

Valkyrie 2671

[Chapter 2671: Yan Ruyu](#)

Naturally, Qin Chen would not pay attention to these invitations and refused them all. However, the intention of cooperation was left to the ancient medicine masters. If there is a real possibility of cooperation, Qin Chen would naturally not waste it.

In the ancient sacred tower, Qin Chen has gained a lot, what he has to do most now is to go back and realize and turn these gains into his own strength.

For this reason, Qin Chen even refused the invitation of the real person of Tianxing in the Wangulou.

The news spread at an astonishing speed, and the whole Yunzhou was talking about Qin Chen's breaking into the Ninth Tower. As for the second-ranked Yun Mengze, he often just mentioned Qin Chen by the way, completely depraved. For supporting roles.

Of course, in addition to expressing their shock at Qin Chen's achievements, many people in the prefecture also taunted Qin Chen secretly, saying that Qin Chen didn't know what was good or bad, and gave up the opportunity to join the martial arts department, and had to conduct a refining master assessment. Dead end and so on.

In addition, the gambling agreement between Master Chu Ye and Qin Chen was thoroughly spread, not only in Yunzhou, but also in some surrounding states.

"There is little dust, this is because someone is deliberately spreading it, so that people who work in heaven can't act favorably."

In the Chendi Pavilion, the ancient medicine master said with a green face that the outside world is now spreading the gambling agreement between Elder Chu Ye and Qin Chen. It is not like a random discussion at all, but it seems that someone deliberately wants to target Qin Chen.

"These guys are too damned, it must be Yunzhou Zhouzi and the others." Ao Qingling and Qin Tingting were furious.

"Don't think too much, do what you should do."

Qin Chen said indifferently: "Everyone should be busy next, don't waste things on these little things."

The next step was more than busy, it was too busy. All major forces have begun to cooperate with Chendi Pavilion. The Chendi Pavilion's business has not officially opened yet, and its reputation has been completely established in Yunzhou. Even Yanzhou and Lingzhou other than Yunzhou have also heard about it. The reputation of Chendi Pavilion, even powerful

Come and cooperate with Chendi Pavilion.

Overnight, the reputation of Chendi Pavilion was thoroughly established in Yunzhou, and it was so loud.

"boom!"

"Really **** it, this Qin Chen really **** it."

In the main mansion of Yunzhou Prefecture, Yun Mengze smashed a stary sandalwood chair with a punch, trembling with anger.

"Master Zhouzi, that Qin Chen is too arrogant to make him feel better." Li Wanxue gritted her teeth and said, Qin Chen was so strong that she even lost the hope of revenge, and she was panicked.

"I have sent someone to spread his bet with Tianwork, but it is still too difficult to take him down." Yun Mengze gritted his teeth and said, if he could, he wished to send someone to kill Qin Chen now. , But he also knows that now Qin Chen is being paid attention to by countless people. He Yunzhou Zhouzi must not do such a thing, otherwise it will affect the entire Yun family.

Destroy their Yun family completely.

At this time, a majestic voice sounded.

"Since I can't take it down, why don't you want to win?"

A tall figure walked in, like the eternal **** king, exuding a worldly atmosphere.

"My Lord State."

"father."

Li Wanxue and Yun Mengze hurriedly saluted.

"Father, did you let me win that kid?" Yun Mengze raised his head in disbelief.

"What's wrong?" Yun Dongguang, the master of Yunzhou Prefecture, smiled coldly: "Then Qin Chen has no contradiction with our Yunzhou Prefecture Master's Mansion. The only thing there is a contradiction with the soul fire family."

Yun Dongguang's gaze fell on Li Wanxue, Li Wanxue only felt cold all over, and indescribable fear emerged from the bottom of her heart.

"Master State, I... My soul and fire family is willing to let go of their hatred, and look forward to the Lord of the State."

Li Wanxue hurriedly knelt down, her body trembling, and her heart frightened. She knew that she had to express her attitude, otherwise, it would be a nightmare to wait for her.

"You see, even Wanxue is so sensible, Zeer, wouldn't you think of it?" Yun Dongguang smiled slightly.

"But, what if Qin Chen is unwilling?"

Yun Mengze gritted his teeth. If he was allowed to choose, he would not want to win over Qin Chen, but what his father said was obviously more reasonable.

"You didn't win, how do you know that you can't win?"

Yun Dongguang laughed, squinted his eyes and said, his voice felt hairy: "I heard that you have raised a forbidden cultivator in the mansion. As long as it is a man, there is no woman you don't like, Ze'er. What do you say?"

"Father, but she is mine..."

Yun Mengze hurriedly spoke, but after seeing Yun Dongguang's eyes, he shivered and knelt down in a hurry: "Father, the child understands."

"Okay, then I will wait for your good news for the father."

Yun Dongguang smiled and turned and left.

"Yun Mengze, you... have you raised a confinement?" Li Wanxue stood up and said tremblingly.

Snapped!

Yun Mengze slapped a backhand and said viciously: "Bitch, if it weren't for you, would I be so passive?"

"Yun Mengze, you..." Li Wanxue trembled with anger.

"I am what I am, let me go, wait for Lao Tzu to accept that Qin Chen, then I will teach you."

Yun Mengze was furious and left quickly.

The next day, Chendi Pavilion came to an uninvited guest.

"Little dust, the slave's name is Yan Ruyu!"

This is an amazingly beautiful woman, and there is a sultry fascination, the first sight of her will want to throw her down.

Qin Chen was stunned. He had three beautiful daughter-in-laws. What other woman could make him lose control?

This woman... has practiced Mei Gong, so her every move is full of fox Mei.

Moreover, this Mei Gong is very terrifying, it seems that it is only a little bit worse than Sisi's magical body.

"Ze Shao, please!" she said delicately.

Ze Shao?

Yunmengze?

Qin Chen sneered. He and Yun Mengze have never dealt with each other. Has Yun Mengze actually come to the door? Why, do you want to win over yourself? is it possible!

He smiled slightly and said, "I don't seem to have much to communicate with Yun Mengze, right?"

"How could it not!"

Yan Ruyu smiled beautifully, like a hundred flowers blossoming, charming beyond words. Her charming technique is obviously extremely superior, neither selling meat nor physical contact, but every smile is extremely touching.

"Chen Shao and Ze Shao are both heroes of the world. There are dragons and phoenixes among them. As long as they speak, some are topics."

The woman moved her hair, revealing a small ear, white and delicate, as if she were transparent, but immediately covered in her black hair, making people feel ticklish.

Qin Chen shook his head and said, "Forget it."

"Little dust, are you embarrassing the slave family?"

Yan Ruyu showed a look of sadness, suddenly amorous, not only not annoying, but also aroused strong desires. Qin Chen remained silent, Yan Ruyu's charm was indeed very powerful, and it was completely integrated with his own charm, but it was a bit worse than Chen Sisi, how could it have charmed Qin Chen.

[Chapter 2672: Big ambition](#)

Qin Chen smiled faintly and said, "Miss Yan, please go back?"

"Shao Chen is afraid that the two heroines will be jealous?" Yan Ruyu smiled, covering her little mouth. "With Chen Shao's talent and martial arts, let alone two wives and concubines, even two hundred are completely worthy. "

"and--"

She winks like silk, "We haven't done anything...now!"

Her words are full of ambiguity. She hasn't done anything now. Is there anything she can do later?

Qin Chen waved his hand and said, "Come and see off the guests!"

"Little dust!" Yan Ruyu hurried over, grabbed his arm, shook it gently, and then stuck her delicate body up, "Don't be so unfeeling, the big deal is what you say, the slave depends on you!"

Her eyes were sharp, she was extremely shy, and her body was like a ball of flame, about to melt everything and melt the big man Qin Chen.

Qin Chen's arm could easily feel Yan Ruyu's body, but he calmly withdrew his hand back, and said, "Not to see off the guests?"

"Little Chen!" Yan Ruyu looked straight, and all her sultry flattery was put away in an instant. At this moment, there was nothing but solemnity on her face, like an inviolable virgin.

This conversion was so big and fast that Qin Chen was caught off guard.

Can a woman change her face so quickly?

"There is little dust, the so-called people go to high places, and the water flows to low places." Yan Ruyu smiled, but the same smile, she now feels that she is not a little enchanting, but a little solemn, the transformation of temperament is really amazing.

No wonder Yun Mengze is so obsessed with her.

"Master Yunmengze is the state son of Yunzhou, and he is also the number one arrogant. Of course, you are also very powerful, Shao Chen, you broke into the ninth floor of the ancient holy pagoda, and the little girl heard calluses in her ears." Now I heard that Xiao Chen is going to develop in Yunzhou. You two

join forces. This is definitely a strong alliance. Moreover, Ze Shao also said that the Chendi Pavilion with less dust will be the first power in Yunzhou at that time, and you can even let Out of a part of the Yunzhou site, and

You will take care of the city under Yunzhou. "Do you and Ze Shao have any hatred, and they are both world-famous geniuses. When the time comes, we will discuss and practice together, and eventually become the strongest, annexing the surrounding state capitals, Ze Shao said, and later, annexing the surrounding Yunzhou After a few state capitals, he

I must promise to give you a state and let you be the owner of a state. As long as you agree to cooperate with Yunzhou, everything can be handed over to him. Ze Shao is full of sincerity. "

Give him a state, this promise is indeed not small.

Of course, Yunmengze's promise is one thing now, but whether it can be done afterwards is another. There are some people who speak the vernacular, so don't cross the river and demolish the bridge too much.

Even once Chendi Pavilion cooperated with Yunzhou, maybe even Chendi Pavilion would be annexed by the other party.

As for the first power under the state capital, do these vain names make sense?

Anyway, Yan Ruyu was talking about the sky falling in disorder, but Qin Chen was not tempted.

He smiled faintly, and said: "I will become the man of the Holy Lord in the future, give me a state, I said you do not look down on me too much, Ze Shao?"

Yan Ruyu was dumbfounded.

She has met people who feel good about themselves, and some people have said some big things in order to behave in front of her, but compared with Qin Chen, they are all weak.

Become the Lord, hiss!

The holy lord, the overlord of the heavens, is in charge of a realm, and even a single figure can crush the universe, and any one of the world's arrogances can only look up.

Even a supreme arrogant like Yun Mengze, who only dared to set his goal on the heavenly sage, may be lucky, there is a glimmer of hope in the future to enter the late stage of the heavenly sage, but the holy lord? I can't even think about it.

Even if you are a descendant of a holy master, a holy son and a holy daughter, there are countless resources to squander, but the one that can eventually become a holy master is definitely one in a hundred, or even none.

In the heavens, there are countless sages, and even sage masters have a long life span, which can be called unlimited.

But even so, the number of holy masters is still pitifully small.

Why?

Because the Holy Lord represents the true peak of the heavens, it requires all kinds of opportunities and coincidences, and it is absolutely impossible to achieve it by cultivation alone. It is too difficult and too difficult.

Those masters at the peak of Heavenly Sages, countless top great teachers and ancestors of Heavenly Sages of the powers, dare not think about the Holy Master.

Qin Chen, a small earth saint, actually wanted to become saint master, too much.

Although Qin Chen entered the ninth level in the ancient sacred tower inheritance, it couldn't explain much, just as Yunmeng Zezhouzi was a seven-pagoda emperor-level tianjiao, and he was expected to enter the middle stage of the sacred. But that's just hope, and it doesn't mean that you will definitely become one. There are too many tianjiao in the heavens. I am afraid that only one of the hundred tianjiaos who have the hope to enter the middle of the heavenly sage will become true. Break through, the remaining ninety-nine

This is either unreachable, or it fell through the process of experience and became a cornerstone.

So Qin Chen's words really scared Yan Ruyu.

"Dust... Little Dust is really big ambition!"

Yan Ruyu was stunned for a long time before he stammered, but this sentence is definitely not a compliment. What if he is a mere sage, no matter how talented he is? Actually said to be the Lord?

You must be regarded as a fool to speak out.

Qin Chen said: "If Yun Mengze can help me ascend the position of the Holy Lord, then I might as well meet him, otherwise I won't waste my time."

your sister!

Yan Ruyu almost slapped him. If he can become a holy lord, then Yun Mengze would care about you as a clown? Ze Shao doesn't bother to care about you at all.

She really has nothing to say.

When people talk about business, they are all asking prices and paying back. But as soon as you make a price, you get the sky-high price. How can people pay it back? No matter how much it is, it is still high.

"Then... the slave family went to ask Ze Shao for instructions." Yan Ruyu finally got up and left, looking a little confused.

This is the first time that she has gone so badly in front of a man, and it is also the first time that she has gone back empty-handed. It has been a big blow to her, and she can't help but wonder whether her charm has faded?

What a shame.

What kind of genius is Qin Chen, he is simply a lunatic.

Yan Ruyu hurriedly went back and was ordered. Qin Chen thought it was quiet. Who knew that within an hour, someone came to visit again.

Yun Mengze, Yunzhou Zhouzi, came to visit him personally, with Li Wanxue beside him.

"Brother Chen!"

As soon as Yun Mengze came in, he smiled, as if he was a friend who had known him for many years, without the smell of gunpowder in the examination square before, gentle and very sunny.

Qin Chen nodded, "Brother Yun." Without hitting the smiling man, Qin Chen wanted to see what kind of medicine was sold in Yunmengze gourd.

[Chapter 2673: Humanity](#)

"Brother Chen, don't come here unharmed."

Yun Mengze had a gentle smile on his face, as if there had never been a conflict between the two, like two old friends who had reunited after a long time.

"Brother Yun, just talk about it, I'm still very busy." Qin Chen asked the two elders to retreat, not in the mood to talk with Yun Mengze.

Yun Mengze's face twitched, but he quickly returned to normal. He smiled and said, "Brother Chen, I am here this time, mainly to apologize to you."

"Huh?" Qin Chen was surprised, why did he apologize?

"Brother Chen, during the assessment of the ancient holy tower, Yun Mou said a few serious things. Actually, this is not Yun Mou's sincerity, so please don't take it seriously."

"Okay, I accept your apology."

Qin Chen nodded and said, "Brother Yun has anything else to do?"

Yun Mengze was trembling with anger because he was too lazy to pay attention to Yun Mengze, just wanting to drive people.

Calm, calm.

He suppressed his anger and said to himself that this was a political task given by his father and had to be completed.

He squeezed a smile again and said: "Yunmou heard that Brother Chen and the Soulfire family had some misunderstandings, so he specially brought the eldest lady of the Soulfire family to apologize, Wan Xue, and did not apologize to Brother Chen."

He scolded Li Wanxue with a cold look.

Li Wanxue trembled, resisting the humiliation and bowing: "Dust...less dust, I'm sorry!"

There were tears rolling in his eye sockets, and he firmly held back, not letting it roll down.

Qin Chen shook his head in his heart. This woman is really pitiful. The ancestors of his family of souls and fires have been killed, and they have to say sorry to their enemies. Heaven is indeed a place where the weak and the strong eat the strong. You have the strength and always occupy the highest truth. .

But Qin Chen did not have any sympathy for the Soul Fire family. This world is already weak and strong. If he were not strong enough, it would not be Li Dongyu, Luo Xin, or Li Luo who would be killed, but Qin Chen and the Ao family. . "It's okay, although the people of your Soulfire family have always been arrogant, pretentious, and murderous, but people don't offend me, I'm not a criminal. This young man is not the kind of caregiver who killed the ancestor of your Soulfire family, the culprit. , This matter also

It's over. Of course, if some people have to find death, then the young man will not let the tiger go back. You should understand what I said. "

Qin Chen waved his hand casually, "Since everything is over, let's see off the guests."

"Wait a minute."

Yun Mengze was almost suffocated. Now that he left, he really came to apologize. "Brother Chen, Mingren doesn't talk secretly. This time Yun comes here, there is one important thing. You are a person with great ambitions, and it happens to be the same for me. You and I are the world's arrogance, the future strong, if you are You and I join forces, and the future is just around the corner.

Tianyun came here, first to resolve the unhappiness before, and second, also to represent my Yun family, and join your Chendi Pavilion to create a better future, how about? "

Yun Mengze looked serious and looked at Qin Chen with an expression of expectation. His posture was extremely sincere. The kind of enthusiasm would soften people. With his beautiful appearance and sincere eyes, people couldn't help but agree to it.

It's no wonder that a woman like Yan Ruyu is also willing to do things for him. She is known as the number one arrogant in Yunzhou, and no one refuses. This person is serious, and she is really outstanding.

Qin Chen looked at Yun Mengze twice.

Speaking from the heart, this person's personal charm is really strong, so he can easily gather people's hearts. With such a reputation in Yunzhou, if Qin Chen does not have eyes that can see through people's hearts, it is really possible to be inspired by this person, let go of grievances, and cooperate together. .

But Qin Chen's vision was that he was betrayed by his beloved and brothers in his previous life, and he had seen too many of them in his life.

Some people, no matter how sincere they behave, their nature is extremely mean, and this nature cannot be changed.

Li Wanxue was probably attracted by Yun Mengze's temperament and fell into the wolf's den. Think about it, even a woman like Li Wanxue who has a marriage contract with him, or even a woman who may have been his wife, can abandon her so-called great cause, and bring her here to apologize to her enemies humiliatingly, hoping that this person will keep her promise. Put down into

see?

That's hell!

Therefore, Yun Mengze seemed very angry, and even brought Li Wanxue to apologize in person. What Yun Mengze didn't know was that by doing so, Qin Chen could see through his essence and felt disgust in his heart.

Qin Chen smiled faintly: "I have no ambitions. I just want to live my life safely. I'm afraid I can only live up to Brother Yun's expectations."

fart!

What do you say to Yan Ruyu? Don't you want to become the Holy Lord, now you have no ambitions, when I am a three-year-old child? Who are you lie to! Yun Mengze couldn't help but his face turned dark, and he felt a little tired when he encountered a guy like Qin Chen who couldn't get in. But Qin Chen is too critical, Nine Towers Tianjiao, even he is jealous, and now Chendi Pavilion's momentum is too great, it has already affected him

The status of our Yun family must be brought in!

If he couldn't win Qin Chen over, then the Yun Family would really be passive.

Absolutely not!

He repeatedly persuaded Xu Yizhong and even Yan Ruyu to be used as a bargaining chip. As long as Qin Chen nodded, it was not that he could not consider sending this charming and charming stunner to him as a concubine.

Even his words faintly hinted that as long as Qin Chen was willing, even Li Wanxue from the Soul Fire family could consider giving it to Qin Chen.

This is simply a scumbag.

Qin Chen couldn't help but feel contemptuous. He was able to give away the woman who had a marriage contract with him, and even the subordinates who admired him as goods. This person's nature is really good.

In Yun Mengze's eyes, everything is not as important as his own. He is a selfish person. In order to become stronger and for status, he can abandon everything, his wife and children are not an exaggeration.

For all this, there is nothing he cannot sacrifice or give up. Because in the future he can get it back a hundred times, a thousand times.

Now Yun Mengze can give Yan Ruyu and Li Wanxue to him, and then he can take it back in the future, and even if he has a daughter-in-law, he will be snatched away, because he can shed the grievance and kill the donkey. Li Wanxue was frightened and trembling, but she couldn't say a word, because from the moment she fell into the Yun family, she had already lost her freedom, she could not violate the Yun family, otherwise, all in the Yun family Disciples of the soul fire family will die

, And she Li Wanxue can't live either.

She hated, at this moment, endless anger was burning in her heart. Her hatred for Yun Mengze even surpassed the hatred for Qin Chen.

But she did not dare to show the slightest. Qin Chen had no intention of intersecting with him, but now he was even more disgusted, and said lightly: "I'm a little tired, please go back."

[Chapter 2674: Thirteen thieves](#)

Yun Mengze's expression turned into a gloomy cold, he had never been so humble before, and was rejected repeatedly.

He has always been the only one who rejects others and makes people leave. How can he be disgusted by others like he is now?

You have to know that no matter how awesome you are, you are only a sage, and you are not a strong one. It's just like that. If you really become a sage, I have you Chendi Pavilion in Yunzhou, don't my Yun family have to look at you Act on face!

A few words about you, who do you really think of yourself?

Yun Mengze sneered in his heart, this Qin Chen really thought he was terrific, could the Yun family not move him?

"Brother Chen, don't forget, although you have passed the eighth floor of the ancient sacred tower, you are not yet a disciple of Heavenly Work?"

Qin Chen said, "What?" "I just want to tell Brother Chen that I, Yunzhou, is not a peaceful place, let alone Yunzhou. In the heavens, no place is peaceful now, everywhere. All are in danger, now Brother Chen is not a day-worker, yet so

Yang, maybe someone sees Brother Chen not pleasing to your eyes, so you have to be careful, Brother Chen! "

He smiled lightly and said, his smile was cold, and it seemed to be persuading Qin Chen, but it was full of threats.

This is revealing one's nature.

Tell Qin Chen that Yunzhou is not safe, and maybe Qin Chen will be killed by someone.

"If Brother Chen agrees to cooperate with Yunzhou, my Yun family, as the head of Yunzhou, must keep Brother Chen safe, otherwise..." Yun Mengze warned with a heavy meaning.

Qin Chen chuckled. Since this guy is already going to tear his face, he doesn't bother to deal with it, and calmly waved his hand: "You can worry about the safety of my young master."

"If this is the case, then Brother Chen will ask for more blessings."

Yun Mengze turned and left, his expression suddenly becoming extremely cold. It wasn't that he didn't listen to his father's orders, but that Qin Chen didn't know good or bad and had no intention of cooperation.

Since he couldn't win him, he was an enemy, and his Yun family had never been gentle with him.

Returning to the state main mansion, Yun Mengze reported the results of this time like Yun Dongguang for the first time.

"He really said that?" Yun Dongguang's expression was indifferent, his eyes were calm, and he couldn't see any inner thoughts. "Father, the sentence is true, otherwise, you can ask Wan Xue, that Qin Chen is too arrogant, and he didn't put our Yun family in his eyes at all." Yun Mengze said with a chill, angrily: "Now, he is Chen Di Ge is already so arrogant before he gets up, if

He really joined the work of Heaven, after the rise of Chendi Pavilion, is it worth it? I am afraid that the position of Yunzhou State Lord will be occupied by his Chendi Pavilion. "

"Interesting, really interesting."

Yun Dongguang laughed.

"Father, you are still laughing." Yun Mengze was anxious: "You must find a way to kill that kid, otherwise my Yun family will be over."

"Ze'er, what are you anxious for? I have already found someone for my father. I guess, it won't be long before the other party will arrive soon." Yun Dongguang said lightly.

"what?"

Yun Mengze was stunned: "Father, you have found someone? Who is it? Is it the elders?" "Idiot, how can someone from the Yun family do it themselves, once the truth is discovered, my Yun family How can I get a foothold in Yunzhou? How does Tianjiao think of my Yun family? I found 13 thieves for my father, and the other party has rushed over immediately

Now, it will set off a storm in the city of Yunzhou and behead that kid. "

"Thirteen thieves?"

Yun Mengze was completely stunned, his father was so big. The thirteen thirteen thieves are a group of thieves near Yunzhou, Lingzhou, and Yanzhou. Its leader is thirteen evil stars, each of which is a half-step celestial sage. Among them, the leading thieves have the highest cultivation base. , Used to be a master of heaven, hide and escape

amazing.

However, this person acted arrogantly, because he offended a master at the early stage of the Heavenly Sage, was chased and killed by that person, and escaped from the strong man's hands. However, he was seriously injured because of this. It took a long time for Tiansheng.

He is also a half-step heavenly saint, but this person is far superior to the average half-step heavenly saint, and because of his amazing body, even the master of the heavenly saint may not be able to keep him. After being seriously injured, his temperament changed drastically, and he established thirteen The Bandit Alliance, specializing in home robbery.

Over the years, the thirteen thirteen thieves have developed rapidly, recruiting a total of twelve half-step celestial saints to cause disaster.

These thieves are extremely powerful. Yunzhou, Lingzhou, Yanzhou and many other forces have encircled and suppressed several times, but they all ended in failure. There were even Heavenly Saints teaming up to carry out lore.

But these thirteen thirteen thieves were well-informed, and the heavenly sage was dispatched and disappeared. Even the first thirteen and the heavenly sage were able to confront and escape, which caused a headache.

Once the besieged Heavenly Sage left, they would once again rob and plunder, countless forces were destroyed, and the Saint Veins were plundered.

There are so many unparalleled holy cities like Cangxuancheng in the heavens, and countless of them have been destroyed by these thirteen thieves.

Qin Chen also surrendered the forces of Tianyue City, Ancient Language City, Fengyun City and other forces, but at most he incorporated the other party and returned to his own rule, and would not kill.

But these thirteen thirteen thieves are extracting ancient holy veins, refining masters, and even offering weapons of the magic way, such as locusts entering, sweeping a city, corpses bleeding across the field, and drifting in blood.

This is an extremely cruel bandit group. It has a terrible reputation around Yunzhou, and everyone hears of it, so Yun Mengze is not surprised.

"Father, how did you get in touch with these thirteen thieves, thirteen thieves, they are so mysterious, no one knows their nest, it is impossible to contact them." Yun Mengze said in disbelief.

"Hehe, ordinary people can't get in touch naturally, but who is the father?" Yundong smiled faintly: "Why do you think these thirteen thieves have been able to survive the siege of Dazhou several times?"

"Is it father, you whispered to the news?" Yun Mengze was shocked. His father had colluded with the thirteen thieves. This... it was amazing. The top thieves near Yunzhou had contact with the lord of Yunzhou. No wonder several major states have jointly encircled and suppressed several times, and the thirteen thieves are all safe and sound.

!

"What is collusion? You love me." Yun Dongguang sneered at the corner of his mouth. "Hahaha, when the thirteen thieves come, there is no doubt that Qin Chen will die. However, the Chendi Pavilion is located in the center of Yunzhou Prefecture. How can the thirteen thieves break in? Some forces in Yunzhou have heavenly sage masters. As soon as the three thieves appear, they will be

Encircle and suppress? "Furthermore, it won't be long before it's the appraisal of the Tiangong's refining division. The thirteen thirteen thieves must arrive before then. Otherwise, if Qin Chen passes the examination of the Tiangong, he will definitely not have the character of Tiangong. Would make Qin Chen easily killed

. "Yun Mengze pondered for a moment, then spoke again, somewhat puzzled.

[Chapter 2675: Create your own magical powers](#)

"My son will finally be able to think, yes." Yun Dongguang laughed, his eyes cold: "Don't worry, my father has notified the thirteen thieves a long time ago. The other party will arrive soon. That kid didn't participate in the heavenly work. The opportunity for the appraisal of the refining division, to

The thirteen thieves will be discovered by other heavenly saints. This Yunzhou prefecture is controlled by my Yun family, and the formation control is weak and strong. I know all about it. It is not easy to let the thirteen thirteen thieves in and out. "

Damn, it turns out that my father had contacted the thirteen thieves a long time ago and wanted to deal with that Chendige, so why did he let himself win over that Qin Chen.

Yun Mengze was speechless. Yun Dongguang glanced at Yun Mengze: "It's for your own good for your father. You are too arrogant and it makes you frustrated. It is not a bad thing. In the next few days, you don't have to worry about anything, you just need to prepare for the refiner with peace of mind. The division assessment, and then wait for Na Qin

The news that the dust was killed. "

Yundongguang's voice fell, and his figure flickered, but he disappeared.

Yun Mengze trembled with excitement, and his eyes were cold: "Qin Chen, Qin Chen, this is the thirteen thieves, if you can escape this time, I will give your last name!"

He smiled yinly, his figure flickered, and he disappeared.

In the Chendi Pavilion, Qin Chen didn't mind Yun Mengze's threat at all, but quickly entered the jade disc of Universe Good Fortune.

He has gained many gains in the ancient holy tower, and now he wants to form his own power with these gains.

As soon as he entered the Universe Good Fortune Jade Plate, Qin Chen ignited the remaining two ancient sacred veins, one of which was obtained in the Yan Luo Secret Realm Cave, the highest quality among the land-grade sacred veins, and the other was exchanged from the Wangu Building , The rest.

As soon as the two sacred veins were ignited, Qin Chen felt the vitality of countless sacred veins passing from the endless void and entering his body. The cultivation base that had originally stopped was slowly increasing.

You must know that Qin Chen's Saint Yuan had already been promoted to the extreme when he was cultivating before, but he lacked the Earth Sage's insight and almost broke through the peerless Earth Sage.

But now, the Saint Yuan aura in his body can be improved again, this is because he has gained a new understanding in the ancient sacred tower and has a new understanding of his own power. The aura of the ancient holy veins of the earth and the origin of the earth sage in Qin Chen's body blended with each other, producing a gossamer-like earth sage power, tens of thousands of earth sacred powers intertwined, condensed, calcined, and finally turned into one. Bigger book

Law of Source.

"Awesome, with my sentiment, my strength can actually be improved. This is a sign that I want to surpass that Xuanyuan Jue."

When Qin Chen and Xuanyuanjue were fighting against each other, the power lies in the physical body, otherwise he would have been defeated long ago, but in terms of combat skills and martial arts, this Xuanyuanjue had to be superior to him, which was where Qin Chen wanted to learn. "My martial arts are too complicated. There are common exercises and martial arts from the Tianwu Continent, and some exercises learned from the heavens. However, many of them are not top-level exercises. Facing some ordinary martial artists, it is far enough. , Can be like

If I face some real preachers of great religions in the heavens, saint sons and saints, it will become my weakness. "

"So, what I want to do now is to integrate all my exercises, martial arts, and skills into a powerful move that belongs to me."

Qin Chen kept thinking about the process of the battle between himself and Xuanyuanjue, secretly calculating.

Moreover, because of the transformation he got in the ancient sacred tower, his comprehension and calculation speed have improved by leaps and bounds, his mind is clear, various inspirations are endless, and his shining points continue.

"Sacred Finger!"

Moreover, what Qin Chen estimated was not only his own process, but also the opponent's moves, and any movement of the Saint Yuan was spied on and understood by Qin Chen. In addition, Qin Chen is also calculating his own techniques, Fengyun Tyrant Body Jue, Shengwei Seven Kill Jue, etc., and many other techniques, he tried his best to estimate that he didn't want to learn Xuanyuanjue's martial arts, it was someone else's. Things, and, just by fighting, Qin Chen

No matter how high the talent is, it is impossible to learn the true essence of it.

Qin Chen was reflecting, reflecting on his own martial artist's life, jumping to a point where he left all angles aside, and was prying in the sky.

And with Qin Chen's calculation, every piece of Earth Saint Origin in his body was trembling and surging.

Hum!

In the distance, the Ten Thousand Worlds Demon Tree suddenly surged, and countless original magic powers escaped, making Qin Chen's mind more transparent.

The Demon Race is evil, but the Way of Demon is not evil. This Demon Tree of Ten Thousand Realms contains the original rules of the Demon Way, allowing Qin Chen to be more transparent.

Gradually, Qin Chen began to understand, he wanted to integrate all his martial arts and combine his life to create a martial art of his own.

Perhaps, this martial art will be very weak at first, but it really belongs to Qin Chen himself.

What Qin Chen didn't know was that creating his own magical powers was the beginning of countless great figures. As long as he had his own way, he could create his own things and finally achieve something.

However, creating magical powers is also the most difficult, because Qin Chen will end many powerful martial arts in the process of cultivating, such as Rift Sky Shenhen, which is even the most terrifying magical powers in the heavens, the Holy Master magical powers.

With these jewels in front, it will become an obstacle for Qin Chen, because with the current strength of Qin Chen, it is impossible to create a martial arts that surpasses the divine power of the Holy Master. If he is obsessed with this, then he will fall into disarray.

But Qin Chen was sober, he didn't seem to create a martial arts that surpassed the divine power of the Holy Master, but learned from them and bred something of his own first. Then continue to improve this magical power.

Qin Chen is now close to a peerless earth sage, and he is qualified to comprehend his own things, and having his own things is equivalent to having a core, so that he can truly grow into a top figure.

Qin Chen didn't know that all top powerhouses had to go through this step. Why are there so few heavenly holy masters? Because every holy lord has walked out of his own way, it is impossible to advance to the realm of holy lord by following the way of others.

It can be said that Qin Chen has already embarked on a correct path to become the Holy Lord.

This is a place that even some heavenly saints did not realize.

Compared with these heavenly saints, Qin Chen is far ahead.

Qin Chen's mind was running fast.

Thunder, space, kendo, killing, time, sky fire, magic road, everything...

Qin Chen's spirit was highly concentrated, and countless supernatural powers revolved in his mind. All kinds of Taoism, even the martial arts, supernatural powers, and exercises learned in the Tianwu Continent have been restored.

Various rules, including the rules of the foreign demon continent, the rules of the heavens, the rules of the Tianwu continent, and even the rules of the origin, haunted Qin Chen's mind. These rules and powers, now as if feedback, are spitting out one after another, in his soul sea, a river of stars has evolved, in that river of stars, every star is a magical power.

[Chapter 2676: Origin magic](#)

In a daze, Qin Chen once again operated his own Saint Yuan, the stars exploded and turned into countless rays of light. In the rays of light, a personal figure flickered, performing moves and evolving magical powers.

Countless figures, each one has different moves in the exercises. It operates a rule, a kind of profound meaning, evolving, and all moves are calculated to the strongest point.

Qin Chen came along, how many enemies did he encounter? How many powerful enemies have you seen, how many unique skills and martial arts each enemy has practiced?

Some of the opponent's martial arts, Qin Chen himself had forgotten, but now, it appeared in Qin Chen's mind, because these moves, techniques, and martial arts were all imprinted in the depths of his mind. Now, they suddenly erupted. come out. Every magical power has a profound truth in it, even the most low-level martial arts, such as some moves and basic martial arts that Qin Chen saw in the Land of Five Kingdoms, but at this moment, they have all evolved and turned into countless figures. middle

One.

How many figures are there?

Endless, like the gravel of the Ganges, there are endless.

Qin Chen was a human from the two generations. In his previous life, he was the top figure in Tianwu Continent. He was well-informed. In his second life, he practiced the magic way, trespassing in countless secret realms.

If it is an ordinary person, under such circumstances, he would already be confused. However, Qin Chen Zhizhu was holding it, and there was no mental fluctuation at all. His soul was powerful, and his understanding reached the sky. During the deduction, his soul deduced to the extreme. Suddenly, a light of thunder rose from it and turned into one.

The huge thunder phantom suppressed many supernatural powers.

This is the supernatural power of Thunder.

"Golden rulings, endless punishments, thunder and lightning come to the world, everything is prisoner!"

This thunder giant sang, this is a mysterious rune, and thunder light lingers around the giant, like the ruling and punishment of the heaven, in charge of the life and death of living beings.

Boom!

This thunder phantom is Qin Chen's thunder bloodline, and also Qin Chen's strongest profound meaning. Now that he has calculated his supernatural powers, this thunder secret is the first to stand out. At the same time that the Thunder Void came to the fore, in Qin Chen's mind, many secret laws were about to move around and compete with each other. Suddenly, a round of emptiness rose up into the sky. He held the empty palm, which could not be seen by the naked eye, but could travel through the sky. instant

Move between.

This is the supernatural power of space.

Afterwards, the magical power of killing appeared, and a ray of black light emerged from among the thousands of figures and turned into a **** sun in the sea of souls, covering many of the auras of the mysterious powers.

Actually simulated the vision of killing the gods.

"Heaven and earth kills the robbery, the primordial spirit sinks, turns into a killer, eternal purgatory..."

This black big sun made a magnificent voice and turned into a black Taoist. The way of killing is like the emperor of the night, the coming of the killing god, and the face is not clear, like the killing **** is coming, he must take charge of all living beings.

Then, a terrible flame burst into the sky.

Flame Profound meaning.

Various avenues, profound meanings, reaching a certain critical point, will soar into the sky, turning into huge ghost shadows, evolving the original laws, and competing with each other.

"Tao begets one, one life is two, two is three, three is all things, ten thousand dharmas become one, one thought gives rise to ten thousand dharma, Tao is natural."

At the end, countless big figures appeared in Qin Chen's mind, and he himself turned into a heavenly existence, suppressing and controlling these rules, profound meaning.

Countless sacred energy is burning.

Fortunately, Qin Chen has a lot of ancient sacred veins, otherwise the shaking Saint Yuan consumed by the deduction will exhaust his body and turn him into a living dead.

There is not enough ancient holy veins, it can't support it at all.

I don't know how long it took.

Boom!

In Qin Chen's mind, that mysterious ancient book unexpectedly appeared. Om, the ancient book suddenly burst into light, covering countless laws and giants.

In a trance, Qin Chen felt that in the heavens he didn't know where, what depth of time and space, a powerful existence that surpassed all things in the heavens, seemed to vaguely contact him.

However, Qin Chen could not see clearly what that mighty existence was!

He just felt that he seemed to have gone through the birth and death process of the universe.

Experienced the origin of everything.

"My own martial arts, I call myself the origin, the origin of all things, the origin of magic!"

Qin Chen opened his eyes suddenly and looked towards the future.

The Tianwu Continent is the Source Continent, representing the origin of the universe. As the son of the plane of the Source Continent, Qin Chen realized the origin of that trace of heaven and earth. This is the beginning of the heaven. Everything comes from the chaos and returns to the chaos. .

Therefore, Qin Chen's martial arts was born from the origin of all things.

A spiritual light soared to the sky.

Boom!

Above the sky of Yunzhou, there was a sudden roar, ghosts weeping, and the endless sky above, there was thunder, dark clouds, and terrible pressure. Various visions appeared. It seems that such a powerful martial arts is not allowed to be born. .

In the entire Yunzhou prefecture, all the warriors didn't know what was going on, and they all trembled and looked up in horror, as if they saw Tiangong furious.

"this is....."

In that inexplicable refining shop, Mu Gutian opened his eyes wide and looked at the sky at once, his pupils were like magical swords, as if to split the sky. He was inexplicably shocked, and said in amazement: "This is... the power of heaven. Is there any treasure born against the heavens? Heaven is jealous and is not allowed to be born? But why can't I feel a little light? No...Why heaven? Of majesty

In, still a hint of joy? "

"It's like crying like laughing, why is the breath of heaven so weird?"

Mu Gutian was frightened and stunned, feeling such an emotion from Heaven for the first time.

In the entire Yunzhou, he was the only one who felt this. The others only knew that Heaven's Dao was furious and shivering, and they didn't know what happened.

In the Chendi Pavilion, Qin Chen's mind was finally clear, and countless profound powers merged together, turning into thunder for a while, flame for a while, killing, space, and even eternal and immortal...

All kinds of profound meanings are surging.

The supernatural power of origin represents the origin of heaven and earth. Nature can evolve everything, everything is origin, and everything is destroyed. At the moment when this magical power was formed, Qin Chen's Earth Sage's origin did not increase in the slightest, nor did it become stronger, but it was older, tougher, and more indelible. In an instant, he seemed to have changed even more. Unfathomable, incalculable

.

It can be said that Qin Chen has condensed his first magical powers, and his cultivation level has not been improved, but he has already reached a height, a height comparable to the Holy Master.

He created his first magical power with the cultivation base of the peak of the late Earth Sage. "Finally! All things come and die, the origin of magical powers." Qin Chen opened his eyes, and the aura on his body became extremely deep, and a force of strength emerged spontaneously.

[Chapter 2677: Supreme treasure?](#)

Qin Chen finally achieved his martial arts, his core principles.

The way of origin, the origin of all things, will always stand at the front of countless roads, because there is an origin before there are thousands of rules and meanings.

As soon as the path of origin is formed, all the laws and profound meanings are incorporated into it, and the power in it is absorbed. With a slight change, the power is born from the origin, as if it is endless.

Originally, Qin Chen couldn't perceive such a terrible origin.

But at the critical moment, the ancient book appeared, and he was the son of the plane of the source continent, breaking through the holy realm through the source of the source continent, combining the two, prying into the essence of the universe opening, the root of the formation of the heavens.

So he can understand the origin of this thread. However, Qin Chen's way of origin is still very weak. He just feels the light of origin opened up by heaven and earth, and has not really completed the way of origin. However, as Qin Chen's cultivation level increases, Qin Chen's understanding of origin Understanding will be better

The deeper, the realization of the true origin art.

"This mysterious ancient book is too mysterious. I got it in a forbidden place. It will accompany me throughout my life. I can't even see it now. What kind of treasure is this?"

Recalling the previous process, Qin Chen was shocked. If there were no ancient books, his own martial arts would not be so smooth. What made him even more shocked was that he was so knowledgeable, even the breath of the Holy Lord and the treasures of the Holy Lord, he had seen a lot, but when faced with this ancient book, he felt completely incapable. As if this ancient book is above all things

Treasures are not allowed to be spied on at all.

"Could it be... the supreme treasure?"

Qin Chen now only knows that there is a supreme above the Holy Lord, but he doesn't understand the specific realm. Therefore, he can only call this ancient book a supreme treasure that surpasses the Holy Lord.

"Don't think about it, I'm still too weak. When I become the strongest of the heavens step by step, I will reveal all this."

Qin Chen stood up and punched out.

Boom!

Qin Chen's power even penetrated beyond the universe's good fortune jade disc, and his will penetrated the void and rules of the heavens until the end of endless time and space.

When the whole body of the earth saint originates this punch, it twists and changes, shocks and blasts, forcefully pulls mountains and rivers, and shakes the momentum of the universe.

However, it was this casual punch that consumed a lot of Qin Chen's original energy.

For this punch, Qin Chen was very satisfied.

In terms of power, it is only stronger but not weaker than the rift in the sky.

The only dissatisfaction is that he has consumed too much origin, and his power is not enough to allow him to use too much origin.

"Cultivate slowly, and for a long time to come, I will make this Dao of Origins insight and performance more wonderful, and continue to create the future." Qin Chen squeezed his fist, showing a strong belief.

"Although my cultivation level has not improved, but now a half-step Heavenly Sage like Li Luo, if I dare to trouble me, I can kill with one punch. Even if it is a strong Heavenly Sage, I can fight."

"Of course, the top priority is to upgrade the cultivation base to the peerless earth sage. I have a hunch that I will enter the peerless earth sage this time."

Qin Chen sat down cross-legged again, absorbing the ancient holy veins, and comprehending the rules of the earth.

His body was shining brightly, and various powers were permeating and merging, and a breath of peerless earthly sacredness began to slowly escape.

And when Qin Chen was practicing in retreat.

Outside the city of Yunzhou, a remote place.

Boom!

Several terrible auras appeared. The leader was a terrifying strong man with a mask. His breath was at the peak of the Heavenly Sage, but he exploded with terrifying power like the Heavenly Sage. The countless rules of the Heavenly Sage were in his Haunting around.

And there were three people standing beside him, all exuding terrible power, each of them was a half-step heavenly saint powerhouse, and a leader among half-step heavenly saints.

The breath of the three of them is extremely fierce, endless killing and destruction power surges, each is extremely vicious, and together, they can even fight against the Heavenly Sage master.

As soon as these four people appeared, the ban outside the city of Yunzhou was suddenly opened, and a magnificent figure appeared in front of the four.

"Are you here?"

The magnificent figure said to the four people in front of him. "Jie Jie Jie, Lord Yunzhou, in front of our brothers, you have to hide your head and show your tail, let's say, who are we going to kill this time, let us venture into the Yunzhou state capital, you know, in the Yunzhou state city? There are several masters in Tiansheng

, In case it is discovered, our thirteen thieves will be unlucky this time. "

The leading mask man laughed gloomily, his voice harsh, chilling, and can stop the child from crying at night.

"Why, the first thief, are you scared?"

The magnificent figure sneered, it was Yun Dongguang, the lord of Yunzhou Prefecture. "Qua Ga, Yun Dongguang, you and I are old acquaintances, and I don't want to say anything else. My thirteen thieves have robbed the house and killed thousands of people. When are you afraid of it, even if we let us kill the gods, No problem, let me know this time

Who are we killing? The ancestor of the ancient Xu family? Tenryu Temple Tenryu real person? Or is it the Tianhe boss of the Tianhe Zhenzong, the largest sect in Yunzhou? "

The first thief Gaga said, all he mentioned were the ancestors of the Heavenly Sage in Yunzhou, a powerful man in the world.

In his opinion, it was such a character that could make the Yunzhou Governor tear off his face and call them thirteen thieves.

"No, it's a young man." Yun Dongguang said.

"young people?"

The first thief was startled and chuckles: "Master Yun, what are you kidding, let us kill the young man? Wouldn't it be madness, right? What is the cultivation level of the young man you mentioned?"

"I didn't make a joke with you. This son, named Qin Chen, should be in the Peerless Di Sage. His name doesn't need my introduction. You should have heard of it if you want to come." Yunzhou Governor said coldly.

"What? That's the heavenly arrogant man who broke into the ninth floor in the ancient sacred tower of the Heavenly Work Martial Artist?" The first thief, shocked and inexplicably, flickered in cold eyes: "Master Yunzhou, You want to kill him? I understand. I heard that Qin Chen has established a power of Chendi Pavilion. You are afraid that the other party will rise and occupy your Yunzhou.

Therefore, I want to cut the grass and remove the roots. I also heard that your Yunzhou and the Soulfire family are married, and that Qin Chen is the guy who killed the soulfire family Liluo ancestor, so he also has hatred with your Yun family, quack. "

Thirteen thirteen thirteen thirteen big states, what do they rely on?

Be careful! They don't care about anything else, but intelligence is their top priority. After the assessment, Qin Chen's reputation spread across several major states in an instant. Why can't the thirteen thieves not collect information? So while breathing, they talked about Qin. The various materials of the dust are flowing backwards.

[Chapter 2678: Breakthrough Peerless Saint](#)

"That's it, quack, kill a world-famous arrogant, I like this kind of business, but the ugly thing is the front, the friendship is the friendship, this time the business, the price is not low, you have to be prepared."

What could be more exciting than killing a world-famous arrogant, the fierceness of the number one thief immediately emerged.

"Don't worry, when did this seat treat you badly?" Yun Dongguang raised his hand, and a jade card instantly fell into the hands of the first thief: "This is the jade card that opened the prohibition of the Yunzhou state government, and it is recorded at the same time. After knowing the location and structure of the Chendi Pavilion, after killing that kid, you can use this jade card to play

Break the ban and leave here, and the jade card will automatically be destroyed after you use it, leaving no trace. "

"Remember, Qin Chen is the first goal. This son must die. As for others, kill as many as you can. Once you are exposed, be careful. Not only will this seat not admit that you have any relationship with you, but also I will catch you."

"Quack, Lord Yunzhou, you don't need to remind you of this little thing. You are the lord of a state, a gentleman, we understand." The first thief laughed.

Yun Dongguang didn't speak, his figure shook, and he disappeared.

"Big brother, are we really doing it? I heard that Qin Chen broke into the ninth floor of the ancient sacred tower of Tiangong, and the examiner of Tiangong admires it very much. If we kill that kid, I am afraid..." , No matter how strong Tianjiao is, isn't that kid who hasn't become Tianjiao yet? What reason does Tianjiao take?" The first thief narrowed his eyes: "Furthermore, that kid is in a small grade and can break into ancient times. The ninth floor of the holy tower is the cover

Shi Tianjiao, this seat is also unheard of. There must be a big secret in this son, a big chance, killing him, these things will be obtained by us, and we will surely make the thirteen thieves take off again. "Of course, for the sake of vigilance, this time the four of us will take action to kill a peerless holy. It is enough. As for the fifth and the fifth, let them all hide near here, and we will set up the Treasure Ten Thousand Thieves Cave, ready to respond at any time. , Yundongguang that

Guy, cruel, I won't completely believe him. "

"See you, big brother."

The remaining three strong men all grinned.

"Go, I will meet that kid."

Huh!

The first thief flickered, Yunzhou forbidden to open, and the four of them rushed into the prefecture and disappeared.

Chendi Pavilion.

In the jade disc of good fortune.

Qin Chen's cultivation had come to an end, and he had swallowed all the two ancient sacred veins, and the terrifying ancient sacred veins left by the Lord Yama also haunted a terrifying force.

At a certain moment.

Hum!

All the earth sage origins in Qin Chen's body were integrated, and the endless earth sage origins' powers instantly combined to form a thicker and more perfect earth sacred origin.

boom!

A breath of invincibility that frightened the eternity, ruled the world, and the world burst out from Qin Chen's body.

Qin Chen's body was gushing with endless divine glory, with sparkling hair and golden light from the roots, and shocking weather erupted between his gestures.

Peerless Earth Saint, broke through.

"This is the Peerless Earth Saint Realm?"

Qin Chen stood up, feeling every part of his body in shock, the endless and terrifying earthly sacred aura was surging, like an arm driving, as if he could open the world with his fingers.

This feeling is too comfortable and amazing. Peerless Earth Sage represents a martial artist's understanding of the rules of Earth Sage. It has reached the extreme and integrated them. It is the pinnacle of Earth Sage. Only by entering the realm of Earth Sage can you be qualified to understand the origin of Heaven Sage. , Comprehend the rules of heaven,

Integrate with the laws of the heavens and achieve the heavenly sage.

It can be said that Peerless Earth Saint is the cornerstone of Heavenly Saint.

Now, Qin Chen has finally reached this point. Although this is only a small breakthrough in the Earth Sage, Qin Chen has a feeling that he has undergone an unprecedented transformation, especially the various magical powers and rules, and the origin and soul of the Earth Sage are also Combine

, The real whole body has no leakage, and the thoughts are accessible.

boom!

He shot, and immediately, the endless void was trembling, and the entire universe of good fortune jade discs were roaring, the will to penetrate the rules of the heavens and suppress one party.

"It's no wonder that the Peerless Earth Saint Society is so much stronger than the later peak of the Earth Saint. This is not an increase in strength, but a mastery of rules."

Qin Chen perceives this realm carefully.

Huh!

He flickered and appeared in the training room, his thoughts spread out, and suddenly, the entire Chendi Pavilion's scenes were clearly presented in his mind.

Ao Qingling, Qin Tingting, Master of Ancient Medicines, and others are busy. Even though it is late at night, they are still dealing with various businesses, and there is no rest.

The countless auras of the heavens all appeared in Qin Chen's mind. At the moment of his breakthrough, Qin Chen's soul power was also improved.

"It's also thanks to the ancient sacred tower assessment, otherwise it will take a lot of time to enter the realm of peerless earth sacred."

Qin Chen sighed. He was sitting cross-legged, his body was full of holy laws, and he seemed to be cultivating. Various lights on his body flickered, and every ray of light contained a law that was unfathomable.

At this time, in a void outside the Chendi Pavilion, four cold shadows had already hibernated here, their eyes pierced through the endless void, peeping into the depths of the Chendi Pavilion, Qin Chen's training room.

These are the four of the thirteen thieves, hiding here, converging all their breaths, as if they are completely integrated into the night, no one can feel their breath at all.

This kind of concealment is terrible.

"This is that Qin Chen? The aura is really strong, with the power of the peerless earth sage surging in his body, he is a top powerhouse, but that's all.

A thief sneered.

"There are two or three big cats and kittens in the Chendi Pavilion. There are some strong ones, but the strongest is only the peerless earth saint. There is not even a half-step heaven saint. I don't know why Yun Dongguang is so jealous."

The other thief was very disdainful. "Hmph, don't be careless, it's no time for this child to break into the ninth floor of the ancient holy tower. Moreover, this person and Cangxuan City Lord Ao Lie killed the soul fire family ancestor Li Luo, that Li Luo, Although the strength is not very good, but at any rate it is a half-step Tiansheng, this son

Don't be careless if you can kill that Li Luo. "

"Second brother, you are too careful, then Li Luo is nothing. If he is still alive, I will teach him how to be a man every minute."

"Shut up."

The first thief whispered the sound transmission, and in his eyes, there seemed to be two dark nights surging.

"Do it!"

He shouted sharply, and in an instant, four figures shot out of the void.

"kill!"

The first thief shouted. Fast, too fast, the four people appeared together, aimed at Qin Chen in the training room, and shot at the same time.

[Chapter 2679: Eternal night comes](#)

The four big half-step Heavenly Sages shot together, how powerful is this?

Unspeakable horror.

Boom!

In an instant, the sky collapsed and the earth cracked, the Chendi Pavilion building burst into pieces, and the four powerhouses had already appeared in front of Qin Chen. The speed was so fast that everyone couldn't even react.

what?

Qin Chen looked up in horror, his expression shocked.

"Quack, kid, I haven't been able to react until now, what kind of arrogance, too naive, young man, you are too arrogant, today, this seat is here to kill you."

The first thief grinned and suddenly appeared in front of Qin Chen. His whole person, instantly, seemed to transform into a demon emperor, merged with heaven and earth, and he himself was heaven and god.

A terrible heavenly holy breath permeated out, covering the entire Chendi Pavilion.

Boom!

In an instant, the whole world was dark.

All the people in the Chendi Pavilion felt that the surrounding area was blurred, and nothing could be seen, nothing could be imagined, even the spiritual thoughts were blocked, as if they were trapped in an endless cage.

The first thief lifted a finger, and on the finger, the endless heavenly sage rules haunted, as if the whole world had been integrated into his finger.

"Who are you and why are you assassinating me?"

In this endless dark night, Qin Chen was full of horror, frightened and said, his body surged, as if to break through this endless bondage. At this moment, Qin Chen has been shrouded in endless darkness. This darkness is not the night of the heavens, but the magical powers of the first thief. It has blinded all the senses of the warriors in the Chendi Pavilion. The six senses are lost, like losing his eyes and ears. Can't see anything

Up.

This is the heaven-defying stunt of the first thief. Eternal night descends. Once shrouded by this magical power, the warrior in it will not know where he is, or even where his body is, as if he was exiled in the eternal nothingness. in.

The actions and roar of the Chendi Pavilion also instantly alarmed other shops and forces in the surrounding area. Numerous spiritual thoughts spied out one after another, and they were shocked and unbelievable when they saw such a scene.

"This is, Eternal Night is coming, the number one thief among the thirteen thieves."

"Hey, how come the thirteen thieves are here, that direction is the location of the Chendi Pavilion, is he going to kill the Chendi Pavilion's Qin Chen?"

"It's too arrogant. The thirteen thieves are doing harm to the various states. They dare to break into the Yunzhou prefecture to kill people today. They are arrogant, domineering and lawless." "Hmph, the thirteen thieves are not arrogant, and which bandit is arrogant, but this Once, they were too much, they even dared to break here, boldly, but unfortunately, that Qin Chen is dangerous, the thirteen thieves, the strength is above the sky, any one of them is a cover

Heavenly Sage is a half-step in the world, and the first thief was once a master of Heavenly Sage, and he dares to provoke and target the general Heavenly Sage. "

"It's over, although I don't know why these thirteen thieves wanted to kill Qin Chen, but the first thieves made the move, Qin Chen was dead."

Numerous exchanges of divine thoughts, frantically sweeping, but no one dared to come up. A joke, the thirteen thirteen thirteen thieves are vicious, and the places they pass are like locusts crossing the border, and humans and animals are dead. If these people dare to go up, it is simply looking for death. Let alone them, even if they are half-step heavenly masters, they dare not approach, for fear of being Kill, I'm afraid there is only heaven

Holy master, dare to stop.

But you have to be frightened, afraid to be surrounded by thirteen thieves, otherwise, even Heavenly Sage will be in danger. All of a sudden, various sighs, regrets, shocks, and gloating emotions one after another, everyone knows that Qin Chen is in danger. The Nine Pagoda genius is just a genius, not a strong one. In front of a ruthless man like the Thirteen Thieves, Must die

undoubtedly. "Quack, young man, this seat is the number one thief among the thirteen thirteen thieves. Remember this trick of this seat. Eternal night comes, it is the combination of the mind and supernatural powers of this seat to form a terrifying barrier. Qin Chen... ..You are a genius, but unfortunately, you are very sharp,

Don't you know the reason why Mu Xiuyu Linfeng will destroy it? Today, your life is taken away. "

"Remember, I was the one who killed you, the leader of the thirteen thieves-the first thieves."

In the boundless darkness, the voice of the first thief resounded, with a vicious and cruel, terrifying power, instantly enveloped Qin Chen, boundless, with nowhere to resist.

Not only here is Qin Chen, but in another place of Chendi Pavilion, the other three of the Thirteen Thieves also pounced on Ao Qingling, Qin Tingting, Ancient Medicine Master, Shang Gukong and others at the same time, launching a fierce attack.

Now that I have started, I have to cut the grass and remove the roots. Although Ao Qingling and the others are strong, they are just peerless earth saints. How can they withstand the half-step heavenly saint's sneak attack? What's more, these thirteen thieves are still outstanding among the half-step heaven saints, and they didn't even react. , The other party's attack has been

After falling, swallow them.

In an instant, everyone in the entire Chendi Pavilion was in danger, and life and death were on the line.

At this moment, Qin Chen, who had been shocked, suddenly smiled strangely. "Who am I? It turns out to be the notorious thirteen thieves. If Ben Shao is right, Yun Dongguang, the lord of Yunzhou Prefecture, asked you to come over, right? It's really stupid. Live well, but do not know whether to live or die

, If you want to mess with Ben Shao, they all say that your thirteen thieves are the top robbers near Yunzhou. "Qin Chen's voice fell, and his eyes suddenly swirled like a starry sky, buzzing, in the entire Chendi Pavilion, a ray of light appeared, and the terrible light suddenly enveloped everyone in the Chendi Pavilion. Boom, the burst of light is in the air

At the moment of the hair, the thirteen thieves were prevented from attacking and everyone was protected.

"what?"

The first thief's face changed slightly. This Chendi Pavilion had already been prepared. Could it be that his whereabouts were exposed?

Impossible, their concealment technique is very terrifying, let alone a small peerless earthly saint, even ordinary heavenly saints can't detect it, this should be just an accident.

"Boy, I didn't think you were prepared, but it's useless. If you want to kill you today, you will have to die. Hell can't be the master."

"Death!" The first thief's vicious voice sounded, and he pointed it out. In the endless darkness, a beam of light suddenly lit up. This beam of light, endless evil, seemed to be the most vicious combination of forces in the world. The blow that ordinary heavenly saints can't sacrifice is none

With supernatural powers, Qin Chen must be killed.

This black light came from the darkness, the space no longer exists, and all thoughts no longer exist. Only the finger light became an eternal moment. Qin Chen even had a kind of willingness to let this finger light enter his mind. impulse. This is an extremely dangerous sign, representing that the profound meaning contained in the finger light has completely affected his brain.

[Chapter 2680: Origins](#)

But in an instant, Qin Chen recovered.

"Heaven and earth, all things return from origin, reincarnation of fate, and I am the only one."

In an instant, Qin Chen displayed the original supernatural power he had just understood. Behind Qin Chen, there seemed to be a singularity of the opening of the universe, the beginning of the universe.

Rumble!

In the boundless darkness, a singularity appeared. This singularity shook, representing the origin of the universe. It exploded in an instant. The endless darkness, eternal night, life and death, and profound meaning were all shattered, breaking the cage of eternal night. Return to reality instantly.

Qin Chen saw that a finger had reached the center of his forehead.

"Origin magical power!"

In an instant, Qin Chen threw a punch.

boom!

In the last moment, Qin Chen's fist blasted out like a violent, and collided with the fingers containing all kinds of evil, causing a shocking explosion.

An extremely strong evil aura was enough to blast the destruction power of a small world into Qin Chen's body.

Boom! There was a big explosion at the place of Chendi Pavilion. Around the two people, a series of space exploded. The surrounding bans, formations, and heavy explosions caused the entire Chendi Pavilion to be destroyed, even some forces next door. Shop,

It also collapsed suddenly, and some of the top players were all shaken out, flying up in the sky, spitting out blood.

Ao Qingling and the others retreated again and again under the fluctuations, but the final formation barrier in front of them did not burst. I don't know what formation it was, it was incredible, and it protected a few people.

"What? You actually caught my Evil Night's Finger, and awake from the sinking of endless Eternal Night, how did you do it? What magical power was that just now?"

The first thief was taken aback. His finger was his masterpiece. In the cage that the eternal night descended on, the ordinary Heavenly Sage could hardly resist it once it was displayed, and even severely wounded it, but Qin Chen actually resisted it, and Hao fat without injury.

boom!

The terrible destructive power that poured into Qin Chen's body was suddenly shattered by the Saint Yuan in Qin Chen's body and expelled from his body.

Qin Chen's body suddenly became magnificent, and he stepped out in one step, like a god, stepping down from the eternal **** position, the light shocked all directions.

"So I said, you are as stupid as pigs, what thirteen thieves, I think they are thirteen stupid pigs, can't you live well? Have to come to my Chendi Pavilion and be wild, in front of my young master, you are all going to die today. God Lord can't save you."

Boom!

Qin Chen stepped and reached out with his big hand. Immediately, the world was gathered, and a space was imprisoned, covering all the four powerhouses of the Thirteen Thieves.

This supernatural power is simply amazing. The first thief's face changed suddenly, a black mace, like a ghost, appeared in his hand, and in an instant, countless black lights assassinated Qin Chen's acupuncture points, and then his eyes surged with dark light. The aura of Gu Yongye came,

Covered Qin Chen, making him unable to move.

"The majesty of heaven, the prisoner of eternal night!"

He yelled, this is his lore method, using eternal night magical powers to imprison the enemy, and then display his assassin, pierce the hole, suddenly, the killer moves, it is difficult to guard against. In particular, the thirteen thirteen thieves had an amazing tacit understanding. At the moment when the first thieves took action, the other three half-step Heavenly Sage thieves who had originally targeted Ao Qingling and others all shot at the same time, banging, and the four formed an invisible big thief. Array, covering Qin Chen

, The terrible half-holy coercion, the cover pressed down, crushing everything. Each of these four thieves is half-stepping in the heavenly sage, especially the first thief, who was once a master of the heavenly sage. How magnificent is the four of them working together? The terrifying breath of the cage is enough to suppress the Heavenly Sage masters extremely passive, not to mention Qin

Dust is a peculiarly holy place.

The four masters all showed cruel grinning smiles on their faces. Qin Chen, who decided to kill first, said that Qin Chen was their main goal. As for the others, Yun Dongguang had no requirements at all.

Moreover, they missed a hit before, and now they have alarmed Yunzhou City. I am afraid that many Yunzhou masters will get news soon and come quickly.

Therefore, they must behead Qin Chen within a short period of time, and then leave, otherwise they will be in danger.

This also caused the four of them to almost burst out of their strongest strength.

"I said, all of you are stupid as pigs!"

Qin Chen was not afraid, his body stood up straight at once, and the attacks that assassinated him disappeared invisibly. These attacks were all made by the thirteen thieves masters, and they were powerful enough to obliterate masters of the same level.

However, this couldn't hurt Qin Chen at all.

When Qin Chen was in Cangxuan City, he could kill Li Luo of the Soulfire Family. These masters are no worse than Li, and even worse than Li, but no matter how strong they are, they are only a half-step Heavenly Sage, and they are at the same level as Li, but after Qin Chen entered Yunzhou, several breakthroughs, The strength is no longer what it used to be, these

Half-step Tiansheng's attack could not even hurt his hair.

The only thing that can make Qin Chen a little jealous is the number one thief, the former Heavenly Sage master.

But it was only a little jealous.

Qin Chen stood upright, and the terrifying force of restraint burst apart. With his breath flying, Qin Chen is no longer the unmoving mood at this moment, but flying domineering, the sky and the earth, my domineering aura, every gesture, has the power to shake the world, this eternal night cage, half a day Saint coercion, one

No point can suppress him.

"Whoever provokes me will pay the price and die!"

Qin Chen blocked the terrible mace, and with a move, he came to the front of one of the thieves, his figure was like a ghost, walking in the void, no one can stop, the origin magical power was operating, and he hit with a punch.

"boom!"

No one can describe the domineering and terrifying Qin Chen's punch.

The thief showed horror on his face, his body like a **** king, and he was beaten into a mass of rotten flesh in a flash.

Just a punch!

Qin Chen beat the thirteen thirteen thirteen thirteen thirteen thirteen thirteen members, a half-step heavenly sage master, who had a reputation in several major states into a mass of rotten flesh.

No one can imagine how tragic this scene is.

Outside the Chendi Pavilion, all the masters of Yunzhou who were alarmed were dumbfounded, and their bodies trembled like chaff, unable to believe their eyes.

This is the thirteen thieves.

All of Yunzhou, Lingzhou, Yanzhou and other places are half-step heavenly saints, and they are the top masters of half-step heavenly saints. Anyone who can be drawn out is not weaker than Yunzhou's top forces. Zu Liluo is comparable.

But this is such a figure, the majestic hero, in front of this Chendi Pavilion Qin Chen, like a naive child, was bombarded with a punch, and there was no aftermath. It's just appalling.
