

Valkyrie 2791

[Chapter 2791: pardon](#)

"Senior Turen God, stop."

The real Tianxing on the side rushed up in a rush.

He roared, rumbling, and his cultivation was full of blooms. He madly stopped in front of God Turen, blocking the claw of God Turen.

boom!

The Saint Yuan on Zhen Xing Zhenren's body burst layer upon layer, his face was pale, he stepped back to Qin Chen, and then stabilized his figure, wow, a mouthful of blood spurted out, his face pale as gold paper, and he was already seriously injured.

"Tianxing poster."

Ruo Rui and many other confidants shouted in anger.

"dust!"

Sisi also looked at Qin Chen.

Qin Chen's eyes flashed, his wisdom flashed, and his arms around Sisi, he was not arrogant or impetuous. He sat down again, his eyes flashing with cold killing intent, and said, "Look at the situation first." Majestic Tianxing tried his best to stabilize. Body shape, hurriedly saluted to Turenshen: "Senior Turenshen, please listen to me, no matter who Chen is, he is also a guest of my Wangulou. Please also Turenshen's senior to give me the face of Wangulou. Don't get angry.

"Hahaha, is he a guest of your Wangulou?" "Tu Renshen looked at Qin Chen, his eyes shot, and a grinning smile appeared at the corner of his mouth: "Okay, I heard that this kid will also exchange for the ancient saint veins. I am going to exchange three of them. I don't know if this junior wants to exchange it."

How many? "

The landlord Tianxing actually dared to lie to himself. From his point of view, this kid was clearly sent by the landlord Tianxing to deliberately disturb his business.

"Little Chen, this is Senior Turen God, a tycoon in the middle of the Heavenly Sage, hurry up and salute." Tian Xing Zhenren hurriedly said.

"This God Tu Ren has a violent temper, Young Chen, don't have general knowledge with him first, let him know." At the same time, the real person Tian Xing secretly transmitted the sound, and simply explained the cause of the matter, cautiously, for fear that Qin Chen would suffer. Although he knows that Qin Chen has extraordinary strength, slays Yun Dongguang, breaks into the dead spirit realm alone, and is a disciple of Heaven's Work, he does not need to be afraid of the **** Turen in terms of identity, but the **** Turen does not believe it at all now, if he starts mad , He insisted

Unstoppable, Qin Chen would also be beheaded here.

At that time, even if Tianjiao was furious, but Qin Chen had been killed, could it be possible to survive.

Can only endure the humiliation first.

After coming and going, Qin Chen probably already knew the reason. "Oh? This one turned out to be a tycoon in the middle of the Heavenly Sage, Senior Turenshen? A famous powerhouse in Guanghan Mansion? The dignified tycoon of the middle-term Heavenly Sage exchanges three ancient sacred veins? So poor!" Qin Chen laughed haha "Although this young man has no money,

Fortune, but I also want to exchange five or six for fun. "

boom!

As soon as Qin Chen said this, everyone was stunned, and the high-levels in the Wangu Building were frightened stupid, and they couldn't believe Qin Chen would say such a thing.

He, a young man, dare to say such a thing to a giant in the middle of the Heavenly Saint?

I don't know how to write the word "dead".

"What? What did you say?"

The **** Tu Ren didn't seem to hear clearly, "You say it again?" "I want me to exchange five and six heaven-level holy veins, and all they take are rare treasures, earth-level holy veins, that's an addition, unlike some people. , Prides itself on being a giant, senior, but they all use **** goods like earth-level holy veins to exchange for heaven-level holy veins.

People are cheap, and they are ready to buy and sell, which is a joke. "

Qin Chen sat steadily on the chair in the VIP room with his arms around Chen Sisi. Above the audience, he and Chen Sisi were sitting, and the others were standing, like the most noble characters.

"Dust, this old man is probably also a Xibei goods, what a giant, I think it's almost a poor ghost."

Sisi also covered her mouth and chuckled. She knew that Qin Chen was going to cheat people, and she sang and made peace without putting Tu Ren God in her eyes at all.

"Little Chen, you...you..." Tianxing and Ruo Rui and others have now thoroughly heard what Qin Chen said. They only felt dizzy and almost fell to the ground with their voices trembling and startled. Angrily said: "Little dust, you...rebellious, how can you be so

Senior Man and God speak..."

He kept winking at Qin Chen, very anxious, and his courage was almost shocked.

Ruo Rui and the others also shivered and hurriedly explained for Qin Chen: "Senior Turenshen, although Chen Shao joined Tianjiao, he just came to Guanghan Mansion and didn't know the prestige of seniors, so I asked seniors to have a lot of them. Forgive him this time."

They are heartbroken. If Turen God goes crazy here, who can stop it?

"Lord Tianxing, what kind of guest did you bring? It angered Senior Turenshen, you really don't know how high the sky is." Several of the original high-level people of the branch here sneered, and yelled at

Qin Chen coldly: "Boy , I think you don't know the heights of the sky, the mouth is poor, and you don't even look at who is in front of you.

Wrong, kowtow to beg for mercy, otherwise the Turen God Senior will get angry and kill you, our Wangulou will not stand out for you, we will take the blame. "

They seem to be speaking for Qin Chen, but they are actually hiding their evil intentions.

"Jie Jie, Jie Jie!"

Tu Renshen suddenly exploded with energy: "You all get out of me!"

Boom!

The original poster of Tian Xing and the others backed up again and again, and they were suddenly sent out.

"Lord Tianxing, I think you have eaten the courage of the bear heart and leopard, dare to treat me like this, find such an arrogant kid, and yell at me, looking for death, it is almost looking for death!"

Tu Renshen walked towards Qin Chen step by step, surging with endless terrifying mid-term laws of the Heavenly Sage, booming, one after another, like chains, pierced through the world, sweeping across all directions.

Tian Xing Lou Zhu and others were shaken away by the God of Tu Ren, and they didn't have the ability to resist at all. They showed horrified expressions on their faces, as if they were about to see Qin Chen's miserable end.

But Qin Chen didn't change his expression. He just sat there quietly, his eyes squinting, looking at the Turen God coming, just like looking at a majestic ant. Tu Renshen, the mid-term tycoon of the Heavenly Sage, bursts of fire from his eyes, burning with anger. He originally thought that when he got angry, Qin Chen would kneel on the ground and beg for mercy, but he didn't expect Qin Chen to be so calm. , His eyes are even more intense

accurate.

Just like an emperor, how can he not be angry when he sees his courtier not fearing his gaze? The rules of the heavens are respected by the strong. He is a giant in the middle of the heavenly sage, let alone this kid, even if the heavenly sages such as the heavenly landlord, they must be trembling and respectful when they encounter themselves. Qin Chen's attitude is right. It's a shame for him

disgrace. "Boy, you're called Qin Chen? What a courage? Originally, as long as you kneel down and beg for mercy, beg this seater to spare you a dog's life, and give the woman next to you, let this seater play with it, this seater may still It will spare you a dog's life. But now, no matter who you are or what you have to do with the original poster of Tianxing, I will divide your bones and muscles, extract your soul, and use the Yuanhuo to burn it a little bit. You endure the torture of eternal life, and then turn into ashes a little bit."

[Chapter 2792: Die for this seat](#)

"As for the woman next to you, this seat will also capture her and take her as a forbidden. After playing with it countless times, she will be sent to the Shuangxiu Building of Guanghan Mansion to pick up the guests and die."

Tu Renshen laughed grinningly.

Hearing that, in Qin Chen's eyes, there was a sudden burst of endless fierce light, and in an instant it was like a human being, like a fierce beast, walking out of the predicament, and exploding with a terrifying murderous look, his eyes were cold as cold. Bing said murderously: "God Turen, it seems that you have to die."

"Haha, you are the one looking for death, die for this seat."

Tu Renshen roared, too lazy to talk nonsense, rumbling, the infinite Heavenly Sage Intermediate Law rushed out, and the Tian Xing Lou Zhu and others could not get close at all. His big hand turned into a giant hand, facing Qin Chenhe Chen Sisi is just catching and shooting, just like an eagle catching a chicken.

In his eyes, Qin Chen and Chen Sisi are little chickens, even little chickens.

"Everyone, you have all seen it, it was this Tu Renshen who first shot Ben Shao. As a Tianzuo disciple and a guest of the Wangu Tower, Ben Shao was forced to fight back because of helplessness. Even if this lawsuit hits Ben Shao in Guanghan Mansion. Not afraid."

Qin Chen finally stood up. He had wanted to do it a long time ago, and he finally managed to endure it now. Finally, he couldn't bear it.

boom!

In Qin Chen's body, the infinite ancient aura surging, turned into a powerful rune aura, surging between the heavens and the earth, and suddenly blasted on the claws of the **** Turen's grasping and shooting, and suddenly, Turen God felt like he had caught a terrifying crystal that was extremely hard and indestructible. No matter how he caught it, he couldn't continue downward.

"Huh? Desolate Ancient Qi? Could it be the special magical secret technique in the desolate ancient ruins in the special secret realm of the Necrosphere?"

The **** Tu Ren was taken aback, and a cruel smile appeared on his face immediately: "Hahahaha, boy, it's no wonder that you are so arrogant, you have mastered a little special magical power in the necrosphere, you dare to be arrogant to me, but your cultivation is too weak. It's broken for me!"

He stepped forward and completely let go of his mind. The Necrosphere is not within the scope of Tianjiao's recruitment. No matter how powerful Qin Chen is, he can't be recruited into Tianjiao. The real man Tianxing dare to deceive himself.

Boom!

The infinite holy yuan came out rolling out, behind the God of Tu Ren, countless magnificent figures appeared, like the same demon god, each of them burst out with a terrifying murderous aura. He is known as the God of Murder, who slaughtered all things in the world, and mastered the strongest way of killing. , The Way of Tushen.

"Boy, you are proud to be able to die under my magical power to slaughter the devil and kill the gods. The stronger your resistance, the stronger the power of my slaying and kill the gods. In the end, the gods and gods Piyi, blood rain in the world."

In one move, the entire void, in the Eternal Building, is like a battlefield transformed into gods and demons. The dusk of the gods and endless rain of blood are sprinkled, and Qin Chen is like the spirit of the gods and demons to be sacrificed. Annihilated, the blood turns into energy between heaven and earth, returning to nothingness.

Oh oh oh oh!

Tian Xing Lou Zhu and others can't get close at all, because as soon as they get close, their souls seem to be drawn away, involved in this battlefield of gods and demons, and their heads are different and turned into dust.

"boom!"

The endless terrifying killing method fell on Qin Chen fiercely.

"Less dust."

The landlord Tianxing and Ruorui roared in anger, their eyes were desperate, as if they could see the miserable appearance that was torn apart in an instant.

But the next moment, everyone was shocked.

The endless battlefield of gods and demons grandly settled in Qin Chen, but Qin Chen, like a **** in the battlefield, breathed through the sky, bursting out the glory of the heavens, like a towering giant standing on top of the sky, rising into the sky.

"God Slaughter, this is your God Slaughter power? Too weak? The small mid-term Heavenly Sage giant is also mad in front of this young man, not knowing how high the world is. Now, it is Ben young's turn to take action."

Qin Chen's body was shaken, and the whole figure was stretched infinitely, turning into a towering pillar, standing upright. The heaven and the earth trembled under his feet, and the avenue sang beside him. He seemed to be the only **** of the heaven and the earth, and the chapters of all things sang all around him.

Bang bang bang!

Qin Chen's body moved, and under the terrifying aura, the battlefield of the gods and demons displayed by the **** Tu Ren suddenly burst. The ancient battlefield was suddenly severely suppressed, murderous agitation, and frantic collapse.

The entire battlefield of Gods and Demons was shattered by the momentum of Qin Chen's steps.

After that, Qin Chen came to the front of God Tu Ren with one step and punched out.

Desolate ancient gods!

Hum!

What kind of punch is this? Unspeakable, the world was in between this punch, and they were all bombed. The entire Eternal Building was trembling with the frequency of this punch. Above that fist, the glory of the heavens surged, showing the sacredness. Extremely bright light.

This is no longer an ordinary punch, but a punch that contains the rules of the supreme world.

Tu Renshen's face changed abruptly. He never thought that Qin Chen could perform such a terrifying punch. Under the endless coercion, it was only the blow of the fist, and the Saint Yuan on his body protected the turtles. Crack, there was a harsh cracking sound.

Bang bang bang!

In his body, the source of the tyrannical Heavenly Sage mid-term law was blasting and shattering, Tu Renshen's face was horrified, and instinctively retreated, he wanted to escape from here and escape this devastating punch.

However, no matter how flashy he was, he was still in this space, as if a fly that was imprisoned here couldn't fly out no matter what.

"what!"

In the end, Qin Chen's fist crashed down.

boom!

"Ah ah ah ah ah....."

The body of God Tu Ren split, countless blood splashed, the chains of the mid-term law of Heavenly Sage in his body broke, and the breath of the whole person suddenly declined.

He felt the boundless pain, his whole body seemed to be torn, the meridians, muscles, and clothes all over his body were exploded by Qin Chen's punch, and blood spurted out of the countless acupuncture points all over his body.

"what!"

"I don't believe it, but I am invincible!"

Tu Renshen roared, his life was burned, his essence and blood were invigorated, and a dormant force in his body was resurrecting like a horned dragon. His eyes were angrily open, like a sleepy dragon fighting for his life, about to burst out and fight Qin Chen desperately.

However, to no avail, Qin Chen smiled coldly, between his eyebrows, as if a vertical eye was opened, the Heavenly Soul Forbidden Technique quietly used, an astonishing soul power suddenly poured into the body of Tu Ren Shen, and Qin Chen took another step. Stepping out, a big hand pressed, like an ancient holy lord, the palm of the hand turned into a mountain, and it was heavily pressed down.

Cang Dang!

Before, he was still flaunting his might, such as the slaughter **** of the mighty god, was severely oppressed on the ground, his nose and tears flowed down, his skull cracked, his seven orifices were bleeding, he was struggling **** the ground, unable to move.

"this is....."

The real man Tian Xing kicked back, his eyes were hysterical, and he roared like crazy: "What the **** is going on? How can you be so strong in the dust?"

[Chapter 2793: Are you really Qin Chen?](#)

"Tian Sage, Chen Shao, he has broken through the world heavenly sage." Ruo Rui also yelled: "Senior Tu Ren Shen was suppressed by Chen Shao, incredible, strong, too strong, abnormal, too abnormal."

Can't believe it... what did I see? Suppression of Tiansheng's mid-term giants? Am I dazzled? Or is the rule system of the heavens broken? "

"I'm crazy, I'm already crazy."

The countless high-levels of the Wangulou roared, shaking all over, there was no way to believe their eyes.

Especially the high-levels of the Wangu Building that had previously targeted the Tianxing poster and Qin Chen, their bodies were trembling like sieve chaff, and they fell to the ground by Qin Chen's domineering aura, and the feces and urine were scared. "Senior Tu Ren god, right? Weak, too weak, just this strength is rampant in front of this young man. I don't know where you are courageous. I don't know how to live or die." Qin Chen slapped the Tu Ren god. Pressed **** the ground, the other side desperately

Struggling, roaring again and again, but unable to move at all.

Qin Chen received the inheritance of the two great pinnacle holy masters, and his body became holy, and the ordinary mid-term Heavenly Sage giants were not in his eyes and could easily be killed.

This Tu Ren God was arrogant in front of him, it was a wrong calculation.

Tu Renshen was shivering all over, endless shame and anger, bursting out of him, he was vomiting blood with anger, and suffered a shame that he had never suffered in his life.

"Let Ben Shao come and see, what are you on?" Qin Chen stepped on Tu Renshen's head fiercely, grabbed it with a big hand, and snatched a hand from Tu Renshen's body. In the storage space of, there are nearly two hundred earth-level sacred veins flying up, and every ancient sacred vein is like a giant dragon

Generally, flying and surging in space. "One hundred and eighty-three earth-level ancient sacred veins are very good, and this can be treated as compensation for offending Ben Shao, um, what is this?" Qin Chen once again claws, suddenly two magnificent ancient sacred veins Surging, the breath of this ancient holy vein is magnificent, the above

The breath is particularly condensed, it seems to be uniformly produced, and there are even various textures.

"It's the standard sky-level ancient sacred vein of our Wangulou!"

The Lord of the Skyline roared. He saw these two systems of ancient sacred veins. He was already certain that this Turen God was definitely sent by the rival faction in their Eternal Building, and this heavenly ancient sacred vein was very likely. Is the reward given to him.

There was a deep chill in the heart of the original poster of Tianxing.

"Oh?" Qin Chen swept his eyes, smiled slightly, and put it away directly, and then captured all the treasures in Turen God's body again. The countless treasures, densely packed, were all restrained by Qin Chen, and there were a few of them. A heavenly holy soldier with extraordinary breath

, Qin Chen is all cheaper.

Then Qin Chen banged and sat directly on the body of Tu Renshen, and said lightly: "Wangu host, we can come to discuss the business between you and me. We want the Heavenly Ancient Saint Veins at least, and the more is better. want."

"You..." The original poster of Tianxing walked over in disbelief, and said tremblingly, "Are you really Qin Chen?"

"I'm not Qin Chen, who is it?" Qin Chen asked back. "Then you, why are you so powerful?" The Tianxing poster was almost crazy. Although Qin Chen was powerful when he was in Yunzhou, he killed Yundongguang with a half-step Heavenly Sage, but at least he could bear it, but now, Qin At the fingertips of the dust bomb, suppression can kill him.

The man and **** giant, the shock in his heart, for a while, could not calm down. "It's okay. I'm in the dead soul realm. Using my identity as a work of heaven, I got some special adventures and inheritance, broke through the realm of heavenly sage, and cultivated the supreme magic and supernatural powers." Qin Chen fabricated it at will. Heavenly Saint mid-term giant

Head, in my eyes, is no different from ants. "

"You got an adventure in the dead soul realm?" The original poster of Tian Xing got numb scalp. The place like the dead soul realm was very strange. Although the big mans could not occupy the dead soul realm, there were many masters in each government coveting the dead soul realm. I went to explore the treasures in the world. As a result, many people fell, unexpected

As soon as Qin Chen left, he received the inheritance of adventures, worthy of being the heavenly arrogant who won the top job evaluation. "However, this Turen God is a strong man in Guanghan Mansion after all, and there are some connections behind it, so you still don't act rashly." The Tianxing Louzhu said again, he knew that Turen God might be another faction of his Eternal Building. For fear of Qin Chen being led

Pull among them. "Boy, let me go, do you know who this seat is? Dare to be so against this seat, the forces behind this seat are invincible, you dare to move a hair of this seat, believe it or not, this seat will break you into pieces, And the woman next to you, humiliated severely." Tu

People and gods roared again and again. At this time, they were still resisting and didn't bow their heads.

"Oh? The power behind it is so strong and invincible?" Qin Chen smiled and looked at the Tianxing poster, "Then tell me, is the relationship behind this Turen God strong in work?"

"This..." The original poster of Tianxing was stunned: "This is not true."

Even if it is the Holy Lord's Mansion of Guanghan Mansion, he dare not say that he offends Tian's work. "That's not enough. This slaughter **** insults Ben Shao and may have a life, but if he dares to insult Ben Shao's woman, Ben Shaoyan can let him live? Isn't he self-proclaimed a giant? Ben Shao deprived him first. All his power makes him a waste

Things. "

Qin Chen's eyes were cold and fierce, he grabbed it with one claw and pressed it on the top of Tu Renshen's head.

Qin Chen had already sentenced him to death from the moment Tu Renshen dared to show his lustful light to Sisi.

Qin Chen also vaguely guessed the cause of the conflict between the **** Turen and the original poster of Tianxing, but he was not afraid at all. He was a disciple of the division of Tiangong's refining equipment, and Tiangong was extremely protective of talented disciples. Strict, extremely short-term protection.

Otherwise, Master Konoha wouldn't let him break the rules of the sky, and the report was postponed.

He didn't believe it, and killed the God of Slaughter. Given all the truth, the forces behind the God of Slaughter dared to make trouble for himself.

What's more, even if there is no backing, anyone who dares to covet it, he is absolutely unrelenting.

"dead!"

Qin Chen clasped Tu Renshen's head with one claw, and directly extracted the origin of the mid-term rule of Heavenly Sage in his body.

"Ah!" Tu Renshen screamed.

Boom!

In the top of his head, the thick origin law resembles an angry dragon, which Qin Chen violently pulls out. The terrifying origin law dances wildly in this space, exuding a terrifying aura, and will bring the Tian Xing Lou Zhu and others Crazy retreat.

"The art of patching the sky, sentiment!"

Qin Chen urged the sky patching technique, exhaling a strong breath, countless runes flickering, and crazily comprehending the power and magical powers in it, and then he instantly penetrated most of the mid-term laws of the heavenly sage into the universe. in.

Hum! The Universe Good Fortune Jade Plate was nourished by this force, and it immediately grew a lot, and the outer cover became more profound.

[Chapter 2794: Holy Master](#)

This is the art of patching the sky, which can refine anything in the world and turn it into its own power.

"There is also the Tianxing poster, Ruo Rui, these remaining Tiansheng mid-term rules, even if it is the meeting ceremony for this meeting."

Qin Chen raised his hand casually, and immediately, the remaining few raging dragon-like mid-term laws of the Heavenly Sage were suddenly penetrated by Qin Chen into the bodies of Ruorui and the original poster of Tianxing.

Ho Ho Ho!

Ruo Rui suddenly heard endless explosions in her body, and the terrifying Heavenly Saint's mid-term law seemed to burst her body, causing her body to swell suddenly, as if to burst on the spot.

"The art of patching the sky, refining!"

At the critical moment, Qin Chen squeezed his hand, and the runes continued to penetrate Ruorui's body.

Roar!

Ruorui's seven orifices spit out a divine rainbow, and under the refining of the sky patching technique, he absorbed many of the powers of the Turen God. The boom, the breath of the body, suddenly swelled, and broke into the realm of Heavenly Sage in an instant.

The boundless and magnificent heavenly sacred aura came down, and Ruorui roared again and again, becoming extremely sacred, noble, changed face, and breathtaking.

A heavenly saint was born.

This is actually not all Qin Chen's credit, because Ruorui herself is only one step away from the Heavenly Sage realm in the forbidden area of Tian's work. Even without Qin Chen, it would be as short as two or three months, and as long as ten years. Will also break through to the realm of Heavenly Sage.

But now, Qin Chen has shortened the entire time infinitely, allowing her to directly enter the realm of Heavenly Sage at this instant.

This shocking scene made everyone present stunned.

Roar!

On the side, Zhen Xing Zhenren's body also burst out with endless power, and countless mid-term laws of the Heavenly Sage were absorbed by him, and the whole person seemed to have spied a road, step by step to reach a higher realm.

Even above his body, there was even a trace of the mid-Tian Sage aura lingering, as if half of his foot had entered the mid-Tian Sage. Of course, the real person of Tianxing is just an illusion. In the middle stage of the sage, it is not so easy to break through. If you casually swallow a master of the middle stage of the celestial sage, you can make people break through the middle stage of the sage. Would be so

not enough.

But even if he didn't touch the threshold of the middle stage of the heavenly sage, the strength in the body of the Tianxing True Person was at least several times higher than before, and the incomparably condensed sacred essence circulating in his body had reached the peak of the initial stage of the sage. The ultimate.

This at least saved Tian Xingzhen's thousands of years of hard work, allowing him more time to explore and break through the mid-Tian Sage realm.

"Little dust, I..."

Both Tianxing Zhenren and Ruorui felt the power in this body in amazement, Qin Chen saved countless years of hard work and made their future brighter and more promising.

"Everyone is a friend, you don't have to be polite, just raise your hand."

Qin Chen waved his hand, not at ease at all. "I hate it, why..." God Turen shouted sternly, the mid-term rule of the Heavenly Sage in his body was extracted, and he has become an ordinary person, even without the power of the Earth Sage, becoming the most humble one. Fansheng, and it is Fansheng

Ants in the.

"I am not reconciled. Why is this happening? I am a legend in my life, surpassing the heavens, being born as a genius, becoming a sage, and then getting many adventures, becoming a mid-term giant, and now everything is reduced to ashes. I am not reconciled..."

Tu Renshen jumped up suddenly, his life was burning, and he wanted to change his life against the sky.

In the heavens, any heavenly sage is a legend, with extraordinary experiences. Every life of a heavenly sage is a legendary history, and everyone is the protagonist.

But now, the glorious path of God Turen has come to an end.

"Do you still want to change your fate against the sky?"

Qin Chen sneered and blasted a punch. Suddenly, a terrifying fist swept the past and the future, and instantly landed on God Tu Ren.

Peng!

The blood flew horizontally, and then, the blood qi was steaming, and the whole person of Tu Ren Shen was bombarded with a punch and turned into nothingness. Even the blood qi was not left, as if he had never appeared in this world.

Pedal!

On the field, countless high-levels of Wangu Building were pale and ashen.

Cruel, too cruel, this guy is simply a demon, lawless! "Okay, this Slaughter God has been killed by Ben Shao, and no one will destroy our business anymore." Qin Chen said lightly to the Tianxing poster, "If the people behind this Slaughter God want to be investigated, then Let them come to work for me, but then

, Ben Shaoke is not so good at talking. "Qin Chen looked at the upper floors of the Eternal Buildings, shining through everything, and said coldly, "As a disciple of Tianzuo, who came to your Eternal Building to do business, he was met by you and the God of Slaughter. Intimidation, threats, if things go wrong , Ben Shao doesn't know what will be done, let the people behind you weigh it clearly, well, you guys go away. "

Qin Chen said coldly, without giving any face.

The high-levels of those Eternal Buildings only dared not say a word, left in embarrassment and fled in panic.

"Well, Tianxing, sit down, let's talk about business."

Qin Chen sat down, put his arms around Sisi, and said with a smile. The landlord Tianxing is still hooded now, and shook his head and said: "Little dust, what you said, just say, what do you need, do you want the heavenly holy veins? I will mobilize for you immediately. This sub-building has five permissions at a time.

No matter how much it is, you just need to speak up, and I will report to my branch immediately. They know what happened today, and they will never refuse. "

The original poster of Tianxing is not an idiot either, he can see at a glance that Qin Chen is cleaning up the trouble for him, otherwise he wouldn't say this to those high-level officials, and he couldn't help being grateful. As long as today's events are reported, the other factions of the Wangu Tower may no longer dare to easily target him. A disciple of Tiangong Tianjiao who is so majestic, they have to weigh the consequences, and the highest level of the Wangu Tower is not an idiot, he can

The Tianjiao disciple who is enough to replace the Wangulou and Tianjiao to cooperate, and if it is too late to fawn, how can he punish him?

He knew that his position in the Guanghan Mansion sub-building was completely stable, and he might even accept a more important position.

And all this was brought by Qin Chen. "Five items, too few." Qin Chen shook his head: "I took out all the treasures from the Necrosphere and the Turen God. You see, how much can be exchanged, based on normal business, and , Is your Wangu Tower farther away?

Ancient Saint Veins, such as... Saint Lord level transaction? "

"Holy Master Level?"

The original poster of Tianxing was taken aback and shook his head repeatedly: "Don't think about it, little dust, the ancient holy veins of the saint master class are all strategic treasures for us in the eternal building, and they won't be traded at all. Let me tell you..." The voice of the original poster of Tianxing was lowered, and he said carefully: "Our biggest ancestor in the Eternal Building is rumored to be a half-step saint master. If there is a saint master class treasure, the ancestor himself is not enough to cultivate, how can he? Trade it out."

[Chapter 2795: Scared to death](#)

"So..." Qin Chen nodded, and he asked, any of the ancient holy veins of the Saint Master level are heaven-defying treasures, and the Saint Master level masters will fight for it. How could it be easily sold? In the voice, Qin Chen I have taken all the treasures of Cang Yuan Tu and Tu Ren God come out.

At a time, more than two hundred earth-level holy veins flew across, and countless holy soldiers lingered, forming a kingdom of treasures.

"This is... the ancient sage soldiers, these are all good treasures, I'll calculate." The landlord Tianxing pinched his fingers, and got the result: "Little dust, your treasures are worth about ten days in total. Level ancient holy veins, if you are in a hurry, I can give you five first, and the remaining five will come back to you. If you don't

In a hurry, I can try to apply for a middle-grade heavenly ancient sacred vein from above to reach these ten heavenly ancient sacred veins. "

"However, if you can, I suggest that you exchange for an ancient sacred vein of mid-level heavenly rank. Although I don't have this authority, I am sure that I can make the vein behind me pay this price." Tao.

"A heavenly middle grade ancient sacred vein?"

Qin Chen's eyes brightened. The ancient sacred veins are not only divided into the earth level and the sky level, but the same level is also divided into three middle and upper ranks, and a middle rank of the sky is roughly equal to ten lower ranks. The key is that the sacred energy of the middle rank of the sky , More condensed, more vigorous, absorbed

It is also more convenient, especially for Qin Chen, it is more effective than the ten low-grade heavenly veins.

Besides, after Qin Chen killed the God Turen, he already had four ordinary heavenly ancient sacred veins. He didn't need much for the time being, and he would have resources to grant him after he entered Heavenly Work.

"Well, I'm not in a hurry for the time being, so I will exchange for an ancient sacred vein of Heavenly Grade Middle Grade." Qin Chen made a decision.

With so many treasures, all traded, only one ancient holy vein, Qin Chen was not unhappy, but rather happy.

He already has four ordinary heavenly ancient sacred veins, plus an intermediate celestial ancient sacred vein, maybe he will be able to step into the early stage peak realm as soon as possible.

What he needs most now is his cultivation base. Whether it is to rescue Qianxue and Ruyue or to relieve the crisis in Yaomie Mansion, he needs him to upgrade his cultivation base as soon as possible.

"Okay, little dust, wait for my good news, so, you put these treasures away first, and wait for me to apply for the middle grade ancient sacred veins, and then inform you." Tianxing said.

"That doesn't have to be the case, Ben Shao can trust you to do business with your Tian Xing landlord, and besides, Ben Shao believes that you are not greedy for Mo Ben Shao's things in Wan Gu Lou." Qin Chen said indifferently.

"Okay, you should deal with the aftermath first, this slaughter **** matter, everything can be pushed to Ben Shao, Ruo Rui stays, I have to ask some things about Chendi Pavilion."

Qin Chen settled his mind and began to inquire about Chen Dige.

Originally, Qin Chen planned to keep Sisi in the Wangu Building, but now it seems that Wangu Building is not safe because the factions inside are very complicated, so this plan was cancelled.

From Ruorui's mouth, Qin Chen also understood what happened during his absence. Ao Qingling and Qin Tingting have joined Tianjiao and are receiving special training to attack the realm of Heavenly Sage. Tianjiao's resources are only stronger than their Wangu Building. Since Ruorui can survive in the forbidden area of Wangu Building. Saint to heaven, so Ao

Qingling and Qin Tingting will obviously not slow down much. In addition, Tiangong's refining division has also completed the assessment. A group of top refining divisions have entered the division, received training, and received training. Qin Chen is already much late. It is said that Master Konoha has Qin Chen left without permission

Tianjiao has been questioned internally.

In addition, Chendi Pavilion also has an office in Guanghan Mansion, but it is only a small office to communicate the connection between Guanghan Mansion and Yunzhou. Currently, Chendi Pavilion is not enough. The strength of developing business in Guanghan Prefecture.

Think about it, even the sub-buildings of the Wangu Tower will be bullied by the mid-term giants of the Heavenly Sage like Turen God. Chendi Pavilion has no backstage, and opening a shop rashly will surely be troublesome.

"It seems that I am not in a hurry for the time being."

Qin Chen thought, "The Chendi Pavilion will be opened sooner or later in Guanghan Mansion, but I have to wait for me to establish a firm foothold in Heaven. Then, Jue Xing Tian, they will also stabilize the dead spirit realm, and they can get from the dead spirit realm. A steady stream of resources are being delivered."

"Okay, I have already understood everything. I will go to Tianjiao to report now. If there is news about the Heavenly Middle Grade Ancient Sacred Veins of the Tianxing poster, remember to notify me as soon as possible."

Qin Chen flew out of the eternal building, booming, he tore through the restrictions of the eternal building, left forcefully, and walked extremely fast. When everyone in the eternal building reacted, Qin Chen was completely gone.

"Shh!"

After Qin Chen left, many high-level and powerful people in this Wangu Building all breathed a sigh of relief at the same time, and then one of the half-step Heavenly Sages, with a puff, actually sat on the ground, as if collapsed.

"How can there be such a terrifying evildoer in this heaven, scary, scared to death."

"The original poster of Tianxing and Miss Ruori are actually related to such a fierce man. It seems that our attitude will need to be changed in the future. Otherwise, we will become cannon fodder if we are caught between the two in the future."

"Huh, what are you afraid of? This time Qin Chen killed Senior Turen God, and the news reached the headquarters, so I don't know how to deal with it."

"Headquarters? You think too much. Didn't you hear that? Then Qin Chen is a disciple of the Tiangong's refining division. In addition, it is Turenshen who did it first. The headquarters does not dare to challenge Tianzuo."

"A disciple of the Division of the Refining Artifact Division of Tianwork? Do you really believe it?"

"What's wrong with this, don't you know that this time, the real person Xingzhen suddenly transferred from the state below to Guanghan Mansion as the sub-host, because of Hetian work? I got a relationship, I was a little skeptical before, but now I completely believe it,

Let's not mix things up with things like this in the future. "

"Yes, don't know how to die."

These high-level faces looked at each other and looked at each other, completely frightened and afraid to confront the original poster of Tianxing.

Qin Chen flew out of the Wangu Building and felt happy. After the host of Tianxing and the others transferred to Guanghan Mansion, it would be more convenient in the future.

And I got a lot of treasures, and soon there was even a middle-ranked treasure of the Heavenly Sage. If it is absorbed by myself and breaks through the peak of the early days of the Heavenly Sage, how tyrannical will it be? "Dust, didn't you say that you let me stay in the Wangu Building? Why did you suddenly change your mind again?" Chen Sisi asked in confusion.

[Chapter 2796: Old-fashioned](#)

"Wangu Tower is still in chaos. I don't worry about leaving you alone. In this way, you urge Cang Yuantu to enter my universe and fortune jade disc, and then I will use the magic of heaven and earth, let the power of time cover my destiny. , Even if you and me enter the sky

Work, it should not be discovered. "

Qin Chen thought for a while and finally decided.

Whoosh! Immediately, Chen Sisi took the Cangyuan map and quickly entered the depths of the jade disc of good fortune in the universe, and Qin Chen directly took out a heavenly sacred vein to stimulate the power of the years and let Sisi in the depths of the jade disc of good fortune in the universe Practice, and he himself

Flew away from the place where he was working.

From Ruorui's mouth, Qin Chen already knew the location of Guanghan Futian's work branch.

He entered the teleportation formation inside Guanghan Mansion, teleported all the way, swish, and shuttled through the void of Guanghan Mansion's ten thousand realms. After about an hour, he stopped.

What appeared before his eyes was a vast and boundless building, suspended in the depths of the endless void, magnificent and majestic.

"This is the work of heaven?" Qin Chen was shocked. Unlike other forces on Guanghanfu Street, the work branch of this day is located in a void, surrounded by the sky and the earth, empty, shrouded by terrifying prohibition, in the entire void. Only on this day is a power rising,

The majestic atmosphere.

In front of this void, there is a huge archway. The archway goes directly into the clouds and condenses in the sky into the three big characters Tianzhuo. Behind the archway is a step leading to the sky.

The open space in front of the archway was empty, there was no one, and no one dared to walk in.

Qin Chen's figure shook, and he was about to go up the steps.

Hum! Just as Qin Chen just stepped up the steps, suddenly, boundless rays of light bloomed, one after another restraints, like the chains of heaven, sealing all the void, and wrapping Qin Chen, these chains carried the atmosphere of destroying the world, Qin Dust has a feeling

, Even his body, as long as he dared to break through, he would definitely be injured by this forbidden breath, no suspense.

"Who? I trespass my job?" A rumbling roar resounded, and then, from the steps, two figures flew down. They turned out to be two young people wearing disciple costumes, with sword eyebrows, stars and demeanor. Pian Pian, between gestures, exuding a breathtaking atmosphere, turned out to be two tops Grade Tianjiao.

The two looked at Qin Chen, hum, Qin Chen felt a strong gaze, trying to penetrate and see through.

But Qin Chen shuddered slightly, and then dispelled these two eyes. The ancient qi in his body surged, like a demon like a god, not moving like a mountain. It is naturally impossible for the two strong men of the early days of Heavenly Sage to see through him. Repair for.

"Two of you, my name is Qin Chen. I am the champion of the appraisal at Yunzhou by the Tiantou Refining Division. Because of personal affairs, it was a little late, so I am here to report."

Qin Chen took out the token given by Master Muye and said calmly.

But I was secretly surprised. This day's work was so big, the two Tianjiao from the early days were actually arranged to watch the door here. Of course, the two looked young, but they should be a little old in fact, but no matter what, they are also a heaven. Saint.

"What? You are Qin Chen?"

The two disciples were shocked, their eyes flickered, and they kept looking at Qin Chen, as if they had heard of Qin Chen's name, as if they were looking at a rare figure with endless curiosity.

"Haha, it turned out to be Master Qin Chen. We are disciples of the Heavenly Work Martial Arts Department. Today it happens to be us on duty, guarding the portal. Since the master passed the assessment of the Refining Division, please come with us."

The two suddenly laughed, urged the jade pendant on their bodies to release Qin Chen's restraint, and then leaned forward to lead Qin Chen forward.

"Unexpectedly, this Qin Chen is so young." "Looking at the aura on his body, it shouldn't be too big. It's really amazing to win the Yunzhou appraisal of the Tiangong Crafts Division, but unfortunately, he violated Tiangong's rules. , Actually did not follow the team back to work in the first time for training, It has caused a lot of unhappiness at the top. "

"I heard that even Master Konoha has been trained, think about it, this Qin Chen hasn't joined Tianzuo, so he is so free and unrestrained, after he joins, it will be fine?" "Maybe he is proud of himself? The talent is different. Indeed, everyone who can win the appraisal champion of the refining division is a world-class figure, but our work is different from ordinary forces. Who can come in, which one is not Tianjiao? If everyone has to open the back door

, Is that okay? "

"Shhh, let's just say a few words, it doesn't matter to us anyway, we are only from the warrior department, so we can lead the way with peace of mind, but then there will be good shows. I heard that many Tianjiao who joined the refining division this time are all Very unconvinced."

The two people led the way, communicating with each other's spirits, very secretive, but they were caught by Qin Chen's sky-repairing technique and heavenly soul forbidden technique, and they all heard it.

"It seems that working this day is not a place for nothing."

Qin Chen shook his head.

However, he didn't take it to heart. Soldiers came to cover the water.

At this moment, in a certain space of the tall tower in the core building of Tianwork, a group of extraordinary old men are sitting here, and the leader is an old man exuding a magnificent body, with a withered face and extremely long eyebrows, as if sitting down.

Under him, there are a group of masters wearing the robes of the master craftsman, all of them are extraordinary, and Master Konoha is in the crowd. "Konoha, when will the disciple named Qin Chen you recruited in Yunzhou come to report? A lot of time has passed now. The basic training for our newly recruited refiner has ended. You The disciple recruited hasn't arrived yet

Come on, is it too much? "

"Huh, lawlessness, what do you think of my day job? For personal matters, I even gave up joining my day job for the first time. Does this kind of guy think of my day job?"

"Konoha, please tell me, when will that kid be able to report? I think he is a yellow-mouthed kid."

Many masters snorted and asked Konoha. Konoha was accused by everyone, but his expression remained unchanged, saying: "Everyone, that Qin Chen, is indeed the most talented craftsman I have ever seen. Not to mention, everyone knows his achievements. I personally think This kind of arrogant is worth staying in my day to work, even if it's lawless, it's okay? Now that the demons are ready to move, my day job has suffered heavy losses on the front line, and this has increased the recruitment. Is it because of some so-called onerous stereotypes? Will such a goddess give up?

Everyone, this is too much, right? "An old man frowned and said: "Konoha, I admit that the Qin Chen you submitted has a good test result, but that doesn't mean anything. This time, the refiner Tianjiao we brought back from other states is also no small thing, such as Nan Tianyi and Feng Liuyun both have great talents in refining craftsmanship. It didn't take long for them to enter the heavenly work, and they had already broken through the heavenly holy realm. With good guidance, the refining of heavenly holy soldiers is just around the corner, and even for them, There is no complaint, obediently obey the call, come to train, what Qin Chen of yours, but only a half-step heavenly saint, even if your talent is amazing, what qualifications do you have to be so presumptuous? "

[Chapter 2797: Chief disciple](#)

"Yes, my daily work is based in the heavens. The most important thing is the rules. If the rules are broken, how can I develop?"

Some masters even drank coldly. "Really?" Master Konoha sneered: "Then how did I hear that in the process of becoming elders, you have more or less violated the rules of some days' work? Not to mention, even our Guanghan The head of the Futian work branch, when

When he was at the headquarters in 2010, he even disturbed the headquarters. He was still sent to sit in Guanghan Mansion, and he was not expelled. "

"Bold."

"Konoha, we are discussing the question of Qin Chen, you dare to slander Lord Tribe."

"presumptuous."

Several master refiners were furious. "Am I wrong? The reason why you conquered the old man is just to get a place to enter that place." Master Konoha sneered, "Even if Qin Chen doesn't come, the Bai Yutang that the old man brought back is also a top refiner. Tianjiao, and you

The Nan Tianyi and Feng Liuyun that we brought back broke through the realm of Heavenly Sage. Even if you target the old man, Bai Yutang can also compete with your disciples. "Master Konoha sneered.

"you....."

Other master craftsmen were furious again and again.

"All right."

At this moment, the old man who had not spoken suddenly opened his eyes, buzzing, in the void, as if two lightning bolts flashed. "Since that Qin Chen has passed the assessment, he is a disciple of my daily work. Konoha is right. My daily work is not a disciplined disciple, but a real tianjiao. Now the demons are ready to move, and the human race is in danger. What rules are there? Cannot violate

anti? As long as there are talents, I give him the position of the great elder, and the same is true for you. As long as we break through, it is not impossible for me to retire and give way. "

"Great Elder..." the other masters said in surprise. "I'm talking about the facts, so there is no need to discuss Qin Chen. When Qin Chen arrives, the old man will test it personally. If there is indeed talent, then it will be fine. Just like your disciples in this assessment, What are you fighting for

The name of the chief disciple, right? So what Nan Tianyi, Feng Liuyun, and Bai Yutang are all competing with each other. It seems that there have been several conflicts? Making a big noise? "

"What I want in my job is this kind of atmosphere. As long as I don't kill people, let them compete. The real tiger king can only be born through competition, not just training."

The old man with long eyebrows said lightly.

"Yes."

The other masters bowed their heads.

"Ok?"

At this moment, the great elder raised his head, showing a look of surprise.

"It seems that someone has come to work for us, hehe, what a coincidence, it is Qin Chen."

The great elder said with a smile.

"What? Qin Chen is here?"

The corners of the mouths of the master refiners present were all surprised. At this moment, Qin Chen followed the two young men to the end of the steps. What appeared before Qin Chen was a vast square. Around the square, there were buildings, and the most magnificent one was the one in front of Qin Chen. Tower

Standing into the sky, boundless and mighty.

On the square, a famous master passed by, all exuding a terrifying aura, and each was extraordinary. Among them, there were as many as the peerless earth saints, half-step heaven saints, and some heaven saint masters, each with extraordinary aura.

In addition, many people have a smell of material and fire, which is contaminated by the refining masters who sacrifice the refining fire and refining materials all the year round.

Everyone flew by while talking with each other, and suddenly saw Qin Chen being led up, and they all showed surprise.

"Hey, who is this kid? I haven't seen it before. Why did the guard bring in outsiders?"

"So young, is it one of the warriors I recruited this time?"

"That's not right, the martial arts recruited by our day job are now training and practicing in the secret area. Only the recruited refiner can move freely. Is it a newly recruited refiner disciple?"

"It's even more impossible. I have heard of all the newly promoted refiners this time, but this kid is not among them."

"Who is that?"

Many disciples were surprised.

"Master Qin Chen, this is the core location of our Tianzuo, but although you have Tianzuo's disciple token, you have not formally joined Tianzuo. Master Qin Chen, please wait here again, let's go and report. "

The two young men were surrounded by the crowd, their expressions were a little unnatural, and after speaking to Qin Chen, they immediately went up to report and left Qin Chen in the square.

"Qin Chen?"

Hearing what the two guards said to Qin Chen, everyone on the court shook, and all the fiery eyes fell on Qin Chen, as if looking at a monster.

This is the first disciple who passed the appraisal of the Refining Division in the history of Tianzuo, and did not join Tianzuo for the first time, but instead was going to deal with private affairs. His reputation has long been spread in Tianzuo. If Qin Chen's name is a little smaller, it's nothing. The key is that Qin Chen is the first in the Yunzhou assessment this time, and he broke into the ninth floor of the ancient sacred tower, using half-step Tiansheng cultivation as the training. Made a heavenly sage soldier, these various legends

It made everyone very curious about Qin Chen. Originally, everyone was skeptical of these rumors, but this time the Yunzhou assessment and the anomaly of Bai Yutang. After joining Tianjiao, Bai Yutang showed amazing talent and has become Tianjiao this time. wide

Han Mansion recruited disciples of refiners, one of the top three refiners.

He, Nan Tianyi and Feng Liuyun are also known as one of the three outstanding talents recruited by the Tiangong Refining Division this time, and all three of them, in a very short time, under the cultivation of Tiangong, made a breakthrough in the early days of Tiansheng and achieved success. Heavenly Saint.

As long as the three people refining the Celestial Saint Weapon, they will be able to break away from the status of ordinary disciples and become the top talents of the core personnel as soon as they join the Celestial Work.

What a majesty this is.

Working in heaven, as long as the refiner becomes a master refiner of the celestial rank, he can get rid of the status of ordinary disciple and become the core personnel. This process is extremely long, and many people need to spend thousands of years to do it.

Therefore, the three of Bai Yutang can become legends. And in order to compete for the position of the chief disciple of the refining division, Nan Tianyi and Feng Liuyun have competed several times and fought. Originally, Bai Yutang did not participate in it. But after hearing that the two competed for the title, they were also strong. Intervene

, Just because he openly stated: In the work of heaven, the chief disciple, he only recognizes one person, that is, Qin Chen, the champion of Yunzhou assessment.

It is precisely because of Bai Yutang's words that Tianjiao pays such attention to Qin Chen.

What kind of character is it that can violate Tian's rules and make such a powerful Bai Yutang worship so much?

Qin Chen has become a mystery in everyone's hearts. Now that Qin Chen appeared, the Tiangong disciple level immediately caused a sensation.

[Chapter 2798: South family](#)

"Elder, since Qin Chen has arrived, I will bring Qin Chen over now."

Among the high towers, Master Muye also felt the breath of Qin Chen arriving at the square at this moment, and stood up for the first time to bring Qin Chen in.

"Elder Konoha, wait a minute." But the elder stopped him, his eyes flashed, and said lightly: "Summon Qin Chen in no hurry and see how he performs."

Master Konoha's face suddenly changed: "Elder, this...isn't it great?" Who is the disciple who can join Tianjiao, who is not a worldly figure, a lawless person, Qin Chen's previous movement in Tianjiao is really true. It's too big. If many disciples were to know the news that Qin Chen came to report, something might happen

The matter is coming.

"Haha, Elder Konoha, didn't you say that the Qin Chen you recruited is unparalleled in the world? Why, are you still afraid that he will suffer a loss in the square? Don't worry, our daily work is not a dragon, a sea of swords, and there will be no problems."

The elder whom Master Konoha targeted before suddenly sneered.

Master Konoha sighed and had to give up. He also knew that the purpose of the Great Elder was to observe Qin Chen comprehensively. To blame, Qin Chen had to be peculiar. Now that the Great Elder speaks, he has no choice. Can only watch the changes.

At the moment on the square, countless disciples had received news that they had gathered around. These disciples, ups and downs, there are earth saints and heaven saints, among them, there are more earth saints and half-step saints. Obviously they are all newly joined Tiangong craftsmen, but even the weakest earth saints are Exuding a tyrannical aura, obviously all generation

The proud son of heaven, a prominent figure in Guanghan Mansion.

They have now become introductory disciples of the great power in the heavens, Tiangong, and they have been trained to be more promising than those like the Yunzhou Governor. Working in heaven, breaking through the heavenly sage, that is the most basic requirement. If any refiner cannot break through to become the heavenly sage within ten thousand years, and refining the heavenly rank holy soldiers, it will be delegated by heavenly work and become the most common Peripheral staff, working day after day

No disciple's name can be used. After all, Heavenly Work is a great power that crosses the entire celestial realm. In the ancient heavenly realm, it has a vast reputation. Although it belongs to the reconstruction, it is still astonishing in the realm like today. Compared with many sects in Guanghan Mansion, Heavenly Work is god

Dragon, they are ants.

"Oh? This is Qin Chen, doesn't it seem like it's so good?"

"Huh, it's him. He broke the rules of our daily work. After the assessment, he didn't come to report, but went to do private affairs?"

"Arrogant, presumptuous, I have been working in Tianzhou for so long, and this is the first time I have heard of this happening.

"Do you feel this son's cultivation base? Why can't I feel his cultivation base?"

"Hey, you can't feel it? There seems to be a mist lingering on this child, which isolates my divine consciousness from the outside, and cannot see the true face. It is really not simple." "What's not simple? Who doesn't know that Qin Chen is only half a statue." Bu Tiansheng, I'm afraid he has practiced some special secret technique to cover his own breath. If before, this kid could be regarded as a human being, but now Nan Tianyi, Feng Liuyun,

The three masters of Bai Yutang have broken through the realm of the heavenly sage and achieved the best heavenly sage, this kid is a fart. "

"Hehe, indeed, he has lost the training time he can best improve his cultivation level after joining Tianjiao. He has lost too much."

Many disciples watched Qin Chen, all talking, some looked playful, some sneered, and some seemed to see a plaything.

Faced with so many top disciples onlookers, an ordinary person might have been frightened and weakened, and my heart was overwhelmed and anxious.

But Qin Chen was indifferent. Under the eyes of everyone, he sat cross-legged like this, and the Saint Yuan in his body slowly flowed, closing his eyes to calm his mind.

This heart is too big, right?

Qin Chen's performance immediately made many people feel dissatisfied.

"Oh? This Qin Chen is so arrogant. It looks like he clearly doesn't pay attention to me. Even if he won the championship of Yunzhou assessment, but he came so late, how can he be arrogant? "

"Don't worry, he won't be arrogant for long. We have secretly passed the news of Qin Chen's arrival to Nan Tianyi and Feng Liuyun. Wait for the two seniors to come and see how arrogant Qin Chen is."

"Breaking the rules and still being so minded, I don't know whether to say that he is confident or arrogant." "Hehe, his good days are over. Brother Nan Tianyi has broken through the realm of Heavenly Sage not long ago, and he has cultivated into Nantian Desperate Heavenly Art. Once this technique is performed, the vast sky will be enveloped, and it will last forever."

Become the puppet of Brother Nan Tianyi. "Yes, Senior Brother Nan Tianyi is the eldest son of our Nan family in Guanghan Mansion. He was originally the top martial artist in Guanghan Mansion, and he also showed his amazing cultivation skills on the refining tool. There are rumors, Guanghan Mansion. All intend to recruit him, but he joined

It took us days to work. "Hehe, with the strength of Nan Tianyi's senior apprenticeship, it is more than enough to join any force. I am afraid that he will be the first person among the crafting masters that we joined this time. Now after the breakthrough, even if he is right. Those old

The master refiner is not inferior at all. "It is rumored that Nan's family is very satisfied with Nan Tianyi's brother, and even intends to pass on the position of Patriarch to Nan Tianyi's brother, so that Nan Tianyi can lead the Nan's family to flourish in Guanghan Mansion, with the support of Nan's family. I'm afraid the Nantian First Division

Brother will work in Heaven in the future, so he can easily become an elder... He will definitely become the chief disciple among us. "You can't say that, Senior Brother Nan Tianyi is amazing, isn't Senior Brother Feng Liuyun so good?" Senior Brother Fengliuyun also cultivated to the realm of Heavenly Sage, and it is said that Senior Brother Fengliuyun has experienced wind and fire disaster since he was a child.

cut. Moreover, he is also the Young Pavilion Master of the Fengyun Pavilion of Guanghan Mansion, and Fengyun Pavilion is not unknown to you. It is the top power of our Guanghan Mansion, not weaker than the Nan family. "

"It is rumored that the pavilion master of Fengyun Pavilion has been in retreat for thousands of years. It is said that once he has passed through the most mysterious state of the holy master, he will surely shake the world." "Brother Bai Yutang is also not bad, the young master of Baoqitang, Bao Qitang is our Guanghan Mansion, in addition to the Tiangong branch and the Qige, the top crafting force, with the craftsmanship, Brother Bai Yutang is extremely talented, and this time he also made breakthroughs.

Arrived at the realm of Geshitiansheng. "

"Bai Yutang, he is also worthy of being a senior brother? He just lost to this Qin Chen once in the assessment. He actually said openly that he only recognized this Qin Chen as the chief disciple. This kind of person without courage, even if I am a small person. I don't like it."

All kinds of discussions are endless and flow in secret. At this moment, a terrifying breath suddenly fell.

[Chapter 2799: You finally came](#)

"It's Brother Nan Tianyi who came out, look at it quickly."

Suddenly, an endless gust of wind swept across the heavens and the earth, and a thick blue sky was spreading out from the distant buildings, vast and mighty. In this endless sky, a vigorous figure appeared, like a king who controls the world. .

It is Nan Tianyi.

Boom!

The southern sky appeared one by one, and the entire square was full of tragic auras, and the mighty heavenly power was brewing on his body. The azure blue robe he was wearing was forged from starry sky silk, sparkling various runes, just like the sky. Cut down and condense.

As soon as he appeared, countless disciples on the square stepped aside, as if courtiers were welcoming their emperor, and no one dared to fight against Nan Tianyi's breath.

"Brother Nan Tianyi."

"I have seen Brother Nan Tianyi."

Many disciples salute respectfully. Although they are all disciples who have joined Heaven's Work, once they enter, they are already divided into ranks.

"Your Excellency is Qin Chen?"

As soon as the southern sky fell, his gaze fell on Qin Chen. Suddenly, a terrifying gaze fell on Qin Chen like a divine light, sweeping around, as if to see Qin Chen clearly from the inside out.

"Huh? Nan Tianyi's gaze actually cuts everything and penetrates the soul..."

As soon as Qin Chen was stared at by this gaze, the Saint Yuan in his body immediately reacted. Nan Tianyi's gaze was not only a gaze, but also with a special power of prying, it actually wanted to penetrate his body.

"Stealing the sky and changing the moon."

But Qin Chen just smiled coldly, the Saint Yuan in his body twirled gently, and an invisible force immediately enveloped his whole body. No matter how Nan Tianyi scanned Qin Chen's body, he could never penetrate Qin Chen's body, hazy. , Can't see clearly at all.

"Huh? Interesting."

Nan Tianyi sneered: "My son's piercing technique can't see through your cultivation level. This concealment technique is really powerful, yes, yes, I heard that you won the first place in Yunzhou assessment, and even killed Yunzhou. The lord of the state? Even the boy Bai Yutang admires you so much, you must be elected as the chief disciple! This world has always wanted to see and know, but unfortunately you did not enter the sky work in the first time. Now it is just right for you to come. Let Ben Shizi try my Nantian Despair Desperate Power to see if your Excellency is as powerful as the rumors said."

Nan Tianyi said indifferently, walking forward slowly, he stepped out step by step, the terrible light of the sky surged over his body, as if he went wherever he went, and became his kingdom.

He is the incarnation of the sky, the ruler of the heavens and the earth. Under his breath, the other disciples felt a deep suffocation. Even the educated and masters of Yunzhou have long been the existence of the heavenly sage. Under his breath, there was also an impulse to kneel down on the spot and bow down.

This Nantianyi is too strong.

"Nan Tianyi, don't grab the business of the young pavilion master, this Qin Chen is my prey."

Suddenly, there was a loud shout in the square.

Boom!

A group of terrifying wind and cloud aura, like chaos opening up, engulfed in an endless magnificent aura, suddenly descended from the sky.

This is a figure, the whole body is enveloped by the aura of annihilation, as soon as it falls, it bursts out with a power that destroys the sky and the earth. The terrifying light blasts faintly against the power of Nan Tianyi's sky, and it is another heavenly sage. .

It is the romantic one of the three outstanding.

This is a young man with a majestic figure and an ancient complexion, with a large skeleton and a dragon and a tiger's step. No matter where he goes, wherever the wind and clouds swept, everyone on the square couldn't bear his strength and backed up.

Feng Liuyun looked at Qin Chen, and his pupils appeared in two colors. The left eye was wind and the right eye was clouds. The wind and clouds swept across, forming an aura of annihilation.

"This kid is Qin Chen? Does it look ordinary? However, Bai Yutang's kid can admire him and think of some tricks, but unfortunately, your daring to defy the rules of work is too rampant. Today, this young pavilion owner I want you to know that some things cannot be violated."

Feng Liuyun walked out slowly, his breath rushing into the sky.

"Qin Chen, I have nothing to celebrate with you. On the contrary, I admire you for daring to act, to openly slay the lord of Yunzhou and occupy the land of Yunzhou, but your limelight is too high, even Bai Yutang said that you are the one Our day job recruited all the big disciples among the refiners this time. This makes me very upset. I must press you down."

This romantic cloud said coldly, sonorously, as if gold and iron crossed.

"Nan Tianyi, Feng Liuyun, don't bother you two."

Boom!

At this moment, another terrifying aura came. This was a fat boy, who was Bai Yutang.

"Hahaha, Qin Chen, you are finally here."

As soon as this Bai Yutang fell, the terrifying heavenly sage aura surged on his body, so round and extremely terrifying, he came along with a big laugh.

"Don't worry, with my little master, no one can touch you today."

Bai Yutang smiled at Qin Chen, and then looked at Nantianyi and Fengliuyun: "Nantianyi, Fengliuyun, this is Tiangong Square. Why are you two going crazy here? Why are you so wild? Don't let go. "

"Bai Yutang, I'm afraid you can't take this place today." Nan Tian felt a green finger on his hand, and said coldly: "This Qin Chen, ruining the rules of the sky, the two of us are just going to teach him How to behave, if you insist on intervening, don't blame us for teaching it with you."

"Bai Yutang, there's nothing to do with you here, so go ahead." Feng Liuyun also said coldly.

"Hmph, I am here today, none of you can deal with Qin Chen."

Bai Yutang's body of Heavenly Sacred Principles circulated all the way, bursting out a horrible breath, and said to Qin Chen: "Qin Chen, if they want to deal with you, they have to step over from my little master first."

"Oh? Why are you helping me?"

Qin Chen, who had always been sitting cross-legged and calmly, finally opened his eyes at this moment and said lightly.

"This..." Bai Yutang was stunned: "Of course it's because both of us came from Yunzhou. Besides, you tested in Yunzhou, defeated me and won the championship. If you let them both defeat You, is not my Bai Yutang's face that I lost?"

"Besides, don't think too much, thinking that Bai Yutang admires you, so I stand up for you. I just hope that you will be promoted to the Heavenly Saint as soon as possible. In this day's work, we will divide the victory and defeat again. The road is still long. Today I will take this Liangzi for you. I hope you can compete with me again after you break through the Heavenly Sage. By that time, I will definitely not lose to you. I belong to the champion of Xiaoye. Lord, I will definitely take it back myself."

Bai Yutang said proudly.

"Hahaha."

Hearing this, Qin Chen laughed loudly. At this moment, the body he had been sitting on suddenly stood up.

[Chapter 2800: Two together](#)

"Joke, when do I need someone to block Qin Chen's affairs?" Qin Chen sneered again and again: "I ask you, how sure are you against this Nantianyi and Fengliuyun, these two people are both heavenly sages. , The aura of Heavenly Sacred Law on the body is not weaker than you."

"Is not weaker than me?" Bai Yutang proudly said: "Yes, they are both proud of the world, but I am not weak, Xiaoye, I am not weak, stop them, there is a 50% certainty, even if the two join hands, Xiaoye I am not afraid."

"Five percent sure? Do you dare to take things to yourself?" Qin Chen laughed suddenly, "Bai Yutang, who do you think you are? Just not long after the breakthrough, would you dare to fight the two great

heavenly sages alone? The two want to teach me? It's ridiculous, to tell you the truth, if the world can teach Ben Shao people who are not born yet, let me do it by myself. Dealing with these two wastes, Ben Shao doesn't need others to help."

Qin Chen said coldly, proudly: "These two guys want to teach Ben Shao, and Ben Shao will let them know what is unattainable."

"This kid is looking for death!"

Nan Tianyi and Feng Liuyun listened to these conversations in their ears, and suddenly became furious, Qin Chen dared to be so arrogant.

The others were also dumbfounded, and couldn't believe what Qin Chen said.

Arrogant, too arrogant.

Even Bai Yutang himself was stunned. Qin Chen was simply too arrogant. Although he had killed the Lord of Yundong Guangzhou before, who were Nan Tianyi and Feng Liuyun? Those were all the top geniuses in Guanghan Mansion, invincible geniuses.

In the half-step Heavenly Sage Realm, they have also killed the top masters of the Heavenly Sage figure, especially after the two broke through the Heavenly Sage Realm, they are even more powerful. If Qin Chen regards the two as a cloud cave light, The head of the remote state, that is a big mistake.

"Qin Chen..." He was about to speak again.

"Okay, Bai Yutang, don't say any more, I won't let others talk about Ben Shao's things, and..." Qin Chen said proudly, "You think you have broken through the Heavenly Sage and have already walked. This young man is in front of me, but I regret to tell you that this young man is powerful, and you will never be able to guess."

Rely on!

Bai Yutang was almost speechless. He wanted to carry the opponent for Qin Chen, but he didn't think that the opponent would not appreciate it at all.

"Hahaha, Bai Yutang, you've seen it too, Qin Chen doesn't seem to accept your affection at all, and he won't let go. We have to see what Qin Chen can do."

Nan Tianyi and Feng Liuyun both sneered.

Bai Yutang glanced at Qin Chen and finally sighed. He could also understand Qin Chen's thoughts. Tianjiao like them were all very arrogant. Even if they weren't opponents, they couldn't hide behind others.

"Qin Chen, are you sure you don't want me to help?"

Bai Yutang asked at last.

"Don't worry, although Ben Shao is not an invincible figure, but these two wastes are not Ben Shao's opponents. Don't these two guys have to deal with Ben Shao? So, Nan Tianyi, there is still romance,

right? Ben Shao didn't bother to do it twice, so you two should go together and make a quick fight. Ben Shao has no time to waste on both of you."

Qin Chen stood with his hand in his hand, facing Nan Tianyi and Feng Liuyun.

He had already had a lot of time to work until the day. Even if the two gatekeepers were walking, they should have finished their work. However, there was no high-level staff in the day, and there was not even such a big movement in this square. When he came forward, Qin Chen had long understood that this was intentional work done by Heaven.

That being the case, what else to say, directly suppressing the two, it is the right way to end early, he doesn't want to waste too much time here.

Boom!

As soon as Qin Chen's words fell, the audience was in an uproar.

Everyone was almost stunned.

What did Qin Chen say?

Let the two go together?

"Is this Qin Chen frustrated? Isn't he afraid of dying when the two go together? Even if it is the young master Bai Yutang, he only dared to face one. He didn't even catch up with the special training for Tian's work, why? Maybe Nan Tianyi and Feng Liuyun were able to contend. I think my brain is convulsed."

"I don't see it as convulsions. He is deliberately provoking to show his power. Unfortunately, the real power depends on his fists. It is stupid to rely on his mouth."

"It is indeed too stupid, let alone that Qin Chen has not broken through the realm of Heavenly Sage, even if it has broken through the realm of Heavenly Sage, there is absolutely no reason for one enemy to two."

"Yinan Tianyi and Senior Brother Fengliuyun are powerful, and the strong at the peak of the early days of the Heavenly Sage can be killed. Together, they can even be able to oppose the giants of the mid-term Heavenly Sage. Where does this kid have the courage to fight one against two?"

"I don't understand. This kid can pass the assessment and join Tianjiao, even as a champion. He shouldn't be an idiot. But what he is saying now, I never understand."

Many people were talking at the same time, and there was a lot of discussion, and even the great elders and others in the tower in the depths of the work were shocked by Qin Chen's words.

Arrogance, lawless arrogance.

Tian Gong is not afraid of disturbances or competition among disciples, but I don't want to see disciples arrogant and ignorant.

Therefore, when Qin Chen said these words, the eyes of the elder with long eyebrows immediately became cold.

"No, the elder has an opinion on Qin Chen."

Master Konoha's heart was stunned, and he was extremely speechless to Qin Chen, so good, why bother to be so arrogant.

"Hahaha, one enemy two, one enemy two, kid, you are too arrogant, I want to see, where are you so emboldened, give me death!"

Nan Tian roared and couldn't hold back anymore. Suddenly, he jumped up, his big hands exploded in the air, and suddenly, the endless sky between the sky and the earth swept away, and a vast world was suppressed.

In this world, a palm full of upside-down universe was photographed volleyed, between the world, countless runes flickered, entwining the big hand, as if the gods had reached out their palms and wanted to destroy the world.

"This is Brother Nan Tianyi's Nantian Desperate Heavenly Art. The power in his body will turn into a terrifying world of despair, suppress everything, and bring people into the infinite abyss."

Many disciples roared.

Even the great elders and others in the high tower nodded their heads, revealing shock. This Nan Tianyi's talent is indeed outstanding, and given time, it may not be the mainstay and backbone of the Tiangong Guanghan Mansion branch.

By the side of Qin Chen, Bai Yutang was also affected by this force, his expression dignified, and the Heavenly Sage power in his body surged and resisted, even if he was not careful, he would be taken into this world and become a slave.

He looked at Qin Chen and sighed in his heart. He didn't realize that Qin Chen could resist it. However, as soon as his gaze fell on Qin Chen, he saw a scene that he would never forget.
