

## Valkyrie 2921

### [Chapter 2921: A secret](#)

"It looks like it's not bad that talent is too abnormal." Qin Chen shook his head. It wasn't that he was exaggerating, but that his Five Secrets contained many treasures from the Holy Master. Every time his cultivation base broke through, these five The secret treasure will also get a little recovery, so it's so perverted, it's really going to

The five treasures in the Five Secrets have all recovered to their peak state. This is an astronomical figure, not to mention a high-grade Heavenly Saint Vein, even a complete Holy Lord's Holy Vein is too small.

With the amount of resources Qin Chen needed, fortunately, in a place like Work in Tian, if he was in a dominant force and the entire sect had been bankrupted by him, he hadn't improved much yet.

Fortunately, Tianzhuo has the opportunity to test in the heavens. There are many holy veins for him to collect in the ancient relics of the ancient heavens and the ancient battlefield. Otherwise, he can't find so many holy auras for promotion. Everyone saw that Qin Chen had collected the two Saint Veins of the Heavenly Sage's middle grade, and their eyes were full of envy, but the other party was strong, and there was no way to envy them. Fortunately, there were many ordinary Heavenly Sages and lower grades in the air. Taste Saint Vein, quantity

So many, very vast. These saint sons and saints greeted each other and drove the saint treasure to rush up, collecting the saint veins in the air, and Wei Siqing and Zhou Wusheng also shot, except for the two middle-grade saint veins absorbed by Qin Chen. Besides, here are two more

The more nibbled Heavenly Sage Middle Grade Saint Veins were collected by each of them. Qin Chen did not take action either. After all, he ate the meat and had to let others drink some soup. He had captured the two most powerful Heavenly Sage Middle Grade Saint Veins, and also plundered the Chaos Sea Veins and obtained the Tianshan Mansion's Compensation, if Wei Siqing and Zhou Wu are not allowed

Sheng and the others also have some soup, I am afraid that no matter how good the temper is, they will go crazy.

Suddenly, in the sky, countless saints and sons and women made their moves, very happy, and began to collect the saint veins.

You should know that although the ancient holy veins in this trial land contained evil auras that needed careful refinement to absorb, they also contained ancient auras, which would also be of great help for them to perceive the ancient heavenly realm and to understand higher realms.

In addition, after the trial is over, it can be exchanged for astonishing wealth when it is obtained from the outside world. Some of the outsiders are buying the holy veins of the trial land.

No one is too wealthy. On the contrary, Qin Chen, Wei Siqing, and Zhou Wusheng, after collecting the middle-grade Saint Veins of the Heavenly Sage, stopped making any moves. They took the fattest piece. Sacred veins, it's a bit ugly to eat

It's not a leader's behavior.

"go!"

After seizing all the Saint Veins, everyone present has gained a reward, and all are happy and move on.

Along the way, Qin Chen and the others also encountered many treasures and saw many battlefields and places. After they arrived, the treasures were gone, and there were traces of war. "I don't know now, where did the saint children of other realms go? There are traces of wars here. It seems that some realms have already rushed in front of us, and we must speed up, otherwise others will be taken first. We are behind

I'm afraid I can't even drink the soup. "

Along the way, the faces of some saints and women in Guanghan Palace were a little heavy.

Wei Siqing also came to Zhou Wusheng and Qin Chen to discuss. Zhou Wusheng said: "They should have entered the depths of this continent, in some Jedi, looking for relics from ancient times. In those relics, there are the ancient sacred veins of the heavenly sage, and some treasures left over from ancient times. Tianshengzhi

Treasures and other things are not less. "Even in the rumor, there are treasures left by the Holy Lord in the depths of this ancient ruin. However, in the war that year, they should have lost their aura, but as long as they get it, even if it loses its original effect, On the holy level, nothing

The enemy's, and when it is taken to the outside world, and given to the ancestors of their respective forces for sacrifice and nourishment, they may be able to burst out tyrannical power. "

"Holy Master Treasure?"

The many saints and sons and daughters present showed excitement.

The inheritance of the Holy Lord is what they most desire in their trials. Not to mention, as long as they get the treasure of the Holy Lord, they may be able to see a trace of the mystery of the Holy Lord realm, and they will break through the Holy Lord in the future. Infinite help. Qin Chen didn't particularly care about these holy master treasures. There are not a few holy master treasures in his body. The most important thing for him now is to look for resources and break through the cultivation base. Otherwise, once the people of other forces rob them all, He has no

Breakthrough in the law is the big problem. "Senior Brother Zhou, I remember you said before that you know that a certain ruin in this trial land has a lot of resources. Let's go there now. The most urgent thing is to hurry up and break through before other forces. What saint Main treasure,

Still wait for the breakthrough before making plans. "

Qin Chen's eyes flickered and reminded.

Zhou Wusheng nodded, his eyes solemn, "That's natural, and I learned a very important secret. If we can't break through as soon as possible, our Guanghan Mansion will probably be in danger this time."

"What's the secret?"

Wei Siqing and others couldn't help asking, seeing Zhou Wusheng's solemn look.

"I know that a saint who entered the trial land this time is the reincarnation of a powerful man. Now entering this trial land is to find the treasures that he left behind in order to break through." Zhou Wusheng said in a deep voice. Tao.

"Who?"

Wei Siqing, Murong Bingyun and others are solemnly saying that it is no small thing to be able to leave the reincarnation of the ancient powerhouse in the trial land. "Shenzhao Son of Shenzhao, it is rumored that he is the reincarnation of the seventy-eighth leader of Shenzhao. He entered the trial ground this time to find the inheritance left by him. As long as he finds him, he can be smelted. The biography he left behind

Inherit, advance by leaps and bounds, become the supreme overlord, and then soon become the peak powerhouse among the overlords, enter the deepest part of the trial land, and compete with the powerhouses in other domains for the treasure of the Holy Lord. "

"What? The saint son of God's teaching is the reincarnation of the former leader?" Wei Siqing and the others were shocked. This is amazing news. "That's right, I learned this news accidentally when I was practicing outside. The strength of the Son of God is not weaker than ours. If I get my own in this trial Inheritance, before us

The breakthrough will be enough to kill the Quartet by the time, sweeping the countless government areas around our Guanghan Mansion. "Zhou Wusheng's eyes were full of solemnity.

#### [Chapter 2922: Was ambushed](#)

"This, if it's true as you said, isn't our Guanghan Mansion dangerous? Shenzhaojiao and our Guanghan Mansion have always been enemies of the world." Wei Siqing's face changed, "This Shenzhao Shengzi, I have already I've heard that it's a rare day for God to teach me

Pride, compared to us, but not weak at all, even if there is no breakthrough, it is still the top arrogant arrogant, if after the breakthrough, it will be worth it? "

At this moment, everyone's hearts sank. "All, we must completely kill it before he finds his inheritance and is promoted to the overlord, otherwise our disciples in Guanghan Mansion will suffer heavy casualties this time, and the essence will be exhausted. If our entire army is destroyed, Guanghan Mansion will be destroyed. Is a huge hit

It's been a long time, and it's impossible to recover. "

When Zhou Wusheng was speaking, his face also showed a decisive look. "Shen Zhao Shengzi? The reincarnation of the leader?" Qin Chen was also stunned, and was attracted by Zhou Wusheng's words. In the heavens, many powerful people paid attention to the cultivation of the soul. Some ancient powerful people retained a trace of true spirit in their souls before they fell. ,use

The special means of inheritance made his soul immortal, and eventually he would be reborn in a special way sometime in the future.

As for Shenzhaojiao, he was very familiar with this method, which attracted Qin Chen's interest.

Qin Chen vaguely felt that if he could kill this godzhaoson, he would definitely have some understanding of his soul cultivation.

"Not good! Be careful!"

At this moment, Zhou Wusheng's expression changed, and he suddenly roared and slapped the head of the crowd.

Boom!

At the moment when Zhou Wusheng attacked the sky, a huge \*\*\*\* palm print appeared above the sky. The palm print, the whole body, bloody, like a \*\*\*\* sky, appeared suddenly, directly bombarding Zhou Wusheng's palm, with a bang, the sky broke and the earth broke, and there were some suspended Primordial mountains and mainland fragments.

Down, it burst into pieces, and countless rubble splashed around.

The blood-colored palm fell, and numerous cracks appeared on the palm shadow that Zhou Wusheng blasted out, and the blood-colored palm shadow fell again.

"Icefall!" Wei Siqing roared, and the slender jade pointed out. The infinite aura of ice condensed in one spot and collided with the \*\*\*\* palm. Suddenly, the two magical powers burst together, and the violent \*\*\*\* and violent aura swept across. , The countless saints of Guanghan Mansion below

The sons and daughters were all staggered and looked terrified.

Zhou Wusheng and Wei Siqing hurriedly shot one after another before they resisted the palm of the blood-colored sky, showing the power of the palm of the blood-colored palm.

"This is the palm of the blood sun god!"

Zhou Wusheng and Wei Siqing had extremely ugly faces.

"Yes, it's the palm of the blood sun god!"

A faint voice was transmitted from the void, and from the void in the distance, a person walked out. It was as soon as he entered the trial ground, he refined the blood sacred son of hundreds of scarlet flame beetles.

Peerless Son of Xueyang Mansion.

Known as the reincarnation of the ancient blood god. Just now, the other party's volley palm, without fluctuations, appeared abruptly at the moment of arrival. It was what he displayed. This person's blood sun palm has reached an extremely vigorous state, and it has been integrated into the space rules and power. Infinity, deep

Unpredictable, unpredictable.

If it weren't for Zhou Wusheng and Wei Siqing's shocking sense of spirit, they reacted to resistance at the first time. If they were replaced by ordinary sages like Dao Zhengzhi and Xiang Wudi, they would be severely injured. Even fell on the spot.

Of course, Qin Chen had also sensed a crisis before, but he remained silent, knowing that Zhou Wusheng and Wei Siqing could react, and that his spiritual consciousness had once again poured into the void and began to capture other things. The Blood Sacred Son came out of the void, condescendingly, looking at Qin Chen, Wei Siqing, Zhou Wusheng and others: "Guanghan Mansion Tiangong Big Brother Zhou Wusheng has been admiring his name for a long time, but I finally saw it today. I didn't expect to be asked by you. To the Shenzhaoshi

Brother's secret, it seems that you must be killed today. "

"Blood Sacred Son, just rely on you? How dare you say such a big thing?" Zhou Wusheng glanced around and said coldly: "Arrogant and arrogant, it seems that you must stay here today to avoid future troubles."

"Arrogant." Wei Siqing also said coldly. "You are the master sister of Guanghan Palace, Wei Siqing?" The Blood Sacred Child stared at Wei Siqing, his eyes cold, with a trace of evil intentions: "It really disappoints me, Zhou Wusheng, Wei Siqing, You two should be the best in Guanghan Mansion this time

The two great arrogances are sharp. I can't think that the spiritual sense is so insensitive. Brother Renwang, come out. "Hahaha, Brother Blood God, this time the disciple of Guanghan Mansion doesn't look very good. He is about to die, and he doesn't even know his situation. "With a long roar, another person walked out in the sky. He was a burly figure with extraordinary momentum.

To be handsome and unrestrained, there is a kind of kingly temperament that is leisurely revealed.

"Human King's Mansion, Human King Saint Son!"

Zhou Wusheng glanced at the visitor. "Junior Brother Qin, this person is the Son of the King of the Mansion of Ren Wang. Although he is not the reincarnation of the ancient strong man, it is said that this person has the blood of the King of Man in his body. The ancestor is the ancient king of our heaven. Blood, hand held

Heavenly Sage Supreme Treasure, among the many holy sons of the King's Mansion, takes the lead, with extremely terrifying strength. "

Xu Yue explained to Qin Chen that this conceited and noble woman had a very close attitude towards Qin Chen, and she had clearly recognized Qin Chen's strength. Although she called her junior, she was very respectful in her tone.

"Unexpectedly, the Blood Sacred Son and the Human King Sacred Son are here. This time we are in trouble in Guanghan Mansion, but fortunately, these two people are acting alone. With so many of us, it is not that there is no chance of winning."

Before Xu Yue's voice could fall, her face changed. Because the Holy Son of Blood and the Son of Human King waved their hands, the void behind them was torn apart. It turned out to be a picture scroll of space, no one noticed. From the scroll, there appeared a goddess of saints. , Both are the best

Master.

Each of these saint children and saints has a strong aura and a heroic temperament, and they are all outstanding among the two big palaces.

not good!

Seeing this scene, the faces of the Saints and Daughters of Guanghan Mansion all changed. They were able to remain calm before, because their Guanghan Mansion had an advantage in numbers. Together, they might not be afraid of the Blood Sacred Son and the Human King Sacred Son, but now the opponent's masters are also extremely terrifying, and everyone feels suddenly sinking. To

The crisis. "Hahaha, Lord Blood Sacred Son, Lord Sage Son of Human King, the people of Guanghan Mansion are really naive, and they didn't realize that they were dead. At this time, they are still calculating Lord Sage Son, and want to destroy Lord Sage Son. plan of,

Simply overwhelming. "A Saint Child of the Royal Palace laughed loudly, and glanced at the many Saint Sons and Daughters of Guanghan Palace below, as if looking at a group of ants.

### [Chapter 2923: Insight into the secret](#)

"Master Shenzhao Shengzi has insight into the secrets of the heavens. This time he entered the trial land, he was prepared for it. How could these guys calculate it? They probably don't know that Master Shenzhao is about to find his inheritance now, and Ready for shock

Once the realm of the supreme overlord successfully breaks through, it will first clean up the forces in our domain, eradicate all the forces that are unwilling to surrender, such as the Guanghan Mansion, and then unify everyone and enter the deeper experience of the trial land. "

"These ants are also worthy of destroying the plan of the Son of God, which is extremely ridiculous."

A few more saints and saints of the Royal Palace and the Blood Sun Palace came out, standing in every corner of the void, forming a unique position, blocking Qin Chen and others below.

In their hands, all kinds of sacred treasures, blooming all kinds of divine rainbows, are some top sacred treasures with infinite power.

Moreover, around the void of Qin Chen and the others, a ray of light was shining, and it was vaguely visible that among the distant mountains, there were astonishing formation patterns covering all Qin Chen and the others.

Obviously, the other party had been prepared long ago and has been planning for a long time here.

"How is it possible... You guys had arrangements already?"

Wei Siqing's face changed. The other party was already prepared when he saw it. It seemed that they were waiting for them to break into this trap. However, the people in their Guanghan Mansion were very secretive. What about the people in Xueyang Mansion and Renwang Mansion? knew? "What's impossible? Your whereabouts are hidden in your eyes, but they have already been exposed to our calculations." The Blood Sacred Child sneered: "Of course, I have to thank everyone in Tianshan Mansion. Brothers and sisters, if not

With their help, we will not be so accurate. "

"Come out, Brother Tong Hu, and everyone from Tianshan Mansion, you abandon the dark and turn to the Ming, and are willing to join our alliance of forces, and you have presented such a great gift all at once. This time, there is also your contribution."

Ren Wang Shengzi said lightly towards the void somewhere.

Suddenly, a group of powerful saints and saints appeared in the void and the space fluctuated. The leader was not someone else, it was the Tonghu group of Tianshan Palace who had not been separated from Qin Chen and the others for a long time.

"Tonghu, you even colluded with Xueyang Mansion and Renwang Mansion to frame our Guanghan Mansion..."

The faces of Wei Siqing and Zhou Wusheng all changed, and they were extremely ugly in an instant, and the faces of the other Saints and Daughters of Guanghan Mansion were also pale. At this time, they finally understood why their whereabouts in Guanghan Mansion were discovered, because the people in Tianshan Mansion were still with them before, and the other party only needs to contact the people in Xueyang Mansion and Renwang Mansion, and then based on their previous location. , Push

Calculate, you can roughly calculate their location and intercept them.

"Tianshan Mansion!"

Anger was gushing out of everyone's eyes, and they felt betrayal.

"Framed? Wei Siqing, Zhou Wusheng, are you embarrassed to say?" The people of Tianshan Mansion were all with mocking smiles, and the female sage Biman said grimly: "To blame, blame Qin Chen from Guanghan Mansion. Right, stealing the holy vein of our Tianshan Mansion, and blackmailing Tianshan Mansion, do you really think our Tianshan Mansion is good for bullying?"

? "That's right, the gods of the gods of the gods, the gods of the blood of the blood sun palace, and the men of the king of the benevolent palace are the hope of this trial in our domain. This time we are united by the gods of the blood in the Tianshan palace. They just want to give you an extermination blow to Guanghan Mansion. After this heaven trial, none of the holy children of Guanghan Mansion will stay. All of them will become our magic weapon and essence, not only you, etc. After the trial is over, your entire Guanghan Mansion will be annexed by our various manures and become

For a history. "

With a sneer on his face, Tong Hu stood beside the Blood Sacred Son and Ren Wang Shengzi. "Okay, Brother Tong Hu, don't talk nonsense, Brother Blood, the two of us, deal with Zhou Wusheng and Wei Siqing, Brother Tong Hu, you go and deal with Qin Chen, be sure to let them both Can't escape, it's best to kill here on the spot,

The rest of them deal with the remaining Saint Son and Saint Daughter in Guanghan Mansion. "

Ren Wang Shengzi said to Xue Shengzi and Tong Hu. "With so many of us, to deal with a small Guanghan Mansion, the lion fights the rabbit with all its strength, and then I will deal with Wusheng and Wei Siqing alone." Xueyang Shengzi said: "The rumor is that this Zhou Wusheng, practicing Wusheng Zhenjing, and that

Wei Siqing is an ice jade body and a pure yin body. It complements my blood-yang divine body. If she can be refined, it will also be of great benefit to my blood-yang divine art. These two people, give it to I'll kill. "As for the others, I leave it to you. I hope that when I kill Zhou Wusheng and Wei Siqing, you can kill all the other disciples in Guanghan Mansion. Don't waste time. After all, Shenzhao Shengzi brother still Waiting for us. Especially that

This one is called Qin Chen? Young, arrogant and domineering, lawless in the Guanghan Mansion, this kind of kid has a bit of strength, and he doesn't know that the sky is high and the earth is thick. "

The gaze of Blood Sacred Child fell on Qin Chen, with sarcasm and contempt, as if looking at a piece of garbage.

He, a master of the reincarnation of the ancient blood god, simply looked down on the ordinary heavenly arrogance, and even dismissed Zhou Wusheng and Wei Siqing, let alone paid attention to Qin Chen. The blood sacred child was full of blood and energy, and there seemed to be a vague blood \*\*\*\* phantom emerging from behind, showing an extremely terrifying aura and power. He was the reincarnation of the ancient blood god, and he had already condensed the power of the overlord in his body, only one step out. Can

He has completely become the supreme overlord, but he has the power of the ancient blood god, which is more terrifying than the average half-step overlord.

There is an ancient aura lingering in his body, and the blood sun reincarnates in his eyes, controlling the rotation of all things in the world, like a god.

The vast vitality made everyone feel that with his own power, he could kill all the disciples in Guanghan Mansion present.

Not only the disciples of the Blood Sun Palace, but even the many powerhouses of the Renwang Palace and Tianshan Palace, they admire the top master of the reincarnation of the blood \*\*\*\* very much, and have an urge to listen to his orders.

"Also, Brother Blood God, you trap Wei Siqing and Zhou Wusheng, Brother Tong Hu and I will solve all the other disciples in Guanghan Mansion."

Ren Wang Shengzi didn't look at the other people on the court at all, and those who were there, Wei Siqing and Zhou Wusheng valued him a little, after all, they are masters with the same reputation.

As for how wonderful Qin Chen was said by Tong Hu before, in his eyes, he was only a junior, and he didn't take it seriously. "Brother Tonghu, next, it's up to us. Didn't you say that Qin Chen is very powerful? Leave this to me. You go to deal with the other saints in Guanghan Mansion and Xu Yue who works in heaven." Sneered.

#### [Chapter 2924: What so much nonsense](#)

"But you need to pay attention. Many of these saints have amazing physiques. Don't kill them first. For example, Xu Yue, who worked that day, is rumored to be the Holy Physique of Light, not much worse than Wei Siqing, so he was imprisoned first. Wait for Brother Shenzhao to enter the overlord state

The world is offering to each other as a gift for Brother Shenzhao to enjoy. There is also this woman, who seems to be extraordinary, she stayed here too, remember? "

Ren Wang Shengzi glanced over Xu Yue, Murong Bingyun and other peerless women, and said angrily.

"Haha, Brother Ren Wang, Brother Shenzhao can't enjoy so many beauties alone, so I will leave Xu Yue who worked that day to Brother Shenzhao, and leave the rest of the other saints of Guanghan Palace to you. ."

The blood sacred son laughed and waved his big hand, and endless blood emerged in his body, which turned into a majestic sea of blood, floating and sinking behind him. "Okay, Brother Blood God is proud. If this is the case, then we will first capture all the disciples of Guanghan Mansion. When we solve the people in Guanghan Mansion, we will meet with Brother Shenzhao and wait for Brother Shenzhao to break through. After the overlord realm, we will go to Yuming Mansion, Yonghe Mansion, Lingxue Palace, Minghui Pavilion, Tianyanzong and other forces to win over or kill, and dominate our domain. Behead all the saints and daughters of the big mansions. , The future of these prefectures is tantamount to a fault. By then, our major forces will unite

With hands, you can become the supreme power and become one of the top powers in the heavens. "

People Wang Shengzi, Blood Shengzi and others talked freely, treating Qin Chen's group as things in the bag, although they had been allocated, it seemed that they had been eaten up. Indeed, with the strength of the blood sacred son, he must be above Zhou Wusheng and Wei Siqing. He is not only the top arrogant of the Blood Sun Palace, but also the reincarnation of the ancient blood god, and he is even more overbearing. Tong Hu knows that Qin Chen's strength is extraordinary, but there is someone Wang Shengzi

When someone is there, he is also fully confident that he can win the other party. As for the other saints and daughters of Guanghan Mansion, there are people from their three major powers, can it be impossible to deal with a small Guanghan Mansion?

He calculated very well. As long as the Blood Holy Son can trap Zhou Wusheng and Wei Siqing, he and Wang Shengzi can easily solve the remaining Qin Chen and others, and then look back and join forces to deal with Zhou Wusheng and Wei Si Qing, sure to succeed.

With this complete certainty, he dared to appear with the people of Xueyang Mansion and Renwang Mansion, completely targeting Guanghan Mansion and not afraid of causing trouble to Tianshan Mansion.

"Zhou Wusheng, Wei Siqing, come out obediently!"

After the Blood Sacred Child spoke, he hooked his finger. "Qin Chen, the situation is urgent! Your strength is very strong, immediately lead the others to escape quickly. Convene the remaining masters of our Guanghan Mansion, as well as the heavenly work masters of other forces, for help. At this time, we must abandon the previous suspicions. Gu Quan

The overall situation, unite together, to get through this difficult time, Wei Siqing and I are here to end! They can't help us, we can run away! "

Zhou Wusheng and Wei Siqing's expressions were unusually solemn, they shook their bodies, protected everyone, and passed their divine thoughts to Qin Chen. "We must prevent the godzhaoson from finding his own inheritance, and also prevent him from being promoted to the supreme overlord. This trial land is very vast. If all the strong people in my Guanghan Mansion unite and hide, Can still survive

For three months, they definitely won't waste too much time here, because they must go deep to find a powerful holy host. "

"Senior Brother Zhou, Senior Sister Wei, these people are here for you. After we break, you will leave!" Xu Yue, Wu Ling and others said anxiously, facing the crisis of life and death, they also showed calmness. "Your strength is weaker. It is far from the blood sacred son, the human king sacred son and the Tonghu opponents. Moreover, they also have the extremely fierce Heavenly Sage Treasure in their hands, which cannot be resisted at all. Only me and Wei Siqing Able to deal with me

This time, even if they lose half of their lifespan, we will stop them. "

Zhou Wusheng and Wei Siqing said again and again, their expressions were anxious, and their hearts were extremely heavy, knowing that they were in danger of encountering a life and death crisis.

"Senior Brother Zhou and Senior Sister Wei are right. Let's go first. With the strength of Senior Brother Zhou and Senior Sister Wei, if we stay, we will only cause them trouble." Dao Zhengzhi's eyes were worried and anxious.

"Dao Zhengzhi, what do you mean?" Xu Yue said angrily. "Isn't it?" Dao Zhengzhi said with an ugly expression: "With the strength of Senior Brother Zhou and the others, naturally there is a chance to escape, but we stay here. They will definitely not leave for the future of Guanghan Mansion and Tian's work, only waiting for us. Gone he

We are willing to run away, and our stay will only cause them trouble. "

"High-sounding, I think you are greedy for life and fear of death!" Xu Yue said angrily. "Okay, don't talk about it." Zhou Wusheng interrupted everyone's argument, "No matter what, you go first. Fortunately, this time there is Qin Chen. Qin Chen's strength is not much weaker than us. With Qin Chen, you It may not be impossible to kill, wait for relief

After that, we will meet again, Qin Chen, you take them away quickly! "

Zhou Wusheng said severely, everyone's eyes fell on Qin Chen. "Where there is so much nonsense, it will be over if you kill these people directly." Qin Chen's expression was calm throughout the process, as if he was out of the way, feeling everyone's eyes falling on him, and then he stepped out and sneered. : "There is this

Little is there, no one has to run away, kill these people, and then find the goddess son, kill him at once, can it be over? Fleeing, there are so many troubles. "

"What, Qin Chen, you..." Zhou Wusheng and Wei Siqing never expected that Qin Chen would say such arrogant and domineering things. He would not listen to them at all and flee with others. Instead, they arrogantly said The Blood Holy Son and others are all killed, so they have a kind of fast

Feeling going crazy.

Is this guy crazy?

"Hahaha, am I deaf? Or did I hear it wrong? What did this kid say?"

Seeing Qin Chen stand up like this and speak such big words, the blood sacred son, the human king saint son, and Tong Hu, all the saint sons and saints of the three major forces were stunned, and then they all laughed.

"I'm afraid that this person is not insane, right? Kill us all, hahaha, who does he think he is? The young palace lord of a mansion? Or the supreme hegemon, even if he is the young palace lord of a mansion, the supreme hegemon, I don't even have the guts to say such things."

"This is one of the funniest jokes I have ever heard in my life. A young man who just joined Tianjiao said that he would kill us all. It's ridiculous." "I thought this kid was a person, kind of Ability, I can't think of being a madman, an idiot. He thought he was invincible after killing the patriarch of the Dark Storm Flood Dragon? It's ridiculous that the Xiang Wudi he defeated, the Dark Storm Flood Dragon patriarch, although not weak, but in our eyes, but you, Qualified to be rampant in front of us."

#### [Chapter 2925: Ancient King](#)

"The young people nowadays are so lawless, they don't know how high the sky is."

"Originally, I was a little interested in this Qin Chen, but now it seems that I am a lunatic, Master Renwang Shengzi, it is better to just kill him and let him know how powerful it is."

Many sons and daughters of the three big forces laughed.

"Blood Sacred Son, Human King Sage Son, this son extorted our ten sacred veins before. It is better to hand them to Tianshan Mansion and let Senior Brother Tong Hu and us kill them so that we can alleviate our hatred."

Saint Biman from Tianshan Mansion showed a cruel smile. "No, this son himself will be killed by himself." Renwang Shengzi waved his hand, and directly rejected Tong Hu's proposal, and smirked: "Arrogant, too arrogant. Originally, I wanted to kill him directly. Killing is, but now, I

Wang changed his mind and would not kill him directly. Instead, he wanted to strip out the soul of this kid, so that he would struggle and sink in the blood of Brother Blood God every day, and suffer countless tortures, so that he would know what arrogance is. End. "

After speaking, Ren Wang Shengzi walked over step by step.

"In these days, there are really few people wanting to live, and many people looking for death!" Qin Chen stood with his hands on his hands, facing the blood sacred son, and Tong Hu, all the disciples of Xueyang Mansion, Renwang Mansion, and Tianshan Mansion with a sneer: "Let's go together, and save Ben Shao trouble, lest you get scared when Ben Shao kills a few.

Fleeing everywhere, Young Master Ben will have to work hard to chase you down one by one. "

"court death!"

Finally, the Son of the King couldn't help it, "King of the King!"

His body shook, and an overwhelming aura of the king came over, booming, in his body, there seemed to be a mighty and noble aura soaring into the sky, in the sky it turned into a phantom of an ancient king, majestic and mighty. This King of Humans looked vicissitudes of life, like a despair that dominates the life and death of the human race. Life and death are entangled in his hands. The fate of the human race perishes with his thoughts, and finally turned into a sky-reaching palm shadow, condensed into a mighty torrent. Facing Qin Chen

Cover it down.

This palm also has the power of the blood sun god's palm, the terrifying man Wang Qiji, making everyone present beat their hearts wildly, making Qin Chen inevitable and inevitable.

Qin Chen stood still, no matter what the king's aura was struck down, there were trembling and breaking sounds everywhere, cracks appeared in the sky, but his complexion did not change at all, filled with a kind of unchanging in the past. Calm down.

Huh! From the top of his head, there appeared a sword light, countless sword arts and sword qi, turned into a river, the river collapsed, in which the mood of killing and destruction was permeated, as if to cut a civilization, cut a blood, directly Just bring that down

The torrent of the king's air was cut apart.

Boom!

The vast sword energy pierced the sky, and the majestic and majestic Qi of the King instantly split into two and tore from it.

This is Qin Chen's supreme kendo. Since Qin Chen received the inheritance of the Eternal Sword Master, he has cultivated his kendo skills rapidly, and he has condensed the book of origin in his body. Among them, there is the civilization chapter of the sword, forming a unique kendo civilization from all his comprehensions. Sword

Dao civilization, and with the improvement of his kendo cultivation, the chapter of kendo civilization is getting stronger and stronger.

By now, Qin Chen is no longer sticking to any kendo moves, but between shots, reaching the essence of kendo, using supernatural powers to urge the power of kendo, destroying the gods and killing the Buddha.

With one sword, it was shocking!

"What kind of swordsmanship is this? The sword of killing? Ten thousand sword destruction? No, this is no longer a kendo trick, but the magical power of kendo, so powerful, I feel the vast kendo civilization from it, and feel the endless killing, destruction and chaos. "

The qi of the king was smashed, and the king of the king was taken aback. His body retreated again and again. The qi of countless kings collapsed, many avenues of supernatural powers collapsed, and the light of the avenue swept everywhere.

Moreover, a fierce sword intent is still slashing in the distance, which is powerful in the past and present.

"Die!"

Qin Chen took a step, straddling the space distance, and directly came to the front of the King of King Shengzi, and blasted out a punch.

Boom! With this punch, Qin Chen's whole body of wild ancient aura rushed straight into the sky, and he was like a wild ancient king, penetrating the ruins of this ancient celestial realm, traversing endless years, and directly descended to the ancient celestial realm, becoming the ancient celestial realm. of

The most powerful.

Behind him, the mood of killing appeared, vast and powerful, and it was also integrated with the mood of destruction and the mood of chaos. The three moods were combined to form an eternal chapter. As soon as Qin Chen said, he played his most powerful boxing artistic conception. His tyrannical sacred body was also in motion for the first time. The ancient qi, like a billowing wolf smoke, stood against the king's qi, and Have the upper hand,

Coming by force.

Qin Chen's body of the desolate ancients was inherited from the lord of the desolate gods, the master of the desolate gods, the patriarch of the desolate clan in the ancient times, a master of the pinnacle sage master level, half of his hand had touched the realm of the nobleman.

What a formidable master of the world, compared to the thin bloodline of this man, Wang Shengzi, is more than a bit stronger?

Even if the ancient king is here, he dare not say that he is the opponent of the Lord of Desolate God.

The ancient king of Renwang's mansion is not the king of all races in the ancient heavens, but the king of different surnames canonized by the ancient heaven in his Renwang's mansion, which can be said to be a fake.

Boom!

Before Qin Chen took the shot, the qi of the broken people was disintegrated one after another, and was shaken away by the endless qi of the ancients. At this time, Qin Chen was like a giant who came out of the ancients, suppressing the sage of the human king.

"An ancient atmosphere, no inheritance, no wonder he is so arrogant." Wang Shengzi is also not a kind person, shocked by Qin Chen's breath, his eyes opened, his aura suddenly rose, and a pair of pure white wings appeared behind him. , On the wings, there is an amazing breath of the king of humans, this is the king of humans of the ancient kings

Wings, one thought will cross thousands of miles, cutting all things, representing the supreme means.

Hum!

The pure white wings on his back exuded a circle of milky white halo, the wings were flapped, and the wind howled, actually forcing Qin Chen's ancient aura away, preventing the invasion of the ancient aura.

Then, Wang Shengzi roared, and fisted Qin Chen together. The two fisted against each other, and the world exploded. At the core of their fist strength, the void shattered and shattered everything around. The power was swallowed in.

The King of Human Beings has wings on his back, is tall and mighty, and he is like a god. The world was blasted out of countless cracks. The pair of wings behind him remained motionless in the violent wind and strength. In the dark, the shadow of the king on his head was even more terrifying, swallowing all the power around him, and madly forcing Qin. The dust shook so many saints and saints around him desperately backed away, their eyes horrified.

#### [Chapter 2926: Raw tear](#)

"Boy, you forced me to display the wings of the King of Humans, and I can be proud to die under my fist!" The Son of the King was majestic and tall, with an extremely cold voice.

"Wings of the King of Humans! It is terrifying that the Saint Child of the King of Humans can condense the wings of the King of Ancients!" "This pair of white wings is rumored to be formed by the Condensation of the Kings of Ancient Humans and their own blood and condensed supernatural powers. Only the blood of the King of Humans The talents can master it, representing the supreme speed of heaven and earth. It is rumored that the entire Renwang Mansion was tens of thousands of years ago.

The success of the Lao Renwang condensed is the supreme trick of the Renwang Mansion. "Once this wing is condensed, it is rumored that it can communicate with the power of the ancient king, and it can travel thousands of miles, in a shock, the space is chaotic, innate invincible, a symbol of invincibility, so far, the King of Ren Mansion has been rebuilt from the heavens. since,

There are very few people who have cultivated this King's Wing, and every one of them is the contemporary palace master and holy master master of King Ren's Mansion. "Awesome, the King of Kings Sage has actually condensed the wings of King of Kings. There is no doubt that he will inevitably become the heir to the next King of Kings, become the new King of Kings, and achieve the strength of the Supreme Lord. It is said that the blood of King of Kings in his body is very rich. ,Look

It was true, otherwise, how could he condense the wings of the king of man. "

"Then Qin Chen is over. Under the wing of Lord Renwang Shengzi, no one can defeat Lord Renwang Shengzi."

Seeing a pair of white wings appearing behind Wang Shengzi, everyone was shocked. Even Blood Shengzi narrowed his pupils, seeming to think that Wang Shengzi had surprised him. The human king Shengzi condensed white wings at once, and his whole body was soaring, not like people, but like gods and demons. With every step out, the white wings behind him will interact with the holy energy between heaven and earth, absorbing infinite power. Time, no

Any gaps.

The invisible power in this ancient ruin has entered the wings one after another, and is controlled by them.

At this moment, the Human King Saint Son is the king between heaven and earth, the only overlord, and the king of the human race.

On the white wings, it continuously absorbed infinite power, and even Qin Chen's ridiculous aura couldn't invade at once. The pervasive sword aura fell on it, clanging, but could not break through the defense of King's Wings.

The power of the King of the King is getting stronger and stronger. All over his body, layers of white feathers appear to form an armor, mysterious and noble, gorgeous and graceful, holy and supreme.

"cut!"

Facing Qin Chen, his wings shook on his back, and his hands were like two sharp blades, hitting Qin Chen's chest directly, trying to tear Qin Chen into blood rain fragments, because Qin Chen really angered him before, the king of men. The dignity cannot be desecrated.

"Wings of the King of Humans..."

Qin Chen stared at the pair of wings, and he didn't even care about the pierced hands of the other party, but suddenly his body shook, and the infinite ancient aura filled him, forming a whirlpool, and suddenly sucked those hands in.

Qin Chen's whole body was filled with ancient aura, covering the sky and the sun, engulfing the sky and the earth. As soon as the terrifying power surging in the hands of the king of the king entered this whirlpool, it was swallowed by more than half, and the strength was much weakened.

"I've seen the aura of the ancients. The first time I saw such a terrible, magical power vortex, can it resist my killing blow?" Ren Wang Shengzi's eyes were cold, the divine rainbow bloomed in his eyes, and the magical power surged. , Both hands are constantly displaying various magical powers, playing a series of avenue rules, while the moves are constantly changing, it is actually the ancient king's king fist, sweeping the world and transforming

Eternal life is a melting pot, refining heaven and earth into a chaos!

A fist flashed in the whirlpool of ridiculous ancient energy, and he did not know how to appear, and it blasted directly towards Qin Chen's head.

This punch was like lightning tearing through the night, and it was unpredictable.

when!

Qin Chen retreated, buzzing, and above his head, the Seven Treasure Glazed Glaze Pagoda suddenly appeared. The Seven Treasure Glazed Glaze Pagoda burst into flames and landed suddenly, resisting a punch of the king. "The Wings of the King of Humans, interesting, with the power of blood, combined with the supreme magical powers, condensed the strong wings, it is worth learning. Saint Son of the King of Humans, you are the heir of the Mansion of the King of Humans, and the blood of the ancient Kings has the blood. Ancients

Wang Yimin's guidance, but when the ancient king pointed you, didn't he tell you that you will die in the hands of this young man today? "

Qin Chen's eyes were cold, and he sneered: "That's right, if he knew, he should have taught me this special supernatural power directly instead of you."

After Qin Chen blocked that punch, his whole body was full of light, and a book faintly flashed in his body. It was the book of origin, shining through the past and present, collecting all the magical powers and powers in the world.

"Origin's supernatural power, eternal origin!"

Qin Chen roared and blasted a punch.

"The ancient gods!"

Boom!

Qin Chen merged his original supernatural power with the wild ancient super divine way of the lord of the wild gods, and blasted out fiercely.

"What magical power is this?"

The King of Human Beings was taken aback: "I seem to have seen the origin of the heavens, the origin of the universe, how can it be so magnificent, why can the power of humans change the changes of the universe?"

Before he was shocked, Qin Chen had been suppressed, carrying supreme power, and suppressed immediately.

Crackling! Under that pressure, the white holy feather armor all over his body exploded and shattered.

The terrifying power is irresistible.

"How can it be so powerful? Ah, fight it!"

Ren Wang Shengzi almost fell to his knees under pressure. The pores all over his body were suffocating, unable to absorb the holy energy of heaven and earth. He opened his mouth and let out a roar, and he slammed into the sky with a palm against Qin Chen. Destructive power erupted from his body, especially the pair of white wings behind him. He suddenly flapped and turned into two gods that could penetrate the sky and the earth. Light, to this Qin

Chen's body, go through.

"Break it for me!" Qin Chen descended from the sky, covering with his big hand, suppressing Wanfang, playing the original magical powers, the ancient extremely sacred way in his palm, forcibly grasping the two sacred lights, and blasting out forcefully.

Boom!

There was a big explosion in the world, and all the powerful people around were retreating crazily. The three major forces, the people of Guanghan Mansion, couldn't bear this force. After being shocked, they retreated one after another.

"What a strong force."

"I'm not mistaken, am I? How could Qin Chen be so strong?"

"No, we can't get close to the battlefield at all, it's too strong."

"Bumped! Master Renwang Shengzi and Qin Chen fight together."

At this moment, the saint children and saints of Xueyang Mansion, Renwang Mansion, and Tianshan Mansion were all roaring again and again, wanting to get close to the battlefield, but they still couldn't get close. The blood sacred child's face changed and he had to intervene, but Ren Wang Shengzi and Qin Chen finally collided with each other with a fist, a shocking explosion, spreading out centered on the two of them, and on top of the ancient sacred mountains and mainland debris in the distance Cracked

The marks exploded all at once.

what!

A scream was conveyed, and everyone saw Qin Chen's big hands, directly grabbing the pair of wings of King Ren Wang Shengzi, and tore a pair of wings from the back of Ren Wang Shengzi. Two big blood holes appeared behind the King of Human Beings, and blood spurted out of them crazily, dyeing the sky red.

### [Chapter 2927: Ancient Blood God](#)

At this time, the man Wang Shengzi was covered with blood. He sealed the two big holes behind his body with the sacred yuan, backed madly, and said in horror: "Brother blood, save me! Save me, brother blood."

"How could this be?"

The eyes of Zhou Wusheng, Wei Siqing and others were straight.

Not only the two of them, but the many saints and daughters of Guanghan Mansion almost suffocated and passed out. The contrast was too great. They all knew that Qin Chen was very strong, but he never thought that Qin Chen was so strong. Waiting to the point, let everyone unexpected.

"Impossible, Lord Renwang Shengzi was actually defeated." The many masters of the Royal Palace were also dumbfounded and crazy.

"The Wang Shengzi, who has the wings of the King of Kings, is more powerful than me. Even the late overlord can't defeat him so easily. He can fight against the normal late overlord for a day and night, regardless of victory or defeat. How can it happen in a flash? After being defeated by Qin Chen, how could this son be stronger than Wang Shengzi, a member of the Royal Palace?"

The child tiger son of Tianshan Mansion roared hysterically in his heart.

"Want to run? It's that easy. Since I'm here, I'll leave it to Ben Young!"

Qin Chen held a pair of wings firmly with one hand in awe-inspiring manner. The pair of white wings kept shaking in his hands, trying to spread their wings and fly high, but was caught by him and couldn't escape at all.

In the face of the retreating man Wang Shengzi, Qin Chen's other hand volleyed a claw, and a huge force flew out through the air, turning into the hand of a god, and wanted to capture the man Wang Shengzi in his hand.

Ren Wang Shengzi was forcibly torn the wings behind by Qin Chen, his strength was greatly reduced, his body was seriously injured, and his holy spirit vented wildly. Faced with Qin Chen's capture, he was unable to resist.

The Holy Son of Blood finally started.

With a movement of his body, the blood-colored big handprints flew in the air and blasted Qin Chen. At the same time, a series of blood-colored shadows changed in the air, enveloping the King of Human Beings, and holding them, like two blood-colored relics. The blood light blocked the two holes in the back of the human king Shengzi, and the blood light melted instantly, preventing the leakage of essence.

The injury was actually repaired.

"Okay, well, I underestimated you. I didn't expect that there is such a big ant in the team of Guanghan Mansion. Let me see what kind of waves your ant can make." The Blood Sacred Child's eyes widened with anger, and the light of blood bloomed, and he killed Qin Chen forcefully.

The palm of Qin Chen's Heavenly God shook upwards, transforming into the original supernatural power, which contained the terrifying aura of the ancient extremely divine way, colliding with the big \*\*\*\* handprint.

Boom!

The \*\*\*\* big handprints were directly shaken and disappeared.

Qin Chen rushed out of the broken \*\*\*\* light, like a \*\*\*\* descending, a \*\*\*\* war god, he grasped the wings of the king with one hand, and countless civilizations emerged from the book of origin in his body, including purgatory civilization, human civilization, and refinement civilization. Origin civilization...

Many civilizations were integrated into Qin Chen's power and bombarded the Blood Sacred Child. At the same time, an astonishing primordial aura surged, and the space was operating in a regular manner, blocking all the surrounding space without giving the Blood Sacred. Opportunity to escape.

"I'm an ant? Look, Ben can kill you with just one hand!"

Qin Chen's eyes bloomed with murderous intent: "Based on what you just said, this young man will beat you to death in front of everyone today!"

Qin Chen's body was full of wild and ancient aura, like a \*\*\*\* and demon.

"Blood Sun Palm!"

The blood sacred child roared and played his own ultimate move. The horrible palm prints rose to the sky and turned into a \*\*\*\* sky, like a \*\*\*\* mountain, descending from the sky with unmatched power, colliding with Qin Chen's palm again Together, Shengyuan exploded, immediately set off a violent wind and huge waves, and the world screamed.

Qin Chen gave a long whistle. Under the vast waves, he did not retreat but advances, the ancient body revolved, and under the rules of space, he stepped out step by step, breaking through the countless \*\*\*\* torrents, and instantly appeared in the blood of the gods. Before him, the Qibao Glazed Glass

Pagoda and the Purple Cloud Dust Palace appeared above his head, and the seven-color flame aura descended, turning this world into a sea of flames.

"Seven Treasure Glazed Tile Pagoda, Zixiao Dousui Gong!"

The Blood Sacred Child watched Qin Chen's violent approach, with a palm hit, the holy energy in his whole body was suppressed and shrank continuously, and he couldn't help being shocked, and the Wang Shengzi retreated again and again.

At the same time, a blood-colored gun shadow appeared on his body. The gun shadow was unsteady, with countless runes engraved on it. It was obviously a heavenly sacred treasure, which quietly appeared in his body and pierced it with one shot. It suddenly turned into a \*\*\*\* shadow to the sky, and even pierced the endless stream of sky fire into a \*\*\*\* channel, beheading Xiang Qin Chen.

"This is the heavenly treasure of the ancient blood god, the blood shadow gun!"

Zhou Wusheng condensed his eyes when he saw this, and hurriedly reminded Qin Chen.

Qin Chen's complexion did not change, he pressed it down with one hand, and with the palm of his flesh, he regretted that this peerless spear penetrated the heavenly treasure of all things.

"Looking for death, use flesh and blood to resist the gods of this seat, good boy, this seat does not believe it, you can resist my blood shadow gun and die for me!"

The blood sacred son saw that Qin Chen actually used his body to pick up his sharp spear. He was angry and happy. The spear body was swept away, and the \*\*\*\* spear shadow suddenly condensed. A \*\*\*\* glow that seemed to penetrate the eternity and destroy the world gushed out. , Stab Qin Chen.

Although the Blood Sacred Child was the reincarnation of the ancient blood god, he knew the horror of Qin Chen between the fights. The strength of this child was amazing, and there was a feeling of suffocation and being suppressed by his few moves.

Seeing that Qin Chen was so reckless, he immediately burned the Saint Yuan in his body to seriously injure Qin Chen, turning defeat into victory.

In the void, the palm of the hand, the shadow of the gun, and an instant collision.

Boom!

I saw the blood god's spear shadow sweeping, turning crazily, like an electric drill strangling the world, bursting out a dazzling sharp spear shadow blood light, this blow was amazing, and it could even penetrate the most common late-stage overlord law, the top sage of Xiang Wudi. , I'm afraid it will be pierced with one shot.

Every time the gun shadow turned, there was a piercing and sharp sound. This sound was transmitted and heard by others, creating a feeling of being pierced through the whole body and ruining its origin.

It is conceivable that this terrifying scarlet spear stabbed on the human body, what kind of consequences would there be, this gun can penetrate an ancient sacred mountain, destroy a piece of mainland fragments, how can the flesh and blood body resist? Even the average overlord master must temporarily avoid his sharp edge.

However, Qin Chen's palm suddenly became extremely thick, and the heavy ancient atmosphere lingered, turned into the dark palm of the ancient body, and on the palm, the space rules lingered, Qin Chen's palm seemed to have entered In the endless void, the shadow of the gun was still a little bit behind Qin Chen's palm under the aura of the ancients.

### [Chapter 2928: Blood God Spear Shadow](#)

Squeak!

The gun shadow collided with the space force, bursting out a series of fire and blood, but it was unable to cause Qin Chen any harm. Instead, it was Qin Chen's palm that kept flapping, shaking out space again and again, and the ancient power fell on the \*\*\*\* gun shadow. Suddenly, the \*\*\*\* gun body trembled constantly, and the blood light was floating, making waves of wailing, as if It's Qin Chen's strength damage

Got it.

"Blood Sacred Child, is this your trick? Too weak, you are the ant in front of Young Master Ben." Qin Chen said coldly.

"Blood and rainy wind!" The blood sacred son was frightened and angry. Suddenly, he burned Saint Yuan, and instilled all the power in his body into the blood shadow gun. The \*\*\*\* spear suddenly shook in the shadow of the gun. , There was a roar in the gun body, pause

The power of the time increased greatly, and there was a great momentum to pick Qin Chen at the tip of the gun.

Qin Chen's eyes opened suddenly, and a divine light was shot out of it. In the palm of his hand, the power of thunder surged. This thunder light merged into the Origin Divine Ability, secretly stimulating the Holy Master Divine Ability, the Divine Scar of Splitting Sky!

Hum!

A divine mark that extinguished the tangible and intangible disappeared in the void.

jump!

The rifting divine mark collided with the blood shadow gun, and there was a harsh squeak above the gun body, an invisible spatial force, along the gun body, was directly submerged into the body of the blood \*\*\*\* child.

puff!

In the palm of the blood sacred child, blood bursts directly, and the blood shadow gun in his hand is unstable, and he directly releases it. Moreover, the terrifying force of the rifting divine mark must sink into his body and completely destroy him. destroy.

As soon as the rifting divine mark appeared, the blood sacred child was instantly injured.

"No, go back!"

The Blood Sacred Child was shocked, knowing that he had encountered a real master, and when he was furious, he would retreat, even his own holy soldiers did not dare to pick it up.

"Blood Sacred Son, didn't you say that this young man is an ant? It is rumored that you are the reincarnation of the ancient blood god, and you have just raised your arrogance, but now you are a bereaved dog? The ancient blood god? I think it is the ancient dog \*\*\*\* and it is almost the same!" Qin Chen sneered, his body Among them, the Universe Good Fortune Jade Disc suddenly showed a terrifying suction, and it suddenly trapped the blood sacred son's blood shadow gun, sucked into the Universe Good Fortune jade disc, and was suppressed in the world of the Qiankun Good Fortune jade disc.

surface.

The Blood Sacred Child only felt a pain in his mind, and immediately lost the trace of the blood shadow gun. He was so frightened and angry that he almost vomited blood.

He was arrogant and blood \*\*\*\* reincarnated in his life, and never suffered a loss. Today, he was forced by Qin Chen to become a bereaved dog, not to mention how angry, depressed, and crazy.

However, he knew in his heart that he could only retreat at this time, and then look for opportunities to kill Qin Chen, otherwise it would be really dangerous today.

This son, evildoer.

"All Saints, take action together to kill this hen!"

At this time, with the help of the blood sacred son, the human king Shengzi also recovered from his injury, his eyes fixed on the pair of human king wings in Qin Chen's hands, and the light flashed in his eyes, and the human king bloodline in his body instantly reminded him. Move to the extreme.

In an instant, the pair of King's Wings in Qin Chen's hand flew up fiercely, as if they were about to get out of their hands, and couldn't suppress it.

"Want to take back your wings? Okay, I'll let you take it back!" Qin Chen suddenly shook his hand, and the wings turned into sharp blades, flying towards Renwang Shengzi like lightning.

"Not good!" Renwang Shengzi backed back again and again, trying to avoid it, but couldn't avoid it. He was inserted into the body by the wings of the human king, and a rain of blood was raised in the air, and he was heart-piercing again. Screams.

This pair of wings, like two sharp blades, was inserted into the body of Wang Shengzi.

"Shoot together."

A powerful sage of the Royal Palace flew out, and attacked Qin Chen. He waved his hands continuously, the sword vigorously intertwined into a large array, and he fell straight down: "Heavenly swords."

Humph!

Qin Chen tore at the sky with one hand, and the sword aura suddenly shook away. He stepped out in one step and came in front of the holy son and punched the fist of Origin again.

This holy son screamed, torn apart, his body exploded, countless elixirs, holy treasures, and magical powers all flew out of his body.

Qin Chen exploded with one punch, destroying the storage space in his body. Qin Chen didn't even need to take the initiative to absorb it now. Several real dragon shadows appeared in his body, roar, roar, real dragon shadows roared, and all these treasures were rolled up, and then they entered Qin Chen's body and were ingested. Reaching the universe inside.

The jade disc of good fortune with many treasures is now more and more terrifying.

In an instant, Qin Chen forcibly plundered the treasures of the previous Saint Child's body.

"Kill one."

Qin Chen made a declaration like a \*\*\*\* of death, and his whole person was like a \*\*\*\* of death, and suddenly broke into the ranks of the Royal Palace.

what!

Under the screaming scream, a famous sage was exploded by Qin Chen, and the power in their bodies was instantly absorbed by Qin Chen.

"Damn it! How come you have encountered such a pervert." The blood sacred son Jui was cracked, and his hair stood up with anger.

"Blood Sacred Son, don't worry, Ben Shao will say it. Today, Ben Shao will beat you to death in front of everyone. What Ben Shao said will always keep his promises and never break his words."

After Qin Chen killed many saints, licked his tongue, and absorbed the power of many saints, Qin Chen's breath became more terrifying, and his body was bloodied, really like a killing \*\*\*\* who came out of purgatory.

"Boy, do you really think you are determined to win? This seat is the ancient blood god, and you are the one who is going to die today." The Blood Sacred Son yelled, "The Blood God is coming."

In his body, the power of the soul swept out, like a terrifying existence, gradually waking up from his body.

Hum!

Above his head, a blood shadow began to appear, which was the ghost of the ancient blood god. This is the forbidden technique of the Blood Sacred Child. Although he is the reincarnation of the ancient blood god, his current cultivation base is too weak to carry the power of the ancient blood god, but at this moment, he has been forced to despair by Qin Chen. Can only be displayed

The ancient forbidden technique has unlocked his blood \*\*\*\* power.

The phantom of the blood god, with a ferocious gaze, opened his teeth and claws at Qin Chen, and directly pressed it down.

"Origin's magical powers, eternal as one, the sword of the supreme, slaying demons and eliminating demons!"

Qin Chen's eyes condensed, and he felt the crisis for the first time, but he remained calm, and even his body remained unmoved. Under the ancient body, he was not afraid of any attack, and the ancient demon sword in his hand appeared.

"Cut!" This ancient demon sword suddenly burst into a terrible demon energy, blended into Qin Chen's original magical powers, coupled with infinite sword intent, and suddenly cut out a heaven-shaking sword shadow that cuts through the world!

### [Chapter 2929: Come and save me](#)

Boom!

Everyone saw that a horrible sword aura cut the hideous blood \*\*\*\* phantom into two directly. In the phantom, the blood sacred son screamed again and back again and again, his body dripping with blood. Sword marks on the chest are deeply visible bones.

"Dark real dragon, devour everything and turn it into my use!"

Qin Chen moved his hands forward, and inside his body, heads of true dragon phantom roared out, swallowing many blood shadows, and finally turned into heads of blood colored dragons, rushing into Qin Chen's body.

In Qin Chen's body, in the book of origin, a blood-colored page appeared, which was the civilization of the blood god.

The Book of Origin in Qin Chen's body can collect all the civilizations, all the magical powers, and all the powers in the world, and transform them into Qin Chen's own power. It is unmatched in strength and no attack can harm him.

At this moment, Qin Chen seemed to be a huge demon \*\*\*\* from ancient times, invincible in the world.

"No, get the big array fast."

"Get the big formation up and run away quickly. This person is too ferocious, otherwise we will all die here."

Boom boom boom! In the ancient sacred mountain in the distance, in the void, the array of light rose up. It was the large array that the three major forces had buried before. It was originally used to besiege Qin Chen and the others without letting them escape, but now, Can only be urged, used to block

Qin Chen, don't let him kill wildly.

At the same time, a well-known master also rushed to Renwang Shengzi. Among them, Tonghu from Tianshan Mansion hugged Renwang Shengzi with horror on his face.

"Brother Renwang, how are you? Are you okay?"

"Hurry up, come here, quickly save Brother Ren Wang."

"Let's run away, this son is too cruel. Only when Brother Shenzhao develops his supernatural powers and becomes the supreme overlord, then kill this person. I think only Brother Shenzhao can suppress and kill him."

Tong Hu roared again and again, looking panicked.

Because of Qin Chen's position, he told that Xueyang Mansion and Renwang Mansion had obeyed his words and came to ambush. If Renwang Shengzi died here, then he is the culprit and will be chased by Renwang Mansion. kill. The King Saint Son was pierced by the King's Wings sacrificed by Qin Chen, blood spurted wildly, life or death was unknown, was rescued by Tong Hu, barely recovered, opened his eyes, and suddenly pulled out the King's Wings that penetrated his body." Qin Chen, Guang Han

Mansion, I do not share the sky with you. "

While speaking, he once again put the Wing of the King of Man into his back.

However, a misty light suddenly burst out from the Wings of the King of Man. Qin Chen's figure in the distance suddenly disappeared, and then suddenly appeared in this light.

He immediately came to Ren Wang Shengzi's side.

Boom!

A powerful wave of air exploded from his body, and his big hand stretched out and directly grabbed the throat of Renwang Shengzi.

"Qin Chen, what are you doing?"

Tong Hu roared and shook his whole body. The terrible power erupted on his body and he was about to resist Qin Chen, but Qin Chen remained unmoved. In his body, the ancient aura lingered in his body, like a demon god. Zhenfei went out.

Then, Qin Chen's right hand grabbed abruptly and pinched Renwang Shengzi's neck and picked it up like a chicken.

Ren Wang Shengzi's legs kept kicking in the air, his face flushed.

"Qin Chen, what are you doing, let go of Brother Renwang. Brother Renwang is the heir to the Mansion of Renwang. If you dare to touch the hair of Brother Renwang, Lord Ren will not let you go." Tong Hu's whole body was shattered. Get up and roar and say: "As long as you let go of Brother Ren Wang, we can forget the past and turn the war into a jade silk. Otherwise, we will start the big formation and die with you, never die, even if you can kill

Many of us, but you people in Guanghan Mansion will suffer heavy casualties. "

Tong Hu roared hysterically, crazy.

Once the king of the king died, he would be unlucky.

"Hahaha, Tong Hu, do you think that Young Master is really ambushed by you? You are too naive."

Qin Chen laughed and said, "Formation, you play with the formation in front of this young master, and all the methods of breaking the formation are scattered for me." Qin Chen's eyes bloomed with divine rainbows, and he squeezed countless runes with his right hand to blend into the heavens. Suddenly, the light in the distance exploded violently, and with the screams, the formation patterns ambushed by the three major forces were instantly destroyed.

All disappeared.

"what?"

Tonghu, Blood Sacred Child and others were all frightened. The array they worked so hard to arrange was broken in an instant?

"No, you have arranged this void?"

Feeling the power of the formation in the void, the blood sacred son couldn't help but change his face. Zhou Wusheng, Wei Siqing and others were also shocked to look at Qin Chen, especially Zhou Wusheng, who is a big brother of Tianwork. Naturally, it can be seen that Qin Chen's method of destroying the opponent's large formation has long been arranged, but what about Qin Chen? May know they will be lie in ambush, and place a dark hand here?

"Hahaha, did you just notice it?" Qin Chen laughed, "Thanks to the Tonghu of Tianshan Mansion." Qin Chen narrowed his eyes, and a cold light appeared: "Tonghu, you think you are the youngest before. Isn't there any preparation for letting you go? Ben Shao saved you, but got your holy veins. I wanted to wipe out the grievances and grievances. Who ever thought that you were in collusion?"

Xueyang Mansion, Renwang Mansion, ambush Ben Shao, then don't blame Ben Shao for being ruthless! You really think that God is unaware of it, but all your actions are in the calculations of this young man. "

"This is impossible!"

Tong Hu went crazy, his face was frightened, but what Qin Chen did made him understand that the other party was not just talking in vain, but had really calculated everything, and had already laid out the means here.

What they did was actually in Qin Chen's calculations. How terrible is this?

Zhou Wusheng, Wei Siqing and others were also stunned, shocked.

"Qin Chen, you let me go, you have something to discuss."

Ren Wang Shengzi was holding his neck by Qin Chen, struggling in pain, and roared. "I have something to discuss? Huh, the King of Humanity, didn't you still want to share the heavens with Ben Shao before? As the saint of the King's Mansion, you are naturally saying things. Since you want to share the heavens with Ben Shao, Ben Shao Naturally can't give you this opportunity, now,

This young master wants to let the many saints of King Ren's Mansion, as well as the people of Xueyang Mansion and Tianshan Mansion, watch you die in the hands of this young man. "

Click! Qin Chen's voice fell, he twisted the head of the King Shengzi off, and then patted with both hands. Above his head, the Qibao Glazed Glass Pagoda and Zixiao Dousidi Palace were surging with billowing flames, and he began to refine this man King Shengzi. The soul of the man Wang Shengzi let out a hysterical roar in the raging flames: "Qin Chen, you devil, you dare to refine this saint child, I will not let you succeed, blood \*\*\*\* brother, come and save me. Save me!"

### [Chapter 2930: How overbearing](#)

The head of Renwang Shengzi was squeezed off by Qin Chen under the eyes of everyone, and then began to refining. Everyone who was watching had eyelids beating, and each one was about to faint with breath.

The peerless saint son of Tangtang Renwangfu was actually refined by Qin Chen like a pill. This kind of scene is scared to the heart.

"Put me down, the King of the Kings."

The blood sacred son also saw a numb scalp, his hands crossed, and a blood-colored rainbow appeared, and countless blood-colored handprints surrendered between the heavens and the earth, "Blood sun \*\*\*\* palm, ten thousand ways!" "Blood \*\*\*\* son, so do you yourself The mud bodhisattva crosses the river and is unable to protect himself. He has come to rescue others. The blood \*\*\*\* reincarnates? So what? It is not the true ancient blood \*\*\*\* descending. You just have the memory of the ancient blood god, a trace of soul, and no real body.

It's just a half-step overlord. "

Qin Chen's body was filled with ancient auras, and the forces of various origins formed a long river of civilization, and all of a sudden the blood-colored handprints were scattered, crushed, and disintegrated. "Holy Son of Human King, do you still want this blood holy son to save you? He will die here today, just like your fate. Now, you will melt into this young man's body and completely change my power! You have The blood of the king, just to make this

Less refining, let Ben Shao comprehend the power of your King's line, and your King's Wings are the winged supernatural powers condensed by the ancient King, and they are also used by me after being refined. "

Qin Chen urged the Zixiao Dousizong, sent the King of the King Shengzi into the Zixiao Dousizong, suppressed it, and then violently sucked it into his body and blended into the jade disc of the Universe's good fortune, ready to look for opportunities to refine it.

For a general half-step overlord, such as the dark violent flood dragon patriarch, Qin Chen said that refining is also refining.

But this man Wang Shengzi has the blood of the man king, and the wings of the man king are the magical powers of the ancient man king, which is very difficult to smelt. With Qin Chen's current cultivation base, it also takes a lot of time and energy.

Although the Blood Sacred Child was the reincarnation of the ancient blood god, it was not Qin Chen's opponent at all now. Qin Chen has the inheritance of the Lord of the Desolate God, the ancient divine way, and has swallowed all the aura of the ancients, and achieved the body of the ancients, and he also

has the inheritance of the Lord of the Eternal Sword. He has the nameless sword canon in his body, plus the Five Secrets. Many treasures in

, Leading to the strength of Qin Chen's physical body, the ancient and the present. But these are nothing, because the holy master treasures in Qin Chen's Five Secrets are all asleep and cannot be urged at all, but Qin Chen entered the holy land of heavenly work, condensed the book of origin, and realized it. Many civilizations, one strength

It is extremely tyrannical, without fear of any arrogance.

In addition, Qin Chen had refined the dark storm dragon clan before, and his cultivation had entered the half-step Heavenly Sage mid-stage. The combination of many supernatural powers and treasures made Qin Chen's strength surpass that of the most top-level Tianjiao such as the Blood Sacred Child. Above.

It was as if Renwang Shengzi was the heir of Renwangfu. The top arrogant of Renwangfu had condensed the wings of Renwang, but it was not Qin Chen's opponent at all. With all his strength, Qin Chen could completely kill him.

In a short while, the King of Human Beings was suppressed by Qin Chen in the jade disc of good fortune in his body and became his trophy. Then, Qin Chen turned around and his gaze fell on the Blood Sacred Child. With his hands on his back, he stood proudly like a god, standing upright, his gaze swept, staring coldly at the three powerful forces in front of him, and sneered: "Blood Sacred Son, Tonghu, and the saint sons and saints of your three major forces, do you decide on your own, or do you want to do it yourself? If you end up on your own, you still have the opportunity to leave the whole body, otherwise, all of your Power, supernatural powers, will be swallowed by Ben Shao, death

Before, I have to endure endless pain. "

With the power of one person, Qin Chen faced the three top forces and the reincarnation of an ancient blood god, but on the contrary, he was wary and unparalleled.

It is as if he alone surrounded countless powerful men of the three major forces.

How overbearing is this? How powerful?

Zhou Wusheng, Wei Siqing and others were all dumbfounded. They didn't do anything, because they felt that they didn't need to do anything at this moment.

As soon as Qin Chen made his move, the sky broke and the earth broke, and with his fingers, he suppressed Wang Shengzi and killed many masters. This method made them unable to intervene even if they wanted to intervene. "This...what is the origin of Qin Chen? This suppressed the King of Kings and suppressed so many top masters. That is, the King of Kings, not weaker than my existence. When did my day job appear like this? A peerless

The strong? And are you still a disciple who came from outside to join Tian Gong? Where did the monster come from? "

Zhou Wusheng only felt his scalp numb and his head dizzy, and he didn't know how to describe the shock in his mind. "Is this Qin Chen also the reincarnation of a great person? Yes, it is very possible that even the power of the Holy Master cannot cultivate such a master. He is definitely not the reincarnation

of an ordinary person, is it the reincarnation of the Holy Master? Only the reincarnation of the Holy Lord can have such a powerful combat power. Otherwise, how can ordinary people display such terrifying combat power and condense civilization into supernatural powers. It is incredible. I have read many books, but I have never heard of any saint. The magical power of the Lord is the magical power of civilization

, Who is the reincarnation of Qin Chen? "

Zhou Wusheng roared hysterically in his heart.

Wei Siqing and the others also opened their eyes wide. Dao Zhengzhi and the others were already in cold sweat, and their hearts were full of fear. Even Murong Bingyun looked at Qin Chen in shock, shocked in his heart. She calculated the time, she should have entered the heavens earlier than Qin Chen, and immediately after entering the heavens, she directly joined the Holy Master Power Guanghan Palace, and became the Guanghan Palace Master, the direct disciple of the Holy Master. In Yaochi Holy Land

Cultivation, the cultivation base is advancing by leaps and bounds.

Indeed, she is even above Qin Chen in terms of her cultivation base, but compared to her strength, she and Qin Chen are almost a thousand miles away, one in the sky and the other on the ground. "I am born with a spirit body, a man of the world, but this Qin Chen... this guy, in the Tianwu Continent, is extremely powerful, setting off the whole continent, and even dared to fight the Misty Palace and the alien demons, and finally subverted the mainland. Domination, unexpected

After reaching the heavens, he was also so powerful. "

Murong Bingyun looked at Qin Chen in shock, with various tastes in his heart, not knowing how to express his emotions. Judging from the many things she has experienced, she should hate Qin Chen and regard him as a Kou Qiu, but deep down, she was attracted and shocked by Qin Chen's posture, and even recalled what happened in Yaochi Holy Land. The moment she was hugged by Qin Chen, anger no longer emerged in her heart, but a strange sentiment emerged.
