[Chapter 2551: Breakthrough](#)

At this moment, Qin Chen felt crazy about the sky-filling secret pattern.

He continued to feel, but the more he felt, the more he discovered the depth of this sky-filling secret pattern, almost endless.

Qin Chen's forehead was full of sweat, and various thoughts flickered in his mind, performing hundreds of millions of calculations every second.

"This is a special rune method."

"This is a perfect refining technique."

"This is a special way of analyzing life."

Every time Qin Chen glanced at it, he had a brand new insight, and he quickly remembered it after a glance.

I don't understand, no matter how much I read, I can't remember. But Qin Chen has already achieved something in this respect, and Qin Chen's research has surpassed most of the master craftsmen in the heavens.

But it is not enough.

Feelings along the way.

The sky-filling secret pattern is constantly changing, and there have been more than tens of thousands of changes.

"It's incredible."

"So detailed."

Qin Chen was amazed by it, and he continued to feel it. Gradually, he was completely immersed in it, and even the concept of time disappeared. He only knew the constant perception, the constant perception.

But at this speed, Qin Chen simply

Time, a little bit passed.

Inheritance for 21 days.

Inheritance for twenty-five days.

Inheritance for twenty-eight days.

Seeing that the day when the inheritance ends is getting closer and closer, on the square, there are more and more masters breaking through the holy realm of the earth. A rough estimate is that there are more than 13,000 people who have broken through the holy land.

hiss!

This is an extremely terrifying number.

Although there are more than one million warriors in the entire square, the ratio is still too scary.

Even more than one hundred of them have directly stepped into the peak realm of the early days of Earth Sage.

Among them, there are some warriors who are themselves in the early days of the Earth Sage, and they have also reached the peak of the early days of the Earth Sage.

If you count these people and the warriors who have made breakthroughs in Cangxuan City, this number is even more.

"What happened?" Everyone was horrified. They looked up. At this moment, the phantom of the giant hammer that had passed through the sky turned out to be extremely small. It was said to be insignificant and extremely magnificent. It was as high as a thousand meters, but Contrast with the towering sky that appeared at the beginning, no

Knowing its top, but too much is too small.

When the last day came, many people stopped feeling. Because they know that there is only half a day left, and they can't realize that much. With half a day left, this great hammer heritage will completely disappear, and it will only appear in the next millennium. Everyone has given up their feelings when they have gained a lot. , Even that

This exchange gave rise to experience.

"Brother Luo, I activated the giant hammer phantom twice, how many times did you activate the giant hammer?"

"You twice? Then I am the same as you, twice."

"Haha, I don't know what's wrong with the phantom of the hammer this time. I feel incredibly comfortable. Didn't it mean it was difficult to activate before? Why is it so simple this time?"

"Who said simple, maybe it is our group of high talents? You see that Brother Li has also broken through the realm of Earth Saint, it seems that the Li family is about to rise." "Brother Xu, are you not? Hahaha, you guys The Xu family was originally a big family in Huiyi City. Now it took only three thousand years for Brother Xu to break through the early stage of Di Sage. It should be the top ten level of Huiyi City in a hundred years, right?"

The Xu family is about to rise. "

"Hahaha, where is it, Brother Li, please contact me more in the future."

This kind of dialogue is happening in every corner of the square.

When everyone talks with each other, they will also compare each other to see who is the one who has gained the most.

This first is naturally unmatched.

Li Dongyu.

It is recognized by everyone.

At this moment, Li Dongyu was full of terrible pressure, and flames burned on him, evolving into a phoenix dragon, exuding a majestic aura.

Within ten tens of feet of his whole body, everything was vacant, no one could approach, not even the peak warriors of other early sages, as long as he got too close, his body seemed to be burned by endless flames, even the soul Pain.

"The son of Li Dongyu is too strong."

"It's worthy of being the son of the Soul Fire family, this kind of talent, I can't compare it at all."

"So it seems that the first son of Li Dongyu will become a peerless earth sage in the future, that is a certain thing, and it is even hopeful to enter the realm of heavenly sage."

"Holy God, what a cultivation level this is, the existence that I will look up to in this life."

Seeing Li Dongyu, many people were shocked, and those who were very happy for breaking through Earth Saint also sighed.

Even if they all broke through the earthly saints, the gap between geniuses was too big to be compared.

If Li Dongyu is a dragon, then they are loach.

"The young master Xue family of Tianyue City has suffered a big loss, otherwise, with their talents, the gains will be great."

"Yes, it's a pity."

"Right, what about Qin Chen?"

Soon, many people thought of Qin Chen.

Although Qin Chen's origin is unknown, in everyone's minds, this is a peerless arrogant second only to Li Dongyu's eldest son. He alone defeated Xue Xingyun, Gu Qizun, the two young masters, and Spirit Sword Sect Yun Qingzhu. Let everyone marvel.

With his talent, I am afraid that he has already entered the Earth Sage, and even entered the early peak of the Earth Sage, right?

But when everyone looked over, they were stunned.

what?

Qin Chen's breath did not fluctuate, he was still only the pinnacle of the mortal realm, without a trace of breakthrough.

how can that be?

Everyone didn't believe it at first, and then they were shocked. With Qin Chen's talent, shouldn't even the Earth Saint not break through? Didn't you see that the young lady of the Ao family beside him, Ao Qingling, had all reached the peak of the Early Earth Saint?

But no matter what everyone thinks, the aura on Qin Chen's body is indeed at the pinnacle of the mortal realm, without any change.

This.....

Many people's eyes became ambiguous and weird.

I thought that Qin Chen was a peerless genius second only to Li Dongyu's elder son, but now it seems that he is really blind, this guy is simply a waste.

In this inheritance, more than 10,000 people broke through the earth saint, but Qin Chen didn't do it. Isn't this waste?

"This son, although his strength is strong, it is a pity that he has talent."

Everyone shook their heads.

There are regrets and luck, but more are gloating.

Of course, even so, no one dared to offend Qin Chen. After all, Qin Chen could be defeated by Young Master Xue Xingyun in the early days of Earth Saint.

But this can't stop them from despising Qin Chen.

At this moment, the inheritance is over, only the last half an hour. Once noon has passed, the phantom of the hammer will disappear and the inheritance will end.

In the mysterious space, Qin Chen has also reached the most critical moment.

ten!

nine!

Eight!

Time goes back one second!

There are only three seconds left until the end of the inheritance.

But this number reaches the last one.

Hum!

The sky-filling secret pattern in Qin Chen's eyes was complete all at once.

He realized it was successful.

"Mend the sky!"

Qin Chen probed his hand, and the sky-filling secret pattern rotated, and suddenly entered Qin Chen's hand.

boom!

In Cangxuan City, the phantom of the giant hammer kept shrinking, hum, and finally, it turned into a giant one-person-high hammer, and then the giant hammer flashed and disappeared suddenly.

Hum!

Qin Chen only felt a flash of his Five Secrets, and the giant hammer appeared in Qin Chen's lungs.

boom!

The aura on Qin Chen's body suddenly soared.

Five secret mutations. Earth Saint breakthrough!

[Chapter 2552: Did you leave?](#)

Hum!

Above Qin Chen's body, a series of obscure auras surged, and the black giant hammer entered the lungs of Qin Chen's Five Secrets at some point.

The five internal organs are the Five Secrets, each time you exercise the Five Secrets, different strengths are formed.

When Qin Chen broke through the holy realm, it was the simple small sword obtained from the forbidden land that entered his heart and turned into terrifying power.

But this time, it was the Sky Patching Hammer that entered the lungs and transformed him.

Among the Five Secrets, the lung is gold, and this golden giant hammer represents gold!

boom!

A terrifying aura suddenly rose from Qin Chen's body.

Moreover, various auras flashed continuously on his body, Qin Chen was shocked to discover that from the giant hammer, a wave of power was constantly haunting, and these key powers had different rules.

This is... countless auras that have activated the giant hammer phantom Tianjiao.

hiss!

Qin Chen sucked in the air, shocked. He finally understood why the inheritance was opened. Once every warrior activates the giant hammer phantom, he will be tempered by the giant hammer phantom. That's why, while the giant hammer phantom is tempering these heavenly arrogant bodies, it also absorbs these. Tianjiao Tian

Fu, these talented talents.

In tens of thousands of years, how many Tianjiao have activated the phantom of the hammer?

Countless.

But these talents and strengths of Tianjiao have become part of the power of the giant hammer phantom.

But now, this force was all instilled into Qin Chen's body in an instant, baptizing Qin Chen's breakthrough in the transformation of the Earth Saint.

No one knows what kind of transformation Qin Chen's body has suffered at this moment.

Qin Chen, who has absorbed countless Tianjiao, has gained more transformation than any person present. No, not only present, but any Tianjiao from ancient times to the present for countless years.

However, Qin Chen did not absorb the power of these arrogances. He just realized that he did not absorb, but only used these powers to temper himself. Because these arrogances are not as good as him, if they are given to anyone present, it will be an extremely huge gain, but if Qin Chen absorbs it completely, then it is equivalent to a piece of the purest gold with countless impurities, and it may become harder.

, But also become impure.

Not only did Qin Chen do this, the Sky Patching Hammer was spinning in Qin Chen's lungs, nor did he let these powers merge into Qin Chen's body, but instead burst into countless runes.

"This is... Refining Rune..."

Sky Patching Hammer was obviously refining these powers for Qin Chen, and only Qin Chen who understood the sky patching secret pattern could spur the power of Sky Patching Hammer.

Boom! But when Qin Chen's body was undergoing transformation, it was obvious that there were no fluctuations in his body, but endless reverberations erupted between the heavens and the earth, rumbling, the heavens and the earth reverberating, and the sound of thunder rolling, as if the heavens and the earth were furious, and as if the heavens and the earth were in anger. Excite

move.

once!

twice!

Qin Chen continued to refine these talents, rules and strengths.

Rumble!

The thunder sound was also violent and rapid. Above the sky of Cangxuan City, thunderclouds appeared, and these thunderclouds turned out to be colorful.

"What's happening here?"

Everyone was stunned by this sudden situation.

This time the grand event inheritance, not only is the phantom of the hammer very weird and constantly changing, even after the inheritance is over, the world has also changed. What is going on? There was a colorful thundercloud formed, which was like thunder robbery, and did not want thunder robbery.

In the end what happened?

Could it be the abnormality of the Great Hammer inheritance that caused the wrath of the will of heaven and earth?

Everyone couldn't understand, and didn't know what happened.

boom!

Suddenly, a thunder roared. This loud noise was not transmitted in the ears, but exploded in the sea of consciousness. The people in the entire Cangxuan city felt the sea of consciousness shocked, and the originally stagnant cultivation base unexpectedly began. Got loose.

They didn't know what was going on, they just thought it was a gift from God, and they were all surprises.

However, when they went to practice, they found that this looseness was just an illusion.

This is because the changes in Qin Chen's body have led to changes in the heavens and the earth. Therefore, with a flash of colorful thunder light, Qin Chen only felt that his body was crackling and crackling, and his body had reached an unprecedented level, an ethereal body.

"Is this... the help of the will of heaven and earth?"

Qin Chen opened his eyes, he raised his head, and no one saw it. In his eyes, a burst of light pierced through time and space, disappearing into the sky.

In the next moment, the thunderclouds in the sky disappeared, and everything returned to calm.

"I understand why the will of heaven and earth will help me, repair the sky, repair the sky, if I can completely control the sky repair hammer and understand the method of repairing the sky, I can repair the heaven and the earth, and completely repair the once broken heaven. "

"This is Tiandi Will's investment in me, and attention to me!"

Qin Chen felt something in his heart.

He raised his hand. At this moment, he felt that his body was full of endless power, a terrifying breath blooming on him.

"Hey, this kid actually broke through Earth Saint at the last moment?"

After all the visions disappeared, Qin Chen's abnormal movement naturally attracted the attention of others.

"Hehe, I haven't broken through Earth Sage until now, the talent is just that."

"But it's okay. There are millions of people here. The real breakthrough talent is only more than 10,000. Then this talent can rank more than 10,000 among our many geniuses, which is not bad. ."

"So-so, haha!"

Many people talked secretly, especially some of the Tianjiao who broke through the earth sage, they were excited about to climax.

They had seen the power of Qin Chen, and naturally had an unprecedented pleasure in being able to surpass Qin Chen.

"Stupid!"

Qin Chen listened to the whispers around him and shook his head slightly. There are too many foolish people in this world. The reason why these people cannot grow into the top genius is because they put too much thought on comparison.

The most important thing for a person is to compare himself with himself. Only if he defeats himself can he continue to grow and reach the pinnacle.

The real top geniuses disdain to compare with others, because they firmly believe that they are the strongest.

"Let's go!"

Qin Chen turned around and was about to take Qin Tingting away. He had too many things to be busy, so there was no time to waste here.

"stop!"

At this moment, a cold drink sounded.

"Did I let you go again?"

The icy voice, like a tarsal maggot, instantly spread into Qin Chen's ears, and at the same time, swish, swish, a few figures flashed and stopped by Qin Chen's side.

He is a disciple of the Li family of the Soul Fire family.

The person who spoke was Li Dongyu, with cold eyes, walking slowly. "Li Dongyu, what do you want to do? Don't forget, my father said that no one is allowed to run wild in my Cangxuan City." Ao Qingling's eyes sank and said sharply.

[Chapter 2553: Gods return to heaven](#)

"Qing Ling, don't worry, I didn't want to violate Uncle Ao's intention. However, I came to Cangxuan City this time for only one purpose, and that is to marry you as a wife. But the appearance of this kid made me very Unhappy. Boy, since you also break through

After the earth saint, then the son of the world now invites you to fight, you dare to respond. "

Li Dongyu's body was filled with horrible soul fire, and his whole person turned into a pure golden color, like a god, blooming with divine light.

"Whoever wins will be eligible to marry Qingling, do you... dare?"

boom!

One stone stirred up a thousand waves.

Li Dongyu's words ignited the entire square.

Qin Chen and Li Dongyu fought, this... big event.

Who is Li Dongyu? The son of the soul fire family, there is a famous Tianjiao in Yunzhou, a world-famous figure, who has once cultivated at the peak of the mortal sacred realm, and killed the strong in the early days of the earth sage.

Where is Qin Chen?

The origin is unknown, but before using the mortal sacred realm cultivation base, he defeated the two great young masters of Tianyue City, Ancient Language City Xue Xingyun and Gu Qizun, who were powerful and powerful.

No matter who it is, it is enough to be called the legend of Yunzhou.

Now, these two people have to challenge, how not excited, how not excited.

Moreover, the challenge of these two people was to compete for Miss Ao Qingling, which even more caused countless Cangxuan city martial artists to boil their blood, and the soul of gossip was burning.

"Li Dongyu, what are you talking nonsense?" Ao Qingling's face changed, blushing, shame, and angry.

"father."

She raised her head and shouted towards the city lord's mansion.

She knew that her father must be watching and wanted him to come out and stop.

However, the direction of the City Lord's Mansion was silent.

Li Dongyu smiled. In fact, he knew the attitude of the City Lord's Mansion a long time ago, and believed that Ao Lie would not come out to stop him, because, with Ao Lie's City Mansion, he would definitely want to watch their battle.

He also believed that Ao Lie had already seen his purpose of coming to Cangxuan City this time. As long as he showed sufficient strength and talent, Ao Lie would definitely enter the urn.

"How is it? You, dare?"

Li Dongyu looked at Qin Chen with a proud look.

Qin Chen looked at Li Dongyu, and suddenly smiled. It was just a smile that made people shudder, extremely cruel.

"You finally can't help it?"

Qin Chen snorted: "Since you want to die so much, then Ben Shao doesn't mind, and satisfy your wish."

"Qin Chen..."

Ao Qingling was immediately blushing, but very anxious.

At this moment, the terrifying aura blooming on Li Dongyu's body was like an abyss. It was terrifying. Ao Qingling had a feeling that although Li Dongyu's cultivation was only the peak of the early days of the Earth Saint, his strength was absolutely sensational.

It should be understood that when he was at the peak of the Mortal Saint Realm, he had killed ordinary Earth Sage Early Martial Artists, like searching for something, and now he has broken through to the Early Earth Sage Peak, how terrifying his strength?

As for Qin Chen, although he also broke through the Earth Sage, at the last moment, by luck, there was a difference between the two. "Don't worry, I am not fighting for you. You are a person, not an object. I don't like other people to make bets. I just see this guy upset, a beaming clown, but he keeps jumping around in front of Ben Shao. He wants to die, so this young man naturally wants

Fulfill him. "

Qin Chen squinted his eyes and smiled, his eyes flickering coldly.

"Arrogant, but it doesn't make any sense."

Li Dongyu also sneered. At this time, Qin Chen was still taking advantage of his tongue.

He showed a cruel look. He had been waiting for this "good meal" for a long time, and now he couldn't wait to enjoy it.

Killing a genius of similar strength will infinitely stimulate his martial arts heart.

That's right, he is such a bloodthirsty person who has endured it for a long time before.

"All the heavens, I am the best!" Li Dongyu said lightly, but his tone was indescribably proud.

Qin Chen sneered, this person was really shameless.

There are thousands of geniuses in the world, you dare to claim to be the strongest, how can you be so courageous?

Even he didn't think so, why do you?

Qin Chen couldn't help laughing and shook his head.

"ridiculous!"

Qin Chen said.

"Then try it."

Li Dongyu's eyes were cold and booming. A terrible flame burned on him. It was soul fire. In the flame, various rules were ups and downs, which was amazing.

"kill!"

With a spring thunder in his tongue, Li Dongyu jumped up, his hands intertwined with complex handprints, and a force that shook the world, bred in his hands: "Let you see and know, the unparalleled knowledge of my soul and fire family, my soul Return to Heaven!"

Boom!

Countless soul fires surging, swirling around him, and at the same time, those flames formed the appearance of a god, standing proudly for nine days, and cranes towering soaring, as if going to the sky, invincible.

"Gods to heaven!" He blasted out with a punch, and the infinite soul fire suddenly came under pressure. The whole person and the heavens and the earth were one body. The rules of the heavens revolved on his head, and the terrifying breath exploded. At this moment, Li Dongyu is like the same god. , Master punishment and trial, there are many around

The warrior almost knelt on the ground inadvertently, looking at Li Dongyu in horror.

"This is the invincible soul fire of the soul fire family, it can penetrate the eternal soul and break the future!" "Too strong, the first son of Li Dongyu seemed to be furious, and he did not hesitate to consume the original source to display the fist of the soul. According to the rumors, This set of boxing techniques is the secret of the soul fire family. It was created by a peerless overlord of the soul fire family.

Slaughter the gods! "

"Everyone, go back, this flame power is too terrible, there is such a terrible punch in this world."

"God, the heavens return to heaven, are the gods floating in the endless soul fire? Unbelievable."

Many strong men on the square dodge one after another, shocked!

"Gods to heaven? I will send you to heaven, killing fist, ascending to heaven, the golden flames of the sun, the eternal holy law!"

Faced with Li Dongyu's peerless soul fire, Qin Chen didn't move at all. He suddenly blasted out with a fist. Suddenly, endless shadows of fists appeared in the world. These shadows of fists were mighty, forming endless regular magic fists. "Killing!" "Dominant!" "Space!" "Scorching sun!" "Jin Yan!" ... and so on. The combination of forces finally turned into the most invincible punch and merged into Qin Chen's fist. In Chen's punch, there is also a part of the cracked sky **** mark

True meaning.

When it was still the pinnacle of the mortal sacred realm, Qin Chen was able to slay the masters at the early stage of the earth sage, and even hurt the strong players in the middle of the earth sage.

Now, how terrifying is Qin Chen's cultivation base?

boom!

The endless fist might collide with the monstrous soul fire.

Click! Click! The power of the soul fire is indeed terrifying, and even contains special power. If it is only the big sun golden flame, it may not be able to be hostile, but this strike of Qin Chen contains his supreme power, and Qin Chen is getting compensation. When Tianhammer felt it, since

Of course, he also got Li Dongyu's natural aura, and understood the origin of his soul fire power. In this case, how can Li Dongyu stop?

[Chapter 2554: I'm crazy](#)

At this moment, no one can describe the damage caused by Qin Chen's blow.

Li Dongyu's Ten Thousand Souls Return to Heaven fist, an inch of explosion, Sheng Yuan was blasted backwards, turned into masses of chaotic flames, all the martial arts on his body turned into ashes, and the holy energy of heaven and earth swept into Qin Chen's world. In the divine fist.

Before Qin Chen's power bombarded his body, the terrifying power had already vaporized Li Dongyu's martial arts robe, making his upper body naked and tattered.

"What kind of power is this? How can it block my soul and fire power?" Seeing this completely different result from his own imagination, Li Dongyu, a world-famous arrogant, finally showed fear, his body, amidst the roar of Shengyuan, Cracks began to appear, and blood shook out in the eyes, mouth, and nose.

, Not what it looks like.

His hair also burned completely, and he turned into a bald head. The terrifying golden sun burned his body, and the whole person didn't have the grace and noble temperament before.

"Regular fist!"

Qin Chen fully integrated the power he had felt in the Sky Patching Hammer into this strike, and the terrifying fist power finally fell on Li Dongyu.

No words can describe the horror of this attack, and Li Dongyu has no means to withstand the attack.

boom!

His body was split apart in an instant, and in an instant, he was blasted out, spitting out blood.

Just a punch. Qin Chen merged with the power of the perceptual rules in the Sky-Mending Hammer, and punched the highest punch, and in this inheritance, he stepped into the peak of the early stage of the Earth Sage, and can also leapfrog and kill the enemy. The genius of the soul and fire family is invincible. The son of Li Dongyu,

Severely wounded, like a dead dog.

This supreme rule of the **** fist, let alone Li Dongyu, even if a warrior at the mid-level of the earth sage comes, it will be blown up.

No one can imagine how tragic this scene is, nor can it imagine the outcome of such a battle.

In an instant.

Everyone in the audience was dumbfounded, couldn't believe their eyes, each of them had their mouths widened, as if they were silly. Everyone knows the horror of Li Dongyu, the ancestor of the soul fire family, and the heavenly arrogance of the world. Except for a few people such as the first son of

Yunzhou, they are almost the top group of geniuses in Yunzhou. They are extremely talented and may even prove to be a legend in the future. character

. The Soul Fire Family is the top power in Yunzhou with a profound background. The Ten Thousand Souls Return to Heaven Fist is a world-less masterpiece, combined with the talents of the Soul Fire Family, not to mention invincible, it is also rare in the world. Once it is displayed, it is like the arrival of the gods. Everything will be

Kill, surrender, and dare not move.

However, this genius is in Qin Chen's hands, it is almost like a child's play. It is directly defeated, and even the aftermath is not left.

This this this...

Seeing this scene, all the strong on the court were first shocked and stunned. The next moment, they all screamed hysterically, and the worldview that had been formed in this life was suddenly shattered.

"what."

In the city lord's mansion, Ao Lie also shook his body, stood up suddenly, and blasted the tables and chairs under his buttocks.

The Li family's Ten Thousand Souls Returning Fist, even if it was him, had to be jealous and vigilant. It was one of the strongest kenokis. It was so exploded, his heart was shocked and shocked like never before.

"Holy Lord Inheritance, is it so strong?"

The shock he suffered inside was unprecedented.

"Too strong, how could it be so strong?"

"Ahhhh, the first son of Li Dongyu from the Li family was actually blown away with a punch. How is this possible?"

"The Ten Thousand Soul Guitian Fist, the invincible magical skill, was blown up in an instant. Am I dazzled?"

"I must be crazy, yes, I'm crazy."

Many in the crowd roared like crazy, their scalp numb in shock, and almost fainted.

Ao Qingling also trembled, her eyes filled with disbelief.

Only Qin Tingting and others were shocked, but in addition to shock, there was excitement in their eyes.

Because Qin Chen shocked them so much that they already had resistance, no matter what kind of problems they encountered, Qin Chen was omnipotent.

"On this point, is it worthy to challenge Ben Shao?"

With a punch, Qin Chen sneered at the corner of his mouth, as if looking at a piece of garbage.

Heartily, Qin Chen didn't expect to have such an effect with his punch. This Heaven-Mending Hammer's forever furnace is indeed powerful, melting thousands of rules, and sweeping invincible.

"Smelly boy, what kind of martial arts are you? I'm not reconciled, absolutely not reconciled! The gods return to the heavens, the earthly pill, burn my soul, burn the world!" Li Dongyu, who was severely injured, roared unwillingly, his whole body like He jumped up like a ghost and roared. At the same time, a pill appeared on his body. As soon as the pill appeared, a rainbow-like essence rushed into the sky, forming a heaven.

Shen Xuying, this is a local pill, and it is the top one among the local pill.

"Soul Burning Body Pill?" Qin Chen recognized what kind of pill this was. According to rumors, it was a kind of pill that could burn the soul and stimulate the potential of the martial artist. The injury recovered, and the cultivation base was increased several times, of course, the side effects were also shocking

Human, the general warrior swallows it, the soul will burn, the effect of the medicine will pass, even if it does not die, it will become a waste.

But Li Dongyu shouldn't. He is a descendant of the soul fire family and possesses special soul power, which can withstand the side effects of the Soul Burning Body Pill, but even so, there will be huge damage, causing irreparable damage to his body.

Such pills are often swallowed only in desperation.

However, in this case, Li Dongyu's arrogant character couldn't accept everything, so he found the place right away.

"Huh, I want to take the pill to reconcile and return to the peak state. How is it possible? I won't give you this opportunity. This terrific pill is not bad, so Ben Shao accepted it and brought it to me. "

This kind of pill also has an effect on Qin Chen. If you get one, you can replicate the refining process and become the pill that Qin Chen masters. How could Li Dongyu swallow it like this.

In ordinary battles, only idiots would be indifferent when the opponent swallows the pill. How could Qin Chen give the opponent this opportunity.

Boom!

He probed his hand, and the terrifying space rules lingered. Suddenly, the space in front of Li Dongyu flashed, and an invisible claw changed its shape, directly grabbing the Burning Soul Detonation Pill.

As soon as Qin Chen moved, the pill exuding powerful medicinal power reached his hand. His body shook, and the endless rules of killing were dissipated. At the same time, he lifted his right hand and swallowed the pill in full view.

[Chapter 2555: Follow the rules](#)

The powerful medicinal power formed a sacred element cycle in Qin Chen's body. Booming, Qin Chen's soul instantly burned. The medicinal effect of this soul-burning body explosive pill was really terrifying, and it could make an earth saint martial artist even burst into death. .

But who is Qin Chen?

Heavenly Soul Forbidden Technique!

The art of patching the sky! This soul-burning body explosive pill entered Qin Chen's body, and the terrifying medicinal effect was instantly refined and swallowed by Qin Chen, and various formulas and refining processes appeared in Qin Chen's mind layer by layer. And became his knowledge of alchemy

Part.

The soul of Qin Chen burned, but this burning was Qin Chen's deliberate indulgence. He had refined Li Dongyu's talents, and he also had a hint of speculation about the spirit fire power of Li Dongyu.

In an instant, the soul flame burning on Qin Chen's body was filled with an aura of soul fire.

Every soul fire burned, and each soul fire formed a rune, which was swallowed by Qin Chen, and Qin Chen's body was activated by this pill, and his skill was even further behind him. .

If at this time, Qin Chen used the regular magic fist again, the power would be even stronger. "The regular divine fist just now incorporated all of my regular power, which consumes the Saint Yuan extremely. The blow just now caused a lot of damage to my Saint Yuan, and I can't use it too much, but now I have mastered this spirit fire power, Can burn the soul, in the moment

During that time, let my body enter a completely new state, enough to make my combat power advance by leaps and bounds. "

Qin Chen's mind kept flashing, summing up experience.

"what!"

After being snatched away from the Soul Burning Body Pill, Li Dongyu was mad, completely violent, and suddenly, a breath of life and soul burning passed from his body, this breath was crazy and dangerous.

boom! In an instant, his injuries healed, and his strength skyrocketed wildly. A terrifying soul and Shouyuan breath surged wildly. The endless strength gathered together and turned into a bloody, invincible **** king, majestic and invincible.

, Saw the world.

He is burning his soul and life.

This top class family naturally has a variety of secret techniques. Even Gu Fangzhai's Feng Buqun possesses the technique of burning lifespan. Naturally, Li Dongyu will not have it. He wants to use his life to defend his dignity.

"Thousands of souls return to the sky, the face of the gods, the world is nothing, sweeping the world!"

With a roar, Li Dongyu turned into a peerless divine lord, punching again, rolling in, in the sky, countless ghosts of the gods bowed their heads, as if to surrender, even the world seemed to tremble under this blow.

"Ahhhhh..."

Many martial artists in the surroundings retreated madly and couldn't bear this breath. This breath was too strong, bang bang bang, and many nearby martial artists couldn't bear it, and they knelt down one by one, shaking.

This is a pressure from the soul level.

"Humph!"

Qin Chen stayed still, and condensed the Saint Yuan again: "It's just an ant character. If you pretend to be dead, there is still a way to survive, but you have to die. Naturally, the young man can't let you down. Rule the magic, kill!"

While speaking, Qin Chen's rule of law, killing fist, and sacred method of replenishing the sky, Da Ri Jin Yan brewed on his fist, and the terrifying fist swept out and crashed into Li Dongyu's attack.

Boom!

Qin Chen's whole body was full of energy, endless rules revolving outside the body, eternal changes, dragons and snakes evolved, he came to the world like a world-famous god, and his body was full of golden light, and the scorching sun burned, exuding an aura almost like a peerless earth.

☹!

And Li Dongyu's terrifying aura, the flame was instantly extinguished by this blow, and the whole person was like a trapped beast, fighting desperately.

"I'm not dead yet?" Qin Chen strode forward, showing a repressive trend. His figure is majestic, really like a **** over the world, in charge of the world. When he walks there, there is his kingdom, the eternal only existence in this world. His whole body, countless rules flashed out,

Thousands of rules, like the stars in the night sky, blended into his big hand, yet another punch hit Li Dongyu's body.

Boo! Li Dongyu's entire body exploded, and blood spattered everywhere in his body, instantly becoming a blood man, but at a critical moment, a mysterious power emerged from his body, protecting his heart, and the whole person Fly upside down

Get out.

His pupils stared at Qin Chen, full of endless hatred.

"Huh? Not dead? What kind of power is this?"

Qin Chen's eyes sank. This power was clearly not Li Dongyu's own power, it should be the special guarding power injected into his body by the soul fire family.

However, no matter what force, Qin Chen could not stop Qin Chen from killing him.

"dead!"

Qin Chen drank coldly, the power of the golden flames of the sun was launched, and the endless flames burst out, and the entire martial arts arena seemed to have a big explosion, making everyone blind and unable to see anything.

When the fire dissipated, there was already one more person in the field. It was a tall old man, like an eagle catching a chicken, with a person in his hand, it was Li Dongyu.

Li Dongyu was drooping, not knowing whether it was alive or dead.

But Qin Chen knew that Li Dongyu was not dead. At the critical moment, the old man suddenly appeared and rescued Li Dongyu.

"Boy, you are crazy!"

The old man said gloomily, his eyes were white, his body was cold, his nose, eyes, and pupils were cold, and he stared at Qin Chen firmly. He was wearing a robe from the soul fire family. The peerless powerhouse of the soul fire family.

Before, he had been hiding in the dark, until now, he suddenly shot.

He stared at Qin Chen, inexplicably, Qin Chen's heart was chilled, and a strong sense of crisis permeated, this old man is going to kill him.

at this time.

Hum!

In front of Qin Chen, a figure suddenly appeared, City Lord Ao Lie, exuding a peerless aura that suppressed everything.

"Poison Luo Xin, Qin Chen and your Li family boy are a fair duel. You are a senior, don't you want to intervene?"

Ao Lie said solemnly.

"Ao Lie, do you want to stop me?"

The old man's rolling eyes were all white, which made people chill in horror, and the sound was harsh, like nails sliding on glass, making people shudder.

"In your soul and fire family, you can follow the rules of your soul and fire family, but in my Cangxuan city, you have to follow the rules of my Cangxuan city, duel fairly, and be willing to bet." Ao Lie said solemnly.

It can be seen that he is also quite jealous of the old man.

"Haha, well, Ao Lie, I have remembered what you said, and I hope you will not regret your decision today."

The old man snorted coldly, his figure shook, and suddenly disappeared with Li Dongyu. At the same time, many masters of the soul fire family also disappeared, obviously leaving here.

"Little friend Qin Chen, come with me." Ao Lie glanced at Qin Chen, and disappeared into the square after shaking his body.

[Chapter 2556: Please sit down](#)

When City Lord Ao Lie left, the entire square breathed a sigh of relief.

But it was still silent, and everyone looked at Qin Chen in horror, with endless fear in their hearts.

When Qin Chen's gaze came over, everyone was bowing their heads, not daring to look into his eyes.

This is a peerless ruthless man. In Cangxuan City, he dared to openly kill the son of Li Dongyu of the Soulfire Family. It was too crazy. If it weren't for the powerhouse of the Soulfire Family, I'm afraid the son of Li Dongyu would have fallen.

Who dares to provoke such a lunatic?

Qin Chen's eyes flashed. He knew that after today's battle, his fame would spread quickly. If Qianxue, Ruyue, and Sisi were nearby, he would definitely hear his reputation. "Qin Tingting, ancient medicine master, Kong Lao, just now City Lord Ao Lie asked me to come over. I suspect there should be something to discuss with me. It seems that this young man can't return to Chendi Pavilion first. In this way, I will teach you some peerless Supernatural powers, good

Cultivation will help me develop Chendi Pavilion and cultivate strength. "

While speaking, Qin Chen pointed his finger and inflicted countless cultivation marks into the bodies of three people. These marks were all from the marks of countless Tianjiao in the Sky-Mending Hammer, and they had become Qin Chen's own perception.

In addition, there are cultivation techniques from Feng Buqun and so on.

Feng Buqun was a strong man in the middle of the earth sage, Gu Fang Zhai Zhai, although he was killed by Qin Chen, but some of his cultivation experience, the understanding of heaven is very suitable for Shang Gukong.

Now Shang Gukong is only one step away from the Mid-Earth Sage. After absorbing these cultivation techniques, coupled with the resources of the Chendi Pavilion, as well as the aura of the previous sky-repairing hammer, it is only a matter of time before it can break through the Mid-Earth Sage. .

The only trouble is that Shanggu Kong's longevity is not much.

"Om!"

A pill appeared in Qin Chen's hand, and the pill contained the strength of the years, and it was thrown into Shang Gukong's palm. "This pill is not a time-returning pill, but it also contains the power of time. It is condensed by this young man's sacrifice and refining the longevity of the original source, which can extend your life for a certain period of time, and it also contains Contains a lot of the power of the holy source, if you cultivate

When, it is enough for you to break through the mid-term cultivation base of the Earth Saint within a month. "

"Once your cultivation base breaks through, then Shouyuan will naturally be replenished, and then Ben Shao will refine the Years Rebounding Pill for you." Qin Chen didn't know what was wrong with the city lord, he was just on a whim, and felt that during this time. There may not be time to refine the time-returning pill, so I used Feng Buqun's origin and time to refine such a pill.

With such a pill, Shang Gukong would definitely be able to enter the mid-Earth Sage realm, and then sitting in the Chendi Pavilion should be enough.

"Thanks for less dust."

Shang Gukong's body trembled with excitement, holding this pill, extremely pious.

Chen Shao is indeed a gentleman of Xinnuo.

"Well, you guys, I hope you can understand it as soon as possible and make breakthroughs on your own. For Chendi Pavilion, you must manage it diligently. If you have any questions, you can go to the manager Zu Anming or Gao Feng Cai. They should help."

After Qin Chen confessed, he immediately turned around.

This Cangxuan City is too small, just a city, Qin Chen cannot be trapped here, and he still needs to look for Qianxue and the others, and it is enough to leave Shang Gukong in Cangxuan City.

"There is little dust, we must manage Chendi Pavilion well."

Qin Tingting, Ancient Medicine Master, and Shang Gukong all said firmly, full of confidence, they all broke through the earth sage, and there is also the Ji Fan wild sage slave of Gu Fangzhai, enough to control the situation.

No matter how bad, you can still find the City Lord's Mansion. Moreover, Shao Chen is also in Cangxuan City now.

"Okay, when I finish dealing with the matters of the City Lord's Mansion, I will come to you again."

After the arrangement, Qin Chen walked to the waiting Ao Qingling and said, "Miss Ao, let's go."

Ao Qingling looked at Qin Chen with her beautiful eyes, Qin Chen's tall image of defeating Li Dongyu in her mind kept thinking back, making her heart beat like a deer.

Which woman does not cherish spring?

Which beauty does not love heroes?

And Qin Chen is a hero!

"Go!" Ao Qingling chuckled and moved closer to Qin Chen.

Huh!

The two of them flashed into the void and disappeared.

"call!"

"Unexpectedly, Chen Xiao, it is so terrible, this time we are with the right person." Shang Gukong looked at the place where Qin Chen disappeared, exclaimed. "Yes, but Young Chen almost killed the first son of Li Dongyu of the Soulfire family before, I am afraid that the Soulfire family will not let it go so easily." The ancient medicine master shook his head: "The old man of the Soulfire family before, has a terrible breath. Should be too

A peerless saint, right? "

"Huh, what's the matter with so much? Since Young Chen dares to do it, he is sure of it. What's more, this is Cangxuan City. What can I do to offend the Soul Fire Family?" Qin Tingting's eyes flickered, and he believed it more than ever. "Yes, this is an opportunity for us. If it weren't for the dust, the old man, I am afraid I will die in the ancient bell school soon, and now, the old man is about to enter the middle stage of the holy earth, and you have also broken through Established

A top power in the mighty Cangxuan City, don't forget, these are all given to us by Shao Chen. "

Shang Gukong exclaimed. "Yes." The ancient medicine master smiled bitterly: "If it were not for the dust, my ancient medicine hall would have been annexed by Gu Fangzhai. From then on, I was oppressed by others and lived a life of nothing but now, with great power in my hand, life is wonderful. , On the way to Dan, I

There is still a lot of way to go, and these hopes are brought about by less dust. "

The ancient medicine master said gratefully: "Even if you die tomorrow, it's worth it."

"Yes, we now have hope. Unlike before, there is no hope at all. Now that we have enough resources and enough pills, we can quickly improve our cultivation base. In this heaven, we may not be able to leave our legend. "

Shang Gukong was confident and full of spirits.

At this moment, Qin Chen had already arrived at the City Lord's Mansion.

In the City Lord's Mansion, City Lord Ao Lie was already waiting in the hall, and in the hall, several top powerhouses in the City Lord's Mansion were sitting on both sides.

"This is about to happen."

Qin Chen glanced, his eyes flashed.

"Little friend Qin Chen, please sit down." City Lord Ao Lie, the peerless earth saint, is more polite towards Qin Chen at this moment, and many city masters' masters also showed some fearful aura when they watched him.

Qin Chen knew clearly in his heart that this aspect was because of his own strength, breaking through the earthly sage, and defeating the son of Li Dongyu of the Soul and Fire family with thunder, and on the other hand, it also made them more affirmed of their identity as heirs of the Holy Master. Although I trusted it before, I'm still not sure, but in the square battle, he used the early cultivation base of the Earth Sage to easily kill Li Dongyu, who was able to easily slay the peak of the Early Earth Sage. The strength he showed has almost reached the point of the peak of the Mid Earth Sage. , Even stronger.

[Chapter 2557: send invitation](#)

With this kind of strength, even the steward Cai Gaofeng of the City Lord's Mansion is very jealous of him, and Cai Gaofeng is the veteran mid-sage peak powerhouse.

It can be seen that I am shocked by them.

In the history of Guanghan Mansion, there has never been a Tianjiao who has just broken through the Earth Sage and has the strength of the mid-Earth Sage peak.

If none of this can verify the identity of their descendants of the Holy Master, then Ao Lie and the others will be blind.

Of course, this was also shown by Qin Chen deliberately. As long as Ao Lie and the others firmly believed in this, they would be equivalent to holding a Shangfang sword in their hands, and they could hold chicken feathers as an arrow.

"Thank you City Lord, the junior has just made a breakthrough and is about to consolidate my cultivation. I don't know if the City Lord called me over, what is going on?"

Qin Chen sat down on the next chair, upright, neither humble nor overbearing, and his voice was gentle, showing the manner of a big man. "Little friend Qin Chen, this old man naturally knows that, first of all, the old man would like to congratulate him on his breakthrough in the sage. If he wants to come to Xiaoyou Qin Chen to break through, he needs a lot of sacred yuan to consolidate. The underground holy veins are completely open to

Little friend, let him consolidate his cultivation, how about? City Lord Ao Lie did not immediately answer Qin Chen's question, but said instead.

Open the Holy Vein?

Qin Chen's eyes flashed, is this Ao Lie so generous? Qin Chen had also practiced in the City Lord's Mansion before. Naturally, he knew that the power of this ancient Saint Vein was not inexhaustible. He had not broken through the Earth Sage before, so he had absorbed a lot of breath, enough to make this The ancient holy veins consume some energy

Measured, now that he has broken through the earth sage cultivation base, how much power needs to be consolidated?

This is definitely an astronomical figure. If you really open up the Holy Veins for yourself to consolidate, the ancient Holy Veins of the Ao Family will definitely suffer huge damage.

When the Ao family did this, they clearly wanted themselves, and they wanted very much.

However, Qin Chen couldn't refuse such a temptation.

Now he has just broken through the Earth Saint, and what he needs most is Saint Yuan.

"Then thank you Lord City Master." Qin Chen nodded and said calmly, without saying much.

He was not in a hurry, Ao Lie called himself, and would rather offend the soul and fire family, should not just want to say this.

"Haha, refreshing." Ao Lie glanced at Qin Chen appreciatively, and was extremely satisfied. There is such a character in this world, and he is indeed the descendant of the Holy Master. "By the way, little friend Qin Chen, the old man has shown many rules when you played against Li Dongyu before. It is extremely terrifying. I am afraid that the strength of today's little friend is not weaker than some mid-level peak powers. Time condensed and succeeded

How many Taos are there in the origin of the Earth Saint?" City Lord Ao Lie said again.

This is testing Qin Chen's cultivation.

The martial artist breaks through the earth sage, the earth sage origin will be formed in the body, these origins, fusion rules and other powers, like a chain of laws, appear as a chain.

In general, the more you master the origin of the earth, the stronger the strength.

"This young man has just broken through, and there are not many condensed Earth Sage origins, only one hundred and eight." Qin Chen said a number at random.

"What? One hundred and eight Earth Sage Origins?" The masters present were shocked, even City Lord Ao Lie felt a little weird.

This is a number that makes anyone feel terrified.

It should be noted that when the ordinary saints break through, they can condense more than ten original rules, which is already very scary, some are few, or even only a few.

Of course, there are also high-end talents who can condense dozens of Dao at once, but they are all peerless geniuses, outstanding among the holy ones.

As for the breakthrough, he condensed hundreds of Dao Dao, let alone never seen, never heard of it.

It should be noted that even if it is Cai Gaofeng who is at the peak of the veteran Earth Sage mid-term peak, he has only condensed a hundred times now. This is already the number of Earth Sage origins condensed by some top Earth Sage mid-term peak powerhouses.

"My Lord City Lord, when you first broke through the Earth Sage, you also condensed forty-nine Earth Sage origins, right?" An Ao family elder said in shock.

"Not bad."

"It's terrifying, worthy of being the descendant of the Holy Master, the arrogant chosen by the Holy Master."

"Just after breaking through, he has condensed more than a hundred Earth Sage Origins. When he cultivates to Master City Lord's Peerless Earth Sage cultivation level, how strong will he be?"

The masters in the hall all whispered secretly, whispered, shocked inexplicably.

Qin Chen smiled secretly in his heart. His condensed Earth Sage Origins are actually far more than 108, because the Heaven Patch has tempered countless Tianjiao rules, and the Earth Sage Origins he controls are currently close to more than 300 Taos. .

Moreover, this is only because he has just broken through. Once his cultivation level is improved, he will condense more, and the intensity of each path is more terrifying than ordinary earth saints.

Otherwise, in the realm of Earth Sage, ascending to the sky one step at a time, why can he leapfrog and fight? "Unfortunately, no matter how much I condense the rules of the Earth Sage, it is impossible to fight the Peerless Earth Sage. Once an Earth Sage master enters the late Earth Sage, the origin of the Earth Sage will be transformed, and when it reaches the peak of the late Earth Sage, it will be even more advanced. High-level innate advancement,

You can't win by simply relying on quantity. There is a huge difference in quality. "

Qin Chen also knew the gap between himself and Ao Lie, a peerless earth sage.

He is now doing his best to shoot, and he may not be able to kill the warriors of the mid-level sage peak like Cai Gaofeng, but he must be careful when encountering a peerless earth sage like Ao Lie.

Otherwise, the old man from the Soul Fire family would not give him such a strong sense of crisis.

"We still have to consolidate as soon as possible and break through again."

Qin Chen's eyes flashed.

"Okay, it really deserves to be a little friend, awesome, this way, the old man will be more sure about the next plan." Ao Lie finally revealed his purpose.

"plan?"

"That's right, little friend Qin Chen, you have also seen that in this grand event, countless arrogances have come, and there are many masters lurking in my Cangxuan City. Do you know why?"

"Why?"

"Because there is a treasure of the Demon Race near my Cangxuan City."

"Devil Treasure?"

Qin Chen was taken aback. Although he finally knew what Ao Lie had asked him to do, he was even more puzzled.

This treasure, why do you want to tell yourself that he doesn't believe that Ao Lie is so kind, and the heaven and the earth are all respected for profit, and no one will just give you the benefit.

Ao Lie appreciated Qin Chen's calmness even more.

"Little friend Qin Chen may be curious about why the old man told you this, the old man will not hide it from you, if the old man is right, he should be the descendant of the holy master?" Ao Lie said lightly.

"What? How do you know..."

Qin Chen was taken aback, as if he had been revealed a secret, his body exuded a look of vigilance.

"Hahaha, little friends don't have to worry, the old man guessed it by himself, the aura on the little friend is extraordinary, and coupled with the talent of the little friend, the old man has seen the Lord of the Lord from afar, that kind of aura, Very familiar, but the little friend put

Heart, the old man has no malice. "Ao Lie laughed, seeing Qin Chen's performance, believing his own guesses even more.

[Chapter 2558: Time to go](#)

He sighed and said: "That treasure of the demon race, located in a very evil place in our Cangxuan city, was left by a demon race in the ancient heavens. The demon race was later destroyed for some reason, and that place was easily changed into There is a mass of ruins, and the spirit of the soul is strong. My Ao family has been in Cangxuan City for more than 10,000 years. I only discovered that the treasure was taken out by accident not long ago. The old man had secretly explored the treasure of the Demon Race. It should be a heritage of the Demon Sage. Land, but there are so many dangers inside, the old man almost fell, thinking about

After having the opportunity to explore again. "

"But who would have thought that the news of the Demon Saint Treasure has spread out in a small area, and now some forces in Yunzhou already know about it, and that the Soul Fire Family, Tianyue City and other forces also came for this. "So, my Ao family can't wait long and must enter it as soon as possible. It just so happens that during this period of time, the heavens have changed, the magic holy treasure has some visions, and some of the evil spirits in it have also been destroyed, so go in. The most treasured good chance. "

Ao Lie explained in detail.

"Could it be that Lord City Lord wants to pull me in together?"

When Qin Chen heard this, his heart moved a little. There must be treasures in the Demon Sage Treasure, and he had to break through the Heaven Sage within three years, otherwise he could not solve the Tianwu Continent crisis.

Cultivation alone is not enough, you must look for treasures, and this demon saint treasure is too suitable for you. However, Qin Chen still guessed. Ao Lie told himself the reason for this. In terms of strength, the Ao family's masters should be much better than him, right? Even Ao Lie, a peerless earth saint, is dangerous to enter, why would he bring his own saint?

Early warrior?

"Little friend Qin Chen should be wondering why I brought you." Ao Lie seemed to know Qin Chen's doubts: "Because you are the descendant of the Holy Master, a natural fortune, no matter where you go, it is easy to turn danger into peace. Kind of luck." "Actually, the old man may not take you with you. After all, your cultivation is too weak. The old man gave you a test, which is to pass on the earthly saints at the grand meeting. I can't think of the little friends to do it easily. The strength is so terrible, so old

The husband's confidence is even stronger, otherwise the old man will not completely open the holy veins to the little friends. "

"This time the treasure trip is full of crises. The little friends must try their best to improve their strength, and we will have more hope here and get the treasure."

Ao Lie was extremely sincere and thoroughly told the truth.

"That's it."

Qin Chen's heart suddenly felt like this, but the explanation was clear. According to luck, it was extremely popular in places like Heaven.

If Ao Lie firmly believes that he is the heir of the Holy Master, it is no wonder that he will bring himself together. "Little friend, my old man is telling the truth, you have a lot of luck in your body, and you are clever and extremely powerful. You should not be weaker than the average mid-earth peak warrior. Although you can't be strong, you can barely protect yourself. , For my city lord mansion

Get the treasure, there is enough help. I don't know if you're willing to go together, little friend?" City Lord Ao Lie said.

"Yes, the Demon Sage Treasure can only be encountered and cannot be found. This young man is naturally interested, otherwise how to cultivate into a Heavenly Sage." Qin Chen said proudly.

"Haha, okay, let's go together, I don't know how the little friends want to divide the treasure? How much do you want?" City Lord Ao Lie said.

"Haha..." Qin Chen laughed and said, "City Lord Ao Lie is talking about how to divide the treasure. It's too early? When you get the treasure, it's not too late." There was silence for a while, and Ao Lie also laughed: "Awesome, the little friend is really a character. No wonder he has great luck in him and he doesn't care about it. It's for my sake. It's luck that my Ao family can cooperate with characters like Xiaoyou.

If you want to rule the roost in the heavens, our Ao family can be your backing. "

This is a serious statement, but everyone present knows that behind Qin Chen, a Holy Lord is supporting him. The future is boundless, and maybe there is a real possibility of contending for the hegemony in the heavens.

Now the heavens are full of waste, the dragons have no heads, the princes rise together, and the battle between humans and demons is a chaotic era.

"I don't know when City Master Ao will leave." Qin Chen asked. "We should not be too late. We will leave in three days. I have already calculated that the vitality of the Demon Saint Treasure is now fluctuating greatly. Five days later, it will be the weakest day. The major forces are now ready to move. Ok if it's late

Now, in case it gets ascended by other forces... the consequences are unimaginable. "

Ao Lie said.

"Okay, please also ask City Master Ao to open the Holy Veins and let me practice. Three days later, I will leave on time."

Qin Chen stood up.

"The old man will send you off."

City Lord Ao Lie waved his hand and opened a passage. Suddenly, a vast underground sacred vein appeared, blooming with endless light.

Above that Saint Vein, there is an astonishing large formation, and even the peerless Earth Sage masters can't break in, and must get the approval of the Ao family.

"Young Master Ben will go first."

Qin Chen was not polite, stepping forward and stepping directly into the holy vein.

boom!

As soon as Qin Chen entered the holy vein, the terrifying ancient holy origin aura swept over all of a sudden, more than ten times richer than the previous training room.

"Awesome. Cultivating here, I might be able to reach the peak realm in the early days of Earth Saint in one fell swoop."

Qin Chen was overjoyed. He knew that the time was urgent, and he did not neglect. He practiced directly. Suddenly, the endless holy energy of heaven and earth surged crazily and poured into his body at once, washing his meridians.

Boom boom boom!

Qin Chen's physical strength was madly changing.

Qin Chen at the moment was like a giant whale, devouring everything around him frantically.

In the main hall of the City Lord's Mansion, many powerful Ao family members were surprised to see this scene. The movement caused by Qin Chen's absorption of ancient holy energy was too terrifying, and it was comparable to a peerless earthly saint.

If it is absorbed at this rate, I am afraid that within three days, their Ao family's ancient sacred veins will be consumed by half.

"Patriarch, is it terrifying for Qin Chen to absorb the Holy Veins?"

Many elders of the Ao family were in pain for a while, this is the foundation of their Ao family's foothold. Ao Lie was also a bit painful, but when he gritted his teeth, his eyes burst into the rainbow, and he said in a deep voice: "Everyone, as the world changes today, the major forces are about to move. My Ao family must seize the opportunity. The more the saint veins lose, the more The luckier the little friend, this is for me

For the Ao family, it is a good thing. "

The other elders nodded painfully, and that could only be the case.

As time passed, the members of the Ao family began to prepare, and various treasures, pills, talisman, and various methods were being arranged everywhere.

Finally, three days passed.

Boom!

The ancient holy veins lost more than half of it all at once, becoming dim and dull.

But Qin Chen exploded with an extremely terrifying aura, shaking the entire City Lord's Mansion.

From the early days of the Earth Sage, Qin Chen stepped into the peak of the early days of the Earth Sage.

"Finally consolidated the cultivation, thanks to this ancient holy vein, otherwise, it would be possible to fully consolidate it without a few years of cultivation alone."

Qin Chen stood up. Time is up, it's time to go.

[Chapter 2559: Yama Demon](#)

Boom!

Qin Chen stepped out one step and appeared directly in the city lord's mansion.

"hiss!"

At this moment, many powerhouses in the city lord's mansion have gathered, and when they feel the breath of Qin Chen's body, they suddenly change their colors.

In just three days, the aura on Qin Chen's body was even more terrifying than it was three days ago.

This young man seemed to be improving all the time.

"Congratulations, little friend, the cultivation base has been increased."

Ao Lie said in a deep voice, "I don't know if the little friend is ready, do I need to arrange it."

"No need to arrange, leave now!" Qin Chen shook his head.

When I moved on the square at the beginning, the arrangements had already been made, so naturally there was no need to drag.

"Okay, do it now, everyone is in place."

City Lord Ao Lie issued an order and stood up.

Boom! In the sky, a magnificent ark appeared. This ark was nearly ten meters long, but the aura on it was condensed, and various runes and formations flickered, bursting out astonishing aura, even when the light on it flickered, There is a heart palpating

The aura of is radiating, this is, the aura that is comparable to the Heavenly Sage's level, suddenly spread into Qin Chen's heart.

"Is this a Heavenly Sacred Treasure?" Qin Chen's face was silent, but he was taken aback.

Heavenly Sage Treasures can only be refined by a Heavenly Sage-level refining master. They are amazingly powerful, and they are enough to shake the earth.

Qin Chen has seen the treasures of the Holy Lord in the forbidden land, but has not seen the treasures of the Heavenly Sage. It seems that the treasures of the Heavenly Sage are much inferior to the treasures of the Holy Lord, but they are stronger than those of the Earth Sage. Too much.

Now, the treasure of the Ark appeared in the sky above the city lord's mansion, blooming with radiance, shrouded everyone, and guarded everyone in the center. "This is the treasure of our Ao family, Noah's Ark." Seeing Qin Chen's expression still, City Lord Ao Lie nodded to himself, as he deserves to be the descendant of the Holy Lord, and in front of the Heavenly Sacred Treasure, he was not surprised at all, "The Ao family has such a treasure,

You can sit in Cangxuan City, where no one has dared to move for thousands of years, so that the surrounding cities dare not peep. "This Noah's Ark seems to be a little broken, and the formation on it is also a little broken. It should be a prehistoric treasure, and its power should not reach its heyday, and it can't exert its maximum power. "Qin Chen got the inheritance of Patching Heaven Palace, carefully observe

After a while, he said.

Although the breath of Noah's Ark was strong, it was clearly not in perfect condition and was somewhat incomplete. "Little friendly eyesight, this thing is obtained by my Ao family from an ancient relic. It has a history of countless years. Moreover, the heavenly sacred treasures must be comprehended in order to truly and thoroughly motivate them and exert the strongest. Power, plus this Noah

The ark is indeed a little broken, but even so, it is a heavenly treasure. "

Ao Lie shook his head and sighed: "If the old man can break through the realm of the heavenly sage, perhaps he can use the heavenly sage's mystery to completely repair the Noah's Ark and pass it on to future generations. Otherwise, it will be a problem after all."

"Haha, City Master Ao Lie was joking. With City Master Ao Lie's cultivation base, even a broken Heavenly Sage Treasure is enough to be invincible among Earth Sages." Qin Chen complimented calmly. "It is true. As long as the other party has no heavenly treasures, the old man is naturally invincible." Ao Lie said proudly, very confident, that Noah's Ark immediately enveloped everyone, everyone only felt that a flower in front of him had appeared in Noah's Ark. internal

.

Hum!

The next moment, Noah's Ark flashed, and suddenly escaped into the void, tore the rules of the heavens, and instantly passed through the infinite space.

Huhu!

Qin Chen only felt that the outside space was retreating rapidly.

"Awesome, worthy of a heavenly treasure, this speed is really terrifying."

Qin Chen was shocked. This was much faster than taking off. It was far faster than the ordinary peerless earth sage. If used for escape, I am afraid that unless the heavenly sage is strong, the ordinary peerless earth sage will never catch up.

Qin Chen's heart was moved. It seemed that he would have to get such a flying treasure sometime.

In fact, in the inheritance of Patching Heaven Palace, there are many ways to refine flying treasures, but now Qin Chen does not have enough materials, and there is no such cultivation level for the time being.

Boom!

After flying for about two days, the void in front of him was suddenly pitch black and eerie and terrifying. It was no longer the turbulence of the celestial space, but the devilish energy, like an ancient demon realm.

"The land of the demons is here."

Noah's Ark shook, and everyone leaped out of the turbulent flow of space, and they saw huge gloomy mountains, deserted valleys, and countless cold demonic energy permeating all around.

What a strong spirit of ghost.

At this moment, Qin Chen came out of the turbulent flow of space and saw the first reaction of the scene in front of him.

The rolling mountains are all black and dense forests, shrouded in fog, and a long canyon with no end, seems to lead to the distant gate of hell, the kingdom of the devil.

The black mist that filled the air was extremely poisonous, and the ghostly devilish energy caused a bitter chill on the bodies of the Deao family's powerful masters. "This is the periphery of the Demon Saint Treasure. The ghost spirit and demon energy inside contain the endless cold power. No one can survive in it. Only the peerless earth sage can resist it. Ordinary earth sages will be defeated as soon as they enter. These demons

Qi decomposes, turns into pus, and becomes the nutrient of devil qi, a dead end. "An Ao family veteran said, "Once, I wanted to go in and see what was going on, but only after I penetrated more than a hundred meters into it, I was corroded by the terrible devilish energy for several Dao Sage origins. If it weren't for the early exit, I'm afraid I would fall into it and turn into a pile.

Bones. "Yes, the black mist outside this canyon is called 'Yan Luo Demon Qi.' The rumor is the power of the legendary Yan Luo Demon Clan. The Earth Sage can only resist it slightly. If it takes a long time, it will be eroded. City Lord Ao Lie said: "Deep in the Demon Valley,

There is also a large formation of demon energy that can kill the peerless earth sage. The lord of Tianyue City, Xue Wudao, went into the depths by mistake and activated the great array of magic. come out. "However, in order to enter this demon treasure, I have studied hard, and now I have worked out a method to resist the devil energy of Yama, combined with Noah's Ark, can resist the devil energy. Of course, it's also because it's the weakest time for this Yama's devilish energy.

The old man discovered this place for the first time, and it was at least one-third weaker. "

Ao Lie said solemnly.

"Yan Luo Mozu?"

Qin Chen's eyes flashed. "Yes, the Yan Luo Demon Race is one of the tens of millions of Demon Races. There are many races among the Demon Races, including the highest-level Abyss Demon Race, Sky Demon Race, and some Dead Demon Race, Spirit Demon Race, and even some The ordinary demons flying up from the lower planes, and the Yama demons are not strong among the demons, but they are not weak, they are medium. However, in the ancient war, the Yama demons suffered heavy losses. The old man suspects that this is the Yama demons. The clan used to be an important stronghold, otherwise there would be no demon saint breath released

Come. Ao Lie explained.

[Chapter 2560: Deep meaning](#)

Qin Chen nodded. He also learned from various materials that there are many types of demons in the heavens. The so-called demons are not just one race, but a union of countless races.

"These demons are really powerful, let me see if they can be refined?"

Qin Chen suddenly leapt out of Noah's Ark, and his whole body entered the black fog, which surprised all the Ao family elders and even City Lord Ao Lie.

"Little friends come back quickly, you are too dangerous like this."

"Your cultivation base is the early peak of the Earth Sage. No matter how strong the Earth Sage origin is, this ghost and devil energy can quickly corrode your power. Come back soon."

"Don't act rashly, you are dying like this." Seeing Qin Chen rush into the valley rashly, the people of the Ao family are so scared that their souls are almost gone. The devilish energy here is extremely terrifying, and even the late stage sages like them are strong. Everyone must be cautious and dare not rush in.

No matter how strong it is, it will be corroded into nothingness.

But Qin Chen had already entered the black magic energy like lightning, deep into the valley.

Hum! As soon as Qin Chen entered the valley, the black magic energy around him surged crazily. These black magic energy seemed to have spirituality, just like a bloodthirsty shark felt the existence of blood energy, and rushed up frantically, corroding his whole body. Saint

Yuan strength, even through the holy Yuan shield, enters his body and corrodes his physical body.

Suddenly, Qin Chen's physical meridians were all contaminated with this black magic energy, and black smoke burst out of his body, as if the acid water met his flesh and was about to melt.

Qin Chen's holy essence glowed, but he was tightly entangled by these black devil qi, he wanted to swallow and refine.

These devil qi seems to have life, incomparable spirituality.

"It's amazing demon energy, but I have practiced the laws of other demon races. Although all the demon energy has been given to the clone, the sense of the law is still there. There should be something in common with the demon energy of heaven and earth. See if it can be absorbed?" Qin The dust secretly operates the power of the rules of the foreign demon race, and wants to absorb these demon energy,

but the law power of the foreign demon race suddenly encounters these demon energy, trembling violently, the law is actually being corroded, let alone absorbed, it is impossible to In these demons Survive in anger.

"Is the law of the alien demon really too weak?" Qin Chen shook his head. Although he had expected it, he was quite disappointed.

"Zhen Mo Ding!"

Boom!

After that, Qin Chen displayed the Demon Suppression Cauldron, and immediately, the endless demon energy was suppressed a bit, but the Demon Suppression Cauldron shook violently, and obviously, it was impossible to suppress these demon energy for long. "The Devil Suppressing Cauldron, after all, is only the treasure of the human race in the Tianwu Continent. Although it was a cult of the top human race in the ancient times, it should be a peerless treasure, and even the holy treasure of heaven should be worse, just because of the devilish energy. Have special restraint

The effect can suppress these devilish energy, but after a long time, it won't work. "

Qin Chen received the Butian Palace inheritance, and his vision was naturally extraordinary.

"Om!" His body glowed, and the Immortal Eucharist urged to the extreme. Suddenly, the damage of these Yama Demon Qi to him was reduced to a minimum. However, the terrifying Yama Demon Qi was still merging into his body little by little, corroding His physical body is just infinite speed

Slow.

Moreover, he can only resolve, not refining.

"Not yet."

Qin Chen's eyes flickered, he used various methods to mobilize the Nine Star God Emperor Art, circulate the Qinglian Demon Fire, and use various magical laws, but he can only dissolve these magical energy and cannot absorb it.

In the eyes of others, these Yama Demon Qi are poisonous mists, but in Qin Chen's eyes, they are treasures that can corrode even the Earth Sage's origin and turn the Earth Sage strong into blood. If he grasps and absorbs it, it will surely be even more powerful.

However, no one can absorb it, otherwise these Yama Demon Qi will not become a barrier to many forces in Yunzhou.

Qin Chen even felt that these "Yan Luo Demon Qi" contained endless auras of decay, decay, death, and degeneration, which could make all lives fall, and all laws and powers of profound meaning turned into nothingness.

This devilish power is too terrifying.

"Unfortunately, the clone is not here. Otherwise, if you can absorb these terrifying Yan Luo devilish energy and step into the Earth Sage, it will be easy, and even a stronger realm."

Qin Chen regretted that these Yama Demon Qi was poison and obstacle in the eyes of others, but in his opinion, they were treasures.

"Ok?"

Suddenly, Qin Chen felt a piece of black spar beating continuously in the jade plate of his great fortune.

"This is... the magic stone that the Lord of the Abyssal Demon got in the Thunder Sea Secret Realm. This magic stone actually reacted?"

At this moment, above the magic stone, there was a flash of light.

"Could it be that this magic stone can swallow these Yama Demon Qi?"

With a move in Qin Chen's heart, he immediately urged the magic stone in the jade disc of good fortune in the universe, and at the same time, operated the law of the deep demon clan. Although Qin Chen's body has never been inherited from the Lord of Abyssal Demon and condensed the reincarnation monster, the clone has mastered the profound meanings and rules of the Abyssal Demon Clan. The profound meaning is common. Even without the reincarnation monster, Qin Chen can run some Abyssal Demon Clan. Law of O

Righteousness, immediately started to operate.

"Yuan magic, decay, death, decay, destruction, destruction, depravity, the demon of all demons, infinite reincarnation, all things in heaven and earth, are all suffering."

The profound meaning of the deep demon clan was running quietly, and suddenly, countless people who had been hungry for a few days saw a table of delicious food, frantically swarming towards Qin Chen.

Naturally, Qin Chen would not absorb these Yama Demon Qi. In this way, he possessed the origin and power of the Demon Race in his body, and would be regarded as an enemy by the heavens, but it did not prevent him from absorbing these Yama Demon Qi.

Hum! Endless Yama Demon Qi was sent to the Universe Good Fortune Jade Plate, and immediately, the magic crystal in the Universe Good Fortune Jade Plate bloomed with black light, and countless demon energy was continuously absorbed in. This demon crystal seemed to contain endless space. , How much magic comes

Can be easily absorbed.

The magic crystal that was originally dim, the magic light was flourishing, and the countless runes on it flickered, exuding a terrifying aura.

Qin Chen could feel that these Yama Demon Qi had been absorbed by the Demon Crystal and became the power in the Demon Crystal.

"The Abyss Demon Race is worthy of being the top race among the Celestial Demon Race."

Qin Chen was shocked, but he was also delighted. After these devilish energy were stored by him, as long as the clone came, he could become the energy of the clone, helping the clone to improve his

cultivation and enter a higher realm. Moreover, Qin Chen's original understanding of the demon clan's profundity was far less thorough than the clone, but in the process of absorbing these Yama's demon energy, his demon clan's profundity actually began to change. small

Into the taste. Although Qin Chen couldn't directly use the magic way, but after Profound Yi, he will encounter the demon clan in the future, Qin Chen's grasp of the battle will be amazingly improved.
