[Chapter 2881: Wei Siqing](#)

"I heard that when you were working in Tian, you showed great power and defeated Murongtian of the Martial Arts Department, Shengzi Fu Zixi, and even Xiang Wudi, Shengzi of the Refining Division, knelt down. Invincible, even in my Guanghan Mansion, is a first-class

Tianjiao is indeed a hero, a rare sight in thousands of years. "It's okay?" Although that invincible is strong, it is still a lot worse than the girl. Qin Chen said lightly: "But I'm rare to see me in a thousand years?" Heavenly work exists in Guanghan Mansion. It should have a history of tens of thousands of years.

There is a Tianjiao like Ben Shao, so there are at least dozens of Tianjiao Tianjiao like Ben Shao, why didn't Ben Shao see it? "

"You are really cheeky."

Wei Siqing glanced at Qin Chen speechlessly, she just casually praised that Qin Chen actually took it seriously. "Yes, who do you think you are and how powerful you are. There are more than dozens and thousands of people in Guanghan Mansion like you. You are just an ordinary person. Don't think of yourself there. It's amazing." And the woman endures

Can't help humming.

"Oh? There are thousands of people like this, so don't you have countless women like you." Qin Chen didn't argue, just smiled faintly.

"you....."

The woman was so angry that she was going crazy, she only felt that Qin Chen was extremely hateful. "Okay, stop arguing." Wei Siqing looked at Qin Chen: "I am not interested in your ranking. Since you are here, since you are here to find the newly recruited disciple of Lord Palace Master, then continue. I've found it, I don't want to see you again

Start with the disciples of my Guanghan Palace. Although your strength is very strong, it is not the top in my Guanghan Palace. You will be defeated at that time and lost the opportunity. It is you who regretted.

"

"Really? I'm not the top? So who is the top? Are you?" Qin Chen smiled. He hadn't shown his true strength before, but he was underestimated, and he couldn't help but look at Wei Si deeply. Qing, a meaningful way.

"Of course, Wei Siqing is the great sister of our Guanghan Palace. Otherwise, how can you break your shackles? It is easy for Senior Sister Wei Siqing to defeat you."

Wei Siqing did not speak, but the other woman yelled.

"Me? I don't dare to claim to be top, but if I really want to do it, it's no weaker than any Tianjiao in Guanghan Mansion." Wei Siqing said lightly, with a kind of understatement.

Although she looks very plain, her tone is very proud, not weaker than any Tianjiao, which obviously shows that she is the strongest and no one can match.

"Oh? Then I have to see and see, you are not weaker than any Tianjiao, how strong you are!" Suddenly, Qin Chen stretched out his hand and grabbed Wei Siqing's wrist.

Suddenly, Qin Chen attacked Wei Siqing, the unfathomable master sister of Guanghan Palace.

Although Qin Chen allowed her to save the woman, it didn't mean that he could let them go. To know the location of Ruyue, he had to find a breakthrough from the two women. What a vision he has long seen, this grand sister Wei Siqing of Guanghan Palace is very difficult, I am afraid that it belongs to the top giant, the strength is extremely strong, most of his feet have entered the late stage of Heavenly Sage, and even really fight. , Can be with the high of the late Tiansheng

Hand tricks.

But Qin Chen was not afraid at all. What about the late Heavenly Sage? It's not that he hasn't played against each other, just to try the other's fineness, the position of Ru Yue, this woman absolutely knows.

Hum!

Qin Chen's lightly grasped, it seemed very plain, there was no holy yuan fluctuation, naturally, but it was like an antelope hanging horns, no trace, full of a kind of heavenly taste.

He implied the techniques of patching the sky, the art of origin, and all kinds of anti-sky methods, all merged together, suddenly, making people unavoidable.

It looks simple, but it is actually the fusion of Qin Chen's martial arts, and it is amazingly powerful.

"Ok?"

Sister Wei Siqing did not expect that Qin Chen would suddenly attack her.

That grasping, squeezing her wrist, actually made her feel that she could not dodge at all. It seemed that every change in her body was calculated by the other party, and any power was controlled and resolved by the other party.

This move is almost impossible to resist. It must be grasped 100% by the wrist. "It's so powerful, I underestimated him! He actually hides a lot of strength. No wonder the Heaven-defying Saint Child Xiang Invincible who can suppress the work of heaven, but he is a rookie, a warrior who has never broken through in the middle of Heavenly Saint. , How could it be as

This tyrannical strength? Could it be that the cultivation base is hidden? Only this is possible, otherwise it is impossible to explain. "

Between the sparks and the fire, Big Sister Wei Siqing finally showed her tyrannical strength, enchanting wisdom and reaction.

boom!

Her wrist flicked, and circles of cold air radiated out, unexpectedly forming a series of cold ice yin dragons, each cold ice yin dragon exuded the power of yin, and the void was frozen.

"Ice Chilong, Xuan Ming freezes!"

These Frost Dragons defended layer by layer, and they froze Qin Chen's claw in it, preventing him from grabbing. "Sure enough." Qin Chen laughed, banging, and saw the terrifying flames burst out in his palms. The astonishing flame power was like a volcanic eruption, bursting out, suddenly shattering the endless ice. Again towards

Came here with Wei Siqing.

Sister Wei Siqing's heart sank, and her face was shocked again, her eyes flashed with anger, her palms turned over, and her fingertips' killing intent was highly concentrated.

Boom!

Qin Chen immediately felt that the heavens and the earth seemed to be beginning to collapse and collapse, as if the heavens were greatly shattered, and they were about to condense into a small point, all condensed towards Wei Siqing's fingertips.

Among his spiritual thoughts, Wei Siqing's whole person has completely disappeared, and the only thing left is the Qianqian Jade Finger, which is the one that destroys the world.

Wei Siqing's thoughts rippled in the cold void: "Qin Chen, you are too arrogant, you don't know what to do! Force me to perform this icy blow. No man can desecrate my body."

That one is called "Ice Falling into Myriad Realms". According to rumors, once it is displayed, it can fall into thousands of worlds, so that countless creatures can be charcoal, clean the heavens, and make the heavens clear. It is the top supreme great in ancient times. Can be created.

Icefall! "Sure enough!" Qin Chen showed a smile on his face and did not move at all. Facing this finger, he also pointed out that a heavenly sage source in his body suddenly collapsed, turned into absolute strength, and condensed into a small point. , An endless origin

smaller!

Origin supernatural power!

Qin Chen's supernatural powers.

This hit contained a lot of Qin Chen's understanding of the origin. The other party destroyed a world, and Qin Chen's magical power of origin can make the world re-originate and create an infinite world.

Boom! In the void, **** bumped together.

[Chapter 2882: Peacock flying southeast](#)

Boom!

The endless roar resounded, and when two terrifying forces collided, it was as if two singularities in the universe met and annihilated thousands of things.

The fingers of two people are divided by one touch. The heaven and the earth are still the original heaven and the earth, and the forbidden area is still forbidden, without the slightest fluctuation, but

Wei Siqing's body trembles obviously, and the pale color on his face appears, while Qin Chen's eyes are blurred, and he takes a step back gracefully, the clothes on his body no

The wind is automatic, hunting noises.

His body is still standing straight, like a banner, flying in the sky.

"what?"

The woman who was restrained by Qin Chen before was shocked, Qin Chen actually blocked the icy blow of Sister Wei Siqing?

"you!"

Wei Siqing's face returned to normal again, looking at Qin Chen as if seeing a ghost. This finger means that Qin Chen can truly fight her. All previous contempt has vanished.

"What kind of martial arts are you? You can actually withstand my ice fall!"

Her thoughts passed into Qin Chen's mind. "Nothing, it's just a magical power I created, how about it? You still think that I am not the top in Guanghan Mansion, just a rookie who works hard? I am not qualified to talk to you?" Qin Chen said It's a coincidence that the origin of magical powers

Wonderful, contains endless origin, and makes people feel the terrifying power and endless potential in the depths of his body.

"I misunderstood you, you are very strong. No wonder you are so self-confident. Also, as soon as you enter the day job, you can become the chief disciple, promote the saint son, and even defeat the people of Xiang Wudi, none of them are ordinary people."

Wei Siqing said faintly. It was just a fight, and she had already felt an equal footing with Qin Chen: "With your hand, it is enough to compete with Xiang Wudi. Of course, this is not your true strength!"

"Yes, this is not my true strength. No one can test my true strength yet, because no one is qualified to let me show it." Qin Chen said proudly, his eyes confident. "This person doesn't know that I came up from the lower realm. Heaven is easy to practice. You can get the best resources from birth. Many talented and intelligent people have the strength of Emperor Wu after they are born and are still in their early childhood. Some of them can transcend the sage and become the sage. Although it is difficult to cultivate and reach the sage, it is not difficult at all for these tianjiao born from the top sage power. But we are ordinary people who come out of the lower realm, and the weakest. step

Steps, from the physical body, to the profound meaning, in understanding the law, becoming a saint, how hard is each step? "So every Tianjiao that can fly up from the lower realm, as long as it has enough resources, as long as it has not been beaten and loses its fighting spirit, as long as it does not fall in the cruel celestial practice, it will definitely do something in the celestial realm, but or Big

Or just small. "Qin Chen's eyes flickered. That's why he was able to create the art of origin. He has been a human for two lives. What can't be seen through and what can't be seen through? Only when life and death are negligent can he realize the origin. Other people give him the same. Resources, the same opportunity, also

It is impossible to create the origin magic.

This is a unique magical power that belongs to Qin Chen himself. Moreover, Qin Chen also deeply knew the reason why he practiced so fast. Anyone who can ascend from the lower realm to the heavenly realm, after entering the heavenly realm, the speed of cultivation is very fast, not knowing how much faster than those born and raised in the heavenly realm.

Because who can walk up from the lower realm to ascend, who is not the one who has experienced thousands of calamities? Therefore, You Qianxue and Ji Ruyue are valued by Palace Master Guanghan, Qin Chen is not surprised, not to mention that Qianxue and Ruyue, even in the Tianwu Continent, are the top geniuses, and they have also obtained the inheritance of the ancient Heavenly Ji family. Main heir

"Really? No one is qualified to let you show your true strength? This is a bit big." Wei Siqing's expression changed again, because she felt that Qin Chen didn't seem to be bragging. If this is the case, how aggressive is the opponent? However, she chose not to believe this, because if she believed it, it was simply

Can't believe there are such people.

She was born in Guanghan Palace since she was a child and enjoys endless resources. Once she became the saint of Guanghan Palace, she is a master sister. She does not believe that there are better people in this world.

Before, although she played Frozen Fallen, this is not all her strength, she still has amazing trump cards.

"Since your strength is so powerful, then I wish you good luck." Wei Siqing moved away and was about to leave. "Wait, you should also know the purpose of my coming here. I am here to find my lover. Although Palace Master Guanghan agreed with me to come in, the 33rd Heaven and Guanghan phantom array cost me a lot. Energy, I'm afraid I want to find the sacred place of Yaochi, need

It takes a lot of energy. Since your Excellency is the great sister of the Guanghan Palace, please give me your next advice. I will be grateful and I will be rewarded in the future. "

Qin Chen said quickly.

"Humph, why would the master sister help you?" another woman snorted coldly.

"Wuling." Wei Siqing glanced at the woman, and the other party suddenly pouted and stopped talking.

"There must be something to report, so there is no need. As for the Yaochi Holy Land, the peacock flies southeast, hovering for thousands of miles, and leave!"

Wei Siqing shook his figure with Wu Ling and suddenly disappeared into the void.

"The peacock flies southeast? Is it southeast?"

Qin Chen murmured that he couldn't distinguish the direction at all in the phantom formation, but he had the sky patching hammer and was not confused at all. He found a direction and flew away immediately.

In a moment, Qin Chen had already left the saint's cave mansion area. "Senior Sister, why are you telling him? Those two closed disciples, one is cold, and you have to take the position of the senior sister with Sister you, and the other has a deep mind. At first glance, it's not a good thing. Why should you tell him? Let him fall

It's good here. "

In the void, the Wulin Saintess murmured to Wei Siqing. "Tell him what, the Jade Lake Holy Land is the core area of the forbidden land. After the illusion inside has reached the 22nd Heaven, even if I break in without a special edict, I will fall. Tell him that he may not be able to see the other side. The big one might die

Here. Moreover, this person looked good at talking later, it was a plea, if I refused, he would go crazy, when the time comes, desperately, I can't keep you. "

Wei Siqing said solemnly.

"What?" Wu Ling's face changed slightly, "He is so strong?" "It would not be an ordinary person who can suppress Xiang Invincible, and he also blocked my ice blow. I am alone, and naturally I am not afraid of him, but there is If you are here, I will definitely cast a rat avoidance device. In case you have any accident, I can't explain it." Wei Siqing said lightly

.

"Master sister, I'm sorry." Wu Ling lowered his head in shame.

"Knowing that I was wrong, I should hurry to practice. The heaven trial is dangerous. The last time the heaven trial, our Guanghan Palace suffered heavy casualties. This time, our Guanghan Palace must not be bullied." Wei Siqing said. Tao.

[Chapter 2883: Trapped here](#)

Qin Chen was in the shape of electricity, shuttled through the vast array of the thirty-third layer of heaven and wide cold, and the power of the formation lingered on him, and he was more relaxed than before.

Inside Qin Chen's body, a series of rune array lights flickered, and the Sky Patching Hammer exuded a vast aura, analyzing the 33rd Heaven and Broad Cold Formation. In front of him, the vast array lines appeared in front of Qin Chen, like a turbulent river, the waves are rushing, and these turbulent undercurrents are the terrifying array impact of the 33rd Heavenly Array, and Qin Chen Walking on these big

In the formation, like a fish, evading the pressure of the 33rd Heaven and Guanghan Great Formation.

This is natural. This 33rd Heavenly Guanghan Illusory Formation is infinitely powerful. Even the overlord of the late Heavenly Sage can be killed. Even if Qin Chen has confidence in his soul and will, he will not go straight away stupidly. Hard resistance. In the previous twelve-fold Guanghan phantom formation,

Qin Chen could also use the impact of this phantom formation to improve his soul attainments and hone his soul, but now he has reached the twenty-fold Guanghan phantom formation. To the point, if Qin Chen is still direct

To fight hard, that is to die.

Confidence does not mean recklessness, arrogance, nor recklessness.

Hum!

Qin Chen operates the Heavenly Soul Forbidden Technique, stimulating the power of perception to the extreme. At the same time, the rules of time also surround his mind. Once he encounters danger and falls into a real illusion, he can use it for the first time at any time to wake himself up and break free from the illusion. . Of course, the most important thing is to start the sky-repairing hammer and the sky-repairing technique. The sky-repairing hammer is always replicating the 33rd Heavenly Guanghan phantom array. As long as Qin Chen walks, the sky-repairing hammer will be able to pass everything. The lines are copied down and supplemented

The technique of heaven conducts deduction and analysis to find the most suitable and safest channel.

Whoosh! Whoosh! Whoosh! Qin Chen's body was constantly shuttled in the void, flashing in every area of the forbidden area in a flash, the mountains in front of him were continuous, and there were ancient holy veins everywhere, and many powerful auras lurked in them, secretly shocking the terrible of Guanghan Palace, master. Much

. Suddenly, a magnificent mountain like a **** in front rose from the ground, majestic and majestic, like a white jade dragon, winding and creeping. On the extremely high mountain, a misty holy place appeared. The holy spirit here is compared to

The saint woman's cultivation area does not know how strong it is, and there is even a taste of returning to the basics, close to the peak of the heavenly sage, faintly, and there is a hint of the holy vein of the Holy Master.

"Yao Chi Holy Land!"

Qin Chen stopped and looked at the mountain covered by clouds with excitement in his heart.

Obviously, this is the holy place of Yaochi in Guanghan Palace.

Kisaragi is a retreat and practice place.

Qin Chen looked at it, and nodded secretly: "Up on the poor blue sky to swallow the holy energy of the vast world, underneath the earth to condense the eternal evil spirit, the whole mountain range contains the heaven and earth's holy way, condenses the infinite holy energy, it is a practice. Holy Land."

Qin Chen was shocked. If he could cultivate in such a place, his strength would surely advance by leaps and bounds. The Yaochi Holy Land is the top holy place in Guanghan Palace. Even the masters and sisters of Guanghan Palace only have a small amount of time to practice in it each year. This time, the master of Guanghan Palace accepted the disciples of Guanmen, apparently to make Their strength

Enough to improve faster, so the Yaochi Holy Land was opened.

Kisaragi is said to have been in retreat here for more than a year.

"This Jade Lake Holy Land is already terrifying, with a trace of the Holy Vein aura of the Holy Master, so the inheritance of the Supreme Female Emperor of the Taiyin Glazed Glass, where Qian Xue is located, is rumored to be on this Jade Lake Holy Land. What kind of experience does it have to go through?"

Qin Chen was secretly shocked, he couldn't imagine the current situation of Qian Xue.

But it doesn't matter, as long as you see Ru Yue, you can naturally learn about Qianxue from Ru Yue's mouth. "However, at the moment, the most important thing is how to enter the Jade Lake Holy Land. If I am not mistaken, the location of this Jade Lake Holy Land is already in the area after the 22nd Heaven in the 33rd Heavenly Array. That's the entry of the overlord in the late Tiansheng period

Among them, the places that may be wiped out in a flash, I have to be cautious when I break into them, or one who is not careful will most likely hate this place. "

Qin Chen felt the illusion atmosphere lingering over the Jade Lake Holy Land, and he did not dare to be careless. Instead of breaking into it for the first time, he sat cross-legged and began to feel the illusion formation structure after the 22nd heaven.

Rumble! In Qin Chen's mind, the phantom array in front of him was constantly changing. If the phantom array between the eleventh and the twenty-second layer was a turbulent river, a big river, then the phantom array after the 22nd layer, It's a tsunami, a crazy roar

Roaring tsunami.

The power of the endless phantom array was roaring, and Qin Chen felt that as soon as he entered it, he felt dizzy. Qin Chen's face was hard to look, what would he do? He was able to swim in the illusion of the 22nd Heaven before, and even fight Wei Siqing, relying on the technique of patching the sky to master the flow of this illusion, Qin Chen seems to have been imagining

In the formation, in fact, he has been in a weak position where the phantom formation is running, so he can be so relaxed. But after arriving at the twenty-third heaven illusion of the Jade Lake Holy Land, the operation of that illusion was more than a hundred times stronger? Qin Chen could easily annihilate the powerhouse of the late Heavenly Sage Overlord level, Qin Chen clearly felt that he now understood the 33rd Heavenly Fantasy Array.

Once inside it, it is almost impossible to grasp the weakness of the formation in this illusion like a tsunami.

No wonder Palace Master Guanghan was willing to let him enter, it was too difficult. "If you give me enough time to realize it and capture it with the sky-repairing hammer, I can figure out everything that this phantom array is working on. However, I don't have much time to waste now. In a few days, the heaven trial will begin. We are going to start,

Palace Master Guanghan would never give me time and opportunity. "

Qin Chen stood in front of the Yaochi Holy Land with an ugly expression.

He obviously walked here, but couldn't move forward.

"There must be a way."

Qin Chen settled down.

"Try it with an ancient body!"

Qin Chen revolves around the ancient body, the atmosphere of the ancient times is permeated, trying to resist this illusion, but it is useless, Qin Chen's touch of perception immediately emerges from the illusion, and he is almost taken into it. The soul is broken and on the spot. Fall.

"The ancient body is a physical defense. Although it is violent and evil, my current cultivation base is too low, is it really impossible to persist?"

"So what about eternal sword intent?"

Qin Chen tried a little bit and tried various forces, but it was useless. Are you going to be trapped here?

[Chapter 2884: Weakened 90%](#)

"Then Qin Chen stopped, as if he didn't move."

"He has arrived at the location of the Jade Lake Holy Land, why does he suddenly stop moving?"

"Awesome, how did Qin Chen do it, he actually walked to Yaochi Holy Land."

At this moment, on the square of Guanghan Palace, more and more disciples of Guanghan Palace gathered, all looking at the spiritual curtain in shock, with excitement, shock, disbelief and envy in their eyes.

Yes, in the eyes of Palace Master Guanghan, Qin Chen's request was to challenge his authority, but in front of the women in Guanghan Palace, I saw that Qin Chen was willing to go to the 33rd floor for Qianxue and Ruyue. The Tianguanghan phantom array was completely moved by Qin Chen.

The Thirty-three Heavenly Guanghan phantom formation was a matter of life and death. Even the overlord of the late Heavenly Sage's peak could not say that he could pass it, but Qin Chen, a holy son who worked in heaven, resolutely broke in.

If Qin Chen is just an ordinary martial artist, then these female disciples may not feel anything, but Qin Chen's identity is different. He is the holy son of Tianjiao, the top crafting master, and suppressed Tianjiao, the holy child Xiang Wudizhi. People, such a man can be said to have a promising future, there is no need to go further through the saints of Guanghan Palace.

If he continues to grow, he will definitely become a pivotal figure in Guanghan Mansion.

But now, Qin Chen resolutely broke into them for a woman in their Guanghan Palace, and boundless envy and anticipation emerged in their hearts.

Even some young disciples were praying silently, hoping that Qin Chen could find his beloved woman instead of falling here.

"This Qin Chen is indeed very organized. He found the Yaochi Holy Land, but he didn't even break in immediately. It seems that he should have also discovered the terrifying Guanghan illusion in the Yaochi Holy Land."

Xu Yong silently looked at Qin Chen's figure on the spirit screen. Although he could not see Qin Chen's specific performance in the forbidden area, he could understand Qin Chen's mood at the moment.

Obviously he had found the sacred place of Yaochi, but he couldn't enter the despair.

The illusion after the twenty-third heaven, even if he enters, will fall in an instant. After experiencing the illusion of the first twenty-two heaven, Qin Chen should be able to understand the terrible behind.

At this moment, Xuyong only hopes that Qin Chen can retreat from the 33rd heaven illusion formation. He does not know how Qin Chen can hold the first 22nd heaven illusion formation, but such a Tianjiao is definitely not seen in the history of Guanghan Mansion for thousands of years. If such a Tianjiao falls into the illusion, it would be a shame.

In the main hall deep in the Guanghan Palace, the Guanghan Palace Master also felt the situation in the 33rd Heavenly Fantasy Array.

"Hey, I didn't think that Qin Chen had found the Holy Land of Yaochi, huh, Wei Siqing should have given him some guidance before, otherwise he would find the Holy Land of Yaochi so quickly, my disciple..." Palace Master Guanghan shook his head .

"But here is the limit. No matter what method Qin Chen uses, he can hold the illusion formation of the first twenty-two heavens, and it will be impossible to follow. After the twenty-third heaven, Guanghan phantom The power of the formation will be increased by ten times a hundred times, and he simply cannot handle it."

The Holy Master of Yaoguang also frowned and looked at the thirty-third heavenly illusion. All he could see was some hazy scenes. After all, the thirty-third heaven and Guanghan Array was fully activated even the Holy Master could be sleepy. Live, he naturally couldn't see clearly like Palace Master Guanghan.

His heart was also full of tension. The reason why he allowed Qin Chen to enter was because he knew that Qin Chen was definitely not a reckless person.

He deliberately investigated Qin Chen's deeds when he first appeared in Cangxuan City. Up to now, Qin Chen has walked very steadily at every step. This disciple looks open, but he is definitely not a reckless person. Be sure, rarely do some reckless things.

But now, he is also nervous, because he is very aware of the horror of the illusion after the twenty-third heaven, if Qin Chen falls here, even if it is his own will, he will not be easy to explain in front of the headmaster.

However, in front of Palace Master Guanghan, he still acted very calmly, but in his body, the terrifying power of the Holy Master has been raised to the extreme. As long as Qin Chen encounters danger, he will definitely break into the big formation with all his strength and control Qin. Chen rescued him, even if he offended Palace Master Guanghan because of this, he would not hesitate.

In the attention of countless people.

Qin Chen stood up suddenly.

"If I just feel it here, then I will never know how to resist this illusion, because a trace of perceptual detection is too weak. If I want to really resist, I must personally enter it."

Resolute appeared in Qin Chen's eyes.

The next moment, he stepped out one step, and the whole person suddenly entered the range of the Jade Lake Holy Land, the twenty-third heavenly illusion array.

Boom!

At the moment Qin Chen entered, an infinite and terrifying phantom array power was already like a vast ocean, and it was like a tsunami erupting, and even more like a huge mountain that opened up to the sky, it suddenly suppressed Qin Chen.

Click!

Qin Chen's soul sea suddenly boiled, and under the pressure of the terrifying fantasy formation, his soul sea actually had an impulse to split.

"Block me."

Qin Chen's eyes burst into a divine rainbow, and his body was extremely tall. His whole body was filled with astonishing spatial power. He wanted to resist the erosion of the illusion pressure by traveling through the space and hiding in the space wormhole, but it was useless. The illusion pressure after the twenty-third heaven has no loopholes at all, sealing all the void, and giving Qin Chen no chance to escape.

boom!

In just an instant, a crack appeared in Qin Chen's mind, and his soul suddenly became weak, as if to break apart.

"Heaven Soul Forbidden Technique!"

Qin Chen roared silently in his heart.

"The world is boundless, but I am the only one who will not die."

Boom boom boom!

That terrible coercion kept bombarding Qin Chen. Qin Chen frantically perceives the operation of this illusion array, and wants to find a chance, but the coercion in this large array is too strong, dense and full of all voids, and it is impossible to find it. Any space to escape.

Click!

Qin Chen's soul power was constantly suppressed, cracks appeared, and it was about to break a little bit.

"I don't believe it anymore, the Holy Physique of Empty Thunder!"

Qin Chen roared and boomed. In an instant, his body turned into a thunder light. It was the power of thunder that had evolved from the power of the original bloodline. Rumble, this thunder light aura extinguished everything. The will to judge everything suddenly weakened the attack of the magical array by 90%.

what?

Qin Chen himself was shocked and stunned. He couldn't think that after he turned into Thunder, his resistance to the pressure of the phantom array would be so terrible, what kind of power was this Thunder?

Although the power of the illusion that had been weakened by 90% was still terrifying, it could no longer pose a fatal threat to Qin Chen.

[Chapter 2885: Yaochi Holy Land](#)

"Okay, okay, okay, I can't think of my power of thunder, but it has such an effect."

Endless joy emerged in Qin Chen's heart, and the Heavenly Soul Forbidden Art and the Holy Body of Empty Thunder ran together, rushing towards the Jade Lake Holy Land.

"What? This Qin Chen actually blocked the coercion of the Twenty-Three Heavenly Fantasy Realm?"

In the depths of Guanghan Palace, Palace Master Guanghan stood up suddenly, with endless excitement and disbelief in his eyes.

"This thunder, this thunder power..."

Palace Master Guanghan murmured, as if caught in a certain shock.

"Huh? This incarnation of thunder technique, this Qin Chen, is really a surprise."

The Holy Master Yaoguang also said in shock, but unlike Palace Master Guanghan, he could perceive everything in the 33rd Heavenly illusion, only able to see Qin Chen incarnate as Thunder, and vaguely perceive Qin Chen. The power of thunder on his body was not as real as Palace Master Guanghan came.

However, this does not prevent him from being happy for Qin Chen.

"Hahaha, Palace Master Guanghan, look, what about my disciple." Holy Master Yaoguang laughed loudly.

"Huh, your disciple? Did you cultivate it?" Palace Master Guanghan said with disdain.

"This..." The Lord of Light was instantly at a loss. Qin Chen really wasn't trained by him. Moreover, in order to return to the headquarters, he had to retreat all year round and cultivated hard to improve himself. He had never had the interest in teaching apprentices. Almost no one in the cold palace was taught by him.

"Hmph, even if it weren't for me to teach it, that's a disciple of my daily work, and it will be my credit to become the Holy Lord by then."

Holy Lord Yaoguang is not ashamed, and proudly said.

This is natural. As long as the people who work in Guanghan Futian will achieve something in the future, the headquarters of TianWork will be attributed to the Lord of Yaoguang. They will naturally not investigate whether this person is the Lord of Yaoguang. It doesn't make sense to hand it over.

When the Guanghan Palace Master and the Yaoguang Holy Master were bickering, on the square, Xu Yong and others were already stunned.

From above the spiritual curtain, they clearly saw that Qin Chen had entered the range of the Jade Lake Holy Land, but they were surprised to find that Qin Chen did not fall, and even after a slight pause, Qin Chen was still moving quickly. Going deep into the Yaochi Holy Land.

"Mad man, this is a crazy man."

"How did he do it so that he can survive after the twenty-third heaven illusion?"

"This is a place that even I can't hold on to the old man."

Xu Yong was so shocked that he was going crazy.

Qin Chen's figure flickered, turned into thunder, and quickly poured into the sacred place of Yaochi. Moreover, Qin Chen was shocked to discover that after he became Thunder, not only did his resistance to the phantom formation increase a lot, but even his understanding of the phantom formation also improved. a lot of.

A series of terrifying formation patterns quickly appeared in his mind, and then was re-engraved by the Sky-Mending Hammer, and the phantom formation after the 23rd heaven was gradually controlled by Qin Chen.

Afterwards, Qin Chen didn't need to completely turn into thunder, he only needed the power of thunder to surge in his body to survive in this illusion.

However, Qin Chen was not particularly excited, because he encountered trouble again.

Hum!

Qin Chen broke into the sacred place of the Yaochi, the boundless misty mist, here is a misty world filled with water vapor, in every drop of water vapor, there is an astonishing heaven and earth sacred aura, which is the essence of the heavens and the sacred aura.

call!

Qin Chen sucked hard, and the astonishing heaven and earth holy energy poured into his body, and with the power of the holy veins of the holy master, Qin Chen felt extremely comfortable.

However, the heaven and earth sacred aura in this Jade Lake Holy Land contains a kind of yin power, this power, and Qin Chen's ridiculous body, thunder body, sky fire body, and the attributes are mutually restrained. It is the sage that women can absorb unscrupulously. gas.

Qin Chen can naturally absorb it, and even improve his strength, but he can't absorb too much, because once the yin power in his body is too strong, it will directly affect the sky fire in his body, and the gain is not worth the loss.

What makes Qin Chen even more troublesome is that precisely because the holy aura of heaven and earth in this Jade Lake Holy Land is too strong, coupled with the terrifying pressure of the illusion, Qin Chen perceives that it can only diffuse a distance of hundreds of meters, and he cannot know Ruyue at all. Where is it?

"This Jade Lake Holy Land seems to be just a mountain. In fact, it contains all kinds of wonders of space. If you rely on a little hard search, it is difficult to find the moon. You must find a way."

After turning his mind, Qin Chen immediately found a way.

"Ru Yue, Qianxue, and Sisi have all entered the river of time with me. Therefore, they should have a trace of the power of time. As long as I activate the time rule, I can sense the breath of the years, the breath of the years, Any barriers will naturally be found like the moon."

Qin Chen was overjoyed and immediately operated the time rules, but what made him puzzled was that no matter how he operated the time rules, he still could not sense the existence of Ru Yue.

impossible!

Qin Chen frowned, Ruyue entered the river of time, and it was impossible for him to have the power of time, but why could he not feel Ruyue's existence at all? Could it be said that the long river of years in Ruyue's body has been completely eliminated in the past two years?

But the power of time, so vast, how can it be easily eliminated? Even if it is really eliminated to the point that even the Holy Master may not be able to sense it, Qin Chen has the origin of time, and even the weaker power of time should be able to sense it.

But now since it can't be sensed, I can only use other methods.

Qin Chen frowned in thought, and his eyes brightened again after a long time.

"Ruyue and Qianxue are both from the Tianwu Continent, and they will inevitably possess the unique aura of the Tianwu Continent, and I am the son of the plane of the Tianwu Continent. As long as I sense the existence of Ruyue through my own original power, ."

Just do as he thinks. This time, Qin Chen didn't urge the rules of the moment, but urged the origin within his body to feel the breath of Tianwu Continent.

Suddenly, faintly, in Qin Chen's mind, in the depths of the Jade Lake Holy Land ahead, a figure with the aura of Tianwu Continent appeared.

This figure was extremely vague, looming, but under the induction of the son of Qin Chen, it was extremely clear.

"found it."

Qin Chen was overjoyed, opened his eyes, and immediately swept in the opposite direction from the breath.

After a while, Qin Chen had already arrived in the depths of the Jade Lake Holy Land.

Wow!

It turned out to be a place like a sacred pool, with a strong sacred aura surging, filled with mist, and exuding an aura of shocking heaven.

"Is this, Holy Lord's Saint Vein Liquid?"

Qin Chen stepped into the holy pond, and suddenly, a needle-like pain surged, and even Qin Chen's barren ancient body almost collapsed.

[Chapter 2886: You beast](#)

"not good!"

Qin Chen was suddenly shocked. This sacred pool was actually equivalent to the space pool in the ancient Yu world. No foreign objects can enter it. Once entered, the sacred pool will give birth to a strong rejection reaction and foreign objects will enter. To be destroyed.

Boom boom boom!

The terrible power generated in the holy pond squeezed towards Qin Chen frantically. When Qin Chen was shocked, he quickly faded away all his robes and turned naked, and the terrifying rejection reaction immediately disappeared.

Qin Chen breathed a sigh of relief now. Fortunately, he responded promptly. This holy pool, like the space pool, and even the blood spirit pool of the Five Kingdoms, only needs to get rid of the clothing and other foreign objects. The body is here, and it will not be backlashed.

Fortunately, he moves fast, otherwise, if he is not careful, he may be exploded by this terrifying holy pool power.

"Ruyue is inside." Qin Chen walked along the holy pond and quickly moved in. Although he was not wearing clothes, it was Ruyue inside anyway. Qin Chen didn't feel embarrassed, whether he was in the Guyu Realm or the demon. Sword inheritance, both sides have some skin relatives, and

And since each other understands each other's intentions, Qin Chen will naturally be ashamed.

The most important thing now is to find Ruyue, and nothing else.

The depths of Guanghan Palace.

"Well, where did Qin Chen go?"

Holy Master Yaoguang stood up suddenly, because he unexpectedly lost Qin Chen's perception. Palace Master Guanghan coldly snorted, "Where can I go? This kid has found the core place of the Yaochi Holy Land and entered the Yaochi Holy Liquid. It's really cheap. This kid, in the Yaochi Holy Liquid. , Inspiration is closed, even if it is you and my perception, it can't penetrate, and can't see the real situation inside. My disciple is in retreat inside. I thought this kid couldn't find the other person at all. I didn't expect his perception to be so sharp. Zi found it in the holy liquid of Yaochi,

Is it a dog? "

Palace Master Guanghan looked ugly. Only the top saint of Guanghan Palace can hope to enter this jade pond holy liquid. Now that an outsider enters, it's strange that the master of Guanghan Palace's face

looks good, but thinking of the thunderous breath that emerged from Qin Chen before, Guanghan But in the heart of the palace lord

Can not help showing deep thought.

Qin Chen kept going inside in this jade pond holy liquid.

Finally, deep in his perception, the figure with the breath of Wu Continent was in front of him that day.

I saw that in this holy liquid, a woman with a graceful figure, with her back to Qin Chen, her hair like a waterfall, was sitting in this jade pond holy liquid. Around her body, countless rich sacred auras of heaven and earth have turned into a substantive liquid, densely enveloping her, and she is not visible at all. The only thing that can be seen is the charming and graceful posture, which is strong. Reverie

.

"Kagitsuki!"

Seeing this graceful figure, Qin Chen said excitedly.

For more than two years, Qin Chen looked for Ruyue and the others, and now he finally found it. This feeling caused Qin Chen's soul to fluctuate violently, and even unable to control himself.

That woman was at the critical moment of cultivation. Although Qin Chen was calling, she was motionless and could not respond to Qin Chen's call.

"Kiritsu, sorry, I'm late."

Qin Chen stepped forward with excitement and strongly hugged the woman engulfed in the holy liquid, but when Qin Chen's body was in contact with the other party, suddenly, a strong impulse emerged from Qin Chen's heart. Came out.

Qin Chen had resisted the invasion of the Thirty-Three Heavens Illusion Array before, but at this moment of extreme excitement, a crack appeared in Qin Chen's mind, and finally found a flaw in this illusion, and suddenly invaded his soul.

"dust!"

Qin Chen seemed to hear a whispering call, and then he felt the woman open her eyes, Ruyue's exquisite and beautiful eyes, like Haoyue's eyes, looked at Qin Chen excitedly, and then turned vigorously.

"Kagitsuki!"

The intense friction made Qin Chen an indescribable impulse.

Years of thoughts and day by day misses, Qin Chen couldn't control his feelings no matter what, he lowered his head vigorously and kissed Ru Yue.

Well!

The sound of resistance, struggle, and enjoyment sounded. From Ruyue's body, bursts of women's fragrance came, like dreams and illusions. I have to say that Ruyue is definitely one of the most beautiful

women Qin Chen has ever seen. Her beauty is not the ordinary beauty, but the beauty like a fairy, the temperament, like a fairy above the Nine Heavens Palace. , Should only be in the sky, not into the mortal world.

Her whole person is like a perfect work of art, no language can describe her beauty.

If it were normal, Qin Chen would naturally not treat Ru Yue with such unscrupulous treatment, but in the sacred liquid of Yaochi, Qin Chen was invaded by illusion, and boundless thoughts filled his mind, causing his emotions to burst like never before.

But Ruyue's face had a faint expression on her face, she seemed to be resisting, struggling, and pandering, Qin Chen was already shrouded in illusion, he could no longer distinguish this, and the two of them hugged tightly. .

A scorching aura madly emerged from the two of them, and Qin Chen could feel a surge of power in Ru Yue, combining with the power in Qin Chen's body, forming a resonance of the great road .

The two people hugged each other like this, no one spoke, no one needed to speak, just silently feeling each other.

Boom!

Suddenly, Qin Chen's mind suddenly shook, and bursts of pain came from his chest, because he found that the woman in his arms was struggling violently and seemed to push himself away.

Bang bang bang!

A terrible attack blasted on Qin Chen frantically. If Qin Chen hadn't possessed an ancient body, he would definitely be seriously injured by this terrifying attack. Even so, Qin Chen's mouth overflowed with blood.

"Kiritsu, what's wrong with you?"

Qin Chen lowered his head, but at this look, his soul was frightened.

The person in front of him, what Ru Yue is, turned out to be Murong Bingyun.

Shangguan Xi'er and Feng Shaoyu's daughter, Murong Bingyun.

How could it be possible, how could Murong Bingyun be here?

not good!

Qin Chen was shocked immediately, and he instantly understood that he should have been invaded by the illusion, otherwise how could he regard Ruyue as Murong Bingyun, and Ruyue would not be able to do anything to himself.

"Origin's magical powers, eternal like one, heaven soul forbidden technique, break it for me!"

Qin Chen roared and rumbling. In his mind, the terrifying soul sea was boiling, and Qin Chen urged the power of thunder, and his whole body was immediately enveloped by endless thunder, forming an absolute thunder light.

boom! Qin Chen felt that his mind became clearer immediately, and he was relieved. Before he could look forward, he heard a furious shout, "Qin Chen, you beast, dare to defile me!"

[Chapter 2887: Squeeze your head](#)

what?

Qin Chen was stunned, and saw the woman in front of him, embracing his hands and protecting his chest, staring at him coldly, still Murong Bingyun.

"Murong Bingyun?"

impossible!

Qin Chen's eyes condensed, "The rules of time are as eternal!"

Hum! Qin Chen's body was haunted by the rules of time, but the scene in front of him remained unchanged. The face of the angry woman in front of him was clear. Although she became more temperamental and vast when she was in Tianwu Continent, it was indeed Murong Bingyun.

.

How could she appear here? Qin Chen was unbelievable. In the battle of Tianwu Continent, the Chaos Devil's Nest came, and the Yaomie Mansion powerhouse was chased and killed, and the danger was high. Qin Chen killed the Yaomie Mansion powerhouse, entered the long river of years, and finally came to the heavens. The whole process Among them, Qin Chenshi

I never saw Murong Bingyun before. According to the truth, Murong Bingyun should still be in the Misty Palace of Tianwu Continent, and his clone Qin Mo and Big Black Cat are still in Tianwu Continent. After Shangguan Xier's fall, she will definitely not let Misty Palace continue to sit down. ,for sure

Will make a strong move and destroy the Misty Palace.

Although Murong Bingyun had amazing talents and possessed a natural spirit body, when he was in the Tianwu Continent, he was only a pinnacle martial emperor. How did he come to the heavens?

What shocked Qin Chen even more was that Murong Bingyun in front of him had a superb temperament, as if he had descended from an immortal, his body was strong and surging.

how can that be?

Murong Bingyun's cultivation speed is even faster than him?

All of a sudden, various speculations emerged in Qin Chen's mind.

Is this Murong Bingyun disguised by others?

This was Qin Chen's first thought. However, as the son of the plane of Tianwu Continent, Qin Chen could clearly feel the atmosphere of Tianwu Continent on Murong Bingyun. This is something that no heavenly powerhouse can do. fake. The Tianwu Continent is the source continent in the universe. The heaven and the earth were opened up, and the source continent formed with the heavens at the moment when the

universe was born. Although it is far inferior to the heavens in all aspects, the aura of the source continent is impossible for any strong person.

Simulated, even the Holy Lord cannot do it.

"Murong Bingyun, why are you here?"

Qin Chen was shocked in his heart, but in an instant, he had recovered his composure, and his eyes glowed with cold light. No wonder he was very curious when he heard the news about Wangulou. Qianxue and Ruyue were both kendo masters, Qianxue was an ice and snow **** body, a sword goddess, and Ruyue was a born sword body. If Wangulou could detect that Qianxue was a sword goddess,

It is impossible not to know that Ruyue is also a kendo god. However, nothing was said in the previous information. At first, I just thought that the information of the Wangu Tower had not been investigated very carefully. Now it seems that if this second person is Murong Bingyun, it is no wonder that he would not mention the sword. Aspect

.

"Qin Chen, you as a disciple, did you do that to me?" Murong Bingyun looked at Qin Chen angrily in the sacred liquid of Yaochi, his face flushed, and the white jade body appeared in the sacred liquid of Yaochi. Even more mysterious, misty, her whole body lingers with colorful lights, graceful posture, like a watery ripe

The permeable peach makes people want to take a bite.

Especially her furious and resentful eyes gave people an urge to occupy and ravage them.

"What did you do to you?"

Qin Chen frowned and saw that Murong Bingyun's mouth and face were forcibly kissed, and there were many bruises on his body. Even the sacred liquid washed his mouth with a look of disgust. Murong Bingyun was going crazy.

She is a saint-like figure. She was the Young Palace Master when she was in the Misty Palace. After coming to the heavens, she is even the saint of Guanghan Palace. How could she be rejected by others?

But Qin Chen didn't have this awareness, and looked at Murong Bingyun coldly: "Murong Bingyun, I should ask you these words, why did you appear in Guanghan Palace and deliberately seduce me in this Jade Lake holy liquid? You have a vicious heart."

"Intentionally seduce you? You...shameless, obviously I was practicing in retreat in the sacred land of Jade Lake, you broke in, acted on me, and said that I seduce you."

Murong Bingyun was going crazy with anger.

"Stop talking, Murong Bingyun, you are a disaster for the Tianwu Continent, and you didn't expect to let you come to the heavens. Since you have fallen into the hands of this young man, you don't want to live anymore."

Qin Chen didn't listen to Murong Bingyun's nonsense, his eyes were cold, his big hand was already grabbing at Murong Bingyun, booming, and suddenly, the world was all surrounded by the shadow of Qin Chen, surrounding Murong Bingyun, as if The big bad wolf caught the little sheep.

"Qin Chen, stop!" Murong Bingyun was taken aback. He didn't expect Qin Chen to say that he would do it. The colorful aura burst out all over his body. Vaguely, a vast figure appeared, appearing on top of Murong Bingyun's head. Even more immortal, powerful

The breath erupted from her body, and the colorful rays of light swept across and turned into a terrible shield to withstand Qin Chen's attack. But the next moment, with a boom, Qin Chen's palm shadow bombarded, and all the colorful auras on Murong Bingyun's body were cracked, and the whole person flew backwards quickly. The colorful auras turned into multiple portals. Bingyun is standing

At the end of the portal, it seemed to be separated from Qin Chen by an endless void.

"The door of all wonders!"

Murong Bingyun drank softly, his voice was cold, and the whole person was extremely noble and sacred. The overlapping portals were hidden in the void, as if they could resist all power.

"Qin Chen, this is the miraculous door taught to me by the Lord Palace Master. It contains the miraculous meaning of heaven. I don't want to do anything with you. I have something to say." Murong Bingyun said with iron.

"What kind of magical door, I want to talk, no problem, let the young man die first, let me break the origin of the magical power!" Qin Chen coldly shouted, dismissively, a magical rainbow burst out of his pupils, booming, he His big hand actually penetrated through the many wonderful doors, and the endless void was quickly drawn closer under the power of Origin. The magnificent big hand, like an eagle catching a chicken,

All of a sudden he grabbed Murong Bingyun behind the door and yanked him over.

"Ah!" Murong Bingyun cried out in pain. She was caught by Qin Chen, and the arms around her were suddenly raised in pain, trying to break free from Qin Chen's restraints. The whole was graceful and white, with unevenness, and the fairy-like carcass was completely exposed. In the air, enough

Make any man go crazy. But Qin Chen didn't squint, and the terrifying sage aura condensed, pulling Murong Bingyun to his eyes at once, a virgin fragrance came, Qin Chen's face was green, his eyes were like an abyss, and he coldly stared at Murong Bingyun. , The sound is like

The demon **** who came out of Jiuyou didn't have a trace of emotion. "Go ahead, why are you here? If you don't say it, I will blow your head!"

[Chapter 2888: Soaring channel](#)

Qin Chen's voice was icy, without the slightest hint of pity on jade.

"Qin Chen, you are really a lunatic!"

Murong Bingyun was caught and captured by Qin Chen, and her whole body was exposed. She was so ashamed and angry that she couldn't wait to cut Qin Chen thousands of times, and said angrily: "Qin Chen, you kill me, Palace Master Guanghan will not spare you."

Qin Chen frowned, he also considered Palace Master Guanghan, so he had to figure out the situation, otherwise he would talk nonsense with Murong Bingyun, killing her and searching for the soul.

"Hmph, don't use Palace Master Guanghan to scare me, no one can stop the person Qin Chen wants to kill." Qin Chen said coldly.

"Mad, you are a crazy."

Murong Bingyun was so embarrassed and angry that Huarong was so angry that she bit her lip and protected her chest, and said angrily: "Even if you are not afraid of Palace Master Guanghan, don't you want to know about You Qianxue?"

"Qianxue?"

Qin Chen exploded with cold light in his eyes, grabbed Murong Bingyun's throat, and said coldly, "What's wrong with Qian Xue?"

"Cough cough cough, you let me go first!"

Murong Bingyun covered his throat, "If you let me go, I will tell you everything."

"boom!"

Qin Chen threw Murong Bingyun into the holy liquid: "Let's talk about it, how did you come to Guanghan Palace, and where is Qianxue? How is she? If there is a lie, I will kill you directly. "

Murong Bingyun hurriedly soaked himself in the holy liquid of the Jade Lake, covering his carcass, his face flushed, and he was trembling with anger.

She said coldly: "If it comes to time in the heavens, I will even be before you."

Murong Bingyun showed a bit of bitterness on his face, and resentment emerged from the depths of his eyes: "Remember that the Chaos Nest came..."

Murong Bingyun spoke quietly. It turns out that during the trip to the ancient Yu world, Murong Bingyun finally became dissatisfied with Misty Palace's collusion with other demons. Although Murong Bingyun is the Young Palace Master of Misty Palace, she does not agree with the Misty Palace. Mozu cooperates, but she also

Shangguan Xi'er's decision could not be stopped, she could only follow the crowd.

Later, Qin Chen went to the Misty Palace to rescue Qian Xue, using Murong Bingyun to leave the Misty Palace, and even blamed the Xuanyuan Empire, causing the hatred between the Xuanyuan Empire and the Misty Palace.

After that great battle, Murong Bingyun was rescued by Misty Palace, and she has been practicing hard in Tianshengchi, especially when she was insulted by Qin Chen, and the two sides fought close to each other, which made her feel ashamed and frightened. She secretly vowed, To kill Qin Chen. But who

knows, the next thing is the Chaos Demon Nest, the alien demon race is in chaos, the entire Misty Palace is dispatched, and she, the Young Palace Master, is the core commander of the rest of the strongest in Misty Palace. At that time, her heart was extremely tangled, one side

In the face, she hopes the palace lord can win, on the other hand, she does not want the alien demons to rule the mainland. Just when she was struggling, because of Shangguan Xier's exposure, she finally learned that she was the child of Shangguan Xi'er and Feng Shaoyu. Moreover, Shangguan Xi'er was not the two of them when she was pregnant with her. Crystallization, but on

Guan Xi'er used the secret method to deliberately let herself be pregnant, the purpose was to pass on the hidden dangers of the demon to Shangguan Xi'er's blood soul Dafa, all to her.

Murong Bingyun, who had learned the news at the time, completely collapsed.

She has been a superior figure since she was a child. She was cultivated by the Misty Palace and regarded Shangguan Xier as her teacher and mother, but who knew the truth was so cruel.

Under the collapse, Murong Bingyun rushed into the Heavenly Sacred Pool madly, shutting herself down, and let no one be disturbed, her worldview directly collapsed because of this. While Murong Bingyun collapsed in despair, the sequelae of the Blood Soul Dafa broke out, causing her to become devastated and fall into a dead silence, but she did not expect that because of her natural spirit body, there was a little aura, and Qin Chen was forbidden by God. Tianwu

The origin of the mainland, the Tianwu Continent was rejuvenated, and the Heavenly Sacred Pond also changed at the moment the origin of the mainland was restored. Infinite power poured into Murong Bingyun's body, causing her to be reborn in Nirvana in the Heavenly Sacred Pond, and she stepped into the Holy Realm. .

Murong Bingyun, who broke through the holy realm, was frustrated at the time. He only wanted to survive in this heavenly sacred pool, but accidentally entered a mysterious space in the heavenly sacred pool and felt the call of a powerful force.

Murong Bingyun followed this force and soared along the space channel, so he came to the sacred place of Yaochi in Guanghan Palace.

"What? You soared in the Heavenly Sacred Lake of the Tianwu Continent, and you directly entered this Jade Lake Holy Land?"

Qin Chen condensed his gaze and said in disbelief, Tianshengchi is the top baptism holy place in the Tianwu Continent. In his previous life, Qin Chen also entered the Tianshengchi for baptism. It was controlled by the top forces in the martial arts. Take control.

Later, when the Misty Palace rose, Shangguan Xi'er monopolized the Tianshen Lake, which became the forbidden place of the Misty Palace.

But Qin Chen couldn't imagine that there was a mysterious space in the Heavenly Sacred Pool that could enter the Jade Lake Holy Land of Guanghan Mansion.

Could it be said that there is any connection between Tianshengchi and Yaochi Holy Land? Or is there a channel between the two similar to the underside of the Blood God Sea?

Qin Chen's heart throbbed.

If there is really a passage between the Jade Lake Holy Land and the Heavenly Sacred Lake, wouldn't he be able to return to the Tianwu Continent through the Jade Lake Holy Land?

"The aura of the Jade Lake Holy Land is indeed somewhat similar to that of the Heavenly Sage Lake, but it is far more terrifying than that of the Heavenly Sage Lake. Is there really any connection between the two?"

wrong!

Qin Chen was suddenly shocked. If there is a passage leading to the Heavenly Sacred Lake in this Jade Lake Holy Land, it will definitely be discovered by Palace Master Guanghan.

Qin Chen could no longer hold back the tension in his heart. He grabbed Murong Bingyun and said in a deep voice, "Where did you appear in this Jade Lake Holy Land?"

"You let me go."

Murong Bingyun said coldly, "Do you think there is a passage between Tianshengchi and Yaochi Holy Land? Want to return to Tianwu Continent? Because Tianwu Continent is now facing a crisis, masters with heaven are going to Tianwu Continent."

"How do you know?" Qin Chen said subconsciously, but he woke up in an instant. Could it be that Qianxue told her? "I'll tell you the truth, give up this heart. I appeared directly in this Jade Lake Holy Land at the time, and I was discovered by Palace Master Guanghan. Palace Master Guanghan discovered that I was an ascended one and was shocked. She also searched here. , But did not find any end

Ni, finally told me that the reason why I appeared here should be just an accident. "Murong Bingyun shook his head: "I don't have to lie to you. Later, Palace Master Guanghan saw my talent, accepted me as a disciple, and taught me my practice. After I came to the heaven, I had forgotten everything in the Tianwu Continent. I just want to start again here, but who knew I met You Qianxue and the others. "

[Chapter 2889: Two flaws](#)

"Qianxue!" Qin Chen's eyes narrowed, no wonder this Murong Bingyun said that he had come to the heavens before them. "At that time, I was shocked after seeing You Qianxue and Ji Ruyue. The two of them were in this Guanghan Mansion, their cultivation base was not high, it was difficult to survive, and their temperament was too prominent. When I met them, they were facing life and death issues,

At the last minute, I rescued them. "

"Did you save Qianxue and Ruyue?" Qin Chen glanced at Murong Bingyun suspiciously. "Don't look at me in this way. I did save them. I know You Qianxue and Ji Ruyue. When I was in the Misty Palace, You Qianxue was also the saint of my Misty Palace, and I had some friendship with me. , As for Ji Ruyue, her family from Ji

Since the Hall of Law Enforcement, and my Misty Palace are naturally inextricably linked. "However, in fact, even if I didn't take action, they would have nothing to do, because after I rescued You Qianxue and Ji Ruyue, I brought them back to Guanghan Mansion, but they were seen by the Lord Palace Master. The lord was immediately shocked, saying that Ji Ruyue's body

The inner seal has some terrifying power and is a child of a big family in the heavens. "

"Later, Lord Palace Master activated the seal in Ji Ruyue's body, and it didn't take long before a strong man from the heavens came and took Ji Ruyue away."

"Ru Yue was taken away?" Qin Chen's gaze narrowed. Ru Yue is the blood of a large family in the heavens. Qin Chen knew that the ancestors of the Ji family actually came from the heavens and most likely were a holy lord. However, when the ancestors of the Ji family taught Ruyue's power back then, they warned that their family has a great enemy in the heavens, and you should never expose your origins easily. According to Murong Bingyun's statement, there seems to be something wrong. day

The realm really has a big enemy, and Palace Master Guanghan can see the origin of the opponent, how can he easily release the power in Ruyue?

Could it be said that in the endless years after the ancestors of the Ji family fled into the Tianwu Continent, the Ji family in the heavens had already blocked the incoming enemy and won? "Then Ji Ruyue was taken away, while You Qianxue was favored by the Lord Palace Master and accepted as a closed disciple. Moreover, You Qianxue has a very strong potential. He has obtained a heavenly inheritance from the Lord Palace Master. He is now in retreat. The people in the cold palace say a little bit of seclusion

Qianxue will become the master sister of Guanghan Palace, replacing Wei Siqing. "

Murong Bingyun said coldly, "Well, that's all I want to say."

"is it?"

Qin Chen squeezed Murong Bingyun's slender neck, and a blood mark immediately appeared on the white jade-like neck.

"Qin Chen, what are you doing?" Murong Bingyun said angrily. "Do you think I'll be able to say it?" Qin Chen said coldly: "What you said doesn't seem to be a problem, but there are two flaws. The first is that Ru Yue will not be taken away so willingly, even if taken away. Go, she will also ask the other person to find me, the second one,

Still the same, if Qianxue really became a closed disciple of Guanghan Palace, with such a high status, why didn't he go to me. "

This is not Qin Chen's narcissism, just like he would go to Qian Xue and the others if he tried his best, Qian Xue and the others would definitely go to him if they had the opportunity. Murong Bingyun stunned, and glanced at Qin Chen meaningfully: "You really believe in each other as Qianxue and Ruyue said. I really don't know why Qianxue and Ruyue like you for a rough man like you. ,You're right,

Ji Ruyue was not taken away willingly, but taken away by force. They seemed to say that Ji Ruyue had the physique lost from the Ji family and must be brought back for training. "Furthermore, the Ji family still has an extremely terrifying enemy in the heavens. The reason why that person came was under the order of the new Patriarch of the Ji Family. It was the new Patriarch who sensed Ji Ruyue's existence for the first time and used the time difference. Ji Ruyue is gone,

Because the other party said that if they stay in Guanghan Mansion for too long, they will be discovered by the enemy of the Ji family, and they will even hurt Guanghan Mansion at that time. Maybe this is the reason why they didn't look for you. "As for the second one, who said Qianxue didn't look for you?" In fact, the first thing she did after joining Guanghan Palace was to find you, but who knows, before she had time to do it, she got the inheritance of Lord Palace Master and fell into death.

At the moment, she asked me to look for you, but I didn't listen to her and look for you. "

Murong Bingyun said coldly: "There is a jade slip from You Qianxue here, you can see it by just looking at it."

Murong Bingyun raised his hand, and immediately, a jade slip appeared in Qin Chen's hand.

Qin Chen touched the jade slip, and a ray of light lit up, and You Qianxue's familiar voice came from it.

"Dust, if you get this jade slip, it means you have found us, Dust, I miss you so much, really miss you so much, thinking about you every day, every hour, every second..." You Qianxue "If you can get this jade slip, it means you are safe. Don't worry about us. We are all very well. Ruyue was taken away by the Ji family. Her safety can be guaranteed. I got it. Lord Palace Master's inheritance, I'm afraid I won't be able to get out in a short time. We can only rely on Murong Bingyun. Although we are not a camp in Tianwu Continent, she has helped us a lot in Heaven. Dust, I miss you so much, really Really miss you so much, hope you can find

Sisi, wait for me to come out. "

After that, You Qianxue's voice disappeared.

"Qianxue!"

Qin Chen's eye sockets were slightly moist, and he could feel Qianxue's miss, just as he missed Qianxue.

Qin Chen took a deep look at Murong Bingyun, shook his figure, turned and walked out of the Yaochi Holy Land. From his eyes, I can naturally feel that the information in this jade slip is true. Qianxue left a mark on it, the strength of the years, and no one else can detect such a mark. If someone has touched the jade slip Hands and feet, so Qin Chen

Definitely feel it for the first time.

In this way, Murong Bingyun really helped Qian Xue a bit.

But this does not mean that Qin Chen recognizes Murong Bingyun, but because Murong Bingyun helped Qian Xue and Ruyue, he can spare her this time.

"Qin Chen, stop for me." Murong Bingyun shouted coldly, his face pale, this guy, did he just leave like this.

"What do you want, do you have to let me kill you?" Qin Chen smiled coldly, ignoring Murong Bingyun, booming, his whole body had already left the sacred ground of Yaochi and his body disappeared.

"This Qin Chen..." Murong Bingyun was so angry that Huarong was pale, but he could no longer catch up with Qin Chen, and he didn't even know where he ran from. "Huh, I didn't think that after Qin Chen

arrived in the heavens, it would be so terrible. I am already the saint of Guanghan Palace. The tycoon at the peak of the mid-term Heavenly Sage would actually collapse in his hands. When he trapped me before, I can't break free."

[Chapter 2890: Fight for glory](#)

Thinking of the previous scene of being humiliated by Qin Chen, Murong Bingyun stomped her foot fiercely. Her momentary wiseness was completely ruined by Qin Chen. She checked the transmission jade slip and immediately knew the ins and outs of the matter. "Damn it, I didn't think that Qin Chen actually joined the work of heaven. No wonder it was so arrogant. I had known that Qin Chen was going to break through the 33rd Heaven illusion array. I set a trap and pitted him once. But it was the heaven test soon. Practice, run and run

I'm afraid I can't run to the temple, huh! "

She vented for a while, calmed down, and felt Qin Chen terrifying herself.

"In the Tianwu Continent, he suppressed me to death. Unexpectedly, in the heavens, his cultivation is clearly inferior to me, and he still suppresses me. Let me practice hard in this Jade Lake Holy Land for a while." Murong Bingyun sat cross-legged, After cultivating hard again, what she didn't feel was that the holy liquid in the entire Yaochi Holy Land was a little shallower before, but because the Yaochi Holy Land was too vast, and she was in anger, she was actually

Could not perceive it. "This time, it's not a wasteful trip. Although I didn't see Qianxue and Ruyue, I also knew the situation of the two. I can go to the heavens to test with peace of mind. The only trouble now is how to return to the Tianwu Continent. It is said that this time the celestial trial

Lian, gathered the top arrogances of many palaces in this side of the heavens, and some forces against the sky. I don't know if the people from Yaomie Mansion are here. If they are, you can inquire about Dong Yuyin's news and learn about their strength. . "

Qin Chen's eyes flickered as he calculated carefully.

He was in the shape of electricity, and flew towards the outside of the 33rd Heavenly Guanghan phantom array. In addition to the news of Qianxue and Ruyue, Qin Chen has other gains this time, that is, the improvement of his soul, and the re-engraving of the first two in the 33rd Heaven and Guanghan illusion in his Sky Patching Hammer. The twelve heavenly phantom array, and also got

A lake-sized jade pond sacred liquid exists in the jade disc of good fortune in the universe.

This jade pond sacred liquid can be used by Sisi for cultivation, contains extremely yin power, and can make Sisi's natural charm body even better.

Above the Guanghan Palace Square.

The aftermath of Qin Chen entering the Yaochi Holy Land has not disappeared, and many female disciples are discussing how Qin Chen survived in the 33rd Heaven illusion.

"Unexpectedly, Qin Chen could actually break into the Jade Lake Holy Land. If he could survive, it would be terrifying. He is probably the only warrior who can safely break into the Jade Lake Holy Land without the forbidden mark."

"However, in the Jade Lake Holy Land, it is even more dangerous. I am afraid that Qin Chen will not be able to return."

"For the beloved woman, willing to die, how many men can do it with such courage?"

"Unfortunately, it's too reckless, this is a death-seeking behavior, even if it is heroic, it is not worth promoting."

"Then Qin Chen is absolutely dead this time."

A group of people whispered to each other, very sorry, and even envied the light in their eyes.

However, at this moment, suddenly, a light flashed, and Qin Chen flew out from the light curtain of the 33rd Heaven and Broad Cold illusion and landed on the square.

His whole body bloomed with a strong aura, just standing on the square like this, an aura of the Primordial Demon God swept out, causing all the disciples of the Guanghan Palace to back away, and there was an incredible light in his eyes.

Even Na Xuyong was shocked and looked at Qin Chen incredulously.

"My Lord Minister, the disciple has completed his own business, thank you Lord Guanghan for the accomplishment."

Qin Chen said respectfully to Tian Tian.

Boom!

At the next moment, a horrible aura came down, enveloping Qin Chen vigorously, and instantly took Qin Chen away from the square.

"Palace Master Guanghan, you and my agreement, it's so decided, goodbye!"

The rumbling roar echoed in the sky above Guanghan Mansion, and the Holy Master of Yaoguang had already taken Qin Chen away and disappeared.

In the depths of Guanghan Palace, Palace Master Guanghan looked at the place where the two had left, and his eyes flashed with brilliance: "Then Qin Chen, how can he withstand my 33rd Heavenly Guanghan phantom formation? "Qin Chen, you are really good. Go and prepare. After three days, all the disciples of Guanghan Mansion will gather in Guanghan Palace and go to the place of trial together. My Guanghan Mansion Heavenly Work Branch will also There will be a few sons going with you, you will join them

Regardless of whether you act alone, I have no other requirements of you, there is only one, and that is to come back alive. "

"Also, the heavens are vast, and there are many arrogances. Although you are strong, you are not without geniuses. You must be careful."

Returning to work in the sky, the Holy Master Yaoguang gave Qin Chen a few words, then quickly left, disappeared, and from beginning to end, he did not ask how Qin Chen broke through the 33rd Heaven and Broad Cold Formation.

This makes Qin Chen feel good, many of his hole cards, after all, can't be said clearly.

He could feel that the Lord of Light seemed to be particularly concerned about himself, but he didn't care, no matter what the other party's demands, there should be no intention to harm him.

For the next three days, Qin Chen had been silently retreating and improving his state. After understanding the state of Qianxue and Ruyue, Qin Chen felt much more relieved.

During these three days, Qin Chen also took the opportunity to visit Xiachendi Pavilion, and found that the Chendi Pavilion branch was developing well, so he was relieved.

Three days, fleeting.

"go!"

Huh!

When the time came, Qin Chen received the news and immediately rushed to the gathering place outside Guanghan Palace alone. He doesn't have any friends in Tianzuo, and Bai Yutang and others are not qualified to participate in the heaven trial. As for the several saints of Tianzuo mentioned by the Minister, he doesn't know who they are, so he doesn't bother to join in the fun. No dust

It is necessary to find someone to cooperate.

Qin Chen's speed was very fast. After passing through the space barriers and experiencing the teleportation formations, Qin Chen came outside Guanghan Palace again after several hours. After flying once by himself, Qin Chen knew the terribleness of the Holy Master of Light. The Holy Master of Light returned to work in the sky from Guanghan Palace only for a moment, and it was purely through the void, and he used various means such as teleportation formations, It takes more time than Yao

The Holy Lord of Light has increased ten thousand times.

How terrible!

Boom!

As soon as Qin Chen arrived at the gathering place outside Guanghan Mansion, he felt a lot of powerful auras, piercing through each teleportation formation, all surging one by one. At this time, on the gathering square, many people have gathered, they are all giants, saints from all major forces, top powers, who can come to participate, at least the top forces in Guanghan Mansion. , Such as the Wangu Tower, there is

One disciple quota. Of course, many of these disciples are cannon fodder. The real participants are the saints of the Guanghan Palace, the saint children of Heavenly Work, and other tianjiao among the holy master-level forces. They represent the Guanghan Palace to participate in the heaven trial and compete for glory.
