

Valkyrie 2781

[Chapter 2781: You are dead](#)

kill!

Chen Sisi quickly flew out.

However, the real person Jinghu and the empty old man were only bewildered for a moment, and in an instant they recovered and hurriedly shot.

boom!

The terrifying explosion swept through, and Chen Sisi was blown away, but the real person Jinghu and the empty old man also backed back again and again, and their faces flushed.

The two sides are evenly matched.

"Awesome!"

Qin Chen was pleasantly surprised, and he could not think that Sisi was so strong!

But it is also true. Sisi itself is the top Tianjiao in Tianwu Continent, and has been baptized by the long river of years, and has been inherited from the Abyssal Demon Clan, has mastered the Abyssal Demon Dao, and now has the inheritance of the Nine-Tailed Fairy Fox. Is to have a natural body.

Any one of these is a horrifying heritage. Now thinking and thinking together, except Qin Chen Wuxian, which powerhouse of the same level can fight against Sisi?

Among other things, just the inheritance of the charm of the nine-tailed fairy fox can confuse any master of the same level, and be beheaded by Sisi.

If it weren't for both the real person in Jinghu and the empty old man who were slaughtered in the dead soul realm, and possessed the Heavenly Grade Supreme Treasure Cang Yuan Tu, I am afraid it would be even more unbearable.

"What? We can't even match this woman?"

The real person Jinghu and the empty old man went crazy, booming, and the two shot wildly, killing Xiang Sisi.

But Sisi is not afraid, her whole body, lingering black magic light, terrible power blooms from her body, with the cultivation base of the early days of the sage, it is not inferior to the two people in the middle of the sage.

"After all, the Yuanmo clan is also the top power among the demons. Sisi has mastered the way of the abyss. It is really not easy for ordinary martial artists to kill her. , You can escape the chasing and killing of the heavenly sage of Jue Xing Tian."

Qin Chen put his mind down completely, Sisi's strength made him not need to worry too much.

Boom boom boom!

When the two sides fought, Qin Chen watched quietly. He also knew that Sisi was preparing to temper himself. Anyway, even if Sisi was invincible, there was no danger.

Sisi became more and more intrepid under the siege of the mid-term powerhouses of the two great heavenly sages. The whole person was like a witch and goddess, giving people a strong illusion.

"Ah!"

The real person Jinghu and the empty old man were almost crazy. The two roared repeatedly, but they could only parry frequently. Seeing Qin Chen staring at the side, they no longer have any courage to fight.

"The real Jinghu, retreat quickly, **** it."

"go!"

The two were so furious that they turned around to run away.

boom!

Cang Yuantu carried a terrifying aura, wrapped the two of them, and was about to escape into the void and leave here.

Although Sisi is capable of rivaling two people, but the other party possesses the Heavenly Rank Supreme Treasure Cang Yuan Tu, it is difficult to track even if he wants to escape.

"Want to go, have you gone?"

Qin Chen, who had been watching this scene, suddenly sneered. The Universe Good Fortune Jade Disc was quickly displayed by him, buzzing, in the sky, the Universe Good Fortune Jade Disc bloomed with an endless and terrifying aura, sealing the entire void.

The real person in Jinghu and the empty old man surrounded by Cang Yuantu and the empty old man were shrouded in the void shrouded in jade discs of good fortune. They couldn't escape at all.

"What? What kind of treasure is this? It can block Cang Yuan Tu. Could it be that the treasure of the Holy Master failed?"

The real person in Jinghu and the empty old man were so furious, they couldn't help sweating and startled.

"Hmph, it's all suppressed for me."

Qin Chen ignored it, snorted coldly, and reached out with his big hands.

With a punch and a bang, he immediately blasted the real man in Jinghu and the empty old man out of the Cangyuan map. The bodies of the two shook wildly, and the blood surged in their bodies.

"Magic Tree of Ten Thousand Worlds!"

At the next moment, Qin Chen urged the Demon Tree of the Ten Thousand Worlds, whoosh, black tentacles protruding from the jade disc of good fortune in the universe, and instantly wrapped the real

man in Jinghu and the empty old man, and with a swish, he pulled in. In the jade disc of good fortune in the universe, disappeared.

"The combination of the magic tree of the world and the jade disc of good fortune from the universe is a good means of combat."

Qin Chen smiled slightly, he raised his hand, and suddenly, Cang Yuantu was converged in his hand by him, like a bird, he wanted to flutter and flee from here, but when Qin Chen covered his hand, he was obedient. Do not move, also thrown into the jade disc of good fortune in the universe.

"Little dust, I finally let you take a shot." Sisi said helplessly.

"Haha." Qin Chen laughed: "This is because the other party has the treasure of Cang Yuan Tu, otherwise, if you use the charm technique, the ordinary Heavenly Sage may directly fall into the sinking of the illusion technique, and it will be killed by others. After this Cangyuan map is refined, I will give you a gift. With this treasure, your ability to sign up in the future will be stronger."

With the jade disc of good fortune from the universe, Qin Chen didn't have much interest in the sacred treasure of space like Cang Yuan Tu.

"go!"

He rolled his body, put away Jue Xing Tian, and Chen Sisi rushed out of the endless underground in an instant, and then swiftly flew toward the barren ancient ruins.

"Little dust, are we going back to Guanghan Mansion now?" Sisi asked.

"Don't worry, I have to go to the Shengu League first. The few guys from the Shengu League before, directly put aside Ben Shao, Ben Shao hasn't found them to settle the accounts."

Qin Chen said coldly, "This ancient gods alliance is also the top power in the dead spirit realm. If you don't include this ancient gods alliance in your bag, then I am too sorry for me to come to the dead spirit realm."

Qin Chen's figure swiftly flew across the desolate ancient ruins, and, urging the universe to make the jade disc, the terrifying space power permeated out, and soon he found a space transfer point of the ancient gods.

"This should be a node of the Space Teleportation Array of the Gods and Ancient Alliances. Now the masters of the Gods and Ancient Alliances should be in a secret stronghold. Through this teleportation array, they can find their headquarters as quickly as possible and save a lot of money. Flight time, but I still have to go to Youdu City to take a look."

Qin Chen stepped into it, and immediately the teleportation formation was activated, and Qin Chen quickly disappeared.

The Teleportation Array of the Gods and Ancients Alliance was originally very secretive, but with Qin Chen's cultivation base, combined with Qiankun's jade disc, and his formation, it was not difficult to find the teleportation array and activate it.

Whoosh whoosh.

Qin Chen's body flew across the teleportation array, and every time she teleported, it swept through countless thousands of miles of void, very freely.

Through the teleportation array, Qin Chen quickly arrived at Youdu City.

"Qin...Qin Chen...Didn't the deputy leader of Qiushui say that you are already dead in the deserted ancient ruins? Didn't you die?"

As soon as he entered the branch of the Shengu League, one of them had received Qin Chen before, and the master of the Shengu League who was staying in the Youducheng branch was startled. His face was pale, and he was almost speechless in shock, his eyes rolled. Woke up.

[Chapter 2782: Condensed Soul Light](#)

"What am I dead?" Qin Chen sneered, "Isn't I here alive? Qin Chen can be killed easily? Where are the real Qiushui people? Where are they now? Didn't I die, they were killed by Jinghu? They chased and killed real people?"

"No, no..." The manager came to his senses. It was definitely Qin Chen, with shocking eyes: "Leader Qiushui and they have all returned to the ancient alliance, but when such a big thing has happened, they all go to ask the leader for advice. Your sir, a high-level meeting should be held in the headquarters. If you want to see them, I can go to report."

"No need to report, I will go directly to the headquarters of your God and Ancient Alliance. This time your God and Ancient Alliance made a mistake in intelligence, saying that it was tracking Jue Xing Tian. As a result, three great mid-term powerhouses appeared. Fortunately, I have boundless strength and opened up space. Imprisoned, give the real person Xufeng and the others the opportunity to cast the void-breaking talisman, and let them escape first, otherwise your ancient alliance will fall apart this time, and your vitality will be greatly injured. How does your ancient alliance do things, it is better to hold a high-level meeting in the headquarters, I just broke in and questioned it."

Qin Chen's attitude was very tough. If it weren't for him to take action, the real person Xufeng and others would have been trapped to death, but the other party did not abandon everything to save themselves at the critical moment, but fled by themselves at a critical moment.

As the martial artist seeks good fortune and avoids evil, Qin Chen naturally has no opinion. After all, the relationship between the two parties has not reached such a level. If he dies, he will die too, but now he has cultivated as a heavenly sage, so he naturally wants to come and question. .

If the ancient alliance does not give him an explanation, then he will use some methods, anyway, he has now subdued the three powerhouses such as Jue Xun Tian, if he can conquer this ancient alliance, the chance to control the dead spirit realm will be great Promote.

With Qin Chen's current strength, no matter how strong the ancient gods are, he will not be stage fright.

With such confidence, any dangerous situation is like entering no one.

"Go, take me to the headquarters."

Qin Chen directly engulfed the manager. The manager was just a half-step Celestial Sage. He immediately felt unable to move. He could only follow Qin Chen's instructions and inform the

headquarters of the location. Qin Chen immediately entered the teleportation formation, and when the formation was activated, the sky revolved. After several teleports, he entered the secret place of the mysterious Shengu League headquarters.

The manager was dumbfounded.

The headquarters of the Shengu League is full of restrictions. Even if he has to send a message, he will be able to transmit it. If he rushes in, the Geshitiansheng will be deeply trapped, entangled by infinite restrictions, and trapped here.

But Qin Chen simply ignored all of them, as if these restrictions did not exist at all, wandering between the illusions of space, no restrictions could find his whereabouts.

Even when he urged the teleportation array, these restrictions were all honest, motionless, and seemed to be suppressed by an invisible coercion.

Shengumeng headquarters.

Hidden in the mysterious depths of time and space, not in any city in the Necro Realm, but in a dangerous and inaccessible space in the Necro Realm.

This is the most mysterious place in the Shengu League. It is said to be the headquarters. In fact, there is no staff, but a mysterious place of practice. Any top expert who wants to make a breakthrough will come to the headquarters and be affected by countless strong people. Protector.

Even some veteran strongmen in the Shengu League who have no traces are living in seclusion here.

At this moment, the seven masters of Mortal Xufeng, Mortal Qiushui, Fairy Rougu, Boundless Wind, Mortal Gu, Beauty of Xiyue, Mortal Xiyue are all sitting cross-legged among them. In addition, the void also reveals some extraordinary things. The phantom of Heavenly Sage exudes heart-palpitating power.

These are all the high-level leaders of the Shengu League, some retired sub-leaders, and some hidden old monsters.

And at the top, is a magnificent figure, which exudes the vigorous aura of the mid-term of the Heavenly Sage. It is the leader of the ancient gods and ancient alliances, Tianyi Daochang!

"Mr. Xufeng, this time it was indeed an intelligence error in our Shengu League. I didn't expect that the three masters of Jue Xing Tian, Jinghu Mage, and the Old Man of Void would jointly target our Shengu League, causing you to be in a dangerous situation. The body disappears." The leader of the ancient alliance said: "Fortunately, you are all back alive. It is a great fortune in misfortune. Looking back, I will open the forbidden area of the ancient alliance of my God. You can enter it to practice and make up for your losses. "

"Leader of Tianyi, the reason why we were able to get out this time is because the young man of Qin Chen from the Eternal Building, tore through the siege of Cangyuan Tu, and after being broken alone, gave us the time and opportunity to cast the void talisman, but this time He must be completely dead, there is no suspense, we still don't know how to explain to the Wangulou."

Real Qiu Shui sighed.

"Explain? In fact, there is nothing to explain. This time he came to the door to find his girlfriend, but his luck was bad and he was beheaded here. It can only be regarded as a bad fate, and it was not we who killed him. , I will send a message to Wangulou, and I will give some compensation at most." Tianyi League leader said.

"Is this...I'm afraid it's wrong? Then Qin Chen died because of the people of our Shengu League. Moreover, he is such a young man, he is the guest of the Wangu Tower. I am afraid that he has an extraordinary background, and I am afraid that the Wangu Tower will not let it go." Qiushui is truly humane.

"Humph." A high-level senior said coldly: "Mr. Qiu Shui, what do you mean? What do you mean that the other party died because of us? This is because he is going to enter the deserted ancient ruins. Is it because we kidnapped it? Let's talk about it. Lou is strong in Guanghan Mansion, but it is only a cooperative relationship with our Shengu League, and we can't control our Shengu League. Is it possible that if someone is dead, it is impossible for us to change our life?"

"Leader, you guys, you can't say the same thing. After all, Qin Chen's death was caused by our God and Ancient League, and at the last moment, it can be regarded as saving us. Our God and Ancient League needs to do something, such as telling Wangu Lou. The truth is, let them send masters to the barren ancient ruins. We can even join the people of the Wangulou to evolve in time and space in the barren ancient ruins to see if there is still a trace of his soul left behind, and recondensing a soul light, good Let him be reincarnated and reborn as a human being."

Xufeng is truly human.

"What? Let the master of the ancient building come to my Shengu League? And also want us to evolve time and space to find his soul aura? Condensing soul light? True person Xufeng, you are also a master of my God League, don't you know what the price is The evolution of time and space, even the lord, can't do it. We need to burn our lifespan and sacrifice countless treasures. The cost is immeasurable. Moreover, Qin Chen still needs the soul of Qin Chen to regroup. , Otherwise it's wasted effort."

A senior from the Gods and Ancients Alliance coldly snorted: "Then Jue Xing Tian, who are the three people who are killed by them, will have the soul aura left, so Qin Chen, a small person, why is it worth the cost of our Gods and Ancient Alliance?"

[Chapter 2783: Let me go](#)

The senior leaders of the Shengu League were very angry, thinking that the real people Xufeng and Qiu Shui were too naive.

"Yes, you should stop begging for that kid named Qin Chen. He died here, it can only be regarded as unlucky, condensing soul light, let alone that kid, even if you die, even me If you die, you won't be able to enjoy such treatment. There is no need to mention this matter."

Another high-level senior said coldly: "The top priority now is how to solve the joint problem of Jue Xing Tian, Jinghu Zhenren, and the empty old man. These three giants joining forces are a huge threat to our God and Ancient Alliance. Matters are the most important matter of our Shengu League now."

"But then Qin Chen saved us after all..." Real person Qiu Shui wanted to say something, but was interrupted by Boundless Feng, impatiently saying: "Real person Qiu Shui, why did Qin Chen save us? Self-help? Where did the Breaking Talisman come from? It was not given by the alliance? And I waited to survive, which was not burned for life, and the strength in the body was greatly damaged. The credit should be attributed to that kid, too much."

"You..." Qiu Shui's voice choked, but he couldn't say a word. Now that Qin Chen is dead, he can't fall out with the whole alliance for a dead person, right?

"Ugh!"

Real person Qiu Shui and Real person Xufeng can only sigh and shake their heads.

"Well, real person Xufeng and real person Qiu Shui, you two should stop fighting, even if this matter is over." Another Heavenly Sage master shook his head and said, "That Qin Chen, after all, is an outsider, we cannot possibly It costs too much, and this time our Shenggu League itself is also facing a crisis. If it weren't for the leader who broke through the middle of the heavenly sage, I'm afraid we would just part ways and flee for each other, but even if the leader broke through, The crisis of our God and Ancient Alliance has not yet been resolved, and the leader of the alliance still needs to strategize and think of a safe method."

"Don't worry, you guys, after knowing the news, this leader has already sent a few friends the first time and called on them to come together and join forces against the Jue Xing Tian trio. You can rest assured." The **** of ancient alliance Tian Yi said lightly: " What everyone has to do now is to investigate the intelligence carefully, and as soon as there is news about the number of people in the final sentence, it must be sent to the leader of the leader as soon as possible."

"Let's go away."

Many high-level officials waved their hands, "When we have news of Judgment Day, we will lay a net of heaven and earth and kill them secretly. We must not let them have any chance to take action. Now you all sit in your place."

"Is it gone? It turns out that my Qin Chen's life is so worthless, just casually, just like this?"

Boom!

The Shenggu League headquarters trembled suddenly, Qin Chen's body appeared in the void, and with a flick of his sleeve, he had already placed the steward leading the way on the ground.

"Qin Chen."

"Are you still alive? How could it be possible? You escaped the pursuit of Judgment Day?"

"Impossible, absolutely impossible, how could you still be alive? Under the palms of the three masters, none of the heavenly saints can survive, let alone you are a half-step heavenly saint."

The seven great heavenly sages were all taken aback, and almost jumped up, shocked beyond words, and their eyes were about to burst.

But they had to believe it, because Qin Chen truly appeared in front of them.

"How did you come in? Why didn't we receive a notification? Who gave you the way to enter the headquarters of our Gods and Ancient Alliance?" A great master suddenly became serious, and Qin Chen, an outsider, could enter quietly. The Shengu League headquarters, they didn't know at all, this was nothing trivial.

"Presumptuous, dare to sneak into the headquarters of our gods and ancient alliances."

"Take him, how can he survive a half-step Tiansheng from Jue Xing Tian, it must be fake, even if it is true, there is only one possibility, that is, this child has already taken refuge in Jue Xing Tian."

"No, is it Jue Xing Tian sent this son."

Many cold shouts sounded, and the Shengu League headquarters was in turmoil.

"Everyone, this son must have been enslaved by Jue Xing Tian, let me arrest him and torture him."

Among the seven great heavenly sages, Boundless Wind's gaze froze, and suddenly a trace of cold murderous intent was outlined. When the voice fell, his figure had already turned into a long rainbow and swept over, booming, a black wind and cloud black hole swept over and aimed at Qin Chen crushed down strongly.

He originally saw Qin Chen not pleasing to his eyes, but now that he saw that Qin Chen was still alive and his murderous aura surged, he wanted to capture Qin Chen forcefully.

"Blessed Wind, you have targeted Ben Shao over and over again, and Shao Ben hasn't bothered you yet. I didn't expect that Shao dared to take action against Shao Ben. No matter what the Shao said, I have saved you before. You are so awkward and treat your savior. "

With cold eyes, Qin Chen stood upright like a big mountain in the heavens, took a step forward, and boomed, the glory of the heavens emerged from his body, and he used his body to directly give the Fengyun black hole that Boundless Wind displayed. The child shook away.

boom!

Boundless Saint Yuan Explosion Scroll. Before Qin Chen broke through, Boundless Wind was not Qin Chen's opponent. Now it is far worse than Qin Chen. Qin Chen only shook, Boundless Wind fluttered like a broken kite. Going out, puff puff puff, blood spurted out of his mouth, and later, black blood was spurted out, obviously the origin of the body was damaged, and the foundation was bombarded.

"Kneel me down."

Qin Chen flipped his hand over and snapped it with a bang. Boundless Feng couldn't resist. He knelt at the headquarters of the ancient alliance with a click. No matter how the laws of his body changed, he couldn't move, like a dead dog, he could only roar again and again.

"Presumptuous, dare to run wild at the headquarters of our God and Ancient League."

"Naughty animal, let me go."

A series of frightened voices came from all directions. In the endless void, a high-ranking **** from the ancient alliance suddenly turned into a black palm. His voice was rumbling. It was exactly the high-

ranking one who said Qin Chen was an outsider. Shi Gailing obviously wanted to capture Qin Chen on the spot.

Especially Qin Chen quietly broke into the Shengu League headquarters, which is related to the safety and confidentiality of their Shengu League, so you must not be sloppy.

When the **** hand enveloped Qin Chen, it even enveloped the guardian of the ancient alliance, thinking that this person brought Qin Chen in, but these high-level managers also wondered that this steward himself did not have such great authority. How did he bring Qin Chen in with the qualifications to enter the headquarters?

"That's how your gods and ancient alliances treat life-savers? If you don't send a glance, you have to capture it. It's so powerful."

Qin Chen's eyes flashed, his body exploded, and a mighty and domineering aura burst out, a punch in the air, a fist the size of a grinding plate, flashing the rules of heaven and earth, and the heavenly king began to walk on the ground.

[Chapter 2784: Kneel in a row](#)

Boom!

Without any suspense, the **** hand was blown apart by Qin Chen, and the terrifying phantom in the depths of the ancient alliance also moved, making an angry voice.

"Don't hide, come out and face me!" Qin Chen yelled, "Get out!"

His palm turned into a claw shape, facing the endless void, just like that.

Boom!

The void in front of him was suddenly caught and burst into a huge hole. The countless restrictions on the hole were destroyed. From the black hole, a towering figure was captured and photographed by him, and he held it in his hand abruptly. Stop struggling, this is a strong man who is not weaker than the real person of Xufeng in the early days of the heavenly sage, and has an extraordinary position in the ancient alliance.

But now, like a chicken, Qin Chen grabbed him in his hand, losing his majesty and embarrassed him.

"you wanna die!"

This high-ranking **** of ancient alliance is still struggling fiercely, but no matter how hard he struggles, he can't escape Qin Chen's grasp and is pinched to death.

"Master Bainin!"

Many masters yelled, especially Qiu Shui and others, who were shocked. They knew deeply that the great figure Qin Chen was holding in his hands was so powerful that he was called Bairen, whose cultivation level had reached At the peak of the early days of Heavenly Sage, he was a former deputy leader. Later, he retired and retreats for self-cultivation. He is the top master of the ancient alliance second only to the leader of the gods, and is even more powerful than the real person Xufeng.

In the Shengu League, the retired deputy leaders who can live in seclusion at the headquarters are basically retiring from the cultivation base of the early days of the heavenly sage, and they are devoted to cultivating, and the purpose is to attack the middle-term realm of the sage.

Because in the Necrosphere, only the mid-level Heavenly Sage masters can make the forces of the Ancient Alliance of Gods advance by leaps and bounds.

But now, this reclusive master, the real Bairen, was pinched by Qin Chen in his hand, like a dead dog.

"lay down."

"Naughty animal, you are looking for death!"

"Dare to come to my gods and ancient leagues to go wild, and don't see where this is?"

"Mr. Qiu Shui, this is the kid you've been talking to before? It's too presumptuous. Even the Keqing of the Wangulou can't be so wild in our God and Ancient League."

In an instant, Qin Chen's actions angered all the experts of the ancient alliance, and many experts of the ancient alliance in the presence shot one after another, one after another, the spirits that can penetrate the heaven and the earth, the endless rules, the thousands of magic rainbows. , They were all killed and aimed at Qin Chen, all of them were critical.

"That's how the gods and ancient alliances treat saviors?" Qin Chen raised his head and looked at the top figure, who was the leader of the gods and ancient alliances, the real person of God's will. He kept coldly drinking and wanted to see how the real person of God would deal with it.

However, this real man of God's Will was motionless, motionless like a mountain, and surrounded by the vast mid-term aura of the Heavenly Sage. He just watched the changes and didn't say a word, letting the masters of the Ancient God Alliance take the initiative.

Obviously, he also had doubts about Qin Chen's quietly breaking into the headquarters of the Ancient Alliance, and wanted the master of the Ancient Alliance to test Qin Chen's reality.

"Hahaha, good, very good, your gods and ancient alliances face the savior, not only not welcome, but also kill, if this is the case, then all kneel down for me."

Qin Chen's eyes burst, angered, and he pressed his hands hard and clicked, the real Bairen also knelt in front of him like a dead dog, and Feng Wuliang, and then, the holy yuan in Qin Chen's body and the ancient aura it swept, rubbed against each other, exploded, forming a monstrous roar.

In the explosion of the Saint Yuan, Qin Chen's hands repeatedly grasped, photographed and used his hands, as if tearing the sky away. Pieces of void were abruptly caught and exploded by him, and then a number of great figures were all caught and photographed by him. Below, all are the heavenly saints in the ancient alliance.

Bang bang bang!

These heavenly sages were in Qin Chen's hands, really like the little chickens, sealed with one hand and pressed on the ground with the other, kneeling together on the ground in a row, very spectacular.

"Stop, little friend Qin Chen, stop quickly."

Real person Qiu Shui felt that he was about to faint, and shouted again and again, no matter who was injured, he felt unbearable and hurried to relieve.

At the same time, real person Xufeng, Fairy Rougu, Beauty Xie, Reality Xiyue, Reality Gu, etc. all changed their colors and wanted to step forward.

"Huh? Why? You are also against me? Don't forget, the reason why you are still alive and standing here is all because of Ben Shao's credit. Do you still want to do something with Ben Shao?"

Qin Chen's eyes were cold, and he looked coldly: "The ugly words are in front of you. If anyone of you does something, don't blame Ben Shaoxin for being cruel and beheading you directly here."

A heavenly sage, as if he was really ungrateful, Qin Chen would really blast them to death, anyway, for Qin Chen now, a heavenly sage was nothing.

A frightening aura surged from Qin Chen, and the aura of the ancients swept away. At this time, Qin Chen was like the same demon god, stunning the entire headquarters of the ancient alliance, causing the real Qiu Shui and others to retreat again and again, just like grass in a storm. Weakness.

Not only him, but the rest of the gods and ancient league masters present felt that they were going crazy. Many of the top masters in the gods and ancient leagues were all captured by Qin Chen abruptly, unable to move, kneeling on the ground, and standing in a row. , This kind of scene is too spectacular.

These masters, every one of them went out, is the supreme supreme who has been in the Necrosphere for many years, but now Qin Chen has almost all defeated and is on the verge of destruction.

"Heavenly Sage, he has cultivated to become the Heavenly Sage?"

Xufeng said in astonishment.

"How did he break through to the Heavenly Sage? Under the chasing of the three masters of Jue Xing Tian, not only did he not die, but he cultivated into the Heavenly Sage. Where did the ancient sacred veins in the deserted ancient ruins allow him to break through?"

"No, even if he has cultivated to become a heavenly saint, there is no such a cruel truth. Masters such as Bairen Zhenren were captured by him in one move. This is comparable to the top masters in the mid-term of the heavenly saint."

"Strong, it's really too strong, you feel the breath of him, it is the aura of the ancient ruins, did he get any adventure in the ancient ruins?"

"Hey, if that is the case, it might be able to explain. What adventures can make him improve so much. I can feel the aura on him. It's too tough. If you do it, you can Kill me, you will never survive."

"If this kind of adventure is obtained by me, what will be the result?"

Real person Xufeng and others were shocked again and again, among them, Real person Qiu Shui was the first to calm down and immediately said, "Qin Chen, stop, we have something to discuss, and don't hurt the adults of our God and Ancient League."

Then, he faced the Lord of Heaven's Will, who was sitting on his head with a gloomy gaze, said: "Leader, there must be a misunderstanding in this. Please don't get angry and discuss with you."

[Chapter 2785: What do you think](#)

"misunderstanding?"

The leader of the Shengu League, who had not moved before, suddenly stood up at this moment, with endless cold light in his eyes, "Now this son is killing at the headquarters of my God and Ancient League, and suppressing the strongmen of our God and Ancient League. Here, you dare to say that it is a misunderstanding, real person Qiu Shui, are you from the ancient alliance of my gods or this kid?"

The real man of Heaven's Will stepped out and walked towards Qin Chen in an instant. With every step out, the void rippled and ripples, as if he was in charge of the rotation of the world, the birth and death of all things.

A trace of greed flashed past his eyes.

The terrible breath rose to the sky, representing the majesty of the mid-term Heavenly Sage. Moreover, the power in the real God's Will combined with the endless void of the headquarters of the ancient alliance of Gods, forming the king of this world, controlling everything.

In the void, countless prohibitions surged. This is the treasure of the Gods and Ancients Alliance. The breath aroused by the teleportation treasure blocked all spaces and all passages, trapping Qin Chen in this square of heaven and earth.

"Mr. Xufeng and Mr. Qiu Shui, you all obey the orders. Keep the emptiness around you. Don't let this kid run away. The leader of this lord has to see, where does this kid have the courage to run wild in our ancient alliance, even if he is Neither can the Keqing of the Wangu Tower. Our **** and ancient alliance cannot tolerate anyone in the wild."

The real **** of heaven drank coldly, his eyes were cold, like the emperor's anger, the world collapsed.

"Ugh."

Qin Chen shook his head and sighed. This God and Ancient Alliance really disappointed him.

Originally, he came here only to seek justice, of course, to cooperate with the ancient alliance, that is for sure, because if you want to control the necrosphere, you must rely on the teleportation formation of the ancient alliance.

The reason why Qin Chen didn't directly subdue the Shengu League as soon as he came up was just because he looked at the face of the Wangu Tower and gave the Shengu League a chance. If the other party was sensible, it was not that he couldn't cooperate.

But now, this ancient alliance has disappointed Qin Chen. He treats his lifesaver with this attitude, and this ancient alliance leader is superficially sounding, but in fact he is just coveting the adventures he has obtained and wants to capture himself. , Just get what you want.

"Well, if that's the case, then I'm not welcome, this is the gods and ancient alliances who have to seek death by themselves, and I can't blame me."

Qin Chen shook his head, very sorry.

"Boy, do you think that if you capture the masters of my Gods and Ancient Alliances, you will be lawless and invincible? It's ridiculous, you are wrong. You shouldn't break into the headquarters of my Gods and Ancient Alliances. Here, no matter how strong you are The person is not my opponent, all worlds are unified, the world is a cage."

The True Man of God's Will, like an emperor, patrolled the world, waved his hand, and suddenly, the emptiness of endless space lingered, one after another of restraints, rising from the sky, with infinite restraining power, to imprison Qin Chen.

"Naive, too naive."

Qin Chen's body stood up suddenly, as if the glory of the heavens burst out from his body, and the divine rainbow in his pupils seemed to penetrate the sky.

"Lord Shengu, your vision is too small. You can only see the adventures of this young man, but you can't see the future. Even Jue Xingtian, the real person of Jinghu, and the empty old man can suppress and subdue him. How can he care about you? A martial artist who just broke through in the middle of the Heavenly Sage?"

Qin Chen said with a sneer, the endless wild ancient aura erupted from his body, and that terrible restraining power flickered on his body surface, and he couldn't restrain him.

"What? You suppressed the Jue Xing Tian, the real person in Jinghu, and the empty old man? Or even subdued?"

True person Qiu Shui couldn't help but lose his voice in amazement.

"Otherwise what do you think?"

Qin Chen looked at Qiu Shui and the others, "Originally, I came here to resolve your grievances with each other, and then join hands to develop together in the Necrosphere, annex all major forces, and finally control the Necrosphere, but now It seems that Shao Ben is thinking too much, and your gods and ancient alliances have become a branch of Shao Ben."

"Come out, Jue Xing Tian, the real person in Jinghu, and the empty old man, I will leave it to you here."

Qin Chen waved his hand.

Boom boom boom!

In the void, three figures suddenly appeared in front of Qin Chen. It was the Jue Xingtian three who respectfully saluted Qin Chen, "Master."

"Ok."

Qin Chen nodded and boomed. His body shook, his hands stretched out, and a violent pull, tearing apart the void imprisonment in front of him. His body is now like a **** king. Trap him.

"Sisi, come, we can just watch a good show."

Qin Chen said lightly, Sisi appeared next to him, and a great teacher's chair appeared behind them at the same time. Qin Chen put his arms around Sisi and sat down on the great teacher's chair, very comfortable.

This...this...this...

Seeing the Jue Xing Tian three suddenly appeared, Qiu Shui Zhenren and others had scalp numb, almost going crazy.

The suppressed knelt on the ground, such as Bairen Zhenren and Feng Wuliang, all the masters of the ancient alliance, who were also panicking, almost went crazy.

The three tycoons of the deadly realm are so horribly famous that they call this kid their master, crazy, the world is really crazy.

The most shocked was the **** of heaven, the **** of ancient alliance lord, his eyes were almost straight when he saw Jue Xing Tian's old opponent.

"True God, you dare to disobey the master's will, give us obedient submission."

Boom!

The three of Jue Xing Tian sneered, and all the bodies burst out with shocking auras, a series of thick heavenly laws, like chains, rose to the sky, and the three powerhouses all killed God's will.

"In the middle of the sage, you have all broken through to the middle of the sage, this is impossible..."

The real God's Will roared, and his heart was full of fear. At this moment, he didn't even have the courage to resist, and he urged the teleportation formation to leave here.

"Huh, Cang Yuantu, leave it to me."

The real person Jinghu urged Cang Yuantu, and immediately, the terrifying space power confined everything and prevented the real person of God's will from leaving. Then, the three top masters surrounded the real person of God's will and kept making moves.

Puff puff!

No matter how strong the cultivation base of the True God's Will is, how can he stop the attack of the three great masters of Jue Xing Tian, and continue to retreat, vomiting blood and embarrassed.

In fact, Qin Chen could easily suppress the real man Tianyi with his own actions, but he had to let the real man Tianyi suffer and dare to covet himself, which was almost death.

"Qin... Shao Chen, I don't think Shao Chen is such a hero. I am waiting to admire it. This is the soul essence fruit that his subordinates finally collected. It can wash the flesh and purify the sacred essence. Please also enjoy Shao Chen and Mrs. Shao."

Fairy Rougu's complexion changed extremely quickly, and he hurried forward, holding a pot of Lingyuan Fruit the size of a grape-like thumb, and respectfully serving the two.

"Little dust, young lady, the two have traveled here. They should be tired. Let the subordinates knock them on the back."

The scorpion beauty also changed a face, stepped forward cautiously, and said flatly.

[Chapter 2786: Arrived in Guanghan](#)

This quick change of expression made Qin Chen a little speechless.

Shameless, it's shameless.

However, it is quite cool.

"Ok."

Qin Chen nodded, put his arms around Sisi, letting the scorpion beauty massage them, and at the same time, eating the spirit essence fruit peeled by Fairy Rougu in his mouth, it was as pleasant as it was.

On the side, the real person Xufeng, the real person Qiu Shui, and others have been stunned, while the real person Bairen and the senior leaders of the ancient gods are angry.

This Fairy Rougu, Xie Meiren and others are too shameless.

Qin Chen was not afraid of any deceit between the two, as long as he was willing, Qin Chen could squeeze the two of them with one thought, and even if the two of them shot with all their strength, it was impossible to hurt one of his own hairs.

Boom boom boom!

After Banzhuxiang, Jue Xing Tian and the three people fell down with a **** God's will.

"Master, the task is complete, this man of God's will, please let the master decide."

Jue Xing Tian knelt on one knee and said respectfully.

"Ah, ah, Jue Xing Tian, you are also the ancestor of Xing Tian Daochang anyway, you actually recognize such a young man as the master, I, Taoist Tianyi, look down on you." Taoist Tianyi roared again and again.

"Dare to run wild?"

Qin Chen snorted coldly and raised his right hand. Immediately, Taoist Tianyi was captured and photographed in his hand. With Qin Chen backhanded, a source of ten thousand realms had already penetrated Taoist Tianyi's body.

"what!"

Taoist Tianyi roared in pain, and in his pupils, a ray of light flashed, and then, after being invaded by the magic source of the ten thousand worlds, there was a kind of power of the origin of the great surging in his body, and the whole person seemed to become deeper.

This looks at the eyes of Qiu Shui and the others.

"You two."

Then, Qin Chen looked at the real person Xufeng and the real person Qiu Shui again, banging, he shot, and two groups of ten thousand realm demon sources were infiltrated by him at the same time.

"what!"

The two roared, the power in their bodies was baptized by the Demon Source of the Ten Thousand Realms, and there was an urge to step into the middle of the Heavenly Sage on the spot.

The Source of the Ten Thousand Worlds of Demon is the origin of the terrifying Demon Race formed by the Demon Tree of the Ten Thousand Worlds. It tells the supreme truth of the heavens and the earth. Although it is only a trace to control them, for ordinary heavenly saints like Xufeng and Qiushui, it is undoubtedly a huge benefit and improvement.

At least, they who have been baptized by the magic source of the ten thousand worlds will have the hope to enter a higher realm.

As for the others, Qin Chen was not so kind.

"The rest, Jue Xing Tian, you guys accept it."

Qin Chen said lightly.

The Demon Source of the Ten Thousand Worlds is extremely precious. With Qin Chen's eyes, he didn't bother to cultivate a few early days of the Heavenly Sage, but he could indirectly let Jue Xing Tian and the others subdue it.

"Yes, master!"

They naturally had some means of subjugation in Jue Xing Tian. Various contracts and soul secret techniques emerged one after another. Within a moment, the many Heavenly Sage masters in the entire Shengu League headquarters had all been enslaved and subdued.

"the host!"

This group of people respectfully knelt before Qin Chen.

"Qin Chen, this..." Chen Sisi looked at Qin Chen and was shocked. Even if her magical body wanted to control these people, it was not so simple, but Qin Chen did it easily.

However, with Qin Chen's current strength, he doesn't need to care about these people at all. What is the purpose of subduing these people?

"Sisi, our foundation in the heavens is still too weak. Since this necrosphere is so chaotic, even the big mans cannot intervene in it, but it is a good opportunity for us to develop. If we can control in the necrosphere A group of people can use this to inquire about Yao Mie Mansion."

Qin Chen solemnly told Chen Sisi the reason.

Although Qin Chen has the Chendi Pavilion in Guanghan Mansion, Chendi Pavilion is a force on the bright side after all. Some things are not easy to do. For example, if you explore Yaomie Mansion, you can't let Chendi Pavilion do it with integrity. .

Otherwise, after Yao Mie Mansion knew the news, it would be easy to find Qin Chen and possibly his true face.

Qin Chen now can still take this risk.

But they are different with Jue Xing Tian. They are the forces of the Dead Spirit Realm. In the Dead Spirit Realm, they are very chaotic, and the news is also very mixed. If you let Jue Xing Tian inquire and pass it to themselves, they will not. Anyone will discover their purpose.

Moreover, Jue Xing Tian has its own Xing Tian Taoist, Jinghu real person has Jinghu Taoist, and the empty old man has empty mountain, each has its own power, combined with the gods and ancient alliances, several major forces unite, maybe the future can give Qin Chen a lot of help.

At least, various resources can provide a lot.

After conquering the Ancient Alliance of Gods, Qin Chen did not idle, and began to allocate the resources of this great power. Together with the cultivation base of Jue Xing Tian, they could soon expand in the dead soul realm. On the contrary, it was in Guanghan Mansion. Chendi Pavilion lacks resources.

A few days later, Jue Xing Tian and others have gathered the various resources of their respective forces together.

In addition, during this process, the Taoist Heavenly Yi of the Ancient God Alliance also summoned a few friends. Those friends were also some of the top powers in the dead soul realm. Each cultivation base was approaching the middle stage of the Heavenly Sage. Once they arrived, Qin Chen all captured and surrendered.

Before Qin Chen left the dead spirit realm, his power skyrocketed again.

Boom!

In the end, Qin Chen collected dozens of superb sacred veins under the collection of these many forces, and at the same time, he also obtained two heavenly ancient sacred veins.

"Yes, yes. In this way, I already have a part of the resources for breaking through the initial peak of Heavenly Sage, but for the time being, I am not in a hurry to swallow them. With my current status, as long as I join Heavenly Work, there will be resources to provide. I'll talk about it back to work."

In the end, Qin Chen took Chen Sisi and used the Teleportation Array of the Ancient Alliance to leave the Necrosphere after sweeping away the major forces in the Dead Spirit Realm. Then, after passing through the teleportation array of the major states in Guanghan Mansion, began to think about the advancement of Guanghan Mansion.

Qin Chen had wasted a lot of time in the Necrosphere, and he had to report to Heaven as soon as possible, otherwise even Master Konoha would not be able to suppress it.

Of course, the most important thing is that Qin Chen must go to Fucheng for the first time to find out about Qianxue and Ruyue, and figure out a way to rescue them.

Qin Chen and Sisi practiced as they rushed. Their lives were very comfortable. Moreover, with the jade disc of good fortune in the world, and the breakthrough of Qin Chen's cultivation base, the speed of the journey was extremely fast, shuttled in the void, Thousands of miles a day.

Finally, after about half a month, Qin Chen came to the palace city of Guanghan Mansion through the teleportation formation.

Boom!

As soon as Qin Chen entered the Guanghan Mansion City, he was shocked by the vastness of the Guanghan Mansion City.

This was not a city at all, but a nebula, a vast continent, surging with the glory that shocked Qin Chen.

[Chapter 2787: Inquire about the situation](#)

"This is Guanghan Mansion?"

Qin Chen and Sisi walked out of the teleportation formation and were deeply shocked when they saw Guanghan Mansion.

In front of me, there is an endless divine kingdom, vast and endless, layered on top of each other, endless spaces are folded together, in these spaces, there are magnificent buildings, and countless strong breaths fill the eyes. What shocked Qin Chen even more was that the vastness of Guanghan Mansion could hardly be seen from the outside. If Qin Chen could figure out the vastness of Yunzhou Prefecture, then the vastness of Guanghan Mansion, Qin Chen can't see through at all, countless empty

Fold in between and spread to the depths.

This is no longer a city, but a vast continent with countless folding spaces.

And in the deepest part of the city, there is also a world like the kingdom of God, and the shock in the heart cannot be described in words.

In the heaven-like world, not to mention the towering buildings everywhere, the rays of sunshine, the aura of aura, and the ground is almost padded with the most precious sky stones.

The most important thing is that the entire Guanghan Mansion is not flat, but three-dimensional. When you stand in it, there are also pieces of space above your head. In the space, there are countless buildings, many of which are constructed from sacred objects and manifest. Out.

Obviously, it was a powerful super martial arts building used to shock the scene. Qin Chen even saw that in Guanghan Mansion, there are some particularly tall buildings that penetrate into infinite time and space, emitting the same aura as Cangyuan Tu and Wan Pirate Cave, which are the heavenly treasures. There are some sacred artifacts

The breath made Qin Chen palpitations. This is the highest treasure of the Heavenly Grade, which can suppress everything. In addition, the streets of the ancient city of Guanghan Mansion are each ten times wider than that of Yunzhou Prefecture. At a glance, they are all tall buildings with people coming and going, and there are the most common mortal and earth sages. Walk on the ground and do business honestly

, Serve others. There are also superior heavenly saints flying around in the air.

If you say that in Yunzhou City, strong earth sages can be seen everywhere, then here, the most are the peerless earth sages, half-step heaven sages, people come and go, it is everywhere.

Even ordinary Heavenly Sage masters have many, and each body exudes amazing Heavenly Sage Laws.

However, masters above the mid-term of Heavenly Sage are still rare.

After all, at the mid-level of Heavenly Sage, they are all giants, even in Guanghan Mansion, they are very rare and powerful. However, Qin Chen felt slightly with his spiritual thoughts and found that among the tall buildings in the city, there was still the aura of a master in the middle of the Heavenly Sage, and there were even some powers that made Qin Chen feel terrifying, located in the center of Guanghan Mansion. , God

The core of the country, this is obviously the top powerhouse who surpassed the mid-term of Heavenly Sage. "It's magnificent, Qin Chen! Is this the Guanghan Mansion? The holy energy is much richer than the Necrosphere, and, you see, there are so many masters here, and there are not a few masters of Heavenly Sages. As for the peerless Earth Sage, half a step God, it's too common. If we want

Wandering around in it, it may not be clear after a few years of shopping. Guanghan Mansion is really prosperous. "

Wearing the veil, Chen Sisi also shocked and said that after she came to the heavens, she had been in the dead soul realm and had never seen such a huge scene.

In the Necrosphere, although there are many strong people, they are far less than the Guanghan Mansion. After all, in the Necrosphere, any Heavenly Sage master is a great figure and can become a member of such forces as the Gods and Ancients. The leader, sit on the side.

But in this Guanghan Mansion, you can see a heavenly saint walking by from time to time, just like ordinary people on the road, which is too exaggerated.

"It's natural."

Qin Chen's eyes flashed, although he was surprised, but he soon recovered. "This city, after all, is the center of the entire Guanghan Mansion. Here is where all the powerhouses, all the treasures, and all the resources of the entire Guanghan Mansion are gathered. As long as there is a chance, anyone will want to come to this Guanghan Mansion and capture Good luck, looking for opportunities,

It's more promising than staying in your own small place. "

Qin Chen led Chen Sisi into this street. "Have you seen those peerless heavenly saints and half-step heavenly saints? If they stay in their own place, such as Yunzhou and other places, and want to become the heavenly saints, it will be as difficult as reaching the sky, but they come here. Guanghan Mansion, even if it is some top

The servants and slaves of the great forces, the chance of becoming a world-famous saint, will also be increased tenfold and a hundredfold. Who doesn't want to come here? "

Qin Chen gave pointers at will.

"Yes."

Chen Sisi nodded, a small place is equivalent to the countryside, just like doing business in the Tianwu Continent, in a small village, even if you become the richest man, you will have a fortune.

But if you go to the imperial capital of an empire, although you cannot become the richest man in the empire, as long as you work hard, you can easily earn tens of thousands of fortunes, and once it becomes successful, billions of fortunes are not impossible. This is the charm of a big place.

But now, Guanghan Mansion City is such a big place. All states in Guanghan Mansion, as long as they have the opportunity to come to this city, whoever doesn't want to join here, fights their heads, must come to the city. local.

Walking on the bustling street, Qin Chen and Chen Sisi both felt their insignificance.

"Are Qianxue and Ruyue in the core of the kingdom of God? Are they now the closed disciples of Palace Master Guanghan Mansion?" Qin Chen raised his head and looked into the depths of the infinite space, the bright kingdom of God that bloomed with vast glory. The mighty breath made Qin Chen deeply feel the insignificance. Although he has broken through the heavenly sage, if he rushes into it, I'm afraid it will happen immediately.

Will be torn apart.

"Qin Chen, are we looking for sister Qianxue and Ruyue now?" Chen Sisi asked. "Don't worry, let's go directly to Guanghan Mansion now. That's death. I will return to work first. But before I enter the work day, I need to settle you down. I don't know what will happen after I enter the work day. Wan A top master

, I am afraid that the jade disc of good fortune of the universe cannot be easily displayed. It is safer for you to stay outside of Heavenly Work. Waiting for me to find a chance, then bring you in. "

Qin Chen's eyes flickered, flashed in his mind for thousands of years, and quickly made a decision.

Chen Sisi nodded. She listened to Qin Chen. Although she was very reluctant to be separated from Qin Chen, she also knew that if the Abyssal Demon Dao she controlled was discovered, it would definitely cause great trouble.

"I don't know if the branch of my Chendi Pavilion has been opened in Guanghan Mansion. I will first find out about the situation in Wangu Tower." Qin Chen took Chen Sisi towards the depths of Guanghan Mansion. When he was in Yunzhou, he was Xing Zhenren gave him a map. After he came to Guanghan Mansion, he could follow the map to find a branch of Wangu Building if he needed it. The branch belonged to his line and would give him Definitely help.

[Chapter 2788: Goodbye Ruorui](#)

Because Guanghan Mansion is too vast, there are many sub-buildings of Wangu Building in Guanghan Mansion, and Wangu Building itself is divided into many factions, and there are conflicts and competitions between them. Of course, Qin Chen still believes in Tianxing Zhenren. This vein

. Qin Chen and Sisi were walking in the Guanghan Mansion. While walking along the map and perceiving the holy energy in Guanghan Mansion, they discovered that the underground of Guanghan Mansion

contained countless ancient sacred veins, and many of them were heavenly ancient. Holy Vein, exudes surging

Breath.

However, these ancient sacred veins under the ground were laid down by many forces in Guanghan Mansion, and they were all blocked by powerful restrictions. Like Yunzhou City, the paddy fields were intertwined with each other, forming a huge network of ancient sacred veins. Even the Wangu Tower does not know how many ancient sacred veins are contained in the entire Guanghan Mansion. Because there are too many powers in Guanghan Mansion, power is annihilated every day, and power is born every day, and every power is Do not grasp

Few ancient holy veins. Guanghan Mansion is very vast. Although the distance between the Wangu Building sub-buildings on the map is not far, it has to penetrate thousands of stacked spaces. Fortunately, there are small teleportation formations everywhere in Guanghan Mansion, which can be transmitted quickly. To various places, otherwise just rely on

I don't know how long it takes to fly and walk.

After about a stick of incense, Qin Chen saw a magnificent building towering in a space in the distance. Its appearance was exactly the same as the Wangu Building in Yunzhou. It seemed to be of a unified standard, emitting a bright light.

"go!"

As soon as Qin Chen moved, he led Chen Sisi to the door of this Wangu Building.

He has the Keqing token of the Wangu Building and can enter at will. As soon as Qin Chen entered the Wangu Building, a disciple came up to ask questions. Qin Chen didn't talk nonsense and directly showed the Ke Qingling, and saw that the disciple's eyes suddenly showed surprise. Light.

"Senior is Master Qin Chen?"

This disciple lost his voice and sent a message for the first time, his attitude immediately became extremely polite and respectful, and his waist couldn't help but bend down.

"you know me?"

Qin Chen was astonished. It seemed that this was the first time he came to Guanghan Mansion, right? "Master Qin Chen, please come with me. In our Wangu Building, every piece of the guest order has a number to verify the identity of the other party. Master Qin Chen, you are in our Wangu Building. You have a good reputation. The younger one has also heard the famous name of the predecessor. , Our supervisor

As I said, once the senior comes over, we must ask us to notify as soon as possible, and ask senior to go to the VIP room, our supervisor will be there soon. "

This disciple is also a peerless earth saint, but like a servant, his attitude is too respectful.

"Oh? Are you in charge?" Qin Chen thoughtfully, could it be that Real Person Tian Xing had told him?

He didn't mind, entering the VIP room, and just sitting down with Sisi, he saw a graceful figure walking in excitedly.

"Little dust, meet again, don't come here unharmed."

A soft voice sounded, with joy, excitement, and maturity, like a blooming peony, noble and elegant.

"It turned out to be Miss Ruorui, why did you come here?"

Qin Chen stood up in surprise, the person here turned out to be Ruorui. At this moment Ruorui, with the breath of Heavenly Sage lingering for half a step on her body, exuding an astonishing breath of Heavenly Sage, she has broken through to the peak of Half-step Heavenly Sage, and only one step away from the realm of Heavenly Sage, Qin Chen has a feeling. The other party will not be out long

, Can truly break through to the realm of Heavenly Sage. "All this thanks to you, Shao Chen, because of the outstanding contribution made by our Yunzhou Wangu Building, we discovered Shao Chen you, the top refiner Tianjiao, and Tianxing Zhenren and I have been promoted by the headquarters and have been inserted in In this branch of Guanghan Mansion

, Not only was I transferred to Guanghan Mansion, but I was also rewarded for entering the secret field of the headquarters, successfully breaking through the half-step Heavenly Sage, and now I am working hard to advance to the Heavenly Sage. "

Ruo Rui said with a smile, and then glanced at Chen Sisi, showing a stunning expression, "This should be the confidante who is dreaming of Shao Chen and wants to go to the dead soul realm to rescue. Ruo Rui has seen a girl."

Although Sisi wore a veil, Ruo Rui was still amazed by the agile and clear eyes. Moreover, in those pair of eyes, as deep as the starry sky, clear but vast, gave Ruorui a strong impact.

This is definitely a top master, let Ruorui feel the endless mystery.

"Good girl Ruorui."

Sisi gave a bow and said with a smile.

"Shao Chen, you just came back from the Necrosphere? I will go back to ask the Tianxing host. If you know that Chen Shao is coming, the Tianxing host will be very happy."

"Oh? The real person Tianxing is here?" Qin Chen was surprised: "Where is it? I just met." Ruo Rui smiled: "The original Tianxing was also transferred to this eternal building because of you. As the sub-host, but the Tianxing host is now receiving a distinguished guest. Of course, you are also a distinguished guest, but that person is a heavenly saint.

The strong man in the mid-term, and his temper is very bad, so the original poster of Tianxing is hosting, I don't know what you need, you can talk to me and I will arrange it right away. "

"Then give me some Heaven-level Saint Veins first. This time I went to the Dead Soul Realm and gained some gains. I want to redeem the Heaven-level Saint Veins cultivation. I don't know how many of your Eternal Vessels?"

Qin Chen raised his hand, and immediately, dozens of ancient sacred veins at the pinnacle of the land, as well as countless treasures from the necrosphere appeared in the void of the VIP room.

Boom! These treasures exploded with countless astonishing auras, and they were all converged in one space. It was the Cangyuan map, which evolved into their respective appearances. This Cangyuan map has been refined by Sisi, but it contains many things that Qin Chen wants to exchange. Treasure, so temporarily

Still in Qin Chen's hands. These pinnacle sacred veins are not very useful for Qin Chen and Sisi now. There are also many ancient treasures obtained from the major forces in the Necrosphere and the ancient ruins. These Qin Chen They don't use it at all.

It is the ancient holy veins that are ready to be obtained in the Eternal Building, all exchanged into heavenly levels.

"This is..." Ruorui saw countless treasures, many ancient holy veins, and couldn't help but breathe in the air. There are too many treasures in it, there are many sacred artifacts of many places, and even many heavens. The key to the quality of holy artifacts is that some of them are unique holy soldiers in the necrosphere

, Especially the treasures from the deserted ancient ruins. "Little dust, are you not some of the top forces that destroyed the Necrosphere? And these treasures, with the aura of ancient times, according to the information of my Eternal Building, should be treasures in the mysterious land and ancient ruins in the Necrosphere. , You actually got so much

...Did you wipe out the entire barren ruins? Ruo Rui was dumbfounded.

[Chapter 2789: Slaughter god](#)

"Yes, this time I went to the Dead Spirit Realm, and I killed a few forces in the Necro Realm, and then scoured the barren ancient ruins. How about? How many Heavenly Ancient Saint Veins can be exchanged for so many treasures?" Qin The dust said lightly. "Ordinary holy soldiers, we don't care about the Eternal Spiritual Tower, but these wild ancient treasures are very special. They are unique to the Necrotic Realm. They are useful to many powerful people who practice ancient mysteries. Cooperation with the Shengu League,

It is for these treasures that are not available in Guanghan Mansion. If these treasures are brought to the market in Guanghan Mansion, they will definitely cause a sensation and be favored by some big people. "

The cold sweat on Ruo Rui's excited forehead came out, Qin Chen's hand was simply too big, and he took it out, and it was a treasure against the sky. Together, these treasures can create several days-level martial arts.

The entire Guanghan Mansion, that is, a top power such as the Wangu Tower, can eat it. "There is little dust, these treasures are too many and they are of infinite value. I can't be the master. I must report it to the Tianxing poster. Moreover, the share of our branch of the Heavenly Ancient Saint Vein is limited. If we really want to exchange it, we need to go to the headquarters. To pass the Tianxing poster

To decide, I will report to the host. "

Ruo Rui's heart was surging and left in a hurry.

This is a big deal and it has a bearing on her future.

In fact, Ruo Rui and Tian Xing Zhenren were transferred from Yunzhou back to Guanghan Mansion, which has offended many people and caused the unhappiness of some factions in the headquarters.

How many states are there in Guanghan Prefecture? Which of these states does not want to return to Guanghan Mansion? But those who can really come back are very rare and must be done. Ruo Rui and Zhenren Tianxing were transferred back to their headquarters only because they had a good relationship with Qin Chen, but Qin Chen was only a disciple of Tianjiao after all, and he had not really joined Tianjiao and had no real power. Can't let

The establishment of effective cooperation between Wan Gulou and Tiangong has also made Ruo Rui, a faction, a lot of targets in Wan Gulou. But now, Qin Chen has brought so many treasures, especially some of the unique treasures in the Necro Realm. If we can cooperate with this list, then it will be huge for her and the Tianxing poster based in Guanghan Mansion. The benefit of the faction

The pressure will be much smaller.

The depths of the Wangu Tower. The original poster of Tianxing, as well as some high-level people who originally belonged to this Wangu Building, are now respectfully receiving an old man. This old man has sharp eyes, gray beard, and his hands are very thick and big with five fingers. He is holding two stars and meteorite iron. Cheng's Rai Maru,

Turning back and forth, exuding a vast breath.

"Senior Turenshen, you want three heavenly ancient sacred veins at once. This is a big deal. We are just a small sub-building of the Wangu Tower in Guanghan Mansion. I am afraid it will be difficult to get together at a time."

The original poster of Tian Xing looked at the rough mine old man embarrassedly, with a smile on his face. "The business of your Wangu Building in Guanghan Mansion is so big that you can't get the three heavenly ancient holy veins? This Wangu Building is only a small sub-building, but it is also in Guanghan Mansion. A stronghold in, why, there are no three ancient sacred veins? And, the price I gave is not low, fifty earth-grade ancient sacred veins exchanged for one sky-level ancient sacred vein, a total of one hundred and fifty, this price It's already pretty good. If you can't be the master, go to the headquarters,

Let the people above decide. "

This old man, known as the God of Slaughter, snorted coldly, his eyes were fierce, his whole body expanded in the midst of Heavenly Sage, and shook again and again, as if to give the Tianxing poster a smashing power. "Senior Turen God knows something." The Tianxing poster said with a smile, "In our stronghold, there is not much inventory of the heavenly ancient sacred veins, plus the heavenly ancient sacred veins, which are strategic items. Any one can be established. A heavenly power can be regarded as the treasure of the town. If you buy all of the predecessors of the Turengod, I'm afraid we won't be able to do business in this premises. Moreover, the Turengod's predecessor, although our Wangu Tower has a price tag of fifty Exchange of land-grade holy veins for a heaven-grade holy vein, but

, You should also know that this is just a list price. If you really want to redeem it, our Wangulou is too disadvantaged. "

"Or, senior Turenshen, you go to the higher-level Wangu Building and ask?" The earth-level saint veins are exchanged for the sky-level saint veins, and the price is lower, but in general, it is rarely used. The price is exchanged. If Tu Renshen only exchanges one item, it's fine, but now he wants to exchange one hundred and fifty items for three.

Article, then absolutely nothing.

The strategic positions of the Heaven-level Saint Veins and the Earth-level Saint Veins are far different.

Just like in Guanghan Mansion, can you exchange fifty heaven-level saint veins for one saint master-level saint vein? Not to mention fifty, five hundred will not work, the status of the two is completely different, a world of difference. "Huh, this seat has always been doing business with your Wangu Building sub-buildings. The World Wangu Building is one family. Why do you want to go to other Wangu Buildings? This is your business. This seat only needs to exchange for the Heavenly Saint Veins, remember to go When the host Feng Ye was there, he was much more refreshing than you." Tu Renshen's face was cold: "Why, now you are here, so you don't recognize people? You are a little early sage, dare to be with me Am I talking like that? If you can't be the master, call your superiors over

! I won't go to other places. "

"This....."

The landlord Tianxing had an ugly face. If this little thing would alarm his superiors and spread it to the headquarters, it would be a great dereliction of duty, indicating that his ability is not good, and even his faction would be overwhelmed. Moreover, the original poster of Tianxing also knows that this Turen God dared to be arrogant here, but also because of the connection with another faction in the Wangu Tower. Maybe, this person suddenly came to exchange for the Heavenly Saint Veins, maybe there is another Wangu Tower behind it. The shadow of factions, no

Then he is a strong man in the middle of the heavenly sage, even if he is tyrannical, how dare he run wild in the Wangulou? Didn't you see some of the high-levels of the original Wangu Building around you, all sneered at them, saying nothing? This is obviously to give myself this new landlord off the beaten track, watching my own jokes, and even if I don't handle it well, I'll go to the headquarters and report myself.

I told you.

The original poster of Tian Xing suddenly felt very troublesome and burnt.

"Senior Turenshen, we really can't be the master here. Why don't we go to a higher-level branch as our seniors. Here, it's just a waste of your own time, senior."

When a confidant brought by a Tianxing poster saw it, he couldn't help but distinguish.

Snapped! The God Tu Ren stood up abruptly, slapped the half-step Heavenly Saint flying out with a slap, slammed on the restraint inside the Wangu Building, and then fell to the ground, groaning in pain.

[Chapter 2790: This woman is nice](#)

"Bold, what do you dare to talk to me like this? If I come to do business in your Wangulou, you dare to peruse me like this? Believe it or not, I will go to your Wangulou headquarters and participate in your fortune. The temper is too good, what

What a cat and a dog dare to come up and talk to me. "

Before the shot, the Turen God would beat and scold this Half-Step Heavenly Sage at will. If it weren't the identity of the other side's Wangu Tower, it could not be too violent, this Half-Step Heavenly Sage might have been directly exploded.

This is Guanghan Mansion, this is the strong man in the middle of the Heavenly Sage, the strong is respected, and the half-step Tiansheng here can only be used for wanton bullying.

"Senior Turenshen, you..." Zhen Xing Tianxing's expression changed.

"What am I?" Tu Renshen coldly snorted, his fierce eyes staring at Real Man Tian Xing, "I am here to do business. If you are open for business in the Wangu Building, you have to do business. Otherwise, what is the use of you as the host? If you don't do business with this seat, then this seat will only

I'm able to go to your headquarters and participate in your fortune. "

Zhen Xing Zhenren's face is ugly. This is a double difficulty. If the Tu Ren **** is really allowed to go to the Wangulou headquarters, no matter what the result is, his new sub-host will definitely make the headquarters very dissatisfied, and even be impeached. "Senior Turenshen calms down." Tian Xing's face changed a bit, and finally reluctantly changed his words: "Since Senior needs three heaven-level ancient sacred veins, then I promised it, only one hundred and fifty earth-level ancient sacred veins. No matter how much, there is no forgiveness

Can do anything. "

"That's it!" Tu Renshen smiled, his eyes gloomy.

True person Tianxing knows that this is also an expedient measure. If this Turen God is really coming from another faction in the building, this is just the beginning, and there must be a later move.

Moreover, as soon as the three heavenly ancient sacred veins went out, his share of the sub-building was not much left, and business would be difficult for the next period of time.

However, it can only be blocked by soldiers and covered by water.

"Tian Xing Lou Zhu..." At this moment, Ruorui walked in: "Little Chen is here. It's in the VIP room. To exchange for the Heavenly Ancient Saint Veins, he is going to use..."

"Get out!"

When Zhen Xing Zhenren heard that, a Ji Ling wanted to drive Ruo Rui out. "Wait?" Tu Renshen suddenly smiled coldly, and stopped Ruori, his eyes surging with fierce light: "Why, this seat is exchanging the heavenly holy veins, and others will also exchange for the heavenly holy veins. What a coincidence? What little dust, dare to say in front of this seat

Young, bring him in and let me take a good look at him. "

This Turen God was called out by other factions in the Wangu Building, that he wanted to make trouble for the Tianxing poster. There is no chance for Zhengxue. Now there is a chance, where is not excited.

"Senior Tu Renshen..." Zhen Xing Tian hurriedly said, "That one is a disciple of Tian's work, senior, you still don't have any insights with others."

"What? A disciple of Tianzuo?" Tu Renshen was taken aback. Don't look at his majesty, he is a mid-stage tycoon of Tiansheng, but he still has to lie down when he encounters Tianzuo.

"No, Tiangong has just recruited disciples, but these disciples are all in the Guanghan Mansion branch of Tiangong, where they are undergoing special training. How can they appear here? The original poster of Tianxing, do you dare to lie to me?" Tu Renshen suddenly coldly snorted. Tao.

Tianjiao did recruit disciples in Guanghan Mansion, but Tianjiao's management is strict, and the newly recruited disciples have all been trained in Tianjiao, so where will they appear here?

"Senior Turenshen, I didn't lie to you, Chen Shao is indeed a disciple of Tianzuo, and a disciple of the division of the refining equipment division. The reason why he does not work is Tianzuo's special approval." Tianxing Zhenren hurriedly Explanation. "Huh, the original poster of Tianxing, are you a three-year-old child? Tianxing has strict rules, so how could it be possible to approve such a thing." Tu Renshen sneered again and again, seeing the attitude of the real Tianxing, he immediately guessed. Tian Xing Zhenren, this is to protect

Fang, that's why I said so, my heart was overjoyed. He was instigated by other factions in the Wangu Building to make trouble here. As long as he can make the bigger mistakes made by the original poster of Tianxing, the greater his reward will be. Now the real person of Tianxing dares to pretend to be Tianxing to protect others. Working disciple, this

If something is told to the headquarters of the Wangulou, it will definitely be furious, and the Tianxing poster will be removed directly, no one can save him.

"Okay, the original poster of Tianxing, you are so bold that you dare to make people pretend to be a Tianzuo disciple. Lawlessness is really lawless. I have to see who is so bold and even a Tianzuo disciple dared to impersonate."

With a cold snort, Tu Renshen left here and went directly to the VIP room.

In the VIP room, Qin Chen was talking with Sisi.

suddenly.

Boom!

The restriction of the VIP room burst suddenly, and an infinite and terrifying breath surged in, like a vast ocean, instantly appeared in the VIP room.

"Senior Turenshen, stop."

Behind, Tianxing Zhenren was frightened and furious, and hurriedly brought many powerful people in the Wangu Tower, his face pale.

The many high-level buildings of the Wangu Building sub-buildings all sneered at the scene, knowing that the real person Tian Xing was going to be unlucky this time. If it doesn't work, the location of the landlord must be gone. Maybe he will be severely punished by the Wangu Building.

"Boy, you're the guy who claims to be a disciple of Tianjiao, so young?"

Seeing Qin Chen, Tu Renshen suddenly sneered again and again, his eyes were fierce and murderous.

"Who is your excellency?" Qin Chen stood up, his expression a little ugly: "I rushed into this young master's VIP room, too much, right?" "Little dust, calm down, calm down, this one is Senior Turen Shen, Guang Han The mid-term Futian Saint is a strong man in Guanghan Mansion." The true man Tian Xing knew Qin Chen's temper. He was afraid that Qin Chen would make a move, so he hurried up to explain, and then confronted Tu

Ren Shendao: "Senior Turenshen, Chen Shao is indeed a disciple of Tianzuo, and a master of the division of Tianzuo's refining division..."

"Grandmaster?"

The God of Tu Ren laughed loudly, and the original poster of Tian Xing went over it. "Lord Tianxing, I think your old eyes are dim. You believe what the other party says? You dare to say even the master of the refining division?" Tu Renshen sneered again and again, his eyes scanned Qin Chen, his mouth showed a smirk: "This seat is here to redeem the Heavenly Saint

Mai, boy, you have to redeem it too. It was deliberately arranged by the original poster of Tianxing. You are so brave. You can even dare to play with this seat.

Suddenly, Tu Renshen saw Chen Sisi next to Qin Chen, his eyes lit up, and there was a hint of **** and greed in his eyes.

"Unexpectedly, I met a woman with such a temperament in this Wangu Building. It is a pity, with a veil, why, in front of this seat, still hiding her face? Come on, take off the veil and let this seat see you. What's the matter?" Tu Renshen laughed sullenly, put his big hand out, and immediately grabbed the veil on Sisi's face, rudely.
