

Valkyrie 2861

[Chapter 2861: Conspiracy](#)

When Qin Chen left Tiangong, he was in a certain mountain cave in the depths of Tiangong's refining division.

An angry roar resounded, as if from Jiuyou Hell.

"Qin Chen, I must smash this Qin Chen corpse into thousands of pieces... Thousands of swords, the soul tormented for hundreds of thousands of years, refine your body, boil oil, refine it into grease and light it, before I can pick it up from my heart. hate."

Xiang Wudi roared, the flames all over his body, the eternal aura flowing, his body was full of aura, and the body that was severely injured by Qin Chen before had actually recovered.

In the center of his eyebrows, a magnificent figure emerged, the ancient artifact emperor, blooming with eternal breath.

And beside Xiang Wudi, there is a respectable elder strong, who are all top elders in the heavenly work, and Xiang Wudi is behind them. Such a god-defying saint, the support staff behind it is absolutely amazing. Although the elder Hao Jun has been abolished and the cultivation base has been lost, there are still top elders such as Longgu Taishang who perform magical skills and consume a lot of resources. Item no

The enemy's injuries were restored, and the deduction went to a deeper level.

"Xiang Wudi, then Qin Chen has been summoned by Master Minister, you must be calm, and you must not let that Qin Chen grasp the handle, otherwise Master Minister will be furious and no one can protect you." Longgu Supreme Elder snorted coldly. With a cry, his face was gloomy. "Is that forgotten? I am invincible, invincible, and I have never suffered such a loss. I can feel that Qin Chen has completely refined my Seven Treasure Glazed Glazed Pagoda. This is the ancient weapon emperor. My treasure is my rise

The key is to seize the treasure, especially the vengeance of the wife, how can you not report it? "

Xiang Wudi roared, his face savage, like a ghost. "Longgu Supreme Elder, Xiang Wudi is right. How can we not repay this enmity? Now that Elder Hao Jun is abolished, Qin Chen has the potential to rise, plus the support of the great elder, in case that Qin Chen really makes him The sudden emergence of the army has become my work in Guanghan Fu

The heirs to us, those of us who will be liquidated and suppressed in the future, will not be better. "

An elder of the Supreme Master said with his eyelids drooped, his eyes faint and cold.

"Yes, you can't let that Qin Chen continue to grow."

A powerful person, all eyes flickering, said coldly. "Did I say to let that Qin Chen continue to grow?" The elder Longgu glanced at everyone, and said coldly: "I mean don't be reckless, that Qin Chen has an extraordinary background, and has been favored by the Minister. , If something goes wrong at work

Anything, whoever can escape the relationship, we will all be put to death. "

"Then what do you say?" "Hmph, it's very simple. Soon, there will be a big trial in the various houses of the heavens. The tianjiao and saint children of many surrounding houses will gather together. We also have some places in the heaven work of the Guanghan Palace. As the chief disciple of the new disciples, Qin Chen will definitely participate. This is the usual practice in previous years, and Xiang Wudi also has a place to participate. As long as he reaches the place of experience, it is dangerous. If Qin Chen has any accident, There will be no trouble, after all, every time you experience, there will be many

The fall of the Son of God is what it should be. "

Longgu Supreme Elder sneered.

"Trial in the heavens?"

Everyone's eyes condensed. "Yes, this is the best method. There are many treasures in the trial place of the day world, there are many things against the sky, rumors, and even the inheritance of the holy master. With the strength of Xiang invincible, it is very likely to break through. The mid-term peak of Heavenly Saint, truly stepping into heaven

In the late sacred stage, becoming the supreme overlord, then, that Qin Chen, it is not easy to kill by hand. "So, Xiang Wudi, the most important thing for you right now is not to think about revenge, but to practice in retreat and to feel the chance of breaking through the late stage of the Heavenly Sage. This blow is also a good thing for you. You are too crazy. Too arrogant, then Qin Chen can be considered

Given you a setback, you have to step out and turn it into motivation to become the true supreme overlord and march towards the realm of the Holy Lord. "Above the history of the celestial realm, which holy lord has not experienced difficulties before leaping to this realm. Those of us are aging and want to become the holy lord. It is no longer possible, but you are different. There is still hope. , Otherwise neither will we

Will support you, you must not let us down. "

The elder Longgu's eyes were faint, and the cold light bloomed.

"Okay, then I will retreat now, break through the late Heavenly Sage, and take revenge in the trials of the day world."

Xiang Wudi's eyes flickered, and every murderous aura surged, like a **** like a devil.

Qin Chen naturally didn't know all of this. At this moment, he had already arrived in the Wangu Building with Chimei and others.

"There is little dust, you can come."

Boom!

As soon as Qin Chen fell, Ruori immediately greeted him, revealing joy. "It looks like you are ready for the middle-grade Heavenly Veins I want." Qin Chen laughed: "This time I come here, besides getting the Holy Veins back, I will also do some big business with you. , I need your help from Wangu Lou to build

Chendi Pavilion is a branch of Guanghan Mansion. "Don't worry, as long as you ask for less dust, everything will be fine." "Ruo Rui said with a smile, a storage ring already appeared in her hand, "There is little dust, that holy vein is in this storage ring, and the landlord of Tianxing has already applied for it. As for the establishment of the Guanghan Mansion branch, we You can also help, but this matter is very important. Tianxing and I can't be too big a master. If it's a top-level branch, it's not possible, but if it's just an ordinary branch, it's nothing.

problem. "

"Oh? That's okay." Qin Chen thought for a while. For the time being, he doesn't need too much Guanghan Mansion branch. "By the way, the master of Tianxinglou? I'm here, why don't I see him come out? Do some big business with him."

"This one....."

"What happened?" Qin Chen frowned: "How do I feel that you are absent-minded? Could it be that something has happened to the original poster of Tianxing." "Nothing..." Ruo Rui shook her head, but said with a wry smile: "Heaven The host of the line is now at the headquarters of our Wangu Building. Because the last time you killed the slaughter god, it was under review, so I will temporarily act as the host. But you can rest assured that although the other party is holding on to this point, you After all, it's a disciple of Tian Xing, and it is the first hand of Tu Ren God. No matter how the headquarters is tried, it will not be harsh. Our line is fully capable of keeping Tian Xing poster

Some punishment is fine. "

"What? You people from other factions in the Wangu Tower dare to embarrass the Tianxing host. It seems that I, Qin Chen, is too humble, and you people from the other branch of the Wangu Tower don't take me seriously. "Qin Chen rushed into anger immediately.

[Chapter 2862: Ruthless](#)

"Huh, you will take me to your Wangulou headquarters now. I'm going to ask, what the **** did the master Tianxing make on my side? Do you want my disciples who work this day to be killed here, they Are you happy?"

Qin Chen's gaze was very cold and his attitude was very tough, and he now has a strong capital, the chief disciple of Tiangong, the top sage, even if the Wangu Tower is powerful, he can't bully him at will.

Moreover, he was the person who was personally summoned by the Minister of Heavenly Work, and even the Heaven-defying Saint Child Xiang Invincible, he dared to suppress and kill him, even if the owner of the Wangu Tower came out, Qin Chen would not be stage fright.

Killing him is an enemy of Tian's work.

What's more, after refining the Seven Treasure Glazed Tile Pagoda and mastering the time rules, even a master of the late Heavenly Sage, he is sure to get out.

With such confidence, he would be in a state of no one in any danger.

Because he knew that the strongest ancestor of the Wangu Tower was only a half-step saint master, and that the Wangu Tower was a business field, and he would never dare to be an enemy of Heaven. "Little

dust, you..." Ruorui widened her eyes and waved her hand quickly: "No, little dust, you just joined Tianzuo. Although you are a disciple of Tianzuo, our Wangulou has been standing in Guanghan Mansion for so many years. Don't dare to be an enemy of Heaven,

But not just a disciple can be bullied. If you break into the headquarters like this, it will be very troublesome. If you get caught, your elders who work in the past will have to come to hire people, which will affect the development of your work in Heaven. . "

Ruori was still considering Qin Chen at this time.

"The landlord of Tianxing has people of our line to protect it, there will be no major problems, at most suffering." Ruo Rui said.

"No, the landlord Tianxing was punished because of me. How can I watch it? You don't have to say more, just take me there. Don't worry, you can't help me in the Eternal Building." Qin Chen said decisively. Chimei was aside, and he heard the cause of the matter, and his eyes suddenly froze: "Ruo Rui, right? You are a disciple who works in the martial arts department next day. Just listen to the less dusty. You can rest assured, even if you use your daily work. The original poster is ten guts, he is not

Dare to move the dust without a feather. "

Ruorui felt the fierce aura on Chimei's body, and she couldn't help but be shocked. She glanced at Qin Chen in shock. Seeing Qin Chen's proud expression, she had a hint of confidence inexplicably.

It seems that Chen Shao's work in Tian Xing is developing well, and he even made some friends. Maybe Chen Shao speaks, Tian Xing original poster can be less punished. "Then... follow me, but don't act recklessly." Ruo Rui hesitated, and finally made up her mind. She couldn't refuse Qin Chen, and brought Qin Chen to the internal teleportation formation. Urged, suddenly the world turned around, a few

People traveled through the void and quickly went to the headquarters.

Eternal Building, towering in the depths of time and space in Guanghan Mansion, is a forbidden place with endless restrictions and blockades.

Boom!

Soon, the group arrived at the headquarters of Wangulou.

As soon as a few people appeared, they were immediately felt by the guards of the Wangu Tower, and they immediately surrounded them and shouted coldly, "Who?"

"A few..."

Then Ruorui was just about to answer. Suddenly, a stream of light fell. He was an old man in the middle of the Heavenly Sage. He glanced at Ruori, and his face changed slightly: "Ruori, why are you here? Get out quickly, this is not where you can Where to stay."

"Elder Kongcheng, I'm here to look for the original poster of Tianxing. This is Qin Chen. These are all disciples of Tianxue who are here to intercede for the original poster." Ruo Rui said respectfully to the old man.

"You are Qin Chen?" Elder Kongcheng glanced at Qin Chen and said in a deep voice, "Are you here to find the Wangu host? It's better for you to leave quickly. Although I know you are kind, this is the Wangu Tower. Your ordinary disciple who just joined Tianjiao can't help much at all

Being so busy will arouse the anger of those high-levels, make Tianxing Zhenren more troublesome, and arouse the anger of those high-levels. "

"Furthermore, today is the day of judgment for Tian Xing Zhenren. All the high-levels are discussing, even if you want to intercede, it is already too late." Elder Kongcheng shook his head.

Although Wangulou is not as good as heavenly work, a Tianzuo disciple wants to intervene in the matter of Wangulou, which will make the elders of Wangulou even more dissatisfied.

"Ordinary disciple?"

The red eyebrows smiled, booming, the breath of his body was suddenly suppressed on the elder, and the pressure of the elder was suddenly difficult to breathe, and the Saint Yuan in the body was stagnated.

"Elder Kongcheng, just lead the way, Shao Chen has his own opinions."

Chimei said lightly, encumbering this empty city elder, and directly entered the Eternal Building.

At this moment in this headquarters, a group of high-level figures from the eternal building gathered together, all of them are top masters at the peak level of the middle of the sage, and there is even a strong half-legged into the late sage of the sage, surrounded Together.

These are the upper floors of Wangu Lou.

The late Heavenly Sage Overlord in the Wangu Building is much less than Tianyu, and they are also figures of the level of the Supreme Elder. They don't usually appear, and the general management affairs are all giants at the peak of the Middle Heavenly Sage.

Among these people, Tian Xing Zhenren was restricted and blocked, his breath was frustrated, all the Saint Yuan on his body was suppressed, and he was extremely embarrassed, being scrutinized by these people.

"This time everyone has been discussing the killing of God Turen in our Wangu Building for so many days. What is the result? It should come out today, too?"

In the upper part, the upper floors of a Wangu Building spoke. "This time, the incident had a great impact and led to very bad consequences. Our Wangulou opened the door to do business. The occurrence of this kind of thing can be regarded as a serious problem. Now the family where the Turen God belongs is under resentment, Spread some news that is not conducive to our Wangu Building in Guanghan Mansion. We Wangu Building have a difficult to argue. Therefore, I personally think that Tian Xing Zhenren who did not deal with this incident should be severely punished. Only in this way can I live forever. In front of everyone

An explanation. "

A high-level senior said gloomily.

"Yes, it must be severely punished. In my opinion, it is best to abolish this Tian Xing Zhenren, and announce to the world to show punishment. Otherwise, I am afraid that other branches of the Wangu Building will not be able to manage in the future." It's too cheap. This Tianxing Zhenren is stubborn and he claims to be right. In my opinion, only by killing directly can really show the determination of the top of my Wangulou. My Wangulou is too kind recently. Led to the extremely

Confusion, just to kill the chicken and the monkey. "The seniors of a respectable snorted coldly, and this suddenly changed the expressions of some of the seniors on the other side. These guys actually wanted to take this opportunity to break the rules and attack the real person. This is completely different from the previous expectations.

[Chapter 2863: How did you come](#)

This is deliberately to kill the real person of Tianxing, hit their line, and kill them. "Everyone, Zhen Xing Zhenren only said a few words for that Qin Chen. It was also to protect the disciples of Tian's work. Moreover, the reason why Turen God was beheaded was because he first acted on the disciples who worked that day. Working disciples beheaded,

With the cultivation base of the Tianxing Zhenren, it is impossible to stop it, how can all the blame be placed on the Tianxing Zhenren. "

"Yes, this incident is actually a grievance between the working disciple Qin Chen and God Tu Ren that day. My Wan Gu Tower just happened to be involved in it. If this happened, I would severely punish Dao Tian Xing, right?"

"Moreover, it's fortunate that the God of Slaughter was beheaded. If Qin Chen who worked that day was beheaded in our Wangu Tower, we still don't know how to explain to the work of Heaven. Not only did Tianxing Zhenren have no faults, but even had merit. "

All the elders in the line of Zhen Xing Zhenren also spoke, naturally they can't let the other side slander. "Gong? Humph, it would be fine if the working disciple had nothing to do with Tianxing Zhenren that day, but the problem now is that the working disciples themselves had no relationship with Tianxing Zhenren that day. There had been many transactions, and now the Turen God Clan thinks it is us. Wan Gu Lou

Deliberately colluding with others to frame God Turen and plunder God Turen's treasures, do you know how badly it has had on our Wangulou? "Furthermore, I heard that the God of Tu Ren was trading first, and Qin Chen arrived later, but he had to exchange it in advance. This angered the other party. In my opinion, even if he was really beheaded by God of Tu Ren in our eternal ages. Lou, our Wan Gu Lou does not need to explain anything,

It is he who seeks his own way of death, does whatever he wants with his status, and has to explain what we need to do. Does a little disciple of Tianzuo have to let us whisper in the Wangulou? "In my opinion, this time the incident was actually that Qin Chen and Tianxing Zhenren did what they wanted, killing people and stealing treasures. We can't control Qin Chen for the time being, but Tianxing Zhenren, as the culprit, must openly beheaded. In order to impersonate you, otherwise people

People follow suit, what is my Wangulou like? "

"Let me say that we should even send a letter to go to work to ask Qin Chen why he killed people in my Wangu Building and caused trouble."

A master of the other line, all sneered again and again, and directly determined the character of Tian Xing, and wanted to let Tian Xing die.

"Since you can't argue, let's vote!"

The leader of a high-level senior said lightly, "I agree with the killing of real person Tianxing, in order to behave like you, and send a letter to Tianjiao to question that Qin Chen raise his hand!"

Suddenly, the palms of each hand were raised, which greatly changed the face of the person who was connected with the real person of Tianxing. Even though the other party had already planned everything, he had already attracted many people and was about to take the real person of Tianxing and let them do this. The face is lost. "Well, there are more than 50% of the people who raised their hands. It seems that the **** people in my Eternal Building still occupy the majority. If that's the case...then set it up. An hour later, in the headquarters square, openly decapitate Tianxing. Real people, in order to act like you, to

Yu Na Qin Chen directly sent a letter to Tianxue, asking Tianxue to severely punish his disciples. "

The high-level spoke coldly.

Suddenly, the face of Zhen Xing Tian Xing who had been suppressed there was pale, and his heart attacked with a puff of blood.

He never expected that he would end up like this.

Unexpectedly, my whole life would end here? Zhen Xing Zhenren gave a bitter smile, and despair appeared in his eyes. Qin Chen is okay. He works in Tian, even if Wan Gu Lou sends a letter, Tian Tian will not punish his disciples because of outsiders, and he, after an hour, will Beheaded, long

The decision made by Lao Tuan, even in their line, could not be rejected.

"Okay, you are all separated, ready to be executed immediately."

The leading senior said coldly.

"Is this going away? It turns out that in the eyes of Wangulou, the life of my Tianzuo disciple is so humble. After being provoked, Wangulou not only failed to uphold justice, but also blamed me, Qin, who was not beheaded by others. It was amazing, really amazing. "

Suddenly, there was a bang in this conference room, and several tyrannical figures rushed in. It was Qin Chen and his party. With a big wave of his hand, Ruo Rui and Elder Kongcheng immediately fell to the ground.

"Who? Dare to break into the meeting of the elders of my Wangu Building?"

The sound of angry shouts resounded, and many elders on the field suddenly stood up, their eyes widened and murderous.

"Little dust, you... why are you here?"

In desperation, Tian Xing Zhenren was shocked suddenly, showing shock.

"Young Chen? You are the Qin Chen? Elder Kongcheng, did you bring people in? You are so brave. As the elder of the Wangulou, you even tried your own way and brought outsiders into the meeting of my elders group. You deserve death. "Dear elders, you have all seen that the real person of Tianxing is already lawless, and there is no awe in his heart. Before, he could collude with other forces to kill the God of Slaughter and harm my eternal building. Now I dare Bring outsiders

In my opinion, the old group meeting must be severely punished. "

"Lawlessness, simply lawlessness!"

The elders in the other veins were shocked at first, then ecstatic, and one by one was angered again and again, revealing a gloomy light.

"Presumptuous, what to say to them, a little disciple dared to trespass into the headquarters of my Wangu Building, even a disciple who works in heaven can't do it, let's take it first!"

A high-ranking figure suddenly turned into a **** hand, and swept in with a boom, trying to capture Qin Chen and a group of people. An outsider dared to trespass into his Wangu Building headquarters. Even if the lawsuit reaches Guanghan Mansion, they Wan Gu Lou is not afraid.

"Presumptuous, this is how you Wangulou treats our Tianzuo disciples? Cao Jian lives and is lawless, and now you have to do it against Chen Shao, who gives you the courage." The big hand came, without Qin Chen doing it at all, Chimei was already furious. In the cold drink, the body exploded, and a terrifying flame aura burst out on the spot. With a punch in the air, the endless flame suddenly turned into a flame angry dragon, walking on

This side of the world.

Boom!

Without any suspense, the **** hand was shattered by the scarlet eyebrows, and the body of the high-level elder of the Wangu Building who shot the hand also shook, his face turned pale, his eyes were shocked, and he retreated in embarrassment.

"Dare to retreat? Dare to do something against Chen Shao and get me back."

Red eyebrow roared. He stretched out his big hand, his palm suddenly turned into a giant flame palm, and rumbling out, the face of the elder who shot before suddenly changed, and it was useless. Under the shock of the giant flame palm, all the magical powers were broken. , Like a chicken and dog, the next moment, the high-level elder was already grabbed in his hand by the red eyebrows, and suddenly pulled over.

[Chapter 2864: Thousand Saints](#)

This is a man with a hooked nose and sunken eye sockets. At first glance, he is a high-powered man who has cultivated the temperament of a big man.

But now, being caught in his hand by the red eyebrows, his majesty has been lost, like a dog in a family.

"you wanna die!"

This big figure struggled frantically, but no matter how hard he struggled, he couldn't escape the control of the red eyebrows. He was firmly grasped in his hand, like an eagle caught a chicken.

"Elder Qingfeng!" Many elders in the room roared. They deeply knew that the elder Qingfeng was so powerful that he had cultivated to the peak of the mid-term Heavenly Sage. The origin of the Heavenly Sage in the body was incomparably powerful, and it was another vein. The big man in China has a trick. In between, he was picked up as a chicken.

It should be noted that the strong people who can attend the meeting of the Wangulou elders group are all super masters, the giants among the giants, the outstanding ones in the middle of the Heavenly Sage, and those who go to the outside world are all big people.

When was it so easily captured and humiliated?

"Quickly put down Elder Qingfeng."

"Where's the bastard, dare to run wild in my Wangu Tower without seeing where it is?" "Little Chen? Your Excellency is a follower of Qin Chen? Humph, open your dog eyes and see where this place is. , Which power of your power, in order to curry favor with the sky, an ordinary disciple dared to run wild in my Wangu Building, and he did not quickly put people down, no

Then my Eternal Building was furious, and even your family was destroyed and turned into heavenly dust. "

"Naughty animal, let go!" In an instant, the red eyebrow's move angered many big people. Many elders who belonged to the same line as Qingfeng elders were present, one after another, they were able to penetrate the heaven and the earth. Dao's Heavenly Sacred Law, kill it, right

The red eyebrows were approved, and he directly attacked his vitals, to kill him on the spot.

"Hahaha, even my family will be destroyed together. You are so brave, disciples of the martial arts department of this seat, if you have the courage to attack this seat, I will see who dares." Red eyebrows burst into flames, Liehuoxuan When the pupils displayed them, the two fiery red pupils directed at the bullfight, and between the anger, countless flames appeared, and the entire conference hall turned into a sea of flames, with terrible flames.

Collision, explosion.

In these terrifying flame kingdoms, the red eyebrows are like the same flame monarch, walking in the world, with his hands repeatedly grasping and shooting, rumbling, and many of the attacks of the elders of the eternal building were forcibly torn apart by him.

Bang bang bang!

A muffled sound rang out, and the seven or eight elders who did their work all muffled, backing back again and again, blood overflowing from the corners of their mouths, and an incredible light burst into their eyes.

Ruorui and Kongcheng elders felt that they were about to faint.

Especially Ruo Rui looked at this scene in shock. She was a small warrior in the early days of Heavenly Sage, like a boat on the stormy sea, constantly swaying, unable to resist.

Not only she, but also the many elders in the Wangu Building present were shocked, and all of them were shocked. Seven or eight elders of the elders made their moves, but they were resisted by this person. At the same time, they were forced to retreat, and even the blood in the body was surging, almost vomiting blood. The elders of the elders of the Wangu Tower, each of them is the top person, what? When it was like

Like a native chicken dog, so ravaged and oppressed?

What shocked them even more was the content of the red brow anger.

"A disciple of the Heavenly Work Martial Arts Department? This son is also a member of the Martial Arts Department?" "Ablaze Mystic Eye, this is Blaze Mystic Eye, an eternal physique. It is rumored that Yinyang Langjun, a bandit giant who is a disaster for Yin and Yang Sea, was owned by a man. The strong man of Lihuo Xuantonq beheaded, cut off his head directly, and took away the reward from Guanghan Mansion.

He is also a disciple of the Martial Arts Ministry, called Chimei, a strong veteran of the Martial Arts Ministry. "Could it be that this person is the red eyebrow, it must be, the burning eye, the flame magic, there will be no second person besides him, no wonder it is so strong, it is rumored that this red eyebrow has reached the stage of transformation, and it is the middle stage of the heavenly sage. The top figure among the pinnacle powerhouses.

"

"But how is this possible? Didn't Qin Chen just join Tianjiao for a long time? Why does he even respect him with the red eyebrows and follow him? Did I hear him wrong?"

"In the end what happened?"

The countless elders of the Wangulou were shocked, and their eyes filled with strong shock.

"Hmph, even if he is a disciple of the Heavenly Work Martial Arts Department? If you start hands in our Wangu Tower, do we still let him go wild."

"Yes, start the big formation, suppress them, and then make a decision, otherwise the news will spread, how will our Wangulou gain a foothold in Guanghan Mansion in the future."

"Everyone joins forces, I don't believe that with so many of us, we won't be able to win this disciple who works all day."

Boom!

After the shock, the powerhouses of these Eternal Buildings became angry one after another, and the terrifying murderous intent surged on each one of them, and the power of terror was like a trend, suddenly surging over. No one can describe the horror of this moment. The monstrous heavenly sage

aura soars into the sky, like an endless ocean, and the roar of the sky resounds like a **** and a devil. The entire conference hall shakes violently, like a boiling ocean. , Towards

Chi Mei, Qin Chen and others crazily suppressed them.

"Thousand Saints Great Array, reverse Yin and Yang!"

All the elders of the Wangulou have taken action, roaring again and again, the boundless power shook the world, and the strength formed is incredible.

This is after all more than 20 elders all shot together, each of which is a world-class figure at the peak of the middle of the heavenly sage. When placed outside, they are all giants who dominate one side. How powerful is the power formed by joining hands?

Click!

I heard the ravenous sound resounding, the kingdom of flames formed by the red eyebrows, suddenly exploded, countless fires burst, the blood inside the red eyebrows surged, kicking, under this breath, endure if you can't help, you have to step back.

"Damn, you are so brave. Since you know that I am a disciple of Tianzuo, you dare to shoot at me." A substantial flame spurted from the red eyebrows and pupils, and the breath of lifelong burning began to surge. More than a dozen powerful men at the mid-term peak of the Heavenly Sage have joined forces. Where he dares to be careless, as strong as him, he has to be in awe, and there is something to be torn all over his body.

The feeling of cracking.

In the crisis, he could only burn his lifespan and fought hard to resist.

However, before he could burn Shouyuan, a big hand stopped him.

"You step back and let me come."

An indifferent voice resounded from the heavens and the earth. Qin Chen, who had not moved, moved abruptly at this time. He raised his head suddenly, booming, and the divine rainbow bloomed among his pupils. The whole body straightened up suddenly, like the same one. Desolate ancient gods. "Huh, I think this Wangu Building is probably too impatient to let go, and I dare to do something to my daily work disciples, no matter what, I will blow it up today, and see how arrogant this Wangu Building will be in the future!"

[Chapter 2865: No blasphemy](#)

Boom!

Above Qin Chen's head, Zi Xiao Dou Li Gong appeared, and immediately, the boundless flame swept out and turned into a huge palm, directly grabbing and shooting the many elder masters in this hall. With this shot, Qin Chen directly displayed the aura of the ancients, stimulating the Palace of Purple Clouds, as well as the four treasures of flames, including Qinglian Demon Fire, Youkong Ice Flame, Da Ri Jinyan, and Yin Yang Soul Fire, and Zi Xiaodou rate the fire power in the palace itself, even

Also integrated into the mood of killing.

This was already one of Qin Chen's strongest attacks. The combination of many treasures and powers blessed him, causing him to burst out with the power to change the colors of the world.

boom! As if a star hit the sea, the terrifying ocean formed by the countless elders of the Wangu Building burst open, and the conference hall of the Wangu Building headquarters was collapsing everywhere. At this moment, the world was in collapse. status.

Qin Chen didn't make a move. Once he made a move, it was earth-shattering and shocked forever.

Boom! Boom! First of all, the countless elder thrones in the entire hall collapsed. The countless elders present stepped back, their faces turned pale, and even the blood surging in their bodies. Under this force, they were unable to resist, and even their bodies could not resist. Explode

.

Puff puff!

A respectable elder, vomiting blood frantically, the Heavenly Sage's origin within his body was broken one after another, his breath plummeted, and he was extremely embarrassed and unbearable.

"Ah! Why is this guy so strong?" Before the trial was given, the high-rise buildings of the first eternal building, roaring, faced Qin Chen's flame attack, shaking his hands and hitting the Heavenly Sage Avenue in his body. Powerful and unfamiliar, one after another great supernatural powers boiled up from the hands,

Like a hurricane in the night, sweeping across the heavens, billions of stars burst, and like a volcanic eruption, destroying everything.

"I don't believe it anymore, the wind and clouds are invincible, the heavens are changing, the six combined and the eight wildernesses are sweeping the world!" The few top elders, half of their feet are about to enter the late stage of the heavenly sage, the body is boiling at this moment. The Heavenly Sage origin of the stock suddenly flourished, covering the entire hall. Several people joined forces and aimed at Qin Chen to expand the most

A strong counterattack.

"Huh? Still desperately resisting. It seems that you are still not giving up. It's ridiculous. You are too ignorant. You don't know the power of this young man, the origin of the heavens, the origin of the magical powers, who dares to challenge the power of the origin?"

Qin Chen stood awe-inspiringly in the air, the book of origin in his mind flipped, and a breath of origin appeared, as if it had revealed the beginning of the vast heaven, and it burst out, with the power of destroying the world and destroying the earth.

The stars in one hand swallow forever.

Qin Chen used the original supernatural power he created, covering the entire emptiness and turning it into his own domain.

Boom boom boom! Numerous loud noises exploded and shook out from the air, and the great supernatural powers of the several great Eternal Buildings were shattered one by one. Qin Chen's whole body descended in front of them, like the ancient **** emperor, king over the world, with his palm raised. Out as god

The dragon stuck out its sharp claws, and the **** stretched out his hand and patted it immediately.

Cang Dang! Like a thunderbolt in the sky, these few giants of the world, the real high-level elders, the Saint Yuan defense layer on their bodies exploded, and the robes inside were also shattered one after another. They were disintegrated by Qin Chen's original supernatural powers and directly gasified, the origin of that terror. Of

Force, bending them down abruptly.

"Damn it, it's impossible. How could you, a little disciple who just joined Tianjiao, be so strong? We are giants of the world and invincible." These top executives were crushed by the holy energy of the body and the body armor. Bending down, the Heavenly Sage Law in the body began to shatter, and immediately knew that it was not good, and immediately launched a desperate method. The Heavenly Sage Law in the body continued to urge

Moved, unfettered, the power in the body was released layer by layer, exploding frantically, trying to explode Qin Chen's oppression.

On top of their heads, the power of qi and blood, and the origin of the heavenly sage, turned into a shadow that stood upright on the ground, a phantom of supernatural powers they had cultivated.

"The origin is majestic, and there is no room for desecration. I even dare to suppress the top elders of the overlord level of our Heavenly Work Martial Arts Department. How can I be afraid of you!"

When Qin Chen saw this scene, he didn't stop at all in his hand, and took a violent step. In his tone, he actually brought the meaning of judgment. In the palm of his hand, thunder surging, accompanied by the supernatural powers of the ancient gods, fiercely The ground exploded.

Boom!

Just for a while, the phantom that emerged from the top of the upper floors of the Wangu Building suddenly exploded, and Qin Chen appeared in front of several giants with a shake of his figure, and was suddenly pressed down.

"Boy, you are too mad!"

Qin Chen's behavior at this instant shocked the many elders present. There were some elders who had not taken any action. They were finally shocked at this moment, and they took action.

boom!

These elders joined forces to strike out a series of heavenly sacred laws, such as the starry sky descending, covering everything, the stars bursting, the blazing sacred yuan between the sky and the earth is burning, attacking Qin Chen.

Qin Chen was not afraid, took another step, doubled his fingers and slashed in the air, it turned out to be the sword energy that destroys the sword intent, and the sword energy swept everything with the power of eternal destruction.

Rumble!

Wherever the sword qi went, the endless laws collapsed one after another, and the holy yuan was shattered.

"What are you capable of?"

咚咚咚, 咚咚咚! Qin Chen's footsteps are like a reminder of life. At this moment, he faced the elder group of the Wangulou, step by step without fear, step by step, every step down, there is a smell of complete fragmentation between the world and the earth. Suddenly, many giant elders all have a

Facing the feeling of the ancient gods and demons, there was horror in his heart, and they backed up one after another, especially those top-level high-levels, who were cracked by Qin Chen's body, scarred, and had not had time to repair.

"Stop it, Qin Chen!" Just as Qin Chen showed his sword of destruction and was about to attack again, the elder Kongcheng suddenly screamed and shouted, "This is the headquarters of the Wangu Building. You can't be too arrogant and overbearing. See you. Just accept it. The elders have seen your strength. If you kill the elders here, then you will have a great hatred with our Wangulou, and the Tianxing poster will never want to be safe and sound. You are so powerful and absolutely in the work of heaven. Not an ordinary person, stop now, we don't have any

Who dares to kill you. "

Many of the elders on the scene wanted to violently attack Qin Chen and even sent out a distress signal to alarm the real hidden overlord in the depths of the Eternal Building, but they were shocked when they heard the roar of the elder Kongcheng. These people are all people who are not afraid of the sky, but the strength that Qin Chen demonstrated is definitely not something a small Tianzuo disciple can possess, and a chill and retreat immediately rose in his heart.

[Chapter 2866: Enough to explain everything](#)

"Huh, I said it a long time ago. I don't want to do it. Ben Shao is here, just to understand why your Wangulou is targeting the Tianxing poster. You are forcing me. Since you want to do it, Ben Shao will not be stingy with thunder. , The majesty of origin,

No blasphemy. Even the top elders of the Heavenly Work Refining Division took action against Ben Shao, and Ben Shao dared to suppress him. How would you be afraid of your elders in the Eternal Building?

"As soon as Qin Chen's body stopped, Sheng Yuan shrank inward, and then fell still, motionless like a mountain. The strong contrast made the many elders present even more shocked. Shocked by domineering, even kind of

Feeling ashamed to come. This time he stopped, the wind was calm and the waves were calm, and there was no murderous intent, but the shocking methods have been deeply imprinted in the hearts of many

elders present. Many of the elders present are all big figures, and they are also quite famous in Guanghan Mansion, and they have lived for a long time.

, I don't know how wide the knowledge is. However, Qin Chen's thunderous methods still shocked them. They made continuous shots and beat them so many elders in a dilemma. They almost lost their souls. The key is that they can do it well. If it is not for the elders of Kongcheng to stop in time, there will be few

Every breath, they must have blood splashed for ten steps, a sea of blood.

"Isn't this a disciple who just joined Tianjiao? How could he be so strong?"

"It's terrifying. The strength he has shown gives me the feeling of facing the late Heavenly Sage overlord. The strength is simply unstoppable."

"Have you heard, what did he just say? Even the top elder of the refining division has suppressed him before. Did I misheard and was deaf? Or did he lose heart and talk big?"

"The top elders of Tiangong are all overlords, the masters of the later days of Tiangong, and the real high-levels in Tiangong, in terms of identity and status, are ten times, a hundred times more noble than us. He dare to fight?" "Look at the top of his head Treasure, isn't this the treasure of the Zixiao Dousigong of the Guanghan Mansion's Dousing Palace? I heard that there is a young master Murongtian in the Dousing Palace who also practiced in the Heavenly Work Martial Arts Department. Xiao Dou Li Gong is him

How could Qin Chen's treasure be in Qin Chen's hands now? "

"This son actually broke into the headquarters of my Wangu Building for the sake of the original poster of Tianxing. It is too arrogant and overbearing."

...

At the moment, the elders in the hall were all shocked and inexplicable. They stopped and shot one by one, sweating all over, staring at Qin Chen, trying to see his details, to figure out everything about him.

The several top elders calmed down first, with an ugly expression, "Qin Chen, right? Stop, we are friends and not enemies in the work of Wangulou, and everything is easy to discuss."

"Huh, it's you who don't want to discuss it?" Qin Chen's eyes flashed, and with a wave of his right hand, a great teacher's chair appeared in the hall. He sat down directly on the great teacher's chair and said lightly: "Ben Shao came here not to cause trouble, just to find out, how did you Wan Gu Lou deal with the slaughter god? As the chief disciple of the Tiangong Refining Division, the newly promoted holy son, he almost died. In your Wangu Building, and your Wangu Building not only does not give an explanation, but also finds the trouble of Ben Shao, and sends a letter to the book.

Less, do you really treat me like a bully at work? "

"What? Chief disciple, newly promoted saint son? You..."

Several high-level elders stepped back a few steps, and said in horror: "Didn't you just join the sky work? How is it possible!"

"What's impossible?" Qin Chen smiled coldly, and said indifferently: "This young man is invincible, and the world is unparalleled. Why can't you become the saint son and the chief disciple even if you just joined Tianjiao? My vision is too narrow, like an ant, I don't know this

Less powerful and majestic. "

Qin Chen said proudly, standing high, as if the emperor was looking down on his courtiers. "Impossible... My Eternal Building, my main purpose is to collect information. You are a newly joined disciple. It is okay to become the chief disciple of this term. Becoming a saint is definitely not that fast." An elder roared in disbelief. I feel Qin Chen is fooling

they.

"Hahaha, you short-sighted guys, dare to claim to be the master of information gathering. You don't want to inquire about the majesty of Shao Chen's work in our heaven." At this moment, Chimei suddenly sneered and sneered proudly: "Chen Shao is not only the chief disciple of our Heavenly Work, but was promoted as a saint son by the great elder. He also suppressed Murongtian and Fu Zixi's two great saints in the Martial Arts Department during the heavenly work.

Zhi personally defeated Xiang Invincible, the child of the refining division division against the sky, and took away his Seven Treasure Glazed Glass Tower. This Zi Xiao Dou Li Palace was plundered by Shao Chen from Murong Tian's hands. "This is nothing. Young Chen was also received by the Minister of Tian's Work. Because of the offending of Xiao Chen, the elder Hao Jun, who was Tian's Work, was directly abolished by the Minister for his cultivation and became a waste. Dare to frame

Little dust, who gives you the courage? "

Red eyebrows sneered again and again.

"There is such a thing..."

The news of Chimei shocked all the elders present, and their eyes were full of fear. If this is the case, then they have caused a catastrophe. With the size of the Wangulou, they would never dare to offend Tianjiao. If Qin Chen is a person who even the Minister of Tianjiao will meet, then they Wankulou. Master host of,

Don't dare to take it lightly.

However, they also had the slightest disbelief in their hearts, because everything that Chimei said was so shocking to them, it was simply a fantasy.

"It seems that you still don't believe it, this Seven Treasure Glazed Tile Pagoda, it's impossible for you not to know it."

A pagoda suddenly appeared on Qin Chen's head, and the seven-colored firelight bloomed, which was really the Seven Treasure Glazed Glass Pagoda.

"The invincible Seven Treasure Glazed Pagoda of the Heaven-defying Saint Child!

Many of the elders present yelled, their eyes straightened, and they believed 70% to 80% of the red eyebrows in their hearts, and they all broke out in cold sweat.

Whether it is the Seven Treasure Glazed Glass Pagoda or the Zixiao Dousui Palace, it is the Heavenly Sage's top treasure, with amazing value. As long as a big power can possess such a top treasure, it can suppress the air transport, cultivate into invincible supernatural powers, and command the party.

For example, Cangxuan City Lord Ao Lie, because of Noah's Ark, can surpass most of the cities, even if the masters of several major cities attack together, it is not enough to be afraid.

The Heavenly Sage Supreme Treasure, among the overlord-level forces of the Guanghan Mansion, is similar to Noah's Ark relative to Cangxuan City. But now, these two treasures have appeared here in Qin Chen, which is enough to explain everything.

[Chapter 2867: This is blackmail](#)

"you....."

At this moment, fear and retreat emerged from the heart of many elders present.

Originally, no matter how powerful Qin Chen showed, although they were shocked, they were not actually afraid. This is because this is the headquarters of the Wangu Building. Although they are the elders of the Wangu Building and are in charge of many affairs, in fact, their cultivation base in the Wangu Building is not the top level. As a top force in the mighty Guanghan Mansion, how can the Wangu Building Will it

There are the overlord powerhouses in the late Tiansheng period.

At the moment of crisis, as long as any late Heavenly Sage overlord appears, it will be enough for their group to suppress any waves.

But now, Qin Chen's revealed identity shocked them, but at the same time they were afraid and withdrawn. Son of Heavenly Work, if such a character is captured and suppressed here by their Wangu Tower because of a trivial matter, then they will be in great trouble in the Wangu Tower. Heavenly Work will never give up easily. When the time comes, they will alarm the Lord. One by one

There is no good fruit to eat, and all deaths are to blame.

"What do you want..."

The leading high-level elders had lost the spirited spirits they had before, and said in fear.

"It should be Ben Shao who should ask this?" Qin Chen smiled coldly, "My Shao was threatened by the slaughter **** in your Wangu Tower, and even was attacked by the opponent's assassin. Fortunately, Ben Shao has supernatural powers, so he will kill the slaughter. God beheaded, I thought you Wangulou would give Ben Shao an apology, think about it

Not only did it not happen to your Wangulou, but instead captured the Tianxing poster who was speaking for Ben Shao at the time, and even beheaded to show the public. He had to send a letter to Tianjiao to complain to Ben Shao. Haha, you Wan Gulou are really brave. . "

This.....

Many elders suddenly had cold sweat on their foreheads. If this matter was really to be considered, then they would really be in trouble.

"Qin Chen...no, little Chen, you have misunderstood, all this is a misunderstanding."

The high-level elders of several eternal buildings suddenly jumped up, and one of them hurriedly lifted the restriction on the real person Tianxing and helped him up. "Little dust, Zhen Xing Tian Xing, all this is a misunderstanding. The God of Turen is in my Eternal Building, wanting to harm the disciples of Tian Xing, Zhen Xing Tian is not afraid of danger, standing on the side of justice, how can we judge him? Actually, you misunderstood. We brought Tianxing Zhenren, not to judge him, but to reward him, yes, to reward him. From today onwards, Tianxing Zhenren is the internal affairs of our Wangulou. Elder, any eternal building in Guanghan Mansion, as long as he wants to go,

You can go to serve as the sub-host. "

These high-level elders said again and again, trying their best to save them.

"Tian Xing Zhenren, hurry up and say something!"

These high-level elders stared at the real person Tianxing.

"Several elders, Tianxing has nothing to say, Tianxing just has a clear conscience."

Zhen Xing Tian stood aside and said lightly.

The faces of several high-level elders suddenly showed embarrassment, and they cautiously said to Qin Chen: "Little Chen, look..." Qin Chen drooped his eyelids, "How do you deal with the Tianxing poster? That is something inside your Eternal Building." , Young Master Ben is an outsider, so naturally he won't intervene, but Young Master Ben was frightened by the butcher **** in your Wangu Tower.

To say, come up with some compensation, some are justified. "

This.....

Several high-level elders looked speechless, and the **** Turen was killed by you, and you actually said that you were surprised to be compensated. This is really...

"I wonder what compensation Young Chen wants?"

Several senior elders asked at the same time.

"It's very simple. The five ancient sacred veins of the middle grade of the sage, and they must be complete ancient sacred veins. I don't want to use a lot of holy energy. I don't want them. Take them out as compensation for the shock of the young man. This is the case today. Up."

Qin Chen said lightly.

"What? Five ancient sacred veins of Heavenly Sage Middle Grade, so many?"

The many elders present were taken aback by Qin Chen. What is compensation, this is blackmail, naked blackmail. Several high-level elders glanced at each other, discussed for a while, and said bitterly: "We

do have some of the ancient sacred veins of the middle grade of the heavenly sage, but the complete ancient sacred veins are really difficult for the strong, and they are directly five. ten thousand

The ancient building can't be taken out at all. In this way, our Wangulou is willing to give you an ancient sacred vein of the middle grade of the sage as compensation. What do you think of this matter? "

"One, are you sending a beggar?" Qin Chen said coldly, categorically rejecting, now what he lacks is the ancient sacred veins, and then he is going to trespass into the heavens for trials, which is very dangerous, and he has to seize the opportunity to rush to the middle stage of the heavenly sage. , Requires a lot of ancient holy veins, the more you prepare, the more breakthrough

Naturally, the fuller it is. "Could it be that my Qin someone's life is only worth one Heavenly Sage Middle Grade ancient sacred vein?, huh, to tell you the truth, today, these five ancient sacred veins, the young master is about to decide, and your Eternal House is not at a loss. , Ben Shao is now the Son of Heaven and will

I will definitely have some cooperation with your Wangulou, and a good relationship will be of great benefit to the future development of your Wangulou. "Qin Chen sneered. Suddenly, the aura on his body became stronger and stronger. The Seven Treasure Glazed Glaze Pagoda and Zixiao Dousui Palace all flew up, deducing the shadow of the heavenly fire of ten thousand realms, the horrible flame aura, suppressed in the air. Elders present, how old

At the top executives, everyone felt the violent and unmatched aura.

what!

Many elders were shocked, and several top-level officials were shocked to retreat. "Hmph, Na Murong Tian and Xiang Wudi offended Ben Shao, and Ben Shao let them kneel on the Nine Suns God Profound Mountain, mocked by all the disciples of Tian Jiao, and robbed them of their most precious treasure. Aiming at the less, the less

Just asking for compensation for the five ancient holy veins is already merciful. Why do you still want to bargain? "

Qin Chen's eyes were cold, his aura even worse. "To tell you the truth, this young man has not exerted his full strength before. If he is willing, within ten breaths, as long as ten breaths, you can kill all of you present, and take away the heavenly sage on you. Origin, all magic weapons

All plundered as compensation for Ben Shao. "But Ben Shao is a civilized person and cannot do such cruel things, but this is also based on everyone's good words. If Ben Shao can't get a reasonable compensation, then don't blame Ben Shao for being ruthless. I guess neither of you

Want Ben Shao such a partner to be your enemy? "

Qin Chen was a naked threat, showing his fierce strength, and if he was not satisfied, he would kill him. Unscrupulous, just like a lunatic!

[Chapter 2868: Friend or foe](#)

Qin Chen threatened nakedly, with a sharp tone, like a madman.

But none of the people present dared to treat Qin Chen as a lunatic. The several high-level elders looked earthy. They knew that Qin Chen could slaughter them cleanly with just one hand, but he couldn't accept it psychologically. Each of them was the best among the peak giants in the middle of the Heavenly Sage.

Those who look down on the crowds and hold the power.

But now, in front of a genius at the level of unparalleled enchanting evildoer like Qin Chen, all of them have become young people. Everyone can't accept this strong contrast in their hearts, but they have to admit that they bow their heads. "Who is this son? It didn't take long before he joined Heavenly Work, he became the chief disciple, holy son, and even such a cruel and domineering son, even some sons of the Holy Lord's Mansion could not be so aggressive, could it? This child is a certain

Reincarnation of a pinnacle overlord? "

Several high-level elders trembled.

"How is it? Have you figured it out? It's an enemy or a friend, and in a split second, it's up to you to grasp whether you live or die."

Qin Chen snorted coldly, and the breath on his body instantly disappeared without a trace, as if he had become a harmless ordinary person, and everyone felt relieved.

He gently flicked his fingers, knocking on the seat of the Grand Master's chair, bang bang bang, every time he tapped, several high-level elders were frightened, and the heart attack was about to come out.

They have never been so embarrassed. "I want to... think it over, five Heavenly Saints Middle Grade Saint Veins, I've racked my brains, and I will definitely get together for you, but this matter is too big, we can't be the master, please also Chen Shao Wait a minute, we'll assemble Tiansheng Zhongpin

Holy veins go. "

Several high-level elders hurriedly said, discussing with each other, and suddenly, a few elders have disappeared.

"Little dust, you blackmailed like this. When several elders mobilize, they will definitely let our late Heavenly Sage overlord master hidden in the Wangulou know that when the time comes..."

Ruo Rui hurried forward and sent the letter cautiously, a little frightened.

All of this opened her eyes, and several high-level elders actually succumbed under Qin Chen's pressure.

"Haha, blackmail, what blackmail?" Qin Chen squinted, "Young Master Ben did not come to blackmail, but came to ask for compensation. As the chief disciple of Tiangong and the holy son of the Refining Division, Qin Chen is in your Wangu Building. Was in danger and was almost beheaded by the slaughter god, asking for a little compensation.

Right? Don't say it is to let your masters who work in the day know, even if it is known by the chief poster, it is nothing. "

Qin Chen was very calm.

Just kidding, he has the identity of Tianzuo Shengzi, how easy it is for ordinary warriors to pass. Of course, Qin Chen did not go too far. The ancient sacred veins of the Five Heavenly Sage Middle Grades looked amazing, and several high-level elders showed trembling. In fact, for the top overlord-level strength of Guanghan Mansion such as Wangulou, Not much

What.

With the size of the Wangulou, let alone the five ancient sacred veins of the middle grade of the heavenly sage, there are even a few of the ancient sacred veins of the top grade of the heavenly sage, otherwise how can a half-step holy master be born?

Asking them to make such compensation can only be said to have put a little blood on the Wangu Tower, but it is definitely not a cut.

The original poster of Tianxing still understood this very well, so he did not discourage Qin Chen from beginning to end.

Buzzing! Just listening to the entire Wangulou headquarters, all kinds of voices are constantly operating, like a master flying, seeming to discuss something, and in the depths of the Wangulou headquarters, it seems that there is something terrifying being alarmed, one after another. Tyrannical mind

Constantly sweeping around in this conference hall. Qin Chen knew that this was the overlord powerhouse deep in the Wangulou headquarters and was alarmed, but he was not afraid, just sitting quietly in the conference hall, while Chimei, Ao Qingling and others stood behind him. , Respectful, in the hall where you look

The remaining elders were frightened and restless.

I don't know how long it took, booming, a huge breath appeared, in addition to the previous few high-level elders, there was another old man.

This old man was obviously more tyrannical. His eyes were shining like stars. His eyes were sunken, but his pupils seemed to contain the abyss of the universe and contained terrifying power.

He walked step by step, and with each step down, the void was rippling with ripples, as if the rules of the celestial realm were drawn, and there was a feeling that the rules of the celestial realm were driven by his power like an arm.

This kind of breath is strong and unimaginable.

The strength of this old man was actually between the elders of Hao Jun Taishang, he was a hegemon of the late Heavenly Sage, and the strong aura on his body made Qin Chen feel a strong threat.

"Great Elder!"

"Elder Shouxu!" When many elders in the conference hall saw this elder, they all stood upright and did not dare to relax, as if the courtier met the emperor and the servant met the master. Naturally exuding a kind of respect,

A kind of fear.

The mere breath escaping from his body made people feel like sitting on pins and needles.

"Young man, you are Qin Chen? The newly promoted saint son of Tianjiao?" As soon as this old man entered, his eyes fell on Qin Chen. Suddenly, endless pressure swept across, and all of them had one. This kind of breathing difficulty, the urge to kneel down on the spot, the old man's eyes contain endless pressure, like the vast stars

Coming, giving people great pressure.

"It's this young man, you must be the great elder of this Wangu Tower? The real person in charge? I think several elders have already told you this young man's previous request. I don't know the conditions I just made, the great elder. What do you think?" Qin Chen said lightly, hum, his body suddenly filled with a wild ancient aura, this is the **** of the wild ancient gods, immediately enveloped the red eyebrows, making the red eyebrows The pressure dropped sharply, but Qin Chen sat upright himself.

It's different.

There was a hint of surprise in the eyes of the big elder.

His coercion may not even be able to withstand some of the overlords who have just entered the late stage of the Heavenly Sage. I never thought that Qin Chen could not move like a mountain. "Qin Chen." The elder said lightly, and the old voice seemed to have experienced endless years of vicissitudes, with a long history: "Sure enough, I am collecting information from the world in the Wangu Tower. Not long ago, the old man just got the news, and God works. A new saint son appeared in the refining division, invincible and overbearing, so that the two great saints of the refining division, Murongtian and Fu Zixi, were all knelt on the Nine Sun God Xuanshan. , Even Hao Jun, the supreme elder of the refining division division, was punished and abolished the cultivation base. I didn't expect to see it in my Wangu Building today."

[Chapter 2869: Wanhua Lingmai](#)

The elder's eyes flickered: "As soon as I saw it today, it really deserves your reputation. You have a great fortune, a self-cultivation, and earth-shattering. With your talents, you can become a high-level person in the work of heaven in a short time. If you can take over

In the coming trials of the heavens, winning victory, getting adventures, and even becoming the heir to the work of the Guanghan Mansion, I am afraid that in the future, he will be more hopeful than the old man to enter the realm of the Holy Lord. "

The old man stared at Qin Chen, full of emotion.

With words, he understood Qin Chen's affairs clearly.

This is natural. Before the Wan Gu Lou could inquire about the information in the Guanghan Mansion, there were many disciples in the heavenly work, and the conflict between Qin Chen and Xiang Wudi was not a secret. Naturally, it was passed on long ago and was known to some interested people. "I dare not dare, because my cultivation is shallow, how dare I claim to be invincible in front of the great elder, it would be laughable and generous to say it." Qin Chen stood up abruptly from the chair of the master, naturally speaking, as if he had seen an old man. Friends without any

Being restrained and restrained, even because of being in the Wangu Building, there is no fear.

In fact, Qin Chen didn't think that Wan Gu Lou dared to do something to himself.

This made the great elder even more amazed. In fact, as Qin Chen expected, Qin Chen's identity, let alone him, even the chief host of the Wangu Tower, would not dare to easily suppress it, lest it cause catastrophe.

"Young man, I already know about your affairs. In view of your grievances in my Wangulou, my Wangulou is willing to pay compensation and form a good relationship with you. There are five ancient sacred veins of the middle grade of the heavenly sage. Here are four. You take it first."

As the elder spoke, four storage rings appeared in his hands, and they flew into Qin Chen's hands. As soon as Qin Chen's spiritual thought swept into them, he felt the strong breath of the ancient holy veins, which were indeed heavenly sages. The ancient sacred vein of Zhongpin.

These four ancient sacred veins were full of aura and were exactly the same as the three received by Qin Chen in Heavenly Work. They were all extremely complete. "These four ancient sacred veins are the ancient relics that we unearthed not long ago in the Wangu Tower, and they are very complete. They also contain an astonishing ancient atmosphere. I want to come and be of great help to your cultivation." The elder said lightly.

: "At that time, for these four ancient holy veins, our Wangu Tower consumed a lot of manpower and material resources."

"There are only four here, is there one left?" Qin Chen put away the storage ring, nodded, and then said again. The elder shook his head: "Because you must have a complete Heavenly Sage Middle Grade ancient sacred vein, there are indeed only these four in the warehouse of our Wangu Building. However, our Wangu Building happens to have one Wanhua Spiritual Vessel. We are an overlord of the Wangulou, collected in an extremely dangerous place with fierce flames. This ten thousand fire spirit vein has become refined, and it has nurtured an extremely fierce fire evil spirit, which is extremely violent. On value, this A Ten Thousand Fire Spirit Vessel still needs to be in the Heavenly Sage

Above the ancient holy veins. "The old man heard that your Excellency also cultivated with the supernatural powers of flames, and he has the heart to use this ten thousand fire spirit vein to reach the last ancient sage vein of the middle grade of the heavenly sage, but the fire evil aura is too fierce. If you want to collect it, you must first To surrender this evil spirit, I don't know

Dao Qin Chen, little brother, can't you accept it. "

"Oh? Ten thousand fire spirit veins?"

When Qin Chen heard it, his eyes flashed, but he became interested.

He knew that between heaven and earth, in addition to the ancient holy veins that contained rich holy energy, there were also some holy veins that grew in some special places and formed special spiritual veins, such as the magic veins and flames in the land of demon energy. The fire vein of the land. These spiritual veins are inherently powerful. In addition to containing the terrifying holy energy of heaven and earth, they also contain the power of amazing laws, but they are difficult to refine and cannot be absorbed at all, and there are some spiritual veins that cannot be absorbed at all. Because it contains

After absorbing the strong evil spirits, he would definitely get into trouble, even be attacked by the fire, and died suddenly on the spot.

Such spiritual veins require special techniques to refine them. Although their value is above the Holy Veins of the same level, ordinary people still dare not use them. Now the great elder took out this Ten Thousand Fire Spirit Vein, apparently trying to test Qin Chen, to see if Qin Chen dared to take it, if Qin Chen did not dare, it would have left an ancient Holy Vein, and invisibly attack Qin Chen Arrogant

Some face.

If Qin Chen dares, it also depends on whether Qin Chen can surrender.

And if Qin Chen can really conquer, then in the process of conquering, his hole cards will be exposed, allowing Wangu Lou to know a lot of information and have a comprehensive evaluation of Qin Chen.

This is three birds with one stone.

"Hahaha, Great Elder, why bother to say so much, your mind, this young master knows what ten thousand fire spirit veins, take it out." Qin Chen laughed and didn't care.

"Oh?" The elder raised his brows: "Then little brother Qin Chen, you have to be careful."

When the voice fell, a disc appeared in the hands of the Great Elder, which was a sealed space disc, and then the seal on it was directly opened.

Boom!

Suddenly, a flame of fierce aura soaring into the sky was like a vast ocean, bursting out suddenly and booming, and this world instantly became a sea of flames.

In this ocean of flames, a wave of furious consciousness spread out: "I am the king of all fires, the fire of all souls, the existence of heaven and earth, who dares to refine me, I want to let his soul fly away and suffer the fire. torment!"

A violent voice roared again and again, full of violent, angry breath, so angry.

This is the chaotic will formed after the Ten Thousand Fire Spirit Vessel becomes refined, and it is extremely violent. Anyone who absorbs this Ten Thousand Fire Spirit Vein will have to withstand the invasion of this chaotic will. If one is not careful, it will become insane. Even burned to ashes.

Amidst the boundless flames, a red-black fire dragon roared, which was the volitional form of the ten thousand fire spirit veins, fierce and boundless. "Okay, okay, okay! Great elder, you really didn't lie to me, the heaven and earth holy energy contained in this ten thousand fire spiritual vein is not weaker than the ancient holy vein of the middle-grade heavenly saint. What? Ben Shao is the ancestor of origin, the origin of everything

, All between Ben Shao's thoughts, in front of Ben Shao, all to Ben Shao collapse. "

Qin Chen felt the fire, and instead of retreating, he was overjoyed and excited, making this elder quite puzzled and surprised. This poisonous fire is so powerful that even if he is the overlord of the late

Heavenly Sage, he does not dare to refining easily. He wants to see what Qin Chen can absorb and resolve.

[Chapter 2870: Fire Poison](#)

"The Way of Ten Thousand Fires, refine it for me." Qin Chen showed a grin on his face, and with a big hand, he caught it in the sealed space disk. In the space disk is a huge space. In the space, chains trapped a huge flame vein, which is like

A red and black flame dragon roared frantically, as if trying to break the seal of this space disk, rushing out and killing.

Humph! Qin Chen saw this giant flame dragon, snorted coldly, the flame power in his body suddenly circulated, a source of power suddenly burst out, Qin Chen turned into a flame god, standing proudly in the void, right. Take the flame dragon

The child pressed down.

"Suppress me!"

Boom!

With the huge palm of his hand, he grabbed the giant flame dragon, and on top of Qin Chen's head, the Qibao Glazed Glass Pagoda and Zixiao Dousidi Palace suddenly appeared, suppressed with the top flame aura.

Immediately, this giant flame dragon was held tightly by Qin Chen, but it was still roaring, struggling frantically, trying to break free from Qin Chen's restraint.

"ridiculous."

"The technique of patching the sky, refining it for me!" Qin Chen burst into an astonishing atmosphere of the ancients, and the infinite power of the ancients permeated, covering all the secrets of heaven. At the same time, Qin Chen's technique of patching the sky has been used to make up. The technique of heaven can replenish all things in the world, and it is also the top crafting technique

.

And the most important thing in the way of refining is to control the flame, so Qin Chen's sky-filling technique is also an extremely sky-defying fire control technique. Suddenly, under Qin Chen's suppression, the flame evil dragon aura in this Ten Thousand Fire Spirit Vein was firmly grasped. Qin Chen frantically mobilized the power in his body, and the whole person was radiant, like a great sun in the heavens. Wash this one

Wanhua Lingmai.

The big elder opened his eyes wide, and his cultivation level could not see what Qin Chen was using. The astonishing light and the ancient aura covered everything, leaving him in the clouds and mist.

Rumble! I saw the evil spirit of the blockbuster come out, and turned into a fierce evil spirit figure, appearing in front of Qin Chen like a slaying god, and turned into a dark and brutal to the extreme violent evil spirit, containing the evil of all evils, take a look ,on

To fall forever. And in these violent evil spirits, Qin Chen put away all of a sudden, the ten thousand fire spirit veins in the sealed space disk actually began to become pure, the previous fierce violence and evil energy were swept away, a stream of pure holy energy Come out, extremely pure

, Xia Guang Wan Dao, Rui Qi Qian Tiao, all of the evil spirits in it have been washed and purified.

This is Qin Chen's tactics against the sky.

The technique of patching the sky can refine all things, and it can also refine the evil aura in a small amount. Even Qin Chen can understand the evil power contained in the evil aura through refining and deduced it into his own power.

It can be seen that in Qin Chen's mind, every rune flickers. This is the evil spirit rule, the fire poison rule, deduced in Qin Chen's mind, and then became a chapter in the book of origin, and became Qin Chen's accumulation. .

Boom! But after Qin Chen completely eliminated the evil spirit, a scarlet flame dragon appeared in the seal plate, full of tranquility and peace. This insidious and poisonous spirit vein of fire was actually by Qin. Dust grows and washes,

Turned into the most innocent flame holy vein.

"Absorb!" Qin Chen roared, and incorporated this flame holy vein into his body, and the Qibao Glazed Glaze Pagoda and Zixiao Dousidi Palace were also incorporated into Qin Chen's body, surrounded by four flames. Rotating with this flame holy vein, absorbing the flame

The flame breath in the holy veins. Originally, although Qin Chen's four major flames were strong, it was difficult to truly injure the enemy and give the enemy a fatal blow in battle. But now, Qin Chen, who has obtained the Seven Treasure Glazed Glaze Pagoda and the Purple Cloud Tower, has already Can breed stronger

Flame, but there is not enough flame power.

At this moment, after obtaining a pure flame sacred vein, Qin Chen could completely raise his four major flames to another level, erupting even more terrifying combat power.

It can be said that Qin Chen's strength has been improved once again because of this. "Awesome, too powerful, what is the means to seize the heavens and the earth and purify the eternal sacred veins? With such a method, it can completely wash other spiritual veins. In this heavenly realm, there are many sacred veins, and many of them have been contaminated. Various breaths, and change

It is extremely difficult to refine, and it seems a bit tasteless, but in front of you, little brother, it is nothing at all. With this magical power, you can earn boundless wealth. "

The great elder's deep eye sockets bloomed with an amazing divine light, "With your cultivation base, if you are willing to do such a business and purify the saint veins for people, you can definitely attract many forces and earn Take massive wealth."

"What do I want to earn so much wealth for?" Qin Chen smiled coldly: "I am the Holy Son of Heavenly Work. As long as I need to practice, I have enough resources to provide, and it is a waste of instantaneous purification of the Holy Veins. , And, once I purify, I also consume a lot of original power.

It is less lazy to do things that pay for it. "

Qin Chen said this deliberately to dispel the doubts of the great elder, otherwise it would be dangerous if the sky patching technique leaked out. "I said, Great Elder, you are not kind, and you obviously want to give me a middle-grade Heavenly Saint Saint Vein, but in the end you gave me a Ten Thousand Fire Spirit Vein, and Ben Shao has to spend a lot of holy source to refine, if it's not for this There are few means to reach the sky, maybe you have to go

magic. Qin Chen said lightly. "Haha, if the little brother doesn't have full refining methods, I'm afraid he won't do it. The old man did this to understand your Excellency." Now the old man is completely convinced, and everything that your Excellency has in my Wangu Building today has been exposed. From now on

In the future, my Wangulou is willing to cooperate with my little brother. As long as it is your Qin Chen's business, our Wangulou is absolutely obligatory. I also hope that in the future, my little brothers will also cooperate with us in Wangulou for mutual benefit and win-win! "

The elder laughed loudly and said calmly.

"Hahaha." Qin Chen also laughed: "It's easy to talk about, but I hope that the person who connects with you in the Eternal Building, I hope it will still be Tianxing Zhenren and Fairy Ruorui, after all, I am already familiar with them, and I don't bother to talk about other people." "Absolutely no problem. Little brother, you are still a loyal person. In this way, from now on, you will be the elder Keqing of our Wangulou!" Suddenly, the elder threw out a token, not knowing what it was. Forging of materials, there are two celestial characters "Elder" written on it, and beside the elder, there is a "Ke" character.
