

Valkyrie 2681

[Chapter 2681: Heavenly Power](#)

In the distance, countless horrified Yunzhou warriors and peerless earth sages were staring at this place. At first, they were shocked and sluggish. The next moment, they went crazy in their hearts and couldn't restrain their emotions.

Is there such a strong sage in this world? One punch blasted the Heavenly Sage for half a step, hell, completely subverting the rules of the heaven in their hearts.

Also, in the face of Qin Chen, who can beat the Thirteen Thieves and Heavenly Sage Power into meat sauce with one punch, their poor cultivation base and strength are indeed incomprehensible, like a fantasy, daydreaming.

"The third child!"

"The third brother!"

The countless Yunzhou warriors were shocked, and the thirteen thieves were frightened, and they roared and cracked.

The third child, who shared the joys and sorrows, experienced life and death together, was so blasted and killed, the shock and anger in his heart were beyond words.

Is this Qin Chen still a human? Not a person at all, but a monster!

"I said, anyone who provokes me will pay the price and die for me!"

Qin Chen's figure shook, walking like a **** king in the world, and instantly appeared in front of the other thirteen thieves, and blasted again with a punch.

"Fourth, be careful." The first thief roared and boomed. There were many heavenly sage rules and chains on his body, which suddenly turned him into a celestial god. The endless heavenly sage rules surged, and his figure flickered and appeared. In front of Qin Chen, the black assassin's mace in his hand soared to the sky

Up.

"Eternal night is coming, Ye Di is young, life and death, a blow in the dark night!" The first thief looked furious, but reacted extremely quickly. The Heavenly Sacred Law in his body was unfailingly displayed. The fist wind approached his body, and he immediately shot himself out. Peerless martial arts, a stream of awe-inspiring supernatural power, descended into the world, condensed into a variety of different

The elephant wants to kill Qin Chen town.

But Qin Chen was not afraid, no matter how powerful the other party was, it was directly a collision of Originating Supernatural Powers.

boom!

The two fists collided, and Chendi Pavilion had a big explosion again. The endless rules exploded and shot in all directions, blinding everyone's eyes. Then everyone saw that a figure rushed out from the roar.

Is the number one thief.

His body shook and was embarrassed, a mouthful of blood spurted out, and his whole body cracked and cracked, and his body began to crack, which was extremely miserable.

His body flew out of thin air, hitting a building behind, with a bang, the restriction on the building where the power was located instantly burst, smoke and dust filled the entire building collapsed and turned into rubble.

On the other hand, Qin Chen was quite different, his body blooming with a divine rainbow, like a divine king, invincible.

"In every inch, murderous You Yuan!" At this moment, Qin Chen suddenly flashed behind his back, and one of the thirteen thieves appeared behind Qin Chen for some unknown time. His eyes were hideous, he shot frantically, he shot. Between, the strength is very small, but gradually expands, and finally with a square inch

The earth turned into Jiuyou Purgatory, and there was endless cold.

The ancient aura and the bloodthirsty power expanded infinitely, covering Qin Chen.

The thirteen thirteen thieves were really fierce. Under this circumstance, they didn't even think about running away, and even took advantage of the life and death struggle between the first thieves and Qin Chen, secretly lurking behind Qin Chen, launching a thunderous lore.

It is no wonder that these thirteen thirteen thirteen thirteen thirteens are famous and notorious in several major states. This kind of life-threatening and vicious character makes people shudder.

"Less dust."

"Be careful."

In the formation below, Ao Qingling and others shouted in anger, but it was too late. How many sinister battles did the thirteen thieves experience? He had seized the best opportunity long ago and launched Thunder's ultimate move to make Qin Chen fall on the spot.

However, Qin Chen smiled coldly.

"All said, you are seeking your own death!"

Without turning his head back, Qin Chen grabbed back with his big hands, his five fingers condensed, and the void collapsed inward, cracking the opponent's vigor, and then stepped back on his feet, and his whole body was like a landslide, hitting the thirteen thieves.

what!

The thief hurried back and screamed, but it was too late.

Qin Chen fitted him, hit him, bang, his whole body exploded, torn apart, and fell on the spot.

"No, big brother, get an idea, quickly withdraw!"

The last thirteen thirteen thirteen thirteen thirteen thirteen thirteen thirteen thirteens saw the bad situation, and his body flew backward. But Qin Chen stared at him, grabbed it in the air, and a huge void space condensed into shape and enveloped outwards. In that space, no matter how hard the thirteen thieves struggled, they couldn't move at all, as if they were in a cage. Little bird, fishing net

The fish in it is entangled to death.

"Get me back!"

Qin Chen inspires the rules! The last thirteen thieves came back with horror on his face, and landed in front of Qin Chen. Qin Chen grabbed his head with five fingers, and when he twisted it forcefully, he twisted his whole body joints apart. , The body is muddy and limp

Down.

The three thirteen thieves were defeated by him with three punches and two kicks.

Only the first thief remained.

"You are the only one left, die for me."

Qin Chen stared at the first thief and walked slowly, like a **** king descending into the world, patrolling the world.

"Damn it, since the establishment of the Thirteen Thieves, I have never suffered such a loss. Today it is either you or I."

The first thief was so embarrassed for the first time except for the one he was hunted down that year. It was in the hands of a young man, and he lost three brothers, with an extremely hideous face on his face.

"You are very strong, indeed very strong, but I will let you know what is called death, the eternal seal, the eternal night extinction enchantment!"

Hum! An invisible breath of eternal night swept crazily from the body of the first thief. The darkness was like a tide. The body of the first thief stood in the darkness and turned into endless darkness, a great enchantment composed of countless dark auras. Come down

, Wrapped all the light of Qin Chen in it.

boom!

The aura on the first thief suddenly swelled, returning to the heavenly sage level.

"This... is so strong, is this the number one thief? Once the Heavenly Sage powerhouse?"

"Didn't it mean that his realm has fallen and he can't return to the realm of Heavenly Sage? Why suddenly, the might of Heavenly Sage erupted?"

"No, he is still half a step in the realm of Heavenly Sage, but he burned his origin and allowed his strength to return to the realm of the year in a short time."

"Terror, too terrifying, such a strong person, I am afraid that one finger can crush me, can Qin Chen stop it?"

The crowd shook, trembling under the breath of the first thief.

In the distance, terrible auras rose to the sky. It was the Heavenly Sage master of Yunzhou Prefecture. He also felt the change here and wanted to rush to kill him. However, Yunzhou Prefecture was too vast, and waiting until the Heavenly Sage masters in Yunzhou Prefecture arrived, it was enough time for the first thief to kill Qin Chen.

[Chapter 2682: There will be a period](#)

Hum!

The huge enchantment swept over, and the terrifying coercion overwhelmed everything.

"Huh? This number one thief is indeed powerful. The power of the heavenly sage has shocked the eternity, but now this eternal night extinction barrier still can't trap me, look at my way of origin!" Qin Chen plunged into darkness again. However, there is not the slightest rush in his heart. In his body, the sacred yuan is transformed, and every cell is blooming with the brilliance of origin, and the light of the opening of the world and the origin of all things is shot out in the darkness.

.

The light of the origin of all things, representing the beginning of the universe and the origin of the universe, combined with Qin Chen's Saint Yuan, and assisted each other to deliver the most glorious blow.

Huh!

The first ray of light, like the dawn of heaven and earth, penetrated the Great Enchantment of Eternal Night Extinction.

Qin Chen was like an emperor who broke the seal, and the first ray of light opened up between heaven and earth burst out from the endless dark night. With a movement of his body, he turned into a majestic figure, aiming at the first thief below.

"What law is this, what supernatural power is this?" An unbelievable look appeared on the face of the first thief. He never expected that his great barrier would be broken like this, and there was never a light. Can cover up the darkness of eternal night, any light must be regulated by eternal night

Then swallowed.

But now, there was a light that opened up the world, breaking the seal of Eternal Night, and soaring out.

Huh huh!

His body suddenly turned into a sky phantom, and then merged together, playing several times the combat power!

"Eternal night return to the market! Beheaded!"

"It is shocking to be able to play several times the combat power! The average genius who can double the power is already shocking the world, several times the combat power, and on the basis of burning the origin, it is enough to shock the eternal."

"The first thief is so magical!"

"Who wins and who loses?"

Countless thoughts are intertwined in an instant.

These Yunzhou masters all knew that Qin Chen and the first thief had to decide the winner in a flash.

Boom!

The storm of darkness, the splendor that opened up the world, swept everything, swept a full circle and endless void, if it were not for this Yunzhou state capital, layers of space were folded, this blow would be enough to sweep a small half of the state capital, hundreds of millions of miles. Radius.

boom!

In the endless explosion, Qin Chen jumped up from it and stood above the Chendi Pavilion, with the terrifying Saint Yuan surging on him, guarding Ao Qingling and the others below.

And the first thief had a cold face, his eyes were grim, his eyes were dark and faint, his mouth spurted a trace of murderous intent: "Smelly boy, you are not dead, die for me!"

The first thief soared to the sky with murderous intent and attacked Qin Chen again.

At this moment, a voice came from the void of Yunzhou Prefecture: "Huh, beast, those who dare to kill my Eternal Building in Yunzhou Prefecture, do not know whether to live or die." Numerous holy spirits burst forth. Out, the entire time and space, all solidified, a man with strong heavenly rules and infinite majesty appeared in mid-air, almost all the earthly sages on the scene, nearby masters could not help but want to kneel and bow down.

On the ground.

It is the original poster of Wangu, Tianxing Zhenren.

He was the first to arrive, stepping on his feet, struggling with mystery, and hitting the number one thieves with a powerful move.

Lines of sky marks jumped on the hands of Reality Tian Xing, and the void was about to be torn apart, as if changing into a shaking picture, Reality Tian Xing intertwined his hands, squeezing complex and mysterious runes, and crits in the air.

"This is! This is the holy method of fighting in the Wangulou!"

The crowd exclaimed, the first thief also showed shock, and it was inevitable. When the person was in the air, he was blown up in the air by the breath of this terrifying holy law.

boom!

The endless darkness exploded, and the first thief exploded at once, without even a trace of blood.

"A clone, this is a clone!"

The crowd was shocked. The person killed by the real Tianxing turned out to be a clone of the first thief. No wonder it was so easily killed. "Jie Jie Jie, Tian Xing Zhenren, want to kill my number one thieves, how can it be so easy? Today's hatred, this seat remembers, stinky boy, you remember it to me, you killed my thirteen thirteen thieves. , Eternally hard to eliminate, my thirteen thieves will definitely kill you , Cherish your few lives! "

In the distant void, a figure appeared. It was the number one thief. The anger he had shown before, when he shot Qin Chen again, it was actually just a clone, and the real body had already escaped the battlefield in the first time.

Hum!

He tore through the prohibition of Yunzhou Prefecture, turned into a blue smoke, and passed away to the outside of Yunzhou Prefecture. In an instant, countless prohibitions were broken.

"Leave it to me!" Zhen Xing Tianxing turned into anger, where the first big thief could be allowed to escape, when the air was grabbed, a big hand, breaking through the air, like a billion mad dragon going out to sea, disturbing the wind and clouds, the huge palm covering the sky , Shrouded the universe, shakes the eight poles, even the state capital

Several buildings began to crack, and some buildings were broken into powder.

Countless powerhouses have felt the huge fluctuations in vitality, sweeping the Yunzhou prefecture, and many of the great figures in the prefecture have felt an unusual aura.

This is the power of Tiansheng.

However, the first thief was not afraid, and his figure flashed, and he disappeared without a trace, turned into a escape light, and fled from under the big hand, disappearing.

"Quack, real man Tianxing, there will be a period later."

A misty voice came, near and far away, disappearing.

"Damn it, let him run."

The real man Tian Xing was very angry. The first thief was best at escape. He was famous in several major states. When I saw him today, he really deserved his reputation.

He hesitated for a moment, his figure shook, and finally did not go to track, but fell down and landed beside Qin Chen.

"Little friend Qin Chen, are you okay?"

He said nervously.

Qin Chen has already cooperated with his Eternal House. From the eyes of True Man Tianxing, that is his lucky star, the future top expert, naturally, Qin Chen should not be harmed.

"I'm okay." Qin Chen shook his head, his eyes calm, "Thank you, the original host, for your help, and I also ask the original host to stay here for you to protect the disciples of my Chendi Pavilion. The thirteen thirteen thieves are in the wild in my Chendi Pavilion. How could this young man allow him to leave so simply,

If you don't kill the number one thief today, what kind of face will you stand in this heaven? "

Qin Chen's words fell, arched his hands, and disappeared without waiting for the host of Wangu to speak.

"what?"

The host of Wan Gu was shocked and wanted to stop Qin Chen, but found that Qin Chen's trail was missing, and even he couldn't feel the slightest breath.

"This kid..." The other martial artists around were also stunned. The number one thief could not even be taken by the Wangu original poster, and his hidden skills were shocking. No one could track him. Qin Chen went there alone, let alone. Can you find the other party, even if you find it,

Also seeking a dead end. Too reckless.

[Chapter 2683: Wan Thief Cave](#)

Boom boom boom!

And at the moment Qin Chen left, where Chendi Pavilion was, a series of magnificent figures fell, each exuding a terrifying aura, endless Heavenly Sage rules, haunting them, and they were all Heavenly Sage masters.

It was Yunzhou Tiansheng who arrived in an instant after receiving the news.

Among them, the leader is Yun Dongguang, the lord of Yunzhou Prefecture, and Elder Chu Ye, the warrior examiner who works in heaven, and others.

They came a while later than the original host, but they communicated with their spirits, and in an instant they knew what was happening here, and they were frightened and angry.

The thirteen thieves actually murdered Qin Chen in Yunzhou Prefecture, which was too arrogant.

"What did these thirteen thieves do? The four of them joined forces, and they didn't even kill anyone in Chendi Pavilion. It's a waste, it's a waste."

Yun Dongguang heard what happened, his eyes were gloomy, and his face was extremely ugly. He didn't expect that Qin Chen would be able to kill three people under the assassination of the thirteen thieves, safe and sound.

However, when he heard that Qin Chen was going to track the first thief alone, he was relieved again.

"Tian Xing, how can you let Qin Chen track down the thirteen thieves alone."

After Elder Chu Ye heard the words, he couldn't help being furious, and he scolded.

The number one thief could escape under the chase of a peak powerhouse in the early days of Heavenly Sage. There are countless methods.

Qin Chen went to the track alone, isn't this looking for death? Moreover, the thirteen thieves have always been inseparable. Only four thieves appeared here just now. Obviously, the remaining seven thieves must also be nearby. Qin Chen tracked it up like this, but it's okay if he didn't track it. Once tracked, it's sure to die

Chu Ye was willing to help, but the sky was vast, without a breath, he didn't know how to help.

"Hey, that Qin Chen is indeed a bit ignorant of the heights of the sky and the depths of the earth. He chases and kills the thirteen thirteen thirteen thirteen thirteen thirteen thirteen thirteens. He can't even finish the peak power in the early days of the holy sage. The thirteen th thirteen is very cunning, and the methods are endless. How can he be tracked by a young man of him? on."

"Look, there's not much hope anyway."

"It's still a good thing if you don't track it. Once tracked, there is no way to survive." "He had already escaped the assassination of the thirteen thieves. Then, it is almost impossible for the thirteen thieves to assassinate him in Yunzhou Prefecture. He is already safe. Why should he be so reckless? With his talent, after breaking through the Heavenly Sage, the Thirteen Thieves

Dare to trouble him? "

"Yes, but young people are arrogant, young and energetic. It's normal that they can't bear this tone. This time the thirteen thieves broke into the state mansion to kill, it's very strange."

"I think so too. Yunzhou Prefecture has many restrictions. Even the Heavenly Sage masters may not be able to break in easily. How did these thirteen thieves come in quietly? Could it be that..."

"Hush, don't say anything wrong, you won't be able to die, some things are impossible to say."

In the entire state and city, there was a lot of discussion and secret conversations.

Outside the Yunzhou state capital, a very remote void area.

This is a mountain range, and it is also the largest mountain range in Yunzhou.

At this moment, in a dead cave in this mountain range, there is a mysterious cave. In the cave, countless spaces are folded, there are castles and pavilions, like a small world, evil and murderous everywhere.

This is the treasure of the thirteen thirteen thieves-the cave of ten thousand thieves!

No one knew that the whereabouts of the thirteen thirteen thieves were uncertain and could not be explored. The fundamental reason was that their base camp, the Ten Thousand Thieves Cave, turned out to be a space treasure, a fortress of its own.

At this moment, in this cave of Ten Thousand Thieves, seven half-step Heavenly Sage level masters are waiting patiently, and they are the remaining seven thieves among the thirteen thieves.

Whoosh!

The void flashed, and suddenly, a figure appeared in the Ten Thousand Thieves Cave, which attracted the attention of the seven.

"It's Big Brother, Big Brother is back."

The seven thieves all showed surprise and rose to the sky to greet them.

"Big brother, how is it? Has the task been completed?"

The seven thieves smiled and said, but after seeing the appearance of the first thieves, their faces all changed.

"Brother, why are you hurt?"

"How about the second, third, and fourth brothers? Why are you back alone?"

"What the **** is going on? Could it be that the mission this time was a conspiracy of Yun Dongguang, the master of Yunzhou, to kill our thirteen brothers? This Yun Dongguang is so bold."

"Damn it, **** it, I said, this cloud hole light is not a good thing."

A group of thieves began to speak in anger, raging to the sky.

"It's not Yun Dongguang, it's Qin Chen."

The first thief gritted his teeth and said carefully about the assassination, his face was extremely ugly.

"what?"

"A peerless divine kid who killed the second brother and them?"

"how can that be?"

The seven thieves were so frightened that they were speechless and unbelievable.

However, when the first thieves spoke, they had to believe it, because the thirteen thirteen thieves were able to survive today, all thanks to the big brother.

"Brother, what shall we do next?"

The seven thieves roared and said, how can they bear the death of three brothers? Can't wait to rush into the Yunzhou prefecture and smash Qin Chen's body into pieces. "Don't be impulsive, that kid is a bit evil. Our Ten Thousand Thieves Cave can conceal all auras and hide in the depths of space. Even if the Yunzhou Heavenly Sage is dispatched and looking for it inch by inch, I am afraid that we will not be found. Anxious,

The current Yunzhou must be heavily guarded, and I am afraid it will not be possible to make any more moves in a short time. "The first thief said solemnly.

"My eldest brother is right. With those heavenly saints in Yunzhou, we don't want to find our Ten Thousand Thieves Caverns. We are still very safe now. On the contrary, if something happens and it is discovered by the heavenly saints of Yunzhou, it will be troublesome."

"Then what do we do, don't we stay in this cave of ten thousand thieves to cultivate?" "What about this? I am afraid that the Heavenly Sage of Yunzhou could not have expected that our thirteen thirteen thieves broke into the state capital, but did not leave. Instead, they practiced on the edge of Yunzhou. This is the so-called black under the lights. When Yunzhou becomes less alert, I

We look for opportunities again to behead that Qin Chen to avenge the second, third, and fourth brothers. "This is a way. Over the past few years, our thirteen thirteen thieves have been hiding in Tibet because there is no real Heavenly Sage master apart from the eldest brother. However, we have sufficient resources after plundering these years. Thirteen brother

, There is hope to enter the heavenly saint, as long as we wait for a few of us to enter the heavenly saint, the nearby states, we are not allowed to invade, even the state capital, we dare to attack directly. "

"That's right, that's it." The remaining thieves nodded one after another, thinking that this strategy was very good.

[Chapter 2684: Hostile](#)

"Brother, you are injured. The most important thing is to heal your injuries as soon as possible."

"I know."

Huh!

The first thief caught in the void, and a girl in the realm of Earth Saint was caught from the depths of this cave of ten thousand thieves. This girl was the daughter of the suzerain who they had destroyed a sect, but now she was caught by them and played around at will.

The girl made a desperate call, but it was of no use. She was madly ravaged by the first robber who was so angry that she let out a scream and died in anger.

boom!

The girl's body exploded into blood mist and inhaled the body of the first thief. "The young girl's essence and blood are really made up. I want to heal from this injury. I am afraid that I need to absorb the essence and blood of many people. Unfortunately, there is no half-step Heavenly Saint level virgin to be repaired by me. A good woman, it is said that she also won

It's a pity that I didn't get it in the top ten of the Work Martial Arts Department's assessment. Otherwise, I can have a good time, and I'll kill it when I'm boring. "

The first thief said grimly, his eyes were cold and cruel like never before.

"And that Qin Chen, this seat can't spare him, if he is captured by this seat, I will kill him after being ravaged in every possible way."

The first thief was violent.

"Really? It's a pity you don't have this chance."

A voice like a **** of death resounded in the endless space of the Ten Thousand Thieves Cave, and then, in this Ten Thousand Thieves Cave, a body appeared. It was Qin Chen. I don't know when he has found this place and sneaked into it. Come in.

"You... how did you find out here?"

When the first thief saw Qin Chen, his body trembled in disbelief.

"Hmph, this Ten Thousand Thieves Cave is really interesting, but it's not strong enough. Do you really think I can't find you?" Qin Chen sneered, "Maybe you don't know why you escaped from Yunzhou Prefecture. , Everything is deliberately done by me. Young Master Ben can easily find this place along the trail of your escape technique. It is yourself, revealing the base camp of your thirteen thieves.

Give Ben Shao, otherwise Ben Shao may not be able to find here for a while. "You...hahaha, this is the funniest joke I've heard. You dare to be the first person to break into my thirteen thirteen thirteen thirteen thirteen thirteenth caves alone. It's really lifeless, don't you know, Even if the Heavenly Sage master dares to break in here, he will die

? "

The first thief was shocked at first, but after discovering that Qin Chen had broken in alone, his face suddenly showed a grim smile.

"There is a way to heaven and you don't go, and there is no way to hell. If you have to break in, then go and die!"

"Brothers, shoot!"

The first robber roared, and within his body, the rules of the heavenly sage shot out, woven into a net of heaven and earth, and enveloped Qin Chen.

"Eternal night is coming!"

Ooo, oooo...

The power of the entire Ten Thousand Pirates Cave was urged, and the endless evil in the surrounding Ten Thousand Pirates Cave space surging up, intertwined with the atmosphere of the dark night, toward Qin Chen's overwhelming suppression.

"Thousands of evil caves, life and death purgatory, sacrifice to the heavenly saints, and save the dead!"

In the Cave of Ten Thousand Thieves, the tragic voice resounded, and seven magnificent figures were suspended in seven positions of the Cave of Ten Thousand Thieves, which were the remaining seven leaders of the thirteen thieves.

These seven leaders are all fierce and evil, and their bodies are filled with terror. The combination of their powers, under the urge of the Cave of Ten Thousand Thieves and the Great Array, merged into the body of the first thief. With a thud, a ghost of the evil king suddenly appeared behind the first thief, shattering the universe, as if Combine with the way of night

One, become the eternal evil lord of the dark night.

Moreover, the breath of the first thief climbed crazily, and instantly entered the realm of Heavenly Sage.

This Ten Thousand Thieves Cave is the treasure of the thirteen thieves. It has endless rules and forbidden techniques. Here, the strength of the first thieves has been astonishingly improved, compared to the previous time when Qin Chen was killed.

This kind of power is enough to oppose the Heavenly Sage, without fear of any ordinary Heavenly Sage master.

However, just as his strength increased, the entire Ten Thousand Pirate Cave shook, and the dark and evil web that besieged Qin Chen was torn at once. Qin Chen strode over, with golden light bursting from his body, and countless evil spirits. wipe out.

He is like a divine king walking in the world, the supreme monarch, every step he takes, he has a flame lingering in the sky, aiming at the seven robbers in the sky, wrapping up one of them, and the robber utterly miserable Called, the whole body exploded.

"stop!"

The first thief roared and killed, Qin Chen's eyes were cold, and the cracked sky divine mark shot directly.

boom!

The first thief was shocked and flew upside down, the texture on his body was cracked, and he was almost torn directly by the supernatural power of the rifting divine mark, and he opened his mouth to spray blood.

"How could you be so strong?"

The first thief was furious, and the strength Qin Chen showed at this moment was much stronger than when he was in Chendi Pavilion before. "Thirteen thieves, you trash, the strong heavenly saints can't kill you, but this young man can kill you! The first robber, really think that this young man only has the strength that he has shown before? Ben young let you go, that is For you to lead me in

Your base camp, if I dare to break into here, I have full confidence. "

A cruel smile appeared on Qin Chen's face, as he burst into flames on his body, suddenly, transformed into a thunder light, shuttled in the void of Ten Thousand Thieves Cave.

"Ah! Don't kill me! How could there be such a tyrannical person! He is more fierce than Heavenly Sage!"

A statue of Thirteenth Avenue was pinched by Qin Chen's big hand, and all turned into a corpse. All the essence on the body was directly drained by the half-step Heavenly Sacred Law. If it weren't for Qin Chen to hold his corpse, it would have been useful. The shape is gone.

Boom boom boom boom! Suddenly, a half-step heavenly power, a dog-like slaughter, smashed and rotten, Qin Chen is now a peerless **** of death, without any pity, at the same realm, he is already invincible. Kill the existence of the same realm

, Such as killing ants.

The mere half-step Heavenly Sage is not his enemy at all. A joke, Qin Chen entered the Peerless Earth Saint, absorbed the Devil Fruit of the Ten Thousand Realms, swallowed so many ancient Saint Veins, and opened the Five Secrets in the body, all of which were at least the treasures of the Saint Lord, and he passed the ancient Saint Tower and created his own Supernatural power, if even a small one

It is a joke that Tiansheng will fight for a long time.

Three breaths.

With just three breaths, the remaining seven half-step heavenly sage powers in the Ten Thousand Pirates Cave were all beheaded by Qin Chen, leaving only the leading robber.

"Who are you? You are the devil!" The first thief was already sweating on his head, and he would never have thought that the thirteen thirteen thieves, who could not be wiped out by the Heavenly Sage, would be easily destroyed by Qin Chen alone.

[Chapter 2685: Life sacrifice](#)

"Now, it's your turn. As long as you kill you, the Thirteen Thieves will be completely wiped out and disappear from this world."

Qin Chen's eyes were indifferent, as he faced the first thief with an origin supernatural power.

"what!"

"I played it with you."

The first thief seemed to be mad, completely violent. Suddenly, a breath of burning life was conveyed from his body, this breath was crazy and dangerous.

boom!

In a blink of an eye, endless auras emerged from him, and his entire body was enveloped by endless evil, as if he had turned into an evil god, and the entire Ten Thousand Thieves Cavern rumbling under his aura. Back then, he was pursued and killed by a peerless strongman who was at the peak of the Heavenly Sage's initial stage. He escaped because he used this secret technique to severely injure the opponent. But after that time, his realm fell to half a step Heavenly Sage, and he has not recovered for countless years.

Yi has plundered countless treasures over the years, and saw the hope of returning to Heavenly Sage. Unexpectedly, at such a time, he will perform this secret technique again.

But no matter what, it's better to be alive than to die.

"Life sacrifices, everything returns to the ruins, heaven bows its head, I am the evil lord!"

The first thief, incarnate as the evil lord, punched again and rolled forward. Cangtian really bowed his head in front of him, lowering his noble head!

This punch was a punch that he must kill, and one punch blasted out, and the situation in the Ten Thousand Thieves Cave was scattered, as if the end is coming.

"Humph!"

Qin Chen didn't move, and raised his left fist: "This trick is a bit interesting, but unfortunately, in front of Ben Shao, I don't have enough to look at it. Let me let you see Ben Shao's true strength."

In Qin Chen's body, the soul aura suddenly filled.

After finishing talking, Qin Chen's origin magical powers, rifting divine mark, heavenly soul forbidden technique, and thunder secret technique were brewing on his fist and outrageously.

Boom!

Qin Chen's whole body was full of energy, and the wind and clouds were spinning outside his body. His body was as powerful as the same god, invincible. The two forces collided with a bang, and the cave roared like the end of the world.

In the endless roar, Qin Chen's body became extremely tall and mighty.

And the breath of the first thief's whole body was suppressed by a blow, and the whole person was like a trapped beast, in a desperate fight.

"Not dead yet?"

Qin Chen strode forward, showing a trend of suppression. The dragon walks and the tiger walks like a real dragon. Numerous rules appear around his body, flashing and extinguishing. He flips the cover with his big hand and punches again, hitting the first thief. Body.

"what!"

The first thief screamed.

His body burst open, scarred, and a pair of hateful eyes fixed on Qin Chen, full of endless hatred.

"Hmph, dare to look at me like that, this young man killed you first and melted your rules so that you can live forever, even being a ghost is impossible."

Qin Chen stepped forward, his body blooming with radiance. "No, wait, don't kill me! I know a lot of news about treasures. If you kill me, you can't get any secrets. Also, my thirteen thieves have no grievances with you, and you know why I thirteen thieves Want to kill you? Because it's someone

Knowing that we are here, and the reason why our thirteen thieves are well informed is that they took refuge in a mysterious organization. You killed me. The mysterious organization behind me will not let you go. You will never know who it is. Let us kill you. "

The first thief shouted, dying to fight. "Hmph, I have a soul search method. Even if you die, you can still get part of your memory. Why should I ask you? Besides, I don't need to ask to know. It must be Yunzhou who called you. Governor Yun Dongguang, your thirteen thieves should be early

Are you colluding with Yun Dongguang? "

"You... how do you know?"

The first thief was taken aback. "What's the matter? And, the mysterious organization behind you will have a strong job someday? It hides its head and reveals its tail. I want to come to some dark forces in Guanghan Palace. I will soon become the master craftsman of Tianzuo. Mysterious forces, there are kinds

Come to trouble me! "

Although Qin Chen was talking, his big hands did not stop at all, grabbing directly, grabbing the head of the first thief, and the terrifying sky fire and soul power bombarded in.

There is no mercy from his men.

"what!"

The first thief finally realized what is miserable, karma, and reincarnation. He doesn't know how many people have been tortured and killed, but now he has finally been tortured and killed.

boom! The first thief exploded all at once, leaving only one head. Qin Chen instantly slapped countless seals, and sealed all the first thief's ideas, supernatural powers, martial arts, essence and blood, and rules, and became a powerful man. Sphere

, Surging endless dark breath, black light.

"The jade disc of good fortune from Qiankun, give it to me, store it first, and wait for me to slowly refine it."

A black hole appeared on Qin Chen's head, and he collected the power of the first thief.

This number one thief used to be a master of Heavenly Sage. Although the cultivation base has regressed to half-step Heavenly Sage, his body still has the perception of Heavenly Sage and even the rules. It refines his power and defines Qin Chen's future entry into the Heavenly Sage Realm. A lot of help. Of course, this can only be done by Qin Chen. The realm of martial artist has a level of one world, replaced by Ao Qingling and others. If you dare to refine the power of such masters as the first thief, I am afraid that in an instant, countless The law of breaking the body, when

The field fell.

The famous thirteen thirteen thieves in several states near Yunzhou just fell into Qin Chen's hands.

"boom!"

Qin Chen raised his hand and condensed the power of the seven half-step Heavenly Sage level thieves, forming rule spheres and storing them. These powers can be left to Ao Qingling and the others. Of course, they still have to be cautious and even need Qin Chen to help them refining and pass on the exercises, otherwise they refining themselves will still explode and die, refining the origin of others. A very dangerous

Risky things are not something anyone can do.

After doing all this, Qin Chen began to search for the treasures in the entire Ten Thousand Thieves Cave.

The thirteen thieves were doing things like burning, killing and plundering, and there would certainly not be very few treasures.

Sure enough, there are a lot of things hidden in it, but the number is not that many, far less than Qin Chen imagined.

This made Qin Chen extremely disappointed. He thought that he would be able to make a fortune here, but he didn't expect to have gained much. Besides, Qin Chen thought that if he could find a bunch of ancient sacred veins, it would be enough to make a fortune.

After all, the Thirteen Thieves had destroyed countless forces and sects, and that ancient Saint Vein definitely collected a lot.

But now, Qin Chen is disappointed, not to mention there are a lot of treasures here, there is not even a piece of ancient holy veins, it is too poor. It seemed that this did not come to the den of a big thief, but to a slum, Qin Chen felt like crying without tears in an instant.

[Chapter 2686: keep the change](#)

"It seems that all the resources obtained by the thirteen thieves should have been swallowed by the first thieves and used to repair the repair base, so there is not much left."

Qin Chen shook his head and understood the reason for coming.

The thirteen thieves are all half-step heavenly sage masters. How much resources does cultivation consume? I'm afraid it won't be enough to plunder, they will all be taken to practice.

"Hey, in the storage ring of the first thief, there are three ancient holy veins."

Suddenly, Qin Chen was overjoyed and found three ancient holy veins from the storage ring of the first thief, which was a good harvest.

What Qin Chen didn't know was that these three ancient sacred veins were still Yundongguang handed over to the first thief to pay the deposit for killing him.

Qin Chen is now cheaper.

It can be regarded as a causal cycle.

"However, even if you don't get anything, just this one cave of the thousand thieves has already made up for all the losses."

What kind of vision Qin Chen felt that the entire Ten Thousand Thieves Cave was very solid, and it was shaped with countless materials. Otherwise, how could he be able to withstand the fight between himself and the first thief? Moreover, this cave of Ten Thousand Thieves is full of restrictions, especially in terms of concealment. Once activated, it is hidden in the void, and the Heavenly Sage masters will not notice it. This is definitely a stunning treasure. The thirteen thieves rely on this. Ten thousand thieves cave, just

Can cross several major states with impunity.

It can be said that this is the biggest gain.

"This cave of Ten Thousand Thieves should be a heavenly treasure, and it is a mobile space. It is one level higher than Noah's Ark. At least in terms of hiding, it is much stronger than Noah's Ark."

Qin Chen finally had psychological comfort. It was much better to get this Ten Thousand Thieves Cave than to get a few ancient holy veins.

"I will thoroughly refine this cave of Ten Thousand Thieves, and when I will improve and transform in the future, I will thoroughly refine the evil spirit of this cave of Ten Thousand Thieves and become a mobile fortress."

Qin Chen was planning, but this was something for the future. After he went back, he would slowly refine it. This is not a good place and it is very unsafe.

As soon as Qin Chen took the Ten Thousand Pirates Cave, his whole body flickered, and he disappeared into this cave.

Yunzhou Prefecture.

The news that Chendige was targeted by thirteen thieves spread across the entire prefecture like a gust of wind. "Oh, that Qin Chen is really unlucky. Just after he was famous, he was spotted by thirteen thieves. Those thirteen thieves were the most terrifying robbers near our major states. They were so cruel. , It rarely ends well

of. "It's not so exaggerated, right?" Didn't you see the scene, that Qin Chen was attacked by the first of the thirteen thieves and led by the three thieves. He was not afraid to kill the three thieves. Even the first thieves fled in embarrassment. How could Qin Chen be afraid of him?

People? "

"That's true, and Qin Chen's grades are so excellent in the ancient sacred tower assessment. He must be favored by Heaven. Coupled with the support of the Eternal Tower behind him, the thirteen thieves may not dare to attack him easily. Right?" "What about the Eternal Building? With the cruelty of the thirteen thieves, there is no need to kill that Qin Chen, but only need to destroy the business of Chendi Pavilion, which can make Qin Chen a headache. Isn't the basis in Cangxuan City and other places? Thirteen thieves

Just destroying the Cangxuan City and several other cities can make Qin Chen a headache. With the thirteen thieves coming and going like wind, who can stop them? "There is some truth to this, and even though Qin Chen has an excellent grade in the ancient sacred tower assessment, it is a pity that he is so proud that he is not willing to join the Heavenly Work Martial Arts Department, and he joined the Tiantong Elder Chu Ye. If you can't pass the gambling contract,

In the appraisal of the instrument master, Tianjiao not only would not protect him, but would also kill him on the spot. "

"I heard that he still followed the thirteen thieves. Didn't he want to take this opportunity to escape? The thirteen thirteen thieves have been around several big states for many years, how many times have been besieged and suppressed, haven't they lived well? Then Qin Chen single-handedly, It's just looking for death."

"Too naive, too arrogant."

Around Chendi Pavilion, countless warriors heard the news and surrounded them, and when they saw the tragic scene, they were all talking.

They were both shocked by Qin Chen's strength, but also dismissed Qin Chen's arrogance, thinking that Qin Chen was seeking his own death.

On the ruins of Chendi Pavilion, Ao Qingling and others are busy sorting out the contents of Chendi Pavilion and preparing to rebuild.

However, some of the Heavenly Sage powerhouses in Yunzhou have not yet dispersed, but are still gathered here. There are the Tianxu ancestors of the ancient Xu family, the Tianlong real person of Tianlong Temple, and the Tianhe Boss of Tianhe Zhenzong, as well as the master of Yundong Guangzhou, the master of Wangu, and others. They are all famous experts in Yunzhou, and even work for the sky Elder Chu Ye also rushed

Here, pay attention to developments.

"Lord Yundong Guangzhou, why did you see the Thirteen Thieves in Yunzhou, shouldn't you give us an explanation?"

Tian Xing Zhenren, the host of the eternal landlord, scolded coldly, his face was pale, Qin Chen had an accident, which was the last thing he wanted to see. "Mr. Tianxing, you are not right. The thirteen thirteen thieves came and went without a trace, and the methods were amazing. My Yunzhou once united with Lingzhou, Yanzhou and many other forces, but failed to capture them and kill them. Now the other party sneaks in. , And now it's the day work assessment

How can I know the trace of the other party? Is it the responsibility of this seat now? "

Yun Dongguang sneered again and again. Zhen Xing Zhen coldly snorted, "Although it's a job assessment recently, you need to register to enter Yunzhou Prefecture. This is the task of your state capital. Besides, even if you enter the state capital, you will notice No, why did the other party escape?

, Can easily tear the prohibition of Yunzhou state capital? When did the prohibition in Yunzhou become so fragile, can you guarantee that there is no tricky? "Tian Xing Zhenren, what do you mean?" "Yun Dong's eyes were cold: "I respect you as a member of the Wangulou, but there are some things you can't say nonsense. Elder Chu Ye, who has worked hard, is also here. You can judge, Elder Chu Ye, the Thirteenth Thieves

Entering my Yunzhou prefecture, my Yundongguang is indeed responsible, but I want to ask why the thirteen thieves only stare at Qin Chen and this Chendi Pavilion? Who dares to say that there is nothing wrong with it? "

"You are changing the subject." Tian Xing Zhenren scolded. "Okay, don't fight. This time, the thirteen thieves are too arrogant. After I go back, I will report to the top and let the top decide. The top priority now is to find Qin Chen back, and he will track it alone. Thirteen thieves, I am afraid

Good luck. "

Elder Chu Ye said solemnly, he still felt very sorry for Qin Chen and couldn't bear Qin Chen's death in the hands of thirteen thieves.

"Then Qin Chen finds his own way of death, what can we do? Where can we find him in the vast world?" Yun Dongguang was anxious for Qin Chen to die, how could he send someone to find and rescue him?

"Everyone, don't look for it, I'm already back." At this moment, an indifferent voice suddenly sounded around, and Qin Chen suddenly appeared on the ruins of Chendi Pavilion.

[Chapter 2687: Check it out](#)

"Great, little friend Qin Chen, you are finally back, let you not be reckless, you are going to scare us to death, the thirteen thirteen thieves come and go like the wind, and even the strong heavenly can not be tracked, you are useless And back, it's nothing, the most important thing is that people are okay

. "

Master Tianxing saw Qin Chen's appearance clearly, he couldn't help but let go of a stone in his heart.

According to the truth, forces like Wan Gulou are absolutely neutral, and it is impossible to offend another force in order to win over one person.

But the neutrality of the Wangu Building does not mean that the various Wangu building owners are also neutral. The Wangu Building has sub-buildings throughout Guanghan Mansion, and there are also a large number of sub-hosts. If you want to get more resources at the headquarters and get more attention, you must Make achievements.

Now Yunzhou Wangu Tower has finally succumbed to Qin Chen's treasure, and naturally he does not want Qin Chen to have an accident.

With Qin Chen's talent, if he can enter the sky work in the future, he will definitely be able to become a senior. When that time, he, the owner of the Yunzhou branch, will also be rewarded and valued by the headquarters.

"What did these thirteen thieves eat? They didn't kill Qin Chen. It was a bunch of trash. It was really bad luck." Tian Xing sighed, but Yun Dongguang's expression was extremely ugly, and he cursed in his heart. "Qin Chen, you are too reckless, the thirteen thirteen thieves are so powerful that you follow them rashly. If the other party leads the snake out of the cave, you will be in danger. Fortunately, you are now back safely." Elder Chu Ye couldn't help but say something. And added: "My

I'm worried that you won't be able to take part in the appraisal of my daily work craftsman. The outside world says that my daily work suppresses Tianjiao, and this pot is old and old. "

He said that, in fact, he was still worried about Qin Chen's comfort, and couldn't bear to see such a arrogant fall.

"Thank you for your concern." Qin Chen bowed his hands to Zhen Xing Tian, Elder Chu Ye and others.

"This Qin Chen is really good, he can come back alive."

"Hmph, such arrogant talents often have luck. How can they die in such a simple way."

"It's also thanks to the thirteen thieves who didn't lead the snake out of the cave, otherwise, no matter how lucky you are, and you fall into a trap recklessly, you will definitely die.

"makes sense."

"This time he is lucky, I am afraid that he will not be so lucky next time."

On the square, the crowd talked a lot, and they were all regretful that Qin Chen did not die.

If Qin Chen was killed by thirteen thieves, that would be heavy news. Think about it, a Tianjiao who broke into the nine towers of the ancient sacred tower was assassinated before he could rise in the future. This kind of grievance is related to it. , What a sensation.

Now, the effect will be discounted a bit.

"Okay, now things are calm, everyone in the state city is safe and sound. Except for the destruction of some buildings, I have no other major losses in Yunzhou. It is a blessing in misfortune." Yun Dongguang stepped forward and said: "I As the lord of Yunzhou Prefecture, Yundongguang bears certain responsibilities for this. Nowadays, there is a mixture of fish and dragons in the state city. I hope you will be more careful in the future. Of course, certain forces provoke enemies and lead us to Yunzhou citizens.

The people are in distress. I hope these forces will behave well in the future and stop making troubles. Otherwise, I, Yunzhou, would not welcome such forces. "

Yun Dongguang was accusing Sang and Huai, accusing Chen Dige of attracting the thirteen thieves.

The people on the field are all arousing spirits. This is big news. The Lord of Yunzhou and Chendi Pavilion have not dealt with it. It seems that Yunzhou will be tossed in the future.

"Yun Dongguang, what do you mean by this?" Real Man Tianxing snorted coldly.

"It doesn't mean anything, now things are settled down, and Yun has left."

Yun Dongguang didn't bother to pay attention to the real person Tianxing. Of course, he couldn't really fight with the real person Tianxing. He was still very jealous of the background of the Wangu Tower, and turned around to leave here.

"Lord Yunzhou wait a minute."

At this moment Qin Chen spoke with a cold tone.

"What do you want?" Yun Dongguang frowned and looked at Qin Chen, a little impatient.

Damn, is this the rhythm to do it?

The gossip hearts of all the martial artists on the field were burning, and each one became excited. "Qin heard that in order to capture the Thirteen Thieves, Yunzhou, Lingzhou, Yanzhou and other state capitals seemed to have issued rewards that year. Anyone who kills the Thirteen Thieves can get a reward, right? Yunzhou's reward Jin seems to be two ancient holy veins

? "

Qin Chen said lightly. "Hahaha, why, do you still want to get a reward?" Yun Dongguang sneered, with a look of disdain: "There was such a thing in order to capture the thirteen thieves. I also agreed to take out two pieces of ancient land in Yunzhou. Shengmai offers a reward for the location of the thirteen thieves, no

The premise is that the reward must be completed after all the thirteen thieves have been captured and killed. "Now, you did kill three of the thirteen thieves, but let the first thieves escape. Secondly, the thirteen thieves have been beheaded two of them in these years, so there are still seven thieves remaining. , The reward conditions are not met, so naturally they will not get reward. "

This happened back then, but how could Yun Dongguang let Qin Chen get a reward and let him go out for two pieces of ancient holy veins, what a joke.

Of course, the most important thing is that Qin Chen only killed three people, and he also had enough reasons to refuse.

"Oh, is it? What about adding these?"

Bang bang bang...

Qin Chen was expressionless, but with a big wave of his hand, there were seven more broken bodies on the ground, as well as a head of the first robber.

"Thirteen thieves, all of them were killed by me. Let's count them."

"this is?"

The elder Chu Ye who worked in heaven, the real person of Tianxing in the Wangulou, the many heavenly sage powerhouses present, and the many powerhouses on the field, all almost jumped, trembling all over, unable to believe their eyes. "This is the body of the thirteen thieves and seven thieves, as well as this one head, which belonged to the first thieves. In addition to the three I killed before, all the eleven thieves who are still alive among the thirteen thieves are dead and neat Qi, eleven, not many, one

Quite a lot, the Lord Gwangju, Yundong, check to see if it is true. "

Qin Chen said coldly: "After verifying the body, he will reward me with the two ancient sacred veins, the master of Yunzhou, you won't lose faith in words!"

"This...this...this..."

Everyone on the court was dumbfounded, even Yun Dongguang was no exception. The thirteen thirteen thieves who had been in several major states for many years were killed by Qin Chen alone. If there were not so many corpses lying in front of them, how could everyone not Dare to believe it.

This is more shocking than Qin Chen breaking into the ninth tower. "You said this is the corpse of the Thirteen Thieves? The corpse of the Thirteen Thieves? There is no original law on the corpse. It has obviously been taken away by someone, and you can't even see your face. Who knows if you just found it. A few corpses to fill the count."

[Chapter 2688: Offer a reward](#)

Why Yun Dongguang couldn't believe the scene in front of him, this is the thirteen thieves, so he died? Of course he knows these people, so the shock in his heart is also the strongest. Thirteen thieves, even he dare not guarantee that he will

Being able to take them down, I didn't expect to die in Qin Chen's hands now.

Is that human being?

At this moment, a trace of fear for Qin Chen unexpectedly emerged in his heart.

But suddenly, Yun Dongguang came back to his senses, and he couldn't help being ashamed and angry. A heavenly saint was actually afraid of a peerless earth saint, and his heart roared: Yun Dongguang, what are you thinking about?

"This head is indeed the first thief. I have met the first thief, and I will never remember it wrong." Tian Xing Zhenren looked at the first thief and was shaking.

This time, I am afraid I found a treasure.

The other Heavenly Sage masters also nodded and looked at Qin Chen shockedly. This is indeed the number one thief, and all the major forces are wanted. It is impossible to admit their mistakes, and they almost have a stroke in shock.

"As for the rest, just check it."

Elder Chu Ye stepped forward, and a mirror appeared in his hand.

The mirror light shone on our corpses one by one, and the lifelike former appearance of the corpse appeared in the mirror.

"Huh?" Qin Chen's heart moved, this mirror actually has the effect of rejuvenating the soul, it is worthy of heaven's work, there are so many treasures.

"Ah, don't kill me, I hate it... Qin Chen, my thirteen thieves will never let you go."

In the mirror, there was a painful sound before dying, as if it came from a curse between the nether and hell, vicious and cruel, and it was creepy.

However, there were only some broken voices, and there was no scene of how to die, because all the power in these thieves was extracted by Qin Chen, and he couldn't even resurrect.

"hiss!"

"It's really the thirteen thieves!"

But this is enough, everyone is not an idiot, everyone can recognize whether it is the thirteen thieves.

"Yes, it is indeed the Thirteen Thieves, each of which is the cultivation base of the Half-Step Heavenly Sage. This kind of breath and voice cannot be imitated by other people, such as fake replacements, but the Half-Step Heavenly Sage origin on them, and All the blood, strength, even

The soul was taken away. "

Elder Chu Ye finally determined that it was indeed the thirteen thirteen thirteen thieves who had been repeatedly unable to wipe out the trouble.

"How long is this? The thirteen thieves actually killed all? This Qin Chen is too powerful, comparable to the heavenly sage? No, even the ordinary heavenly sage can't kill the thirteen thieves, then Qin Chen is How did you do it?"

It is even more incredible for everyone to verify the body.

"No, it must be impossible for him to kill him. He is a peerless earth sage, no matter how strong it is, how can he kill the thirteen thieves."

"There must be someone secretly helping."

"Is there a mysterious force behind this Chendi Pavilion?"

Numerous discussions and speculations are endless. In the final analysis, everyone does not believe that Qin Chen, a peerless earth saint, can wipe out the entire thirteen thieves.

"Qin Chen, as far as I know, the first thief's cultivation base is to pass the sky. He is a former Heavenly Sage powerhouse, and he has cultivated a secret technique. Once it is used, he can restore his cultivation to his former realm for a short time. How did he kill him?"

It took a long time for Yun Dongguang to calm down, his eyes fixed on Qin Chen, and said with a cold voice.

"How I killed it, does it have anything to do with you? You only need to verify if it is the real person. If it is, then redeem the reward, the dignified Yunzhou state lord, don't you have to say nothing?"

Qin Chen sneered and said.

"You..." Yundong trembled with lustre.

But also, several major states offered rewards, only asking about the results, but didn't say how to kill. If he didn't honor the rewards, he might completely ruin the name of the Yun family and become a laughing stock under everyone's eyes.

Not only people from Yunzhou were present, but even Ziyang Jiutian from Yanzhou Prefecture and Tiansheng masters from Yanzhou were also here. In Lingzhou and other places, there were also strong people coming and watching. "Hmph, the rewards sent out will naturally be honored by this seat. However, according to the news of this seat, the thirteen thieves, the most important treasure, is called the Ten Thousand Thieves Cave. Self-made space. Thirteen

The thieves escaped the encirclement and suppression many times in the past, relying on this treasure, this treasure, and the thirteen thirteen thieves will carry it with them. I wonder if you have collected it?"

"

Yun Dongguang said coldly.

"There is indeed such a treasure, but it was blasted by Ben Shao during the battle."

Qin Chen told a lie without blinking his eyes, joking, this is his trophy, what does Yun Dongguang mean by asking him to hand over the trophy? Or is it to make others jealous and stare at yourself?

This old thing is so bad.

Sure enough, when Yun Dongguang asked these words, the eyes of the other Heavenly Sage masters flickered, and they all thought about it. "Is it really broken?" Yun Dongguang sneered: "I have to remind you that it is not this seat that covets this treasure, but this treasure, which is made by the thirteen thirteen thieves plundering the materials and treasures of the major forces. I remember that Tianhe Zhenzong once had one

The most treasured armillary sphere was taken away by the thirteen thieves and smelted in the cave of ten thousand thieves. This is stolen goods. "

Sure enough, the old monster of Tianhe Zhenzong's face sank, "Qin Chen, you really broke the Ten Thousand Thieves Cave? Even if it is broken, there will always be debris, right?"

"Hmph, I broke it when I said it broke, do I have to prove it to you?"

Qin Chen glanced horizontally, and looked at the old monster Tianhe coldly, "What is my business if you lost the treasure of the True Tianhe Sect. If there is a species, I asked the thirteen thieves to ask for it. Low realm, weak strength?"

boom! There was a murderous aura on Qin Chen's body, and a cold murderous intent appeared on his face, as if a murderer had descended. Old Monster He's expression changed that day, and his Heavenly Sage aura was suppressed. It suddenly occurred to me that the person in front of me

Power, killing the thirteen thieves, is simply invincible.

No matter whether the Thirteen Thieves was killed by him alone, or there was someone behind Qin Chen, no matter which one of them should be an enemy, if he annoys the other party and enters the Tianhe Zhenzong, he will be unlucky.

I was really blinded by the lard. It was originally Yun Dongguang and this kid's business. What would I say? "Little brother Qin Chen, the old man just asked. The armillary sphere has been lost for more than three thousand years, and the old man has long since taken care of it. Whether it is broken or not, it belongs to little brother Qin Chen. Trophy, neither is my boss Tianhe

The kind of people who bully others. "

The old monster Tianhe hurriedly explained, and then said coldly to Yun Dongguang: "Master Yun, this reward, what should be cashed, do you think?" Qin Chen's majesty came and went, instantly In time, it was established.

[Chapter 2689: Kaitian Axe](#)

Other people are not idiots, and in a flash, they all know the purpose of Yundongguang.

"Hmph, the reward set by the lord of the state will naturally be achieved, and you don't need to remind you."

Yun Dongguang also knew that this trick was useless. It aroused the anger of the people. When he lifted his hand, two ancient sacred veins appeared in the sky and the earth, exuding an amazing holy energy, making countless saint martial artists look greedy. .

One piece of ancient holy veins can make a force like Tianyue City, and two, for even half-step heavenly saints, are not a small number.

"These are two ancient sacred veins." Yun Dongguang said with a calm face.

Boom!

With a big wave of his hand, Qin Chen directly captured these two ancient sacred veins, threw them into the storage ring, and said with disdain: "It's so uncomfortable to return Yunzhou Prefecture."

"you....."

Yundong trembled with lustrous energy, but he couldn't say a word. After holding back for a long time, he said "Farewell" and turned around to leave. He couldn't wait any longer. For Qin Chen, he lost five ancient sacred veins.

The five ancient sacred veins, even if he is the head of Yunzhou, it is a great fortune, but he has not been able to kill Qin Chen. He is afraid that if he continues to stay, he will go crazy.

"Wait a minute."

Qin Chen spoke coldly and stopped him again.

"I have given two ancient holy veins rewards, what do you want to do?" Yun Dongguang's eyes flashed fiercely, wishing to slap Qin Chen. "Lord Yunzhou, don't pretend to be someone. Others don't know, Ben Shaoyan doesn't know that you called these thirteen thieves. You colluded with thirteen thieves and wanted to assassinate Ben Shao, but you lost your wife and broke down. , I should be 'very good' in my heart?" Qin Chen said coldly

Tao.

"What? The thirteen thieves were called by the master of Yunzhou?"

Everyone on the field was stunned and looked at Qin Chen in horror. If this is true, then the Lord of Yundong Guangzhou will definitely become the target of the public, colluding with the disaster states and slaughtering the thirteen thirteen thieves of countless forces. Guanghan Mansion could not spare him either.

"What nonsense are you talking about?"

Sure enough, Yun Dong was furious, and a horrible murderous aura suddenly spread all over his body. The terrifying killing intent swept out like a vast ocean, and hit Qin Chen severely.

"Yun Dongguang, stop."

"Master Yunzhou, I have something to say."

Dao Tian Xing, Old Monster Tianhe and others opened their mouths one after another. Hey, Dao Tian Xing shook his body and hurriedly stopped in front of Qin Chen to resist Yun Dongguang's murderous aura for Qin Chen.

"You guys get out of the way, this one slanders this seat, if you don't give this seat an explanation, how will this seat gain a foothold in Yunzhou in the future." Yun Dong Guanghan said.

"Qin Chen, you have evidence."

Elder Chu Ye also said in a deep voice, this is a big event, and he cannot tolerate his presence. "There is no evidence, but this was admitted by the first thief himself." Qin Chen smiled coldly: "Of course, the lord of Yundong Guangzhou can also say that the first thief deliberately framed you. Anyway, there is no real evidence. But I can't stop Yunzhou Lord, but

Yes, you shouldn't be idiots either. These thirteen thieves suddenly appeared in Yunzhou and established their base camp outside the Yunzhou Prefecture, and they are so free in and out of Yunzhou Prefecture. Do you need any evidence? "Yun Dongguang, this young man has identified you. There is no evidence to identify you today, and it does not mean that you will not be in the future. As the lord of Yunzhou, you have colluded with thirteen thieves and destroyed so many forces in several major states. What Yunzhou state owner, I think Yunzhou

Moth. "

"Today Ben Shaohua is here. If there is a chance, Ben Shao will definitely destroy your Yun family. Lord Yundong Guangzhou, go back and wait for the funeral."

Qin Chen's body was so angry and cold.

"you wanna die!"

Yun Dongguang's eyes were red, and he was so reprimanded by a junior person, how could he keep his promise? What's more, Qin Chen also revealed the secret between him and the thirteen thieves, **** it.

Boom! Yun Dongguang's body suddenly became magnificent and tall. With a loud noise in the sky, the entire Yunzhou City shook. Qin Chen's whole body shook, and he felt an incomparably huge force coming down from the sky. Suppressed,

It seemed that he was going to be suppressed until eternity, completely sinking.

Qin Chen raised his head and looked at the sky. I saw in the sky, a battle axe that reached the sky appeared. On the battle axe, the heavenly sacred aura lingered, and the glow of the sky, like the axe that Pangu opened the sky, flew out from the ancient world, and moved slightly. , The breath that bursts out, just wats

The solution of the sky and the collapse of the four poles caused a lot of holy energy in the entire state to boil.

Heavenly Treasure-Kaitian Axe!

This is Yundongguang's treasure. He immediately used the Heavenly Sacred Treasure Opening Axe to kill Qin Chen with a single blow and completely sink Qin Chen. As soon as Qin Chen's eyes were cold, he felt

the infinite sharp aura suppressed, and the power of the sky-opening axe actually suppressed him and this space into powder, arrogant, overbearing, unique, and invincible! This is what this heavenly treasure gives

Qin Chen's feeling. Originally, apart from the Yan Luo Demon Clan, Qin Chen had seen three pieces of the Heavenly Sacred Treasures, Noah's Ark, Ten Thousand Pirates Cave, and this one in front of him. However, these three heavenly treasures are the sharpest and more domineering with the aura of the sky-opening axe in front of them.

, To cut the sky and destroy the earth, seems to split the sky and the earth.

"Qin Chen! You, a junior, are actually talking nonsense and slandering this seat for colluding with the thirteen thieves. As the lord of Yunzhou, I will let you know my authority today."

Yun Dongguang yelled coldly, his voice was very cold, and very calm, and there was no trace of anger, some were just judgments and punishments, to judge all those who violated his will and punish all those who challenged his majesty.

"Yun Dongguang, stop."

The real person Tian Xing shouted angrily, he was about to stop him, but was stopped by Qin Chen. Under the eyes of everyone, Qin Chen walked out proudly, his eyes piercing through everything. "Yun Dongguang, do you really think you are the only divine lord in this world? No, you are just the little Yunzhou state lord!" Qin Chen said coldly, "The tone is crazy like a holy lord, there is nothing Self-knowledge, do you think you can judge me?"

ridiculous! "Qin Chen's body shook without fear. He soared into the sky, his fist shook and became extremely huge, and he played the original magical power. Between the endless world, it seemed that a point appeared, a universe derived, One born in heaven

A pole, from that pole, a legendary power burst out.

Boom! Everyone only felt a terrible roar and shock, and the entire Yunzhou prefecture was shaking, enough to swept the storm that would wipe out the peerless holy land. The complexion of Zhen Xing Zhenren, Elder Chu Ye and others changed drastically. Saved this

The nearby space, otherwise, under this blow, all tens of thousands of miles will collapse and become ashes.

boom!

Energetic swept through, and Yun Dongguang's body shook in full view, and then he stepped back three steps before stabilizing his figure. Of course, Qin Chen didn't have a good time. He retreated more than ten steps before regaining his footing.

[Chapter 2690: Let him go](#)

boom!

The two oppose each other in the void, like two emperors.

The endless roar dissipated. At this moment, everyone was shocked and looked at the scene in the sky in amazement.

Qin Chen actually blocked the attack of Lord Yundong Guangzhou?

This... it's just hell.

Many people were shocked when they saw this scene.

How can that be?

One is the master of Yunzhou, a veteran master of Heavenly Sage, and holds the Heavenly Grade Supreme Treasure Opening Axe, and one is just a young generation, a peerless Earth Sage.

A peerless earth saint, no matter how strong, how can he withstand the attack of the heavenly saint strong, and is the attack of the heavenly saint?

If you didn't see it with your own eyes, everyone would think they were crazy.

Is this the horror of Nine Towers Tianjiao?

No one can remain calm, all shocked.

And the most shocking thing is the cloud and hole light.

With one move, he couldn't kill Qin Chen unexpectedly, and he only had a very weak upper hand. The anger in his heart can be imagined.

It was terrible. Now Qin Chen is just a peerless earth sage. Once he is allowed to break through the heavenly sage, what is it that faces him? I'm afraid it will be the end as Qin Chen said.

This son must die.

"Everyone listens."

Yun Dongguang drank coldly, and suddenly endless spiritual thoughts swept out, swish, swish, countless strong men rose up in the city of Yunzhou.

These people, wearing armors, are all top powerhouses, there are peerless earth saints, and half-step heaven saints, all of which are the guards of the city of Yunzhou.

Hum!

Moreover, over the entire Yunzhou State City, a series of terrible prohibitions permeated, and the big formation opened.

"Those who challenge my majesty must die. I Yun Dongguang is the lord of Yunzhou. Majesty cannot be profaned. Everyone listens to orders and captures the people of Chendi Pavilion. If there is resistance, kill them." Yun Dongguang said coldly. .

"Yun Dongguang, stop!" Elder Chu Ye yelled coldly and walked out: "Everyone, listen to me. This incident was caused by the thirteen thieves. Both are the pillars of my human race. Now the threat of the demons is imminent, everyone. Why don't you just listen to me and discuss with you."

This fight will only make the demons happy, the enemies will be happy, and the loved ones will be painful. "

"Elder Chu Ye's words are exactly what, if you have to do something, Lord Yunzhou, don't blame me Wangulou for meddling." Zhen Xing Tianxing also walked out.

Hum!

At the same time, where the Wangu Tower was located, the terrible forbidden aura soared to the sky, and a deep force filled the Wangu Tower, and it was the many powerhouses in it.

But the old monster Tianhe and others squinted their eyes and did not speak. They naturally expected Chendi Pavilion and Yundongguang to fight. No matter who wins or loses, it is all for these Yunzhou Tiansheng forces. An opportunity to fish in troubled waters. "Everyone, this Qin Chen is arrogant and domineering, threatening this seat, and the origin of this son is unknown, and he has such strength at a young age. Even if he is the saint child and saint of Guanghan Palace, this is just the case? I have reason to doubt. This child may be a spy of the demons

, It's better to capture and interrogate, a force that doesn't even have a heavenly saint, whose origin is unknown, can't always jump out of the stone, right? "

Yun Dongguang said with squinting eyes, and directly buttoned a big hat on Qin Chen.

Today is an opportunity. Only by killing Qin Chen can he feel at ease.

"Yun Dongguang, who said I have no heavenly sage in Chendi Pavilion? How can you know the identity of Xiao Chen?"

Boom! At this moment, there was an angry voice in the distance. Above the sky, endless holy spirits boiled. A huge battleship rumbling over came and slammed into the city of Yunzhou. On top, it hit the prohibition of Yunzhou Zhoucheng

Open a gap and rush in.

Whoosh!

From the battleship, a domineering and majestic figure flew out, and the endless heavenly sacred aura lingered on this person, like a **** king, majestic and invincible.

This is a heavenly saint, a heavenly saint!

"father!"

Ao Qingling exclaimed in surprise, the person here is not someone else, it is Cangxuan City Lord Ao Lie, who has already broken through the Heavenly Sage cultivation base at this moment, and the endless Heavenly Sage aura lingers around him, eternally like one, combined with his unique merit for eternity, It was a shock to the sky.

He drove Noah's Ark, and endless coercion enveloped the entire Yunzhou Prefecture. Where Noah's Ark flew, the void was controlled by him and became his domain.

"Little Dust, his subordinate Ao Lie was late for rescue and put Shao Chen in distress, so I ask Shao Chen to punish him."

Ao Lie shook his body and went straight to Qin Chen, saluting respectfully.

"Ao Lie, you are here just right, get up." Qin Chen raised his hand, and Ao Lie suddenly felt an irresistible breath supporting him. He was shocked and exclaimed. As expected, Shao Chen is Shao Chen. It has only been two months, and it has become so terrifying, compared to being in Cangxuan City, it's better

More than ten times.

In comparison, when he broke through the Heavenly Sage, he paled in comparison.

"Thank you for less dust." Ao Lie stood up, turned around and stared at the light of the cloud cave, urging Noah's Ark, booming, the heavenly treasure Noah's Ark surged with a terrifying aura, and firmly confronted the opening axe above Yundong's bald head.

"Yun Dongguang, I want to move Chen Xiao and Chen Dige, I've asked the old man before talking."

He proudly said, the endless heavenly sage breath rushed into the sky, and the battle spirit was boiling.

Rely on.

Everyone in the audience is going crazy.

Ao Lie, Cangxuan City Ao Lie, when did he become a master of heaven?

No wonder the ancestor Li Luo of the soul fire family would die in Cangxuan City, isn't this seeking his own way of death?

"Ao Lie!"

Yun Dongguang stared at Ao Lie coldly with an ugly expression. He didn't expect that Ao Lie would break through the Heavenly Sage. This is troublesome.

With the strength of Qin Chen and Ao Lie, coupled with Noah's Ark, such as Heavenly Treasures, and Wangulou Tianxing Zhenren and other powerful players, if you really want to do it, you may not be able to take advantage.

The most important thing is that Noah's Ark is among the heavenly treasures, the best at escape, even if he unites all the forces and defeats the opponent, he may not be able to keep them.

Must think of a surefire solution.

At this time, Elder Chu Ye also stepped forward to dissuade him, and said that if both parties really want to do something, Tianjiao will never stand by and punish severely.

How can it be allowed to see such a thing happen during the day's work assessment? "Huh, for the sake of the adults of Heavenly Work, this seat will spare you your life first, but you remember, this seat is the master of Yunzhou state. If your Chendi Pavilion violates any laws in our Yunzhou, This seat will definitely be punished severely.

Lou had no right to intervene. "

Yundong's complexion changed a few times, and he immediately made a decision. After speaking, his body moved and disappeared.

Countless Yunzhou's guards also disappeared one after another, and calm again.

"Let him go today." Qin Chen also sneered. It is indeed not a good time to kill Yun Dongguang.
