

Valkyrie 2911

[Chapter 2914: Civilization of Fire](#)

"How could this kid be so strong?"

The saints of Tianshan Mansion saw this scene, and their eyes widened, especially the leader of the mountain mansion that day, known as the master of Brother Tong, the one who stepped half of the foot into the realm of the late overlord, The shocked eyes were almost round.

"The patriarch of the dark storm dragon is a master who has melted a hint of dominance. He is about to transform the existence of the dragon into a dragon. Once he breaks through and becomes the hegemon, he will become a giant in this chaotic sea. After cutting off the claws, what exactly is the green divine sword in his hand? Is it the treasure of the holy soldiers?"

This brother Tong was so shocked that he thought of many characters in his mind.

Not only was he shocked, but the sages of Guanghan Mansion including Zhou Wusheng and Wei Siqing were also stunned, and then stared at the demon green sword in Qin Chen's hands with their eyes?

"What kind of divine weapon is this monster? Is it a treasure of the Monster Race? It can cut off the claws of the dark violent dragon patriarch with one sword?"

"Why have we never heard of this sword before?"

"There are many treasures in the Treasure Treasure Temple of my day job, but I have never seen this weird monster sword. Did he get this sword from which treasure?"

"This Qin Chen is too abnormal!"

Many masters were shocked, staring at the monster green sword, because they could feel the terrifying aura in this monster sword.

"Roar!"

The most painful was the dark storm dragon patriarch. Under a sword, its claws broke, and the anger in its heart was unprecedented. However, it roared, and in the sea of chaos, the endless chaotic air surged, and it broke the profit. The claws were wrapped in chaotic air, and they grew up again.

"Huh? Interesting!"

Qin Chen showed curiosity. He waved the demon sword like a dominant overlord. With a wave of his big sleeve, countless true dragon ghosts shot out from his body, and once again fought with the dark violent dragon patriarch.

Rumble!

The earth-shaking roar resounded throughout the world, and the power swept through it stunned nine days and ten places, and the chaotic atmosphere soared into the sky, rendering this world into a dark purgatory. The countless monsters involved in it all screamed. Ashes are gone.

"So strong, is this Qin Chen so strong?"

"It deserves to be an invincible master who defeated the child of Heaven Defying Saint, great."

"My Guanghan Mansion, this time, finally there is another arrogant person who is the same as Big Sister Wei Siqing and Big Brother Zhou Wusheng."

Many holy children in Guanghan Mansion saw Qin Chen's action like the Emperor of Heaven, and they all started talking about the battle against the patriarch of the Dark Storm Dragon, and their pressure suddenly eased.

Qin Chen urged the ancient demon sword, and kept cutting it down. The dark green sword aura shot up into the sky, containing the mood of killing, destruction, and chaos, leaving countless wounds on the opponent's body. The dragon scales were broken, but he did not expect the darkness. The patriarch of the Storm Dragon actually patched it up again and fought back.

"This dark storm dragon patriarch has entered the state of transforming dragons, and can smelt all chaotic auras. It is really powerful."

Facing this dark violent flood dragon patriarch, Qin Chen's soul swept through it, and he could see the changes clearly and understand the power operation in the opponent's body. As long as it was supplemented by the continuous chaotic energy, it would be invincible. It's no wonder that Zhou Wusheng, Wei Siqing and others have been fighting for so long before they could not take it down.

In terms of strength, Zhou Wusheng and Wei Siqing are both masters who have touched a trace of dominance, and even a trace of dominance strength has been condensed in their bodies. They should not be much weaker than the patriarch of the dark storm dragon, but it is precisely because of this dark storm dragon. The patriarch's body of the dragon can infinitely absorb the power in the chaotic storm, making it particularly difficult to deal with.

Ouch!

The dark violent dragon patriarch was furious, and the dark golden light lingered throughout his body, opened his huge mouth, and suddenly a dark golden dragon's breath rushed out of his mouth, "Chaotic dragon's breath, upside down the universe!"

Boo!

A dark golden dragon breath spit out, sweeping Qin Chen.

It was the chaotic breath of this dark storm dragon patriarch, which was more than ten times stronger than the ordinary dark storm dragon spit out before.

But Qin Chen's body remained motionless, and there was a terrible holy essence in his body. There was a real dragon phantom lingering around his body, and he cut out with a sword. Immediately, a series of killing sword auras rose up, causing the difference between the return of ten thousand swords. The elephant smashed the dark golden dragon's breath all at once.

"Die!"

The dark violent flood dragon patriarch roared, and opened his mouth unexpectedly spit out a raging magic flame. It was the flood dragon magic flame, which melted away the dragon-shaped innocent qi in the burning.

"Compete with me in flames?" A faint smile appeared in Qin Chen's eyes. Taking advantage of the moment when the dark and violent dragon clan leader broke the dragon-shaped true energy, his body rose up, and above his head, the Seven Treasure Glazed Glass Tower instantly Appeared, endless flames swept down, and Qin Chen seemed to be a **** of flames.

A punch came out.

The history of flame civilization is deduced.

A big "fire" word appeared in the air.

The word "fire" is the flame civilization recorded by Qin Chen. It is sealed in the book of origin, covering thousands of miles, one with four strokes, and each stroke is a horrible flame, green lotus demon fire, dark ice flames, and big Rijinyan, Yinyang Soulfire, represents the most powerful force of Skyfire.

Under the blessing of the Qibao Glazed Glass Pagoda, the four great flames bloomed with seven colors of light, turning the originally pitch-black chaotic storm world into a kingdom of flames.

As soon as he rushed out, Qin Chen urged the Seven Treasure Glazed Glaze Pagoda, and the flames soared into the sky, as if the sun exploded, the stars fell, and the void produced a big explosion, and countless flames exploded on the body of the dark storm dragon.

"Ho **** ho ho..."

The endless demon flame was blasted away, the dark golden body of the patriarch of the dark storm dragon was scorched by the burning whole body, blood spurted in his mouth, cracks appeared on the powerful body, and the smell of burnt smell everywhere.

But Qin Chen didn't stop after casting the Seven Treasure Glazed Glass Pagoda, making another move, and the ancient demon sword evolved its strongest power.

Hum!

A terrifying sword aura of thousands of feet high appeared, and it rushed forward, containing endless killing, destruction, and chaotic moods, and instantly slashed the head of the dark storm dragon patriarch.

Puff!

A head as huge as a hill rose to the sky, and blood splashed hundreds of feet away from the neck.

"Feng, the book of origin, the art of patching the sky, refine it for me!"

With a sword cut off the head of the dark storm dragon patriarch, Qin Chen urged the Book of Origins and began to absorb the civilization of this dark storm flood dragon. Moreover, the sky patching technique was operated to suppress the dark storm flood dragon's head and body, and refine it crazily.

Boom boom boom!

Thousands of feet of dragon body danced wildly in the void, but it was sealed by Qin Chen, and the flame power rose. The next moment, Zixiao Dou Ligong appeared, and the dark storm dragon was sealed in it at once, and then merged into it. Inside Qin Chen's body.

[Chapter 2915: Grace and revenge](#)

In Qin Chen's body, the civilization page representing the Dark Storm Flood Dragon appeared in the Book of Origins, and the power of the Dark Storm Flood Dragon's body was also refined by Qin Chen and became the power in his body.

Boom boom boom!

Inside Qin Chen's body, the real dragon wandered around, majestic and majestic.

In the chaotic storm, other dark violent flood dragons and many monster beast army watched this scene in horror, and then let out a stern roar. Suddenly, many monster beast army retreated one after another, poured into the chaotic sea below, and left one after another. go with.

Qin Chen didn't pursue it either, because he felt that in the infinite depths of the chaotic sea, a terrifying amount was staring at him, very tyrannical and cold.

It should be a very terrifying overlord monster beast, dormant, watching.

Huhuhu!

At the same time, the dark chaotic storm finally left this area. Above the sky, a round of sun was hanging, and the dazzling rays of light shone down, as if the sky was clear after a storm, making everyone's original heavy heart relieved in an instant. Down.

"I actually retreated."

Before being besieged by the army of monsters, Wei Siqing, Senior Brother Tong of Tianshan Mansion, Zhou Wusheng and others saw this scene and repelled the dark violent dragon. They breathed a sigh of relief and eased their tension.

"This Qin Chen..."

Dao Zhengzhi and Su Zheng's eyelids trembled, and they were only shocked and surprised secretly.

Qin Chen swallowed the patriarch of the Dark Storm Flood Dragon, and his aura grew deeper and deeper. He put away the ancient demon sword. Qin Chen looked at Wei Siqing and others with a smile, and said with a smile: "Everyone, the patriarch of the Dark Storm Flood Dragon has been If you don't kill, you don't have to be frightened."

That day, Senior Brother Tong from the Mountain Mansion flickered and looked at Qin Chen. He only felt that Qin Chen's temperament was extraordinary, and the faint breath emanating from him was so jealous that he couldn't help but secretly startled, wondering how powerful Qin Chen was.

"Hahaha." Zhou Wusheng was also taken aback, but the first one reacted and laughed out loud, "Brother Tonghu, Saintess Wei, this time thanks to Junior Brother Qin's action, we killed the dark violent dragon patriarch, we It's safe and sound, but I just want to thank Junior Brother Qin. Let's gather together."

Zhou Wusheng's name is very big, and he is a big brother of Tianzuo. As soon as he said this, he immediately settled his relationship, and regarded the matter as Qin Chen's action. He saved everyone and made everyone owe him. They work a favor every day, and they can also enhance their reputation.

"thank him?!"

The Tonghu of Tianshan Mansion's eyes froze, and he brushed it before he appeared in front of Qin Chen, and said to Zhou Wusheng dissatisfied: "Zhou Wusheng, you are ashamed to say that this dark violent dragon patriarch was originally me and Weisi of Guanghan Qing Xianxian found out that Qin Chen secretly made a move to seize the sacred veins of the Dark Storm Dragon Clan, and caused us to almost fall here. Why should we thank him?"

Tong Hu's heart was depressed. They discovered this dark and violent dragon's bloodline first. As a result, Extraordinary did not get any benefits, but was cut off by Qin Chen. He also thanked Qin Chen for his life-saving grace. How could he bear it?

Wei Siqing's eyes flickered, giving off an icy light, thanks to Qin Chen? He is good-tempered if he is not alive.

"Huh? Disaster? You have said that, right? The treasures of the trial land are obtained by everyone. Since Junior Brother Qin got it, then it is the fate of Junior Brother Qin. You can only say that your luck has not arrived. , As for the thanks to Junior Brother Qin, in any case, Junior Brother Qin did save us before. Otherwise, although I would not destroy the entire army, under the leadership of the Dark Storm Dragon Patriarch, many disciples will be seriously injured or even fall. It's not an exaggeration to say thank you for these disciples, right?"

Zhou Wusheng's expression sank.

He and Qin Chen both come from heaven and work together, and their interests are integrated, so they naturally want to speak for Qin Chen.

"Humph." The Tong Hu snorted coldly, "Zhou Wusheng, no matter what, it was Qin Chen who robbed us of the chance that originally belonged to us, which attracted the wrath of the patriarch of the dark storm dragon, but we don't say much about it, just take it. Given your love, if you encounter any difficulties in the future, my disciples from Tianshan Mansion will also give you some convenience to the disciples who work in heaven. As for the thanks, hum, this kind of thanks, that's all."

"Go, let's go!"

The Tonghu snorted coldly, knowing that in this case, it is impossible for Qin Chen to hand over the good things. The opponents are all experts in Guanghan Mansion. Want to leave.

"Want to go? How can there be such an easy thing, so ungrateful, I rescued you, but you left?"

Qin Chen gave a cold cry.

Hum!

A series of sword qi soared into the sky and turned into an infinite sword net. The sword net was magnificent, like a sky curtain, which actually blocked all the disciples of Tianshan Mansion here.

The disciples of Tianshan Mansion, who repeatedly used their magical powers, were unable to break through the shackles of the sword net. They were trapped in the sword net, and their faces were ugly.

That Tong Hu's expression changed drastically: "Qin Chen, what do you want to do? When we tell the truth, become angry and want to kill someone?"

In the roar, Tong Hu gave a long roar and suddenly turned around. A sharp aura emerged from his body. With a bang, he blasted out with a punch, and he blasted out against Qin Chen's body.

"The majestic Tianshan, shining through the ancient and modern, the shadow of the fist of all ages, Liuhe is invincible!"

Above that Tong Hu's head, a towering phantom emerged, surging with the terrifying Heavenly Sage aura, aimed at Qin Chen, and blasted strongly.

No one expected this punch back.

Zhou Wusheng was furious: "Tonghu, do you dare to avenge revenge?"

While speaking, he shook his body and was about to rush forward, but he was stopped by Qin Chen.

Faced with the blow of this punch, Qin Chen stayed still, bent his right arm back, and struck out with a punch to kill, as if a mighty tsunami was blown out, and the majestic fist turned into infinite murderous opportunity. The shadows of the fists crashed together.

boom!

A dull voice resounded, Qin Chen's fist collided with that Tonghu's fist, and Tonghu's face suddenly flushed red, and he snorted, and the phantom on top of his head shook violently, shattered, and the whole person flew out. , The blood surged on his body, almost spit out a mouthful of blood.

"Brother Tong!"

Many holy sons of Tianshan Mansion rushed up and surrounded Tonghu, frightened and angry.

"This child tiger is the top sage son of Tianshan Mansion. In terms of strength, he is much stronger than us. He was repelled by Qin Chen with one move?"

Many saints in Guanghan Palace were shocked.

"What kind of killing mood is this? When he was in the 33rd Heavenly Realm of Guanghan Palace before, this Qin Chen was not so terrible. How could Qin Chen's breath become so fierce as soon as he entered this trial ground? Like a demon?"

Wei Siqing also stared at Qin Chen. Qin Chen's toughness made her feel a little jealous, and she didn't dare to act rashly.

[Chapter 2916: Ten compensation](#)

Dao Zhengzhi and others were also frightened and afraid to move.

"Tianshan Mansion Tonghu? I kindly saved you before and killed the dark storm dragon patriarch to get you out of trouble. Otherwise, this group of monsters can cause you heavy losses. Not only are you from Tianshan Mansion not grateful, but What do you intend to do with me?"

After Qin Chen repulsed Tong Hu, he did not do anything, but he looked at the saint children of Tianshan Mansion with coldness on his body, "I will avenge my gratitude? Is this the truth of your Tianshan Mansion?"

"What kind of grace will revenge?" The Tonghu took a deep breath, calmed the blood in his body, and said angrily: "If you hadn't plundered the dark violent flood dragon sacred vein, we would be besieged by the dark violent flood dragon chief? Rise and die because of you? What kind of life-saver?"

"Really?" Qin Chen's face was cold: "Let me ask you, if you don't have this young man, would you be injured, and would any of your disciples fall?"

"This... does happen." Tong Hu said with an ugly expression.

"Then I will ask you again, if you attacked the dark and stormy dragon's nest without me, would the other party chase you down?" Qin Chen asked again.

"This....."

Tong Hu stopped talking.

"Huh, can't tell, right? When Ben Shao went to the dark storm flood dragon lair, you had already started with the dark storm flood dragon clan, that is to say, no matter whether you have Ben Shao or not, you will be chased and killed by the dark storm flood dragon. How can this pot be held on Ben Shao's head?"

"But you robbed the sacred veins of the dark storm dragon clan." Tong Hu said angrily.

"Haha, this is your fault. Treasures. Those who can know that we are all competing for the treasure. Whoever can grab it will naturally be the winner. Can we only stipulate that the Holy Vessel is robbed by you, but not by you? The reason Ben Shao snatched? You are so confused and reverse black and white, but you people in Tianshan Mansion don't understand the truth and don't know how to repay you."

Qin Chen said coldly: "Originally, you didn't know how to repay you, and this young man wouldn't take it to heart, but you still took action against Ben Shao before. This is kindness and revenge. How can Ben Shao make you leave easily?"

Boom!

In Qin Chen's pupils, cold light surged, and the ancient aura lingered on him, like a demon god.

Tong Hu couldn't say a word, his face turned red and white.

No matter what, Qin Chen did save them, and that couldn't be changed.

"Brother, this is the home court of Guanghan Mansion. Didn't you see that Wei Siqing of Guanghan Mansion has nothing to do with it? If this continues, we will suffer. It is better to admit counsel and leave quickly." At this time, Tianshan Mansion Some of his disciples also secretly transmitted Tonghu.

They were all startled by Qin Chen's fierce attitude.

"Qin Chen, our Tianshan Mansion is unwilling to oppose you." A female disciple of Tianshan Mansion stood up: "Your Excellency saved us. We are very grateful and are willing to give you enough supplements. Let's say, what compensation do you want? How many holy veins?"

"How many holy veins? Do you think this young man will lack holy veins?"

Qin Chen sneered.

"Then do you have to kill us?" The female disciple stood up and looked at Qin Chen: "Your Excellency is also considered a hero. My Tianshan Mansion and your Guanghan Mansion have always been well watered and will not do anything. Are you going to kill us? If you really want to kill us, then we will fight to the end and fight to the end. Sister Wei Siqing, Senior Brother Zhou Wusheng, you are all leaders of Guanghan Mansion, what do you say?"

This female saint child is quite proud.

"Junior Brother Qin, how are you going to deal with this matter? It is true that Tianshan Mansion and our Guanghan Mansion have never had any grievances. If you intensify the conflict like this, do you want to kill them all? In this case, although it is possible, but we in the future, an enemy like Tianshan Mansion will be formed, and it will be inconvenient for Guanghan Mansion's future actions in the Trial Land."

Seeing such a scene, Zhou Wusheng hurriedly communicated to Qin Chen, but he was afraid that Qin Chen would really kill people in a rage, and that would be troublesome.

"Killed? Although they avenged their grievances, they weren't to the point of killing them. I, Qin, always persuade people with virtue and can't do such a thing." Qin Chen said lightly: "Originally, I didn't want to ask for it. Revenge, but now, with their attitude, it's no good not to ask for some holy veins, Brother Zhou and Sister Xu, just ask for some holy veins for me."

"It is good!"

After receiving Qin Chen's guidance, Xu Yue immediately stood up: "Everyone, our daily work is not too difficult for others. Since you Tianshan Mansion doesn't want to be friends with us, we will do business as well. In this way, you will come up with some holy veins. The two of us cleaned up. From then on, there is no enmity between each other, only transactions. In this way, there are ten sons and saints at the peak of the middle of the heavenly sage in Tianshan Mansion, and the remaining saints are me. Not to mention, according to the Saint Child Saintess at the peak of the mid-Tian Sage, each person has one middle-grade Saint-Tian Saint veins, and then give ten middle-grade Saint-Tian Saint veins."

"What? Ten heavenly saint middle-grade saint veins? You might as well grab it." The saint of the mountain palace said angrily that day.

"Forget it, ten is ten."

Tong Hu stopped the saint from saying more, gritted his teeth and said: "Giving the Holy Vein, we will clean up, just as if this has not happened, we will be passers-by in the future."

While speaking, in the body of this child tiger, a series of Heavenly Saint Middle Grade Saint Veins flew out, transforming into a long white dragon in the air, and flew towards Qin Chen.

Qin Chen took a step forward, grabbed all the sacred veins with a big hand, and watched it for a while. Of these ten middle-grade sacred veins, some of them are normal sacred veins, and some of them are.

The unique chaotic vein in this chaotic sea was obviously the result of their hard plundering from the seabed before, and before they got hot, they lost it to Qin Chen.

However, Qin Chen didn't care, and directly collected all these holy veins.

"Go, let's go!"

Tong Hu greeted the many saints and saints of Tianshan Mansion, and flew away, a few flashes, and disappeared.

About half an hour later, this group of holy sons and daughters of Tianshan Mansion had already left here. One of the holy sons said cruelly: "Brother Tonghu, I wasted ten heavenly holy middle-grade holy veins, this Qin Chen It's too much, the people in Guanghan Mansion are really aggressive, I can't swallow this breath."

"Yes, Brother Tong Hu, if you want me to see, we will immediately summon the masters of our Tianshan Mansion, secretly ambush the people in Guanghan Mansion, and give them a bit of color."

"I heard that the people of Guanghan Mansion and the people of Xueyang Mansion and King Ren's Mansion are enemies of the world. In my opinion, it is better to inform the people of Xueyang Mansion and King Ren Mansion of their news, and unite and ask for justice."

The saint before that smiled grinningly, her eyes sullen.

[Chapter 2917: Shinko Kamitsuru](#)

"Then Qin Chen are all day-workers, aren't they?"

There were also disciples who said: "The matter is over. More is worse than less?" "What's not so good, although the heavenly work is strong, it is the top power in the heavenly world, but it must also follow the principles of the heavenly human race. My Tianshan Mansion is not There is no Tiangong branch, and I usually see us in it, and it is not so proud. And I heard that Tiangong

The internal work has always been chaotic, and the struggle between each other is immortal. If we can kill a few of them, our Tianshan Mansion will not be angry, but will appreciate us. "

"Brother Tong Hu, we absolutely can't bear this tone, otherwise, if it spreads out, where do we from Tianshan Mansion still have a face?" "I can't swallow it either." Tong Hu said fiercely, "Then Qin Chen deceived people too much." , Not only robbed us of the chaotic sea veins that originally belonged to us, but also asked for our ten heavenly sage middle-grade sacred veins. This hatred cannot be let go. The reason I just gave

It is a way of slowing down the sacred veins and reluctantly severing love. Now we are killing someone with the knife and killing him completely to vent my hatred. "

"What is Brother Tong going to do? Is it to summon other masters of our Tianshan Mansion? Together, to ask for justice?" A Saint said. "No, when we traded just now, the two were cleared. Let's talk and call for justice." Senior Brother Tong shook her head: "Senior Sister Biman is right. We want to deal with Guanghan Mansion." People, can't use me

In Tianshan Mansion, I heard that the people in Xueyang Mansion and Renwang Mansion have been looking for the whereabouts of Guanghan Mansion. As long as they inform the many masters of Xueyang Mansion and Renwang Mansion, they will naturally borrow the sword to kill people. "Tong Hu narrowed his eyes, revealing his complacency: "Furthermore, Guanghan Mansion has always been wrong with Shenzhaojiao. I guess he wants to find the whereabouts of Guanghan Mansion. This time the Shenzhao Shengzi in Shenzhaojiao is rumored to be the seventh. The eighteenth generation **** according to the reincarnation of the leader, come here

Looking for an opportunity for him in the trial land, he can directly restore the overlord cultivation base. If we can establish a relationship with the Son of God according to God, this time the celestial trial will be fearless, and there will be many benefits, which can be said to kill two birds with one stone. "Senior Brother Tong Hu is wise. It turned out that he had calculated a long time ago, and his wisdom has reached the sky. It is rumored that the gods have reincarnation methods. There has always been a saying that the gods of the seventy-eighth gods of the gods and the masters are powerful. Really old

The reincarnation of the leader is indeed amazing. "A holy son became excited: "Furthermore, the god-zhaojiao leader back then must have entered this celestial trial place. He must have a good understanding of the trial place, and even some of the secret treasures in the depths of the trial place. Understand clearly, if

If you can build a relationship with them, you will definitely get a lot of benefits. It is definitely much better than the ten Celestial Saint Middle Grade Saint Veins handed over before. Maybe we can all break through to Heavenly Saint. The realm of the late overlord. "

"Okay, very good, but in this way, our Tianshan Mansion and Guanghan Mansion are really hostile. If the news leaks, will it cause trouble to Tianshan Mansion?" A holy son said carefully. "Hmph, even if it is to let Guanghan Mansion know, how can it be?" Senior Brother Tong Hu sneered: "The Guanghan Palace Master has always had a perverted temper and is unwilling to surrender to the surrounding forces. He also wants to be unique. He has already caused the blood sun. Mansion, King Ren's Mansion, Shenzhaojiao and other forces are dissatisfied. Although our Tianshan Mansion is not hostile to Guanghan Mansion, it is only because our Tianshan Mansion is far away from Guanghan Mansion. In fact, Xueyang Mansion and King Ren Mansion have already sent people to look for it. If we pass us and ask for unity, I'm just going with the flow.

. "Tong Hu grinned and said: "What's more, once Shenzhao Shengzi finds his own ancient heritage, he will be able to easily break through the realm of hegemony, and even retrieve his own treasures that year, suppress everything, and lead us to the sage of this domain. Main trend

Power, enter the depths of the trial ground, and compete with the top forces of the Yaomie Mansion, Sogo Mansion and other domains, and even the masters of the demons and demons, to find the holy host. This is what we should do the most. "As for the people in Guanghan Mansion, they are nothing more than a group of ants in the eyes of Shengzi Shengzhao. When the time comes, the whole army of Holy Child and Holy Woman in Guanghan Mansion will be annihilated. I am afraid of any trouble. Maybe in the near future, the whole Guanghan Mansion will be covered by our various

Annex. "Yes, yes, Guanghan Mansion may be destroyed by then, are you afraid that they will settle accounts after autumn?" "Sage Biman sneered, very gloomy, her eyes sullen: "But the most urgent task is to find the people of Xueyang Mansion and King Ren Mansion, the place of trial is extreme.

Its vastness makes it difficult to find each other. "It's not difficult. "Tong Hu laughed: "When the people from Xueyang Mansion and Renwang Mansion came to us, they left a positioning jade talisman. You only need to mobilize the jade talisman to get in touch with the people from these two houses. Shangliangfu,

You will also be able to find the people taught by God. "

"There is still this thing."

All the saints and women of Tianshan Mansion were excited, "If this is the case, it should not be too late, Brother Tong, then we should set out and contact them.

"go!"

Tong Hu gave an order, and immediately, the people of Tianshan Mansion disappeared in the air, looking for the masters of Xueyang Mansion and King Ren Mansion, and wanted to kill with the sword.

The sky over the chaotic sea, the clear sky was thousands of miles away, and the smoke disappeared. At this moment, a group of people in Guanghan Mansion gathered together and flew toward the depths of the trial.

The leaders of Qin Chen, Wei Siqing, and Zhou Wusheng had already gathered together and were discussing something.

"Qin Chen, this time you have caused us a big trouble in Guanghan Mansion."

Wei Siqing looked at Qin Chen with an ugly expression, with a trace of dissatisfaction in his eyes.

"Why, Senior Sister Wei also wants to be troubled by the young master like the people in the mountain mansion that day? Want Ben Young to be responsible for the affairs of the dark and violent patriarch?" Qin Chen said with a smile. "Qin Chen, I'm not talking to you." Wei Siqing was speechless, frowning and said: "The Saint Veins learned that we are all disciples of Guanghan Mansion, and I, Wei Siqing, will naturally not compete with you. Shengmai, but Tianshan Mansion and our Guanghan Mansion have always been well watered

If you don't violate the rivers, you are pushing the people of Tianshan Mansion to the side of Xueyang Mansion, which will put our Guanghan Mansion into an even more embarrassing situation. "Does the well water violate the river water?" Qin Chen smiled, "Wei Siqing, you are still a big sister in Guanghan Palace. You can't imagine that your vision is so unbearable. The so-called well water does not offend the river water, but there is no conflict of interest between the two parties for the time being. Once there is a conflict of interest

Suddenly, let alone people from two different provinces, even if they belong to the same power, they will turn against each other, and be a good man with one heart and put their hopes on the benevolence of others. It's not like you, the master sister of Guanghan Palace, should do. . "

"You..." Wei Siqing was shaking with anger, and Qin Chen actually taught her a lesson.

[Chapter 2918: Reach the mainland](#)

However, Zhou Wusheng, Xu Yue and others who stopped around couldn't help nodding their heads, feeling that Qin Chen's words made sense.

The so-called well water does not offend the river water, but because there is no conflict of interest between each other, or there is no conflict of interest, when the interests are at stake, friends can turn into enemies, let alone unrelated people.

The benefits obtained are the real benefits.

"Murong Bingyun, don't you care about your man?" Wei Siqing glanced at Murong Bingyun.

Murong Bingyun's face turned dark, my man?

Zhou Wusheng and others also looked at Qin Chen and Murong Bingyun, revealing an ambiguous color.

The relationship between Qin Chen and Murong Bingyun, in the eyes of everyone, is that of a dual repair partner. Zhou Wusheng also laughed: "Junior Brother Qin Chen, why don't you introduce this one?"

"Oh, Murong Bingyun, my friend is good."

Qin Chen glanced at Murong Bingyun and said lightly.

"You... Qin Chen, who is your friend!" Murong Bingyun turned green with anger. "Bingyun, why, it didn't take long to see you, still angry with me?" Qin Chen sketched a wicked smile at the corner of his mouth. After shaking his figure, he came to Murong Bingyun's side and hugged her little boy. Pretty waist, five fingers forcefully buckled Bingyun's waist

The tender meat is not fatty at all.

"You..." Murong Bingyun's forehead was violently blue. Just as he was about to struggle and scold, I heard Qin Chen's voice ringing in her ears: "Murong Bingyun, now everyone knows you are my friend, obedient, it's strange Don't move strange, or don't blame me for being merciless

."

Qin Chen said with a smile. In the eyes of others, it was a close conversation between the two and Murong Bingyun, but an inexplicable chill rose from the soles of his feet.

Qin Chen is cruel and can do everything. If she refutes Qin Chen's face in full view, she will never end well.

Especially when I saw the scene of Qin Chen slaying the patriarch of the Dark Storm Flood Dragon before, Murong Bingyun knew clearly that there was no difficulty in killing her with Qin Chen's current strength.

"Qin Chen, you are simply a demon."

Murong Bingyun's angry voice transmission, but the whole person smiled, nestled in Qin Chen's arms, as close as possible.

"Bingyun is my beloved, and I am willing to do anything for her." Qin Chen looked at Murong Bingyun tenderly, shocking everyone. He couldn't imagine that Qin Chen, who was like a **** and demon, was still so cruel. With such a young daughter's posture, Murong Bingyun's heart was frightened, and he only felt chilly.

Yes, I don't know what Qin Chen is doing.

Beloved?

I'm afraid it's the enemy who wants to kill her, right?

"Ok?"

Not far away, Dao Zhengzhi and Su Zheng had their eyes brightened when they saw this scene.

"Sure enough, Murong Bingyun in Guanghan Palace has a special relationship with Qin Chen, if that's the case..."

Dao Zhengzhi's eyes suddenly lit up, and he had also heard the rumor that Qin Chen had a different relationship with a certain saint in Guanghan Mansion, but he hadn't paid attention to it. When he saw it today, it was finally confirmed.

Qin Chen was shocked by the strength that Qin Chen showed before, but if he started with Murong Bingyun, it would be much easier. As long as Murong Bingyun is controlled, he is afraid that Qin Chen will not give up?

Dao Zhengzhi only felt extremely excited and felt that he had found an excellent way to deal with Qin Chen.

"Well, all of us are disciples of Guanghan Mansion. Naturally, we will work hard for Guanghan Mansion. The top priority is to leave here as soon as possible and find land."

Zhou Wusheng said something, and a group of people quickly flew across the chaotic sea.

During the flight, Qin Chen's eyes flickered, as if he was thinking about something, no one knew what he was thinking about.

Along the way, everyone flew by. After about half a day, everyone's eyes suddenly lit up and looked forward.

At the end of the distant space ahead, the sea of chaos finally came to an end. In the distant sky, a magnificent continent appeared in front of everyone.

This continent, with its vast aura, makes people know that there are countless treasures and holy veins in it.

"Finally on land." Everyone was overjoyed. After a while, they all came to the sky above this continent, and then they saw that there were countless ancient sacred mountains and some suspended continental fragments in the depths of this continent. Floating in space, with a

Ancient breath.

The densely packed Taikoo Mountain and the fragmented continent are densely covered in the air, like a hornet's nest.

Between the heavens and the earth, there is the evil spirit from the ancient times flowing everywhere, and even some ancient evil spirits condense into a vortex, swallowing the heavens.

This is a dangerous continent, and it is also a continent full of opportunities.

Vaguely, you can see that in the depths of this continent, there are a group of powerful monsters living in groups, and there are some powerful monsters groups, not even weaker than the dark storm dragon group.

This is nothing. It is rumored that in the depths of this continent, there are even overlord level monsters rampant, and there are even some overlord level monster groups, as well as masters of the demons.

Think about it, what kind of scene would it be like if surrounded by a group of overlord monsters and besieged? Of course, in addition to monsters and beasts in these sacred mountains, treasures are also extremely rich. In those sacred mountains and mainland fragments, there are even many holy veins running through, and some holy veins are directly suspended in some hidden spaces. Like a dragon

Traveling just the same, was discovered by the monsters here, and then swallowed and sucked to strengthen himself. Qin Chen glanced at it and saw some ordinary Heavenly Sage Lower-Rank Saint Veins, just floating in the air, and there were even some broken Heavenly Sage Middle-Rank Holy Veins that traverse the mainland. If it is outside, I don't know. How many gods will there be

The masters are going crazy to fight. "Be careful, everyone. We have entered the core area of the trial land. This should be the site of ancient relics in the trial land. The countless mainland fragments here are also the result of the battles of countless masters in ancient times. The sea

They must be dangerous and must not be separated. "

Zhou Wusheng, Wei Siqing and others are beginning to be cautious. Although their strength is strong, once they fall into the dangerous situation here, they will also fall.

What's more, they also brought so many saints and sons and daughters under their command. This place is one of the most dangerous areas in the trial land, and no one dares to underestimate it. Moreover, in another aspect of the trial land, there are masters of other races such as demons and demons who are practicing. If they break in, once they meet, it will be a battle of life and death, especially when encountering demons. That's the end of endless death

.

"Look, there are a lot of holy veins in front, and even a few complete Heavenly Sage middle-grade holy veins." Suddenly, Zhou Wusheng and Wei Siqing pointed at a distant void at the same time and screamed.

[Chapter 2919: Purgatory Gargoyle](#)

Everyone immediately looked over, and sure enough, in the distance in the sky, there appeared many sacred veins across the sky, exuding an astonishing aura, a few of them, like a heavenly river, shining brightly, and very complete, they are actually a few complete heavenly sages. Zhongpin Sheng

pulse.

And around these few heavenly saint middle-grade saint veins, there are many large and small earth saint veins and some heavenly saint lower-grade saint veins. Everyone immediately became excited. This is simply an amazing wealth. The ancient sacred veins in this ancient ruin are different from the ancient sacred veins in the sea of chaos. The ancient sacred veins in the sea of chaos have been invaded by the chaos, many Ancient Saint

The veins are full of chaotic air, and it is very difficult to refining. A holy vein can be extracted, perhaps only a fraction of it. However, the ancient sacred veins in this ancient ruins are also full of amazing evil auras, but they are many times more pure than the chaotic aura. There are so many ancient sacred veins of the middle grade of the heavenly sage, even if they are For Zhou Wusheng and others, it is also a sum wealth.

In this way, you can buy countless rare treasures when you get it to the outside world.

"Attention, a lot of monsters are gnawing on the holy veins." Just when Qin Chen and the others flew in front of them, suddenly many monsters appeared around the holy veins. These monsters were more than the stars in the sky. They are huge monster beasts with bat wings and no pupils.

Luster, like a stone statue, the whole body is pitch black, with a single horn on the head.

Chi Chi Chi!

These monsters spit out a series of dark flames, burning the void to pieces.

"It's the gargoyle of purgatory, the ancient beast in the rumor!" Zhou Wusheng changed color: "These gargoyles of purgatory can spit out the black flames of purgatory, burn everything, and they are infinitely powerful."

As soon as the words fell, these purgatory gargoyles noticed the flying by Zhou Wusheng and others, and they all swooped in.

"Everyone, be careful, don't go away, otherwise you will be surrounded by countless purgatory gargoyles, and no one will escape death."

Zhou Wusheng saw countless purgatory gargoyles flying from the holy veins, rushing towards everyone, his face changed suddenly, his hands raised, and a mighty fist swept out, turning into a fist like a sacred mountain. Mopped up.

Boom!

Wherever the power of fist went, these purgatory gargoyles exploded one after another, and they were all integrated into the power of fist.

Qin Chen saw the purgatory gargoyle on each head, each of which was more than two meters high, with wings emerging from the back, claws like a hook, and a single horn at the first, with a hideous face, like a purgatory devil, very evil.

Moreover, these purgatory gargoyles continuously breathe out infernal black flames. The black flames ran across the sky, billowing in thick smoke, with the ruinous meaning of purgatory, which gave people various hallucinations, as if they were in hell.

Each purgatory gargoyle has the strength of a peak master in the early days of the sage. Together, the purgatory aura of the whole body communicates, forming a large array of people, making it difficult to move.

When Zhou Wusheng fisted and killed countless purgatory gargoyles, suddenly, countless purgatory gargoyles in the sky began to change. Thousands of purgatory gargoyles, fused together, formed a huge stone giant. This giant, completely dark, with petrified pupils all over his body, coldly glanced at Qin Chen and the others. There was an aura of purgatory circulating on his body, and his murderous aura filled the world, like a devil howling, invisible fluctuations swept away, causing Everyone has a species

A ruptured eardrum, it feels like going crazy for it. "Be careful, this is a gargoyle of purgatory gargoyles. The gargoyle of purgatory has a talented magical power, that is, no matter how many gargoyles of purgatory, they can be combined and turned into a stone giant, combining power together, very powerful.

. "Zhou Wusheng roared, and many of the Saints and Women of Guanghan Mansion saw the giant stone statue, and they all had a terrifying aura and displayed their magical powers, but their magical powers were just blasted on the giant stone statue by a terrifying sound wave. Shattered,

In the middle of these days, the holy son and holy woman giant at the peak of the mid-term, when they encountered this stone giant, they were helpless and seemed to have only one way to escape.

"Hmph, Wu Sheng is supernatural, break the illusion and destroy the spirit!"

Zhou Wusheng snorted, and suddenly faced the sky, he shot all the supreme magical powers. Among the magical powers, a Wusheng phantom emerged, bursting out unmatched supernatural power.

Boom!

Suddenly, this stone giant began to produce a continuous explosion, and many gargoyles screamed, shattered by this blow, and vanished into nothingness. However, this aroused the anger of these gargoyles even more. Densely dense gargoyles surrounded from all directions, and Qin Chen and the others were like sinking into a sea of gargoyles, and countless gargoyles merged into the body of the stone giant.

Constantly swelling, the breath becomes more and more terrifying.

In the blink of an eye, it went from a giant gargoyle with 10,000 heads to nearly 100,000 heads.

"Damn it, you must blast this giant stone statue, or let this giant stone statue continue to grow. The fusion of millions of gargoyles will make the giant stone statue unmatched. Only the overlord Tianjiao can fight it. We are all trapped here. "

Zhou Wusheng roared, and without him speaking, Wei Siqing and others had already led many Saint Children and Saints of Guanghan Mansion to take action.

Rumble! The terrible attack turned into a torrent, and it fell crazily on the stone giant, blasting a gap in the stone giant, but it was useless. More and more gargoyles gathered together, like a civilization of a stone statue. , Xiantianli

In an invincible place, the breath of countless purgatory lingers, making people really feel like being in purgatory. "No, it is said that these purgatory gargoyles come from purgatory. If all purgatory gargoyles merge, this world will be transformed into an environment of purgatory, forming a unique magnetic field. At that time, our power will be subjected to purgatory. surroundings

The influence of the gargoyle is greatly reduced, and the power of the purgatory gargoyle will be improved instead, and we will die without a doubt. "

The expressions of experts such as Wei Siqing and Zhou Wusheng changed slightly, revealing solemn expressions.

This time the crisis was even stronger than the dark storm dragon before.

"Huh? Purgatory environment, purgatory civilization?"

Qin Chen felt the breath of the giant stone statue in front of him, but his eyes lit up and his heart moved. "My book of origin can absorb all the knowledge and power in the world, and form a brand new civilization. As long as you absorb these purgatory gargoyles, you may be able to infer the purgatory civilization of gargoyles. Then the power of the book of origins will be more

powerful. "Qin Chen's thoughts moved, and he immediately killed him, his body suddenly became extremely tall, and the Seven Treasure Glazed Glass Tower appeared on top of his head, and the terrible sky fire swept through and began to burn the stone giant.

[Chapter 2920: Purgatory civilization](#)

Boom boom boom!

Qin Chen's skyfire power has now been amazingly improved. Under the frenzied burning, the stone giant roars in anger, and endless sound waves continue to sweep in, making many of the sages of Guanghan Palace dizzy. , Beginner eardrum.

"What are you doing in a daze? Why don't you let me do it?"

Qin Chen snorted coldly and shouted at Zhou Wusheng, Wei Siqing and others.

"Hands!" Seeing this, Zhou Wusheng, Wei Siqing and others immediately led the many masters of Guanghan Mansion to take action. Suddenly, countless attacks came, and the stone giant was constantly blasted open. Thousands of successes and failures of purgatory stone like ghosts fall

, Made a scream.

Especially Zhou Wusheng and Wei Siqing, whose cultivation bases reach the sky, with each blow of the two, they can blast a hole in the stone giant.

Under the joint hands of so many people, this stone giant kept shaking, and no longer had the mighty power at the beginning, and began to lose ground.

"Good opportunity, Zi Xiao will rate the palace!"

Qin Chen's eyes flashed, seizing the opportunity, Zi Xiao swept out of the palace quickly, hovering above the stone giant's head, booming, the endless flames in the palace poured down, enveloped it, and began to refine it like a pill. This stone giant is struggling frantically, trying to break free from the Zixiao Dushigong, but Zhou Wusheng and Wei Siqing and others led countless saints and sages. This stone giant can't break away from the left and right, but can only continue to send out Stern

Roar.

In fact, Qin Chen alone, with all his strength, could also besiege this stone giant and then refine it. However, anyway, Zhou Wusheng and Wei Siqing led the countless saints and sages of Guanghan Mansion to fight, Qin Chen was also happy to relax, refining with all his strength, and then everyone was shocked to see that under the refining of infinite flames, this Condensed countless

The stone giant with the head of the purgatory gargoyle burst apart, and countless black purgatory auras and terrifying black flames were all refined by Qin Chen.

A breath of purgatory began to penetrate into Qin Chen's body. Sure enough, a page of civilization of gargoyle and a page of civilization of purgatory began to appear in the book of origin in Qin Chen's body. The civilization of the gargoyle is very clear and lifelike, but the civilization of purgatory is very vague, but it is extremely powerful. It is obvious that Qin Chen needs to learn more about purgatory in the future and swallow more purgatory power to truly condense into it.

Type, become the real chapter of purgatory, the origin of eternity. In the distance, many purgatory gargoyles who had not had time to condense, saw this scene, and seemed to be frightened. The purgatory gargoyles in the sky flew up and flew into the endless sacred mountain and fragmented continent in the depths of the continent. In

The hidden spaces disappeared.

boom!

And the stone giant that was still majestic and majestic before that was thoroughly refined by Qin Chen, beheaded, turned into a sky full of black energy, and dissipated. "Junior Brother Qin Chen, you, the Seven Treasure Glazed Glass Pagoda and Zixiao Dousizong are really powerful. Combining the great sky fires of your junior brother, you can actually refine all things, even this stone giant can refine, and then absorb the power of purgatory. , Refining and becoming your own knowledge

, Junior Brother's strength will definitely improve again, terrible! "Zhou Wusheng said in shock.

"It seems that Xiang Wudi's Seven Treasure Glazed Tile Pagoda has fallen into the hands of Junior Brother. It is still a good thing. These treasures can only exert their true power in the hands of Junior Brother. If Xiang Wudi is here, I am afraid it will only be a burden."

Xu Yue also spoke, and he did not hesitate to say anything about his praise. As soon as Xiang Wudi entered the trial ground, he mysteriously disappeared without a trace, causing Xu Yue, Zhou Wusheng and others to be dissatisfied. "Brother Zhou, it's okay. Didn't you say that our Guanghan Mansion has many enemies in the trial land? What kind of Blood Sun Mansion, Renwang Mansion, etc., the young

master can only practice hard, so as not to meet the brother you said Of these enemies, so that they can be cut

kill. "Qin Chen said lightly: "Senior Sister Xu Yue is also right. In fact, in our daily work, we don't need too many Tianjiao Shengzi. Only a few supporting scenes are enough. The treasures of the remaining Shengzi, Should be gathered together and handed over to

A person, in this way, can cultivate a truly world-class powerhouse and spread the reputation of our daily work. "

When Qin Chen spoke, his eyes were fixed on Dao Zhengzhi and Su Zheng, which made them feel terrified and annoyed.

Qin Chen's words clearly meant that they surrender the treasures to each other, because in Qin Chen's view, only he could exert the true power of these treasures.

"hateful."

Dao Zhengzhi's hearts were angry and their eyes were sharp. Wei Siqing also felt Qin Chen's previous shots and gained a new understanding of Qin Chen's methods. After these several incidents, no one in Guanghan Mansion dared to underestimate Qin Chen anymore. There is no despising center, but

Really regard him as a leader like Wei Siqing and Zhou Wusheng.

"Give me!"

He defeated the army of purgatory gargoyles in one fell swoop, Qin Chen opened his bow from left and right, grabbed the distance with both hands, the holy yuan condensed and turned into a shining giant palm, and volleyed towards the two heavenly sage middle-grade sacred veins. Around these two heavenly saint middle-grade saint veins, there are still some monsters gnawing frantically, and the people die for money and the birds die for food. This principle has not changed since ancient times, but these monsters are not Qin Chen's opponents at all. Were destroyed by Shengyuan's big hands, and merged into

In Qin Chen's palm.

Boom! In the end, the two ancient sacred veins of the middle-ranked Heavenly Sage were caught by Qin Chen, and gradually shrunk and turned into a crazy dancing white dragon, flew over, submerged into Qin Chen's body, and entered the universe of jade discs. And the holy vein Qin Chen got before

Gathering together, they became the power for Qin Chen's cultivation.

Immediately, Qin Chen felt the holy energy in his body and the holy yuan was surging, and a long force of strength continued to flow into his body, so that he no longer had the trouble of the exhaustion of the holy yuan.

However, it also made Qin Chen's body a little more abundant in the Saint Yuan. The Saint Veins of this middle-ranked Heavenly Saint couldn't knock Qin Chen's shackles at all, allowing Qin Chen to step into the mid-term realm of Heavenly Saint in one fell swoop.

"Now, if I want to be promoted to the middle stage of the sage, the ordinary middle stage sage veins are not enough. It must be the sacred veins of the top grade of the sage to allow me to break through in one fell swoop." Qin Chen calculated silently, the most conservative It is estimated that if he is promoted to the middle stage of the heavenly sage, at least half of the ancient sacred veins of the heavenly sage's top grade are needed for him to completely break through, and the cultivation base is truly stable, and there will be no vain.

Hidden worries. This is an astronomical figure, and the holy energy of heaven and earth required is immeasurable.
