[Chapter 2931: Sudden crisis](#)

"Bah, Murong Bingyun, are you guilty of being cheap? How could you feel this way when this person ruined your life." Murong Bingyun became angry and scolded himself. At this moment, the sky was quiet. Many Saints and Saints of Renwang Mansion, Xueyang Mansion, and Tianshan Mansion, all around the Blood Sacred Son, staring at Qin Chen, without saying a word, but unable to Flee, because all the space is occupied by Qin

The dust was blocked, the powerful force rolled everywhere, and the aura of the formation appeared everywhere.

The places where the three major forces had previously arranged their formations had all been destroyed, but another formation aura rose to block the void. It was Qin Chen's secret arrangement and did not give anyone a chance to escape. The blood sacred child's face was solemn. Couldn't he be able to break through Qin Chen's blockade, but when Qin Chen broke through the blockade, he would definitely not be able to resist it. What's more, there were experts such as Zhou Wusheng and Wei Siqing staring at him? He can't

Abandon all the saints and daughters of their own forces, escape alone. "Qin Chen, what is your origin? Speaking of it, there is no possibility of cooperation between our blood sacred son and you? You are a person who works in Guanghan Palace, not a disciple of Guanghan Palace. In fact, you work in heaven. In fact, there is no deep hatred between us. We know a lot about this time in the celestial trial. In fact, we can join hands and enter the depths of the trial land to hunt down masters in other domains and even demons. Strong

Well, with your strength, you can join hands with Lord Shenzhao Shengzi and us, and you will surely get more benefits. "

The Blood Sacred Child turned his gaze, and said again and again, after seeing Qin Chen's true strength, he now changed his strategy, and between his gazes, he appeared extremely sincere, moved with affection, and understood. "Qin Chen, think about it, what a powerful force we can form when we work together, and we can sweep the entire trial ground. At that time, there will be no more treasures than the people with Guanghan Mansion? On the contrary, if You must kill our blood sun

People in the palace, when the trials of the heavens are over, they will not forgive you when they are known by the people of Xueyang Mansion, Renwang Mansion, and Tianshan Mansion. You will never have a stable day in the future, and Guanghan Palace will not be because of you. Offend several top forces. "

The blood sacred son stared at Qin Chen.

Wei Siqing and the others couldn't help but their expressions changed, and they looked at Qin Chen one after another. If Qin Chen agreed to the request of the Blood Sacred Son, then their people in Guanghan Palace would be in danger.

"Qin Chen..."

Wei Siqing couldn't help saying. Qin Chen stayed quiet, just looked at the Blood Holy Son coldly, and sneered: "Oh? Now I am starting to draw Ben Shao? And how many of your forces threatened Ben Shao? I remember, in the heaven trial, everything There are no rules, and you die

Dead, can't be held accountable after any forces go out? "Moreover, didn't you call this young ant before?" The coming is menacing, and we have to kill all of us, now begging for mercy? Hahaha, but, Ben Shao is not a good killer, so let's go, if you really want to communicate with Ben Shao, first

Kill all the people in the mountain mansion that day, and talk to Ben Shao again! "

Qin Chen said coldly.

In Tianshan Mansion, the expressions of Tong Hu, Biman and others suddenly changed.

"Blood Sacred Son, don't be fooled by that Qin Chen, he wants us to kill each other." Tong Hu shouted in horror.

Xue Shengzi glanced at Tonghu with an ugly expression. To be honest, he could not wait to kill Tonghu by himself, but he knew that at this time, there must be no chaos.

"Qin Chen, is it too hard for you to be like this? In case you are lying to us, after I behead the people in Tianshan Mansion, you will not admit it, didn't I cut my arm?" Cold road.

"Do you think you still have room for bargaining with Ben Shao now?" Qin Chen was so free, his eyes bloomed with coldness: "Ben Shao has limited time, can you do it? If you don't do it, hurry up and decide yourself, or Ben Shao will do it yourself. ."

Qin Chen teased his nails and said leisurely. "Blood Sacred Son, don't be fooled by him. This person is delaying the time, refining the person, Lord Sage Son, he can't spare his hand to deal with us now. We can leave immediately and follow the example of God's Son. The Jedi strikes back and will

Its kill. "

A disciple of the Royal Mansion seemed to see something and roared.

"Go!" The Blood Sacred Child seemed to be awakened, and suddenly he used his hands to make killing moves, rushing towards Qin Chen, but his body retreated extremely quickly, hitting Qin Chen's space seal and the light, booming, the light trembling, He was knocked out of a gap

.

"Go, go, go!"

Tong Hu also roared, and took the people from Tianshan Mansion back.

"Where to go!"

At this time, Zhou Wusheng and Wei Siqing were finally vigilant and shot extremely fast, and with a boom, the two turned into two streams of light, and they were blocked in front of the blood sacred son and Tong Hu.

"Zhou Wusheng, Wei Siqing, dare you to stop me!"

At this time, the blood sacred son and Tong Hu were fighting between the trapped beasts, roaring again and again, and killing them in succession, to repel the two and rush out of the encirclement.

All the masters of the three major forces shot together and besieged the two. At the moment, the sword energy is vertical and horizontal, the magical powers are diffused and radiant, and the rules of the avenue are expanding outward, and the magical power lines begin to appear one after another. It is these saints who have played their peerless magical powers, and they have become Desperado

"Let's take action together to prevent them from escaping!" Xu Yue and the others also flew up and joined the battlefield, be sure to keep these holy children here.

Hum! At this moment, Qin Chen uttered a long scream and covered up all the voices. He issued a tyrannical thought and swept the spot: "Really think I am delaying the time to refine the King Shengzi? Humph! All of them are ignorance. Ignorance is invincible

Zi, where is it necessary to use such conspiracies to kill you is just a matter of thought. "

His body soared into the sky, condescending, his hands were sealed, and the infinite aura of ancient times lingered out, secretly brewing the rules of time.

He decided to secretly urge the time rules to perform a lore, and in an instant, kill the Blood Holy Son, Tong Hu and others, and not give them a chance to escape.

The rules of time affect time and space, and within a single thought, the Blood Sacred Child and the others can't resist it at all. It is Qin Chen's special skill.

He would kill the opponent with a single blow, not giving the opponent a chance to desperately.

Otherwise, the Blood Sacred Child might actually run away. This person is the reincarnation of the ancient blood god, and he must have a desperate method against the sky in his hands, but he has not displayed it for the time being. Just as he increased his combat power, he was about to burst out suddenly, and when he came to a complete break, suddenly a feeling of danger was transmitted from his mind, and he immediately raised his head and looked at the sky.

[Chapter 2932: Kamitsuru](#)

Boom!

Above that extremely high horizon, the sky seemed to have been broken through, and a huge ancient mirror appeared in the sky, and the whole body bloomed with terrible power, and immediately landed. This ancient mirror is huge, with a radius of tens of miles. The edges of the ancient mirror are engraved with countless complicated lines, which sparkle with a palpating atmosphere, and in the ancient mirror, thousands of people turn around, showing the ancient times. The glorious glory, Xu Xu

Many creatures are kneeling and praying. A mysterious and strange power blooms from the ancient mirror. As soon as the ancient mirror landed, the power in Qin Chen's body began to freeze, and his whole person seemed to be enveloped by an unpredictable force. He wanted to kneel down and blend in like countless people praying in the ancient mirror. Among the ancient mirrors is the ancient mirror

Add strength.

Qin Chen sent out endless dangerous messages in his mind.

The power of this ancient mirror is very peculiar, it does not hurt the body at all, but from a very peculiar perspective, destroys Qin Chen's body and soul. It is a special strange power, as if it does not resemble the power of a human race. "This is... the magic mirror! The ancient treasure of the gods, the treasure of the town, is the treasure of the holy master. It is said that in the ancient times, the gods of the mirror was lost in the place of trial in the heavens. I did not expect to appear here. In the mirror of the gods, Contains the power of magic, can

Containing all things and gathering the power of faith, he is the Son of God, who has found his legacy from the ancient times to save us. "

Seeing this ancient mirror, the blood sacred son roared and trembled with excitement, tears were about to come out.

"God shines in the mirror? Holy Lord's Treasure?" Qin Chen was wary. He also felt the horror of this ancient mirror. He could directly attack his soul and body. If he was not careful, he might be injured, but he also felt it. , The power of this ancient mirror has not been fully developed

It seemed to be just a broken holy treasure, lost the soul meaning in it, and its power was less than one-thousandth of its heyday.

However, Qin Chen didn't dare to be careless, the feeling of danger made him feel excited, and the time rules that had been condensed a long time ago, they fought away in no time. He reacted extremely quickly at this moment, and integrated the time rule into the origin magical power. Suddenly, the void seemed to be still. The mysterious power of the ancient mirror suddenly disappeared in an instant, and the next moment contained the origin of Qin Chen's terrifying power.

The magical power suddenly blasted on the ancient mirror.

Boom!

The deafening roar came out at the moment, and the void was in a state of almost pause at this moment, and the aura of great destruction came. The ancient mirror was hit by Qin Chen, and it conveyed a calm hollow voice from ancient times. It flew up after being beaten. The huge ancient mirror flew upside down in the sky, and the voices of countless people's prayers continued to be heard. Qin Chen was also

After shaking back a few steps in a row, the countless Heavenly Sage rules in his body suddenly shattered, and cracks appeared, which made him have to use his supernatural powers, condense again, and a lot of heaven and earth holy energy was consumed.

"This is, this is the body of the Mirror of God, the holy treasure of the ancient times!"

Zhou Wusheng, Wei Siqing and the others looked up at the sky in shock, a violent spirit, cold sweat almost came out all over, and they were in a state of tension for an instant.

"Qin Chen, retreat quickly! That Shenzhao Shengzi actually found his inheritance back then, and found the sacred treasure that Shenzhaojiao had lost for many years. We have no hope, so we should go back quickly so as not to suffer."

However, as soon as his words fell, he saw Qin Chen collide with the ancient mirror, bursting out with a light of destruction, and actually shook the ancient mirror open, and everyone's expressions instantly solidified. "What? Shenzhaojing, this holy lord supreme treasure was actually blasted away by Qin Chen, how is it possible? Although the Shenzhaojing has been left in the trial land for countless years, the power in it has completely dissipated, and only the shell is left. Can't be considered complete

The holy lord is the treasure, but it is also unparalleled in power, and can easily kill the overlord, how could it be blown away by Qin Chen? "

Zhou Wusheng and Wei Siqing's eyes were round, and they were in a dull state.

"Go! Shenzhao Shengzi brother felt our danger, and finally made a move."

Seeing the appearance of the ancient mirror, the blood sacred son was immediately overjoyed, and was about to use the sky-defying means to plot against Qin Chen, but when he saw Qin Chen hit the ancient mirror, he almost urinated his pants in fright.

"God, is this really a human? This is no longer a human. It's a devil, a pervert, and an evildoer.

The Blood Holy Child is going crazy. He is deeply aware of the power of the Shenzhao Mirror, the treasure of the Holy Lord, which is an important part of Brother Shenzhao's search for this time. Although the Shenzhao Mirror was lost in ancient times, only a shell is left. The power in it has disappeared and is lifeless. But by

The old is not something that Heavenly Sage can contend with, even if it is a powerful overlord, once it is oppressed, it will be injured.

But Qin Chen hit him and flew away.

In the face of Qin Chen's such abnormality, he was hysterical and couldn't turn his mind anymore, and instantly seemed to become ordinary. "What happened at that moment? I felt a special power swept out of Qin Chen's body. It was that power that resisted the special power in the Shenzhao Mirror and made Shenzhao Mirror for a moment. Lost the strongest posture

It's just now that I was blown away, what kind of power is it? "

"Such a weird force, if it bombards me, wouldn't it be possible to kill me with one move?" The Blood Holy Child secretly speculated, and suddenly a spirit: "No, he just made this move, it must be dealt with. I, shot me to death, but Brother Shenzhao suddenly shot, urging Shenzhao Mirror, and blasted from an infinite distance, making him only shot

Resist God's mirror and saved my life! My God, life and death are in a flash, walking around, you can't stay here for long! "

"Everyone, withdraw quickly!"

The blood sacred son roared, and infinite blood burst out of his body, no longer caring about the other saints, seizing the opportunity, the blood in his body burned, and he fled frantically.

He suddenly figured it out, and was frightened by Qin Chen. What dignity and glory were all left behind, just thinking about being able to escape here. "The disciples of Xueyang Mansion, Renwang Mansion, and Tianshan Mansion, quickly enter the mirror of the gods. This seat is condensing the supreme magical powers, and cannot leave the barrier. I can only help you to leave. When the supreme magical powers of this seat are successfully trained, Let the people of Guanghan Mansion be killed first

Let them arrogant for a moment, go! "The divine mirror burst into the sky with a magnificent light, shining on many masters of the three major forces below, and at the same time a majestic voice came from the ancient mirror. If you get involved, you must escape.

[Chapter 2933: Almost cold](#)

"Hmph, want to go, so easy, time is supernatural!"

Qin Chen's eyes were cold, the time supernatural power merged into the origin supernatural power, and it burst out again.

The invisible power of time interfered with the magical powers in the mirror.

"It's not good, it's that special power again." The Blood Sacred Child's scalp was numb, in panic, and when he turned his eyes, he saw Tonghu and others from Tianshan Mansion. In a hurry, he was a trick to the blood sun god. The palm hits out, and for a while, countless **** rays of light surge, turning into huge **** palms

, The Tonghu and others of Tianshan Mansion behind him, from the special power of Shenzhaojing, suddenly blasted out.

"Blood Holy Son, you..."

Tong Hu and the others were furious and wanted to react, but it was too late. "Ah", Tong Hu screamed. A group of masters were hit by Qin Chen's time supernatural powers and origin supernatural powers, and they screamed all at once. Cracked, blood emptied. But the Blood Sacred Child was indifferent, seizing the time of sacrificing Tonghu and others, taking the only masters from the Xueyang Mansion and the Renwang Mansion, suddenly entered into the Shenzhao Mirror, the Shenzhao Mirror shook suddenly, and then Escape at unparalleled speed

Void, disappeared.

"unfortunately."

Qin Chen looked at the "God Mirror" in the distance, but did not start to capture the photo. He secretly sighed, which was a pity. This blood sacred son is really fierce. At the critical moment, he sacrificed Tong Hu and other masters of Tianshan Mansion to buy himself time to escape. Together with the power of faith in the mirror, it is very special, unless Qin Chen displays the world. Magic tree, or urge

Only by mobilizing the origin of time and using the terrible devouring power of the universe's good fortune jade disc can this magic mirror be trapped.

Otherwise, it would be difficult to keep the opponent by relying solely on the time rules. After all, Qin Chen's cultivation base was too low. Although the time rules displayed were tough, they were not yet capable of leaving the Saint Lord's treasure.

Even though this holy lord supreme treasure currently only has one body left, the holy lord supreme treasure is the holy lord supreme treasure, ten thousand times stronger than the heavenly holy treasure, and the pinnacle overlord is difficult to destroy.

Fortunately, the aura in this divine mirror has completely disappeared, unable to exert the power of the previous life, otherwise, Qin Chen will really be desperate, and he will not be able to resist it if he does not display the magic tree and other treasures of the world. "Hmph, I can't think that the Godzhao Shengzi actually got his own ancient inheritance, but this is good, he is now only a giant at the peak of the mid-term Heavenly Sage, and should be breaking through the overlord realm, even if it really breaks through to the overlord, it is far from it. may

Restore the full power of the mirror. "

Qin Chen's eyes flickered, and he wanted to repair the Holy Master Supreme Treasure, unless the God according to the Holy Child cultivated to the Holy Master's cultivation status, could he truly restore the Holy Master Supreme Treasure. Didn't I see that Qin Chen has many pieces of the Saint Lord's Supreme Treasure in his own body, but has never used it, because these Saint Lord's Supreme Treasures are nourishing and gradually recovering, with Qin Chen's current cultivation base that has not reached the mid-term, it is impossible to urge Move, even if forced to move,

Unable to exert its true strength. "The top priority is to break through the realm of the giants first, not to chase down the blood sacred son and the sacred son, or even expose all my cards for the other party. As long as Ben Shao breaks through, these two guys will be Ben Shao's prey sooner or later. And even they

The higher the cultivation base, the more treasures you can get, and the greater the future harvest of Ben Shao will be. "

Qin Chen squinted his eyes, smiled coldly, calculating in his heart, he knew the priorities. As long as he finds a high-grade heavenly vein, he will be able to break through to the mid-time realm of the heavenly sage, and even if he does not need the high-grade heavenly vein, he may also break through. After all, his body is also sealed with a half-step overlord Level master,

The Son of the King.

The Wings of the King of Kings, the King of Kings, contained the power of the Kings of the Ancients. Once Qin Chen was refined, the benefits would be enormous.

If all this man Wang Shengzi was refined and supplemented with many holy veins, it might not be impossible to break through the realm of giants.

After all, in addition to that person Wang Shengzi, there are also top masters in Tianshan Mansion like Tonghu, and the Heavenly Sage Law in his body is equally astonishing.

Thinking of this, Qin Chen suddenly looked at the many seriously injured Tianshan Mansion disciples. At this time, all those disciples looked at Qin Chen and the others in horror, with horror in their eyes.

"Qin Chen, you have something to discuss, everyone, we are willing to surrender, never kill us, we are willing to follow you, and together deal with the people of the gods and the blood sun palace."

Tong Hu and the others said tremblingly, covered in blood, trembling under Qin Chen's gaze, did not dare to look directly at Qin Chen's eyes.

"I have something to discuss?" Qin Chen smiled coldly, booming, he reached out with his big hand, and immediately captured the seriously injured Tong Hu. The Tong Hu roared in pain, but he could not break away from Qin Chen's restraint. , Was plunged into Qin Chen's body suddenly,

Among.

"Hmph, for a villain like you, Ben Shao feels disgusting even to be a younger brother. It's better to become Ben Shao's power, and it can be considered as your contribution." Qin Chen murmured, "It's a big deal. The harvest is also thanks to Ben Shao who let you go before, allowing you to bring such a great harvest to Ben Shao, and let Ben Shao know the details of the son of God Zhao Sheng, huh, this person is the reincarnation of the ancient leader of God Shao Jiao

, Is Ben Shao's most important opponent in the periphery of this trial land. Afterwards, when Ben Shao breaks through the realm of giants, he can be directly killed, allowing him to improve his cultivation base again and increase his strength. "

Zhou Wusheng, Wei Siqing and a group of saints and saints of Guanghan Mansion saw the scene calm down. At this time, they all gathered around, wrapped up Qin Chen with surprise, admiration, admiration, and an inexplicable expression on their faces. Fear of the taste.

At this time, Qin Chen is no longer a human, and in everyone's eyes, there is a god-like existence.

"Qin Chen, I can't think of you being so tyrannical!" Wei Siqing's face also had some unnatural expressions: "Thanks to you this time, otherwise, our Guanghan Mansion will suffer a heavy loss."

"That's nothing, I am also Guanghan. It's a matter of course for a member of the Han Palace to do things for the Guanghan Palace." Qin Chen said: "I didn't think that the Son of Shenzhao actually found his ancient heritage. Shenzhaojing, according to Ben Shao's speculation, he might soon

Breaking through the realm of the overlord, so we improved as soon as possible, and went directly to the door. Taking advantage of his short breakthrough, his strength had not recovered too much, we directly killed him, and then took away his holy lord, the treasure of the mirror. "

Qin Chen sneered.

"What, we have to go directly to the other party? Isn't this too reckless? This person is inherited and his strength is bound to reach the sky. If he fails to hit, the consequences will be unimaginable." Wei Siqing and the others were taken aback. The horrible power that had been shown before was shocked, and the previous blow from the magic mirror almost made them cool.

[Chapter 2934: Moved my heart](#)

"That's nothing." Qin Chen flicked his nails and said with a sneer: "It's still unknown who will kill you. This young man didn't do anything before and let them go, not because he was afraid of him, but because he didn't want to do too much entanglement. This young master wants to kill

He still has a little difficulty, so he doesn't care about him for the time being. If you start with the goddess son, others will have the opportunity to take advantage of it. In the end, it is not worthwhile to take advantage of the fisherman. "

"However, this does not mean that Ben Shao will let them go. After Ben Shao refines Wang Shengzi and that Tong Hu, they break through the realm of giants, and then they will care about him."

What Qin Chen said is not big talk. He is trapped by the realm now. Once he breaks through the middle stage of the Heavenly Sage, his body, soul, and magical powers will have a huge growth. It is definitely not a simple increase in combat power. .

In the middle stage of the Heavenly Sage, he has reached a state of complete understanding of the way of heaven, which can make the physical body resonate with the way of heaven. At least the time when the magical powers are used, the power can be increased ten times.

Qin Chen didn't fear even if the Son of God according to God broke through the realm of the overlord.

What's more, when Qin Chen breaks through his cultivation base, the power of the Universe Fortune Jade Disc will also increase. At that time, he can melt the Universe Fortune Jade Disc and display the horror barrier, which can trap any master, and the Shenzhaojing will never think again. escape.

That Shenzhao Shengzi was very strong, and the aura passed from the air before made Qin Chen a little throbbing. It can be said that he is the strongest Tianjiao Qin Chen has encountered. However, Qin Chen is also very eager to fight this person to exercise his original magical powers. Since arriving in the heavens, Qin Chen has not experienced too many fights at the same level. Every time he is crushed, this is actually very unhealthy. , Because only after

Only after the baptism of blood and fire can we truly stand on the peak of the heavens, open up a new future, get Nirvana rebirth-like changes, and improve Origin's magical powers again.

Qin Chen showed such a powerful self-confidence, which made everyone admire and stable.

Wei Siqing's gaze when looking at Qin Chen also changed. She is the great sister of Guanghan Palace. She has met so many men. The people who want to favor her are like the crucian carp who crosses the river. There are countless, but Qin Chen is The only one that can change her color.

Moreover, everyone now believes Qin Chen's words, after all, the strength he showed before is really shocking.

Especially when the **** mirror was pressed down, he fisted the ancient mirror into the air, scared the blood goddess and almost **** his pants. Wei Siqing and they are all super geniuses, naturally know the blow terrible. "Then what do you do now? Brother Qin? You have profound supernatural powers, and I completely admire it. The gods according to the holy son and the blood holy son dare to move our heavenly work, do you want us to send a message to gather all the holy sons who work in each house? One piece, when the time comes to unite the sky

All the masters of work will be more sure of dealing with the Son of God, and will be less prone to problems. After all, people who are taught by God who dare to move our people who work in heaven are looking for death. "

Now Zhou Wusheng's name has changed unconsciously.

Originally, he called Qin Chen "Junior Brother", but now he couldn't say anything, so he called Qin Brother.

His tone was also changed to a negotiating tone, looking at Qin Chen, there was an unpredictable feeling.

"This person... must be the reincarnation of the Holy Lord." He determined a death truth in his heart. "It's not right." Qin Chen thought for a while: "Our holy son who works in heaven is not a monolithic one. I heard that various mansions also fight against each other and cooperate with them. That is to seek skin with tigers. Besides, Ben Shao Don't need their help

, To kill the Son of God according to God, one less person is far enough. "Brother Qin considered right. "Zhou Wusheng thought about it and said: "My daily work is not a monolithic one. In fact, this is also the intention of the Tiangong headquarters. It wants to create a competitive atmosphere for the Tiangong divisions of various prefectures. Only in this way can a real life be born.

Positive Tianjiao. The saints who worked in other days have not seen Brother Qin's power, even if they are drawn to them, they will not be convinced, they will fight for command, and there will definitely be conflicts. "Qin Chen nodded: "So, we still have to do it by ourselves, but the most important thing is that you don't put all your eyes on Shengzi Shenzhao. This time, there are many masters in the realm. If you let them know our aim

, Will definitely catch the cicadas by the mantis, the oriole will be behind, to be a fisherman, our main purpose is to find treasures, enter the depths of the trial, and compete with the masters of other provinces, kill the demons and seize Inheritance of the Holy Lord. "

Qin Chen talked eloquently, "The God according to the Son is just a small stone on the road of our experience, just kick it away."

Qin Chen's posture made countless saints in Guanghan Palace's eyes glow, and they only felt extremely chic.

Only Senior Brother Qin could he not put the Godzhao Shengzi in his eyes.

"If this is the case, what should we do next?" Wei Siqing said solemnly, "Then Shenzhao Shengzi should be cultivating in retreat now. It is very difficult to find them." "It's okay, don't worry, practice first. It's the right way. When I was fighting with Shenzhaojing just now, I intercepted a trace of aura on it. After I break through, with one of my magical skills, I can definitely calculate and perceive it." Qin Chen is strong.

Great confidence, unconsciously, became the master among this group of people, even Zhou Wusheng and Wei Siqing unconsciously obeyed his leadership.

"Okay, then listen to Brother Qin's arrangement." Many Saints spoke.

"Senior Brother Qin, you have suppressed those people Wang Shengzi and Tong Hu now, will they do anything wrong? I think it's better to stop and refine them before you talk?" A saint woman in Guanghan Palace said.

"Huh? You know what I am thinking." Qin Chen glanced at the saintly woman. He looked at Qin Chen with a smile on his face. There was a seductive taste, like a peach that was about to mature. People can't bear to go up and pick.

"My name is Mimei, and I will meet Senior Brother Qin." This peach-like mature woman bowed to Qin Chen Yingying, and said in a delicate voice: "If Senior Brother Qin has any requirements, just tell Mimei to go through water and fire. "

"Mimei, what are you demon?" Wu Ling said to Mimei with an ugly expression. "What did Sister Wuling say? How can Mimei dare to be a demon in front of Brother Qin? It was Brother Qin who rescued us before. Mimei is grateful and wants to help Brother Qin to share her worries and solve problems and do her best. Junior sister Bingyun doesn't mind, you are anxious

What anxious? Is it possible that you have fallen in love with Brother Qin yourself?" Mimei said with a grin.

"you....."

Wu Ling was extremely angry, but thinking of Qin Chen's previous heroic figure, his dissatisfaction with Qin Chen had long since disappeared, but his cheeks were flushed. "Heh, it seems that sister Wuling has also moved Fan's heart towards Brother Qin." Mimei laughed.

[Chapter 2935: Holy Spring Eye of Lingchi](#)

"you....."

Wu Ling became angry from embarrassment.

"All right."

Wei Siqing glanced at the two coldly, "In front of Brother Qin, stop arguing."

She turned around and said to Qin Chen, "Brother Qin, if you have any needs, even if you speak, I will do my best to accomplish what Guanghan Palace can do." "Ben Shao actually has a request." Qin Chen looked at him. A flash: "The people Wang Shengzi and Tonghu are now in my body constantly doing bad things. I scored some power to suppress them. Otherwise, the Shenzhao Shengzi could not easily put the blood in

Waiting for someone to rescue him, so, in order to be safer in the future, Ben Shao needs a lot of top-level Saint Vein breakthroughs. If you have any, you can support Ben Shao a little. Ben Shao will certainly be grateful. "

"Top Saint Vein?"

Everyone looked at each other and saw that Mimei didn't hesitate. The first shot, Boom, had three ancient sacred veins in her hand.

"Senior Brother Qin, the three Heavenly Sage Middle Grade ancient sacred veins are the accumulation of Mimei. Since Senior Brother Qin needs it, Mimei will give it to Senior Brother Qin."

As Mimei said, she had already handed the three ancient sacred veins of the middle rank of Heavenly Sage to Qin Chen's hands, generous and not ashamed at all.

"Senior Brother Qin, I also have five ancient sacred veins of Heavenly Sage Middle Grade."

Xu Yue also spoke, and took out a space treasure, in which the holy energy of heaven and earth surged wildly.

"Brother Qin, I also have one!"

"I have one and a half!"

"Although I only have half of it, I also hope to give Senior Brother Qin a little help."

Many of the Saints and Daughters of Guanghan Mansion present all spoke up, and at the same time took out the ancient Saint Veins.

Boom!

Suddenly, the terrifying ancient holy veins aura surged in the void, creating a sea of holy veins here. The disciples who can obtain the qualifications of the heaven trial, which is not the tianjiao of the major forces in Guanghan Palace, has more or less one or two ancient sacred veins of the middle grade of the sage, ready to absorb and cultivate by himself , But now I see this

The scenes are all taken out one after another.

One of you, two of me, half of him, in the blink of an eye, in front of Qin Chen, there were dozens of ancient sacred veins of Heavenly Sage Middle Grade, which were several times more than his own accumulation.

"This....."

With such a scene, Zhou Wusheng and Wei Siqing who were watching were a little startled, shocked by the action of these saints and saints.

These saints and saints all know that if it weren't for Qin Chen, their group would have died in the previous war, and even when the dark storm dragon was besieged, they would have suffered heavy casualties. It depends on Qin Chen.

If Qin Chen was just not much stronger than them, then they wouldn't behave like this. And now, Qin Chen has become their leader. If Qin Chen is strong, they are safer and naturally no one is stingy.

As long as you follow Qin Chen, are you afraid that you won't get the ancient Saint Vein in the future?

"it is good."

Qin Chen was also very touched when seeing these people taking out the Saint Veins one after another: "Thank you for your help, Qin, you will definitely not be disappointed."

"Where is Senior Brother Qin, if Senior Brother Qin needs something else, speak intuitively, as long as we can take it out, we will never be stingy." "Yeah, if it wasn't Senior Brother Qin, we would have fallen

a long time ago. In the heaven trial, our Guanghan Mansion suffered heavy losses, and many warriors have fallen. This time, thanks to Senior Brother Qin, we are now safe and sound.

What kind of. "

"That is, the holy veins are things outside the body."

Many of the Saints and Daughters of Guanghan Mansion shouted.

"Brother Qin, I also have an ancient sacred vein here, you may be able to use it."

At this moment, Zhou Wusheng spoke, his voice fell, with a bang, and suddenly, in the void, a terrifying breath of ancient sacred veins lingered out, it turned out to be the ancient sacred vein of Heavenly Sage.

However, only one-fifth of the ancient sacred veins of the Heavenly Sage High-Rank are left, which is half the difference compared to the chaotic sea veins Qin Chen had obtained before, but it is stronger than the ancient sacred veins of the Middle-Rank Heavenly Sage. Many times.

"The ancient sacred veins of Heavenly Sage Top Grade?" Everyone was taken aback, and even Qin Chen's eyes condensed.

These treasures are regarded as treasures by the overlord of the late Heavenly Sage, Zhou Wusheng actually took them out? "Brother Qin, this one-fifth of the ancient sacred veins of the Heavenly Sage's top grade was obtained from an ancient ruin with a few friends when I was practicing outside Guanghan Mansion. I have divided it into this fifth. , Originally I was going to use it to break through the Queen of Heaven

It was prepared by the Overlord Realm, but now Brother Qin, if you need it, it will be given to Brother Qin. "

Zhou Wusheng said boldly.

When other people saw it, they all changed their colors, and directly sent out one fifth of the ancient sacred veins of the top grade of the heavenly sage, and they were the ancient sacred veins that they needed to break through. This shocked everyone, and it was because of Zhou Wusheng's pride. Feel shocked.

"Thank you, Senior Brother Zhou." Qin Chen looked at Zhou Wusheng without hesitation. He wanted to break through the middle stage of the Heavenly Sage. He really needed a lot of ancient sacred veins. The ancient sacred vein of the top grade, Zhou Wusheng took it out

This fifth of the article is considered timely rain.

"Haha, Brother Qin, if you can be useful, it's fine." Zhou Wusheng laughed.

"Senior Brother Zhou, Qin will definitely not let you down, and Qin will not take this ancient holy vein for nothing, and there will be a return in time."

Qin Chen said directly.

"Qin Chen, do you want to break through the realm of giants? With your strength, I am afraid that one-fifth of the ancient sacred veins of the highest grade of the heavenly sage are not enough at all. I have

one-half here, and you should be enough." At this moment, Wei Siqing spoke, his eyes flickered, and without hesitation, he also took out an ancient sacred vein. As soon as this ancient sacred vein came out, he immediately suppressed all the breath of the ancient sacred vein on the field. Went down, exuding a vast

power.

"Senior Sister Wei, this is a half-pipe holy eye spring prepared by the Lord Palace Master for you. It is used when you break through the overlord realm of the late Heavenly Sage. If you take it out, what do you do?"

Ulling suddenly shouted. Wei Siqing shook his head: "With my current cultivation level, the Holy Eye Spring of the Spirit Pool cannot break through the realm of the overlord. I need to understand more rules and ways of heaven. I saw Brother Qin fighting against the Son of God. I have sentiment, I already know what to do later

The way to go, but it will take some time to make a breakthrough. It's better to take it out and give it to Brother Qin. As long as Brother Qin breaks through, we will encounter more treasures in the future, and it will not be too late to break through. "When the voice fell, Wei Siqing had already handed the Spirit Pool Holy Eye Spring to Qin Chen: "Brother Qin, thank you for saving many disciples in our Guanghan Mansion. Anyway, you are now the strongest in my Guanghan Mansion. Disciple, I have no other request. I just hope that after your breakthrough, our disciples in Guanghan Mansion will lose very little, and in the future will live more people and leave the trial ground. "

[Chapter 2936: Slayer Lord](#)

Wei Siqing's sincere tone is very moving.

As the master sister of Guanghan Palace, her request is not to get many treasures in this trial land, but to hope that the people of Guanghan Palace can live more saint children and saints, because only living out can let Guang The cold house is more powerful.

In the first two trials of the Celestial Realm, Guanghan Mansion had the most fallen disciples, and Guanghan Mansion was a little bit blue and yellow. If this continues, Guanghan Mansion is very likely to be really swallowed by forces such as Xueyang Mansion.

Now, there was a Qin Chen who could not do all of this by herself, so she naturally pinned her hopes on Qin Chen.

For this hope, she is willing to give her more.

Qin Chen received the eyes of the holy spring in the spiritual pond, and he was full of emotion in his heart, and he had a different impression of Wei Siqing.

"Okay, thank you very much. With these holy veins, the chance of Ben Shao breaking through is even greater."

Qin Chen thanked him, and this time he truly had confidence.

A sacred spring eye of the spirit pond, one-fifth of the heavenly sage's high-grade sage veins, plus hundreds of celestial sage's middle-grade sage veins, if Tonghu and Renwang Shengzi are refined, Qin Chen finally has the confidence to break through.

"Brother Qin, there is an ancient sacred mountain in the distance, which is suitable for cultivation. Let's go there to protect you, Brother Qin."

Zhou Wusheng pointed to the distance.

Qin Chen saw a looming ancient sacred mountain in the distance, so his figure flickered, the space revolved, and some frightened disciples of Tianshan Mansion were engulfed, and everyone flashed, and in an instant, all came to this ancient sacred mountain. On this sacred mountain, a lot of monsters grew, each in groups, powerful, but to Zhou Wusheng and others, it was as simple as cutting melons and vegetables. After a while, they were killed cleanly. , And then in the Taikoo Mountain

Sitting down inside, set up a large protective formation, let Qin Chen sit in the center, and begin to comprehend the mystery and make breakthroughs in refining.

"Shengzi Renwang, Tonghu, come out!" After sitting down, Qin Chen grabbed a big hand, and an air current rushed out of his body. The Zixiaodou led the palace suddenly flew out, and Shengzi Renwang and Tonghu were caught Trapped in it, constantly being burned by the sky fire, refining, constantly struggling, but can't escape

Get out.

"Qin Chen, you... let your king go soon, don't you know that I am the heir of the Mansion of King Ren? Son of King of Man, if you kill me, Lord Ren will know that he will definitely not let you go."

Ren Wang Shengzi was released by Qin Chen, struggling constantly, and roaring, threw out his hole cards.

He was in the Zixiao Dousui Palace, constantly refined by the sky fire, and was dying, knowing that there was not much time. At this time, he moved out his trump card, and he was lucky. "Son of King Nen? Huh, the heavens are in the trial. Everyone has his destiny. Everyone can only accept his fate. Even if King Nen knows that you were killed by us, can he still find the Guanghan Palace or the heavenly work?" Zhou Wusheng and others Stay unmoved, work in heaven

They are not afraid at all. "My father, King Ni will naturally not do it, but my master will never give up, don't you know, I have the blood of the King of Kings, I have cultivated the wings of the King of Kings, and my father has asked me to worship Palace Lord Yaomie's One of the guardians of the sky

The holy master is a teacher, and only after the heaven trial is over, I will go to the Yaomie Mansion and learn art under the master's command. You killed me, my father can't avenge him, but my master will definitely avenge me! "

Ren Wang Shengzi roared loudly and revealed a shocking secret.

"what?"

Hearing the words Sacred Lord of Yao Mie Mansion, Zhou Wusheng, Wei Siqing and others were all shocked and looked at Qin Chen one after another. "Are you really a disciple of the Holy Master of the

Yao Mie Mansion? The Yao Mie Mansion is one of the strongest high-level mansions in this celestial realm. The Lord of the Yao Mie Mansion is also the top power in the hands of the Holy Master. The Lord of Sky Destruction, and Palace Master Yao Mie's battles

The powerful Lord of the Mansion is the most cruel and fierce. How could you worship him as a teacher?
"

Zhou Wusheng said in anger, his voice trembling. "Hahaha, are you scared?" Seeing the fearful expressions of everyone, Shengzi Renwang was very pleased: "I will tell you personally, it is because our King Ren Mansion has already cooperated with Yao Mie Mansion. On the surface, they have cooperated with Xueyang Mansion and Shenzhaojiao, but in fact, they are also connected with Yaomie Mansion. When the time comes, when we have unified this territory, we will join forces with Yaomie Mansion to unify the heavens. Realm, become the master of this realm, the realm of heaven

Positive top power. "However, this is still a secret at the moment, so it has not been disclosed, but the peerless arrogances of some of our palaces have already worshipped some masters of Yaomie Mansion as their teachers. My master is the Holy Master of Yaomie Mansion. If you Dare to disadvantage me, let me

Master knows, you know what pain is, even Guanghan Mansion will be destroyed by my master. "

"Qin Chen, this..." Zhou Wusheng, Wei Siqing and the others were all hard to look at, and said to Qin Chen: "Unexpectedly, King Ren's Mansion actually colluded with Yao Mie Mansion. This is very bad, even though it is trying. In the land of refining, killing anyone will not be held accountable, but I dare not blatantly pursue it. Some insidious tricks are still used. Once, there was a master who killed the saint child with a backing, but was killed by the opponent. No one justified the assassination. If this person is really a descendant of the Holy Lord,

When we killed him, we were not afraid of King Ren's revenge, but we were afraid of the action of the Holy Lord. "

"Yao Mie Mansion, hey, Yao Mie Mansion."

Who knew that Qin Chen heard the words Yao Mie Mansion, and a horrible aura burst into his pupils, "Is Yao Mie Mansion very powerful?"

There is nowhere to be found after breaking through the iron shoes.

Qin Chen always wanted to know the news of Yao Mie Mansion, but he did not expect to hear it now.

Zhou Wusheng and Wei Siqing were startled, "Don't you know?" The two immediately said: "We are located in the Eastern Heaven Realm, and Yao Mie Mansion is one of the top Holy Lord Mansion in the Eastern Heaven Realm. Well, in general, there are more than ten Holy Lord's Mansions in one mansion. If you count some Holy Lord forces and

According to the sect, there are probably dozens of holy master forces. Our mansion is a middle-to-lower mansion, and the strongest palace masters such as the Blood Sun Mansion, such as King Ren, are only the holy masters at the peak of the initial stage. "But the Yaomie Mansion is different. It is one of the top Holy Lord's Mansion in the entire Eastern Heaven Realm. The Yaomie Palace Lord is the pinnacle of the Holy Lord, the controller of the upper-level palace, and the power of the Holy Lord's Mansion

level. There are dozens of them. Even the protectors such as the Heaven Slayer are also extremely terrifying master masters. They have a terrifying reputation in the Eastern Heaven Realm, and there are not a few holy masters that have been destroyed. "

[Chapter 2937: Die to Ben Shao](#)

"If you offend Yaomie Mansion, it's really bad." "The Holy Master of Mietian, the method is very spicy. We are still some distance from Yaomie Mansion, so there are only some rumors, but the legend is in Yaomie Mansion. In the realm, some Holy Lord's Mansion can let some

The Holy Lord's Mansion was frightened. "

Wei Siqing's face was very ugly.

Qin Chen's eyes condensed, Yao Mie Mansion's strength, unexpectedly so strong, far exceeded his expectations.

"If Yao Mie Mansion is really so powerful, wouldn't he be able to sweep many of the Holy Lord Mansion? Why not directly conquer this mansion and directly rule it for himself?" Qin Chen said solemnly.

Everyone looked at Qin Chen strangely, and Zhou Wusheng was even more startled: "Brother Qin, don't you know?"

He suddenly remembered the reincarnation origin of Qin Chen's Holy Lord, and immediately understood that Qin Chen was most likely the reincarnation of the Holy Lord of the ancient heavens, and it was normal if he didn't know. Suddenly explained: "After the heavens were broken, they were reunited by many top powerhouses such as Xiaoyao Supreme. In order to prevent the human race from fighting with each other, the loss was too great, and the demons took advantage of the loopholes. Therefore, the top power in the heavens has long been determined. Under the rules, the same realm can compete with each other to unify a powerful Holy Lord's Mansion, unify the entire realm, and cultivate strong people for the human race. But fights between different realms cannot easily occur, so Na Yao No matter how strong the house is destroyed, it is impossible

Directly attacked our territory. "Perhaps this is also the reason why Yao Mie Mansion wants to cooperate with King Ren Mansion. They can support King Man Mansion, cultivate masters of King Man Mansion, unify this realm, and indirectly control it, so that many top forces in the heavens will not intervene, because also Calculate

It trained top masters for the human race. "But if you kill the King of Human King Shengzi like this, if he is really a descendant of the Holy Master of Mietian, the Holy Master of Mietian will be cruel and behead you in secret, no one of the other forces dare to say anything, Lord Yaoguang also May not be able to keep you. Unless you can add

Entering our Heavenly Work Headquarters and becoming the top arrogant of the Headquarters, the Holy Master of Exterminating Heaven is afraid to do it easily. If he does, our Heavenly Work Headquarters will not let him go. "

Zhou Wusheng shook his head and said: "However, it is too difficult to join the headquarters. Although I think Brother Qin, your potential is completely sufficient, it does not mean that you can join by joining."

"What should I do then? Isn't it the same as letting the tiger go back to the mountain by letting him go like this?" Wei Siqing said with a ferocious expression.

"You can't let go, but this person can't be killed." Zhou Wusheng murmured: "Even if you are a master master, you don't dare to offend Yaomie Mansion easily." "Hahahahaha!" Renwang Shengzi laughed wildly: "You guys. I also know that if you have offended Yao Mie Mansion, life is better than death. Very good, very good. Quickly let me go. After I go out, it will not be difficult for you. Also, Zhou Wusheng, you know the current affairs well and know I don't Able to kill. In the future, I will speak nicely to you in front of the master. You can even change the door and invest in my Yaomie Mansion. As for you, Wei Siqing! You actually said that if I let me go, I will let the tiger go back to the mountain. You are thorough

It's over. Kneel down now! Acknowledge my mistakes, and then let me play with you and become my woman, you can not die! "

"And you, Qin Chen, are good at strength. I am a person who loves talents. You can take refuge in Yaomie Mansion and trust Master and others. They won't be stingy and accept you as a disciple."

Ren Wang Shengzi floated up and down in the fire, becoming proud.

"Lord Renwang Shengzi, let him let us go, our Tianshan Mansion is also willing to submit to Yaomei Mansion like Renwang Mansion!"

Tong Hu, who had been struggling, yelled in surprise at this moment, and many of the imprisoned Saints of Tianshan Mansion also shouted excitedly.

Before this, the scene immediately became very embarrassing and silent. All the Saints and the Sons and Daughters on the scene did not dare to say anything. The terribleness of Yao Mie Mansion had long been shocking. Judging from his title, he knew that this person was known as Mietian. , How arrogant?

Ren Wang Shengzi's words first praised Zhou Wusheng and then gave Wei Siqing a vicious attitude. The purpose was to disintegrate the hearts of many powerful people in Guanghan Mansion and cause their internal strife and discord.

"Dao Zhengzhi, Su Zheng, Sun Wujin, the three of you are also my daily job disciples. What do you think this young man should do?"

Qin Chen suddenly turned his head and looked at the three of Dao Zhengzhi.

The three of them were startled. They didn't know what Qin Chen meant, and their expressions were suddenly ugly.

"Ok?"

A chill emerged from Qin Chen, and the Dao Zhengzhi hurriedly said: "Brother Qin, I don't think you can kill. Since that person Wang Shengzi is a disciple of the Divine Master, if you kill him, you will surely provoke the Divine Master. , It's better to cooperate with Ren Wang Shengzi."

"Yes, you can't kill." Su Zheng also nodded: "Kill him, you will anger and destroy the God of Heaven. You are the arrogant of my heavenly work, but there can be no accident. We don't want you to have an accident."

They don't know why Qin Chen asked so, anyway, just say something nice. Sun Wuxuan's eyes flashed, but he gritted his teeth: "Brother Qin, want to kill, this man Wang Shengzi is not a good person. Let him go, he said on the surface that he doesn't make a difference, and he will definitely target us when he turns his head. Your strong, sure

He will try his best to plunder Senior Brother Qin's supernatural powers, and wherever he will introduce him to his master, everything is his countermeasure. "

"Oh?" Qin Chen glanced at this Sun Wu-endi, but laughed, this one is very thoughtful.

"Sun Wujin, what are you talking about?" Dao Zhengzhi and Su Zheng shouted angrily. "Sun Wujin, right? You are fine. You dare to say that you will kill Ben Shengzi. After Ben Shengzi gets out, you will be the first one to kill." Renwang Shengzi said coldly: "Brother Qin, don't listen to this person's nonsense. Language, Ben Shengzi is definitely not that kind of person, as long as you put Ben Sheng

Son, this holy son will definitely recommend you to become my master. By that time, with your talents, Brother Qin, you may even be accepted as a disciple by Palace Master Yao Mie. "

"But if you kill me, it will be your death date if you leave this place of trial."

"It's all here. How to do it depends on Brother Qin."

In the flames of the Palace of Zixiaodou, the human king Shengzi suffered incomparably pain, but he became calm, his eyes flickering, and his chest was full.

"Brother Qin." Zhou Wusheng looked hesitant.

Wei Siqing also looked over, showing anxiety and tension.

Many people focused their eyes on Qin Chen, wanting to see how Qin Chen decided.

In their minds, it is impossible for the King of Humanity Saint Son to be killed, but how to deal with it is a difficult problem.

"Hahaha!"

Qin Chen burst into laughter under everyone's eyes, "Yao Mie Mansion, can you scare Ben Shao?"

Qin Chen sneered: "Young Master Ben will take a look, why do you avenge your Master and die for Ben Young Master!" After the words fell, Qin Chen slammed Zi Xiao to lead the palace, booming, and suddenly, the terrible sky fire The breath soared, and a spewing blast exploded the flesh of Renwang Shengzi, and the origins of the Heavenly Sage Principles suddenly burst out.

[Chapter 2938: Control the bloodline](#)

"You, how dare you really refine me, the Sage Master will let you die without a place to bury you."

Ren Wang Shengzi was taken aback, and his face showed a hideous face: "You, you are so bold." His soul was floating in the fire of karma, struggling with pain, his body exploded, and the infinite source of Heavenly Sage burst out. , His whole body is fragmented, but his powerful thoughts are constantly echoing, "You beasts! You want all

The whole department is dead, I am the disciple of the son of King Niu, the goddess of destruction, you dare to kill me, you will not end well! "

"Kill you, kill you, why is there so much nonsense!" Qin Chen urged Zixiao Dust Palace, and the Qibao Glazed Glass Pagoda was running, and the infinite seven-color flames merged into Zixiao Dust Palace, making Zixiao Dust Palace. The power of the palace increased instantly,

The four heavenly fires combined with the real purple flames in the Zixiao Douzhi Palace, and the seven-color flames were so crazily refined, and immediately refining the flesh and blood of the human king's holy son into nothingness, only the blood of the human king and the wings of the human king No refining.

However, under the refining of the flame, the wings of that man king exudes a crystal white light, in which there is a thick breath blooming, and it also lingers out a breath of rune against the sky. In the Zixiaodou Rate Palace, among the refined flesh and blood, countless Heavenly Sage Origins spewed out, all shimmering and magnificent, and in the body of the King of Kings, the space magic weapon split, and the ancient sacred veins. Gushing out,

After being caught by Qin Chen, there were actually one-fifth of the high-grade Saint veins of the Heavenly Sage, and more than a dozen middle-grade Saint veins of the Heavenly Sage, and there were many more low-grade Saint veins of the Heavenly Saint. "Hahaha, I didn't expect you to have so many ancient sacred veins on your body." Qin Chen's eyes brightened, and so many ancient sacred veins were pulled into his body at once, and they were included in the universe jade dish. , Haha smiled: "You still

He was really the boy who gave money to Ben Shao, these ancient holy veins were enough to increase Ben Shao's strength again, and it was a fortune. "

"You beast!"

The body was refined, but the soul of the King of Humanity was not broken, his will was cursing, hysterical, his soul, surrounded by the blood of the King of Humanity, was firmly supported, and he wanted to find a way to survive.

"Qin Chen, you can't kill me. My soul is wrapped in the wings of the king and the blood of the king. It is invincible. You can't kill me, and you can't refining me..." The Saint Son of the King roared.

"Huh, isn't it? I'm not dead yet, Origin Magical Powers, give me fragments!" Qin Chen sneered, counting his punches in succession, and bombarding the King's Wing. The King's Wing kept shaking, but it was not broken, causing Qin Chen. Condensed in my heart, this King's Wing is extremely powerful, at least at the Heavenly Sage's Supreme Treasure level.

The strength of Zai can be suppressed, but it is almost impossible to crush it.

"Hahaha, Qin Chen, I said, my soul can be placed in the wings of the king through the bloodline of the king, and I am immortal."

The Son of the King shouted hysterically.

"Immortality is immortal, ridiculous, the origin of magical powers, break me!"

Qin Chen yelled, and the Origin Supernatural Power was used again, but this time in the Origin Supernatural Power, Qin Chen also blended into the sky patching technique, the vast sky patching power immediately surrounded the King's Wings and shook wildly.

The white light on the King's Wing, the vast runes, actually began to melt under this force, still trembling, and was controlled by Qin Chen little by little.

"What kind of supernatural power is this that can actually refine the Wings of Human King?"

Zhou Wusheng and others came from heaven, and they were all top craft refining masters. Seeing Qin Chen actually refining the King's Wing, their eyes widened, and they couldn't identify what Qin Chen was using.

Refining the wings of the human king requires the blood of the human king. How did Qin Chen do it?

They couldn't see the origin of the sky patching technique. Since Qin Chen condensed the Book of Origins, his deduction of Heaven's Path has reached an extremely terrifying level. The power of Origin's magical powers is vast and can conceal everything. Now he is performing the technique of patching the sky, and his breath is very mysterious, and

His existence in the same realm simply couldn't see his true methods clearly.

Unless the Lord of Light comes to see some of the clues, with only the skills of Zhou Wusheng and others in refining, Qin Chen can use the art of patching the sky unscrupulously.

"No, how is it possible?"

Ren Wang Shengzi let out an angry roar.

"Huh, in front of this young master, nothing is impossible, let alone your King's Wings, your King's bloodline, this young man also has to refine, understand, control, the book of origin, control the bloodline!" Qin Chen Roaring, urging the sky patching technique to the extreme, suddenly, the book of origin in Qin Chen's body also bloomed with a vast light. The blood of the man who wrapped the wings of the king of man began to be controlled by Qin Chen, deduced, and this Meanwhile, the book of origin

In the middle, a page about the human king's bloodline appeared, explaining the power of the human king's bloodline from the essence of the avenue.

Hum!

Qin Chen also had a faintly flowing breath of the blood of the King of Humans. It was Qin Chen who realized the profound meaning of the blood of the King of Humans and began to imitate the breath of the blood of the King of Humans by using the technique of heaven-shaking good fortune. This produced a real effect. The so-called bloodline is nothing more than a bloodline inheritance with a certain special power and special attributes. As long as the essential power can be analyzed, it can be imitated, and Qin Chen's technique of patching the sky can replenish the world, the book of origin. , Can accommodate

There are endless rules in the world.

Combining the two, the so-called human king bloodline was instantly transformed by Qin Chen.

"The blood of the king, refining the wings, is mine!"

Qin Chen imitated the blood of the king and began to refine the wings of the king. The wings of the king, who was still resisting, immediately began to surrender, being branded into the soul by Qin Chen, and being refined from the depths of the most fundamental essence.

"How is it possible that you are refining the wings of the King of Humans, why? Why do you have the breath of the blood of the King of Humans?"

The smell of fear appeared in the aura of the human king's soul. In his soul, turbulence and chaos began, which was a sign of collapse and destruction.

Go out! Qin Chen roared a word for the last time. The bloodline of the king suddenly exploded and was completely refined, and the soul of the king of the king also screamed, instantly vanished in ashes in the endless karma fire and the torrent of terror, completely collapsed and dissipated. Empty,

Vanish into nothing. And after the soul aura of the human king saint son disappeared, the wings of the human king appeared on Qin Chen with a flash, becoming Qin Chen's treasure, completely controlled by Qin Chen.

[Chapter 2939: Look too high on yourself](#)

"All power, integrated into my body, all magical powers, integrated into my body, all laws, integrated into my laws, give it to me!"

After Qin Chen refined the Wings of the King of Humans, he roared, and suddenly, in the palace of Zi Xiao, the many heavenly sacred laws in the body of the Saint Child of the Kings were absorbed into his body by Qin Chen, and he was shocking the world.

Under the refining of Zi Xiao Dou Li Gong, these laws have been transformed into the aura of the king's holy son, and have become the most pure law origin power, strengthening Qin Chen's own laws.

Each of the laws in Qin Chen's body is extremely thick, but the power of the laws of this man Wang Shengzi is not weak, and each one is ten times stronger than ordinary saint children, and has the blood of the king. With the breath of the ancient king.

Now, these laws and powers are all cheaper than Qin Chen. "What a powerful Heavenly Sage Law, such a tyrannical power, is more than a hundred times stronger than my so-called giant master of refining and transforming the God of Slaughter God? Especially the aura of the king of humans is also a great power to me. , Can refer to, master,

Strengthen my strength. "

Qin Chen absorbed all the terrifying Heavenly Sage Origin Laws, and couldn't help but drip freely. If an ordinary giant like Tu Renshen is just an appetizer for Qin Chen, then the Heavenly Sacred Law of the King of God, that is a big meal, his many laws and perceptions, a lot of power, for Qin Chen, there are also huge Benefit and help

help.

Qin Chen vaguely felt something new. Of course, in addition to the powerful laws, Qin Chen also felt some cruel, insidious, and hideous thoughts from it. It was the nature of the King of the Son, integrated into the source of the Heavenly Sage, but they were all refined by Qin Chen. Eliminate, burn directly as ashes.

What Qin Chen needed was the pure origin of the King of Human Beings, his understanding of the way of heaven, and the control of the laws, allowing Qin Chen to check and fill in the gaps, and his own understanding of the way of heaven was further improved.

Bang bang bang...

Powerful Heavenly Sage Laws entered Qin Chen's body, and there were bursts of sound in Qin Chen's body. That was Qin Chen's own original law, which was changing and improving.

In addition, there are many treasures and darlings in the storage space of the King of Gods Son, but these things have been thrown into the jade disc of good fortune by Qin Chen to strengthen the jade disc for good fortune of the universe.

Except for the heavenly sacred treasures like the Wings of the King of Humans, which can improve Qin Chen's strength, the rest of the heavenly sacred treasures were all smelted by Qin Chen into the most essential things, repairing the jade disc.

Boom!

The benefits that Qin Chen has gained by refining a human king saint son are simply unparalleled.

"Ahhh, did you actually refining the human king saint son?"

Aside, after Tong Hu saw it, he was going crazy. He saw that Qin Chen directly killed the King of Human Beings. Even the bloodline of King of Humans and the Wings of King of Humans were of no use. In other words, the King of Humans was completely dead now, without any suspense, in his entire body. Gross

Qin Chen's Heavenly Sage Law, all kinds of magical powers, holy energy, and holy treasures belonged to Qin Chen.

He couldn't imagine what kind of perversion Qin Chen was in front of him.

How could such a terrifying disciple appear during the day's work? "Impossible, you can't be so powerful. As the top saint son of Tianshan Mansion, I have hunted and understood the many arrogances and strong men in this mansion, how could there be a monster like you? , Even the blood of the king can be refined

, Master, this is no longer a human being, it is a monster, you are a monster! "

Tong Hu murmured, already a little mad, unable to accept this fact. He was still holding a trace of luck, thinking that he might have some way to survive, but when he saw that Wang Shengzi, a man protected by the wings of the king and the bloodline of the king, was completely annihilated, and he didn't even leave a trace of his soul, he knew that he would definitely die.

Don't talk about him, Zhou Wusheng, Wei Siqing and others were also dumbfounded, and it was almost hell.

Qin Chen directly beheaded, and the methods and posture of the refining man Wang Shengzi shocked them. They couldn't believe that Qin Chen was not afraid of the threat of Yao Mie Mansion and the threat of Tian Mie Tian.

How strong is this? What a horror?

"Hmph, demon, in front of you despicable people, even if this young man is an incarnation of a demon, what about it? That person, the son of the king, is dead, and it's your turn next."

Qin Chen refined Wang Shengzi, the Heavenly Sage Law in his body was agitated, but he didn't hesitate to lift his finger, and he was about to refine the child tiger again. "No, don't kill me, please don't kill me, as long as you let me go, I, Tonghu, is willing to belong to you, as your subordinate, no, as your slave, I am willing to give you control of my soul and live forever. Be your servant, even lie in wait for you

Mountain Mansion, win Tianshan Mansion for you, let Tianshan Mansion surrender to your Guanghan Mansion and surrender to you. "

Tong Hu's eyes widened and he roared hysterically. To survive, he could do anything, even if he became a servant without the ability to think.

"Accept you as a servant? You are too high on yourself. For a slave like you, you don't need to be my master, you will obediently become the power in my body."

Qin Chen's voice fell, his eyes were ferocious and booming, and Zi Xiaodou led the palace again with terrifying flames. The next moment, Tong Hu's whole body burst into pieces. In the screams, his whole body was torn apart, and countless heavenly laws also spewed out. .

While urging Zixiao Dou Ligong with all his strength, Qin Chen vaguely felt that there seemed to be something in the depths of the trial land that resonated with Zixiao Dou Ligong, but soon the feeling dissipated. Empty, like an illusion.

"En? What's the situation?"

Qin Chen's eyes condensed, his soul perceives the past, and vaguely, he feels that there is a vast power in the depths of the trial land, which is the same as this Zixiao Dust Palace, and even he feels extremely heart palpitations.

But this little sensation dissipated in an instant and was no longer felt.

"Could it be that in the depths of this trial land, there is some top treasure that is related to this Zixiao Dousizong?" Qin Chen glanced.

However, that feeling only appeared for a moment, but he couldn't perceive it anymore, and Qin Chen didn't think much about it, but instead tried his best to refine the child tiger.

boom!

A series of terrifying Heavenly Sage origins were crazily integrated into his body by Qin Chen. This Tonghu's strength is also extremely terrifying. He is the top Saint Child of the Holy Lord's Mansion. Although it may be a bit worse than the Blood Saint Child, the Human King Saint Child, this little bit is not too big a gap, just like Zhou Wusheng and Wei Siqing, the two sides can only be said to be between the two sides, anyway, this person is also the leader of Tianshan Mansion.

[Chapter 2940: Body fusion](#)

Therefore, in his body, the vigorous Heavenly Sage Law is not much weaker than the Human King Saint Child. The only difference is that he does not have the ancient inheritance of the Human King Bloodline that the Human King Saint Child has, which has caused the gap.

But Qin Chen didn't care. All he needed was Tong Hu's understanding of the Great Dao of Heaven, his understanding of the law, and his most core source of power.

After these forces entered Qin Chen's body, they immediately strengthened Qin Chen's power again.

Biman, who was trapped on the side, and the saints of Tianshan Mansion, all showed horrified expressions.

Qin Chen glanced at it, and immediately said to Wei Siqing and the others: "This child tiger, Ben Shao has refined it by himself. As for the remaining Tianshan Palace Saint Child and Saint Daughter, I will give it to you. Change."

"Next, Young Master Ben will make a breakthrough with all your strength, and you will protect Young Master Ben." Qin Chen's body shook and boomed, and a strange spatial force immediately appeared in the void. In the next moment, Qin Chen had disappeared from everyone. In sight, immediately everyone felt that a terrible breath appeared in this ancient

In the belly of the sacred mountain.

When everyone's perception went on, they found that what they had touched was only a layer of misty restrictions, and they couldn't see the essence of it.

This surprised both Wei Siqing and Zhou Wusheng. Qin Chen arranged such a restriction in an instant, so that the two of them could not snoop out the slightest. Such a method was simply amazing.

"Brother Qin should enter the depths of the ancient sacred mountain to practice retreat. We will protect Brother Qin's Dharma, and everyone else is guarded near this sacred mountain. We must not let a mosquito fly in."

Wei Siqing and Zhou Wusheng looked at each other, Qi Qi said, and then the two shot, banged, and grabbed the other disciples of the day mountain mansion.

"what!"

These disciples screamed in horror, begging for mercy one after another, but Zhou Wusheng and Wei Siqing did not hesitate to directly behead the group of masters who had been severely wounded and sealed, and refine them. Those who can enter the trial land are all the top talents of Tianshan Mansion. Although the power of these saints and saints can't make Wei Siqing and Zhou Wusheng directly break through, they also have extraordinary gains. , With more sense

Enlightenment and grasp. The many saints and saints of Guanghan Mansion are obediently guarding the surroundings of the ancient sacred mountain, like loyal guards. Among the crowd, Dao Zhengzhi and Su Zheng are extremely nervous, I don't know Qin Chen asked inexplicably before Myself, what is it

What meaning.

"Dao Zhengzhi, what should we do next? Do we really want to continue to fight this Qin Chen?"

Su Zheng said with a bit of trepidation, he had seen such a terrifying power of Qin Chen, and he was also afraid. Who would dare to fight against such a demon?

"Why, are you scared?" Dao Zhengzhi said coldly: "Why do you think Qin Chen asked us before? It must have been suspicious of us and still distrust us. The reason why he didn't do it was only because of us. He is also a disciple of Tianjiao, his name is not righteous,

The words are not right, there is no reason to do it, do you think that Qin Chen will let us go? "

"Then what to do?"

Su Zheng said with some trepidation, he was completely scared now. "What can I do? Qin Chen's current people's desires, unless we capture Murong Bingyun and threaten him, there may be some possibility of countermeasures, but this may still be small. For the current plan, we can only improve Strength, wait for breakthrough

After the overlord realm in the later stage, find another chance to behead him. I don't believe in the three-month trial in the heavens, and I won't find a chance. Dao Zhengzhi smiled coldly: "Then Qin Chen is going to find the Son of God Zhao after the meeting?" That Shenzhao Shengzi is the reincarnation of the seventy-eighth leader of Shenzhaojiao, and he has obtained the Divine Master's Supreme Treasure Shenzhao Mirror, which is very likely to break through the realm of hegemony. Although Qin Chen is strong, he may not have everything in the face of Shenzhao Shengzi The confidence of victory, otherwise he had already left that **** in the mirror before. I think he was talking big words. When this son will fight against the **** son, we secretly seized the opportunity to give

With a fierce blow, he can kill him and take all the opportunities from him. "Dao Zhengzhi showed excitement on his face: "Think about it, how many treasures will Qin Chen have on his body? How many supernatural powers? And other people don't know, don't our disciples who work day know? The killer Qin Chen used before

Mace, it is very likely that it is the time rule that was used in the work of heaven. As long as these rules are controlled by us, who will be our opponent in the heaven in the future? "

In Dao Zhengzhi's remarks, Su was full of enthusiasm.

"Sun Wujin, now, the three of us have become a community. Don't think about cheating on Qin Chen, and the other party will spare you. This person is cruel and impossible. Only by killing him can we be truly free. "

Dao Zhengzhi severely warned Sun Wu Endless.

Sun Wujin lowered his head, but said nothing.

"But if the Son of God according to God can't cause trouble to Qin Chen? What should we do then?" Su Zheng couldn't help saying again. "What are you afraid of? If we never find a good opportunity to let Qin Chen walk out of the trial land alive, when that happens, we only need to secretly tell Yao Mie Mansion the cause of the death of King Shengzi, and tell the Saint Mietian Lord, like Qin Chen

He would die, no matter how talented he was, it would be useless. If he offended Yao Mie Mansion, he would not survive. "Dao Zhengzhi smiled coldly.

"good idea."

Su Zheng also brightened his eyes, completely relieved.

Boom!

And in the depths of this ancient sacred mountain, after refining King Shengzi and Tonghu, Qin Chen already felt a trace of shackles, and began to rush to the bottleneck of the middle stage of Heavenly Sage.

Boom!

In his body, terrible power surged, this time, it can be said that he has made a lot of money, and the gain is too great.

He swallowed the power of the King Shengzi and Tonghu, and he was much stronger than he had cultivated for many years. Even the general overlord powerhouse could not compare to the help of these top saints to Qin Chen.

Countless avenues and rules surged in Qin Chen's mind, and his body began to change again, and he had an incomparably close connection with the world, and he was intimate.

In a trance, his body shook violently, and countless physical cells, integrated with the laws of heaven and earth, felt the dying glory, the immortality, and the artistic conception of the same life of heaven and earth. Every cell in the body bloomed with radiant light, and the breath bred in it, like the great sun in the heavens, truly manifested, and began to create in the flesh, a bit similar to the **** of creation. .
