

## Valkyrie 2561

### [Chapter 2561: Lai Xing teacher inquires](#)

Hum!

And when these devil qi entered the Qin Chen Qiankun's good fortune jade disc, the demon sword in the Qiankun's good fortune jade disc was also suddenly excited, suddenly inserted into the devil qi, and frantically swallowed these devil qi.

Above the demon sword, the green light flickered, and the aura was skyrocketing and rising.

"what?"

Qin Chen was taken aback. The ancient Demon Sword of the Tianwu Continent could absorb the power of alien demon races. He had known it for a long time. When fighting against alien demon races in Tianwu Continent, the demon sword had absorbed countless alien demon powers. The power of the person.

But Qin Chen didn't expect that this demon sword could even absorb the devil qi of the Yama Demon Race, which was a powerful demon race in the heavens.

"The origin of the Demon Sword is perhaps more terrifying than I thought."

Qin Chen's eyes flashed, thoughtfully. Just as Qin Chen was thinking about it, in the jade disc of good fortune from heaven and earth, the change revived. I saw the little ants and little fire worms who had been sleeping since the Tianwu Continent. After encountering the devilish energy, they also woke up. They flew to Yama's devilish energy,

Then he was baptized in devil qi and swallowed these devil qi.

The little ants, little fire and other spirit insects that were originally thundered in their bodies gradually turned into pitch black, and their strength was slowly increasing.

"I....."

Qin Chen was embarrassed, and even the little ants and the little fire could swallow the devil energy of Yama, but Qin Chen couldn't absorb it by himself, which was really embarrassing.

In the process of absorbing demon energy, Qin Chen's understanding of the demon clan became more and more profound, and his understanding of the profound meaning of the demon clan became more profound.

In front of his eyes, he seemed to see a boundless demon realm, a top-notch demon, fighting, civilization, declining, and races disappearing.

No matter what race the opponent is, it is a race after all, and at the last moment, it bloomed with brilliant light.

Is this the fate of race?

Qin Chen muttered in his heart, he saw the scene of countless saints falling, this is the dusk of the gods, the \*\*\*\* of the ten thousand demons, and hundreds of millions of races, all struggling and fighting in this world.

Finally turned into the eternal night.

Hum!

Qin Chen's spirit was sublimated in an instant. Although his strength did not improve, he had a deeper understanding of heaven and earth, all things, race, and civilization. "This is the case of the Yan Luo Demon Race, the heavens, and the future of the entire civilization and the universe." Qin Chen silently said: "No matter how splendid civilization, no matter how powerful the race is, it will also end, no matter how powerful it is, it will fall. Achievement is the highest,

Can I be detached? "

An invisible spiritual light on Qin Chen's body was successfully condensed at once, swallowing Yan Luo's demon energy faster, and the surrounding demon energy was swept away. With him as the center, the valley within a few kilometers turned into A group of Qingming.

"Look, what is Qin Chen doing?" Many Cangxuan city experts in Noah's Ark also saw this scene. Originally, Qin Chen flew into the valley, and everyone thought he was too arrogant and peerless. The place that the holy \*\*\*\* dare not enter, he dare to enter, he will definitely touch it

The dust of the son then fled out embarrassed. However, what I see now are countless Yama's devilish energy, absorbed by him and entering the body. Not only is he not unsuitable at all, he is not covered by magic light, but is more sacred. It seems to be comprehending the supreme prophecy and entering up

A state of enlightenment. The city lord of Peerless Land Saint Aolie was also completely shocked: "What kind of technique is this that can absorb Yama Demon Qi? This is the terrifying demon energy refined by the ancient Yama Demon Clan. Although I can refine it, I cannot absorb it. In the body, it can only consume

Skill to eliminate it. "

"It seems that he is really a lucky person, a descendant of the holy master, it is terrible, maybe he has some treasure on his body that can absorb the devil energy of Yama. This time we have the treasure in the valley, there is hope."

A strong man in the later stage of the earth saint.

If it weren't for them, they all knew that Qin Chen was the descendant of the Holy Master, and even thought that Qin Chen was a demon clan.

Boom!

Just before they were shocked, there was a sudden rumbling in the far sky outside the valley, shaking the mountains, and countless vast auras appeared above the sky.

"No, some masters from other forces have arrived. Little friend Qin Chen, come back quickly and enter Noah's Ark." At this moment, City Lord Ao Lie grabbed it with a big hand and penetrated into the valley,

asking Caught Qin Chen back into Noah's Ark. "Don't bother with City Lord, I already feel the strong coming." When City Lord Ao Lie grabbed the shot, Qin Chen suddenly opened his eyes, the space rules flashed, and his body flashed a few times, and he automatically entered Nuo. Ya's Ark, let Ao Lie

The lord of the city failed.

This scene once again shocked many people.

Peerless Di Sage can dodge with a grasp. "The strength of this child is really unpredictable, and it can actually withstand my grasp. The flashing pace just now contains an extremely astonishing space profound meaning, allowing the body and space to blend together, avoiding my capture, this Waiting for the means is really powerful

. "City Lord Ao Lie didn't catch Qin Chen, and his heart was shocked. According to the truth, with his strength, even a strong man in the late Earth Sage can easily take it, not to mention a peak warrior like Qin Chen. But just now, Qin

The dust flashed past his camera.

Although City Lord Ao Lie didn't try his best, just to protect Qin Chen, it was still incredible.

"Another peerless earth sage has come? What kind of force?" Qin Chen's voice pulled City Master Ao Lie back from his thoughts.

The breath that appeared in the sky became more and more terrifying, rumbling, and a huge roar resounded. Above the sky, a flat boat appeared. On the flat boat, a figure was sitting in it, surrounded by many masters who violated orders.

"This is the city lord of the Old Language City, Gu Liushen, Gu Qizun is his son, huh, this peerless earth sage who only broke through thousands of years ago, Gu Liushen dares to come here to fight for my demon sage treasure, it is really hateful!"

City Lord Ao Lie frowned deeply, his eyes flickering coldly.

"Hahaha, hahaha!"

A burst of laughter was conveyed from the sky, and the terrifying figure sitting in the Ye Bianzhou stood up, and the rumbling voice roared between the heavens and the earth: "Brother Ao Lie, don't be unharmed."

"Huh! Gu Liushen, your Old Language City is thousands of miles away. Why did you come to the territory of Cangxuan City? Could it be that you couldn't peek at the treasures of Cangxuan City?" City lord Ao Lie snorted coldly, and did not give This person has a good face. "Hey, what the city lord Ao Lie said, genius and earth treasure, and virtuous people live it!" The Gu Liushen was also unceremonious: "Furthermore, I am here today to seek justice for my son Gu Qizun. . In the inheritance of your Cangxuan city grand meeting, he was abolished part of the origin of the earth sage, you Cangxuan city, you can't shirk the blame!"

[Chapter 2562: Three major city owners](#)

"Oh, come and ask me Xingshi!"

Hearing the words of Gu Liushen, City Lord Gu Liushen in the sky, Qin Chen's heart moved and a sneer appeared on his face.

Obviously, this is just an excuse made by the City Lord of Ancient Languages. If you really want to ask a crime, you need to come here? However, even if it is true, Qin Chen is not afraid of the other party. Although Peerless Divine Sage is terrifying, he is not without the power to fight back. If he starts his hands, he enters the valley of the Yan Luo Demon Race with his deep meaning. There is good time and place to cooperate, absolutely

The Saint of the World may not be able to kill him, he can completely deal with it.

Even if one is not careful, even the peerless earth saint will be unlucky.

As for City Lord Ao Lie's saying to fight things down, he has no reliance at all. Even if what the other party said is true, he would not bet his life on anyone.

I can't help my fate, this is Qin Chen understands the truth very early.

After all, life is too important, and no one should entrust his life to a promise made by others.

"That kid named Qin Chen, came out to see this seat quickly. You are so bold, you dare to insult my son of Gu Liushen, who gives you the courage?"

The rolling sound, like the thunder of the world, impacted the people in Cangxuan City, with a shocking power that scared people's courage. Then Gu Liushen, standing up, is a tall warrior, wearing a glass armor, all body is green, like green agate, his body is towering and tall, standing up like this, covering the scorching sun, as if to light the sky

Are blocked.

He just stood there, and a terrible breath permeated out. Anyone who came into contact with his gaze would be frightened and shattered.

His gaze swept back and forth at the people in Noah's Ark, and finally fixed on Qin Chen's body.

"father."

Ao Qingling, who was hiding behind Ao Lie, hurriedly stood up, seeming to remind her father to protect Qin Chen. She came to the Demon Sage Treasure this time, because in the grand event inheritance, she broke through to the realm of the early peak of the Earth Sage, plus some treasures, possessed a certain defense ability, and City Lord Ao Lie also Let her come to see you

Recognize it.

As long as she keeps hiding in Noah's Ark and does not come out, naturally there will not be much danger.

"Daughter, don't worry, little friend Qin Chen is our distinguished guest in Cangxuan City. Gu Liushen wanted to threaten me in Cangxuan City. It was a joke." City Lord Ao Lie patted Ao Qingling on the shoulder, cold. Coldly said: "The Ancient Language City has no heavenly sacred treasures. The Bitter Sea

Boat is nothing more than an unrivaled treasure. I don't know why, so I dare to challenge me like this and come to Cangxuan City blatantly.

If you don't teach them a lesson, all the major forces will follow suit in the future. Isn't that a mess? "

"Boy, it's you. It's abolished our young master and the seven masters of the Gu family. You are so bold and dare to act like this. The great evil has already come to your head. Come out quickly, kneel down and lead to death, and you can avoid some pain. ."

In the bitter sea ark, a sage respectable late powerhouse roared and pointed at Qin Chen, "Couldn't Cangxuan city still protect this kid?" "Yes, this little friend of Qin Chen is our distinguished guest from Cangxuan City. , I'm here in Cangxuan City, who would dare to move him?" City Lord Ao Lie sneered again and again, "Guyucheng, Gu Liushen, you ignore the rules and peep into the treasures of Cangxuan City, but dare to ask me.

Xuancheng VIP? Who dare I see? "

"is it?"

A long voice passed from a distance.

Another sacred atmosphere, endless glow, appeared above the sky to the south, and saw a battleship rumbling out, and on the battleship deck, countless powerful men began to appear, all of them in the late-stage Earth Saint.

Among these people stood a terrifying figure. This was a middle-aged man with gray beard and old-fashioned, but with a terrifying aura of standing up to the ground, it turned out to be a peerless saint.

"The City Lord of Tianyue City!"

City Lord Ao Lie narrowed his eyes.

Another peerless earth saint appeared, and the powerful came to him. It was the father of Xue Xingyun, the city lord of Tianyue City, Xue Wudao, who was also defeated by Qin Chen and extracted the origin of the earth saint. "Tianyue City said hello to Cangxuan City." As soon as the City Lord of Yuecheng appeared that day, his eyes swept over Qin Chen's body: "This time I came from Tianyue City, not for the demon of Cangxuan City Wanhua Mountain. Holy treasure, but to get it back for me, Xue Jiaerlang

justice. As long as the city lord of Cangxuan City surrenders the perpetrator, the old man will leave immediately. "

"You two, regardless of the rules, you entered the territory of Cangxuan City. Did you bully me against no one in Cangxuan City?" City Lord Ao Lie's eyes were cold: "City Lord Xue Wudao, if I remember correctly, you just broke into the demon not long ago. The Holy Treasure was almost killed here, right? I didn't expect that his death would not change, huh, his injuries were almost healed? A lot of resources were consumed, right?

Dare to come here? What are you talking about just to get justice, do you really consider me Ao Lie an idiot? "

"Huh, Ao Lie, if you don't hand over the murderer, don't you want to go to war with our two big cities?" Gu Liushen sneered.

"If you start a war, you will start a war! This time the devilish energy of the treasure in the Wanhua Mountain Range has changed. My Cangxuan City has a decisive battle to seize the treasure. Who dares to \*\*\*\* the treasure with us and kill without mercy!"

City Lord Ao Lie showed sharp minions.

"well said!"

Qin Chen cheered. "Oh? City Lord Ao Lie, you are so fierce, do you rely on you as the oldest peerless sage? Humph, people who don't know think you have become a sage? If you become a sage, early Swept our major cities, right? Still here

Arrogant? Today the old man wants to see, where did your City Lord Ao Lie's courage dare to shield the villains. I'm telling you, if you don't hand over the murderer today, your Ao family will be destroyed! The door is full, and the dogs and the chickens are not kept. "

Boom!

The cruel voice was transmitted from the sky in the northwest, and another group of terrifying experts appeared. This was a treasure map. On the treasure map stood a group of top masters, and the leader was actually a peerless earth saint.

"Wind and Cloud City Lord, headwind!"

This person is also the city lord of the nearby city of Cangxuan City, Fengyun City, who belongs to the overlord level of Yunzhou, a peerless earth sage.

These three masters were all powerhouses in the nearby cities of Cangxuan City. Tianyue City Xue Wudao, Gu Yucheng Gu Liushen, Fengyun City Against Wind, all led the masters of their respective cities to appear, demanding Qin Chen, and forcing Cangxuan City.

For a time, the whole world, the atmosphere of terror swept across, and the sky seemed to burst and be destroyed. Stimulated by these top powerhouses, the devilish energy in this Demon Saint Treasure has actually begun to become stronger and has a tendency to expand outward.

### [Chapter 2563: What a strange person](#)

"Ao Lie, the people from our three major cities came together today, not to oppress you Cangxuan City, just to seek justice, you first hand over that Qin Chen, and then compensate Tianyue City and Ancient Language City for two gems Di Dan, restore the young master of the two major cities

The origin of the Earth Sage's injury and loss, as for the old man, just say a peacemaker. As long as Ao Lie admits the mistake, even if the matter is evened out, you can even share the treasures in the Demon Sage Treasure. "

The City Lord of Fengyun City waved his hand against the wind, with a decent appearance.

"If not, the three major cities of ours will join forces and I don't believe that Cangxuan City can withstand it!"

"If Cangxuancheng prevents me from waiting this time, he will immediately destroy the door."

The three peerless earth saints joined forces to force the palace.

"Kill, kill, kill, kill..."

All the masters and big shots of the three major cities roared frantically, pushing in step by step, and the oppressive force became stronger and stronger, which was suffocating.

All the masters in Cangxuan City changed their expressions. "City Lord, if the people from the three major cities really join forces, our Cangxuan City is afraid that it will be dangerous. One-on-one, you are not afraid of anyone, but the combination of the three major cities is too dangerous, let alone the soul. People from the Huo family are also around,

Maybe they are spying secretly. Now that the three major cities are pushing the palace, are they really going to go to war with the people of the three major cities?" Several confidantes all began to pass on spiritual thoughts to Ao Lie.

The situation is now grim, and it's close.

"Haha, hahaha!" Suddenly, Qin Chen burst into a wild laugh, "Tianyue City, Ancient Language City, Fengyun City, your three peerless sages, coming to me as a young man, what a skill, but, Since you are here, there is nothing wrong with it.

What about your descendants? If you have the ability, enter this magic valley to chase me down, let me see if you can kill me. "

"City Lord Cangxuan, don't worry, this young master will never let anyone fight for me. Whoever provokes me will definitely not end well."

"Wow!"

After Qin Chen finished speaking, without waiting for Ao Lie and others to speak, he flew out of Noah's Ark and instantly sank into the endless ocean of demon energy, disappearing without a trace.

"Qin Chen!" Ao Qingling yelled, but it was too late. She did not dare to rush out of Noah's Ark and could only watch Qin Chen disappear.

"What a strange person." Many elders of the Ao family sighed.

"Go, let's enter the valley first. When we get the treasure of the demon saint and break through the heavenly saint, these three cities, this seat wants them to look good." Ao Lie roared, urging Noah's Ark, and rushed into the endless valley. Among the Yama's demon qi, these demon qi suddenly felt threatened, and it became more intense. It began to corrode the sky at that time, forming a space hole, which is extremely dangerous.

risk.

At this time, the interior of the Wanhua Mountain Valley was no longer as simple as a valley, but a mysterious space, filled with dangerous spatial magic currents.

"Hmph, I didn't think that kid would have such courage, so that he would not let Ao Lie make a decision and break into it by himself. In this way, our plan of differentiation would have failed."

Xue Wudao's eyes sank, and he shook his head and said. "Hey, Brother Xue, I don't care about so many things. This divorce is just to add a bit of fun. If you fail, you will fail. We can't decide the battle. Now our three major cities join forces, even if the kid and Ao Lie join forces. , How can

? A genius who had just broken through the early days of the Holy Spirit, the old man could pinch to death ten times with one finger. "

Fengyun City Lord said with a grinning smile against the wind. "Hahaha, Brother Ni is right, the little genius, no matter how awesome the origin, is just an ant, don't talk about us, even any of our post-sages can easily beheaded. We need What cares about is the old Ao Lie

, This old thing is hard to deal with. "

Gu Liushen frowned.

"What are you afraid of? Our three major city masters joined forces and left him Ao Lie with three heads and six arms. Today, he will not escape death."

Against the wind, his face was grim and domineering.

"Go, let's chase, don't give Na Ao Lie any chance to turn around."

The lord of the three major cities, with a roar, led the masters in the city to form three large formations, directly shaking the valley and going deep into it. At this moment, Qin Chen first entered the inheritance of the Yan Luo Demon Clan. Cangxuan City, Tianyue City, Ancient Language City, and Fengyun City also entered immediately. The four major forces swarmed into the valley, but once they entered , But silently, as if

The monstrous radiance was swallowed in an instant, and fell into an endless sink, without any movement being transmitted.

The boundless devilish energy surged, like a demon opened its huge mouth and swallowed everything. After Qin Chen and others entered the valley one after another, outside the Wanhua Mountain Range, there suddenly appeared a lot of dark shadows. These dark shadows exuded a cold breath, and they were dressed up like the killer who assassinated Ao Qingling. Are hovering

Outside the valley, waiting for the arrival of the big man.

Boom!

A roar sounded, and another peerless earth sage came.

Two peerless earth saints descended from a distance. One was dressed in black, and his whole body was wrapped in it. The other was cold and pale, and his body was extremely cold, and his body exuded a strange soul breath.

If Ao Lie were here, he would be able to recognize it at a glance, that this person was actually Luo Xin, the leader of the soul fire family, the peerless holy poison.

And behind Du Luo Xin, there were a group of strong men from the Soul Fire family, and Li Dongyu was among them.

At this moment, Li Dongyu, not only had his injuries healed, but the aura on his body had turned out to be even more terrifying, with a kind of grandeur. "Brother Poison, you are sure that the first son of Li Dongyu will also enter this demon saint treasure. Although the old man has found a lot of information here, there are still many dangers inside. If the son of Li Dongyu is not careful, it is very likely that he will fall.

Among them, even if you are Poison brother, you can't afford it, right? "

The man in black said lightly to poison Luo Xin.

"Senior, Ben Shao is grateful for you to treat the injury, but Qin Chen has also entered the treasure, and Shao Ben must kill him personally to relieve his hatred." Li Dongyu gritted his teeth and shouted. . Du Luo Xin glanced at the man in black and said, "Brother Destiny, the disciple of my soul and fire family has always been more frustrated and courageous. Wherever you fall, you must stand up from wherever Qin Chen severely injured Li Dongyu. Shizi, now, only Li Dongyushi

Only by beheading that Qin Chen by Zi himself can he unlock the demon of Li Dongyu's eldest son. This matter, Brother Destiny doesn't have to worry about it. "

"Hahaha, the soul fire family, really amazing." The man in black laughed. This mysterious Wukong organization has joined forces with the Soulfire Family.

#### [Chapter 2564: Perceptual information](#)

"Brother Destiny, are these people already in?" Du Luoxin, a peerless earth sage, has a terrifying aura and does not know what technique he is practicing. His body is extremely cold, and the desperation of this Wukong organization , The breath is very similar, there is a kind of insight into the rules of heaven

The grasp of the heart.

However, he was very polite to the man in black who was around Wukong. Wukong Organization, this is a very mysterious organization, it has only a few hundred years of history. No one knows where it came from or who established it. It seems to have penetrated Yunzhou overnight. The soul fire family naturally heard

Over.

This time, No Space Organization came to the door secretly, and the two sides hit it off and cooperated, but for No Space Organization, the Soul Fire family was also quite afraid, this was definitely an extremely terrifying force.

According to Du Luo Xin's knowledge, this desperate situation is only a middle-level organization in Wukong. On its head, there are more powerful figures pressing down, which is extremely terrifying. "All went in." The man in black sneered desperately, "Tianyue City, Ancient Language City, Fengyun City, and

Cangxuan City, the masters of the four major cities, this time the entire army will be destroyed in the inheritance of the devil. No space organization's branch in Yunzhou can secretly control

Containing these four major cities, slowly eroding them, plus cooperating with your soul-fire family, once the plan is successful, your soul-fire family will be located in Yunzhou, and it will be just around the corner. "

The man in black sneered again and again, his body was full of conspiracy.

"Sit in Yunzhou?"

Poison Luo Xin's eyes burst into a scorching light, "Let's talk about the treasures here first, and the kid named Qin Chen, who has an extraordinary background and weird strength. Can your organization know the origin of the other party?" "That guy?" "The black-clothed man's gaze narrowed, "The origin of this son is indeed very strange. A killer from my Wukong organization previously assassinated Ao Qingling in Cangxuan City. He wanted to teach Ao Lie a lesson, but he was destroyed by this kid. , We have no time

After organizing an investigation, the origin is indeed very mysterious. "The place where he first appeared was the Ancient Bell Sect outside Cangxuan City. Later, he entered Cangxuan City and established a power called Chendi Pavilion. I heard that this person is an alchemy master with extraordinary accomplishments, and, Seems to come from some top power, even

Heir to the Holy Lord! "The man in black said solemnly.

"What? A descendant of the Holy Lord?"

Poison Luo Xin was startled and changed his color in amazement.

Heirs of the Holy Master, such a character, how dare they offend their soul-fire family. "Don't worry too much, this is just a rumor, and, even if it is the descendant of the holy master, what can we do? The Yama demon clan we are exploring this time, and even the demon holy treasures, as far as I know, Ao Jiazhi So I brought that kid over because I suspected that this person was a descendant of the Holy Lord and possessed great fortune, and wanted to use the other's luck to compete for treasures. Unfortunately, the persecution of Tianyue City and other forces caused them to separate directly. I will wait. Just have a chance, find that kid first and put him

Beheaded, and then swallowed all his origins. "

The black-clothed man's tone was filled with excitement, and he said grimly: "If the other party is really a descendant of the holy master, that's a big supplement, quack!"

Du Luo Xin's heart was chilled. This Wukong organization was really crazy. However, just thinking about hunting down the descendants of the Holy Master, Du Luo Xin himself was extremely excited. However, Du Luoxin was even more afraid of Wukong Organization. In just a few days, they lived with Qin Chen in the City Lord's Mansion, and they did not find out the specific news about Qin Chen, but this Wukong Organization easily Got it, this means

, It is shocking.

"Go, let's go in. It is rumored that there is a treasure left by the Demon Sage of the Yan Luo Demon Clan back then. We must get it."

The black-clothed man's eyes were green and evil, which made people feel the danger deeply.

A magic orb appeared in his hand, and an invisible black halo immediately enveloped everyone, avoiding the erosion of the magic energy.

Motivated the black demon master, this group of people rushed into the valley demon energy, disappearing.

"The Yama demon energy here is really rich. If the clone is here, it is definitely a good place for the clone to practice the magic way. These demon aura contains extremely terrifying rules and secrets of the magic way, and it is an excellent place for cultivation of the clone."

"But it's okay. I will send all these devilish qi into the Universe Jade Plate. Then, the clone can also be cultivated."

A figure gleamed in the endless Demon Qi of Yama.

It was Qin Chen.

After entering the Demon Qi Valley, Qin Chen seemed to have entered an infinite space. This space was intricate, unable to discern directions, and had countless passages, and each passage led to an unknown place.

Qin Chen urged the space rules to record the space and region he experienced, and he was not afraid of losing his way and falling into it. Wherever he passed, a large amount of Yama demon energy entered the jade disc of good fortune in the universe, and was swallowed and absorbed by the magic crystal.

Above the magic crystal, the light became more and more intense, and even the endless ancient magic charms flowing in it reflected dark shadows, like a demon head, struggling and floating inside.

And Qin Chen himself felt the profound rules of the Yama Demon Clan, and strengthened Qin Chen's power.

However, Qin Chen only perceived the rules, and did not inhale the power of Yama's demon energy into his body, so as not to demonize his own holy essence.

But as time passed, he gained a more familiar and in-depth understanding of the power of the Yan Luo Mozu.

Gradually, Qin Chen formed a black glow around his body. This was an artistic conception formed by comprehending the profound meaning of the demon race. Qin Chen seemed to have become a demon, walking in this area of heaven and earth.

Suddenly, Qin Chen frowned.

"Well, it seems that someone is approaching." Originally in this demon energy, Qin Chen only sensed endless demon energy, but after the formation of the demon energy mood, Qin Chen's perception here immediately increased and he suddenly discovered Some tyrannical auras are approaching, these auras contain terrible

Earth Sage Law is the top Earth Sage powerhouse.

"A strong one has caught up? So fast?"

Qin Chen was startled. He kept moving forward. How could it happen that someone was so close to him?

If it were just an Earth Sage master, then Qin Chen might still fight, but he felt that this was a group of terrible Earth Sages, and naturally would not entangle them here.

"When I enter here, I am looking for treasures, but not fighting with these guys, Yama's devilish energy, all things return to their origins, and quickly show me the way!"

Qin Chen sat cross-legged, urging the demon clan's profound meaning, and immediately, his perception quickly filled, and a lot of chaotic information came from the countless demonic energy around him. No one would have imagined that Qin Chen mastered the Great Dao of the Yuanmo Clan and could stimulate these Yama Demon Qi and perceive information from it.

#### [Chapter 2565: Demon Reincarnation Formation](#)

In this mysterious space, for thousands of years, there was a terrible demonic energy and traps. Even if the peerless earth sage came, he would still be lost, but now, the overall outline began to appear in Qin Chen's mind, looming.

Qin Chen closed his eyes and sensed the message conveyed by Yan Luo's devilish energy with his spirit. Suddenly, Qin Chen felt that in the space ahead, corpses were scattered everywhere. Those corpses were very ancient and lost their spiritual energy. The laws on his body seemed to have experienced a fierce battle, even from the devilish energy of Yama. ,

Qin Chen saw the scene of this powerful Yan Luo Demon clan fighting against many human masters in the ancient times many years ago.

"In a deeper place, Yan Luo's devilish energy has changed into a magical power similar to the origin of the demon race! What kind of magical power is that so strong?"

Suddenly, Qin Chen discovered that in a deeper space, Yan Luo's demon aura was extremely strong, and it had undergone transformation, and unexpectedly derived something similar to the original aura.

He shuffled and moved directly to the depths of the space.

Ohh Ohh ohh!

The devilish energy is so strong that even the origin of the earth sage can be turned away in an instant. Even the peerless earth sage must be careful here, otherwise it will be corroded.

But Qin Chen was not afraid, the magic light on his body bloomed, as if walking in his own country.

Moreover, these demon qi is more refined, and the power of the Yama Demon Race contained in it is more refined.

"Well, this kind of magical energy is more helpful to the clone." Qin Chen was very happy in his heart, and quickly absorbed these magical energy and poured it into the universe jade disc.

"Huh? There seems to be a lot of heaven and earth holy energy ahead. This is... the underground holy vein of the Yan Luo Mozu? It's still there for so many years?"

Suddenly, Qin Chen's body shook, and he felt a very terrifying breath of the Holy Vein.

This is a holy vein of the Yama Demon Clan back then.

Although the Demon Race cultivates the origin of the Demon Path, the sacred auras they absorb are exactly the same as the Human Race. The races are different, but the profound meaning of cultivation is different, and the energy formation is different, but some of the most basic powers are still the same.

The demons naturally also need to absorb the Holy Vein.

However, Qin Chen lacked the holy veins. Some holy crystals alone were not enough to make up for his astonishing power needs. Only the holy veins could greatly supplement him.

The most important thing is that the world formed by the jade disc of good fortune in the universe also needs the seat of the holy vein.

And here, it used to be an important stronghold of the Yama Demon Clan, so the sacred vein level here, apart from anything else, is at least much more terrifying than Cangxuan City.

Huh! Huh! Huh!

According to the aura of perception, Qin Chen continued to deepen, passing through the layers of Yama demon energy, and the scene before him changed, and Qin Chen unexpectedly came to a vast ancient cave.

The cave is huge, with a radius of thousands of miles.

At the entrance of the cave, there was a dark light curtain, above the light curtain, a series of magic light runes flowed, elusive, exuding a powerful magic energy.

Hum!

It seemed that someone was approaching this cave, and the runes above the magic light suddenly lit up, and from the magic light, a dark shadow came out.

This black demon, resembling a human shape, but without facial features, his body is like pure demon energy and many mysterious rules.

"This is the birth of many Yama demon qi and fallen demon spirits in the secret realm."

Qin Chen sensed the presence of the other party and quickly came to a conclusion.

This world was once the place where the Yama Demon Race lived, and there are still so many Yama Demon Qi and origins of the Demon Race. Countless tens of thousands of years have passed, and spiritual demons will naturally be born.

boom!

The black demon's body was extremely flexible, and suddenly he waved a palm.

Boom!

The surrounding invisible Yama Demon Qi and Demon Clan's profound meaning were mobilized by him, condensing a black palm shadow, carrying a terrifying and domineering force, and oppressing Qin Chen.

"So powerful!"

Qin Chen's face changed, and this magical shadow made Qin Chen feel the pressure, at least equivalent to the human race powerhouse at the peak of the Mid-Earth Sage.

Qin Chen waved his palm and blasted out with a fist.

Boom!

The two forces collided, Qin Chen's body qi and blood surged without moving his body, while the demon stepped back a few steps.

"Fortunately, there are still some gaps from the late Di Sage."

Qin Chen breathed a sigh of relief.

Qin Chen wasn't very afraid of the strength of the peak of the mid-term Earth Sage.

Huh!

He drew out the green demon sword and slashed it abruptly.

At the same time, Qin Chen urged the three major flames in his body, merged into the demon sword, and suddenly burst out terrifying power.

Puff!

A group of blue-gold translucent flames, with an aura of destruction, exploded on the body of the black demon.

"what!"

Facing the attack of the demon sword and the three major flames, the demon suddenly roared in pain, burning on his body, and with a bang, turning into nothingness.

However, this demon had just fallen, and suddenly, the light of the rune pattern on the black magic light was even more, buzzing, and I saw nearly ten demons flying out of it.

hiss!

so much?

Qin Chen took a breath, but did not change his color at all, and continued to fight. If other warriors are here, they may have a headache, because they not only have to resist the erosion of Yan Luo's devilish energy, but they also have to fight against these evil spirits. It is difficult to be unharmed, but Qin Chen is different. Yan Luo's evil spirit has nothing to him. s damage,

He can fight the demon wholeheartedly.

Puff puff puff...

Qin Chen urged the demon sword, and suddenly, the green light flourished, swallowing power swept away, and the nearly ten demons were killed by Qin Chen.

However, these more than ten demons had just been wiped out, and more demons rushed out from the magic light.

by!

There is no end!

Qin Chen is speechless, do these demons want to fight a wheel war?

Even if he is not afraid of Yama's demonic energy, he can't endure the constant consumption of countless demons. Moreover, the Yama's demonic energy is so strong here, who knows how many demons there are?

Qin Chen can kill a hundred heads, one thousand heads, can he kill ten thousand heads, but 100,000 heads can't be achieved?

"I can't go on like this, I have to think of a way."

Qin Chen condensed his eyes, looked at the magic light barrier in front of the cave, countless runes flowed, Qin Chen was startled.

"This...this is not a simple magic light barrier, but a demon's reincarnation formation. Damn, it's no wonder these demons can continue to kill out..."

Qin Chen was speechless, no matter how many demon he killed, as long as the demon reincarnation formation was still there, the energy in it would not be exhausted, it would continue to be born.

"You have to break this rune formation first!"

Qin Chen was in danger, and if he had just arrived in the heavens, he would definitely be at a loss and clueless in the face of such a big formation. However, he got the inheritance of Mending Heaven Palace, at this moment, he thought of at least ten ways to break the formation.

[Chapter 2566: Go first](#)

However, each method consumes a lot of Qin Chen's time.

"No, there are many strong people here, and there are experts coming at any time. They must break through as soon as possible."

Qin Chen's eyes flashed, and suddenly thought of one of the most crude methods.

"Sky Patching Hammer, open it!"

Qin Chen's roughest method was to mobilize the power of the sky-repairing hammer in his body, and use the sky-repairing hammer to blast this rune pattern formation.

Hum!

In Qin Chen's lungs, a black misty shadow appeared. It was a hammer shadow. The hammer shadow flashed and appeared in Qin Chen's hands. Qin Chen held the black hammer shadow. The magic light barrier fell down suddenly.

boom!

The entire magic light barrier shook, and countless runes flickered, as if a mouse saw a cat, moving wildly.

The Sky-Mending Hammer is the ultimate treasure of the ancient Heaven-Mending Palace, capable of replenishing everything in the heavens and the earth. Although this magic light barrier is a large formation under the Yama Demon Clan, how can it withstand the Sky-Mending Hammer?

If it weren't for the fact that the Sky Patching Hammer was strong, what Qin Chen had in his hands was the phantom that was projected, and this blow was enough to cause a sensation in the entire Yan Luo Secret Realm.

But even so, the magic light barrier was shaking violently at this moment, and it was crumbling.

During the wave, Qin Chen suddenly moved.

Sky Patching Hammer can refine the world and everything, so can this demon reincarnation formation be refined? As soon as this thought came out, Qin Chen could no longer hold on to him. Now in this Yama secret realm, the strong is like a cloud. Qin Chen is the most confident, but he also knows that he can't be an enemy of any force by himself. The only advantage is to master

The deep meaning of the deep demon can absorb this Yama demon energy, and the power of the Yama demon clan does not suppress him too much.

But this only allowed Qin Chen to protect himself more, instead of allowing Qin Chen to gain sufficient advantage.

But if he could control this demon reincarnation formation, it would be different. Qin Chen could use these demon spirits to confront the enemy.

Thinking of this, Qin Chen no longer forcibly breaks the demon reincarnation formation, but the sky repair hammer. Suddenly, the terrifying light of the heaven repair technique bursts out, integrated into the demon reincarnation formation, and is actually in control of the demon reincarnation formation. Array.

The sky-repairing hammer, the sky-repairing technique, combined with the profound meaning of the deep demon, gradually, Qin Chen actually carved his own profound meaning in this demon reincarnation formation.

Suddenly, the demon spirits that were continuously born in the magic light barrier burst and dissipated, and then the dark cave opened suddenly.

The ancient cave, the cave of the devil, appeared in front of Qin Chen.

Qin Chen was pleasantly surprised. The profound meaning of the Yuanmo clan was really abnormal. The Abyssal Demon Race is one of the most terrifying races among the Celestial Demon Race. At the

beginning, the Abyssal Demon Race was the chief culprit who almost destroyed the Tianwu Continent. But who ever thought that after entering the heavenly realm, the profound meaning of the Abyssal Demon, Instead, it became Qin Chen's most

One of the big backing and hole cards.

It's really good fortune and misfortune, misfortune and good fortune.

Qin Chen was amazed, and suddenly entered the cave.

"what is this?"

When the dark cave appeared, Qin Chen saw a ruin. In the ruins, all were bones, weathered and corroded.

Some of these corpses are tall, like demons and gods, some are thin, like birds and beasts, and some are human races, all rotten, but they have lost their spiritual energy and all their origins. Countless bones covered the ground, and Qin Chen glanced over, trying to find some treasure in the bones. But it's disappointing. Among the bones, there are many fragments of holy soldiers, but they have been corroded by Yama's devilish energy.

Touch, it turns into dust.

Even some top sage soldiers are no exception.

However, in the cave, there was an astonishing holy energy surging, and it can be seen that there is a terrifying ancient holy vein in the depths of this cave.

And this ancient holy vein was also one of the power sources of the previous demon reincarnation formation. It is precisely because of this holy vein that this demon reincarnation formation can still operate until now.

No, in addition to the holy energy, there are also some amazing special auras that make Qin Chen's pores relax when he smells it. Qin Chen hurriedly looked over and found that in the depths of the cave, on an altar, there were a large number of pill bottles. Among these pill bottles, there were dark magic bottles and pure white porcelain bottles. There seemed to be countless powers circulating. This is one by one

The pill, soaring inside.

"Exquisite Holy Pill!" Qin Chen was overjoyed.

Huh huh!

At this moment, at the mouth of the cave, a powerful breath suddenly descended.

A terrifying battleship appeared and descended at the entrance of this cave. The surrounding demonic spirits of Yama were all resisted by this battleship.

However, these yama devilish energy will not be wiped out by the power on the battleship, one after another, entwining the battleship tightly, trying to infiltrate, corroding the radiant battleship into a dark ghost ship.

Even if it is a peerless earth saint, it can't resist such a terrifying Yan Luo Demon Qi. After a long time, it will be corroded. This battleship is only a top-quality battleship, and naturally the same.

However, this class of warship has amazing defensive power and can withstand erosion without getting in the way for the time being.

Moreover, among the battleships, many of the late stage powers of the Earth Saints have joined forces to form a big battle, constantly bombarding the force outwards, pushing away the devilish energy of the Yama, and further reducing the ability to corrode.

The one who came was actually the city lord of Yuecheng that day, the peerless Saint Xue Wudao.

Among his battleships, he carried the top masters of Tianyue City, and many powerful masters of the late sage.

When he landed, he was surprised to see that the black magic light barrier was actually opened in the cave ahead. "How is it possible? This is an extremely terrifying cave in Yama's secret realm. I was here at the beginning. I was hurt by the demon energy outside the cave. In it, there will be a steady stream of strong magic shadows. I am here. Almost fell seriously injured

, Desperately escaped. This time, I brought enough strength and prepared myself to come again. How come this cave can obviously be opened? "

Xue Wudao was shocked and unbelievable, "Could it be that the magic energy of Yama in this Yama secret realm became weak due to changes, causing the magic light barrier to disappear and shatter?" The city lord Xue Wudao of Tianyue City deeply knew the horror of this cave. There will be countless demon shadow powerhouses, and each demon spirit powerhouse is equivalent to the human race master at the peak of the mid-earth holy stage, and is immortal, constantly emerging, combined with Yama

Devilish energy, even if it is a strong man in the later stage of the earth saint, will be injured or even fall.

This time, with so many people, he wanted to gather all his power and blast them away, but he didn't expect the magic light barrier to disappear directly.

"City Lord, look, there is the aura of holy veins, hiss, and countless exquisite pills!"

"It's Qin Chen, Qin Chen is inside, this kid actually got on first."

"It's really him, how did he break in?" Suddenly, everyone saw the scene in the cave and shouted.

### [Chapter 2567: Heaven is dead](#)

While they were yelling, Qin Chen also felt the arrival of these people, his eyes condensed suddenly.

He didn't expect that the people from Tianyue City would come so fast. Obviously, they came here the first time. Otherwise, it would be impossible to get here in such a short time.

"In that case, Xue Wudao has been here before, and this time, he came here specifically, otherwise, I can't explain all this."

Qin Chen's eyes flashed.

Originally, after Qin Chen was about to explore the cave, he put away the ancient holy veins and left here, but now it seems that it is impossible.

It was impossible for the people in Tianyue City to let him leave, and it was the same even if he closed the magic light barrier. Since Xue Wudao was here for the second time, he was naturally prepared and definitely had the power to open the polished barrier.

It's better to catch a turtle in the urn.

Qin Chen's eyes flashed, his mind flashed for thousands of years, and he made a decision in an instant.

Om, he directly stretched out his hand and grabbed the pill bottle on the altar in front.

Among these pill bottles, most of the pill bottles contain the peculiar earth pill, but the two core jade bottles, with the breath of the supreme heaven, turned out to be the legendary peculiar heaven pill. . This kind of pill can only be enjoyed by Heavenly Sage. Any one of them contains supreme power. As long as he obtains these pill, Qin Chen is confident enough to make his strength advance by leaps and bounds, and it won't even take long before he can make a breakthrough again.

broken.

Moreover, having obtained these pills, Qin Chen could completely improve his cultivation of the pill path by analyzing these pills, and even refine the pill of exquisite grade as well.

When Qin Chen probed his hand, he put away all these pills in an instant, without looking at them, all the pills were taken by Qin Chen.

Boom!

At the same time, Qin Chen probed his hand and directly began to collect the ancient holy veins hidden deep in the cave.

boom!

The endless sacred glory erupted, and a large amount of heaven and earth sacred energy suddenly penetrated, and the entire cave was filled with sacred artifacts, which was swallowed by Qin Chen.

"This is... the peculiar pill, and the legendary Heavenly Sacred Pill, my God, this is the ancient sacred vein, this ancient sacred vein is much stronger than the one in our Tianyue City! "Xue Wudao, a peerless earth sage, his heart almost jumped out of his throat. These heavenly sacred pills are very powerful for him. It can be said that they are terrible tonics that can make him break through the realm of heavenly sages. , Which contains Tiansheng

The law allows him to save a hundred, thousand, or even ten thousand years on the road to breaking through the heavenly sage.

It can be said that as long as he gets these pills, he is more than 50% sure that he can break through to the realm of Heavenly Sage.

There is also that ancient holy vein, such a terrifying holy vein, if placed in his Tianyue City, it can also make his Tianyue City develop rapidly and become the leading power around it.

At the same time, an ancient sacred vein also greatly helped him to break through the realm of Heavenly Sage.

From Peerless Di Sage Breakthrough to Heaven Sage, there is only one in a billion chance.

However, the treasures here can increase the chance of breakthrough.

At this moment, Xue Wudao was angry. He absolutely couldn't tolerate it. A junior in front of him took all these treasures away.

"Beast, leave me the pill and holy veins, otherwise you will die without a place to be buried."

Boom! While he was angry and screaming, he displayed real power, just like a scorching sun exploding, countless golden lights, burning out the rolling earth holy law, melting all things, the Yama demon energy was burned, and it retreated. Scattered like a tide

And open.

Then he spread his five fingers, grabbed a fist, snapped a fist with his fingers, and evolved into the chaos of the heavens, the prehistoric aura of destruction of all things, scattered in all directions, permeating the surroundings.

"Master the world!"

With a punch, the ultimate move exploded, and he played the move to take control of the world. In an instant, the world seemed to flow in his palm, and all things reincarnation were all played by him.

In the entire cave, countless bones were shaken off, and the space fluctuated from inch to inch, showing a scene of fission of the world and the fall of everything.

"Peerless Earth Saint, really amazing!"

Naturally, Qin Chen did not really want to take away the ancient holy veins, because once the holy veins were taken away, the energy of the magic light barrier would disappear and naturally no demon would be born. In this way, Qin Chen would face Tianyue City. All the strong.

His purpose of doing this was just to seduce Xue Wudao. Sure enough, before he had time to put the ancient sacred vein into the Universe Fortune Jade Disc, he saw that the city lord of Tianyue City, the peerless Saint Xue Wudao came down instantly, punched out, and the space around Qin Chen instantly solidified. Whole person moving

Unable to play, the sacred yuan sent out was actually frozen.

He felt that his hands couldn't move at all, and the mana he emitted was actually frozen.

At this moment, he seemed to be a person who had caught the body fixation technique, watching the ancient holy veins in front of him, unable to get his hands.

"I'm forcibly urging Saint Yuan to grab this ancient holy vein, but the opponent can't resist it with a punch. Even if I don't die, I will be severely injured, and I can't compete!"

In an instant, Qin Chen thought a thousand times, and suddenly a force was transferred, and the endless killing aura surged out, forming a mighty power!

Oh oh oh!

The killing fist appeared, and it actually echoed with the surrounding Yama's demonic energy. The dark killing light was no less than the aura of the peerless Di Sage.

In the valley of the Yama Demon Race, with the help of Yama Demon Qi, Qin Chen took advantage of the geographical advantage.

Boom!

The slaughter fist that blended with Yama's demon energy collided with the master of heaven and earth.

Qin Chen roared wildly, the black killing aura all over his body, breaking every inch, almost a mouthful of blood spurted out.

Crunch!

The Immortal Saint Body on Qin Chen made a harsh sound, and was blown out with a punch, almost bursting into pieces.

"Beast, I didn't kill you! Impossible, you are just a peak warrior in the early stage of the Earth Saint, and my cultivation base is a thousand times different, how can I take control of the world!"

The lord of Tianyue City, Xue Wudao, rose up like a demon god, with a mighty imposing manner, like a god, standing on top of the earth, majestic and powerful, covering the ages.

He definitely didn't give Qin Chen a chance. He punched him again, his steps trembling in the space, stepping out of the mystery of the space, "Since you can't kill you in one shot, then I don't believe that the second punch can't kill you!"

"Heaven is dying!" His ultimate move this time was more fierce than the master of the heavens and the earth. It was clear that he would put Qin Chen to death, and the terrifying power of his fists burst out in an instant.

#### [Chapter 2568: Pretty scheming](#)

The breath of endless heaven was released at once, above heaven, as if countless powerful men appeared, mighty and mighty, like gods.

The supreme power converges into the boundless sea, the vast starry sky, the mysterious heaven, the evil hell, and all phenomena.

"The Way of Heaven dies" this trick contains endless artistic conception of heaven, and it is Xue Wudao's most terrifying blow.

The terrifying space power swept over, making Qin Chen unable to move.

"Damn it! This Xue Wudao's power is too tyrannical. The Peerless Divine Saint is too strong. You must block his blow first, otherwise, I won't have any chance to extract the ancient holy veins and escape here."

"The demon sword is out!"

Huh! Among Qin Chen Qiankun's good fortune jade discs, the demon sword suddenly appeared in his hand, swallowing a large amount of Yama's demon energy, and trembling wildly. At least one-tenth of the Yama's demon energy absorbed by the previous demon sword was directly burned and turned into infinitely terrifying power burst

Developed.

Qin Chen also fought, because he knew that if he didn't fight, he would have to die.

In Xue Wudao's shocked eyes, a green demon sword suddenly appeared in Qin Chen's hand. The demon sword burst into the sky with a sword aura, booming, above that sword aura, as if a terrible monster appeared.

Moreover, Qin Chen urged the rules of space, representing the power of the supreme space, all of a sudden.

Click!

There was thunder light surging on Qin Chen, this is the profound meaning of thunder, the power of judgment.

While exerting these powers, Qin Chen naturally did not forget the Divine Mark of Splitting the Sky. Suddenly, splitting, bursting, extinguishing... a terrifying force swept across and came on the spot.

Boom boom boom!

Even the Qinglian Demon Fire, Youkong Ice Flame, and the Golden Flame of the Day in Qin Chen's body were all blooming at the same time, and the artistic conception of the overlord's ascending to heaven also rose into the sky.

No one can describe Qin Chen's breath, the burst of all his power, which can actually counter the ultimate move of the peerless Earth Sage. In the air, the endless aura of heaven, all collapsed, and the mighty shadow of the gods above disappeared in smoke. Xue Wudao's body was shaken back for a few steps, and some obvious cracks appeared in his body.

In, showed an incredible light.

"This is still the early peak of the Earth Sage? Impossible. It is impossible for the warriors of the early Earth Sage peak to be so powerful. This is definitely a peerless Earth Sage level attack. What happened to that trick just now?"

"Is this Qin Chen the earth saint who just broke through?"

"Damn, the move just now broke the formation of our Tianyue City battleship, and the enchantment of Yama may penetrate at any time. Let's work together to repair the battleship."

Outside of the cave, many warriors in Tianyue City were stunned. The strong men of Tianyue City watched this scene in shock. Their City Lord Xue Wudao did not manage to get Qin Chen down, and was also Shake back.

Huh huh!

Just as Qin Chen and Xue Wudao were fighting each other, in the distance of this cave, a series of terrible auras approached. The auras here are very familiar, and they are obviously the auras of powerful people in Cangxuan City, Ancient Language City, Fengyun City and other forces. .

"No, someone is here again."

Qin Chen's eyes flashed, and he hurriedly seized the opportunity, his whole body shook, and suddenly he caught the ancient sacred vein deep in the cave.

Qin Chen displayed many trump cards and directly burned the power of the demon sword, and finally repelled the peerless Saint Xue Wudao on the spot, looking for a chance. Originally, even if he was mad again, he would not be able to repel a master like Xue Wudao, the overlord of the world, but in the land of the demon clan, under the interference of Yan Luo's devilish energy, he had the advantage and was in an impossible opportunity. , Found an opportunity

.

"Come!" Qin Chen roared and rumbling. A terrifying ancient sacred vein suddenly resembled an angry dragon, and was drawn out by Qin Chen. This ancient sacred vein was extremely terrifying, as if a divine dragon soared in nine days. The dust was thrown into the universe

In the jade dish.

boom!

The ancient Saint Veins entered the Universe Good Fortune Jade Disc, Qin Chen immediately felt the amazing changes in the Universe Good Fortune Jade Disc, and all kinds of vitality rose to the sky.

"go!"

Then, Qin Chen's figure shook, the space rules urged, swish, and rushed out of the valley.

"Stop him!"

The many masters of Tianyue City hurriedly urged the battleship, blasting, horrible streamers shooting towards Qin Chen frantically.

"Far away!"

Huh! Qin Chen appeared outside the cave in an instant with the rules of space, but he was still shot by a lot of streamers. These were a blow from countless Tianyue City powerhouses. How could Qin Chen block it? Puff, he spouted blood, but his figure also rushed out

Up the valley.

Finally escaped.

Qin Chen was delighted.

"Want to go, can you run away? Die to me!"

It wasn't until this time that Xue Wudao recovered from the shock. He couldn't believe that he would be repelled by a junior, and the anger in his heart could be imagined.

Suddenly, the endless terrifying divine brilliance burned on his body, and the whole person was rushing towards Qin Chen with the monstrous anger.

"Hey!"

Qin Chen sneered in his heart, swiftly spinning the demon reincarnation formation, hum, the magic light barrier that had been opened above the cave entrance instantly formed, and with a bang, Xue Wudao was blocked inside.

"What? Why did this magic light barrier suddenly appear?"

Xue Wudao's face changed, his eyes gloomy, without any hesitation, a piece of talisman paper appeared in his hand, and he quickly blasted towards the magic light barrier.

boom!

These rune papers contained ancient aura and exuded special power. The magic light barrier trembled violently under the roar, and countless runes appeared on it, shaking.

Outside the cave, Qin Chen also felt Xue Wudao's angry move inside, and his face changed slightly, "Sure enough, this Xue Wudao is here prepared, this magic light barrier can't stop him at all, leave here first."

Qin Chen turned around and instantly turned into an afterimage, instantly disappearing into the boundless demon energy. Without the ancient holy veins, this magic light barrier is equivalent to losing the source of energy. It is impossible to stop Xue Wudao for long. In fact, even if the ancient holy veins are still there, Xue Wudao is prepared this time, the magic light barrier still cannot stop him. too

Long.

Qin Chen didn't even bother to urge the demon to reincarnate, because the cultivation base was only equivalent to the demon at the peak of the mid-earth sage, and could not withstand the bombardment of the Tianyue City powerhouse led by Xue Wudao.

Sure enough, not long after Qin Chen left.

boom!

The magic light barrier outside the cave exploded, and Xue Wudao and the many masters of Tianyue City rushed out of it with an angry expression.

"Smelly boy!"

Xue Wudao roared, murderous, going to track Qin Chen, but didn't wait for him to leave.

Huh huh!

A series of terrifying auras came in an instant, and it was the many powerhouses from Cangxuan City, Ancient Language City and Fengyun City who arrived at the same time.

Seeing the cave opened, the eyes of these people instantly fell on Xue Wudao's face, revealing an angry look.

"Xue Wudao, I didn't expect you to have a lot of scheming, and you went on board first." Ao Lie's eyes were cold, and an endless terrible breath broke out from his body.

#### [Chapter 2569: Better to join hands](#)

Xue Wudao glanced at Ao Lie and the others, his expression changed, but he didn't answer at all. Instead, he took the people from Tianyue City into the sky and wanted to follow Qin Chen.

"Xue Wudao, in front of this seat, do you want to go too?"

Ao Lie sneered, how could it be possible for Xue Wudao to leave like this, booming, he waved his hand, and suddenly, a terrifying fist swept over and stopped Xue Wudao all at once.

boom!

When the two terrible forces collided, Xue Wudao immediately retreated hundreds of feet, his breath floating, his eyes cold.

"Ao Lie, you get out, there is nothing to do with you here."

Xue Wudao was anxious, and if he didn't catch up, he would never find Qin Chen's trace.

"Hahaha, Xue Wudao, you came here first, got the treasure in the cave, hand over the treasure obediently, the old man will let you go, otherwise, don't think about it."

Ao Lie had the most sacred power lingering in his body, swept through the atmosphere like a \*\*\*\* king, forming a terrifying vision, covering the world and covering the sky.

Huh huh!

Ancient language city Gu Liushen, Fengyun City Nifeng and other strong men also arrived, surrounded Ao Lie and other Cangxuancheng masters, but Ao Lie's face did not show the slightest panic.

"Brother Gu, Brother Ni, you just came here, you block this Ao Lie first, and you are going to track down that kid Qin Chen." Xue Wudao said immediately. "Brother Xue, don't worry, you just escaped from this cave. When I rushed here before, I felt the amazing pill and holy energy fluctuations. I want you to get a lot of good things? Since we are allies, we might as well give it to

I'll wait a bit, and I'll stop this Ao Lie for you. "

Headwind flashed his eyes, said with a smile, and instantly came to Xue Wudao's side, since he blocked Xue Wudao's route. Gu Liushen also quickly came to the other side of Xue Wudao, blocked the passage on the other side of Xue Wudao, and squinted his eyes and said: "Brother Xue, this place should be a key place for this demon saint treasure, you just came out of it. , Let's talk about the alliance

, Should I share something? "

A faint aura bloomed on both of them, staring at Xue Wudao.

"you guys....."

Xue Wudao finally understood where the problem was, dare these guys to think that they got the treasure in the cave?

Thinking of this, Xue Wudao almost cried.

He said speechlessly: "Brother Gu, Brother Ni, it's not that I don't give you anything, but the old man really didn't get anything here."

He felt aggrieved. However, as soon as his words fell, Ao Lie laughed loudly: "Gu Liushen, Fengfeng, it seems that Xue Wudao didn't put the two in his eyes at all. This place, the old man has been here, is a dense place. , Now this dense land is opened, in the air

There was still the breath of pills and holy veins, but Xue Wudao said that he hadn't got anything. Hey, believe it or not, I don't believe it, old man. "

The expressions of Gu Liushen and Fengfeng also became extremely difficult to look at. After saying that everyone joined hands, Xue Wudao was too unkind to do this matter.

"Brother Gu, Brother Ni, I really didn't get anything here. When I came here before, the kid named Qin Chen was already here. It was him who took the medicine from the cave. And Shengmai..."

Xue Wudao gritted his teeth.

"what?"

"Qin Chen?"

Everyone was stunned. Does Xue Wudao treat them as idiots? Although they also felt that there seemed to be fighting here before, and there was still the aura of other people, but that Qin Chen was not at the peak of the early stage of the Earth Sage. He could pinch to death with a finger when he met any of them, Xue Wudao Actually Qin

Chen snatched the pill and holy veins from him, and forbidden the tales of heaven and night.

"City Lord, I have a bit of footage recorded before." At this moment, a family elder in the Tianyue City battleship hurriedly spoke. He took out a crystal ball, and Qin Chen immediately fought Xue Wudao before, and immediately captured it. Take the exquisite pill to block Xue Wudao's attack, and draw the paintings of the ancient saint veins

The face, all reflected in the eyes of everyone present.

The City Lord of Cangxuan City, the City Lord of Ancient Languages, and the City Lord of Fengyun City all saw this scene, and the city powerhouses in the treasures behind them also saw this scene.

Qin Chen used his inexhaustible combat power and shook the city lord Xue Wudao of Tianyue City. He seized some images of the exquisite medicine pill and the ancient holy veins, which were calculated by these peerless earth sages in a flash, because of some information in the air. It has not disappeared.

"What? It's really Qin Chen!" "City Lord, this Qin Chen actually got the peerless pill in advance, this pill...I'm afraid there will be a heavenly pill, hiss, how did he open this magic light barrier, go? Once Xue Wudao was here, was hurt by this magic light barrier and almost fell.

Right? "

"This guy actually fought Xue Wudao in a fight, and actually blocked Xue Wudao's attack."

"Xue Wudao is a peerless earth sage. Although this Qin Chen is very powerful, compared with the peerless earth sage, there is still a big gap. How can it be comparable to the peerless earth sage?"

"It's amazing. I have never heard of it. At the peak of Earth Sage's early stage, you can compete against peerless Earth Sage characters. This is no longer called a genius, Tianjiao? A ghost... I can't think of any words. describe."

The master of Cangxuancheng felt that he could no longer be surprised anymore, and turned from surprise to numbness.

The appearance of Qin Chen overturned their understanding of cultivation. "City Lord, what do you do now? This Qin Chen actually got the peculiar pill here, and also extracted such a large ancient holy vein. This holy vein is more terrifying than our Cangxuan city's holy vein? However, He flees in embarrassment, he should be there

Where is he trapped nearby? Even if he can barely resist Xue Wudao, he cannot contend with the three major cities. The treasure will inevitably be seized. Next, shall we \*\*\*\* it or help him and share the exquisite medicine together? "This peculiar pill is a top-level pill at a glance. In addition to the peculiar pill, there is also a heavenly sage pill. Any one of them can create a top-level holy pill, and even has the opportunity to make people break through the sky. Holy realm, he might not be willing to give it to us.

"

"Then find him and take the pill from him!"

"This is a way. After getting the pill from him, Lord City Lord may have a chance to break through to the realm of Heavenly Sage."

A strong person in Cangxuan City said in a deep voice.

"Ao Lie, how is it? This kid has taken so many treasures, I am afraid that you have no part in it. Why don't we join hands? How about killing this kid and taking the treasures from him?" Xue Wudao of Tianyue City smiled He said that he wanted to separate the relationship between Cang Xuan City and Qin Chen.

#### [Chapter 2570: Peerless True Dragon Pill](#)

"Father, our Cangxuan City didn't help Qin Chen at all. Instead, he saved me. This time when he entered the land of the Yan Luo Demon Clan, he was the first to find the treasure, and he was not sheltered by us. Fight against Xue Wudao alone. If we forcefully snatch

His holy pill, I am afraid it will forge an enemy. It's better to make a good relationship and help him. Even if he doesn't give us the superb pill, he will remember today's friendship and become a big man in the future, which has the benefit of our Cangxuan City! "

"What's more, there are so many treasures here, maybe there are other treasures."

Ao Qingling was afraid that Ao Lie would agree, and said hurriedly. "Daughter, what you said makes sense. This person is not a thing in the pool. He obviously has great luck and is guarded by the Holy Master. He is the descendant of the Holy Master. You can see that he can control the magic light barrier here, and he is the first to open the magic light barrier to clearly represent

Behind him, there are mysterious things hidden behind him. Such a character is not easy to make friends, and he will turn back for a little profit. The old man is nothing. "

Ao Lie sneered and said to Xue Wudao with disdain.

"Listen to all of you, no matter what treasure Qin Chen got, I Cang Xuan City can't be an enemy with it."

Ao Lie turned his head, and said in a cold voice to the many strong people in Cangxuan City. He weighed the pros and cons in his heart and made a choice immediately.

"Yes, my lord."

Many strong men bowed their heads.

"Huh, Ao Lie, I don't expect you to be so ignorant and not conspiring. Since that kid has run away, then my three major cities will kill you first and do it."

Xue Wudao let out a cold snort, and immediately, the three major city masters quickly killed Ao Lie.

"Just because you want to kill this seat?"

Ao Lie sneered, and instantly entered Noah's Ark. Then, the Ark shook, and instantly rushed out of the encirclement of the three masters. After a shock in Yama's demonic energy, he disappeared.

"Damn, this Ao Lie owns the heavenly treasure Noah's Ark, I can't stop him at all."

Xue Wudao and others were angry, but depressed.

When the Heavenly Sacred Treasure came out, even if it was broken, it was difficult for them to stop it.

"Hmph, let Na Ao Lie be arrogant for a while, and wait until we find the next treasure, breakthrough in cultivation, or set up a big formation, see where he hides next time, go, go after that kid first, and see if it works Can't be above."

Whoosh whoosh!

The powerhouses of the three major cities including Tianyue City, Ancient Language City, and Fengyun City did not stop, and quickly tracked down the place where Qin Chen's breath disappeared.

In the secret realm of the Yan Luo Demon Clan, after leaving the cave, Qin Chen quickly flew by. He urged the space rules to the extreme. His figure kept flickering in the void and kept changing directions.

After a long time, Qin Chen came to a place full of Yan Luo's devilish energy, and then stopped.

"It's almost there. I used multiple clones to cover up the escape route. Even if Xue Wudao and the others want to track it up, it's impossible."

Qin Chen stopped his figure, wiped the blood from the corner of his mouth, his eyes flashed wisely, and he placed a large forbidden array, then his figure flickered, and he quickly entered into the jade disc.

"Om!"

As soon as he entered the jade disc of good fortune in the universe, Qin Chen felt a rich and extremely holy energy escape, making Qin Chen feel extremely comfortable throughout his body.

I saw an ancient sacred vein, like a giant dragon, traversing among the jade discs of good fortune in the universe, and it was far more tyrannical than the one in Cangxuancheng.

"This time the gain is too great."

Qin Chen was overjoyed. With this ancient sacred vein, the resources he needed for cultivation in a short period of time were not lacking at all. What's more, he also received a lot of Peerless Earth Pills, which were enough for him. The strength of once again improved.

"I had just consolidated my cultivation base before and broke through to the early peak of Earth Saint. It didn't take long at all. According to the truth, it is best to continue to consolidate and break through again, but now it seems that it is not working."

"In this Demon Saint Secret Realm, if I want to gain a foothold, I must raise my cultivation base again. Otherwise, even if I meet Xue Wudao and the others, it will be difficult to gain a foothold and can only escape."

"Fortunately, with the ancient sacred veins and so many unique sacred pills, I can completely consolidate my cultivation base and don't have to worry about encountering too many problems."

Thinking of this, Qin Chen no longer wastes time, and directly urges the source of time to accelerate time.

Qin Chen was overjoyed at this opening.

"The flow rate of my time seems to be even stronger. It used to be one to thirty, but now it has reached one to fifty. Fifty days of cultivating here will only mean one day in the outside world."

"Yes, with the energy provided by the ancient holy veins, the time of the jade discs will be accelerated, and it will naturally increase again."

"Hahaha, it's all right now."

Qin Chen was overjoyed.

Originally, he was worried that his realm would not be consolidated, but now he is completely relaxed. He has enough time to cultivate here, and there is no need to worry about it.

"Let me take a look at the pills I got."

Qin Chen took out the previous pill, and immediately, the endless aura of the pill rose. There were dragons, phoenixes, and various forms of beast phantoms rising between the heaven and the earth.

"hiss!"

Qin Chen sucked in air.

The aura contained in these medicines is too terrifying, and it is definitely the topmost among the Peerless Earth Sages.

"These medicinal pills should have been smelted with many special types of auras. There are dragons and hiss. This is the breath of the true dragons in the monsters, and it is a true dragon of the peerless earth saint level. It was actually refined into a pill."

Qin Chen was shocked when he felt these pills. It's just that the Peerless Earth Pill had such an effect. Then how did those two bottles of Peerless Heavenly Pills be refined?

However, despite the shock, Qin Chen did not rashly take out the two bottles of Heavenly Pills. With his current cultivation base, he could not withstand the power of the Heavenly Pills. He rashly took them. There was only one result, that is, his body exploded and died. The dust can't bear it either.

"Okay, okay, with these unparalleled earth pills, ancient holy veins, time to accelerate, and everything is ready, it is true that you can gain from experience and adventure. Otherwise, you only know when you can break through cultivation. "

Qin Chen was extremely excited, he sank, and directly took out one of the pills.

Roar!

As soon as this pill appeared, it turned into a real dragon, roaring, as if to rush out of the universe of the jade disc world.

What kind of pill is this, like a real dragon.

Of course Qin Chen knew that this was the special artistic conception contained in the Peerless Di Pill.

"Surrender to me." Qin Chen pointed it up. In the Universe Good Fortune Jade Plate, let alone an elixir, even if it was a truly peerless holy land, he had to surrender. That elixir immediately exploded.

Explosion, endless rules, and order represent the blood, breath, and power of the real dragon, all of a sudden swept away.
