Chapter 281

When the people of the Zhao family in Lingnan entered the royal capital.

It is hundreds of miles away from the capital.

Several powerful men with extraordinary aura were looking coldly at King Daqi in the distance, with a cold expression on their faces.

These people, wearing uniform costumes, have extraordinary aura, standing proudly there, trying to pierce the sky, they are even more terrifying than the Zhao family before.

"Master Sect Master, the King of Qi is in front of him."

One of the old men, bowing to the leading middle-aged man, was actually Ling Zhong, the elder of the Guixian Sect in the Demon Ancestor Mountain Range.

"Elder Ling Zhong, my son was indeed killed by this great Qi State disciple Qin Feng?"

Squinting his eyes, the leading middle-aged man looked cold and gloomy, as if dripping water.

His face is long and narrow, extremely dark, and at first glance, it gives a sense of ferocity and chills.

"Back to the Sect Master, I can't go wrong. Even if it was not killed by Qin Feng of the great Qi State, it was also killed by Qin Chen of the great Qi State. In short, the murderer was between the two.

Elder Ling Zhong lowered his head and said nervously.

A cold glance at Ling Zhong, the middle-aged man was indifferent, and in his tone, he exuded a cold air: "This time the incident is over, after taking revenge for my son, Elder Ling Zhong, you will confine me in Wangui Cave. The month is dead or alive, it depends on your good fortune."

"Pump!"

Elder Ling Zhong hurriedly knelt down with a panic expression: "Yes, suzerain, the subordinates should die if they convict themselves. The suzerain does not kill a large number of them, and the subordinates are grateful."

But his heart is full of suffering, Ten Thousand Ghosts Cave, that is the most terrifying forbidden place for the Guixian Sect. Once inside, he will have to endure the suffering of the ghosts, and few people can persist without death for a month.

But even so, it is better than being brutally killed by the suzerain.

"Sect Master, you said that this time we were making trouble with the King of Daqi, that Zhao Gao of the Great Qi Kingdom would really ignore it?" An elder of the Guixian faction couldn't help but speak.

"Huh, don't worry." Nian Shuo smiled coldly: "Zhao Gao, this person, this sect knows very well, and forgive him that he will not be a disciple, and I will tear his face with my ghosts, otherwise, he will be a big country How can you stand up in this northwestern land if you have suffered from the enemy."

"Elder Li Yang, even if the Great Qi State really wants to be an enemy of me, let him do it. I will be prepared for this coming this time, and I am afraid that Zhao Gao will not do it."

"That's right, the disciple of the Qin family of the great Qi country dare to kill my young master of the Guixian Sect. This matter must not be relinquished and must be paid for by blood. Otherwise, everyone will think that my Guixian Sect is good for bullying."

"No matter who kills the young master, this time, he will die."

The other elders of the Guixian faction all drank coldly, with hideous meanings on their faces.

"go!"

At the moment, this group of strong men swiftly swept towards the capital of the Great Qi State.

Gejiazu Temple in the forbidden area.

Qin Chen is intensively studying the prohibition.

The above restrictions are very obscure and difficult. The more you study, you feel like you have entered a huge maze, you can't find a way out, and you have little clue.

In fact, the function of this prohibition is to screen talented martial artists who have reached Tier 3 or higher and are under the age of twenty. According to Qin Chen's conditions, they can pass the prohibition assessment without having to crack such a complicated prohibition.

However, as a 9th-order formation master in the previous life, Qin Chen faced such a restriction, naturally there would be an urge to see the hunt and want to understand it thoroughly.

He had never seen this kind of restriction in his previous life. Once he realized it, it would not only break a restriction, it would also greatly improve his cultivation in restriction and formation.

However, this prohibition is very strange, no matter how Qin Chen analyzes, he still can't figure it out.

"This prohibition is too weird. It is completely different from the normal prohibition. It should belong to another faction, and the rank is very high. Who arranged it?"

The more he studied, the more shocked Qin Chen was. The prohibition in front of him was very ordinary. Although it was obscure, it was actually not large, but it gave him a sense of vastness. This is definitely not something that Tier 9 prohibition can achieve.

"Could it be that this restriction is the legendary holy restriction?"

Taking a breath of air, Qin Chen's expression became more solemn. If the restriction in front of him really exceeds the ninth-level restriction, how terrible is the dragon-shaped jade sealed in it?

"No, if I continue to study like this, in another ten years, I may not be able to figure out the structure of this prohibition. I must analyze it from another angle."

Taking a deep breath, Qin Chen's mind cleared.

"Any restriction, if you want to maintain operation, just like a formation, it needs an energy source. I can start from this aspect..."

After pondering for a moment, Qin Chen looked for an entry point and continued to study.

Although he is far from his previous life in terms of mental power, the true energy of the Nine Star God Emperor Jue cultivated in this life is purer than the true energy of the previous life, and it is more perfect for any formations and restrictions infiltration.

Sure enough, after some research, Qin Chen found an entry point.

The complicated and obscure restrictions in front of him gradually dissipated the fog, like a veil, which was gradually unraveled by him.

"It turned out to be so."

After half an hour, Qin Chen finally peeped through the main structure of the restriction, and couldn't help but breathe in the air.

I saw that there were only a few forbidden patterns in front of me. It was very simple and simple, but there was a sense of great simplicity. Numerous changes were converged to form a huge and complex restriction.

"This is the real prohibition, this is the real avenue."

Short of breath, Qin Chen's face flushed.

In his previous life, he was a ninth-order formation master, and all the restrictions were almost without secrets in front of him, as if a road had reached the end, and he did not know how to proceed.

But now, there seemed to be light flashing in his mind, removing the darkness, and a brand new door opened before his eyes, revealing a way to a higher place.

This time the Ge family's trip, even if there were no other gains, the perception of this restriction alone was enough to transform Qin Chen and obtain a huge gain.

"How come Qin Chen hasn't come out yet?"

"What are you doing in there?"

"Isn't it because I didn't get the treasure, I was so angry that I didn't want to come out, and I slept in?"

Seeing Qin Chen's delay in coming out of the forbidden ground, the many elders of the Ge family outside, anxiously frowned.

But they couldn't get in.

The ancestors of the Ge family were afraid that the disciples who participated in the assessment would be disturbed. After setting up such a formation, they had to wait for the previous ones to come out, and other talents might enter again.

Otherwise, for so long, someone would have been rushing in.

"Then Qin Chen, isn't he planning to live in it?"

Many elders of the Ge family looked at each other, speechless, anxious like ants on a hot pot.

"Om!"

At this time, Qin Chen finally broke the restriction.

As soon as he entered the altar, the pulsating dragon-shaped precious jade suddenly seemed to be alive, and instantly fell into Qin Chen's hands.

A strong soul nourishing power came.

"Look at this gem first, is it a dragon soul jade?"

As soon as the spirit moved, Qin Chen used his spiritual power for the first time, infiltrating the real dragon and precious jade, and proceeded to explore.

Chapter 282: Take home

"Buzz!"

As soon as the spiritual power entered the real dragon jade, Qin Chen immediately felt a powerful soul force emanating from the real dragon jade pendant.

This soul power is extremely pure, like an unpolluted ocean, making Qin Chen's soul feel extremely comfortable and wandering in it.

At the same time, Si Si's soul power was actually strengthening Qin Chen's soul little by little.

"hiss!"

"What kind of gem is this?"

Qin Chen was shocked, could it subtly enhance his soul power, could it be the legendary dragon soul jade?

The Dragon Soul Jade only exists in legends, so even if he got such a precious jade, Qin Chen still couldn't tell whether it was the Dragon Soul Jade or not.

Can only make some guesses based on his attributes.

Instinctively, Qin Chen's soul power began to absorb the soul power in this jade pendant, as if a person who had been hungry for countless days saw a table full of delicious food, and there was a strong temptation.

"No, it's better to do some research before you figure out the origin of this jade pendant."

Resisting the power of temptation, Qin Chen stopped absorbing his soul power and was about to withdraw his soul power.

But at this moment...

There was a strong sense of crisis in Qin Chen's mind, and the whole person seemed to be in a cold ice field, being stared at by a prehistoric beast, and a lot of goosebumps aroused all over his body.

"not good!"

Although he didn't know what happened, Qin Chen's reaction was so fast, his pupils shrank suddenly, and he subconsciously threw out the real dragon jade pendant in his hand.

But at this moment, the real dragon jade pendant ignited and turned into an invisible black soul flame, rushing towards Qin Chen's eyebrows.

"Damn."

Qin Chen was shocked, his face was ashen, the dragon-shaped jade pendant in front of him, what kind of jade pendant was, but turned into an invisible phantom, exuding a heart-pounding aura.

"Tianyanshu - Heaven and Earth Ban!"

The mental power in his mind was suddenly activated, and a series of obscure spiritual runes suddenly appeared around Qin Chen's body, like snowflakes in the sky, gathered in his right hand and spun frantically.

These spiritual runes, in the rotation, turned into a large circular formation. Each rune was like a chain, constantly rotating, containing a great aura of the Great Dao, blocking the black aura all at once.

"Buzz!"

But it was useless, the black aura, like a flame of illusory fire, kept pulsing, and with a slight shock, the spiritual rune displayed by Qin Chen kept shattering, and the entire formation was shaky and seemed to collapse at any time.

"What the hell is this?"

Qin Chen was stunned. Even in his two lifetimes, he had never seen such a strange situation. It was obviously a mysterious ancient jade, but it instantly turned into a strange flame of nothingness, which needed to enter his mind.

Even if Qin Chen was stupid, he knew that this thing was by no means unusual. Once it entered his mind, it would definitely be more ominous. If nothing else, just the strong sense of crisis made his whole body stand upright, as if Like falling into an ice cellar.

His pupils shrank suddenly, and Qin Chen's eyes shone brightly.

laugh!

In the fingers, a terrifying breath swept through, and it was on the fire of the black void soul.

"Broken God's finger."

Drinking in the mouth, Qin Chen's mental power is desperately displayed.

This style of breaking the gods is a secret skill he cultivated in his previous life. It uses true qi as the guide, spiritual power as the main force, and kills all illusory things.

"Boom!"

The black soul fire was ignited, as if it had been severely impacted, it was instantly torn apart, and a strong mental attack instantly penetrated the past.

At the same time, Qin Chen didn't dare to be careless, and the movements on his hands did not stop, constantly pinching out a series of handprints.

Whoa!

Countless spiritual runes glowed, and the entire array of rays of light was radiantly suppressed, and the scattered black soul fire continued to vibrate, as if it was powerless to resist the spiritual formation displayed by Qin Chen.

"Is it suppressed?"

Qin Chen's face was solemn, and before he could breathe a sigh of relief, his face changed suddenly: "Not good."

boom!

The bursting black soul fire actually glowed at the same time, and then quickly merged together, releasing a strong mental wave, instantly dissipating the spiritual formation set up by Qin Chen, and then like a shooting star, instantly disappeared into Qin Chen's body. between the eyebrows.

puff!

The black streamer disappeared from Qin Chen's eyebrows, Qin Chen's face was shocked and angry, and the eyes that were flickering suddenly dimmed and lost their luster, as if he had become a vegetative person.

boom!

At this time, in Qin Chen's mind, a black streamer crazily eroded towards Qin Chen's mind, and the speed was astonishing.

A strong soul aura rushed towards Qin Chen's soul realm.

"Jie Jie Jie, after countless years of guarding, I finally found a body that is acceptable. It's really long eyes."

The black soul fire turned into a hideous grimace, grinned, and in an instant, it came to the sky above Qin Chen's soul sea.

The strong soul aura suppressed Qin Chen's soul realm to constantly tremble and shiver.

"This turned out to be the soul of a certain strong man, hidden in the dragon-shaped jade pendant, and has been looking for the person who took the house?"

Qin Chen was so depressed that he almost vomited blood.

This kind of "good thing" can be met by him. Isn't this lucky?

"Who is Your Excellency?"

With a cold drink, Qin Chen hurriedly mobilized his mental power, and at the same time a powerful blood force was inspired by him.

"Hey! Under the impact of this seat's soul, you didn't lose your will?"

The black soul phantom let out a surprise, then stared at Qin Chen's soul realm, and couldn't help but be overjoyed: "Unbelievable, it's just a small heaven-level powerhouse, the soul realm is so strong, hahaha, it really is God Help me, let me wait for tens of thousands of years, not in vain."

Qin Chen's soul is actually the fusion of the soul of this life and the previous life.

In the last life, Qin Chen was originally an eighth-order Martial Emperor, an eighth-order bloodline emperor, and his soul power was strong enough to surpass ordinary Martial Emperors.

After the rebirth, the fusion of his two souls, although the cultivation base is not high, but the strength of the soul is even stronger than the previous life.

How can you not surprise this ancient soul? It has waited for so many years to find a good body to take home. Naturally faster.

"boom!"

Ignoring Qin Chen's words, the black soul phantom rushed directly towards the depths of Qin Chen's soul realm.

"It's not that easy to take me away."

There was a silent roar in Qin Chen's mind, and the soul realm instantly rioted, comparable to Emperor Wu's soul breath, turned into a violent impact, and slammed into the black soul phantom.

I have finally been reborn, how can I be taken away by this inexplicable thing?

Chapter 283

"Hey hey, kid, don't resist. Although your soul power is good, but you don't know how to use it, and you want to fight against this seat? Don't worry, I will take care of your body. I will take care of it for you. , Jie Jie Jie."

Facing Qin Chen's resistance, the black soul phantom was not afraid, but instead gave a smirk, with a playful tone in his tone, and instantly collided with Qin Chen's soul.

boom!

When the two forces collided, they were evenly matched.

The black soul phantom actually failed to break through Qin Chen's soul defense.

"What? How could you be able to withstand the attack of the soul of this seat?"

The black soul phantom was taken aback.

Although Qin Chen's soul power is strong, it is still not in his eyes. In his opinion, a soul without a soul technique, no matter how strong it is, it is tantamount to undefended fat, only to be slaughtered. .

"Hey, funny, so funny."

After being shocked, the black soul phantom was overjoyed. The stronger Qin Chen's strength, the more excited he will be. After all, his purpose is to seize Qin Chen's body. The stronger the host's strength and the higher his talent, he will cultivate in the future. , The faster.

boom!

The black soul phantom glowed and rushed towards Qin Chen again.

This time, the opponent's soul impact became stronger, and he felt unable to resist Qin Chen's soul sea.

"Forbidden Spirit Art!"

With a loud shout, Qin Chen didn't dare to be careless, his soul power skyrocketed, forming a protective shield of nothingness, and at the same time, waves of souls turned into shocks and swept away toward the black soul phantom.

In his previous life, Qin Chen had cultivated as an eighth-order martial emperor, and his soul power was comparable to that of the nine-day martial emperor. He had naturally practiced some soul secret techniques. At this moment, he could no longer hide his clumsiness and perform desperately.

"Jie Jie Jie, it turned out to be a soul cultivation technique, which really surprised me."

Seeing this, the black soul phantom, Jie Jie laughed, and there was no nervousness: "Unfortunately, it is useless, your soul technique is too crude, how can it stop me?"

The black soul phantom rushed, blasting all the soul shocks Qin Chen had displayed, and then hit the defensive shield of Qin Chen's soul over the sea.

"Boom!"

The defensive shield kept trembling, as if a stone fell into the water, causing countless ripples in an instant, and the entire soul defense was faltering.

"not good!"

Trying to use his soul power to resist, Qin Chen tried to block the opponent's attack, but it was useless. The black soul phantom was too strong, and the soul secret technique he had cultivated could not form an effective interception.

boom!

In the end, the shield of Qin Chen's soul over the sea shattered and was completely exposed to the opponent.

"Jie Jie Jie, kid, I said, it's useless, instead of resisting, it's better to enjoy it, quack!"

The black soul phantom, with a strange smile, was about to sink into Qin Chen's soul sea.

Qin Chen was shocked, and his soul was in the soul sea. Once the soul sea fell, he would definitely be taken away by the opponent, thus losing his will and becoming a zombie.

"How can I be, God gives me a chance to live another life, how can I be taken away by this monster casually!"

Qin Chenyi's canthus was cracked, and his heart roared silently.

"Thunderblood!"

His eyes were cold, and he spurred the power of his blood.

boom!

In an instant, a mysterious power suddenly emerged from Qin Chen's body. Suddenly, countless lightning and lightning filled the soul sea. The lightning swam like a silver snake and swept towards the black soul phantom.

"Jie Jie Jie, it is actually the power of the thunder and lightning bloodline, the power of the bloodline, and the power of the soul. They are two different attributes. It is ridiculous to want to use the power of the bloodline to prevent this seat from being seized."

The black soul phantom saw countless lightning surgings, and did not panic at all, but showed a mocking laugh.

But the next moment, its smile disappeared suddenly, and there was a look of horror on the face of nothingness.

Zi Zi Zi!

A large amount of thunder light wandered, and after touching it, it was actually eroding its soul power.

"What, impossible, what kind of ghost power is this?"

The black soul phantom screamed like a ghost, booming, endless thunder light enveloped it, and the sizzling sound on it continued to sound, as if it was suffering from thunder light.

At the same time, the power of the soul on it slowly disappeared under the light of thunder.

A strong soul breath was fed back into Qin Chen's soul sea, causing the soul sea that had been slightly damaged before to be repaired immediately, and even the power of the soul was somewhat improved.

"Sure enough."

Qin Chen was overjoyed.

This thunder bloodline had shown the characteristics of nourishing the soul before. Qin Chen didn't know whether the thunder bloodline could cause harm to the opponent, but at this time, he could only use the dead horse as a living horse doctor and instinctively display it.

Unexpectedly, the effect is surprisingly good.

Under the surprise, Qin Chen frantically urged his bloodline power, a large amount of thunder light intertwined in the sea of soul, as if turned into a sea of thunder, countless thunder lights flashed crazily, enveloping the black soul phantom.

The black soul phantom was shocked at first, but soon calmed down.

Because it discovered that Qin Chen's bloodline power can cause damage to it, but because Qin Chen's bloodline power rank is too low, it can only bring some superficial damage to it, and cannot cause huge damage.

"Damn it, it turned out to be just a low-level bloodline power that scared me to death."

Immediately, a weird and hideous smile appeared on its face, and it was extremely excited: "Jie Jie Jie, this body is so good, not only the soul strength is good, but there is such a magical bloodline power, once it is taken away by this seat. Now, these things will all be mine."

Above the soul sea, the black soul phantom looked hideous and swept towards the depths of Qin Chen's soul sea again.

Although he was blocked by Thunder's bloodline and soul power, he was still approaching the origin of Qin Chen's soul sea.

Qin Chen's heart sank suddenly, extremely anxious.

He also realized that his bloodline was not strong enough. Although it could cause harm to the opponent, he still could not stop the opponent's invasion.

How to do?

Qin Chen knew very well that if this continued, he would definitely be taken away by this strange black soul phantom.

But at this moment, Qin Chen has exhausted all methods.

Soul is a place where warriors are taboo, let alone a small heavenly warrior, even the Emperor Wutian, it is difficult to have a better way.

boom!

In the end, he could only watch the black soul phantom, sinking into his soul sea and entering his soul origin.

"Jie Jie Jie, this seat is finally about to win the house successfully. I am really excited about waiting for tens of thousands of years!"

In the excited laughter, the black soul phantom finally sank completely into Qin Chen's soul origin.

Chapter 285

After absorbing the black soul phantom, the mysterious rust sword became dimmed again, and the body of the sword was no longer hot and restored its original primitive luster.

"what happened?"

Qin Chen looked dumbfounded, completely stunned.

Although he didn't know exactly what happened, Qin Chen understood that this black soul phantom should have been sucked into the sword by this mysterious rust sword, and could not escape.

And at this time, Qin Chen didn't have time to bother about it.

After the black soul phantom disappeared, the mysterious ancient book seemed to have lost its goal, dimmed in an instant, and then disappeared.

A large amount of pure soul power, like a tide, feeds back into Qin Chen's soul sea.

Qin Chen could clearly feel that his soul sea was undergoing violent transformation at this time. This transformation was not only in quantity but also in quality.

A large amount of soul force feedback made Qin Chen no time to pay attention to other things, so he could only absorb it continuously.

I don't know how long it took.

Qin Chen finally absorbed all his soul power.

"this is....."

In his soul sea, the original soul source has disappeared, replaced by a human-shaped soul body, sitting there quietly.

"Soul gathering formed, I actually succeeded?"

Muttering to himself, Qin Chen's eyes were full of incredible.

Hum!

An invisible soul force swept out, and Qin Chen clearly felt the people outside Ge Pu.

They were all drowsy and listless because of the long waiting time. They almost fell asleep.

After Qin Chen's soul power swept over the opponent, the opponent did not react at all, and did not notice anything at all.

"What a terrible soul power?"

Qin Chen was overjoyed. Soul power is a deeper power, much more mysterious than spiritual power.

Below the seventh rank, there is no qualification to cultivate soul power at all.

Now with such a powerful soul power, Qin Chen can unscrupulously spy on any martial artist below the seventh rank without being noticed at all. Compared to spiritual spying, it is more than ten times or a hundred times stronger.

What surprised Qin Chen even more was that in addition to his soul power, his cultivation level had reached the middle of the sky level unknowingly in the previous confrontation. The spiritual power was due to the increase in soul power. Suddenly promoted to the third-order peak.

It is only one step away from the fourth order.

"This time the gain is simply too great."

Qin Chen was ecstatic.

Originally, I just wanted to come to Ge's house to collect an account. I didn't expect that in the end, he was almost taken away, but the benefits he got were amazing.

Apart from other things, just gathering the soul to form is an incomparably amazing harvest that is far from being comparable to any treasure.

"The ancestors of the Ge family probably didn't know that in the jade building he got, there was actually the soul of an ancient strong man hidden."

Qin Chen sighed.

The ancestors of the Ge family wanted to break the restrictions on the altar, and even when they died of old age, they were full of regrets in their hearts, and wanted their children and grandchildren to fulfill this wish for him.

But he didn't even know that it was because he could not break the restriction that he lived for so long, otherwise, he would have been taken away by others, and his soul was scattered.

"Well, I can be regarded as saving the Ge family."

He shook his head, and it was him who had a mysterious ancient book. If he was replaced by any other genius, he would have died a long time ago.

However, Qin Chen didn't want the Ge family to know what happened here.

Quickly squeezing the fingerprints with both hands, Qin Chen quickly restored the evaluation formation set by the Ge family ancestors, and Shi Shiran walked out of the forbidden area of Ge Family Ancestor Temple.

"Master Qin Chen, you finally figured it out."

Seeing Qin Chen, the people of the Ge family who were originally drowsy suddenly woke up.

"Master Qin Chen, how is it, how is the harvest?"

Knowing that Qin Chen could not pass the assessment, Ge Pu still smiled, walked up, and deliberately smiled and said: "Young Chen, you have been in it for so long, you must have passed the forbidden assessment, right?"

Qin Chen looked angry: "What passed the assessment, Patriarch Ge Pu, you are so miserable that you pit me. I just entered the assessment, and before I had time to react, I was judged to have failed the assessment, and said, Is there anything involved in it? "

"How is it possible, shouldn't, with Master Qin Chen your talent, you should be able to pass the assessment easily? Did something unexpected happen?"

Ge Pu pretended to be puzzled.

He couldn't help laughing in his heart.

Of course there are hands and feet in this. People who are not from the Ge family can't pass the assessment at all. If you want to get the concentrating jade, let's dream.

"By the way, Shao Chen, since you failed the assessment, why did you stay in it for so long? It's been several hours, right?"

Not far away, an elder couldn't help asking.

"What can I do? I was told that I had failed the assessment just a quarter of an hour after entering. I was so angry that I slept in it."

Have a sleep?

Everyone fainted, almost vomiting blood.

They waited so hard outside, feeling extremely anxious in their hearts. They didn't know what Qin Chen was doing inside, but unexpectedly the other party was sleeping inside.

What a...

If they had known this a long time ago, how could they wait here for a few hours?

"Hey, you can only say that Master Qin Chen is out of luck. According to your talent, you should be able to pass the forbidden area test. I don't know what happened? That caused Master Qin Chen to get nothing." Ge Pu sighed, as if feeling depressed for Qin Chen.

"Actually, I didn't get nothing, at least I got a piece of the jade that Patriarch Ge Pu said."

"You got the Concentration Jade?"

Ge Pu's eyes widened, his mouth widened, and his face was unbelievable.

"It should be." Qin Chen took out a piece of concentrating jade and said deliberately: "I don't know if this piece is the concentrating jade mentioned by Patriarch Ge Pu."

This.....

Everyone in the Ge family was dumbfounded, and all of them were depressed and almost vomiting blood.

"Master Qin Chen, how did you get this concentrating jade?" Ge Pu was going crazy. As the head of the Ge family, he could tell at a glance that the gem in Qin Chen's hand was the treasure of their Ge family concentrating jade.

"I don't know. I failed the assessment. After a depressed sleep, I found that this piece of jade flew out of it, and it naturally followed."

Puff!

Yang Tian spit out blood, everyone in the Ge family wanted to cry without tears.

Even if I had known this, I might as well give Qin Chen five million silver coins. This is a piece of jade, which is invaluable to the outside world and cannot be valued at all.

But now, they have no other way.

With tears in his eyes, he sent Qin Chen, the broom star, out of the Ge family.

At this time, the Qin family mansion.

The Lingnan king Zhaozhen brought his subordinates to the Qin's house, and saw the seriously injured Qin Feng and Qin Fen.

"Grandpa, you must avenge your grandson!"

Qin Fen gritted his teeth and said.

"Feng'er, Fen'er, don't worry, grandpa will definitely repay the enmity between you two."

Seeing that his two grandsons had become so miserable, Zhao Zhen suddenly showed a murderous look, and said in a cold voice, a terrible breath bloomed from him, which was heart palpitating.

Chapter 286

"Father, what are you going to do?"

Aside, Zhao Feng gritted his teeth and asked bitterly.

"It's very simple. Go straight to the door." Zhao Zhen's eyes flashed.

"Is this wrong?"

Zhao Feng was taken aback: "His Majesty Zhao Gao cares about Qin Chen very much. He almost treats him as a national treasure. If he kills the door directly, he might be caught by his Majesty. He can only act secretly, with your father's strength. , It was easy to kill that Qin Chen secretly."

Zhao Feng couldn't help but come up with an idea.

Go straight to the door, this is the rhythm of making things big. The family is growing up in Lingnan, Zhao Gao is actually very unhappy in his heart. If he rashly makes trouble in the capital, it will definitely bring harm to his family.

"Feng'er, you are still too tender, it is not appropriate to act secretly." Zhao Zhen shook his head.

"How come?" Zhao Feng puzzled.

"Today, we swaggered into the royal capital. Do you think that Zhao Gao would not know? With Zhao Gao's eyeliner, we knew that we could not escape the other party's detection, so we made our public appearance deliberately. The purpose is to tell Zhao Gao that our trip was not deliberately the next life. Over the years, Zhao Gao has been very jealous of my Lingnan Zhao family. He does not want to annex us all the time. If we hide and assassinate Qin Chen, Zhao Gao will be caught. And if we openly come to

the door, it is for me. The two grandchildren are asking for justice, so even if Zhao Gao wants to do it, there is not enough reason."

The Zhao family in Lingnan is very powerful and has always controlled most of Lingnan's resources.

When Zhao Zhen came, he just couldn't catch Zhao Gao at all, so assassination of this kind of thing was absolutely impossible.

"But, Qin Chen didn't know how to use it, so he hooked up with Dan Pavilion and the Holy Land of Bloodline, and was also loved by Zhao Gao. He said that this time, Dan Pavilion took King Qi into custody, and his daughter mobilized Qin Family. All the family forces in the royal capital tried to put pressure on Zhao Gao, but he did not expect that Zhao Gao not only ignored the life and death of King Qi, but instead severely reprimanded several princes and ministers who were closely related to the Qin family and the family. We openly dealt with Qin Chen, Zhao Gao would definitely not agree, and would definitely intervene."

Zhao Feng smiled bitterly.

Before, she mobilized the Qin family and clan forces to encourage many ministers and princes to go to the palace to remonstrate, in order to let the current majesty Zhao Gao attack Qin Chen, but when the result came back, Zhao Feng was stunned.

Instead of punishing Qin Chen, Zhao Gao gave a severe lesson to many ministers who were admonishing, which caused an uproar in the court.

This time, the Qin family and Zhao family's forces in the court were greatly affected.

"What? You mobilized the forces of the Qin family and my Zhao family to test pressure on Zhao Gao and severely punish that Qin Chen?"

After Zhao Zhen heard it, he was startled, and immediately frowned, and couldn't help but yelled, "Confused."

"What?" Zhao Feng was puzzled and couldn't help saying: "When my daughter saw that Qin Chen dared to attack King Qi, she thought it was an opportunity, so she did it. I didn't expect that Zhao Gao would protect Qin Chen in this way."

"Do you think Zhao Gao is really protecting Qin Chen?" Zhao Zhen shook his head.

"Isn't it?" Zhao Feng gritted his teeth: "If it weren't for him to protect, this time Qin Chen urged the Dange to detain King Qi, would Zhao Gao not even do anything? Instead, let King Qi be at the disposal of the Dange? Regardless of the royal face Zhao Gao, for Qin Chen, dare to do anything."

"This is Zhao Gao's shrewdness." Zhao Zhen sneered, "I have understood the ins and outs of the whole thing. If Zhao Gao really protects Qin Chen in his heart, he will not return to the capital in the wind. After that, he promised one of his champions. The champion is the leader of the younger generation. How can it be so easy to give the position of real power in the army? Zhao Gao's purpose in doing this is to wish Fenger and Qin. The dust is in conflict, so I can sit on the mountain and watch the tiger fight."

"Sit on the mountain and watch the tiger fight?"

Zhao Feng and Qin Fen are dumbfounded, and your Majesty Qi Guo is grandiose, there is no need to look at the two younger generations, are they in a fight?

"That's why you don't understand." Zhao Zhen shook his head with a gloomy expression: "Zhao Gao has extremely terrifying wrists. In this great Qi country, he is the most jealous. In fact, there are only two people, one is Dingwu King Qin Batian, and the other One is to be the father."

"Among them, his fear of Qin Batian is even more profound. Although his father controls Lingnan, he does not have military power after all. But Qin Batian is different. In these years, the great Qi country can be so stable. It can be said that it is all Qin Batian's. Credit, it can be said that he kept most of the entire Great Qi State."

"However, Qin Batian's outstanding meritorious deeds have already been made the King of Dingwu, and he controls most of the army of the Great Qi State. His reputation in the army is extremely prominent. After continuous contributions, Zhao Gao is no longer able to reward. Gao Zhenzhu."

"Zhao Gao actually wanted to reduce Qin Batian's military power, but he had nothing to do. In addition, Qin Batian was also very smart. He was stationed outside all the year round and did not return to the capital. Even if he had any ideas, Zhao Gao did not dare to act rashly. "

"And when he was unable to do anything, you expelled Qin Chen's mother and daughter from the Qin Mansion. If the Qin Chen's mother and daughter were useless, it would be okay for Qin Chen to have a very good relationship with Tianxing Academy Chu Weichen and King Kang, which made Chu Weichen and King Kang. , Have been impeaching your Qin family."

"For Zhao Gao, it was an opportunity, and it just hit his appetite, so he supported both sides. The purpose is to divide the Qin family and weaken the Qin family's power in the court."

"This is also Zhao Gao, why he watched to protect Qin Chen, but he promised Feng'er. Without Feng'er, his goal of weakening the Qin family would not be achieved."

"But Feng'er, you unexpectedly used the forces of the Qin family and my Zhao family to test Zhao Gao. Not only would it not work, but it would anger Zhao Gao, favor Qin Chen, and take the opportunity to attack the Qin family and mine. The Zhao family started."

Zhao Zhen said, shaking his head.

"This....."

Zhao Feng's face suddenly became very ugly.

She didn't expect that the people Zhao Gao really wanted to deal with were the Qin family and the Zhao family. Isn't she afraid that these two forces will counterattack?

"So, in fact, when we dealt with Qin Chen, we made things worse. Zhao Gao would not stop him, but would rather be very happy. If he acted secretly, he would instead be grabbed by him and attack my Lingnan Zhao family." Zhao Zhen's eyes flickered, as if he had already seen through Zhao Gao's heart.

"Then what should we do?" Zhao Feng also hesitated after hearing what Zhao Zhen said.

"It's very simple. Just kill the door. You should know where Qin Chen and mother and son live. Today, the old man, I must be fair and honest and ask for justice for my two grandchildren!"

With a cold shout, Zhao Zhen's mouth outlines a sneer.

Chapter 287

"Go straight to the door?" Zhao Feng was dumbfounded.

This father's plan is too exaggerated.

On the side, Qin Fen was extremely excited and couldn't help but slapped his horse. "Grandpa is still strong."

"Father, as far as I know, the little beast is not in his residence now, but in Ge's house."

Zhao Feng had bitter resentment towards Qin Chen, and naturally he was very concerned about his whereabouts, and kept watch.

"Ge Family?"

Zhao Zhen was taken aback and frowned: "Which Ge family?"

"It's the Ge family of the jade family."

"Qin Chen and the Ge family, why are they involved again?"

The Ge family is one of the leading jade giants in the Great Qi State. The Zhao family in Lingnan also knows Zhao Zhen without having done some business.

"I heard that it was the son of the Patriarch of the Ge family who owed the little beast a lot of money, and the little beast came to ask for a debt. Humph, now that little beast relies on the name of Dan Pavilion, but he is very arrogant." Zhao Feng's expression was sinister. , With a sneer on his face.

"He alone, go to the Ge family to ask for debt?"

A group of people in Zhao Zhen stared at each other, staring at each other.

A young man dared to ask for debts from the famous jade giants in the entire Daqi country. Zhao Zhen and the others finally understood how arrogant and powerful Qin Chen was. No wonder his daughter would be in the hands of this man, repeatedly Suffer.

"Go, then we will go to the Ge's house, and we will meet this kid for a while."

With a cold smile, Zhao Zhen immediately made up his mind.

Soon, a group of people walked out mightily.

Zhao Zhen and the others did not want to hide their figures. Such a large group of people immediately attracted many people passing by the Qin family mansion.

"What happened? What happened to the Qin family?"

"Hey, that group of people should belong to the Zhao family in Lingnan? When did the Zhao family in Lingnan come to the capital?"

"There are also Zhao Feng, Qin Feng, and Qin Fen. Where are they going?"

"It won't be... to trouble Qin Chen, right?"

"possible."

"Hi, this is going to be a big deal."

Seeing Zhao Zhen and the others leave all the way, everyone present guessed and couldn't help being in an uproar.

When Zhao Feng and Qin Chen's grievance reached this point, no one in the whole king knew.

Now that Zhao Feng's family, Lingnan Zhao Zhen, is coming, no one can think of a second possibility except to trouble Qin Chen.

Immediately one after another followed the team, and they followed, wanting to see what the Qin family was doing.

Qin Family Mansion.

"Father, Zhao Feng took Zhao Zhen and them, and they just went out."

In the courtyard of the mansion, Qin Ying rushed into Qin Yuanzhi's room, looking anxious.

"Then Zhao Zhen came to the capital, is it really troublesome for Chen'er and the others?"

Qin Yuanzhi stood up suddenly, his expression solemn.

When Zhao Zhen and the others entered the Qin Mansion, Qin Yuanzhi was naturally clear and very nervous, and asked Qin Ying to pay attention to the other party's dynamics at any time, just because they were afraid that their purpose was to find Qin Chen's troubles.

Now, before the other party's **** was hot, he went out directly, and brought brothers Qin Feng and Qin Fen. If Zhao Zhen and the others were not looking for Qin Chen, Qin Yuanzhi himself would not believe it.

"No, we must not let Zhao Feng and the others do anything wrong."

Suddenly standing up, Qin Yuanzhi could no longer remain calm and rushed out of the Qin Mansion.

Outside the royal city gate.

At this time, many masters of the Guixian faction finally came to the gate of the city.

"Is this the King of Daqi?"

A sneer was drawn at the corner of her mouth, Nian Shuo raised her head to look at the big characters on the city gate, her eyes cold.

"What are you doing? Don't pay the money soon."

A city guard saw Nian Shuo and others standing still, and couldn't help but step forward and yell.

Before he walked in, Boom, a ghost elder next to Nian Shuo suddenly released a terrifying aura, and shook the city guard back with a shocked expression on his face.

He seemed to be in the stove, just swept by the breath, and he was startled with cold sweat, wet, as if he had just been fished out of the water.

"Mysterious level powerhouse?"

Although this city guard was only a peak warrior in the late stage of the earth level, he had a lot of knowledge and immediately spoke in surprise.

"what happened?"

The other city guards felt strange and rushed over.

Wow!

Surrounded by Nian Shuo and others.

"Sect Master, do you want to kill all these city guards..."

The elder of the Guixian faction sneered with a sneer, and a trace of murderous intent flashed in his eyes, looking at the group of city guards in front of him as if he was watching a dead person.

When the city guards heard this, they were furious.

These guys, with a big tone, killed them all, who thought they were?

"Who are you?" The leading city guard couldn't help shouting.

Although angry, he could also see that the group of people in front of him was very terrifying. They were definitely not ordinary warriors. Especially the aura on him, the weakest one, was not inferior to the deputy commander of the city guard.

"Be careful, among them, there is a profound level expert."

The city guard who had been retreated even whispered a reminder.

"Mysterious level powerhouse?"

All the city guards took a breath of air, what is the concept of a profound expert? Even in the capital of the King of Qi, only the patriarchs of those big families had such a cultivation level.

"No, our trip here is to avenge Wuji, don't go to war." Nian Shuo raised his head and said coldly.

"Yes!"

That elder, his murderous aura was restrained.

"We are members of the Guixian faction. This time we are coming to Daqi State, it is important to leave." Then, one person walked out and spoke coldly.

Ghost fairy?

There was an uproar at the gate of the city.

The powers of the five northwestern countries are complex. In addition to many countries, there are also many powerful sects that rank among the top powers.

Among them, the Guixian Sect and Ling Tianzong are the two most prominent top forces.

Therefore, almost no one of the people of the Great Qi State present has heard of the name of the Guixian School.

Especially this time in the Great Competition of the Five Nations, the Guixian faction colluded with the Great Wei State, and they attacked the Great Qi State geniuses. In the end, even the Young Sect Master was killed by the Great Qi State genius. I don't know, no one knows.

I heard that it was a master of the Guixian faction, and the city guards on the scene did not dare to stop them. They could only watch this group of people arrogantly entering the capital.

"Report this matter to the leader immediately, and let the leader notify your majesty."

A responsible team leader said nervously.

If the ghosts and immortal sect masters come to the capital, there will be no good things, and it is very likely that a riot will be caused in the capital.

"Why did this Guixian Sect come to our Daqi country?"

"Isn't it the genius who came to trouble us in Daqi?"

"If that's the case, then it's troublesome."

Not only the city guards, but many people present were also in an uproar, and they were all very nervous.

"metropolitan!"

As soon as Nian Shuo and the others entered the royal capital, a stream of light swept over, respectfully falling in front of Nian Shuo and others, kneeling on one knee.

This person has a beard and looks rather ugly, but in his eyes, there is a shimmering light and he is very shrewd.

Chapter 288

"Qian Feng, how is your investigation?"

Nian Shuo asked lightly.

This person was an intelligence officer sent by the Guixian faction to the King's Capital of Daqi to inquire about the news.

"Back to the Sect Master, his subordinates have already found out where the Qin family's mansion is located. It is located in the powerful neighborhood in the east of the city. The Qin family is a family of

martial artists in the Great Qi Kingdom. It is powerful. However, there are currently no top masters in the mansion. Chen lives in the west of the city, not in Qin's house."

"Oh? I'm a disciple of the Qin family, so I'm not together?" Nian Shuo looked suspicious.

Qian Feng said, "Subordinates have inquired about it. As I learned before, although Qin Chen is a child of the Qin family, he was born illegitimately by the daughter of Qin Batian, Dingwu King of the Great Qi State, so he has never been in the Qin family. I have been banished from the Qin family a few months ago, so the relationship with Qin Feng is very hostile and there have been several conflicts."

"The bastard?" Nian Shuo sneered, "This Qin family relationship is really messy."

Qian Feng said again: "But that Qin Chen is also a personal belonging. Although he was expelled from the Qin family, he has a relationship with many powerful people in the capital. It is said that even the pavilion of the Great Qi Kingdom Pill Pavilion has a private relationship with him. "

"Master of the Great Qi Kingdom Dan Pavilion?" Nian Shuo's pupils shrank and frowned: "Are you sure that the information is correct?"

Pill Pavilion is an extremely terrifying force in the entire Tianwu Continent, even the Guixian faction has to be vigilant.

"It won't be a mistake. Just two days ago, Qin Chen caused a lot of trouble in the Dan Pavilion." Qian Feng nodded.

"Hmph, no matter what kind of contacts Qin Chen has, he will not be allowed to survive this time. This sect does not believe in the pavilion of the Great Qi Kingdom Dan Pavilion, and will fight against my ghost fairy faction for a kid." Nian Shuo sneered: "But this The most important purpose of the trip is that Qin Feng. After all, this person is most suspected of killing Wuji. In this way, Li Yang, Zuo Dao, you two, go to the west of the city and kill that Qin Chen. Let us go to Qin. Home, kill Qin Feng, kill Wuji's murderer, must be among these two people."

Nian Shuo has a hideous face.

Although he didn't know who really killed Nian Wuji, since it was one of Qin Feng and Qin Chen, he killed them all.

There is only one purpose Nian Shuo pursues. He would rather kill mistakes than let go.

"Qian Feng, you take this letter to the Imperial Palace of the Great Qi Kingdom and give it to Zhao Gao of the Great Qi Kingdom. I hope that Zhao Gao is more wise. Don't get confused and do stupid things. Let's go! "

After ordering the task, Nian Shuo immediately followed the map guidance given by Qian Feng to the Qin family.

At the same time, the two elders of the Guixian faction separated from the team and flew towards Qin Chen's mansion west of the city.

Royal palace.

"Your Majesty, Zhao Zhen and the others, as your Majesty expected, went to trouble Qin Chen."

An eunuch, kneeling in front of Zhao Gao, his head hanging down on the ground.

"Hmph, then Zhao Zhen is really impatient. I want to attack Qin Chen so soon, is he afraid that the other party will react and there will be no chance?" Zhao Gao sneered coldly.

He learned the news of Zhao Zhen's entry into Beijing right away and also knew his purpose.

The dignified Lingnan giant, so desperate for his grandson, made Zhao Gao feel quite ridiculous.

"But that's fine, Zhao Zhen, Zhao Zhen, you must not be caught by me, otherwise, this time, I will want you to make your Lingnan Zhao family history."

With a cold smile in his heart, Zhao Gao immediately ordered: "Send my order, no matter what happens in the future, the city guards should not make their own decisions and wait for the order to act."

"Yes." The **** bowed back.

A smile was drawn at the corner of Zhao Gao's mouth, his eyes flickering.

"Report!"

At this moment, a loud shout hurriedly sounded, and another **** hurried in.

"What's the fuss about."

Zhao Gao frowned, his good mood was instantly broken.

"Pump."

The **** was so frightened that he knelt to the ground, he didn't even dare to speak.

"Go ahead, what's the matter!"

Zhao Gao said coldly.

"Some people claim to be the Sect Master of the Guixian Sect and send someone to send a letter to your Majesty."

"Ghost School?"

Zhao Gao's pupils suddenly shrank, why did the ghost fairy sect master come here?

He stood up suddenly and had to be vigilant.

The Guixian faction is one of the top sects of the five northwestern countries, and its strength is not under the five powers.

Over the years, Daqi State has never had any intersection or entanglement with the Guixian faction.

Now that the Guixian Sect Sect Master rushed to the King's Capital of Daqi, he immediately made Zhao Gao extremely vigilant.

"Come up."

With a low cry, Zhao Gao connected to the letter in the eunuch's hand, scanned the contents on it, and his face suddenly became gloomy.

"really....."

His eyes flashed, and the other party really wanted to try the Five Nations Championship.

"Immediately give me an audience with King Xuan Lingwu."

Sitting on the dragon chair, Zhao Gao's face could no longer remain calm.

"I hope things will not go beyond his control."

When Zhao Zhen and the others went to Ge's house aggressively.

Qin Chen has left the Ge family and returned to the mansion.

"Chen'er, where have you been in the past two days? You won't be back at night, worrying about your dead mother."

Seeing Qin Chen coming back, Qin Yuechi couldn't help but complain.

For the past two days, Qin Chen stayed in the Pill Pavilion and never came back because of the refining of the blood spirit fluid. In addition, there was a lot of trouble, which made Qin Yuechi extremely worried.

"Ok?"

Suddenly, Qin Yuechi felt the aura on Qin Chen's body, his eyes flashed suddenly, and his eyes flashed with surprise.

However, this trace of surprise was quickly hidden, even Qin Chen did not notice.

"Mother, don't worry, there will be nothing wrong with the child."

Only in front of Qin Yuechi could Qin Chen show a soft expression.

"Okay, my family Chen'er has grown up, and my mother can't control you anymore, but Chen'er, you must pay attention to your safety and don't worry my mother." Qin Yuechi touched Qin Chen's face and said lovingly.

"Ok!"

Qin Chen nodded his head heavily: "Mother, I am a little tired, so I will go back and rest first."

"This kid."

Seeing Qin Chen return to his house, Qin Yuechi shook his head speechlessly and shouted: "Then you take a rest first, and my mother will get you something to eat, and I will come out to eat later."

"understood."

With a loud shout, Qin Chen returned to his room and closed the door. Qin Chen did not rest, but sat cross-legged and began to feel his condition.

In the Ge family before, his soul power has been greatly improved, even surpassing his previous life.

What Qin Chen wants to do most today is to control his soul power and transform it into his true strength.

Moreover, he also wanted to understand, what exactly was the black soul phantom that was absorbed by the mysterious rust sword? After being absorbed by the mysterious rust sword, is it dead or silent? Will there be a chance to escape? Qin Chen wants to figure it out.

Chapter 289

"Cultivate first, now that the spiritual power has broken through to the third-tier peak, it's time to practice Wan Shen Jue!"

The Wan Shen Jue is a spiritual power secret method Qin Chen obtained in his previous life, and he must not start practicing until his spiritual power reaches the third-order peak.

Previously, the conditions had not been met, but now that his spiritual power has broken through the third-tier peak, Qin Chen couldn't wait to practice.

The Wan Shen Jue is very powerful and terrifying. Once the cultivation is successful, his strength will be greatly improved.

When Qin Chen was practicing Wan Shen Jue.

A group of people in Zhao Zhen came to the outside of Ge's house.

"who!"

The two guards immediately stepped forward to drink coldly.

"Step aside!"

Zhao Zhen drank coldly, and immediately there were masters on both sides who fended off the two guards.

"Boom!"

Then he kicked it out, and the Ge family gate, which had just been repaired, was kicked once again.

"you guys....."

Upon seeing this, the two guards were so angry that they were about to cry.

I just sent away a evil star, why did a group come again? Could it be that today their Ge family destined to commit the lone star of the evil spirits, and they are destined to have trouble?

Other people who came with Zhao Zhen and them were also dumbfounded.

Did you guess wrong, Zhao Feng and the others did not come to trouble Qin Chen, but to the Ge family?

This misunderstanding is big.

At this time, a burst of drink suddenly sounded.

"Who, come to my Ge's family to run wild?"

Hearing the movement outside, Ge Pu and the others, who had not had time to rest, flew over in an instant.

All of them looked pale, almost vomiting blood.

How long has it passed before someone has come to make trouble again, don't all of them think that the Ge family is a bully?

Ge Pu had already made up his mind that no matter who it was this time, he had to teach him a lesson.

"Mrs. Zhao?"

However, after seeing Zhao Feng and others at the door, Ge Pu was dumbfounded, especially when he saw Zhao Zhen in front of Zhao Feng, his body was shocked.

"Lingnan Patriarch Zhao? Why are you?"

Seeing each other, Ge Pu's legs softened and he was about to cry.

The other elders also turned pale.

Although the Ge family is a great power in the Qi State, it can be called a top power, but it is only among many ordinary powers.

In addition, there are many forces far above the Ge family.

For example, the Qin family and the Lingnan Zhao family.

These are all giants of the Great Qi State, a huge force that can influence the situation in the entire Great Qi State.

Seeing the other party's aggressive appearance, Ge Pu felt a spirit in his heart.

Isn't it the Gezhou kid who also owes the Qin family money? If this is the case, this kind of rebellious son is really better than killed, and it will cause trouble to the family.

"It turned out to be Patriarch Zhao Zhen and Madam Zhao Feng. I don't know what happened to the two who came to my Ge's house."

Although he was nervous, Ge Pu couldn't be subdued under the eyes of everyone. He suppressed his anger, and asked cautiously, trying not to make himself humble and fall into the face of the Ge family.

"Let the little bunny Qin Chen get out and hurt my grandson of Zhao Zhen, Qin Chen is so bold!"

Zhao Zhen yelled coldly, his voice rumbling, and the overbearing voice echoed throughout the block, making everyone deaf.

What?

Looking for Qin Chen?

Hearing what Zhao Zhen said, Ge Pu couldn't help it anymore, and was so angry that blood spurted out.

"What, Qin Chen has already gone back?"

Knowing that Qin Chen was not in Ge's house, Zhao Zhen and the others were dumbfounded.

"In that case, Zhao will leave."

Now that Qin Chen has gone back, Zhao Zhen and the others don't bother to waste time here anymore. A group of people rushed towards the west of the city.

Seeing Zhao Zhen and the others leaving behind, Ge Pu wanted to cry without tears.

Why is he so unlucky? The other party obviously came to Qin Chen, but he just smashed the door of his Ge family. It was really unlucky.

However, after such a disturbance, Ge Pu and several people were depressed, but also extremely excited.

It seems that the Lingnan Zhao family is looking for trouble with Qin Chen.

This is a big deal.

The Zhao family of Lingnan, the top power of the Great Qi Kingdom, and the masters are like clouds, this time the trouble with Qin Chen will inevitably cause a sensation.

"Go, take a look."

Before the door could be repaired, Ge Pulian and a group of elders followed in excitement.

Qin Chen didn't know that the two elders of the Guixian faction and the people of the Zhao family in Lingnan had already killed him.

Of course, even if he knew it, he wouldn't be afraid.

Qin Chen didn't care about the ups and downs of the outside world, nor did he notice that he was immersed in the practice of Wan Shen Jue.

Strands of spiritual power flowed continuously in Qin Chen's body. If you look from a distance, you will find that these spiritual powers seem to form a big net, which is very complicated and terrifying.

These mental powers formed a whole, like True Qi revolving around the sky, moving in Qin Chen's body, and each time it circulated, it would grow by a point.

"Spirit Storm!"

call out!

Suddenly, the entire mental power net glowed slightly, and Qin Chen gathered his mental power together and shot out from the center of his eyebrows.

Snapped!

A teacup on the table in front seemed to have suffered an invisible impact, swayed, fell from the table, and fell to pieces.

"No, the mental power is not restrained enough."

A normal mental storm, although it was an illusory attack, was enough to smash the teacup into pieces with a single blow. Now, just blasting off the table is obviously not enough.

Of course, this kind of power is only reflected in the dead thing teacup, if it hits the mind of a warrior, it will be different.

Suddenly suffering from such a terrible mental impact, even a profound level expert would be dizzy and even fall into sluggishness.

"It's not bad to be able to cultivate like this in such a short time. It took me several months to cultivate to this stage in the previous life. In this life, I have experience in the previous life, plus the powerful soul that gathers souls. Power control can cultivate the first mental storm of the Wanshen Art in such a short period of time."

However, Qin Chen did not regret it.

Cultivation does not happen overnight, as long as the first stage of Wan Shen Jue's cultivation is completed, the power of the spiritual storm will naturally gradually increase.

"The front should be where Qin Chen is."

A few hundred meters away from Qin Chen's mansion, two human figures flew by extremely quickly. They were the two inner gate elders of the Guixian faction.

The Guixian Sect is one of the top sects in the five northwestern countries. It can serve as the elder of the inner door. Both of them are in the early stage of the profound level. How much time.

"Elder Zuo Dao, I heard that Qin Chen is not weak in strength. We will take action together after a while, and we must kill with one blow before joining the Sect Master."

Some elder Li Yang said in a deep voice.

"Don't worry, kill a little guy, I can do it alone, let alone a sneak attack."

That Zuo Dao was in his forties, with a scar across his cheek on his face, which was particularly vicious.

"My ghost sword technique will make him die instantly."

The left knife showed a grinning smile.

Chapter 290

The two were extremely fast and soon came outside Qin Chen's residence.

Huh!

The two figures flew up and fell into the mansion. The speed was so fast that the guards patrolling the city outside had no time to notice.

A martial artist of the Xuan rank has very keen perception. Even without the spiritual power of cultivation, he can easily perceive movement within hundreds of meters and avoid some danger.

"It should be here."

Li Yang and Zuo Dao looked at each other, perceiving them as they drifted towards the mansion.

Qin Chen did not continue to practice spiritual storm cultivation, but took out the mysterious rust sword and sensed the internal structure.

The black soul phantom was sucked into it by the mysterious rust sword, and it certainly wouldn't happen for no reason. There must be a reason. What Qin Chen had to do was to figure out the reason.

However, no matter how he perceives, the mysterious rust sword is like an abyss, full of endless darkness, making him unable to see through.

"What kind of treasure is this mysterious rust sword?"

Qin Chen frowned and was about to investigate carefully. Suddenly, his brow furrowed, and a sensory scan came over just now.

"It's a Xuan-level martial artist."

The spiritual perception of a Xuan-level martial artist is very concealed.

But Qin Chen is a spiritual power cultivator, and his soul power is very terrifying, not even lower than the Nine Heavens Martial Emperor powerhouse, so he can discover it.

"Here again, two ways!"

Qin Chen's eyes were serious, but on the surface, he pretended to be innocent and continued to fiddle with the rust sword in his hand.

"Who is going to deal with me? And it was two Xuan-level martial artists at once?"

In his mind, Qin Chen was guessing.

The Xuan-level martial artist is not a Chinese cabbage. In places like the five northwestern countries, they are already at the top of the battle. Entering the army, at least one of the generals, joining the family is enough to become a powerful elder-level powerhouse. As for the top sect In, at least the inner door elder.

"Could it be Zhao Feng?"

The first thing that came to Qin Chen's mind was Zhao Feng.

In the entire Great Qi Kingdom, the one who wanted to kill him most was undoubtedly Zhao Feng. Other people didn't have the courage and energy.

"It's not like... and this kind of breath seems to have been seen somewhere before."

"It's Guixian faction!"

Suddenly, Qin Chen was shocked. He always felt a very familiar feeling from the sense of breath just now. Looking back now, Nian Wuji and Ling Zhong's breath were very similar to those on the first test of the Five Kingdoms Championship.

The martial artists of the Guixian faction often practice similar techniques, which also causes their auras to be somewhat similar.

This kind of breath is very illusory, and ordinary warriors may not be able to perceive it, even if it is remembered, it will soon be forgotten.

But Qin Chen felt too sensitive, as long as it was the breath he had experienced, he would never forget it.

"I didn't expect that the people of the Guixian faction would actually find King Daqi, but why did they do it to me? Hasn't it been determined that the murderer is Qin Feng?"

Qin Chen kept thinking in his mind, but on the surface, it was calm.

Corner of the mansion.

The perception of Li Yang and Zuo Dao fell on Qin Chen through the wall.

"Isn't that the peak cultivation base of the mid-level heavenly stage, doesn't it mean that there is only the early-level heavenly stage? And the aura on his body is so strong?"

Li Yang said lightly. Before he came, he had already read the information well and knew that Qin Chen's cultivation was only in the early days of the heavenly rank. He didn't expect to see it now that he had reached the mid-heavenly peak.

How long has it been since the first test of the Big Five? In less than half a month, Qin Chen's cultivation level has been upgraded by another level. Is this still a human? It's just abnormal.

No, even if it is abnormal, it is not so exaggerated. I heard that this kid is only fifteen years old.

"Elder Li Yang, are you not afraid anymore?"

Left knife sneered.

Li Yang seemed to be stepped on his tail, and almost jumped up: "Left knife, what do you mean, it's just a mid-level martial artist, I'm afraid? I'm just a little surprised, and this person's strength has improved so fast, I always feel a bit weird, there will be no less suzerain, this person killed it?"

From the information provided by Ling Zhong, Qin Feng is the most likely to kill the murderer of Nian Wuji. As for Qin Chen, it is just a small guess and the possibility is very low. Therefore, Sect Master Nian Shuo will lead many masters to go. Qin family.

But at this moment, after perceiving Qin Chen's cultivation base, Li Yang vaguely felt that the murderer who killed the Young Sect Master might have been Qin Chen.

"It doesn't matter if Young Sect Master was killed by him, this person must die today. By the way, in another room of this mansion, there is a woman who seems to look pretty good, hehehe..." Zuo Dao smiled sinisterly.

When he once walked the rivers and lakes in the five northwestern countries, Zuo Dao also had a nickname, known as the mad knife and the devil. This person is extremely lustful. There are not

thousands of good girls who have been tainted by him, but there are hundreds of them. And he likes to **** people. Kill people and enjoy the perverted process.

"Don't make things indiscriminately, don't forget that the purpose of our trip is to kill that Qin Chen."

Li Yang's face was ugly. At this time, Zuo Dao was still thinking about these things. I really don't know if the Sect Master brought him over.

"Hehehe, I won't forget the command of the Sect Master, but after killing someone, it's cool, it's also necessary." Zuo Dao smiled.

"Okay, stop talking nonsense, do it, be sure to use killer moves, otherwise it will be difficult to attract the power of the Great Qi country."

Li Yang snorted coldly.

"Don't worry."

The left knife licked his tongue, his face was sullen.

The true power in the body was running quietly, and the breath of the two rose rapidly.

"Do it!"

The two shot at the same time, their bodies were like a flash of lightning, piercing the void, and instantly rushed into Qin Chen's room.

Boom!

The entire wall was fragile and looked like tofu. Under the impact of the two men, it instantly fell apart and two large holes appeared.
