

Valkyrie 261

Chapter 261

"you are serious?"

With his eyes narrowed, Qin Chen looked at Lu Yang.

"Who the **** is joking with you."

Because of Sifang's ban by Dan Pavilion, Lu Yang had already suffocated his stomach and couldn't help venting at this time.

"If that's the case, then I won't leave. I want to see what you plan to do."

Embracing his arms, Qin Chen suddenly didn't want to leave, with a sneer at the corner of his mouth.

This Lu Yang, really when the Dange was the place of his company, thought he could be arrogant just by walking around Zhao Qirui?

"Boy, you are looking for death!"

Lu Yang was furious, and even a teenager looked down on him. How could he bear it?

Before stepping forward, you have to do it.

Wu Xu hurriedly stepped forward to intercept, and said anxiously: "Director Lu, it's important to deal with things."

"roll!"

A kick on Wu Xu's stomach, Wu Xu was unprepared, he was kicked out and fell heavily to the ground.

Pointing to Wu Xu, Lu Yang said angrily: "Wu Xu, you can tell me clearly, I am the director of Sifang, you are just a deputy director, don't **** point fingers in front of me."

With this kick, Lu Yang felt very happy.

Wu Xu, as usual, doesn't respect himself much, but now he is pointing his finger at him, and in the presence of Wangye Qi and Master Duan Yue, he really doesn't give himself face, he doesn't give a lesson. So his failure, if you continue, it is estimated that he will soon climb onto his head.

"Fuck!"

On the side, Zhao Qirui patted his hands and smiled at the corner of his mouth: "Director Lu is domineering, it should have been this way."

Duan Yue also nodded and looked at Wu Xu with a look of disdain: "In the Holy Land of Blood, any apprentice who dares to speak to the old man like this will be expelled from the old man in minutes, and he won't talk so much to him."

"Prince Qi, Master Duan Yue, what the two said is that I was kind before."

Lu Yang nodded, "Don't worry, Prince Qi, today, let's see how I teach this kid for you..."

"what happened!"

As Lu Yang was speaking, a voice suddenly came, and two figures immediately walked to Qin Chen's side.

It was Xiao Ya and Liu Guang who got dressed.

"Little dust, what happened here?"

She frowned, Xiao Ya looked suspicious.

"Where did you come from, take care of your business and go away."

Lu Yang couldn't help yelling when he didn't even see the appearance of the visitor.

what happened? It's just a lesson to a kid, who has been disturbed over and over again and again. In these years, are individuals daring to make trouble for themselves?

Prince Qi looked over with a sneer, and sneered in his heart: This kid seems to have come to an acquaintance, so this is just a lesson.

Duan Yue also sneered and looked over.

At this look, the eyes of the three of them were all rounded, staring at Xiao Ya with squint, lustful light in their eyes.

"Beauty, this is a big beauty."

Seeing Xiao Ya, the three of them were all shocked, one by one, they couldn't move their eyes away.

She has a graceful figure, extremely hot, full chest and buttocks, and her slender waist is like a willow branch. She outlines a graceful curve. When people look at it, the blood is spurting, and the lower abdomen seems to be on fire.

In this world, there is such a hot and tempting beauty?

This was the first thought in the minds of the three.

"You just came here, this kid, offended our Prince Qi, you tell me what to do."

With a slanted mouth, Lu Yang said proudly.

"Prince Qi?"

Xiao Ya and Liu Guang looked over.

"Hehe, it's this king." Zhao Qirui showed a self-confessed smile, with a look in his eyes: "This beauty, this guy has offended me, but for the beauty of you, I can consider it. Let him go this time, so, as long as you accompany this king to dinner, this king will not blame him for the past, how about?"

"What did you say?" Liu Guang was furious when he heard it, and walked forward, full of anger.

Someone dared to molest the pavilion master in the Dange, do you want to die!

"Hey." Raising her hand, Xiao Ya stopped Liu Guang and looked at Zhao Qirui with a rather cold look. She smiled and said: "You are the notorious King Qi Zhao Qirui who is known as the romantic prince?"

Liu Guang couldn't help shaking his body when he heard this, and glanced at Zhao Qirui with pity.

He knew that when the pavilion master spoke in this tone, some people would be unlucky.

"How do you talk?"

Lu Yang's expression sank, and he couldn't help but step forward.

"Little dust, what is going on here?"

Too lazy to pay attention to the other party, Xiao Ya came to Qin Chen and frowned and asked.

"Hehe, these guys, stop me, I have to kneel down and kowtow to King Qi to admit my mistake, otherwise, I won't let me go, but I have to show me good looks."

Qin Chen said blankly.

Is there such a thing?

The expressions of Xiao Ya and Liu Guang changed instantly.

After yesterday's refining, the two shocked Qin Chen as a heavenly man and tried their best to win in.

But now it's better, someone actually made Shao Chen kneel and kowtow in the Dan Pavilion. Is this trying to kill them Dan Pavilion?

"Okay, very good. You three can be wild in Dan Pavilion."

Fortunately, I arrived in time, otherwise if something happened to Young Chen, the problem would be serious.

Thinking of this, the two of them were afraid after a while, and their hearts became more and more cold.

"You two, this is not going to apologize!"

Lu Yang still didn't understand what happened, and said with a sneer.

"Huh?" Xiao Ya winked at Liu Guang.

"Apologize to your mother!"

With Xiao Ya's approval, Liu Guang's anger could no longer be suppressed, and he slapped him.

Lu Yang was thinking about how to get Xiao Ya to accompany them all night. He just watched Liu Guang slap him directly. In shock, he hurriedly wanted to stop him, but it was too late.

With only a snap, Lu Yang's body flew straight up, fell heavily to the ground, half of his face quickly swelled, and blood overflowed from the corner of his mouth.

"How do you hit people?"

Instead of being surprised, Prince Qi was overjoyed.

That's great, I'm worried that there is no reason to take these people back. The other party immediately gave me an excuse. Now that the other party starts his hand, I have every reason to command the city guard and bring these three people back to the city guard post. Don't you just want to play with each other?

Excited, Liu Guang slapped him up.

"What happened to the beating? I'm still beating you."

In anger, Liu Guang slapped Zhao Qirui's face fiercely, and flew Zhao Qirui to the ground instantly.

"You... do you know who I am? Dare to beat me, you are dead, do you know, you are dead."

Covering his face, Zhao Qirui was completely dumbfounded, pointing at Liu Guang, shaking all over, almost unable to believe his eyes.

He is a grand master, and the opponent dared to beat him.

"Sir, it's too much."

Duan Yue had always been standing by and watching the excitement, but now he saw this scene, his eyes changed, and he even stepped forward.

boom!

Terrible murderous aura bloomed on his body.

At this time, the movement here also shocked many waiters and a large group of customers in the Dan Pavilion lobby, and they all looked over in amazement.

Wow!

A large group of Dan Ge's guards also ran over quickly.

"What's the matter? Who would dare to make trouble in my Dan Pavilion."

With a loud shout, the leading guard gave a cold shout, full of anger.

"You are here just right. These guys are behaving in the Dan Pavilion. They dare to beat the King Daqi and the director of Sifang. You people in Dan Pavilion will not soon take them down."

Pointing at Xiao Ya and Liu Guang, Duan Yue said coldly.

Chapter 262

The breath of the opponent is very tyrannical, Duan Yue is not sure that he will definitely be the opponent's opponent.

Now that the Dange guards arrived, he was immediately very excited, pointing at Xiao Ya and Liu Guang and shouting.

It would have been better to have Dange guards to take action. Several of them were beaten in Dange, and they were all characters with a face and a face. The Dange guards didn't do anything, right?

"Quickly, get these guys up quickly. The old man is the King Qi of the Great Qi Kingdom. This person beats the relatives of the emperor and the country, he is preparing to rebel, and he won't take them down soon."

"Yes, they are all detained and interrogated strictly."

Zhao Qirui and Lu Yang both covered their faces, spoke bitterly, and sprayed blood foam in their mouths.

"Someone started making trouble?"

Pushing away from the crowd, the leading guard looked angry, and with a large number of Dan Pavilion guards, he looked over Duan Yue's fingers.

At this look, his face changed drastically.

"My Lord, Master Liu Guang, why are you?"

Two steps hurriedly, the leading guard bowed and saluted, and the guards behind him also knelt down on one knee with a solemn expression.

This scene stunned Duan Yue and several people for an instant, their eyes widened and their mouths widened into eggs, completely dumbfounded.

"Pavilion... Pavilion Master..."

"Master Liu Guang?"

what's the situation?

One by one, Duan Yue and several people almost bleed, their faces are weird, their eyes are frightened, and their bodies can't help but tremble.

No... won't it be that coincidence?

Could it be that the woman who looked like a fairy was actually the pavilion master of the Dan Pavilion, and the old man beside him was Master Liu Guang of the Dan Pavilion?

Thinking of this, the Yue few people almost cried.

What the **** is this!

Not only them, but the other audience present were all dumbfounded.

"This is the Lord Dan Pavilion?"

"I've never seen it before, so amazing?"

"I know Master Liu Guang is next to him. I have seen it once before, but this Pavilion Master is too exaggerated, right?"

The crowd shook and couldn't help but feel an uproar.

The Dan Pavilion is one of the top forces in the Great Qi Kingdom, and its pavilion master is out of sight and rarely appears in the sight of everyone.

In the eyes of everyone, the Dange Pavilion Master must be a gray-bearded old man with a fairy style.

Seeing that the guards actually call such a stunning beauty as the pavilion master, this psychological gap makes everyone eager to die.

"what happened?"

"what happened?"

At this moment, outside the crowd, doubts came again.

The crowd dispersed, and several deputy directors of the Sifang Institute escorted Luo Ling and squeezed in.

Seeing the scene at the scene, these deputy directors all staggered, almost fell down, all dumbfounded, and their brains were blank. They were not enough.

what's the situation?

Director Lu Yang, Director Wu Xu, and Prince Qi all fell to the ground, as if they were beaten.

"Director Lu Yang, are you okay? And Director Wu Xu, what's wrong with you?"

After throwing the escorted Luo Ling to the ground, the deputy directors stepped forward and asked nervously.

They were full of doubts. Didn't Director Lu Yang come to Dange to deal with Sifang's ban? How can it conflict with others?

But at this time, Lu Yang was no longer in the mood to answer them, and he was extremely worried and wanted to cry without tears.

They came to Dan Pavilion, originally wanting to make peace with Dan Pavilion and lift the ban on Sifang Institute.

Unexpectedly, before the business started, he would offend Pill Pavilion again, and he was still Pill Pavilion pavilion master. What is this special?

Just when Lu Yang was speechless...

"Uncle, it is him, he is Master Liu Guang of Dan Pavilion, the person who blocked our Sifang yesterday."

Luo Ling was thrown to the ground, looking up just to see Liu Guang, he was so excited that he shouted hurriedly.

He didn't say that it was okay, but as soon as he shouted, Lu Yang burst into tears.

"Damn, you still call, call your mother tall, if it weren't for you, how could I be like this."

I couldn't help but jump up, and gave Luo Ling a kick. He kicked his front teeth and all of his front teeth were broken, and blood spilled from the corner of his mouth.

If I knew it earlier, this guy should be tied up, so that it wouldn't be enough to offend the person without even recognizing the other person.

Raising his head, his face hurriedly with a smirk, Lu Yang's expression at the moment is as funny as it is, and he replies: "This... Your Lord, I just didn't know the sacred mountain. I was presumptuous. Please forgive me. This... is actually a misunderstanding, yes, it is a misunderstanding."

He was incoherent and didn't know what to say.

However, Xiao Ya didn't even look at him, only her eyes were cold.

"My Lord, please tell me what to do with these people."

Kneeling on one knee, the guard commanded and asked respectfully.

"I've taken them all in. I want to see who dares to be wild in my Dan Pavilion!"

Xiao Ya's face became cold and her tone was cold.

The anger in her heart at the moment has not diminished.

Fortunately, I just arrived in time, otherwise if Chen Shao suffers some harm, what face will she have to see Shao Chen again in the future? If you don't teach these guys a lesson, not only will you not be able to explain to Chen Shao, but also in her own heart, she will not be able to pass this level.

"Yes!"

Hearing Xiao Ya's order, the guard leader immediately stood up and waved his hand: "Come here, take a few of them, and arrest them all for me."

Huh!

At the moment, a group of Dange guards surrounded Lu Yang and others, and they were about to **** them forward.

King Qi's face suddenly changed. The opponent was hit, and he even wanted to put himself in jail, which was too much.

"What do you want to do? I tell you the truth, this king is the Qi King of the Great Qi Kingdom. Are you preparing to rebel?"

He hurriedly got up, Qi Wang screamed violently, with anger and fear in his eyes.

Lu Yang's expression also changed: "Your Excellency, the old man is the director of Sifang. Doing this does not seem to conform to the laws of the kingdom, right?"

If he was really held in the Dan Pavilion and passed out, where would he put Lu Yang's face? Will become the laughing stock of the entire royal capital.

The guards hesitated, then turned their heads and looked over.

After all, the identities of these people are extraordinary.

"What are you still hesitating about, what Pavilion Master Xiao ordered, you will not listen?"

Before Xiao Ya could speak, Liu Guang frowned and sneered, and said with a sneer: "Isn't in compliance with the law? In Dan Pavilion, the laws of the kingdom are not easy to use."

With Liu Guang's words, where would these guards hesitate, and immediately swarmed.

Only after hearing the sound of whoops, Lu Yang and several people were pushed to the ground by the Dange guards, and they exhaled in pain.

"boom!"

When they grabbed Duan Yue, a horrible energy swept away. Duan Yue's complexion sank, his whole body bloomed with murderous aura, and he suddenly took out a token from his body and showed it to everyone.

"The old man is a Tier 1 bloodline master at the Holy Land of Bloodlines, why? Do you even dare to catch the old man?"

With a gloomy expression, Duan Yue was full of terrifying murderous intent, like a towering mountain, standing among the crowd.

Chapter 263: Confrontation

Pedal!

Swept away by Duan Yue's vigor, several guards stepped back one after another, one face turned pale and blood surged.

These guards are all in the early days of the heavenly rank, but Duan Yue's strength is in the latter part of the heavenly rank, coupled with his identity as a bloodline master, he has an inexplicable power that makes people not rush to approach.

"Bloodline Master, this person turned out to be a Tier 1 Bloodline Master?"

"I remember, this person seems to be called Duan Yue, a bloodline master in the Holy Land of Bloodlines."

"Hey, the people in Dan Pavilion dare to catch the bloodline master. This is a big deal."

The crowd exploded like an earthquake.

In Tianwu Continent, the identity of the bloodline master is the most noble, above all professions.

It can be said that in everyone's mind, the Holy Land of Blood is the supreme holy land, so it is called such a name.

Now, among the people who offended Pill Pavilion, there was actually a bloodline master, which immediately caused an uproar from the crowd.

Pill Pavilion and Bloodline Holy Land, no matter which one, possesses extremely terrifying power.

When these two forces collided, they immediately aroused everyone's blood.

"Unexpectedly, there is actually a bloodline master on the other side. Pill Pavilion may not be easy to handle this time."

"Yeah, the status of the bloodline master is extraordinary. Even if it is a pill, I am afraid it can't be offended easily?"

"Master Duan Yue is a first-order bloodline master officially registered in the Holy Land of Bloodlines. In terms of status, I am afraid that he will be higher than King Qi. After all, King Qi, known as the romantic, is not much to be seen in the royal family."

King Qi, even though he was the King of Qi, was just a title after all, without real power.

In fact, many people in the royal family looked down upon King Qi, thinking that he had corrupted the majesty of the royal family.

Such a person, Dan Pavilion caught, at best can only be regarded as a scandal of the royal family, with the size of the Dan Pavilion, may not care.

But the segment is different.

He is an official bloodmaster registered in the Holy Land of Bloodlines.

In the Holy Land of Bloodline, there is a rule that as long as the bloodline master is officially registered in the Holy Land of Bloodline, no matter what mistakes they make, no forces shall be seized and must be handled by the Holy Land of Bloodline. Otherwise, it will be a challenge to the Holy Land of Bloodline.

In fact, it is not only the Holy Land of Blood, but also the powers such as Danta and Qidian. They have their own laws to restrain their members, and any external powers are not allowed to do anything at will, beyond the object.

"I am waiting for my visit today for Dan Pavilion's ban on Sifang. Actually, I didn't intend to offend. If there was a crime before, I hope Pavilion Master Xiao can forgive me. As for Prince Qi and Director Lu Yang, they often cannot be detained. Here, please also Pavilion Master Xiao, who can give the old man a face, don't pursue it."

Holding the badge of the first-order bloodline master in his hand, Duan Yue's tone was slightly relaxed, not so tough.

In fact, he was suffocated in his heart.

This king Qi was so dazzled by the beauty that he offended anyone who was not good, and even offended the Lord Pill Pavilion.

Although he is the bloodline master of the Holy Land of Bloodlines, he is only a Tier 1 bloodline master after all, and the opponent, but the master of the Dan Pavilion, the identity gap between the two is too huge.

At this time, he can only use the powerful deterrence of the bloodline holy land to let the other party sell his own face without being held accountable.

Seeing the badge in Duan Yue's hand, and Dan Pavilion's many guards, all stopped, hesitating again.

"Pavilion Master, this..."

The brow furrowed, and Liu Guang's eyebrows were also solemn.

The bloodline master of the bloodline sacred place, this is not easy to handle, once there is a conflict with the bloodline sacred place, even the pill pavilion will suffer.

His performance caused everyone to sigh in their hearts. It seemed that although Dan Pavilion was strong, even the royal family did not look at it, but in the face of forces like the Holy Land of Blood, he still dare not really do it.

After all, once a disturbance occurs, things will become extremely serious.

Zhao Qirui and Lu Yang were overjoyed, they couldn't help looking at Xiao Ya, sneering at the corners of their mouths.

What's so arrogant about your Dange? When encountering the Holy Land of Bloodline, it is still not the same to stop.

In my heart, I waited for Xiao Ya's order to release them, and then walked back proudly.

Just listen to Xiao Ya sneered: "Bloodline Master, what about the Bloodline Master, in my Dan Pavilion, I will be punished and won't be taken to me."

When these words fell, the audience was instantly shocked and in an uproar.

Pavilion Master Dan, is this true? Really want to detain the bloodline master of the bloodline holy land?

Whoosh whoosh!

The guards of Dan Pavilion, regardless of the thoughts in the hearts of everyone, heard the pavilion master's order, and rushed forward one by one.

"You dare!"

boom!

Duan Yue was startled, his whole body blooming with murderous aura, a terrifying aura soaring into the sky, shaking back many guards.

He looked cold, staring at Xiao Ya, and said coldly: "Pavilion Master Xiao, it's too much!"

Xiao Ya looked cold and indifferent: "Excessive? You guys are wild in my Dange, why, just take out a token, just want to stay out of the matter? You said you are the bloodmaster of the bloodline holy place, OK, yes, let your bloodline holy place meet Long, come here to mention someone, but now, take it for me."

"you....."

Duan Yue was anxious. He didn't expect that he would say that he was a hemorrhagic pulse teacher. Xiao Ya didn't let him go, and couldn't help but angrily said: "Saye, how did we stray in Dange? King Qi is just saying nothing. It's not intentional, so why bother about it?"

"Do you think that the pavilion master cares about King Qi's open mouth? Humph, the pavilion master doesn't care about this trivial matter, but you dare to stop Chen Shao and you still have to act on him. I can't forgive you, even if you are a person from the Holy Land of Bloodlines. Hmph, it's good that the pavilion master came in time this time, otherwise I don't know what you will do, and I won't teach you a lesson. It's really good for us. Bullying?"

"he?"

Duan Yue and the others were dumbfounded, all dumbfounded.

They thought that Xiao Ya was so angry because of Wangye Qi's molesting. Who knows, it turned out to be because of such a young boy who was dizzy and about to faint.

"If it is because of this kid, it would be even more outrageous." Duan Yue sneered: "This son is not from your Dange at all. Even if we have a conflict, you don't need your Dange to come forward? Because of such a person, Your Dange dare to detain the old man, the bloodline master, too much!"

On the contrary, Duan Yue calmed down. If it was because of Qin Chen, Dange would not make sense.

Everyone also nodded.

After all, the Holy Land of Bloodline is extraordinary. If Dange detained Duan Yue because of an outsider, he would definitely not give up with the temper of the Holy Land of Bloodline.

"That's wrong. Shao Chen is the first-grade pharmacist of our Pill Pavilion. You start with the pharmacist of our Pill Pavilion. Even if this lawsuit hits the Holy Land of Bloodlines, this pavilion master is not afraid!"

Xiao Ya couldn't help but sneer.

"what?"

This guy is a first-grade pill alchemist?

Everyone came back to their senses, and all looked at Qin Chen, shocked one by one.

They had never seen what happened before, thinking that Xiao Ya's conflict with Duan Yue was because of themselves, but unexpectedly, it was because of the boy beside him!

Moreover, this young man was still a first-grade alchemist of Pill Pavilion.

This guy seems to be only fifteen or sixteen years old, he is a first-grade pharmacist, what kind of mainland joke?

"Hey, isn't this Qin Chen?"

Suddenly, someone recognized Qin Chen and couldn't help but speak in shock.

Chapter 264

"Qin Chen?"

"It's really him."

"When did Qin Chen become a pill pavilion first-grade alchemist?"

The crowd was shocked, all staring at it, shocked in their hearts.

Almost everyone in the entire king knew Qin Chen's name, but when did he turn out to be a pharmacist again?

At the age of fifteen, he broke into the Five Nations Grand Tournament and entered the blood spirit pool. Now he is a first-grade alchemist in the pill pavilion. Is this still a genius? This is simply a monster!

No wonder Xiao Ya protects him so much.

Thinking about it carefully, it was such a talented pharmacist who was almost taught a lesson in the alchemy pavilion, and he couldn't stand it for who he was.

Duan Yue couldn't help frowning, he really didn't expect that Qin Chen turned out to be the alchemist of Pill Pavilion.

I glanced at King Qi, and couldn't help cursing in his heart: "Is this King Qi a pig? The three of them came to the alchemy pavilion. They originally came to intercede, but he was better. Before the pleading was completed, he went to teach the alchemy alchemy. Pharmacist, do you think the trouble is not big enough?"

Wang Qi was also depressed in his heart, completely dumbfounded, he knew that Qin Chen was the alchemist in the alchemy pavilion, and he would not be here to deal with Qin Chen if he was killed.

"Pump!"

Director Wu Xu was the one who broke down the most. He looked at Lu Yang and he couldn't help crying.

Pig teammate, properly pig teammate, how can there be such a stupid guy in this world?

He finally found the crux of the matter through the relationship, and it was this young man named Qin Chen, so he hurried over, preparing to open a breakthrough from Qin Chen's side, and let Dan Pavilion lift the ban on Sifang.

But Lu Yang was fine, he had already severely offended the other party before the matter was dealt with.

Isn't this cheating?

That's all, that's all.

At this time, Wu Xu's heart was completely utterly distressed. The matter was so troubled that it would be impossible for Sifang to think of a simple and peaceful solution.

"Take it all away."

With a wave of his hand, a group of guards suddenly surged up.

Duan Yue felt angrily in his heart. As soon as he was about to make another move, he felt an invisible pressure and swept across.

Turning his head, he saw Liu Guang blooming with murderous aura on the side, staring at him with enthusiasm. Obviously as long as he had the slightest change, he would not hesitate to shoot.

As soon as his heart sank, Duan Yue also lost the idea of resisting. As soon as he was about to squeeze his hands, he heard a majestic voice, which suddenly came from not far away.

"Hold on."

The voice was majestic, and when he turned his head, he saw a middle-aged man approaching with a cold expression, giving a strong sense of oppression.

"The bloodline master robe, this person is also a bloodline master."

"Look at the sign on his chest, hiss... it turned out to be a Tier 2 bloodline master."

"Is the Xuchang Deacon of the Holy Land of Bloodlines, the second-tier bloodline master."

"Why is Master Xuchang here?"

"There is a good show to watch now."

The crowd commotion, one after another gave Xu Chang a way, let him come to the center of the scene.

"Xuchang Bloodline Master?"

When they heard the name, Xiao Ya and Liu Guang stared at them.

I saw a badge embroidered on the bloodline master robe on his chest, representing the two blood lines of the second-order bloodline master, dazzling.

He was actually a Tier 2 bloodline master and a deacon in the Holy Land of Bloodlines.

This is extraordinary.

You must know that in the Holy Land of Bloodlines, the identity of the first-order bloodline master is already very respected, and the second-order bloodline masters must be more than ten times more honored, especially this Xuchang, or the deacon of the Holy Land of Bloodlines, which means that he is not the only one in the Holy Land of Bloodlines. Fictitious name, but real power.

In contrast, Xuchang may be equivalent to Liu Guang's status in Dan Pavilion.

"Master Xuchang, why are you here?"

Seeing the person, Duan Yue's excitement almost shed tears, and the heart he had originally raised fell instantly.

Looking at him coldly, Xu Chang did not answer, but instead said to Xiao Ya: "Pavilion Master Xiao, in Xuchang, I will be the deacon of the Holy Land of Blood, and I have been admiring the name of Pavilion Master Xiao for a long time. I have also seen some of the previous things. Although it was Duan Yue and

the others, it did not cause any harm to Qin Chen after all, so I hope Lord Xiao Ya will look at the bloodline holy land, give the next face and let Duan Yue them go."

Xuchang, who happened to be passing the Dan Pavilion before, heard that there was a conflict in the Dan Pavilion, so he came in curiously and saw the scene just now.

Originally, he didn't want to come forward, but seeing that Dan Ge was really going to win Duan Yue, he couldn't help but stand up.

If the people in Dan Pavilion really detain Duan Yue, once the matter goes out, it will have a huge impact on the reputation of the Holy Land of Blood, and he will have to come forward.

For a while, the atmosphere on the court suddenly became serious.

Deacon Xuchang from the Holy Land of Blood came out, and the significance was already extraordinary. If one is not handled well, it will definitely cause disputes between the two major forces.

Everyone couldn't help but guess what the Lord Xiao Ya would do.

"Although Yue did not cause real harm to Chen Shao during this period, his behavior has already occurred, so I'm sorry, you can't take him away."

Xiao Ya said indifferently without any hesitation.

Wow!

The whole audience was boiling and felt incredible.

Pavilion Master Xiao Ya didn't even agree, this is the rhythm of preparing to fall out with the Holy Land of Blood.

"That said, your Excellency must deduct Duan Yue and go against our bloodline holy land?"

Xu Chang's pupils shrank, and his tone became cold.

I said so. I thought that the Dange pavilion owner would sell his face, so he let Xuchang go, but he didn't expect to agree.

Unable to help, anger rose in his heart.

"It's not against your bloodline holy place, but this period of Yue, in my Dan Pavilion, if I don't give Chen Shao an explanation, I can't justify it here, I hope you can be considerate." Although Xiao Ya's voice is not loud, it contains The power of it makes people change.

"What if I say no?"

With a cold snort, Xu Chang put on his sleeves and stood in front of Duan Yue.

boom!

His whole body was full of terrible temperament, and an astonishing bloodline fluctuation was transmitted in this hall. The terrible aura forced everyone to retreat again and again. Some people with weaker cultivation bases were a little out of breath.

Xiao Ya's face also cooled down: "If your Excellency insists on being wild in my Dan Pavilion, please don't blame me for being polite, even your Excellency took it together."

Boom!

Xiao Ya was also full of momentum and swept out.

If Xuchang's momentum is like a towering mountain that makes people breathless, then Xiao Ya's momentum is like a vast ocean, which makes people unable to resist.

The two auras collided in the void, Xuchang's aura, like an egg, shattered instantly.

"This is the rhythm to be done."

Everyone's complexion changed, and their breathing became rapid, all of them tense.

Once the Pill Pavilion and the Holy Land of Blood were to be handed over, it would definitely be a major event, and it would cause violent movements to the overall situation of the entire Great Qi State.

"Two, if you have something to discuss, why bother to be so excited."

Seeing that the two were about to do something, Qin Chen suddenly smiled and walked out from behind Xiao Ya.

Chapter 265 Little Deacon

When everyone saw this, they all fainted.

Qin Chen, what did he suddenly make trouble at this time, what did he come out to say?

It is true that this matter started because of him, but it has not only been a matter between him and King Qi, but has become a conflict between the Holy Land of Bloodline and Dan Pavilion.

He is a first-grade pharmacist, what weight can he speak.

"Little dust, don't worry, I can't guarantee anything else, but in my Dange, no one can hurt you."

Xiao Ya thought Qin Chen was worried about the Holy Land of Blood, and immediately drank coldly.

Her eyes were firm, which showed her determination.

"Pavilion Master Xiao Ya, I still believe this, but there is no need to make things so stiff."

Her heart was slightly moved. In order to fight her against the Holy Land of Blood, Xiao Ya was under extraordinary pressure.

It is impossible for oneself to let these two forces really confront each other, then oneself would really be a sinner.

"In this way, I have an idea."

With a faint smile, Qin Chen looked at Xuchang.

"You said."

Xu Chang was taken aback, then nodded, but sneered in his heart.

In his opinion, Dan Ge was ready to admit counsel, but Lord Xiao Ya Pavilion himself was inconvenient to come forward, so he asked such a young man to stand up in order to save Dan Ge some face.

Not only him, but everyone else around him has the same idea.

"This passage is over, our Dan Pavilion has been detained first. You go back and talk to President Dongfang about the matter here, and see what President Dongfang means."

what?

Qin Chen's words fell, and everyone staggered and almost fell, his eyes rounded, like a ghost.

I thought Qin Chen would give some reasonable advice when he stood up, but he didn't expect it to be this.

With a crooked mouth, everyone was speechless.

Brother, with your idea, isn't it still going to deduct Duan Yue first and not give the blood sage ground.

Pavilion Master Xiao said this before, but Deacon Xuchang didn't agree with him. Once you say it, the other party will agree? Go crazy!

Sure enough, Xu Chang's face changed, and he was completely gloomy: "Your Excellency is joking with Xu, right? Huh, how can you tell Dongfang President about this trivial matter, Xu can make a decision."

His heart was so angry that he couldn't help burning, almost exploding.

This Dange was too much. I thought it would make some suggestions, but I didn't expect it to be so too much. It was clearly slapped in the face.

"Deacon Xu, you've also seen it, this kid and Dan Pavilion are too arrogant, I really think our bloodline holy place is too difficult to knead!"

Duan Yue also yelled aside, adding fuel and jealousy, to provoke Xuchang's emotions.

Being so provoked by him, Xu Chang's anger was completely overwhelmed, and he coldly snorted: "This matter, needless to say, Duan Yue, Xu must be taken away today, not only him, Wang Qi and Lu Yang, I Take it away."

No matter how weak he is, he will only think that his bloodline is good for bullying.

Xiao Ya's face sank. She was just about to speak, but was interrupted by Qin Chen. He smiled and said lightly: "Deacon Xu, don't rush to make a decision. It is better to report to President Dongfang first. After all, you are just one The little deacon may not necessarily represent the Dan Pavilion!"

puff!

Hearing this, everyone almost vomited blood, and one by one was about to faint.

Brother, the bloodline master of the Bloodline Holy Land opposite you actually said that he was just a little deacon.

Be so arrogant, believe it or not that you will definitely be beaten to death if you stand outside.

With a raised eyebrow, Xu Chang was furious: "I mean it doesn't mean you have the Holy Land of Bloodline, but it's not up to you. As for reporting to the President of the East, huh, who do you think you are?"

Qin Chen was speechless. How could Xu Chang make no sense, he couldn't help but said, "I know Dongfang Chairman too, so you can tell him that it is Duan Yue that Qin Chen wants to detain. I think he will have no objection. ."

Xu Chang almost laughed when he heard Qin Chen's words.

"Just you, know President Dongfang?"

With a look of disdain, Xu Chang's eyes were full of contempt, he wanted to deceive, and he was a little bit better.

In the past two years, the President of the East has rarely managed the affairs of the Holy Land, and he is rarely seen by people who are not the closest. Even if you want to meet the President, you need to inform in advance and wait for the call.

Who does Qin Chen think he is?

Knowing that Xu Chang didn't believe it, Qin Chen was too lazy to explain, and directly took out a golden token from his body and showed it to Xu Chang.

"You should believe this, now are you sure you want to continue to speak for Duan Yue?"

What Qin Chen took out was the Golden Guest Order issued to him by Dongfang Qing.

Seeing Qin Chen's arrogant tone, Xu Chang was about to attack, suddenly glanced at the golden token in his hand, and his expression changed drastically.

Duan Yue on the side didn't see Xu Chang's face. Seeing Qin Chen took out a token, he wanted Xu Chang to give up on himself. He couldn't help laughing: "Smelly boy, it's funny because you deserve to know the adult. Okay, what kind of token is there, why, don't tell me, you are actually the bloodmaster of my bloodline holy land!"

Duan Yue looked disdainful, Qin Chen took a token casually, and wanted Deacon Xu Chang to give up himself, really thinking who he was.

In this world, there are no tokens that can scare the Holy Land of Blood, whether it is the alchemist badge or the royal gold medal of the Great Qi Kingdom, it is useless.

"To shut up!"

Suddenly, Xu Chang drank suddenly, interrupting Duan Yue's words.

"Deacon Xuchang..."

Duan Yue was stunned for a moment, not understanding what happened.

Standing in front of him, Xu Chang, who was calm before the Lord Xiao Ya and able to talk freely, turned pale at this time, with cold sweat on his forehead.

His pupils contracted, and he was terrified in his heart, and murmured: "Jin Ke Ling, it turned out to be Jin Ke Ling."

Jinkeling is the most noble token of the Bloodline Holy Land of the Great Qi Kingdom. Whether you go to any bloodline Holy Land in the Great Qi Kingdom, you can enjoy a 30% discount. You can freely enter the bloodline Holy Land where many others cannot enter or leave.

As far as Xu Chang knows, such a token can only be issued by Chairman Dongfang Qing in the entire Great Qi State.

Moreover, as far as Xuchang understands, in the entire Daqi State, only his Majesty Zhao Gao of Daqi State once received such a token. Besides, President Dongfangqing has not issued it to anyone.

But now, this token actually appeared in Qin Chen's hands.

"What is the relationship between Qin Chen and President Dongfang Qing?"

His body shook, cold sweat came out of his back, Xu Chang's legs couldn't help feeling soft.

Owning this token, this shows that what Qin Chen said earlier is very likely to be true. There must be some relationship between him and the president.

When his body shook, Xu Chang almost fell, his face changed in full view, and he said: "Dust...less dust, I was presumptuous just now. The more you dare to offend you, this is a very sinful crime. Don't worry, about this. I will report to Chairman Dongfang Qing immediately and give you an explanation."

After saying this, Xu Chang's back was all wet with cold sweat.

Everyone is dumbfounded, and all are going crazy.

what happened?

Before facing the Dange Pavilion Lord, Xuchang was still very strong, how could he see this token and suddenly become soft?

Chapter 266

What token did Qin Chen take out?

In everyone's heart, it seems that there are thousands of ants crawling, itching intolerable.

Not only them, but Xiao Ya and the others also looked suspicious.

The second-order bloodline master in the Holy Land of Bloodline could instantly change his attitude, and the token Qin Chen took out was absolutely extraordinary.

"It seems that there is really something special between Shao Chen and the president of Dongfang Qing, the Holy Land of Blood."

If it were an ordinary person, Xiao Ya would never guess that way, but Qin Chen's extraordinaryness made her very convinced that he had this power.

"In that case, Pavilion Master Xiao, you can take everyone down." Seeing Xu Chang's softness, Qin Chen just said lightly.

"It's Shao Chen, come here, take a few of them down to me."

With a wave of her hand, Xiao Ya's expression was cold.

Immediately, a large group of guards rushed up and bound Duan Yue and the others.

"Deacon Xu, save me, save me!"

Duan Yue's heart sank, and hurriedly shouted, but couldn't help struggling.

"boom!"

Unexpectedly, instead of stopping, Xu Chang slapped him with a backhand and slapped him on the face. He was so dizzy that he was quickly bound by Dange's guards, unable to resist.

"Hmph, my bloodline holy place, I always sit upright, but there is a black sheep like you, which has ruined the reputation of our bloodline master, so I am ashamed to let me save you, give me in the Dan Pavilion, carefully reflect on this matter, I will personally report it to President Dongfang, let the President, make a decision!"

The hatred in Xu Chang's heart, the heart that sheds eight pieces of Duan's older is already there.

If it weren't for Duan Yue, how could he rashly offend Qin Chen? This son has a golden guest order issued by the president, which has nothing to do with the president. It's hard to say whether he can protect his life wisely and save him. you?

"Little dust, don't worry, I will seriously report this matter to President Dongfang. I will never allow some people to destroy the reputation of our bloodline holy place. You will punish this kid, and there will be no second words."

To Qin Chen, Xu Chang spoke righteously and looked righteous.

Everyone fainted and was about to fall.

Brother, you didn't say that before. It was arrogant and domineering just now. I can't wait to dismantle the Dan Pavilion. How long has it passed now that Qin Chen punishes Duan Yue well. It's too unscrupulous. Right?

When Duan Yue heard this, his head was dizzy and he passed out completely.

"By the way, these guys, don't catch them. It has nothing to do with these three."

Seeing that the guards of Dan Pavilion wanted to grab Director Wu Xu and the other deputy directors of Sifang Institute, Qin Chen couldn't help but stop it.

Although Wu Xu was also a member of Sifang Institute, he did not offend him at all in his words before, and he was quite polite.

Although Qin Chen disdained Sifang, he was not the kind of person who killed him with a stick.

Dan Pavilion's guards immediately released Wu Xu.

"Thank you Chen Shao for raising your hand."

After Wu Xu was arrested, he was released again, as if he had experienced a rebirth, and hurriedly thanked Dade for his thanks to Qin Chen.

"What is there to thank, Qin Chen, although I am not a good person, I am not a wicked person either. You didn't offend me just now. Naturally, you won't be treated like you. Let's go."

With a wave of his hand, Qin Chen didn't take it seriously.

"Yes, yes, at the deputy director of the Sifang Office, I have already understood what happened yesterday. It is indeed the law enforcement team of our Sifang Office. It disregards the laws of the kingdom and uses power in private. So today, I wanted to bring The law enforcement team who violated the law yesterday came to apologize to Shao Chen, but I didn't expect..."

After sighing, Wu Xu shook his head and said, "As things are up to now, I don't want to say anything else. I just hope that you will be able to open the Internet with less dust. After all, these people are these people. The purpose of the workshop is to serve the large number of merchants in the great Qi country. Although there are some treacherous people, they are not good people who are loyal to their duties and leave."

Let's just say, Wu Xu took the other deputy directors of the Sifang Institute who had already been so scared and turned and left.

He is very clear.

Originally, there was still room for relief from yesterday's matter, but after today's Dange conflict, it is no longer possible to resolve this matter. Therefore, although he is depressed, he can only do so.

Seeing Wu Xu leaving, Qin Chen couldn't help being slightly surprised.

This guy was a little bit courageous. At this time, he dared to speak for Sifang. Compared with the previous Lu Yang, the gap was too big.

After Wang Qi and the others were escorted away, things calmed down immediately, and the entire Dan Pavilion gradually returned to tranquility.

The crowd gradually dispersed.

But what happened in Dan Pavilion was like a hurricane, which quickly swept across the entire king.

It attracted the entire royal capital as if there was a major earthquake.

Especially after learning that Dange had detained King Qi, Lu Yang, and Duan Yue, the people were even more uproar and dumbfounded.

This is the rhythm that is about to change.

Some sharp people immediately became excited.

Regardless of the matter, it seems to have subsided and resolved.

But in fact, this is just the beginning.

It's just like what happened in Sifang yesterday, it's still in the fermentation stage.

Think about it, today's Dan Pavilion's matter has been resolved and ended, but after the news reaches the royal family and the bloodline holy land?

No one knows how the other party will react.

Once the royal family is furious, the bloodline sage is furious, and the Dange is competing, I am afraid that the whole of the great Qi kingdom will change because of this.

For a while, after the noise, the whole king suddenly became immersed again.

Wan Lai was silent, and no power spoke.

As if nothing happened.

Makes countless people suspicious.

But there are also some smart people who see the clues.

The royal capital at this time, on the surface, was calm and calm, but in the interior, it was actually undercurrents.

Everyone is waiting for the attitude of the royal family and the Holy Land of Blood. As for Sifang, it is no longer important. The attitude of the royal family and the Holy Land of Blood is the most critical factor in determining whether this incident will calm down.

"Good fellow, this Qin Chen is crazy, dare to persuade Dan Pavilion to detain King Qi and Master Duan Yue."

When the news reached the Qi family, Zhao Feng stood up abruptly, the tea cup in his hand was crushed to pieces, and sickly excitement appeared on his face.

"Hahaha, good, great, Zhengshou has no chance. He started on this guy. He didn't expect that in the blink of an eye, he would give the opportunity to him. Here comes..."

With a loud shout, Zhao Feng's voice trembled a little under excitement.

"lady."

Qin's housekeeper immediately came to the front.

"Immediately notify the master of this matter, and send a message to my family, let them blow the air in front of your majesty, this time I want to make Qin Chen unable to turn over."

"Yes." The butler nodded and stepped back.

"Hahaha, Qin Chen, Qin Chen, this time, I'm afraid you are doomed to escape."

With cold eyes, Zhao Feng couldn't help laughing, his expression excited.

Chapter 267

And in this weird atmosphere.

The news finally reached the two major forces.

Royal palace.

"boom!"

The cup in front of him was swept to the ground and smashed to pieces. Zhao Gao's face was gloomy, as if dripping water.

Below, a group of eunuchs and palace ladies knelt down, terrified and afraid to speak.

And the **** who spread the news couldn't help but kowtow, blood oozing from his forehead.

"Your Majesty, take care of your dragon body. Don't hurt your body for this. That's not good."

On the side, a lady in palace costume was relieved.

"Na Dan Pavilion is very powerful. I heard that Xiao Ya is only about 30. It is the pavilion master of the Great Qi Kingdom Dan Pavilion. It can be seen that the background is extraordinary, young and vigorous, and it is normal. Why should your Majesty have the same knowledge as her. "

The lady in the palace dress looked caring, and at the same time winked at the group of eunuchs and palace ladies below, these eunuchs and palace ladies hurriedly got up and retreated one after another.

The lady of the palace costume said again: "Furthermore, I heard from the little pillar just now that this matter also involves Qin Chen of the Qin family. That Qin Chen is also a young hero. This time he tried for the first time in the Five Nations Grand Competition. , I have made great contributions to the great Qi country, your Majesty, you can calm down and count him to make up for his sins."

"Concubine Yi, do you think I am angry with that pill pavilion?" Zhao Gao's expression was still very ugly.

"Isn't it?" Concubine Yi couldn't help being surprised.

Hearing that his brother was captured by outsiders, and he was in this great Qi country, it was normal for His Majesty Zhao Gao to be angry, right?

"Hmph, what I am born with is the anger of Pill Pavilion, but the anger of Zhao Qirui."

Zhao Gao couldn't help but patted the table.

This.....

Concubine Yi's mouth twitched, she couldn't help being stunned, completely different from what she had guessed.

"Then Zhao Qirui, what kind of stuff, I have heard it hundreds of times. In the royal capital, everyone dares to molest. It is said that the last time I went to the Qin family and colluded with Zhao Feng, I wanted to attack that Qin Yuechi. It was Qin Chen who killed the Qin family's guards, which forced Zhao Qirui to leave in anger. I am afraid that this time the incident also caused it."

As the emperor of the Great Qi Kingdom, Zhao Gao was not a mediocre person. He had a clear eye and he was very concerned about what happened in the outside world. He even knew a lot of information that others didn't know.

He had known about the conflict between Qin Chen and Zhao Qirui before, but he didn't take it to heart.

"Is that the case?" Concubine Yi couldn't help being taken aback.

"Hmph, this time, he actually molested on Dan Ge Xiaoya's head. Who is Xiao Ya? He can be molested? Even if I see it, I must respect it. What is he Zhao Qirui? My royal family's face is lost."

Zhao Gao snorted coldly. Some deeds of Zhao Qirui are not unheard of. The nickname of the Merry Lord is also known to the whole country.

It's just that he has been too lazy.

Unexpectedly, this time, that Zhao Qirui was so excessive that he even molested Xiao Ya in the Dan Pavilion.

"Your Majesty, what should we do?"

Seeing that Zhao Gao was not angry with Pill Pavilion, Concubine Yi couldn't help but breathe a sigh of relief.

She hadn't heard of how terrible Dange was, and she really didn't want to see the royal family clash with Dange.

"What else can I do, this time, it's time for Zhao Qirui to suffer, otherwise he won't be so lawless and I don't know who will offend him."

Zhao Gao sneered, Dan Ge's move was just a lesson for King Qi, so that he would be more stable in the future.

"His Majesty."

At this time, an eunuch came in cautiously: "Outside the door, there are many ministers asking for a meeting."

"These guys, what are you doing here?"

Zhao Gao frowned, his eyes flashed, and the corners of his mouth couldn't help but sneered: "It seems that some people are going to make trouble again. Let me take a look. There are some of them."

"Xuan!"

With an order, Zhao Gao stood up and walked out.

At this time, a group of ministers had already gathered in the court hall.

When these ministers saw Zhao Gao, they seemed to have been beaten up with remonstrance.

"Your Majesty, this Dan Pavilion is too much. Not only did you detain Lu Yang, Director of the Sifang Institute, but also imprisoned King Qi in the Dan Pavilion. It was too shameful for the royal family."

"Yes, although Dan Pavilion is powerful, it is the power of my great Qi country after all. Did he do this to rebel?"

"Your Majesty, I'm afraid you haven't heard the conversations of the people in the community. This incident is a shock to the royal family's face. It is too serious. The majesty is actually detained. What is it like?"

As soon as a group of ministers came up, they crackled and said, in their words, they were full of anger, as if they were being insulted.

The Qin family, who has been in the DPRK for so many years, has a strong position and naturally has many fans.

And Qin Yuanhong, as Anping Hou, is also a high authority, and his meaning is enough to make many people listen.

"Then what should I do according to your wishes?"

On the dragon chair, Zhao Gao looked gloomy, said indifferently, but sneered in his heart.

These ministers put big hats on them as soon as they came up. I never see them so active. Do you really think you don't know their purpose?

"In my opinion, you must go to Dange for an explanation. If you can't let them go, they will detain King Qi and Lu Yang and they must be explained to the royal family."

"Yes, your Majesty must let the people in Dan Pavilion know that the detention of King Qi is very serious. Their Dan Pavilion has already passed the boundary."

"This time, they were able to detain King Qi. It can be seen that they did not put the royal family in their eyes at all. Next time, who else will be detained?"

This group of ministers, spitting and splashing around, stood from the perspective of the royal family one by one, filled with righteous indignation.

"Prince Li attended."

"Wang Rong saw him."

"..."

Outside the door, there was an announcement, and several princes came together.

These few people rarely go to court on weekdays, but now they suddenly come together, immediately attracting the attention of many ministers.

"Brother Wang, the courtier got the news that Dan Ge has detained Brother Qi, this matter is too much."

"I heard that the cause of the incident was due to Qin Chen, and then Qin Chen, with the help of this time the Five Nations Great Competition, has contributed to our Great Qi State, and he is lawless, even King Qi is not concerned."

"This kind of atmosphere is terrible. If things go on like this, I am afraid that the face of our royal family will be wiped out."

"If you are a man, you dare to act with merit, not to be severely punished, so that the outside world will see my royal family."

As soon as these princes came up, they bowed to Zhao Gao and looked angry.

Zhao Feng's family, Lingnan Zhao's family, was also a relative of the emperor, and his influence in the dynasty was extremely deep-rooted.

Even in these years, the royal family's blood is weak, and there is no prince divided, but the influence still exists.

Therefore, encouraged by the Zhao family, these princes immediately came together and targeted Qin Chen.

Their purpose is to make Qin Chen fall into the abyss without ever turning over.

Chapter 268

"My brothers, isn't it so serious?"

Zhao Gao frowned, and Li light flashed in his eyes.

These princes, who usually don't see them appear, seldom dared to go to court, and came together today. Haha, the people behind this agitator are really unpredictable.

"Brother Wang, this is a bad word."

Prince Nali, whose status is the most respected, immediately stepped forward, his excited face muscles trembling: "Brother Qi Wang has always been upright, rarely quarrels with others, and was even detained. It can be seen how excessive the other party is. "

King Qi is upright?

The people below fainted violently, their bodies shook, and they almost didn't faint.

King Qi is notorious in the capital, and he is called the Merry Lord. If you speak for him, you have to be more decent. This is too fake.

However, those princes did not feel wrong at all.

"Yes, Brother Wang." Wang Rong also walked up tremblingly: "This Qin Chen provokes not only King Qi, but also the majesty of my Daqi Kingdom and the entire Daqi Kingdom."

"If you don't teach it anymore, I'm afraid it will be lawless. Good people like King Qi are detained. It's too hateful."

The princes are filled with righteous indignation and are extremely excited.

"Your Majesty, please also severely punish Pill Pavilion and Qin Chen."

"Yes, if this action is not suppressed, the impact will be extremely huge."

"Your Majesty, you must break it if you should."

Many ministers also seized the opportunity to speak up.

"ridiculous."

At this moment, Lord Kang gave a sneer. He stepped forward and said, "Your Majesty, the minister also understood a little bit about what happened today. It was King Qi's misbehavior in the Dan Pavilion that led to such consequences. If it has an impact, That's also because King Qi doesn't know how to constrain, which has corrupted my royal dignity."

"Kang Kang, what are you talking about?"

"Wang Qi is also your eighth brother anyway, you actually said that to him."

"Hmph, I heard that your daughter and Qin Chen are very close, you don't want to marry your daughter to an illegitimate child, do you?"

A group of princes suddenly blew their beards and stared, and said with a sneer.

"King Rong, how do you talk?" Lord Kang's face sank: "What if I want to marry my daughter to Qin Chen? Qin Chen has amazing talents, and at a young age, he is already a heavenly martial artist. My great Qi country won many places in the first test of the Five Nations Grand Competition. It can be described as a heroic boy. He is better than your wasteful son, right?"

"you....."

King Rong rolled his eyes with anger and almost passed out.

King Rong's son was a well-known idiot in the capital, and was made fun of by many people. But in front of King Rong, no one had ever dared to say that. Unexpectedly, King Kang said it directly in the hall, making everyone dumbfounded.

Does King Kang really want to marry Princess Lingshan to Qin Chen? Otherwise, for the sake of this kid, how could he break his face with King Rong in the hall, and even say such things.

"Kang Kang, what we are talking about now is whether we should punish Qin Chen and Dange. Even if King Qi is at fault, he is the prince after all, and there is nothing wrong with it. A small genius dare not even be a dignified prince. In my eyes, it's too much."

"It must be severely punished."

For a while, the entire hall was filled with crowds and the scene was spectacular.

"Okay, don't make any noise."

Hearing the crowd in the hall almost exploded, Zhao Gao sneered.

Immediately, there was silence everywhere, Wan Lai was silent.

"Since you are arguing so badly and don't have a clue, then, I have an idea," Zhao Gao said.

Everyone stared over.

"Previously, the words of Prince Li, Lao Li and others were very reasonable, but Dan Pavilion was always detached. Even if I wanted to punish them, I didn't know where to start. After all, Dan Pavilion is different from other forces. Don't obey my Daqi country's enfeoffment, so let's all of you give me a suggestion to see how to punish me. If there is a good one, I will decide again, how?"

"This....."

Everyone looked at each other, and they didn't know what Zhao Gao meant. Wouldn't it be that you really wanted to fight Lord Dan?

At this point, no one spoke up.

"In this way, Prince Li, you speak first." Zhao Gao pointed to Prince Li.

"Brother Wang, the courtiers thought that Na Dan Pavilion's detaining King Qi was too much. Even if it is supernatural, it cannot ignore the laws of the kingdom. In this way, the minister suggested that Dan Pavilion release King Qi and publicly apologize. "

After gritting his teeth, the Prince of Li said forward. At this time, he can no longer flinch.

"Where are you, King Rong?" Zhao Gao looked at King Rong again.

"Prince Li is right. Let Dange release King Qi and apologize publicly. The most important thing is that Qin Chen, the courtier thinks that he will be deprived of his qualifications to participate in the Five Nations Grand Tournament, and he will be taken to the jail for severe punishment. Rong Wangdao.

"Blocking the supply of Dange will make them lose the supply of medicinal materials, so they will naturally bow their heads.

"Openly announced that all the families and forces in the Great Qi State would stop purchasing the Pill Pavilion. I have many powers in the Pill Pavilion. In addition to the Pill Pavilion, there are also Jubaolou. I don't believe them. I can really fight against a country."

"If I am afraid that the quantity of the kingdom's pill is not enough, I can buy the pill from other countries. I don't believe that the pill will not panic. When the time comes, I will naturally take it."

As soon as someone spoke, many ministers who had previously stated that they would severely punish the Dange, all of them spoke with one word.

"Not bad."

Zhao Gao nodded, with a satisfied expression on his face, then turned to the courtesy officer on the side and said: "Have you written it down?"

"Your Majesty, I took it all down." The official nodded respectfully.

Everyone was puzzled and looked at each other. What did Zhao Gao mean by telling the courtesy officer to write down their words?

Just listen to Zhao Gao sneered and said: "Your suggestions are very constructive and very good. I have recorded whoever has any suggestions before. Next, I will send you to the Dange to carry out the implementation. Who will implement your proposal? At that time, I will compose a booklet of your

proposals, write your names, and submit it to Dan Pavilion, so that Dan Pavilion can fulfill your requirements."

Hearing what Zhao Gao said, everyone was dumbfounded.

What, let them execute?

The legs softened and several ministers almost knelt down.

What kind of place is Dan Pavilion? Their proposals are very harsh. If you really want to go there, is there a way to survive?

"Your Majesty, no, absolutely no."

"Yes, the ministers are just proposals. The specific implementation is still up to your majesty to decide."

"This announcement is usually carried out by the department. It is better to let the department handle it."

A group of ministers panicked.

Zhao Gao's move was too cruel. Although they wished that Zhao Gao would punish Pill Pavilion severely, it was from an outside perspective. They really wanted to let them execute the law enforcement on Pill Pavilion personally, and would not dare to kill them.

It's not that the pill pavilion is so overbearing, but the pill pavilion is after all the largest pill procurement place in the Great Qi Kingdom, where the alchemists gather.

Almost 70% of the alchemists in the Great Qi Kingdom are in the pill pavilion. If they offend the pill pavilion, where can they buy the pill in the future? Who will be treated if I am sick?

No, they can't go if they are killed.

Chapter 269

Seeing all the ministers in the audience panicked, Zhao Gao couldn't help but sneer again and again.

"Hey, Aiqing, didn't you say that you were very excited before? How come it is really implemented, but none of them work?"

He seemed to smile, but he spoke intentionally.

"This....."

So everyone was dumb and kept silent.

Before, they were actively admonishing, because they didn't know Zhao Gao's attitude and wanted to make a fuss about it.

Now that Zhao Gao has said so, it can be seen that he doesn't want to fight against Dan Ge at all in his heart. If he speaks again, it would be boring.

"Lao Li, tell me, you just proposed to stop the supply of medicinal materials to the Dange. I think it is very good. Why not let you take the lead and go to the Dange to announce the result?" Zhao Gao pointed to the leader when everyone was silent. An old man sneered.

"His Majesty."

The minister named Lao Li softened his legs and knelt down.

"The old minister was talking nonsense just now. The old minister thought about it carefully. Over the years, the Dange has contributed a lot to the improvement of our national strength. If it is because of this kind of thing, it will be killed with a stick. It is indeed very harsh. After thinking about it, I still feel that verbal warnings are better."

Old Li said cautiously, with cold sweat on his forehead.

"Verbal warning?" Zhao Gao nodded, "If that's the case, then leave it to Mr. Li to warn you."

"This one....."

Old Li opened his mouth wide, he was about to cry, and he couldn't wait for his heart to die.

It seems that your Majesty doesn't even have the heart to punish Dan Ge?

He originally said that, because he didn't want to change his attitude too quickly, and there was room for buffer. Now it seems that his Majesty didn't want to punish Dan Ge at all, and he even gave a verbal warning.

Mouth cheap, make yourself cheap.

If I really dare to go to Dange to warn, can I still come out alive?

"Your Majesty, Your Majesty..."

With a bang, Old Li knelt down, the sweat on his forehead was like rain.

"The old minister thought about it a little more carefully, and felt...that...the contribution of Yidan Pavilion to my great Qi country, even if it is a warning, is not very good, it is better to...It is better to just expose this matter."

"Lao Li, you were very excited just now. You have to make me punish Dange, why is this attitude..."

"Your Majesty, it's because the old minister's mind is temporarily confused, cough cough, old minister is old, sometimes his brain is not very bright, so your majesty forgive sin.

Old Li was so frightened that his body shivered, like sifting chaff.

"Since Li is old, and there are these problems, why didn't you tell me earlier, and let the people think that I am a tyrant who can only exploit. Then, Mr. Li, you should go home to recuperate. For half a year, wait until the body recovers or has energy, and then see if you can continue to serve." Zhao Gao looked at Mr. Li with a sneer at the corner of his mouth.

Hum!

With dizziness in his mind, Lao Li showed bitterness and knocked down: "Thanks... Thank you, Your Majesty, Longen."

Standing up, he was in a bleak figure, as if he was ten years old suddenly, and tremblingly retreated.

When everyone saw it, they felt sad and frightened.

Lao Li, the humeral veteran of the Great Qi State, actually gave in and retreated. It can be seen that His Majesty is really angry.

"Come on, who else said to punish Dange, you can stand up."

Zhao Gao looked around the hall in a cold tone.

Look at me and I look at you, many ministers, one by one, shrinking their necks, backing away, where they dare to stand up.

I didn't see that even Lao Li gave in and retreated. They dared to stand up, and they might be punished.

"How many brothers do you think?"

Seeing that the ministers were silent, Zhao Gao looked at the princes.

"Your Majesty, the courtier thought carefully, and felt that punishing Dange is too chilling, so let's just forget it." Prince Li was extremely guilty, his scalp was numb, and said: "But then Qin Chen, the courtier still feels it must be severely punished, otherwise the royal family will not be able to explain it to the people."

"Wang Rong, what do you think?" Zhao Gao asked again.

King Rong wiped his forehead with cold sweat, and said: "The minister thinks that Prince Li is right, and Dange doesn't need to punish him, but Qin Chen must be punished severely."

"Seriously punish Qin Chen? Well, I don't know the two, what crime do you think is better?" Zhao Gao sneered.

"This....."

Prince Li and King Rong glanced at each other and were speechless.

They don't even know exactly how Qin Chen and King Qi clashed. They only knew that King Qi was detained by the Dange because of Qin Chen. Now let them say, if one of them is wrong, how can they be restored?

"Huh." Zhao Gao's voice suddenly rose with a shot of the dragon chair, his eyes were cold and sharp, and it fell on several princes.

A terrible majesty suddenly swept the hall, frightening all the ministers in the hall to kneel down, not daring to look up.

"Then Qin Chen is the hero of my Great Qi State in this five-nation competition, and is also one of the contestants selected for the five-nation contest. If he is severely punished, who will replace him and win

glory for my great Qi in the northwest. Prince Li, are you looking for someone? Or, Rongwang, let your idiot son replace Qin Chen?"

Zhao Gao's voice was cold, as if to freeze the air.

"Your Majesty, I know your fault, please calm down your anger."

"Pump."

The princes all knelt in fright. They all knew the methods used by their brother prince. They were able to ascend to the throne, but their hands were stained with blood. It really made him angry. I am afraid that I am a happy prince. It's not appropriate.

Suddenly, these princes couldn't wait to split their hearts in the Lingnan Zhao family. If it hadn't been for the instigation of the Lingnan Zhao family, how could he stupidly run to the palace and let Zhao Gao scold him.

"King Kang."

Looking at the officials in the palace, Zhao Gao sneered coldly.

"The minister is here."

"By my will, go to the Dan Pavilion and inform the Lord Xiao Ya Pavilion of the Dan Pavilion that King Qi does not know what to do and acts in the Dan pavilion, destroying the majesty of my royal family. Now I will hand it over to Dan Pavilion. Qi State did not intervene. In addition, the deprivation of Lu Yang from Sifang's post was also handed over to Dan Ge. If Dan Ge was released, he would be taken to the Heaven Prison as soon as possible, and he would be rigorously interrogated to see what this person was doing. This is the matter. If I see someone inquiring again, I will definitely punish me severely."

After saying this, Zhao Gao flicked his sleeves and turned to leave.

Only the people all over the hall looking at each other were left stunned.

The dignified King Qi was detained by Dan Pavilion. His Majesty did not say a word. Instead, he asked Dan Pavilion to deal with it by himself. This...

Completely subverted everyone's original speculation.

At this time, the palace could not help shaking.

The news also reached the Holy Land of Bloodline in the first time.

Knowing that the bloodline master Duan Yue from the bloodline holy place was detained by Dan Pavilion, the whole bloodline holy place was in an uproar, causing a sensation.

The dignified Tier 1 bloodline master was detained by other forces, and there hasn't been a few times in the history of the bloodline holy land of the Great Qi Kingdom.

Deacon Xuchang returned to the Holy Land of Bloodline, and he dared not be careless, and immediately reported the matter to President Dongfang, waiting for orders.

Chapter 270

Not long after, President Dongfang personally summoned him.

Deacon Xuchang walked into the chairman's office carefully, worried.

In the office, besides Dongfang Chairman, Li Wenyu was also standing beside him.

Upon seeing this, Deacon Xuchang was envious.

In the entire bloodline holy place, there are many second-tier bloodline masters with deacon positions, but Li Wenyu is the most special one of them, and he is deeply loved by President Dongfangqing.

It can be said that in the entire bloodline holy place, you can see the president of Dongfang Qing without knowing it, and this is Li Wenyu, who is the confidant of the president.

As he was thinking, a loud noise suddenly came, interrupting Deacon Xuchang's reverie.

"boom!"

He patted the table repeatedly, Dongfang Qing's expression was gloomy, "Xuchang, what the **** is going on?"

After hearing the news uploaded by Xuchang, Dongfang Qing was furious.

Since the superiors obtained the new blood vessel, Dongfang Qing has been studying the function of this new blood vessel during this period of time. Relying on the 18-level power-on method taught by Qin Chen, in just a few months, Dongfang Qing clearly felt that his stagnant bloodline master's cultivation level had once again improved, which made him extremely excited.

Don't look at it as a small improvement, but when you reach the realm of Dongfangqing, any slight improvement is extremely important.

And with the research on the new blood vessel, Dongfang Qing also had some doubts and thoughts about its operation. These days, he always wanted to find a chance to find Qin Chen again and ask for advice, and this happened.

So angry that Dongfangqing almost broke that piece of Yue's heart.

"That Duan Yue, who gave him the courage to go to the Dan Pavilion and offend Qin Chen?"

With a gloomy expression, Dongfang Qing became angry after hearing Xu Chang's words: "Could it be that he thought he was a bloodline master, so he could do anything wrong?"

"This....."

With a look of embarrassment, Xu Chang didn't know how to interface, and he was very depressed.

In normal times, President Dongfangqing is extremely protective of shortcomings. If something happens to a bloodline master in the Holy Land, no matter whether it is blue, red or white, three or seventy-one, it must be a harsh curse of the other party first, as to whether it is his own fault. , Will not pay attention at all.

But this time...

"And you, Xuchang, who gave you the courage to stand up? Duan Yue made a mistake. You actually interceded for him, and even used the majesty of the Holy Land of Blood to suppress others. That's how you settled things? The reputation of the Holy Land of Blood, it was corrupted by you people."

Pointing to Xuchang, Dongfang Qing was even more angry.

Duan Yue offended Qin Chen and was repaired by Dan Pavilion. What are you doing? Things are more complicated.

"I....."

Xu Chang looked aggrieved. If something happened in the usual way, you always said that you want to get ahead, don't fall into the majesty of the Holy Land of Bloodlines.

Thinking this way in his mind, Xu Chang didn't dare to answer at all, but nodded frequently to express his mistake.

"Okay, now that things have happened, continue to entangle them, and there is no result. Then, Li Wenyu, you will immediately take Xuchang to the Dan Pavilion to deal with the matter. Make sure to solve it beautifully, and don't let Qin Chen have the slightest Dissatisfied." Dongfang Qing ordered.

"Yes." Li Wenyu nodded: "Subordinates will do it right away."

Turned around and was about to leave.

"Forget it, let me go there myself."

After thinking about it, Dongfangqing still felt wrong, and stood up.

"President, you..."

With a stagger, Xuchang almost fell.

What kind of thing does it take Mr. President to come out in person? Even today's Majesty of the State of Qi, I am afraid he will not have this face.

Then, who is Qin Chen?

Shocked in his heart, Xu Chang knew what a disaster he had caused.

For a while, I felt nervous, just lowered my head, followed Dongfang Qing, and obediently headed to the Dan Pavilion.

Pill Pavilion and Bloodline Holy Land are not far apart.

Not long after, Dongfang Qing had already arrived in the Dan Pavilion.

"Hey, isn't that Deacon of the Holy Land Xuchang who was repaired here this morning?"

"Why is he here again?"

"Look, how does he walk back respectfully? Then who is the old man in front of him?"

"The old man in front is not clear. The deacon Li Wenyu who has seen him before, is the bloodline holy land, and is known as the chief steward of the bloodline holy land."

"Then the old man in front of him..."

"Hey, it won't be the president of Dongfang Qing in the Holy Land of Blood?"

As soon as he appeared, many people in Dan Pavilion were shocked.

Like Xiao Ya, Dongfang Qing rarely appeared in front of the public, so few people knew him, but from Li Wenyu and Xu Chang, everyone quickly guessed the identity of Dongfang Qing's chairman.

Suddenly aroused exclaim.

In the morning, the Duan Yue Bloodline Master of the Bloodline Holy Land had just been repaired by the Dan Pavilion. Not long after that, the president of the Bloodline Holy Land came personally. Is this the rhythm of big things going on?

"It's not that the Holy Land of Blood is going to fight Dan Pavilion, right?"

The more people thought about it, the more they felt that it was possible. They passed the news one by one, and instantly countless people poured into the Dan Pavilion.

How the Bloodline Holy Land will deal with the Dan Pavilion has always been a matter of curiosity in the hearts of the people, and now the answer is about to be revealed, so how not to look forward to it, how not to be excited.

"It seems that this time, the Holy Land of Blood is not ready to let it go."

"Pan Pavilion is going to be unlucky."

Seeing the three of Dongfangqing, everyone was shocked.

This is not their random speculation. If the Holy Land of Bloodline only wants to make big things small and small things into small things, they only need to send a deacon. After all, it is the Dan Pavilion who is detaining people. The Holy Land of Bloodline only needs to send someone to Duan Yue. Just take it away.

But now that President Dongfangqing is here, that meaning is far from ordinary.

If you only come to lead individuals, there is no need for the Dongfang Qing Guild Leader to come forward. Otherwise, the bloodline master himself has been detained, and it would be too shameful for the Dongfang Qing Guild Leader to come to lead the people in person.

However, there was news of the high-level arrival in the Holy Land of Dezhi Bloodline, and the entire Dan Pavilion was like an enemy.

With a huff, a large group of guards rushed up, including the steward in the Dan Pavilion hall, and some first-grade alchemists who were on duty, all looking vigilant.

"I wonder if you are?"

One of the highest-ranking Grade One Alchemist frowned and asked, feeling nervous.

The news has already been passed to Master Liu Guang and Lord Pavilion Lord for the first time. The two of them must be coming soon, but even so, the alchemist's heart is still very nervous.

"In the next place, Li Wenyu, come to visit Lord Xiao Ya, this one is the president of Dongfangqing, our blood holy land."

Li Wenyu stepped forward and said with his hands folded.

When his voice fell, the audience suddenly exclaimed. The pharmacist on the other side was even more short of breath and his skin tightened.

Although there were speculations, he did not expect that the other party was actually the president of the Holy Land of Blood.
