

Valkyrie 2771

[Chapter 2771: You have a way](#)

"This flesh body, I want it."

The Lord of Desolate God sneered, and a terrifying consciousness surged directly out, and the pressure of the pinnacle holy master level rushed into Qin Chen's mind for an instant, and he would annihilate Qin Chen's soul and occupy his body.

Hum!

At this critical moment, a mysterious ancient book appeared in Qin Chen's mind. The ancient book bloomed with radiance and the eternal power of ten thousand realms bloomed.

"Ah, what is this..."

Under the power of the ancient book, the consciousness of the Lord of the Desolate God was instantly shattered and screamed.

"This is the time!"

Qin Chen, whose eyes were hazy, suddenly exploded from his eyes.

"The Universe Jade Plate!"

Qin Chen violently urged the universe of good fortune jade discs to evolve an endless black hole. In the black hole, a terrifying dark aura surged out, as if there were some terrifying monsters going out of the endless void.

"That is....."

The Eternal Sword Master and Qiong Xian both looked over in shock, only feeling that the breath of the endless void made them tremble.

next moment!

boom!

Countless tentacles rushed out from the jade disc of good fortune in the universe, and the black tentacles danced wildly, swept across the remnant soul of the Lord of Desolation.

It is the Devil Tree of Ten Thousand Realms! The Devil Tree of the Ten Thousand Realms, which specializes in restraining the soul, can swallow all things. It was able to swallow the remnant soul of the Lord Yama, and naturally it can swallow the remnant soul of the Lord of the Desolate God. Numerous tentacles swept over, and the Lord of the Desolate God suddenly felt a strong heart. Fear and danger machine.

The character of the saint has a keen perception, and he instantly understands that the endless dark tentacles in front of him can definitely hurt him.

In fright, he dodged wildly, and at the same time, he was about to activate the Sky-Swallowing Jar to block the endless package of tentacles.

"The origin of time!"

How could Qin Chen give him this opportunity? He had anticipated all of this a long time ago, and in a flash, he moved the origin of time in his mind.

Hum!

In the trance, it may be a moment, or it may be a ten thousandth, the time of the heavens suddenly paused.

And this moment is enough.

call!

The endless tentacles of the Devil Tree of the Ten Thousand Worlds instantly wrapped the remnant soul of the Lord of the Desolate God in the middle.

"Ah!" The Lord of the Desolate God was trapped in the Devil Tree of the Ten Thousand Realms, and he roared in agony. His remnant soul was bound by the Demon Tree of the Thousand Realms, struggling with anger, trying to break through the shackles of the Devil Tree of the Ten Thousand Realms, but it was useless. , In the double beam of the jade disc and the magic tree of the world

Under the bondage, the remnant soul of the Lord of Desolate God could not break free.

"Come!"

Qin Chen urged the Universe Good Fortune Jade Disc and the Ten Thousand Realms Demon Tree, and with his endless power, the remnant soul of the Lord of the Desolate God was instantly included in the Universe Good Fortune Jade Disc.

"what!"

In the jade disc of good fortune in the universe, the remnant soul of the Lord of Desolation was even more unable to make waves. Amid the screams, dying, only a little remnant soul remained. However, this remnant soul is the most difficult to extinguish. Qin Chen is not in a hurry, urging the power of the years in the jade disc of good fortune of the universe, together with the devil tree of the world and the jade disc of good fortune of the universe. A trace of remnant soul, completely suppressed

In the endless years, together with the remnant soul of the Lord Yama, was imprisoned in the depths of the jade plate of good fortune in the universe.

Hum!

Outside, losing the control of the Lord of Desolate God, the Heaven Swallowing Jar and the altar instantly calmed down.

"This....."

Not far away, the Eternal Sword Master and Qiongxiang looked at this scene, completely stunned.

Before, they were still desperate and didn't know what to do, but in the blink of an eye, the crisis was resolved, Qin Chen relied on one person to suppress the Lord of the Desolate God, this kind of strong contrast made them crazy.

This is the Lord of the Desolate God, the Holy Lord of the Peak, the top powerhouse of the heavens who has already spied a trace of the realm of the venerable. Even if there is only a remnant soul left, it is still extremely terrifying. One thought will destroy the world and easily annihilate a heavenly sage. soul.

But now...

Eternal Sword Master and Qiong Xian almost thought they were dazzled.

"The two seniors, now that the crisis is resolved, they are all right now, and the two seniors don't have to burn the remnants of their souls." Qin Chen exhaled. This time, it was more dangerous than the time when the Demon Tree of Ten Thousand Worlds was conquered in Yama's secret realm. At the critical moment, it was the ancient book that frightened and frightened the consciousness impact of the Lord of Desolate God. Otherwise, it was just that blow, and Qin Chen's soul would be shattered. So ten thousand

The world magic tree has no chance to display it.

But in the end, Qin Chen won the bet.

"Oh, oh..."

The Eternal Sword Master and Qiong Xian were still a little dazed, and it took a long time to come back to their senses. They were a little shocked: "What are the countless tentacles you just displayed? It seems something like the power of a demon..."

The Eternal Sword Master and Qiong Xian both felt stunned in their hearts. If Qin Chen is a demon clan, then...

"The two seniors, that is indeed a treasure of the Demon Race, but that demon treasure has been sacrificed by the juniors, and the juniors are of pure human blood. Please don't worry about the two seniors."

Qin Chen knew what they were worried about and explained immediately. The Eternal Sword Master and Qiong Xian just breathed out a long sigh. In fact, they could also see that Qin Chen was a real human race, but Chen Sisi was a bit weird, obviously of human blood, but seemed to have mastered some terrifying rules of magic. But before

In that case, they have no choice at all.

"It seems that the waves behind the Tianhe River are pushing the waves forward. The two of us are indeed old..."

The Eternal Sword Master and Qiong Xian looked at each other, both showing bitter smiles, but this also made them extremely gratified, at least, the crisis was resolved, and the two of them could also leave safely.

The two looked at each other, hugged each other, smiled at each other, and the remnant souls on their bodies radiated a faint light, and they were obviously about to enter the state of transmutation, blending with the rules of the heavens.

Since then, completely disappeared in this world.

But there was no resentment in the two of them, only the comfort of being together.

"Two seniors, maybe the younger ones have a way to keep the two remnants of souls alive." Qin Chen said suddenly.

"Do you have a way?"

The Eternal Sword Master and Qiong Xian were stunned. Qin Chen nodded. In his opinion, the Universe Jade Plate can retain the remnants of the Lord of the Desolate God and the Lord of Yama, and naturally also the remnants of the Eternal Sword Lord and Qiong Xian. Under the power of time, it can be guaranteed The remnant soul power of the two no longer dies, but

It's just a preservation. If you want to heal this remnant soul, with Qin Chen's current strength, it is impossible to do it.

"You mean, what you trapped the Lord of the Desolate God just now turned out to be a small world treasure. In that treasure, there is a strong power of time that can keep our remnant souls sleeping without falling?" He Qiong Xian was shocked, and was completely shocked by Qin Chen's words. After a long time, the two men recovered, and after looking at each other, they both smiled bitterly: "It is not necessary. Instead of lingering on like this and falling into a deep sleep, I and Qiong Im not as good as

We went to death together, and now that the two of us have fulfilled our wish, nothing else cares about. "The Eternal Sword Master looked very openly.

[Chapter 2772: Refining tank](#)

"Eternal Sword Master, Senior Qiong Xian, although you can only sleep in the treasures of the younger generation's space, maybe one day, when the younger generation has enough strength, they will inevitably find new bodies for the two seniors and let the two seniors Resurrected again."

"This....."

The Eternal Sword Master and Qiong Xian looked at each other, and they were both silent.

Even if they are the pinnacle holy masters, they will see through life and death in their entire lives, and they may live beyond things. Who wants to die?

In the end, the Eternal Sword Master and Qiong Xian made a decision, accepted Qin Chen's kindness, entered the Universe Fortune Jade Plate, and fell asleep under the seal of the Devil Tree of Ten Thousand Worlds and the power of time.

Before they fell asleep, the two had only one request, that was to make Qin Chen destroy the desolate **** altar, and let this great array of sacrifices to the creatures of the world be destroyed.

Without reminding them, Qin Chen would do the same. Such an evil altar would naturally not be allowed to continue to be destroyed.

"If you want to break through this altar, you must first control this clay pot."

Qin Chen urged the Demon Tree of the Ten Thousand Realms and entangled the earthen pot. Although the Lord of the Desolate God had been suppressed by him, he still carefully baptized the earthen pot with the Demon Tree of the Thousand Realms before he began to sacrifice the earth. tank.

Hum!

A trace of soul power poured into the earthen jar. This time, what Qin Chen felt was no longer the phantom of the altar, but a series of terrible prohibitions. It was the prohibition on this earthen jar. This earthen jar was The top treasure, even with Qin Chen's restricted cultivation base, can't be refined in a short period of time, and can only be slowly dissolved with Saint Yuan and soul power.

"Since this is the case, I will slowly refine this clay pot, as well as Sisi. Judging from the transformation in Sisi's body, it is impossible to break through the realm of Heavenly Sage in a short time. The transformation of the body , It takes a long time."

Although Sisi is marching towards the realm of Heavenly Sage, after all, Sisi is not like Qin Chen. It is because of the power instilled by Qiongxian, the nine-tailed fairy fox, that Sisi has entered the realm of Heavenly Sage in one fell swoop. She needs a lot of Time to change.

Originally, the Nine-Tailed Fairy Fox's idea was to use the method of pulling out seedlings to promote Sisi, so that Sisi could complete the Heavenly Sage breakthrough in a very short time, and get rid of the conspiracy of the Lord of the Wild Gods.

But now that the crisis has been eliminated, Sisi naturally does not need to do so, so the transformation in Sisi's body has become stable, and everything is only for a better future in the future.

Thinking of this, Qin Chen directly brought Sisi into the Universe Good Fortune Jade Plate, and, surging with the breath of the Saint Master-class ancient holy vein, Sisi's body was transformed.

But Qin Chen himself urged the time to speed up and sacrificed the clay pot at a speed of fifty times the flow rate.

With a spit of Saint Yuan directly on the earthen jar, Qin Chen shot out hundreds of hand tactics in an instant. All of a sudden, the earthen jar began to turn into an unusually strong light. Qin Chen practiced a little bit.

"What a formidable restriction, it is endless. It is worthy of being the top treasure of the Lord of the Desolate God. Moreover, in this sky-swallowing jar, the Lord of Desolate contains all the ancient auras of the Lord of Desolation. You can quickly restore the cultivation base to the peak by relying on the Sky Swallowing Pot, and now it's all cheaper for me."

The endless ancient aura lingered, and Qin Chen's physical body was rapidly improving at the same time.

"When I sacrifice and refine this sky-swallowing pot, I will incorporate this treasure into my spleen. In the Five Secrets, the spleen belongs to the earth, and the attributes of this earthen pot are perfectly

integrated. All, my Five Secrets are great, You can step into the realm of Heavenly Sage in one fell swoop..."

"Furthermore, with the transformation of this wild ancient aura, my physical body will become a wild ancient sacrament, and my defense power will be increased tenfold."

"The only trouble is the ancient sacred veins. When I break through the heavenly sage, the ancient holy energy that needs to be consumed is definitely huge. If I swallow the sacred master-class ancient sacred veins in the jade plate of the universe fortune, it will definitely consume its stock and even affect it. The growth of the Devil Tree of the Ten Thousand Worlds and the stability of the jade disc of good fortune in the universe."

Qin Chen's biggest headache now is that the ancient holy veins are not enough.

Although he has a Saint-Master-level ancient sacred vein, Qin Chen consumes too many resources every time he breaks through. This Saint-Master-level ancient sacred vein is inherently incomplete and can only be used to provide the growth of the Ten Thousand Realm Demon Tree. And the metamorphosis of the jade disc of good fortune in the universe, once it is absorbed by him, it will be bad.

"Forget it, let's talk about refining this clay pot."

Qin Chen felt the strength of his physical body, rising steadily, and the infinite ancient aura was baptizing his flesh. His cultivation had never broken through, but the strength of his physical body had long surpassed many Heavenly Sage masters.

Now that he is fighting against Jue Xing Tian, he must be more confident.

The magical powers of Origin were operating, endless runes flickered, and forbidden sweeping, Qin Chen urged the energy to refine this sky-swallowing pot over and over.

The restrictions in the Sky Swallowing Pot were refined by Qin Chen one by one, and there was a trace of connection between Qin Chen and the Sky Swallowing Pot.

Click!

Qin Chen's body was also constantly changing in the process.

Time passed, at fifty times the flow rate of time, after a full half a year, Qin Chen finally made enough contact with the Tuntian Can.

Hum!

The sky-swallowing pot that resembled a black hole was suspended above Qin Chen's head, swallowing and flickering, endless chaotic aura surging, setting off Qin Chen like a **** and demon.

"It's too strong, this is the Sky Swallowing Pot? I have a feeling that if I push it with all my strength, I am afraid that all the holy yuan in my body will be exhausted, and I will not be able to completely activate the Sky Swallowing Pot, but even if it is only a touch, It is enough to destroy the world."

Qin Chen shocked, this sky swallowing pot was suspended above Qin Chen's head, giving Qin Chen a feeling of heaven and earth.

After all, he is not even a heavenly saint, how could he urge such a powerful peak saint master to treasure? Didn't you see that the other treasures of the Holy Lord have been asleep after entering Qin Chen's Five Secrets, haven't they been urged? As long as he could spur any holy lord treasure, how could he be chased and killed so embarrassed by Jue Xing Tian.

However, although Qin Chen was unable to urge the Sky Swallowing Pot, nor entered the Heavenly Sage, his cultivation level was more than doubled compared to before. How could he be a body that had been transformed by the aura of the ancients? It seemed to have become the body of a **** and demon, exuding an aura of endless heart palpitations.

After a short breath, the terrifying power in the void faintly came, filling the whole body.

If there is enough ancient holy energy now, Qin Chen can directly integrate the Sky-Swallowing Pot into his spleen and advance to become the Heavenly Sage of the World.

"Does it really want to devour the ancient Saint-Master-level Saint Veins?"

Qin Chen was silent.

Heavenly Sage, the realm he has been pursuing, as long as he makes up his mind to swallow this ancient holy vein of the Holy Master level, he will definitely succeed.

But in the end, Qin Chen shook his head.

[Chapter 2773: Capture the day](#)

"No, the ancient holy veins of the Holy Master Level are too scarce to be wasted here."

It is a pity that the Lord of the Desolate God not only sacrificed the entire tribe, but also sacrificed all the ancient sacred veins in the tribe, and even sacrificed countless treasures, otherwise it would be so troublesome.

"However, although I can't absorb this Saint Master Level Ancient Saint Vein, isn't there any other Saint Vein? That Jue Xing Tian is a strong man in the dead soul realm, a strong man who has half-footed into the middle of the heavenly sage, this Once you come to the deserted ancient ruins, will you not have any holy vein reserves on your body?"

Suddenly, Qin Chen smiled coldly.

"With my current cultivation base, even if I haven't broken through the Heavenly Sage, I don't need to be afraid of this Jue Xing Tian. Go out and look for the Ju Xing Tian."

While speaking, Qin Chen didn't hesitate anymore. He came out of the Universe Jade Plate, shuttled out at once, and came to the cave outside the altar.

Then, he saw an incredible scene, this Jue Xing Tian was actually outside the cave.

boom!

Outside the cave, horrible ancient auras lingered, and Jue Xing Tian hovered in this ancient aura, the shining bright light on his body, the aura on his body became more and more powerful, and it was even more terrifying than before. .

"Did he break through the middle stage of Heavenly Sage?"

"No, it's a little bit close."

Qin Chen felt the breath of Jue Xing Tian, which was almost exactly the same as in the middle stage of Heavenly Sage, but his cultivation level had not completely broken through.

"Okay, okay, okay, if he really breaks through, then it will be in trouble again."

Qin Chen was completely relieved.

And the moment Qin Chen saw Jue Xing Tian, this Jue Xing Tian also saw Qin Chen.

"Hahaha."

Jue Xingtian's heart was filled with surprises, his body suddenly stood up, infinite power erupted from his body, his eyes opened, and the rainbow soared, as if a volcano was erupting in his body.

The baptism of the ancient power has made his strength crazy progress.

"Smelly boy, I'm about to break through the middle stage of the Heavenly Sage, and I am going to find you. I didn't expect you to run out, eh? Why is your aura stronger? Could it be that you got some adventures in it, hahaha, it's a pity that In front of me, Jue Xing Tian, you are a half-step heavenly sage boy. No adventure is enough. Everything about you will eventually become the harvest of this seat."

Jue Xing Tian roared wildly, directly incarnate Xingtai executioner, and Xing Axe phantom appeared before him, slashing violently towards Qin Chen.

He wanted to slay Qin Chen with one blow and seize his chance.

"Want to kill me, too naive, Jue Xing Tian, I am afraid you still don't know what situation you are facing."

The nameless sword suddenly appeared in Qin Chen's hand, and the killing sword intention had already been cut out.

The two martial arts collisions caused a series of spatial explosions, and the resulting power shook the entire cave rumblingly.

Under a single blow, the two sides were evenly matched, and they did not distinguish between superiors.

"What? You are several times tyrannical than before. What did you get behind that door?!"

Jue Xing Tian showed a shocked face. He was cultivating here, and his strength has been amazingly improved. According to the truth, Qin Chen will not be his opponent even if he makes a breakthrough, but now, under a single blow, how can he make Jue Xing Tian not be surprised? ?

It must be known that his current cultivation base is sufficient to resist the real mid-level sage powerhouse.

"With the inheritance of the predecessor of the Eternal Sword Master, my killing mood has really improved."

Qin Chen insisted on Xing Tian's move, and immediately knew his current strength, compared with how much he didn't know before.

"Come again!"

Taking advantage of the shocking moment of Jue Xing Tian, Qin Chen waved the nameless sword in his hand and used a destructive mood. As soon as this trick was released, it immediately turned into good fortune, dominating the world and exterminating the world.

Qin Chen's destructive mood is just a beginning, but it has already demonstrated the aura of eternal power.

Boom!

The Saint Yuan shield of Jue Xing Tian's body exploded, and the endless ancient aura boiled, and he suddenly blasted him out. He snorted, and a blood burst out from his chest, already injured.

"Damn it, boy, do you think that if you get some inheritance, you can win me? Xing Tian's technique, I am God's punishment!"

Jue Xing Tian roared, his lifespan burned in his body, he once again played his own Xing Tian Jue Xue, the punishment was all destroyed, and he fought hard against Qin Chen.

"Huh, why are you punishing the heavens? In front of the young master, the heavens will lower their noble heads, let alone you are such an ant-like executioner."

Qin Chen sneered, his body was still motionless under the endless heavenly punishment. He was like a **** and devil, with the ancient aura surging through his body, and he didn't evade and walked straight into the endless heavenly punishment.

Boom boom boom!

The terrible power of Heavenly Punishment fell on him, and Qin Chen's body suddenly surged with endless absurd ancient power. Under the strangulation of the power of Heavenly Punishment, the terrifying body of God and Demon only appeared cracks, but soon, it recovered. Come over, the luster is round and unscathed.

After Qin Chen's body was baptized by the gas of the sky-swallowing pot, he stepped into an unprecedented level.

Boom!

The whole cave roared, and the world seemed to collapse. Qin Chen appeared cracks, but it was quickly repaired with the supplement of the ancient aura.

Jue Xing Tian's eyes went straight, and he was extremely shocked: "How can your defense be so terrible? Even if you are a strong mid-term Heavenly Sage, you will be severely injured by my blow, but you are unscathed? After that portal, What adventure did you get."

Jue Xing Tian is going crazy.

With his desperate blow, he didn't even have the qualifications to injure Qin Chen, how could he fight?

Jue Xing Tian didn't know that Qin Chen's physical defense was invincible in this cave filled with endless ridiculous atmosphere.

"Huh, Jue Xing Tian, this is your assassin? Even my physical defense can't be broken. It's too weak. What necromantic giant, I think it's a three-year-old kid."

Qin Chen walked out of the explosion like a **** or devil, quietly erecting the nameless sword in his hand.

"Next, it's my turn."

"Eternal sword intent!"

Qin Chen displayed his eternal sword intent at the last moment. Suddenly, a sword light that seemed to penetrate the endless darkness and slashed out of the eternal existence from the moment the world opened up, like a blow from the sky, instantly smashed into the sky Body.

"what!"

Jue Xing Tian let out a scream, a deep sword mark appeared on his chest, and the blood surged. If it were not for Qin Chen's hand at the last moment, this Jue Xing Tian would definitely be split in half under one sword.

"No, let's go!"

Jue Xing Tian was terrified, turned around and was about to flee, going to leave through the sky, and at the same time sent a message to ask for help.

But Qin Chen didn't give him a chance to escape at all. A magnificent hand, like a chicken, instantly grabbed Jue Xing Tian in his hand, and when a town was empty, he was included in the Universe Good Fortune Jade Plate.

[Chapter 2774: Heavenly Veins](#)

"Jue Xing Tian, in the hands of this young man, you don't have to struggle. Don't worry, this young man won't kill you. After all, you still have some use." Qin Chen sneered and quickly left here, and urged the universe. The jade dish, hiding his breath, left this cave and entered another underground part of the desolate ancient capital, can't wait to see his trophy

went.

Qin Chen knew that there were not only strong men such as Jue Xing Tian, but also many strong men in the dead soul realm. Although his cultivation level is now against the sky, after all, he has not broken through the heavenly sage, so he must keep a low profile to avoid Cause unnecessary trouble.

Once he waits for him to break through the Heavenly Sage, then this dead spirit realm, he will be fearless and go everywhere, even if there is an invincible strong, there is enough power to get out, fearless.

Whoosh whoosh!

Qin Chen was in the shape of electricity, and under the aura of the universe jade disc, he came to the endless underground, and then quickly entered into the universe jade disc.

He had a hunch that his gains from capturing Jue Xing Tian this time would definitely not be less.

And just after Qin Chen left the cave for about half a stick of incense, there was a loud noise, and two figures descended into the cave.

These two figures, one dressed in black and the other dressed in gray, were the real Jinghu and the empty old man. As soon as they landed, they were shocked by the wildness of the place.

"There is such a strong ridiculous atmosphere here, what is it?"

When the two were shocked, they searched everywhere, seeming to feel the breath of Jue Xing Tian.

"Unfortunately, this time, let the people of the Shengu Alliance escape. The people of the Shengu Alliance escaped really fast. There are their teleportation formations of the Shengu Alliance everywhere, just like a mouse." The alliance is small, and it is also a big power in the Necrosphere, and it is rumored to have a relationship with a top power in the Guanghan Mansion. The leader of the ancient alliance is not weaker than us, and is about to become a powerhouse in the middle of the sage. However, the ancient alliance of the gods once obtained a teleportation treasure in the deserted ancient ruins, with power all over the dead soul realm, and wanted to do their best to expand. Unfortunately, they offended us, this time in the deserted ancient ruins, when we have broken through the middle stage of the sage, we can Union

Hand aimed at the ancient alliance, destroy it, and take away all the wealth. "Hey, when we occupy the ancient alliance of the gods, with the strength of the three of us, we can join hands to secretly develop in the dead spirit realm, annex many other forces in the dead spirit realm, and finally, unify the dead spirit realm, by that time, We can even and Zhou

The Guanghan Mansion and other forces on the side challenged. "

"Yes, if we can unify the dead spirit realm, in this world, we are the supreme people here, and even the Holy Lord is not qualified to rule us."

"Huh, govern us? If we get all the treasures of this barren ancient ruin, maybe we can also become a saint master and compete in the heavens."

"Holy Lord, that realm is too far away, I dare not think, dare not think."

The two of them talked a lot, and stepped into the depths of the cave, but they didn't find Jue Xing Tian.

"Hey, where did Jue Xing Tian go? It was the signal from this place just now. This cave is hidden in the endless dust. If it weren't for the signal sent before Jue Xing Tian, we couldn't find this place. Why suddenly

People are gone? "

"There is a portal over there. Go in and take a look." The two powerful men suddenly entered the portal and saw a destroyed altar. On the side of the altar, there were three piles of broken powder. Empty and empty, the two searched for a while, but found nothing, then they came out, their faces showed

Obvious doubts appeared.

When the Lord of Desolate God and others died, the altar was scrapped, and the prohibition on the door had disappeared, and all these two powerhouses went in as if they were no one.

"Where is Jue Xing Tian?"

"Look, on the ground?" The two searched. Suddenly, they saw a small trace on the ground. This trace, like some blood, traces left by evaporation, exudes a lot of torture. Dragon

The expressions of the two changed suddenly.

"This is the essence and blood that was spit out in extreme danger, and the essence and blood were burned, and the life span of the blood was consumed. This is the extreme danger that Jue Xing Tian encountered and vomited after the life span was burned?"

"Impossible, Jue Xing Tian's cultivation is through the sky, and there is also the aura of Dao Tian Sage mid-term, it can be seen that his strength is stronger, how can he need to burn his life to fight the enemy."

"Could it be that the breath we received before was his signal for help?"

"Anyway, look for it!"

The two big powerhouses were anxious, using the secret technique to sense, and even spurring Cang Yuan Tu, but still did not have the breath of Jue Xing Tian.

"Damn it!"

The faces of the two changed completely.

"How to do?"

The two looked at each other. "If the death penalty is truly in danger, it means that he has encountered an opponent who cannot be hostile. If we rashly go up, we will not escape a death word. What's more, we don't even know that others are there now. , There is only one

One way is for us to join forces to break through the mid-term of Heavenly Sage. "Jinghu is truly human.

"You mean, practicing here?" The empty old man had a serious face. "Yes, you feel the ridiculous atmosphere here, which is of great benefit to us, and there is still power in the middle of the heavenly sage. Obviously, this place is a very suitable place to break through the middle of the sage. A person's cultivation, if

Abandon everything, realize together, and join hands without any barriers, we can definitely step into the middle of the heavens together, only in this way, we can face the enemy who has wounded the death penalty. "

"Okay, then do that."

The empty old man and the real person Jinghu knew that the matter was urgent, and immediately abandoned everything and placed restrictions, and began to practice together here to break through the middle of the heavenly sage.

At this time, Qin Chen also entered the depths of the desolate ancient ruins, and picked up Jue Xing Tian.

"Where is this place? Junior, let me go."

Jue Xing Tian roared, still wanting to struggle in the jade disc of good fortune in the universe.

But in such a place, how could he struggle to open up, Qin Chen is the **** here in the jade disc of good fortune.

Qin Chen ignored Jue Xing Tian and took out all the treasures on his body. Qin Chen didn't care about those treasures. What he cared most was the ancient holy veins in the treasures of Jue Xing Tian.

At this look, Qin Chen's eyes suddenly brightened.

"Sky-level ancient holy vein."

Qin Chen was overjoyed, this Jue Xing Tian actually had a heaven-level ancient sacred vein in his body, and there were more than one, one and a half.

In addition, Jue Xing Tian has more than a dozen ancient sacred veins at the pinnacle of land quality. There are so many ancient sacred veins, enough for Qin Chen to advance to the realm of Heavenly Sage.

[Chapter 2775: Suppress me](#)

"Hahaha, so many ancient holy veins, not bad, not bad."

Qin Chen nodded in satisfaction. In fact, one and a half sky-level ancient sacred veins are not enough for Qin Chen to fully enter the realm of heavenly saints, but as long as there are so many ancient sacred veins to base, then Qin Chen will consume less Holy Master-level ancient sacred veins. A lot, in this way, it won't

How much impact did it have on the jade disc of good fortune in the universe.

This Jue Xing Tian is really his own lucky star.

"You... brat, I played with you."

Jue Xing Tian saw that Qin Chen had taken out all his ancient Saint Veins, his face turned green, and he was struggling frantically.

These ancient sacred veins were all reserved by him in order to break through the mid-term of the heavenly sage. He had consumed half of them in his previous cultivation in the barren ancient cave, so only this one and a half remained, and the remaining half-day-level ancient sacred vein was enough for his cultivation to enter the middle of the heavenly sage. Even to the peak

Realm advances.

But now, all of this was snatched by Qin Chen.

"Ah!"

Jue Xing Tian is going crazy.

It is important to know that the necrosphere is extremely chaotic, and the strong will target it. Any Heavenly Ancient Saint Vein is extremely rare, very rare, and hard to come by. Think about it, even the Yundong Light of the Yunzhou Governor has only one Heavenly Ancient Sacred Vein, and that one is still located under the Yunzhou State City and used to stimulate the Yunzhou State City formation. It's impossible to take all of it for refining.

The rarity of the Holy Vein.

But now, the ancient sacred veins he finally collected have been looted like this, and he is going crazy.

"Boy, I'm fighting with you."

Jue Xing Tian's rage could not be increased, but even if his strength was increased tenfold in the Universe Jade Plate, he could only be suppressed to death, unable to move.

"Hmph, don't do unnecessary resistance. In Ben Shao's world, no matter how hard you struggle, you can't escape. In this world, Ben Shao is God."

Qin Chen snorted coldly, reached out with his big hand, and grabbed Jue Xing Tian's head as if he was carrying a chicken.

"Don't worry, this young man will not kill you for the time being. The heavenly sage rules in your body are already despised, but the power of your punishment that day, the mystery of incarnation of Xingtai, is somewhat interesting, let him take a closer look. Look." Qin Chen sneered, and the Heavenly Soul Forbidden Art was used. Suddenly, the whole body of Judgment Heaven became transparent. The Heavenly Sage Rules and roots in the body appeared, like chains, bursting out with dazzling light, and in this Heavenly Sage Rules, the profound meaning of cultivation is also gone

Entering Qin Chen's eyes, Qin Chen quickly analyzed it.

Qin Chen could spy on the power and magical powers in his body without refining Jue Xingtian. This method was simply magical.

"You...you are not a human!" Jue Xing Tian was horrified. Everything that Qin Chen did completely exceeded his expectations. Nothing else, just a half-step Heavenly Sacred Cultivation as a way to capture him has already entered. The techniques of the mid-Tian Sage masters are magical, and now they are far weaker than

His cultivation base is investigating his soul and mastering his magical powers.

Is that human being? It's a monster, it's a monster.

"Bang!" After some snooping, Qin Chen had already clearly understood the rules of Heavenly Sage and many magical powers in Jue Xing Tian's body. With a flick of his hand, he threw Jue Xing Tian away, and then countless Ten Thousand World Demons. The tree tentacles have already wrapped the Jue Xing Tian Tuan Tuan

live. "It's interesting to evolve the execution ground and become a celestial execution ground executioner. You actually got the inheritance of an ancient celestial executioner. It's kind of interesting. Combining this thing with my sword intent of destruction and the power of thunder may be able to evolve even more terrifying.

Supernatural powers come. "

Qin Chen nodded in satisfaction, this power of Xing Tian still had a lot of benefits to him, and even gave him a vague touch of how the ancient heavens punish criminals.

"This is... the breath of the Demon Race, are you... from the Demon Race?"

The Ten Thousand Realms Demon Tree surrounded Jue Xing Tian Tuan Tuan, and there was a sound of horror. Then, the power of the Ten Thousand Demon Trees began to slowly enter Jue Xing Tian's body. "This Jue Xing Tian is a powerful mid-Tian Sage, and it's still a bit useful, and this dead soul realm is a chaotic area, and the surrounding palaces can't be controlled, but it is a place that can be occupied, and it has become a secret of my Chendi Pavilion. Station, and this final punishment

Heaven, has been developing in the realm of the dead, but can make good use of it. "

Qin Chen smiled secretly, he now wants to use the power of the Ten Thousand Realms Demon Tree to let the Jue Xing Tian body integrate into the Ten Thousand Realms Demon Source and be controlled by himself. With the Ten Thousand Realms Demon Tree, Qin Chen no longer needs to seal every strong man's soul, but it saves him a lot of trouble, and the breath of the Ten Thousand Realms Demon Source can also greatly transform Jue Xing Tian's aptitude, so He has a stronger future

And development.

"Next, it is to break through the heavenly saint."

Qin Chen's figure flickered, and he went directly to the depths of the Universe Good Fortune Jade Plate, urging time to accelerate.

Immediately afterwards, Qin Chen began to integrate the Sky Swallowing Pot into himself, and entered the practice of the Last Secret of the Five Secrets.

boom!

The sky-swallowing pot contained the ultimate violent ancient energy, which had swallowed the entire altar where the Lord of the Wild God had smelted hundreds of millions of years of power. As soon as he entered Qin Chen's body, an endless ancient power swept over.

"Humph!" Qin Chen snorted in pain, his eyes turned blood red, khaka, his powerful body, because he couldn't bear the power of the sky-swallowing pot, cracks began to appear, endless ancient aura. Jet from his body,

Sweeping across the universe, the world is boundless.

That kind of pain is simply more terrifying than being shattered.

Buzzing! In Qin Chen's body, the powerful eucharistic force constantly repaired his body, but every time his body was repaired, the terrifying atmosphere of ancient times would tear Qin Chen's body. There seems to be a puzzle

The human body is full of cracks, and every crack sprays terrible power.

"Ben Shao doesn't believe it anymore, give me suppression!"

Qin Chen roared, under this kind of pain, roaring angrily, with firm will, slowly blending the Sky-Swallowing Pot into his body.

This speed is extremely slow, Qin Chen's body will be torn apart ten or a hundred times with every single cent of pressure. How can ordinary people tolerate this kind of pain?

But Qin Chen held back.

"The universe is boundless, I am strong. Any strong person will experience endless pain when he grows up. What am I suffering now?"

Qin Chen's will was crystal clear and turned into sacred light, not being crushed by any pain. Qin Chen understood this truth long ago in the Tianwu Continent. In his previous life, he was a dead vein, but he could become the top bloodline master, tool refiner, and alchemist on the Tianwu Continent. What did he rely on? It is this spirit of not admitting defeat.

[Chapter 2776: Ancient Extreme Shinto](#)

On the road of life, any person will encounter many ups and downs and difficulties, and more than ninety-nine percent of them will shrink in the face of difficulties, and the remaining one percent will meet Difficulties come up.

And among this one percent, more than 90 percent will fail, and only the last handful of people can rise to the top and become a highly anticipated existence.

But no matter how many people can reach the top in the end, if you surrender and give in at the first level of difficulty, then you will never succeed in the end.

"Suppress me!"

Boom boom boom!

Inside Qin Chen, the endless roar resounded, there were great thunder sounds, the rules of heaven and earth, the birth and death of the universe, the origin of all things, the simple small sword at the heart, the sky-filling hammer in the lungs, the palace of life and death in the kidneys, and the namelessness in the liver Sword Classic, the four great treasures tremble at the same time, erupting endless power.

Hum!

In particular, the Sky Patching Hammer is a secret treasure of the Sky Patching Palace, capable of refining all the most treasures in the heavens. Under the suppression of the Sky Patching Hammer's breath, even the Sky Swallowing Pot that incorporates all the power of the Lord of Desolation can only be suppressed a little bit. .

All the treasures began to resonate in Qin Chen's body and regrouped. The Heavenly Sage Principles that were originally condensed in Qin Chen's body burst into bursts under this breath, and then condensed again, forming a purer, larger, and vast brand new The chain of Tiansheng rules represents the order of all things.

Each kind of treasure represents a kind of attribute, showing the aura against the sky, the endless chaotic aura surging, passing down from the endless void, baptizing Qin Chen's physical body, making Qin Chen's power more powerful , The heavenly law of the whole body reveals the principle of the universe's operation.

Qin Chen's body, under this force, began to skyrocket wildly and stepped into a brand new realm.

Moreover, this sky-swallowing jar also contains the astonishing insight of the Lord of the Desolate God, among which the strongest is his supreme boxing technique-Desolate Ancient Divine Dao!

"This punch..."

Qin Chen was shocked.

Countless phantoms surging in Qin Chen's mind. This is the supreme fist of the Lord of the Desolate God. It is led by his body of the Desolate God. This type of fist can not be used by anyone except the top physical powerhouse with the ancient aura, because The most important thing is the physical body.

This is also the strongest move of the Lord of the Desolate God. He combines the supernatural powers of the desolate body, which is enough to open the sky and the earth, and even the eternal sword intent of the Eternal Sword Lord cannot easily break.

Why is the Lord of Desolate God so strong? It is because of the special abilities of his wild ancient race, the ancient body, this kind of body is cultivated to the end, when fighting against other strong people, the strong people of the same level can't tear his defenses, how can he fight?

And what weapons does such a terrifying body need? The flesh is their weapon, and the fist is their weapon.

Even some holy master weapons are not as powerful as their physical bodies.

Boom!

Finally, thanks to Qin Chen's efforts, the Sky Swallowing Pot was smelted into the spleen representing the attributes of the earth. Among the Five Secrets, the five most treasures resonated at the same time and competed to reflect each other.

At this moment, Qin Chen's body resonated with the Great Dao, his physical strength, soul, and will all surged, and he truly reached a peak. As long as he had enough ancient holy energy, he could raise his realm and truly step into the realm of heavenly sage.

"Exquisite Heavenly Pill, give me out, all the ancient holy veins will be decomposed for me, all melted, and I will create a new divine body, the origin of good fortune, all kinds of things, eternal immortality, immortal and free..."

At this time, Qin Chen got the few bottles of exquisite Heavenly Pills in Yama's Secret Realm and finally had his works.

Countless exquisite Heavenly Pills flew away like a fish, puff, puff, Qin Chen clicked out with both hands, and suddenly, countless peculiar Heaven Pills exploded one by one, and the breath of the vast pill that represented Heavenly Sage burst into the sky. The magnificent picture scroll.

There are countless ancient sacred veins, many pinnacle sacred veins of land, and the one and a half sky-level ancient sacred veins, all exploded together, and the ancient holy energy that resembled a real dragon roared and roared in the void. Qin Chen sucked into his mouth frantically like a whale sucking water.

Qin Chen's body has reached the peak of strength again, and every cell is close to perfection, like crystals, stained with golden light.

The Heavenly Sage Law in Qin Chen's body also began to condense. Based on the core Heavenly Sage Law, the Heavenly Sage Chains that directly connected to the heavens and the earth continued to form.

Many sacred auras of heaven and earth are automatically combined, evolved, condensed, intertwined, and condensed into an extremely magnificent law of heaven and earth.

Beng Beng Beng!

These Heavenly Sacred Laws, each of them is extremely thick, and even larger than the Heavenly Sage Laws in the mid-Tian Sage powerhouses like Jue Xing Tian, like a pillar of heaven, and like an angry dragon, making a fierce roar.

This is simply terrifying. If the heavenly saints from outside see this scene, they will be shocked and shocked.

It should be understood that Qin Chen has only entered the early stage of the Heavenly Sage, and his one Heavenly Sage Law is as terrifying as the hundreds of ordinary Heavenly Sages. This is so terrifying.

The chains of the heavenly holy laws were formed, and a large amount of heaven and earth holy energy was consumed madly.

However, Qin Chen was obviously not satisfied with this. The countless power of the Peerless Heavenly Pill was integrated into his physical body, and every Pebble Heavenly Pill contained astonishing power.

"I want to be the first person of the heavenly sage, and I want to gain stronger strength, from heaven to earth, respect me, heaven and earth, I am the strongest!"

Qin Chen suddenly swallowed all the ancient sacred veins and the peerless Heavenly Pills into his body, and countless ancient sacred veins evaporated and burned, serving as the source of strength for the transformation of the heavenly sacred law.

The medicinal power of that unique Heavenly Pill, countless ancient holy veins, instantly burns and consumes violently, and is directly refined by him and integrated into his body.

Even all of these powers are being consumed quickly, and they are not enough.

"I had expected it a long time ago, not enough, not enough, Saint Master Level Ancient Saint Vein, burn!"

Qin Chen roared, urging the ancient holy vein of the saint master-class in the jade disc of good fortune in the universe. Suddenly, the huge holy vein dragon with a length of hundreds of millions of miles suddenly erupted and gave Qin Chen a steady stream of breakthroughs. Saint, the power to transform the Heavenly Saint Law does not need Qin Chen to worry about the slightest sacred spirit being exhausted.

The warrior's impact on the Heavenly Sage is actually a very dangerous process. Once the Heavenly Sage Law is transformed, the Heaven and Earth's holy energy is not enough. If something goes wrong, it will trigger a chain reaction, ranging from incomplete breakthrough, damage to the repair base, and serious to Heavenly Sage. The law is ruined, and the whole body is turned into ashes, even if it can save his life by chance, he will become a waste.

[Chapter 2777: Change fate](#)

x

boom!

And at the last moment when Qin Chen hit the Heavenly Sage, not far away, Chen Sisi, who was transforming physically and also breaking through the realm of Heavenly Sage, was also drawn. On her body, the colorful light bloomed, and the sacred breath lingered and combined. The aura of the deep demon way of the deep demon clan formed a black and white yin and yang picture, and it resonated with Qin Chen's breakthrough power.

Boom!

Two breaths, one left and the other right, one yin and the other yang, the power of Qin Chen and Chen Sisi had merged, and the two quickly became entangled.

"this is....."

Qin Chen felt the breath change and was shocked, because he could feel that Sisi's power and his own power were partly entangled. Although it was only a small part, there was an unprecedented resonance between the two. .

"Less dust!"

In the dark, Qin Chen seemed to hear a low whisper.

"Sisi!"

Qin Chen opened his mouth in surprise. He couldn't think of it, because his breakthrough Heavenly Sage actually resonated with Sisi's breakthrough, speeding up Sisi's breakthrough, so that at the same time, they both stepped into the realm of Heavenly Sage.

"Okay, Sisi, you and I let go of the barrier, let my power help you, and you let your power **** me."

Qin Chen roared!

Crackling!

In Qin Chen's body, all the law powers, all combined, turned into the heavenly sage law, the power in the body was empty, but the medicinal power of the Peerless Heavenly Pill and the holy energy of the ancient holy veins continuously supplemented in.

Roar! Roar! Roar!

Qin Chen's whole person is full of clouds, and Chen Sisi in the distance is charming, evolving with multi-colored divine light, and with the yin and yang diagram rotating, slowly approaching Qin Chen, the two are almost parallel and close to each other.

In the boundless light, Qin Chen saw Sisi, and Sisi also saw him.

boom!

The power of horror was violent, and the power of the two clashed wildly, with terrible lethality, causing all the robes on his body to shatter. Qin Chen saw Sisi's perfect body, and Sisi also saw Qin Chen's supremacy. Body.

The faces of both of them were red, especially Sisi, very shy and blush at the base of their necks.

"No, here we are in conflict with each other's power. Think about it, don't resist, and merge our souls. Only in this way can our powers be perfectly integrated and there will be no conflict."

Qin Chen urged the heavenly soul forbidden technique and built a soul bridge between the two. The next moment, the soul power of the two touched together, as if being electrocuted.

"Little dust, I finally waited for you!"

The souls of Sisi and Qin Chen were entangled together, crying with ecstasy.

"I'm not dreaming, am I? I'm really not dreaming?"

Sisi hugged Qin Chen hard, as if once released, the two would be separated forever, unwilling to let go for even a second.

"No, it's not a dream, I'm sorry Sisi, I'm late and make you suffer."

Qin Chen stroked Sisi's face and said softly.

He lowered his head and kissed Sisi's mouth. Sisi's whole body seemed to be electrocuted. Although it was at the soul level, it still seemed to provoke an electric current, and his whole body trembled.

Boom boom boom!

The terrifying Heavenly Sage breath was violent, Qin Chen let go of Sisi's soft lips, raised his head, and looked at the sky with his eyes.

"Sisi, we are together!"

Qin Chen roared fiercely. At this moment, it was the final moment of breakthrough. The endless years of power in the jade disc of good fortune of heaven and earth was shocked. Above the two of them,

countless tributaries of destiny were spinning, the breath of the long river of years. Surging, exuding immense power, unexpectedly showed the path of their future destiny.

At this moment, Qin Chen is a key point. He wants to grasp the strongest one in the long river of years and become the strongest himself.

"Over the years, I have seen my countless auras of destiny. The past is irreversible, and the future is unpredictable. There are thousands of possibilities for my future. This is the phantom of countless years, representing my future years and destiny. Countless possibilities!"

In front of Qin Chen, he saw countless destinies.

"However, these destinies are not what I want. My destiny should be in my own hands, without the need for evolvment by the way of heaven. I will be immortal and grow in the origin...to achieve the supreme sovereign."

"I don't want these destinies. Since there is no destiny I want, then I will use my own hands to carve out a destiny that is my own in the infinitely possible future! Beyond the long river of years, eternal immortality! "

Qin Chen saw his countless destiny and countless future from the long river of years, but he was not satisfied with these.

His will, roaring wildly, and the power of terror tore through the void above his head, to open up a destiny that truly belongs to him and controlled by him in countless impossible futures.

I control my own life!

The martial artist was going against the sky, but Qin Chen is now against the sky!

boom!

The boundless destiny and boundless years suddenly burst into pieces. In the endless future, there seems to be a vast figure, a world-class figure, who has jumped out of the long river of years and wants to dominate his own life, death and destiny.

At this moment, in the depths of the heavens, some big figures who have been sleeping for so many years opened their eyes.

They all felt the extraordinary changes in the years.

"Who is it, who is changing the future of the long river of years, who is this worldly figure who is changing his fate against the sky, who wants to open up his own way and open up his own future?"

These big figures were shocked, their eyes bursting with rainbows, and they looked at the river of time abruptly.

At the end of the vast river of years, they seemed to see a supreme figure, wanting to get out of trouble, to jump out of the river of years, not in the heaven.

However, this figure is extremely vague, obscured by the power of time, and it is impossible to see the origin.

"It's tyrannical, it's too tyrannical. It's too daring to change your fate against the sky. In the history of the heavens, for hundreds of millions of years, there have been some top figures who wanted to detach themselves from the years. Unfortunately, none of them succeeded and died. , All perish, who is this? How dare to risk such a big deal."

"If you change your fate against the sky, it is so easy to surpass the fate of the years, how can we still struggle under the rules of this heaven."

A great figure is shouting, trying to see the figure clearly, but can't see it clearly. The years are mysterious and vast, the past can be checked, and the future can't be spied at all.

In a trance, at a certain moment, these big people seemed to see the shadow of a young man flash past!

"What? Young man?"

They were all shocked and thought they were wrong.

boom!

At this time, the years Changhe felt the breath of countless big people, suddenly violent, the endless river escaped into the depths of time and space, disappeared, leaving only the shock and amazement of countless big people.

[Chapter 2778: Tian Sheng Tian Sheng](#)

"cut!"

"Break fate!"

"My destiny is in my own hands."

Qin Chen stood upright, his hands intertwined with runes that no one could understand, and his many destinies appeared above his head. In the end, all these destinies were shattered, his destiny was blurred, and there was no future.

"Well, the first thing to change your fate against the sky is not to admit your fate."

Qin Chen knew that this did not mean that he succeeded in changing his life. In the future, there are countless possibilities, and any one of them may happen. Now, he just blurs his future from the long river of years and no longer follows the rule of heaven.

But in the end, what will he become? No one can predict that it may become the supreme master, or it may burst into death in the next moment.

The only constant is Qin Chen's belief in becoming the strongest.

The strong will not listen to fate, they will break fate, give the strongest note, and open up their own path. At this moment, Qin Chen's mind has become the strongest to some extent.

Boom!

In the body, countless Saint Yuan was circulating, and all the Heavenly Saint Laws were condensed. In Qin Chen's body, there was a pure golden flame, without any impurities.

The boundless and mighty breath fell, and Qin Chen finally broke through to Heavenly Sage.

Hum!

Above his body, the terrifying heavenly sage rules haunted, like gods and demons.

His eyes pierced the sky and saw through the future.

His fist is unstoppable, and the gods and demons are free.

His body is standing upright and immortal.

His will is eternal and indestructible.

At this moment, become a god!

Invincible God!

Moreover, Qin Chen's cultivation level did not stop, leaping forward wildly, almost touching the peak of the early days of Heavenly Sage.

However, Qin Chen did not force a breakthrough because the ancient holy veins were not enough.

"Holy master-level ancient sacred veins are extremely rare. If I forcefully break through the initial peak, it will not be difficult, but it will consume a lot of holy master-level ancient sacred veins.

Just for Qin Chen to break through the Heavenly Sage, this broken Saint-Master-level ancient sacred vein has consumed a full one-fifth. Fortunately, Qin Chen did not use all the Saint-Master-level ancient sacred veins to break through, otherwise this time, At least one-third of the power will be consumed, which may directly cause the collapse of the Saint Master-class ancient Saint Veins.

Hum!

The boundless power was restrained, and it suddenly entered Qin Chen's body. Qin Chen's body was round and jade, like a **** and demon, unmatched in strength.

His achievement in this world is no small matter.

One and a half sky-level ancient sacred veins, nearly 20 peerless peak ancient sacred veins, one-fifth of the broken saint master-level ancient sacred veins, and a large number of exquisite heavenly pill, various powers, laws, all Refining, melting into oneself, how powerful is this?

Coupled with the refining of the ancient qi, Qin Chen's physical body is already unparalleled.

Qin Chen had a feeling that he could break the sky and destroy the earth with a punch now.

Kaka Kaka...

Qin Chen squeezed his fist, and all the cell crystals in his body rubbed against each other, transmitted power, the rules of Heavenly Sage, and roared and roared. He felt that a state governor like Yundong Guangzhou Lord was strong in the early days of Heavenly Sage. He can kill with one move.

Even strong men like Jue Xing Tian couldn't withstand his punch, and ordinary Tian Sage mid-level martial artist could be seriously injured with one punch.

At this moment, the strength has increased more than a hundred times!

Half-step Heavenly Sage and true Heavenly Sage, the realm is too different, one step to the sky is not enough to describe.

This is simply shocking and horrifying.

It's a pity that Qin Chen's consumption is extremely huge. Just breaking through the Heavenly Sage has already consumed so much. In the future, it will consume so much to break through the middle and late stages of the Heavenly Sage, or even the realm of the Holy Master. The ancient holy veins are not enough.

"It seems that I have become a poor man again, and the ancient sacred veins on my body are bare, and there is nothing left, even a peerless saint."

Qin Chen was silent.

"Less dust!"

At this moment, an excited cowardly voice sounded.

Qin Chen's figure froze suddenly, and at the moment he broke through the heavenly sage, Sisi also broke through the heavenly sage, and that voice was extremely familiar and lingering, it was the thought that Qin Chen had missed for a long time.

Qin Chen slowly turned around and saw a beautiful woman with tears on her cheeks, walking slowly step by step, and finally rushed into Qin Chen's suspicion.

"Woo, little dust, I thought I would never see you again."

Sisi was crying. After countless powerful people in the dead spirit realm chased and killed her, she did not cry, but at this moment she was crying like a child.

"Silly girl."

Qin Chen wiped away the tears from the corner of Sisi's eyes, and felt a pain in his heart, "No matter the mountains and rivers, the sea of knives, the sea of fire, and the Huangquan Purgatory, you don't have to be afraid.

Qin Chen hugged Sisi vigorously, smelling the familiar smell on Sisi, hurting his beloved woman so much, Qin Chen felt pain in his heart.

He lowered his head and kissed Sisi hard.

"Well!"

The two of them responded crazily. Time seemed to stop at this moment. After a long time, the two people separated.

All the lofty ambitions and ambitions have disappeared. Qin Chen and Sisi just cuddled together like this. If there were no killings in the world, it would be such a beautiful thing to be together so happily.

"By the way, where are Qianxue and Ruyue sister?"

Suddenly, Sisi seemed to think of something and looked up at Qin Chen.

Qin Chen shook his head slightly: "I haven't found them yet, but I already have news of them."

Qin Chen told Sisi what he had experienced after entering the heavens. Although Sisi knew that Qin Chen was safe and sound in front of him, he was still nervous when he heard the dangers.

And Sisi also told Qin Chen what she had experienced. After they separated, Sisi entered the dead spirit realm. Knowing the danger of the dead spirit realm, she did not dare to go to Qin Chen and the others, so she stayed in the dead spirit realm. Develop silently.

Relying on the magic spell, Sisi has been like a fish in the dead zone, always hiding her appearance and identity, relying on various resources to break through to the realm of the holy, but in the end, she was exposed in an accident and was chased to death. The deserted ancient ruins, thanks to the call of the nine-tailed fairy fox, entered that altar, otherwise, with Sisi's cultivation base, it is very likely that they would have fallen into the deserted ancient ruins.

"By the way, there are few dust, now in this barren ancient ruins, many people are chasing me, and they are all strong in the dead soul realm, and even some strong in the middle of the heavenly sage, you must be careful."

Sisi said nervously.

"Sisi, don't worry, from now on, no one can hurt you. As for the strong man who chased you, this Jue Xing Tian should be one of them?"

Qin Chen raised his hand. Suddenly, Jue Xing Tian appeared in front of the two of them, respectfully saluting: "Little Chen."

Jue Xing Tian, who had the source of the devil of the world in his body, had his own thinking, but he had already become a servant of Qin Chen, following Qin Chen's orders.

A look of surprise appeared on Chen Sisi's face, but thinking of Qin Chen's strength, Sisi was surprised again.

"Let's go, next, there are still many things to deal with, first go to meet those two guys."

Qin Chen sneered, and took Chen Sisi out of the universe fortune jade dish, arrogant.

[Chapter 2779: Everything is possible](#)

Boom!

Qin Chen and Sisi walked out of the universe and the jade disc, their auras were restrained, as if they had become ordinary people.

"Sisi, the breath on your body, you can hide it so thoroughly."

Qin Chen looked at Chen Sisi in surprise. The aura on Chen Sisi's body was extremely restrained, leaving only a trace, like an ordinary person.

"I would also like to thank Senior Qiongxian for teaching me the method to reduce my charm." Sisi smiled softly.

Qiongxian, a nine-tailed fairy fox of the demon clan, also has a natural fox fairy body, and naturally has the means to conceal the charm of his body.

"Little dust, we have all broken through the Heavenly Sage now. As far as I know, the Heavenly Sage is already a big man in the heavens. If we go directly to the Guanghan Mansion and find sisters Qianxue and Ruyue, will the people in Guanghan Mansion agree? we?"

"That can't work. Although Tiansheng is considered a big man in the heavens, he is still far behind Guanghan Mansion. The head of Guanghan Mansion, who is in charge of a mansion, is a master of the Holy Master. We are the real big people. We are now in the early days of Heavenly Sages. In the eyes of the Holy Lord, it is nothing at all. Only those peak Heavenly Sages may have some qualifications."

Qin Chen shook his head: "However, the peak heavenly sages are in the heavens. Those are all princes and legends. Let's not talk about the masters of the saints now. Even if we arrive at Guanghan Mansion, if we want to see those legendary peak heavenly sages. difficult."

"Fortunately, I have already joined Tianzuo. When you look back, you can go to Guanghan Mansion City to be in charge of Chendi Pavilion, and you can even join the Tianzui Martial Arts Department. During the work that day, we can obtain more resources, even A stronger ancient holy vein."

"Also, it's been almost two years since we arrived in the heavens. After we find Qianxue and Ruyue, we must find a passage to the Tianwu Continent as soon as possible, otherwise the top powerhouse of the Yaomie Mansion will come to the Tianwu Continent. It's dangerous."

Sisi's heart shuddered. It was only more than a year since the crisis of Tianwu Continent, and she was also worried.

"The heavens are so big, how can we find that passage?" Si Si had no idea at all.

"This is the purpose of my joining Tianjiao." Qin Chen said solemnly: "It is impossible for us to travel to the heavens, but Tianjiao is a top power in the heavens. As long as you show enough in the heavens. Potential, definitely able to use the help of Tianjiao to go to any place in the heavens."

"The key thing now is, I don't know what happened to the **** cats? According to the truth, it has been almost two years, and the **** cats should have also come to the heavens. Could it be that the passage did not lead to the heavens? Possibly, after all, the strong man back then was indeed a master of the Celestial Realm, and there was nothing wrong with accidentally breaking into the Tianwu Continent."

"After we return to work in heaven, I will check the information carefully to see if we can find out some clues. But with our current strength, it is far from enough. It is best to break through the mid-stage or even late stage of the Heavenly Sage. Only then can we be sure enough to resolve the crisis in Tianwu Continent."

"Little dust, I believe you can do it." Chen Sisi said firmly, "When I become stronger and resolve the crisis in the Tianwu Continent, I will also go to the land of the demons to find Master. Master was taken to save me. Entering the land of the demons, I believe she is still alive, and one day, I will rescue her."

"Wan'er?"

Qin Chen murmured, his eyes bursting into the rainbow, he naturally did not forget the woman who was in desperation in order to save Sisi, that in order to avenge herself, willing to be a demon and ruin the face of the world, and Shangguan Xier Anti-purpose woman.

"Sooner or later, I will go to the land of the demons and ask for justice."

Qin Chen said coldly.

Huh!

As the two of them were talking, they had already entered the endless space underground.

Boom!

As soon as Qin Chen's body shook, he entered deep underground, in that mysterious cave, and then felt that the terrifying heavenly sage aura in the entire cave was like a vast ocean, sweeping crazily.

Boom boom boom!

In the cave, the ancient atmosphere lingers, and in the center of the ancient atmosphere, two powerful figures stand proudly inside, with endless and terrifying holy origins surging from their bodies, and the rich ancient holy veins aura dissipates, it is Jinghu real person and emptiness Old man.

At this moment, the aura on the two of them was more than ten times stronger than when Qin Chen first saw it? The terrifying aura in the middle of the heavenly sage surged, and their cultivation bases completely entered the middle of the heavenly sage, becoming true powerhouses.

And the moment Qin Chen and Chen Sisi came to the cave, the two of them also saw Qin Chen, and they suddenly shook their heads. The two figures appeared like phantoms, swiftly appearing in front of Qin Chen and Sisi. Chen and Sisi surrounded.

"Boy, didn't you think you weren't killed by Jue Xing Tian?"

These two figures converged their breath, and the violent power in their bodies was like a volcano about to erupt, containing shocking power. The two looked at Qin Chen as if they were looking at weird people. They really couldn't figure out why Qin Chen was still alive, Jue Xing Tian Where did you go?

"Huh? This woman? Could it be that charming woman pursued by Jue Xing Tian?"

Suddenly, the empty old man saw Sisi, and a faint green light suddenly appeared in his eyes, like a cat smelling a fishy smell.

Although the enchanting aura on Sisi's body has been restrained by her, her world-renowned appearance can already sink many men.

"Peerless posture, really peerless posture, no wonder Jue Xing Tian will chase this woman into the deserted ancient ruins. Tsk tsk, it seems that this time I am empty and lucky."

The empty old man said excitedly.

"Empty, be careful, don't be careless, I always think this kid is a bit weird." Madam Jinghu frowned, his expression a little serious: "We had clearly received a signal from Jue Xing Tian, but we never saw him, maybe What accident has happened to Jue Xing Tian, it is better to be careful."

"What are you afraid of?" The empty old man was very disdainful, chuckled, and revealed a mouthful of yellow teeth: "Now that the two of us have broken through the middle of the heavenly sage, you don't know the strength of this kid, I am afraid you can win it in minutes, as for Jue Xing Tian, maybe some treasure was discovered, and he didn't have time to care for us."

"Everything is possible, it's better to be more cautious." Madam Jinghu took a step forward and his eyes were cold: "Boy, come on, where is Jue Xing Tian? He should have been chasing you just now, why is he missing."

"Jun Xing Tian?"

Qin Chen smiled faintly: "He has been captured by Ben Shao and has become Ben Shao's slave, and you two, don't even want to escape today, you will all become my slaves."

The real person in Jinghu and the empty old man actually broke through the middle stage of the heavenly sage. That's good, but it saves myself extra trouble. With their three powerhouses, they can secretly develop in the dead spirit realm, and slowly control the dead spirit realm. Hands.

[Chapter 2780: Nine tail art](#)

"What? Jue Xing Tian has become your servant, you won't be chased down and lost heart, your mind is not good, right?"

After listening to the empty old man, he almost didn't laugh out loud: "Just you, can you also enslave Jue Xing Tian?"

"You don't believe it?"

Qin Chen laughed, waved, and suddenly, a figure appeared, it was Jue Xing Tian, standing beside Qin Chen respectfully.

When the two big powers saw the Jue Xing Tian appear, each was shocked and shivered. They were really Jue Xing Tian?

"What? Jue Xing Tian, why would you follow this kid? Come here soon?"

"Jue Xing Tian, are you deaf?"

"What's wrong with you?"

The real man in Jinghu and the empty old man kept yelling at Jue Xing Tian and even transmitted various voices, but Jue Xing Tian turned a deaf ear to nothing.

"Don't shout, Jue Xing Tian knows his sins are serious, so he decided to change his mind and follow Ben Shao to forgive sins. The same is true for the two of you. Surrender obediently and obey Ben Shao's orders. Perhaps one day in the future, he can become a great figure in the heavens. It's not the same."

Qin Chen smiled slightly and did not pay attention to the real person Jinghu and the empty old man at all.

"No, Jue Xing Tian is determined. How could he obey your orders? You must have used some sorcery to confuse Jue Xing Tian."

The two powerhouses are hideous, startled and angry.

"No matter what, if you take this kid, you'll know what's going on. He must have used some kind of witchcraft to control Jue Xingtian, and as long as you kill him, you can break this witchcraft."

"catch."

"Mr Jinghu, you seal the void, and you can't let this kid escape anymore."

There is no need for the empty old man to speak. The real Jinghu roared and displayed the Cang Yuan Tu. Suddenly, a terrifying sky swept across the world, and the boundless black cloud swept across, enveloping Qin Chen and the others. In the space of Cang Yuan Tu, for a moment, clouds rolled, and everywhere was the atmosphere of a terrifying space cage, covering everything.

The emptiness old man roared, and directly displayed his mastery, the emptiness of all souls, the infinite holy yuan came out in the air, intertwined into a giant palm, volleyed to capture the photo, ascended, up to the sky and the earth, and down. Nine ghosts true spirits.

"Run? Do I need to run?" Qin Chen was not afraid, even letting the other party display the Cang Yuan Tu to trap himself and stay still.

Qin Chen really didn't need to run. After he was promoted to Heavenly Sage, his strength was invincible, let alone the two mid-term Heavenly Sages who had just broken through. Even if it came to ten, he was not afraid, there was no reason to escape.

Boom!

In his body, the terrifying Saint Yuan erupted, and he released his Heavenly Saint Law, and a straight and thick golden light approached the sky, as if to directly penetrate the heavens.

There was a loud noise.

The Cang Yuan map arranged by the real Jinghu shook violently, and the terrifying space force broke every inch, and it couldn't block any space at all.

And the emptiness of all the spirits played by the old man of emptiness, he simply ignored it, the ancient body surged, and the terrible ancient power in his body turned into an invisible armor, and he shook the huge palm formed by the terrifying emptiness force. The explosion on the spot caused the empty old man to retreat again and again.

"He has been promoted to the realm of Heavenly Sage. What a tyrannical power! The Heavenly Sage Law on his body is thick and big, like a pillar of heaven. How could it be possible? He is a guy who has just broken through the Heavenly Sage. How can the Heavenly Sage Law be better than ours. Even more terrible in the mid-term? Is this guy a man or a ghost?"

The empty old man roared again and again, unable to believe his eyes.

They finally understood from the bottom of their hearts that Jue Xing Tian might really have been enslaved by Qin Chen.

"But how did he do it? He was almost killed by us before, how did his cultivation level rise so much, and his body has such a terrifying ancient aura. We absorb a little more of this aura. , He is about to explode and die. This kid's body seems to be completely haunted by this terrifying and ancient aura. How to do it?"

Real Man Jinghu couldn't believe it, because Qin Chen completely violated the common sense of cultivation.

"Even if he is fierce, he is only an early sage. I am not familiar with the application of the rules of the sage. I don't believe that a little kid in the early stage of the sage will be the opponent of our two great mid-stage masters. Killing him will save Jue Xing Tian and get his secret."

"Yes, if we get his secret, we will develop!"

"A battle of life and death, in this one move, I have a hunch that the secrets in this child are shocking to the world, and I am afraid that it will be an incomparable gain even greater than the ancient ruins."

"kill!"

The real person Jinghu and the empty old man, the two great mid-term powerhouses of the sage, exchanged their eyes in an instant, and suddenly became violent. The lifespan on the body began to burn, and the golden textures were intertwined, terrifying. The Heavenly Sage's power was intertwined and violently killed Qin Chen.

At the same time, the sky-shattering space bound by Cang Yuan Tu descended from the sky, blocking all the space of Qin Chen's body.

The real person Jinghu urged the power of the Saint Yuan in his body to the extreme, the essence and blood burned, turned into a long rainbow, and merged into the Cangyuan map. Suddenly, the power of the breath on the Cangyuan map was several times stronger than the first one. That strong spatial power seemed to imprison this void into an eternal cage.

And the empty old man was calling desperately, as if he was performing an ancient supreme magic technique, requiring the supreme and powerful force of the ancients to come to help out across time and space.

The attacks of the two were fierce and vigorous, cold and ruthless, and at the same time full of heroism and irreversibility.

No matter how powerful the Heavenly Sage is, facing the attack of the two, he will be in a hurry and be killed in an instant. If the seven deputy leaders of the Shengu League were here at this time, they would definitely be defeated and killed one after another.

The combination of the two masters of the mid-term Heavenly Sage, combined with the Heavenly Rank Supreme Treasure Cang Yuan Tu, formed the power that even reached the peak of the mid-term Heavenly Sage, invincible.

But Qin Chen was not afraid, smiled coldly, with a burly figure, standing like a **** king, with a strong breath, he wanted to make a move.

"Little dust, leave these two guys to me."

At this moment, Chen Sisi suddenly said, Whoosh, she flew up, and above her head, a emptiness figure suddenly appeared. This is a godly woman, her eyes opened, and a breath of stunning charm suddenly burst out.

"Nine-tailed Meishu!"

Ok?

When Qin Chen looked over in shock, he felt a supreme charm of power, swept out, and immediately enveloped the real man Jinghu and the empty old man.

"This charm technique is so powerful!"

Qin Chen took a breath of air, he could feel the horror of this charm technique, even Qin Chen swayed a little, not to mention the real person Jinghu and the empty old man.

The two violent bodies seemed to have a pause, and their eyes suddenly became hazy, as if they were in some kind of illusion.
