jump the clown." Qin Chen continued to sneer, glanced at the young master Xue family, Yun Qingzhu and the others, then turned directly, too lazy to pay attention to everyone, and wanted to feel again.

#### [Chapter 2542: Speak badly](#)

Before Qin Chen, he had captured a hint of the profound meaning of the phantom of the giant hammer and was full of expectations for it.

"Does the one who killed me want to leave so peacefully?"

At this moment, an indifferent voice sounded, making Qin Chen stunned, his steps stagnated, and turning his head to look at Young Master Xue, showing a thick mocking look: "The so-called big city cities are as shameless as you. ?"

"It's really shameless." Ao Qingling was also annoyed: "Xue Xingyun, just now you asked your subordinates to kill Qin Chen, but the subordinates were inferior in skill and were killed by Qin Chen. It would have been so much for you to say such words. Too insulting everyone present."

"Those I don't care, I only know that those who killed my Tianyue City will have their lives behind."

Xue Xingyun said coldly, a ray of terrifying warfare spouted from him, faintly trying to kill Qin Chen here on the spot.

If Qin Chen were to leave here alive today, that would be the shame of Tianyue City.

Qin Chen killed his people, no matter what, he must keep Qin Chen behind, otherwise, what is the reputation of his Tianyue City? When it spreads out, others will only think he is weak.

And if he kills Qin Chen, what others will remember is the majesty and strength of Tianyue City, rather than being unruly. There are no rules in the martial arts world itself. Whoever is strong can control the rules. .

"You spoke rudely, insulted me, and killed my disciple of the Spirit Sword Sect, you want to leave like this?"

At this time, Yun Qingzhu also spoke, and saw a few strong men of the Spirit Sword Sect step forward one after another, with the sword intent roaring and lingering in the air, and everyone suddenly felt a suffocating pressure coming.

"Yes, you want to stand up and be fine, but you dare to insult my young masters and towns in major cities. Who gives you the courage and courage?"

The Young Master Gu of the Old Language City also took a step forward, his eyes cold, and endless murderous intent haunted him.

"You are really shameless." Ao Qingling said angrily.

Xue Xingyun and Gu Qizun were all masters of the earth sages, it was too much to join forces to deal with Qin Chen.

"This is my Cangxuan City, and I can't tolerate you in the wild."

Ao Qingling shouted angrily.

"Really?" Xue Xingyun narrowed his eyes and shouted coldly: "Ao Qingling, because you are Miss Cangxuancheng, you don't care about your fault. Now, you will wait for me to get away, although it is Cang Xuan. City, but the dignity of my Tianyue City cannot be ignored, you didn't see

Now, is there no one here to maintain order? "

"Hmph, I'm only looking for that kid, it has nothing to do with you."

Gu Qizun of Old Language City also drank coldly.

"Get out of the way, this is a private matter between my Spirit Sword Sect and that kid, I advise you not to get involved." Yun Qingzhu also snapped.

The crowd was shaking, and the three top powers were all attacking Qin Chen. Is this putting him to death?

Everyone was shocked at Qin Chen, but now they just sighed.

This son is too crazy, thinking that killing the people of Tianyue City is enough? No, how can the arrogances of the major forces let an outsider challenge their authority.

They admire Qin Chen and know that Qin Chen is very strong, but Xue Xingyun and Gu Qizun are already strong earth sages. They came here just to be baptized. No matter how strong Qin Chen is, they cannot be their opponents. .

Unfortunately, such a genius is about to fall here.

Ao Qingling's face also became difficult to look. She raised her head to look towards the sky. She knew that her father must be looking at this place, but from the beginning to the end, his father did not speak or show up.

"Miss Ao Qingling, get away quickly, I don't want to hurt you either."

Xue Xingyun said coldly, this is Cangxuan City, he naturally does not want to hurt Ao Qingling, if it is in other places, how would he care about Ao Qingling's opinion.

"No, this is my Cangxuan City, it's not your turn to be wild." Ao Qingling shouted angrily.

"Forget it."

At this moment, Qin Chen suddenly sneered and stepped forward.

"Ms. Ao Qingling, I just wanted to have a quiet feeling, but if some people don't want me to feel at ease, then I can't help it, you can back..."

Qin Chen shook his head, "I really don't understand. Some people, good people, don't behave, why do they have to be running dogs and want to die."

"It's you who are looking for death." Yun Qingzhu snorted coldly, a sword light appeared in his hand like a ghost, and in an instant, countless sword lights assassinated Qin Chen's meridians around his body, booming, suddenly, with sword aura. , Turned into a terrifying field, all of a sudden Qin Chen

Wrapped, trapped in the world of swords.

"Ten thousand swords return to the sect, heaven and earth have no shape!"

Yun Qingzhu cold drink.

"Wan Jian Jue?"

Everyone exclaimed, this is the secret method of the Spirit Sword Sect, the Ten Thousand Sword Art, which is enveloped by the ultimate sword aura and turned into a world of swords. Anyone who is wrapped in it will become the nourishment of the sword aura and be cut into nothingness. , It's hard to guard against.

Although this Yun Qingzhu is a warrior at the pinnacle of the mortal realm, under this sword, the power of the earth sage burst out, the Spirit Sword Sect, well-deserved.

"Hahaha, Miss Qingzhu, this son is the main killer of this young man, but you can't let you take the lead." At the moment Yun Qingzhu took the shot, Xue Xingyun and Gu Qizun also moved, booming, they both shot at the same time. Suddenly a terrible palm shadow formed between the sky and the earth. Looking up, two huge palms appeared, one on the left and the right, like a sky curtain.

Trapped Qin Chen.

Combining the world of swords, Qin Chen at this moment seemed to be in a cage, unable to move. Everyone could not help exclaiming that Xue Xingyun and Gu Qizun were both Tianjiao in the early days of the Earth Sage. They were so strong that they could even fight against the powerhouses of the early days of the Earth Sage. Facing ordinary Tianjiao, they were absolutely easy to crush. , Qin Chen is a mortal

The realm martial artist, I am afraid that he will be crushed into powder with his fingers.

In fact, the three of them also had such thoughts, they didn't give Qin Chen a chance to react, they wanted to kill them instantly.

"I said, you guys are all looking for death!" Amidst this terrifying murderous aura, a light sigh sounded, and Qin Chen suddenly burst into a terrifying rune light, and the Immortal Holy Body urged. Suddenly, he was surrounded by golden luster, and the whole person suddenly became a golden warrior.

God.

Puff puff!

The sword auras that Yun Qingzhu displayed fell on him, and they were wiped out. These sword auras could easily kill ordinary mortal sage peak martial artists, and could even threaten the powerful in the early days of the earth sage, but these could not hurt Qin Chen at all.

boom!

That boundless sword aura exploded when Qin Chen's body shook. Sword Qi was flying, and Qin Chen at this moment was no longer the expression that was unmoving, not salty, but domineering, high-spirited, overbearing, and all his actions had the power to shake the world and terrible pressure. , Can't suppress him at all.

### [Chapter 2543: Master appears](#)

"Overlord ascends to heaven!"

Qin Chen shouted angrily, countless runes flickering on his body, and the terrifying Saint Yuan turned into a wild dragon breath and burst out all at once.

It was Feng Buqun's overlord ascending to the heavens. Boom, this mood exploded, and the terrifying aura soared to the sky, and suddenly exploded the attacks of Xue Xingyun and Feng Buqun.

"Whoever provokes me will have to pay the price, whether it is the young master or the arrogant, it is the same."

Qin Chen's body moved, ignoring the Yun Qingzhu at the front, and for a moment, the first one came to Xue Xingyun's body, his body was like a ghost, and he slammed out!

"Dari Jinyan!"

Boom!

A golden scorching sun appeared in Qin Chen's hand, bursting out with an aura of burning the sky and destroying the earth, shook the entire square roaring.

"Not good!" Xue Xingyun was taken aback and smelled the burning smell, but he reacted very quickly, and the terrifying scorching sun approached his body. He immediately hit Tianyue City's unique trick "King Shi Wangquan", and a biting king mood broke out in an instant. Turned into a huge phantom , Lightning came.

But Qin Chen didn't care how powerful he was, he was just a punch.

Killing fist!

In Qin Chen's fist, he couldn't help but carry the terrifying aura of the golden flames of the sun, and it contained endless killing fists.

Moreover, the power of the runes surged, and it resonated with the runes on the phantom of the giant hammer.

Boom! When the two fists collided, Xue Xingyun's whole body shook, and his body was instantly burned with terror, "Ah", he screamed, a mouthful of blood was sprayed out, and, there was thunder surging, his body crackled, his robe lit up, and his bones Shattered

The sound came out along with the burning smell, and the whole person flew out instantly.

puff!

Blood spurted wildly from his mouth, and he couldn't control his figure at all.

"Brother Xue? Nightwalker, I am Kuangzun, Raksha!" At this time, Gu Qizun from the Old Language City roared and came behind Qin Chen. The moment he shot, it was like a dark nightwalker haunting. The breath swept across, as if you came to the Shura Hell in an instant, the cold wind everywhere, it was trembling

shake.

The terrifying shadow power enveloped Qin Chen as if death was reaping his life.

Qin Chen felt the strong wind behind him, without turning his head back, he grabbed back with his big hand, his fingers contracted, and the space was regular.

Boom!

Suddenly, the terrifying force of the rules collided, and an astonishing level 7 erupted. At the same time, Qin Chen urged Da Ri Jin Yan to turn his body and blast out again.

"The scorching sun burns the sky, the golden flames destroy the world!"

The boundless fire suddenly soared and swallowed Gu Qizun.

"what!"

Gu Qizun hurried back and screamed, but it was too late.

Being approached by Qin Chen in such a way, his body burned with flames, and his whole body was knocked out at once, pouting, blood spurting out of his mouth, accompanied by the sound of broken bones, making him vulnerable.

Suddenly, the two young masters were seriously injured at the same time, embarrassed.

"What, why is this so strong?"

Ling Sword Sect's Yun Qingzhu looked furious, and when he saw that the situation was not good, he hurriedly backed away.

But Qin Chen sneered, the rules of space were displayed, and while the figure flickered, he had already come to her and grabbed it with one claw.

"stop!"

Upon seeing this, the young man from the Spirit Sword Sect looked furious and rushed frantically.

"Humph."

Qin Chen snorted coldly, and the terrifying day Jin Yan suddenly soared.

"what!"

The young man was immediately enveloped in endless flames and screamed, but he did not have the terrifying defenses of Xue Xingyun and the others. The whole person was blown out and burned into dust. But Qin Chen kept moving in his hands, booming, and his huge palms protruded, like a sky curtain,

covering the Yun Qingzhu. No matter how Yun Qingzhu struggles, he cannot move at all, like a bird in a cage, trapped. Deadly

"I am a disciple of the Spirit Sword Sect, you can't kill me."

Yun Qingzhu yelled in horror, her eyes full of fear. She saw the fate of her companion and was burned to ashes. This method of death was too tragic.

"Did you think about this when you shot it?"

Qin Chen snorted coldly, with five fingers and one claw, and immediately grabbed her in his hand. Qin Chen's palm squeezed her head, Yun Qingzhu struggled wildly, but couldn't move at all.

"You shot at me, but you were defeated, but you said I couldn't kill you. Do you think there is such a cheap thing in this world?" Qin Chen sneered, and a terrible flame power lingered on his palm, and he was about to kill Yun Qingzhu.

"stop!"

At this moment, a roar suddenly sounded, and rumbling, a terrifying killing intent suddenly surged from the depths of Cangxuan City, and a magnificent figure rushed in an instant.

This figure was extremely fast, like a god, and in an instant, it appeared in front of Qin Chen and blasted Qin Chen with a punch.

Under this fist, the sky trembled, and this fist's might, as if it could penetrate through the world, with an irresistible magnificent force, crushing everything.

"Top Land Saint."

Among the crowd, countless exclamations sounded.

This was an old man with terrifying murderous intent, and his cultivation base was against the sky. He was actually a strong man at the peak of the mid-earth holy stage. After seeing Qin Chen about to kill Yun Qingzhu, he finally couldn't help it and made a strong shot. When the magnificent murderous intent hit, Qin Chen's face suddenly changed. This force was too terrifying, even far beyond the original Feng Buqun. Although he had realized some runes, he couldn't mobilize all of them. The power of this

If you hit, you will be seriously injured if you die.

"Sure enough, can't help it?"

Qin Chen's eyes were cold, as if he had expected it a long time ago. At this critical moment, he suddenly threw the Yun Qingzhu in his hand. When the old man saw this, he immediately turned to attack as a guardian. Boom, the terrifying power wrapped Yun Qingzhu and pulled her to his side, but the next moment, his face changed. Although Yun Qingzhu was never killed by Qin Chen, At the last minute, Qin

The terrifying power of the golden flames of the sun has poured into Yun Qingzhu's body, burning and destroying the meridians in her body, which is extremely miserable.

In other words, today's Yunqingzhu, whose meridians are all broken and burned into coke, is seriously injured. If it is not treated in time, even if it is rescued, it will only be a waste.

Moreover, the storage ring on Yun Qingzhu's body had actually been taken away by Qin Chen.

"Boy, you are so venomous."

The strong roared, and a pill suddenly appeared in his hand, which was fed into Yun Qingzhu's mouth to protect her.

"Humph." Qin Chen snorted coldly, ignoring the strong man, and went straight to Xue Xingyun and Gu Qizun.

"You two, die for me."

Two terrifying forces swept out. Xue Xingyun and Gu Qizun were already seriously injured. How could they resist it, vomiting blood, and at the same time hurriedly retreat in anger, but how could Qin Chen let them leave and violently kill them.

"Smelly boy, stop!"

Boom boom boom!

At this moment, several terrifying auras surged in Cangxuan City.

Boom!

These auras were actually above the mid-level peak powerhouse that had previously shot. At this moment, the sky of Cangxuan City suddenly seemed to be plunged into the dark night.

"Peerless Earth Sage!" The crowd roared, and only the strong man of the late Earth Sage could perform this kind of pressure.

#### [Chapter 2544: Is that human being](#)

This is the master of the late Saint-Earth Stage, attacking strongly and rushing to the square instantly.

In the void, several terrifying figures strode forward, two of them, like gods, between the heaven and the earth, the holy energy of the heaven and the earth is burning and boiling, forming a shocking horror anomaly.

Moreover, they were extremely fast, and in the blink of an eye, they came to the square. The endless rules lingered around them, turning into divine rainbows, especially the two in the front, wrapped in the power of rules and turned into divine rainbows. , Cover the sky and cover the sun.

"Master of the Late Earth Sage!"

The crowd shook, and they all dispersed like crazy.

This is a strong man in the late Earth Sage, and any late Earth Sage master is a top expert in Yunzhou. He has established a middle-class family and occupies some small cities, which can be called a real strong.

Now there are two figures suddenly appearing, how can people not be shocked? Not surprised!

The two leaders were magnificent, their eyes burst into the rainbow, and they directly rushed to Qin Chen, murderously wanton, the one who came was not good, and they wanted to kill Qin Chen immediately.

However, Qin Chen seemed to have expected this a long time ago. They were faster, and Qin Chen was faster.

"Die me!" Qin Chen yelled coldly. Suddenly, the terrifying Shenhong shot five fingers from his hand. The five fingers turned into a shocking sky, covering Xue Xingyun and Gu Qizun all at once, and instantly pulled him to his body. Before, at the same time, five fingers to claws, pinch the skulls of two

, The fingers were lifted in the air as if they were about to be inserted into the heads of two people.

"You guys stop, otherwise, this young man will kill."

Qin Chen said coldly to the sky, sketching a mocking smile at the corner of his mouth, his eyes bursting with cold light.

Those horrible auras stopped all of a sudden, especially the two leading ones, their expressions changed, and they stopped attacking.

"stop!"

These are two middle-aged men, wearing regular robes, endless light blooming from the two of them, covering the ages, and shocking the world. Behind them, there are also several masters, but they are slightly inferior to the two.

"Old man, save us."

Seeing the crowd, Xue Xingyun and Gu Qizun shouted in horror and struggled desperately, but they were imprisoned by Qin Chen and could not move.

"It's the elder of the Xue family in Tianyue City."

"And the Gu family elder of the Old Language City, why are they here?"

"No wonder the strength is so terrible. If I guessed correctly, these two should be masters at the deputy city master level of Tianyue City and Guyu City?"

"hiss!"

The crowd sucked in air-conditioning, and the sound of discussion went straight to the sky.

The vast majority of people present were ordinary warriors in Yunzhou. In front of these Yunzhou dignitaries, they were naturally terrified and horrified.

"Your Excellency is so bold and bold. If you don't let go of my young master, are you not afraid of death? As long as you dare to touch a hair of my young master, there will be no place for you in the sky or on the earth."

The two great masters in the late sacred stage looked at Qin Chen, with wide beards, murderous aura, and extremely angry.

They have such qualifications and fighting power. They are the top class in a city, and they also have the status. They are both the powers of Tianyue City and Gu Yuecheng. When have they been threatened like this?

"The two seniors were joking. The younger Qin Chen is actually very courageous, so I asked the two seniors to step back. Otherwise, if the younger one shivered and squeezed the heads of the two seniors' nephews, it would be bad." Qin Chen said with a sneer.

hiss!

Everyone was stupefied, this guy also said that he was timid—you all talked back in front of the powerhouses in the late stage of the Earth Saint Realm, and you said that you were timid?

The two elders of the Xue family and the Gu family sank, and their hearts were furious. When Qin Chen saw them, he even dared to be so arrogant. The two of them stared at Qin Chen with cold eyes, and said coldly: "Boy, I'm afraid you still don't know your current situation, right? Dare to hurt my Xue family and Gu family young masters, even if you have a big background, it will be difficult. Run away to death, but you haven't done it yet

For the sake of this, as long as you let go of my young master now and confess your guilt on the spot, there may be a silver lining. "

"Now, you, kneel down!"

The two elders looked at Qin Chen with violent expressions, their black hair slammed, and they were entangled with endless rules, roaring and fierce.

boom!

The coercion that belongs to the later stage of the earth saints hits, and if the gods are born, mortals can only worship.

They were terrified of Qin Chen holding the hostages, and did not do anything forcefully, but released their aura to frighten Qin Chen, defeat Qin Chen's mind, and save the young master. Boom, an indescribable terrifying aura swept past. The Mortal Saint Realm present was weak at the feet, and even some of the masters of the Earth Sage were a bit unable to hold it. The strength of these two old masters was too strong, but they were masters of the late Earth Sage , The strongest man in the earth

In the world, he is definitely the top master and can rule the roost.

How can Qin Chen stop?

Outside the square, Shang Gukong, ancient medicine masters and others have also arrived, all showing their worries. They stood so far away, and they were not the main targets of attack. They were all with weak legs and almost knelt down. Qin Chen How can it be blocked?

In the realm of Earth Saint, ascending to the sky one step at a time, the gap is too big.

But Li Dongyu sneered. He didn't expect that Tianyue City and Ancient Language City had masters. Now that kid was finished. He was anxious that Qin Chen would die here and couldn't interfere with the relationship between him and Ao Qingling.

"It's over, this Qin Chen is over."

"You even offended the Xue Family of Tianyue City and Gu Family of Ancient Language City.

"What Tianyue City and Ancient Language City? This kid also killed several disciples of the Spirit Sword Sect.

"Oh, so arrogant, defeating Xue Family and Gu Family Saint Young Master with the cultivation base of the mortal sacred realm, the future will be able to shine brightly, the future is boundless, unfortunately, too reckless."

The crowd trembled and whispered. Under the coercion of the Martial Artists of the Late Stage of the Two Earths, everyone backed away from Qin Chen, their legs weakened, and they almost knelt down.

Just when they thought that Qin Chen would also be shocked by the aura.

what?

Everyone was shocked, and saw that Qin Chen still stood proudly, kneeling down without any weakness.

how can that be?

In the mere mortal realm, even the king in your mortal realm, or even the emperor, the invincible Tianjiao, but so much worse than the realm, the Xue family and the Gu family's elders can absolutely crush them, and they will be indifferent?

Is this still a human?

Of course Qin Chen is a human being, but he has a source of time in his body, a mysterious ancient book, and even a holy lord, a demon ancestor, and a long river of years. What a combination of heaven and earth.

Not to mention, just the origin of time, in essence, it is also a treasure beyond the Holy Master level. You want to force the Holy Lord to kneel down in the late sage stage, isn't this a joke?

#### [Chapter 2545: Too exciting](#)

Of course, there is another reason, that is, Qin Chen has already activated the giant hammer phantom once, and has been recognized by some of the giant hammer phantoms. On this square, the momentum received is naturally greatly reduced.

If these two people always make their best efforts to urge rules or strength, then Qin Chen may be suppressed here, but it is idiotic to think that Qin Chen will be crushed by momentum alone.

"Two, you guys scared me."

Qin Chen's eyes were cold, but the Saint Yuan on his body was surging, booming, and terrifying power suddenly poured into the bodies of Xue Xingyun and Gu Qizun through his five fingers.

"what!"

The two suddenly screamed, their eyes spit out, and their limbs danced like a frog, screaming screaming and painful.

Among the seven orifices of the two, blood began to flow down, which was particularly miserable.

"stop."

Both of them were furious, their faces changed. Qin Chen stopped his shot, his eyes were cold, and he said with a sneer: "Two seniors, the juniors have said several times, the juniors are timid, if the two seniors still scare the juniors so, the juniors are afraid that one is not careful, so they will kill the two seniors. Nephew's head

It's all squeezed, it's not so good, what do you think? "

hiss!

Everyone is going crazy. At this time, Qin Chen is still threatening the masters of the two cities. Is this guy really so nervous?

The hearts of the two powerhouses were cold, but they did not dare to say a word. If Qin Chen went crazy and squeezed the two young masters, they could not explain to the Patriarch, this guy was simply a lunatic.

"Let it go, let us go..."

Xue Xingyun and Gu Qizun were horrified, and said tremblingly, with blood all over their faces. "It's not impossible to let you go, but if you offended me, it's a big rebellion. In order to punish me, I don't need to kill you, but I want to extract half of the Earth Saint Origin from you." Qin Chen smiled sneer. , Surging around

The breath, the power of terror suddenly poured into the two bodies.

"What, you want to remove the Earth Saint Origin from us, dare you... don't! Ah!"

The two roared and struggled frantically, but it was useless. Horror power poured into their bodies, and the two were like lambs to be slaughtered. The original power was extracted from their bodies.

"Family elder, save us." The two are full of fear. The origin of the earth sage is the root of an earth sage. If half of them are drawn, then the two of them will lose their foundation. Will cause irreparable damage, impossible in this life

Breaking through to a very high level, the potential is greatly reduced.

Both of them are the young masters of their respective families, how can they be willing to bear this kind of thing.

"stop!"

The expressions of the two old men changed drastically, and they were about to rush over.

"Everyone, this is my Cangxuan City, and a few of them have fought in my Cangxuan City. Don't you put the old man in your eyes?"

Suddenly, a magnificent voice came from the direction of the city lord's mansion, rumbling, and the sky of the entire Cangxuan city suddenly changed.

In the city lord's mansion, a group of figures rushed out violently, and the leader was the city lord Ao Lie of Cangxuan City.

boom! Ao Lie flew high into the sky and turned into a cloud of fire, with an astonishing aura, like a vast ocean, engulfed in the raging waves, and was suppressed all at once. The two elders changed their complexion greatly, and hurried back. Breath surging,

Being lifted by this force, he finally stabilized his figure.

In the void, a figure fell, it was Ao Lie.

"father."

Ao Qingling suddenly shouted with excitement.

"This City Lord Ao has finally figured out, how long does he think he can bear it?" Qin Chen's eyes flashed and calmed down.

"Little friend Qin Chen, let go of these two people."

Ao Lie said to Qin Chen.

Qin Chen smiled indifferently, stopped the devouring of Earth Saint Origin, and threw the two of them out, and threw them on the ground with two bangs, just like throwing down two masses of rubbish, and said lightly: "Since City Lord Ao has spoken, the junior will naturally want Give such a face."

"Hahaha, then thank you little friend for giving the old man this face." Ao Lie laughed.

"Boy, don't be disappointed, this seat is saving you." Ao Lie's voice came: "If you really kill the young masters of Tianyue City and Ancient Language City, this seat will not be able to protect you. I'm afraid this area. There is no place for you to hide."

You are strong, you have the final say.

Qin Chen smiled faintly, and the sound transmission said: "What the lord said, but the young master is not afraid of them. If you cause trouble to the lord of the city, the young master will take it all in the future and will not cause trouble to the lord of the city." Hahaha, brother, what are you talking about?" Ao Lie laughed loudly: "You are my Ao Lie's benefactor. I am actually that kind of ungrateful person? However, you come from an extraordinary background, so naturally you are not afraid of this. People, but the ancient bell under your command

Pai and Ancient Medicine Hall may not be able to stop these people's revenge. "What's more, this is my Cangxuan City. Those people from Tianyue City and Gu Yuecheng who have been wild in my Cangxuan City, it's the little brother you shot, let them know how great, it is my little brother that Cangxuan City inherited This favor, don't worry, this matter, this seat

Take it. "

After Ao Lie's voice fell, he stopped communicating with Qin Chen, but threw Xue Xingyun and Gu Qizun to the two elders at once.

"Two of you, you guys are fighting in my Cangxuan city. The people in this class have taught him a lesson. It should be considered as it should be. Both of you should leave here. I Cangxuan city. I don't welcome a few people." Ao Lieleng Said coldly.

"City Lord Ao, what do you mean?"

The two old men took one of them and checked the injuries of Xue Xingyun and Gu Qizun, and found that the two young masters were not life-threatening. They were relieved, but immediately, their anger rose.

Their young master suffered such a big loss, so forget it?

"City Lord Ao, my Tianyue City and your Excellency Cangxuan City's well water does not offend the river water. Today, my Young Master of Tianyue City was injured in Cangxuan City, and City Master Ao wouldn't give me an explanation.

"Yes, Gu Qizun is my young master of the Gu family, but I was seriously injured here. City Lord Ao, you will let me go and prevent me from killing this kid. I cannot explain to the master of my family. "

"City Lord Ao, this son also hurt our Spirit Sword Sect, how to calculate this account?"

The mid-level peak warrior who had rescued Yun Qingzhu also stepped forward, full of murderous aura, and said angrily.

For a time, the three major forces attacked Ao Lie at the same time.

This changing situation has changed the color of everyone on the court.

Exciting, too exciting, unprecedented excitement. Qin Chen alone, killed the Tianjiao of the three major forces, and provokes revenge from the three major forces. Who knows, the Ao City Lord of Cangxuan City appeared and resisted. Now, the three major forces are attacking, what will Ao City Lord be like? Performance?

#### [Chapter 2546: Inheritance space](#)

This is the three powers of Tianyue City, Ancient Language City, and Spirit Sword Sect. Tianyue City and Ancient Language City are also top cities in the land of Yunzhou. Although they are not comparable to Cangxuan City, they are not much worse. , Is the top power in Yunzhou,

The prestige of the prefecture is not under Cangxuan City, and the three major forces are in trouble, I am afraid that City Lord Ao Lie will be difficult to resist.

Will he fight against the three top forces for Qin Chen as a young man?

Everyone did not understand. At the same time, everyone was also puzzled that City Master Ao actually called Qin Chen a little friend before, who was the City Master Ao? Peerless Earth Sage, the strong man at the peak of Earth Sage's later stage, and the overlord of Earth Sage, actually called a mortal holy realm Tianjiao a little friend, little brother, this

The attitude is thought-provoking.

"Huh, how? I haven't asked you to settle the account yet, but you first ask me how to calculate?"

Ao Lie's eyes sank, and he suddenly raised his hand.

Boom!

In the entire Cangxuan City, endless rainbow light suddenly rose, and the power of a burst of light, like an aurora, enveloped the entire Cangxuan City, and a murderous aura that made everyone's creeps permeated.

"This is the Cangxuan city of this seat. Your people are shining in the city of this seat. I haven't asked you to settle the account. You actually came to this seat. How can you speak here? Get out!" City Lord Ao Lie shouted coldly.

Qin Chen's eyes flashed, this City Lord Ao Lie actually took everything down, he was puzzled, there must be reasons he didn't know about it.

No matter what, City Lord Ao Lie did come forward, and Qin Chen was also slightly grateful, otherwise, he would inevitably fall into crisis.

Of course, Qin Chen dared to make such a move, and naturally he was sure.

The old man's face in Tianyue City suddenly became cold, and he said in a deep voice, "City Lord Ao, I am a member of the Gu family in Tianyue City. Please also Ao City Master to be polite."

"You are welcome? Even your City Lord of Tianyue City is not arrogant in front of this seat. What are you?" Ao Lie's eyes widened, his figure flickered, whoosh, he suddenly appeared in front of the man and slapped him severely. Fan it over.

"you....."

The person didn't expect Ao Lie to say that he would do it. His face changed and he hurriedly backed away. However, the large formation in Cangxuan City suddenly started, a terrifying force instantly enveloped him, and his figure suddenly stopped.

Snapped!

Ao Lie slapped his face fiercely, and half of his cheek instantly bulged.

"City Master Ao, you are too much!" The old man covered his face, his voice trembled, and his anger was so angry. He was also a strong man in the late Earth Sage, and he was slapped in public. What face will he have in the future?

"Excessive? The more excessive ones are still to come, huh, you are limited to get out of here within ten breaths, otherwise, this seat will directly activate the Cangxuan City Killing Array and kill everyone here!" City Lord Ao Lie said Senran. If you don't believe it, you can try!"

"In my Cangxuan city, I dare to be arrogant and dare not kill you?"

As soon as this sentence came out, the momentum of the three major forces was completely suppressed.

City Lord Ao Lie does have this strength and confidence.

The Ao family is not only the city lord of Cangxuan City, it was also a top power in Yunzhou back then. It is also related to Yunzhou. If they are really killed, they will be crowned with a name that disrupts the heritage of Cangxuan City. There is nowhere to go.

Even if their three major forces avenge revenge in the future, a few of them are dead now, how can they get it back in the future.

"you....."

The popularity of the three major forces trembled, and he didn't expect Ao Lie to give no face at all.

"One!" City Lord Ao Lie began to count, his eyes sharp.

"two!"

The faces of the people of the three major forces changed drastically, and they finally did not dare to gamble on the determination of City Master Ao Lie. After a grunt, their stature jumped, and the disciples of their respective forces rose to the sky.

Only then did City Master Ao Lie snorted coldly and swept towards the rest of the people on the square. These people felt City Master Ao Lie's gaze, and they bowed their heads, only feeling cold and afraid to look at him.

After City Lord Ao Lie glanced at Li Dongyu's body, it finally fell on Qin Chen's body. "Little friend Qin Chen, now Cangxuan city is quiet. I disturbed little friend Qin Chen just now. I say sorry here." After speaking, Ao Lie looked at everyone and said coldly, "Everyone, now everyone continues to feel that I put the shame on the front, if you still

If anyone dared to disturb my Cangxuan city's grand event inheritance, I would not blame this seat for being merciless. "

When the voice fell, Ao Lie's figure shook and disappeared.

On the square, it relaxed, everyone looked at Qin Chen in horror, their hearts beating wildly.

Unexpectedly, it turned out to be such a result in the end, Qin Chen was safe and sound, but the three major forces were all driven out.

"Qin Chen, it's okay." Ao Qingling came to Qin Chen, patted his chest and said.

Aside, Qin Tingting was also relieved.

"Thank you Miss Ao for helping." Qin Chen smiled and arched his hands.

"Where, these people are really too much." Ao Qingling said angrily.

Qin Chen smiled, did not speak, just glanced at Li Dongyu who was not far away, and saw Li Dongyu also staring at him coldly, with an undisguised killing intent in his eyes.

"Humph."

Qin Chen sneered, ignored it, sat cross-legged, and continued to understand.

The instigator of all this was Li Dongyu, but he did not expect that Li Dongyu could be so calm and let someone else do it for him, but he was safe and sound.

However, there is no time to talk nonsense with him now, and after he breaks through the Holy Land, he will kill him. Li Dongyu didn't know that he had already been sentenced to death by Qin Chen. He did not expect that the three major powers did not kill Qin Chen in this way. What concerns him most is Ao Lie's attitude towards Qin Chen, which seems to be true. Treat Qin Chen as a woman

Looks like son-in-law.

In this way, how can the task of the family be accomplished?

"It's nothing more than a jumping clown. When the inheritance event is over, let's see how I kill him." Li Dongyu's heart is cold, his heart is deep, and he continues to understand.

On the side, Qin Chen was completely immersed in his sentiment.

boom!

After activating the giant hammer phantom for the first time, Qin Chen felt that he had a touch with the giant hammer phantom. Now that he was immersed in it again, Qin Chen felt that his soul seemed to be flying, and he suddenly entered the giant hammer. Among.

Hum!

A flower in front of Qin Chen's eyes instantly came to a mysterious space.

Here, it seems to be a mysterious universe, with endless stars rotating, and among these stars, a misty and majestic figure stands, swinging a giant hammer, frantically tempering these stars.

He smashed it down with a hammer, and immediately, the endless stars were condensed, and this person was actually refining the stars.

#### [Chapter 2547: Adult](#)

Qin Chen stared at this scene in shock. In the distance, this huge figure frantically waved the giant hammer and kept smashing it down. The stars were cracked by him.

Klang Klang!

Every hammer seemed to hit Qin Chen's heart, and his body shook wildly.

The giant hammer bloomed with endless glow, and between the swings, the runes burst out and turned into chains of runes, like the rules of order, blooming with a rainbow.

Boom!

I saw a star exploded. Inside the star, molten flame erupted, erupting endless energy, and the flames burst into the sky, beautifully beautiful.

Qin Chen was completely immersed in it. He wanted to get close, but he couldn't get close. The whole figure seemed to be frozen here, unable to move, so he could only look at this from a distance, swinging the giant hammer again and again.

This figure, with blurred features and invisible appearance, is extremely tall and majestic. Standing among the endless stars, like the master of the universe, his fingers are like pillars of heaven, exuding a mottled and magnificent aura.

He stood upright, like a god, constantly wielding a sledgehammer.

a bit!

Two clicks!

Three times!

While the black shadow waved, it looked extremely rough from a distance, but when it went deep into it, it gave people an endless sense of beauty. With each hammer, endless rules and beauty were integrated, and Qin Chen was deeply immersed in it.

This is, in the refiner?

Qin Chen had never seen someone like that, turning heaven and earth into a furnace, using the sun, moon and stars as materials, it was a supernatural skill.

"Awesome, incredible, too violent, and too subtle."

Qin Chen watched this scene, completely immersed in it, and saw that every hammer of the other party was just right, and every rune was mysterious, evolving, and it seemed that it was evolving like the Supreme Dao. With the rumbling of the sledgehammer, various visions appeared. Vaguely, I heard the sound of breaking the stone and breaking the ground. It seemed that in this vision, it seemed to see that in that distant era, there were ancestors who opened up the land here. , Laying the foundation stone, building the sky

Work hard.

Those swings looked very ordinary, but each time was different, and even afterwards, every hammer drop evolved thousands of complicated runes.

call!

Qin Chen sank into it completely, watching this refining tool, and there were runes on his body, which were very similar to the runes on this giant, but they were too weak in breath.

If the rune on the giant was a dazzling scorching sun, then the rune on Qin Chen's body was like a residual candle flame in the cold wind, shaking like it might be extinguished at any time.

However, with Qin Chen's constant insights, this flame is gradually growing.

A single spark is bound to start a prairie fire!

And when Qin Chen was immersed in the giant hammer.

In the City Lord's Mansion.

Ao Lie sat cross-legged, playing with two \*\*\*\* in his hands, rubbing back and forth.

These two spheres were actually made of fine iron from the stars. They were smelted by different fires of heaven and earth. They were crystal clear, but they were extremely hard and heavy.

An egg-sized star's fine iron is as heavy as a mountain, and it can explode a mountain range when it is shot out.

But at this moment, two stars the size of a goose egg were rubbed back and forth by Ao Lie, making a crackling sound. "Master City Lord, you have slapped the face of Tianyue City, Ancient Language City, and Spirit Sword Sect in this way. Is it a bit too much? Although Qin Chen comes from the power of the Holy Lord, we must protect it, but Tianyue City, Ancient Language City And the Spirit Sword Sect, both are big in Yunzhou

Forces, in this way, we undoubtedly completely offended the three major forces, which is really unwise. "

As soon as Ao Lie returned, many masters from the City Lord's Mansion gathered in this discussion hall. An elder was worried and couldn't help but speak. Although Tianyue City and Ancient Language City are not as powerful as Cangxuan City, they are also the surrounding cities second only to Cangxuan City. As for the Spirit Sword Sect, the name of Yunzhou is even higher than Cangxuan City. Is quite far away from Cangxuan City, but the city owner

The adults don't give face so much, I'm afraid the Spirit Sword Sect will not let go.

Naturally aroused the worries of many city masters' masters.

"Everyone, this Qin Chen once saved the life of the little girl and is kind to our Ao family. Do you want this seat to die without saving?" Ao Lie said lightly, regaining his usual confident appearance. "My Lord City Lord, I didn't mean it naturally, but there should be a better way. Although Qin Chen is the descendant of the Holy Master, it is only a guess after all, and even if it is true, it is also the Holy Master power outside Guanghan Mansion. , But Ling Jianzong is equal

Li, but it is close to our Cangxuan City, I'm afraid..."

Several elders shook their heads. "Hmph, do you think the people from Yuecheng and Guyucheng appeared in our Cangxuan City because of the inheritance of the grand meeting?" Ao Lie sneered, "How can there be such a coincidence, it's just a grand event, the Xue family and the Gu family? Disciple, already

The master of the earth sage, the inheritance of the grand event is just the icing on the cake, need two old sage elders personally escort? Not for that place yet. "

"City Lord, you mean that Demon Saint Treasure?"

An elder said in shock: "But the last time the city lord of Tianyue City broke into the place privately, didn't he get out of serious injury? Didn't he give up?" "Joke, that is a treasure of the Demon Race, it is very likely to contain the will of the Demon Sage, you think Xue Tianhai would give up easily? If he gave up, the news would have spread throughout the entire Yunzhou Continent. I am afraid that the Heavenly Sage masters in Yunzhou will come, but

Now, the wind is calm and the waves are calm, and obviously the news hasn't spread out yet, and the people in Tianyue City are still hiding, obviously trying to get rid of it. "

"Damn it, this is clearly the treasure of our Cangxuan City." The old Ao family roared. "What Cangxuan City is not Cangxuan City? Treasures can be obtained by those who have the ability. This principle is universal in the world, but there is a wall that leaks in the world. Now even the Li family has come to the door. You can see the news of this treasure. Can't hide for long,

So we must go in as soon as possible. Now, it's up to Qin Chen to have a chance to break through the Holy Land. In this case, does this seat need to take care of Tianyue City and Old Language City? "

Ao Lie snorted coldly: "So, before I started, I just wanted to take this opportunity to give Tianyuecheng a warning and let them know that Cangxuancheng is not easy to provoke."

"That's it, Lord Santos is wise."

Many elders nodded one after another. This treasure is the hope of their Ao family's rise. Once it is discovered, the Ao family may be able to give birth to a Heavenly Sage powerhouse and re-emerge on the top of Yunzhou.

Who doesn't want to be a god? The Divine Sage is majestic and majestic in Cangxuan City, but it can be seen everywhere in the entire Yunzhou Continent, let alone in Guanghan Mansion. When in the Guanghan Mansion, the Divine Sage has almost no status, only Heaven Sage. , In order to have the destiny of standing in a place and become the overlord of a state.

#### [Chapter 2548: Butian Temple](#)

"People from the Xue family really deserve to die."

Many elders gritted their teeth and said. "Damn it, \*\*\*\* it, but now is not the time to kill them. When this seat breaks through the Heavenly Sage, I will definitely annex the Tianyue City and the Ancient Language City. But now, the most important thing is that you must not let other forces take the lead. Otherwise, Ao Jialian

The current Cangxuan City could not be kept. "

"The situation is indeed grim." Some elders sighed one after another: "If other forces gain the inheritance of the treasure, then advance to a few heavenly saints, our Cangxuan City will really be extinct."

"Therefore, we must not let Qin Chen have an accident. I have a feeling that this son will be the key to our Ao family's entry into this treasure this time. There is no room for loss. Whoever goes against him is with me Ao Lie Right."

boom!

Ao Lie violently squeezed the fine iron of the stars in his hand, and the terrifying ferromagnetic storm swept away, extremely firm.

"Ok?"

At this moment, Ao Lie suddenly raised his head and looked at the distant sky.

Hum!

The phantom of the giant hammer in Cangxuan City burst out with a dazzling light at this moment, and the entire phantom of the giant hammer was violently shaking, and the entire Cangxuan city was shaking violently under the vibration of the giant hammer.

"What happened?"

Ao Lie and others appeared outside the city lord's mansion in an instant, looking at the phantom of the giant hammer vibrating in the void in shock, and they were all shocked.

The Great Hammer Phantom has been passed down in Cangxuan City for tens of thousands of years, but it was the first time that such a phenomenon appeared.

boom!

I saw the phantom of the huge hammer that pierced the sky, constantly shaking, and it was actually shrinking a little bit.

Yes, it is shrinking.

The giant hammer that originally towered into the sky was a full one-tenth smaller than it was at the beginning. Although it still towered up into the sky and went straight into the sky, the change was so obvious that anyone could see it.

This change also immediately shocked countless Tianjiao experts in the square.

Everyone is looking for the reason for the abnormal movement of the giant hammer.

Hum!

I saw that in the shadow of the giant hammer trembling, a rainbow light suddenly fell and poured into Li Dongyu's body.

The soul fire on Li Dongyu's body skyrocketed again, and his breath became more terrifying.

"Secondary activation."

Everyone spoke in horror.

Shizi Li Dongyu had already activated the Great Hammer Phantom once before. This time, when he activated it again, it was clearly activated for the second time. Could it be that Shizi Li Dongyu caused the change in the Great Hammer Phantom?

Rely on. Everyone shook violently. They deserved to be the son of the Soulfire family. The talent of the son of Li Dongyu is amazing. He is not a refiner, but he can activate the phantom of the giant hammer a second time. It should be noted that in the previous inheritance, generally only Refiners, Noh II

Activate the phantom of the giant hammer.

After the giant hammer phantom became smaller, not only did it not converge, but it became more terrifying.

boom!

The terrible breath swept out, and the sky runes flowed into the light of the avenue, demonstrating the profound meaning of heaven and earth.

"This breath."

"Why do I have the urge to break through to Earth Saint?"

"Quickly, quickly realize."

Countless people exclaimed that the breath of the phantom of the giant hammer was much stronger than before, and now they felt more quickly. In fact, not only for them, the mortal sage realm martial artists, but even the many earth sage powerhouses in Cangxuan City felt at this moment that the breath emanating from this giant hammer virtual shadow made their souls sublimated, as if , Saw one

The bright road.

what happened?

Everyone was shocked, but they didn't care about thinking too much, and they sank into sentimental practice.

Hum! At this time, Ao Qingling also activated the phantom of the giant hammer for the second time, a force poured into her body, kakaka, her body made a crisp sound, and a breath of earth sacred from her Surging out from the body, there was an impulse directly into the holy earth

move.

And Qin Tingting also activated the phantom of the giant hammer once, and the aura on her body became stronger and stronger, and she was marching towards the realm of Earth Saint.

The only thing that didn't change was Qin Chen.

"How come? Qin Chen's cultivation base and strength are both above me, yet he has not been able to activate the giant hammer phantom even once?"

Ao Qingling was puzzled. She had been paying attention to Qin Chen, but she didn't expect that Qin Chen had no intention of activating the giant hammer phantom, but she didn't have much time to think about other things, and she fell into feeling again.

No one knew that Qin Chen's shock at this moment was stronger than anyone else.

He only knew that he was constantly comprehending and simulating the black shadow swinging the giant hammer, and simulating again and again, completely immersed in it. When his perception reached a certain level, the stars in the entire universe were all bombed. Up. And when countless stars exploded, it was like a miracle, and countless fragmented stars began to burn, turning into blossoming flames. These flames, as if possessing life, exude intense life. Breath, crazy

Crazy gathered together.

"Boom, boom, boom!"

In this instant, as if thousands of worlds were destroyed at the same time, a powerful and unparalleled spark burst into the sky.

At this moment, an amazing miracle happened, and all the sparks of life surged like a tide, turning into a very mysterious pattern.

If someone could see this scene with their own eyes, it would be very shocking.

And at the moment when this mysterious pattern was formed, the black figure suddenly turned around. It was a face without eye pupils, but at this moment, Qin Chen felt like being seen through by the other party.

"How many epochs, someone finally came here."

A magnificent voice resounded throughout the world.

"Who?"

Qin Chen was shocked: "Is Senior talking to me?"

He looked at the black figure, and the black figure also faced him, but there was no feeling at all. "Young man, you are the first person to start the inheritance of Sky Mending Hammer in the past tens of thousands of years. Therefore, you will have the opportunity to obtain the inheritance of Sky Mending Hammer. The pattern in front of your eyes is the refining pattern of my Sky Mending Hammer. , And this picture is my head

The first page of the basics in the outline, you can only get the endless refining inheritance of my Mending Heaven Palace if you thoroughly understand it. "

"Remember, you have only one chance, and you must complete the comprehension within the inheritance time, otherwise, the sky-filling secret pattern will erase your memory, and you will never get the opportunity to fill the sky."

That magnificent voice resounded constantly.

Patch sky secret pattern?

Patching Heaven?

Qin Chen was shocked. What kind of power is this? There is also a black shadow saying that he is the first person to start the inheritance of the sky-mending hammer for tens of thousands of years. Obviously these tens of thousands of years refer to the tens of thousands of years after the heavens are broken and recondensed, but before that, how many

The inheritance of people entering this Mending Temple? Qin Chen didn't know, Qin Chen only knew that he might have been given an unprecedented opportunity for inheritance, because the endless aura emanating from this black shadow was more terrifying than the aura of the Holy Master he had felt at the beginning, and even more terrifying.

## [Chapter 2549: Sky Patching Secret Pattern](#)

"Sky-filling secret pattern?" Qin Chen looked at the vast picture of endless stars in the sky.

boom!

Suddenly, waves of floating light were directly printed into Qin Chen's mind, and the stormy waves were rolled up in his heart.

What a nice view!

How could there be such a beautiful secret pattern in this world? This is his first impression. This picture is too perfect and contains endless profound meanings. Each profound meaning represents the highest law of life. It seems that what this picture contains is the origin of the universe and the rise of heaven and earth. Beginning is all things

Birth and death is a great fortune.

Even with Qin Chen's soul power, there were waves of dizziness in his mind, and his thinking seemed to stagnate for an instant.

wake!

wake up!

Qin Chen roared, booming, this feeling of stagnation disappeared.

"What? One day has passed?"

Qin Chen was shocked and shocked. He was just a daze, and a day's time passed. During this day, his thinking seemed to have stagnated, and he couldn't move at all.

too frightening!

If it wasn't because Qin Chen had obtained the origin of time, practiced the heavenly soul forbidden technique, had traveled through the years, and felt something wrong in his consciousness, I am afraid that he would be completely immersed in this strange state until the end of the inheritance.

His assessment naturally failed.

Incredible.

Who can pass such an assessment? Although Qin Chen didn't know how strong the Heavenly Sage was, he had a feeling that even if the Heavenly Sage was here, his thinking would be imprisoned and he would completely lose consciousness.

But this great hammer inheritance is often only effective for mortal martial artists, and even a test that can't be carried out by heavenly saints. How can a mortal martial artist be tested? No wonder this shadow said that since countless eras, no one has ever passed the test.

Because 99.99% of people cannot even enter the assessment, how can they complete the assessment?

This sky-filling secret pattern is amazing.

Qin Chen was shocked.

His pupils lit up.

The more difficult, the more excited and excited he is.

Is it patchy?

No matter what kind of power it is, he has to decide on this inheritance.

"Boom!" At this moment, Qin Chen closed his eyes and directly used the heavenly soul forbidden technique, powerful soul power, and began to analyze the sky-filling secret pattern bit by bit, and Qin Chen urged the origin of time, just stand like this Here, the whole person seems to have entered a fixed state

state.

Suddenly, the profound meaning of this sky-filling secret pattern began to be displayed in front of him, and sure enough, using the heavenly soul forbidden technique and the origin of time, Qin Chen could barely stay awake.

"In less than twenty days, this inheritance will end. I must comprehend this sky-filling secret pattern within twenty days."

Qin Chen gritted his teeth and looked firm.

The inheritance of the entire grand event took only one month. Before, Qin Chen had spent ten days before he activated the giant hammer phantom and successfully entered this inheritance space. For the next twenty days, he must not be able to There is the slightest waste.

"Dao Wen, the motivator of the rules of heaven and earth, the substantive display of the rules, the source of power." A roar in Qin Chen's mind resounded, and his soul penetrated into the sky-filling secret pattern, and immediately, endless information flooded. Now, this information is extremely magnificent. If it weren't for Qin Chen's deep understanding of runes, it's just this

In other words, ordinary mortal martial artists have felt for a year, and can't figure it out.

But Qin Chen instantly understood its core meaning.

The Secret Pattern of Patching the Sky believes that Dao patterns are the inspiration of the rules of heaven and earth, and runes are the manifestation of the rules, the source of strength, and the foundation.

For ordinary martial artists, the holy energy of heaven and earth is the foundation.

However, this patching sky map doesn't think so. It believes that rules are the origin of the way of heaven, and that all worlds have rules that operate. This is the foundation of a world.

The runes are the concrete display of the rules. The martial artist evolves the rules into runes and naturally becomes a part of his power.

After all, if a martial artist only possesses the power of Saint Yuan, how can he strengthen his physical body? Strengthen your body? How to attack?

Supernatural powers, exercises, various tactics, numerous methods, why are they born? It is because there is a mysterious power that can bloom the power of the holy source and turn it into a tyrannical attack. Very few people will explore what this mysterious power is, because there is no way to explore it, no one can explain it, only say this is a rule

, The inherent rules between heaven and earth.

The essence of the sky patching secret pattern is to explain this power and to show this power in the form of runes.

If someone can grasp the essence of this power, they can use runes to unreservedly draw out the power of the rules and the power of the holy source, forming a terrifying attack.

Moreover, the power of runes can evolve at the end, and it can trigger all the rules of the world, move mountains and seas, and destroy the world.

But Patching Heaven Palace uses this power to refine tools.

Butian Temple believes that all things in the heavens and earth can be artifacts, the universe is an artifact, the heavens are an artifact, all things are an artifact, and even life is an artifact.

And since it is a tool, it can be practiced.

Butian Palace can even refine heaven and earth, so it is called patching heaven.

"too strong."

All kinds of information flow, in addition to the essence of the secret pattern, there is also the purpose of patching the sky.

Maintaining the operation of heaven and earth, it is the guardian of heaven and earth, if there is a problem with heaven and earth, then it will repair the sky.

In ancient times, there was such a terrorist force. Qin Chen was really shocked, especially his explanation of heaven and earth, his insights into rules, and his exploration of the nature of runes. Although he had vaguely felt this before, he couldn't explain it at all, and he had never encountered it. Any one really

To analyze, until this time, he saw the sky patching secret pattern.

This is a path that leads to the highest.

Moreover, in this sky-filling secret pattern map, the saint soldiers are also analyzed.

Why is the Saint Soldier called the Saint Soldier?

Because the holy soldiers have the power of the heaven and earth origin, the level of the holy soldiers depends most fundamentally on the strength of the heaven and earth origin, but on this basis, rules have been supplemented in the sky-filling secret pattern map.

For example, a stone is the most common. It is abandoned by heaven and earth. Therefore, the origin of heaven and earth contained in it is naturally weak. It is naturally impossible to refine it into a holy soldier.

And a piece of holy iron, nourished by the essence of heaven and earth, contains the origin of heaven and earth, if it is sacrificed, it can naturally become a holy soldier.

This is what any refiner knows the truth.

But sometimes, a top powerhouse, such as a holy master craftsman, can refining a hard stone into a magic weapon with his fingers, what's the answer?

That's because the top craftsman can transform the rules of heaven and earth, the origin of heaven and earth, into rune power, and integrate it into the stone. After the stone has these powers, it is naturally no longer a stone? Therefore, in the sky-filling secret pattern, the level of refining materials does not mean everything. The real key is the refining master's understanding of the origin of heaven and earth, the rules of heaven and earth, the understanding of refining tools, and the comprehension of runes.

#### [Chapter 2550: Struggling](#)

A top crafting master can not only make magical iron into magical weapons, but the most important thing is that he can make ordinary iron into magical weapons. This is the real mastery of weapons.

Qin Chen had thought about this issue before. He was the top crafting master in Tianwu Continent. He naturally had his own understanding of craftsmanship, his own thinking, and some vague opinions.

But now, this sky-filling secret pattern map clearly lists these points of view, allowing Qin Chen's attainments in refining tools to improve at an astonishing speed.

Why, a piece of magic weapon, engraved with runes and formations, can burst out with amazing power?

Because the magic weapon itself has terrible power, and the runes and formations can trigger the rules of heaven and earth, and the real power erupts. The real power comes from the heaven and the earth, and also comes from the inside of the magic weapon.

It can be said that this sky-filling secret pattern diagram, on the surface, is a summary of the experience of refining tools, in fact, it is an explanation of the nature of heaven and earth.

"It's amazing, it's too deep." Qin Chen was shocked and was completely immersed in it.

Even Qin Chen was amazed by the many viewpoints in it, and he couldn't imagine that there was such a technique of refining weapons in the world.

He kept on understanding, and even looked at the sky-filling secret pattern again, but as he understood the refining tool, he seemed to have a new understanding of the things in the sky-filling secret pattern. Peep to the end.

He deeply realized the vastness of it.

At this moment, Qin Chen was completely trapped, unable to extricate himself.

For the first time, his previous insights seemed to have found the source. This feeling was so wonderful. He felt a sudden enlightenment and found a brand new door.

This sect called Butian Palace is too great, and Qin Chen also has a strong heart of awe for the inheritance he has obtained.

People can be fearless, but they must be in awe.

Revere the world, fear the rules, fear life, fear everything.

On the Great Hammer Phantom Square, Qin Chen sat there quietly, cross-legged, as if he had entered concentration, and became one with the heavens and the earth. At this moment, no one knew what a terrifying inheritance this humble young man was receiving.

With this insight, time flies by.

one day!

Three days!

Ten days!

And as time flies, this time, on the square, countless warriors have also undergone unprecedented transformation. For some reason, the giant hammer phantom burst into unprecedented rainbow light, shocking the world.

boom!

On the square, someone began to break through.

There were many people who could activate the phantom of the giant hammer in every grand event in the past, but the people who directly broke through at the scene were very rare, often only 1% of the people who activated it, and sometimes even very few.

Therefore, one activation can only make the physical body get some simple transformations, and only two or three activations can the physical body get unprecedented sublimation.

But this time, the people of sublimation were unprecedented, and even the people who activated the phantom of the hammer were far too many.

Hum!

The first one to break through to Earth Saint was Li Dongyu. After twenty days of comprehension, he finally began to break through.

boom! A terrible breath circulated in him. At this moment, Li Dongyu seemed to have become a god. Before breaking through, Li Dongyu himself was the most heaven-defying existence in the mortal realm. With the cultivation of the peak of the mortal realm, Kill the common earth saint

The early strong.

Once such a character breaks through, it is definitely a change of color.

A horrible breath bloomed from him, his long hair was flying, and his eyes burst into the sky with a divine rainbow.

"Hahaha!" Li Dongyu laughed in surprise, he felt full of power in his body, one by one pills, swallowed by him, the holy yuan in his body continued to condense, after breaking through the realm of the earth, it was still soaring. He suddenly entered the early stage of Earth Saint

The pinnacle of realm.

boom!

He stretched his body and released his breath inadvertently. He actually shook a warrior around him who had already reached the peak of the early days of the earth sage. The opponent spit out blood, and the source was shocked. It's terrible, it's just a breath. It actually shook a warrior of the same level into the air. It's too abnormal. It should be noted that even the warrior of the mid-earth sage peak can't even think of shaking a warrior of the early sage peak with just a breath. Fly, but Li Dongyu can do it

Arrived.

"The world is invincible."

"The son is mighty."

Many people shouted.

"Hahaha." Li Dongyu laughed, looked at the warrior who was stunned by him, and shot out a pill:

"Xiongtai, I'm sorry."

"This... the local healing pill?"

The peak warrior in the early stage of the sage took a breath and hurriedly waved his hand: "Second Li Dongyu, it's okay here, this medicine..."

"You should keep this pill. After all, Uncle Ao Lie said that you can't fight in Cangxuan City. This is a little compensation for you." Li Dongyu smiled.

"The world is righteous."

Everyone admired the five-body cast. This is the real Tianjiao, the real patriarch, unlike Xue Xingyun and others, arrogant and domineering, nor like Qin Chen, after being oppressed, arrogant, dignified soul and fire family patriarch, can actually treat an ordinary sage Warrior harmony

Qi, what kind of mentality is this?

Feeling everyone's gaze, Li Dongyu smiled slightly and sat cross-legged again, continuing to feel.

He was shocked in his heart, full of shock at the legacy of the giant hammer phantom, and he didn't want to waste even a little time.

And with Li Dongyu's breakthrough, there were endless roars on the court.

Ao Qingling also broke through immediately.

Qin Tingting also broke through.

Even, the ancient medicine master who was not in the inheritance range, just felt the phantom of the giant hammer outside the square, and Fansheng Peak suddenly broke through to the realm of Earth Holy.

In just over twenty days, there were as many as thousands of warriors in Cangxuan City who had broken through the realm of Earth Saint.

"My Lord City Lord!"

The city lord's mansion and the Ao family were shocked. In the previous inheritance, dozens of people have broken through the earth saint. Since records, before the end of the inheritance, the number of breakthroughs in the earth saint was only 70 or 80 people.

But this time, the inheritance has not yet ended, and there are thousands of breakthroughs, which is almost unheard of.

"There must be something wrong with the giant hammer inheritance." Ao Lie and the others are not idiots, and they can naturally guess something, but no one can tell what happened to the giant hammer phantom. Is it because of Li Dongyu's son? ? After all, the first son of Li Dongyu has activated the giant for the fourth time.

Hammer virtual shadow, this is the first time in the history of the Ao family in charge.

"My Lord, should you reconsider the matter of Li Dongyu's son?"

Even someone from the City Lord's Mansion made such a suggestion, because this change is really amazing. No one knows that Qin Chen, who started the matter, is still in the process of passing on, struggling.
