

Valkyrie 2841

[Chapter 2842: Western Emperor's Shadow Tour](#)

Boom!

Suddenly, it was shocking.

The boundless thunder hand contains the aura of ancient times, with an unparalleled coercion, pressing down, the golden Western Emperor's finger, under the pressure of this force, rumbling and roaring, the golden breath bursts, terrifying Power swept through the eight wilderness and Liuhe, and the entire Nine Sun God Profound Mountain was shaking violently, as if to fall apart.

Cang Dang!

In the next moment, the golden Western Emperor's fingers made a crackling sound, and countless cracks appeared on the finger. Finally, with a bang, the Western Emperor's fingers burst open.

"Damn it, the emperor of the West is roaming the dragon, insignificant!"

Under the endless wild atmosphere, Fu Zixi's body moved, and the whole person seemed to transform into a golden wandering dragon, flashing in the void, and disappearing without a trace.

"Disappeared? This is the Western Emperor's Shadow Tour Dafa? According to rumors, the ancient Western Emperor's body technique is amazing, and he controls a body technique that is against the sky. Once displayed, his figure seems to be between reality and illusion. The emperor relied on this magical power to travel the heavens, escaped many crises and hunts, and became a generation hegemon."

"It has indeed disappeared. This Western Emperor's Shadow Tour Dafa is indeed powerful, and even the spiritual mind can't perceive the existence of Fu Zixi, as if this person does not exist."

"What is this principle? What is the meaning? What law?"

"Fu Zixi deserves to be a veteran saint son, with all-round means. Under this circumstance, he can actually escape. No wonder we can stand up to our martial arts department for so long. It seems that the last time I was evenly matched with Murong Tian, he had not displayed his strongest magical powers. "

"The veteran saint child of my warrior department is still great. It seems that this kid will die without a problem and return empty-handed."

Many disciples were shocked and inexplicable, and they discussed and sighed with emotion.

"Huh? Void Profound meaning?"

Qin Chen waved his hand down and found that he was empty, and he suddenly sneered, "Want to run, did you run?"

His eyes were cold, a breath of space permeated his body, which was the sacrament of space, and then he made a mudra with his hands and waved vigorously at the distant horizon, and he saw an invisible wave The fluctuations in the space, like ripples, swept out instantly.

In the endless void, ripples suddenly appeared. Suddenly, one of the ripples seemed to tremble.

"Found it, die for me!"

Qin Chen turned his palm into a sword, and slashed it out with a palm of the sword. He slashed towards the void, and then suddenly snorted. A space storm-like passage appeared. At the place where the ripples were, a black hole suddenly appeared in the void.

An aura of destruction sword intent penetrated directly along the void black hole.

"what!"

In the distant void, there was a scream, and the next moment, a figure fell from the black hole. It was Fu Zixi who was injured by Qin Chen in the air and took it back.

"come back!"

Qin Chen turned his palm into claws and grabbed it from a distance. Then Fu Zixi was captured like a chicken, "Toast, not eat or drink, get down on your knees!"

When the words fell, a powerful force suppressed Fu Zixi, causing Fu Zixi to kneel in front of Qin Chen abruptly.

boom!

The veteran sage Fu Zixi just knelt on the ground like this, his face flushed, his robe was chopped up, blood dripping!

"Ah!"

He roared frantically, trying to break away from Qin Chen's shackles, but it was useless. Under Qin Chen's ancient power, he couldn't move. Like Murongtian, he knelt on the ground and became a laughing stock in everyone's eyes.

The two great sons knelt here, extremely shocked and spectacular.

This son, the two great sage sons have become the defeat of Qin Chen's men.

"What is the Western Emperor's Shadow Tour Dafa? Let me deduct it."

Qin Chen pressed his big hand on Fu Zixi's head, and Fu Zixi suddenly screamed and roared. In his body, a series of laws and aura surged, and the power of the bloodline turned into the power of the original law. Dust snooed clearly.

"my power....."

There was a panic in Fu Zixi's heart. Under Qin Chen's prying eyes, he seemed to have no secrets to hide, and they were all clearly under Qin Chen's nose.

"It's interesting, this is... the combination of the profound meaning of the void and the profound meaning of the shadow. The two law forces merge to produce a virtual effect."

The light of wisdom flashed in Qin Chen's eyes, and his body began to blur, faintly, as if between the real and the illusion, it was very similar to the Western Emperor's Shadow Tour Dafa that Fu Zixi used before, even Deeper and stronger.

"This Qin Chen is deducing Fu Zixi's supernatural powers. He wants to integrate his power to master the Western Emperor's Shadow Tour Dafa."

"Look, Qin Chen's breath has actually become vague. If he hadn't watched it with his own eyes, it would have been almost impossible to perceive it by his spiritual sense alone."

"How is it possible that Fu Zixi can master the Western Emperor's Shadow Tour Dafa because he has the inheritance of the Western Emperor, and it is rumored that he has the blood of the ancient Western Emperor. How can Qin Chen be able to grasp it at a glance?"

In the depths of the warrior department, many top elders exclaimed, such methods are simply unheard of.

Any magical power requires various opportunities and various penances to be able to master it, and some even require a lot of preconditions, such as the red eyebrows of the Blazing Eyes and Fu Zixi's Western Emperors' Shadow Tour. It is natural to master, but it is extremely difficult to learn.

But Qin Chen, with just a few deductions, simulated seven or eight, and even had a posture of being more blue than blue, which really shocked these top elders.

After deducing the Western Emperor's Shadow Tour Dafa, Qin Chen released his hand and said with a sneer: "You two, just confess here, when you know you are wrong, and when can you leave."

Qin Chen wanted the two great saints to kneel here, accepting the pointers of the disciples of the entire warrior clan, and watching like a monkey.

This is called killing chickens and monkeys. He wants to leave immortal majesty and invincible images in the Ministry of Heavenly Work Martial Arts. No one dares to move his people and disobey his authority.

"This guy, what is the origin, really made the two great sons kneel down."

"With such strength, he must be a world-famous figure in my daily work, and may even be a master of the refining division. If we can indulge in such a strong person, our future in the work of heaven will be bright."

"I'm afraid that based on the other party's cultivation base, we can't look down on us at all."

"Then take another route. It's not bad to cheer up with Senior Brother Chimei, or Ao Qingling, Qin Tingting and others. You haven't seen it. At this time, none of the core elders of our martial arts department appeared. This is too abnormal. , This son must have a big background."

"Really, it seems that starting from Senior Brother Chimei is a good way."

Qin Chen stood up for his prestige, and truly confirmed the image of invincibility in the minds of many disciples. No one dared to provoke him anymore, and even many disciples of the martial arts department wanted to fawn on him, gain his asylum, and become his entourage.

[Chapter 2843: Put it down](#)

"Chimei, you stay here for me, I will go back to the cave mansion first to understand the mystery. As for Lin An, you can leave now, thank you for leading the way."

Qin Chen gave Chimei and Lin An an order, then turned around and brought the three of Ao Qingling back to the cave.

"Senior you are welcome. It is an honor for my disciple to serve seniors."

Lin An's scalp was numb with excitement, and he hurriedly bowed to salute. It was a blessing that he had cultivated for three lifetimes and a chance for him to bow to such a top powerhouse.

Qin Chen ignored them, nodded, led Ao Qingling and the three into the cave, disappearing into everyone's eyes. "Little Chen, you let Murong Tian Shengzi kneel here, is it a bit bad? After all, this is the warrior department. If the elders know about it, you may be in big trouble, and there will definitely be elders. Rescue them, then

You provoke a few big enemies for nothing, and even provoke the same enemies of all the saints of the entire warrior clan. "As soon as Ao Qingling and the three entered the cave, they worried and said that their thoughts were more delicate. The elders would not be happy when Qin Chen hit the martial arts son in the face like this, and even many of the martial arts sons who were originally hostile to Murongtian. Would also not treat Qin Chen

full. "Unhappy?" Qin Chen smiled coldly: "You think these elders don't know what Murongtian and others have done. I stand here today, just to give them a signal. I, Qin Chen's people, can't Move, let them kneel here, I

It is also necessary to see who is behind Murong Tian. "Qin Chen's eyes flickered, revealing a light of wisdom: "I heard that there is a backstage behind Murongtian, which is intricately intertwined. I don't have time to waste time with them. I just take this opportunity to make Murongtian kneel here. Come forward to

When the time is over, the province will have trouble in the future. "

"So you still have such plans?" Ao Qingling and the others were startled. "Otherwise, what do you think?" Qin Chen said lightly: "If you don't solve it this time, there will definitely be trouble in the future, because I have become the chief disciple of the disciple of the refining division. Go to a dangerous place

Participate in an experience. Before I leave, I have to solve everything without leaving the end. Otherwise, as soon as I leave, someone will surely trouble you. "

"Participate in the experience?" "Yes, I don't know what the specific experience is, but according to my inquiries, the experience this time is not trivial. The daily work is also very important, and the danger is heavy, not only the Tianzhu, Guanghan Mansion, and the surrounding area. Some of the top forces, others

Some saint master-level forces have top masters participating, and the relationship is very important. "Qin Chen nodded.

He also learned a little about the identity of the chief disciple, and inquired about such things. As far as he knows, the place of experience is very dangerous. There are countless powerful gods and demons, beasts, evil spirits, and there may even be monsters, strong people of the demons. Many people enter it, and they often die. Son of the top power

, All fall, very dangerous. The last time the disciples who worked in the Guanghan Mansion entered it, they suffered a big loss and even died many holy children. Of course, the chances are also great. There is even a rumor that there is a holy host. This time the great elder appointed Qin Chen. Chief disciple, just watch

With Qin Chen's potential, he must give Qin Chen a chance.

"So dangerous? Then we have to go too."

Ao Qingling and the others suddenly showed worry.

"No." Qin Chen shook his head: "You are too weak, and you need to stay in Guanghan Mansion, do things for me, and establish the Chendi Pavilion branch. By the way, I am here to take you away. There is no future in the warrior department, the resources obtained are generally

Normally, I have a way to let you get more resources. "

"But there is little dust. You need someone to take care of you. We can take care of you." Ao Qingling hurriedly said: "You must be around someone to take care of your daily life."

"This...I have been taken care of." Qin Chen said.

"Who?"

All three of Ao Qingling showed a vigilant look. At this moment, the three of them were all alert as if they had seen a natural enemy.

"!!"

Hum! A seductive voice sounded, and the void around Qin Chen suddenly flashed. The next moment, a noble figure walked out of the void. This was a beautiful woman, with green silk surging, she smiled, and Fascinating power

the amount. This woman is wearing a long white dress, her skin is white, and her pretty face is astonishingly beautiful, like a fairy from the sky, but her eyes are too charming, as if she possesses spirituality. Telling her heart song,

It makes people thrilled.

"It's so beautiful." Ao Qingling and the three people only felt that the woman in front of them was so beautiful that they were so intoxicated. They had the urge to live and die for each other, as if they could get her. A smile, even if you die now, she

We are also willing.

"wrong."

Suddenly, the three of them were aroused, and they suddenly woke up, how could they have such thoughts.

It's charming! "Who are you?" The three of them said vigilantly, hostility emerged in their eyes, and their hearts were shocked. The other party was too strong. Even the three of them and women could be charmed if they met a man. What effect does it have,

Young Chen is not confused by this woman, right?

"Little dust, this girl has a charm in her practice, you have to be careful."

Ao Qingling sternly said, his body surged, hostility filled, and murderous aura.

Qin Tingting and Li Wanxue also showed strong hostility, which is a natural restraint between women.

"Gluck..."

Chen Sisi laughed, "Dust, your three subordinates are a bit interesting."

"Sisi, why did you come out?" Qin Chen smiled bitterly: "This is the Ministry of Heavenly Work Martial Arts, beware of strong people spying on you."

"Dust, don't worry, unless it is the saint master character, other people would never want to detect my existence."

Sisi smiled and said, "I won't come out, what if you are robbed by another woman?"

She chuckled lightly and hugged Qin Chen, seeing Qing Ling's three people dumbfounded.

"You are... the woman that Young Master Chen is looking for?" Suddenly, the three of them seemed to have thought of something, and they all showed bitterness. Qin Chen had been looking for people, and they naturally knew where they thought this beautiful woman was. To seduce the little dusty vixen, unexpectedly it turned out to be the beauty Qin Chen has been looking for

, My heart is full of bitterness.

"Okay, I have selected gifts for you all, you see."

The atmosphere on the court gave Qin Chen a headache. He could only take out the treasures such as the Void Shield and the Starry Sky Chanyi exchanged by the Treasure Treasure Temple, and gave them to Ao Qingling and others to ease their embarrassment.

Seeing the gift, Ao Qingling's eyes lit up, all of them couldn't put it down, ecstatic.

"It seems that I still know women well." Qin Chen smiled in his heart. Sometimes women are such simple creatures.

[Chapter 2844: Melt my body](#)

Ao Qingling and the others couldn't put it down with Qin Chen's gift, and they even put on starry sky cicada clothes one after another, showing their graceful bodies in front of Qin Chen, very happy.

Chen Sisi also put on the phoenix feather robe purchased by Qin Chen, the whole person's temperament is more eye-catching and dazzling, and even the fairy-like clothes set off the charm of her body more sacred, as if a fairy of nine days has fallen. Mortal.

"Little dust, what should we do next?" After fiddling for a while, Ao Qingling and the others continued to ask. "Don't worry, you have just been assigned to this cave mansion. The heaven and earth holy aura here is good. At the bottom of the Nine Suns Shenxuan Mountain, there should be a heaven-defying holy vein. First swallow the breath of this holy vein and consolidate it. Your cultivation base, then make a decision,

Moreover, I don't know who is behind that Murongtian, I also need to consolidate my cultivation. "

Qin Chen's eyes flickered, all kinds of information were being calculated and deduced.

He must have full confidence and leave an invincible figure so that no one Ao Qingling and the others dare to provoke.

Whoosh! Qin Chen's figure flickered, and Ao Qingling and the others entered the training room of the cave. Suddenly, a strong sacred aura of heaven and earth lingered. This is the power of the sacred veins at the bottom of the Nine Suns Shenxuan Mountain, extremely powerful. The power of this holy vein is also Nine Suns

The reason why Shenxuanshan Cave House was contested by many disciples.

Qin Chen swept his handprints with both hands, and instantly laid a large formation under the Nine Suns Shenxuan Mountain. Suddenly, the whole piece of Nine Suns Shenxuan Mountain was attracted by the holy energy of the heavens and the earth, rumbling, and entered the universe like a torrent. In the jade dish.

"enter!"

Qin Chen took Ao Qingling and the others into the jade disc of Universe Good Fortune. Suddenly, the power of endless years flowed in, and time was accelerated.

"this is....."

The three of Ao Qingling looked around in shock, and the strong power of the years and the accelerated torrent of time shocked them all.

"This is a sacred treasure of this young man, which can speed up time. Except for a few people, no outsider knows. You should cultivate here first, consolidate the cultivation base, and strive to break through the initial peak cultivation base of the Heavenly Sage as soon as possible." Qin Chen also Don't worry that Ao Qingling and the others will tell the secret, because the three have accepted the magic source of the Ten Thousand Worlds Demon Tree, it is impossible to betray Qin Chen, and under Qin Chen's arrangement, if anyone dares to search for their souls, Can't capture

To the information about the jade disc of good fortune in the universe, because this piece of information was erased in the souls of the three.

After doing all this, Qin Chen came to the Ten Thousand Realms Demon Tree.

Hum!

He sat cross-legged, a transparent spar appeared in his hand, it was the time spar.

"Dust, are you... to understand the time spar?"

Sisi said in shock. "That's right." Qin Chen closed his eyes and thought carefully: "Although my current strength is strong, it is only invincible in the midst of Heavenly Sage's peak realm, because my realm is too low, only Heavenly Sage At the peak of the initial stage, once you meet Tiansheng

The late powerhouse has a headache. "The martial artist in the late stage of the Heavenly Sage has reached an extremely high level of comprehension of the laws of the heavens. In the late stage of the Heavenly Sage, that is the second half of the comprehension of the laws. Such a powerful person is no small thing and has a variety of methods. I must Control a door

Only the good fortune against the sky can fight against it. "Of course, if I can spur the Demon Tree of the Ten Thousand Worlds and the Origin of Time, I may also be able to confront the enemy, but once things like the Demon Tree of the Ten Thousand Worlds and the Origin of Time are recognized, it will be a great trouble, Holy Lord. All against me, all, I must

Master a god-defying supernatural power that can be openly displayed but will not be suspected. At this time, the spar is the best cover, and even after participating in the experience, it can conceal one's identity. "

Qin Chen deduced and planned every detail in his mind. "I see, you want to use the time spar to master a magical power of time, and the law of time is the most mysterious law in the heavens, even more magical than the law of space. If you can create such a magical power, you can protect yourself. , And even reverse

Heaven's leapfrog killing of the enemy will not be suspected. "Chen Sisi understood at once. "Yes, I exchanged the time spar from the Treasure Treasure Temple. Anyone can find it. Even such news can't be kept from Guanghan Mansion. Once it leaks out, Some top-level intelligence agencies will know that this can become

One of my amulet. "Qin Chen is clear, confident and confident: "The most important thing is that others cannot understand the rules of time through the time spar, but I am different. I have the origin of time and have a certain understanding of the rules of time, and then combine Time spar

Not only can I comprehend the magical powers of time, the most important thing is that I can completely control the origin of time, which is of great benefit. This is two birds with one stone. "Of course, I have to prepare first. I haven't absorbed the yin and yang soul fire yet, and this purple sky darts palace, I can feel that this treasure is very magical, if I can completely grasp it, it will be in flames for me. Improvements in aspects will be of great help, but

Unfortunately, this is just a copy. If I didn't calculate it wrong, the prototype of the Zixiao Dousizong must be a treasure against the sky. If you have a chance, you can find a way to find it. "

During these words, Qin Chen took out the Zixiao Dousui Palace, and took out the Yin-Yang Soul Fire, a sigh of sacred energy, and suddenly spit on the two treasures.

Hum!

In Qin Chen's body, various flame lights flickered, and the flame laws flowed, forming a perfect restriction on Qin Chen. The two treasures began to slowly merge into Qin Chen himself.

When the yin and yang soul fire merged into Qin Chen's body, a mysterious meaning emerged in the soul of Qin Chen's mind, because this yin and yang soul fire was not only a flame, it was also a kind of nourishing soul flame. And Zi Xiao Dou Li Gong, floating above Qin Chen's head, whirled steadily, and began to nourish the four flames. This is a special spirit treasure that nurtures flames. It is ridiculous that Murong Tian was used to directly confront the enemy, Zi Xiao Dou. Rate palace, only fusion powerful fire

Homura can exert its true power.

Boom!

Qin Chen's whole body was wrapped in endless flames.

"The Devil Tree of Ten Thousand Realms, smelt my body."

Suddenly, Qin Chen gave a low drink and swish. Above the Devil Tree of the Ten Thousand Realms, black awns suddenly surged, and the tentacles, like golden silkworm cocoons, completely wrapped Qin Chen among them.

The Demon Tree of the Ten Thousand Realms is the original treasure of the Demon Race. It contains the power of the origin of the Demon Race, allowing Qin Chen to return to the most primitive beginnings at once, entering a realm of emptiness.

This initial state of the opening of the universe and the origin of all things can make it easier for Qin Chen to comprehend the time spar.

"Time spar." In the next moment, the time spar had appeared on Qin Chen's forehead, and the breath of time permeated.

[Chapter 2845: Time magic](#)

Feeling the breath of the time spar, Qin Chen has been dormant in his mind at the source of time that hardly moves, and once again exudes an aura of excitement.

There is no need for Qin Chen to deliberately urge him, and the origin of time has automatically formed a connection with the time spar.

Hum!

The power of time haunted out of the time spar and entered the source of time.

This is the source of time absorbing the power of the time spar. The origin of time was obtained by Qin Chen in the forbidden land of the Tianwu Continent. The top saint masters in the heavens competed for this origin of time. In the end, the two sides fell. But the gods of the saint master that day suppressed the origin of time. Countless years

Time has damaged the origin of time, and it takes endless years to recover.

Before, the origin of time was in Qin Chen's mind, and it had been slowly repairing, and the power of time in the time spar was what it needed most, so the time origin felt so excited by the time spar.

I saw that the power of time was slowly absorbed by the source of time, the source of time exuded a misty light, and countless mysteries emerged inside, and the power of various time was circulating, and it was like a vicissitudes of life.

At this time, Qin Chen's spirit was highly concentrated, and countless supernatural powers were spinning in his mind. Various laws are evolving, with the help of the Devil Tree of the Ten Thousand Worlds, to understand the most essential aura of the origin of time.

In a daze, Qin Chen seemed to have entered Time Changhe once again. This time, he was no longer trapped by Changhe, but as if he had become the master of Time Changhe.

He saw his life, his life was only a drop in the ocean in endless time, but to Qin Chen, it was the only one.

!!

This is the first consciousness that any life is born. Without "I", what is the meaning of the vastness of time?

The heaven and the earth are boundless, the universe is changing, and the ages are extinct, but I am boundless. In the endless stream of time, Qin Chenfan sang, his magical powers seemed to explode, turning into tens of trillions of trillions of light. In time, one law after another, magical powers were born, various Such emotions appear, and these gods

Through, these powers and emotions formed Qin Chen. He even saw the countless enemies he had killed in his life. These enemies had the profound meaning, laws, supernatural powers, and powers that he had mastered. These powers were all understood, learned, absorbed, and mastered by Qin Chen. I don't know how many of them are involved.

Qin Chen himself felt shocked by all the power released now.

Qin Chen originally thought that these powers had been integrated into the origin supernatural powers by himself and turned into endless origin, but under the time rules, he could see clearly that his origin supernatural powers were flawed.

Without time, where does it come from? Without origin, time survives?

The two complement each other, constantly expounding the truth of the supremacy of heaven and earth.

Rumble!

In Qin Chen's mind, it seemed that there were countless saints and gods, all talking and expounding their own theories, making a mess.

If it is an ordinary person, in such a situation, he would already be confused. However, Qin Chen remained motionless and motionless like a mountain. On the surface of his body, the power of time flows. A moment, it is thousands of years. It will be obliterated by the power of time, turned into nothingness, and become eternal. If you cannot bear this time power

, Will be assimilated by time in an instant, become a ripple in the long river of time, and return to nothingness. But under the Ten Thousand Realm Demon Tree and Heavenly Soul Forbidden Technique, Qin Chen remained motionless, Zhizhu was in his hands, there was no mental fluctuation at all, and even his attention was completely integrated into the recovery of the origin of time. , In the power of time the amount.

"A long river of time, vast and boundless, any person, any life, any existence, under the power of time, will eventually turn into nothingness and become the original force of heaven and earth, constantly reincarnating."

"Life is actually in constant reincarnation, without any meaning."

"But I am different. I am the origin. No matter how time passes, there will be an origin."

Boom!

Qin Chen's body, the aura of Origin surged, and in his mind, there were many magical powers and laws about to move, fighting against each other, and suddenly, a virtual magical power rose to the sky, it was time magical power.

And Qin Chen's power of origin must control it.

Wisdom runs to the extreme, and countless holy auras are burning.

Wow!

The endless holy energy of heaven and earth in the Nine Suns God Profound Mountain was sucked over, but it was not enough. The holy energy of heaven and earth that he consumed every moment was an astronomical figure. He felt the power of time and consumed too much holy energy.

Qin Chen burned all the heaven and earth sacred veins he had plundered, but it was still not enough.

The comprehension of the origin of time and the sacred aura of heaven and earth required for the integration of ten thousand laws consumes thousands of times compared to ordinary cultivation.

There is not enough ancient holy veins, it can't support it at all.

"Holy Lord's ancient holy veins, burn!"

Qin Chen finally had no choice, and began to burn the ancient holy veins of the Holy Master.

Boom!

Comprehending to the extreme, Qin Chen was in a daze, as if he had seen his previous life again, as if at the end of endless time, he saw himself standing proudly on the vast sky, becoming the master of all things, an eternal existence.

This is a powerful and indescribable existence. He saw the origin of all things, the terminator of countless epochs, the creator of countless epochs, and vaguely connected with him.

Those eyes opened, as if two divine lights broke through the sky and everything was shattered.

Suddenly, it was as if he had gone through countless epochs of chaos, experiencing the process of opening up the world again and again.

That is time flies. "Is this the power of time? I understand, it turns out that this is the magical power of time. All things arise and die, which is time; the origin of all things is time; the circulation of heaven and earth is time; the destruction of era is also time; To death, the same

The same is also time, time, always by our side, all the time. "

Qin Chen's eyes suddenly opened.

Snapped!

The time spar in his eyebrows finally ran out of power and shattered all at once, and the time origin, after absorbing the power of the time spar, became extremely round and continued to sink into the depths of Qin Chen's soul, slowly repairing .

But the power of time on Qin Chen's body was still strong, and it did not dissipate with the sinking of the source of time.

Hum!

The breath of time condensed all at once, appeared in Qin Chen's palm, and turned into a black hole-like vortex, representing the birth and death of the universe.

woo woo woo woo! Oh oh oh!

The ghost is crying and the **** is howling, and the void seems to be crying, creating a vision that does not allow such a powerful force to be born.

Each mysterious rune condenses in Qin Chen's body, changing infinitely, but never repeating it.

Because time is always passing, and will not come again.

"Finally! Time's magical power!" In Qin Chen's eyes, vortexes flowed, turning into a deep breath, a force of strength, spontaneously.

[Chapter 2846: The strong appear](#)

At the entrance of the Nine Sun God Xuanshan Cave House.

At this time, there were already a huge crowd of disciples, and even more and more disciples came.

Among these disciples, there are still quite a few elders, all of whom are foreign affairs elders, spying secretly.

Following the defeat of Murong Tian and Fu Zixi by Qin Chen, after the news of kneeling on the Nine Sun God Profound Mountain spread, the entire military department was a sensation.

How many years hasn't such an exciting thing happened in the warrior department? Although there are usually some fights, they are all small fights, usually between ordinary disciples fighting for Dongfu, or occasional discussions between holy children. For example, Murongtian and Fu Zixi fought for several women not long ago, and evenly split the autumn colors. It has been a relatively sensational thing in the

military department in these years, but compared to Murongtian and Fu Zixi being beaten to their knees, they were suppressed in full view. ,simply

It's a thousand miles away. As soon as the news came out, all the disciples flocked to them, hiding far away in the mountains outside the Jiuyang Shenxuan Mountain. They watched the truth and looked at the monkeys. One by one, they saw the two saints kneeling, and they were still around. Lying under a few embarrassed subordinates,

When he was dying, they all pointed and talked.

Some were shocked, some were shocked, some were jealous, and some were hatred and pleasure, of course, it was more ordinary to watch the excitement.

"Where is Murongtian's majesty? Not long ago, he didn't show off his power, claiming to be the first person among the saint sons, and will aspire to the realm of the saint master in the future? It's funny that he is kneeling here now, his face lost."

"Happy, really happy, this Murongtian practiced the Nine Profound Imperial Daughter Dafa and played with many teenage disciples. Everyone dared not say anything. Now he has finally kicked the iron plate."

"This is retribution. It deserves it. Murong Tian is tyrannical. Any disciple who fails to follow suit will be ruthless. Many disciples are afraid to cultivate in their own cave. Someone finally cures him. Why didn't the previous strong kill him?"

"It's impossible to kill him. It's a job here. How can one allow the disciples to kill each other, but letting him kneel here is more uncomfortable than killing him."

"Hehe."

Many disciples were cynic, gloating, and few were sympathetic. "Huh, you guys, I don't think you guys should be too gloating. That kid is indeed very strong, but he actually dared to make Murongtian kneel here. It is too arrogant and arrogant. His behavior is too violent. I really think that Murongtian is in our martial artist. So arrogant

, Just because of his identity as the Son? Too naive, behind Murong Tian, there is a big background. "

At this time, an old disciple suddenly said with a sneer, his eyes flickering, attracting the attention of many disciples.

"What do you mean by this?" someone asked.

The old disciple sneered: "You don't want to think about what kind of character is the saint? Any saint is supported by a big man. You are also disciples of the warrior department, don't you understand this truth?"

At this point, many disciples nodded their heads. The saint child is the top existence among the disciples. It is to inherit the existence of the mantle of the heavenly work warrior department. The birth of any saint child must pass the assessment and the approval of many elders. It can be said that behind each saint child , Both have Wu

The top elders of the Ministry of Education are supporting.

Just like Qin Chen, his status as a holy son was determined by the great elder. In the eyes of many top elders and elders of the refining division, behind Qin Chen is the great elder, that is, his backstage.

"However, now that something like this has happened, the elders behind the two holy sons have not come forward. Can you not see that such a strange thing? There are only two possibilities for this happening." The old disciple said again.

"What is it possible?" The curiosity of everyone was aroused.

"The first one is that the identity of the previous kid was too noble, and even the elders behind the two saints did not dare to offend each other." The old disciple said, "But this possibility is not very big."

"Because, no matter how much the other party is. The big backing, those who can support the two saints are the top elders of our warrior department. Even if the status of the warrior department and the refining division are different, those top elders are not willing to offend each other because of this, but at least they can come forward.

, Say a few good things, at least so that Murong Tian and Fu Zixi Shengzi don't have to kneel like this and lose the face of the warrior department. "

"But these elders just didn't have any actions, so there is only the second possibility, and that is to wait for another big figure behind Murong Tian Shengzi to appear."

In the pupils of the old disciple's eyes, light flickered.

"Big guy?"

"Yes, as far as I know, the Son of Murong Tian comes from the Palace of Guanghan Mansion and can become a Son. In addition to the support of top elders in the warrior department, there are also big figures in the refining division. Background." "The boy was so powerful before, but he had never seen him in the Martial Arts Department. It is very likely that he came from the Refining Division. The top elders in the Martial Arts Department did not dare to offend the other party, so they would inevitably pass on the message. The Son of Murong Tian is in the division

In the background, let the other party come to rescue people, so, nineteen eighty-nine, the man behind Murong Tian Shengzi will arrive immediately. "

"When the adult arrives, this kid will be in danger."

The words of this old disciple shocked everyone.

"Who is the adult you are talking about?" everyone couldn't help asking.

"Don't say it, don't say it, in case that adult knows, I can't escape the blame." The old disciple trembled, as if he felt a little frightened when he thought of the name.

Murongtian and Fu Zixi knelt on the ground at this time, their faces sprayed with flames, and they were almost hysterical.

With the arrogance of the two of them, they were usually admired by thousands of people, but now they are kneeling here, watching the guidance of many disciples, and there is an urge to kill all the onlookers.

It's a pity that they can't move now, they can only keep kneeling.

"Kill, I will kill everyone, whoever dares to watch me, I will kill anyone, this shame, I will use endless life and blood to wash away!"

Murongtian and Fu Zixi were almost crazy.

In addition to some ordinary disciples, even some saints came to watch the news. Standing among the endless mountains, looking at such desolate Murongtian and Fu Zixi, sadness emerged in their hearts.

There is a sense of sorrow for the rabbit and fox.

"It is said that Murong Tian has a background in the refining division. The news here should have spread. If there is a background, that person should have appeared too?"

A man stands on the top of a mountain, lingering around the power of the law, whispering.

At the moment when his words fell.

Boom!

The sky over the mountains of the Martial Arts Department's cave suddenly shook, and the endless magnificent aura, like a flood, swept all at once, submerging the entire mountains in an instant. Vaguely, a tyrannical aura appeared between heaven and earth.

[Chapter 2847: Qibao Glazed Tower](#)

Above the endless sky, the void seemed to split suddenly, and it was vaguely visible that at the end of the void, there was a terrifying figure standing proudly on the mountain peak, and the palm of his hand was protruding far away.

boom!

The boundless breath boiled, and the entire sky resembled a star-sea riot. The boundless sacred origin breath swept across, an extremely strong divine light, accompanied by the huge palm of the hand, descended directly to the kneeling Son of Murong Tian.

The palm of this hand is pitch black as ink and towering and boundless, like the palm of a god, staining the surrounding space into a black, majestic, as if the Tianhe is rolling upside down, forcing everyone back again and again, it is simply impossible Describe the stalwart.

"Who is that, so strong?"

"Could it be that the strong man behind Murongtian made the move? Want to rescue him?"

"It's too strong to be able to shoot through the endless void. Who is this? Is it a top elder? No, this person does not seem to be very old."

"Who is it?"

Many disciples all backed away, showing shock and roaring.

"Huh, whoever dares to destroy the little dust, get out of me!"

Suddenly, the red eyebrows who were sitting there cross-legged suddenly opened their pupils, booming, and endless flames burst out of the pupils. It was the flames of the mysterious pupil, and the breath of the sky burst into the sky.

The red eyebrow stood up proudly, his body was full of flames, and a flame war knife appeared in his hand, which slashed at the black palm that reached the sky.

Boom!

Boundless flames erupted, and the sky-roaring flame aura turned into an eternal sea of fire. The two forces collided in the void and burst out a dazzling rainbow light. The flame war knife evolved into the kingdom of flames, and countless flame beasts appeared, such as unicorns and fire. The phoenix, the fire dragon, and the fiery beast all surrounded their red eyebrows, setting off him like a flame god.

It abruptly resisted the capture of this huge palm.

"what?"

At the end of the void, the source of the black palm protruding out made a sound of surprise. Obviously, he did not expect that the red eyebrows could block his palm from crushing.

"Brother Chimei, so strong!"

"That's natural. Brother Chimei is an old core disciple of our martial arts department. This time he even killed the prince of Yin and Yang in the Sea of Yin and Yang.

"In terms of strength, Senior Brother Chimei is not inferior to the saint sons like Murong Tian and Fu Zixi. Unfortunately, when he reaches his age, it is impossible to become a saint son, he can only become an elder."

Many disciples had their eyes blinking and said again and again.

"Huh, red eyebrows? A disciple of the martial arts department, dare to block this seat, look for death, get out of me!"

In the endless void, the towering figure let out a cold snort, with indifferent eyes, and suddenly, a more powerful aura swept out, roaring, the space was roaring, shaking, and turned into a black sky. She shrouded her red eyebrows.

boom!

As if the eternal night is coming, the flames bursting out of the red eyebrows are suddenly suppressed, the figure seems to step through the endless void, the deep space force is constantly suppressed, the red eyebrows roar, and the red eyes A magnificent world of flames is surging like a volcanic eruption.

"Little Chen asked me to guard, and no one can violate Shao Chen's will, unless walking by my corpse!"

The red eyebrows roared at the black sky, the roots of the red hair stood up, the flames on his body were soaring, the body was tall, tall and majestic, and the tyrannical aura skyrocketed again.

The flame blade light burst out from the battle knife in his hand, and countless flame auras shot out from the pores of his body, penetrating everything, actually trying to tear the dark sky and replay the light.

Boom!

Almost everyone was shocked and backed up. The blood in the body was surging, almost spewing out a mouthful of blood, one by one looked at the fight in front of them in amazement, shocked by the strength of the red eyebrows, and shocked by the person who shot them. terrible.

Brother Chimei is already the top leader among the core disciples of the martial arts department, the strong man at the peak of the middle of the sage, and the top elders of the late sage of the sage can do it. Man, through the endless void, even let Senior Brother Chimei show his full strength, this kind of power is shockingly unparalleled.

"Ant, you angered me."

In the distant sky, there was an indifferent voice, hum, a mysterious pagoda appeared. On the pagoda, flame light lingered, like penetrating the void, and suddenly appeared in the mountains of the warrior department.

"Flame, do you think you own the flame? Look at the Seven Treasure Glazed Tile Pagoda in this seat, go out!"

Hum!

This mysterious pagoda, blooming with the light of colorful colored glaze, was suppressed at once.

"This is... the Seven Treasure Glazed Tile Tower!"

"I know who this person is, Xiang Wudi, the Heaven-defying Saint Child of the Refining Division!"

"It turned out to be him, and Murong Tian turned out to be him in the backstage. No wonder he dared to be so arrogant. This is an enchanting figure with the heritage of the ancient artifact emperor. He obtained the Seven Treasure Glazed Pagoda and refines the Seven Treasure Flames. The foot has almost touched the top master of the late Heavenly Sage realm."

"Among the holy sons of the refining division, he is an invincible existence, strong and boundless. There have been rumors that Xiang Wudi is very likely to be designated as a figure who inherits the mantle of the refining division of the Guanghan Futian work. This time, I will participate in the Trial of All Saints, seize the inheritance of the Holy Master, and then be sent to the Tiangong headquarters for training."

"Although he hasn't broken through the late Heavenly Sage, even the top elders in the late Heavenly Sage can't easily defeat him and can leave freely."

"It's no wonder that Murong Tian is so arrogant that the elders of our military department dare not scold him. It turns out that the backstage is actually this invincible."

Many people were shocked when they saw this Seven Treasure Glazed Tile Pagoda, their expressions changed drastically.

This Seven Treasure Glazed Glass Pagoda, which works in Guanghan Futian, only represents one person, that is, Xiang Wudi, the god-defying son of the division of the refining division!

The saint child of the refining division is a world-class figure in the warrior division, not to mention that Xiang Wudi is the top one among the many saints of the refining division.

Feeling the breath of Xiang Wudi, Murong Tian and Fu Zixi both opened their eyes and looked at the vast Qibao Glazed Glass Tower in the sky. Although they were sealed on their knees, they could feel the outside world, even their eyes and heads. All can move slightly, this was left by Qin Chen deliberately, the purpose is to make them more humiliated.

Moreover, they can also talk.

"Master Xiang Wudi, save me!"

Murong Tian yelled excitedly at the first time. Although he felt the shame, he still had hope in his heart. Lord Xiang Wudi would come to save himself. Now, it really came. He felt that every moment he knelt down, it was a kind of boundless torture, and now it finally came to an end.

Once Master Xiang Wudi comes, he will be completely free and regain a new life.

[Chapter 2848: You retreat](#)

"Huh, Murongtian, you disappointed me too much. I think you have a good talent. I gave you some advice, but I didn't expect you to be defeated so easily. I lost my face. However, it depends on you. For the sake of following this seat, this seat will never let you kneel here and become a laughing stock."

In the distant void, the indifferent voice resounded, rumbling and roaring like thunder.

"Master Xiang Wudi, as long as you can break the seal of your subordinates, your subordinates will definitely work hard to cultivate and kill the enemy with your own hands. All those related to Qin Chen will be wiped out without leaving the dogs or chickens." Murongtian roared. .

"Master Xiang Wudi, please save me. As long as you save me this time, from now on, I will follow the adults and be their followers, and will fight the world for them."

Fu Zixi also yelled, "I am the descendant of the Western Emperor, the son of the Fu family, I will not bear this shame, I will bloodbath everything and kill everything in the world!"

"It seems that you have all stimulated the fighting spirit in your heart. This is a good thing. It will be of great benefit to your future practice. It is very good. Since your fighting spirit has not been extinguished, I will save you today and let you in the future. Follow my left and right, follow me to the top of the heavens, and take control of everything."

The rumbling sound above the sky resounded.

"Thank you, Mr. Xiang Wudi. I, Fu Zixi, would like to follow the adults and become their followers."

Fu Zixi roared frantically, he couldn't bear to kneel here anymore, he couldn't bear everything, he couldn't wait to be broken the seal, got out, vented frantically, and then cultivated his supernatural powers and sought revenge from Qin Chen.

"Okay, a mere seal, how can it stop me and break it for me!"

Xiang Wudi let out a cold shout, hum, the Seven Treasure Glazed Glass Pagoda suddenly burst into flames that reached the sky, and a terrifying force that was so tyrannical and powerful came.

boom!

Under the Qibao Glazed Glass Tower, Chimei could no longer withstand such a terrifying pressure. A raging fire was burning on his body, and his whole body groaned, and he was shocked out in an instant, blood spurting out of his mouth.

boom!

This Nine Sun God Profound Mountain was shrouded in endless flames, and the astonishing flame suddenly covered the seals of Murong Tian and Fu Zixi, and the seal was about to be broken.

Boom!

Everyone saw that on the entire Nine Suns God Profound Mountain platform, the flames blazed into the sky, and on the bodies of Murong Tian and Fu Zixi, there were blazing flames and rushing breaths immediately. It seemed that the ban was touched and a counterattack was launched. The desolate ancient aura is like gods and demons, attacking towards the Seven Treasure Glazed Glass Tower.

"Small bugs, break it for me!"

The Heaven-defying Saint Child Xiang Wudi sneered, and a vast force descended through the void again, and countless stronger flame power emerged from the Qibao Glazed Glass Tower. The seven-color flame power formed one small flame tower. It is necessary to explode all the ancient atmosphere.

boom!

Countless wild and ancient auras were suddenly defeated, and the seven-colored flames fell like oceans one after another, wrapping Murong Tian and Fu Zixi once again.

"everything is over!"

An indifferent voice came from the endless void, and you saw the raging flames continue to descend, suppressing the ancient atmosphere, all the vibrations subsided, the flames dispersed, and everyone saw that Murong Tian and Fu Zixi were still kneeling down. There, in front of the two of them, all the ancient auras condensed into one figure.

This figure, with fluttering clothes, rushes into the sky like a sharp sword, standing proudly in the world, giving people a feeling of invincibility forever.

This is... Qin Chen!

At the critical moment, Qin Chen finally completely controlled the time spar, smelted time supernatural powers, and appeared on the platform of the Nine Sun God Profound Mountain.

He stood here quietly, and suddenly a breath of energy swallowing mountains and rivers leisurely revealed. With a slight movement, the holy energy of heaven and earth rolled out, and Xiang Invincible's Qibao flame could not get close to his body.

"grown ups!"

Seeing Qin Chen appear, Chimei hurriedly wiped the blood from the corners of his mouth, came to Qin Chen embarrassed, and said in shame: "My lord, the subordinate is incompetent, and he couldn't stop the enemy."

"It's okay, you can withdraw."

Qin Chen said indifferently. As soon as he raised his hand, the holy energy surged, and his red eyebrows only felt that all the injuries in his body were quickly healed. Once again, he was full of vitality, and he stepped aside in shock, respectfully. Respectfully.

"Oh? You are the kid who suppressed Murong Tian? If I didn't get it wrong, you are the chief disciple among the newly recruited disciples of the Refining Division this time, the newly promoted sage Qin Chen, right? It's a bit interesting, no wonder you dare. So arrogant, there are indeed two things!"

Outside of the endless void, Xiang Wudi's figure looked at Qin Chen and said coldly, it is no wonder that Qin Chen can suppress Murongtian, so arrogant, just the previous hand made him understand that Qin Chen is more powerful than he thought. Many.

"Yes, it's me. You are Xiang Wudi? The veteran saint son of the refining division? Claiming to be invincible?" Qin Chen sneered: "I let Murongtian and Fu Zixi kneel here and confess carefully. Everyone Can't move, whoever moves will have trouble with me, why? Xiang Wudi, do you want to intervene in this matter?"

"Intervene? Hahaha, Qin Chen, you are very arrogant, and you are worthy of me to intervene? Maybe you have some strength, and you have just become the saint son and have been named the chief disciple, so you are arrogant and think you are invincible in the world. Now, to tell you the truth, it's nothing. I was also the chief disciple of that session, and I also became the newly-promoted saint within one month. If you think you're so great, then Wrongly wrong."

The figure in the distance stood with his hands behind, showing a strong self-confidence and invincible posture.

"It's you who made the big mistake, right." Qin Chen sneered: "Nan Xiao, because you are a senior, will give you a chance to leave quickly. I won't embarrass you, lest you be a veteran saint. It's also for the unity of my daily work. But if you are stubborn, don't blame me for being polite."

Qin Chen said coldly, that gesture didn't seem to put this invincibility in his eyes.

"Boy, you are crazy."

Xiang Wudi's voice changed abruptly, "It seems that I haven't appeared for many years. People at work don't put me in the eyes anymore. Then I'll see, what are you capable of and daring to do? I'm welcome."

Boom!

In the sky, there was a loud noise, and countless mountains in the military department shook, and then everyone felt an incomparably huge force coming down from the sky, suppressing it, as if to suppress the entire mountains forever, Completely sink.

Hum!

Above the sky, the Seven Treasure Glazed Glass Pagoda bloomed with dazzling seven-color glow, like the kingdom of gods inhabited by the gods. The flames swirled and shook slightly. The breath that burst out, as if to burn the sky, let the warrior's mountains. The countless heaven and earth sacred auras in it were boiling.

[Chapter 2849: Invincible Son](#)

This is the true power of the Saint-level Supreme Treasure Qibao Glazed Tile Pagoda.

At this moment, Nine Suns God Profound Mountain shook violently, the entire mountain peak, inch by inch cracks, the power of the Seven Treasure Glazed Glass Tower was actually to refine the entire Nine Sun God Profound Mountain into dust, domineering and arrogant. This is how Xiang Wudi feels to Qin Chen.

"Do you think that only you have the treasure?"

Qin Chen snorted and hum. In front of him, a palace like a heavenly palace appeared. The purple gas was soaring to the sky. It was Zixiao who led the palace. Boom, outside the palace of Zixiaodou, four big flames appeared, Qing The lotus demon fire, the ice flames in the sky, the golden flames of the sun, the soul fire of yin and yang, the four-color flames bloomed with a mighty aura, merged in the palace of the purple sky, and immediately shot out a power no weaker than the Qibao Glazed Glass Tower Come.

Under the eyes of everyone, Zixiao Dousili Palace and Qibao Glazed Glass Tower suddenly collided together.

Boom!

The endless flames bloomed, and the seven-color flames and the four-color flames clashed violently. The seven-color pagoda and the four-color heavenly palace rose up violently. Under a shock, the heavens and the earth were all destroyed, as if eternity would sink in it.

Strong!

too strong!

Among the mountains, countless martial arts disciples changed their complexions, retreating crazily, and rumbling. In the mountains, the peaks shook violently, the sky fell and the earth cracked, huge rocks rolled down, caves collapsed, and those peaks Above, countless bans flicker, if it weren't for the bans placed by these great powers, the Dongfu mountain peak could still stand, and with this attack, the countless caves of the warrior department would be shattered and turned into nothingness.

"This is my treasure."

Murong Tian saw that the Zi Xiao Dou Li Gong displayed by Qin Chen was so powerful, it was more than ten times stronger than when he displayed it, and the hysterical roar suddenly made him crazy.

"Huh? What a strong flame, the yin and yang soul fire in the sea of yin and yang, the big sun golden flame in the heavens, what are the other two types of flames? One has an icy temperament, the other is actually like a monster, like It contains life, is it the flame of the Yaozu? As a strong human, where does

the flame of the Yaozu come from? Is it the spy of the Yaozu? I completely suppressed you, captured you, and handed over to the law enforcement team of Tianjiao Go to trial!"

Xiang Wudi's cold voice resounded.

"Hahaha, Xiang Wudi, your hat is too big, there are many sacred fires in the heavens, who do you think you are, you know everything? Besides, the geniuses are treasures, those who can get it, let alone yes The flame of the demon race, even if it is a treasure of the demon race, as long as it is obtained by me, it is mine. If you buckle this hat, it seems that your character is not very good. You will only use some small tricks and claim to be the invincible son. It's ridiculous."

Qin Chen sneered, and a divine rainbow bloomed in his pupils, like a round of stars spinning, searching in the void, trying his best to figure out the location of the invincible real body, and at the same time spurring Zixiao's pocket rate Palace, launch a strong attack.

boom!

The terrible flames of the two collided in the void, combined with the prestige of the treasure, the breath that broke out, went straight into the sky, and shocked the entire day's work.

This power is transmitted to the depths of Heaven's Work, and many top powerhouses have felt it, and have passed their divine thoughts here, one by one shocked inexplicably.

Especially some of the elders of the refining division felt that the two played against each other, and they were all shocked. One was the newly promoted Saint Child, the Heavenly Refining Tool Tianjiao who solved countless problems in the solution area, and the other was the old-brand Saint Child, known as Invincible, invincible, how did these two fight each other?

Countless spiritual thoughts traveled wildly in the void, especially in the depths of some distant spaces, where there were some old monsters like the elder Hongyue and the old man of the treasure temple. They were all startled at this time, and their eyes stared. Then, the spirit of God came here.

"You, a little saint son, disobeyed me and sinned unforgivably!"

Xiang Wudi's tone became colder and colder. He was very talented and roughly designated himself as the descendant of the Heavenly Work Refining Division. How could he not be angry when he saw someone daring to disobey his authority?

Especially newcomers like Qin Chen.

He was no longer doing it for Murongtian, but for his own majesty.

"Qin Chen, do you really think that you can resist my killing? My true body is in retreat, just a stray clone urging the Qibao Glazed Glass Tower to come, and I will give you one last time, kneel down and beg for mercy and be loyal to me, I Just spare your life, otherwise you will die immediately when I come in!"

Xiang Wudi seemed to be really angry. The original ruthless voice became more cruel and ferocious, as if his true body was about to descend.

Many spirits were shocked when they saw this scene.

"Xiang Wudi is really angry. I can't think of it. I can't think of it. This Qin Chen is so powerful. Under the suppression of the Seven Treasure Glazed Glass Tower, he is not inferior. How can this son be so strong just after joining Heavenly Work."

"Xiang Wudi's martial arts has entered the realm of transformation. According to rumors, he has received the inheritance of the ancient artifact emperor, and has been baptized and irrigated by ancient power. The Heavenly Sage Law in his body is several times more than that of ordinary people. Many, so I can claim to be invincible."

"This Qin Chen, never heard that he is the descendant of the ancient powerhouse. He actually blocked Xiang Wudi's attack by relying on the Zixiao Dousui Palace that he had just obtained not long ago?"

"Wonderful, wonderful, this battle is definitely a battle to lay the foundation for the future of our work!"

Many disciples and elders were yelling. Such a thrilling battle made them unimaginable and hardly dared to blink.

"The young people nowadays are better than the other, we can't manage it anymore."

In the depths of the warrior department and the refining division, a number of top elders appeared, and it was also a shock. Xiang Wudi was only a strong man at the peak of the mid-term sage, half of his foot entered the late sage, and that Qin Chen was even more exaggerated. It seemed that he hadn't even reached the mid-term of Heavenly Sage, and the power that could be displayed, but even their top elders were a little palpitated.

This made them feel deeply helpless.

"I saw you."

At this moment, Qin Chen suddenly let out a roar and swished, and he appeared on the Palace of Purple Clouds. That figure.

He has been deducing Xiang Invincible's breath, where his true body is, at this moment, he has finally discovered it.

Buzzing!

Above Qin Chen's body, countless sword auras soared into the sky. These sword auras quickly merged, and the mood of killing swept into one hundred thousand sword auras. One hundred thousand sword auras crazily condensed, and finally turned into a sword that pierced the sky. Light.

"What invincible Son, hide your head and show your tail, and die for me!"

Qin Chen roared, facing the end of the endless void, murderous intent bursts, his body soaring, he cut out with a sword, and displayed an endless sword of killing!

A huge sword energy against the sky soared into the sky, as if it had traveled through time and space, pierced through the great sun of the heavens, crossed the Seven Treasure Glazed Glass Pagoda, and slashed into the endless void passage.

[Chapter 2850: Eternal magic](#)

Boom! Sword Qi was vertical and horizontal, almost all of the disciples were shocked to spew out a mouthful of blood, everyone saw Qin Chen cut out with a sword, as if penetrating the infinite space, the violent power turned into a sword dragon, pouring in In the void passage, hit

The invincible figures at the end of the distant space. Although everyone can clearly see Xiang Wudi's figure, in fact, there are layers of the space profundity. In fact, no one knows where Xiang Wudi is in the void and how far away it is, so Qin Chen will calculate So long before

Really figure out where Xiang Wudi's body is.

Everyone opened their eyes wide, not for an instant, they all wanted to know whether Qin Chen had really calculated the true body of Xiang Wudi.

Under everyone's gaze, the sword light flashed and plunged directly into the endless void.

next moment!

what!

At the end of that distant space, an angry roar sounded, and everyone saw that invincible towering figure, enveloped by infinite sword aura, it collapsed rumblingly, and fell apart under one hundred thousand sword aura, all of a sudden. Beheaded.

"what?"

Everyone went crazy with shock. "What kind of method is Qin Chen, who actually calculated the avatar of Xiang Wudi Shengzi? How could this be? With Xiang Wudi's cultivation base, hiding in the void, layered on top of each other, unpredictable, even some top-notch Elders don't want to be easy turn up. "

"It is rumored that this invincibility is based on the law of space and has reached the realm. How did Qin Chen find his clone in hundreds of millions of spaces?" "Finding the clone is nothing, you see, this Qin With a sword of dust, he actually defeated Xiang Wudi's clone. What kind of power was this? Killing, I felt the endless killing. Could it be that Qin Chen practiced the legendary killing

The sword? "

"Have you heard the roar and screams just now? It's the clone of Xiang Wudi Shengzi that was defeated."

"Xiang Wudi underestimated Qin Chen's strength, this time is over, the clone was defeated, and he was ashamed."

Many of the disciples were shocked, and all jumped up in shock.

In the depths of the endless void, a roar suddenly passed out. "Qin Chen, sin deserves a million deaths, you really deserve a thousand deaths, you actually cut my clone and awakened me from the retreat. Damn it, how many years, no one dared to disobey this seat? Your majesty, you a newly promoted little son

, Thousands of knives and thousands of cuts, it is difficult to understand the hatred in my heart, **** it, sin **** it! "

Boom!

In the sky in the distance, boundless anger rose, Wan Liu turned around, and a magnificent figure walked out, an invincible real body, angrily rushing out, rushing out frantically. He was in retreat, practising supreme divine art, just for the next experience of all saints. Upon receiving the news that Murongtian was suppressed, he thought that releasing a clone would be enough to defeat Qin Chen and convey his invincible and domineering majesty. But didn't think

Then, a clone of his essence and blood was directly detonated by Qin Chen, causing his main body to fail in retreat, failing to achieve success, and even into a devil.

Can you imagine the anger in your heart?

It simply poured out the fire of the heavens, and it couldn't be extinguished.

Hum!

This figure leaped across the void, Xiang Wudi looked up to the sky and roared, with endless anger, holy spirits all over his body fluttering, flames soaring into the sky, like an emperor going on tour, he boldly shot!

As soon as he shot, the wind and clouds changed color, the magical powers, shocked and exploded, turned into a torrent, like a historical ocean, it was a violent impact on the Nine Sun God Profound Mountain where Qin Chen was located.

Boom! Almost all of them fell to the ground, their bodies were torn apart, blood surging, blood was shed from the seven orifices, Xiang Wudi unfolded his true strength, strong! Incredibly strong! His holy origin, centered on itself, presents

One by one concentric circles, ripples spread outward.

All the core disciples in the mountains of the Martial Arts Department's cave mansion, when they touched this ripple, all of them were directly bounced off, dripping with blood.

At this moment, Heaven-defying Saint Child Xiang Wudi is like an undefeated demon god, standing on the spot, the torrent of supernatural powers from his hands filled the world, a vast expanse.

Such power is simply unheard of. But Qin Chen was completely different. The ancient body in his body was violently urged, rumbling, and the breath of the great wilderness rushed out of his body. The whole person remained motionless, despite the impact of the terrible torrent, it was like under a waterfall. Rock, immobile for billions of years

, Any torrent bombarding him would explode layer by layer and be annihilated, but it could not bring him fatal damage.

His whole body, the ancient aura surging, even flashing thunder, and the power of space swept through, and accompanied by the power of the divine fire, a variety of laws and powers intertwined, making Qin Chen's body abruptly carry Xiang Invincible's violent shots .

"Look... Then Qin Chen didn't move in the face of Xiang Wudi Shengzi's attack, Xiang Wudi Shengzi's conquering attack could not break his defense. What kind of divine body is this? What defense?"

"It's horrible. The aura permeating him seems to come from ancient times, ancient times, and ridiculous ancient times. What kind of supernatural powers are this? It's incredible to be able to condense ancient divine bodies, as well as the power of thunder and space."

"Xiang Invincible Saint Child's attack, even his defenses can't be broken, isn't it invincible?"

"my God!"

Many people were shocked when they saw this scene. Xiang Wudi's expression also changed, "This is the ancient sacred body? How could it be that the ancient sacred body has been lost in the ancient heavens, how is it so miraculous, my tool emperor's way, the eternal magical powers, is also the highest level of the ancient heavens, no Weaker than ancient gods

Pass, how could he not break through his defenses? "

He didn't know that Qin Chen's ridiculous ancient sacrament was not only a powerful physical body, but also contained five great treasures of the Holy Lord in the Five Secrets. It was infinitely powerful. In terms of defense power, Qin Chen was absolutely invincible to some extent. His supernatural powers are even more terrifying. However, the treasures in Qin Chen's Five Secrets are extremely obscure under the concealment of the Sky Patching Hammer, and the five most treasures merge with each other, no one can see the flaws, and in his power, there is also the mystery of origin, it is him. Own unique martial arts

Learning, even the Holy Lord can't see why.

"Xiang Invincible, this is your true strength? It's ridiculous, I am invincible, and I am invincible. Your attack can't even break my defense. How dare to call it the Invincible Son, ridiculous, so ridiculous!"

Qin Chen sneered again and again, the power of the ancients turned to the extreme, as if turning into a giant of the ancients. "Hmph, you are going to be rampant, your defense is strong, but my eternal magical powers can attack the will, the saint, respect the soul will, as long as this seat destroys your will, you will naturally collapse." Xiang Wudi roared.
