

Valkyrie 2581

[Chapter 2581: Enslaved three](#)

As long as the three of them can be enslaved, then Qin Chen will be able to nail down the dark child in the three major cities. Without asking for much help from the other party, he only needs some intelligence support from the other party to make Qin Chen enough. More stable. The only trouble is that the power of the late Earth Sage has strong soul power. Although Qin Chen's soul has been transformed, he also enslaved the ancient Fangzhai Earth Sage master in the Mortal Holy Realm, but can he enslave the power of the late Earth Sage, Qin Chen himself did not put

grip.

Therefore, he used the magic imprisonment cage to pull only the soul of the old man surnamed Luo from Tianyue City into the endless fantasy space for a preliminary attempt.

Hum!

In the dark space, the old man surnamed Luo suddenly appeared here, seeing the surrounding environment with a look of horror.

"You...Where did you take me?"

The old man surnamed Luo was frightened, struggling and roaring in anger.

However, in Qin Chen's illusion space, no matter how hard he struggles, he can't escape, he can only fall into an endless abyss.

"It seems... feasible!"

Qin Chen was happy.

The soul resistance of the strong man in this late Saint Stage was weaker than he had imagined.

"Then enslaved him first."

Qin Chen was about to make a move, but at this moment, the two masters of Ancient Language City and Fengyun City also came to their senses, and furiously killed Qin Chen.

"The Fury of Yanlong!"

The master of the late Di Sage of Ancient Language City burst out the dazzling red flame of the Saint Yuan, forming an invisible flame light dragon, oppressing Qin Chen.

He was burning Saint Yuan and even his soul, bursting out an unprecedented killer move!

Ouch!

The flame light dragon, exhaling the terrifying flames of the Holy Sage Yuan, turned the surrounding crystal walls into red, emitting hot heat.

And the middle-aged man in Fengyun City also became violent, roaring, his short hair was standing up, and an endless terrifying breath surged all over his body, and the strength in his body was rapidly skyrocketing.

"Once you encounter a storm, the world is shocked!"

He roared and banged. In his body, the terrifying force of the wind and clouds swept out all of a sudden. Between the world and the earth, the force of the wind and clouds all over the sky turned into endless wind blades, and these wind blades turned into terrible tornado storms towards Qin. Dust rolled in frantically.

"What a strong fire attribute power, what a strong wind and cloud power!"

Qin Chen was awe-inspiring, and sure enough, no strong man in the late Earth Sage could despise it.

At this moment, the power that these two people broke out was at least several times stronger than before.

This is a terrible blow to boost potential.

"Overlord ascends to heaven!"

"Killing Fist!"

But although Qin Chen was shocked, his expression did not change at all. With a cold shout, he ran the Nine Star Sage Yuan, and directly blasted a domineering fist.

These two people, at this critical moment, disturb Qin Chen, how could he be merciful.

If they are not seriously injured, I am afraid they cannot be easily enslaved.

Boom!

Several terrifying Saint Yuan forces violently bombarded each other.

Boom!

Qin Chen's dark slaughter fist shot suddenly burst out with a terrifying black light, smashing the flame light dragon and tornado blade to pieces.

After destroying the flame light dragon and the tornado blade, the remaining power of the killing fist that was integrated into the overlord's ascension mood, crushed to the two masters.

Boom!

"what!"

The two masters screamed, and blood burst out of their bodies. Qin Chen shot them on the back crystal wall with a palm. On the body, there were countless cracks, and a burning and corroding golden flame power was on his wounds. Keep burning everywhere.

The combat effectiveness of the two dropped sharply, and they were unable to perform the usual terrifying killer moves in a short time.

After solving the two people, Qin Chen looked at the old man surnamed Luo again.

at this time--

A strange color flashed through the eyes of the old man Luo.

Soon, the old man surnamed Luo broke free from Qin Chen's phantom confinement cage, all in a cold sweat, looking at Qin Chen in terror.

Hum!

The old man surnamed Luo quickly backed away following a wave of wind and fire.

He naturally knew that he had been trapped by Qin Chen's soul illusion for a few breaths of time. If it weren't for him to be a strong man in the late earth sage, his soul's resistance is extremely strong, plus Qin Chen's distraction. I'm afraid I will never wake up.

He did not expect that Qin Chen not only improved his realm so quickly, but also so terrifying in terms of his soul will.

And the old man surnamed Luo suddenly thought that with such a powerful soul will of Qin Chen, he didn't need to spend such a lot of effort to deal with him. The few breaths that were trapped just now were enough to kill him.

But now he is still alive, I am afraid that Qin Chen is plotting something on him.

He didn't think about Qin Chen wanting to enslave him, because even though he was not Qin Chen's opponent, he still couldn't believe that Qin Chen, a middle-earth sage martial artist, could enslave him such a powerful late-earth sage.

"Huh? The strength of the soul of the strong in the later stage of the Earth Saint is really interesting."

Qin Chen saw that the old man surnamed Luo broke free from his magic prison, somewhat surprised and somewhat understanding.

"Cui Bowen, Wu Kangsheng, let's withdraw!"

The old man surnamed Luo with a cold sweat on his face, hurriedly spoke to the two strong men.

The old man surnamed Luo knew that the three of them were no longer Qin Chen's opponents.

"go!"

The other two powerhouses, who are suffering from endless flame poisoning, are also furious and retreat.

Therefore, after the old man surnamed Luo spoke, he did not hesitate at all. The two of them already endured the pain, flew by and rushed to the exit of the cave.

For the present plan, all they can do is to notify the three major city owners to come and kill Qin Chen.

With the strength of the three great city masters, the peerless Di Sage, suppressing Qin Chen is definitely an extremely simple matter.

"Haha, want to go?"

Qin Chen smiled when he saw this.

Want to escape in front of yourself, is it possible?

"Little Ant, Little Huo, these guys will be handed over to you, stop them."

Qin Chen waved his hand, and immediately, countless strange spirit insects flew out frantically, turning into clouds.

"Boss, wrap it on us."

Xiao Yi and Xiao Huo said excitedly, buzzing, two clouds of darkness blocked the entrance of the cave in an instant.

"what is this?"

The old man surnamed Luo and the others were shocked, frightened and frightened, and fisted outright.

"Fire crit."

boom! The endless flames swept out. In their view, no insects could withstand the burning of the flames, but a shocking scene happened. Under their flames, countless spirit insects were unscathed, but they looked like On fire

Swim in the flames.

"Hehehe, this flame breath is too weak, and it's far behind the boss's flame power."

Xiao Yi and Xiao Huo said with disdain.

"how can that be?"

The three were furious.

"The wind and the clouds are breaking!"

The strong of Fengyun City roared, and countless wind blades swept out.

Qiang Qiang! These wind blades were curled on Little Ant and Little Huo, and they immediately made a clanging gold and iron cross. Many spirit insects were still unharmed.

[Chapter 2582: Give a piece of advice](#)

"Weak, too weak, now it's our turn to attack, little ones, come on."

Little Ant and Little Huo were full of energy, and suddenly the clouds swept over them. They immediately wrapped the three of them. In their anger, they hurriedly urged Saint Yuan to protect them. However, Little Ant and Little Huo swallowed the Saint Yuan in their bodies. Consumption at a rapid rate.

"Do not!"

In the endless clouds, the three screamed in despair and horror.

"it's time."

Seeing this, Qin Chen opened his eyebrows, and suddenly, a terrifying soul power burst out. This soul power turned into three runes and suddenly poured into the bodies of the three powerful men.

"Ah!" The three screamed and fought hard to resist, but Qin Chen's soul power is so powerful, and what is even more terrifying is that he possesses the heavenly soul forbidden technique. In addition, the three of them have long lost their courage and are seriously injured. In this desperate situation, the soul is the weakest time

When all kinds of pressure struck, the soul suddenly fell.

In their souls, a soul light flashed, and Qin Chen's soul entered the master, leaving a seal in their souls.

Qin Chen waved his hand and put Xiao Yi and Xiao Huo into the Universe Good Fortune Jade Disc again, revealing the three masters of the three major cities.

"the host!"

The master of the three major cities looked at Qin Chen with pious eyes, knelt on one knee, bowed his head and proclaimed his minister.

"The three of you, continue searching here, and then lurking beside your respective city lord, waiting for Ben Shao's command."

Qin Chen immediately issued an order to the three of them.

"Yes, master."

The three powerful men respectfully spoke, and then under Qin Chen's instructions, he quickly swallowed the pill and began to heal his injuries.

"It's time to leave."

Qin Chen's eyes flashed, and he quickly left the cave and swiftly swept towards the head of the demon corpse. After this battle, Qin Chen had a clearer understanding of his strength.

However, if you want to enter the position of the head of the devil's corpse, it is definitely not possible to rely on yourself. There are thousands of verticals in the devil's corpse. Although you can find the position of the devil's head by comprehending the demon energy of Yama, it will take more time. many.

"Little thing, you should come out."

Qin Chen explored with his hand, and immediately caught a spirit worm from the jade disc.

This spirit worm is one point bigger than the little ants and the little fire, and it is the spirit-seeking worm that has been evolving in the jade disc of good fortune in the universe before.

Spirit-seeking bugs have a keen sense of treasure, and Qin Chen believes that relying on spirit-seeking bugs will definitely make it easier.

really.

Hum!

As soon as the spirit-seeking bug came out, it woke up from its deep sleep, shaking its head, and receiving Qin Chen's order, it flew staggeringly along a passage.

After flying for a moment, Qin Chen frowned.

"The magic energy in this direction is really stronger."

This kind of energy change is very subtle, and if Qin Chen spends time to perceive it, he can naturally sense it, but looking for a spirit worm, he can easily find the right direction, and the world is really surprising.

But after Qin Chen left this area.

Whoosh whoosh!

In the previous battles, the strong from the major cities felt the fluctuations in the battle and rushed here.

Boom!

A terrifying force came, and it was Gu Liushen, the Lord of Ancient Language City.

"Why are you three, such a strong demon atmosphere, what happened here just now?"

Gu Liushen sensed the breath in the cave, and immediately asked in a deep voice, staring coldly at the three being healed. "Return to the city lord." Cui Bowen, a middle-aged man in the Old Language City, hurriedly stood up: "I was waiting here to search and encountered Qin Chen from Cangxuan City. I was about to take him down. Who knew that this person set a trap and hurriedly fleeing, I was injured when I waited out

, Was escaped by this person. "

"What? Did you meet the kid named Qin Chen? Did he escape?"

Gu Liushen looked furious, and glanced at the three of them, "The three Martial Artists of the Early Stage of the Earth Sage were run away by a kid at the peak of the Early Stage of the Earth Sage. It's really a bunch of waste."

The three of Cui Bowen looked embarrassed and smiled bitterly: "My Lord City Lord, that Qin Chen has already broken through to the middle stage of the Earth Sage, and his strength is very extraordinary. I will wait for a while and just..."

"Stop talking nonsense, in which direction did that kid ran?" Gu Liushen said solemnly.

"This....."

Cui Bowen looked bitter.

"Trash one."

Snapped!

Gu Liushen was furious, he slapped Cui Bowen directly, not enough success, more than failure, go back and convict you, don't hurry to find me.

"Yes!"

Suddenly, the masters of the major cities who received the news started to move and searched around.

On the other side, Qin Chen quickly approached the head of the demon corpse.

"Wow!"

At a turning point, a Martial Artist of the Late Earth Sage rushed out, seeing Qin Chen, his eyes suddenly showed joy.

"Boy, finally found you, let's see where you go."

There was no hesitation in the late-stage saint martial artist of that place, and he directly killed Qin Chen.

"Can't waste time."

Qin Chen frowned and waved his hand, Xiao Yi and Xiao Huo flew out suddenly, and two groups of terrifying clouds suddenly enveloped the Martial Artist of the Late Saint Stage.

"Ah, damn, what the **** is this?"

The late saint martial artist in this place was frightened and furious, trying to break the package of gas-eater ants and fire-refining insects, but it was useless. The densely packed air-eater ants and fire-refining insects wrapped him, and he was the sacred element of the late sage. Constantly consumed.

"dead!"

Qin Chen coldly drank, and killed him, taking this opportunity to directly activate the cracking sky divine mark.

puff!

With blood flying across, the warrior of the late Earth Sage did not have any effective resistance at all, and was directly exploded by Qin Chen, his body torn apart.

"Boom!"

Qin Chen waved his hand, and immediately, a large number of Earth Sage Origins were collected by Qin Chen at once, and deposited in the Universe Fortune Jade Disc. At the same time, Qin Chen also collected the storage ring of the late Sage powerhouse.

In just a short while, a strong man of the late earth saint completely fell.

With the help of the Qi Devouring Ants and the Fire Refining Insects, it was too easy for Qin Chen to kill the individual late-stage earth saint powerhouse. As long as he didn't encounter such peerless earth-sage powerhouses like Xue Wudao, ordinary earth-sage late-stage warriors, basically Not Qin Chen's opponent.

It's just that the Earth Sage origin of the ordinary Earth Sage late stage powerhouse has no effect on Qin Chen, but after going out of the Yan Luo Secret Realm, it still has a huge effect on Qin Tingting and the others.

"The battle here should be discovered soon, and you have to leave immediately."

Qin Chen continued to set off after a flicker.

During the next journey, Qin Chen also met several masters from the three major cities again, but after Qin Chen's shots, these late masters of the Earth Sage fell one after another, and there was no chance of escape.

Of course, Qin Chen also met a late elder of the Earth Sage in Cangxuan City.

"Let City Master Ao Lie be more careful. In this demon corpse, there are not only the people from the four major cities, but also the masters of other forces, who have also sneaked in." Qin Chen saw the opponent and gave a piece of advice. The form flickered, without giving the opponent a chance to speak, he already left quickly, leaving the opponent standing there with a dazed expression.

[Chapter 2583: Mystery ball](#)

After half an hour, Qin Chen had already arrived in a very vast passage.

The devilish energy in this passage is extremely rich, and the surrounding crystal walls are even wider.

"It seems that this is the passage leading to the head, but this passage is so obvious, I am afraid that it will not be long before people from several major cities will follow it."

Qin Chen's eyes flashed, and he quickly moved forward along the passage.

laugh!

Thunder light flickered, and after a moment, Qin Chen finally came to the end of this passage.

"Ok?"

At the end, there was a huge black curtain of nothingness. This light curtain was composed of incomparably pure and terrifying demonic energy. Its terrifying magical aura contained the power of the Yan Luo Demon Race.

But when Qin Chen came here, he found that several masters from major cities had gathered here.

"Qin Chen?"

Seeing Qin Chen, several masters in the three major cities stood up instantly, full of murderous aura.

Here, there are a total of five masters of the late earth sage of the four major cities.

But at the same time, there are also four elders from the late Di Sage of Cangxuan City.

Because the difference in strength between the two sides is not large, there is no conflict between the two sides, but they are divided into two distinct factions, eyeing each other.

The arrival of Qin Chen naturally broke this calm atmosphere.

"boom!"

There was a terrible aura on the bodies of the five masters of the late earth sage in the three major cities, slowly approaching Qin Chen.

"Huh, little friend Qin Chen is from Cangxuan City, do you want to die?"

Without waiting for Qin Chen to move, the four elders of Cangxuan City all stood up, horribly murderous, and stopped in front of Qin Chen.

"You guys, really want to keep this kid?"

The five masters of the late earth sage of the three major cities, said coldly.

"This is natural. If you have the ability, just do it. The four of us will accompany you."

The four masters of Cangxuan City did not let go, and the fighting spirit became more and more boiling.

"How to do?"

The five masters of the three major cities glanced at each other, their eyes flickering.

"Here, it's very special. After the light curtain, it is very likely that the core treasure of the demon corpse is contained. It is better not to startle the snake. Anyway, the city lord and the others have received the news. It will not be long before they will be here."

"Yes, even though we have five people, the four of Cangxuan City are not vegetarians. In addition to that kid, we may not be able to keep that kid."

"If that kid runs away, Lord City Lord will definitely be furious."

"So, let the kid go first?"

After secretly communicating with the masters of the three major cities, they gave a cold snort and returned to his side again.

The four masters in Cangxuancheng all sneered when they saw it, but they didn't continue to make any progress.

"Little friend Qin Chen, finally met."

The four elders looked at Qin Chen with a smile.

"How long have you been here? Apart from the people in these three major cities, have you seen anyone else?"

Qin Chen glanced at the four of them, and hurriedly asked, ignoring the five of the three major cities, frowning and looking a little anxious.

The four major cities and others have arrived first. Obviously, they are guarding here and they have seen the extraordinary here. It is very likely that these people have already passed the news. Maybe Xue Wudao and others will arrive one after another soon. But this is not what Qin Chen worries the most. What worries Qin Chen the most is that there are no members of the emptiness organization and the

soul fire family here, and the people of these two powers have to enter the demon corpse before any of them. Then the opponent is very likely, first

Xing entered the head of the demon corpse.

The four elders were taken aback, one of them frowned and said, "We got here, and some of them will be behind us in about a quarter of an hour. We haven't seen anyone else here. Is there any problem?"

Qin Chen's weird state also made them feel something wrong.

Qin Chen's heart sank, so to speak, people from the Soul Fire Family and Wukong Organization should have entered the head of the demon corpse before they arrived.

Thinking of this, Qin Chen immediately came to the dark magic light curtain.

boom!

An invisible force prevented Qin Chen from entering.

"It's useless. This magic light curtain can block anyone from entering. I have tried it before, let alone us, even if it is God's consciousness, it can't penetrate this light curtain."

Cangxuancheng's family elder immediately said: "However, this light curtain has been weakened a lot since we just arrived. I am afraid that it will not be long before we can enter it."

Qin Chen also felt it at this time. It has only been a moment since he came here, but the power on the light curtain has weakened a bit, and the speed is indeed very fast.

No wonder these people are stationed here. Obviously, as long as the power of the dark light screen disappears, everyone can enter it, and everyone wants to enter it first.

However, Qin Chen knew that before them, someone had definitely entered the head of the demon corpse first.

"This should be the most critical place. I don't know what is behind the dark void light curtain?"

Qin Chen couldn't calm down.

The opportunity in this demon corpse is beyond doubt. It is definitely the biggest treasure Qin Chen has learned so far, and even the biggest treasure in Yunzhou in countless years.

And the core of this treasure is the head of the demon corpse.

However, someone had already entered it first, making Qin Chen not anxious.

Hum!

Qin Chen couldn't help but mobilize his soul power, and a vain pupil between his brows opened, and a layer of mysterious ripples immediately filled.

"Try it!"

Qin Chen's field of vision hardly penetrated the black light curtain of endless magical power, and at the same time, Qin Chen's soul power was rapidly consuming.

call!

Qin Chen's vision instantly became pitch black, as if he had suddenly come to night from day to night. The powerful difference caused Qin Chen's heart to jump.

"Is this the scene behind the light curtain?"

Qin Chen's mind was tense.

The world is dark.

But in this extremely dark space, there was something extremely conspicuous, which instantly attracted Qin Chen's eyes.

It was a path of vain light that was paved in the dark world, extending to a very far place, and finally leading to a huge black sphere, which slowly rotated, bursting out a mysterious magic light that made people unable to look away.

"The real opportunity should be in that sphere, but there seems to be only one way, what is in this sphere!"

Qin Chen frowned!

The path of void light is very narrow, and there are not many people standing on it. If the people from the void organization have already entered, then they have clearly entered the sphere.

But Qin Chen couldn't see what's inside the ball.

Obviously, this sphere looks small, but it must contain terrifying space. Qin Chen can feel from the sphere a terrifying force that makes his heart palpitations.

Qin Chen tried to analyze the black light curtain and tried to enter it for the first time, but found that there was no way.

"It seems I can only wait." Fortunately, the light curtain weakened extremely fast, and I am afraid that it will disappear completely in a moment.

[Chapter 2584: Rush into the light curtain](#)

I saw that this black light curtain slowly weakened and became dimmed continuously. From Qin Chen to the present, it was only half an hour, but in this half an hour, the light curtain had already dimmed by half. .

In other words, as long as half a day's work, these light curtains will be completely dimmed and lose their blocking effect.

This speed was so amazing that Qin Chen frowned.

"The power in the entire demon corpse is weakening, and even such a powerful magic power in this light curtain is disappearing, where have all those powers gone?"

"Look, these forces seem to have entered behind this light curtain, behind the light curtain, what is there?"

"Could it be the inheritance of the Yama Lord?"

"It is possible, but what role does the inheritance of the Demon Race have for us humans? It is also possible that there is a treasure of the Yan Luo Demon Race."

"You can't say that. This is the inheritance of the Lord of the Yan Luo Demon Race. If it can be obtained, not to mention becoming the Holy Lord, it will be easy to break through the realm of Heavenly Sage. After all, the race is different, but the nature of power is still the same."

The powerhouses of the four major cities are also talking about it.

Qin Chen was there cross-legged, always paying attention to the light curtain, and analyzing the power in the light curtain.

The technique of patching the sky is the strongest refining technique of heaven and earth.

Qin Chen understood the atmosphere of the Yama Demon Clan, and as he continued to understand, the power in it was constantly analyzed by him.

"The power in this magic light curtain is equivalent to that at the beginning, it has been weakened by more than 60%."

Only half an hour later, Qin Chen had a new understanding of Yan Luo's devilish energy, and intuitively identified the changes in the light curtain's breath.

Afterwards, Qin Chen looked around.

Within half an hour of his comprehension, two people rushed here, from the three major cities and Cangxuan City respectively. As a result, the balance of strength here remained unchanged, and naturally there was no conflict.

"The loss of magic power in this light curtain seems to be faster."

At this time, a master of Cangxuan City suddenly stood up, and when he heard that, everyone else also stood up.

"It has indeed accelerated again."

Qin Chen turned his head and looked over, his gaze suddenly changed. The rate of loss now is several times faster than before. In other words, in the previous half an hour, 60% was lost, and the remaining 40% even needed only a half. The hour is running out.

The breath of this magic light curtain weakened at a speed visible to the naked eye.

Everyone stood up, no longer closed their eyes to practice, but looked excited.

"You can go in and find out soon."

"There must be peerless treasures sealed in it, maybe even the legendary weapon of the Holy Master."

"Maybe there is also a Saint-Master level guarding secret method."

At this moment, everyone was staring at the dark light curtain in front of them.

At a certain moment, the light curtain was extremely dim, and what appeared in front of everyone was a dim and twisted water ripple light curtain, faintly, and the scenery behind it was looming.

The distance from the light curtain has disappeared to the final stage.

Boom!

Suddenly, in the distant cave, a terrible aura spreads, Boom, this is a battleship, the battleship of Tianyue City, visible to the naked eye, there are many powerful men on it, one of them exudes terrible breath.

The leader was Xue Wudao from Tianyue City.

"The Lord of the City is here."

The many masters of Tianyue City all showed ecstasy on their faces, and they all made their voices in surprise, but the complexions of the five masters in Cangxuan City changed.

"Damn it, why did Xue Wudao from Tianyue City come first?"

When Xue Wudao came, the balance of power was instantly broken, and the people they were there were all in danger. Xue Wudao, a peerless earth saint, could sweep all of them, let alone bring so many people from Tianyue City. Master.

"Little friend Qin Chen, this is a big trouble. City Lord Ao Lie should still be there in a while. Let's join hands and see if we can hold on until Lord City Lord arrives."

Cang Xuancheng's leading expert gave a low cry, and instantly came to Qin Chen, his expression uneasy.

Although he is a master of the late Earth Sage, he clearly knows the gap between the late Earth Sage and the Peerless Earth Sage. A peerless Earth Sage is enough to sweep them all.

"No, it can't be stopped, this light curtain is almost over, let's rush in first."

Qin Chen glanced at Xue Wudao, who was flying by from a distance. Although the person hadn't arrived yet, the terrifying deterrence had already passed on.

Qin Chen didn't want to kill Xue Wudao and the others here, he must enter the head of the demon corpse as soon as possible.

"go!"

When the voice fell, Qin Chen screamed and swept directly to the pitch black light curtain ahead.

The other masters in Cangxuan City were all stunned. Is it possible to rush in now?

But at this time, they didn't care about thinking too much, seeing Qin Chen moving, they subconsciously followed.

"Hmph, want to rush in, have you asked us?"

Upon seeing this, several masters from the other three major cities sneered, and boomed, the leader of them came out boldly and directly stood in front of Qin Chen.

There was a smirk on his face, buzzing, long hair flying all over the sky, glittering and gleaming, a terrifying breath burst out of his body all of a sudden, his big hand came out like a curtain of sky, and grabbed Qin Chen.

"Boy, let me stay with Grandpa."

He yelled with a hideous look, and his eyes were full of disdain when he looked at Qin Chen. He also saw the scene of Qin Chen resisting Xue Wudao before, and he knew that Qin Chen's was not easy, but no matter how simple Qin Chen was, it was easy for him to stop the opponent in the late stage of the earth sage, just wait. Xue Wudao

When people arrive, these guys will all die.

Therefore, he was full of confidence and blocked Qin Chen strongly.

"roll!"

Qin Chen glanced at him, booming, his whole body was suddenly surging with endless terrifying thunder, and the power of thunder containing the supreme ruling power swept out all at once.

哐!

The master of the late sacred stage only felt like he was hit by a wild beast running wildly, click, there was a crisp bone cracking sound from all over his body, and he was suddenly knocked out.

"What, you..."

He was horrified, spouting blood, and fell to the ground embarrassedly.

"go!"

Qin Chen shouted sharply, and instantly submerged in the twisted black light curtain. This time, the light curtain did not stop him, flashing like a water wave, and Qin Chen was instantly behind the light curtain.

Qin Chen's speed was so fast that the masters of the remaining three major cities had no time to stop him.

By the time they made their move, several masters of the Late Earth Sage in Cangxuan City had already arrived.

"roll!"

These people roared at the same time, burning Saint Yuan, knowing that they were urgent, they desperately shot.

While desperately breaking through the siege on the one hand, while hurriedly intercepting it on the other, how could the people of the three major cities block the cooperation of the great masters of Cangxuan City, and in a hurry, they were immediately blasted away, retreating and giving way.

And in this instant, several masters of Cangxuancheng already swished, and disappeared into the light curtain.

Boom! At the moment they disappeared, the terrifying battleship descended all of a sudden and fell instantly.

[Chapter 2585: The least possible](#)

"My Lord City Lord!"

The strong man in Tianyue City hurriedly knelt down on one knee and bowed in panic.

"Huh, a bunch of trash, even a kid can't stop it." Xue Wudao snorted coldly, looking at the black light curtain in front of him, he naturally saw the previous scene, and his anger rose in his heart.

However, after saying this, a trace of embarrassment appeared on his face, because he suddenly remembered that Qin Chen seemed to have escaped from his hand before.

"This is the place of the special light curtain mentioned in your communication?"

Xue Wudao stared at the black light curtain in front of him, and he was shocked. Although the light curtain had been very weakened, the terrifying Yama Demon Qi still surged, giving people a strong sense of shock.

It's really weird here.

"My Lord City Lord, I suspect that this is the passage leading to the core area of the demon corpse. It has been unable to pass through before, and it was not possible to enter until just now." The Yuecheng master hurriedly explained that day.

"I have already seen this passage. It is very weird and has a special aura. If I didn't guess wrong, this passage should lead to the head of the devil."

"Head?"

Everyone was surprised.

They hadn't thought that if this were the case, it might indeed contain the supreme heritage of the Lord of the Yama Demon Race.

"My lord, the little Qin Chen and the people from Cangxuan City have already entered it first. We have to get in quickly." The master of Tianyue City said anxiously.

"Don't worry." Xue Wudao coldly snorted, "How is it so easy to get the inheritance of the Holy Master, but the earlier you enter, the greater the benefits will be. Let's go in."

boom!

Xue Wudao put away the battleship, and suddenly, many masters of Tianyue City entered the light curtain.

Suddenly, only the masters of Old Language City and Fengyun City were left on the field, and they were suddenly very anxious.

And at this moment.

boom!

In the distance, a terrible breath came, it was an ark, and it was City Master Ao Lie with many masters of Cangxuan City.

"not good."

The expressions of several masters in Ancient Language City and Fengyun City changed drastically, and they rushed into the light curtain as they gritted their teeth.

"This is the weird place? There is still a lot of powerful aura left here. It seems that everyone else has entered, and we will also enter."

This light curtain, even Noah's Ark could not enter, only the body could enter. Ao Lie put away the Ark and took the master of Cangxuan City into it for the first time.

And not long after Ao Lie scolded them for entering, many powerful people from Ancient Language City and Fengyun City also rushed to make a decision quickly and broke into the light curtain.

At this moment, in the light curtain.

Qin Chen was the first to enter it.

Hum!

After entering the light curtain, the scene in front of Qin Chen's eyes turned to normal after a while.

"this is?"

Qin Chen looked at everything in front of him with a shocked expression. Qin Chen was standing on a light path made up of magic power, and around him, there were many such light paths in the entire pitch black space. Several masters of the earth sages of Cangxuan City were beside him. Not far away, there is a

Light curtain.

"here is?"

All of them showed shocked faces, feeling extremely shocked and magical.

suddenly.

Hum.

Suddenly, not far from Qin Chen, Xue Wudao's figure appeared, and then a light path condensed under his feet, extending into the rotating sphere in the center.

"Qin Chen!"

When Xue Wudao saw Qin Chen, his anger and coldness immediately ignited.

However, Qin Chen was shocked and completely ignored Xue Wudao.

"How is it possible? One road per person?"

Qin Chen was still in shock.

Before entering here, Qin Chen's eyes had penetrated into this world.

At that time, Qin Chen saw a light path.

In other words, before he came here, only one person broke into here? But Wukong Organization and Soulfire Family, there is more than one person, that number is extremely large.

Could it be said that Wukong Organization and the Soulfire Family didn't enter the head of the demon corpse?

"It's impossible!" Qin Chen denied for the first time. He watched the other party enter the devil's corpse with his own eyes, and for so long, Qin Chen had encountered anyone in the four major cities, but he had never seen Wukong. Organizations and people from the Soul Fire family, obviously, the other party should be early

He entered the head of the demon corpse.

But the only passage that appeared before still made Qin Chen frown.

There are only two possibilities.

First: The No Sky Organization and the Soul Fire Family have special means to enter this orb together, so that only one path of light is left.

Second: After anyone passes the light path, the light path under him will disappear, and in the end, only one will be formed.

If it's the second point, that's fine, but if it's the first point...

Qin Chen's gaze suddenly condensed, this airless organization method was a bit too scary.

First of all, the previous black light curtain is composed of powerful magic power, even if it is the Jedi Saint, it is impossible to force it.

Secondly, to enter here, it is obvious that you must physically enter, and any treasures such as battleships will be invalid.

However, Wukong Organization can make everyone enter together, and this method has to make Qin Chen think deeply.

Could it be...

When all the possibilities are eliminated, the most unlikely possibility is often the truth.

Qin Chen guessed for a while, and his heart was shocked for a long time, unable to calm down.

"Never mind this for now!"

Qin Chen got rid of this doubt.

Since everyone has a route, Qin Chen doesn't have to worry about encountering enemies to obstruct or chase him down, and he doesn't have to worry about people in Cangxuancheng facing danger.

Buzzing!

At the same time, the light paths around him appeared one after another, and many masters of the major forces entered the light curtain one after another.

"Qin Chen!"

A sound of surprise sounded, Qin Chen turned his head and saw not far away, Ao Qingling looked at himself with surprise.

By her side, City Lord Ao Lie was also delighted to look over.

"what!"

Qin Chen was surprised, and Ao Qingling actually broke through to the middle stage of the Earth Sage. How long has it been?

I broke through the middle stage of the earth saint because of the acceleration of time in the jade disc of good fortune of the universe, coupled with obtaining the peculiar earth pill and the ancient holy veins, but Ao Qingling?

In just a few days, he actually entered the middle stage of the Earth Sage. Obviously, Cang Xuan City has also gained a lot in this Yama secret realm.

"It seems that Cang Xuancheng's gains and heritage should not be underestimated."

After thinking about it, Qin Chen was also surprised. At the time when the grand meeting was passed down in Cangxuan City, Ao Qingling had already broken through to the peak of the Early Earth Sage, and he was only entering the Early Earth Sage. For so long, Ao Qingling has consolidated his cultivation base and achieved a breakthrough. What can't be answered

Subject matter.

Boom boom boom!

Immediately afterwards, the masters of the major forces appeared one after another, and Gu Liushen and Fengfeng brought the masters of their respective cities into the light curtain.

"Hehe, I didn't expect everyone here to meet again." Fengyun City's headwind directly sneered, staring at Qin Chen with a cold look, revealing a sense of greed.

[Chapter 2586: Deja vu](#)

Not only him, but Gu Liushen and others, their eyes fell on Qin Chen.

Although everyone had gained a lot in Yama Secret Realm, Qin Chen had the biggest gain among all of them.

Just the many outstanding Di Pills and Heavenly Sacred Pills in the cave before, as well as that ancient holy vein, are enough to make everyone jealous.

But at this moment, no one acted rashly, everyone was observing this strange environment.

It was pitch black all around, and there was only one light path at the foot, and in the center of this pitch black world, there was a black sphere, the sphere bloomed with an amazing breath, making it impossible to see the situation inside.

"The real opportunity should be in the center ball, where, it should be the core of the devil's head."

"There must be some clue to this light path under your feet."

All the powerhouses in the four major cities made a guess and a series of trials.

Boom!

Among them, Xue Wudao was the closest to Qin Chen. He raised his hand to capture Qin Chen, but found that his power could not penetrate the light path at all. Everyone on this light path was in a closed state, and power could not penetrate.

At this time, there are already many masters who have begun to leave.

At this moment, a strange light flashed above the pitch-black space.

Boom boom boom!

I saw that dark rays of light descended quickly, filling the entire space.

A breath of invisible magic power suddenly oppressed, making the strong on the light path tremble.

"That is the magic power of the Holy Lord?"

Qin Chen was shocked.

If suppressed by the black time, even the peerless earth saint will be wiped out.

"go!"

Qin Chen didn't want to lag behind others and took a step forward.

In an instant, Qin Chen noticed that the Earth Saint Yuan in his Saint Source was slowly draining away.

"The power of Saint Yuan in the body is losing?"

Qin Chen's expression was shocked again.

Afterwards, Qin Chen glanced at the powerhouses on the other light paths, and from their expressions, Qin Chen could tell that everyone's situation was the same.

In addition, a series of weird profound meanings descended, which is the profound meaning of the Yama Demon Race, oppressing everyone and making everyone adapt to it.

At a certain moment.

Qin Chen suddenly felt a sense of déjà vu.

Yes!

The current situation is somewhat similar to the scene where the alien demons in the Law Enforcement Hall opened the alien demons continent in the ancient Yu world, and the rainbow channel appeared between the ancient Yu world and the alien demons.

However, the colorful channel is the obstacle of the power of rules, which tests the strength of the Wuhuang strong to withstand the power of the rules, and here is the profound obstacle of the Yama Demon Race.

"It seems that the test of this space is more difficult than I thought!"

Qin Chen frowned slightly.

The strong who enters this space, facing the test, will not be threatened by other strong enemies, and can retreat and leave here at any time, except for the terrible force suppression, it can be said that there is almost no danger at present.

However, the test of this space has caused everyone to raise the spirit of twelve points and go all out to deal with it.

This has just begun, and everyone is facing a dual crisis.

There is the magic power of the Holy Lord that has landed above, releasing terrible profound power. Once it is engulfed, it may be wiped out, and the light path below can continuously draw the holy essence and power in everyone.

Go!

Lightning flashed on Qin Chen, flying across the path of light, and he sensed the profound meaning of the Yama Demon Race around him.

In this case, it is the best way to complete this light path as soon as possible to reach the mysterious sphere.

However, as soon as Qin Chen flew several tens of meters away, he felt an invisible force of consciousness slowly descending, affecting Qin Chen's mind.

"There is still obstruction!"

Even Qin Chen was a little angry.

There are too many tests on this light path.

Fortunately, the strength of Qin Chen's soul was extremely terrifying, and ordinary consciousness shock could not shake his soul.

Hum!

Qin Chen used the Heaven Soul Forbidden Technique to form a powerful soul defense around his body, blocking this special consciousness impact.

call out!

Qin Chen speeded up and moved forward quickly.

Suddenly, Qin Chen stopped his figure.

The next moment, in front of him, a light of the Holy Lord quickly descended.

Afterwards, this terrifying magical power of the Holy Lord penetrated through the light path and continued to fall downward.

And below Qin Chen, a master of the late earth sage of Fengyun City was flying by.

When this strong man in the late stage of Earth Saint noticed the strange fluctuations above, it was too late.

With this kind of consciousness and physical body being suppressed, it is impossible to avoid it in time.

boom!

That magical halo instantly passed through the area where the late-stage earth saint powerhouse was located, destroying everything.

"What a terrifying power!"

Qin Chen felt cold.

The Fengyun City powerhouse of the late Earth Sage, in front of the magic halo, did not have a trace of resistance, was completely destroyed, and there was nothing left.

At the same time, Qin Chen also saw that not far away, another strong man from the late Earth Sage of Ancient Language City was also swept away by a magic halo, instantly disappearing, and even screaming was too late.

"Go!"

Qin Chen surged with the power of Saint Yuan, and immediately accelerated.

Qin Chen's soul power permeated, and at the same time, his profound sense of the Yan Luo Demon Race was also raised to the maximum, and everything around him was under his control.

As Qin Chen continued to fly, the invisible impact of consciousness around Qin Chen continued to increase.

In order to protect himself from the impact of this consciousness, and fly faster on the path of light, Qin Chen used his soul with all his strength and his understanding of the profound meaning of the Yan Luo Demon Race against it.

Invisible, Qin Chen's soul power was slowly increasing, and at the same time he had more understanding of the profound meaning of the Yan Luo Demon Race.

"Then boy, how could it be so fast?"

Xue Wudao looked shocked.

At this time, Qin Chen swiftly flew over the light path, and occasionally paused for a while, avoiding the magic halo that fell from above, and had already left Xue Wudao and the others behind.

"how can that be?"

Around Qin Chen, many strong men on the passage were also shocked.

Powerful people walking on this passage can almost perceive it, and the faster the flying speed, the more difficult the test.

Therefore, many powerhouses walk on the passage very carefully to ensure safety.

As long as it can finally reach the sphere in the center area.

Hearing the words of some powerful people around, Qin Chen paused a little and looked at the others around him.

Within a certain range near Qin Chen, there were four strong masters, namely Xue Wudao, Gu Liushen, Ao Lie, and Fengfeng.

Among them, Ao Lie came first, at the same level as Xue Wudao, and the two were only slightly slower than Qin Chen, while Gu Liushen and Fengfeng were more behind because they came later.

What shocked Qin Chen even more was that Ao Qingling, a martial artist in the middle of the earth sage, was second only to Fengfeng and Gu Liushen, and belonged to the second echelon.

"Could it be that everyone's test is determined according to their own realm?"

Qin Chen suddenly realized. In other words, Peerless Earth Saint's suppression of the profound righteousness on the Path of Light may be dozens of times that of Qin Chen.

[Chapter 2587: Weird Hall](#)

"In this way, I am here and should have an advantage."

Qin Chen thoughtfully.

The test of this light path seems to be selecting the strong in the same realm.

However, Qin Chen's realm was only in the middle stage of the earth sage, but he was invincible to the later stage of the earth sage, and could even resist the peerless earth sage strong.

Therefore, Qin Chen could fly over this light path at a speed surpassing ordinary people.

"Disappeared?"

It didn't take long for Qin Chen's consciousness to disappear suddenly.

On the path of light in front of Qin Chen, a powerful Yan Luo Yi emerged, which then transformed into a storm of demonic energy.

call!

Qin Chen activated the power in his body, revolving indestructible Saint Body, and plunged into this devilish storm.

Boom!

A cold devilish air constantly invaded Qin Chen's body, seeming to polish and baptize his body.

Under this storm, as long as he carried it over, Qin Chen's physical body was not only undamaged, on the contrary, it became stronger and stronger.

This devilish storm still has such an effect?

Qin Chen was surprised that the test of this passage exceeded his original expectations.

Soon, Qin Chen quickly approached the round ball not far away.

And above the entire passage, the masters of the four major cities have been drawn into long passages, scattered sparsely.

Qin Chen walked in the forefront position, but Xue Wudao and the others, closely following Qin Chen's position, were not too far away, and were constantly approaching the ball.

Not far to the right of Qin Chen, Xue Wudao, who hurriedly shuttled through the devilish storm, suddenly looked towards Qin Chen on the left.

"Qin Chen!"

Xue Wudao looked murderous.

But at this moment, he was so close to Qin Chen, but he couldn't do anything to Qin Chen.

Gu Liushen and Fengfeng from Guyucheng also followed not far away, looking coldly.

"If this goes on, things are a little bad."

Qin Chen's face sank slightly. Above the passage, he can't do anything. He is still very safe, but once he enters the orb, no one knows what will happen below. As everyone continues to approach, Qin Chen speculates that when he enters the orb, Xue Wudao is afraid

By Qin Chen's side.

If it was just a Xue Wudao, Qin Chen didn't care about it. He had the information to compete with the peerless earth sage, but Xue Wudao had three peerless earth sages. Once the three of them joined forces, the problem would be troublesome.

"If I can enter it earlier and spy on what is behind the ball, maybe I can have some preparation."

Qin Chen looked calm.

What he is most curious about now is what is behind the ball.

Although the Wukong organization and the soul fire family have already broken into it, the first person to enter the orb must have a certain opportunity.

call out!

Thinking of this, Qin Chen suddenly accelerated.

boom!

Qin Chen was still able to accelerate when he was already in the lead, even faster.

"what?"

Everyone was shocked when they saw this scene.

At this time, Qin Chen can actually speed up?

"This kid!"

Gu Liushen and Fengfeng's eyes became extremely vicious and cruel.

In the cave before, Qin Chen had robbed the most treasures, this time if he broke into the orb for the first time, who knew what would happen.

Such a Tianjiao is too abnormal, and he must not be allowed to go out alive, otherwise it will be a huge threat to the three major cities.

"Gu Liushen, headwind?"

Qin Chen felt the strong killing intent of the two, and his expression stunned.

"Want to kill me? Ha ha, you have to catch up with me first."

Qin Chen didn't care about the killing intent of the two of them at all, but accelerated again.

by!

Speed up again?

The masters of other major cities are going crazy seeing this scene.

They can participate in the secret realm to hunt for treasures, which is not the long-known peerless powerhouse among the four major cities, at least they are all masters of the late earth sage.

At this moment, even City Lord Ao Lie of Cangxuan City looked at Qin Chen in shock.

"Good fellow, the descendant of the Holy Master, really tough."

He was shocked in his heart, once again shocked by Qin Chen's potential.

Although here, the lower the cultivation base, the lower the oppression, but in fact, everyone's difficulty is almost the same, Qin Chen can be so fast, it is definitely not a simple cultivation base that can explain it.

Didn't see his daughter Ao Qingling, she was just a warrior in the middle of the earth sage, but she still lags behind?

As Qin Chen's speed increased, the black ball in front of him got closer and closer.

"Damn it."

Xue Wudao and the others were angry, but they could only watch Qin Chen and rush into the ball first.

Hum!

Passing through the ball barrier, the scene in front of Qin Chen's eyes changed drastically.

What caught Qin Chen's eyes turned out to be a magnificent palace.

This palace is extremely magnificent, the whole body is pitch black, and I don't know what material to build, and when it enters the sphere, it falls in front of the palace square.

"That's... Different Demon Meteorite Iron."

Qin Chen's gaze suddenly stared at the steps in front of the hall.

Alien Demon Meteorite is a legendary gem among the materials of Demon Dao, the ore for refining Demon Dao Heavenly Sacred Weapon, this material was only known after Qin Chen got the inheritance of Mending Heaven Palace.

This kind of material is very cherished, and with a big fist, you can try to refine the Heavenly Sage weapon.

And the step Qin Chen was staring at was forged from a different demon meteorite.

"Such precious material, is it just the steps of this palace?"

After the steps, there was the deep hall of the palace. Qin Chen's eyes flashed and his heart was vigilant, and at the same time he swept in instantly.

Whoosh!

Entering the hall, a cold breath swept across.

What caught Qin Chen's eyes was an empty hall. In the hall, various special runes were engraved with an inexplicable and terrifying aura circulating.

But the surrounding area of the hall was empty, there was almost nothing, only a horrible demonic energy lingered around, seeping into the endless darkness, making it hard to see what was in the depths of the hall.

"These runes..."

Qin Chen stared at these runes, his mind seemed to be caught in some kind of illusion, and he stood there for a moment.

"Smelly boy."

At this moment, a roar came from outside the hall.

Whoosh!

A figure flashed, and Xue Wudao instantly appeared in the hall.

Seeing Qin Chen, Xue Wudao's eyes suddenly surged with terrible murderous intent.

"dead!"

He was in a vertical position, and went straight to Qin Chen.

"stop!"

boom!

At the moment when Xue Wudao was about to hit Qin Chen, a roar came, and City Lord Ao Lie arrived second, booming, he reached out with his big hand, like a sky, and directly caught Xue Wudao.

"Why did Ao Lie come so fast?"

Xue Wudao was shocked. Ao Lie's hand was shocking. If he continued to force his hand, even if he could kill Qin Chen, he would be killed by Ao Lie's hand, even severely injured. Therefore, he hurriedly turned around and resisted.

boom! The terrible force collided, Xue Wudao suddenly retreated ten feet, and this stabilized his figure.

[Chapter 2588: Wind and Cloud Tyrant Body Jue](#)

"Ao Lie."

Xue Wudao roared, murderous.

Whoosh whoosh!

at the same time.

There was a sound of breaking through the air, and Gu Liushen, Fengfeng and others quickly rushed to the hall.

In just a few breaths, there were already seven or eight people in the hall.

"Qin Chen."

Ao Qingling also came to the hall, and when he saw Qin Chen, he was excited.

The first thing other people did when they came here was to look around the hall. The hall was very empty, and there were no treasures?

This is impossible!

Everyone was furious, and finally came here, empty?

wrong!

Everyone looked into the depths of the hall. Where, there was a horrible demon energy surging, exuding an astonishing aura. After this demon energy, there is most likely something, but this demon energy is so terrifying that no one dares to rush into it. Into it.

"grown ups!"

Many masters of the three major cities have come behind their respective city owners.

"Qin Chen, you are so courageous that you dare to plunder the treasure in this hall without authorization. Before, you even took the exquisite pill and ancient holy veins as your own, and quickly took it out, otherwise you would die without a place to bury you. "

At this time, Xue Wudao had completely calmed down. His eyes were staring at Qin Chen, like a poisonous snake staring at his prey. For this person, he had fought against him in the outer cave before, and he almost understood the strength of the opponent. Cultivation base, can actually

Blocking their own attacks is simply unheard of, unseen.

There are many secret techniques that can improve one's own defense, but the strongest secret technique also raises a level.

And the secret technique that can allow a warrior at the peak of the early days of the earth saint to block one's own move is absolutely close to heaven. Xue Wudao had only heard of Yunmengze, Zhouzi of Yunzhou, who used the cultivation base of the early peak of the earth sage to block and kill a strong man at the mid-earth peak of the sage. This is already a shock. Caused an uproar and even made Yunmeng

Ze is known as the number one arrogant of Yunzhou.

Now that Qin Chen blocked his attack with the early peak of the Earth Sage, he had escaped the siege of the three major late Earth Sage powers before. What was it? "There is definitely a heaven-defying secret technique on this child, and even a heaven-defying treasure. Peerless Di Pill is important, but the cultivation method of this secret technique on this child is definitely an amazing treasure. I only need to learn this secret technique. You can sweep the earth and be invincible

, Once it breaks through the heavenly sage, it can even run rampant in the hands of the heavenly sage and walk out of Yunzhou. "

Xue Wudao was so excited that he wanted to go up and slap Qin Chen to death to obtain this secret cultivation method.

However, although he was agitated in his heart, he remained calm on the surface, just staring at Ao Lie and Qin Chen coldly.

Qin Chen also recovered from that realm at this time, and all the runes in front of him had disappeared, and the entire hall had become very ordinary.

"This rune..."

Qin Chen had some guesses in his mind.

"Brother Xue? Just now, this kid was the first to enter the hall, did he take away the treasures in the hall, otherwise, how could the hall be so empty?"

Gu Liushen, City Lord Gu Liushen, City Lord Fengyun, headed towards Xue Wudao, stared at Qin Chen and Ao Lie, and asked about the situation just now. "I haven't seen it either, but what you said makes sense. How can there be no treasures in such a large hall, so I also suspect that the treasures here have been taken away by this kid first." Xue Wudao said coldly: "But He can't escape now

Go, let's join forces and kill him, and we can still get all the treasures. "

Xue Wudao grinned again and again.

"Boy, I have to admit that you are a genius. But no matter how genius you are, there are times when you are on the verge of desperation. If you are acquainted, hand over all the treasures on your body. There is still a way to survive."

The City Lord of Fengyun City stepped forward against the wind and stretched out a big hand to Qin Chen, "Get it."

"Hahahaha!" Qin Chen suddenly burst into laughter, looking at the three peerless earth sages with playful eyes.

At the beginning, when he was only the peak of the early earth sage, he was not afraid of encountering such a peerless earth sage like Xue Wudao. Now he is a powerhouse in the middle of the earth sage. I don't know how many times stronger than then, how could he be afraid of the peerless earth sage?

Moreover, he was the first to enter the hall, and he understood far more than these guys. He had a certain guess and even more confidence.

Qin Chen sneered: "The three of you are all peerless earth saints, and they are considered to be one of the overlord and powerful in Yunzhou. Why are you so shameless, do you want the three of you to besiege me and **** the treasures from this young man?"

"Why don't the three of us join forces, I can suppress you alone!" The windbreaker flew up, and the breath in the body began to expand, seeming to be brewing a peerless killer, killing Qin Chen in one fell swoop. "Huh! This is what you said?" Qin Chen immediately countered, "So, in the presence of City Lord Ao Lie, would you dare to fight me? You are a peerless Earth Sage, and I am only in the middle of Earth Sage. One and a half realms, in this way, I heard that you Fengyun City has a set of peerless martial arts called Fengyun Ba Ti Jue, which was created by your Fengyun City's original ancestor, Fengyun City Master Xiong Ba. There are six moves in total, representing six types. The truth of the situation, if you want to kill me, then use this martial arts,

Compete with me, if six strokes can't kill me, then you lose, and our grievances will be wiped out. How about? "Qin Chen learned from the masters of the three cities, the masters of the three cities, and the masters of the three cities, the most powerful of the masters against the wind, called the Wind and Cloud Tyrant Body Art. This set of techniques is truly the most precious handed down. So the words were invited to fight, the language

Persecution. Now the three peerless earth sages are all exerting pressure on Qin Chen. If the three of them work together, then Qin Chen will be in danger. What's more, Qin Chen expected that there will be people from the Wukong organization and the Soulfire family hiding here, and then Strong combat power is hard to resist

Defend the secret calculations of the three peerless earth saints and the Wukong organization and the soul fire family.

Therefore, he must use words to persecute them.

"What? You want to pick up my Fengyun Tyrant Body Art!" Fengyun City Lord's face suddenly changed against the wind, riding a tiger with difficulty. When the other party said that, if he backed down, the face of Peerless Divine Saint would be lost.

An Earth Saint mid-term warrior challenged the Peerless Earth Saint and had to fight against his strongest knowledge. If this word spread, he would not be able to gain a foothold in the world if he did not dare to accept it.

"It's really arrogant!" Gu Liushen was also angry, "Brother Fengfeng, this person is too arrogant, we will fight for you, you use Fengyun Hegemony, kill him."

"I have only heard of the Wind and Cloud Tyrant Body Art. I have never seen it before. Unexpectedly, this kid, unaware that the sky is high and the earth is thick, actually came to challenge Brother Fengfeng, you can kill him with one move." Tianyue City Lord Xue Wudao, His eyes flashed, he also stood up, and said coldly.

[Chapter 2589: The enemy is dark](#)

Qin Chen's strength was very weird. In addition to breaking through the mid-earth stage, Xue Wudao also wanted to figure out Qin Chen's true strength, so he let this showdown.

What's more, Qin Chen was such a mid-sage boy who challenged Fengyun City Lord so nakedly. For this reason, if he stopped, Headwind would definitely be dissatisfied with him, because it would be spread out and headwind would lose face in Yunzhou. "Qin Chen, don't insist on its Wind and Cloud Tyrant Body Art. According to rumors, once the Wind and Cloud Tyrant Body Art is done, the body will enter a realm of Hegemony. Even a peerless earth sage of the same level will have to retreat. Come here quickly, father will never let

You suffer. "

Miss Ao Qingling immediately yelled when she saw this scene. "Yes, little friend Qin Chen, you have obtained the Peerless Earth Pill and the Ancient Sacred Vein. We Cangxuan City don't want you. But you are always our friend in Cangxuan City. Don't worry, if someone wants to move you, You have to ask the old man first. Ao Lie is willing

Take it all and keep your promises. "

City Lord Ao Lie of Cangxuan City snorted coldly.

"Why, City Lord Ao Lie, do you want to do it? Let's do it! Let me see, your masterpiece for eternity, or my sacred power's seven kills."

Gu Liushen, the lord of the Old Language City, snorted coldly, booming, and there was a terrible murderous intent on his body. Xue Wudao also took a step forward, his eyes sharp. "City Lord Ao Lie, your kindness is accepted, but Ben Shao wants to act against the sky. Everyone said that the warrior has reached the late stage of the Di Sage, and he will look at it day by day. Is it true? Peerless Earth Saint, is it

Really invincible? "

Qin Chen spoke proudly, full of energy rushing to the sky, "Fengyun City City Lord, dare you dare to fight, if the Wind and Cloud Tyrant Body Art can't kill me, then you have to leave this demon corpse, lose the opportunity to compete for treasure, and keep your promise. how is it?"

"Since you want to die, I will promise you!" Headwind grinned furiously, squinted, his face trembled, and murderous again and again: "I don't know life and death. I think I have strength. I don't know the sky and the earth. I want to let you know that I can serve as the Lord of Wind and Cloud City.

The reason for the enemy also lets you know where is the gap between ordinary Saint Martial Artist and Peerless Saint Saint. "

Boom!

A terrible golden light erupted on the body against the wind, and the whole body was shining brightly, with a mighty and brilliant bloom.

"Come on, Wind and Cloud Tyrant Body Art, Ben Shao wants to see what physique the so-called Tyrant Body is, just take it."

Qin Chen urged the Saint Yuan in his body, hum, and the Immortal Eucharist moved to the extreme. Suddenly, a terrifying force lingered in his body, killing mood, lingering around his body, as if he saw countless slaughter gods in charge of the world.

Under the slaughter mood, the surrounding demonic energy of Yama was almost aroused, causing Qin Chen to face City Lord Fengyun against the wind, adding a chance of winning.

"Little friend Qin Chen, do you really want to take this Upwind's Wind and Cloud Tyrant Body Art?" City Lord Ao Lie's expression changed slightly, and he immediately transmitted his voice: "Little friend, you don't need to be like this. Although Upwind and the others are three, we are here. It's not necessarily afraid of them, and the power of the Wind and Cloud Tyrant Body Art is indeed amazing, even if it's my seat, I want to break through

There are also difficulties. You can't be reckless and seek your own death. You still have a great future to go. Stand on this side of this seat. If nothing else, this seat will definitely keep you alive. "

"Thank you, City Master Ao Lie, for your kindness, but you can rest assured that City Master Ao Lie does this. Naturally, I have my intentions." Qin Chen's eyes flashed and he secretly transmitted his voice: "City Master Ao Lie, you have to be careful, this hall Among them, there is a breath of extreme danger permeating, and I treat everyone here as prey. I want to do this deliberately to force them out, otherwise

, We are in the dark, and we cannot guarantee that there will be no problems. "

"There are enemies hiding in the dark? Who is it?"

Ao Lie was taken aback and looked around.

"City Lord Ao Lie, don't look at it. The other party hides it very well. Even your cultivation level is hard to find. If it wasn't for this young man who had guessed it, you wouldn't feel strange." Qin Chen sneered: "You think I thought, after Li Dongyu was almost killed by Ben Shao, the people of the Soul Fire family retreated. Their purpose should also be for this Yama secret realm? But what about them? And the Wukong organization, who previously assassinated Qing Ling,

It should also be to force you to take refuge in the city lord and occupy the secret realm of Yama, but now there is no trace. Is the lord of the city strange? "

"The Soul Fire Family, no space organization?"

Ao Lie was shocked, what Qin Chen said, with his IQ, how could he not predict it.

In fact, since entering the Yan Luo Secret Realm, Ao Lie has been observing the surroundings, trying to find out the traces of other outsiders, but Ao Lie has not found any clues, but now, Qin Chen's words have shocked him again.

Could it be that the people of the Soulfire Family and Wukong Organization are in this hall.

hiss!

Ao Lie sucked in air. If what Qin Chen said was true, it would be terrifying. The other party was hiding here, and he could not feel it at all. What a terrifying thing this was, and what shocked him even more was that Wukong and How did the soul fire family get into this demon head

of?

"Little friend Qin Chen, what you said is true?"

"Eight or nine are not separated from ten, so City Lord Ao Lie, don't worry about being less, pay attention to your surroundings, don't be tricked."

Ao Lie is Qin Chen's ally and can be regarded as Qin Chen's backing. Naturally, Qin Chen can't let him have an accident.

What's more, at present, Ao Lie is still sincere to him.

"Then you can be sure of going upwind?" Ao Lie frowned, he was still worried about Qin Chen's accident: "Moreover, if you fight with upwind, how can you conclude that Wukong Organization and the Soulfire Family will take action?" "This is very simple. Think about it, if the Wukong organization and the Soulfire family want to deal with us, the previously scattered passages are the most suitable place. They can completely destroy us one by one, but they did not do this, but took the lead in entering the devil's head.

Skull, therefore, I suspect there are some secrets here that make the other party have to do this. "

"Some secrets?"

"Yes, this is some of Ben Shao's secrets, but Ben Shao is absolutely sure of this. To make sure of this, you only need to look at City Master Ao Lie with peace of mind."

Qin Chen was extremely confident. "Okay, little friend Qin Chen, you are indeed the descendant of the holy master, the supreme figure, the old man thought you were reckless before, now it seems that the old man is careless, little friend, you have this talent and wisdom, I see you sooner or later One day I can inherit the mantle of the Holy Lord and become

For the real master master. Just do it, the old man is your strong backing. "

Ao Lie was excited again and again. Qin Chen communicated with Ao Lie while running the saint yuan, the strength in his body was increasing crazily and was urged to the extreme.

[Chapter 2590: Marriage?](#)

"Kid Qin Chen, you are optimistic, how did this seat kill you today? You are on Huangquan Road, and you are on your way! It was my City Lord Fengyun who went up against the wind and ended your life!"

Boom! At the moment Qin Chen urged his internal strength, the City Lord against the wind moved his body and separated his hands. Suddenly, endless wind and cloud aura lingered around him, and the terrifying Saint Yuan began to interweave. The muscles on his body were tense, bursting with bright light. body

The body is like iron, everything is clear and bright, and an overbearing breath comes out.

This is the breath of the world overlord body!

"Fengyun Tyrant Body Art, the first style, Fengshen chants!"

Upwind, the peerless earth sage, made his first move, and immediately the endless gust of wind surged, forming a terrible wind whirlpool, and descending on Qin Chen's head.

Fengyun Tyrant's Body Jue is the first move. When Fengshen sings, it is no longer in the mood of the overlord's ascension to heaven. This is the inheritance technique of the peerless Di Sage, powerful and invincible.

Boom!

The horrible meaning of the wind forms an endless wind blade, which rotates and turns into a dark whirlpool, shrouded in it. This kind of wind blade mood cuts the world, as if it can tear the world apart and destroy all things, representing the supreme. power.

Click! Click!

The endless gale vortex swept across Qin Chen, enveloping him.

Just this trick is enough to kill many of the late-stage powerhouses.

At this moment, even if there are several late masters of the earth sage teaming up, they will be shrouded and torn apart by the profound meaning of this wind.

"too strong."

"Is this the Wind and Cloud Tyrant Body Art? It is invincible, unparalleled and domineering."

"This Qin Chen is going to be unlucky. If he can't die with this blow, can he still make sense?"

"The strong man in the late Earth Sage will be crushed by this move. He is a martial artist in the middle of the Earth Sage, no matter how strong he is, he cannot escape."

One after another roars rang out, and many masters in Fengyun City roared with excitement.

Almost everyone on the scene thought that Qin Chen would definitely be killed at this moment.

However, a mysterious scene appeared.

Under the whirlpool of the profound meaning of the wind, Qin Chen seemed to have no time to evade. He was immediately wrapped up, and his body was swallowed, as if he was annihilated instantly, without any power to resist.

Is he dead?

Everyone opened their eyes wide.

suddenly.

boom! A terrifying roar resounded, and a dark light burst out from the whirlpool of wind, and everyone saw a magnificent figure appearing in the endless wind shadow, standing proudly like a god, his steps shaking The pace of the world, lift

Between hands and feet, like a god, will come to the world.

Among the endless wind blades, Qin Chen shot and blasted out with a fist, blasting an eternally devastating light, a punch containing the ultimate killing aura, soaring into the sky, all kinds of profound meaning surged above.

There is space, there is killing, there is destruction, there is endless, and there is flame.

Moreover, the overlord invincible, above the dark light, there are bursts of flames blooming, this is the breath of the golden flames in Qin Chen's body, the power of the terrible flame, burning the sky and destroying the earth.

There is even a wave of magical power surging.

In an instant, Qin Chen hit his own killing punch.

As soon as this terrifying fist power appeared, it aroused the demonic energy of Yan Luo in the hall, woooo, the sky was dim and the ground was dark, the ghosts were crying, countless ocean-like demon qi surging wildly, integrated into this punch of Qin Chen.

The great masters of the earth sage were shocked and almost jumped up. They never thought that Qin Chen could actually arouse the demonic energy of Yan Luo in this hall. Is this child's attainments in the magic way so profound?

When he was in the outer cave before, Qin Chen showed a means of not being afraid of Yan Luo's devilish energy. At that time, everyone could barely accept it, but now, Qin Chen can actually arouse Yan Luo's devilish energy, which is terrifying. The demonic energy of Yama in this hall is too terrifying, extremely rich, and it hurts the earth saint martial artists very much. For a while, many of the later earth saints on the field even urged the saint yuan to form a defensive method, and some Even offered protective

treasure.

This is what happened in an instant, between lightning and fire.

Qin Chen blasted out with a punch, drew Yan Luo's devilish energy here, and the sky burst and the earth burst, and the terrible wind blade vortex formed by the singing of the wind **** suddenly shook and roared.

Boom!

The dark fist power penetrated the sky and the earth, as if it were the most terrifying force when the night came, directly piercing the sky and blasting the wind blades all over the sky. Qin Chen leaped out of the endless wind blade, the profound meaning of Dao Feng cut on him, making a clanging sound, but he could not break his body. He was like a hero who came out of the endless legend. Just put the mantian wind

The blade is torn apart.

"He actually broke through Fengyun Tyrant Body Art's Fengshen singing, and he was unscathed?"

"What kind of punch is this? It actually made me feel the breath of endless death. I have a feeling that if this punch hits me, I am afraid that even my soul will sink and fall into long sleep."

"The same is true for me. It's terrifying. Is this really a warrior in the mid-earth stage?"

"Unbelievable, Qin Chen is not in the middle stage of the Earth Sage, and he really contended against the Peerless Earth Sage. What role is it, what kind of peerless genius? There is such a person in the world, it is unheard of!" Horror!" Cangxuan City Lord Ao Lie also trembled, "Only a Saint Master level master can teach such a descendant? Unbelievable, if there is such a peerless genius in Cangxuan City, let alone take charge of Yunzhou in the future. even

It may be possible to rush out of Yunzhou and shock the entire Guanghan Mansion, but it may not be impossible. Such peerless masters and peerless Di Sage should be his starting point. "My Lord City Lord, no matter what, this Qin Chen must win, and win him fiercely!" He can now contend against the Peerless Earth Sage. If he does not die, it will be a matter of time before he reaches the realm of the Peerless Earth Sage, and even entering the Heavenly Sage is not particularly far away.

When the time comes, our Cangxuan City will really develop. "

Some elders in Cangxuan City shouted through voice transmission, they were going crazy.

"How to win?"

"I think Ao Qingling will be used to win together! It's better for the two to be..."

"You mean to form a marriage? However, this person's personality is invincible and unmoved, how could he be influenced by a woman casually. Such a hero, his character determines everything." "The Lord of the City is not hard. Forcing the two to unite, you see, he rescued the eldest lady from the assassin. This is fate. With this fate and cause and effect, you can develop. We are just adding to the flames, not that he has to be married.

Sister! "

An old veteran said.

"you guys....."

Ao Qingling's face was flushed, and she only felt that her cheeks were hot, but in her heart, apart from being shy, there was not even the slightest reluctance.

She was surprised, what happened to herself? Ao Qingling hurriedly looked at City Lord Ao Lie with a shy and angry expression, but there was still a trace of expectation in her eyes, even she herself didn't know what she was expecting.
