

Valkyrie 2801

[Chapter 2801: Kneel down](#)

"Hahaha, this is the capital you rely on. Whatever the desperate heavenly powers from the South, you dare to take out the stuff like a house!" Qin Chen's original ordinary body suddenly became extremely tall, and his whole body burst into chaos. , A mighty wild ancient atmosphere burst out all of a sudden, and the whole figure turned into a god, stepping out, facing the vastness that had descended.

Looking at the sky, a cruel smile appeared on his face.

When the power of the desperate mudra touched his body, it collapsed every inch, like ice and snow. "Nan Tianyi, if you joined Tianzhuo and broke through the heavenly sage, you think you are a real genius? It's ridiculous, you think that I didn't enter Tianzhuo in the first time, just a half-step sage? In fact, I Also broke through to Tiansheng

The realm is just hiding the strength, suppressing your scum, between the three breaths, the young master is too long, and he will die for me. "

Qin Chen's spirit is like a storm of the last days, sweeping crazily, with supreme will.

Then, his figure moved.

Fast, incredibly fast.

Qin Chen jumped up and swept across with a fist. His fist was faster than his divine consciousness, just like the Primordial God King, appearing in the air, showing an overwhelming aura, and his whole body was violent and endless. Power is gathered in his palm.

boom! Qin Chen blasted out with a punch, and Nan Tian suddenly shook his whole body. The infinite desperate power of the sky broke and collapsed. At the same time, the body guard Saint Yuan on his body collapsed completely without even a breath. Heavenly Sage

There is a feeling that the laws are not working.

He has experienced countless battles in his life, but he has never encountered such a terrifying breath, like a **** king, and he can't breathe.

"What is this? Even if you also break through to Heavenly Sage, how can you have such a tyrannical power?" Nan Tianyi roared wildly, and countless palm prints changed from both palms. The vast desperate handprints were vast and crazily punched out. After a tragic storm, like a demon god, destroying the sky and destroying the earth, piercing the void of the heavens, and pouring countless powers

It fell down.

But Qin Chen's palm shook. Under the cover of the ancient aura, the Saint Yuan in his body suddenly swelled, and the terrifying Saint Yuan's power exploded in his fist, instantly rising.

In a flash.

No one reacted, Qin Chen gave another punch.

Boom!

This punch was even more violent, and the entire TianWork Square shook violently, and countless prohibitions flickered, as if the sky had collapsed, and all the palm prints of Nan Tianyi were shattered.

puff!

Then everyone saw Nan Tianyi, who was still invincible before, was hit by the volley, and a mouthful of blood spurted out of his mouth.

Their big brother Nan Tianyi, with a punch, was extremely embarrassed, no longer the chic before.

"What is going on? Why, why are you so powerful?"

Nan Tianyi rushed with blood in a mouthful, and almost collapsed all over his body. His fierce heart was aroused, and an azure blue Saint Yuan armor appeared on his body, and the blood in his body was burning, and he wanted to shoot again.

"Kneel down!"

But Qin Chen didn't give him a chance to fight back at all. A thunderous roar sounded on a sunny day, and Qin Chen strolled in the courtyard. In an instant, he appeared in front of Nan Tianyi, and the ancient atmosphere swept into the universe and directly overwhelmed it. Come down. Immediately, Nan Tianyi's armor broke and his clothes burst. There were cracks everywhere on his body. Blood was sprayed from it. He couldn't help roaring again and again. However, under this terrifying force, he was unable to resist and his knees were all of a sudden

The pressure was bent, and he knelt before Qin Chen in full view.

"what!"

Nan Tianyi went crazy, his canthus was cracked, and he roared frantically, but it was useless. Under Qin Chen's power, he was like an ant, kneeling on the square alive, unable to move.

"Senior Brother Nan Tianyi was beaten to his knees."

"My god, am I dazzled? Or hallucinations?"

"God, I must have had a stroke, I actually had a stroke."

Many disciples screamed like crazy, and couldn't believe everything in front of them.

Who is Brother Nan Tianyi? The eldest son of the Nan family, the future patriarch of the Nan family, the invincible Tianjiao of Guanghan Mansion, one of the three masters of the Tiangong Refining Division, an invincible figure, he was also domineering and powerful before.

Just a few breaths? Kneeling down to Qin Chen in full view, this kind of strong contrast made any normal person think that he had a stroke.

No one would have imagined that Qin Chen would be so strong. If everything in front of him was true, Qin Chen would not be a joke, but a myth.

"Ah, beast, I am the world's arrogant, the oldest son of the Nan clan, how can I kneel down."

Nan Tianyi also felt that he knelt down, and the boundless shame poured out from deep in his heart. His face turned blood red and then turned to purple. In his body, the breath of lifespan surged. This is burning life. Desperately.

Indeed, in his capacity, letting him kneel is even more uncomfortable than killing him. He would rather stand to die than kneel to live.

"Want to resist?" However, Qin Chen didn't give him a chance to desperately. In a sneer, the ancient energy surged again, and the power condensed in Nan Tianyi's body was instantly crushed, booming, a terrible ancient energy. Turn it into a ban and seal Nan Tianyi firmly

Imprint, keep his kneeling position.

"Say you are allowed to kneel, just let you kneel."

Qin Chen drank coldly, then when he turned his head, his eyes fell on Feng Liuyun, "Kneel down for me as well as you."

"You..." Feng Liuyun was frightened and shocked at this moment. He never expected that Qin Chen would defeat Nan Tianyi like this, with almost no effort, just a few breaths at his fingertips. Nantian Yijiu Shengsheng knelt down.

This is ten times more difficult than killing Nan Tianyi.

In an instant, fear emerged in Feng Liuyun's heart. He and Nan Tianyi had not only fought once or twice, and he knew the horror of the other party, and he was between him.

But now, once Nan Tian was defeated by Qin Chen so easily, he knelt on the spot, what about himself? At this moment, Feng Liuyun's retreat has already emerged in his heart, and he said in a deep voice, "Qin Chen, don't go too far. I am the Young Master of Fengyun Pavilion. If you do this today, you will not only offend me Fengyun Pavilion, but also Offended all the new promotion we are present

No matter how strong you are and offend everyone, you will definitely be unable to work in heaven in the future. "Offend all refiners?" "Qin Chen's eyes flashed, he glanced at the disciples of Tianzui who had been talking about it before, and sneered again and again: "It's just some rubbish, if there is something to be offended, I dare to say half a word, let them kneel down together today." "

[Chapter 2802: Big face](#)

"Stop talking nonsense, kneel down for me!"

Qin Chen smiled coldly, stepped forward, and pressed his palm to Fengliuyun. His expression was like swatting a fly, and he didn't care about it.

"Fengyun God Eye!"

Feng Liuyun saw an endless storm of annihilation burst out of his eyes. The black storm swept in like a violent wind. At the same time, his body hurriedly jumped upwards, he was about to break away from control and escape here.

But Qin Chen's wild ancient aura swept out, covering the entire square, and the annihilating storm displayed by Fengliuyun hit the wild ancient sky, as if flies hit the wall, bursting one after another, and continuously falling apart.

boom!

Feng Liuyun's body was blocked by the Qi of the Ancients and fell all of a sudden.

Qin Chen flipped it over with his hand, and Feng Liuyun was suddenly suppressed, and fell on the ground with a clatter, his body exploded, and large swaths of Saint Yuan exploded.

"Damn it, the wind and remnants of the cloud, all things return to the ruins!" Feng Liuyun was frightened and angry. He couldn't possibly kneel down. His whole body actually started to burn, the essence of blood and the breath of life surging, especially a pair of eyes, turned into black and white, Woo woo, howling ghosts, terrible murderous, facing

Qin Chen counterattacked.

Rage! A country of wind and clouds appeared all around, and everything turned into wind and wind. In that wind and wind, soldiers of gods and demons with hideous faces and armors appeared. Wielding a saber,

Carry out a frantic attack around Qin Chen.

And Feng Liuyun herself, like a Fengyun God Demon, wanted to break through the shackles of Qin Chen and kill him.

"Hahaha, in the hands of the young master, still want to resist?"

Qin Chen sneered with disdain, and immediately displayed a trace of killing aura in the ancient aura. Suddenly, the murderous aura boiled between the heaven and the earth, and the wind and cloud aura displayed by Feng Liuyun suddenly became riddled with holes.

In the next moment, Qin Chen's big hand was already covered.

"what!"

Feng Liuyun screamed and fell abruptly, his coat robes burst, and he knelt down with a bang, kneeling in a row with Nan Tian one by one.

Oh oh oh!

The countless ancient qi was suppressed, like a billowing torrent, Feng Liuyun's breath burst suddenly, and the balloon that was pierced by the needle vented away in an instant.

When many people saw this scene, they almost passed out in shock.

"Kneel down, Senior Brother Feng Liuyun also kneeled down." "So strong!" Countless disciples broke out in a cold sweat, "Strong as Nan Tianyi and Senior Brother Feng Liuyun were instantly defeated by this Qin Chen, kneel here and change I'm afraid we can't stop them with a finger, and we'll all kneel down in no time. This world

How could there be such a scary person. "

"Yunzhou champion, isn't it so strong? Why is there such a strong person in this world? It's no wonder that Senior Brother Bai Yutang only recognizes Qin Chen, and he really has his reason."

"Fortunately, Senior Brother Bai Yutang didn't target Qin Chen, otherwise, I'm afraid it would be three senior brothers kneeling here."

Many disciples looked horrified and looked at Qin Chen as if they saw a devil. From the depths of their hearts, endless awe and fear emerged. In the Tianwu Continent, the strong is respected. Although Nan Tianyi, Feng Liuyun, and Bai Yutang entered the work of the sky first, they have left a strong majesty in the hearts of other disciples of this year, but at this moment, all the majesty is The smoke disappears,

In the eyes of everyone, only Qin Chen remained, turning into an invincible figure.

If someone now asks who is the chief disciple that Tianjiao recruited this time, there is no doubt that everyone will say it is Qin Chen, and there will be no second possibility.

The shadow of Qin Chen's invincibility has planted a deep mark in the hearts of everyone, and status and authority have begun to be established.

"You guys, who else would like to ask about Ben Shao's methods? It doesn't matter, even if he takes the shot, Ben Shao happens to be active."

Qin Chen said indifferently to the remaining Tianzuo disciples.

"Wow!"

All the disciples present were like hell, retreating crazily, and who would dare to come up and die.

"Master Qin Chen is mighty."

"Strong, this is the real Tianjiao. Compared with Senior Brother Qin Chen, Nan Tianyi and Senior Brother Feng Liuyun are nothing at all."

"Have you seen that even if Senior Brother Qin Chen is so powerful, after coming to work in Heaven, he will behave in a proper manner, motionless, not showing off his power at all. This is the real arrogance." Many people complimented. , In the heavens, everyone worships the strong. Qin Chen broke the rules of Tian's work at the beginning and provokes the anger of the people. He can't wait for people and gods to be angry, but Qin Chen defeated Nan Tianyi and Feng Liuyun, everyone immediately

Changing his tone and honoring him as Big Brother, as for Nan Tianyi and Feng Liuyun, they have long been forgotten.

Naked, nothing fancy.

"what!"

Nan Tianyi and Feng Liuyun knelt there, only feeling that their complexions were flushed, and their hearts were greatly humiliated. They knelt on the square, accepting pointers from many disciples, and watching.

This kind of shame and shame enveloped the hearts of the two of them, making them unable to lift their heads.

They knew that the power of their management was finally destroyed and became Qin Chen's stepping stone.

They can't wait to find a place to drill down on the spot, but they can't even commit suicide now.

Qin Chen's power completely imprisoned and sealed them, and they can only maintain the kneeling posture, as well as the movement of their minds. Other than that, no power can be used, and of course they cannot get up and move.

Seeing that no one came up, Qin Chen didn't make a sound, but continued to sit cross-legged, closing his eyes and resting.

He knew that if he made such a movement, he would naturally be known by the senior management of Tiangong, and then sent someone to come.

In fact, as Qin Chen expected, among the towers at this moment, the elders who have worked for countless days are going crazy, especially those strong men who support Nan Tianyi and Feng Liuyun, their eyes are red, and they can't wait to rush to Qin Chen. Severely suppressed.

They finally recruited and cultivated the world's arrogant talents, so they were defeated by Qin Chen, faceless.

If it hadn't been for the Great Elder to stop them, they would have been furious.

"Elder, Qin Chen is too much. As a disciple, he let his companion kneel on this square, lawless. I propose that he should be severely taught and punished severely."

An elder roared. "Hahaha, Elder Yunshi, it's too much. When Nan Tianyi and Feng Liuyun targeted Qin Chen before, I didn't say anything. Why do you have to punish others now that your people are dysfunctional? Tangtang Elder, a little measure Nothing at all, just fine

laugh. "

Master Konoha laughed, and he was so happy, he didn't expect that after Qin Chen had left, his strength improved so much. This time he worked the whole day, and his face was greatly changed.

[Chapter 2803: Heavenly Sage Peak](#)

"Master Konoha, you are presumptuous. This is your disciple. You have recruited such a character, lawless, and you will surely do harm to my work in the future. Elder, please let me take action and teach him a lesson. "

"Do you think that your Fengliuyun is not lawless? Relying on the identity of the Young Pavilion Master of Fengliuyun, it hasn't been long since your Fengliuyun entered the sky, but you have already taught many disciples, and I still listen Said that he also robbed some people's treasures, and he was also a disciple of Heavenly Work, and even grabbed the treasures. Isn't it more excessive than Qin Chen?"

Groups of elders are arguing.

"All right."

The elder squinted his eyes and spoke coldly. When he made a sound, no one was talking anymore.

"Konoha, go and bring in that Qin Chen, as well as Nan Tianyi and Feng Liuyun, who are also my disciples of Tian's work. It's a bit too much to kneel there, but this time, it's a lesson for them. , Temper and temper their xinxing, let them know what is outside and there are people outside, there are heaven outside the sky."

The elder's voice fell and he waved his hand gently.

Suddenly!

"Boom!"

On the square, an invisible force descended on Nan Tianyi and Feng Liuyun. The ancient aura on the bodies of Nan Tianyi and Feng Liuyun wanted to break the restriction, but when this force just came, Om, Nan Tianyi and Feng Liu The prohibition on the cloud suddenly burst out with a shocking atmosphere of ancient times, and he wanted to resist this force.

"what!"

In the emptiness, there was a startled voice immediately, and the next moment, that force fell.

Boom!

The endless ancient aura was immediately shattered, and the restraints on the bodies of Nan Tianyi and Feng Liuyun immediately made creaking sounds, and then exploded with a bang.

"What a strong force."

When Qin Chen raised his head, he felt the mighty force, with the supreme strength, even his own ridiculous aura could not be resisted completely.

This is a peerless master.

Qin Chen knew very well that with his current strength, even a Heavenly Sage giant at the mid-term peak of the Heavenly Sage, would never easily break the restriction set by him, but this powerful one just used it after a short time. The prohibition and tearing under the aura of the ancients, this method has surpassed the imagination of normal people.

Late Tiansheng!

Even stronger!

Qin Chen knew immediately that this was the top expert in the day's work.

Of course, if Qin Chen was willing, the other party would definitely not be able to break his prohibition so easily with just a holy energy, but since he is a master of heavenly work, Qin Chen's goal has been achieved, and naturally he will not regenerate branches.

"You guys, in this fight, you should also know what it means to be someone outside of a person. There is a person outside of the sky. Don't think that if you join Tianjiao, you can be arrogant. You are only slightly talented. In the future, where you can go, everything depends on yourselves."

"Nan Tianyi, Feng Liuyun, you two, go back and reflect on it."

The rumbling roar resounded over the square, losing their restraints, Nan Tianyi and Feng Liuyun's complexion flushed, and they didn't dare to stay anymore. They didn't even have the courage to stare at Qin Chen, but they quickly turned into escape light and disappeared.

"Qin Chen, hahaha, you are good."

At the same time, a figure flew out from the high tower in front, and it was Elder Konoha, with a smile on his face, and fell suddenly in front of Qin Chen.

"Elder Konoha."

Qin Chen immediately got up and saluted. He knew that Elder Konoha had done a lot for him, and Bai Yutang was also saluting. Elder Konoha was the one who led them into the work of heaven, and he could be regarded as their guide.

"Haha, good, good, come with me."

Elder Konoha led the way for Qin Chen, and at the same time said in a voice transmission: "The Great Elder wants to see you."

"Elder?"

Qin Chen moved in his heart, but quietly followed behind Elder Konoha.

Seeing Qin Chen leave, all the disciples in the square breathed a sigh of relief.

Following Elder Konoha, Qin Chen flew directly into the high tower in front of him without any emotional fluctuations.

As soon as he entered the tower, Qin Chen knew the vastness of the tower in front of him. Each layer of the tower was like a kingdom, vast and mighty, luckily it was carried by the elder Konoha, otherwise he would let him come in alone. , And even get lost.

Moreover, there are countless prohibitions in this high tower, which is extremely terrifying.

"Qin Chen, the great elder was holding an elders meeting before. After a while, you will see a lot of elders and the great elders I work for. You must be respectful." Elder Konoha reminded as he flew by.

"Don't worry, Elder Konoha, I know what to do." Qin Chen nodded.

The next moment, hum.

The two shuttled through a void, and came to a magnificent hall.

In the hall, there are many strong men wearing apothecary robes, and each body exudes an astonishing aura. The weakest among them are all the strong men at the peak of the mid-term Heavenly Sage, and there are many others. It was so strong that Qin Chen couldn't see through it at a glance.

These people are all elders with real power and work just like Master Konoha.

It is impossible for elders without real power to participate in this kind of elder meeting.

And at the very front of the hall, sits an old man wearing a large robe with a withered face and extremely long eyebrows. On the old man, the heavenly sacred breath has turned into a heavy kingdom. In the kingdom, there seems to be a respectable person. Gods and demons are practicing, expounding the profound meaning of heaven.

This is terrifying.

The first glance this old man gave Qin Chen was that it was powerful and unmatched.

Moreover, the aura on the opponent's body also made Qin Chen react. This person was the great elder who rescued Nan Tianyi and Feng Liuyun before.

If it were the first time to come to the heavens, Qin Chen would definitely be trembling when he saw such a strong man, and would even be too scared to stand up.

But now Qin Chen has seen the Lord Yama, the Lord of the Eternal Sword, the Lord of the Desolate God, and the Nine-Tailed Heavenly Fox, and even felt the breath of the Demon Tree of Ten Thousand Realms, but the breath that this great elder exudes is unrelenting. Do not move, do not move.

Although this old man is strong and faint, in his breath, there is a kind of extraordinary good fortune, as if it can come through the air. The unmatched power that blasted him.

But it was still the cultivation base of the Heavenly Sage, unable to make Qin Chen fear from the depths of his soul.

"Awesome, is this the big man of Tianzuo? Late Tiansheng? No, it may even be the peak of Tiansheng's later stage. I didn't think that it was just a branch of Tianzuo in Guanghan Palace. There were such strong people, and it was just a supervisor. The chief elder of affairs is not the real minister of the Guanghan Futian work branch, so how strong will this minister of Guanghan Futian work?"

"Even, for such a large institution, there must be elders, or worship in seclusion, etc. This is only a branch of Guanghan Mansion. No wonder Tianjiao has such a momentum in the entire celestial realm."

[Chapter 2804: Provoke the elders](#)

Qin Chen felt that he had opened his eyes. He thought that he was already invincible. He could suppress the mid-term Heavenly Sage powerhouse and defeat the mid-term Heavenly Sage peak. But after seeing the many elders and great elders present, Qin Chen understood, I am in Guangzhou

In the Han Mansion, he can't be regarded as a real powerhouse.

Therefore, he immediately converged his mind, became humble, and aroused the desire to practice.

Moreover, from the body of the great elder, he felt a lot of things worth learning from, combined with the experience of the eternal sword master, vaguely saw a path that belonged to him.

"Great Elder, Qin Chen brought it."

Master Muye took Qin Chen to salute in a hurry. In the heavenly work, the position of the elder was much higher than that of him, and his strength was in the sky and the underground.

"You are Qin Chen? As expected, the hero was born a teenager." The elder opened his eyes, as if there was a divine light, his voice came faintly.

"Meet the great elder." Qin Chen saluted. For the great elder, he still maintained enough etiquette.

"Well, very good, you are fine. I heard that you broke into the ninth floor of the ancient sacred tower. Originally, the old man didn't believe it. When I see it now, it is really extraordinary." The elder said: "I have seen you in On the square, Nan Tian and Feng Liuyun kneel down

Things, do you know why we don't stop you from doing it? "

"Because you elders hope to compete. Only through competition can we cultivate strong people. Our daily job is an organization that fights against the demons. Naturally, we hope to cultivate more strong people." Qin Chen straightened his body. "Furthermore, I did this to kill their anger, which is beneficial and harmless. Otherwise, with their arrogant personality, after going out, they will definitely conflict with other forces, die unfavorably, and even give

Our daily work brings disasters, and the disciples let them kneel down, but also to dissipate their arrogance, let them know what it means to be outsiders, there are heavens outside the world, it is a good thing. "

Qin Chen said neither overbearing nor overbearing.

by!

All the elders in the audience were dizzy. This Qin Chen still had the face to say that Nan Tianyi and Feng Liuyun were arrogant. Compared with your personality, you simply didn't know much. "Qin Chen, you are the one who is really arrogant?" An elder angered and couldn't help but sipped coldly: "What a humiliation and how arrogant and overbearing this is to let Nan Tianyi and Feng Liuyun kneel on the ground. Personality, if you go to the outside world, it also means

How much trouble it will cause Tianjiao, let us use Tianjiao to save you, don't you know it wrong? "

"Yes, lawless, breaking the rules, having no respect, and dare to argue?"

The other elder also roared.

It was the two elders who recruited Nan Tianyi and Feng Liuyun.

"I will cause trouble for Tian's job? Let you help me? Hahaha!"

Unexpectedly, Qin Chen laughed suddenly.

"Why are you laughing?"

The other elders didn't know why Qin Chen was laughing, and the two elders couldn't help being angry.

"I laughed that the two elders were questioning my arrogant and overbearing character. It seemed that the two elders didn't even know who I was."

"What are you like?" "Didn't the two elders ask me why Nan Tianyi and Feng Liuyun's arrogant and overbearing dominance would bring disasters to Tianjiao and need to kill my arrogance, but I can't?" Qin Chen smiled coldly: "Because In this world, there is no arrogant stronger than me, I just

It is the person who is outside the human being, and the sky is outside the sky, even if there is a conflict in the outside world, it will not cause trouble to the work of heaven, but will only bring glory. "

Hit out with one word.

The audience was shocked.

mad!

Too arrogant!

In the face of the great elders and the many elders of Tiangong, Qin Chen is not weak at all, strong and tit-for-tat, showing endless arrogance and arrogance.

"Presumptuous, too presumptuous, Qin Chen, do you know what you are talking about? It will only bring glory to the work of heaven? It is ridiculous, I have heard such a funny thing for the first time in tens of thousands of years. I am arrogant." Elder Marble bowed his hand to the elder, and said angrily: "Elder, this kid is too rampant and lawless. If such a person joins my daily work, it will only be a curse. The old man proposed to expel him. Work, such a lunatic, to me

Day work is just a disaster. "

"Elder Marble, you are too much." Master Konoha stood up immediately and said angrily.

"What is too much, listen to what this kid is saying, lawless, it's lawless." Elder Marble roared again and again.

"Qin Chen, what do you think?" The elder remained silent, just looking at Qin Chen. "What do I think?" Qin Chen sneered: "Great Elder, I don't blame this Elder Marble. After all, Elder Marble has been practicing for tens of thousands of years, and he is just a giant at the peak of the mid-term Heavenly Sage. He probably will always Won't understand me like this

How strong Tianjiao is, what will I bring to Tianjiao? After all, how can the ant think about the dragon, and how can the frog know the vastness of the sky, so I don't blame him, just pity him. "

Pity him?

All the elders fainted, their eyes rounded.

Is this Qin Chen's brain abnormal? He is a newly promoted disciple who works every day, and he is pitying an elder who works every day and has real power. Doesn't he know what the elders ask for?

To become a powerful elder, the middle stage of the heavenly sage is the most basic cultivation level. Secondly, you must be able to refine the holy soldiers above the middle stage of the celestial rank, and make great contributions to the heavenly work and accumulate countless mission points before they can be given to the elders. Possible.

Although Elder Marble is one of the weakest elders with real power in the work of the sky, he is the elder with real power after all, and he was even despised by a disciple. This face is a shame.

Arrogant!

arrogant!

I don't know how high the sky is.

All the elders aroused the heart of the same enemy.

"Boy, what are you talking about?" Elder Marble rumbling, rose up, his body erupted with endless majesty, and the terrifying breath of the mid-term peak law of Heavenly Sage suddenly swept towards Qin Chen, as if the end is coming.

"Do you think that if you suppress Nantianyi and Fengliuyun, you can be indifferent and slander the old man? An ant like you can kill you with one move."

Elder Marble roared, his anger burning like never before. "Kill Ben Shao with one move? Well, it's a well frog, I don't know how big the sky is. Don't say a move to kill me, Ben Shao is standing here today, you can do it, within one move, If you can hurt Ben Shao, then Ben Shao will quit Tiangong directly

Do, leave it to your disposal, would you dare to give it a try? "

Qin Chen said proudly, standing upright all of a sudden.

"You, you..." All the elders looked at Qin Chen in disbelief, only thinking that Qin Chen was mad and he was actually challenging a real power elder.

[Chapter 2805: Keep one hand](#)

"Good boy, you are looking for death."

Elder Marble roared and rushed violently. The Master Konoha on the side was about to stop him, but was transmitted by the great elder to persuade him to retreat. The great elder's eyes flickered, and he looked at Qin Chen again and again, calmly, as if Watch the fire on the other side.

"This Qin Chen..."

Master Muye's heart was about to collapse. Elder Marble was not Nan Tianyi and Feng Liuyun, Qin Chen was too supportive.

He could only stare at him, as long as Qin Chen was in danger, he would take action immediately to rescue Qin Chen.

boom!

Everyone saw that the elder Marble made a move. As soon as this elder with real power made a move, the situation changed, and the magical powers shook and exploded, strangling them into the shape of a giant dragon, and roaring at Qin Chen.

Boom!

Almost everyone backed off under this breath. Fortunately, those present were all elder masters. If they were replaced by ordinary disciples, in the aftermath, countless disciples would be shocked and violent on the spot. shoot.

In order to defeat Qin Chen with a single move, Elder Yunshi didn't keep a little bit of his hand at all, unfolding his true strength.

Strong!

Incredibly strong!

His Saint Yuan, centered on itself, presents concentric circles one by one, spreading outward like ripples.

This is the terrifying power at the peak of the Celestial Mid-term.

At this moment, Elder Marble was like an undefeated demon god, standing on the spot, the magical powers of Taoism with both hands filled the whole hall, a vast, rumbling roar. However, Qin Chen didn't move. His body stood upright, and waves of the ancient aura agitated in his body. His body seemed to have become the body of a **** and a demon, and the countless laws and ancient rules flowed in power. Rock-like, formed

After a layer of terrifying defense, he abruptly carried the attack of Elder Marble.

Boom! Qin Chen's body is like a rock under a waterfall. It hasn't moved for hundreds of millions of years. Elder Marble's terror attack impacted on him and disappeared without a trace. Instead, his body began to swell, and his body surface The gloss on it becomes deeper and deeper
, Mighty, invincible.

However, Elder Marble's attack was too strong, and Qin Chen's lustre flickered, and he was constantly being consumed, finally.

boom! He was shocked and flew out, but when his body was flying upside down, he was constantly killing off the attacks of the elders of meteorites. In the end, when Qin Chen's body was completely wiped out, the elders of Marbles attacked. Finally disappeared

Yun San.

"what?"

"This Qin Chen actually blocked it?"

"What kind of exercise is this?"

"impossible!"

The many elders were all shocked, all stunned, even worse than the disciples in the square before.

"This kind of wild ancient aura... seems to be the power in the wild ancient ruins of the dead spirit realm. It has never been absorbed by anyone, so why does it appear in him."

"Too strong, what defense is this?"

"It's only a little bit. If Elder Marble's strength is stronger, he will be hurt, but unfortunately, it is still blocked."

Many elders roared again and again. "Elder Marble, I said, your power is impossible to even hurt me, so you can't understand me, because I'm a real pride, and you, just an ordinary person, have ordinary opportunities. , I got here fortunately

One step, you never understand, what I will bring to Tianjiao. "

Qin Chen said, standing in the void.

In fact, he can completely withstand the attacks of Elder Marble, but, in order to be too prominent, he deliberately pretended to exhaust the last trace of strength.

"I don't believe it, my marble will not defeat you."

Elder Marble roared, "Your defense is strong, but it's just imaginary. I am the peak giant in the mid-Sage Sage. As long as you destroy your will, I can defeat you."

A terrifying sharp light burst out of the elder Marble's eyes, and countless laws of power soared into the sky, surrounding Qin Chen, condensing into a large formation, and strangling inward.

He was angry and didn't want to believe that he was inferior to Qin Chen.

"Origin magical power!"

Faced with another attack from Elder Marble, Qin Chen sneered, turned from defense to offense, and suddenly used a punch. It was his most terrifying source of magic.

Suddenly, the origin of one world after another appeared. The civilization of the heavens, the grand epic, seemed to come out of the endless void, flickering one by one.

The Tiangong elders present seemed to have seen the origin of the heavens and the reincarnation of all things, and they wanted to be immersed in it and follow the reincarnation of the origin.

This is the terrible origin of Qin Chen's supernatural powers.

"Not good!" Elder Marble's expression changed. Suddenly, a gray-brown armor appeared on his body, covering himself and protecting himself from being violated. He did not expect that Qin Chen's punch would be so fierce. In between, let his soul sink

, Caught in endless reincarnation.

With just one punch, what is powerful is not Shengyuan, not strength, but a punch. Elder Marble felt as if he was isolated between the heavens and the earth, becoming a trivial thing in the origin of all things, disappearing with the reincarnation of the heavens and the earth, in this mood, he deeply felt his own insignificance, and his mind began

A crack appeared.

Invincible fist!

Origin supernatural power!

Qin Chen's punch brought his strongest artistic conception, especially the experience taught to him by the Eternal Sword Master, and it was much stronger than when he first created the Origin Supernatural Power.

boom!

Two terrifying forces collided, endless explosions swept across, the void oscillated, the sun and the moon shattered, and the earth was reborn.

The entire tower will collapse under this blow.

Of course, this is just an illusion.

The two masters fought each other in this hall, and the power spread out. If it weren't intercepted by the hall prohibition, they didn't know how much space would be destroyed and how much existed.

Fortunately, those present are all top masters. Otherwise, if you are here as a Nantian first-class disciple, I am afraid that they can be killed and wiped out by the aftermath.

Bang bang bang!

With all eyes in sight, Qin Chen took seven steps backwards and finally stabilized his figure, but Elder Marble was not well, and he stepped backwards five steps in a row before finally stopping.

The two were evenly matched.

"hateful!"

Elder Marble is crazy and wants to take another shot.

"enough!"

Suddenly, a cold drink sounded.

It's the Great Elder!

Boom!

He waved his hand, and suddenly an endless horrible force fell. Qin Chen only felt that an unrivaled force swept through and suppressed him. He immediately restrained his breath and stepped aside.

Anyway, he was just proving himself, even when he was playing against Elder Marble, he deliberately kept a hand.

The Elder Marble was also firmly suppressed, unable to move.

"Elder, you let me dispose of this kid. This kid has a weird background. He has only broken through the Heavenly Sage, but his strength is so strong. I now suspect that he may be the spy of the Demon Race."

Elder Marble roared frantically, turning anger into anger, and his face flushed. This is a dirty method.

"Elder Marble, enough!"

The icy voice of the great elder came, and the elder Marble paled, and all of his spirits suddenly vented, and he was depressed.

"All of you retreat, Konoha, Qin Chen, you two stay." The elder said coldly.

[Chapter 2808: Report](#)

When the other elders didn't dare to disobey the great elder, they immediately left, and before leaving, the elder Marble gave Qin Chen a fierce look.

His face was lost.

"Elder!" After the others left, Master Konoha hurriedly said: "Qin Chen is arrogant, but because he is too young, the young man should be a bit aggressive. Please don't take it seriously. ."

He was pleading with Qin Chen.

"Huh?" The elder nodded and looked at Qin Chen with a smile. Amidst the darkness, a powerful force lingered, his eyes fixed on Qin Chen.

"The art of patching the sky, evolving the sky, stealing the sky!"

Qin Chen had mentioned all the sacred origins long ago, covered his body aura, and tried his best to condense the origin of everyone's heavenly sacred laws, hiding the treasures in the Five Secrets, and substituting them into the role of an overbearing and arrogant disciple.

The elder's gaze didn't have the slightest temptation, he was just observing Qin Chen's power, but there was a terrifying power to see through anyone's heart. "Okay, very good. In the early days of Heavenly Sage, even the initial peak is still a little bit short. I heard Konoha say that when you participated in my daily work assessment, you were just a half-step Heavenly Sage peak martial artist. The cultivation of daily work, since

He has been promoted to Heavenly Sage, which has been rare in the past. "Especially you, Qin Chen, I have already seen your suppression of Nan Tianyi, Feng Liuyun, and the fight against Elder Marble. Originally, I heard Konoha report that when you were in Yunzhou, you used a half-step Tiansheng The peak cultivation base can actually kill Yunzhou

The master of Yundong Gwangju, originally shocked me. I never thought that after you break through the realm of Heavenly Sage, you will be able to fight against Elder Marble. I want to come to you and have another adventure during this time. "The great elder watched for a long time, then retracted his gaze, and exclaimed: "If I'm not mistaken, the aura on you should be the strength of the barren ancients in the barren ancient ruins in the Necrosphere, and it is very condensed, even condensing a legend. The ancient body

, Did you go to the deserted ruins for a while? "

This elder had a very vicious look, and he could see how powerful Qin Chen was, especially since Qin Chen was able to withstand the attacks of Elder Marble before. That powerful body was very similar to the legendary elder body.

This is a rumored physique.

"Back to the Great Elder, the disciple did indeed go to the dead soul realm, and entered the deserted ancient ruins, and got some adventures."

Qin Chen said. "No wonder you went to the desolate ancient ruins, and you also got the adventure in the desolate ancient ruins. There are also some records in the historical materials of my work in the desolate ancient ruins. It is rumored that it is a forbidden place left by a special race among the ten thousand races in the ancient heaven. There are many dangers in it. For countless years, many strong people have broken into it, all of them have been defeated, even severely injured, and some sky-reaching strong people have entered it, and they are unable to find the root of the desolate ancient ruins. Unexpectedly, you actually got it in it. odd

Encounter. "

The elder sighed and said.

"Hush..." Qin Chen breathed a sigh of relief. Although he relies a lot now, he is also a little wary in front of the master elder. If the other party spies out the abnormal changes in his body, it will bring him a lot. Trouble, at least it will expose

Many things.

"Hey!" The Great Elder sighed again: "The Desolate Ancient Race was considered a powerful race in the ancient times, but it eventually exterminated the clan and died. Moreover, the desolate ancient ruins are full of dangers, and this desolate ancient aura cannot be absorbed by the warrior. Absorbed into the body, even

Even if the body explodes and die, what's more, there are many forces and masters in the deserted ancient ruins, and they can't find the adventures in them. How can you get the adventures when you were a half-step heavenly saint? "

The Grand Elder is still asking. Qin Chen's eyes flashed, many thoughts came out, and he suddenly said: "The great elder doesn't know anything. I have practiced a body-building exercise, which is quite similar to this ancient aura. At that time, I entered the ancient aura. Later, I discovered that my physical exercises could be inspired by this wild ancient aura. Therefore, although there were many masters chasing me in the wild ancient ruins at that time, the disciple relied on this practice to break into the wild ancient ruins. The desolate ancient city in the depths, and I feel the ground

There is a special summoning power at the bottom. "The disciple entered it carefully, but came to a mysterious space. There was the legacy of a strong man from the ancient desolate tribe. The strong man washed my flesh, trained the body of the desolate ancient body, and taught the ancient supernatural powers, so the disciple To be safe

Unharmmed, eventually breaking through, physical invincibility. "

Qin Chen explained the half truth. He knows that his own strength performance has been a little too much, but if he wants to save You Qianxue and the others, he must hurry up and get the attention of Tianwork. If he wants to get attention, he can only show the talent that shocks the world. weight need.

A Tianjiao who has just broken through the realm of Heavenly Sage and can fight against the mid-term peak of Heavenly Sage will make the entire Heavenly Work Division pay attention to it.

"Oh? Special exercises?"

The elder frowned.

"Great Elder, this is this technique." Qin Chen kept his expressions, and took out the Immortal Eucharist. Anyway, the Immortal Eucharist is a body-refining method of the lower than the mortal sage, even if it is spread in the heaven, I'm not afraid of anything, and, as the elder, I would never do this kind of

Things to talk about. The great elder just looked at it, and he was surprised: "Hey, this exercise is really interesting. It seems to have something in common with the wild ancient spirit of the wild ancient clan. However, it is essentially the practice of our human race. Is it a certain body refiner

Can it be created? No wonder..."

The great elder suddenly, with his vision, naturally can see the extraordinary of the Immortal Eucharist.

It's a pity that the Immortal Eucharist is just a small mortal technique, and it has little effect on people like him.

"The disciple only discovered the special of this technique after entering the deserted ancient ruins." Qin Chen smiled bitterly.

"In this way, it seems that it is indeed your chance." The elder sighed and said, "If I guessed correctly, what you got should be the inheritance of a certain Heaven-defying Heavenly Sage of the Wild Ancient Race. After you broke through, did you continue to go deeper? Investigate?"

"No, after I got the inheritance, I drove out of the deserted ancient ruins, because the disciple had to come to work and report. As for going to the dead spirit realm, it was just to complete a private matter." Qin Chen said. "Fortunately, you did not go deeper. The deserted ancient ruins are the relics of the deserted ancient tribe. Among the deserted ancient tribe, there have been top saints who have appeared. If you continue to go deeper, you may break into the prohibitions and traps of those characters. In. Otherwise, you think that the masters in the big mansions near the Necro Realm, why no one enters the deserted ancient ruins to grab treasure? It is because the place is too dangerous, even if the old man goes, I will die."

[Chapter 2810: What kind of senior](#)

Qin Chen was still wearing ordinary clothes, fell down all of a sudden, walked straight into the hall, and reported.

"Hey, who is this person, I haven't seen it before, is it a newcomer to our daily work?"

"If you are a newcomer, you should all be receiving training? Look at his clothes, he doesn't look like a refiner, is it a member of the warrior department, but the warrior department is receiving training in the forbidden area, it is impossible to come out." That's a newcomer to the Refining Division, but the newcomers to the Refining Division have just finished training and are now ready to come over to take up the task? Isn't it too arrogant? Huh, I want to work in heaven to earn contribution points, but Not so easy, the best way is

It's really refining the Saint Soldiers and selling them to Tianjiao in exchange for contribution points. Everything else is dangerous. "I've heard that among the new recruits this time, there are a few awesome characters, Nan Tianyi, the elder son of the Nan clan, Feng Liuyun, the young master of Fengyun Pavilion, and Bai Yu, the young master of Treasure Hall. Tang, have already broken through the realm of Heavenly Sage, so

The character, can come to take the task, is this one of the three? "

"Huh? I can't see through the cultivation base of this child. It's kind of interesting. Is it really one of these three arrogances?"

The people who worked for many days saw Qin Chen and immediately cast their eyes on him and talked a lot, but everyone was busy, just guessing, and they were all busy with their own affairs.

In the hall, there are counters, and people are busy at each counter.

Tianjiao is a huge organization. There are warriors department, refining division, alchemy refining department, materials department, etc., but apart from refining division, which is the most important, all others are subsidiary forces, but each is incomparable. busy.

This is like a huge machine, in operation.

Qin Chen didn't look too much, and went straight to a counter, preparing to take out the token and report.

"Hey, kid, step aside for me and let the old man come first to hand in the task."

Suddenly, a cold drink sounded, and an old man with a starry eyebrow, who was behind Qin Chen before, appeared in front of Qin Chen in a flash, holding a bag in his hand, and threw it with a snap. On the counter. In the bag, a round human head rolled out. The head was messed up. His eyes were round and his face was distorted. It exudes the aura of the heavenly sage. It turned out to be a heavenly sage master with a cloud of yin and yang flames on the center of his eyebrows. under

He removed his head and threw it directly on the counter.

"This is... According to the rumors, the demon in the sea of Yin and Yang near Guanghan Mansion, the Lord of Yin and Yang!" "The Sea of Yin and Yang is a strange place, in which Yin and Yang are reversed, and when the sun and the moon are reversed, energy will be converted. Unpredictable majesty, which is vast and boundless, there are many bandits, and the devil is prosperous. This yin and yang prince is a famous one in the sea of yin and yang.

The head of the demon, arranging one side, endangering the nearby state, has now been decapitated.

"It's Senior Brother Chimei. Brother Chimei was a member of the Heavenly Work Martial Arts Department who joined five thousand years ago. He is now a peak master in the middle of the Heavenly Sage. It is rumored that Senior Brother Chimei has a fiery pupil in his cultivation, which can break the yin and yang energy. No wonder he can kill. Kill the yin and yang prince and bring it back directly

Lost his head. "Awesome, because many bandits and demon heads in the Yin Yang Sea united with each other to form an alliance. One person was killed and the others had to avenge him. So few people were willing to go to Yin Yang Sea to perform tasks. We used to have martial arts disciples. Entered the Yin

Yang Sea to perform the task, and was killed by the Yin and Yang Langjun. If I remember correctly, the task of killing Yin and Yang Langjun has been in our work for thousands of years, right? This task has a full 30,000 points and can be exchanged for one

A good celestial saint. "

"Yeah, I used to have many masters who have taken this task in my daily work, but they have not succeeded. This time Brother Chimei took the task half a year ago, and finally killed the dog."

For many days, the masters who were present at the scene exclaimed, showing surprise.

The old man with red eyebrows seemed very satisfied with what others thought of him, very proud.

"What? Chimei, you killed the yin and yang Langjun! This is his head? Very good! Very good! You have made a huge contribution to our daily work." The manager on the counter saw this and was surprised. Rong, carefully looked at this head and found that it was indeed the Lord of Yin and Yang, and immediately began to record: "Wait a moment, I will immediately report the news of you killing the Lord of Yin and Yang to the upper level, as long as the verification is passed.

After that, your points will be credited, a total of 30,000 points. "

"In addition, you can still get rewards from Guanghan Mansion. You know, this person is also a wanted criminal in the nearby provinces. There should be a lot of rewards on the wanted list. Don't worry, the work day will do it for you. Processing will not miss any point."

This manager is very enthusiastic. "Thank you for the stewardship, then." The red-browed old man smiled. The stewardship in the holy island is actually only in the middle of the heavenly sage, or the peak of the middle stage, and there is no room for improvement. To the elder, and he,

There is a future, there is hope. "Hey, this time Brother Red Eyebrow is a big profit. I remember that the strongest yin and yang Lord is the yin and yang soul fire he practiced in the Soul Sea. A soul fire mark is formed on the center of his eyebrows, which can smelt the soul, Senior Brother Red Eyebrow. Killed the opponent, Yin Yang Langjun sacrificed

Tens of thousands of years of yin and yang soul fire must have been obtained by Senior Brother Chimei, plus the rewards of Heaven's Work and the rewards of various houses, this is a big deal. "

"Awesome, with one shot, you can earn treasures that ordinary people can't earn for a lifetime."

"Only Brother Chimei can do it, we can only be jealous."

Many people are saying.

Amidst everyone's amazement, the red-browed old man was calm and a little self-satisfied, while the steward on the counter began to send information, and verified the head of Yin Yang Langjun, and reported the news in an orderly manner.

But Qin Chen frowned.

"I said, this manager, isn't there one here that comes first and then arrives? Shouldn't I deal with Ben Shao first?" Qin Chen said coldly.

What Qin Chen lacks most now is time. To rescue Qianxue and Ruyue and rush back to Tianwu Continent, there are too many things for him to do. After the other party's verification is completed, who knows how long it will take?

He can't wait for a moment.

As soon as Qin Chen said this, the whole audience was silent. Everyone looked at Qin Chen in astonishment. What's wrong with this young man? How dare to speak like this?

The manager was also stunned.

"Ok?"

The old man with red eyebrows darkened even more, turning his head to look.

Shit! Qin Chen felt bursts of invisible flames, and he felt like he was in a peerless pill furnace, suffering in the furnace of heaven and earth.
