

Valkyrie 2661

[Chapter 2661: Xuanyuan Jue](#)

This is an amazing test for the martial artist's Saint Yuan control.

Because the space in front of you is too densely packed with wormholes, it is not easy to just understand these wormholes, figure out the position, strength and weakness of the wormholes, and then think of a way to shoot.

Only true Tianjiao figures can do this, and they need to reach a certain level in terms of comprehension and control. As for those veteran powerhouses who have finally entered the Peerless Divine Sage, it is impossible to pass this level. After all, the longer it takes to enter the Peerless Divine Sage, the weaker the talent and the time for a stick of incense. , Just clarify this

The location of wormholes in these spaces may not be possible.

Countless strong men were eliminated in this level.

Qin Chen smiled slightly. This level is rare to stop other people, so naturally he can't stop him.

Space Wormhole, don't you know that Space Profound meaning is one of his strongest Profound meanings?

Qin Chen looked at the jade card, his heart moved, and a sacred aura rushed out and hit the jade card.

This is the power of Shengyuan breath.

With a certain degree of strength, a single thought can trigger the rules of the world, and even huge stars can be crushed! Some top powerhouses can stare to death at a glance, relying on the power of this terrible breath.

The breath of Saint Yuan penetrated the space wormhole, almost unobstructed.

Snap, the jade card broke immediately.

Qin Chen smiled slightly. He was still far away from Yi Nian Mie the stars, but how difficult was it to break a jade medal? Moreover, he was just a random blow, and he had not used the substantive soul power, otherwise the aura he displayed would be even more terrifying.

"You can shoot from a position close to the jade card." Qi Ling said suddenly.

Qin Chen was shocked.

Damn, I won't say it earlier.

He still has a lot of distance from that jade medal.

"Congratulations, you have passed the third level assessment and can enter the fourth level." Qi Ling said.

"Where is my ranking?" Qin Chen asked.

"There is no ranking for this level." Qi Ling replied.

Qin Chen shrugged, it didn't matter.

Then, the passage appeared, and Qin Chen entered the fourth floor.

However, this fourth floor started to be different from before, and there was a ring in front of it.

This level seems to be a contest, but who is the opponent?

Hum!

On the ring, a black phantom appeared. He was a domineering man. It was vaguely visible that his figure was very strong and his breath was extraordinary, but his appearance was invisible.

"If you block him, you can pass the fourth floor," said Qi Ling.

"Young man, do you?"

The dark shadow said lightly, his voice indifferent, with an impressive domineering.

Qin Chen couldn't help being surprised: "How is this similar to a real person?"

Not only looks, but also that kind of momentum, that kind of nature, sound, not like a simulated person, but a real arrogant person, just can't see his appearance.

"This was originally a strong man, formed by using a spiritual brand he left behind." Qi Ling said: "Any first place evaluated here can leave a spiritual brand to test future generations."

Qin Chen became more curious, and said, "Who is this then?"

"This seat Xuanyuan Jue!" the black figure proudly said. "Xuanyuanjue, accepted the ancient sacred tower assessment 30,000 years ago, broke into the ninth floor of the ancient sacred tower, and ranked first in the history of the ancient sacred tower. Ten thousand years later, he became the Holy Lord and is now dedicated to the heavenly work. Disappeared on the battlefield of humans and demons three thousand years ago, and has not been traced

. "Qi Ling said.

Holy Lord!

Qin Chen was shocked. This turned out to be a saint master who was worshipped by heavenly work.

And broke into the ninth floor of the ancient sacred tower, a world-class arrogant, no wonder it can become the first in the ancient sacred tower.

"For so many years, how many people have broken into the ninth floor of the ancient holy tower, and how many have become holy masters?" Qin Chen was curious.

"This is a secret, you have no right to know, unless you can break into the ninth floor, defeat Xuanyuanjue, and become the new number one in the ancient holy tower, I might be able to show you compassion to tell you." Qi Ling said proudly.

by.

This spirit had no feelings before, but now he is proud of it.

Qin Chen didn't know. This was because his previous three levels were amazing and he was qualified to know these. Even if Qin Tingting and the others came here, Qi Ling completely ignored it.

"Is it difficult to defeat him?" "Xuanyuan Jue is a monster. In terms of talent, there are some comparable to him over the years, but in terms of battle, within the same realm, only people can approach him, but no one can surpass him. , The phantom in front of you, the record is only the real

Moreover, he can only play 30% of his combat effectiveness. "

This really shocked Qin Chen.

Almost all those who can break into the fourth floor of the ancient holy tower are the peerless heavenly arrogant. Could it be that this Xuanyuan Jue Di Sacred late stage realm 30% of the strength can not hold it? That is really exaggerated.

"Haha, interesting, then come on."

Qin Chen was full of fighting spirit, and his eyes couldn't help burning with fighting spirit.

Isn't this exactly what he hopes to participate in the assessment?

He said to the black phantom: "Senior Xuanyuan, please give me a move!"

"Be careful!" Xuanyuan Jue made a long whistle, and took the initiative to blast Qin Chen's chest with a punch.

Boom!

This punch was extremely overbearing, it didn't seem to be any fancy, simple and plain, but with a punch, it seemed that the whole world had collapsed, and it was sinking towards Qin Chen.

Turning the complexity into simplicity, this is clear-cut!

Qin Chen nodded, and the Dao was simple, Xuanyuan Jue's mastery of martial arts had surpassed the skill itself, and a random punch was in line with Dao's true interpretation and had the ultimate power.

"Haha, come on."

Qin Chen only urged 30% of his power. It would be impossible for him to take advantage. Since the opponent only used 30% of his strength, Qin Chen would naturally only use 30% of his strength. Can't accept it?

Qin Chen raised his hand and waved it, which also represented the surging of the supreme aura of heaven and earth, and endless rules rising!

Bang!

With one blow, Xuanyuan Jue was shaken back three steps, and Qin Chen also kicked back, backing five steps.

"Awesome."

Qin Chen stabilized his figure and suppressed the blood surging in his body, shocked. The opponent's strength is really powerful. That punch seems to be just a clear punch without any mystery. In fact, after the bombardment, you will find that the opponent's force is extremely clever, and there are more layers of changes during the bombardment. Not Qin Chen's reaction

In time, under this punch, he will suffer a dark loss.

It's no wonder that many of those peerless Earth Saint examiners failed to pass this fourth layer.

This trick is too strong.

Hum!

Qin Chen took the next move, and the shadow of Xuanyuan Jue disappeared instantly.

"Congratulations, after passing the fourth floor, you can enter the fifth floor." Qi Ling said.

Qin Chen couldn't help frowning, and said: "Why can't you continue to fight, if this level of assessment is only a move to block him, how can I defeat him? Be the first?" It was too unhappy to fight against him.

[Chapter 2662: Emperor Genius](#)

"Because this is only the fourth level of assessment." Qi Ling replied.

The test of the nine-story tower is stronger than one.

"If you can break into the ninth floor, you will encounter the complete spiritual body of Xuanyuan Jue, and you can fight in the same realm. If you can defeat the opponent, you can replace the opponent and become the number one in the ancient holy tower. Leave a mark." Qi Shengdao.

"Should we break into the ninth floor first? Understood."

Qin Chen's eyes exploded with ejaculation, revealing a raging war spirit, this ancient sacred tower examination is really getting more and more interesting.

After Qin Chen passed the fourth floor, he quickly entered the fifth floor.

And when Qin Chen entered the fifth floor, almost all the remaining examiners had already entered the ancient sacred tower, that is, the final top ten will be completely determined after this round of evaluation.

Everyone stared at the ancient holy tower in front of them.

suddenly.

Hum!

The sixth floor of the ancient holy tower lit up.

"Someone entered the sixth floor again, lighting up the sixth-story tower."

"Who is it, so fierce!"

"It must be Yunmengzezhouzi, but he is the number one arrogant in Yunzhou. Even Li Wanxue can light up the sixth floor, and Yunmengzezhouzi is certainly no exception."

"Yes, with Yunmeng Zezhouzi's strength, it is completely fine to light up the sixth floor. It depends on whether he can light up the seventh floor."

"Entering the seventh floor, this is more difficult. That's an emperor-level Tianjiao."

Outside, everyone was talking about it. Now that the assessment has come to an end, everyone wants to know who is the real first arrogant and whether Yunmeng Zezhou can deserve it.

"Huh. The sixth floor tower is bright again!"

"Are you dazzled?"

"How is it possible, I'm sure that the tower was darkened just now, and then lit up again."

"Yes, it shouldn't be possible to stay on for so long. There is definitely a second person who lights up the sixth floor!"

"Could it be that there are still arrogances like Yunmengze Shizi and others?"

"Do you think it's Qin Chen?"

"What a joke, it didn't take long for Qin Chen to get in, that's so fast."

"What's the hurry, wait and proceed. After entering the sixth floor, the difficulty suddenly increased, and it is estimated that it will come out soon."

"Oh, I might have hit the top ten, but now it's probably suspended."

"You think too much!"

Hum!

After a while, the sixth-story tower glowed again!

"what!"

This time. Everyone was shocked. The sixth-story tower glowed again. This was the third time. It was the third time that Qin Tingting made the sixth floor glow. Now three suddenly appeared.

"Is there any Tianjiao waiting for the assessment later?"

Hum!

But at this moment, the sixth floor tower was completely lit up, and someone entered the seventh floor.

"What? Someone completely lit up the sixth floor and entered the seventh floor!"

"Emperor Tianjiao."

"Who, who is it?"

"It must be Yunmengzezhouzi?"

The crowd shook wildly, and there was an uproar. Finally, at the end of the assessment, someone entered the seventh-story ancient sacred tower. This is the first one in history. Apart from Yunmengzechouzi, there can be no other people. .

"Emperor-level genius!" Above the sky, the heavenly sage Chu Ye was also excited. The emperor-level genius was discovered by him in Yunzhou. If the other party can light up the seventh-story tower, no matter it is. How many levels are reached, they all represent the identity of an emperor-level genius , Indicating that this child is expected to impact the late Heavenly Sage.

Such a strong person, as far as Tianwork is concerned, is not something that can be encountered casually.

"Om!"

At this moment, the sixth floor lights up again.

"Damn!"

"day!"

"The sixth-story tower is bright again!"

Everyone was silly, and the sixth-story tower of the ancient holy tower was really bright again.

the fourth!

It had only been lit three times before, but in the last round of assessment, four people broke into the sixth floor, which was simply amazing.

"However, the last group of people entered almost at the same time. This person has only allowed the sixth floor to light up. It should be that the potential is exhausted and it is impossible to go to the seventh floor." Someone speculated.

This made everyone nod in agreement.

However, it is still shocking, as long as it can light up the sixth floor, the top ten is basically stable.

This person is of course Qin Chen. The assessment on the fifth floor is also a battle assessment. He naturally passed it easily, and Qin Chen passed extremely fast, so Yun Mengze had just entered the seventh floor, and he also lit up the sixth floor. Layer up.

At this time, most of the people had already left the ancient sacred tower. Even the last batch that entered later than Qin Chen was eliminated. Only a few of them were able to reach the fifth floor and above, and they are still undergoing assessments, but they are also delayed. It won't be long.

Sure enough, people were constantly eliminated, and almost all the players had come out.

"There are four more people in the tower."

Everyone looked at the situation on the ancient holy tower, all excited.

really.

Are there only four people left?

Yun Mengze is one, and Qin Chen hasn't come out yet, so he has broken into the sixth floor, but who are the remaining two?

Anyway, those who haven't been able to come out in the end are undoubtedly Tianjiao who have entered the sixth layer.

"Someone has come out!"

I saw a person at the entrance of the ancient holy tower. It was a young man in a brocade robe, but almost no one recognized his identity. But everyone knows that whoever comes out now is the genius who lights up the six-story tower!

"I know, his name is Liu Jingtian, the arrogant of Lingzhou Liujia."

"Stay at home? Which stay at home?"

"Hey, apart from Lingzhou Tianyue aristocratic family who dare to call Liujia, is there any other force in Lingzhou who dares to call Liujia?"

After this Sedum came out, he shook his head slightly. Unexpectedly, he only passed the fifth level on the sixth floor, and was only a little short of entering the seventh floor.

Liu Jingtian thought he could break the highest record, but he still did not succeed, and tied for the first place with the previous two.

However, he is still very confident.

Although it failed to light up the seventh floor, it was not a weak result to be tied for first place.

He didn't know that there were three other people in the tower, with extremely confident smiles, facing the crowd, wanting to accept the tsunami-like cheers, as well as the enviable eyes of men and the admiring eyes of women.

But he was disappointed.

Almost everyone looked up at the ancient sacred tower, seemingly unaware of the appearance of his super genius.

Wipe, what's the situation?

Liu Jingtian couldn't help but twitched. This scene was something he never thought of. He couldn't help but sway his feet, almost staggered, and walked back, pretending not to agree, but he listened carefully with his ears up. .

It turns out... there are three more people in the ancient holy tower, and they have all lit up the sixth floor, and one person has even entered the seventh floor.

Rely on.

Someone unexpectedly entered the seventh floor. Is that Yun Mengze? Is Yunzhou Zhouzi really so awesome?

What a hell.

He was unwilling, but also helpless.

Hum!

But at this moment, light suddenly lit up on the ancient holy tower, the sixth-story tower was completely glowing, and a second person entered the seventh floor.

At this time, everyone was shocked and their scalp numb. Emperor-level genius, the second emperor-level genius, God, who is it?

[Chapter 2663: Yan Jiutian](#)

To be able to enter the seventh floor, this person is obviously no weaker than Yun Mengze Shizi, you must know that Yun Mengze Shizi is the top talent in Yunzhou, the first person in countless years.

Who is it, who is it?

Is that Qin Chen?

Impossible, then how could Qin Chen break into the seventh floor, then who is it?

Everyone wants to break their heads, but entering the seventh floor doesn't necessarily mean that they will be able to light up the seventh floor.

Hum!

And as the second person entered the seventh floor, the tower on the seventh floor began to light up.

"It must be the son of Yunmengze, there is no one else but him."

"Sure enough, Yun Mengze's son is the strongest."

Everyone said one after another, but at this moment, everyone's expressions were frozen, as if seeing an incredible scene.

Because the tower on the sixth floor was completely lit up again, the last third person had also entered the seventh floor.

Rely on.

In the end, three Tianjiao who broke into the seventh floor suddenly appeared. God, is this true?

As the third person entered the seventh floor, the light on the seventh floor brightened again.

A second person started to light up the seventh floor.

Obviously, the second Tianjiao who entered the seventh floor has also begun to pass the assessment, illuminating the seventh floor.

Who on earth can compare with Yunmeng Zezhouzi?

After only a while, I saw a man walk out, Fengshen handsome, with extraordinary momentum.

"Yan Jiutian, it turned out to be him."

"Yanzhou Prefecture Ziyan nine days."

"Why is he here?"

"Are we dazzled?"

Everyone desperately rubbed their eyes, with a look of shock.

Because the people in front of them are so famous, even those powerful people in Yunzhou have heard of them.

Yanzhou Zhouzi, Yan Jiutian, Yanzhou's top Tianjiao, is equivalent to Yunmengze's status in Yunzhou.

No wonder this person can break into the seventh floor and light up the seventh floor. It turned out to be Yanzhou Zhou Ziyan Jiutian. With his status and status, lighting up the seventh floor may not be impossible.

It's just that when Yan Jiutian came to Yunzhou and entered the assessment, everyone didn't care at all.

"Master Zhouzi." As soon as Yan Jiutian came out, a group of people surrounded him, obviously following Yan Jiutian to protect him, and even in the distant state government, a faint heavenly sage was permeated, obviously there was one Tiansheng is here, guarding Yan Jiutian

.

This person is naturally the sage of Yanzhou.

Just like the relationship between Cangxuan City and Tianyue City and other cities, although everyone is a city below Yunzhou, they do everything for the benefit, and the relationship between the state and the state is like this.

Yunzhou and Yanzhou are adjacent to each other, and there are occasional conflicts between the two sides. Therefore, it is difficult to guarantee that no one will have a crooked mind, and take advantage of the opportunity of Zhou Ziyan to beheaded and obliterate Yanzhou's luck. guard.

"Level 7 and Level 3, is this my grade? It seems that the first level should be fine."

Yan Jiutian walked out of the ancient sacred tower, smiled slightly at the **** who greeted him, and then glanced at the crowd, ready to welcome cheers.

He kept his name incognito, even deliberately put on makeup, and entered the ancient sacred tower test, just to make a blockbuster, shock everyone, and enjoy it.

This is the real fun.

Therefore, he couldn't wait to wait for the exclamation of the audience.

Unexpectedly, although everyone in the audience looked at him in shock, there was no cheer.

what happened?

Yan Jiutian was stunned, Lao Tzu became the number one, and no one cheered. Are these people dumb? "It seems that Yunzhou has no future. Is it because Honzhou has taken the limelight from their Yunzhou and they retaliate like this? Haha, it is too naive. A true warrior must not be stingy in his heart, he must have the courage to admit defeat. Courage, talent

Can truly grow. "

He spoke proudly, admonishing his guards, his voice rumbling, not even evasive, into the ears of many people on the court.

"Zhou... Master Zhou!"

The guard on the side looked embarrassed and sweaty, "Then... Yunzhou Zhouzi also lights up the seventh floor, and has not been eliminated."

"what?"

Yan Jiutian changed his color in astonishment and turned his head hurriedly. Only then did he discover that there were still two people in the ancient sacred tower being assessed, and they had both broken into the seventh floor.

Rely on!

Yan Jiutian wanted to find a place to sew and get in, flushed with shame and anger.

This large-scale face-slapping scene is too big, and there are high-level workers and countless Yunzhou powerhouses above the sky watching, ah, ah, Yan Jiutian is going crazy, this is a shame. Even lost to grandma's house. He resisted the embarrassment, pretending to be calm and said: "What's the matter, that Yun Mengze hasn't come out yet? This is to the effect, Benzhouzi thought that Yun Mengze had been eliminated, so he went to the third level on the seventh floor. , I deliberately did not continue the assessment.

Yun Mengze is still being evaluated, careless, careless! "

Yan Jiutian looked like he had not been eliminated, but had voluntarily given up the assessment. The Yanzhou powerhouses on the side looked embarrassed. This Master Zhouzi is too special to blow. One of the guards said shyly, "Master Zhouzi, you just don't want to steal the limelight from Yunmengze. After all, this is Yunzhou, we are guests, we have to give each other

A little face is not. "

"Yeah, yeah." The others said hurriedly.

"Well, you still know Honshu."

Yan Jiutian stepped down dingly while talking.

Damn, it's shameful.

If other times, I am afraid that all the Yunzhou martial artists will be booed, and they will be eliminated.

But at this moment, no one paid attention to Yan Jiutian anymore, because the seventh layer of light was actually lit up again.

"His, someone turned on the seventh floor again."

"It's Qin Chen."

"It must be that Qin Chen."

"The only ones who haven't come out now are Yunmeng Zezhouzi and Qin Chen."

"how can that be?"

The countless uproars were deafening, everyone looked at the ancient sacred tower on the steps stupidly, unable to express their inner shock.

Before the start of the assessment, no one could imagine that Qin Chen could actually come this far.

Compared with Yunmeng Zezhouzi and Yanzhouzhouzi, this is actually a state-level figure. At this moment, everyone looked at Ao Qingling, Qin Tingting, Chendi Pavilion, what kind of power is this? Established in a place like Cangxuan City, the three great talents can be born. This is amazing. In terms of total score, even Yunmeng Zezhou

Zi took the first place, and it was still enough to compete with the state lord mansion.

Could it be that Yunzhou is going to give birth to a top power that can fight against the prefecture? This is not impossible. With the talents that Qin Chen and the three have now shown, after entering Heavenly Work, within a thousand years, three great masters of Heaven will be born, and Yunzhou will definitely change the sky.

[Chapter 2664: Only one left](#)

Unless Yunmeng Zezhouzi was able to turn the tide and completely passed the seventh-level assessment and entered the eighth level, then it would be completely different.

At this moment, the audience was silent, and everyone was staring at the ancient sacred tower in front, because they all knew that now is the most critical moment of the assessment, and the final result is in one move.

Hum!

Under everyone's eyes, the seventh-story ancient sacred tower was completely illuminated.

At this time, everyone was shocked and their scalp numb.

This is someone who has completely passed the seventh level and entered the eighth level of the ancient holy tower.

What is this concept?

Holy genius?

No, if you want to be rated as a saint-level genius, you must light up the eighth level. It is not enough to enter the eighth level. That is the peak of the emperor level, but even the peak of the emperor level is enough to shock everyone.

Even above the sky, Chu Ye stood up, his expression excited.

This Heavenly Sage master, because he couldn't restrain his excitement, his hands were shaking.

Entering the eighth floor, he actually found such a genius in Yunzhou, is this true?

The genius who can enter the eighth floor, even in the center of a mansion like Guanghan Mansion, is extremely rare, very few, and there is one in Yunzhou, so he is not surprised.

No matter whether the other party can light up the ancient holy tower on the eighth floor, just entering the eighth floor, his trip is completely worth it.

But who is it that enters the eighth floor?

Is it Qin Chen or Yun Mengze?

It can't be Qin Chen, a genius in a small place, even if it is awesome, lighting up the seventh floor is already the limit, it is impossible to enter the eighth floor.

Then it must be Yun Mengze.

Everyone stared at the ancient sacred tower, almost everyone felt that it was Yun Mengze who entered the eighth floor, and now it is up to whoever comes out first.

The eighth level of assessment must surpass all previous assessments, and it is almost impossible for anyone to pass, so whoever comes out later will pass the eighth level.

Sure enough, only a while, the door of the ancient holy tower opened.

I saw a figure with outstanding temperament slowly walking out, with black hair and sharp eyes like a sword, like a **** king.

Yumengzezhouzi is indeed Yunmengzezhouzi.

boom!

The audience was boiling, everyone was crazy, cheering, cheering wildly.

The astonishing sound of noise rushed straight into the sky, shaking the entire Yunzhou city with a roar and shaking.

"Awesome." Yan Jiutian also changed color. He only passed the third level of the seventh level, but Yun Mengze actually passed the five levels and entered the eighth level. Don't look at it as just two small levels, but it is a world of earth. Difference, because entering the eighth floor and not entering the eighth floor, this is

Two very different concepts.

For the same state, is the gap so big?

He changed color, unwilling and bitter in his heart.

"Mengze."

Li Wanxue also flew up. Originally, she was extremely dissatisfied with Yun Mengze these days, and even wanted to take advantage of the opportunity of entering the sky to avenge herself and leave the Yun family.

But now, she has completely dispelled this idea, an emperor-level pinnacle genius who entered the eighth-story tower has a boundless future, even if she is a concubine, she is willing.

Shouldn't women depend on the strong? Once Yun Mengze grows up, no one can laugh at her, and even all women in the world will envy her.

"Congratulations Zhouzi."

"Hexi Zhouzi."

Countless warriors roared, their voices excited and full of excitement.

Yun Mengze looked at the boiling scene, the skyroar, and countless congratulations, and a smile was drawn at the corner of his mouth.

He doesn't need to look at anything, he just needs to hear the endless cheers, and he already knows that first, he is the veritable number one.

Moreover, his grades are also worthy of this number one.

That's right, how many people can make it to the seventh level and the fourth level? This is an emperor-level genius, not to mention that he has also reached the fourth level extremely behind, I am afraid that he has already shocked everyone.

It's nothing more than these people will cheer.

"Mengze, congratulations, the first arrogant."

Li Wanxue flew up and said excitedly.

Yun Mengze's expression became indifferent, and he won the first place. Isn't this unexpected? Since it was anticipated, what is there to be excited about?

"What about Qin Chen? Let him roll over and see me!"

He proudly said to the crowd below, he is Yunzhou Zhouzi, and the ancient sacred tower is the first in the assessment, plus Qin Chen has offended a strong man in the sky before, and he just humiliates him and wants to work in heaven. Wouldn't help him at all.

Therefore, as soon as the ancient sacred tower came out, Yun Mengze directly yelled at him.

You have to bear the consequences if you do something wrong.

The cheers on the court could not help but his expression was a bit embarrassed. Although Yunmeng Zezhouzi won the first place in the ancient sacred tower assessment, Qin Chen is also a peerless genius

of the seven towers. He would not agree with Yunmeng Zezhou if he wants to work tomorrow. The child taught each other.

After all, although there is a gap between the two, it is not that big.

Yun Mengze frowned, what's the matter? He scolded that Qin Chen himself, why was there no movement at the scene? Does everyone look at themselves with this expression?

"Mengze." Li Wanxue smiled bitterly: "Then Qin Chen did a good job and also broke into the seventh tower, so..."

"What? Then Qin Chen also broke into the seventh tower?"

Yun Mengze's expression changed, that kid's grades were about the same as his own. How could it be possible! Why is that country boy? "Mengze, don't care too much." Seeing Yun Mengze's ugly face, Li Wanxue comforted: "Although he broke into the seventh tower, you passed the assessment of the seventh tower and entered Arriving at the eighth tower, only the holy prince of the eight towers

A step away, you are still the first in the ancient sacred tower assessment. "

"As for that kid, there will be opportunities to teach in the future, don't rush for a while."

Li Wanxue sneered.

The others also nodded. Although everyone is an emperor-level genius, entering the eighth tower is not the same as not entering the eighth tower. Yun Mengze is definitely receiving the most attention.

"What are you talking about... the eighth tower? Someone broke into the eighth tower? How could it be possible?"

However, Yun Mengze's face changed drastically, and he was frightened.

"What, isn't it you? Didn't you break into the eighth tower?"

Li Wanxue was stunned, her face pale.

"I didn't pass the seventh floor, and I lost the fourth level." Yun Mengze tremblingly said.

"What?" Li Wanxue exclaimed.

"What!" everyone else exclaimed.

It was not Yun Mengze who broke into the eighth tower.

how is this possible?

Suddenly, everyone looked at the ancient sacred tower where there was one last person, their bodies trembled, and their eyes were full of disbelief.

If it wasn't Yun Mengze who entered the eighth floor, could it be Qin Chen!

But how is this possible?

Everyone couldn't believe the thought that came up in their minds.

But now Yun Mengze has personally admitted that he is not a person who has entered the eighth tower, so there is only one left.

Qin Chen! No one else.

[Chapter 2665: Genius](#)

A warrior from Cangxuan City, a warrior who was not valued at all in the beginning, a guy who did not sign up for the martial arts assessment, but asked Tianzuo to give him a chance to enter the ancient sacred tower, making everyone think that he was looking at the laughing stock.

But such a guy broke into the eighth tower.

This is simply a feat.

Above the sky, many bigwigs were also shocked. "Impossible, this is impossible, that Qin Chen is even more talented than my son. There must be some problem." Yun Dongguang, the lord of Yunzhou, said in anger. His son was not the first. Very proud, but now, it seems to be

Splash a basin of ice water, how can he accept it.

"Yun Dongguang, isn't that right? Could it be that you only allow you from the Yun family to be number one, so little friend Qin Chen can't be number one?"

Tian Xing Zhenren, the eternal poster, said lightly, but his heart was filled with surprises.

It was not that he had never thought that the person entering the eighth-story tower was Qin Chen, but this thought passed away in a flash. Who made him compare with Yun Mengze?

But now Yun Mengze has personally admitted that he is not the one who entered the eighth-story tower, so there is only one left.

Qin Chen!

The shock that Qin Chen gave him, even Real Man Tian Xing himself was extremely shocked.

That's right, the aura on Qin Chen's body was as profound as the sea, and he couldn't even see through himself. Why couldn't such a arrogant enter the eighth floor?

Entering the eighth floor, even True Man Tian Xing was convinced, because he boasted that even if he was ten thousand years younger, he would not necessarily have Qin Chen's grades even if he was able to participate in the assessment. No, not necessarily, definitely not.

"Mr. Tianxing, this Qin Chen, as you discussed before, really comes from a city below Yunzhou?"

Chu Ye asked hurriedly.

Zhen Xing Zhen nodded and said, "That Qin Chen is indeed from Cangxuan City under Yunzhou, and he also created a power called Chendi Pavilion."

Chu Ye was shocked.

Before Qin Chen asked for the opportunity to enter the ancient holy tower, he saw that Qin Chen's aura was extraordinary and seemed to have some background, so he moved his mind and gave him two choices.

But who would have thought that Qin Chen unexpectedly gave him such a big surprise. How could this be possible? Entering the eighth tower, even some of the top powers in Guanghan Mansion might not be able to achieve such a result, let alone a city under Yunzhou, such a small place, how can the cultivation environment be harmonious? Hanfu City

ratio? Apart from other things, the resources and the rank of the strong are not even as good as Yunzhou Prefecture, let alone compared with Guanghan Prefecture.

Everything must be backwards, it can be regarded as barren land.

But the person who came out of such a barren land had accomplished a feat and entered the eighth floor of the ancient holy tower!

Such a qualification ranks among the top ten in the entire Guanghan Mansion.

Chu Ye was extremely excited. This time he made a lot of money. Not only did he select a genius who entered the eight towers, there were also three who entered the seven towers, and a few of the six towers, which greatly exceeded his expectations for this trip.

But thinking of his bet with Qin Chen, Chu Ye trembled again.

He has forgotten, did he make a bet with Qin Chen? If Qin Chen could not pass the examination of the Heavenly Work Refiner, he would kill Qin Chen on the spot.

This.....

Chu Ye was going crazy.

Why, why was he so cheap in the first place, and set such a rule?

He couldn't know how difficult it is to make the examination of Tiangong's refining tools, he couldn't be more clear. Even if the veteran land-quality pinnacle refining master participates, it may not pass. Can Qin Chen pass?

Moreover, Tianwork has strict rules. There is one thing to say. If you don't do anything at that time, it will definitely be a blow to Tianwork's reputation.

The Lord Yundong Guangzhou obviously thought of this, and couldn't help sneering.

No matter how good your grades are, isn't it going to die if you look back?

At this moment, everyone is staring at the ancient holy tower, waiting for Qin Chen's appearance.

However, this is not the end.

Just for a while, a scene that shocked everyone appeared.

The eighth-story tower... actually lit up.

Rely on!

In an instant, everyone was going crazy.

"Oh my God, did I read it right? Is my eyes dazzled, or is the eighth floor really glowing?"

"I... I really want to see the eighth layer glow."

"It's impossible that we all read it wrong... Indeed, the eighth floor is lit up!"

"Heaven...A genius of heaven!"

Many people's voices are trembling, feeling like they are going to pass out.

At this time, even the big guys sitting in the sky couldn't sit still. Boom, a terrible aura fell, and Elder Chu Ye, who was presiding over the assessment, came to the ancient sacred tower in an instant.

"grown ups!"

Many of the heavenly work powerhouses who preside over the order are saluting respectfully. Before that, they scolded Qin Chen's half-step heavenly sage, and they were even more dizzy, with a look of horror, for fear of Chu Ye's punishment.

He almost let Tian Jiao miss a top talent.

Heaven-level Tianjiao, even if his cultivation is not as good as him, once he enters Heavenly Work, his status will be far above him, and he can easily be crushed.

Chu Ye put his hand on the ancient sacred tower and felt the ancient sacred tower. He was excited and wanted to see if something went wrong with the ancient sacred tower.

In a moment, the ancient sacred tower gave back, the assessment is continuing, and the results are valid.

Really... Really a heavenly genius.

Chu Ye was excited, his beard trembling.

Genius, what is this concept?

If the emperor rank Tianjiao is the aptitude that is expected to impact the late Heavenly Sage, then the heavenly rank genius is the character who is expected to impact the Half-Step Sage Lord. Even the few adults who are in charge of the work of Guanghan Futian were only geniuses of the heavens level back then, but what are these few people? Nowadays, the mainstay of Guanghan Futian's work, a person whose order can affect the lives and deaths of hundreds of millions of people, everyone can

Dominate the fate of his elder.

"Less dust, really too strong..."

Ao Qingling and Qin Tingting were both excited and admired, but they were very calm, because they had long expected that Qin Chen would shock everyone. With little dust, it would be strange if they couldn't shock the world.

At this time, everyone was looking forward to it, and they all wanted to know where Qin Chen could go and be eliminated immediately? Can you still move on?

The eighth floor of the ancient holy tower.

Qin Chen is undergoing an assessment at the moment.

In front of his eyes, there were many meteors, countless meteors passing by, and each meteor contained a terrifying aura, constantly tracing red trails of falling stars in the dark void space.

The sky is full of meteor trails, it feels like being in a vast meteor shower, extremely small.

But Qin Chen focused his attention on observing the traces of these meteors falling.

For this eighth level of assessment, he must observe the traces of these meteors, and capture two meteors with exactly the same breath, structure, shape, and traces of the falling route among these meteors, and take the two meteors to take them. This difficulty is simply defying.

[Chapter 2666: Ninth floor](#)

Moreover, there is a time limit for this shooting, every ten pairs, twenty stars, is considered a group, a total of five groups, one hundred stars.

Only by taking out these hundred stars within one stick of incense, can it be considered as a true pass, otherwise, it will still be considered eliminated. No wonder Yun Mengze has entered the eighth floor, but was directly eliminated. This is too difficult. Even if you just want to pass the first level of the eighth floor, you must find ten pairs of stars, and they are within a stick of incense. , With Yunmengze's talent, hardly

It might be done.

But for Qin Chen, it may not be impossible.

"Is it difficult?" Qin Chen focused his eyes, raised his head, and saw countless meteors falling in the endless void, tracing complex traces. The most difficult thing is that it is a moment, there may be a million. The light beam is falling, millions of meteors are falling, no

More complicated than that.

And if you want to find two specific meteors out of millions of meteors, how can you do it?

Qin Chen raised his head, his eyes condensed, his pupils were filled with divine light, and he could see almost every trace of a meteor.

After seeing clearly, he discovered that many of the seemingly messy and different traces of falling meteors are indeed the same.

But that's all. Many of them seem to be the same, but when you look closely, they are completely different. As if there are no two identical leaves or two identical hairs in the world, what Qin Chen needs to distinguish is not only the trajectory and appearance of two meteors, but also the breath, structure, and even attributes.

To identify two meteors with the same trajectory, but consider a lot.

"It's really hard."

Qin Chen was shocked, the eighth level was too difficult.

"This is not only a test of eyesight, but also reflexes, memory, perception of the breath of heaven and earth, and understanding of structure. It also needs to distinguish millions of meteors in a stick of incense, including comprehension, etc. test."

Qin Chen already understood the purpose of this eighth layer, a bit like finding fault, but it was a hundred, thousand, or even ten thousand times more difficult than finding fault.

It's not just to test these, more importantly, to test the soul power...

Because it is impossible to distinguish them by the naked eye alone, only the unity of the mind, the observation of the nose with the eyes, the mind with the nose, and the fusion of mind, mind and spirit can truly distinguish these meteors.

"Interesting, really interesting, let's try it."

Qin Chen looked up.

Hum! In the center of his eyebrows, a vertical eye suddenly opened. It was a soul eye, a terrifying soul power, which quickly diffused out, covering the stars in front of him. Moreover, his understanding of the sky and the earth suddenly bloomed. People come in at once

Into an ethereal realm.

Heaven and earth cannot, I am the law.

Everything is ethereal, I am the most.

Huh!

The terrible soul was filled, the next moment, Qin Chen suddenly raised his hand and pointed towards a shooting star in the sky, and then his mind moved, well, only a star in the distance was suddenly lit and marked.

Turning around, Qin Chen pointed another star in the other direction, and immediately the two glowed, approached each other, merged together, and disappeared.

A couple!

success!

It seems that it is not difficult. Qin Chen was calm in his heart, and quickly searched for the stars. It was really that his soul power was too strong. The martial artist's talent, of which soul power was an extremely important part, and Qin Chen was only an earth sage martial artist, but in his soul Above strength,

It is comparable to a master of Heavenly Saint level, and it is not an ordinary Heavenly Saint.

Therefore, in his eyes, the aura of the stars in front of him was very clear, and other Tianjiao couldn't perceive the essence of the stars at all, but in Qin Chen's eyes, there was no hiding and perfect appearance.

Huh huh!

Qin Chen kept shooting, spotting stars, and every time he clicked them twice, the two stars merged and disappeared.

A couple!

Ten pairs!

Twenty pairs!

Thirty pairs!

...

As Qin Chen kept pointing out the correct stars, the ancient holy tower on the eighth floor became brighter and brighter. Finally, when Qin Chen pointed out the hundredth star, hum, the entire eighth floor of the ancient holy tower was blooming. Everbright, completely lit up.

At the same time, a void passage appeared in front of Qin Chen.

Less than a stick of incense, Qin Chen cleared the eighth level.

outside world.

Everyone was stunned.

Impossible, how is this possible?

Everyone looked at the eighth-story ancient sacred tower that bloomed with light, and they were all bewildered.

"This... did Qin Chen break into the ninth floor?"

Everyone looked at each other and couldn't believe what they saw.

"How could that kid?" Li Wanxue opened her eyes wide and said in anger.

Yun Mengze's face was blue, and his whole body was trembling as well.

Even Ao Qingling and Qin Tingting took a deep breath, staring at the ancient sacred tower with beautiful eyes, opening their small mouths as if they were stupid.

To be honest, although they knew that Qin Chen was amazing, they never thought that Qin Chen would be so amazing that he would have broken through the eighth floor of the ancient holy tower and entered the ninth floor.

"Unbelievable, is this kid really the arrogant of Yunzhou?"

Elder Chu Ye was trembling, and he, the chief examiner, could no longer remain calm.

What kind of demeanor of the strong, all do not.

The ninth floor, this is the strongest ninth floor of the ancient holy tower. Even if it is a secret place in Guanghan Mansion City, the descendants of the holy master may not be able to enter the ninth floor, right?

It is rumored that anyone who conducts the ancient sacred tower assessment, as long as he enters the ninth floor, regardless of whether he has passed any of the ninth levels, as long as he enters, it means that this person has the potential to become a holy master.

Holy lord.

Overlord of heaven.

Take control of a territory, strong and invincible.

Such a character hasn't been born for countless years, and I actually met one here.

This...this...this...

If Qin Chen can really enter the Heavenly Work Martial Arts Department under his own wooing, in the future, once he becomes the Holy Master, he, the referrer, will also become one of the giants of the Heavenly Work Department of Guanghan Mansion.

What glory is this?

At this moment, the entire ancient sacred tower square, whether it is the warrior or the staff of Tiangong, is petrified.

The heart suffered an extremely huge impact.

Qin Chen naturally didn't know everything about the outside world. At this moment, he looked at the opening of the ninth layer, blood boiled in his heart, and stood there for a long time.

"Should I enter the ninth floor and challenge the last one? I should be the first one now. Once I enter the ninth floor and accept the challenge, my potential will definitely be fully revealed."

"Now I am a genius of the heavenly rank, Tianjiao will definitely treat me as a key target, and the news of the ancient sacred tower assessment will be spread out, and I will inevitably become the target of everyone in Guanghan Mansion." "Although the eighth floor of the ancient sacred tower Excellent, but if I want to come to Guanghan Mansion, there will still be two. Once I perform well on the ninth floor... it may not be a good thing."

[Chapter 2667: One hundred and three](#)

It's no wonder that Qin Chen is so cautious. Although he doesn't know the chill of a world-class genius, he also understands that once he performs well on the ninth level, he will even alarm Palace Lord Guanghan and the highest level of Heavenly Work. After the alarm, even

It might even be possible to dig into him to find out the secret that he can be so powerful-how can a warrior in a subordinate city of Yunzhou be so powerful?

To be honest, if it was just for joining the Martial Arts Department, then Qin Chen didn't need to think too much.

But Qin Chen entered the ancient sacred tower not to enter the warrior department, but to improve himself and find opportunities.

"On the ninth floor, the confrontation is the Xuanyuan Jue, which was once the number one in the ancient holy tower, the holy master-level Tianjiao, is it so retreat?"

Qin Chen stood for a moment, then suddenly smiled.

Qin Chen, Qin Chen, you're still talking about others, your Dao heart is not firm enough, but what about yourself?

But to become the most stunning character in Guanghan Mansion, what is there to be afraid of?

Didn't you still want to find Qianxue, Ruyue, and Sisi? The louder your reputation, the greater the probability that Qianxue and others will find out. What are you still hesitating about?

Thinking about this, Qin Chen's eyes suddenly became determined, his steps were extremely firm, and he walked towards the ninth floor step by step.

Hum!

The ninth layer of space is nothing.

"You are here, congratulations, for countless thousands of years, you have been the one hundred and third examiner who broke into the ninth floor."

The spirit voice rang, no longer so mechanical, but full of emotion, as if reminiscing with melancholy.

Qin Chen's heart moved, this spirit, with emotions, could it have his own life?

He couldn't help but stunned. This is not a good thing. After all, he is still in this ancient holy tower. Qin Chen could see that this ancient holy tower is very extraordinary, at least it is also a treasure of the Holy Master level, otherwise it would not be so terrible. .

If this ancient sacred tower deliberately wants to leave him, then he who is inside the ancient sacred tower will definitely be in danger.

Fortunately, this is an assessment under the eyes of everyone, so the spirits who want to come to this ancient sacred tower will not do it, otherwise the reputation of Tianjiao will have been wiped out.

One hundred and three?

This number was higher than Qin Chen had expected, but it was not too much.

After all, these are all the warriors who have been assessed by the ancient sacred tower for countless years. The history of the heavens is so long. I don't know how many times the ancient sacred towers have been tested, and it must not only be in Guanghan Mansion, but in various places in the heavens.

For countless years, there were only one hundred and three, which is very few.

Moreover, these are only those who have entered the ninth level, not those who have passed the ninth level. I think there should be very few who can really pass all nine levels.

"What is the test of the ninth floor?"

Qin Chen said.

Hum!

As soon as Qin Chen's voice fell, a black shadow appeared in the endless void, Xuanyuan Jue.

Xuanyuan Jue at this moment, the aura on his body is still in the late Earth Sage, but it exudes a palpable aura. It is not like a warrior in the late Earth Sage, but a heavenly sage, invincible.

No wonder he was able to become the new tower guard 30,000 years ago. It was indeed terrifying.

"Young man, I am glad to see you again. Our human race is too weak. Every genius represents the future of our human race. I am very happy to meet you again."

This Xuanyuan Jue said, still very domineering, but with a trace of inexplicable appreciation and comfort. "The ninth level of assessment is to fight Xuanyuanjue. The Xuanyuanjue in front of you is still in the late Di Sage. However, he no longer only displays the 30% cultivation base, but all the 10% cultivation base. You only need Persist in a stick of incense in his hands undefeated,

It is considered to have passed the ninth level of assessment. "

This tool is smart.

"It's just the late Earth Sage?" Qin Chen said coldly: "It's too weak. My current cultivation base is the peak of the late Earth Sage. It's only one step away from the peerless Earth Sage. I can break through at any time. I'm here, not for I don't pass what level, I just want to prove myself

, So, let's raise his cultivation base to the same level as mine and then try his best. "Hahaha, you are so arrogant, you are too arrogant. As expected, none of the geniuses who can enter the ninth floor are not arrogant, but I advise you that there have been some geniuses who broke into the ninth floor and told me After that, but they even connected me

The time for a stick of incense in the later stage of the Earth Sage cultivation base has not been able to persist. Since you are so arrogant, then you will pass the ninth level assessment first. "

Xuanyuan said proudly.

"Trouble, since you said that, I have nothing to say, then I will let you see, how is my strength?"

Suddenly Qin Chen stretched out his hand and directly grabbed Xuanyuan Jue's wrist.

Electric flint.

Qin Chen shot, and shot towards the unfathomable Xuanyuan Jue.

Although this Xuanyuan Jue was powerful, Qin Chen didn't take it seriously, no matter how strong the opponent was, how could he use the peak of the late Earth Sage and the late Earth Sage to fight?

Boom! Qin Chen's light claw seems to be very plain, there is no sacred element fluctuation, but in reality, countless rules suddenly emerged, all kinds of rules, densely packed, and in an instant, the entire ninth layer of space became a heaven. A sea of rules,

It surged towards that Xuanyuan Jue.

"Ok?"

Xuanyuan Jue did not expect that Qin Chen would suddenly attack him.

"Hahaha, boy, you are great, but you are too arrogant and naive. You have to know that there is a sky outside the sky, and there are people outside the world."

Xuanyuan screamed decisively.

collapse!

The arm shook, and two terrible forces erupted, one yin and one yang, which turned into a yin and yang kingdom, and swept out.

Bang bang bang!

Countless celestial rules under this country exploded frantically, smashed layer by layer, preventing Qin Chen from capturing them, but instead enveloped Qin Chen, turning this world into an endless purgatory.

"Sure enough, he deserves to be a strong tower guard."

Qin Chen's eyes condensed, but he was not surprised at all, "But it's not enough, kill me!"

He roared, the terrifying physical power burst out all of a sudden, various laws surging, an aura containing boundless killing condensed, and blasted towards that Xuanyuan Jue.

Boom!

The killing aura rose to the sky, and the yin and yang kingdom gathered by Xuanyuan Jue was actually shattering.

Although this Xuanyuan Jue did not have facial features, he showed a shocked expression. With the palm of his hand turned, his fingertips' killing intent was highly concentrated.

Hum!

Qin Chen immediately felt that the heaven and the earth seemed to be beginning to collapse and collapse, as if the heaven and the earth had shattered. They were about to condense into a small spot, all condensed towards Xuanyuan Jue's fingertips. In his divine mind, Xuanyuan Jue's whole person has completely disappeared, and the only thing left is the pitch-black finger, which is the one that destroys the world and opens up the world.

[Chapter 2668: Refreshing](#)

Xuanyuanjue's thoughts rippled in the cold void: "Young man, you are too arrogant, you don't know what to do! Force me to perform this Sage Destruction blow. With this blow, your assessment will fail, mine Majesty, no one can offend."

This finger was originally called "Sacred Destruction Strike." According to rumors, once it is displayed, it will kill all the sacred. Cleans the heavens, there is no holy in the world. It was created by a world-breaking top power in the ancient times, and it was an ancient secret technique, a supernatural power.

Extinction!

"Sure enough!"

Qin Chen's eyes condensed, but there was a smile on his face. He didn't move at all. Facing this finger, he also pointed out that the sacred origins in his body suddenly collapsed, turned into absolute strength, and condensed into a small point. , A little bit!

Lei Kong kills the finger!

Qin Chen condensed the terrifying knowledge formed by the strongest Thunder Law, Space Law, and Killing Rules.

Boom!

Two fingers bumped together.

The world was still the original world, the ancient sacred tower was still the ancient sacred tower, without the slightest fluctuation, but Xuanyuan Jue's body was trembling obviously, his body almost collapsed, and an invisible force came to stabilize Xuanyuan Jue's figure.

"Young man, you..."

Xuanyuan Jue's face was shocked. With this finger, he would suffer. If it wasn't for him to be just a thought, in the ancient sacred tower, immortal, he had been seriously injured just now when he changed to a real person.

"You, passed the ninth floor of the ancient holy tower."

The voice of Qi Ling rang.

The ninth level of assessment was to hold on to a stick of incense under Xuanyuan Jue's attack, but Qin Chen was able to repel Xuanyuan Jue, the strength was obvious.

"I don't need to pass the ninth floor, I just want to fight this Xuanyuan Jue with all my strength."

Qin Chen said full of fighting spirit.

Although he can kill even a half-step Celestial Sage now, his cultivation is too weak. In this world, it is difficult to find a master of the same rank who can fight him. In the same rank battle, he can often learn more, so good. How could Qin Chen give up the opportunity?

Qin Chen didn't care about the assessment results, it was all shit.

"Sir, how is it? Am I qualified to fight you."

Qin Chen said coldly at Xuanyuan.

"Hahaha, good, good, great."

Xuanyuan Jue also had a war spirit emerging from him. Although it was just a spiritual body and a thought, it had the self-esteem of the body.

"How many years has it been?"

"Well, since I became the guardian of this ancient sacred tower, no one has ever said anything to me, young man, you are amazing. If so, then I will fulfill your wish."

Boom, Xuanyuan Jue's figure suddenly exploded with terrible power, formed the substance, and poured out like waves. The wave swept across Qin Chen's body, causing him to get goose bumps involuntarily.

This power is too strong!

The mere escaping breath made Qin Chen excited. "It's refreshing, it's too refreshing, this is what I want." Qin Chen didn't have any fear, only extremely excited, and said: "Is this the power of your Di Sage Late Stage peak? It is really strong, and my blood is boiling. Hahaha, no wonder no one can super

The more you are, you have truly cultivated the power of the Earth Sage to the extreme! "

There is no need to fight, just to feel the breath of Xuanyuanjue, Qin Chen has a feeling that the strong versus the strong, the genius versus the genius, only masters of the same rank can bring him excitement and harvest.

"Coming to fight!" Qin Chen laughed, and greeted him fearlessly.

Bang!

Qin Chen was beaten into the air by a single blow, but Qin Chen's physique was too abnormal, the immortal body, the space body, the celestial thunder body, the gods and demons, the fusion of various physiques, and the auxiliary soul power. Hurt him.

However, after Xuanyuan Deceive's blow, he launched a fierce attack, and every blow was comparable to the previous Sage Finger, too strong. Qin Chen and the opponent were in a frantic confrontation.

For so many years, Qin Chen has forgotten how many years he has fought smoothly with experts in the same realm.

"Killing Fist!"

"Shengwei Seven Kills Technique!"

"Fengyun Tyrant Body Art!"

"Overlord ascends to heaven!"

"Dari Jinyan!"

Qin Chen used various methods, even the power of thunder, the rules of space, and his own soul power.

In addition, Qin Chen showed sword lights in his hand, using his fingers as swords to use his sword skills.

The two fought frantically, and they were evenly matched.

Qi Ling couldn't help being shocked. Qin Chen's physique and combat power made his "eyes" bright. It was the first time he saw a Tianjiao figure who could fight Xuanyuan Jue to this level.

Bang bang bang, the two of them fought fiercely, with endless power shaking like ocean waves. Qin Chen's combat power was fully deployed. This Xuanyuan Jue was stronger than him based on the use of rules. Some moves were also more subtle than him, but Qin Chen would naturally not hold on to the front, but used his own advantages to the extreme. Especially the terrible physical strength

And the powerful soul power, the fighting power that broke out was even more terrifying.

But what disappointed him was that Xuanyuan Jue didn't have any weakness in his whole body.

Because the other party was not a real creature, but was formed by Qi Ling using the spiritual imprint left by Xuanyuan Jue, then naturally there was no weakness of the creature.

The scene is extremely stalemate. Changing to another person, even with the same power, it is impossible to confront Xuanyuan.

But Qin Chen was different. His greatest strength was not his combat power, but his countless combat experience, the terrifying will that revived two lives, and soared from a small world, this was his most terrifying place.

Then he is the kind of person who gets stronger after the war.

One hundred tricks!

A thousand tricks!

Ten thousand moves!

Time has passed a stick of incense, and the two sides have always won or lost. Because this Xuanyuan Jue practiced too many martial arts, this was Qin Chen's weakness. He came from a small world and had too little mastery of martial arts in the heavens. The only ones were only obtained from Xue Wudao and others in Tianyue City. , Can't be regarded as the most

For the top martial arts.

In the battle, Qin Chen was also learning Xuanyuanjue's shots. Any blow from the opponent gave Qin Chen a huge inspiration, making him seem to have spied a new path.

This gain is immense.

Even during the battle, Qin Chen understood what he really lacked and what he needed to improve.

boom!

The two sides fight each other. If you can fight unlimitedly, then Xuanyuan Jue must have lost. The reason is very simple. Qin Chen's physique is too strong, and he has been improving in the battle. Xuanyuan Jue is just a spiritual body, unless Qi Ling Raise his again

Cultivation base, otherwise the combat power will increase again.

Moreover, Qin Chen was conservative and didn't use the time origin. Once the time origin came out, Tianjiao like Xuanyuan Jue would have no solution and would definitely be killed.

But the origin of time is too important. In the ancient sacred tower, Qin Chen would never use it anyway.

"stop!"

Qi Ling finally shouted to stop the fight, and then continue to fight, let alone a stick of incense, there will be no results for ten days and ten nights.

"Young man, I'm very pleased. I hope that one day, I can really see you, and come to learn again, hahaha, refreshing." Papa, Xuanyuan Jue's mental body immediately dissipated into countless light spots.

[Chapter 2669: Tianzun](#)

An invisible force stared at Qin Chen, and Qin Chen felt that this was the spirit of a weapon.

It paused, and said: "This battle is a draw. You are indeed very strong. If you improve even a little bit in martial arts, you might win it. You can replace Xuanyuan Jue and become the new guard here. People."

"In fact, although you failed to defeat Xuanyuanjue, your strength is enough to leave a trace of spiritual body here and become the second gatekeeper like Xuanyuanjue. But sorry, because of some kind of Reason, I can't leave a trace of your essence

God body, let you replace Xuanyuan Jue. "

"It does not matter."

Qin Chen smiled faintly, he was only interested in fighting the strong, and it was no good to replace it.

"Can I go out now?"

Qin Chen said lightly, what his headache now is that he has cleared all the nine levels of the ancient sacred tower. Once he leaves, what kind of tsunami will be triggered.

The wood is beautiful in the forest, and the wind will destroy it.

If Qin Chen is a strong Heavenly Sage now, he is naturally fearless, but he is only the pinnacle of the late Earth Sage. Sometimes, it is better to be low-key and cautious.

"You can leave at any time, but before leaving, I have two things to tell you. I hope you can keep the secret."

The ancient sacred tower spirit suddenly became serious.

"what?"

It was the first time that Qin Chen saw Qi Ling speak like this, and couldn't help but frown. He had a faint feeling that what the Qi Ling was going to say was very difficult. "First, although you passed the ninth floor of the ancient sacred tower, I did not light up the ninth floor. Therefore, after you leave, everyone

will only think that you have passed the ninth floor of the ancient sacred tower. The eighth floor, but failed on the ninth floor." Qi Ling

Tao.

Why is this?

Qin Chen was puzzled. Qi Ling should have no emotions. Why did he take the initiative to modify his assessment results? Although Qin Chen didn't care at all about this assessment result.

"This is related to the second thing I want to say." Qi Ling said solemnly: "Because, I must protect you. You asked me before, how many Tianjiao pass through the ninth floor of the ancient holy tower, and how many How many have become the saint master, I now tell you, all the warriors who have entered the ninth floor of the ancient holy tower, one

There are a total of 103, and there are only eleven warriors who have completely passed the ninth level assessment of the ancient sacred tower, including you. "And among them, among the ten people before that, because the limelight was too high, six of them were assassinated and fell on the road of cultivation and experience respectively, and the four who survived in the end all cultivated to the Holy Master. Realm, became the overlord of one party

."

hiss!

Qin Chen sucked in air-conditioning, really shocked.

Among the ten people, four of them broke through and became the Holy Master, which... it was amazing.

This probability is simply abnormal.

Moreover, the remaining six people all fell on the road leading to the Holy Lord. If they did not fall, there is a great probability that they will become the Holy Lord powerhouse.

But what does this have to do with concealing your achievements?

"You mean, the six fallen people are related to the spread of the ancient sacred tower assessment results?"

Qin Chen's eyes condensed, and he had a guess.

"Yes." Qi Ling coldly: "I work hard to fight against the demons. Therefore, the geniuses I recruit will not only cause shocks in the human race, but also attract the attention of the demons. To prevent you from being assassinated, so I must put your

Hidden results. "

"In fact, if you only entered the ninth floor without clearing the level, or even reached the ninth level and the fourth level, and persisted for most of Zhuxiang, I will not hide your results, but you have defeated Xuanyuanjue. ."

"Perhaps you don't know, every warrior who can pass the customs in my ancient sacred tower is born at the right moment, adhering to luck, and is the mainstay of the human race in the future. As you are arrogant, my work is absolutely not allowed. Something happened."

Qi Ling said solemnly.

Is there such a reason?

Qin Chen shook his head. Since that was the case, he was so happy, anyway, he didn't care about the ancient sacred tower assessment.

"Besides, I must also warn you. While concealing your grades for you, I hope that you will not disclose your grades. Not only outsiders, but also other people in your daily work should be concealed." Zhi Ling again Tao.

"what do you mean....."

Qin Chen was shocked, frowned, and even those who worked hard had to conceal it. The meaning of this representation made people shudder. "You're right. Tianjiao was established to fight against the demons. However, for countless years, Tianjiao has complicated personnel, and there is reason to suspect that strange spies have been mixed in, especially three thousand years ago, Xuanyuanjue Holy Master Missing poop

Very strange, I have to guard against it. "

"Therefore, your results, apart from me and Master Tianzun, will not be known to anyone else, even the top-level executives of Tianzuo."

"Tianzun?" Qin Chen was puzzled. "Master Tianzun is the creator of the work of heaven and my master. However, when he repaired the heavens with the top humans such as Xiaoyao Supreme, he consumed too much power and eventually had to enter the depths of time and space to sleep and retreat. to date Never wake up. "

When Qi Ling talked about Tianzun, his tone was full of respect and admiration.

The creator of heavenly work, the repairer of heaven?

Qin Chen yearned, what realm is this? From the name, you can feel its terrible, this is definitely a terrifying powerhouse above the holy master realm, the true power of the heavens.

"Finally, I hope you can grow up and become the pillar of my human race."

Hum!

An invisible force lingered, and instantly entered Qin Chen's body.

Qin Chen only felt that his body was abruptly transparent, as if he had been baptized once. Although his cultivation level had not been improved, the speed of perception in his mind instantly doubled.

This change is simply amazing.

After that, everything disappeared, and Qin Chen appeared at the bottom of the ancient holy pagoda, with the gate of the tower in front of him.

Outside the ancient holy tower, there was already an uproar.

Because after Qin Chen entered the ninth floor of the ancient sacred tower, there was no movement. The ninth floor of the ancient sacred tower was neither lit nor eliminated, which was very strange.

Finally, with a squeak, the ancient holy tower opened, and a figure came out from it.

"Qin...Qin Chen..."

Qin Chen walked out under the gaze of all eyes, and the audience burst into flames.

It really is Qin Chen.

In an instant, everyone stared at Qin Chen fiercely, the look in their eyes was extremely enthusiastic, as if they were about to blast through the sky.

Eight towers of genius.

Tianjiao Tianjiao, although I don't know why Qin Chen stayed in the ninth tower for so long, since the ninth tower has never been lit, it means that Qin Chen has not broken through the ninth tower.

But even so, it is still amazing. Eight towers, thinking about it is scary.

[Chapter 2670: Think clearly](#)

When Qin Chen walked out of the ancient sacred tower and saw the fiery and crazy gazes of countless warriors, he couldn't help but say in his heart, it seems that Qi Ling said something is true, just entering the nine towers, it is so arousing. Crazy, if you pass nine

The news of the tower spread, I am afraid that countless powerful people in Guanghan Mansion will rush to it.

Therefore, at this moment, countless heavenly holy breaths are pressing down on the sky, spying on themselves frantically, and that terrible breath, if it were not in full view, would almost swallow oneself.

"Young man, your name is Qin Chen?"

Boom!

A terrible heavenly holy breath came. It was the chief examiner of the Heavenly Work Martial Artist's assessment, Elder Chu Ye, who looked at Qin Chen with fiery eyes, as if Qin Chen was not a big man, but a peerless beauty as beautiful as a fairy.

Qin Chen suppressed the urge to throw a punch, because the old man's face was about to touch his body.

But there was no way, the old man didn't conceal his own cultivation level under his excitement. The rules of the heavenly saints were like the sun and the moon, lingering around him, exuding a suffocating aura.

Fortunately, this old man Chu Ye finally suppressed his excitement and tremblingly said, "You have entered the ninth floor of the ancient holy tower?"

"Yes."

Qin Chen nodded.

boom!

Although everyone had seen it, Qin Chen personally admitted that he still caused a tumult.

"Very well, then why did you stay on the ninth floor for so long? But you failed to light up the ninth floor?" Chu Ye wondered again.

"I didn't stay on the ninth floor for a long time, because after passing the eighth level, I felt a little bit and stayed for a while, and then I entered the ninth level assessment."

This is what Qin Chen and Qi Ling discussed.

Damn, can this happen?

Once the ancient sacred tower assessment is over, one must enter the next level. Can I stay on the previous level? Tease me?

Everyone was speechless, but thinking that Qin Chen had entered the ninth level, it might be okay, but the talents of the previous players were too poor to activate this treatment.

Chu Ye nodded. He believed those words. The ancient sacred tower is the treasure of their daily work. The spirit of self-consciousness. As long as the spirit is approved by the spirit, let alone wait for a few hours, even if it is a hundred years of cultivation. There will be no problems. "Okay." Elder Chu Ye suppressed his excitement, stared at Qin Chen, and said solemnly: "You didn't sign up for the Martial Arts Examination of Tianwork before, so in order for you to enter the ancient sacred tower, the old man gave you a choice. Must pass the appraisal

, Otherwise the old man will kill you on the spot. "

"However, in view of your defying performance in the ancient sacred tower, the old man can give you a third option, which is to directly join my Heavenly Work Martial Arts Department. The previous gambling agreement can be voided. Can you agree?"

Chu Ye looked forward to looking at Qin Chen.

Does this work? Everyone on the field was stunned. The strong man who worked in the sky kept his promises and said no two. Now for Qin Chen, he was given the third choice, and it was for Qin Chen to join the martial arts department directly. What a choice, it is simply Pie in the sky

.

Sure enough, he has the talent to do whatever he wants!

Yun Mengze's hands were clenched tightly, his nails pierced deeply into the flesh, his eyes were gloomy, originally this was his glory, but now it was taken away by Qin Chen.

Qin Chen shook his head, "My goal is the refining division, and I won't join the warrior division."

by!

Everyone is going crazy.

Qin Chen actually refused. "Are you sure?" Chu Ye's expression turned ugly: "You may not know that as the chief examiner of the Tianzhu martial arts assessment, the old man cannot say nothing. If you refuse to join the martial arts department, then the old man will fulfill his previous promise. , Once you practice

If the instrument master fails the assessment, the old man will kill you in public. A genius like you is inexhaustible. The old man is unwilling to do this before giving you a new choice. Should you consider removing it? "

"I think it over."

Qin Chen was very direct, "Thank you, your Excellency, for giving me the opportunity to enter the ancient holy tower and leave."

When the voice fell, Qin Chen turned around and returned to the crowd.

This.....

Everyone is dumbfounded.

"Ugh."

Elder Chu Ye shook his head. Since Qin Chen refused, there was nothing he could do, but he really didn't want to kill this arrogant talent, and he didn't know why Qin Chen wanted to participate in the appraisal of the refiner so confident. Qin Chen's talent in martial arts is amazing. It does not mean that his qualifications in refining weapons are also amazing. Moreover, he is the elder of the martial arts department and cannot determine the assessment of the refining division. The only thing he can do now is to go to the refining division. Good things to say, look

Can you call Qin Chen specially?

However, with the old stubborn thinking of the Refining Division, I am afraid it is very difficult.

"Hey, I can only count one step as one step."

Elder Chu Ye sighed, and then began to announce the assessment results.

The number one ranked, naturally, is Yun Mengze who passed the fourth level of the seventh floor.

However, when the result was announced due to Qin Chen's sake, Yun Mengze did not receive much cheers.

It was really the same as Qin Chen's score on the ninth level, and the seventh level was too average.

This naturally made Yun Mengze even more angry and trembling with anger.

And the second is Yan Jiutian, the third is Liu Jingtian, the fourth and fifth are Ao Qingling and Qin Tingting, then Li Wanxue, the seventh and tenth, and a few broke into the sixth floor. And light up the

three Tianjiao in the first level of the sixth floor. Ten of them can directly enter the Heavenly Work Martial Arts Department, and in addition, there are more than 300 people who have passed the first three levels of the ancient sacred tower and obtained the qualifications of the Heavenly Work Strength Martial Artist. In the next few days, all All examiners can report

Name points for information.

The organization of Tianwork is very loose, and there is no need to gather all the warriors for training. Everyone can choose to stay in their own forces and only receive resources in Tianwork.

The only thing to abide by is that once Tianjiao initiates a call-up, all warriors must follow the order and arrive within the specified time. Such a call-up often takes a long time, even thousands or tens of thousands of years. The crowd dispersed, but the entire Yunzhou state city was in an uproar. Qin Chen's ninth tower's achievements were like a gust of wind, spreading throughout Yunzhou, even moving along Yunzhou at an alarming speed towards the surrounding areas. The state and the city spread throughout Guanghan

The government caused a violent sensation.

On the way back to Chendi Pavilion, countless invitations came, basically some of the top forces in Yunzhou invited Qin Chen to be a guest, and even wanted to cooperate with Chendi Pavilion.

The ninth tower.

Although Qin Chen did not choose to join the warrior clan, he still made all the major forces shocked and rushed.

As long as they can get along well with Qin Chen, once Qin Chen develops in the future, wouldn't they also send it out? At this time, many top forces are envious of the Wangu Tower, or Wangu Tower has the vision, and they have settled Qin Chen early, so why can't they take such a good thing?
