[Chapter 2851: God of Qidao](#)

There is mysterious power in Xiang Wudi's pupils. In his body, an ancient breath awakened, and a terrible divine impact was formed, turning into waves of waves, om, in Xiang Wudi's pupils, Two rainbows shoot out and attack directly

Before hitting Qin Chen's body, he actually evolved into a large rune formation, strangling inward.

This is the power of divine mind and will, directly drawing wages from the bottom of the tank, attacking Qin Chen from the source, breaking Qin Chen's immortal golden body!

"The origin of heaven and earth!" Facing the strangulation of these two divine rainbow forces, Qin Chen's expression remained unchanged. The Heavenly Soul's forbidden technique was used, and he insisted on holding his will. At the same time, he punched out and directly displayed his long-understanding Origin God Fist, suddenly, one world after another

The source has emerged, and the origins of all things in the heavens and the earth shimmer one by one.

Every civilization has an origin, every race has an origin, and even every world has an origin. Qin Chen's origin supernatural powers contain the origin of all things, and in the end, it can create a new origin world.

This supernatural power creates a world, standing above the heaven and earth forever. Many people present, in an instant, it seemed that the heavens and the earth disappeared, as if a brand-new civilization had appeared, and the origins had begun, and the whole person was completely lost in the world of this origin, accepting the vast supernatural powers. Shock

, As if the head is about to explode.

This is Qin Chen's attack with his supernatural powers, and he directly advances his soul level, and no one can resist it.

"not good!"

Xiang Wudi stepped back again and again, his face changed drastically, his will impacted Qin Chen as if sinking into the sea, but Qin Chen's original supernatural power, carrying a magnificent epic era, wanted to engulf him. In the crisis, he roared, all the rainbows were collected, and the change was an invisible force that enveloped himself, booming, and above the Qibao Glazed Pagoda, the light bloomed and enveloped his body, he did not expect, Qin Chen's supernatural powers

It was so fierce, and with one punch, it revealed the origin of the universe.

This punch is not powerful, nor is it Saint Yuan, but an artistic conception of origin, which makes people seem to blend into the origin and become a part of the world.

Xiang Wudi felt that he was isolated and helpless, standing between the heaven and the earth, almost submerged in the vast river of civilization, and suffered a disaster.

Supernatural powers are invincible!

Origin supernatural power! Qin Chen was only a warrior at the peak of Tiansheng's early stage. As far as Shengyuan is concerned, naturally there is no Xiang invincible and tyrannical. However, the original magical power is a unique method, and the will crosses the cosmic era, which is enough to defeat the defense of any strong.

in.

"Where is such a powerful magical power? Where did Qin Chen cultivated? Is it our work? No, I have never heard that our work has such a ferocious magical power." Xiang Wudi's mind Receiving the attack from Origin's magical powers and struggling to support it, he suddenly launched a Jedi counterattack: "Eternal ages are like a long night, I am a beacon, ages are like the world, I am a god, ages are like an era, and I am a river! Anything that goes against me is

Kill me! "

In Xiang Wudi's body, a vast force erupted again, turning into a devastating storm, and an eternal breath flowed out to destroy Qin Chen's origin of all things.

This is his eternal magical powers, inherited from the emperor.

"Hmph, the origin is endless, the supernatural powers are indestructible, the divine marks in the sky will be split, and the eternity will be destroyed!"

Qin Chen stepped once again, and shot out with a punch. The sky collapsed and the ground suddenly collapsed. Ghosts cried out in the void, and terrifying ripples swept out, cracking the ground, and it was the scar of the rifting sky.

This is another big killer Qin Chen has mastered, the Holy Lord's supernatural powers, invincible means.

Buzzing!

Waves of cracks swept through the air, everyone felt the screams of heaven and earth, as if the heavens couldn't bear this force, and were wailing.

Qin Chen was like the **** of the ancient times, with his own power, he split the world, shattered an era, and created the origin of another era.

"Invincible, invincible!"

Many of the disciples were stunned by Qin Chen's supernatural powers, and they all roared, as if to add firewood and fire to Qin Chen's power, and to follow Qin Chen.

"Eternal magical powers, fight it!"

Xiang Wudi condensed all his strength and raised the Saint Yuan to the maximum, facing Qin Chen's origin magical power and Rift Sky God Mark, it was a single blow.

The two masters fought against each other in the air, and the power spread out, not knowing how many tangible and intangible existences were destroyed.

Boom! Endless explosions resounded. During the explosion, Qin Chen retreated, his breath surged, and that invincible was not good. He kicked and kicked back again and again, his face turned pale, and the Seven Treasure Glazed Glass Pagoda exuded divine rainbows. Guarded his body before

It made him stabilize his figure, the blood in his body surged, almost spurting out a mouthful of blood.

That's not even counted, the lawful mood left by the cracked sky divine mark in the void is still eroding his power.

"Seven Treasure Glass Tower, protect me!"

Xiang Wudi roared, the light on the Seven Treasure Glazed Glass Pagoda was even more intense, and the Dao Dao Divine Rainbow completely wrapped him, so that the aura surging in him suddenly calmed down.

"so close!"

Xiang Wudi's face was gloomy and he stared at Qin Chen firmly. He didn't expect that Qin Chen would push himself to this level. He, the Invincible Son who had always been self-proclaimed, was almost about to be injured. Qin Chen stared at the Seven Treasure Glazed Glaze Pagoda fiercely. He had to say that the Seven Treasure Glazed Glaze Pagoda was a treasure against the sky. It was even stronger than the Zixiao Dust Palace he had obtained before. After all, his Zixiaodou Rate Palace is just an imitation, and

This Seven Treasure Glazed Pagoda should be an ancient treasure. Although it is not at the level of the saint master, it is already the top treasure among the heavenly saints.

Not only can it smelt flames, but it can even defend itself, attacking and defending together, extremely against the sky.

"Smelly boy, how many years have passed since I can't remember how many years have passed. You are still the first new disciple who can push you to this level. You are already proud of this record."

Xiang Wudi's eyes were faint, like a ghost, "However, no matter how strong you are, you still cannot escape death in front of this seat."

A terrifying power in Xiang Wudi once again rose. "No one has forced you to such a degree? It is that you did not meet this young man. Today, when you meet this young man, he will let you know, what is the meaning of "the heavens are out there, there are people outside of the world, and you think you are supreme." The heir to Qidi is terrific?

Laugh, your so-called Qi Emperor is nothing more than an ancient weapon refining expert with some accomplishments. The real master is the God of Tools, the God of Tools and Tao, and I, Qin Chen, is destined to become the God of Tools. Characters. "Qin Chen roared again and again, facing the terrifying power rising from Xiang Wudi, he was even more arrogant, domineering and arrogant, his whole body power was surging, and he resonated with the world.

[Chapter 2852: The Emperor Arrives](#)

"Qin Chen, really dare to say, the **** of Qidao, is he going against the sky?"

"Even the founder of our Tianjiao, dare not call yourself a tool god?"

"Lawless, arrogant and overbearing, this Qin Chen is really a lunatic." Many disciples and elders are going to go crazy, the **** of weapons, even the founder of their heavenly work, dare not call themselves their **** of weapons, Qin Chen The saint son of a small Guanghan Futian work branch actually pretended to be a tool god, this

It's like a rich landlord in the countryside proclaiming to everyone that he wants to be emperor.

Boom!

Under all eyes, Qin Chen and Xiang Wudi fought together again. The two used their power to reach the sky, their fists collided, and the boundless void exploded. The entire world was burning with mighty flames, as if it had become a purgatory of flames.

"Hahaha, fun, Xiang Wudi, this is the strength you claim to be invincible? It disappoints me too much."

During the battle, Qin Chen laughed as he fought harder and harder.

Carefree, extremely carefree! Since breaking through the realm of Heavenly Sage, Qin Chen has fought so freely and heartily for the first time. The rest of the mid-term peak giants of Heavenly Sage are not his opponents at all. Now, he finally has an opponent who can fully use martial arts.

, So that endless excitement emerged from him. "Qin Chen, you are indeed very strong. Since entering Heavenly Work, in countless years, you have been the first to push me to this level, but you stop there. You dare to blaspheme the ancient weapon emperor, and make false claims. I want to become a tool god, ridiculous, no

Know, I will let you know what is called Supreme Emperor! The eternal seal, the Great Enchantment of the Eternal Array! "

Hum! The huge enchantment swept to its end. Between the heaven and the earth, all the scenes suddenly disappeared, as if they had fallen into the eternal night, and the only person who was invincible stood proudly in the endless void and controlled the heaven and the earth. The power of enchantment composed of countless huge seals,

Coming down, all Qin Chen's light was wrapped in it.

Immediately, Qin Chen's five senses disappeared, as if he had fallen into the depths of the lonely universe without any perception.

"What? What kind of big formation is this? This invincibility is so powerful. If I don't show some trump cards, I really can't beat it. However, now this great enchantment of the ancient artifact formation can't trap me at all, look at me The Way of Space!"

Qin Chen plunged into the endless darkness, but there was not the slightest panic. In his body, the power of the space sacrament bloomed, and the power of space emerged from every cell, and countless array runes swept and spread suddenly. Come.

Hum!

Qin Chen's body turned into a tangible and intangible existence, and turned into a very nihilistic state.

"This is... the profound meaning of the Western Emperor's Shadow Tour Dafa." Below, Fu Zixi, who was so tightly sealed that he was kneeling on the ground, widened his eyes. The breath that Qin Chen displayed turned out to be his Western Emperor's Shadow Tournament Dafa. No, it's not the Western Emperor's Shadow Tour Dafa, it's just the mystery of the Western Emperor's Shadow Tour

It was even more powerful and terrifying when he performed Xihuangyouying Dafa before. Fu Zixi was horrified. Qin Chen had only seen him perform the Western Emperor's Shadow Tour Dafa once. Not only did he master this magical power, he also merged this magical power with his own power to create Bigger than Thaxi King Tour

Fa's more terrifying magical powers, is there really such a wicked person in this world?

Shit! Qin Chen urged the law of space and performed the shadow-traveling magic. His body was between illusion and reality, and in the blink of an eye, he instantly appeared at the core of this great enchantment of eternal artifacts, with the terrible sword energy lingering in his hand. I got here

The most mysterious place of the Great Enchantment.

Boom!

The tragic and vast sword energy directly penetrated this great enchantment of the eternal weapon formation.

Qin Chen, like a **** who broke the seal, rushed out of the barrier. With a movement of his body, he turned into a dense shadow in the sky and hit Xiang Wudi again. "What kind of magical power is this? Impossible, you can break through my Great Enchantment of Eternal Artifacts?" Xiang Wudi's face showed an unbelievable look. He never expected that his Great Enchantment was actually Been broken like this, never one

Supernatural powers can evade the power of the Great Enchantment of the Eternal Tool Array.

"Why is this impossible? Because, I know the instrument better than you, and I know the array better!"

"Destroy Sword Intent!"

Boom!

Qin Chen clasped his hands together, and sword aura emerged from the hands of countless phantoms in the void at the same time, which was the second realm of the sword of eternity, destruction.

Endless aura of destruction surged, and the entire Tiangong Martial Arts Department was roaring, seeming to be destroyed under this sword and turned into ruins. "It's useless. Although you broke my Great Enchantment of the Ancient Artifacts, you are already wrapped in my Ancient Artifacts, you! You are dead and really irritated me. Don't blame me for being ruthless, just blame you for offending me People who shouldn't be offended!

Over the ages, come out to me! I sacrifice my blood for eternity and burn my life, and help me! "

Finally, Xiang Wudi showed his final killer. A tall and majestic figure suddenly appeared on top of Xiang Wudi's head. His lifespan was burning, and a heavenly law on his body was also burning. This figure, majestic and invincible, once appeared, it seemed to contain the universe forever. Sit upright

There, the dark eyes were opened.

Boom!

Endless divine power swept out, shocking the sky.

"This is... the artifact emperor's shadow, how could it be possible that the figure of the ancient artifact emperor still exists? It is Xiang Wudi who uses his blood and life to promote the inheritance of the emperor, with the help of the power of the emperor to kill the enemy "Hand!" "This is the true killer of the Heaven-defying Saint Child Xiang Invincible. It's incredible. With his cultivation power, he can't inspire the figure of the ancient artifact emperor at all, but he does not hesitate to consume his life and the laws of the heavens. Completely furious, want

Suppress Qin Chen. "

"It's difficult for Qin Chen now. As soon as the Qi Emperor comes out, who will fight for the front? The powers of the late Heavenly Sage have to avoid the front for a while, unmatched."

"It's over, then Qin Chen is in danger."

Many disciples, elders, and top powerhouses have their eyes widened. They all know that this is the mortal skill of both sides, a blow that determines the outcome.

The figure of the Emperor Qi, eternal night, Xiang Wudi launched a Jedi counterattack.

Boom!

Qin Chen's Destruction Sword Intent trembles violently under the figure of the Qi Emperor. It is not that the Destruction Sword Intent is not strong enough, but the ancient artifact emperor is too strong. Just a trace of phantom is enough to suppress the eternal and annihilate everything. .

What's more, Qin Chen's cultivation base was far inferior to Xiang Wudi, and he was far behind his realm.

"not good."

Seeing the world-famous blow from the figure of the instrument emperor would destroy everything and kill Qin Chen. At this moment, in Qin Chen's body, a burst of time suddenly emerged.

[Chapter 2853: Also kneel down](#)

"Vast time and space, all living beings, long years, vicissitudes of life!"

Hum!

In the void, above the endless sky, a sky-rail-like power appeared, and this power, shrouded in the sky, instantly affected this world.

"Time magic!"

Everyone's thinking stagnated at this moment. In a trance, the time in the heavens seemed to have lost one second in an instant. Everything was frozen at this moment, and the figure of the emperor instantly solidified.

next moment! The stagnant torrent of time circulated again, and the mighty attack fell in an instant, and the entire Nine Suns God Profound Mountain almost burst open, but Qin Chen's figure suddenly disappeared, as if he had never appeared before. Not being blown up, but

It disappeared strangely.

"impossible!"

Xiang Wudi's eyes widened, and he roared in anger.

"Nothing is impossible!" An indifferent voice sounded behind Xiang Wudi.

Destroy Sword Intent!

Invincible blow!

Hum!

No one saw how Qin Chen appeared behind Xiang Wudi, his sword qi in his palm suddenly slashed down, and it hit Xiang Wudi's body at once. No one could imagine how powerful this blow was. Qin Chen spurred the magical powers of time, traveled through the torrent of time, and escaped Xiang Invincible's mortal blow. He appeared behind him and directly launched his own powerful blow. In that imperial shadow, Xiang

On the invincible back.

collapse!

The Qi Emperor phantom was destroyed all at once, and Xiang Wudi's back blood exploded, his whole body cracked, exploded everywhere, and fell directly to the ground.

"Kneel me down!"

The indifferent voice sounded, and a big hand crashed down in the void, grabbing Xiang Wudi, who had fallen to the ground, and swept the endless sword energy, which was already lifted on the platform of the Nine Suns God Profound Mountain. press.

"Do not!"

Heaven-defying Saint Child Xiang Wudi saw that his body could not be commanded at all, he was born to kneel down, kneeling side by side with Murongtian and Fu Zixi. The Seven Treasure Glazed Glaze Pagoda was trapped by Qin Chen's Zixiao Dou Ligong. The two most treasures were colliding violently. The Seven Treasure Glazed Glaze Pagoda was about to rush out of the blockade, but it was useless. Under the suppression of Zi Xiao Dou Li Gong, Qibao Liuli

The tower kept shaking, unable to escape. Of course, Qin Chen couldn't take away the Seven Treasure Glazed Glazed Tower directly. The Seven Treasure Glazed Glaze Tower was Xiang Invincible's natal magic

weapon, and Xiang Invincible was the descendant of the ancient artifact emperor. Ordinary techniques simply couldn't quickly refine the Seven Treasure Glazed Glaze Tower. Unless it is Shi

Exhibiting the sky-repairing technique, but in this case, Qin Chen would naturally not use the sky-repairing technique hastily.

The art of patching the sky is the most terrifying art of refining in the ancient heavens. If anyone sees it, it will be troublesome.

Qin Chen was not in a hurry, first trapped the Seven Treasure Glazed Glaze Pagoda and refined it a little bit. At the same time, his power was severely suppressed on Xiang Wudi's body, causing him to kneel on the Nine Sun God Profound Mountain.

This scene stunned everyone.

"Ahhhhh..."

Many people are holding their heads, yelling like crazy, completely unable to believe their eyes, as if going crazy.

Xiang Wudi, the veteran saint son of the Tiangong Refining Division, who is expected to be the heir of the Tiangong in Guanghan Fu, he just knelt down, and the treasure was suppressed. In the eyes of many disciples, it seems that the sky has fallen. Down.

"No, it's impossible, how could I kneel down!" Xiang Wudi went mad and wanted to stand up, but Qin Chen's previous move had already seriously injured him, and terrible destructive power poured into his body. , Destroying his meridians and origin, and Qin Chen displays his spatial attainments and countless strengths

Constantly suppressed Xiang Wudi.

He knelt there, and the boundless shame came to his heart again.

From a certain aspect, Xiang Wudi was even more humiliated. He appeared strong and made a vow to save Murong Tian and Fu Zixi, but now he was defeated, Sheng Bao was suppressed, and people were also kneeling.

Giggle, giggle...

From his throat, there was a drake-like cry, like a vain fire, he couldn't accept the fact that he was suppressed and kneeled here.

Murongtian and Fu Zixi were even more stupid at this time, completely demented, their eyes were so staring as a ghost, they giggled and couldn't say a word.

At this moment, they had simply forgotten the shame, never expected that even Master Xiang Wudi was not Qin Chen's opponent. "Why, why is there such a monster in Tianjiao? This is not a genius, this is a monster. I Murongtian, my life is unrivaled, and I follow Master Xiang Wudi. In the future, it will be a hero who will sprint to the Holy Lord, but I am So humiliated

, I am not reconciled, why is this happening! "

Murong Tian roared, his grievances rushed towards Jiu Xiao, as if he was irritating and frustrated.

However, no one took his yelling as an issue, and everyone present was immersed in the suppression of Xiang Wudi.

"My god, Xiang Wudi Shengzi has been suppressed and is kneeling here?" "God, how did Qin Chen do it? Too strong, incredibly strong, his last blow, what exactly did he perform? Why did Xiang Wudi's attack fail with a flower before my eyes, but Qin Chen had the upper hand and suppressed Master Xiang Wudi ."

"At the last moment, what happened? I only felt an unprecedented heart palpitations, and everything changed?"

"What the **** is this supernatural power?"

Many disciples and elders were yelling, and while shocking Xiang Wudi to be suppressed, they couldn't understand the final blow.

Obviously it was Xiang Wudi Shengzi who had the upper hand, almost exploding Qin Chen's destructive sword aura, how did everything reverse suddenly?

They don't understand.

"That is....."

But in some caves and spaces in the depths of Heavenly Work, a respectable elder, the top powerhouses, suddenly stood up, and their eyes showed shocking light.

"I was not dazzled by the blow just now?"

They murmured as if they had seen something unbelievable, their eyes were full of endless shock, their bodies were trembling, and their legs were shaking. "Qin Chen, I am the descendant of the Emperor of the Qi, the invincible and powerful. There is no common destiny between me and you. You use despicable means to trick me. You wait, when I get out of trouble, I want this world to fall into mine. Rage, I want everything to fall, I want you to break

Ten thousand pieces of corpse, cramping and peeling! "

Xiang Wudi roared. In his spine, it seemed that there was a real dragon recovering. The body bent on the ground was desperately trying to stand up, and the entire Nine Sun God Profound Mountain was roaring.

He actually wanted to break through Qin Chen's blockade and stood up at once. "Hmph, do you still want to smash my corpse into ten thousand pieces? It seems that for the sake of the same family, you want to keep you alive, but now it seems that you can't keep you at all." Qin Chen's eyes were full of murderous intent.

[Chapter 2854: Elder shot](#)

Looking at Xiang Wudi's eyes, Qin Chen knew instantly that the hatred between the two parties could no longer be resolved from this moment. From then on, Xiang Wudi, Murongtian, and Fu Zixi only need to live. Will be crazy to myself

revenge.

Even the people around him would be killed. He saw three pairs of hateful eyes, and his heart moved murderously, "These three people, who have been humiliated like this, have already had an antagonism with me, so they simply killed them. After a hundred dollars, they are going to be punished by God's work. , It's worth not dying

."

With a thought in his heart, Qin Chen had already stepped out one step at a time. Om, the terrifying sword aura in his hand suddenly surged out, and the murderous intent was permeated. The death-like killing intent appeared on his body, making everyone present couldn't help but beat it. A shiver.

One sword would cut Xiang Wudi, before he could break free from his restraint and suppression, he would cut him to death.

But at this moment, the abnormal change protruded.

Boom!

An extremely strong divine light came down and swept directly at the three people kneeling on the ground.

This force, vast and terrifying, caused countless goose bumps on Qin Chen's body, giving people a sense of unmatched strength.

This is the power of the strong man in the late Heavenly Sage.

This terrifying divine rainbow, like a Tianhe rolling down, an indescribable stalwart, shook Qin Chen back again and again.

So strong!

Qin Chen's heart was shaken. In the late Heavenly Sage, this is definitely the top powerhouse in the late Heavenly Sage. The top powerhouse in the heavenly work is like the great elder and the supreme elder. He is trying to rescue the three of Xiang Wudi.

"It's such a powerful force. It happened when I had a murderous intention and wanted to make a killer. It seems that although many powerful people at work allow us to fight, they don't allow me to behold this invincibility?"

"But also, Xiang Wudi is extremely rare, and he may be expected to become the Holy Lord in the future. If I kill him like this, it will also be a huge loss for Heavenly Work."

Qin Chen felt this power, his body retreated slightly, his eyes flickered, but he didn't do any more.

This is obviously something that many elders of Tianjiao have acquiesced. He knows the stakes. If he dares to kill at this time, he will definitely be punished by the top powerhouses of Tianjiao, so he can't

bear it, and temporarily spares the three. . Anyway, now that Qin Chen has shown his strength, Heavenly Work will definitely attach great importance to him. He is regarded as a treasure, and he has received many trainings. When he breaks through in his cultivation, he enters the middle stage of Heavenly Sage, and integrates many laws. After this invincible few people Although hemp

Annoying, but it does not pose a threat.

Just let them go.

However, Qin Chen voluntarily gave up. Who knew that this vast power had shattered Qin Chen's seal and swept away the three of Xiang Wudi, and then secretly sent out an aura to Qin Chen, flickering in the void, and slashed at Qin Chen. Come to kill.

"Which elder is this, who has saved Xiang Wudi and the three of you still have to do something against Qin Chen?"

"Before Qin Chen stepped back, apparently he had acquiesced to the other party's rescue. The other party was still reluctant and wanted to teach Qin Chen a lesson." "Is this some of the top elders behind Xiang Wudi Shengzi? Xiang Wudi and the others are still not convinced. They have to teach Qin Chen a lesson. After all, behind Xiang Wudi is the support of a group of elders from our daily work. Our daily work seems peaceful, but

Also divided into many factions, competing for power with each other. "The Qi machine flashed slightly, and it turned into a terrible murderous intent, and slashed at Qin Chen. Above the Qi machine, the terrifying law power lingers, although not many, but every one is strong and terrifying. This is heaven. The power of the law of the strong in the late Saint stage, if it falls

On Qin Chen, even if he did not die, Qin Chen would be seriously injured.

"Which old thing is it? Sneak attack on this young man? I don't know the shame, looking for death!"

Qin Chen's eyes were cold, and the infinite murderous intent in his pupils appeared. He had acquiesced to the other party to save people, and he was already very tolerant. How did he know that this rescuer took this opportunity to attack him.

Space supernatural powers.

Next to Qin Chen, the infinite space power appeared, and the wild ancient body displayed, the endless wild ancient aura permeated, Qin Chen staggered, urging the space power, flashing to the side, avoiding the blow.

Whoosh!

Qin Chen's body actually escaped this strange blow.

"Huh!" In the depths of the endless void, I don't know where, the source of this energy transmission, let out a surprise, but in this surprise, there is still a sneer, because Qin Chen has just avoided This Qi machine hasn't had time

With a sigh of relief, this air force flashed and appeared behind Qin Chen again.

This time, Qin Chen naturally didn't have time to avoid it. In fact, he had already sensed that if the source of time was activated, he could definitely avoid it, but he naturally couldn't do it, and he took the blow abruptly.

puff! Qin Chen's face immediately turned pale, and he opened his mouth with a spit of blood, his expression wilted, but his gaze, without any panic, a trace of invisible power, accompanied by the aura that penetrated into his body, suddenly penetrated endlessly. The virtual air.

"Find you, die for me!"

Qin Chen's twin pupils burst into the rainbow, and a terrifying murderous aura swept out all of a sudden, penetrating into the infinite depth of the void.

"Destroy Sword Qi!"

boom!

The sword light revolved like lightning, like a **** and demon with his own mortal blow, suddenly plunged into the depths of infinite time and space.

"Huh, little bugs."

In the depths of the endless void, an old cold snort sounded, as if dismissive of Qin Chen's sword aura. The infinite sword aura sank into the void and could not harm him at all. Seeing that the destruction sword intent was about to disappear, suddenly —

"Time magic!"

Qin Chen snorted coldly, running the time rule again.

Between heaven and earth, time seemed to pause for a moment.

next moment!

what!

In that distant time and space, at the end of the terrifying Qi machine, a scream came. It was obvious that the strong man was affected by the rules of time and lost the ability to avoid.

Although the strong man in the late Heavenly Sage is terrifying, he is not yet strong enough to ignore Qin Chen's destruction of sword attacks.

"Appeared, that feeling has appeared again."

"What magical power is that? Have you felt it? Time seemed to stagnate for a moment."

"I felt it, and thought it was an illusion. Did you feel it too?"

"Could it be... the rules of time, did Qin Chen control the rules of time?"

boom!

A stone caused a thousand waves of waves, and everyone looked at Qin Chen in shock. This time, they felt that the terrifying magical powers Qin Chen displayed at the last moment had brought time to a standstill. It is the rule of time, the most supreme rule of the heaven.

[Chapter 2855: Lord comes](#)

At this moment, all the disciples, elders, and the core elders in the depths of the heavenly work were shocked and inexplicably stood up.

The rules of time, how could it be possible to appear in such a saint child.

This is a rule that even the Holy Lord cannot master.

"It's the time rule. How can it be possible that this child has a time rule?"

In the endless void, in the scream, the voice was shocked, booming, the next moment, a magnificent figure appeared, a thin old man, looking at Qin Chen in shock, with endless greed in his eyes Look.

"The rules of time are indeed the rules of time. I thought I felt wrong before, but I didn't think it was actually the rules of time. Boy, how did you master the rules of time, come quickly!"

The old man stared at Qin Chen stubbornly and slayed him frantically. He stretched out his big hand and slammed Qin Chen, trying to capture Qin Chen instantly.

The power of the vast Heavenly Sage was boiling in the late stage, and this old man was doing his best to shoot, and it was more than ten times stronger than the power that burst out before.

Under this force, Qin Chen immediately felt endless pressure.

"Elder Hao Jun, too, stop!"

Seeing that the huge palm was about to fall, suddenly, an angry shout rang out, and another terrifying powerhouse appeared between the heaven and the earth, it was Elder Konoha.

"Konoha, let me go. There are so many secret arts in this child. I now suspect that this child is most likely a spy of the demons, or the spies of the demons, or the spies of other top forces, give me Step aside."

Facing Elder Konoha's obstruction, the elder Hao Jun's eyes became more gloomy, and while slamming at Elder Konoha, he once again suppressed Qin Chen.

Boom boom boom!

At the same time, behind the elder Hao Jun, terrible auras appeared one after another, a group of top elders, one by one, surging with terrible auras, came towards Qin Chen.

"Elder Hao Jun, Supreme Elder Longgu, you have passed..."

But at this moment, behind Elder Konoha, Elder Chu Ye, Grand Elder, Elder Hongyue and other powerful men also appeared one after another. Terrible power surged all over, blocking Qin Chen, and said coldly.

"Elder, you get out of the way. This son intends to kill Xiang Wudi and Murong Tian and others. The old man now has reason to suspect that this son has ulterior motives. Xiang Wudi is the old saint of our Tianjiao, and he will have the opportunity to inherit Tianjiao's mantle in the future. If Xiang Wudi dies,

then this son will be the biggest beneficiary. If this son really has ulterior motives and let our daily work fall into the hands of this son, then it will be a disaster for our daily work. Therefore, elders, also Please let me wait to catch it

, Investigate carefully. "

The elder Hao Jun looked faintly, and Sen Han said, "If there is nothing wrong with this son, I, Hao Jun, will act impartially and give up leaving."

"Enough, elder Hao Jun, I will not understand your intentions, I will leave quickly, even if you want to investigate, you can't directly suppress it like you, Qin Chen is a disciple of my daily work, not an outsider ."

The Great Elder said coldly.

Boom boom boom! Between heaven and earth, a top-notch elder appeared, and the two camps burst out terrifying auras, booming, the mountains of the warrior department were shaking, countless prohibitions collapsed, and cave houses were collapsing. Qin Chen and Xiang Wudi had never done anything before. damage

At this moment, the mountains and caves in China are facing disintegration.

In Tianjiao, many disciples and elders watched this scene in horror. They didn't expect that the battle between Qin Chen and Xiang Wudi had triggered a grievance battle between the two factions in Tianjiao. .

How can this be good? Everyone feels chills and don't know what to do. The disciples, deacons, stewards, and foreign affairs elders are not high-levels in their daily work, and they cannot interfere with the grievances of both sides in terms of status or strength.

.

"Hao Jun, are you really obsessed with not realizing it?"

The Great Elder stared at the other group of people coldly, and said with a cold voice.

"You are the one who insists on not understanding!" Xiang Wudi's side, Hao Jun's momentum surged, extremely fierce, and the breath of many top elders, super elders, and powerhouses in the late Heavenly Sage made many disciples, ordinary elders and stewards present. , All can't breathe, one by one

All knelt down under pressure.

"What a strong breath, this is the martial artist of the late Heavenly Sage? Do you understand the realm of Dacheng when you understand the rules of the heaven?"

Qin Chen felt the mighty breath, and was shocked in his heart. Above the sky, there were two factions, each with a large number of people and strong aura, showing the terrifying strength of Tianwork.

The martial artist of the late Heavenly Sage is already an extremely terrifying powerhouse in a house. He can create a big sect, a big power, a big family, with a long history, but working in the sky is only one of many top elders.

Such a strong person and so many late Heavenly Sage Overlords will definitely change their colors. Maybe the entire day's work will be exploded, and countless voids will turn into turbulence.

Just when the smell of gunpowder is strong on both sides, it is about to start.

Above the endless sky, a magnificent breath descended.

It was an extremely strong will, a will with the supreme and immortal will, which came to this world.

After that, the whole world seemed to be still. The unparalleled aura envelops everyone in the field, making everyone feel insignificance from the bottom of their hearts, as if in front of this great existence, they who master the rules of the heavens have become ants, mud-like beings.

in.

Holy Lord, this is the majesty of the Holy Lord.

Above the endless sky, there appeared a tall, stalwart figure that made the world uncompressed.

The head of the Guanghan Mansion branch of Tiangong, the real tycoon, the person in power, the Holy Lord of Light, appeared. The real body of the Holy Lord of Yaoguang did not come down, it was just his will and a projection, but his will was enough to suppress the existence of the overlord level in the late Heavenly Sage. In a flash, the great elder and Hao Army elder, this overlord

All the breath of the strong have been disintegrated.

Pedal!

The expressions of Elder Hao Jun, the Great Elder and others changed one after another, and they no longer dared to push their momentum to oppress them, but looked terrified, and all knelt down on one knee.

Flop!

As for the ordinary disciples, they have long been squatting on the ground and unable to move.

"My subordinates have seen the Minister!" The elders and others all started shaking in shock, lowering their heads one by one, as if they had seen the gods. Respect emerged from deep in their hearts, and they did not dare to release any aura. , Because any release of momentum is to challenge the Lord

Majesty, provoking majesty in front of the Minister is tantamount to looking for death.

Everyone no longer dared to act rashly, and the soul was shrouded in majesty.

"Hao Jun, what are you doing? Do you want to rebel?"

Rumble! Above the sky, the Minister of Tianjiao opened his mouth and swept the world with a hint of coldness.

[Chapter 2856: Speak up](#)

As soon as the Minister of Heavenly Work appeared, he directly scolded Hao Jun, his indifferent voice, with the power of penetrating people's hearts, and the power of moving the world.

The holy energy between endless world and earth all boiled at this moment. Everyone changes color, the Holy Master is strong, is this the Holy Master strong? When he speaks, the world is shaking with his frequency, all the laws disappear, and the rest is blank, even the movement of the world seems to be in him.

His words and deeds stopped, and he was born, destroyed, and disappeared with his thoughts.

It seems that there is nothing in this world that the Holy Lord cannot do.

"The lord of the holy realm is in charge of everything, speaks out the law and reads all the laws...this realm..."

Qin Chen muttered, seeming to be shocked by this realm: "Holy Lord! Holy Lord!"

He said in shock.

Although Qin Chen has seen so many saint master characters, he has felt a lot of saint master aura, such as the power of the saint master in the forbidden land, the body of the saint master of Yama, and the master of the desolate ****, Eternal Sword Master and so on.

Even the Lord of the Desolate God and the Eternal Sword Lord are the figures of the pinnacle of the Holy Lord, and they are about to touch the supreme realm of the venerable, which is definitely much better than the minister who works this day.

But even so, there was no shock that came this time, it was more appropriate and more touching.

Because the holy masters Qin Chen saw before were all a breath, a remnant soul, or a phantom, but the minister of the heavenly work, Yaoguang holy master, lived in this space truly. Exudes his eternal power. When this force came, Qin Chen couldn't even have the idea of resisting. In addition to being able to stand still, he couldn't do a single movement, and the many disciples present were even more embarrassed, all squatting on the ground. Head down, head down

Dare not lift it.

The Holy Lord is majestic and can't be offended. Whether it's a disciple in the early days of the Heavenly Sage, or a giant in the middle of the Heavenly Sage, or the overlord of the late Heavenly Sage, at this moment, they are all trembling like a quail.

The towering body of the Holy Lord of Yaoguang stood up in the sky, and after a cold drink, he was not talking, but waiting indifferently for the answer from the elder Hao Jun. With the dignity of the Holy Lord of Yaoguang, he would not say anything more.

Although he fell silent, Hao Jun suddenly felt aroused, his whole body seemed to be shrouded in an endless abyss, he suddenly woke up: "The Minister is asking me, if I do not answer, the next moment is death!" Your Lord Minister, his subordinate Hao Jun... is dedicated to the majesty of working for the heavens. He doesn't mean to rebel at all." Hao Jun knelt on the ground, banging banging, kowtowing his head, his super elder, just As if the slave saw the master,

When the **** saw the emperor, fear emerged from deep in his heart.

Sanctification is not the master, no matter how strong it is, it is a slave!

In front of the Holy Master, even the overlord of the late Heavenly Saint is a slave and a servant.

"For the dignity of Tianzuo, you, as the Supreme Elder, but you start with Tianzuo disciples, that is also for my Tianzuo?" The indifferent voice of the Lord Yaoguang sounded.

No one thought that the first thing Minister Tiangong appeared was to seek justice for Qin Chen. Hao Jun's face changed, and endless fear rose from the bottom of his heart: "The minister, the thing that is not available is this kid, who has not only joined Heavenly Work for a long time, has this level of cultivation and can answer countless elders' exercises. He even mastered the unique time rules in the heavens, and had to kill the saint son, the core of our heavenly work, and the subordinates suspected that this son might be an agent of other forces, even the demon race. I want to capture him and ask him to grow up

People Mingjian. "

Bang bang bang! Hao Jun squatted his head vigorously, his forehead was full of blood. A master like him, even a heavenly low-grade saint on his forehead might not be able to break through his defenses, but he didn't dare to urge him. Move Shengyuan, even make his forehead change

Become a commonplace.

"Humph!"

A cold drink like thunder blasted directly into Hao Jun's ears, and he immediately shook his seven orifices to bleed, almost fainting on the spot.

"The reason why this son masters the rules of time is because he has exchanged the time spar in the treasure temple in our daily work, spy, I think you are coveting each other's supernatural powers, you want to take it by cleverness?"

Holy Master Yaoguang said coldly.

"What? Because of this?"

Many people were shaking, and they were also curious about how Qin Chen mastered the time supernatural powers, but now they suddenly understood that it turned out to be a time spar. There are time spars in the treasure temple. Many top elders in the work of the day know about it, but there have been many time spars in countless years. No one has mastered the magical power of time through time spars. Plus time crystal

The contribution points that the stone needs can be called sky-high, and no one spends the contribution points to redeem.

But no one thought that Qin Chen would control the rules of time through this time spar.

This is unparalleled in the vast and long history of the entire celestial world. The time spar is extremely precious in the heavens, but it is not the only one. In the vast history of the heavens, in countless epochs, there are countless strong people who have obtained the time spar, at least as many as billions of Ganges gravel, but Really pass

Time spar masters the rules of time, no more than ten fingers.

And Qin Chen is one of these ten fingers!

Everyone shook their scalp and numb, what kind of evil is this?

The Supreme Elder Hao Jun's face was completely pale and he dared not speak any more. He just squashed his head frantically and said in panic: "My Lord Minister forgive me, please forgive me, Lord Minister!"

"Humph!"

An icy cold shout resounded through the world, rumbling, an invisible force came, and instantly enveloped Hao Jun.

what! Suddenly, Hao Jun screamed, and his whole body was bursting with holy energy. In his body, the source of Heavenly Sage was suddenly blasted, and the endless source of Heavenly Sage spit out along the pores, the realm of the whole person was crazily lowered, and finally, Turned out to be the most popular

The common sage, the existence of ants.

In the work of heaven, the Peerless Earth Sage is already the weakest existence of the cultivation base, and the Fan Sage is the ant among the ants.

"Do not!"

Hao Jun screamed. After tens of thousands of years of hard work, he was broken in one move and became an ant. He could no longer improve in this life.

"Hao Jun was jealous. Aiming at the Son of Heavenly Work, he abolished his cultivation base, exiled the endless emptiness, and guarded the warehouse for Heavenly Work, and he would never leave forever."

The Minister of Heavenly Work said coldly, "Besides, all the Heavenly Saints, salary and grades of Hao Jun's side were downgraded to one level and self-examined. As for Xiang Wudi and other Saints to fight against each other, it is really an internal struggle in Heavenly Work. No one can target it."

"Elder, you bring this Qin Chen to see me." The voice fell, and the towering body suddenly collapsed above the sky, disappearing without a trace.

[Chapter 2857: Meet the minister](#)

"Respectfully send your honor."

Many elders lowered their heads, said loudly, and looked sadly at Elder Hao Jun.

What a desolate elder, who is a real power elder in heaven's work, turned out to be a ruin.

Feeling the disappearance of that terrifying power, everyone present raised their heads and breathed a sigh of relief. At the same time, their eyes towards Qin Chen were filled with awe, admiration and envy.

In this battle, Qin Chen completely established his prestige, and no one dared to provoke him.

The people of Hao Jun's line of elders seem to be fine now, and then they will definitely be cleansed and suppressed by people of the line of elders.

"Qin Chen, Master Minister wants to summon you, you quickly follow me." After the situation subsided, the elder immediately began to stabilize the situation, and then said to Qin Chen.

"it is good!"

Boom!

Qin Chen suppressed the Seven Treasure Glazed Glaze Pagoda without returning it, but directly gathered it into his body, refining it a little bit, followed behind the Great Elder, and flew directly into the depths of Heaven's Work.

Only after this flight did Qin Chen realize the vastness of Heaven's Work, a layer of space, wrapped in it, in the endless void, there are individual spaces, and there are patches of dojo. The surrounding mountains, cave houses, and mansions are all inhabited by ordinary disciples, deacons, stewards, elders, and even saint children, and some of the top elders and elders who work in the sky all have their own heaven and blessings, occupying a space. very

Vast.

In the blessed land of the cave, the holy spirit is abundant, which is also the welfare of the work of heaven, allowing many elders to retreat, practice, and do not ask foreign affairs.

This time, Qin Chen and Xiang Wudi's movements were too loud, and they had alarmed so many top elders.

Even while flying all the way, Qin Chen also felt the aura of heavenly sage top grade ancient sacred veins. Compared with the Heavenly Saint Middle Grade Ancient Saint Veins, the Heavenly Saint High Grade Ancient Saint Veins do not know how many times stronger. One hundred middle-grade ancient sacred veins of the celestial sage can not be exchanged for one high-grade ancient sacred vein of celestial sage.

Only then can a real top sect be established in Guanghan Mansion.

Only by absorbing the ancient sacred veins of the Heavenly Sage High-Rank, the powerhouses in the late Heavenly Sage can have the opportunity to comprehend a deeper realm. If they only absorb the sacred veins of the High-Rank Heavenly Sage, it is already very remarkable to be able to maintain their cultivation.

Countless spaces flicker.

Huh!

After a while, a heavenly palace finally appeared in front of him. This heavenly palace, towering in the deepest part of the working space on this day, has truly reached the core of Heavenly Work, the retreat of Lord Minister. "Your Excellency, I come from the Tiangong Headquarters. It was once a great arrogant of the Tiangong Headquarters. Later, because of some incidents in the headquarters, he was sent to the branch of Guanghan Prefecture for cultivation and rest. The minister has a very temperament. Burst you

Be very careful not to anger the Minister. "

The elder secretly transmitted a voice, warning Qin Chen, now that his and Qin Chen's interests are closely related, and everyone knows that Qin Chen is his person.

As soon as his voice transmission fell, a magnificent light rumbly flew over, and in a flash, a bridge was erected across the two of them to reach the heavenly palace.

"In the Tiangong, we can only enter the Tiangong with the permission of the Minister, and when we step on this bridge, we can directly enter the Tiangong."

While talking, the Great Elder stood on the bridge with Qin Chen, and suddenly, a force wrapped the two of them. Without the need for them to move, they led them into the heavenly palace.

Qin Chen did not resist either, knowing that it was the strong in the heavenly palace who was leading him.

Standing on this bridge, Qin Chen felt a tyrannical Saint Yuan power, unmatched, as if this bridge could shake him into dust with a slight shock.

Huh!

Qin Chen landed and arrived in a palace, very quiet and majestic, with a faint fragrance surging, and a strong heaven and earth holy aura. Qin Chen immediately woke up when he smelled it. This was actually the breath of the Holy Vessel of the Holy Master.

On this day, the Minister of Work actually possessed a Saint-Master-level ancient sacred vein.

This is terrifying.

Qin Chen currently lacks the holy energy of heaven and earth the most, and can't wait to **** this ancient holy vein, but Qin Chen knows that it is impossible. This holy master level ancient holy vein is very strong, how can he **** it away. And at the end of the palace, sitting a black figure, covered by endless aura, as if sitting down, but his whole body, there are horrible holy auras and laws that have evolved into a unicorn, Pixiu, Phoenix

The phantoms of the phoenix, the dragon, the basalt, etc., are vivid and lifelike, constantly surrounding them.

That breath, just let people take a look, the thinking will freeze.

This is the true body of Holy Master Yaoguang, Qin Chen knew that what had come before was just a clone that he released, projected.

And this real body is more terrifying than the previous projection, like an invisible abyss, there is like an endless starry sky, vast and unpredictable.

If he hadn't seen it personally, Qin Chen would never have imagined how magnificent the Holy Lord's breath would be.

"Holy Lord, Holy Lord, one day, I will also become Holy Lord."

Qin Chen roared in his heart, the power of the Holy Master Yaoguang once again aroused his desire for cultivation, resources, what he lacks most now is resources.

Moreover, Qin Chen had confidence in himself, that he would surely become the Holy Master, and even he had to surpass the Holy Master and become the supreme existence.

"See Lord Minister." The elder hurriedly lowered his head, and in front of the Holy Lord of Yaoguang, he worked diligently as the elder of the Refining Division, as if he had become an ordinary person, respectfully.

"Ok."

Holy Master Yaoguang nodded, opened his eyes, looked at Qin Chen with a smile, his eyes fixed on Qin Chen.

"The art of origin, steal the sky and change the day, the power of time, cover the secret of heaven!"

Qin Chen had raised all his strength long ago, concealed his aura, and hid the jade disc of great fortune from the universe in the depths of countless magic weapons, in the palace of Zixiao, layer upon layer, and shrouded by sky fire, The power of time obscures.

Moreover, Qin Chen's body, the wild ancient aura also urged to the extreme, the wild ancient divine way of the lord of the wild gods turned to the extreme, covering other auras on his body, and all the treasures in the Five Secrets were hidden to the deepest place.

The gaze of the Lord of Light, there is no temptation at all, but there is the power to see through any vainness in people's hearts.

Qin Chen could feel that his body seemed to be cold, as if being swept away by something, but this force did not stay on him for too long, and it had already withdrawn.

"Very well, I didn't expect that a peerless arrogant appeared in my daily work. It is really the blessing of my daily work!" The voice of the Holy Master Yaoguang resounded.

[Chapter 2858: Half-true](#)

"You are very good, very good. At that time, the spar has been stored in the treasure temple of my day work. It has been stored for many years, and it is covered in dust. No one dares to exchange it, and even this holy master is not sure to understand it. Time rules, unexpected

It is shocking to be realized by you, whether it is courage or aptitude. "Furthermore, the Great Elder has already reported to me your adventures before, and Elder Hongyue has also reported everything you did in the answering area. I also used the supreme divine mind to perceive it, and you really got the ancient clan. The ancient inheritance of, got the treasure in the dead soul realm. If I'm not wrong, what you get should not only be the ordinary treasure of the desolate ancient tribe, it should be the top inheritance of the desolate ancient tribe, even the inheritance of the lord of the desolate ancient tribe, so your body is so powerful.

, Can ignore the invincible attack. I guessed right or wrong! "

Holy Master Yaoguang watched for a long time, suddenly laughed, and finally retracted his gaze, wondering what he found in Qin Chen.

"Huh!" Qin Chen immediately felt the invisible pressure dissipate, and couldn't help but breathe a sigh of relief in secret. Although he had hidden it very well, he couldn't guarantee that he would be able to hide it under the power of the Holy Master. Live everything about yourself, once it's lightened

The Holy Lord has discovered the secret in his body, even if the opponent is not hostile, he will still encounter danger. Among other things, the five most treasures of his Five Secrets alone are enough to make any Holy Master jealous and go crazy, not to mention his Universe Jade Plate, which includes the Holy Master's Holy Veins and Ten Thousand Realms Demon Tree. , Including Sisi is now hidden here

Here, if it is discovered, it is all trouble.

Fortunately, the Lord Yaoguang didn't find it. But I don't know why, Qin Chen has a feeling that the Holy Master of Yaoguang didn't really spy on him seriously, otherwise, with the strength of his Holy Master level, it would be impossible to hide it so easily. This Holy Master of Yaoguang watched My eyes seem to have

A hint of special meaning.

This feeling is very inexplicable, but Qin Chen is extremely convinced of his intuition. "My Lord Minister is really wise. I don't know what inheritance I got, but the person who claims to be a trace of the gods left by the leader of the ancient clan, waiting for the destined person, the disciple passed his examination, and got his Inheritance

Ancient gods! "

Qin Chen said half-truth. "What, it turns out that what Qin Chen got in the dead spirit realm is the inheritance of the patriarch of the ancient clan? There is such an adventure. No wonder it is so fierce. In the ancient times, it is said that the ancient clan was ranked on the list of ten thousand clan. The patriarch is absolutely holy

A master-level powerhouse, and not an ordinary holy master, even a trace of divine thought, an adventure that would be hard to find for hundreds of millions of years, was this Qin Chen obtained?

"The great elder finally understood why Qin Chen was so tyrannical. Originally, he thought that Qin Chen had only obtained the ordinary inheritance of the ancient clan, but he didn't expect to get the inheritance of the patriarch of the ancient clan. This kind of adventure is even the peak of the late Heavenly Sage.

The overlord must be jealous and covetous.

"Sure enough? Alas..." Holy Master Yaoguang sighed: "The wild ancient clan is also considered to be a fairly powerful race in the ancient times, and the wild ancient patriarch is a famous strong man in the ancient heavens, pinnacle. The saint's master once stood proud and attracted countless forces' attention. Unexpectedly, they were annihilated in the long river of history. In the vast years, they turned into dust. These powerful people even admire the saint. For countless years, I don't know how many people have broken Entering the barren ancient ruins of the dead spirit realm, want to get the inheritance of this barren ancient family, do you think

In the end, it actually fell on you, which is also God's will. "The Holy Master Yaoguang glanced at Qin Chen deeply and said to the Great Elder: "Great Elder, Qin Chen has received news from the Lord of the

Desolate Ancients. As far as you and I are aware, this news must be blocked and not allowed to anyone else." Know, just say that he got the ancient

The inheritance of a certain ordinary strongman of the family, otherwise it will be passed on, many people will find it, and it will be difficult to live. "

"Yes, Lord Minister." The elder hurriedly said respectfully.

"Thank you, Lord Minister!" Qin Chen said gratefully. "It's okay, you are my disciple of Tianzuo, and Tianzuo naturally wants to protect your safety." Holy Master Yaoguang smiled, "However, I see the breath on your body, the sword is soaring to the sky, and the killing and destruction you performed before. Jian Qi, also with a

The vicissitudes of ancient times, the feeling of being against the sky, if I guess right, what you get in the Necrosphere is not only the inheritance of the ancient master, but also the inheritance of a certain sword master? "

Holy Master Yaoguang said with a smile but not a smile.

"What? Qin Chen also got the inheritance of a Sword Master?" The great elder almost didn't jump up in shock. Good deed, my god, what kind of luck is Qin Chen, the ordinary Tianjiao can get a saint master inheritance. It is enough to be famous in the heavens, he is a strong man who will not be born in ten thousand years, Qin Chen actually got two?

This is real? Qin Chen's eyes flashed, and he respectfully said: "The minister is wise, and his subordinates have indeed received the inheritance of a kendo expert. However, when the kendo expert saw that I was a kendo genius, he inherited my supremacy. Sword intent, divided into killing and destroying

Annihilation, eternity, three realms, but after the sword master taught me this set of sword intent, he disappeared, and the disciple did not know its origin. "

As Qin Chen said, an eternal mood faded from him.

Qin Chen still couldn't fully grasp the eternal artistic conception, but it was already possible to simulate such a trace.

He knew that in front of a powerful person like Holy Master Yaoguang, if he deliberately lied, he would definitely be seen through. Only half-truths and half-truths, true and false, 80% true and 20% false, can they cross the sea.

Qin Chen didn't trust the Holy Lord of Light, but the inheritance he got. It was too heavenly. If I really wanted to say it all, the Holy Lord would be tempted. He didn't dare to bet his destiny on Holy Lord of Light. Above conscience.

Sure enough, the face of the Lord Yaoguang suddenly changed: "Eternal sword intent? It is actually this legendary sword intent, the supreme sword intent of the ancient heavenly swordsmanship sacred ground Tongtian sword pavilion. Is that sword master named Eternal Sword? the Lord?"

"It seems to be called this name." Qin Chen thought for a while. "Sure enough, it is him." Holy Master Yaoguang sighed: "The Eternal Sword Master is the top arrogant in the heavenly sword pavilion, the holy ground of swordsmanship in the ancient heavens. Demon wars have never appeared, and I did not

expect to fall into the dead soul realm. Is there some connection between the Eternal Sword Master and the Desolate Ancient Lord? Or is it that both were killed by each other?"

[Chapter 2859: Shameless](#)

The gaze of the Holy Lord of Yaoguang flickered, "This is also your chance. The eternal sword master is a character who can reach the sky. Even if he falls, the restrictions under the arrangement can kill me, even if the Holy Master breaks in. I'm afraid I will die, but I didn't think about it

When you were chosen, your adventure was shocking. "

Holy Master Yaoguang shook his head: "This matter, from now on, you don't want to talk about it anymore, as it has never happened, otherwise, countless kendo experts in the heavens will come to you for trouble."

"Disciple got it."

Qin Chen lowered his head. "You are the Tianjiao in my daily work, and you can be regarded as a disciple of this Holy Master. You don't need to be so cautious. How about your predominant and arrogant?" Hanfu Tian's work has become famous, the best

It was in the next trial that the oppression made other Futian work saint children unable to lift it up, and that was what this saint master most wanted to see. "

"Okay, Great Elder, take him out, remember to go to the Resource Hall to get three ancient sacred veins of Heavenly Sage Middle Grade, as a reward, give him cultivation." Yaoguang Sage Master said.

"Thank you, Lord Minister."

Qin Chen said gratefully, he was really excited. The three ancient sacred veins of the middle-ranked Heavenly Sage can be of great use to him, and Sisi and Qingling are also in great need. "There is nothing to thank you, you can win glory for my work in the Guanghan Mansion in the next trial, that's a great help, don't talk about the ancient sacred veins of the middle grade of the Tiansheng, even It's the ancient sacred veins of the heavenly sage, I can also reward

You, but now, I can only give you this. My daily work is justified. If you don't make much contribution, naturally you can't give you too much reward. "

Holy Master Yaoguang said lightly.

"Yes, the disciple remembers the teachings of the Minister, but the disciple has one more request."

Qin Chen said suddenly.

"Oh? What's the matter?" Holy Master Yaoguang looked over. "The disciple has two friends who have separated in Guanghan Mansion. After inquiring, the disciple has become a retreat disciple of Lord Guanghan Mansion. The disciple wants to ask Lord Minister to send information to Palace Lord Guanghan so that the disciple can See my two friends

Friendly side. "Qin Chen said immediately.

"Two friends? Become the retreat disciples of Palace Master Guanghan?" The Holy Master Yaoguang showed a curious expression in his tone, "Palace Master Guanghan will only recruit female disciples, the two friends you mentioned, it should be your confidante? You can be accepted as a closed disciple by Palace Master Guanghan. Your matter is very difficult.

, But it is not impossible. "Holy Lord Yaoguang laughed: "Palace Master Guanghan has a very bad temper. When he gets upset, he won't even sell the face of the Holy Master. If it's something else, it's better to say, but you just want to see her. Female disciple. However, this saint has no face, but

I can help you intercede, so let's go back first. This holy master still has some things to deal with. After three days, this holy master will take you to that Guanghan Mansion on a trip to meet that Guanghan. Palace Lord. "

"Then thank you Minister Minister."

Qin Chen was overjoyed. Although it sounded very difficult, as long as the Minister of Work and Work showed up, as long as he could see Qian Xue and see Qian Xue safe and sound, he would feel at ease.

As for other things, if Palace Master Guanghan had to detain Qian Xue, he would also make the other party regret his decision.

"Go!"

Holy Master Yaoguang waved his hand, and suddenly, a bright rainbow light appeared and turned into a bridge, sending Qin Chen and the Great Elder out.

After the Great Elder and Qin Chen left, the eyes of the Lord Yaoguang suddenly became fierce, looking thoughtfully at the direction Qin Chen was leaving.

"In addition to the aura of the Lord of the Ancients and the Eternal Sword Master, there seems to be some powerful aura hidden in this child. Moreover, there is a lot of mist in his body, and there must be a secret." Holy Master Yaoguang muttered: "The most important thing is that this son actually got the attention of the headquarters, and there was a mysterious and anonymous order from the highest level of the headquarters. That order, only those at the top of the headquarters are eligible to pass it.

Who is the dust? In this Guanghan Mansion, it was able to get the attention of the highest level of the headquarters. "

Holy Master Yaoguang also had a shock in his heart. He faintly felt that whether he could return to the Tiangong headquarters or not, perhaps Qin Chen was an extremely important key.

Because of this, he hadn't used his magical powers before and searched Qin Chen aggressively, because since there was high-level attention from the headquarters, Qin Chen's identity would naturally not be a problem.

"Who is this son?"

Holy Master Yaoguang murmured, the whole person has disappeared into the depths of the heavenly palace.

Naturally, Qin Chen didn't know all of this. He followed the Great Elder to receive the ancient holy veins, and then took Ao Qingling and a few people back to his cave at Qingtian Peak.

"Chimei, from now on, you will live and practice in my Qingtian Peak. Cultivating here should be much stronger than your own cave."

There was also Chimei who came back with him. This time Chimei was considered a meritorious service. Qin Chen is not a person who favors one or the other. Anyway, Qingtian Peak is very big. Chimei is naturally better than Qingtian instead of cultivating in the cave of the warrior department. Feng's cultivation is good.

And Qin Chen will go to trial next, when there will be red eyebrows, Ao Qingling and the others will naturally relax a lot, and they will be more proficient in establishing the Chendi Pavilion branch in Guanghan Mansion.

"Thank you Chen Shao." Chimei hurriedly bowed, knowing that he had seized the opportunity. Chen Shao is a figure that even Minister Chen has seen. In the days of work, there are actually very few people who can see the Minister personally. Not much, even some top elders are very

Many have never met the Minister.

"Since you have followed me, you will naturally benefit from you in the future."

Qin Chen said lightly, and then he went to the depths of the cave and began to refine the Seven Treasure Glazed Glass Pagoda.

In this Seven Treasure Glazed Glass Pagoda, with the inheritance of the ancient artifact emperor, it is not easy for Qin Chen to refining. Up to now, it has only been suppressed, not all refining.

However, Qin Chen couldn't help it at all.

In the book of the origin of Qin Chen's mind, countless kinds of refining techniques have emerged. Even without the sky patching technique, Qin Chen has many ways to refine this seven-treasure glazed glass tower.

Boom! After the quick deduction, Qin Chen violently displayed various refining techniques. Suddenly, a series of powerful runes swept out, and began to vibrate and change around the Qibao Glazed Glaze Pagoda. On the Qibao Glazed Glaze Pagoda, there appeared a series Light

, Still resisting.

But Qin Chen didn't care, but kept pushing. Suddenly, there were gaps in the light, and there was a tendency to break.

"Qin Chen... how dare you refine this Seven Treasure Glazed Glass Tower!" At this moment, Xiang Invincible's roar was heard from the Seven Treasure Glazed Glass Tower.

[Chapter 2860: Refining Pagoda](#)

This is a soul imprint left by Xiang Wudi in the Qibao Glazed Glass Tower.

"Qin Chen, you want to refine the Seven Treasure Glazed Glaze Pagoda. It's a wishful thinking. You can't succeed. You can quickly return the Seven Treasure Glazed Glaze Pagoda to this seat. The grievances between you and me can be wiped out."

The soul imprint of Xiang Wudi appeared. In the depths of the Seven Treasure Glazed Glaze Pagoda, it could not be obliterated at all. The Seven Treasure Glazed Glaze Pagoda firmly protected him, unless Qin Chen could thoroughly refine the Seven Treasure Glazed Glaze Pagoda.

This is also the reason why Qin Chen doesn't use the sky patching technique. Once he casts it, he will naturally be caught by the soul imprint of Xiang Wudi in the Qibao Glazed Glaze Pagoda, and there is a risk of leakage.

However, even without the sky patching technique, Qin Chen could still refine.

I saw the light bursting out of the Qibao Glazed Tile Pagoda, disintegrating a little bit.

"What kind of refining technique is this capable of refining the Seven Treasure Glazed Glaze Tower?" Xiang Wudi's soul brand displayed a powerful force, urging the Qi Treasure Glazed Glaze Pagoda to resist Qin Chen's refining, but it was useless. His line of defense was captured a little bit.

Since Qin Chen condensed the Book of Origins, his refinement attainments have skyrocketed, and he can cover everything. Now the method of refining everything is very mysterious, even Xiang Wudi can't see the process of refining clearly.

After a long period of time, the cracks on the Seven Treasure Glazed Tile Pagoda became more and more deep and deeper. Among them, the soul brand of Xiang Wudi also began to crack.

"How is it possible, impossible, how could the Seven Treasure Glass Pagoda be destroyed." Xiang Wudi's soul imprint showed a terrifying look on his face. In his soul imprint, many black spots appeared, which was a sign of collapse and destruction. .

Go out! Qin Chen spit out a word for the last time, the external light of the Seven Treasure Glazed Glazed Pagoda that bloomed with terrifying radiance from the fire exploded suddenly, and instantly fell apart, and this force poured into the Seven Treasure Glazed Glazed Pagoda, Xiang Wudi's spirit

In the soul brand, the invincible soul brand was instantly shattered, turned into fragments, and vanished into nothingness.

"Qin Chen, I am not reconciled."

boom!

The soul brand completely collapsed and disappeared in smoke.

The Qibao Glazed Tile Pagoda appeared to Qin Chen like a weaker woman.

"The technique of patching the sky, refine it for me!"

Xiang Wudi's soul imprint was shattered, and Qin Chen no longer had any worries, and directly urged the sky-repairing technique. Suddenly, Qin Chen continued to refine the prohibitions in the Seven Treasure Glazed Glass Pagoda and merged them into the Universe Jade Plate.

Then, cracks began to appear on the Seven Treasure Glazed Glaze Pagoda, and with a final bang, the Seven Treasure Glazed Glaze Pagoda exploded and turned into countless fragments, one after another into the Universe Jade Plate.

Immediately the Universe Good Fortune jade disc began to spin frantically, and countless fragments splashed everywhere, seeming to explode.

"What a violent power!" Qin Chen was taken aback. The Seven Treasure Glazed Glazed Pagoda contained very powerful rules and a vast flame aura, but they were all disintegrated by Qin Chen, and then absorbed by the jade disc of creation. Into the purest power, like a torrent

Generally, the whistling shock is integrated into the jade disc of good fortune.

Bang Bang Bang Bang Bang... The appearance of the jade disc of good fortune in the universe has begun to change. It originally evolved into the appearance of the Cavern of Ten Thousand Thieves, but now it has begun to change into the appearance of the Qibao Glazed Glass Pagoda. Moreover, flames appeared one after another. And the previous Qibao Liuli Pagoda

It's exactly the same, it's not true or false at all.

"Awesome!"

If it weren't for Qin Chen's practice of patching the sky, at first glance, even he couldn't tell whether this was a fake Seven Treasure Glazed Glass Pagoda made from a jade disc or a real Seven Treasure Glazed Glass Pagoda.

Regardless of whether it is true or not, the seven-color fire light and aura that burst out from the Seven Treasure Glazed Glass Pagoda are exactly the same as the original one.

Change again!

Qin Chen gave a low drink, but saw that the "Seven Treasure Glazed Glass Tower" changed rapidly and once again turned into a "Ten Thousand Thieves Cave", becoming a space treasure, and all the flames were condensed and clean.

Then, Qin Chen's thoughts moved again, and the Universe Good Fortune Jade Plate turned into a Seven Treasure Glazed Glass Pagoda, and the powerful seven-color flames bloomed, bursting with formidable power and laws, making Qin Chen feel a little shocked. "Good things, good things! My Universe Jade Plate is capable of ever-changing things, and this Seven Treasure Glazed Glass Pagoda is too strong, stronger than I imagined. It is really a pity, that invincible has no way to use all the Seven Treasures. Liu

If all the power of Lita can be played out, it would not be so easy for me to defeat him before, or even be impossible. "Qin Chen was ecstatic.

With this refining, his strength has improved again. With the guardianship of the Seven Treasure Glazed Glass Tower, his defense can be doubled again, and his combat effectiveness can also be increased by 20%.

This was still unable to release the full power of the Qibao Glazed Tile Pagoda.

After all, Qin Chen is only the peak of the early days of the Heavenly Sage, and the Qibao Glazed Pagoda is the supreme treasure of the Heavenly Sage. Once it can be fully activated, even the overlord of the late Heavenly Sage will be suppressed and refined.

Moreover, this Seven Treasure Glazed Glass Pagoda is constantly emitting fiery flames, the power of this flame is amazing, especially after being incorporated into the Qinglian Demon Fire and other sky fires, it has burst out of unprecedented astonishing power.

This Seven Treasure Glazed Pagoda can actually enhance the power of the sky fire.

Moreover, its interior is also a good environment for breeding sky fire.

"Okay, okay, I have never had a chance to improve my big flames before. Now I have two treasures, the Zixiao Dousui Palace and the Seven Treasure Glazed Glass Tower, both of which can be used to breed flames, enough to increase the power of my sky fire again. ."

Qin Chen stood up abruptly, with a scent of fire shining from his body, like the flame **** king, there was a smell of king over the world, controlling everything.

His strength improved again.

Boom!

He walked out of the cave and immediately attracted the attention of Ao Qingling and others.

"Congratulations for less dust, and gains again."

Ao Qingling and the others excitedly said, naturally they could feel the deep breath of Qin Chen, deep in the pupils of their eyes, as if there was a whirlpool, and every moment, endless power was born.

They almost had the urge to worship.

"That's nothing."

Qin Chen waved his hand, this improvement was nothing, the most important thing for him now was to be able to break through to the middle stage of the Heavenly Sage. This was the most critical.

"Go, you follow me to the Wangu Tower. The Wangu Tower still owes me an ancient sacred vein of heavenly middle grade. When you go out this time, you can also establish a branch of Chendi Pavilion in Guanghan Mansion by the way, and Yunzhou get in touch."

Qin Chen steadied his feet at the Sky Work Station and began to pave the way for the next purpose. Moreover, there was still time to be used before the three days decided by the Minister.

Boom! Qin Chen left the work day with his red eyebrows and all the disciples along the way were respectful and established immortal authority.
