

Valkyrie 2611

[Chapter 2611: Will count](#)

At this moment, Qin Chen stood proudly on the Demon Tree of the Ten Thousand Worlds, and the boundless demon aura haunted him, like the same demon god, in charge of the heavens and the earth, and I alone dominate. Nowadays, the holy demon elders of the holy demon clan are bound, the sage master of Yama is damaged and cannot even be condensed, and the desperate and others, although they have not fallen, are dying, only half of their breath is left hanging, except for Ao Lie Apart from others, only Qin Chenyi

People, those in charge of all this. As for Ao Lie and others, Qin Chen's allies were originally Qin Chen's allies. Even if they were not, Qin Chen was not afraid. At this moment, he had already controlled the Ten Thousand Realms Demon Tree, let alone Ao Lie. Even if there were ten Ao Lie, he had no fear. Fear, he is invincible in this magic tree of ten thousand realms

of.

"How come, how can you..."

"How did it do it?"

"This is impossible."

Above the Ten Thousand Realms Demon Tree, Jue Ming, Xue Wudao, Du Luo Xin, Gu Liushen, Feng Feng and others were dying, but they all looked at Qin Chen in shock.

The Lord Yama wins, they can understand.

The elders of the holy demons win, they are willing.

Even if they desperately win, they are considered convinced, but it is Qin Chen, a genius boy who is not even a peerless earth sage, this...

How did you do it?

The Holy Lord of Yama and the old man of the Holy Demon Race also struggled in pain, staring at Qin Chen in disbelief, and roaring angrily. They didn't believe that a human race could do all this, and even now, they are unwilling to go. Believe.

Feeling the incredible gazes of everyone, Qin Chen smiled faintly, his gaze first fell on Desperate's body: "Actually, from the very beginning, this young master never believed you..."

"Never believed me?"

What did Qin Chen mean? "Beyond the demon corpse of the Lord Yama, Ben Shao was the first to arrive, so naturally I also saw the process by which you led the Wukong Organization and the Soulfire Family to open the devil corpse, especially the one you arranged. The Great Array of Magic Paths is extraordinary, by no means ordinary

Human Race can do it, in fact, at that time, Ben Shao already doubted whether you were Human Race. "

Qin Chen smiled slightly, he still has to thank the Abyssal Demon Secret Realm, thanks to the inheritance of Patching Heaven Palace, and the most thankful thing is the inheritance of the Lord of the Abyss. After experiencing the mysterious realm of the deep demon and all this, Qin Chen has an incomparably deep understanding of the demon clan, especially the inheritance of the master of the deep demon. Has attracted Qin Chen's suspicion

.

However, Qin Chen was not sure at that time.

Desperately said in disbelief: "But you later..." "Why did you agree to cooperate with you later?" Qin Chen smiled, "If you don't agree to cooperate with you, how can this young man be sure of your identity? Know your conspiracy and plan? As soon as you enter the palace of life and death, the young master already feels

When it comes to your hidden breath, the major general will do his tricks, fight against the wind, and deliberately lead you out. "

"Sure enough, you were fooled." "Impossible." Desperately said in disbelief: "The hidden skill of this seat is the inheritance method of the holy demon clan, under the shield of the demon aura of the hall of life and death. How can you perceive it? Even if you have a special technique to control the devil energy of Yama

Nor does it work. "

Qin Chen smiled faintly, did not answer directly, just said: "It's nothing impossible. Your concealment skills are indeed amazing, but you can't hide me."

This is natural. What he desperately displays is the inheritance and concealment technique of the Holy Demon Race, but what Qin Chen possesses is the inheritance of the Yuan Demon Race, the Lord of Ten Thousand Demons. How can they compare? "Even, I deliberately left with Ao Lie and the others to test your tactics, because at the time, this young man had already determined that you were a member of the Demon Race, but I still don't know which Demon Dao Race you are, but this is not important. No matter which magic way you are

Race, entered the Palace of Life and Death so long in advance, but did not continue to go deep, but stayed outside the hall, waiting for us, this young master knew that you must have some conspiracy and need us. "

"Therefore, the major general used his plan, and he really tried it out. In order to lead us into the Palace of Life and Death, you even willingly gave up cooperation with the three major cities and supported me and City Lord Ao Lie. This is too unreasonable."

Ao Lie and the others were also shocked. No wonder Qin Chen would let them go. They were even sure that the Wukong Organization would definitely keep them. At that time, Qin Chen had seen through the desperate conspiracy and learned his identity.

hiss!

In an instant, all kinds of inhaling air-conditioning sounded, Ao Lie and others were extremely shocked, and looked at each other.

Is this the descendant of the Holy Lord? Although young, but in terms of experience, it is actually more terrifying than those of the older generation who have been fighting in the heavens for countless years. This gap is too big.

When they were all going crazy for the treasures of the Yama Demon Race, Qin Chen had already seen so much.

Ao Lie and the others are ashamed, compared with Yinghuo and Haoyue, the difference is too big.

"But you... how did you know the conspiracy of this seat? Moreover, you even let the people of Cangxuan City not participate in guarding the stele."

Desperately muttered, still couldn't believe it.

And this was what he was most confused about. At that time, in order to win the trust of the major forces, he was even willing to let the people of Wukong organization take the lead. According to the truth, it should be impossible to be identified. "It's too simple." Qin Chen smiled faintly: "At that time, this seater was scheming and deliberately agreed to join you to enter the Palace of Life and Death. In fact, you were not clear about your plan at the beginning, but I rarely saw the first stone monument. From opening this stele

When the blood was about to be smeared, Ben Shao had already seen your conspiracy. "

"These strong guards are nothing more than the nutrients of these stone tablets, and the reason why you stay and wait for our major forces is because the treasures here will be completely unlocked only if you swallow enough blood and life."

This is another shocking roar.

Did Qin Chen actually see this from that time?

Ao Lie and the others were shocked. No wonder Qin Chen warned him not to leave anyone guarding the stele. It turned out that he had anticipated this a long time ago.

But how did Qin Chen see it? Is it just relying on smearing blood?

Everyone was puzzled.

Because this is too incredible. What they didn't know was that Qin Chen could see it, naturally, not just because of this, but because of the inheritance of the Lord of Patching Heaven Palace and Abyssal Demon. In fact, when he entered the first environment, Qin Chen had already seen it. Out this is a nourishment

Great array.

Of course, at that time, Qin Chen didn't know what it was nourishing, but he knew that it was taking the Five Secrets of Yama Sage Lord and nourishing something. It was not until later that Qin Chen knew it was the Devil Tree of Ten Thousand Realms.

[Chapter 2612: Are you a demon?](#)

In the process of cracking the Five Secrets, Qin Chen has been silently observing and observing the operation of the entire array.

Thanks to the inheritance of Butian Palace, the technique of replenishing the sky, it can replenish the heavens and the earth, and know the movement of all things, so that Qin Chen gradually understands the desperate conspiracy. It also allows him to understand the whole process and even help Cangxuancheng. They have no loss.

"But... even if you see through the conspiracy of this seat, why should you break into the Devil Tree of Ten Thousand Realms?"

Desperately murmured, when he said this, he couldn't help but stunned: "Could it be that you are trapped in the Ten Thousand Realms Demon Tree, and everything is your intention?"

"That's natural."

Qin Chen smiled, "You can control the Demon Tree of the Ten Thousand Realms, relying on the control of the Demon Stone. If Ben Shao wants to turn defeat into victory, naturally he must also control the Demon Tree of the Ten Thousand Realms, because the Demon Tree of the Ten Thousand Realms is the root, but if you don't break in Come in, how can you control it?"

"But how did you get rid of the shackles of the Ten Thousand Realms Demon Tree?"

The Demon Tree of the Ten Thousand Realms is controlled by the Lord Yama, and even it was designed by the Saint Lord of Yama. He desperately couldn't understand how Qin Chen saw through all of this and seized control of the Demon Tree of the Ten Thousand Realms from the Lord of Yama. .

Because, although he controlled the Demon Tree of the Ten Thousand Worlds through the Black Stone, there is a rule for controlling the Demon Tree of the Ten Thousand Worlds, that is, it must be controlled by the Demon Clan, and humans cannot control the Demon Tree of the Ten Thousand Worlds.

unless.....

"Are you a demon?"

Looking at Qin Chen desperately in shock.

"wrong."

But he shook his head again, because from Qin Chen, he couldn't feel the slightest aura of the magic way.

The saint demon clan old man also looked over in shock, which was also what he most puzzled.

"Who said that you can't control the Ten Thousand Realms Devil Tree without the Demon Race?"

Qin Chen chuckled lightly.

The Demon Tree of the Ten Thousand Realms is the treasure of the Demon Dao, and it should be controlled by the real Demon Dao power and rules, and not necessarily the Demon Race.

Of course, in the heavens, there are countless human powers who also practice magic arts, but because they are humans, the so-called magic arts are only inherently evil, so they cannot be called the real magic way, and naturally they cannot control the ten thousand worlds. tree.

Because a real demon has no attributes, just like earth, water, fire and wind, it's just a rule between the world.

This is also the place where they desperately suspected, because the human race who cultivated the demon skills, and even the human race that received the inheritance of the demon race, could not control the devil tree of the world. But they didn't think that Qin Chen was a person with one soul and two lives. He possessed another demon avatar, and this demon avatar was evolved from the parasitic seed born from the chaos nest of the most pure alien demon race in the lower realm. Similar to Ten Thousand Worlds

The nature of magic fruit.

And what this Demon Dao clone cultivates is the inheritance of the Yuan Demon Clan, the Lord of Ten Thousand Demons in the Demon Dao.

All the perceptions possessed by the clone are possessed by the body.

Therefore, although Qin Chen's body did not cultivate the power of the deep magic, his understanding of the magic way was exactly the same as that of the clone, and he mastered the real magic way.

This is the core basis for Qin Chen to control the Devil Tree of Ten Thousand Realms.

Of course, if you want to completely control the Demon Tree of the Ten Thousand Realms, you cannot rely on the perception of Demon Dao alone. You must also have Demon Power. Although Qin Chen's body cannot cultivate Demon Power, it does not mean that he has no Demon Power.

Hum!

A black spar suddenly appeared in Qin Chen's hands. In the spar, infinite power evolved and exuded a mighty demon aura. It was the black spar obtained in the mysterious realm of the abyss.

Now this black spar has absorbed enough Yama's demon energy, revived, and exploded with amazing power.

boom!

The terrible force suppressed them, and the elders of the desperate and holy demons directly felt the oppression from the depths of their souls.

"This is... the power of the Abyss, is your Excellency an adult of the Abyss?"

The two demons raised their heads in horror, revealing a frightened color.

How could it be possible that this human race kid possessed the treasures of the Abyss Demon Race, and moreover, could it be activated?

The Abyss Demon Race is the leader of the Demon Race today, the Lord of the Ten Thousand Demons, and the Lord Yama was designed for hundreds of millions of years to be able to challenge the Abyss Demon Race, but in the end, it was defeated by the Abyss Demon Race.

Ao Lie, Du Luo Xin, and other peerless earth sages, seeing all this at this moment, they all changed their colors.

Yuanmozu?

Qin Chen is from the Yuanmo clan?

Suddenly, Ao Lie and others' hearts sank, and their bodies went cold.

Human Race and Demon Race are mortal enemies. If Qin Chen is a member of Yuan Demon Race, then...

"Who said that this young man is a member of the Abyssal Demon? Couldn't the Human Race control the power of the Abyss?" Qin Chen sneered. "Senior, no, sir, our Saint Demon Race, we follow the Abyss Demon Race with all our heart. Regardless of whether the adults are Human Race or Abyss Demon Race, as long as they have the power of the Abyss Demon Race, they are our masters. I wait for this time to come. Eliminate the evil of the Lord Yama against the Abyssal Demon Race

Regardless of the plan, please let me go, I will wait until I swear allegiance to the Lord. "

The saint demon clan old man and desperate madness shouted.

No matter what Qin Chen's status is, living at this time is the most important thing.

"Want to live?"

Qin Chen laughed lightly, and then, hum, the black spar in his hand glowed, and suddenly, the Ten Thousand Worlds Demon Tree danced, and the black tentacles crazily swallowed the last life in the two of them.

"Do not!"

Puff, puff!

Two faint voices sounded, and the elders of the holy demon clan and Destiny burst into pieces without any suspense, and were instantly swallowed by the Ten Thousand World Demon Tree, like two flies, so insignificant and vulnerable.

boom!

The power of the saint demon clan old man made the Ten Thousand Realm Demon Tree shine and nourish.

Two masters of the demon clan, and even a holy demon clan who survived for hundreds of millions of years, died just like that.

The two storage rings fell into Qin Chen's hands and were put away by Qin Chen at will.

Everyone on the Ten Thousand Worlds Demon Tree looked horrified, and the bodies of poison Luo Xin, Li Dongyu, Gu Liushen, Ni Feng, Xue Wudao and others trembled.

"Master Qin Chen, your lord has a large number, let us go, I am willing to surrender to you, as long as you let us go, the city we are in will look forward to you."

A few people tremblingly begged for mercy, and no longer had the slightest spine.

Qin Chen didn't even hesitate to kill the Holy Demon Race Heavenly Sage. Now that they all know Qin Chen's secret, will they let them go back?

"Want to survive? Well, do you think it is possible? However, you guys are still useful. The young master is very interested in your exercises and experience, but you can't let this magic tree of ten thousand worlds be swallowed. ."

Qin Chen's voice fell, suddenly raised his hand, booming, and suddenly, the black devilish tentacles that had bound them suddenly loosened, and Qin Chen's big hands suddenly wrapped these peerless earth sages inside.

"No, this kid is going to devour us. Let's fight him."

Xue Wudao and others roared frantically. In an instant, suddenly, a life-burning breath was conveyed from their bodies, this breath was crazy and dangerous.

[Chapter 2613: Sign a contract](#)

For these people, only one percent of their lives and blood have been swallowed by the Devil Tree of the Ten Thousand Realms, but in order to survive, they ignored everything and burned the remaining life and blood. Only in this way can they have a line. Vitality.

The four peerless earth sages joined forces, even if they were dying, an astonishing aura exploded at this moment, and the infinite power gathered together and turned into a terrifying light and shadow of blood and energy.

boom!

Endless power swept towards Qin Chen, and several peerless Earth Saints joined forces at a critical moment to explode Qin Chen in one fell swoop and successfully escape.

Because they all know that the reason why Qin Chen is so domineering at this moment is only because he has mastered the Devil Tree of the Ten Thousand Worlds. If he is killed without the other side's detection, there is hope for everything.

"Huh!" Qin Chen stayed still, looked at these people with a sneer, and said with his right fist: "If I don't defeat you thoroughly, you will not be convinced when you die or become ghosts. But after you die, it must be an extinction of form and spirit, even impossible to become a ghost

. "

While speaking, Qin Chen's way of killing, the overlord ascending to heaven, the power of supreme ruling, frantically brewing, hit out with a punch.

Boom!

Qin Chen's whole body is full of energy, the wind and clouds rotate outside his body, and the world changes. He is like an ancient demon god, coming down, his whole body is full of flames, like an emperor in fire.

But the aura of the whole body of Du Luo Xin and others was suppressed by a blow, and the whole person was suddenly crushed and screamed miserably.

"Not dead yet?"

Qin Chen strode forward, showing a repressive trend, dragons and tigers, countless Dao rules, appeared around his body, flashing and disappearing, his big hand flipped, and another palm, smashed on the bodies of several peerless earth sages.

Boo!

The bodies of several peerless earth sages were constantly bursting, blood flowed, and their whole body scarred, leaving only a breath, lying there, a pair of hateful eyes staring at Qin Chen, full of endless hatred.

Qin Chen grabbed the bodies of several people with a big hand, and Da Ri Jin Yan bombarded them in.

There is no mercy from his men.

"Qin Chen, you killed me, the soul fire family will not let you go, Yunzhou will not let you go, you are in Yunzhou, you can't live in peace." Du Luo Xin shouted.

"Don't kill me, I want to be your slave."

"Please, don't kill me."

"Forgive me, Qin Chen ancestor, forgive me, I will work hard to become a peerless holy sage. It is not easy. Just forgive me. I am willing to be your slave forever and sign an ancient contract."

A group of peerless sages, world-famous figures, at this time, are begging for mercy. "Is it necessary for Ben Shao to sign a contract and become my slave? Having absorbed your experience and exercises, it will have little effect on Ben Shao. As for Yunzhou, how can Ben Shao be afraid and wait to kill you. Collected your power, this

Sooner or later, I will go to Yunzhou to destroy your soul and fire family. "Qin Chen squeezed the bodies of these people to you as soon as he caught them, and then he sealed countless seals with both hands, and sealed all the ideas, magical powers, martial skills, rules, origins, and origins of these peerless earth sages, becoming A huge chaos

The round ball exudes a terrible breath.

This is all the experience and techniques of these peerless earthly sages' cultivation.

"The jade disc of good fortune from Qiankun, give it to me, store it first, and wait for me to slowly refine it."

Qin Chen raised his hand, and suddenly, a terrible devouring force appeared, and he collected this huge ball in.

Many peerless earth sages that were originally incomparable have all fallen.

Qin Chen has sealed them now, and will later scrape away the treasures in their storage ring. With these people's identities, there are certainly not a few holy crystals, materials, and medicines.

Qin Chen will break through the Heavenly Sage in the future, and he will need too many resources. If he doesn't kill some people, plunders some resources, it is really very difficult to find them by himself.

"When I look back and have a chance, I will refine these people. Their strength is not worthy of me, but the exercises, martial arts, and experience are of great benefit to me. I am now the exercises. There are too few martial arts."

After sealing these people, Qin Chen turned his head and looked at the countless powerful men of the major forces who were bound by the Demon Tree of the Ten Thousand Worlds. When he raised his hand, these powerful people burst into pieces and were swallowed by the Demon Tree of the Ten Thousand Worlds. Exhausted, turned into ashes.

Qin Chen didn't have much interest in the fascinating techniques of these ordinary Earth Saint late masters.

Of course, three people survived. It was Luo Wei, Cui Bowen, and Wukangsheng who were previously enslaved by Qin Chen's soul. Before Qin Chen was able to gain control of the Magic Tree of Ten Thousand Worlds, these people naturally made a lot of contributions. Qin Chen used them. , Just above the magic tree of ten thousand realms, cloth

Under the pattern one after another.

At this moment, the vitality in these three people's bodies was refilled, and they instantly fell to the ground, the dragons and tigers fierce.

Qin Chen thought a lot, and wanted to control the three major cities next, it would be much more convenient to have these three people.

"As for the remnant soul of the Lord Yama..."

Qin Chen frowned. The remnant soul of the Lord Yama was the most difficult to deal with. Fortunately, the remnant soul of the Lord Yama was already very unbearable because of the nightmare curse. Even the remnant soul could not condense and became unconscious. The remnant soul fluctuates.

However, Qin Chen knew very well that the Lord of Yama was definitely not dead yet, and the remnant soul of the Lord would definitely not die so easily.

"Heaven Soul Forbidden Technique." With a thought, Qin Chen directly urged the Ten Thousand Realms Demon Tree and the Heaven Soul Forbidden Technique. Suddenly, the remnant soul of the Lord Yama was instantly moved to the Universe Jade Plate by Qin Chen, for fear of this. The remnant soul of the Lord Yama recovers, and Qin Chen also directly controls the universe

The strength of the years in the jade disc suppressed it, and it was completely relieved.

This is the remnant soul of the Holy Master, Qin Chen naturally can't waste it, maybe there will be some important use in the future.

Sealing the Lord Yama, Qin Chen finally looked at Ao Lie and others.

To be honest, the group of people in Cangxuan City was the most difficult to deal with.

"Little friend Qin Chen."

Ao Lie and the others were all taken aback, one by one panicked.

Originally, they admired Qin Chen extremely, even full of excitement and surprises, but now, everyone was extremely worried.

It is true that they know too much, and Qin Chen has gained too much. Thinking in another way, would they be willing to let them go from Qin Chen's perspective?

Among other things, as long as any of them dared to divulge a bit of news, then Qin Chen would inevitably be pursued and killed by the entire Yunzhou, Guanghan Mansion, and even Heaven.

The remnant soul of a saint master of the Yama Demon Race, as well as the Demon Race's most treasured Ten Thousand Realm Demon Tree, any of these things are enough to attract masters of the master class to chase and kill.

"Little friend Qin Chen, no, Senior Qin Chen is really amazing, and Ao Lie admires it very much. If Senior doesn't mind, Ao is willing to take the predecessor as his master from today, and even make an oath that he will never betray forever." Ao Lie thought. For a moment, finally gritted his teeth and said.

[Chapter 2614: Magic Source of Ten Thousand Worlds](#)

He thought for a long time, only this way, because only in this way, Qin Chen would be relieved that it has nothing to do with good or evil, in a place like the heavens, anyone who encounters such a thing can only do this.

Qin Chen sighed. Although he valued Ao Lie and others very much, and the other party had never betrayed him, but they knew too many secrets, so naturally they couldn't just let them go.

And letting Ao Lie and others surrender themselves is the best way.

"If this is the case, then this young man will accept it. From today, Ao Lie, you will do things for this young man in Cang Xuancheng. Don't worry, this young man will never treat anyone wrongly."

Qin Chen said proudly, raising his hand.

Hum!

Suddenly, the entire Demon Tree of the Ten Thousand Realms suddenly glowed, and a terrifying black magic light escaped from it. Whoosh, these black magical lights turned into fist-sized **** of light, and instantly fell on every strong in Cangxuan City. In front of the person.

A total of eighteen balls, including the three of Lowe from the three major cities, only eighteen people were left on the court. "This black ball is the devil source of the ten thousand worlds born from the devil tree of the ten thousand worlds. If you are willing to surrender to Ben Shao, you don't need to swear or something. You only need to swallow the devil source of the ten thousand worlds. Leave the breath of this young master, from now on

, You will not be able to betray Ben Shao, once you have any thoughts of betraying Ben Shao, this Ten Thousand Worlds Demon Source will erupt, causing you to die instantly. "Of course, this demon source of the Ten Thousand Realms is formed by the Demon Clan's supreme treasure Ten Thousand Realms Demon Tree absorbing the infinite power of the Yama Sage Lord. It contains the supreme meaning of heaven and earth. After you swallow it with your cultivation base, you will gain tremendous benefits. , The future is beyond limit

the amount. "

"You have to think carefully, and if you are willing to accept it, swallow this magic source of ten thousand realms."

Qin Chen said.

Naturally, it is impossible for him to consume his soul power to enslave everyone present. Fortunately, there is a source of magic from the ten thousand worlds.

Can you never betray Qin Chen?

Many experts in Cangxuan City hesitated.

After all, who is willing to surrender to others who can become a strong figure in the late Earth Saint?

"I do."

At this moment, Ao Qingling was the first to speak in a low voice, and before anyone could react, he swallowed the magic source of the ten thousand realms.

Hum!

Suddenly, terrible magic lights surged through her body, but these magic lights did not have the slightest aura of demons, because the demons of the Ten Thousand Worlds Demon Tree were the demons of the heaven and earth, the heavens, the rules, and the mystery of the universe. .

This power was analysing the most original power of heaven and earth, causing the aura on Ao Qingling's body to swell rapidly, and his understanding of heaven and earth had undergone earth-shaking changes.

This is the magic source of the ten thousand realms, transforming Ao Qingling.

"Everyone, swallow it."

Ao Lie also looked calm, and directly swallowed the ten thousand world magic source.

Seeing this, the other strong men in Cangxuan City naturally had no choice but to swallow the source of the ten thousand realms.

Suddenly, everyone's body was sprayed with magic light, flashing with the highest power, as if seeing the great truth.

Boom! Ao Lie flashed with terrible auras, and he actually touched the realm of Heavenly Sage with this. In fact, there is not much power contained in the source of ten thousand realms, but it contains the supreme way of heaven, which made Ao Lie spy on himself. The world is deeper

Level.

It's not just Ao Lie, everyone's breath is soaring, and they have a cross-legged epiphany.

Qin Chen nodded slightly when he saw this.

Assimilated into the Demon Source of the Ten Thousand Worlds, this group of people will never be able to betray themselves, but in the same way, their future has become broader. Enlightened by the Demon Origin of the Ten Thousand Worlds, everyone will get a great harvest.

Like Ao Lie, it is very likely that he is expected to enter the realm of Heavenly Sage, while others can directly become peerless Earth Sages in a short time, but it takes a while to enter the Heavenly Sage in one fell swoop.

After all, what is contained in the magic source of the world is just perception, not power.

Of course, as long as they have sufficient resources, these people will enter the Heavenly Sages in the future, and it is just around the corner. By that time, Qin Chen will even have an army of Heavenly Sages.

Seeing that the three Luo Wei had also swallowed the devil source of the ten thousand worlds, Qin Chen took back the soul power he planted in the three bodies, and then looked at the devil tree of the ten thousand worlds.

"Come!"

Qin Chen urged the Universe Good Fortune Jade Disc, and suddenly, the Devil Tree of Ten Thousand Realms roared and was included in the Universe Good Fortune Jade Disc. Qin Chen searched for a place among the jade discs of good fortune in the universe, and planted the Demon Tree of Ten Thousand Worlds. This is the ancestor tree of the Demon Race. It has just grown now. The entire power of a Holy Lord is only to let it grow. Don't look at the Devil Tree

Horror, in fact, today's Magic Tree of Ten Thousand Realms is essentially just a young sapling that has just sprouted.

Otherwise, the real Demon Tree of the Ten Thousand Worlds, even the Holy Master of the Demon Race could easily be annihilated, how could it not end up with an old Heavenly Saint of the Holy Demon Race.

After that, Qin Chen took out the Devil Fruit of Ten Thousand Realms and swallowed it directly.

Boom!

In Qin Chen's body, a terrible rainbow light suddenly sprayed. Although Qin Chen knew the power of the Devil Fruit of the Ten Thousand Realms was very powerful, he did not expect it to be so terrible.

At this moment, Qin Chen's body seemed to be burning, and all his limbs were burned.

"what!"

His soul was roaring, roaring. This is the Demon Fruit of the Ten Thousand Realms used by the Lord Yama to reshape the flesh, and it is also the fruit of the Heavenly Sage of the Saint Demon Race to regenerate the second life. The blood and life of countless strong men are tempered

How terrible is the terrible fruit and power possessed?

In an instant, Qin Chen's internal organs were burning, as if they were about to burn.

Because the power contained in it was too strong to explode a peerless earth saint.

"Sky Patching Hammer."

"The Art of Patching the Sky!"

At the critical moment, Qin Chen roared, and among the Five Secrets, the quaint little sword in the heart and the sky-repairing hammer in the lungs were radiant and madly suppressing the power of the magic fruit of the ten thousand realms.

These powers merged into the limbs and a hundred skeletons to strengthen his soul.

Hum!

At this moment, Qin Chen felt as if he had seen the formation of heaven, his physical body was rapidly reshaping, becoming crystal clear and perfect.

Hum!

In my mind, the ancient book appeared again, emitting a soft light.

Puff puff!

In Qin Chen's body, the twelve celestial veins shattered and condensed again. His five secret concealers hummed together, and the heavenly sounds of the Great Dao rang out from the sky and the earth, like Huang Zhong Da Lu shaking.

Ao Lie and the others fell into enlightenment and retreat, but they felt this power and felt a huge divine sound echoing, such as the twilight drum and the morning bell, which thrilled and made people awake and enlightened.

"Little dust is changing?"

They were shocked, there were endless avenue rules in their minds, but they could clearly feel the transformation of Qin Chen. They had never heard of this change before.

They can only feel that above the endless heaven, a figure sits high in the Nine Heavens, surrounded by clouds and mist, looking down on the common people, and many Taoist patterns are densely covered and mysterious.

"Swipe!" With a flash of light, Qin Chen sat in everyone's mind, hazy and misty, as if he was looking down at all living beings.

[Chapter 2615: The secret of the kidney](#)

At this moment, his precious appearance is solemn, like an eternal **** king, people can't help but want to worship.

His breath is changing, becoming misty, and at the same time more sacred and inviolable, seeming to live with the world and immortal.

No one can be calm. When everyone received the enlightenment of the magic source of the ten thousand worlds, they were even more affected by Qin Chen's aura. The mood fluctuated, a small world emerged, and Qin Chen stood proudly on the sky. It was so real and shocked everyone. people.

This kind of vision, unheard of, left an indelible mark on Ao Lie and others' hearts.

At this moment, Qin Chen is in a difficult transition.

In the endless world, the terrifying power contained in the Devil Fruit of the Ten Thousand Realms all attracted and entered Qin Chen's body.

Among them, although there are the essence and life of many powerful people, the most is the power and sentiment of the Lord Yama. This is the magic fruit that it has customized for its own body, and it is naturally no small thing.

"boom!"

Qin Chen felt that he seemed to have experienced the life of the Lord Yama, but this process was too vague, and it was also because Qin Chen was too weak, otherwise, he would be able to bear the terrible information in it.

The endless demon energy was surging, all the demon sources were being refined, rushing towards Qin Chen who was branded in the void, and penetrated through his body, making his whole body crystal clear and the hair on the surface of his body was glowing.

Washing the flesh, this is a kind of metamorphosis that can be seen, his body is becoming more and more flawless, like a crystal, and the powerful life fluctuations are even more terrifying.

Yes, every time Qin Chen's heartbeat is beating like a divine drum, the ears of people are humming, it can be said to be shocking, and it can kill ordinary sages.

Moreover, his heartbeat is getting louder and louder, booming, booming, booming...reverberating in the world.

Qin Chen is rebirth after changing his blood.

The Immortal Eucharist, no longer the Immortal Eucharist, the Immortal Holy Demon Body, the Indestructible Holy Demon Overlord Body, and even the Infinite God and Demon Body...

This kind of transformation is too strong to describe.

In the whole process, the magic light rushed into the sky, even if a small amount of power escaped, it caused Ao Lie and others to be transformed, and the power in the body was crazy.

"brush!"

Air-eater ants, fire-refining worms and spirit-seeking worms also appeared, turning into streams of light, and the thieves appeared above Qin Chen, almost intoxicated, absorbing the escaping power.

This kind of power, even if there is only a trace, can make them change, and it will have a great impact on their future, not only the strange spirit worms, but even Ao Lie and the others.

And these powers were nothing more than scrapping powers that Qin Chen couldn't use when he transformed.

Even if no one absorbs it, it will only dissipate in the void, and will not be merged by Qin Chen. It is a discarded object when Qin Chen's body is transformed.

At this time, the endless light surging, Qin Chen stood still, his body like colorful colored glaze, clean and unsullied, many essences, endless magic light, baptizing his body, he was like a demon god!

The blood in Qin Chen's body continued to trickle down the pores, but brilliant blood was reborn in the body, and the faint golden blood was shining.

Moreover, this world also lingered with a trace of power, which merged into Qin Chen's kidney.

This is the kidney of the Fifth Secret, which is being activated at this moment, being activated by this Demon Hall of Life and Death.

Qin Chen obtained the Demon Fruit of Ten Thousand Realms, possessed the insight of the Holy Master Yama, and was recognized by the Holy Master's Treasure Life and Death Hall.

call! The void that Qin Chen and the others were in quickly became smaller, and everyone seemed to be in an empty void, and a primitive palace, spinning in front of Qin Chen, was the Palace of Life and Death, and it turned into a sigh at this moment. A black light

, Merged into Qin Chen's kidney.

Since then, the secret of the kidney in Qin Chen's Five Secrets has also been opened.

boom!

At this moment, Qin Chen's strength was rising at an astonishing speed.

"Boom!"

In his body, it seemed that many shackles were opened.

I have never seen such a terrifying rebirth and transformation. It is worthy of the name. The transformation is very thorough, and even the hair and bones are being reborn.

Qin Chen instinctively induced endless demon energy to baptize his body, constantly changing bones and blood, and his body was resurrected, extremely powerful. He shed his original flesh shell and regenerated himself.

I don't know how long it took.

"Boom!"

He stood up all of a sudden, the sky trembled for a while, he raised his head to look up at the endless sky, and his hair was flying wildly, the newly born body shone and burst into a powerful aura.

"boom!"

He threw a punch, and the world roared, as if sinking into ruin.

"It's too strong, how long have I changed."

After a while, Qin Chen calmed down, and he was shocked to find that his cultivation base had already broken through from the middle stage of the earth sage to the realm of the latter stage of the earth sage in one fell swoop.

This speed is amazing.

But for Ten Thousand Realms Demon Fruit, it was too weak.

"No." Qin Chen perceives his body carefully. At this moment, his physical body is extremely powerful. Although his cultivation level is only a breakthrough, he has never seen such a powerful physical body. He even has a feeling that such a physical body, regardless of Xue Wudao Such a peerless place

The bombardment was unscathed, because the strength of the earth saint level could not pierce his defense at all.

He turned around and saw Ao Lie and the others all looking at him in shock, with a respectful expression.

"Less dust!"

At this time, Ao Lie and the others also had rapid breakthroughs. Ao Lie was surrounded by terrifying laws. This was the Heavenly Sacred Law.

"Have you broken through to Heavenly Sage?"

Qin Chen was surprised.

wrong.

Then, he realized that although Ao Lie possessed the heavenly sage law, it was not complete. It could be seen that he had not completely entered the heavenly sage realm, and should be half a step into the heavenly sage.

It really requires too much energy to break through the Heavenly Sage, and Ao Lie got the insight of the Demon Source of the Ten Thousand Realms. Although the realm is reached, he has not absorbed enough energy. Naturally, he is one step away from the Heavenly Sage.

but.

All you need to do is to give Ao Lie enough resources to break through the Heavenly Sage with ease, it's just a matter of time.

Although Ao Lie had already stepped into the realm of Heavenly Sage with half his foot, Qin Chen felt that if he and Ao Lie were enemies, Ao Lie was not his opponent.

This feeling is very strong.

Except for Ao Lie, everyone else has undergone tremendous transformation.

Except for Ao Qingling, everyone has entered the realm of Peerless Earth Sage, and Ao Qingling has also entered the late Earth Sage, and is only one step away from Peerless Earth Sage.

"How long have I been practicing?"

Qin Chen frowned.

He has a feeling that this transformation of his own seems to have taken a long time.

"There is little dust, three months, now three months have passed."

Ao Lie respectfully said.

"what?"

Qin Chen showed a shocked expression, this time he retreats, and three months have passed directly. He looked up and found that he was in a void, and he immediately understood that he should be in the head of the demon corpse of the Yama Lord, and the original palace of life and death had been refined into the secret of the kidney by himself.

[Chapter 2616: Top Saint Veins](#)

"Go, let's go out."

Qin Chen's heart sank, and he couldn't think of his own feelings. Three months passed directly. It should be understood that he had only been in the heaven for a few months.

However, for Qin Chen, the sentiment over the past few months has undergone an astonishing transformation.

"Qianxue, Ruyue, Sisi, you are waiting, now that I have the ability to command the major forces in Yunzhou, I will definitely find you."

Qin Chen secretly swore that he would sharpen his knife and not chop wood by mistake. The breakthrough in his cultivation level also gave Qin Chen more capital to look for.

"Little dust, what do we do next after we leave this Yama secret realm?"

Under the leadership of Qin Chen, the group of people quickly left along the passage of the demon corpse of Yama Sage Lord, and Ao Lie asked carefully. He who has swallowed the devil source of the ten thousand realms completely admires Qin Chen. Moreover, although he has never been enslaved by Qin Chen's soul, he possesses the power of the devil source of the ten thousand realms in his body, as long as he has the idea of betraying Qin Chen. Will break the soul, so he

It was to completely surrender Qin Chen, without the slightest double heart.

This method is more convenient than soul control.

After all, soul control needs to consume Qin Chen's soul power, and it is impossible for Qin Chen to disperse the soul power to control too many people.

Aside, Ao Qingling lowered his head slightly and looked at Qin Chen complicatedly, unable to tell what it was like in his heart.

"Our top priority is to leave this Yama secret realm first, and then to destroy and conquer the major forces such as Tianyue City." Qin Chen said in a deep voice, "Only by conquering these strengths, we can grow and form sufficient strength. ."

"Destroy Tianyue City and other forces?"

Ao Lie and the others were taken aback. "Of course, why not destroy them? I don't think you are only one step away from Heavenly Sage. The only thing missing is Heaven and Earth's Holy Qi. As long as there is enough Heaven and Earth's Holy Qi, you can easily complete Earth Sage to Heaven Sage. Transformation, not only you, but

The same is true for others. If we want to grow, we just rob them of their wealth, so that we can grow in the shortest time. "

While Qin Chen was speaking, he led everyone to fly out of the demon corpse.

Whoosh!

He came to the sky above the Yama Secret Realm, looking at the corpse of the Lord Yama and the vast Yama Secret Realm below. Suddenly, Qin Chen moved. He used his hands to cast thousands of magic arts. Suddenly, there was a thunderous shock and explosion in the surrounding space, and immediately Ao Lie and others felt that the space he was in, even the whole Secret realm, all began to tremble

.

At the same time, the entire Yama Secret Realm began to vibrate, as if there was a terrible holy vein gas surging out.

This is the ancient sacred vein beneath the secret realm of Yan Luo, boiling, shaken by Qin Chen's power. You know, the Yan Luo Secret Realm is a top-level station of the Yan Luo clan. There are masters of the saint master level who have stood here for hundreds of millions of years. How can there be only one day of ancient sacred veins that Qin Chen conquered before? I want to keep such a secret world for hundreds of millions of years

With power, there is definitely more than one ancient holy vein here.

At this moment, Qin Chen was shaking these ancient sacred veins, and began to refine the entire Yama Secret Realm.

"Little dust, you... actually want to refine the entire Yama secret realm, and the demon corpse of the Yama Lord?"

Anyhow, Ao Lie has also become a Heavenly Sage now, knowing what Qin Chen wants to do, and he can admire and worship Qin Chen completely.

In the entire Yama Secret Realm, I don't know how many things were hidden. This was a staging point of the Yama Demon Race back then. There were many battlefields and even many caves and treasures hidden in it.

Now Qin Chen wants to refine the entire Yan Luo Secret Realm at once. What kind of masterpiece is this? I can't even imagine.

Even if he truly breaks through to the Heavenly Sage, it is impossible to do this, refining an entire Yama secret realm, unless he breaks through to the Heavenly Sage peak, there will be such a possibility.

But now Qin Chen did it, and immediately after moving, it caused a sensation in the entire Yan Luo Secret Realm, strolling in the courtyard extremely without any pressure.

How not to be surprised?

He naturally didn't know that the reason why Qin Chen was able to shake the entire Yan Luo Secret Realm was not only because of Qin Chen's strength, but also because of his sky-repairing skills, and because he had swallowed the Devil Fruit of the Ten Thousand Realms, and possessed the Palace of Life and Death in his body.

The Palace of Life and Death is the treasure of the Holy Lord. It was originally the core of this Yama Secret Realm. Now the Hall of Life and Death has become the treasure of Qin Chen's Kidney Secret Realm. It is natural to refine the entire Yama Secret Realm.

Boom boom boom!

Suddenly, the entire Yama secret realm shook, countless demons rushed out, a large number of Yama magic qi surged, instinctively fighting.

Qin Chen's eyes flashed, and his big hands enveloped him. In an instant, these demon spirits turned into pure demon energy, and he was directly refined into the most primitive Yama demon energy. "I am in the heavens, and I am weak. Although the magic power formed after the refining of the Yama Secret Realm cannot be used and displayed directly, it will inevitably be of great use in the future. It will be refined to expand my strength and increase my wealth. .And the treasure here

Things, even this demon corpse of the Yama Lord, are excellent materials for me to refine the holy soldiers in the future, and I should not miss it. "

Boom! Qin Chen collected all these demon qis into the jade disc of good fortune in the universe, and he did not worry about these devil qi or the demon tree of the ten thousand worlds rebelling. First, the devil tree of the ten thousand worlds had been controlled by him. The power of the years, the town

Don't worry about it at all.

Then, Qin Chen raised his hand.

With a bang, I saw the infinite and terrifying power of patching the sky appeared, sealing the infinite area below.

Then, he grabbed it again, and suddenly, the huge demon corpse of the Lord Yama was captured and photographed by him. The entire demon corpse was quickly refined and shrunk, and finally, it suddenly entered the jade plate of the universe.

Boom boom boom!

The demon corpse disappeared, the entire Yama secret realm began to roar violently, and the entire world began to collapse.

Qin Chen's eyes flashed: "There is one last step, to completely collect the ancient holy veins in this Yama secret realm."

He lowered his head and looked under the devil's corpse, deep, penetrated into the long and deep underground, and he saw a huge holy vein hidden deep in the mud of the devil's corpse.

That sacred vein, like a great ancient dragon, rests underground, and its whole body is shining brightly, showing violent power. It seems that after a short breath, this mountain is about to explode, and it soars out.

In the body of this holy vein, various forbidden methods are being blessed everywhere, and the will of countless ancient Yama demon races are confined on it to prevent this holy vein from flying.

This ancient sacred vein was countless times more terrifying than the ancient sacred vein that Qin Chen had collected before. It was the core sacred vein of the Yan Luo Demon Clan. I am afraid that only in ancient times can such a terrifying Saint Vein be formed.

[Chapter 2617: Cangxuan City Crisis](#)

Qin Chen knew that in the ancient celestial realm, the holy energy of the heavens and the earth was very strong, and some penetrated into the ground, settled down, combined with the countless crystal stones in the ground, and turned into a holy vein.

And now in the heavens, the holy energy of the heavens and the earth is beginning to thin, and it is already difficult to form such a top-level huge holy vein. However, if the major forces want to develop, they must have a great holy vein to be able to sustain it. Otherwise, just rely on the disciples to absorb the holy energy of heaven and earth that floats in the air, and don't know how long they have cultivated.
Promoted from Earth Saint to Heaven Saint

At this time, you need infinite holy energy from heaven and earth, and you can't accumulate it in a lifetime just to breathe it out between heaven and earth.

Therefore, the competition between some top powers is often to compete for each other's ancient sacred veins. Only with the ancient sacred veins can they have the chance to survive and develop.

In Qin Chen's view, the most valuable in the entire Yama Secret Realm is the ancient sacred vein underground. Although this sacred vein has been consumed in hundreds of millions of years of history, the remaining power, Ten does not save one.

But still very scary.

He is now going to use his great magical powers to collect it, uproot it, and send it to the jade disc of the universe, to prepare for his future breakthrough in the heavens. This spiritual vein under Yan Luo's secret realm is the largest among the Wanhua Mountains in Yunzhou. It contains endless holy energy of heaven and earth, and even has its own spirituality. You need to press the demon corpse of the Yama Lord on it and use magic

Imprisoned, it slowly extracted its heaven and earth holy energy, refined it, and became the power of the entire Yama secret realm.

Of course, the ancient sacred veins are not entirely made up of ancient holy auras. They are also mixed with underground power, various terrifying attributes, and the ancient battles, and countless fallen demons remain in it.

After this ancient holy vein of heaven and earth holy energy is absorbed, it must be refined before it can be transformed into pure heaven and earth holy energy for absorption, or an elixir.

Refining and purifying the holy energy is also a complicated process, and it is a compulsory homework for every warrior. But now, Qin Chen's method of refining ancient holy energy is not comparable to an ordinary powerhouse. Just extract this huge ancient holy vein, seal it, enter the universe and make a jade disc, use the technique of patching the sky and the power of time

, it can be completely extracted and turned into a holy spirit.

Moreover, the growth of the Ten Thousand Worlds Demon Tree also needs such ancient holy veins to nourish, and the one collected before is not enough to see.

Without Qin Chen's hands at all, he lost the oppression of the demon corpse of the Lord Yama, this ancient sacred vein was immediately ready to move, wanting to transform into a giant dragon, flying into the sky.

"Receive!" Qin Chen stared at the ground and made thousands of handprints. Numerous earth saint origins went deep into the ground and began to seal the ancient holy veins. The earth was trembling, the mountains and rivers were collapsing, the rivers were breaking, and the entire Yan Luo secret realm.
, As if the end is coming

.

"Less dust, we're here to help you."

Upon seeing this, Ao Lie and the others moved one after another, roaring, and making strong moves one by one.

Boom! Eighteen top powerhouses shot together. What a scene, and Ao Lie is still a half-step celestial sage. At this time, the infinite power is suppressed on the ancient sacred veins, but the ancient sacred veins are actually indifferent and still flying. To get away

Open here, is this a terrible power?

"Huh, surrender to Ben Shao."

Qin Chen drank coldly, his eyes burst into the rainbow, the lungs in his body vibrated, and the sky hammer was lightly shaken.

Boom! The ancient holy vein underground, shaking his head and shaking his head, the huge holy energy of heaven and earth, soaring into the sky, the space was shocked everywhere. The ground collapsed, and among the countless huge crypts, the divine light like a long rainbow and the endless ancient holy veins were ejected.

Breath gushing out, each of these auras is equivalent to a peerless earth saint master attacking with all his strength.

This is the resistance of the ancient Saint Vein.

Generally, Peerless Earth Saints collected the ancient holy veins like this, and they were already shaken to death.

No, let alone the peerless earth saint, it is the heavenly saint master coming, and the same is true, will be killed unless it is the pinnacle heavenly saint master. But Qin Chen is different. He possesses a sky-repairing hammer, suppresses the ages, uses its power to replenish the sky, can repair the heavens and the earth, and temper the universe. This is unmatched by any sage. He saw the resistance of this ancient holy vein and his expression changed. Make up

The sky hammer vibrated, and the light of repairing the sky shrouded downward like a crack in the network.

"The art of patching the sky, eternal good fortune, the universe, the origin is one."

The power of replenishing the sky was cast down, penetrated into the ground, and immediately enveloped the huge ancient holy veins, shook the sky and roared, volcanoes erupted, and thousands of thick auras rose into the sky, making the entire Yama secret realm a mess.

Qin Chen seized the opportunity and urged the power of the Ten Thousand Worlds Demon Tree in the Universe Good Fortune Jade Plate to suppress it.

Boom!

This ancient holy vein was immediately suppressed and couldn't move.

"Come!"

Qin Chen yelled, grabbed it with his big hand, and raging strength grabbed the ancient Saint Vein.

At this time, Ao Lie and the others saw Qin Chen like a god, covered in golden light, gushing endless rainbow, reaching out with big hands, covering the sky and covering the ground, grabbing into the floor block.

boom!

The next moment, a white dragon that was thousands of miles long, was caught out by him all at once, roaring in the air, shaking pieces of the void, about to break.

This is the emptiness of the heavens, and it will be broken. What kind of power is this?

But Qin Chen was not afraid. No matter how struggling this white dragon's sacred veins, he was still slowly grabbing and taking pictures. Then, a huge portal appeared in the sky, with the supreme breath, giving this dragon to Charged in.

In the entire Yan Luo secret realm, all the fluctuations in the holy energy stopped.

The entire Wanhua Mountain Range found peace again, but the secret space of Yama, which was originally surging with devilish energy, began to collapse and quickly dimmed.

Rumble!

The entire Yama secret realm began to collapse. This secret realm lost the demon corpse of the Lord Yama, and lost the ancient sacred vein that provided vitality, and naturally collapsed directly.

"go!"

Qin Chen shouted in a low voice and stood up. With a bang, a group of people rushed out of the Yama secret realm and appeared in the Wanhua Mountain Range.

The light of the scorching sun in the heavens shone down, and everyone experienced this experience and suddenly felt like a world away.

"Out."

"Hahaha, finally figured it out."

Ao Lie and the others were excited. They looked down and saw that the originally evil valley had been turned into ruins. The endless devil energy was illuminated by the scorching sun, and the ashes disappeared. This side of Yama's secret realm seemed to have never appeared before.

"Go back to Cangxuan City first."

Qin Chen said solemnly, and Ao Lie immediately displayed Noah's Ark. A group of people entered Noah's Ark. The Ark shook and quickly swept towards Cangxuan City.

And at this moment in Cangxuan City.

Several terrifying battleships had already towered over Cangxuan City. On the battleships, there were horrible flame patterns engraved with them, which was the symbol of the Soul Fire family.

"Let you Ao Lie, City Lord of Cangxuan City, get out!" A group of terrifying masters of the soul and fire family stood up above Cangxuan City with murderous aura.

[Chapter 2618: Broke this formation](#)

"Friends of the Soul Fire family, I don't know why they trespassed into my Cangxuan City."

In Cangxuan City, an old voice came out, but it was like Hong Zhong Dalu, deaf and deaf.

This is an old man and a master left behind in Cangxuan City. Ao Lie will not take all the masters away when he goes to Wanhua Mountain. He will definitely keep some and sit in the city to prevent people from being attacked.

But who would have thought that the people of the Soul Fire family would attack with a mighty force.

"What a good thing you did in Cangxuan City, don't you know? Let City Lord Ao Lie get out." The leader of the soul fire family is an old man with gray beard, full of energy, and a divine rainbow over his body, like A **** king, in charge of the heavens and the earth, he was full of murderous aura, his eyes fierce, staring at the Cangxuan city below, murderous like

Chi, almost forming a vast ocean.

The masters of the other soul fire families also looked at the elder of the Ao family with murderous aura, as if the opponent was not a powerful late-stage Saint, but just an ant.

What a contempt this is.

The famous family of the Ao family is called Ao Zun. He has already broken through the Late Earth Sage tens of thousands of years ago. He is also the master of the Ao family second only to Ao Lie. He is the elder of the Ao family and controls the Great Formation of Cangxuan City, otherwise Ao Lie Nor would he be assured of letting him sit in Cangxuan City.

If someone changed someone to his Ao family so contemptuously, he would have slapped him to death, but he could only bear it against people from the soul fire family.

Compared with the Ao family, the Soulfire family is indeed a lot more terrifying. It is the great family of Yunzhou. At least Ao Lie is the only peerless earth sage in Cangxuan city, and the peerless earth sage of the Soulfire family is not a minority. The old man is. However, Ao Zun is still very confident. Although the team of the Soul Fire family is terrible, there are even peerless Earth Sage masters, but his Ao family fights at home and has a large defensive array, and the Peerless Earth Sage cannot break through, otherwise Cang Xuan How can the city stand this

So long.

Of course, if fighting could not occur, Ao Zun would never want to conflict with the Soul Fire family.

"Your Excellency, don't go too far. My Ao family is not a vegetarian in Yunzhou, and it is not yet your turn to come to my Cangxuan city to go wild."

Although Ao Zun wondered why people from the Soul Fire family were so angry, he gritted his teeth and said.

It is impossible to let him admit counsel.

"It seems that your Ao family is going to fight against my soul fire family to the end. If that's the case, then don't talk nonsense, do it, and take Cangxuan City first."

The old man of the soul fire family snorted coldly, and suddenly, a group of strong men behind him slew out, rumbling, raising their heads, various attacks pouring down like a torrential rain, shaking the sky.

"No, open the big array."

Ao Zun didn't expect people from the Soulfire family to say that they would do it. Fortunately, he was prepared for a long time, and the moment the Soulfire family took action, he opened the big formation.

Hum!

A terrifying array of light formed and enveloped the entire Cangxuan City at once. Suddenly, endless attacks fell. There was a fierce roar between the heavens and the earth, the endless might soaring into the sky, and there were amazing explosions everywhere.

"Li Zhouying, don't go too far."

Ao Zun roared, frightened and angered in his heart, and he didn't expect that people from the soul fire family would really take action directly. This is tantamount to tearing his skin. "Excessive? Li Dongyu, the son of my soul-fire family, and Luo Xin, who worshipped poison, are missing in your Cangxuan city. Now, the two souls have dissipated, and you don't know the life or death. Do you still say I am too much? If you know, let Ao Lie get out My soul and fire family will explain, no

Then, today, my soul and fire family will level your Cangxuan city. In the heavens, the strong are respected. Even if my soul and fire family slaughtered you Cangxuan City, I would like to see, who in Yunzhou would dare to say "no"? "

The old man of the soul fire family was murderous.

"What? The soul fire of Li Dongyu's son has dissipated?"

Ao Zun was taken aback, his expression was shocked, and the soul fire was a unique method of the soul fire family. It was used to monitor the life and death of the disciples under his command. There is often only one possibility for the disappearance of the soul fire, that is, Li Dongyu and poison Luo Xin have fallen.

Ao Zun's heart was immediately worried. He was not worried about Li Dongyu, but City Lord Ao Lie.

Demon treasure, what happened on earth? Why is there no movement at all after more than three months? According to past practice, City Lord Ao Lie went in to explore for a month, which was already the limit. This time, it was far beyond any previous time.

Ao Zun was worried at first, but it sank even more at the moment. But there was no expression on his face, and he said coldly: "Li Zhouyan, the first son of your soul and fire family, Li Dongyu, has left after my Cangxuan City event was assessed. What is it with me Cangxuan City? As for City Lord Ao Lie , He left more than three months ago and has not yet

Returning, if you want to see City Lord Ao Lie, you can wait patiently, or wait for City Lord Ao Lie to return, and it will not be too late for the old man to inform you of the Soul Fire Family. "

He can only delay time now.

"It seems that you don't want to explain it anymore. No matter if you don't see the coffin, you won't cry. Today I will destroy your Cangxuancheng and see how hard your mouth is."

Then Li Zhouyan said coldly, lifting his right hand, and the rules condensed, and the surrounding area suddenly turned into a sea of fire, and the fire system rules oscillated.

boom!

In the endless sea of flames, heads of terrifying flaming dragons burst out of flames, as large as a mountain, roaring towards the Cangxuan city below.

"defense."

Ao Zun roared, and immediately urged the large formation. In the city lord's mansion, countless Ao family masters worked together to push the large array to the extreme. Suddenly, the endless fire light was blocked and the sound of fire light blasted into the sky, dyeing half of the sky. .

This is the pinnacle of the terrain, and it cannot be easily broken.

In Cangxuan City, countless warriors watched this scene in horror. They were shocked by such a terrifying aura. Ancient medicine masters, Shang Gukong, Qin Tingting and others also appeared one after another. Countless warriors floated in the sky of Cangxuan City and frightened. .

The soul and fire family, the top forces in Yunzhou are coming, who is not afraid?

Once Cangxuan City was broken, I am afraid that everyone in the entire city would be in danger.

Li Zhouyan frowned and said behind him, "Everyone, don't you do it?"

Whoosh whoosh!

From among the warships in the rear, several people flew by again, each with murderous aura soaring into the sky, surging with the sacred breath of the peerless earth.

"Peerless Earth Saint?"

Ao Zun lost his voice and was shocked. He turned out to be a few peerless sages. The Soul Fire family is located in Yunzhou. It is a top power in Yunzhou. It is certain that it is stronger than Cangxuancheng, but unexpectedly, this time it will come out in full force. The Holy Land came together.

"Break this formation!"

Many peerless sages of the Soul and Fire family made their moves together, and suddenly, the Cangxuan City formation shook violently and faltered.

Although this great formation at the top of the ground is terrifying, it is only the top of the ground after all. How can it withstand the attacks of so many peerless Earth Saints?

"Everyone, join forces to overcome the difficulties together, otherwise no one will survive if the city is broken." Ao Zunhui burst into tears, yelled loudly, his body burst into the sky and intercepted frantically.

[Chapter 2619: Fight the enemy together](#)

"Everyone, the soul fire family is coming violently, breaking through the great formation of Cangxuan City. If the great formation is broken, everyone in the city will not survive."

"Follow me against the enemy."

"Everyone, everyone is fighting with people from the soul and fire family."

In the city lord's mansion, countless strong men roared and called on the whole city to resist.

"go!"

The ancient medicine masters, Shang Gukong, Qin Tingting and others rushed up without hesitation, injecting strength into the great formation.

Suddenly, the large array burst into light, the mighty divine light soared into the sky, and the endless array veins spread out, covering the world.

The attacks of the Soul Fire family were resisted one after another.

"Ok?"

Li Zhouyan frowned, the defense of Cangxuan City was so terrifying, it was indeed the city where the ancient family of Yunzhou Ao family was seated, and the large formation under this city could not even be defeated by the Peerless Saint.

Ao Zun and others below all breathed a sigh of relief, as long as the battle is not broken, they still have hope.

"A bunch of trash can't break even a large formation at the pinnacle of a place. No wonder my family of souls and fires have lost all their reputation in Yunzhou."

At this moment, a cold snort sounded, and a figure flew out from a battleship, and then stopped suddenly and landed in front of Li Zhouxun.

His voice rang like thunder.

"Ancestor."

Seeing this person, Li Zhouxun hurriedly saluted, his expression respectful and extremely pious.

This old man aroused the momentum of heaven and earth, and a series of terrible rules of heaven and earth appeared, turning into silk and satin, wrapped around him, like a **** king, magnificent and mighty.

As soon as this momentum came out, the sky and the earth trembled, and the large formation of Cangxuan City below roared.

"The ancestor of the soul fire family-Li Luo!"

Ao Zun couldn't help but took a breath, and there was endless panic and horror in his heart. Li Luo, the ancestor of the Soulfire family, a half-step Heavenly Sage realm master, it is rumored that when he broke through the Heavenly Sage realm, he fell into a madness and almost died. Later, the Soulfire family has a profound heritage and consumes the endless wealth of the family before saving him. Came back,

But he could only stay in the realm of Heavenly Sage for half a step, and could no longer make any progress.

But no matter what, he is also a half-step Heavenly Sage master, the number one master of the soul fire family, who would have thought that he actually came here.

"A bunch of rubbish, I need my ancestor to do it myself." Li Luo said proudly, raising his right hand, and booming, the endless Heavenly Sage rules manifested, like a galaxy falling, crashing down towards the Cangxuan City array below. .

哐!

The sky fell apart.

The great formation of Cangxuan City collapsed in an instant, and Ao Zun and the others vomited blood and flew upside down one by one, embarrassed. The terrifying natural Dao haunted the sky and struck the sky.

Below, countless top masters in Cangxuan City are stumbling, and Ao Zun is no exception, disheveled and covered in blood.

And what about Li Luo?

The wind is light and the clouds are light, standing proudly in the sky, like a god, dominating the world.

The strong like Ao Zun couldn't help being horrified. Is this the half-step Heavenly Sage master? Even the Heavenly Sage had never reached it. Under a single blow, the large formation of the pinnacle of the land was shattered, and countless strong men were defeated by a single move, and the gap between the two sides was so big.

It's no wonder that countless people in the heavens want to become a master of heaven.

Heavenly Sage, communicates the rules of the heavenly realm, dominates the heaven and the earth, in a single blow, the heaven and the earth are broken, unmatched.

As long as there is a heavenly saint, then a family can be passed on for ten thousand years, one hundred thousand years, or even longer, how terrible it is.

"Destroy Cangxuan city for me. By the way, there is an ancient sacred vein below Cangxuan city. Take it together. The Ao family is already a declining family. It should have been erased from the history of the heavens. ."

Li Luo said coldly.

"Yes, ancestor."

Li Zhouyan and others stepped forward with a sneer, their eyes cold.

"Stop, are you not afraid of Yunzhou's punishment for doing this?" Ao Zun said tremblingly.

Yunzhou punishes?

Li Zhouyan and others laughed. "Ao Zun, you are also the elder of the Ao family. Don't you even understand the truth about the survival of the strong and the fittest? In the heavens, whoever is strong can dominate everything, just like today's chaotic world, everywhere The strong are separatist, and all the big government wants to expand.

Slaughter the heavens, my soul-fire family destroyed your Cangxuan city, Yunzhou knows, I am afraid that not only will Cangxuan city be given to my soul-fire family, this Cangxuan city was not also you countless thousands of years ago Did the Ao family get this? "

Li Zhouxun sneered, staring at Ao Zun, "Elder Ao family, killing Your Excellency would be interesting, right?"

Ao Zun's heart jumped suddenly by this look, as if his heart was about to jump out of his throat. This feeling was very bad, making him seem to be stared at by a beast, and his whole body was chilly.

The other party is a peerless earth saint, which puts too much pressure on him.

Can I just escape?

But where can I escape? What's more, with so many masters in the soul fire family, he can't escape at all.

Li Zhouxun looked at Ao Zun playfully and sneered, "Ao Zun, how about it, if you are willing to mow yourself, I can consider leaving you a whole body."

He laughed, and in an instant burst of infinite killing intent, making the sky tremble.

Ao Zun couldn't help being flustered, but then he was furious. He was a powerful man in the late saint period. No matter where he was placed in Yunzhou, he could be called a strong one. Even if he went to Yunzhou Prefecture, he would be reused by other forces , How can you not fight yourself?

"Want me to squat myself, let's dream."

Ao Zun roared, "I belong to Cangxuan City, so I fight with them."

Li Zhouxun glanced at him coldly, stretched out his right hand, patted Ao Zun, and said contemptuously: "Things that do not live or die!"

"Kill!" Ao Zun shouted and greeted him strongly.

However, after this sound, he involuntarily opened his mouth and his eyes were completely round, because Li Zhouyan shot this time, raising the sky full of divine clouds, and the avenue turned into a huge pillar to the sky, heading towards his town. .

Too terrible, too powerful!

"Great Elder!"

At the side, the remaining masters of the Ao family all shouted tremblingly, only to feel that their hands were shaking a little.

What is Peerless Earth Saint?

That is the cultivation of the earth sage to the extreme, reaching the peak of earth sage, there is no way to advance.

In other words, Li Zhouxun has reached the limit of Earth Saint.

And what about the great elder Aozun? It's just the late martial artist of the Earth Saint, the gap is too big.

This is the match between Emperor Wudi of the pinnacle and Emperor Wu of the late stage. What is the result? Spike!

What is the result of Fansheng Peak facing the prosperous late stage? Spike!

What about the peerless Di Sage versus the late Shang Di Sage?

Naturally it's a spike!

Boom, the gods rushed through, and the light of rules moved into the sky, and instantly enveloped the great elder Ao Zun. It was visible to the naked eye that the holy yuan on Ao Zun's body disappeared every inch, and was dissolved little by little, without any resistance.

At this speed, within a few breaths, he would be bombarded into dregs and turned into ashes.

Everyone in Cangxuan City only felt that their legs were trembling violently, and now the strongest Elder Ao Zun in the city would be killed by a single shot, and his body and spirit would be destroyed. What about them? Can you withstand a breath? Endless despair rises in everyone's heart.

[Chapter 2620: Celestial expulsion](#)

Seeing that Ao Zun would be completely wiped out and turned into nothingness, at this critical moment.

Abruptly--

"Who dares to touch my people in Cangxuan City."

Boom!

A terrible roar sounded, and a stream of light and lightning flashed in the sky in the distance, attacking Li Zhouyan's rules and detonating instantly.

Hum!

A terrifying flying boat, shaking the void, instantly appeared in the sky above Cangxuan City.

It's Noah's Ark.

"Noah's Ark."

"My Lord City Lord."

"It's the Lord Santos who is back."

All the powerhouses in Cangxuan City looked at the sudden appearance of Noah's Ark in the sky in shock, and they were extremely excited.

"My Lord City Lord."

Ao Zun was covered in blood, looking excitedly at the Noah's Ark that appeared in the sky, tears almost shed.

"Ao Lie?"

Li Luo, Li Zhouxun and others turned their heads and looked at the corners of their mouths with sneers.

"Ao Lie, you finally came back. I thought you didn't dare to come back?" Li Zhouyan looked disdainful: "However, it is a coincidence that you are here. If it is later, your Cangxuan City may have been My soul fire family's entire sacrifice has been refined." What can Ao Lie do when he comes back? Like him, but only a peerless earth saint, and the entire Ao family only has one peerless earth saint, but there are four or five peerless earth saints in the presence of their soul and fire family, not to mention that the ancestors have a half-step heavenly saint sitting.

Town, let alone one Ao Lie, ten Ao Lie, he is not afraid.

"Really, your soul and fire family, so bold."

Boom!

In Noah's Ark, a terrifying aura rose up, and a famous master stepped out of it, and every one of them broke out with a shocking aura, making a sensation in the world.

One.

Three.

Ten.

Fifteen!

Eighteen people walked out together, and the leader was Ao Lie. Behind him, every momentum was extremely terrifying, like a **** or devil, majestic, shaking for nine days.

Peerless Earth Saints, all of them are peerless Earth Saints.

how is this possible?

Li Zhouyan and the others looked at the scene before them in shock, and suffered a tremendous shock in their hearts. In the crowd, the ancestor of the soul fire family, Li Luo, was surprised and immediately overjoyed.

"You guys, got that treasure?" He exclaimed, except for this reason, he couldn't think of any possibility that the Ao family had so many peerless earth sages at once. Rumors, that treasure, is the demon clan's holy lord. If this is the case, how much has Ao Lie gained?

?

Li Luo couldn't help himself. If this treasure were obtained by him, he might have a chance to break the shackles of half-step Heavenly Sage and step into the realm of Heavenly Sage.

This is what he dreams of.

"Ao Lie, said, did you reach the Demon Treasure near Cangxuan City? Was that Treasure the Holy Master Treasure? And the poison Luo Xin and Li Dongyu of my soul fire family, were you killed? Invite truthfully."

Li Luo drank coldly.

boom!

The terrible murderous spirit surged, shaking for nine days.

However, Ao Lie and others ignored it. Under all eyes, they saw Ao Lie and a group of people who bowed and saluted Na Noah's Ark and said respectfully: "Please, please."

Rely on!

Everyone is going crazy. At this time, what are Ao Lie and the others doing? Why is it so dusty?

Qin Tingting's eyes suddenly rounded, their hearts beating wildly, little dust? Could it be...

Whoosh!

From the Noah's Ark, a figure flew out. This was a young man with a grandeur, and fell in front of the crowd. Who else could it be Qin Chen?

Qin Chen flew out of Noah's Ark, glanced at the soul and fire family's team, frowned slightly, unexpectedly coming back, there will be so much trouble.

"Soul Fire Family, you are so brave, even the youngest Cang Xuancheng dare to move, give you a chance to survive, go away."

Qin Chen said contemptuously, he is too lazy to talk nonsense with the Soul Fire family now.

This.....

Countless people in Cangxuan City were sweating coldly, isn't this Qin Chen? When did the guy who defeated Li Dongyu in the grand event inheritance, the guest of the City Lord's Mansion, become less dusty? Even City Lord Ao Lie is so respectful?

Everyone just felt completely unacceptable.

"Hahahaha, a kid from the late Earth Sage? He was called Chen Shao? Still dare to call this Cangxuan City yours? Ao Lie, did you give Cangxuan City to such a little broken boy?"

People from the Soul Fire family all laughed.

What is less dust?

Shit.

They don't have this number at all in Yunzhou, so who does this Ao Lie scare? Deliberately find someone, call it respectfully, and want to pretend to be a descendant of a certain top power and scare them away? too naive.

"You, come over and kneel down."

Li Zhouying pointed at Qin Chen and said arrogantly.

"presumptuous."

"Bold!"

"Dare you disrespect Young Chen?"

Ao Lie and the others roared together, murderous one by one, they were about to take action, but Qin Chen waved his hand and stopped everyone.

"what did you say?"

Qin Chen narrowed his eyes and walked over step by step.

"I said, let you kneel down." Li Zhouyan sneered: "Your name is Qin Chen, isn't it? What kind of garlic, a kid of unknown origin, who rescued Ao Qingling from the hands of people from Wukong. Become a guest of the City Lord's Mansion, now pretending to be the master of Cangxuan City, it's ridiculous

Up. "Qin Chen's identity is not a secret. In a moment, Li Zhouyan had learned of Qin Chen's origins and couldn't help but sneered: "Today, my ancestor of the soul and fire family is here, because of your extraordinary talents. , Kneel down and become my soul and fire family

A dog, my soul and fire family can give you a way to survive. "

"Kneel down!"

Several masters of the soul fire family shouted together. They all knew Qin Chen's origins, and also learned that Qin Chen passed on and defeated Li Dongyu at the event. They knew that this was a young Tianjiao. Such a young Tianjiao could be cultivated and become a dog of their Li family.

idea.

"Less dust!"

Qin Tingting flew up all of a sudden, her face flushed, and she felt like she wanted to desperately, but she also knew that her desperation was of no use, and could only be turned into dust by the fingers of the masters present.

However, seeing Qin Chen being humiliated, she couldn't help it at all.

"Fight!" Her blood surged and she was about to step out.

However, there was an extra hand on her shoulder and the palm of her hand pressed her, making her unable to move. She was startled, she saw Qin Chen's face with a faint smile, it seemed that everything was under control.

"Okay, very good, this young master didn't want to cause trouble, but if you have to die, you can't help it. Today, the entire Cangxuan City is destined to flow in blood, and your soul and fire family are destined to be removed from the heavens."

Qin Chen's voice was cold, his voice fell, and his figure moved like lightning.

Boom!

Like lightning, like thunder, attack Li Zhou Falcon.

"Hahaha, Zhuzi is looking for death!"

Li Zhouyan sneered, and put his big hand out, not putting Qin Chen in his eyes at all, but his face suddenly disappeared when he moved.

boom! Before his fist was pushed out, Qin Chen's fist had already blasted on his cheek, and he rushed in.
