### [Chapter 2871: Elder Ke Qing](#)

"I heard that your Excellency was the Keqing of our Wangu Tower before, but that's nothing, because the Keqing order that the real person Tianxing can give is the most basic Keqing order, and this Keqing order is the order of the elders. This token, you come to us

Any branch of the Wangu Building can inquire about any news and enjoy the best treatment, even more noble than ordinary elders. "

Those who can become the elders of Keqing are all top masters, and the elders give enough face. "I'll accept it." Qin Chen nodded, "The young man will leave, and there will definitely be places to trouble you Wangu Building in the future. Also, this time Ben Shao will come here. There is something that has something to do with your Wangu Building. Real people discuss, Ben Shao prepares to be in Guangzhou

The Han Mansion established a branch of Chendi Pavilion, but this matter was handled by the Red Eyes under my command. "

Qin Chen's establishment of the Chendi Pavilion would naturally not conceal the Great Elder. After all, many of his identities were transparent in front of the Wangu Tower.

"Don't worry, little brother, I will arrange for Chimei to contact the real person Tianxing." The elder nodded.

"The young man will leave, red eyebrows, I will leave the rest to you a few." Qin Chen's voice fell, his figure flickered, and roared like a real dragon flying to the sky. Everyone was forced to retreat, even the elder's robes were brushed and agitated, but he did not retreat.

It is standing on the spot, not moving.

But Qin Chen had no trace.

His Excellency the Minister gave him three days, and now there is not much time left. He naturally wants to leave the Wangu Building and rush back to work in the first place, waiting for the Minister's summons.

"True Reality Tianxing, you are now the elder of my Wangu Tower, and you are mainly dealing with little brother Qin Chen. Now you and these disciples who work hard, make arrangements."

The Great Elder looked at the direction Qin Chen was leaving, his eyes flashed, and said to the real person Tianxing.

"Yes, the subordinates retire!"

Zhen Xing Zhen immediately saluted, and then took Ruo Rui, Chi Mei and others to leave the conference hall to discuss how to establish the Chendi Pavilion branch.

After these people left, the meeting hall immediately became quiet. "Elder, Qin Chen is too arrogant. It is really lawless to blackmail our five middle-ranked sage veins. Why should you agree to him? With your old strength, you can give him some color He knows our Wangu Lou

Awesome. "An elder stepped forward, with a trace of sullen expression on his face: "He just freely enters and exits our Wangu Building headquarters. It's too arrogant. Even if he is the Son of Heaven, he can't let him be so arrogant and spread it out. My Wangu Tower must be full of face

Lost. It's better to think of a way to suppress him, as long as you don't kill him, just teach him a little lesson, Tianjiao won't say anything, our Wangulou is not so easy to bully. "

"Yes, this person is too strong, and in our Eternal Building, it is like entering no one, even if it is the Holy Child of Heaven's Work, he simply does not put our Eternal Building in his eyes." Another elder said.

"You should give them some color." Some elders said coldly. They were all those elders who were going to judge True Man Tian Xing before. The elders were so polite to Qin Chen and made them feel a crisis. Really have a long-term cooperation with Wangu Lou, it will definitely grow stronger

Datianxing is a real person. "Hmph, suppressing him, it's not easy talking about it. The strength displayed by this son is by no means as simple as you think. I have a feeling that he still has his hole cards to use. I really want to use it. Even I can't easily leave him." The Great Elder's eyes are concentrated

Heavy road.

"What? Great Elder, you can't easily leave him?"

Many elders were shocked. "Otherwise, why do you think he came to our Wangu Tower so confidently? Such a arrogant, seemingly arrogant, who is not a person with many means? Otherwise, I can live to this day, remember, never underestimate anyone, before you

It was because he underestimated him and didn't tell me the matter in time that caused such a disaster. Fortunately, it has finally been resolved. "The elder's face is ugly: "However, this son is indeed too arrogant and has an extraordinary origin. I suspect that there is a big secret behind this son. The place where this person just appeared is in Yunzhou. It seems that we still have to first Investigate, we million

The ancient building must master all the information of this child, otherwise it will be too passive. Only in this way can it capture some initiative. "

"What the great elder said is that I also suspect that this son has a secret, so I need to investigate it carefully."

Some elders' eyes flickered.

The sudden emergence of Qin Chen was so mysterious that they all meant that there was something hidden behind it.

"Very good, in that case..."

The elder said, he was about to give orders, but before his words fell, suddenly—

Boom!

The entire Wangulou headquarters suddenly shook, like an earthquake, rumbling, countless buildings shook violently, and the holy spirit was scattered. That violent vibration, with infinitely terrifying power, unexpectedly caused many elders in the conference hall to stand unsteadily under this vibration. One by

one, they fell to the ground, their noses and faces were swollen, and the holy energy in their bodies was frozen, as if they had all become Pu

Tongren.

"what's the situation?"

Everyone was shocked, and they rushed out of the Wangulou headquarters and raised their heads.

Just saw the endless sky above, a terrifying aura that frightened the eternal age swept down, and the entire Wangulou headquarters shivered and rumbling under this aura, as if it was about to burst open in an instant.

"Who?" In the headquarters of the Wangu Building, countless masters were shocked and looked towards the sky in amazement. Even behind the Wangu Building, a top powerhouse of the overlord level appeared in the void, and his body trembled under this breath. Surprise emerged from deep in my heart palpitate.

Hum!

Above the endless sky, with this coercion coming, a phantom appeared, that body suppressed the eternity, and seemed to crush the sky.

At this time, Qin Chen, who had not had time to leave the headquarters of the Wangu Building, also looked up in astonishment.

"This is... the breath of the Holy Lord, the Minister!"

He was very familiar with this breath, and it turned out to be the Holy Master Yaoguang, Minister of Heavenly Work.

Boom! At the moment when the figure of the Holy Lord of Light appeared, in the depths of the Eternal Building, a magnificent figure appeared. This figure, towering through the sky, is also extremely vast, far above the overlord of the late Heavenly Sage, with Dominate the heaven

Breath. But in front of the Holy Lord of Yaoguang, this aura was also much shorter. He looked up at the Holy Lord of Yaoguang, like a courtier, looking up at the emperor.

### [Chapter 2872: Guanghan Palace](#)

"Wangulou Shouchengze, I have seen the Holy Lord of Yaoguang!"

The strong man Longlong said, with a hint of respect in his tone, it was the chief host of the Wangulou, the invisible ancestor figure, half-step Shou Chengze, the strong saint.

At this moment, he looked at the phantom of the Holy Lord of Light in the sky with suspicion and horror in his eyes, and more suspicious: "I don't know if the Lord of Light is coming, what is the so-called? If necessary, Shou Chengze wished. Serve for Lord Yaoguang."

Shou Chengze's posture is very low. Although he is a half-step holy lord, half-step holy lord and holy lord are too far apart, not to mention that Yaoguang holy lord is still the minister of Guanghan Futian's work, and there are big people behind him. The presence.

How dare he neglect.

"The original poster Shouchengze is polite, this holy master is here this time and only works for my disciple, where is Qin Chen!"

Holy Master Yaoguang said lightly, his voice was like a sky thunder, roaring at the headquarters of the Wangu Building, shaking the world.

"The disciple is here."

Qin Chen immediately walked out of the void and saluted respectfully.

"Hmph, let you wait for this holy lord three days later. I didn't expect you to come to the Wangulou headquarters and come to ask for some justice, but that's all, this holy lord's affairs have been dealt with, let's leave with this holy lord." Above, an invisible force descended, enveloping Qin Chen, and suddenly exploded. Suddenly, the entire Wangulou headquarters roared and vibrated. The next moment, the towering figure above the sky had engulfed Qin Chen and disappeared instantly. No trace

.

The Wangu Tower, which was originally a doomsday, calmed down instantly, as if nothing had happened.

Feeling the disappearance of the terrifying aura, all the strong in the Wangu Tower still had heart palpitations, unable to calm down for a long time.

"This... the Minister of Heavenly Work, actually came to work for me personally for Qin Chen."

In the conference hall, the grand elder and others looked terrified, with incredible fear. They also said before that they would investigate Qin Chen, isn't this seeking a dead end? And before he left, the Minister Tiangong said that he asked for justice, which means that he already knew what was going on here, the divine mind of the Holy Lord, I'm afraid what happened here in just one thought.

Love can't hide his perception.

At this moment, the robe on the back of the Great Elder was soaked.

He felt the endless fear for the first time. If the Lord of the Light had intended to attack him before, he might be wiped out with a thought, and fell on the spot.

"Shou Xu, come to this seat immediately and explain it clearly to me."

A thunderous voice sounded in the head of the elder, and it was Master Shou Chengze, the host.

He was in retreat before and didn't know everything at all. He was not alarmed until the Holy Lord of Light arrived. He sensed the strangeness in the conference hall, and immediately sent a message, with anger in his tone.

"Subordinates will be here soon."

The great elder hurriedly said in horror, he disappeared in the conference hall after shaking his figure, and he didn't know how to explain it.

Above the endless sky, Qin Chen was swept by a terrifying force and immediately shuttled through the Guanghan Mansion.

In front of him, the Lord of Yaoguang looked indifferent and said nothing.

"My Lord Minister, the disciple is reckless, and I ask your Lord Minister to punish him."

Qin Chen hurriedly bowed his head and saluted. "Punish? Why do you want to punish? You did a good job. My disciple who works day-to-day, how can I allow others to frame and insult others, huh, what a slaughter god, a small family, this Eternal Building is intrigue, dare to use our day-to-day disciple Kai Shabu, this

You did a good job this time so that Wangulou would know that some taboos cannot be committed. "

Holy Master Yaoguang said lightly, his tone full of praise.

"Yes."

Qin Chen lowered his head and breathed a sigh of relief, pretending to be well-behaved. In front of the Holy Lord of Light, he still dare not be too public, otherwise the other party can see through everything in his body, then it will be troublesome. It is not that he can't believe in Holy Lord of Light, but there are some things that don't need to be said. Can't stand the test

Empirical.

His mind has been completely focused on Guanghan Mansion. Although Holy Master Yaoguang promised to take him to Guanghan Mansion, even Holy Master Yaoguang was not sure whether he could help him with this, so Qin Chen I couldn't help but feel a little nervous.

"Qianxue, Ruyue, you are waiting for me."

Qin Chen said silently in his heart.

Between the two flashes, how quickly they arrived at the core of Guanghan Palace, the palace of Guanghan Palace Lord-Guanghan Palace. Guanghan Palace is a magnificent palace located in the deepest core of the infinite space of Guanghan Palace. This palace is extremely wide and majestic. Around this palace is a bright void, soft light, and ethereal clouds. Apart from this Outside, static

Silent, you can see the ups and downs of regular tides, which contains the supreme truth of the universe's birth and death.

Very mysterious. However, as soon as Qin Chen and the Holy Master of Light of Light arrived in the sky above Guanghan Palace, a series of terrifying forbidden rays of light rose up, forming a vast array of great heavens, and the world was shocking. Rune, that breath, seems to be instantaneous

In time, Qin Chen could be completely wiped out and turned into powder.

And in the palace below this restriction, you can see a figure, all of which are disciples and strong men under the command of Palace Lord Guanghan, all of them looked up in surprise, looking at the two figures that suddenly appeared.

Guanghan Palace is the residence of Palace Lord Guanghan. Normally, no one dared to intrude. Today, two uninvited guests came, and even Guanghan Palace's large formation against the sky was alarmed and activated instantly.

"Palace Master Guanghan, old friends are here, you just welcome old friends like this?"

The Holy Lord of Yaoguang stood on the sky and said to the palace below.

The next moment, in the Guanghan Palace, an icy breath rose up, and at the same time, a figure covered by the cold mist appeared. This was a woman with a hazy figure, extremely cold, as if it would never change. Ice.

A light mist lingered, this woman was hidden in the mist, making Qin Chen unable to see the true face, only to see a pair of eyes full of endless depth, staring, Qin Chen's mind blasted, there is a kind of complete sinking a feeling of.

He hurriedly urged the soul secret technique to wake himself up, and he couldn't help but be surprised.

"Palace Master Guanghan." Qin Chen held his breath. Is this Palace Master Guanghan? The previous dim look in his eyes almost made him sink. It was terrible. If he hadn't been able to reach the sky, he would be replaced by another disciple. I am afraid that Palace Master Guanghan would have been completely shaken by the power of the great power.

Stunned, fell into depression.

"It turns out that the Minister of Heavenly Work, Holy Lord Yaoguang, came here, why, if you don't retreat from Heavenly Work, what do you mean by coming to my Guanghan Mansion?"

Palace Master Guanghan said lightly, his voice was cold, but there was a kind of power penetrating the main road.

"Can't you come if you're okay?" Holy Master Yaoguang smiled, and then became serious: "The Celestial Realm Experience will begin today. This experience is extraordinary and important, so I came to discuss with Palace Lord Guanghan. Fan."

The reason of the Holy Lord of Yaoguang is so magnificent that people cannot refuse.

"Smart!" Qin Chen couldn't help but secretly said in his heart.

[Chapter 2873: Taiyin Liuli Supreme Female Emperor](#)

"Come in!" Palace Master Guanghan said coldly, the next moment, his figure disappeared.

Hum!

Above the sky, an infinite array surging suddenly opened a gap. Obviously Palace Master Guanghan opened the restriction. Holy Master Yaoguang smiled and quickly entered Guanghan Palace with Qin Chen. In the Guanghan Palace, the layers of space are surging, densely packed, and turned into sky-

shattering restrictions, forming a desperate force, but the Holy Lord of Light walks in the void, very calm, these restrictions fall on him, as if they did not touch the real

Objects, passing along the body of the Lord of Light.

This shocked Qin Chen secretly. This is the terrifying power of the saint master. Being able to blend into the avenue, the master master of the saint master, and the control of the heavenly rules has reached an extreme, capable of evolving the essence of the avenue.

Qin Chen's eyes flickered, secretly deducing, carefully perceiving the Holy Lord's aura from the Holy Lord of Light, comprehending the most essential power from it, and trying to snoop out a hint of the Holy Lord's realm.

If you can grasp a trace of the Holy Master's breath and understand the operation of the Holy Master's power in the Heavenly Saint Realm, it will definitely be amazingly helpful for Qin Chen to break through the Holy Master in the future. It's a pity that this hope is too slim. The Holy Lord is already alive forever. It's as difficult as reaching the sky. If Qin Chen could grasp a trace of the power of the Holy Heaven in the realm of the Holy Lord so easily, then the Holy Lord under this world would not just that, in every

The land of the house is all top giants.

Holy Master Yaoguang took Qin Chen across layers of space, and after a while, he had already descended into a palace. As soon as Qin Chen looked up, he saw a huge throne carved with countless intricate patterns and patterns. A cold woman with long white hair and purple eyes was shrinking. This woman was cold, and the place where she was located was empty. Frozen

It ended, forming a country of ice.

Looking at her gaze, Qin Chen felt the illusion of freezing and tearing all over his body.

"Flames against the sky!"

In Qin Chen's body, the power of horrible flames was born, and the power of Qibao Glazed Glass Tower and Zixiao Dousiligong permeated his body, suddenly reducing the meaning of cold ice by one point.

Boom!

At the same time, the ancient sacred body and the empty thunder sacred body were operating, and Qin Chen's breath fell into a state of emptiness, resisting the invasion of the cold outside.

"what!"

Palace Master Guanghan let out a startled suspicion, staring at Qin Chen with twinkling eyes, as if he had discovered something that surprised her.

"Palace Master Guanghan, it's a bit of a test for a junior."

Holy Master Yaoguang said lightly, waved his hand lightly, and immediately, the icy mood disappeared completely. "Holy Lord of Light, this young man, is your disciple of heaven?" Palace Master Guanghan said lightly, and his voice became softer, coming from the huge throne in the distance, "You bring him," Could this child also participate in the heaven trial this time?

? It should be more than that simple, right? "Palace Master Guanghan, this son is named Qin Chen. He is the newly promoted saint son of our Heavenly Work Refining Division. He is also the chief disciple among the disciples recruited in Guanghan Mansion this time. Naturally, he will participate in this time. Trial, the Lord is here this time, except

In addition to discussing with Palace Master Guanghan about the trials of the heavens, it is also for another matter. "

"Oh? What's the matter?"

"I heard that Palace Master Guanghan recently recruited two closed disciples with extraordinary backgrounds, but they are the rosy faces of the disciple I worked for, so the old man also shy away from his old face and said it was the last time." Straight to the point.

Qin Chen held his breath and looked up at Palace Master Guanghan.

"Hongyan?" Palace Master Guanghan actually giggled, "Do you know the origins of these two disciples of mine, are you so sure that those two disciples of mine are the beautiful faces of your disciples?"

"Origin?" Holy Master Yaoguang frowned. He glanced at Qin Chen and his heart moved. Could Qin Chen's two beauties have any special origins? In this way, the origin of Qin Chen must be extraordinary.

"It seems that you don't know." Palace Master Guanghan flashed his eyes, "That's it, your disciple is really courageous, and dare to ask you to intercede. Isn't he afraid of my order and kills directly? He, you know my character."

Palace Master Guanghan, with a quirky nature, lived in seclusion all the year round, and was furious, but he didn't even sell anyone's face, even the Holy Master of Yaoguang.

"Haha, I know it naturally, but I still suggest you give my disciple a chance. Although I don't know the origins of your two disciples, the origins of my disciples are extraordinary."

Holy Master Yaoguang said suddenly.

Palace Master Guanghan flashed her eyes and laughed. She looked at Qin Chen: "You should have heard of my fame and want to kill you. Even the Holy Master of Light can't protect you. Are you not afraid of death?"

An invisible coercion enveloped Qin Chen.

"afraid!"

Qin Chen said.

"Haha... So you are afraid of death." Palace Master Guanghan's voice seemed to be the best in the world, making people sway, "Since you are afraid, are you coming?"

"In front of the famous Palace Master Guanghan, no one is afraid, but there are some things that I must do. Even if it is death, I will not regret it, otherwise, I will never forgive myself."

Qin Chen resolutely said.

He was mad when he should be mad, and when he should show weakness, he would show weakness, mainly because Qianxue and Ruyue were in her hands, otherwise he would be so low-key?

For Qianxue and Ruyue, even if he is dangerous and difficult, what can he do?

Of course, if Palace Master Guanghan insists on dismantling them, then don't blame Qin Chen for being polite. When the time comes, even if the heaven is turned upside down, he will rescue them.

"what?"

Palace Master Guanghan on the throne carefully looked at Qin Chen below, his eyes became a little blurred, "There are some things that must be done, even if it is death, do you regret it?"

Palace Master Guanghan's eyes became extremely sharp, and the terrifying cold breath made the entire Guanghan Palace tremble.

Rumble!

The main hall faintly shook, and the astonishing icy aura permeated, shocking countless experts and disciples in Guanghan Mansion, wondering what happened.

Qin Chen also changed color.

Is this the power of the Holy Lord? Vaguely, he seemed to see a icy heavenly Dao traversing through Palace Master Guanghan's body, impeccably powerful. "Okay, very good." Palace Master Guanghan returned to calm, and all the cold breath disappeared. She looked down at Qin Chen, "Yes, Qin Chen, for the sake of your disciple of Tianjiao and your previous determination. I'll give you a chance

Chance, but you can only meet one person. "

Qin Chen's face changed.

Can only see one person?

What does it mean?

The Lord of Light on the side frowned slightly. "Don't worry, the reason why I let you see someone is because one of my two closed disciples, one of them, is receiving the inheritance of the supreme female emperor of the lunar glaze, and cannot be disturbed." Guanghan Palace Master said.

#### [Chapter 2874: Guanghan Magic Array](#)

Taiyin Liuli Supreme Empress?

The Holy Master Yaoguang was surprised: "You actually passed this inheritance to your disciple?" "It wasn't that I taught it to my disciple, but that my disciple possessed the ice and snow divine body. The Supreme Empress of Lunar Glazed Glaze chose her, and you know that , The reason why I can become a holy lord is because I have been protected by the female emperor, the person chosen by the female emperor,

I must guard. "

Palace Master Guanghan turned his head to Qin Chen and said lightly: "So you don't have to worry, what I will do with your confidante, this, Holy Master Yaoguang knows!"

Holy Master Yaoguang glanced at Palace Master Guanghan suspiciously. In fact, Palace Master Guanghan had always been proud, and there was no need to explain to Qin Chen, but now, he always felt that Palace Master Guanghan's attitude towards Qin Chen seemed a little bit special.

Holy Master Yaoguang nodded: "Qin Chen, you really don't need to worry, Palace Master Guanghan will not deceive you with the Supreme Female Emperor of Lunar Glazed Glass, because she herself is the descendant of the ancient female Emperor."

With the assurance of the Holy Master Yaoguang, Qin Chen breathed a sigh of relief.

Although only one of Qianxue and Ruyue can be seen, as long as he sees any one, Qin Chen can feel relieved.

The ice and snow divine body should be Qianxue, then the other one is like Moon.

"Palace Master Guanghan is also requested to make it clear." Qin Chen bowed. "It's very simple." Palace Master Guanghan said lightly, "I will give you two choices. The first one, if you can be in this celestial trial, let Guanghan Palace become famous and become a winner, I Will not hinder things between you and my two disciples.

"The second choice, another disciple of mine, is cultivating in the Yaochi Holy Land of my Guanghan Mansion. The Yaochi Holy Land is located in the 33rd Guanghan Illusion Array of my Guanghan Mansion. You are Son of Heaven, no matter what means, as long as

If you can successfully break into it and find each other, I will not prevent you from meeting. "But... I have to remind you that the thirty-three layers of Guanghan illusion formation, with endless illusions, can obliterate the will, is the guardian formation of my Guanghan Mansion, and even the overlord of the late Heavenly Sage enters it. If you can't hold your own mind, you will also sink, dare you

Dare not? "Palace Master Guanghan stared at Qin Chen below: "Choose the first one. You need to be famous in the celestial experience. The difficulty is so high that I don't need to say more. The celestial experience is our world. Tianjiao at the top of the list, and 33

The vast cold illusion of the sky is even more terrifying. If you accidentally break into a dangerous place, you are very likely to be killed instantly. Moreover, this palace will not allow the Holy Lord of Light to take action. You can only rely on you to have life and death. The danger depends on whether you dare. "

The atmosphere in the hall suddenly solidified.

"Qin Chen!"

Holy Lord Yaoguang looked at Qin Chen with an extremely solemn expression. "The thirty-third layer of heaven and the vast cold phantom array, the heavens are infinite, and even the overlord of the late Heavenly Sage enters it. If they can't get out, they will fall in all likelihood. On the contrary, this first condition, with your strength, if It may not be impossible to get amazing opportunities

To do it, you have to think carefully. "

Holy Master Yaoguang reminded Qin Chen, but he would not make a decision for Qin Chen.

A master who can reach the level of Qin Chen, who is not a determined person, will often follow his heart and will not be disturbed by others.

He will not interfere.

"I choose the second one."

Qin Chen smiled faintly, without any hesitation.

There is not much time. Before entering the heaven trial, he must know how Qianxue and Ruyue are now, otherwise, he is uneasy.

"well!"

Palace Master Guanghan said lightly, "You don't think about it anymore?"

"Don't think about it."

Qin Chen said flatly.

"Qin Chen." Sage Master Yaoguang looked over and gently reminded that Qin Chen's talent is indeed extremely high, his cultivation base is against the sky, and he also has amazing accomplishments in the way of the formation, but the 33rd Heaven and Broad Cold Fantasy The formation is not an ordinary formation, this is the Holy Master-level force Guanghan Mansion

Although he would not deliberately attack Qin Chen's palace formation, he broke into it with Qin Chen's current cultivation base, and died nine deaths.

But Qin Chen didn't change his color steadily. The essence of the illusion is will. He believes that with his will, he will be able to overcome everything, and he must see Juyue this time.

"call!"

Palace Master Guanghan stood up and looked at Qin Chen's eyes. There was no hesitation in Qin Chen's eyes. She nodded and said, "Very good."

call!

Palace Master Guanghan waved his hand, and suddenly, Qin Chen had a flower in front of him. He had already arrived in front of a magnificent building. After that building, there was a misty space with all kinds of gorgeousness blooming inside. At this moment, before the mist, there was a square. From the mist, there was a strong holy atmosphere of heaven and earth. On the square, a group of disciples from Guanghan Mansion sat cross-legged, cultivating there, and, There is a deity

The overlord is explaining and pointing everyone.

Suddenly, there was a flower in front of everyone, and three figures suddenly appeared in the entire square.

"Master Palace!"

All the disciples on the field suddenly stood up and saluted respectfully.

At the same time, everyone's eyes fell on the Lord Yaoguang and Qin Chen, and they couldn't help but be surprised secretly. Everyone clearly perceives the movement caused by the Lord of Light, and naturally knows that the person in front of him is the minister of the work of Guanghan Futian. Like the Lord of the Palace, he is the strongest of the Lord, and the young man next to him, it should just work

The top tianjiao, or the descendant of the minister of tianjiao.

But what are they doing in Guanghan Square?

Later that day, the overlord of the Late Saint Stage greeted him immediately: "I don't know what the Lord Palace Lord has to order."

"Xuyong, you go to open the Guanghan phantom array and let this child in." Palace Master Guanghan said lightly.

Open the Guanghan Magic Array? All the disciples present were shocked. The depths of the 33rd Heavenly Guanghan Illusory Formation is the forbidden area for the core of Palace Lord Guanghan. There are many precious places in it, and even the only holy vein of the Holy Lord in Guanghan Palace. Buried in this vast cold fantasy array

In the ground, in general, except for the lord of the palace, only the saints of Guanghan Palace are qualified to enter it and receive inheritance training. Why should the disciples who work this day enter it?

Could it be that Tian Zhuo and Guanghan Mansion reached an agreement to allow Tian Zhuo people to enter the Yaochi Holy Land and other secret realms for inheritance?

Many disciples guessed.

"Yes."

The old man stepped forward and initiated the restraint. Suddenly, an entrance appeared in the fog in front of him.

"Don't you want to see your confidante? She is practicing in the sacred land of Yaochi. As long as you go in, you can see her, but no one will guide you. It depends on whether you have this ability." Palace Master Guanghan said lightly.

As soon as her voice fell, the whole Guanghan Palace was boiling, and many disciples in the square looked at Qin Chen in shock. They were all delicate women, their eyes widened in shock.

It turned out that this son was not here to accept the inheritance, but to meet the closed disciple of the Lord Palace Master in the Jade Lake Holy Land, who wanted to break through the vast cold fantasy array of the 33rd Heaven. Suddenly, all the disciples couldn't help but talk about the shock in Nai's heart.

#### [Chapter 2875: One in ten thousand](#)

"You still have the last chance now, there is still time to step back."

Before the Thirty-three Heavenly Great Guanghan phantom array, Palace Master Guanghan said lightly.

Qin Chen didn't answer, only firm footsteps responded to her. Qin Chen stepped out one step at a time, hum, the whole person had entered the mist and disappeared.

"You have the courage, but a pity, if you want to pass the 33rd Heaven illusion safely, you can't be courageous."

Palace Master Guanghan said coldly, and then turned to look at Na Xuyong: "Xuyong, if Qin Chen died in the illusion, he will bring his body out. If he is not dead, no matter what happens inside, You don't have to worry about it."

"Yes, Lord Palace Master." Xu Yong said respectfully. In front of his eyes, a spiritual curtain suddenly appeared. What was displayed on the spiritual curtain was the map of the entire 33rd Heavenly Frost Illusion Array. Above, there is still a light spot, this light spot represents Qin Chen's life

Breath of life.

This is the monitoring spiritual curtain of the 33rd Heavenly Guanghan illusion.

As long as the light is off, it means that Qin Chen's life has disappeared. Xu Yong can go to the place where the light has disappeared to bring Qin Chen's body out, and as long as the light is always there, no matter what Qin Chen does or where he goes. He can't control any place.

After instructing all this, Palace Master Guanghan took the Holy Master of Yaoguang and returned to that palace.

"Holy Master Yaoguang, are you so relieved of your disciple who worked that day?" On the throne of the main hall, Palace Master Guanghan regained indifference and said lightly.

Holy Master Yaoguang smiled slightly: "You may not know his deeds, so you think it is impossible for him to find your disciple in the thirty-third layer of the broad cold illusion, but I have quite confidence in him."

"Oh?"

The Lord Guanghan Palace's eyes condensed.

Holy Master Yaoguang knows the terrifying aspect of the Thirty-Three Heavens Guanghan illusion, so he is so confident? "Maybe you don't know Qin Chen's record, that's all, I came this time mainly for this trial of the heavens, and this Qin Chen is a trump card of my daily work, since I want to cooperate, I will not Hidden and tucked, here, repair

For the extraordinary, as soon as he entered my day job, he defeated the Qidi passer Xiang Invincible of my day job refining division. He has unlimited potential and is expected to become a holy master in the future. "

"What? He defeated Xiang Invincible?" Palace Master Guanghan flickered, "If this palace is correct, this son should be the cultivation base of the initial peak of the Heavenly Sage? That invincible has already been the peak of the mid-term Heavenly Sage. The cultivation base is the new force among the experienced personnel under your jurisdiction.

, Will be defeated by him? "

"Replace it like a fake, otherwise why do I value him so much?" Holy Master Yaoguang nodded and smiled. "No." Palace Master Guanghan shook his head: "Even if this son is amazingly talented, can defeat Xiang Wudi, and possesses the aptitude against the sky, it is not enough for your Lord of the Light to intercede on his behalf. He is also a lawless character at the Tiangong headquarters. There have been many major incidents, and he was even demoted to my Guanghan Mansion because he abolished the grandson of a peak holy tycoon with his hands. You will care about one. The qualifications of the disciple of the heavenly work?

Now he is only a small person, and the probability of becoming a Holy Lord is less than one in ten thousand. There must be other reasons. "

This is indeed a cruel and realistic thing.

It is too difficult to become the Holy Lord.

Don't look at Qin Chen's talents and skill, but in the eyes of their top powerhouses, the probability of becoming a Holy Lord is still only one in ten thousand. Think about it, in the entire Guanghan Mansion, the strong are like clouds, and there are many arrogances. Among the major forces, every hundred years, millennia, there will be a figure against the sky, tens of thousands of years, how many geniuses? This is definitely the number of gravel in the Ganges, countless number.

But among the many arrogances, in countless years, there are very few who can eventually become the Holy Lord, and it is only a handful, which shows the power of the Holy Lord.

A holy lord can rule a mansion, an infinite territory, and have been in control for countless years, because it is too difficult, especially when confronting the demons today, any holy lord is a precious treasure in the human race.

Therefore, Palace Master Guanghan didn't believe that the Holy Master of Yaoguang was so concerned about Qin Chen because of his talent. "Palace Master Guanghan is indeed the Master of Guanghan Palace." Holy Master Yaoguang laughed: "If you just let it go, it is true that with the strength that Qin Chen has shown right now, there is only one in ten thousand probability of becoming Holy Lord, but if you

In addition, he broke into the ninth floor of the ancient holy tower, what about the tenth layer of the twelfth layer of the holy formation? "The ninth floor of the ancient holy tower?" "Guanghan Palace Master's gaze condensed, "If I remember correctly, the ancient holy pagoda that you worked for is the most terrifying treasure of the top Tianjiao. It is rumored that as long as the Tianjiao breaks into the ninth floor of the ancient holy tower, there are About one percent

Rate to become the Holy Lord? "

One percent, this is already a sky-defying number. One out of a hundred is born, even the saint child in a big mansion would not dare to make this package. "Yes, in the history of my work, any Tianjiao who can break into the ninth floor of the ancient holy tower has a one-percent chance of becoming a holy lord. Unfortunately, Qin Chen did not pass the ninth floor assessment, otherwise , The probability of becoming a holy master will increase the number

Ten times, as long as they don't fall, there is almost a 50% chance that they will become a holy lord. At that time, the headquarters must pay attention, and even the demons will send people to assassinate when they get news. "

Holy Master Yaoguang shook his head. He is now being demoted to Guanghan Mansion. Only by making great achievements can he be transferred back to the headquarters, and the so-called making great achievements includes cultivating a Holy Lord.

It is a pity that Qin Chen did not successfully pass the ninth floor, otherwise, he had already made most of the credit, and the headquarter executives would definitely pay attention.

Suddenly, Holy Master Yaoguang seemed to be keenly catching something, and his brows showed suspiciousness. Could it be that the headquarters is paying attention to Qin Chen because he broke into the ninth floor of the ancient holy tower? But this is not right. The ninth floor of the ancient sacred tower alone should not be enough to attract the attention of the high-level headquarters. Although this probability is rare, there have been some Tianjiao who broke into the ninth floor for countless years. Never heard of headquarters

Will be so concerned. "It's no wonder that you value him so much, but Xiang Wudi, your daily work, is also the top saint son. Even if it is placed among the many saint sons of my Guanghan Palace, it will also rank in the forefront, even if Qin Chen broke into the ancient holy tower. Nine floors, it's also difficult to

The enemy is defeated? "Palace Master Guanghan frowned again. "If Qin Chen practiced step by step, he would indeed not be able to do it, but before he joined my day job, he had entered the realm of the dead, broke into the deserted ancient ruins, and obtained the ancient clan inheritance and achievement of an ancient body. "

### [Chapter 2876: Illusion](#)

The Holy Lord of Yaoguang smiled and said: "Those who can bear the baptism of the ancient aura have extraordinary determination." "No wonder you didn't stop him." Palace Master Guanghan sneered: "However, I want to be with me. Surviving in the Thirty-Three Heavens and Guanghan illusion is not that simple. Even if I deliberately urged, it is enough to obliterate the overlord of the late Heavenly Sage.

It depends on the so-called abilities you said that you can resist the erosion of my illusion. It is impossible for me to release the water. "

"And if I'm not mistaken, you are willing to stand up for Qin Chen, there should be other reasons besides that you value Qin Chen."

The light of wisdom flashed in the eyes of the Lord Guanghan Palace.

"Indeed, I value this Qin Chen, naturally not only because he defeated Xiang Wudi, but also for other reasons, but this is the secret of my daily work, so I can't tell you."

The headquarter executives are paying attention to Qin Chen's affairs. Naturally, the Lord of Light and the Lord of Guanghan Palace Daoming. He shook his head and said: "Unexpectedly, you are still as unfeeling as always. The last time I experienced the heavens, my saint son fell a lot. You Guanghan Mansion should have suffered a heavy loss. This time, you and I must join hands. Otherwise I am afraid

Repeat the same mistakes, and Qin Chen can be regarded as a new force. Are you willing to die here? "

"It's not that I think he died here, but he asked for this road, and everything depends on his own destiny." Palace Master Guanghan said coldly.

At this time, Qin Chen had already entered the 33rd Heavenly Realm.

Hum!

Originally, the thirty-third layer of the Guanghan phantom array was the most central forbidden area in the entire Guanghan Palace. It was a paradise-like place, with palaces and courtyards everywhere, beautiful and magnificent.

But as soon as Qin Chen entered, an infinite ocean appeared in front of him. The vast ocean roared, setting off huge waves of thousands of meters, and pouring toward Qin Chen like a vast ocean.

boom!

At this moment, Qin Chen seemed to be in the vast ocean of the universe. The huge wave was not a simple ocean wave, but a vast spiritual wave, enough to kill any top powerhouse.

Standing in this void, Qin Chen looked at the vast waves that swept in front of him, and smallness emerged from the depths of his heart.

"Is this the Thirty-Three Heavenly Guanghan phantom array? It is really powerful, and even my soul power is affected..."

Qin Chen could clearly feel the huge wave in front of him, and it was lifelike. If other middle-level Heavenly Sage warriors came here, the soul would have been completely submerged in this world in an instant, pointing straight to being obliterated by the terrifying illusion.

But Qin Chen felt the flow of this huge wave in an instant, and understood that this was an illusion in motion. "The formation, as long as it is the formation, there is no fear. The general illusion formation is to influence the soul of the warrior, let the warrior sink into the formation, and then become demonized, or cause the holy yuan to boil, etc. , To obliterate the warrior,

But as long as the will is firm and vain, there is nothing to be afraid of. "

Qin Chenyao looked at the huge waves in front of him, did not display his knowledge of formation, but only had a firm gaze, a heart like a knife, a will like a sword, and a fearless heart.

"If you are sincere, you can break all falsehoods!"

"If the heart is strong, you can cut off all obstacles!"

Qin Chen's eyes were cold, and then with a bang, he went up against the huge wave. With Qin Chen's current soul power, he has already reached the point of being sincere, and he can maintain absolute calm at all times. The key is that he who has practiced the heavenly soul forbidden technique has strong soul power and can even form a soul cage and imprison same level

Warrior.

After all, Qin Chen has just entered the 33rd Heaven and Broad Cold Illusion Array, and what he encounters is only the outermost first illusion. If even this first illusion Qin Chen cannot be broken, how can he get there? Nowadays.

Boom!

Qin Chen's figure was like electricity, and the huge wave pierced in an instant. Suddenly, the infinite wave disappeared in an instant, and what appeared before Qin Chen was a magnificent forbidden area. The mist was surging, and there was a little shadow of the huge wave. ?

A strong sacred aura of heaven and earth surging between heaven and earth, this turned out to be the breath of the ancient holy veins of the Saint Master level, which made people intoxicated, and there was an urge to stay here for cultivation.

"Haha, this is the second level of illusion? It's nothing remarkable." Qin Chen didn't care at all, his eyes were as hard as iron, and he didn't care about the aura of the Saint Master Grade ancient holy vein surging around him, and continued to move forward. The strong sacred aura of heaven and earth all around disappeared suddenly, but it turned into a cave like Qin Chen Qingtianfeng

Medium degree. Qin Chen sneered. Although the 33rd Heavenly Broad Cold illusion covered the forbidden area in the Guanghan Palace, and the underground possessed the Saint-Master-class ancient sacred veins, how could this ancient sacred vein just dissipate like this. Power, any entry is prohibited

People in the earth absorb.

The Saint Master level ancient Saint Veins is too cherished, and Palace Master Guanghan could not be so generous.

In addition, Qin Chen knew too much about the aura of the Saint Master-level ancient sacred veins, and instantly saw that this was still an illusion. Of course, this is also Qin Chen. If he were replaced by another Heavenly Sage mid-level peak warrior, he would have been immersed in this illusion long ago, unable to extricate himself, and practiced frantically, until he fell into a demon and died suddenly, because no warrior could resist it. Holy Master

The temptation of the ancient holy veins.

After passing through the second level of illusion, Qin Chen felt the faint sacred aura of the Heavenly Sage High-Rank around him, nodded slightly, this was almost the same, the forbidden area of Guanghan Mansion was stronger than his own High Sky Peak Dong Mansion holy aura. This is normal.

Unfortunately, this is still an illusion!

Qin Chen smiled slightly and continued to move forward. He was indifferent to any aura and scenes around him. His soul power was too strong. Moreover, with the technique of patching the sky, he could see through all the falsehoods, and naturally knew what was true and what was false.

However, this is only the second level. After that, the 33rd Heavenly Fantasy Realm will become more and more terrifying.

How can this illusion of formation that guard the most central forbidden area of Guanghan Palace be simple?

As Qin Chen continued to enter, many spiritual medicine gardens and so on appeared in front of Qin Chen, but they were all ignored by Qin Chen. At this moment, Qin Chen saw a cliff. On the cliff, aura was engulfed, and the phoenix was auspicious. A woman stood on the cliff, slender and slender, surrounded by sword light, feeling Qin Chen approaching, she opened slightly. I opened my eyes just like month.

"Little dust!" the woman said in surprise, tears streaming down all of a sudden, her body froze, she was extremely excited, and she was about to pounce at the next moment.

#### [Chapter 2877: Saint area](#)

"Does this illusion want to affect me? Break it for me!"

Qin Chen yelled coldly, his consciousness thundering, and with a thundering sound, the flying like moon suddenly disappeared, presenting the original scene. It is indeed a mountain with many trees and flowers, quiet and beautiful, the only thing that is not is like moon. .

Qin Chen sighed. The scene in front of him looked real and seemed to be out of the illusion, but in fact, Qin Chen keenly felt that the scene in front of him was still in the illusion.

This caused Qin Chen to frown slightly. The 33rd Heavenly Fantasy Realm is really too strong, and the illusion is full of illusions. You never know, after you see through the illusion, whether it is the real Guanghan Palace forbidden area or it is still here. In the illusion.

True and false, false and true! This is also the reason why the illusion of the 33rd Heaven and the cold can cause some overlord masters to sink. You think you have broken an illusion, but in fact, you are just entering a new illusion, even you Break the first fantasy

The feeling of the realm was actually deliberately produced by the 33rd Heaven and Guanghan Illusion Realm.

"The heavens and the earth move, the universe is boundless, the art of origin has a long history, and I am for time, forever!"

Qin Chen whispered and said, in his mind, the technique of origin came out, rumbling, representing the origin of all things, so that Qin Chen could see through all the falsehood and see the most real scene.

The most terrifying thing is Qin Chen's time rules. No matter how the world changes, only time is eternal.

Under Qin Chen's time rules, it is impossible for any illusion to completely trap him, unless even time can change.

broken! broken! broken!

Qin Chen operates the Heaven Soul Forbidden Technique, time rules, the real self is one, the world changes, only the real self does not change.

He kept moving forward, breaking through numerous obstacles of illusion.

On the square outside the Guanghan Illusion of the 33rd Heaven, Xu Yong and many of the Guanghan Palace disciples looked at the light spots on the spiritual curtain that continued to penetrate into the forbidden area, and they all revealed a shocking light.

"The tenth level of illusion, then Qin Chen has already entered one-third of the forbidden area so quickly, and entered the position of the tenth level of illusion."

"How is it possible? The Thirty-Three Heavenly Fantasy Realm is infinitely powerful and contains illusions. As far as I know, even some late Heavenly Sage overlords can't bear it. Qin Chen is not affected at all?"

"Tianjiao Tianjiao is really so terrible? Is his will really so strong?"

Many disciples were shocked, covering their mouths, flashing in their beautiful eyes.

A hint of surprise flashed in the eyes of the old man Xuyong. "It's not impossible for this child to break through the ten-fold illusion. After all, it is the arrogant God brought by the Holy Master of Light of Heaven. It is impossible for the master of the palace to kill him directly. Will deliberately target him, but even so,

The speed of this child is also exaggerated. "Xuyong's eyes flickered: "Now, it's up to you to see where this child can go. If it is the closed disciple of the Lord Lord, he is now in the Yaochi Holy Land in the core area of the forbidden area. I have never entered, only

Only the top saint in the palace can hope to enter, and it is already in the deepest part of the illusion. Not to mention that kid, even if the overlord of the peak of the late Heavenly Sage goes into it, it will not succeed. "So, he will definitely fail. Now it's up to him whether he can successfully retreat before he fails. Among them, the eleventh illusion is a critical point. The eleventh layer is a completely different weight level. The first eleventh layer is okay. The heaven-defying powerhouses at the peak of the mid-day sage are still expected to survive. At the twelfth day, unless the overlord powerhouses of the late-day sage, low There is no doubt that Yu Tiansheng's late powerhouse must die. In the last eleven illusions, even

The overlord of the peak of the late Heavenly Sage will also fall. "

Xuyong governed this square of heaven and earth, and he naturally knew the terrible illusion of the 33rd Heaven and Broad Cold Array, so it was speculated that Qin Chen could break into the eleventh illusion at most, surpassing the eleventh illusion, and he would definitely die.

And just when the spirit was surging in his heart.

"Passed through the eleventh stage of illusion?" Xu Yong passed a trace of scenery in his eyes and shouted, and he suddenly stood up: "This child has passed the eleventh stage and entered the twelfth stage."

"It's over!"

His face turned pale suddenly, and couldn't help shaking his head. This boy was still too naive, and he actually broke into the twelfth illusion. It seemed that he was bound to die.

"Now even if he wants to retreat, it is too late to retreat. The twelve-fold illusion, even the late Heavenly Sage overlord will sink into it. How can this little saint child survive?" Xu Yong is already worried now, Qin Chen If you really fall into this thirty-third layer of illusion, there will be a gap between the Lord of the Light and the Lord of the Palace. It will be the experience of this time of the heavens. The last time the Guanghan Mansion and the heaven work

The loss was heavy, and Holy Master Yaoguang came this time obviously to unite Lord Palace Master.

But with such a thing, this time the union seems hopeless.

When Xu Yong sighed, his eyes suddenly rounded.

"Ten...Thirteen layers, this kid has even passed through the twelve layers of illusion?"

Above the spirit curtain, after Qin Chen entered the twelfth-fold illusion, he only paused for a while, the light spot did not disappear, but continued to advance, and soon he entered the area of the thirteenth illusion.

This kid didn't even die in the twelfth illusion?

how can that be!

Xuyong's eyes were almost bursting, his expression unbelievable. In the forbidden area of Guanghan Mansion, the thirty-third layer of illusion is the boundary. The first eleven layers of illusion are the periphery of the forbidden area, and the middle eleven layers of illusion are already the core area. There are various buildings, treasures, And the top saints of Guanghan

A place of practice.

This is already the most critical place. Therefore, the magical array is so strong and terrifying, at least, the overlord of the late Heavenly Sage may not be able to survive.

But now, Qin Chen's all-time-worked saint has actually done it, successfully broke into this area, and is still making progress!

Is this the hell? In the thirteenth illusion, Qin Chen is frowning here at this moment. In front of him are mountain peaks. Above these peaks, there are many caves and palaces. His whole person is as straight as a javelin. In his mind, Rumbling roar no

Suddenly, a terrifying force of illusion constantly impacted his mind. Since entering this twelfth stage of illusion, Qin Chen can no longer simply use his will to resist the power of this terrible illusion. After all, this is an area that even the late Heavenly Sage overlord can obliterate. Although Qin Chen's soul power is strong, But it's quite

Overlord level in the late stage of Tiansheng. Therefore, here, Qin Chen finally showed his abilities.

### [Chapter 2878: Twelve levels of fantasy](#)

In his body, Dao Dao array of light lingered out, this is Qin Chen's understanding of the formation method, to crack the 33rd Heavenly Guanghan illusion array. Although the Thirty-Three Heavens Guanghan phantom formation is terrifying, it is a holy master-level phantom formation, but as long as it

is a formation, there will definitely be flaws and loopholes. Many masters cannot persist here because of this formation. There is no flaw, but because

Their cultivation base and attainments can't find the flaws.

But Qin Chen is different.

The sky-filling hammer in his body exudes misty fluctuations, re-engraved with the twelve heavens of the holy formation, and the sky-filling hammer is the most powerful refining weapon in the ancient sky-filling palace, containing the sky-filling technique.

Heaven and earth can be repaired by the Sky-Mending Hammer, not to mention the 33rd Heavenly Guanghan illusion.

In front of Qin Chen's eyes, these illusions became clear, the heavenly soul forbidden technique was operating, and a series of mysterious formations could be seen lingering between the heaven and the earth. Other warriors broke into this place and saw the boundless illusion, but when Qin Chen used the formation cultivation base to feel it with all his strength, what he saw was a series of vast formations, these formations were extremely complex and vast. Each path is comparable to a heavenly saint

The large array, and countless array patterns, formed this 33rd Heavenly Guanghan phantom array.

"It's such a powerful formation, it's no wonder that even the holy master can be trapped when the 33rd Heaven and Broad Cold phantom formation is mobilized to the extreme. This formation contains the supreme truth of the heavens and is almost invulnerable." Qin Chen was shocked. It was the first time that he had seen the Holy Master Formation in the heavens. However, this was not the first time he saw the Holy Master Formation. Although the 33rd Heaven and Broad Cold Fantasy Formation was powerful, it was for Qin Chen. , Only the second he has seen

Big formation.

The first big formation was the forbidden formation where the Lord of Abyss Demon was trapped by the Thunder Sea. The extent of that vastness made Qin Chen feel shocked when he recalled now.

What Qin Chen felt in the Thunder Sea was only the periphery of the seal formation. The real inside, Qin Chen had a feeling, even if he entered now, he might not be able to figure it out.

Rumble!

After the twelfth heaven, a terrifying force swept over. In addition to the terrifying illusion, there was also a powerful coercion swept over.

"Boom!" Qin Chen felt as if a mountain was smashing his consciousness fiercely. This was purely a contest of the strength of consciousness. Feel dizzy and dizzy, and dizzy

Falling into the illusion in the mud, and then trapped by the endless illusion.

The first eleventh illusion is just the difficulty of the illusion, but after the eleventh illusion, there is also the coercive and oppressive power of the terrible illusion, which is a double blow to the warrior. . It's like, when some people are sober-minded, they can continue to meditate and firmly tell themselves

what they can and can't do, but when their consciousness is strongly damaged or hit, they will fall into confusion and be invaded by fantasy.

eclipse.

One reason.

After the twelve levels of illusion, what Qin Chen had to face was not only the terrible deceiving power of the illusion, but also this astonishing coercion and suppression.

"Boom!"

It was as if a mountain slammed into Qin Chen's mind, Qin Chen felt a roar in an instant, the sky was spinning, and the soul sea was shaken violently.

"My heart is one, forever, heaven soul forbidden technique, I am the Supreme!"

Qin Chen roared in his mind, the Heavenly Soul Forbidden Technique was used to the extreme, and then the somewhat chaotic consciousness that had been bombarded under the pressure of the terror consciousness instantly awoke.

Boom boom boom!

A heavy and terrifying coercion swept over and kept hitting Qin Chen's soul sea, but Qin Chen kept a little aura in his mind and urged the heavenly soul forbidden technique. Every time the soul sea was just blasted into chaos, Qin Chen could Condense in an instant.

Even the overlord of the late Heavenly Sage was unable to do something, but Qin Chen possessed the Heavenly Soul Forbidden Technique, causing his soul to be in an extremely powerful state at all times.

And when the soul sea was attacked, Qin Chen also urged the sky-repairing hammer to operate the sky-repairing technique, and began to spy on the 33rd Heaven and Broad Cold phantom array. With Qin Chen's current cultivation base and formation skills, it is impossible to break through the 33rd Heavenly Guanghan illusion, but Qin Chen doesn't need to. He only needs to find this illusion. Some of the laws, find the weak points, let

It's okay to not be completely confused by this illusion.

Combining Qin Chen's terrifying consciousness, the soul of the heavenly soul forbidden technique, it is close to the powerhouse of the peak overlord level of the late Heavenly Sage.

Such a strong soul strength, combined with Qin Chen's invincible will, coupled with his understanding of the battle Dao, made him as stable as Mount Tai even after the illusion after the 33rd and 12th layers.

"There is little dust, it's not good, our branch of Chendi Pavilion has been invaded."

As the scene changed, Qin Chen had illusions before his eyes. Ao Qingling, Qin Tingting, and Li Wanxue shouted anxiously. This illusion even directly intruded into Qin Chen's transaction and wanted to merge with Qin Chen's memory. .

"Hmph, break it for me!"

Qin Chen snorted coldly. He felt something was wrong for the first time and broke the illusion. Ao Qingling and others did not disappear, but looked at Qin Chen painfully, "Little dust, we hope you, we don't expect to be your woman, we only hope you can accompany us when we are alone We, less dust, want us?"

"In front of Qin Chen, Ao Qingling and the other three showed pitiful expressions. The three peerless beauties lightly faded the tulle on their bodies, revealing the graceful ketone body, and walked slowly towards Qin Chen, hoping that Qin Chen could ask for it. I missed them, with an expression that Ren Jun picked

.

The delicate expression, even the stone can melt, even the hard-hearted person will be unable to hold it in front of these three women.

A trace of mystery flashed in Qin Chen's eyes, but he came back to his senses in an instant.

His heart is as cold as a mirror, even if he is really immersed in the illusion, he can feel something wrong in an instant, and he wakes up immediately.

"Illusion is an illusion after all, and I, Qin Chen, is not a saint. How could there be such a woman who would fall in love with me when she saw me? It's ridiculous, give me a break!"

Qin Chen's soul power was condensed into a knife, and he slashed out against the illusion in front of him, but it only caused a slight tremor in the illusion world. This tremor caused Qin Chen to sneer, and his soul was like a knife.

Rumble!

The illusion in front of me broke open directly, there was no woman in front of me, and there were just mountains.

"Continue to the depths, Ruyue should not be here, Yaochi Holy Land, since it is the most forbidden place in Guanghan Palace, then it should still be in the depths." Qin Chen thought, what he didn't realize was that as he gradually deepened, Qin Chen's soul power and will are also increasing at an astonishing speed, but Qin Chen didn't care about these, but flew directly to the depths of many mountain caves.

#### [Chapter 2879: Encounter the saint](#)

"Seventeen illusions!"

"Eighteen illusions!"

"Nineteen-fold illusion!"

On the square, Xu Yong watched Qin Chen's continuous penetration, and his whole person was completely shocked.

"How did it, how did this kid do it?"

Xuyong was full of disbelief. At this level, even if he is a master master, he dare not say that he can bear it, because the position of the nineteenth layer of illusion has reached the depths of the cave where many saints live, and it is already Guanghan The top saints of the mansion are now.

Many disciples in the square were also stunned.

"This guy can really break into such a deep place, will he not meet the many saints of our Guanghan Mansion?"

"It is possible that when he breaks through the illusion array, he will inevitably pass through the caves of some top saints. When the time comes to resist the fluctuation of the illusion array, he will definitely be felt by these saints."

"What happened here has now been passed on, and many top saints should have also heard the news. Do you think you will have an impulse with Qin Chen?"

"If there is a conflict, it will be wonderful."

Many female disciples showed excitement, and they were all discussing.

Just as they expected, when Qin Chen was wandering in this illusion, in a mountain cave mansion where Qin Chen was, a woman wearing Lingluo opened her eyes, and she appeared as soon as she swayed. Outside of the cave, he saw Qin Chen fighting against the endless fantasy realm, and his eyes suddenly flashed with a strange luster.

"Man, how could a man appear in the forbidden area of Guanghan Mansion? Could it be that an outsider broke in?"

"No, if an outsider breaks in, it won't be so quiet, and the Lord Palace Master will not know who this person is? There is no prohibition for the Lord Palace Master to enter, and he would dare to break into the 33rd Heaven. Come to the illusion? Isn't this seeking a dead end?"

This woman's eyes flickered again and again, especially after she felt Qin Chen's breath, she was shocked and indescribable, because she unexpectedly discovered that Qin Chen's cultivation base was worse than her, and she was only a warrior at the peak of the early days of Heavenly Sage.

"Impossible, how can the warrior at the peak of Tiansheng's early stage break in here?"

She quickly delivered the message. After a while, she understood the ins and outs of the matter clearly, and then looked at Qin Chen in amazement: "This son, it turned out to be the two closed disciples who came to the Lord Palace Master, huh, Ben The saint just took a look."

Whoosh!

This woman's body turned into a subtle golden light, and suddenly melted into the void. She was actually a peerless giant at the peak of the mid-term Heavenly Sage. She quietly followed Qin Chen to see how Qin Chen resisted the fantasy formation.

Boom!

Qin Chen was surrounded by light runes. He walked in this phantom array, perceiving the surrounding breath, looking for the position of the moon.

"We don't have a place yet. The most urgent thing is to find the location of the Yaochi Holy Land. As long as you know the Yaochi Holy Land, you can perceive the location of Ruyue through the power of time."

Qin Chen's eyes flickered, staying in this emptiness, pondering carefully.

Blindly breaking in is not a good way. The key is to find Ru Yue.

"Unfortunately, I don't have a map here, but it's a bit troublesome. Go ahead, as long as you go to a place where the heaven and earth are more abundant, there will be no mistakes."

Qin Chen raised his head and was about to leave here, and suddenly frowned: "Girl, you should have come out too? You have been following me in the cave before, and now you have followed me for so long, do you really think I don't know? "

Before his words fell, a burst of radiance appeared, and a woman appeared in the sky. This woman, wearing a lilac phoenix robes and a red phoenix crown, has a concave and convex body, like a watery peach, full of temptation. Power.

The breath exuding from this woman is also extremely terrifying, even more terrifying than Murong Tian, she is actually a peerless giant at the peak of the mid-term Heavenly Sage.

"Girl?" As soon as the woman appeared, she glanced at Qin Chen: "You are the peak of the early days of Heavenly Sage, you call me a girl?"

"Oh? Don't call the girl, don't you call the senior?" Qin Chen shook his head, glanced at the woman, it was obvious that he was watching the fun.

"Not bad." The woman glanced at Qin Chen, her eyes twinkled with brilliance, and she laughed: "I have been practicing in retreat just now, preparing for this trial in the heavens. Who knows that you were at my cave just now. There was a huge commotion on the Internet, which woke me up from my cultivation, what do you say? I heard that you are a disciple of Heavenly Work? Here is the closed disciple of Lord Palace Master? Regarding cultivation, I am your senior. In terms of identity, I am a maiden. In front of me, you have to respect it. Otherwise, I won't let you see each other easily. You may not be able to resist the phantom array now, as long as I am by your side. Please interfere a little bit, you can't do anything."

The woman flickered, with a smile but a smile.

"Senior, you dare to threaten me, just because I can't find a place, I know something from you!"

Suddenly, Qin Chen stood up, with a bang, his body flashed, and he turned into countless lightning, and there were shadows of lightning everywhere in the sky, surrounding the woman.

"What's this?" The woman was taken aback, her whole body bursting into light.

But the next moment, boom! Qin Chen's fist strikes down, and the woman's glow is completely split, and the whole person swiftly flies backwards, a heavy space phantom is laid out in the body, forming a space defense.

It is the rules of space.

"Small bugs, classmates get an axe!"

Qin Chen sneered and displayed the space rules in front of him. This was simply playing with a subtotal, booming, Qin Chen reached out with his hand, and suddenly, the layers of space phantoms were torn apart, like layers of thin paper.

puff!

The figure of the woman hurried back, but was enveloped by the Qi released by Qin Chen, she was shocked, and she felt inevitable.

"Come here!"

Qin Chen's big hand was like a curtain of sky, shrouded the woman in it, coldly said: "Remember, don't call senior in front of me in the future. The last person who pretended to be in front of me was my heavenly job's invincible son Xiang Xiang. I took the treasure away and knelt on the ground for several hours, but it makes sense for you to say that you are a maiden. It seems that you are a female generation. As long as you tell me the location of Yaochi Holy Land, I will let it go. you left."

Qin Chen reached out with a big hand, and the void immediately solidified. The woman was trapped in the space cage, unable to move, and felt bound.

"you....."

Her face was blood-red with anger, she changed her color repeatedly, and the horrible mid-term peak power of Heavenly Sage surged in her body, trying to break through the shackles of Qin Chen.

But it's useless, Qin Chen's power is like a mountain that cannot be moved, no matter how she bombards it, it won't move.

[Chapter 2880: You... let me go](#)

"You... let me go!"

This woman had an ugly face, and fear emerged in her heart. Qin Chen's strength made her feel terrified. You must know that this is in the forbidden area of Guanghan Palace. Qin Chen is still able to bear the impact of countless phantom formations. Shows such a terrifying strength.

How terrible would he be in his heyday.

"Let's talk, where is the Yaochi Holy Land? Don't even think about struggling to open it. The young master's space kingdom, under the overlord, no one can break open. As long as you tell me the location of the Yaochi Holy Land, this young master will let you go. How about leaving?" Qin Chen said lightly.

"Don't think about it..."

The woman's face flushed with anger, and she couldn't wait to chop Qin Chen alive.

"It seems that Ben needs some tricks."

Qin Chen's eyes flashed, just when he was about to take a shot to show the woman's color, suddenly another burst of cold air came with his voice in the air.

This cold air actually had the meaning of cold air on Palace Master Guanghan, which was more terrifying than any kind of cold air Qin Chen felt before.

Amid the boundless cold, a woman appeared suddenly. This woman was wearing sky blue clothes, like sea water, and the high bun on her head looked graceful and luxurious.

Her face is very graceful, like a high goddess, overlooking all beings, but her eyes are extremely cold, giving people a very uncomfortable feeling, which means that strangers should not enter.

Moreover, around her body, looming, countless ice auras condensed into ice phoenix shadows, burrowing in and out of the void, seemingly a kind of extremely cold way of cultivation, and it has void power.

The meaning of this woman is a bit like Qin Chen's feeling when he met Qianxue when he was in the Five Kingdoms. The Frost Woman, high above, is unmatched.

"Really? No one can break your space kingdom? It's a big tone."

An icy voice came from the woman's mouth. The next moment, the woman didn't know when she had come to the previous woman's side and pressed it with one hand.

"Nine Youxuanming Palm!"

Boom!

An invisible force of ice rushed into Qin Chen's space constraints. Suddenly, the sound of space cracking sounded, Qin Chen's space constraints actually cracked, and the next moment, there was a bang, Qin Chen's space The strength shattered and rescued the woman who had been restrained before. He immediately panted and came to this noble woman like a goddess in surprise.

"Thank you, Senior Sister Wei, for your help. Senior Sister, you can teach this apprentice a lesson. The forbidden area of our Guanghan Palace is still so arrogant. The woman who laid the foundation of our Guanghan Palace is simply bored."

The woman stomped her feet and said with her mouth pouting, staring at Qin Chen with gleaming eyes, very resentful and angry.

"It's amazing, it can break the shackles of my space. I am afraid that this woman's understanding of the rules of space is not much worse than mine."

Qin Chen narrowed his eyes. In fact, when the opponent made a move before, he could also make a move, but Qin Chen didn't do this, but let the opponent rescue the woman who was restrained by him.

Because of the breath of this new woman, Qin Chen could see that the cultivation level was extremely terrifying, and he felt that he was even more terrifying than Xiang Wudi. Xiang Wudi was a strong man who had half-footed into the late Heavenly Sage, and this woman, There is already a hint of the overlord of the late Heavenly Sage on his body.

Of course, she hasn't really entered the late stage of Heavenly Sage, but she is only one step away, just a step away, and even in her body, the power of the late stage of Heavenly Sage has begun to condense.

In this world, there are indeed many Tianjiaos. There are so many Tianjiaos in only Guanghan Mansion, which is more than ten thousand times more than Yunzhou. What about the entire heaven?

What shocked Qin Chen in particular was the physique of this woman, a pure yin body, containing the extremely cold avenues of heaven and earth. This physique was recorded in the Heavenly Work Treasure Temple, which is a legend. "Cold Ice Jade Body".

This is a kind of eucharistic body, just like Qianxue's ice and snow \*\*\*\* body.

However, this kind of physique has long been lost, and even today's celestial realm cannot be born. Only the celestial realm of ancient times has it. From this point of view, this woman should be a descendant of an ancient celestial family with a mutated bloodline, otherwise it would be impossible. This physique was born.

This physique has almost disappeared from the record.

"This woman should be the top saint in Guanghan Palace."

Qin Chen's gaze flickered. This kind of physique was terrifying, and he was born like a natural evildoer. He was born and was very compatible with the Yin attribute and the ice attribute, and he was a natural arrogant.

The true pride of heaven.

"Your Excellency, is this Senior Sister of Guanghan Palace?"

Qin Chen's eyes flashed, put his hands away, and said lightly.

"Exactly, you are the Qin Chen?"

This woman, known as Senior Sister Wei, quietly looked at Qin Chen, and when she fell, her whole body was cold and her body was like a flawless beautiful jade.

"Senior Sister, talk nonsense with him, give him some color and see."

The woman pouted before.

"you shut up."

Wei Siqing glanced at the woman coldly, and said coldly: "It's going to be Celestial Experience right away. You don't want to practice in retreat, and run out to cause trouble. Fortunately, it is in Guanghan Mansion. If you are in the trial place of Celestial World, you are so reckless. I don't know how many times I've already died, think about it, if this Qin Chen is the arrogant of other forces in the celestial experience, what will happen to you?"

Her tone was cold, causing the woman before her to shiver suddenly.

"Isn't this the celestial experience hasn't started yet?" she muttered.

"Do you dare to talk back?" Wei Siqing's eyes were cold.

"Okay, okay, senior sister, I don't dare anymore, can't I be wrong if I am wrong." The woman said aggrieved, and then her eyes brightened again: "Senior sister, this Qin Chen is said to have come to the retreat disciple of Lord Palace Master. , I can't think of the retreat of the Lord Palace Master, there is such a good friend outside, huh, such a disorder, and she dare to take the position of the first saint with you, it is too shameless."

"You still said."

Wei Siqing's face sank, and the woman stopped talking immediately.

"Qin Chen, I've heard about you too, it's really extraordinary, even in the 33rd Heaven and Guanghan illusion of Guanghan Palace, you can walk flat on the ground." Wei Siqing said lightly, looking at Qin Chen. , There was a light flashing deep in his eyes.

She saw Qin Chen walking on the ground in the vast cold illusion of the 33rd Heaven, and she couldn't help but secretly startled.

She could see that Qin Chen was able to walk freely here. It was not like them, who had the forbidden method imposed by the Lord of the Palace, but through a special technique to resist the erosion of the fantasy formation, and even Wei Siqing followed The opponent also felt the power of a rune formation.
