

## Valkyrie 2891

### [Chapter 2891: Many sons](#)

The gathering place outside Guanghan Palace is very vast. Together with the various spaces of Guanghan Palace and the ground paved with various spars, various pavilions, terraces, and pavilions have been built, which are beautiful and magnificent. And from the space teleportation arrays everywhere, the holy sons of all forces have come out of it, each with extraordinary aura, different temperament, some holy sons, arrogant, high above, arrogant, and some holy sons. , Full of spirits

With hope, more murderous, like a \*\*\*\* like a devil.

Among them, the weakest cultivation bases are in the middle stage of the heavenly sage, and the peaks of the middle stage of the heavenly sage are the majority. Such as Qin Chen, the peak of the initial stage of the heavenly sage, that is an exception.

Even many of them are peerless geniuses, possessing a variety of special physiques, resembling Chimei, Murongtian, and Fu Zixi, who are majestic and majestic.

Qin Chen glanced over, and at least saw more than a dozen powerful physiques, including astral body, fire-moon twin pupils, presence or absence of ancient bodies, and immortal dragon body.

These physiques are all very powerful. The top talents selected from the entire Guanghan Mansion participated in the trials of the heavens. They were all true to each other and communicated with each other, forming one small group after another. Among the many top forces in Guanghan Mansion, who can become a super saint child and obtain the qualification to participate in the heaven trial, no one is not a smart person, each is a super ruthless person, a top talent with great opportunities and great qualifications.

The gathering of Duotianjiao masters here made Qin Chen feel dizzy.

But Qin Chen didn't care, the Holy Master of Guanghan Mansion, he was not afraid of anyone, even Xiang Wudi was defeated by him, would he care about other people's thoughts? This time he went to the heaven for the trial, what Qin Chen fancied was the opportunities and treasures inside. Rumor has it that in the heaven trial, it was a mysterious place in the ancient heaven, with all kinds of opportunities against the heavens, and even a holy lord. Inheritance, especially the sky inside

The earthly holy aura is abundant, and Qin Chen has the opportunity to break through the middle stage of the heavenly holy. Now that the crisis of Tianwu Continent is getting closer and closer, Qin Chen must break through the middle stage of the Heavenly Sage as soon as possible, and even cultivate to become stronger, otherwise the continent's crisis will not be resolved. Only the place of trials in the celestial realm can give him this opportunity, otherwise he will stay in the sky.

At work, he couldn't allow him to reach a higher level across the countless years of accumulation of other Tianjiao in just a few months.

The saint son Tianjiao present also had the same idea. . With their current cultivation base at the peak of the mid-Tian Sage, if they continue to cultivate in their respective forces, with their strong aptitude, there is no problem in achieving the overlord of the late-Tian Sage, and there is even a great hope to step into the peak of the late-Tian Sage. territory

World, but it also takes a long time.

A thousand years!

Even ten thousand years! And after breaking through to the peak of the late Heavenly Sage, their cultivation was stopped because of this, and then they wanted to break through to the realm of the Holy Master, it is almost difficult to reach the sky, even these top Saint Child masters, there is no one in ten thousand. Chances are high

hand.

How slim is this?

Therefore, they must go out and participate in the heaven trial, looking for their own opportunities, the purpose is to be able to break through the late heavenly sage as soon as possible, and spy on the opportunity to achieve the Holy Lord.

A holy lord has never reached it step by step. Each one has gone through countless dangers and countless fights to succeed.

These holy sons gathered together and discussed with each other. From time to time, some people looked at Qin Chen with solemn expressions. Obviously, some things about Qin Chen's work in the sky had been passed on, making everyone in Guanghan Mansion discolored.

Naturally, Qin Chen ignored it. He sat cross-legged in the corner of the assembly place, closing his eyes and resting.

Boom!

At this moment, a series of terrible auras came, and several shadows in the air fell, and then Qin Chen felt a pair of hateful eyes bursting out.

It is invincible.

At this time, Xiang Wudi no longer looked like he was embarrassed before, and the injuries on his body have been completely repaired. The whole person has become deeper, his eyes faint, staring at Qin Chen, there is a bitter hatred. And beside Xiang Wudi, there are several people with extraordinary auras. Everyone's aura is not weaker than that of Xiang Wudi. They have their own strengths. They are a few extraordinary men. Among them, there is a cold and frosty man, as if proud Of a peacock

The woman, with a strong cultivation base, attracted the attention of countless people.

This woman, wearing a bright yellow dress, is slender, her skin is snowy, and her body is shining with a soft light. She is extremely holy and has a special temperament. "Huh? This should be a kind of bright sacrament, right?" Qin Chen glanced at him, and he saw that this woman's physique was a rare physique, possessing the power of light, and the book of origin in Qin Chen possessed heaven. All the books in the working treasure temple

Ji, the eyes can see through the essence, and naturally can see the physique of this woman.

These people and Xiang Wudi were gathered together, and it was obvious that they were the powerful saints of Guanghan Futian who participated in the trials of the heavens. According to the Lord Yaoguang, there have been several top sages in Guanghan Futian over the years. In addition to Xiang Wudi, a few are not weaker than Xiang Wudi, and even stronger than Xiang Wudi. , A longer history, but all

Go out to practice, or retreat.

It seems that these are the few.

And the appearance of these people also attracted the attention of many saints present, staring one by one.

"Look, these should be the top saints of Tianworker, right?"

"Tianjiao is one of the top forces in our Guanghan Palace, second only to Guanghan Palace. This time, I am afraid that they will depend on them as a new force." "That should be the Saint Xu Yue, who has a whole body of cultivation, and good fortune. That is the son of Dao Zhengzhi, the son of Su Zheng, the son of Sun Wujin, and the son of Zhou Wu. Among them, the son of Zhou Wu is the oldest and the oldest son of Tianwork, three thousand years.

It was already famous before, and the critical moment to touch the late stage of the Heavenly Sage had arrived. It seemed that this time he wanted to use the heavenly trial to make a thorough breakthrough.  
"

A lot of strong people talked.

"Xiang Wudi, this is that Qin Chen? The new saint son who defeated you?"

As soon as these people fell, their eyes focused on Qin Chen, and the corner of one of the men's mouth was drawn with a mocking smile.

"It doesn't seem to be great? The cultivation base aura on the body is weaker than ours. Is it really so strong?"

"Xiang Wudi, you won't use all your strength on a woman to capsize the boat in the gutter? You were defeated by such a young man?"

"You're really getting alive and going back. This saint son went out and practiced in seclusion. It didn't take long for you to be taught like that. Xiang Wudi, you really shame us old saints." Among these men , A few people sneered and said, the whole body was full of light, and the momentum was extraordinary.

#### [Chapter 2892: You actually know](#)

One of the men even smirked and said: "This Shengzi wants to meet him, to see what this person is capable of. Even the old-brand Shengzi dares to teach it. It's crazy."

"Well, Dao Zhengzhi, several people, now we represent Tianjiao, don't let the other forces in Guanghan Mansion look at jokes, let's go, after all, we are the holy son of Tianjiao. See you in the past."

Among them, the leader of Zhou Wu Shengzi said, he was tall, but he had some leadership qualities.

These people immediately walked towards Qin Chen.

"Ok?"

Feeling the footsteps of several people, Qin Chen opened his eyes.

"Your Excellency is Qin Chen?" The leader Zhou Wusheng said with a smile.

"Yes." Qin Chen nodded, his eyelids drooped, and did not lift up, just said lightly: "Are there any problems?"

This week, Wu Sheng's eyes immediately wrinkled, saying that Qin Chen had a mad temper, and he was really mad. Among them, Su Zhengsun endless and Dao Zhengzhi frowned, even Xu Yue frowned.

In their opinion, no matter how strong Qin Chen's cultivation is, he is still a junior. They did not know how long before Qin Chen joined Tianzuo. They were all senior characters. This Qin Chen actually spoke to them like this.

"It's nothing, it's just to come and get to know each other. We are all disciples of Tianjiao. No matter what kind of grievances we have between each other, we should work together in the face of such a big trial in the heavens. Brother Qin, do you think so? ?"

Zhou Wusheng smiled faintly, but was not angry, and suppressed the angry attitude of several people, and said with a smile.

"Huh? This week Wusheng, there are some cities." Qin Chen glanced at Zhou Wusheng. Others are easy to talk, and he naturally can't attack others, and said lightly: "This is natural."

It's just his attitude that still makes other people a little unhappy. Where is the attitude of a newcomer? Just when a few of them were about to get angry.

Boom!

Suddenly, melodious voices sounded, and countless petals fell above the sky, and a group of celestial women fell from Guanghan Palace.

This is a group of women, each of them stunning, and the leaders are Wei Siqing, who had a relationship with Qin Chen, and that Wuling is also there, and even Murong Bingyun is among the crowd, each is beautiful It's so amazing.

The appearance of this group of people immediately attracted the eyes of countless strong people on the field, and even the top Saints who worked in the sky frequently looked over, and their eyes kept flashing.

The saint of Guanghan Palace, in Guanghan Palace, it is like a fairy. Which man is not tempted, which man does not want to pursue.

It is a pity that Guanghan Palace has strict rules. I have never heard of any man who can soak in Guanghan Palace. I have never even had the opportunity to meet. This time, the Celestial Trial is a good opportunity to connect with feelings.

The arrival of many women in Guanghan Palace immediately attracted everyone's attention, and also attracted all the saint children of all major forces.

"Everyone." Wei Siqing stood among the crowd and said coldly: "You are all the arrogances of my Guanghan Mansion. When everyone arrives, our team from Guanghan Mansion will set off. Please be prepared. , The heaven will open the trial channel, then the Lord of the Palace will kiss

Self-sent us into the channel, into the place of trial. "But I remind you that the place of trial is dangerous. Our Guanghan Mansion represents one unity. You can act together, and it is best to act together. Only in this way can we have more vitality. If we people in Guanghan Mansion are trying The land of refining broke out

Name, even our Guanghan Mansion will become famous. At that time, the Lord of the Palace will also give you additional rewards. "

"However, you should also remember to protect yourself. The trial place is dangerous. In the last trial, the Tianjiao of Xueyang Mansion and Renwang Mansion killed many of our disciples in Guanghan Mansion. Please be careful."

Wei Siqing shouted loudly, she is the great sister of Guanghan Palace and the leader of many saints in Guanghan Palace this time.

"The words of Saint Wei are extremely, our martial artists who work in heaven should act together to fight the enemy together."

"Sage Wei Renxin, this time we will definitely strike out the prestige of Guanghan Mansion in the heavens."

Many Saints roared, obviously wanting to leave an impression in front of Wei Siqing.

Wei Siqing nodded, did not say anything, his gaze only swept Qin Chen's side, and Qin Chen glanced at each other, and nodded slightly.

Qin Chen felt Wei Siqing's gaze, but also nodded.

Wei Siqing was very impressed with Qin Chen, and knew that Qin Chen actually broke into the Yaochi Holy Land and went out alive, naturally shaking her heart.

"Sister Bingyun, don't you go up and say hello?" Wei Siqing glanced at Murong Bingyun and said.

She knew that Qin Chen was someone who even dared to break into the Holy Land of Yaochi for Murong Bingyun. Murong Bingyun was so embarrassed that she scolded Qin Chen bloody. She knew how many catties she was. If she really walked up, with Qin Chen's personality, she could definitely ignore her.

"Roll" can be said

.

Her eyes flashed, and she smiled immediately: "Master sister, you are joking, in fact, I have nothing to do with that Qin Chen, you have misunderstood it." "Misunderstanding?" Wu Ling glanced at Murong Bingyun uncomfortably. Hmph, Qin Chen even broke into the Yaochi Holy Land for you, and still misunderstood? And in the Yaochi Holy Land, clothes can't be worn, you said it's okay for you two? No, Yaochi Holy Land

I can't wear clothes in the middle, you two won't...it's disgusting. "

Wu Ling looked disgusted.

From her eyes, how could she not tell that Murong Bingyun was still a virgin, just trying to disgust him.

But Murong Bingyun thought of what Qin Chen did to him that day, and his teeth tickled with hatred.

"Well, Wu Ling, don't talk nonsense." Wei Siqing scolded her: "We Guanghan Palace must unite ourselves, Bingyun, don't get me wrong, Wu Ling is not malicious, just too naughty."

"Senior Sister said that." Murong Bingyun smiled slightly.

What made Wu Ling most uncomfortable was Murong Bingyun's scheming look, and couldn't help rolling his eyes.

And since the arrival of the two of them, the lord's pampering for them has been much less.

"Junior Brother Qin Chen, do you know the saints of Guanghan Mansion?"

Dao Zhengzhi saw Wei Siqing and the others look at this place frequently, and they seemed to be saying the word "Qin Chen", his face sank, and a sharp gleam in his eyes.

Qin Chen caught this very keenly, but he remained calm.

"Have a fate."

He said lightly. "Junior Brother Qin Chen, I heard that you are from Yunzhou in Guanghan Palace. How did you know the saint of Guanghan Palace not long after you first came to work? And that Wei Siqing, I heard that he does not leave Guanghan Palace all year round. Do you know each other?" Dao Zhengzhi's eyes flashed.

### [Chapter 2893: Confusion](#)

Qin Chen nodded without explaining, with a calm expression.

"Humph!"

A trace of coldness flashed in Dao Zhengzhi's heart. "Junior Brother Qin Chen is a good method." The son of Su Zheng also laughed, "I was able to get to know the first saint of Guanghan Palace so quickly, hehe, I remember that I was also an accidental opportunity after joining Tianzuo for thousands of years. I just met Na Weisi

Green. "

"Haha, Junior Brother Qin is a figure who has a cultivation base, he dared to offend the veteran saint son when he joined Heavenly Work, and even Xiang Wudi dared to suppress it. It was reasonable to know the number one beauty in Guanghan Palace." Su Hentai laughed too. "Sister Xu Yue, it seems that you are still not well-known. After you see that our junior brother who worked Tianzuo joined Tianzuo, he first met the saint of Guanghan Palace. You, the number one beauty of Tianzuo, our little girl. Junior Brother is not interested

Interesting. "

Xiang Wudi also sneered, with a gloomy tone, seeming to be joking, but all had a provocative meaning.

"Okay, don't say anything."

Zhou Wusheng frowned and looked at Qin Chen, "Junior Brother Qin Chen, it is better for us to act together after a while, what do you think? This is also safer."

"It depends on the situation, it's not enough for Qin to be alone." Qin Chen said lightly.

This was a tactful refusal, not because he had any opinion on Zhou Wusheng and the others, but because he really didn't want to be with this group of people.

And don't have Xiang Invincible and a hostile Dao Zhengzhi, there will be a lot of trouble at that time, it is better to act alone, anyway, with Qin Chen's cultivation base, he does not need the help of others.

"Senior Brother Zhou, it seems that Qin Chen doesn't like us at all, too, he is a person who suppressed Xiang Wudi as soon as he came up, I am afraid that we will hurt him." Dao Zhengzhi sneered.

The saint named Xu Yue, her eyes flashed with strange light, she hadn't spoken all the time, she looked calm as water, carefully observing Qin Chen.

"If you are all right, Qin will practice."

Qin Chen didn't bother to continue talking with these people. "Cultivation? Brother Qin is really hard, but Dao Mou heard the news that you defeated Brother Xiang, but he was very curious. I don't know how Brother Qin suppressed Brother Xiang. Since Brother Qin wants to act alone, it's not impossible, but The son

For Senior Brother, for the safety of Junior Brother Qin, I have to test Junior Brother Qin's cultivation level to see if Junior Brother Qin can act alone. "

Dao Zhengzhi stood up suddenly, locked Qin Chen with his breath, and then grabbed the tip of his finger in the air, flying out an extremely strong chaotic energy.

Boom!

Chaos comes, the end is destroyed.

No opportunity for Qin Chen to refute at all. In an instant, a terrifying torrent of chaos appeared in front of Qin Chen, directly enveloped it, all sides were empty, and a torrent of vigor fell down. This is the chaotic technique of Dao Zhengzhi's cultivation, representing the top supernatural power of Heavenly Work , Put this

The use of the terrifying chaotic avenue has reached the point of unpredictability.

"Hey, how did you start here?"

Everyone was taken aback by the actions here, and they all stared at them, and they couldn't help but shake their minds when they saw that the holy children of Heaven's Work were working.

"I know that it is the saint son of Dao Zhengzhi of Tianzhu. It is rumored that he has an unusual relationship with Xiang Wudi. Then Qin Chen had lost all face to Xiang Wudi in Tianzhu. He wanted to stand for Xiang Wudi."

"You see, that's the art of chaos, the top supernatural power of Heaven's Work, which contains the chaos, and is infinitely powerful."

"That Dao Zhengzhi is a veteran sage, even older than Xiang Wudi. If he makes a move, can Qin Chen resist it?"

"Well, I heard that Qin Chen defeated Xiang Wudi before, I have never believed it, and now it happens to be a clue."

Many saints have noticed the movement here, and they are all very excited.

"Want to try my cultivation level? The young man would also like to know. You keep calling yourself a senior brother, what on earth is there to call me like that in front of young man."

When Qin Chen saw Dao Zhengzhi's hands, he was not surprised at all. He sneered, stepped on his feet, and burst out with a punch. Immediately, the magical power of origin in his body was stimulated. The countless origins between heaven and earth are in Qin Chen's A flash in my heart.

Afterwards, countless Saint Yuan in his body crazily condensed, forming a terrible origin power, crazily condensing on his fist.

When Qin Chen waved his hand, he played the original magical power he had enlightened, which belonged to his true Dao.

Punch out.

Originated from supernatural powers, invincible.

A huge storm swept the chaotic world, and the chaotic torrent displayed by Zhengzhi was suddenly shattered, and Qin Chen's fist continued to penetrate and directly enveloped the opponent's body.

"Not good!" Dao Zhengzhi backed up again and again, and flew up in one step, close to the horizon, beside him, a long river of chaos appeared. No matter how fierce an attack was, it disappeared without a trace.

"Sacred in the sky, chaos is invincible!"

He roared wildly and stroked his hands together. The chaotic river grew bigger and bigger, as if to swallow the world.

"This is the long river of chaos, the vision that appears in the void of chaos! According to rumors, this trick is the original creation of the Lord of Chaos, and a long river represents a ray of life in chaos."

"However, it is rumored that this trick has been put on display and will always be invincible. No one can break this chaotic river!" Many of the saints exclaimed, their voices are right to Dao. Deeply jealous, some of the strong men of the hegemony force saw it, and they were shocked again and again, and suddenly felt the gap, they could feel that if Dao Zhengzhi's opponent was them

, They have no way to crack this trick.

Holy Lord's supernatural powers, who can crack it? Even if Dao Zhengzhi only mastered the weakest part of it, Handan toddlers could not evolve the true essence, but they could not be resisted by giants of their level.

"What invincible? Always invincible! It's ridiculous, if you dare to call invincible, then how should this young master claim to be invincible, and you will be defeated today!"

Qin Chen was angry and booming. The robe on his body suddenly danced. Dao Zhengzhi's self-proclaimed chaos and invincibility suddenly made Qin Chen dissatisfied. With this thought, some cats and dogs dared to claim to be invincible.

"Killing supernatural powers, killing everything, originating supernatural powers, eternal origin!" Qin Chen coldly snorted, blending into the way of killing in the origin supernatural powers, stepping out, the ancient sacramental body runs directly, booming, body and fist in full view. Yi directly tore the chaotic river in one fell swoop, countless magical powers and great avenues

, And the long river of chaos formed by the gathering of its own Saint Yuan, suddenly collapsed and fell apart. Dao Zhengzhi's supernatural supernatural power chaos technique was vulnerable to Qin Chen's invincible power.

#### [Chapter 2894: Naihe Bridge](#)

Qin Chen was incomparably powerful, and his divine might was rolling, coming down, no one could resist.

"What? What magical power is this? I have never seen it before, so ferocious?"

Even Zhou Wusheng's eyes jumped, and in his pupils, he quickly calculated that he wanted to calculate Qin Chen's supernatural powers thoroughly and peeped into a trace of mystery.

However, it was empty, Qin Chen's supernatural powers were nowhere to be found, and he could only feel the power at the beginning of the opening of the vast world.

"Awesome, it is the oldest power system. It is not weaker than the power of chaos. Dao Zhengzhi's chaotic art is the most sacred art left by the ancient chaos Lord. It can't suppress Qin Chen's supernatural powers. Was broken open."

Zhou Wusheng showed a shocked expression in his heart, admiring it very much.

"There are many primordial ancients, cruel, chaotic, unmatched! No bridge!" At this moment, Dao Zhengzhi knew that he was in an extremely dangerous situation. He never expected Qin Chen to be so fierce! Such power is unmatched! At this critical juncture, he finally revealed his peerless evil spirit

Style.

A black stone bridge appeared between the heaven and the earth, blocking the distance between him and Qin Chen at once. This is not a magical power, but a holy treasure, heavenly holy treasure—Naihe Bridge!

This Naihe Bridge is a kind of spatial treasure that traverses the void. There are a total of seven forty-nine handrails and stone pillars, representing seven or forty-nine layers of void barriers. Once it is refined, it can block the heavens and the earth and resist everything.

Dao Zhengzhi was standing at one end of the Naihe Bridge, and Qin Chen was at the other end of the Naihe Bridge. Although there were only forty-nine stone pillars away, it seemed to straddle the two worlds of Yin and Yang, with heaven and man separated forever. "Naiheqiao, Dao Zhengzhi of Heavenly Work actually has such a heavenly sage, and the Son of Heavenly Work is indeed rich and rich. According to rumors, this is the highest treasure of Heavenly Sage. Once the sacrifice is made, people stand on the bridge and the enemy Can't attack at all

, And the person with this treasure can be placed in an independent space, always condescending, but can attack the person outside the bridge, innately invincible. "

"You deserve to be the Son of Heaven's Work, each is extraordinary, and the Heavenly Sage's Supreme Treasure can be taken out at any time!" Everyone was shocked, and even many saints such as Wuling of Guanghan Mansion frowned, feeling this one. The holy treasure is difficult to decipher. If you want to attack the opponent, you must tear the forty-nine void barriers. This is the void evolved from the heavenly holy treasure.

The power, even if it is only urged by Dao Zhengzhi, who can tear forty-nine layers at once? I am afraid that only the overlord of the late Heavenly Sage can do it.

"What is the bridge, the yin and yang, heaven and man are forever separated, get out of me!"

Roar! Roar! Roar! Suddenly, Qin Chen burst into a loud roar, and his whole body became extremely tall, and horrible ancient auras rushed out of his body, and his whole person was like a \*\*\*\* or devil, bursting out of his body. The incomparably huge natural source law

Then, one by one, the thighs of an adult are so sturdy, one by one flying out, dancing wildly, which is appalling.

"My God, why is Qin Chen's Heavenly Sage Law so gross?"

"It's thick and strong, it's terrifying, is this still a human?"

The saints of Xu Yue who worked that day, Wei Siqing, Murong Bingyun, Wu Ling and other saints of Guanghan Palace, the bosses with open mouths, their eyes widened and dumbfounded, all of them were shocked and terrified. taste.

At this moment, they finally understood why Qin Chen was only at the peak of the early days of the Heavenly Sage, and his power was not weaker or even stronger than those of the giants at the peak of these middle-term Heavenly Sages.

It's really because Qin Chen's rules are too rough. You should know that the rule of normal heavenly saints is only the thickness of the thumb, which is very small, and the saints of their top powers are naturally much more terrifying. Some have the thickness of a baby's fist, and some have the thickness of an egg. Wei Siqing,

Zhou Wusheng, the big brothers and sisters of the Holy Master forces, the top Tianjiao, is about the size of an adult's hand and forearm.

But Qin Chen's?

It turned out to be as thick as the thigh of an adult, and it was a burly adult, with roots pouring out, like a dragon, thick and mighty, what is this concept?

No wonder Qin Chen's strength could be so terrifying.

If they were to know that Qin Chen's laws were not only much thicker than theirs, but also many times more numerous, they would definitely be even more shocked. I'm afraid that the eggs won't fit in their small mouths.

"I want to open up a new origin for this world! Those who follow me prosper, and those who oppose me perish!"

Qin Chen's law of violent surges, roots reach the sky, twisting around, he roared, the wind and clouds changed, and the entire square was rumbling, like falling into the sun, which meant that the sky was broken and the world was opened up.

Rumble!

The saint sons of the many forces around were all shocked to retreat again and again, and the blood in their bodies was surging. Under Qin Chen's power, they couldn't hold them. They all had an urge to kneel, surrender, and worship. This was beyond surprise.

In Qin Chen's body, the infinite ancient aura and Saint Yuan were burning.

Qin Chen did not display any treasures, nor did he step on the Naihe Bridge. Instead, he swept through the magic fist, originating magical powers, killing fist intent, and bombarded again.

☑️!

a bolt from the blue!

The dark, thick and vast Naihe Bridge was swept out in the eyes of everyone indescribable, while Dao Zhengji who was standing on the Naihe Bridge was directly shocked, his face pale, and a mouthful of blood spurted out. Bloody sky.

Qin Chen stood proudly like the Primordial Demon God, unmoving, an invisible aura spread out, causing everyone to change color, retreat, and shocked.

A heavenly sacred treasure, a vast and boundless treasure, was so blown away.

Even if this treasure is urged by Dao Zhengzhi, unable to exert its true power, but it is the heavenly treasure, how can it be so easily blown up, what kind of evil is this guy?

In the past, with Qin Chen's cultivation base, it would be difficult to defeat Dao Zhengzhi if he didn't display the Qibao Glazed Glass Pagoda, the Purple Cloud Drifting Palace, or his strongest time rule. After all, Dao Zhengzhi is as powerful as Xiang Wudi, a sage against the sky, a man of the world, a genius of

enchancing level, even if Qin Chen is better than them, but after all, there is a gap in realm. Before Qin Chen suppressed Xiang Wudi, it took a lot of effort. Do it

. But now, in order to search for the moon, Qin Chen has traversed the 33rd Heaven and Broad Cold illusion. He is more familiar with the heaven and the earth, and he is more familiar with the power control. He has refined the Qibao Glazed Glass Pagoda and other treasures. Although his cultivation level has not changed, but The realm of soul, body, etc., has been improved, and only then has the power to sweep Dao Zhengzhi, showing the shocking scene just now.

#### [Chapter 2895: Give face to brother](#)

"Huh, this is what you call invincible? It's ridiculous, this young man is truly invincible."

Qin Chen stepped forward, cold eyes swept across the \*\*\*\* Dao Zhengzhi, stepped forward, the wind screamed, and he would shoot again, suppress it, and let him know what is powerful.

"Junior Brother Qin Chen, please be merciful!"

But at this moment, Zhou Wusheng finally yelled, and he naturally couldn't tolerate Qin Chen defeating and suppressing another Tianzuo Shengzi in full view. In this way, it was Tianzuo's own face that was lost.

Boom!

Seeing Zhou Wusheng's sudden move, he immediately slapped out the vast road trajectory, and he actually wrapped the Dao Zhengzhi who was vomiting blood upside down, and instantly pulled him to his side.

"Senior Brother Qin Chen, give the senior a good face and don't let outsiders see the jokes about our daily work."

At the same time, Zhou Wusheng's aura surged, restrained and vast, bowed his hand to Qin Chen, and said hurriedly.

"Huh?" Qin Chen's eyes flashed. In this week, Wu Sheng actually felt the same overlord aura as Guanghan Palace master sister Wei Siqing, and immediately understood that this week, Wu Sheng, I am afraid that he has already touched a trace of the late Heavenly Sage overlord. Realm, even

A trace of hegemony power has been refined.

Sure enough, the masters in daily work are like clouds, not as simple as I have seen.

"Well, for the sake of Senior Brother Zhou, I will spare that Daozheng treatment once today. If you dare to offend me next time, don't blame me for being merciless and not giving face."

Qin Chen said coldly, as soon as his fist was closed, all the power was immediately restrained into his body, and the whole person became ordinary and ordinary, as if there were so many ordinary holy children, not prominent at all, there was a taste of returning to the original.

This feeling made the countless saints present even more jealous. "What a great supernatural power, what kind of supernatural power is this?" said the goddess Xu Yue of Tianzhuo. "I have read countless

books in our Tianzhuo Treasure Temple, hundreds of millions of magical powers, and even some ancient magical powers in the ancient heavens. I understand, but

I have never seen this kind of magical power before, which contains the original meaning of opening up the world. What is the name of your magical power, and what is its origin? "

Xu Yue's eyes flickered and asked again and again.

"No comment!" Qin Chen said lightly with his eyes sinking.

He has just defeated Dao Zhengzhi, but there is a kind of majesty that a big man is not angry with himself.

"No comment?" Saintess Xu Yue was rejected by Qin Chen, her eyes flashed a little anger, but she didn't burst into it. In a flash, she smiled faintly: "Since Junior Brother Qin is unwilling to tell, it is Sister is abrupt, this magical power must be

It is the most precious Taoism of Junior Brother Qin, and it is Junior Brother's assassin. How can it be revealed in full view, Senior Sister apologized to Junior Brother here. "

"Say it!"

When Qin Chen saw Xu Yue's city mansion so deep, he couldn't help but glanced at her high.

The average woman has a narrow mind, and when she is rejected this way, she must have long since become angry and furious, especially when the crowd is in full view, and she has to find her place back.

But Xu Yue, who can be retracted and released, is not an ordinary character. Like Wu Sheng this week, he is much deeper than the Saint Child City Mansion such as Dao Zhengzhi, Su Zheng, and Sun Wujin.

But since the opponent lowered his posture, he didn't care about it.

"Qin Chen, Daozheng is also the saint child of our heavenly work to cure it, you wound him in full view, without respect, too much? Don't you know what is respect and inferiority?"

Su Zheng's eyes flashed, seeing Qin Chen defeating Dao Zhengzhi, he was shocked and angry, and shouted coldly. At the same time, he was extremely envious and coveted for the magical power Qin Chen had previously displayed.

At first glance, this magical power is extremely powerful. If it can be obtained by him, it will definitely increase his strength by leaps and bounds. "Huh?" Qin Chen's eyes sank, his eyes pierced into the opponent's heart like that sharp blade, and coldly said: "Honorable and humble? Humph, you are also the saint son of Heavenly Work, don't you know that this world is strong? Respect? What \*\*\*\* reverend, in this

In front of Shao, you, like that Dao Zhengzhi, Xiang Wudi, are nothing but a humiliation to Tian's work. "Qin Chen's voice suddenly became sharp: "I'll give you a piece of advice. Before, it was you who provoke Ben Shaonian. Ben Shaonian was in the same line with everyone, showing compassion. He only gave you a warning and didn't kill him. However, if you continue to pick

If you provoke Ben Shao, don't blame Ben Shao for not showing sympathy. He killed you when he tried in the heavens! Anyway, you are all \*\*\*\* too, stay in the work of heaven, no more than one, no less. "

"you!"

When Su Zheng heard this, he was furious, and a dark divine light burst into his star eyes. He is also a proud son of heaven, a powerful man in the world. Although Qin Chen defeated Dao Zhengzhi with a single move and showed his terrifying strength, he was deeply jealous, but he is not a bully, no matter how shame he has endured, his whole body is immediately Sheng Yuan

"Qin Chen, no matter how powerful you are and defeat Dao Zhengzhi, Su Zheng may not be afraid of you! You are so rampant, Su Zheng has nothing to say. Let's fight a \*\*\*\* battle, either you die or I Dead!"

Su Zheng shouted, murderous.

"I'm afraid you are dead, I won't even have anything to do!" Qin Chen sneered again and again, and strode forward. He had already seen clearly that this Su Zheng was named upright, but his personality was even more sinister than Dao Zhengzhi. Some, it was Dao Zhengji who secretly instigated him before. This kind of character is simply a job.

The malignant tumor will be removed sooner or later.

Among the few saints who worked on this day, Zhou Wusheng and Qin Chen couldn't see through them. They seemed to be a little righteous, but they had to be carefully observed. Xu Yue, a very shrewd man, was very deep in the city, but at present, he could not see anything special. Dissatisfaction.

As for the remaining Dao Zhengzhi, Su Zheng, and Sun Wujin, that Dao Zhengzhi was narrow-minded and not a good thing. Su Zhengze was extremely sinister and secretly instigated contradictions. Although Sun Wujin was with them, overall he was better than these two. The last one, Xiang Wudi, stared at him coldly, hiding in the dark, and said nothing. Although things started because of him, he was like a okay person, like a viper, hiding in the dark all the time, waiting for an opportunity to move. Will release

His own fangs are a fatal blow.

Experienced with these guys, Qin Chen really got caught up, really want to cooperate, it's not impossible, Qin Chen must first get rid of the three guys Xiang Wudi, Dao Zhengzhi and Su Zheng before they can cooperate. a bit.

Qin Chen saw people very accurately, and he couldn't be wrong. "Okay, Junior Brother Qin Chen, Su Zheng, don't say anything. Give me a face. I'm all God's Son of Heaven, working on behalf of Heaven. I'm making a lot of noise here and giving people a joke. Let's unite. Together, there are many people and the power is strong, don't be in harmony

People from other forces in the celestial realm fought against each other, and we ourselves fought, and it spread out to make people laugh. "Zhou Wusheng stepped forward and discouraged.

#### [Chapter 2896: Regardless of gains and losses](#)

"Huh! Then I will give Zhou Wusheng a face." Qin Chen closed his fists and stood, the situation was clear.

"When this trial is completed, I, Su Zheng, will definitely fight you!" Su Zheng let out a harsh word.

"Happy to be with you!" Qin Chen smiled coldly. At this moment, Zhou Wusheng spoke to Qin Chen once again: "Senior Brother Qin Chen, Su Zheng and Dao Zhengzhi are more staunch, so don't take it too seriously. I think you are amazing, Senior Brother is also very surprised. This time entering the heaven trial,

There are a lot of dangers inside, there are some very sinister areas, even if the overlord of the late Heavenly Sage enters it, there is a danger of falling. "But these dangerous places have real inheritance, which can give us great opportunities and great gains. Qin Chen's skills are amazing, and his cultivation is through the sky. How about us working together and helping each other? Don't make spears for small things

Shield, after all, everyone is from the sky, and they are the same. "

Zhou Wusheng said sincerely.

"Senior Brother Zhou, do you think it's possible?" Qin Chen smiled coldly, "I'm afraid that Invincible will find a chance to attack me, right? Cooperating with them, wouldn't this young master be idle and ask for trouble?" "Senior Qin There is some truth to what you said. I also heard about you, suppressing Murongtian and Fu Zixi, fighting against Xiang Wudi, and even letting the elder Hao Jun be deposed. I really appreciate this method. Hmph, that Murongtian Et al,

They are all Tianjiao from other forces such as Dousizong, the descendants of the Western Emperor and others. Although they work and practice in our heavens, they are actually some outsiders with wolf ambitions. When they are put in our daily work and training, they are actually digging the corner of our work. "The same is true for the elder Hao Jun. In order to fight for power and gain and control the actual authority of the work of heaven, they are all cultivating their own saints and forces. They are not single-minded to consider the work of heaven.

A lesson, that's a great pleasure. Even if you don't make a move, Junior Brother, after my celestial trial, I have a plan to become the overlord. "

Zhou Wusheng said sincerely, seeming to appreciate Qin Chen's behavior very much. "However, it is a critical moment for the trial of the heavens. We should stop struggling between the many saints of our heavenly work, and being jokes in the province, and damaging our own power. With me, I believe these guys dare not. Secretly to Junior Brother Qin

Start. "

In the tone, Zhou Wusheng is loyal to Tianwork, and he wholeheartedly considers Tianwork's interests, regardless of personal gains or losses. "Yes, Brother Qin, Brother Zhou will not lie to you. Brother Zhou's family was once a big family of my Guanghan Palace. Later, it suffered drastic changes and the whole family was destroyed. Senior Brother Zhou himself suffered a great disaster. The Minister passed by accidentally,

Brother Zhou was rescued and he was given a chance to avenge him. Since then, Brother Zhou has devoted himself to the interests of Tianxue and has been a model for many of our holy sons and daughters. "

A voice came, and it turned out to be Xu Yue who was standing by.

Qin Chen was shocked, but he didn't expect that Xu Yue would listen to the divine sense transmission of himself and Zhou Wusheng. If this were the case, then Xu Yue's method was really horrible.

But the next moment, he saw what seemed to be a conversation between Zhou Wusheng and Xu Yue, and instantly understood that this was Zhou Wusheng and Xu Yue discussing with each other, and informed Xu Yue of the conversation between the two, seeking to unite.

Otherwise, using Qin Chen's methods, cultivation base, and magical powers, even the overlord of the Heavenly Sage Peak can suppress Qin Chen's power, and it is impossible to capture the fluctuations of his divine consciousness.

"Oh? There is such a thing?" Qin Chen knows that there are actually many factions in the heavenly work. Some of the world's arrogant talents inserted by the top families of the Guanghan Palace belong to foreign forces. After all, the forces behind them are also very large. Are some of the top forces in the work of the day, there are

No small right to speak.

Once the second generation of treasured tools like Baiyutang grows up and becomes a holy child, they will also be attracted by the other party.

In addition, there are also Tianjiao cultivated by Tianjiao who belong to another faction. These people are dedicated to Tianjiao, such as Zhou Wusheng and others, who put Tianjiao's interests first. Of course, there are some geniuses recruited from the outside world, such as Qin Chen and others. They are not cultivated from an early age, nor do they belong to the top powers of the Guanghan Mansion. This type of people is difficult to get ahead and can only serve as deacons. , Take care of things, after all

The period is not well developed.

Such as Qin Chen is a special case, once a holy son appears, other forces will consider it.

The big elder group Qin Chen belongs to is considering Tianjiao's own interests. Qin Chen is basically doing things for Tianjiao now. Although he also has his own small abacus, he does not have any behavior or ideas to betray Tianjiao.

"Junior Brother Qin, I know that you have an independent personality and don't like joint actions. The senior brother also has a suggestion. As for what you do, Junior Brother Qin, naturally you will consider yourself." Zhou Wusheng said again. "It's easy to say." Qin Chen nodded. Zhou Wusheng said it was for this reason. Qin Chen would naturally not argue: "I heard that in the last trial of the heavens, our Guanghan Palace suffered a heavy loss, and the heavenly work also fell a lot. Son, I don't know how to return

thing? "This is a long story. "Zhou Wusheng considered it and said: "Heaven Trial, in fact, the great action of our many holy mansions in the heavens. The so-called trial is actually an assessment of us, the proud of the heavens, and a target of the demons.

Military training. "The land of trial is a chaotic treasure in the heavens. All races have masters to enter, and the demons are naturally the same, but because of the space limitations of the treasure, only masters below the overlord level can enter. Overlord of the Late Saint

Realm, you can't enter, but breaking through the overlord inside is different. But the chances inside are strong, and there is even a chance to become a saint master, which also makes any race and any force send masters to enter. "However, because the heavens are too vast, generally after entering it, the tianjiao in a certain area will mix together and enter an area, and the forces of the human race and the demons are actually far apart. It also leads to the fact that in the early stage, the people who competed for treasures were all human forces in the same area. Only the tianjiao who really broke into the later stage and went deep into the depths of the trial ground could encounter the demons, Monster race, blood race, ghost race and other species

The master of the clan. "This has led to the fact that 70% to 80% of the tianjiao who fell in every celestial trial died in the hands of the human race. "

#### [Chapter 2897: The trial begins](#)

"For example, around Guanghan Mansion, there are Xueyang Mansion, Yuming Mansion, Yonghe Mansion, Renwang Mansion, and more than ten Holy Lord Mansion Domains. In addition, there are many more such as Lingxue Palace and Minghui Mansion. The powers of the Holy Lord, such as Pavilion, Tianyanzong, Shenzhaojiao, etc., these forces

Intricately, each other competed for territories. The last time we tried in the heavens, our Guanghan Mansion was beheaded and killed many disciples by the Xueyang Mansion, Renwang Mansion and Shenzhaojiao forces. "

Zhou Wusheng also made no secret of covering up the many enemy forces in Guanghan Mansion one by one. Which power had an enemy with Guanghan Mansion, and which power was still friendly, all explained to Qin Chen one by one. "Moreover, many of the top masters have been inherited from the world, and even the strong are reincarnated. You must be careful, especially when you encounter the tianjiao of other Futian work branches, you must be careful to avoid being calculated by others. Everyone though

They all come from the work of heaven, but in fact they come from various forces in the heavens, not monolithic. "

"Oh?" Qin Chen's eyes flashed and he understood. "Indeed, it's just a branch of our Guanghan Futian work. Among them, the saints are from all directions, rebellious, and they are fighting against each other, not to mention the Tianjiao who works with other heavens, let alone ironclad. May be participating

When trying in the heavens, they would intrigue and frame them secretly. This has to be guarded. "

Qin Chen knew it instantly.

"Junior Brother Qin, it seems that you don't know much about the trials in the heavens, Brother Qin, I have a jade slip here that contains a lot of information about trials in the heavens, so I will give it to you."

Zhou Wusheng directly took out a jade slip.

Qin Chen took it, checked the jade slip, and found that there were no hands or feet. When he was about to seep into it, he immediately learned a lot about the trials of the heavens.

The Celestial Trial is actually an ancient battlefield of the Celestial Race. Later, because the space power inside was greatly destroyed, the structure was unstable, and it was in a state of extremely dangerous spatial disintegration.

This also led to the fact that the top masters of the heavens could not enter it at all, because the aura of the powerful, such as the noble level, was too terrifying. If you broke into that ancient land, it would directly cause that space to collapse and turn into nothingness. Once in the ancient times of the heavens, that place of trial could still carry the masters of the holy masters. This led to the battlefield where some holy masters had fallen. Later, the heavens were shattered and after restoration, the space became more unstable. Item

Until now, even the overlord master could not easily break into it. But there are many treasures in it. Many races in the Celestial Realm finally agreed to open this space in a unified manner within the specified time, allowing the masters of all races to enter, practice and fight, and compete for treasures. So far, there have been many sessions.

Up. And this kind of experience is also a process of cultivating human masters in the heavens. It is for the top geniuses to truly face the other races of the heavens. This is also an examination of the talents of the various provinces by the heavens. A means

.

It is precisely because of this kind of training that the Tianjiao who appear in the various houses stand out and enter the sight of the highest level.

The more Qin Chen tried to figure it out, the more he felt that the Celestial Trial was very ingenious. It not only connected the relationship between the big houses and formed the cohesion of the entire human race, but also grasped the situation of the geniuses in the big houses anytime and anywhere.

When Qin Chen thought about it.

Boom!

At this moment, all the Saint Son Tianjiao almost saw that the big day in the sky above the heavens began to darken, like a solar eclipse.

At the same time, a vast figure appeared above the square of the assembly place.

It is the Lord of Guanghan Palace.

By the side of Palace Master Guanghan, surrounding this group of terrifying powerhouses, the amazing aura dissipated, causing most of the saint children to bow their heads and almost knelt down, not daring to face the eyes of these powerhouses.

"The trial of the heavens should begin soon." Qin Chen's heart shuddered, excitement emerged unexpectedly, and now he was curious as to how the trials of the heavens would begin. "Junior Brother

Qin, the trials in the heavens will be coming soon. Please pay attention, as soon as the great sun of the heavens is completely obscured, the trial channels will be opened. You'd better hug us, because once you enter it, the trials in the heavens will count. Start, kill when time comes

Everyone will be crazy regardless of anything. "Zhou Wu Shengdao.

"I know this naturally."

Qin Chen nodded. Every time the Heaven Realm held a trial, he didn't know how many saint sons would die. The saint yuan's humble and bad luck would all be eliminated. The people who died in the trial, each house and each The big forces cannot say anything at all.

"quiet!"

In the sky, a cold voice sounded, and all the Saints present were quiet. "Everyone, the trials of the heavens have been held many times. You are all from the major forces. There is no need to say more about the stakes in it. You are all tianjiao selected by my Guanghan Mansion. I participated in Guanghan Mansion

You should all understand the world trial. "Every time in the celestial trial, there will be many saints falling among them, some falling in the fight with other forces, and some falling in the hands of disciples who each have hatred among you. No one will care about these. , To heaven

In the place of trial, you can do whatever you want, where there are no rules, no restrictions, there is only one, and that is the strong respect. "However, as the Palace Master of Guanghan Mansion, this palace still has one requirement, that is, you all represent our Guanghan Mansion and are in the same line. I hope that you can work together and fight the enemy together in the process of experience. , Unity is the strongest

. "Now, as soon as the time is up, this palace will open the celestial trial channel. Remember, the celestial trial will last for three months. By the third month, the exit will be opened on time and you can pass The exit channel comes back here,

But remember, the passage is only open for one day. If you cannot enter the exit within one day, you will be trapped in the place of trial and will never be able to come out again. "

The voice of Palace Lord Guanghan contains magical power, which clearly penetrates everyone's mind. At the moment when the words fell, Palace Master Guanghan slammed a divine light, that divine light, which penetrated through the heavens and the earth, appeared in the sky at the moment when the great sun of heaven was blocked, the position of the great sun of that day, a dark domain Door, slowly open

. This domain gate is extremely huge, towering above the sky, it is pitch black, faintly, through the domain gate, you can see another part of the space, there is a dark world, and some ancient sacred mountains, folding space, barren battlefield , The primitive jungle...

[Chapter 2898: Sea of chaos](#)

A breath of shocking riots emanated from it. Ancient wraith spirits roared in it, extinguished monsters roared in it, and an infinite evil aura was madly crying, waiting for the entry of many saints, as if One sheet

Huge mouth, to devour all creatures.

The terrifying aura transmitted from this extraterritorial portal shocked Qin Chen's heart.

He was secretly careful, because he smelled a strong and dangerous breath from it.

This is the battlefield of the tens of thousands of tribes in the ancient celestial realm. It was once a forbidden zone in the celestial realm. Among them, countless top powers have fallen. Not to mention, for example, if a holy master who cultivated dark supernatural powers in ancient times fell here, his terrifying avenue and original rules would form a dark Jedi. Anyone who enters it will fall, but if there is cultivation

The saint child who cultivated the dark supernatural powers resisted the invasion of darkness and got the inheritance of the holy master, then it is easy to become the overlord, and it is even hopeful that he can get a glimpse of the holy master.

This is what countless overlords dream of. It is a crisis and also an opportunity. At least, this kind of opportunity is enough to make countless overlord powerhouses envy and jealous in the land.

"The trial of the heavens has started, everyone, let's go."

As the Guanghan Palace Lord's voice fell, many Saint Sons all rose into the sky.

"go!"

Some saints flew up in groups, turned into bright lights, and rushed towards the domain gate.

Whoosh whoosh...

Countless masters, locust-like throwing into it, seem to be dumplings in a hot pot.

"Let's go too." Zhou Wusheng said to Qin Chen, roaring, countless sage yuan exploded all over his body, turning into a torrent of sacred yuan, rushing straight to the domain gate, the momentum was intense.

Qin Chen flickered and turned into a thunder, taking the lead and robbing Zhou Wusheng in front of him.

"Junior Brother Qin Chen, you are so fast, haha, very good. After entering the trial ground, we are like a comparison, to see who kills more enemies."

Seeing Qin Chen rushing in front of him, Zhou Wusheng laughed loudly and said proudly.

"Kill the enemy?" Qin Chen was noncommittal. He really wanted to enter the trial land. He didn't bother to kill any enemy. Naturally, he went to find the treasure first. In this celestial trial, there were some ancient sacred veins. There is the ancient sacred vein of the heavenly sage, if Qin

Dust gets one, then the energy needed to break through the mid-term of Heavenly Sage is enough to allow him to successfully break through in one fell swoop.

Qin Chen always pays attention to benefits, and he doesn't bother to do things that are not profitable.

"Junior Brother Qin Chen, see you at the place of trial."

Whoosh whoosh!

Zhou Wusheng and Xu Yue followed closely.

"Humph!"

Behind Qin Chen, Xiang Wudi, Dao Zhengzhi and others all showed resentment, but they didn't make a move. They were still in the Guanghan Palace, and they would be punished if they acted here.

"Let's go."

Where Guanghan Palace is, Wei Siqing brought a group of saints from Guanghan Palace to the sky.

Boom!

As soon as Qin Chen entered the domain gate, he felt a surging aura of solemnity, accompanied by the aura of the ocean, and then Qin Chen saw that everyone was actually in the sky above a dark ocean.

The black sea water surged, like a monster spreading its teeth and dancing claws, and there seemed to be countless terrifying monsters lurking in the depths, giving people a strong sense of shock.

"It's really bad luck. We actually came to the chaotic sea of the trial land. The chaotic sea is full of dangers. Although there are many treasures in the depths of the sea, no one dares to go deep into the sea. You must find the mainland before you say it." When the sound sounded, Qin Chen saw the terrifying aura rising above the ocean, and the masters quickly appeared on the surface of the sea from the endless void. Obviously, the tianjiao from all the provinces gathered here.

.

The auras on these arrogances are extremely terrifying. Many of them contain the will of the ancient powerful, and some even emit a dazzling light. Looking at them, they are all top masters.

Moreover, some people's cultivation bases were obviously suppressed at the peak of the mid-Tian Sage, half of their feet stepped into the overlord realm of the late-Tian Sage, but they were all suppressed, just to participate in the trial of the heavens and get the fate of the heavens.

"It's powerful, and there are such powerful characters in every big power. It seems that this time in the heavens is a trial that should not be underestimated."

Qin Chen was secretly wary. Although he was powerful, confident and invincible, he was not arrogant. He was not afraid of a Tianjiao, but what if ten Tianjiao and Hundred Tianjiao like Xiang Wudi attacked him together?

The so-called double fist is hard to beat four hands, hundreds of Geshi Tianjiao join forces, I am afraid that even the overlord master will escape, because these are the top tianjiao in each mansion, and they have powerful holy treasures in their bodies.

Qin Chen was not invincible yet to the point where one person swept all the saints of many big houses. It is estimated that there are dozens of the Holy Lord's Mansion that comes from this area alone, plus some other Holy Lord factions, top powers, big families, big families, thousands of them, the sage of every power. The number of children is also very large, join hands

, Unless it is the Holy Lord, otherwise no one dares to say that he can sweep.

At this moment, the densely packed saints flew out of it, and some saints began to attack each other as soon as they arrived above the ocean, and it was a mess.

boom!

The endless chaotic sea was so shocked that huge waves were rolled up, and the dark sea contained a smell of death.

Among the thousands of saints, some of the saints who appeared next to Qin Chen saw that Qin Chen didn't know him at all, and suddenly laughed in them. One of them danced the giant hammer in his hand and smashed it down at Qin Chen with a grinning smile. .

"Hehe, where's the Maotou kid, dare to be stunned in this place of trial."

This Tianjiao's gaze was ferocious, with a bloodthirsty light, and with a bang, the shadow of the hammer shot up into the sky, with a \*\*\*\* breath, and it was incredible. A huge phantom appeared between the world and the earth, sweeping invincible and unparalleled.

This is a Tianjiao at the peak of the mid-term Heavenly Sage, stronger than the descendants of the Western Emperor Fu Zixi and Murong Tian, extremely fierce, overbearing, and unparalleled in the practice of kung fu, shaking the sky like thunder and roaring.

That momentum shocked several saints of some surrounding forces, each of them changed their colors and retreated crazily, feeling that Qin Chen would definitely die.

There was also the Saint Son of Guanghan Mansion who came, seeing the scene here, but a look of silence appeared in his eyes.

Which force's Tianjiao? Do not know whether to live or die, dare to attack Qin Demon.

"Trash, you are looking for death!"

Sure enough, Qin Chen felt that someone was attacking, he changed his color suddenly, his eyes were cold, and he didn't hesitate at all when he swept his divine consciousness, he just hit him with a punch.

Boom! Qin Chen's fist power was extremely fast, like an ancient holy master, appeared in the air, showing an overwhelming aura, his body was filled with ancient aura, and infinite power was concentrated in the heart of his fist.

### [Chapter 2899: Torn in time](#)

boom! The giant hammer Tianjiao shook in the air, and the giant hammer swinging out was blocked by Qin Chen's fist. The terrifying power of the fist swept away. His body guard was shattered by Qin Chen's strength. There is a feeling of not working,

His face changed suddenly.

He has experienced countless battles in his life and has never felt such a tyrannical aura oppression.

"This is a master of which force, how could it have such a tyrannical power, I can't resist it when I train my flesh body!" He roared wildly, and the hammer shadow changed, and it became extremely misty and scattered all of a sudden. , The Hammer Shadow hits thousands and thousands of them in a row, like the Primordial Demon God, destroying the world, and the chaotic sea below the sea of violent waves, almost unable to bear this

Stock coercion.

But Qin Chen smiled coldly, his fists surged, and under the horrible atmosphere of the ancients, the sacred yuan in his body was running, and a terrible force was brewing in it, exploding, and the strength increased again.

No one reacted between the lightning and flint, and Qin Chen punched again.

Killing fist!

Boom!

With this punch, it was as if an ancient sacred mountain in the ancient heavens collapsed, the stars burst, the sun fell, and the power to destroy the sky and the earth burst out, and the hammer shadow of the giant hammer Tianjiao was completely shattered in an instant.

Some people nearby saw the Hammer Shadow Tianjiao, flying directly into the sky with a punch, blood spurting in his mouth.

Some masters who knew this Tianjiao had their eyes widened and they were shocked.

This is the saint son of Yuehua Mansion Ancient God Mountain Villa, the world's arrogant man of Yuehua Mansion, he was vomited blood with one punch, and his robe shattered, so that they couldn't believe their eyes.

However, what made them even more incredible was the next scene.

Huh!

A figure appeared directly behind Tianjiao in this month's Huafu Ancient God Mountain Villa. It was Qin Chen, with cold eyes, and his hands stretched out, as if the dragon protruding out his own claws and forcibly inserted into the back of Tianjiao. Among.

Puff!

Blood spurted wildly, and the arrogant that day suddenly roared, struggling in pain, but unable to move.

In the air, Qin Chen's cold drink came out again like a demon: "Crack me!"

Huh!

Everyone saw that Qin Chen tore it hard, and suddenly the blood rained and the stumps flew around. The Tianjiao of the Ancient God Villa was torn apart by Qin Chen, torn apart by five horses!

A top arrogant, the saint son of Yuehua Ancient God Mountain Villa, and the heaven-defying figure at the mid-term Heavenly Sage's peak, Qin Chen was hit by a volley in a breath, and then he was torn alive. The cruelty? What a violent thing?

Some saints in Washington that month saw numb scalp, cold body and trembling fingers.

"Take it to me!" After tearing up this arrogant god, Qin Chen was in the air with his hands evolving. Suddenly, the thick root laws and the broken essence and blood were all condensed in the palm of Qin Chen into a dazzling eye. The ball, condenses all of this Tianjiao

power

Then, as soon as Qin Chen collected it slightly, he collected all the power of that arrogance into the Universe Good Fortune Jade Plate and stored it.

"It's so cruel, so vicious, it kills people directly and plunders treasures, and even the source of the opponent has to be refined. What power does this guy belong to?"

The killing here was seen by some caring people, and the scalp was numb and shocked. It's not uncommon for people to fight against this chaotic sea and sky, but it's all you come and go, and each other is evenly matched. The chaotic sea and sky are full of scenes like the collapse of the sky, but like Qin Chen, he kills people in a flash. It is simply

Unheard of.

"Haha, okay, Junior Brother Qin, as soon as I came over, I saw you showing off your mighty power, it was amazing.

Boom boom boom!

In the void, Zhou Wusheng and others also rushed there, all laughing.

In addition, the rays of glow surging, Wei Siqing also showed up with a group of saints from Guanghan Palace. Seeing the scene of Qin Chensheng tearing the heavens, many saints frowned and felt disgust.

This kind of killing method is too cruel, like five horses divided into bodies.

"It's the Tianjiao of Guanghan Mansion."

"That group of women should be the saints of Guanghan Palace in Guanghan Mansion."

"There are also a few people who have the aura of flames on their bodies. Look at their looks and clothes. They are either an alchemist or an alchemist. I know... Zhou Wusheng, Zhou Wusheng who works in Guanghan Futian, that kid is Guanghan Futian. People who work." Qin Chen had just joined Heavenly Work, and although he had gained some reputation in Guanghan Mansion, no one knew about some of the nearby Holy Lord forces and other mansions, but Wei Siqing and the others were different. It's a big sister from Guanghan Palace, one is a day job

His senior brother, the identity information, had been obtained by interested people from the surrounding forces long before the trial, and he was immediately recognized.

The changes here have also attracted the attention of many other top forces around.

In an instant, Qin Chen felt that among these tens of thousands of saints, there were a few super tyrannical existences that had locked their divine consciousness to their group of people, showing colder, murderous intent and wanted to attack them. Up.

These divine thoughts all have a hint of hegemony, and they are all giants of the world and strong against the sky.

"No, there are top masters who have locked us in. They are masters of several forces. This is too dangerous, the personnel are complicated, and it is not easy to fight for death. Let's leave first and enter the depths of the trial. Then, Junior Brother Qin, go."

Who are Zhou Wusheng and Wei Siqing? I also felt the horrible murderous intent in the dark in a moment, and roared again and again, and let out a low roar at Qin Chen, one by one, they rushed up and used their methods to leave here.

Qin Chen's eyes flashed too, and he didn't stay in the death fight. He didn't know the situation now and couldn't be reckless. The space was operating in a regular manner, and disappeared in a flash.

Whoosh whoosh! In fact, it was not just Qin Chen and the others. Although some people came in and fought a lot, the vast majority of Tianjiao and Shengzi, after entering, left this chaotic place for the first time, running various opportunities, this kind of chaos, Too dangerous

, If you are not careful, if you are besieged, the Geshitianjiao will fall, it would be too wrong. "These saints are simply crazy. They are fighting, just like lunatics, but here, there are many treasures. Although this chaotic sea is dangerous, I can feel that there are everywhere in this seabed. The Qi of the Ancient Saint Vein

Breath, there are absolutely amazing treasures, and there are many breaths in the infinite void. "

Qin Chen displayed his powerful soul power, and immediately felt that there were treasures everywhere, and it was a heaven-defying treasure. And Qin Chen had also heard that some powerful Tianjiao with no background had experienced the trials of the heavens and came out alive, and immediately established top hegemonic powers in their respective homes, because they had obtained many treasures from the trials of the heavens.

### [Chapter 2900: Blood Sacred Son](#)

Qin Chen flew by while avoiding the blockades of those terrifying spiritual thoughts, and immediately shuttled out.

"The monster beast under the bottom of the chaos was shocked!" As Qin Chen flew in the void, he immediately felt it, because so many holy children rushed out of the domain gate and were in chaos. Fighting in the air and sea, immediately alarmed some terrifying ancient beasts under the chaotic seabed.

. Immediately, the dense crowd of fierce beasts boiled overwhelmingly from the seabed.

Boom boom boom!

I saw the sea below suddenly exploded, and golden light burst into the sky, like rounds of golden sun rising up, turned out to be a huge golden turtle burning with flames. These magical tortoises have

golden tortoise shells on their backs, and their bodies are full of ancient and ancient auras. Moreover, on the tortoise shells, there are countless mottled traces, with a chaotic atmosphere, containing the power of heaven. Each head is tens of meters in size. Fierce

Evil, spit out fire, rushed to the holy children in the sky, and opened his ferocious fangs.

Every flame beetle has a cultivation base in the middle of the heavenly sage. At this time, hundreds of them rose into the sky, powerful and terrifying.

And Qin Chen could still feel that under the chaotic seabed, there was even more terrifying monster aura rising.

"This is... the Chiyan Golden Tortoise!" Seeing these golden tortoises, Qin Chen was shocked. The Chiyan Golden Tortoise is an ancient beast. It is rumored that it has been extinct in most parts of the heavens, and it is only possible to appear in some forbidden places in the heavens. Unexpectedly, as soon as I entered the place of trial, all of a sudden

I saw hundreds of them.

Hundreds of red flame golden tortoises, ancient fierce beasts, each has the cultivation base of the middle stage of the sage, and they directly bite out. What kind of scene is that?

It was as if hundreds of rounds of heaven had risen all of a sudden, the red flame enveloped the sky, endless golden light gushing, and the sky suddenly screamed.

Hundreds of ancient fierce beasts, Chiyan Golden Tortoises, are almost equivalent to a team of monsters. When they attacked suddenly, some of the holy children were too late to react. They were bitten, screamed and struggled desperately.

"Okay! This group of red flame beetles, hundreds of them, is enough to refine a defensive treasure for me."

Boom! Suddenly, a powerful spirit swept across, and this pitch-black sky suddenly turned blood. Qin Chen looked from a distance and saw that among the countless saints, one was wearing a blood robe. 'S figure rose up, and he spied

When he came out, the magnificent blood-colored palm fell from the sky, tearing the sky and the earth, covering a thousand miles, and flew out with a slam, grabbing all the red flame beetles into the palm of his hand.

Bang bang bang!

These powerful red flame beetles exploded one after another under the huge \*\*\*\* palm.

"This is... the blood sacred son of the blood sun palace. According to rumors, the blood sacred son is the reincarnation of an ancient blood god, who has been cultivated into the blood sun palace's heaven-defying magical powers. Heaven is destroyed, tearing apart ancient gods."

Many Saints were shocked when they saw this scene.

"That is, Blood Sacred Son, this time the Heaven-defying Saint Son of Blood Sun Palace, our enemy of Guanghan Palace, this son is so strong."

Many Saints of Guanghan Mansion saw this scene, all in a cold sweat.

"Hmph, what blood sacred son, don't care about him, wait until deep in the trial ground, find an opportunity to lure him, refine and kill him!" Zhou Wusheng snorted coldly, Wei Siqing's eyes flashed indifferently. , The heart seems to be calculating something.

Their minds were flashing, but they kept moving. With a sigh, they entered the depths of the chaotic sea and disappeared in the blink of an eye.

Many people flew randomly and lost their companions. At this time, where can the team be gathered for departure? You can only leave first, and think of ways to meet after turning around.

If someone stares from a high altitude, you can see that the domain door opens, and countless locust-like saints rush in, and then fly around like locusts, each rushing into the boundless trial ground. "Huh, the people of Guanghan Mansion are running really fast. They don't give this holy child a chance to kill, but they are not in a hurry. This trial, for three full months, everyone is in this area. , Ben Shengzi doesn't believe it, how long can they run

. "

The blood sacred child captured hundreds of red flame beetles at once, and countless tortoise shells were immediately refined into a ball, and he collected them to refine materials for defensive magic weapons, and then the whole person fell to Qin Chen and the others. The place.

And beside him, surrounded by some powerful saints, all members of the Blood Sun Palace, one by one was full of blood, which was very difficult to provoke, giving people a fierce and evil feeling.

This group of people stood here, almost no one dared to approach.

"Which powerful characters are there in Guanghan Mansion this time?" The Blood Sacred Child carefully sensed Qin Chen's remaining aura here, and said coldly. "Master Hui Shengzi, this time the strongest in Guanghan Palace is the saint woman of Guanghan Palace and the saint son of Tiangong. These two forces are the strongest. The master sister Wei Siqing in Guanghan Palace has extraordinary methods. The cultivation base is strong, and the big brother Zhou Wu who works in heaven

Saint, this son must also be obliterated. As for the others, they should all be some of the bottom characters. "A tall and thin strong man grinned and said: "The saint of the Guanghan Palace, we can't kill it casually. Once killed, it will inevitably lead to a war of the big government and will be stopped by the high level of the heavens. And the sons who worked that day, the same, each is very noble

, If we dare to attack them, we will definitely provoke Tianjiao's anger, but every celestial trial, no matter how you do it, there will be no hindrance. It is the best opportunity. "

"Huh, that's natural." The Blood Sacred Child sneered, "I saw a holy child who worked hard before, and killed the person at the Ancient God Villa in Yuehua Mansion with one move. What is the origin of that person? "

"That person?" The people around frowned, apparently searching for information: "Before that person looked like a disciple of the Guanghan Futian working branch. I heard that in addition to Zhou Wusheng, there are a few others in the work of Guanghan Futian. A respectable master, he is invincible, and rumors are a tool

The descendants of the emperor, as well as Dao Zhengzhi, Su Zheng, Sun Wujin, etc., the previous person should be one of them, possibly Xiang Invincible. "Well, these people, although they call themselves Tianjiao in Guanghan Mansion, they are just ants in front of you, Lord Blood Sacred Son. The only thing to pay attention to is Wei Siqing and Zhou Wusheng. These two people have become After the fire, the rumors have begun to condense

The power of the overlord is inherently difficult to deal with. If they can successfully break through the realm of the overlord, it will be even more troublesome. They must be killed as soon as possible. As for the others, it is not enough. "This group of people laughed grinningly.
