

Valkyrie 2621

[Chapter 2621: Celestial Molten](#)

boom!

Qin Chen slammed a punch, and his fist plunged directly into Li Zhouxun's cheek, almost blasting his entire cheek. The entire face was distorted, the nasal bones inside were shattered, and his skull was covered with cracks. It was almost exploded.

what!

Li Zhouyan let out a silent roar, it was the soul howling, because his mouth had been blasted and he could not speak at all.

"Just by you, you want me to kneel down?"

Qin Chen flipped his palm, pinched Li Zhouxun's throat, and lifted him out of thin air.

Contempt, sneer, and disdain, various expressions surged on Qin Chen's face, as if looking at an ant.

When Qin Chen was still in the middle stage of the earth sage, he was able to compete against such peerless earth sages as Ni Fengfeng. Now, his physical body has changed suddenly, his kidney secretly opened, and the devil fruit of the ten thousand realms has changed his body, and his cultivation has broken through the late earth sage.

What an improvement is this?

Compared with the beginning, Qin Chen's strength was ten times, a hundred times higher.

With one blow, a peerless earth sage like Li Zhouxuan, just like the ants, has no ability to resist.

"Ah!" This powerful, peerless earth saint, with his legs struggling in the air, kept performing various terrorist attacks, but he couldn't escape. Even, his attacks fell on Qin Chen like a breeze. Can't bring any harm to Qin Chen at all

.

This terrifying scene shocked everyone on the court.

Everyone felt that they were crazy, rubbing their eyes desperately, pinching themselves, as if they were about to faint.

My God, what did they see, the dignified soul and fire family, the peerless Earth Sage, was beaten by a punch from a late Earth Sage kid and captured it instantly.

Rely on.

They must be dazzled.

"dead!"

Qin Chen's eyes were cold, and he was about to pinch Li Zhouyan to death.

On the side, Li Luo, the ancestor of the soul fire family, was also sluggish, and did not react until then.

"Smelly boy, stop!"

Boom!

Li Luo's voice, carrying arrogant power, directly killed Xiang Qin Chen's body, and an incomparable divine light penetrated.

"Life and death are in my control, even you are no exception!" Qin Chen didn't even turn his head. An ancient clock appeared on his body. On this ancient clock, the lawless breath leaked out, radiant and it was the brokenness of poison Luo Xin. Heavenly Sage Magic Weapon, "Heaven Extinguishes Bell!"

boom!

Li Luo's attack hit the "Heaven Destruction Bell", the ancient bell hummed and the divine rainbow erupted, and the big Luo texture on it emitted a solid divine light, protecting Qin Chen from being invaded. Poison Luo Xin's Heavenly Extinguishing Bell is a heavenly sacred treasure. Although it is broken, it was able to withstand the erosion of the Devil Tree of the Ten Thousand Worlds under the urging of Poison Luo Xin. Now, it has been acquired by Qin Chen and it is sacrificed. , Using Yama's magic energy and the sky-filling technique to repair

Tonic, it was several times stronger than before, and some of the mysterious powers were also released.

Coupled with Qin Chen's urging, Tian Miezhong broke out with a force that was ten times more powerful than when Du Luo Xin used it.

"Even Ben Shao's defenses can't be broken, and it's a joke to want to stop me from killing people."

Qin Chen squeezed the palm of his hand and clicked, and Li Zhouxun was directly pinched and exploded, turning into a **** mist. Numerous earthly holy origins, all kinds of magical powers and secrets were surrendered in the **** mist, and the most eye-catching one was one. Group of burning soul fire.

"Qiankun good fortune jade disc, accept it for me."

Qin Chen directly incorporated this mass of blood mist into the Universe Good Fortune Jade Plate, and used it as the material for later refining Saint Soldiers and Pills. He now does not need to absorb the profound meaning and origin of the Peerless Earth Sage, because with his cultivation base, no matter how much the power of the Peerless Earth Sage is absorbed, there will be no improvement, but other people still need it very much, and Peerless Holy Land

The Holy Origin is an excellent material for refining sage soldiers and pill, and he will naturally not let it go.

Killing Li Zhouyan in one fell swoop, Qin Chen did not stay, but flickered, and once again appeared next to another peerless earth sage from the Soul Fire family.

This is the one who laughed most contemptuously with Li Zhouxuan before, and was the happiest in jumping.

"You were the happiest jumper just now, and you called Ben Shao the little boy? If that's the case, go and die."

"brute!"

The face of that peerless earth saint changed wildly, his hands surging, and the endless divine light burst into the sky, and he played a terrible power that could not be seen in the world. The endless magical powers shook and exploded in it, destroying the world. But Qin Chen grabbed it with a big hand and enveloped the void, and traces of rules appeared. They were murderous rules. They cut the opponent's divine light to pieces, and all the magical powers collapsed and disintegrated. The endless traces of murderous rules did not attenuate and directly penetrated into the peerless world.

In the body of the Holy Land.

Shengwei Seven Kills!

Click, click!

That peerless earth saint let out a sharp scream, his body spread out, torn apart, and instantly divided into countless pieces.

In the process of returning, Qin Chen had refined the souls of Xue Wudao, Fengfeng, and Gu Liushen, swallowed up their rules, and naturally mastered their god-defying power.

boom!

Wind and Cloud Domination!

Qin Chen's body lingers with the light of the overlord body, the power of the wind and clouds swept through, cutting all things, cutting the body of the peerless earth sage, the endless earth sage lingering, was swallowed by Qin Chen all at once, and included in the jade disc .

Almost in the blink of an eye, Qin Chen even killed two Peerless Earth Saints.

The strong men of the other soul-fire aristocratic families on the scene all stepped back, their faces distorted by Qin Chen's ferocity and shocked, inexplicably frightened.

This scene is too terrifying. A young man in the late Earth Sage, beheaded the two peerless Earth Sages with his fingers, they have never seen such a cruel thing, not only have they never seen it, or even heard of it.

Whoosh whoosh!

At the same time, dozens of peerless earth sages behind Qin Chen flew out, covering the world, covering all the warships of the soul fire family, forming a terrifying holy yuan barrier to prevent the soul fire family from leaving. .

Since Shao Chen said that he would remove the Soul Fire Family from the heavens, he must be removed, Shao Chen spoke, and said nothing.

Originally, people from the Soul Fire family came to Cangxuan City to show off their power, but now they have become the target of being hunted.

"Damn, you are so brave, the sky extinguishes the bell, you really killed the poisonous Luo Xin, and extinguished the Li Dongyu of my soul and fire family. Today, this seat is going to slaughter everyone in your Cangxuan city and let the blood flow here. , Turned into hell." Li Luo saw this scene, raging to the sky, with spring thunder in his tongue, he jumped up, his hands intertwined with complex handprints, a wave of power that shook the world, conceived in his hands, and God was in Wrath, the terrifying half-step heavenly power, instantly condenses

"This seat wants you to see and see, the supreme knack of my soul and fire family, the heavenly soul melting flame!"

Boom! Countless spirits of fire and soul turned into a sea of fire, rotating around his body, and at the same time, those seas of fire formed the shapes of various wild animals, roaring ferociously, exuding terrible power.

[Chapter 2622: Battle half-step Tiansheng](#)

"The soul is destroyed forever!" He blasted out with a punch, and the infinite soul fire suddenly came under pressure. The whole person and the heaven and the earth were one body. The rules of the heaven and earth revolved on his head. He was in charge of the eternal heaven and earth, forming the master of the heaven and there were many soul fires. The rest of the masters in the family are almost kneeling on the ground, looked at the awe-inspiring Li Luo in horror.

"This is the power of the Heavenly Sage in half a step! It can penetrate the eternity and break the future!"

"After retreating quickly, the ancestor was furious, and he did not hesitate to consume the source, and used the means of destroying the soul forever. This is the strongest knack of my soul and fire family, and it was created by the first ancestor of my soul and fire family. Once used it to slaughter the Heavenly Sage!"

"Dare to touch someone from my soul fire family, this kid is dead."

"Avenge Li Zhouying and the others."

"We also cooperate with the shot. After the ancestor takes the shot, this kid will be seriously injured if he is not dead. We will take action in time to kill the garbage in Cangxuan City, so that the hatred of my soul fire family can be solved!"

One after another roar sounded, the masters of the Heavenly Soul Family roared one after another, and their excitement was going to climax.

The endless Heavenly Sage's coercion swept across, suppressed everything in the past, and formed a terrible storm.

"Less dust!"

As Lie's expression changed and he was about to step forward, but was stopped by Qin Chen's speech.

"Hmph, the soul extinguishes the eternal life, at this point, it is still called the soul extinguishes the eternal life? It is ridiculous, then let you know what is the real soul annihilation. Killing and taking control of the world will never die!"

Facing Li Luo's half-step Heavenly Sage's might, Qin Chen didn't move at all, suddenly his body flashed, and in an instant he made countless killer moves.

These ultimate moves were the masterpieces of several great earth sages, which were beaten by Qin Chen and integrated into his own soul power.

Qin Chen's soul had already turned into substance long before he broke through the holy realm. Now that he has broken through the layers, coupled with the cultivation of the heavenly soul forbidden technique, it is already inconceivably strong, compared to the only half-step Tiansheng's Li Luo. Only strong, not weak.

The infinite power was combined and integrated into a move, and Qin Chen strongly beat it.

Boom!

What kind of horror would it be if the infinite moves merged together?

At this moment, no one can describe the damage caused by Qin Chen's blow.

Li Luo's soul was destroyed forever, with an explosion of inch by inch, Sheng Yuan was blasted backwards and turned into a mass of chaos. The robe on his body was turned into ashes, and Sheng Yuan swept into this punch. .

Before Qin Chen's power bombarded his body, his aura shattered his clothes. If it weren't for the protective armor on his body, it would have been gone.

"What, how could this son have such terrible strength?!"

Li Luo's shocked hair exploded, and fear emerged in his eyes.

Qin Chen's punch was too terrifying. Boom, directly blasting his soul out forever, and terrifying power instantly fell on him. The whole person was shocked instantly, hurriedly defended, completely without the elegant confidence of the beginning. And arrogant.

boom!

Qin Chen's fist finally fell on him.

No words can describe the tragic impact of this blow.

In an instant, Li Luo's body was blasted out, blood spurted wildly, the rules of the Heavenly Sage on his chest burst to pieces, and his head was spread out like a ghost.

Just a punch!

The dignified half-step Heavenly Sage, Li Luo, the ancestor of the soul fire family, the guy who was not alive before, was beaten back by Qin Chen with a punch, with scars.

The terrifying power of the Heavenly Soul Forbidden Technique, even a true Heavenly Sage, would be afraid of it.

No one can imagine how tragic this scene is. The remaining soul fire family ancestors were all dumbfounded, unable to believe their eyes. They are deeply aware of the horror of the ancestor Li Luo, a half-step Heavenly Saint Power, invincible, sweeping the city under Yunzhou, with a punch, a peerless land

The holy city was bombed. In particular, the Soul Fire family is the top power in Yunzhou, with a long history, and the strong are like clouds. The Soul Melt of that day is an eternal knowledge. It was founded by the ancestors of the Soul Fire family. , Invincible, everything is subject

Under the power of that terrible soul fire, he dared not move.

However, this genius is in Qin Chen's hands, it is almost like a child's play. It is directly defeated, and even the aftermath is not left.

The remaining strong souls of the soul and fire family were first shocked and stunned. In the next moment, all of them screamed hysterically, completely losing confidence in the family.

Also, facing a punch that can damage Old Ancestor Li Luo, the existence of the Heavenly Sage Power in half a step, their pitiful cultivation base is not worth mentioning.

No wonder Li Zhouxun and Li Xun were defeated in no time. Facing such a master, Peerless Di Sage was like an ant.

In Cangxuan City, countless people are also watching this scene at this moment.

The ancient medicine master, Shang Gukong, and Qin Tingting were all staring blankly at everything in front of them at this moment. The shock in their hearts was not lower than that of any one person, and their bodies were shaking, too excited.

too strong. They are the characters who have witnessed the rise of Qin Chen with their own eyes. Starting from the Ancient Zhong School, a little bit, how long has it been until now? In less than a year, even a half-step Celestial Sage could be defeated. This change is amazing and unparalleled.

Unprecedented.

"Boy, what kind of martial arts are you? How could it be so strong in the mere sage stage? You are an evil demon, you are an evil demon to kill, I will go to Yunzhou, go to Guanghan Mansion, and capture you."

A blow was blown away, and Li Luo was full of unwillingness, roaring and shaking, and at the same time, the aura on his body surged, and a terrible force filled out.

Hum!

The power of Half-Step Heavenly Sage is burning, forming a terrible Taoism.

"Don't give up?" Qin Chen sneered, "But it's okay, then hit you until you are served. When you see Major General, you are still not convinced, a little half-step Heavenly Sage. I dare to be wild in front of this young man, who gives you the courage? Who gives you the courage?"

"

Qin Chen stepped forward, really like a **** king, invincible in the world, with endless power lingering all over his body, king over the world, imprinted in the hearts of countless Cangxuan city powerhouses below, unforgettable forever.

Is it a pity without an audience?

"Smelly boy, you should underestimate me, the realm of Heavenly Sage, not as simple as you think, die for me."

Li Luo roared, turning anger into anger, with wide-beards.

A raging flame ignited on him. This is soul fire. Every flame is composed of terrible soul power. The skill is more profound, and it is going further.

"Huh, this is your hole card?"

Qin Chen sneered, "Do you think that only you have the flame? Fire of the soul!" Qin Chen screamed, and suddenly, a flame was burning on his body. This is the sky fire, the Qinglian demon fire, or the Youkong Bingyan. , It is the golden flame of the sun, every ray of flame has been transformed, exuding the supreme rule, the power of that terrible flame, as if the world is about to burn.

[Chapter 2623: Direct tear](#)

In addition, Qin Chen urged the heavenly soul forbidden technique to simulate the power of the soul fire. Suddenly, he seemed to be a member of the soul fire family. The soul fire aura on his body was more pure and terrifying than Li Luo.

"boom!"

When two terrible flames collided, Li Luo screamed and flew upside down again.

"Impossible, you may display the power of soul fire, this is the special ability of my soul fire family!"

Li Luo roared, couldn't believe it. "What special ability? Any power is the power of heaven and earth. Your soul and fire family are humans, not beasts. What abilities are only available to you, and others don't? It is just a unique magical power and profound meaning, integrated into your blood. ,inherited

Coming down, still triumphant, thinking that it was something amazing? "

Qin Chen's tone was full of disdain.

He could simulate this power of soul and fire after only one glance, it was no big deal.

Of course, in fact, it is not as unbearable as he said, this kind of soul fire power does have its particularity, but in front of Qin Chen, it is not enough.

"what!"

Being so humiliated, Na Li Luo seemed to be mad, completely violent, and suddenly, a breath of burning soul was conveyed from his body, this breath was crazy and dangerous.

boom!

In an instant, his aura skyrocketed again, and his endless power condensed at once, and turned into a flame-lit robe, majestic and invincible, gazing at the world.

"The soul is burned, everything returns to the ruins, the world melts, the sky bows its head!"

Li Luo turned into a strong man on behalf of the generation, and punched again, endless soul and fire, the aura of Heavenly Saint skyrocketed, Cangtian really bowed his head in front of him, and God also lowered that noble head!

This punch was a punch that burned his soul, as if in an instant, he truly stepped into the realm of the heavenly sage, the rules of the heavenly realm, under this punch, one after another retreated, and under the wind of the fist, the heavens retreated.

"There are indeed two things!"

Qin Chen frowned. This fierce fall was indeed powerful. Under his own several attacks, he could still explode with such power. This is only a half-step celestial sage. How strong is a true celestial sage?

"Little dust, I'll help you."

Ao Lie's face was solemn when he saw this, and his heart palpitated, his heart trembled, and he felt fear with this severe blow. Although he is also a half-step Heavenly Sage powerhouse, but after all, Li Luo has been a half-step Heavenly Sage for many years, and he is much stronger than him in strength and Saint Yuan cohesion, so Ao Lie suddenly felt threatened by this blow. , I felt worried about Qin Chen

I saw that Li Luo was in the shape of a **** and demon, and there was a roar between the world and the earth, and the void was about to explode. Amidst the boundless power, a mighty shadow shot out, forming a terrible phantom.

"This is the masterpiece of our soul and fire family. Didn't you think that the ancestors actually completed it?"

The remaining strong souls of the soul fire family roared, shocked, their fists clenched, full of excitement.

Sure enough, the ancestor is still the strongest.

"Unique!"

When Ao Lie saw this, his face was solemn, and he flew out, and the Heavenly Sage's power surged on his body for half a step, and he was about to blast towards that Li Luo, but when he first shot, he heard a cold snort.

"Tell you not to do it, you still do it, give me back, this old man can leave it to this young man!"

Boom!

A boundless force surged in, shook him back again and again, and unexpectedly withdrew from the attack range directly, it was Qin Chen who was making the shot.

"What kind of power is this! What kind of power is it? Shao Chen is simply terrible?"

Ao Lie shouted wildly deep in his heart. He broke through half a step into the Heavenly Sage. He thought he was strong and terrible. Although he had never fought Qin Chen, he boasted that he should be no weaker than Chen Shao.

But who knows, as soon as he came into contact, he knew that Qin Chen was terrifying beyond his imagination.

Before he could react in his head, it was blocked by Qin Chen, and immediately after that, he saw a scene that he would never forget.

Qin Chen's entire body suddenly became extremely tall, his whole body bursting with light, as dense as the heavens, eternal and immortal.

With a punch, he shook Ao Lie back, then swished his body, shot up, and reached the air, facing Li Luo's shocking blow, his face showed a cruel smile.

The terrifying power of soul and fire, as soon as it touched the light of Qin Chen's body, it collapsed every inch and the ice and snow melted completely. "Lao Li Luo, you are just a half-step Heavenly Sage. Who gave you so mad? Today, this young man will let you know what a real genius is. You rubbish, but far enough, you

He didn't even have the power to break through Ben Shao's defense. "

Qin Chen merged with the body of the Devil Fruit of the Ten Thousand Realms, strong and terrifying, standing in the endless soul fire, the terrifying power of shocking the world, unexpectedly could not break his defense.

Li Luo was still too weak. He was only a half-step Heavenly Sage, not a real Heavenly Sage. With Qin Chen's strength now, I am afraid that only a real Heavenly Sage master could break through his defenses.

When the voice fell, Qin Chen had already moved.

Boom!

fast! fast! fast! Incredibly fast!

Qin Chen's attack was as fast as his divine mind, like a **** king, appearing in the air, showing an overwhelming advantage. Amidst the radiance of his whole body, infinite power condenses in his palm.

boom!

Li Luo was shocked in the air, and the soul fire of his body was dissipated by Qin Chen's aura. For half a step, the Heavenly Sacred Law felt like it was not working. He had gone through thousands of battles in his life, but he had never encountered them. Compressed by such a tyrannical breath.

"What is this? Why is such a tyrannical power? How can he be in the body of a late-stage sage boy, he is still not a human?"

He roared wildly, his palms changed into countless palm shadows, and he shot frantically, as if the Primordial Demon King went mad and destroyed the world. The entire Cangxuan City roared violently, countless forbidden laws were broken one by one, and the building collapsed.

"set."

Ao Lie roared and hurriedly shot, only then did he protect Cangxuan City.

But Qin Chen's body was originally operating, countless rules merged, and a wave of power was brewing in it, exploding, and the power rose again.

Electric light flint room.

No one reacted, Qin Chen just punched.

Boom!

This punch, as if the rules of the heavens suddenly collapsed, plunged into eternal darkness, and all the attacks of the ancestor Li Luo were shattered.

Everyone saw him being punched and flying into the air, blood spurting in his mouth.

Huh!

A shadow appeared directly at the place where Old Ancestor Li Luo flew up. It was Qin Chen, supporting Li Luo's body with his back.

Li Luo struggled desperately, but could not move.

In the air, Qin Chen's voice like killing a **** came again: "Split me!"

Huh! He tore it! The blood was raining and the stumps flew around. The ancestor Li Luo was torn apart by Qin Chen in the sky, and the blood flew across.

[Chapter 2624: Deman](#)

An old half-step celestial sage, fierce and powerful, shocked the eternal strong, the strong of the older generation, was actually beaten into the air by such a young and outrageous arrogant Qin Chen in this short moment. Flying up, and then tore it alive!

How cruel is this? What a violent thing?

Everyone hasn't reacted yet, and no one expected that such a young Tianjiao suddenly turned into a peerless powerhouse, and then tore the ancestors of the soul fire family to burst.

"Give it to me!" After tearing the ancestor Li Luo, Qin Chen was in the air, spinning, and the universe made a jade disc evolving into a black hole. Qin Chen protruding out with his hand, countless runes lingered and rotated, suddenly turning those countless The residual limbs and blood are smelted and turned into a ball,

Containing the origin of the half-step Heavenly Sage, it is included in the jade disc of good fortune in the universe.

"When I collect it, there are definitely a lot of treasures on this half-step Heavenly Sage, and I will search slowly later."

Qin Chen was not in a hurry, the ancestor of the unparalleled soul fire family, the famous half-step Heavenly Sage master in Yunzhou, was just assassinated.

Qin Chen has sealed him now, and will later scrape the treasure he stored in his storage ring. In his identity, various materials and pills are certainly not a few.

After Qin Chen broke through the late stage of the Earth Saint, the resources he needed were even more exaggerated. Only by such continuous plunder could he obtain the treasures and resources that he could improve. "When I find an opportunity to refine this Li Luo, he must have a lot of magical powers and exercises, which are of benefit to me, and more importantly, the heavenly sage law in his body, most of all, it is only half a step. But for me now, it is what I need most.

"

Qin Chen's eyes flashed and his mind flashed.

He was meditating, but he was completely crazy below.

"Oh my God."

"What did I see?"

"Crazy, really crazy."

"Is this Qin Chen still a human? He is not, he is a demon, a demon king, a demon god, God, there is such a terrifying arrogance in the world."

"People are more maddening than people. Have I lived on dogs for tens of thousands of years?"

"Am I dreaming?"

"The ancestor Li Luo, the ancestor of the soul fire family, the famous top powerhouse in Yunzhou, was actually torn, beheaded, hissed by this Qin Chen in such a short time..."

The countless warriors in Cangxuan City below, everyone went crazy, many people pinched themselves fiercely, thinking that they were dreaming, until they pinched blood and felt pain, they realized that this was not a dream at all.

But they still couldn't get rid of the shock in their hearts. Many of the Saint Powers even shouted 'Mah', showing the shock in their hearts.

Because this kind of impact was too strong, it was so strong that they made their Celestial Masters, their minds turned into ordinary people in an instant, and they were all incoherent.

And the other powerhouses of the Soul Fire family almost fainted in shock. Qin Chen turned his head, looked at these powerful soul-fire families, and sneered: "Everyone, do you decide on your own or let

Ben Shao kill them? Ben Shao said that you want to destroy your soul-fire family members, then Will do it, consistent with words and deeds, is this

Few good character. "

"You, you are simply a demon, you must be the spy of the demons, the spies of the demons who have mixed into our human race."

These powerful men of the Soul Fire family numb their scalp and roared: "We rushed and reported this person, to Yunzhou, and to Guanghan Mansion. We must catch this black sheep."

boom!

As soon as his words fell, the whole person was beaten to pieces, like five horses divided into corpses, the corpses scattered all over the place, shocking, blood flowed.

It is simply not clear how Qin Chen made the move.

"Ao Lie, these people will be handed over to you, Ben Shao is not in the mood to kill them."

Qin Chen shook his head. Now that the peerless Earth Saint is strong, Qin Chen can't show interest at all. The reason why he wants to deal with Li Luo personally is to verify his strength.

But now, Qin Chen had a clear understanding of his own strength.

"My current strength should be similar to the early days of the Heavenly Sage. No matter how high it is, it won't be easy to say." Qin Chen thoughtfully, he could kill Li Luo so easily. It is definitely not half-step Heavenly Sage can describe, at least It was also in the early days of the Heavenly Sage, but specifically the newcomer to the Heavenly Sage, it was still comparable to those old monsters who had practiced for many years in the early days of the Sage.

Not sure.

"kill!"

Ao Lie's eyes were cold and he waved his big hand, and immediately, countless masters fell.

"We fought with you."

One of the peerless Earth Saints roared frantically and rushed towards Ao Lie.

"dead!"

Ao Lie sneered and blasted out with a punch. Suddenly, that peerless Earth Saint was torn apart, and the terrifying Void Heavenly Saint Law haunted the world.

"Is City Lord Ao Lie also a master of Heavenly Sage?"

"No, this breath is not much different from the old ancestor Li Luo of the Soul Fire family, it should also be a half-step Heavenly Sage."

"Indeed, I have been to Yunzhou, and I have met a real Heavenly Sage master, who speaks the law freely and represents the will of the heavens, but City Lord Ao Lie still lacks such a taste."

"But it is at least a half-step Heavenly Sage master, otherwise it is impossible to kill a peerless Earth Sage of the Soul Fire family with one punch."

"Hahaha, it seems that our Cangxuan city is about to develop, a half-step heavenly saint master, which city has the city under Yunzhou?"

The powerful people in Cangxuan City below roared, shocked and excited.

Half-step Tiansheng, yet another half-step Tiansheng master.

In this way, their Cangxuan City will definitely shine.

Puff!

On the soul fire family, they were completely desperate. A peerless earth sage knelt down. Everyone knew that he was called Li Ye, and he was a top master of the soul fire family.

But now, he knelt down, like an ant. "Forgive me, City Lord Ao Lie, Young Chen, spare us, kill us, you will not do any good, Yunzhou will be furious, and Miss Li Wanxue of our soul and fire family has already had a marriage contract with Yunzhou Zhouzi, you are like this, Master Yunzhou will not let you go

Ours, but we are willing to surrender, our soul and fire family is willing to surrender to the Ao family, and cooperating with you, will never betray forever. "

This peerless earth saint bowed his head, begging in pain.

But the depths of his eyes were full of hideousness.

Revenge, we must take revenge. When we return to Yunzhou, we will seek refuge in the prefecture. We must kill this Ao family, destroy all the people in Cangxuan City, and refine Qin Chen with soul fire for ten thousand years. To understand the hatred of my soul fire family.

He roared in his heart.

Ao Lie looked at Qin Chen immediately.

"Spare you?"

Qin Chen sneered, how could he not feel the resentment in Li Ye's heart.

"They are all killed. I said that the soul-extinguishing family is full of families, so it must be destroyed. How can it be invisible?"

Qin Chen sneered. The soul fire family wants to surrender him? What do you think he is Qin Chen? If you want to surrender? Is it such a cheap thing!

[Chapter 2625: Climbing](#)

If you want to surrender, this family of soul and fire is not qualified enough.

"Yes, less dust."

After receiving the order, Ao Lie didn't hesitate to kill directly, and slapped Li Ye on the head.

"Ah! Don't even give me the chance to surrender to us, you beasts, I fought with you and blew myself up!"

This Li Ye was desperate, roaring frantically, his whole body swelled, and he exploded unexpectedly, rushing towards Ao Lie, wanting to kill himself with suicide attacks.

"Want to explode? How easy is it, huh, you offend Young Chen, life and death cannot be controlled by yourself, Young Chen wants you to live, you have to live, Young Chen wants you to die, you can only die."

Ao Lie sneered and grabbed it with one hand. The horrible palm of his hand was constantly expanding, and between heaving and vomiting, Sheng Yuan was tightly bound, and actually suppressed the opponent's self-destruction, and grasped it alive.

"Ah! I can't control my own life and death." This Li Ye was going crazy.

"dead!"

Ao Lie squeezed and banged, Li Ye, a peerless earth sage, exploded and turned into a blood-colored Changhong, which was absorbed by him all at once.

"Comfortable, it's a pity, it's just a peerless earth saint. Your earth saint origin is too bad for this seat. It can only be better than nothing. It seems that you can't be so wasteful in the future." Ao Lie shook his head, he swallowed Li Ye. Peerless Divine Sage, the aura on his body just flicked slightly, not much improved in nature, and immediately understood that if you want to truly break through Tian Sage, just absorb Li Ye.

Peerless Earth Sage is simply not good, even if it absorbs more, ten or a hundred are the same.

Earth Sage and Heaven Sage are different power rules, and quantitative changes are extremely difficult to cause qualitative changes.

And this is too wasteful.

Boom boom boom! At this moment, an astonishing roar sounded above the sky of Cangxuan City, and the masters of the soul fire family wanted to resist desperately, but surrounded by so many peerless earth sages, they could not set off any waves at all, just a few breaths. , Was suppressed

.

"what!"

They howled miserably, their bodies exploded one by one and vanished into smoke.

Countless earth saint origins have been absorbed by everyone, and everyone's background has been improved.

"Little Chen, the disciple of the Soul Fire family, I have all been beheaded, and none of them have survived. Please give instructions from Shao Chen!"

Ao Lie flickered and came to Qin Chen and saluted respectfully.

"Less dust!"

Huh, huh!

The master of ancient medicine and Shang Gukong also flew up, stood with Qin Tingting, bowed on one knee and saluted, with no excitement.

They couldn't believe the scene before them. They were shocked, but they resisted the shock and came up to salute.

"Qin Tingting, ancient medicine master, Shang Gukong, are you here?" Qin Chen's eyes flashed, "Next, I am going to carry forward the Chendi Pavilion and spread it throughout Yunzhou, even Guanghan Mansion, and even Heaven. Looking back, you have a good discussion with City Lord Ao Lie, you are the core figures of my Chendi Pavilion.

After that, he was naturally in charge of a lot of things, so he could get closer and closer to City Lord Ao Lie. "

Qin Chen's enemy is Yao Mie Mansion, which is a terrifying mansion that can conquer the lower realms, and in collusion with the demons, the power must be very terrifying.

If Qin Chen wants to develop in the heavens, he must develop his own power.

"Cooperate with City Lord Ao Lie?"

Shang Gukong shook in shock.

God! A year ago, they were only the lower level of the heavens. One was the ancestor of the ancient bell school of the small school, the other was the head of the small force ancient medicine hall. They were humble, let alone City Lord Ao Lie, even under the command of City Lord Ao Lie. For them

, Are the existence of heaven.

But now, Young Master Chen actually asked them to cooperate with City Lord Ao Lie? That's all, after all, the Chendi Pavilion they have established in Cangxuan City is already quite famous, and can be called the top power in Cangxuan City, and they have also made breakthroughs in the inheritance of the grand event. The mid-holy strong, one

It is the peak of the early days of Disheng. A few months ago, I asked them to cooperate with City Master Ao Lie, and they could barely make it, but now, City Master Ao Lie has become a half-step Celestial Sage master, and is even expected to enter the realm of Celestial Sage in a short time. The top adult in Yunzhou

Things.

This makes them not surprised.

This is like telling a rich man who went to the countryside to cooperate with the emperor of the country in the future, how he could bear it.

When Qin Chen saw this scene, he also knew that he was abrupt. Although they were all his own subordinates, their strengths were so different that they would inevitably be a little frustrated.

"Hahaha." Qin Chen laughed, "If I let you cooperate, you will naturally be prepared. Your strength is indeed weaker. In the future, if you encounter many things, it will inevitably be a little troublesome. In this way, I will improve your strength now. So that you have enough hands

Duan, walking in the territory of Yunzhou. "

Qin Chen grabbed it with his hand, and three groups of golden luster appeared in his hand and directly penetrated into the bodies of Qin Tingting, Shang Gukong and the master of ancient medicine. This group of peerless earth saint origins is not Qin Chen himself, but the entire earth saint origins of Li Zhouyan and Li Xun that he has sealed, and even a hint of Li Luo's half-step heavenly saint aura is incorporated into it. Of course, Naturally, there is one

Silk power.

Boom!

These three forces penetrated into the three of them. Suddenly, the three of them burned with flames, and their bodies began to transform, especially in Shang Gukong. The wrinkles of this old man had disappeared, and his youthful luster was revealed.

"Ahhhhh..."

The three of them were yelling, and explosions kept coming from their bodies. It was power that was impacting and destroying their bodies, but their bodies were being destroyed and reborn at the same time. Originally, Qin Tingting and the others had just passed on a breakthrough in the grand event, and their cultivation level would have to be consolidated for a long time, but now, Qin Chen has incorporated the power of two peerless earth sages and a trace of Li Luo into their bodies, plus the magic tree of the world. terrible

Power to integrate.

Suddenly, the cultivation base and realm of the three of them all increased crazily in a short time.

boom!

boom!

boom!

The cultivation base of the three people is rising steadily.

Especially Qin Tingting and ancient medicine masters, from the peak of the early earth sage, into the middle of the earth sage in an instant, and then from the middle of the earth sage to the peak of the middle of the earth sage, and Shang Gukong was originally a strong man in the middle of the earth sage. Natural breakthroughs are more comfortable.

On the three of them, various runes flickered, Qin Chen waved his big hand, and various powers kept flickering.

"The technique of patching the sky!" Qin Chen flicked his hands. He treated the three of Qin Tingting as refining tools, using the technique of patching the sky to smelt the three, and combined with the power

of the magic tree of the ten thousand worlds, the three people's body The strength is quickly integrated, so that it will not be unbearable and burst into death

boom! In the end, the terrifying aura on the three of them soared into the sky, and they all stepped into the late stage of the earth sage, and the three beams of light went straight into the sky, even with a hint of the great figure of the peerless earth sage.

[Chapter 2626: Unlimited](#)

Until this time, the breath of the three of them calmed down, the light on their bodies dispersed, and they were suspended in front of Qin Chen.

"I...we..." Qin Tingting and the three of them were shocked. In this short moment, all three of them actually broke through to the late stage of the earth sage, which is not to count, they even vaguely touched the peerless land. Holy realm, they have a feeling, as long as enough

With their resources and insights, it is only a matter of time for them to enter the peerless divine world.

Moreover, in the depths of their souls, this half-step heavenly holy breath is also branded. Once they step into the peerless earthly holy, they can touch this breath and feel the law of the heavenly holy realm.

Flop!

The three of them knelt down together, excited, tears almost shed.

They couldn't be more clear about their talents and aptitudes. If it weren't for the low dust and the peak of the Mid-Earth Sage, it might be the limit of their life. Perhaps, after experiencing some adventures, they might also be able to enter the Late-Earth Sage.

But it will come to an end.

But now, Qin Chen has laid out an unprecedented broad road in front of them, how not excited, how not grateful.

"This....."

Aside, Ao Lie and others opened their eyes wide, shocked beyond words.

Rely on!

In an instant, three masters of the late earth sage were created, which is simply a miracle of the Creator. In the heavens, the strong are like clouds. At a certain level, such as the heavenly saints, they can indeed turn their hands into clouds and cover their hands into rain, but I have never heard of a strong one who can abruptly promote the cultivation of others. For, perhaps the legendary Lord can

, But they never saw it.

But now, Qin Chen created this miracle in front of them, how could he not be shocked?

Doesn't this mean that as long as Qin Chen is willing and has enough resources, he can even continue to create masters of the later stage of the Earth Saint, and even create the most terrifying Earth Saint Legion?

Ao Lie completely admired Qin Chen.

Although he is a half-step Celestial Sage, he can't do this at all, let alone be the same as Qin Chen, even if a warrior in the mid-earth saint step directly into the peak of the mid-earth saint.

How did he know that this was because Qin Chen had mastered the magic tree of the ten thousand realms and the art of patching the sky. If he was another person, even the pinnacle sage could not do what Qin Chen did.

"Okay, what is this? You and Ben Shao are the first, and Ben Shao will naturally not treat anyone who follows Ben Shao badly."

Qin Chen smiled faintly, but did not take these things to heart. He lifted his hand, and immediately raised the three of them, and said lightly: "In fact, if Ben Shao is willing, it is not impossible to promote you directly to Peerless Divine Sage. ."

This is not Qin Chen bragging, as long as he is willing, it is indeed possible, it is nothing more than consuming some power of the Ten Thousand Realm Demon Tree and consuming some resources of the ancient Saint Vein. "However, in this way, your future will be limited. Peerless Earth Sage represents a thorough mastery of the Earth Sage Law. This is very important. Only by your own insights and breakthroughs can you touch the Heaven Sage Law in the future. Ben Shao forced

If you are promoted, you will lose this process. With your qualifications, I am afraid that you can only stay in the realm of the peerless earth in this life. "But it's different now. This young master only promoted you to the late Earth Sage, and left enough of the peerless Earth Sage origin. You only need to feel it, as short as ten and a half months, and as long as several months, you can cross it. Enter the realm of the peerless earth, but

This is your own breakthrough. In this way, Peerless Earth Saint is just your starting point. "

"Your future is still unlimited."

Qin Chen taught well.

"Thanks for less dust!"

Qin Tingting, Shang Gukong, and ancient medicine masters were immediately grateful.

They didn't expect that Young Master Chen would consider so much for them.

At this moment, they were determined to follow Qin Chen, and even dedicate their lives directly, without any hesitation.

"Okay, don't be all over here, go to the City Lord's Mansion first."

Qin Chen's voice fell and flew to the city lord's mansion first.

After a while, everyone gathered in the City Lord's Mansion, and the entire Cangxuan City was also on duty by the City Lord's Mansion Guards, calmed down and no longer restless.

But everywhere in Cangxuan City was excited, and the people were talking about it, all of which happened before.

Everyone knew that Cangxuan City was about to rise. Of course, some people were afraid, because Cangxuan City destroyed all the warriors of the soul fire family, and even the ancestors of the soul fire family were killed. After all, the soul fire family is the top power in Yunzhou, even with the master of Yunzhou. Marriage, Lord of Yunzhou

, That is the real Heavenly Saint master.

Once the news goes back to Yunzhou, will the lord of the state give up?

As soon as the army came, with City Master Ao Lie's half-step Tiansheng cultivation base, I am afraid it will still be difficult to escape.

As a result, excitement and fear flowed in the hearts of every nation, causing anxiety and undercurrents.

Not to mention these ordinary people, even Ao Lie himself was not at peace. "Little dust, what should we do next?" In the city lord's mansion, he was worried, "Although we killed the ancestor Li Luo of the soul fire family and wiped out the vital power of the soul fire family nine out of ten, but the soul fire family in Yunzhou for many years, under the family

There are many industries, and there is a marriage with the lord of the state. "

"Once the Soulfire family learns the news, they will definitely raise their clan to seek refuge in the master of the state, and the master of the state will certainly send an army to take it after receiving the resources of the family of soulfire, and we will all die and have no place to bury."

This is not the worry of Ao Lie alone, but also the worry of others.

Of course, Ao Lie scolded them for completely surrendering to Qin Chen. Even if such a death happened, they would fight Yunzhou desperately. "Haha, City Master Ao Lie, you are not doing this for the warrior? You are timid, or a half-step heavenly saint?" Qin Chen laughed, "What about the state lord? Look, now Tianyue City around Cangxuan City, Ancient Language City, Fengyun City, the three major cities, Qunlong

Without a leader, with your cultivation level, with Luo Wei, Cui Bowen, and Wu Kangsheng, you can easily take the three major cities and place them under the rule of Cangxuan City. "These four major cities have so much wealth, ancient holy veins, and medicines, you can ask for them, plus you are a half-step heavenly master. As long as you refine the holy veins under these three cities, you will definitely be able to break through. Heavenly Saint Realm. And like today's world, it's a mess

, The princes rise together, the group masters fight for hegemony, we naturally want to plunder the world, swallow luck, and strengthen ourselves. "As Li Luo said before, the heavens are respected by the strong, and his soul and fire family can destroy your Ao family wantonly, can't you destroy him? As long as you break through the Heavenly Sage, Ben Shao doesn't believe it, the Yunzhou Governor will be your enemy for a broken soul and fire family. "

[Chapter 2627: See the hole cards](#)

Qin Chen smiled coldly: "Besides, this Yunzhou state lord really wants to be your enemy, what are you afraid of? The so-called state lord depends on strength. You Cangxuan city has never received Yunzhou. For any shelter, the heaven is a naked weak and strong

Where you eat, if you don't swallow others, others will swallow you. "

Qin Chen sneered at Ao Lie again and again.

"Yes!"

Ao Lie smiled bitterly, he was still the master of the city for too long, a little conservative.

Just as Chen Shao said, as long as he absorbs the holy veins and wealth under the three major cities and breaks through the heavenly saints, there is absolutely no problem.

At that time, relying on Noah's Ark, even if Yunzhou really knew it, it was enough to fight.

What are you afraid of? "Okay, Chen Shao, Ao understands, Ao will definitely follow Chen Shao's decree, integrate the four major cities, and expand his strength. As long as Ao breaks through the Heavenly Sage, even Yunzhou knows it, he will only send someone to comfort him. And now all states in Guanghan Fu

Calm, and the various provinces are also competing against each other, not to mention that there are still demons infiltrating outside, Guanghan Palace and our small place, Yunzhou, have no time to control.
"

Ao Lie understood his thoughts, and suddenly became refreshed.

"If that's the case, then you should occupy the three major cities. Young Master Ben needs to stay closed for a few days."

Qin Chen already knew from Qin Tingting and others that there was no news of You Qianxue, Ji Ruyue, and Chen Sisi in the nearby cities, and he was immediately worried.

Perhaps, if you want to know about them, you can only go to Yunzhou.

Before going to Yunzhou, Qin Chen had to refine the origin of Li Luo, and the origin of a half-step Heavenly Sage would still help Qin Chen a lot.

"Qing Ling, for my father, I have to conquer the three major cities and integrate all the forces. These days, you have come to personally serve Chen Shao, regardless of Chen Shao's requirements, you must satisfy him."

Ao Lie faced Ao Qingling Road, especially the word "any", biting very hard.

"Yes."

Ao Qingling lowered his head, his cheeks were flushed, and his heart was beating wildly.

Qin Tingting looked at it and felt bitter in her heart. She naturally understood what City Lord Ao Lie meant, but compared to her appearance, she claimed to be a bit worse than Ao Qingling. Even if she liked it, she would only like Qingling instead of her.

In these days, Qin Tingting felt inferiority and bitterness for the first time.

"No, I'm not a big young master, that needs someone to serve, Qing Ling, you have just broken through the late Earth Sage, it is better to enter the Peerless Earth Sage realm as soon as possible."

Qin Chen waved his hand, refused directly, and disappeared into the depths of the city lord's mansion after shaking his figure.

"I....."

Ao Qingling's nose was sour, and his eyes instantly turned red, with an urge to cry.

"Qing Ling, don't think too much, sometimes it depends on fate."

Ao Lie sighed and touched Qing Ling's head. He deliberately matched Qin Chen and Qing Ling, but now it seems that the concubine is intentional and Lang is ruthless.

"Father, my daughter knows, and my daughter has gone to practice."

Qing Ling turned around and ran away in a hurry, bitter tears flying in the air. She knew that she and Qin Chen would never be possible. If before, she would have been possible, but now she has already deeply understood that she and the boy in front of her are not in the same world at all. Qin Chen's strength makes her Can only admire

.

This man, as if always so bright, glowing and hot, appeared by her side, but then drifted away.

Qin Chen naturally didn't bother to think about the love of his children.

He sat in the void, suddenly shocked, countless divine lights, rising from the sky, transformed into a world, surrounding him. He began to practice, collected the strongest sacred vein of the Yan Luo Demon Race, and killed so many masters, half-step Tian Sheng Li Luo, he had to digest it again, improve his cultivation, and strive to break through the peerless earth sage as soon as possible, and Cultivate to the realm of Heavenly Sage, to

At that time, he could truly raise the heavens and have enough strength to protect the Tianwu Continent.

In the heavens, the Heavenly Sage is already a top big figure. Although above the Heavenly Sage, there is a Holy Lord, and even above the Holy Lord, there should be a stronger realm, but these are not available for hundreds of millions of years. Old antique.

Heavenly Sage, is powerful enough to control one party.

Boom!

He sat cross-legged in the void, shook his figure, entered the Universe Good Fortune Jade Plate, and explored with a big hand, suddenly Li Luo's original power was captured by Qin Chen and held in his hand.

Li Luo's body contains the law of the heavenly sage, which is what Qin Chen needs most. Even a small piece of it can inspire Qin Chen. As long as Qin Chen patiently understands it, he will hope to step into the peerless sage. The holy realm is closer.

Qin Chen sat under the Demon Tree of Ten Thousand Worlds, surrounded by endless power, all kinds of phantoms flickered, and Qin Chen was embraced like the supreme divine lord in the devil.

But he didn't directly refine this group of origin, but suddenly sneered. "Okay, Li Luo, don't pretend, come out and see how Ben Shao refines you." Qin Chen sneered, looking at the gleaming essence power in his hand, "Your soul hasn't been wiped out yet, isn't it? I want to give Ben Shao while Ben Shao refines you

Is it a fatal blow? you are too naive. "

"You, how do you know?"

A voice rang from the source, it was actually that Li Luo. "Huh, how can you keep the soul aura of your saint from that day?" Qin Chen sneered, and this Li landed at the moment his body was torn apart by himself, leaving behind a soul seed, apparently preparing to practice it by himself Suddenly attacked, even

To seize oneself.

At the Heavenly Sage level, a trace of soul power can recover.

"Where is this place? Are you a demon?"

As soon as Li Luo came out, he saw the Demon Tree of the Ten Thousand Realms, and said in anger.

"The Demon Race? That's just a kind of the power of this young man. Between heaven and earth, as long as it is power, it must be used by the young man." Qin Chen enveloped Li Luo and said lightly: "As for where this place is, I am not afraid to tell. You are the little world of this young man."

"What? Small world, how is it possible?"

Li Luo was taken aback. Even the Holy Master might not possess such treasures as the Small World outside the body. How could this kid have it?

"Who are you?"

"No!" Li Luo suddenly raised his head and looked at the endless void in the jade disc of good fortune from the universe, terrified: "This is... the power of the years, have you entered the long river of years?"

He was stunned by everything in front of him. "These are not what you can know. Let's just say, how many masters are there in Yunzhou, and what is the strength of Yunzhou State Lord? In what realm is Tiansheng? You are the top power of Yunzhou, yourself He is also a half-step Tiansheng master, shouldn't

Would not know. "Hahaha, do you want to hear the news of Yunzhou from my mouth?" That is wishful thinking. "Li Luo sneered, with an attitude of seeing through the mundane world: "Today the old man lost to you, you want to do whatever you want, but don't want to let the old man bow down, and you made the most wrong decision, that is Let the old man see your hole cards. "

[Chapter 2628: Soul seed](#)

"The small world, the power of the years, the treasures of the demon race, you have many secrets, no wonder you can kill the old man with the cultivation base of the late earth sage, you have too many secrets, I have the feeling that, in addition to these, You still have a secret, as long as you get it

Your secret, the old man breaking through the heavenly sage, is no longer a luxury. "

Li Luo laughed loudly.

"Do you still want to break through the Heavenly Sage?" Qin Chen sneered.

"Hahaha, boy, don't you think the old man is dead, do you? Then you don't know the methods of my soul and fire family." Li Luo smiled sternly, "You think the old man ambushes his soul in the source just to attack you Isn't that naive." "To tell you the truth, the old man has already practiced the method of extinguishing souls and rebirth. In my soul-fire family, there is a soul seed of the old man. As long as the main soul is destroyed, the soul seed will grow. , The old man can be born again and know your

All secrets. This is a unique method of my soul and fire family, no one knows, young man, you are still too naive, haha, hahaha. "

"Even if the old man is not your opponent in a short time after he is reborn, but as long as the old man tells the news to the master of Yunzhou, no, even to the master of Guanghan, what do you think, what will you do? Can't help you."

"Boy, are you desperate now?"

Li Luo laughed wildly, his face was full of hideous colors.

"Soul seed?" Qin Chen smiled contemptuously, "You don't know this? Well, this method is not unique to you. Some masters who have practiced the powerful soul secret method will often use their own souls. Entrusted on a treasure, meet by yourself

It's not a rare thing that you can be reborn when you are in danger. "However, you probably underestimated my Qin Chen. In Ben Shao's world, you can't be resurrected at all. The soul secret method that Ben Shao cultivates is not something you can understand. You can trace the origin and attack, that is to say. , I am here to end you

Your soul seed will also extinguish and explode. "

As Qin Chen spoke, a group of soul light appeared in Qin Chen's hand. This soul light was extremely terrifying, as if the power of the end of the world's first birth could end all soul power. This power diffused and made Li Luo's heart tremble. Can't do it by yourself.

"how can that be?"

He could feel that Qin Chen did not lie.

That ancient soul power can really hurt yourself.

Qin Chen sneered, his soul's strongest trump card was the heavenly soul forbidden technique, which was taught to him by the ancestors of the Ji family, and even the ancestors of the Ji family could not successfully practice.

The breath of the ancestor of the Ji family, looking back now, it is terrifying, at least it is also a master of the heavenly peak, how strong is the soul secret method that he can't even cultivate?

The reason why Qin Chen knew what Li Luo said was because the Heavenly Soul Forbidden Art also recorded various methods of soul rebirth, so Qin Chen would not be surprised.

Because after Qin Chen left the long river of years, he lost the memory in the long river of years, otherwise he would know that the ancestor of the Ji family was not the master of the Heavenly Sage peak he had imagined, but the saint master.

"Damn it!"

Li Luo's heart sank instantly, his face was gloomy, he seemed to be thinking about how to get out, and he seemed to be thinking about how to rise up to resist and survive in adversity. "How about it, have you considered it? When you consider it, just kneel down, and be my slave. I will tell Ben Shao everything about Yunzhou and Guanghan Mansion. Maybe Ben Shao could consider letting you die. Because of you Anyway, it is also a half-step heavenly saint, as long as you

Breaking through the realm of Heavenly Sage will be able to break into Yunzhou, and it will be much easier for Ben Shao to develop his influence in Yunzhou. "

Qin Chen made Li Luo kneel. "It turns out that this person wants to break into Yunzhou and establish a huge power. No, his ambition is not so small, and even in the future, he will annex Guanghan Mansion, because this child is very likely to be a demon clan. 'S spy." Li Luo was in a moment,

I felt that I had guessed what Qin Chen thought.

Suddenly, his mind became active.

This is really a good opportunity.

"Haha, I understand. That's it. You pretend to be Human Race to break into the Human Race, occupy the human state capital, pave the way for the Demon Race, and be a pioneer." Li Luo laughed, very free and easy, and confident: "But it's okay. Heaven, the strong is respected. Although the old man is a human race, he is not a pedantic person. Only the strong can survive. Although you are a demons, the old man

Don't mind, you can even be friends with you and do internal support for you. If the demons want to attack Guanghan Mansion by then, the old man can also help, how about?" Li Luo talked endlessly, eloquently, full of confidence: "Think about it, there is an old man in Guanghan Mansion who will help you internally, and win over the lord of Yunzhou. At that time, with Yunzhou as a gap, the entire Guanghan Mansion can be Conquer, at that time, you can be the devil

If the family makes great contributions, the old man can also get the benefits, and win-win each other, why not do it? "

After saying these words, Li Luo was extremely confident, looking at Qin Chen, triumphant. Since the opponent is a demon, the most hope is to penetrate into the human race, and now the human race is very jealous of the demons, and hunt everywhere, no matter how much this one hides, you will definitely find out, so I want to really penetrate into the human race And high

Level, you must rely on yourself.

He believed that his proposal would definitely make the other party tempted. "Huh, this son is terrible. I have many treasures. I have to find a way to get out. When I trick him into Yunzhou, he will be over. With my years of management, I can invite many Heavenly Sage masters to siege this son. , Take the treasure from this child

Things can even get awards from the Guanghan Mansion. When the time comes, the old man will concentrate on retreating, and the Heavenly Sage cultivation base will not matter at all. With so many treasures, it is even expected to impact the Holy Lord. "

Deep in his heart, all kinds of cold schemes flickered and fluctuated obscurely.

The emotions escaping from his soul were incredibly sincere, as if thinking about Qin Chen with all his heart.

"Unexpectedly, Li Luo, I have such a chance, Brother Qin Chen, when you and I will join hands and become the Holy Master, maybe we can be together in the heavens. Wouldn't it be nice?"

"is it?"

Qin Chen said indifferently: "I asked you to kneel down and become my slave, but you talk boastfully and call me a brother. Do you really think that this young man dare not kill you? Who gave you the courage?"

"Eh?" Li Luo was full of smiles and complacency, and suddenly became sluggish. He thought that Qin Chen would listen to his heartbeat, and then he took advantage of the opportunity to besiege him and seize resources, leaving him dead without a place to bury him. Unexpectedly, Qin Chen actually

Not tempted.

"You..." He held back for a long time, only to squeeze out this word. He didn't know what to say. The talk just now was full of words, and he became dumb in an instant.

[Chapter 2629: Integration forces](#)

"You think you don't know what you are thinking about? In this situation, you still want to count Ben Shao, but you still want to kill you directly, like you who are willing to collude with the demons, even give Ben Shao is not qualified to be a slave or a running dog

, Kill, you know, Ben Shao directly plunders your memory, and there is no shortage of things you want to know. "

When the voice fell, Qin Chen reached out with his big hand, wrapped Li Luo's soul at once, and then really began to refine.

The heavenly soul forbidden technique was used, and the power of the terrifying soul seizure instantly penetrated into Li Luo's soul.

Various memories began to appear.

"what!"

Li Luo's soul fluctuated violently and screamed.

"Kid Qin Chen, I won't let you go when I die."

As soon as his memory began to manifest, his soul began to collapse, and an invisible force traced its origin to completely annihilate Li Luo's soul power. Along the emptiness of the soul bridge, it directly gave the soul seeds he left behind. Obliterate.

The resurrection of the soul fire is a masterpiece of some powerful people, but the heavenly soul forbidden technique cultivated by Qin Chen has the ability to destroy these secret techniques.

boom!

In a forbidden area in the Li family of the Yunzhou Soul Fire Family, an enshrined soul seed burst directly and turned into nothingness.

So this time, Li Luo was completely dead and clean, and there was no possibility of resurrection.

But the memory in Li Luo's mind, as well as his Heavenly Sage Law, were all cheaper than Qin Chen.

Hum!

His power was swallowed by Qin Chen a little bit and became his own perception.

I don't know how long it has passed.

It may be half a month, or it may be a month long.

Qin Chen's body began to show the luster of the Heavenly Sage. Of course, this was just some phantom. After all, Qin Chen was still one step away from the Peerless Earth Sage, and it was impossible for him to enter the realm of the Heavenly Sage at once. His accumulation was still much worse.

On Qin Chen, the breath of Peerless Earth Sage began to appear, but the distance broke through, and it was still so short.

"Unfortunately, this Li Luo's Heavenly Sage Law is not comprehensive. It is only a half-step Heavenly Sage. Otherwise, I will definitely be able to step into the Peerless Earth Sage Realm, but now, I just touched a threshold."

Qin Chen woke up and shook his head.

"Look at this Li Luo's storage ring, what other treasures are there?"

In the storage ring, the huge treasure trove all entered the jade disc of good fortune in the universe.

First of all, there is a huge amount of holy yuan medicine.

One after another pill, exudes a seductive breath. Qin Chen swept away his spiritual thoughts and counted them. There were tens of thousands of them. They were full of grains, and they were all local pill that complemented the Peerless Earth Sage.

This is obviously the wealth of the entire soul fire family for countless years.

In addition, countless exercises, magical powers, and martial arts, flooded like a tide, merged into Qin Chen's body, refined by the sky-repairing technique, and some top-notch pills were sealed by Qin Chen.

It is a pity that there is no exquisite heavenly pill.

However, Qin Chen obtained two bottles of the Peerless Heavenly Pills in the Yama Secret Realm, so he was not lost, and this Peerless Heavenly Pill, Qin Chen was going to refining when he broke through the peerless earthly sage. Now his insight is not enough, he cannot enter the Peerless Earth Sage realm in a hurry, but it is only a matter of time. After refining Li Luo's origin, Qin Chen has a sense of the laws of the Heavenly Sage, making him in a peerless land. Sensation of the Holy Law

Above, the speed is naturally getting faster and faster.

Of course, in the storage ring, there are still a lot of holy crystals, hundreds of millions of low-grade holy crystals, even middle-grade holy crystals, there are millions of them.

This is an astronomical figure for ordinary people.

But Qin Chen didn't take it seriously. Compared with the ancient sacred vein that Yan Luo Mozu had obtained, Li Luo was a pauper.

"Now I am leaving the Peerless Earth Saint, Heavenly Saint Avenue, one step further, it is time to go out.

Boom!

Qin Chen moved outside of the city lord's mansion.

"Less dust!"

As soon as Qin Chen appeared, everyone felt it. With a bang, terrible auras descended, all of them were peerless earth sages who had followed Qin Chen into Yama's secret realm.

Whoosh whoosh!

Ao Qingling, Qin Tingting, Shang Gukong, Ancient Medicine Master and others also appeared one after another, with breath surging from their bodies, standing respectfully in front of Qin Chen.

These people are obviously waiting for Qin Chen specifically.

"Well, are you all waiting for Ben Shao?"

Qin Chen glanced at everyone, and said lightly: "Where is Ao Lie? During the period of this young man's retreat, how did the expansion and takeover plan go?" "Little dust, my father has already conquered the other three cities. However, he is currently retreating in the other three cities, striving to break through

the realm of Heavenly Sage, so he could not rush over, I will send a message to my father, telling him that you are out of the gate.

The news, let my father come right away. "

Ao Qingling stepped forward and said respectfully.

"No need." Qin Chen waved his hand, "Since City Lord Ao Lie is breaking through, let's make a breakthrough. The sooner you enter the realm of Heavenly Sage, the more confident you will be. After he breaks through, it will not be too late to find Ben Shao. ."

"Yes."

Ao Qingling respectfully said.

"Master of ancient medicine, Mr. Kong, Qin Tingting, how about you?"

Qin Chen turned his head and looked over. "Little dust, we have followed your instructions and joined forces with City Lord Ao Lie to expand the Chendi Pavilion, and it has now taken root in various cities. However, because the heavens are too vast, the Chendi Pavilion is currently only It has just been established. Moreover, the masters of City Lord Ao Lie are still trying to integrate the many forces around the four major cities and integrate them into one to establish a real big power. Therefore, we still have the news that you ordered to inquire, Shao Chen. While exploring,

There is no audio before. "

Qin Tingting hurriedly said.

The news she said was naturally the news of the three You Qianxue that Qin Chen cared most about.

"Not yet?" Qin Chen sighed. He knew that the four major cities were not only four cities. Around the four major cities, there were many forces like the Tianmang Mountain Range where the Ancient Bell Sect was located. The city is unified, these surrounding forces,

However, it also takes time to integrate.

And this is also the most time-consuming. With Ao Lie's strength, it is easy to suppress a city, but it takes time to unite countless forces around him, and send people to do it a little bit.

Of course, in such a long time, it has been integrated.

"How long will it take to integrate these forces?"

Qin Chen frowned.

I remember that I and You Qianxue, Ji Ruyue, and Chen Sisi were only separated when they were near the heavens. In other words, they were most likely to land near Cangxuan City, so Qin Chen was so patient.

"It will take about three or five days."

Qin Tingting thought for a while and replied.

"Okay, then I will give you no more than five days at most, and be sure to get back the news I want to know." Qin Chen said coldly.

[Chapter 2630: Start again](#)

"Yes!"

Qin Tingting shouted sharply.

In the next few days, Qin Chen listened to the reports from Ao Qingling and others.

There were about dozens of top big cities in Yunzhou. Qin Chen occupied four of them at once, and he could be regarded as the overlord of one party. This combination of forces also caused some commotion among the surrounding forces.

But Qin Chen didn't put too much energy on this. It has been a year since he came to the heavens, and he didn't know what happened to the Tianwu Continent.

Moreover, he has not found You Qianxue, Ji Ruyue, Chen Sisi and the others. Not only must Qin Chen find the three as soon as possible, he must also break through the Heavenly Sage realm and return to the Tianwu Continent within three years. Time is still very urgent. .

Because, in the future, the time required to improve any realm will be increased by a factor of ten.

Fortunately, Qin Chen has the origin of time, and there is still such a glimmer of hope.

Therefore, he must seize any minute of his time to cultivate and make breakthroughs.

Five days later.

"There is little dust, now the entire four major cities, up and down, a total of 376 large and small forces, all are willing to surrender to the little dust, but my father is still in retreat and has not yet left."

Ao Qingling came to report, and at the same time took out a storage ring.

"This is the holy crystal they enshrine to Shao Chen, a total of 80 million low-grade holy crystals and 3 million middle-grade holy crystals."

While speaking, Ao Qingling's hand was trembling. Although she was Miss Ao's family, she had never seen so many holy crystals. This was a huge sum of money.

"Well, since these forces are willing to worship, Ben Shao will accept it, and later go to other places in the heavens to use it."

Qin Chen got hundreds of millions of sacred crystals from Li Luo, and tens of millions of sacred crystals from the three major cities, Xue Wudao, and others, but these 80 million low-grade and three million middle-grade sacred crystals Qin Chen refused. Let it go, naturally charged.

Although he can rely on the ancient holy veins for his cultivation, the holy crystal is still hard currency when he goes to Yunzhou and other places.

"Qin Tingting, how's your inquiries about the news over there?"

Qin Chen looked at Qin Tingting again.

"Little dust, I still haven't inquired about the few people you mentioned."

Qin Tingting said bitterly.

"No?"

Qin Chen frowned and stood up suddenly: "Are you sure?"

The terrible breath surged like a mountain.

"Subordinates are sure."

Qin Tingting said bitterly, "In order not to miss any possibility, to prevent certain forces from lying, we even search for the souls of some important personnel in every force, but still nothing."

"Is this weird?"

Qin Chen frowned, "Aren't they in these big cities?"

This is not impossible.

Qin Chen always felt that when You Qianxue and the others fell, they were not much different from them, but the heavens were too vast, and the difference was a thousand miles away, and everything could happen.

"It seems that Young Master Ben can only go to Yunzhou to inquire."

Qin Chen made up his mind.

"Qingling, Tingting, and ancient medicine masters, Mr. Kong, listen carefully, this young master is going to Yunzhou now. The next four cities and forces need you to control and develop slowly." Qin Chen said.

"What? Young Chen, you are leaving now?" Ao Qingling was taken aback. "Are you waiting for Father to leave the customs? There is a Heavenly Saint in Yunzhou who is in danger. You will enter without Chen. If you let them know that you are a member of the soul fire family, maybe there will be danger."

"

"Don't worry, this young master is not so easy to be killed. As for City Lord Ao Lie, after he breaks through the Heavenly Sage's exit, you will tell him the whereabouts of the young master, and then let him come to Yunzhou to find me."

Once Qin Chen made up his mind, he wouldn't have any hesitation, "Also, I will teach you some peerless supernatural powers now. You should practice hard, and strive to enter the peerless earth sage as soon as possible, and even become the heavenly sage!"

While speaking, Qin Chen pointed his finger and inflicted countless cultivation marks into the bodies of several people.

Most of the marks and experience of those cultivation practices are strong.

Li Luo is a half-step celestial power, a peerless powerhouse. After Qin Chen refines his experience and supernatural powers, he has all refined them. Some of his cultivation experience and insights are very similar to Ao Qingling and Qin Tingting at this stage. Most needed.

"Okay, I'm leaving first. You guys work hard and practice. I hope that next time I see you, you will have different changes. When there is a chance, this young master will take you to a deeper realm and leave."

While speaking, Qin Chen flickered, and the person had escaped into the void and disappeared.

When Qin Tingting and the others reacted, Qin Chen had already left.

"Less dust!"

Ao Qingling and Qin Tingting both murmured at the sky of nothingness. Suddenly, their hearts fell empty, as if they had lost something.

"Little dust, don't worry, I will work hard and hope to follow your footsteps."

Ao Qingling and Qin Tingting gritted their teeth and said.

"Hey, Chen Shao is really a dragon without seeing the end. I have a hunch that there will be no limit to the future of Shao Chen, and it can even affect the future and destiny of the heavens." The ancient medicine master exclaimed. "I also have the same premonition. Before I met Chen Shao, I never dared to think that I would become a peerless master of the earth. Our future is given by Chen Shao. Now my only thought is to hope for myself. Can help more to less dust

, Instead of becoming a drag. "

"Yes, less dust gave us hope, gave us the future, work hard."

The masters of ancient medicine and Shang Gukong were full of emotion.

At this moment, Qin Chen had completely left Cangxuan City.

His current goal is to go to Yunzhou and Zhoucheng to find a way to inquire about the three of You Qianxue.

As long as the three of them appear in Yunzhou, with their appearance, talent and strength, they will not be unknown.

However, if you want to go to Yunzhou, it is very far away. I don't know how long it will take just by flying. Even if it is a battleship, the only way is to take a teleportation array.

Cangxuan City has such a teleportation array, which can go to other cities, and if you want to reach Yunzhou Prefecture, you need to pass through a dozen large and small city teleportation arrays to reach it.

Unless Qin Chen penetrates the rules of the heavenly sage, in the heavens, the strong heavenly sages can completely master the laws of the heavens, so that they can travel through the void and not lose themselves in the time and space of the heavens.

The rest can only rely on the transmission array one by one to go back and forth.

People like Li Luo and others attacked Cangxuan City by taking the teleportation array to the nearby city and then taking the warship. There is no shortcut. These teleportation formations were built by the top powers of the ancient heavens. In order to control various regions, the heavens were shattered and reunited to form a pattern of one government and one government. These teleportation formations were controlled by the hands of each government. Together, they control these ancient teleportation formations.
