[Chapter 2741: Not strong enough](#)

"In addition to this, there is another advantage. We are not in harmony with forces such as Yanzhou and Lingzhou. There are often conflicts in order to compete for resources. However, once the Chendi Pavilion is settled, it is different. Chendi Pavilion can be used as A transfer station to trade the resources of our major states. In this way, our Yanzhou martial artist only needs to concentrate on training, and our strength will definitely go further."

All kinds of thoughts surged in Mu Yue's mind, one after another.

Not only the real Muyue, but the top masters of other forces are also thinking about telephoning. In the end, everyone has to admit that it is undoubtedly the best choice for Chendi Pavilion to be the master of Yunzhou.

"Hahaha, since we have already agreed at the beginning, I, Yanzhou, will naturally not go back, Pavilion Master Qin, I Yanzhou agrees to Pavilion Master Qin's proposal."

After Madam Mutsuki made the decision, he was very decisive and immediately laughed.

"Let this real Mutsuki get ahead."

Lingzhou's special envoy had already made up his mind. Seeing real Muyue speak first, he was a little unhappy, and hurriedly said: "I Lingzhou also agrees with Pavilion Master Qin's proposal."

"With the talent and strength of Pavilion Master Qin, it will definitely be the pillar of my Guanghan Mansion in the future, and I will agree."

"I agree with Xuzhou."

Suddenly, the major forces spoke up one after another, vying to get ahead.

"Since you all agree, it is up to Ao Lie to discuss the specific matters with you."

Qin Chen laughed, and he didn't bother to take care of the next thing.

Although the major forces agreed to the result, how many territories each force can be allocated to, which city is under the actual jurisdiction of which force, there are still wrangling in the middle, these small things are naturally all left to Ao Lie to do.

Next, Ao Lie and the people from the major forces were in this hall, holding the map of Yunzhou, and began to wrestle with each other.

"Little Chen, don't you stare at it? Father, after all, just broke through the realm of Heavenly Sage, what if he can't bear the pressure of several major forces and lets the territory out of you exceed your psychological expectations?"

In the backyard of the prefecture house, seeing that Qin Chen ignored the specific discussions in the hall, Ao Qingling was suddenly startled, and Qin Tingting was also a little surprised.

"You just don't believe in your father? Besides, this is also an opportunity to give Ao Lie a chance to exercise. Even if he really gives up some more territory, it's nothing, it's just a small matter."

Qin Chen laughed and didn't care at all. With such experience, in Qin Chen's opinion, it really doesn't matter if you give up more territory or less.

Ao Qingling and Qin Tingting were both dumbfounded, and couldn't help saying: "There is little dust, this is related to the belonging of Yunzhou, maybe one omission is the gap between several cities."

"At this point, I will educate you two well."

After Qin Chen heard this, his brow furrowed, and he looked at Ao Qingling and Qin Tingting with a serious expression. Their eyes were shocked and they held their breath.

Qin Chen said indifferently: "If you two have not passed the Tianxue assessment and will stay in Yunzhou in the future, it is okay to pay special attention to this kind of thing, but you have now passed the Tianxue martial arts assessment, then you can't look at it. It's limited to this little profit."

"What are the few cities? Even if the entire Yunzhou is let out, what can it be?"

Qin Chen looked serious: "You must remember that in the heavens, the most important thing is always your cultivation level, strength, and everything else is imaginary. Now that you have passed the heaven work assessment, you have enough resources to cultivate. At this time, what you should consider is how to improve yourself. If you can become the pinnacle heavenly saint, or even become the saint master, would you care about this mere Yunzhou?"

Become the pinnacle of heaven?

Become the Holy Lord?

Ao Qingling and Qin Tingting were shocked. Is this... possible?

As if he understood the two people's thinking, Qin Chen sighed: "Martial artist cultivation is against the sky. If you don't even have the courage to become a peak heavenly saint and become a saint master, then you really will never be able to. That's it."

Qin Chen's words, like Hong Zhong Dalu, crashed into the hearts of the two.

"Yes, little dust, we understand."

Ao Qingling and Qin Tingting lowered their heads in shame.

Yes.

Their vision is still too small.

Chen Shao deserves to be Chen Shao, and he can see the essence of things at a glance. It is no wonder that Shao Chen is so young and possesses such talent and cultivation.

"I'll go to practice first, and wait until Ao Lie and the others discuss the result, and then let me know. And you, the next more thoughts will be spent on cultivation. As for the management of Chendi Pavilion, leave it to Shang Gukong. That's it."

As soon as Qin Chen's voice fell and his figure shook, he had disappeared in the depths of the prefecture.

As Qingling and Qin Tingting looked at Qin Chen's disappearing figure in shock, feeling ashamed, Shao Chen is so terrible, and they are still focused on cultivation, but what are they paying attention to? In shame, they also left one after another, practicing in retreat.

After the appraisal of the refiner, those who work hard will leave soon. At that time, they will also go to the Tianwork headquarters with the Tianworkers and enter the martial arts department to cultivate cultivation.

With a sway of Qin Chen's figure, he came to the deepest part of the prefecture.

Here is a mysterious space zone, which seems to be the retreat of the cloud hole light, connecting the heavenly veins below, and at the same time, it can also pay attention to the whole state city.

As soon as Qin Chen entered here, he felt a strong sacred vein aura lingering.

"Comfortable."

Qin Chen took a deep breath, the Heavenly Sage Law rolled in his body, and his pores were all relaxed.

It was the first time that Qin Chen had cultivated in the Celestial Saint Veins. Although the Saint Master-level Saint Veins was powerful, Qin Chen did not dare to consume them easily. How could he unscrupulously absorb the aura of the Celestial Ancient Saint Veins like he is now? The aura of this heavenly grade ancient sacred vein is too terrifying.

"I have been in the heavens for quite a while. Although I have reached the half-step Heavenly Sage now, it is not so easy to break through and become the Heavenly Sage. I must become the Heavenly Sage as soon as possible, or even further, to resolve it. The crisis of Tianwu Continent."

Qin Chen was worried.

Don't look at his current strength in Yunzhou, but this is just a small Yunzhou. The entire Guanghan Mansion is extremely vast, and there are countless states like Yunzhou. In order to get the origin of time, Yaomie Mansion, Even if the strong person sent is not the pinnacle sage figure, it will certainly not be just the ordinary sage.

But now that Qin Chen is able to beat the Heavenly Sage at the initial peak, it is difficult to say that he can face a stronger master.

Therefore, he is still not strong enough.

Hum!

With a thought in his heart, Qin Chen directly entered the Universe Good Fortune Jade Plate, and the endless aura of the ancient celestial sacred veins poured into the Universe Good Fortune Jade Plate. At the same time, Qin Chen directly took out the origin of Yundongguang. .

[Chapter 2742: Got news](#)

"This Yun Dongguang's strength is much stronger than the first thief, plus he is a true Heavenly Sage master, I hope his Heavenly Sage can make me go further, right?"

While whispering, Qin Chen urged time to speed up, with a palm directly, grasping the heavenly sage source of the cloud cave light, and then began to refining, billowing flames, the air of origin, the perception of heaven and earth, penetrated into the cloud cave light The origin.

Boom!

Above the origin of the Cloud Cave Light, countless Heavenly Sage Rules burned, and gradually, a powerful force of Heavenly Sage Rules lingered and penetrated into Qin Chen's body.

The power of various heavenly sacred laws lingered in Qin Chen's mind, and Qin Chen's whole body gradually turned into a golden sphere, on which hundreds of millions of heavenly sacred laws were intertwined, and various exercises, magical powers, and comprehend heaven and earth rules. It evolved into thousands of visions, and was absorbed by Qin Chen little by little.

Suddenly, Qin Chen discovered that there was a core sphere in the heavenly sage origin of Yundongguang.

This sphere is very weird, with deep lines, like the rules of heaven and earth, giving people an urge to blend into the body.

It seems that as long as the sphere is swallowed, one can gain a glimpse of the heavens and get all the power of the cloud and hole light.

But in this impulse, Qin Chen smelled a hint of crisis.

call out!

Qin Chen pointed his finger, displayed the origin technique, and hit the ball all at once.

Boo!

The sphere exploded suddenly, and a strange soul fluctuation swept out. Whoosh, the soul fluctuation was very strange, and it suddenly rushed into Qin Chen's mind to occupy his body.

"Hmph, I don't know what's wrong, Heaven Soul Forbidden Technique, imprison me!"

Qin Chen waved his hand, and suddenly the soul fluctuation was imprisoned in the void, and then Qin Chen saw that the soul fluctuation turned into a cloud hole light, struggling with pain, staring at Qin Chen ferociously. Out of resentment fluctuations.

"Huh? The soul reincarnation technique?"

Qin Chen was startled. From above this soul fluctuation, he felt the aura of Yundongguang. If his body is occupied by this soul fluctuation, then it is very likely that he will become a puppet of this soul fluctuation.

"The soul power of Yundongguang has been completely destroyed by me, how can it survive? Is it some kind of soul secret technique?"

Qin Chen frowned and pointed at the soul fluctuation.

what!

"Qin Chen, I won't let you go when I die!"

This soul fluctuation of Yundongguang was broken, a force of origin traced back, destroying all the vitality in this soul fluctuation, and the last soul aura of Yundongguang was completely destroyed.

"This should be some kind of soul parasitism, which can be hidden in the source. Once a strong person swallows his Heavenly Sage's source, it will be integrated into the opponent's body and take away his power. Even the Heavenly Sage cannot Resist."

Qin Chen pondered carefully, and finally understood the nature of this soul fluctuation, and couldn't help but feel awe-inspiring.

This soul secret technique is too weird. Fortunately, he is only comprehending the origin of the Heavenly Sage of the Cloud Cave Light, and has not forcibly absorbed it. Once it is forcibly absorbed, even a person stronger than the Cloud Cave Light cannot resist his seizure.

But at this time, Yundongguang died completely clean, and there was no possibility of resurrection.

Hum!

This soul wave exploded, and a special soul power was caught by Qin Chen.

"Is this power some kind of soul secret technique?"

Qin Chen carefully realized that under the heavenly soul forbidden technique, all the mysteries have been penetrated by Qin Chen. This is actually a special way that takes the soul as the source of power.

Suddenly, a light flashed in Qin Chen's mind.

It is said that in the heavens, the soul is the core, and the soul is the essence of the saint-level masters. However, in the heavens, apart from special secrets such as the heavenly soul forbidden technique, there are hardly too many soul arts. If you can create What will happen to a soul art?

Once this thought came out, Qin Chen couldn't help it anymore.

If it can be created, it will be a terrifying secret technique no less than the original magical power.

"No, with my current cultivation base, I am not qualified to create such a secret technique, Heavenly Sage, only after entering Heavenly Sage can I try it, otherwise, even if it is created, there will be many loopholes."

Qin Chen calmed down quickly.

Next, he carefully comprehended the original power of Yundongguang. After Qin Chen realized it, these original powers became Qin Chen's own law power. Qin Chen's body, the aura of Heavenly Sage Law became more and more intense, in a large number of heavenly ranks. With the blessing of the ancient holy veins, Qin Chen's breath became more and more terrifying.

Under fifty times the time acceleration.

A month!

Three months!

Five months!

After a full five months, Qin Chen had completely comprehended all the heavenly sacred laws of Yundongguang. Boom, he stood up, and the endless heavenly sacred laws surged over his body, like a **** king.

"This Yundongguang Heavenly Sage Law is powerful, but unfortunately, it still can't allow me to directly enter the realm of Heavenly Sage."

Qin Chen sighed.

He needs too many Heavenly Sage Laws, even Yun Dongguang and other powerful people's insights into the Heavenly Sage Laws cannot help him enter the realm of Heavenly Sage.

After refining the Heavenly Sage Law, Qin Chen did not waste the power of Yundongguang.

He reached out with a big hand and evolved the technique of patching up the sky. Suddenly, all the heavenly powers of Yundongguang were sacrificed to the Universe Good Fortune Jade Disc. The surface of the Universe Good Fortune Jade Disc that originally exuded a powerful aura evolved to be more powerful. The power of, there is a taste of being promoted to a mid-level heavenly treasure.

However, these are just disguise, covering the disguise of the jade disc of good fortune from the universe. The real jade disc from the fortune of the universe has become a world of its own, containing the magic tree of the world and the ancient holy veins of the holy master. Even the treasures of the holy master can be suppressed. It is comparable to the mid-level Celestial Saint Baoneng.

"It's almost time to go out."

Qin Chen calculated it, now that the outside world has passed three days, the negotiation should be over. Moreover, Tianjiao's refining division is also expected to leave. Tianjiao cannot stay in Yunzhou for too long. Either follow Tian Jiao to leave and head to the headquarters, even if you have other ideas, you must say hello in advance.

With a thought in his heart, Qin Chen came to the state main mansion in an instant.

The entire prefecture has restored calm at this moment. It has been repaired everywhere. It has become the headquarters of the Chendi Pavilion. The ancient medicine masters and others are busy, but the entire prefecture is very peaceful, and it is obviously safe to hand over. Riots.

As soon as Qin Chen appeared, he attracted Ao Lie's attention. Whoosh, Ao Lie instantly appeared beside Qin Chen.

"Little Chen, you are out!" Ao Lie felt the terrifying Heavenly Sage aura on Qin Chen's body, and took a breath of cold air. For a moment, he almost thought that Qin Chen had broken through the Heavenly Sage realm, but he felt it carefully and found out. Qin Chen was still a half-step celestial sage, couldn't help being even more shocked.

It is only half a step of the Heavenly Sage Law of the Heavenly Sage Realm, and it suppresses it so that I can hardly breathe. What the **** is this?

"Ao Lie, how are things in Yunzhou handled?" Qin Chen asked.

"Little dust, everything is arranged properly, there is no problem. This is the specific content of the agreement. You can see if there is less dust." Ao Lie took out a jade slip and said at the same time: "By the way, less dust, from the Wangu Tower. If Rui manages the matter here, I have been waiting for you for two days, saying that there is something important to report."

"Is it important?" Qin Chen wondered.

"Yes." Ao Lie nodded, "Ruorui said that it was you who asked Wangu Tower to have news."

what?

Qin Chen's gaze changed suddenly, and even the jade slips didn't even bother to look at it, and he disappeared directly into the same place.

[Chapter 2743: Necrosphere](#)

Ruo Rui has been waiting quietly in a reception room in the state lord's mansion for two full days.

However, she is very patient. Two days is nothing to Peerless Divine Sage. Moreover, this time Qin Chen won the title of Tiangong's refining master assessment. After she has established a good relationship with Qin Chen, she will definitely be promoted. , Was transferred to the Guanghan Mansion headquarters for training, is expected to become a **** of heaven.

All this was brought by Qin Chen.

And the most important thing for her now is to serve Qin Chen well, not to mention her, even the real Tianxing thinks like this.

It sounds like the sub-host of the Wangulou, a heavenly saint who wants to serve a half-step heavenly saint, makes people feel a bit shameless, but Ruo Rui and Tianxing Zhenren have such a consciousness. A transcendent force in Guanghan Mansion relied on this strategy of wooing talented and powerful people from all sides.

For countless years, it is precisely on this basis that Wan Gu Building can grow rapidly and become a behemoth.

Hum!

When Ruori was thinking about it, suddenly there was a shock, and a terrifying figure appeared in front of Ruori.

boom!

The terrifying breath of the ancient gods and demons, like a vast ocean, and like a high mountain, was suppressed. Ruorui, who was terrified, stepped backwards two steps, his face pale, and his soul seemed to be shattered. Can tear myself to pieces.

"Dust...less dust!"

After she found out that the person was Qin Chen, she was even more shocked. Compared with the previous examination of the craftsman who worked in the sky, Qin Chen's breath has improved again. Is this guy a monster? In just a few days, the cultivation base has improved again, which is almost unheard of.

Qin Chen also realized that he had just finished his cultivation, and immediately reduced his aura, looked at Ruori excitedly, and said in a deep voice, "Ruori is in charge, I heard that you have news I want to inquire about in the Wangu Tower?"

"Yes, Chen Shao." Ruorui took a deep breath and nodded: "After receiving your request from Chen Shao, the landlord Tian Xing immediately activated all the intelligence sources he could mobilize, and sent the news back. Headquarters, after investigating during this period of time, there are finally some eyebrows."

"According to your description, our Wangulou investigated the women who suddenly appeared in Guanghan Mansion. After deleting the selection, about 17 people were found. After further investigation, 14 of them were excluded and three were finally found. , It is extremely in line with your requirements for less dust..."

Ruo Rui took out a jade slip, "The information of these three women is now in this jade slip!"

"Two of them, located in the city of Guanghan Mansion, are said to have been taken by the Lord Guanghan Mansion as retreat disciples. They have never appeared in the outside world. We are also an accidental opportunity. We only knew through some special channels. With these two people, it is determined that it may be the person you are looking for, Xiao Chen."

"There is another, the Necrosphere in Guanghan Mansion. The Necrosphere is an extremely chaotic and dangerous place in Guanghan Mansion. Even Guanghan Mansion can't manage it. It is very chaotic. The people in it hate everything in Guanghan Mansion, everywhere. It's all slaughter, and we can't build sub-buildings in the Eternal House. However, because there are many special materials in it, we have established a cooperation with a certain force in the Necrosphere. From their mouths, we can I learned that Xiao Chen you are looking for news of that person."

While Ruori explained, Qin Chen couldn't wait to take the jade slip, and his divine sense poured into it, and all the information in it suddenly poured into Qin Chen's mind.

"Sisi, is Sisi!"

Excitement suddenly appeared on Qin Chen's face, and rainbow lights burst into his eyes.

Although the record here is very vague, the second person Ruorui mentioned is definitely Sisi, because in this record, Sisi appeared mysteriously in a place like the Necrosphere not long ago because of the special magic of Sisi. The charm of the body even caused some sensation in the necrosphere.

Many powerful people in the Necrosphere therefore took action and wanted to capture Sisi. For this reason, Sisi was forced to flee into a dangerous place in the Necrosphere. So far, life and death are unknown.

"Damn, these guys dare to act on my thoughts, they are really looking for death." Qin Chen was frightened and angry.

The Dead Soul Realm is somewhat similar to the Dark Abyss of the Tianwu Continent. This is a very cold and strange place. It gathers many wicked and evil people in Guanghan Mansion. The terrain is so complicated and chaotic that Guanghan Mansion Too lazy to manage, cruel.

How is it not dangerous for a woman like Sisi to enter such a vicious place?

The record about the other two people is very vague. It just records that Palace Master Guanghan Mansion suddenly added two retreat disciples more than a year ago. Their origins are mysterious and their talents are amazing.

Moreover, according to the information of the Wan Gu Lou, these two people do not seem to be natives of Guanghan Mansion. They are favored by the Guanghan Mansion. Moreover, it is rumored that they may be the people from the lower realm who soared up.

The heavens have gradually recovered during these years. Some powerful planes in the lower realms have already begun to have people ascending. For nearly a thousand years, it is said that some people have ascended one after another in all parts of the heavens.

There are rumors in Guanghan Mansion that these two people may be ascended from the lower realms. One of them is a natural swordsman with amazing talents in swordsmanship. The posture of the world.

"Could it be Qianxue and Ruyue?" Qin Chen's eyes narrowed.

Because these two people are very mysterious, they were directly taken as retreat disciples by Palace Master Guanghan. They have never appeared in front of outsiders. Only a few people in Guanghan Palace have seen them, and even the intelligence network of Wangu Building cannot be detected. Know the specific appearance.

But judging from the point of time, the two people are indeed likely to be Qianxue and Ruyue.

It's just that Qianxue and Ruyue are both kendo masters, why in the information, only one of them is a kendo genius, and the other is not recorded?

"Moreover, how does the other party know that Qianxue and Ruyue are the people of the lower realm? Although the realm of Ruyue has recovered a lot, people who have ascended for thousands of years are very rare, and Qianxue and Ruyue have the amethyst power of the Ji family ancestors in their bodies. It is difficult for outsiders Spy out their true origins."

Just like Qin Chen, he claimed to be the descendant of the Holy Master, no one would doubt that he came from the lower realm.

"Could it be that it was because the Saint Master of Guanghan Mansion was cultivated as Tongtian, and he saw the strangeness in the two of them? And the power of the lower realm?"

Qin Chen's heart shuddered.

This is not impossible.

Who knows the power of the Holy Master, it is incomparable to the heavens, if Qin Chen is right, the ancestor of the Ji family is probably at the level of the Holy Master, and the power of amethyst he left behind can cover the master of the heavens, but not necessarily. Hiding the Lord.

[Chapter 2744: No precedent](#)

"However, even if the other party knows that Qianxue and Ruyue have soared from the lower realm, but the two have low cultivation bases, how can they be accepted as retreat disciples by Palace Master Guanghan? Could it be..."

A cold light flashed in Qin Chen's eyes.

He remembered that the ancestors of the Ji family once said that he fell into the Tianwu Continent only after being chased by enemies of the heavens, and fell there.

Based on the cultivation base of the ancestors of the Ji family, the person who chased and killed the ancestors of the Ji family must be a great figure in the celestial realm. So, the enemy that the Ji family offended in the celestial realm should be a huge creature. The status of Palace Lord Guanghan is very likely to be heard or even known.

Could it be that Palace Master Guanghan saw the strength of the ancestors of the Ji family in the two of them, and then deliberately accepted them as disciples, making them a chess piece in her hand?

Qin Chen felt awe-inspiring.

He had already guessed that the two retreat disciples accepted by Palace Master Guanghan are most likely Qianxue and Ruyue, and the other party must have their own intentions in accepting the two.

"In that case, I have to go to Guanghan Mansion. Fortunately, I became a disciple of the Tiangong Artifact Refining Division, and I can go directly to Guanghan Mansion City, but before that, I must save Sisi. ."

Compared to Qianxue and Ruyue, Sisi was alone in the dead zone, which was too dangerous.

"No matter what the purpose of Palace Master Guanghan accepting Qianxue and Ruyue is, at least the two of them are still safe at the moment, and with my current identity and strength, even if I go to Guanghan Palace, it is impossible to get from a holy master. Taking back Qianxue and Ruyue in his hands, not to mention Sisi's avenue of cultivation of the Abyss Demon Clan, his identity is very sensitive, if it is revealed in the chase, then..."

There was deep concern in Qin Chen's eyes.

The heavens are so hostile to the demons. Once Sisi reveals his own demon cultivation, it will be over. If Guanghan Mansion knows about it, the consequences will be disastrous.

"No, I have to save Sisi now, otherwise..."

With anxious thoughts in his mind, Qin Chen was anxious, wishing to fly to the dead soul realm now.

"If Rui is in charge, I would like to thank the Wangulou for your help this time. Great kindness, I cannot say thank you. I now need your Wangulou to take the fastest route to the Necrosphere and the contact information of the force that cooperates with your Wangulou. give me."

Qin Chen put away the jade slip, took a deep breath, and made a decision.

He must go to the dead soul realm as soon as possible, otherwise one more breath will be delayed, and Sisi will be in danger of one more breath.

"Little Dust, are you going to the Dead Spirit Realm? This is too reckless..."

Ruo Rui took a breath of air, the Necrosphere is different from other places, even the forces of the Eternal Ancient Building cannot be affected, especially there are some wicked people inside, who will kill the sky at every turn. Although Qin Chen's cultivation base is tyrannical, but hastily Breaking in is equally dangerous.

"You don't need to worry about it, and please give me the route and contact information immediately."

Qin Chen said flatly.

Even if it is in danger, even if it is a sea of fire, for Sisi, he has to break through.

"Then, okay, I will report it to the Tianxing landlord immediately. These materials will be handed to you as soon as possible."

Ruo Rui nodded, knowing that she could not persuade Qin Chen, she could only find the original poster of Tianxing.

"Well, one day, one day later, I need all the information about the Necrosphere from your Wangulou."

The voice fell, and before Ruorui could speak, Qin Chen's figure flickered and disappeared.

He must take advantage of this day's time to arrange the rest first.

The most important thing is to work every day.

"What? You don't have time to go back to the Guanghan Futian working branch with us for the time being. You will be away for a while?"

Hearing Qin Chen's request, Master Mu Ye stood up suddenly, frowning at Qin Chen.

The Heavenly Work Refining Division is different from the Martial Arts Department. Those who have passed the examination of the Martial Arts Department can choose to go to the Tian Work Division for further training, or they can choose to stay in their own forces and only need to accept Tian Work's resources.

The degree of freedom is very high, and there are not too many constraints.

However, the master craftsman of the craftsmanship division, no matter what status, once passed the assessment, he needs to return to the Tiangong branch to report on his duties, and after unified teaching and learning, he has held a fixed position in the Tianwork before he has his own time.

Because compared to the martial artist, the refiner needs more communication and more teaching to grow up.

In other words, under normal circumstances, Qin Chen and other master craftsmen who have passed the assessment, after arranging all of their affairs within three days, must follow the team of Tianwu to return to the Tianwu branch in Guanghan Prefecture to report on their work. After that, after training, he can move freely.

And because of the special affairs of Yunzhou, Qin Chen's Chendi Pavilion seized control of Yunzhou, and Master Muye deliberately gave Qin Chen more time.

Unexpectedly, Qin Chen said that it would take a while to report to the branch, so Master Konoha would not be angry.

What did Qin Chen think of Heavenly Work?

"Master Konoha, the younger generation does have important things to do. This matter is one of the most important things in the younger generation's life. Therefore, the younger generation hopes that the younger generation can understand the younger generation's difficulties. Once the matter is over, the younger generation will definitely be the first. Time to go to the Tiangong branch to report."

Qin Chen said firmly.

In this world, nothing is more important than Sisi and them.

"Master Konoha, this... we never had such a precedent before we worked!"

The strong men working on other days on the field frowned and were speechless.

Master Konoha waved his hand to stop other people from speaking, and finally smiled bitterly, and a token appeared in his hand: "It seems that if the old man has to stop you, you may even give up joining the Heavenly Work Refining Division. Forget it, this is a token for our Tianjiao. With this token, you can report to the Tianjiao branch of Guanghan Fu at any time, and it also represents your identity as a Tianjiao disciple. Hurry up, although I don't know what you want. What to do, but pay attention to safety and contact the old man if you have any needs. Our daily work will be your strong backing."

Master Konoha didn't know how it was that a character like Qin Chen couldn't stop it at all and could only obey.

"Thank you, Master Konoha."

Qin Chen collected the token, bowed in gratitude, and then turned and left.

If possible, he also wants to use the power of Tianjiao, but Sisi practice has the rules of the magic way. Once Tianjiao is informed, he will definitely be investigated in detail, and the consequences will be even more disastrous.

Save Sisi, he can only do it himself.

"Master Konoha, are you too indulging him?"

Seeing Qin Chen leave in a hurry, other refiners were speechless.

"What can I do? Tie this kid away? Or is it to deprive him of the qualifications to enter the heavenly work?" Master Konoha gave everyone a blank look.

no way.

Genius is qualified to do it!

[Chapter 2745: God League](#)

After leaving Tian to work, Qin Chen returned to the prefecture's mansion again. On the way, he had checked all the jade slips Ao Lie had given him, and he also understood the current situation of Chendi Pavilion.

After some disputes, Ao Lie had negotiated with several major states such as Yanzhou, Lingzhou, Wuzhou, and Xuzhou, as well as the Tianxu family, Tianlong Temple, Tianhe Zhenzong and other forces, and settled the pattern of the entire Yunzhou.

Today's Yunzhou is completely in the hands of Chendi Pavilion, and these major forces will also help Chendi Pavilion stabilize the major forces in Yunzhou. In addition, Chendi Pavilion can establish branches in several major states, of course. Similarly, some cities bordering several major states are secretly controlled by several major states.

The current Chendi Pavilion has become a community of interests with several major states and forces.

Although Qin Chen knows that this community of interests may be temporary, and as time goes by, there will definitely be some contradictions and conflicts between each other, but Qin Chen does not care, as long as he can continue to improve, then all of this is not at all. What kind of.

After confessing all the affairs of Yunzhou to Ao Lie, Qin Chen headed directly to the Wangu Tower under the care of Ao Qingling and Qin Tingting.

What Qin Chen didn't expect was that after he killed Yun Dongguang, in order to save his life, Soul Fire Family Li Wanxue actually took the entire Li family to the Chendi Pavilion.

Originally, Ao Lie and the others were also planning to figure out how to secretly get rid of Li Wanxue. After all, Li Wanxue also successfully joined the Heavenly Work Martial Arts Department. He will definitely go to the Guanghan Mansion branch with the Tianworkers. Will become a threat to Chendi Pavilion.

But who knows that Li Wanxue is very smart, knowing that Chendi Pavilion can't tolerate their soul-fire family. When Qin Chen was in retreat, he brought people from the soul-fire family to Chendi Pavilion to plead guilty, and even directly let the disciples of the soul-fire family join Chendi Pavilion and submit to Chendi Pavilion.

Moreover, after Li Wanxue took the initiative to leave behind a soul, it was stored in the Chendi Pavilion to show her heart of surrender, which was tantamount to handing half-life to Chendi Pavilion.

Considering that Chendi Pavilion is dominated by the Ao family and does not know much about Yunzhou, Ao Lie finally agreed.

Naturally, Qin Chen would not care about these little things.

He went directly to the Wangu Tower, and after getting the materials prepared by the real person Tianxing, he rushed to the dead soul realm as soon as possible.

Before leaving, Qin Chen also left the Heavenly Axe to Ao Lie. Now Ao Lie has two celestial soldiers, Noah's Ark and Heavenly Axe, plus an ancient celestial vein in Yunzhou, enough to shock. Live in any power, even if several major powers join forces, they may not be able to keep Ao Lie.

What's more, there is the Wan Gu Tower on the sidelines, and Qin Chen doesn't worry about it at all.

After finishing all this, Qin Chen immediately took the teleportation array in Yunzhou and teleported all the way to the dead soul realm.

The Dead Soul Realm is located in an extremely remote place in Guanghan Mansion, on the outermost edge of Guanghan Mansion, and even borders other cities in the Heaven Realm. This is also the reason why Guanghan Mansion has not done anything to the Dead Soul Realm. Well, it may cause conflicts between big governments.

Years and months have passed, and here has become a trivial zone.

With a map to go to the dead soul realm, Qin Chen kept referring to it in his mind.

The heavens are very vast, Guanghan Mansion alone is vast and boundless, and there are many places, uninhabited, some mysterious extremities, or deserts, or the Dead Sea, or Void Turbulence, or mysterious cities.

Almost no one knows how big the whole heaven is.

Just a Guanghan Mansion has countless large states, a total of which is known as one hundred thousand states, and it is vast.

What a terrible territory is this?

And Qin Chen had to go through thousands of states to go to the Dead Soul Realm, which was extremely vast, especially the Dead Soul Realm, which was located in the most remote place in Guanghan Mansion, and it was far and barren.

Fortunately, every state has a teleportation array.

Moreover, the influence of the Wangulou spread all over the many big states of Guanghan Prefecture, and with the Keqing token specially applied by Tianxing Zhenren later, Qin Chen was unimpeded in every big state.

Along the way, Qin Chen encountered many miracles.

The vastness of a state in the heavens is comparable to the entire Tianwu Continent, not to mention that it has to go through thousands of states. Along the way, all kinds of mysterious and strange things emerge in endlessly.

But Qin Chen didn't want to appreciate it.

He rushed frantically, passing through the teleportation array, passing through countless big states, and finally, ten days later, he came to the nearest big state from the Necrosphere, Yuezhou.

Yuezhou is the most remote state in Guanghan Prefecture, and it is the closest to the Necrosphere, but even if Yuezhou goes to the Necrosphere, there are hundreds of millions of miles away, and there is no teleportation array between Yuezhou and the Necrosphere.

In the words of Yuezhou Warriors, the Necropolis is a land of poor mountains and rivers, and no one wants to go to this place.

Qin Chen could only travel through the void, urging the universe to make a jade disc, and then exercise the space rules, rushing crazy.

Normally, only the heavenly sage in the heavens can travel through the void.

However, Qin Chen's understanding of the law of the Heavenly Sage is much stronger than that of the normal early days of the Heavenly Sage. In addition, Qin Chen possesses a spatial sacred body that urges the universe to make a jade disc, and he can naturally travel through the void.

In this way, after another three days, Qin Chen finally reached the dead soul realm.

As soon as you enter the Necrosphere, a cold breath rushes over your face. The environment of the Necrosphere is very sinister. Various negative emotions linger in the void and permeate the sky. This is not a place for cultivators to live. Inner demon, only some people who are extremely vicious, or ascetic, will come here to experience killing and death.

The Undead Realm was very vast, much larger than Yunzhou, with countless broken cities. Qin Chen saw countless killings along the way. According to the map, he went directly to the city where the power connected with the Wangu Tower was located.

This is a dilapidated city suspended in the realm of the dead, named Youducheng, which is well-known in the realm of the dead.

Qin Chen did not rush to find the other party, but disguised himself as a young man with a cold aura and a pale face, and started walking in this Youdu City.

Now that he had arrived in the dead spirit realm, Qin Chen was not in a hurry. If he wanted to save people, he had to know himself and his opponent.

According to the guidance, he walked towards the force that the Wangulou cooperated with-Shenggu League.

This is a local force in the Necrosphere, and there are some names in the Necrosphere.

On the way to the Shenggu League, Qin Chen saw a lot of novelties. For example, in the inn on both sides of the street, he actually slaughtered the masters of the demon clan, Van Sage and Earth Sage, before refining the original source and using evil fire to sacrifice. Refined into a pill for cooking.

There are even masters who use ropes to treat some female saints of the Human Race as slaves and lead them to sell in the street.

[Chapter 2746: Desolate Ruins](#)

No one cares here at all, here is a lawless place.

With strength, you can do whatever you want.

Next to the streets of Youdu City, the most popular scenery is the street stalls set up by the masters.

Qin Chen saw that a peerless earth sage flew randomly in the air, sitting on one side of the street, and then using the prohibition to set up a small venue, and put all the materials, medicines and weapons he wanted to sell. , Put it under the ban, and then began to sell slowly, some masters came to bargain.

These people were full of cold and murderous aura, and the treasures they brought out for sale were all bloody, and some even had no blood stains. They were obviously robbed not long ago.

Qin Chen's heart was awe-inspiring. It was too dangerous for Sisi to fall into such a place. The danger here was ten times, or even more than a hundred times, more than he had before.

How can a woman survive here?

Qin Chen was angrily worried, how much hardship did Sisi survive here?

In addition to these small stalls and small vendors, there are also some large shops in many buildings in Youdu City, which do some treasure transactions. The Shengumeng that cooperates with Wangulou is the best of these shops. Domains have some reputation.

There are a lot of treasures in the dead soul realm. Someone once got a humble token in the shop here. It turned out to be the inheritance of a top powerhouse in the ancient heavens. In the end, that person got the **** of the sky. Inheritance, repaired into the Supreme Corpse Road.

There are often some ancient inheritances here, and it also attracts many strong people.

To go to the Shengu League, you have to pass through this street. While walking, Qin Chen used his spiritual thoughts to shoot at some of the masters who set up stalls around. From the things they set up, one could see whether a place was strong or not. .

Moreover, Qin Chen's eyes on the treasure were very precise, his soul was very keen, and it was difficult for any treasure to escape his magical eyes.

After walking through a street, Qin Chen could see that most of the treasures here were of the Earth Sage level, but some were half-infantry Sage soldiers. These were not counted, and there were even broken Celestial Sage weapons from time to time.

When such weapons fall in Yunzhou, they are like treasures, and all major forces have to compete for them, but here they are placed on the stalls.

However, many of these celestial sage soldiers have been broken and disfigured, leaving only a little bit of power, and some have even been scrapped, all fooling others.

But just seeing this, Qin Chen understood that this Necrotic Realm was definitely a much stronger place than Yunzhou, and the murderous aura on everyone was much stronger than the warriors in Yunzhou.

Qin Chen was just observing and didn't care about these treasures. He walked all the way and didn't even have the thought of buying them.

"Come, take a look, take a look, this is a treasure dug out from the ruins of the Desolate God, very rare."

Suddenly, a voice fell into Qin Chen's ears, Qin Chen stopped abruptly, turned his head, and his gaze stayed in front of an old man.

This old man, wearing a gray suit, revealed a burst of decay and decay on his body, but some ancient half-step heavenly aura flashed in his eyes, indicating that his identity was actually a pinnacle of half-step heaven. Holy strong.

But seeing this situation, almost everyone knows that this half-step heavenly sage at the peak, I am afraid that his life is near, and within a few hundred years, it will sit down and turn into withered bones and ashes.

Half-step Tiansheng can actually live a long time.

All saints in the heavens can live for 100,000 years without disease or disaster, so what about saints? Longer.

But it is not to say that with such a long life, you can really live for that long.

Celestial warriors often fight, because fighting with people, every time they fight, they will lose their lifespan, or they will practice magical powers, and they will also damage their lifespans. In the end, their life will be lost, the lamp will die out, and the life will be dead.

Such people are not even rare.

Therefore, regardless of the longevity of the heavenly saints, there are very few who can truly die.

However, what Qin Chen paid attention to was not the old man, but what the old man said.

Isn't that the ruins of Desolate God the place where Sisi escaped in the intelligence?

This place is a well-known ruin in the Necrosphere. It is rumored to be the tomb of a top powerhouse in the ancient heavens, and it is inhabited by a special tribe, but these are rumors and have no source. The only thing that can be known is that there are so many dangers inside, the Heavenly Sage, who enters it, will also fall, and there will be no trace of his body.

Over the years, the powerhouses of the dead souls who fell in the ruins of the wild gods do not know where they are.

The most important thing is that there is a mysterious power in the ruins of the Desolate God, which can limit the original aura in the saints, which is very mysterious.

Qin Chen was naturally curious when he heard that the other party had something from the ruins of the Desolate God, and wanted to understand it.

I saw in front of the old man there were some fragments of sacred treasures, some of which could be seen as sacred soldiers, many of them were fragments, very old, even like mud, tiles, and bricks, I don't know. How did you find out.

"This friend, these treasures of mine are all dug out from the desolate ancient ruins. As you know, the desolate ancient ruins are extremely sinister places in our dead spirit realm, brick by brick, all with mysterious powers, I These treasures of "are very likely left by the ancient tribe of the ancient heavens."

The old man saw Qin Chen wandering in front of his booth, watching, he couldn't help opening his eyes, and said weakly.

"Huh? There are many people exploring the ruins of the waste gods, but no one has ever seen the traces of the ancient tribe with their own eyes. They are all rumors, and the place has been abandoned. Although there are indeed rumors that treasures have been unearthed inside, you are all here. It's some broken bricks and shingles picked up from inside that actually want to lie?"

A warrior also took a look at the old man's booth. He saw that one of the mysterious earthen pots was still complete and wanted to buy it, but the old man wanted a piece of ancient holy vein for a bite price, and the warrior immediately swore and left.

"I don't know the good stuff! These things are the result of a fight for our lives with people. They came from the ruins of the Desolate God. A group of people went to explore the ruins of the Desolate God, but I was left alone. These things definitely contain special things. Strength." The old man scolded: "There are eyes but no beads."

"Does this earthen pot want an ancient holy vein?"

Qin Chen pointed to one of the old man's booths, which was unremarkable, the earth was chirping, and there was a crack and a gap in the earthen pot road when burning.

[Chapter 2747: Real life](#)

This earthen jar is obviously something used by people from a certain tribe in ancient times. It has no artistic taste, but is rough and ancient. There are also some textures on it, which are very rough, just like a group of weird ancient tribes who are offering sacrifices.

However, as the old man said, there is indeed a special atmosphere in this earthen pot, but all the things unearthed from the desolate ancient ruins on the stall have this kind of atmosphere, and the earthen pot is not too strong. The only special thing is that it is barely intact, at least the body of the can is not obviously broken, but the mouth of the can is missing.

"Yes, boy, did you like this treasure?" the old man said with drooping eyelids.

"Can you show me?"

Qin Chen frowned, this special power was very weird, and Qin Chen had to understand this power before going to the ruins of the gods to save people.

"Take it, but you can only watch one breath time."

The old man handed the earthen jar to Qin Chen, and when Qin Chen first touched the earthen jar with his hands, the sky-filling hammer in Qin Chen's body was shocked.

Vaguely, Qin Chen seemed to feel an ancient altar.

This is an incomparably magnificent altar, piercing the sky and the earth, like a **** or devil, standing in the sky and the earth, immense.

But the next moment, the phantom in front of Qin Chen disappeared, as if he hadn't seen anything.

"Well, it's time."

The old man took back the clay pot.

Qin Chen felt awe-inspiring, no matter what the clay pot was, it could actually trigger the sky patching hammer. Originally, Qin Chen just wanted to feel the aura of the ruins of the desolate god, but he couldn't help but move.

"Okay, I'll buy this clay pot, a piece of ancient holy veins, let's take it." Qin Chen threw out a storage ring and took the mysterious clay pot directly.

"Thank you very much..."

The old man was very happy when he saw the thing being sold. He took the storage ring and put it away, "An ancient holy vein, you can buy a life extension pill."

"By the way, my friend, what else do you want? I can sell it to you cheaply."

The old man felt that a big customer had come and recommended Qin Chen again and again.

However, Qin Chen sensed other things, did not activate the sky-repairing hammer, nor saw the altar again, only felt the special power contained in it, but this power had no effect on Qin Chen.

This made Qin Chen even more mysterious.

"This clay pot is very weird. It should be something special. It can be researched, but I can't waste time here now. I will look back and study it carefully."

Qin Chen played with the mysterious earthen pot in his hand and poured the holy yuan into it, but the earthen pot had no reaction at all, it was just an ordinary object.

However, the materials used to shape this earthen pot were very rare. Qin Chen had obtained the sky patching technique, and he didn't even recognize it for a while, and the forging technique was also very special, unlike a human hand.

After calculating for a long time, but did not calculate the effect of this clay pot, Qin Chen stopped deliberating and went straight to the position of the Shengu League.

This is a temple-like building, and here is the location of the Shengu League.

Those who enter and exit from the building are all big men, at least they are all powerful men of the peerless earth sage level.

Qin Chen exuded a terrible aura, stepped in, this aura exuded, and immediately attracted the attention of the people inside.

Therefore, as soon as Qin Chen entered, several disciples of the God and Ancient League walked up, looked at Qin Chen, and immediately said politely: "This senior, this is the first time to come to my God and Ancient League? I don't know what to buy? What baby do you want to sell?"

"I'm here to find someone, is the True Person Qiu Shui of your God and Ancient Alliance?" Qin Chen was straightforward.

"Are you here to find real Qiu Shui?"

These people were startled. Really Qiu Shui was the sub-leader of their gods and ancient alliances, so naturally they didn't dare to underestimate him. However, not everyone could see Really Qiu Shui.

During their hesitation, rumbling, Qin Chen suddenly burst into a terrifying aura, instantly suppressed on several people, and suddenly, several people seemed to see the infinite Shura and Purgatory before their eyes. There was a feeling of soul flying away, and the whole body was cold and sweaty. Risk.

"Please wait a moment."

Welcoming Qin Chen into the VIP room, these people quickly left.

After a while.

"Hahaha, I heard that some people are looking for this seat, but I don't know it is the expert who wants to do business with our gods and ancient alliances?"

A loud voice sounded, and then, a strong man with a terrifying breath of Heaven walked in.

This is a powerful man at the peak of the Heavenly Sage's early stage. The Heavenly Sage's rules on his body are rich, extremely restrained and terrifying, like the same wild and wild beast. Between heaving and vomiting, the rules of the Heavenly Sage surging back and forth in his body. , Domineering unparalleled.

"Mr. Qiu Shui, in Xia Qinchen, he is the guest of the Wan Gu Tower. In the beginning, Wan Gu Tower had inquired about the Shenggu League. It was exactly what Xia requested. Hearing the news of the woman entering the desolate ruins, it was Mr. Qiu Shui that you found out. I came here this time just to learn more about the woman from the real person Qiu Shui."

Qin Chen raised his hand, and suddenly, the token of the Wan Gu Tower was taken out.

"What, your Excellency is Qin Chen? The person who ordered the investigation of the news from the headquarters of Wan Gulou?" Real Qiu Shui was taken aback.

Wan Gu Lou ordered to investigate the news about Chen Sisi. True person Qiu Shui naturally knew it, and even real person Qiu Shui inquired about it, but he did not expect that it was released by a young man as young as Qin Chen.

"That woman is related to little friend Qin Chen?"

Real Qiu Shui's eyes flashed, Qin Chen was so young, he was already a guest of the Wan Gu Tower, and he could also let Wan Gu Lou find someone for him in the entire Guanghan Mansion, so that Qiu Shui wouldn't be surprised.

"That's right, that woman is the beauty of Qin who is here. She came here this time just to go deep into the desolate and ancient ruins and rescue her, and also ask real Qiu Shui for help."

Qin Chen said.

"You want to go deep into the desolate ancient ruins?" True Qiu Shui shook his head repeatedly: "Little friend Qin Chen, you may not know what the desolate ancient ruins mean. There are so many crises

there. The cultivation base reaches the sky, but depending on the aura, it should be only a half-step celestial sage. If you rush into the desolate ancient ruins, you will certainly not escape death."

"Besides, you don't know who is chased by your beauty. As far as I know, your beauty is shocking. Everyone who has seen her will be attracted by her beauty. Two of them covet her. He is an extremely terrifying figure in this dead spirit realm. If you really want to save your rosy face, it is better to invite the elders behind you to come, maybe there is still a chance."

Qin Chen is so young that Wan Gu Lou can issue such an order. From the view of Qiu Shui, Qin Chen should be a member of a top big family in Guanghan Mansion, so he can do this. As for Qin Chen himself, Qiu Shui is down. I didn't care much.

[Chapter 2748: Judgment Day](#)

"Mr. Qiu Shui, I appreciate your kindness, but since Ben Shao is here, I won't go back. Perhaps you still don't know what Ben Shao is capable of. Even if you are a great figure, you can hurt Ben Shao. Woman, Ben Shao will surely let him fly away and live forever and never exceed life."

Qin Chen proudly, terrifying murderous aura surged across his body.

"Mr. Qiu Shui, the man who doesn't speak secretly, Ben Shao thank you for passing the message to Wan Gu Lou, but you only need to hand the specific information to Ben Shao, and leave the rest to Ben Shao."

Qin Chen said domineeringly.

"Oh?"

Real Qiu Shui looked at Qin Chen, "Are you so confident?"

Qin Chen said coldly: "If you don't have any means, how can you dare to come here alone? If you don't believe it, you can give it a try."

Qin Chen had no time to waste on wrangling.

Yes!

True person Qiu Shui was startled. If Qin Chen's origins were as he had guessed, it was from a great power in Guanghan Mansion, how could the other party and Wan Gu Lou agree to Qin Chen coming here alone.

People shouldn't look at their faces, is there something unknown about this son?

"Let me think about it..." Qiu Shui's eyes flickered, his hands behind his back, as if lost in thought.

But Qin Chen suddenly felt that a huge danger enveloped his mind. The boundless waves of air billowed like a scorching sun in the sky, the stars shattered, the sky broke, and a terrifying realm swept himself into it. .

I saw the real person Qiu Shui unexpectedly, silently, unleashing a killer blow on himself.

A heavenly sage, a life and death attack.

"Autumn water stretches, the sun and the moon lose their glory!"

Boom!

True person Qiu Shui, like an ancient **** of war, made a move. Qiu Shui vanishes its glory, the sky is vast, and everything is gone. The VIP room of this ancient alliance seems to fall into the endless void instantly, layered on top of each other, like a cage, bringing people Trapped in it, like falling into infinite purgatory, unable to escape.

This trick is so powerful that it is even more powerful than Yun Dongguang's terrorist attack.

"Humph!"

Qin Chen's body rose up, and the flames inside his body surged like a **** of flames. The boundless and violent skyfire power swept out, shattering the space cage that enveloped him, and with a palm in the sky, an overlord ascended to heaven. The artistic conception soars into the sky, accompanied by the golden flames of the big sun, as if a terrifying big sun burst out all of a sudden, burning the world.

This move is profound and profound. Although it is a simple overlord's ascension to heaven, it incorporates a trace of the original magical power, and its power instantly increases more than ten times.

Boom!

The infinite sun bursts with dazzling rays of light, as if the great sun of the heavens falls into the earth, burning everything in the world.

In the big day, an overlord with the overbearing majesty that sweeps everything, frightens Liuhe and Eight Wastes.

boom!

Qi Jin exploded, and Qiu Shui Miehui's trick of the real Qiu Shui's sneak attack was completely cracked by Qin Chen. He stepped back several steps in succession, each step crossing countless voids, making Qin Chen unable to counterattack him.

However, Qin Chen didn't mean to fight back at all. He could feel that the real Qiu Shui's attack was sudden, but it left a bit of strength, not really trying to kill him, but testing him, testing him.

"Mr. Qiushui, have you been satisfied with this attack?" Qin Chen sat down in the VIP room, shaking his sleeves, as if he was the god. The master of the ancient league, and the real Qiu Shui is just a guest.

"Mr. Qiu Shui, you, the Ancient God Alliance, shouldn't be smooth sailing in this dead soul realm, do you dominate Wushuang? But it's okay, you helped Ben Shao a lot today, then you are Ben Shao's benefactor, Ben Shao always repays his favor. If you have grievances, as long as you can save my rosy face and your kindness, Ben Shao will not forget. When the time comes, Ben Shao will let your God and Ancient League dominate in this dead soul realm."

Qin Chen said proudly, arrogantly extraordinary: "You have also felt my strength. This young master is still only a half-step Heavenly Sage, and will soon be reborn as a Heavenly Sage. With your current

strength, once you break through and become a Heavenly Sage, you should It is estimated that my strength will be so tyrannical."

"You... really amazing, who are you? The descendant of the saint son of Guanghan Mansion? Although my **** and ancient alliance is a force in the dead spirit realm, there are some channels in Guanghan Mansion. I have never heard of it. Guanghan Mansion Your Excellency is such a holy son." Qiu Shui said in astonishment.

Except for Shengzi, he couldn't imagine Qin Chen's other possibilities.

"Don't guess indiscriminately. Since you don't know me, it means that your power in Guanghan Mansion is not enough, otherwise it is impossible to have never heard of Ben Shao's name."

Qin Chen's face is not red, his heart is not beating, his expression is free, and he faintly said: "However, you will know the origin of this young man. Sooner or later, you will know that time is running out. Please ask Master Qiu Shui to give him information. forget."

"OK."

True person Qiu Shui also gave up guessing, and exclaimed: "Unexpectedly, your Excellency has such strength, that's just right. In fact, this seat is testing you, and it's not just to make you evade. It's because our God and Ancient Alliance happens to have a mission to be dispatched. Many celestial saints go to explore the deserted ancient ruins."

"However, the desolate ancient ruins are very dangerous now, and several of the great enemies of our gods and ancient alliances are also among them, such as the eternal killer **** of the dead soul realm, Jue Xingtian, full of blood, a body of cultivation to the pinnacle, half a foot It has entered the middle stage of the Heavenly Sage, and there is a share of this one among the strong men who forced the little friend's beauty into the deserted ancient ruins."

True person Qiushui originally wanted Qin Chen to retreat, but he didn't expect Qin Chen's strength to exceed his expectations, so he could not help but invite him.

"Jun Xing Tian? A strong man who has half-footed into the middle of Heavenly Sage?"

Qin Chen's eyes narrowed.

This is no ordinary person. In the heavens, one day at a time, it is not possible for ordinary people to be able to be called a world-class powerhouse who has half-footed into the middle of the heavens.

"Yes, little friend, you won't be afraid anymore? If you are afraid, you can stay, and the elders behind you will be sent to you, and no one will laugh at you."

Qiushui is truly humane.

"afraid?"

Qin Chen sneered and stood up suddenly, "Mr. Qiu Shui, the radical method is useless for Ben Shao. Since your God League itself has the task of entering the deserted ancient ruins, then Ben Shao will go with you. Anyone who is powerful, just dare If you provoke Ben Shao, Ben Shao will let him know what life is better than death."

"Well, since little friend Qin Chen you agreed, don't talk about anything else. I will give you the specific information when I turn around. Let me go to see the leaders of my gods and ancient alliances."

Qiu Shui's voice fell, and he rose up, tearing the void, heading towards the depths of the ancient alliance, and reaching a teleportation formation.

Qin Chen's heart moved, and he couldn't think that the Shengu League had its own teleportation formation, and he couldn't help but have a high opinion of this organization.

[Chapter 2749: Active period](#)

The ancient alliance of the Youdu City is just one of our branches. The real headquarters is in another place. This teleportation array is the gateway to the headquarters. This time the mission is to go deep into the deserted ancient ruins. There are many dangers, even if it is my god. The ancient league also needs many deputy leaders to work together to dare to act.

After the meeting, when you reach the place where the headquarters meet, you will see that many of our gods and ancient alliances gather together, and they are all powerful men who have entered the deserted ancient ruins together.

After stepping into this teleportation formation, True Person Qiu Shui explained to Qin Chen.

After that, the teleportation array began to start, and the space began to jump. Qin Chen could feel that this teleportation array was not very strong. Compared with the Guanghan Prefecture-level teleportation array, it was just a city-level one. Transmission array.

Even so, it was amazing enough.

I saw that this place of teleportation was connected to a certain place in the unknown depths of the vast void, interacting with each other, and a prehistoric aura lingered, as if from the desolate ancient universe.

This feeling was somewhat similar to the breath on the clay pot that Qin Chen had just received, with a mysterious smell.

"Mr. Qiu Shui, this teleportation formation should not be arranged by the ancient heavens, but by your gods and ancient alliances yourself? Admire, your gods and ancient alliances can arrange the teleportation formations, and Qin really admires them."

Many of the teleportation formations in Guanghan Mansion were established in the ancient heavens. Later, the heavens were broken, and many teleportation formations were damaged. They could only be re-operated after repairs.

But really wanting to set up a brand new teleportation formation is not something that any state capital can do. This requires the most top-level formation master, at least the top-level formation master.

And the teleportation formation of the Shengu League should be of the heavenly rank, and Qin Chen could vaguely feel the operation law of this teleportation formation by virtue of his powerful spatial attainments.

"Haha, little friend Qin Chen really has a good eye. That's right, this teleportation formation was arranged by our gods and ancient alliances. However, the entire formation structure is not established by our gods and ancient alliances, but our gods and ancient alliances used to grow from deserted ancient ruins. It was formed by getting some teleportation disks in the game. The teleportation array is such a sky-defying formation. Our gods and ancient alliances do not have this ability to construct by themselves."

The real Qiu Shui laughed haha.

During the conversation, the two of them shook their bodies, and the big formation was activated. The two of them were shuttled in the void, and countless riots flew by.

"Oh, that's it, no wonder I felt a special breath from this formation." Qin Chen smiled and said: "Yes, Qiu Shui, your God and Ancient League entered the deserted ancient ruins this time. The purpose?"

By such a coincidence, when I first came to the Shengu League, the other party had a task to enter the depths of the deserted ancient ruins, and he united with many deputy leaders. They all said that the deserted ancient ruins were dangerous, and the ancient alliance was not a day or two here. How could it be such a coincidence.

"Haha, little friend Qin Chen, you really guessed it. The reason why our Shengu League will go to the deserted ancient ruins this time is because there was a special riot in the deserted ancient ruins not long ago. Our God League suspects the deserted ancient ruins. Entering the active period again, it is possible to unearth treasures against the sky, so I am ready to go in and explore."

"Active period?"

"Yes." Qiu Shui nodded: "The deserted ancient ruins are very magical. Inside is a vast ruin, which is dangerous, but no matter how dangerous it is, it has been explored by the strong of our dead spirit realm for countless years, but even so, Our exploration of barren and ancient ruins is only a small part. Under normal circumstances, the danger is greater than the gain."

"But sometimes, when some strong people touch the special forbidden area inside, it will cause riots in the deserted ancient ruins. At this time, a large number of treasures will be unearthed in the deserted ancient ruins. We call this the active period."

"And once the desolate ancient ruins enter the active period, many forces in the Necrosphere will find ways to explore, because it is possible to unearth stunning treasures. If nothing else, the teleportation array of our God and Ancient Alliance is nearly ten thousand years old. Earlier, during an active period in the ruins of the deserted ancient ruins, a senior of our gods and ancient alliances paid the price of their lives to bring them out. Our gods and ancient alliances also relied on this teleportation formation to grow bigger in the necrosphere."

"It's strange to say that this time of active period, it seems that little friend Qin Chen, the beauty that you are looking for happened not long after entering the deserted ancient ruins. Maybe, this time of active period is precisely because your beauty entered. After the desolate ancient ruins, many strong men greedily entered, and they accidentally touched some restrictions."

True person Qiu Shui sighed, "If this is the case, your beauty is probably in danger. The barren ancient ruins that have entered the active period are much more terrifying than usual, and they are probably already..."

True person Qiu Shui did not continue, but Qin Chen already understood what the other party meant.

"Will not."

Qin Chen shook his head.

Although Sisi was the same as herself when she entered the heaven but was not at the peak of the Fan Sage, she had entered the long river of years and gained the inheritance of the Abyss Demon Clan. At the most critical moment, she could even communicate with the Abyss Demon Clan.

Just as Qin Mo's avatar possessed a token to communicate with the Yuanmo Clan, the Lord of Yuanmo also gave Sisi this way, so Qin Chen believed that Sisi must still be alive.

And with Sisi's talent, since it can be affirmed by the Lord of Abyss Demon and inherited by the Lord of Abyss Demon, in this heavenly realm, I am afraid that the cultivation base has already advanced by leaps and bounds. The cultivation base displayed was no longer the cultivation base of the mortal sage, but entered the earth sage, even the middle and late stages of the earth sage.

She must have an adventure here too.

"Sisi, you must wait for me."

Qin Chen looked fierce and clenched his fists. Although he was certain that Sisi was still alive, he had to do it as soon as possible. How long can Sisi alone hold him in the deserted ancient ruins where even Qiu Shui is said to be dangerous?

What's more, in order to avoid chasing and killing, Sisi will definitely go deep into the deepest part of the deserted ancient ruins, making it even more dangerous.

After about an hour, the teleportation array stopped operating, and Qin Chen felt that he had come to a mysterious place. He didn't know where he was. It seemed to be a mysterious dense land in the void, with a palace written on it. Three characters-Shenggu League.

The palace is a kind of ancient stone, exudes a magnificent atmosphere, hidden in this void, it has the feeling of an eternal fortress.

There are many restrictions outside the palace, but there is a real Qiu Shui with them, and the two of them go straight into the palace, and they see many masters sitting in the palace hall.

As soon as Qin Chen entered the palace, he was immediately taken aback, because he felt the breath of the heavenly sages of nearly ten deities, each of which was intertwined with the terrifying laws of the heavenly sages, evolving various phantoms, compared to clouds. The Dongguang is still a little bit worse, but they are all at the same level as the Heavenly Sage ancestors of Yunzhou's top forces such as Tianlong Zhenren.

[Chapter 2750: Who is the burden](#)

"Mr. Qiushui, why are you so slow? Going to the deserted ruins this time is of great importance. We have to grab the treasure before the old enemies of our Shengu League. You are so leisurely?"

"Huh? You brought in an outsider?"

"This is the secret area of our ancient alliance. Outsiders are forbidden to enter, and it's a half-step Tiansheng junior. Why did you bring him in?"

Suddenly, the several heavenly saints sitting in the hall opened their eyes at the same time, rumbling, as if the rays of the scorching sun swept across, the heavy pressure caused the saint yuan beside Qin Chen to burst. .

"Everyone, this Qin Chen is from the Wangu Tower. The previous request from the Wangu Tower to investigate the identity of the mysterious woman from the Gods and Ancients League was made by this Qin Chen. He is the guest of the Wangu Tower. He came here with us. Entering the deserted ancient ruins together."

True person Qiu Shui immediately spoke for Qin Chen.

"What? Is it that he used the Wangu Tower to find out the news of the charming woman?"

"At a young age, you are already a guest of the Wangulou? Real person Qiushui, are you right?"

"Even if he is the guest of the Wangu Tower, you can't bring him in casually. This is the secret place of our God League. My God League and Wan Gu Tower are only a cooperative relationship, not an affiliation."

Consciousness passed from one to another, with dissatisfaction, doubt, curiosity and shock.

True person Qiu Shui immediately said: "Everyone, I brought him here through the teleportation formation. Therefore, first of all, Qin Chen cannot know the true location of the secret area of my ancient alliance, and secondly, this child is still a master. , Can make our Wild Ancient Alliance add a strong combat power."

"Hahaha, real person Qiushui, are you convulsed in your brain?"

"Although you are the sub-leader of Youdu City, you have an extraordinary status, but you have to speak through your head. What is the role of a half-step Tiansheng junior? Go to die?"

"Master? Haha, when has half a step Heavenly Saints are masters, a joke."

"He came here, didn't he want us to rescue the enchanted woman? Our gods and ancient alliances are going to seize the treasure on this trip, not to save his little girlfriend for him."

A venerable heavenly sage showed dissatisfaction. It was enough for the real person Qiu Shui to bring people to the secret land of their gods and ancient alliances, and he was even preparing to take them to the deserted ancient ruins. Isn't this messing up?

If it hadn't been for the cultivation of True Person Qiu Shui who belonged to the top group in the Ancient League of Gods, the others would have been making trouble.

One of the middle-aged men stood up, with a sage of heaven surging on his body, and said coldly: "Mr. Qiushui, what do you want to do? This time the barren ruins are dangerous. Just a dead end, so many of us will join hands. It may not be deadly, you still carry such a burden, what if he has a conflict with other masters for his little girlfriend?"

"Furthermore, that charming girl has a beautiful face and is said to have a world-renowned posture. Hehe, even the masters like Jue Xing Tian are tempted, maybe they have been ruthless..."

"The wind is boundless, shut up!"

Real Qiu Shui shouted angrily, and hurriedly looked at Qin Chen: "Little friend Qin Chen, don't take it to heart."

Qin Chen's eyes were cold, and he sneered, "Mr. Qiu Shui, you don't need to say, since Boundless Wind said that I am a waste, let him see if I am cumbersome. I know after passing it."

Boom!

When the voice fell, Qin Chen moved suddenly.

The wind swept through the clouds, and the true dragon fist intent that Qin Chen displayed was under the wind tunnel. It was constantly being swallowed, making a violent blast, and countless fist intent was instantly crushed and blasted in front of Qin Chen.

"Mr Qiushui, this is what you call a master? But so!" Feng Wuliang sneered.

"is it?"

Qin Chen didn't startle at all. Instead, there was a sneer at the corner of his mouth. At the moment when the black wind tunnel was about to swallow him, Qin Chen shook sharply, using his palm as a sword to cut it out.

Huh!

The sword was out of its sheath, ghosts and gods were shocked, there was almost no time barrier, the astonishing sword aura, soaring out, turned into heavenly sword light, directly slashed on the holy yuan wind tunnel that the boundless wind displayed.

Strong, strong, strong!

That sword power is like the first ray of light in the birth of the world, chasing the sun and the moon, opening the world, and containing the mystery of the operation of the world.

boom!

The strong wind tunnel was instantly divided in half and shattered.

Immediately afterwards, the sword gas surged, and once again slashed towards the boundless wind.

"What..." Feng Wuliang was taken aback and backed back again and again. Suddenly a mouthful of Saint Yuan sprayed out, and a shield flew out of his body, which was a heavenly shield.

However, the sword that Qin Chen cleaved was invincible and invincible. It slashed on the shield. As soon as it went forward, with a bang, it smashed the shield of the day's rank. Then, the terrifying sword aura directly hit Above the body of boundless wind.

A mouthful of blood spurted out, Boundless Wind was already injured.

Qin Chen drew back and did not take advantage of the victory to pursue him. With his hands behind his back, he was graceful and sneered, "I wonder if you still think I am a burden?"

Silence, silence in the audience.

The atmosphere in the main hall was very strange, everyone looked at Qin Chen in amazement, and suddenly stood up, with a deep shock on his face.

Boundless Wind was defeated, and it was in the blink of an eye, shocking the world and shining through the past.
