

Valkyrie 2941

[Chapter 2941: Breakthrough giant](#)

Qin Chen's own thoughts expanded infinitely, and he felt that he had merged with the heavens, he was heaven, he was death, and he was the rules of the heaven and earth.

Every granule cell contains infinite and terrifying power. "Is this the realm of the giants in the mid-Tian Sage? Integration with heaven and earth? No, under normal circumstances, only the overlord of the late-Ten Sage can understand the rules of the heavens to an extreme, and only the strong in the holy master, In a sense

, Can be regarded as a true body blending the heaven and the earth, completely controlling the rules of the heaven, so that the words can follow the law. "

"But why, I can feel this feeling of incarnation of the world now, as if the whole world is derived from myself. Is this an illusion, but why is it so real?"

Qin Chen was shocked.

At this moment, the realm he touched, even he himself was shocked, because he had accumulated too much.

Boom!

The power in Qin Chen's body continuously evolved and entered a mysterious and magical state.

At this moment, above the realm, Qin Chen finally completely stepped into the realm of the mid-Tiansheng giant.

Hum!

Qin Chen felt an endless hunger in his body, as if a person who had been hungry for ten days and ten nights was about to wither.

"This is... After my realm is reached, I lack the holy energy of heaven and earth, my flesh wants to transform, law wants to transform, origin wants to transform, but lacks energy." Qin Chen immediately understood his state, the next moment, countless Heavenly Saint Middle Grade Saint Veins, as well as the Lingchi Holy Spring Eyes taken out by Wei Siqing, the broken Heavenly Saint High Grade Saint Veins taken out by Zhou Wusheng, and the Heavenly Saint High Grade Saint Veins owned by Renwang Shengzi

, Qin Chen took them out.

But the moment these sacred veins appeared, Qin Chen's body began to swallow the sacred veins frantically.

Rumble! There are a lot of spiritual veins around Qin Chen. There are close to one of the top grade of the heavenly sage, and the top-level metamorphic sacred veins of the holy spring eye of the spirit pond. In addition, there are more than one hundred of the top grade of the heavenly sage. Articles, each one is majestic and majestic

Strong, like a vast ocean.

So many mighty powers crazily entered Qin Chen's body.

Click! Click!

At this moment, Qin Chen, like a whale sucking water, frantically swallowed all the power around him. These powers entered his body and began to transform his body and cells, and his soul was also undergoing transformation.

A vast aura surged out of Qin Chen.

Rumble! When countless ancient sacred veins all entered Qin Chen's body, the power in Qin Chen's body had already entered a terrible transformation, all transformed into the power of the mid-term Heavenly Sage. This kind of power is very unique, and this heavenly realm World

Together, it seems to have reached the state of integration of heaven and earth.

This is the giant holy spirit in the middle of the heavenly saint. As soon as this sacred aura was formed, Qin Chen felt the horror of this sacred aura. The fusion of this force and the ancient aura made the connection between Qin Chen's physical body cells closer and stronger, with almost no gaps. Outside evil, outside evil,

Even the masters of the overlord level are difficult to invade.

Boom!

After all the ancient Saint Veins were absorbed by Qin Chen, the power in Qin Chen's body was finally completely transformed.

He stood up abruptly, his body was three inches taller, he was tall and domineering, and he had a taste of domineering and controlling everything. His big hands are soft, delicate, and lustrous. Every inch of skin has a texture of latitude and longitude of heaven and earth, like the earth, mountains and rivers, the universe, the sun and the moon, and the vast starry sky all have to be incorporated into his body.

This echoes.

He opened his eyes, and immediately, two bright rainbows burst out, banging, and the entire Primordial Mountain was exploded. All the disciples of Guanghan Mansion guarded by the outside world were startled, and they all looked over in horror. .

Then they saw a god-like figure suspended between the world and the earth. It was Qin Chen. His opened eyes flowed deeply, one by one whirlpool, every moment, it seemed that thousands of civilizations were born and passed away. .

"Brother Qin, he made a breakthrough..."

Wei Siqing and Zhou Wusheng both looked over in shock. Many of the saints of Guanghan Mansion all showed **** expressions, and Murong Bingyun also trembled, shocked and attracted by Qin Chen's figure. .

What a domineering figure this is.

I saw that Qin Chen's long hair was flying in the wind, each one of them infiltrated the void, as if to densely cover the heaven and the earth, there was a taste of being integrated with the heaven and the earth.

His face and spirits turned, and he merged with countless legendary big figures. It made people look at him. There was a tingling in his eyes and the feeling of being unable to look at him, like a master between heaven and earth.

Is this still a giant state? This is even more terrifying than the overlord.

Looking at Qin Chen, many saints and saints of Guanghan Mansion felt an urge to bow down and worship.

Zhou Wusheng, Wei Siqing, and other world-famous arrogances, at this time, couldn't resist Qin Chen's current majesty.

"Too strong, is this really a human? I don't think the other party is a human, but should be the protagonist of this world, a great person forever!" Zhou Wusheng and Wei Siqing murmured, along the way, Qin Chen It gave them too much shock and surprise. Their emotions are very complicated now. Since there is a kind of joyful work and the emotion of such a peerless wizard in Guanghan Mansion, there is another kind of emotion.

There was a touch of jealousy, envy and worship, and even Wei Siqing still had a trace of worship and love, and some jealousy made Murong Bingyun.

Such a man, who is not enamoured?

But they quickly adjusted their emotions.

"Congratulations to Brother Qin for his great accomplishment and invincibility."

Everyone flew up, looking at Qin Chen excitedly.

The aura in Qin Chen's body converged and immediately became plain and ordinary, like an ordinary person. This sudden change made people feel more profound and terrifying.

"Okay, okay, everyone, you have the merit to protect me, go, let's go to the depths of this trial place now, to find the chance against the heavens, to kill the son of God, and fight for the inheritance of the holy master." Qin Chen smiled lightly. Suddenly with a wave of his hand, a vague pattern appeared in the void, faintly, and one could see that an ancient mirror was suspended in the air. Under the ancient mirror, the Son of God was sitting cross-legged, and there were many others. God teaches

The saint sons of Xueyang Mansion and Renwang Mansion are singing, praying, and believing in Sanskrit, adding strength to the gods according to the sons and mirrors.

After Qin Chen broke through, his calculation methods were even more against the sky, and based on the spirit of the mirror he had felt before, he immediately found clues about the opponent.

"That place is in the same area as the treasure I know."

Zhou Wusheng couldn't help being surprised when he saw it. "Oh?" Qin Chen flashed his eyes and laughed: "It seems that the place should be an ancient treasure land. If this is the case, it will save a waste of time. It just happens that the killing and the treasure are completed together."

[Chapter 2942: Black sheep](#)

"In that case, what are we waiting for, let's start quickly."

Zhou Wusheng shouted loudly.

"Wait a minute."

Who knows, Qin Chen said suddenly.

Ok?

Immediately, everyone turned their heads and looked at them.

"Brother Qin, is there anything else?" Wei Siqing and Zhou Wusheng both said. "That's natural." Qin Chen smiled faintly and showed a stern smile: "After so many things, all of us have worked together and are united, but there are still some black sheep among us, in order to make us entire

The team is more united, without any obstacles, these black sheep must be found out. "

Black sheep?

Everyone's expressions changed, who is Qin Chen referring to? Who is the black sheep?

Qin Chen glanced over the many disciples in Guanghan Mansion, and all the looted saints and saints had a feeling of being seen through, unable to look at Qin Chen's eyes.

In the end, Qin Chen's gaze fell on the Dao Zhengzhi's bodies, which caused the hearts of the Dao Zhengzhi's to contract suddenly, and they felt unable to breathe.

"Several people, don't you have to do it yourself?" Qin Chen said coldly.

what? It's them?

When Zhou Wusheng and the others looked over, their expressions changed, because these people were all disciples of Tianzuo, while the other disciples of Guanghan Mansion all let out a sigh of relief.

"Qin Chen, what are you talking nonsense?"

Dao Zhengzhi immediately jumped up wildly, his eyes flashed in panic, and he said in a deep voice: "Brother Qin, are you making a mistake?" He was extremely sincere, and said in pain: "Brother Qin, between you and me. There are some misunderstandings. When I was on the square of Guanghan Mansion, I saw you a newcomer who was so arrogant towards the old brand Shengzi Xiang Invincible. Naturally, there was resentment in his heart, so there was resentment in his heart. This will provoke you. But after so many experiences, I completely admire you, Brother Qin. Your strength is rare in the world. If you didn't have Brother Qin, we would have already fallen. Now I treat you very much.

I am convinced, willing to follow Brother Qin you and saddle you up and down. "Yes, Brother Qin, you have misunderstood. Dao Zhengzhi and I have completely convinced you. I don't know what others

think, but in the eyes of Su Zheng, Brother Qin is the leader of my daily work. Leading us to the glory of Destiny

People, Su Zheng, I am willing to follow you and become your **** for Brother Qin, and go through all fire and water for Brother Qin. "

Su Zheng also hurriedly shouted.

The two of them were worried and loyal. At the same time, they anxiously said to Zhou Wusheng: "Brother Zhou, you are the big brother of our daily work, and you can be regarded as watching us grow up. Don't you believe in who we are?" Zhou Wusheng's face There was a hint of hesitation. To tell the truth, he was uncomfortable with Dao Zhengzhi and Su Zheng, but no matter what, the other party was the top sage of his heavenly work. If Qin Chen beheaded here and spread it out, it must be Will ten

It's ugly.

Moreover, if Qin Chen beheaded the saint son of his own power in the trial land, if he returned to Heavenly Work, it would have a bad influence.

"Brother Qin, Dao Zhengzhi and the others did have conflicts with you, but they were all minor problems. Now along the way, I think the two of them are also the rules. Since they are already willing to change their minds, would you give them a chance?"

opportunity?

Qin Chen smiled coldly, looked at Sun Wujin, and said lightly: "You, call Sun Wujin, right? Ben Shao gives you a chance and see if you can grasp it!" Sun Wujin's eyes flashed and he immediately took a step forward. "Brother Qin, I'm checking the tool now. Dao Zhengzhi and Su Zheng have always wanted to design with you. They were planning to use Murong Bingyun in the Guanghan Palace to target you, and they were even planning to collude with other forces.

Spread the special supernatural powers you have mastered, and make you a target of the heaven trial. "

"Sun Wujin, you spit out blood."

"Sun Wujin, what are you talking about?"

Dao Zhengzhi and Sun Zheng's expressions changed and they roared.

"Senior Brother Zhou, you have also heard, how can I keep such black sheep in the team?" Qin Chen said coldly.

"Brother Zhou, Sun Wujin is talking nonsense." Dao Zhengzhi and Su Zheng said in horror.

"Senior Brother Qin, I have evidence." Sun Wuxuan said: "At the beginning, these two people secretly wooed me. I recorded the words and deeds of both of them. They can be handed over to Senior Brother Qin as evidence."

Dao Zhengzhi and Sun Zheng's expressions changed suddenly, making it extremely difficult to look.

"No need." Who knew that Qin Chen waved his hand and sneered: "I Qin wants to kill someone? Just rely on a pair of eyes, no evidence is needed, Dao Zhengzhi, Su Zheng, you two want to assassinate me, Then die."

When the words fell, Qin Chen started his hand suddenly, booming, his big hand directly reached out, like a magnificent sky, sweeping the world at once.

"Qin Chen, you care about your life, don't worry about the bridge!" Dao Zhengzhi roared, his face furious, and the Naihe Bridge was displayed for the first time. Suddenly, a black long bridge appeared between the heavens and the earth, and the breath of heavenly sacred treasures filled the long bridge. , Across the void, on the bridge, Dao Zhengzhi retreats frantically,

To escape Qin Chen's attack. Su Zhengye's expression changed drastically. Around his body, a flying shuttle appeared. The flying shuttle, half-truth, half-real, filled with the magnificent sword aura of his debut, as if walking out of the ancient chaos, it was also a treasure. Su Zheng is stepping on the shuttle, wanting to escape

Into the endless chaos, escape from here.

When the two of them made a move, it was a desperate move, and neither of them had the courage to fight Qin Chen, so they flee.

"Want to go, did you go? Take it for me!"

Roar! Roar! Roar! Suddenly, Qin Chen burst into a roar, pressing down with a palm cover, and completely freezing the void on this side. Everyone present felt like they were trapped in a mire. The master of the dignified son was completely unmoved. , There is a kind of

The taste of human slaughter. Then everyone saw that under Qin Chen's big hand, through numerous voids, he suddenly caught Na Naihe Bridge in his hand, and with a flick of his finger, he cut out with a sword aura, snorted, Su Zheng above the shuttle, Shocked from the void

He flew out, his face was pale, blood spurted wildly, and the sky was stained with blood.

With a snap of his fingers, Qin Chen captured the top treasure of the two of them and severely injured them on the spot.

This terrifying scene made everyone frightened. After the breakthrough, Qin Chen was as strong as a monster.

"Qin Chen, we are Tianzuo's disciples just like you. You even killed the disciple of the same sect. Tianzuo will not let you go."

Dao Zhengzhi and Su Zheng roared, bloody, seeking life.

"Brother Qin, please be merciful!" At this time, Zhou Wusheng also hurriedly shouted, his lips moved, and the voice was transmitted to Qin Chen, "Qin Chen, these two people are right, if you kill them directly like this People, it will be detrimental to you when the time comes to work, and at least it will have some impact. In my opinion, it is better to keep it first, and then think of a way to kill the two secretly and let them die. In this way, as long as there is no evidence, no one can say anything, and it will have no impact on your future."

[Chapter 2943: Ruins](#)

Zhou Wusheng's tone is sincere, this is because Qin Chen is considering, for fear that Qin Chen's anger will cause dissatisfaction with Tian's work.

"Haha, Brother Zhou, I appreciate your kindness, but Ben Shao doesn't have much patience."

Qin Chen smiled coldly, without fear.

"Brother Qin, let me do it then."

Zhou Wusheng's complexion changed, and his figure shook, he came to Qin Chen, rumbling, and he arrogantly shot. Suddenly, Wu Sheng's aura filled him, and he wanted to kill Dao Zhengzhi and Su Zheng.

In this way, Qin Chen will not be affected. He is a big brother of Tianjiao, and if he wants to punish, Tianjiao will also punish him. However, he had time to make a move, and a terrifying aura came down, and he suddenly suppressed the Martial Saint aura on him: "Senior Brother Zhou, I don't need someone to defend me, Ben Shao. Acting frankly and decisively

, Even if you kill two people, who can say anything? "

"dead!"

With a cold drink, the big hand dropped, Dao Zhengzhi and Su Zheng snorted, and blood flew across their bodies before bursting to pieces.

"what!"

"Qin Chen, you must die!"

The two screamed frantically, and their souls disappeared in an instant.

When everyone saw this scene, their hearts were chilled and shocked. The two great saints of Heaven, second only to Zhou Wusheng's top arrogant, were killed by Qin Chen on the spot, it was simply too tyrannical.

All the disciples were killed, everyone finally understood Qin Chen's tactics and tyranny. Who could shake such a person with firm will?

"Humph!"

After killing the two people, Qin Chen snorted and took a big mouthful. Suddenly, Qin Chen's horrible heavenly sacred laws were all absorbed by Qin Chen into the jade disc of good fortune. Boom, raging in the palace of Zixiao. Refining.

Then, Qin Chen looked at the other people again, a divine rainbow burst into his eyes, and the next moment, his big hand went out again.

Boom!

In the palm of Qin Chen's hand, a terrifying aura bloomed, and the more than a dozen saints and daughters who were present were immediately locked down, and the rich aura suddenly suppressed.

"Brother Qin, what are you doing?"

"Brother Qin, forgive me!"

"Brother Qin, we have no plans to target you."

These saint children and saints all shouted in horror, struggling desperately. "Hmph, you people, when our Guanghan Mansion was faced with the masters of Xueyang Mansion, King Ren Mansion, etc., we retreated with all our heart, and even hesitated to surrender, ready to take refuge in the Holy Son of Blood and betray us. can not tell?"

Ben Shao thought of the world, everything on the battlefield, all appeared in Ben Shao's mind. No matter what you do, you can't escape Ben Shao's observation. People who escape from battle like you want to continue to fight with us? "

The sound of Qin Chen's sneer echoed in the world.

what?

The remaining saint children and saints all looked at these people angrily, but they didn't expect these people to be such a fool.

"Brother Qin, we were wrong, give us a chance."

The more than a dozen saint children and saints who were shrouded by Qin Chen's expressions all changed, and their eyes showed horror. It was obvious that Qin Chen had broken his mind and begged for mercy.

"The opportunity has already been given, but unfortunately, you didn't seize it. Now, all die."

When Qin Chen's voice fell, he had to do it.

"Qin Chen, stop."

At this moment, a cold drink sounded, and it was Wei Siqing who interrupted Qin Chen's shot.

"Huh? You want to stop me?" Qin Chen looked at Wei Siqing coldly. Wei Siqing said indifferently:

"Brother Qin, you think too much. Someone in Wei just thinks that you shouldn't do it alone. I am the master sister of Guanghan Palace and the leader of Guanghan Palace. People, so this matter, leave it to us

Just do it in Guanghan Palace. "

"All the disciples of Guanghan Palace follow the order, do it!"

Wei Siqing screamed, and immediately, countless disciples of the Guanghan Palace made a strong move. Among them, Wei Siqing was the first to attack, Bang, directly beheading a disciple who was bound by Qin Chen.

In an instant, more than a dozen saints and saints from all major forces in Guanghan Mansion were all dead and clean, not leaving one.

"Brother Qin, okay, now that the door has been cleaned up, is there anything else we need to do?" Wei Siqing put her palm away and said lightly.

That posture was extremely heroic.

"You don't have to kill for me." Qin Chen narrowed his eyes. "Brother Qin, you think too much. I'm not killing people for you, but our Guanghan Mansion is a group. There is no need to do everything by you. Otherwise, what else would the group do? Take your brother Qin. Strength is not as good as acting alone, instead

More comfortable." Wei Siqing said lightly.

"Haha, what a group of us."

Qin Chen laughed, his hands surging, and all the flesh and blood of the beheaded were immediately collected in the Purple Cloud Palace. Suddenly, the raging flames burned and turned into pure law power. There was a sudden shock.

Whoosh whoosh! The laws and powers of the dead top ten sons and daughters all rushed into the bodies of the remaining sons and daughters present. Suddenly, these sons and saints roared, as if to make up for their breath. Becomes extremely deep, both

There is an improvement.

"Thank you Brother Qin!"

Everyone shouted excitedly.

"Okay, let's go!"

Huh!

After clearing the black sheep in the team, everyone felt a relaxed and clear feeling, one by one, they rose up and flew behind Qin Chen to the depths of the trial. I don't know how vast the place of trial is. The deeper it goes, the more dangerous it becomes. The larger the space. In that space, there are even some dangerous faults. Qin Chen swept it over with the eyes of the gods and saw some In the space fault, there are

Many broken continent fragments, many of those fragments are left over after the ancient strongmen battled, exuding a dangerous and powerful atmosphere.

Moreover, there are many monsters in it, each of which is extremely powerful. The deeper the depth, the more powerful the monster's aura.

There are even some ancient holy veins and some treasures hidden in it. However, Qin Chen and the others did not do anything. The treasures here, no matter how high they are, are only hegemonic treasures. They are still very rare. They don't even have the ancient holy veins of the Heavenly Sage. The most important thing for Qin Chen and the others is the first Find god

According to Shengzi and others, seize their chance.

Otherwise, if Shenzhao Shengzi are allowed to stay in that ruined treasure land for longer, then their strength will be stronger, and the more treasures will be collected.

Qin Chen kept calculating, and combined with the information given by Zhou Wusheng, combining them two by two, and after a while, he had already arrived at the periphery of that precious land. "Attention! There are the ruins of the treasure land ahead. Around the ruins, there are many time-space mazes. You must be very careful."

[Chapter 2944: Maiki Yasha](#)

Suddenly, the void in front suddenly became sparse, and in the depths of the vast ancient sacred mountain, countless stretches of ruins appeared. These ruins were extremely magnificent, endless, and the vastness was astonishing. Palpitations

Breath.

But at a glance, the ruins of the treasure loomed looming, as if a mirage, disappearing at any time.

If it hadn't been for Qin Chen to lock the position with the jade disc of good fortune from the universe, he would easily not see the vast treasure land.

This mysterious place seems to disappear, appearing and disappearing from time to time, and can only be seen by special means, otherwise there is no way to enter.

Fortunately, Qin Chen perceives this place through deduction of Shenzhao Shengzi first, and second is that he possesses supernatural powers of space, can travel through layers of forbidden law, and no time and space can be blocked.

"Where? Why didn't I see the ruins and treasures?"

Hearing Qin Chen's spiritual thoughts, Xu Yue and others were puzzled. In their eyes, there was still an endless sacred mountain in front of them, a vast continent, no ruins and treasures, and no scene of a mirage.

Even Zhou Wusheng and Wei Siqing frowned, searched carefully, and said, "Brother Qin, where is the treasure land?"

Even if the two of them only vaguely felt something wrong with the void in front, they couldn't see the scene inside the void so clearly like Qin Chen did. "You can't see it either?" Qin Chen was also taken aback, and had a deeper understanding of this treasure. In his body, a series of holy yuans swept out and entered the bodies of the many holy children and women present, and used them. Supernatural power

.

Immediately, everyone's eyes saw the endless ruins and treasures, as well as the rising terrifying power. "Brother Qin, you can actually see the true location of this ruined treasure with your naked eyes. This treasure, even for us, needs careful exploration and a lot of effort to truly find its location. Strong

Up. "

Both Zhou Wusheng and Wei Siqing took a breath.

Based on the two people's cultivation base, they perceive the anomaly, and it takes time to search carefully, and naturally they can find it, but compared to Qin Chen directly prying out the truth, it is a thousand miles away.

Everyone was excited, "Go, we will enter immediately!" "It is very difficult to reach the ruins and treasures. This is the space ruins between the real and the illusion. Outside those ruins, there are many restrictions, you must take a lot of time and energy to enter, but now

, You all follow me closely and enter it. "

Qin Chen released a powerful sacred aura, the power of space was permeated, and everyone was sheltered in it. Hey, he didn't know how many restrictions he broke, and he landed on a piece of ruins silently.

Wow...

This fall, the void change, has entered an inexplicable world, the world is vast, and the outside world is completely unclear.

In front of huge ruins, people felt extremely small. Among the ruins and treasures, there is a desolate and deserted land. Qin Chen, Zhou Wusheng, Wei Siqing, and a group of saints and daughters descended, their feet on the ground, and the ground was a dark, hard soil, and there was something in the soil. Time to show Mukuro

The bones come, the bones are full of bones, some resemble human races, some resemble primitive beasts, some resemble demons, and even various other races. I don't know how many masters have fallen here.

It is a pity that these bones have lost their aura and have no use value.

The desolate ruins stretched to the distance. Some ruins and ancient mountains stood in the ruins, and there were even black rivers. However, these rivers were not flowing with water, but with the evil spirits, the ancient evil spirits.

In the ancient evil spirits, there are many tyrannical monsters growing.

Whoosh!

Qin Chen and the others had just stepped into the ruins, and immediately in the long flowing river of dark evil spirits in the distance, a dense crowd of locust-like monsters flew out and swarmed.

These monster beasts are monsters that look like Yasha. Each of them is as powerful as a dark violent dragon. Some of the powerful Yasha beasts can fight against some of the weakest saints and saints single-to-one.

"Ah! This is Moque Yasha." After seeing this ancient fierce beast like Yasha clearly, many disciples took a breath of air and felt fear. The previous dark violent flood dragon was only more than a hundred heads, but the monster here Kui Yacha, the strength is not weaker than the dark storm dragon, but

In terms of number, it was more than ten times more dense than the dark storm dragon clan.

This place is simply too dangerous. Once you come in, it is the gathering place of the legendary Moque Yasha. "Danger, unite, we unite and form a big formation. These Moque Yakshas are rumored to have the thin blood of the Demon Race and the Demon Race, and they have incorporated the evil spirit of the trial land. It is very difficult to kill. Everyone will face it alone. Will suffer, hurry up

Form a large array. "

Zhou Wusheng and Wei Siqing all roared wildly. Mokui Yasha, rumored to be an extremely powerful ancient beast, with a trace of the blood of the demon race and the demon race, extremely fierce, is one of the top beasts of the ancient beasts, has been extinct in other parts of the heavens, but This place of trial

, But still alive, and there is actually such a huge ethnic group. Fortunately, these Moque Yashas do not have enough food in this trial place, and none of them have grown up. Otherwise, the truly top Moque Yashas will have the strength of the peak of the overlord, swallowing stars and taking the moon, and a group of people join forces, like a group Overlord Army

Now it was flying over the sky, and many of the Moque Yasha formed a huge black column of evil spirits that pierced the sky, splitting in the air, pulling out a dark afterimage in the air.

"The power of Martial Saint!" Zhou Wusheng roared, his hands like Tianzhu, urging his strongest power, and the whole figure came like a martial sage, arousing the power of many disciples in the big formation, and a terrifying breath came from him. The body rushed up and shook the many monsters

The evil spirit Tianzhu composed of Yasha.

Boom!

The suffocating pillars collided, and there was an earth-shattering roar, and countless suffocating qi splashed around and fell on the ground, emitting a scorching scorching smell.

"Kill!" Seizing the opportunity, Wei Siqing took the saint of Guanghan Palace to spur the power of Guanghan, and the ice dragon appeared, freezing many demon yaksha that was blown out, and devouring them. Power, in a short while, many Moque Yasha was frozen

Turned into ashes, the power in their bodies was condensed into a fiendish ball.

Ho Ho Ho! Many Moque Yasha roared, and still gathered together to launch a fierce attack.

[Chapter 2945: Could it be her](#)

Boom! Numerous Moque Yakshas have attacked one after another, their power is amazing, they are many times more than the previous Mo Kui who condensed the black evil spirit pillars, so many combined together, immediately formed a black sky curtain, giving Guanghan Mansion many disciples strong

Deterrence.

"Go!" Wei Siqing yelled, staring solemnly when she saw it, and immediately blasted the condensed orb of evil spirits, and with a bang, the orb of evil spirits flew out, unsteady, like the same A cannonball slammed into the team of Mokui Yasha

It exploded immediately.

In an instant, countless Mokui Yasha roared in anger, the evil spirit burst, and there was endless cold aura in it, and hundreds of Mokui Yasha were blown to death and scattered in all directions.

"Awesome!" Qin Chen couldn't help but complimented. Wei Siqing shot this time and killed hundreds of Moque Yaksha. Although it united the power of many powerful people in Guanghan Palace, it also showed Her amazing strength, especially Bi one began to enter the trial

In the land, in the sea of chaos, although the cultivation base has not improved, everyone's combat strength has improved a lot. Obviously after so much, everyone has begun to adapt to the climate of this celestial trial place, secretly absorbed a lot of ancient aura, plus some experience, the strength has been greatly improved, everyone is in The foundation of the giant realm is more

Deepened, and more sure to break through to the realm of overlord. "It's no wonder that the trials of the heavens are so dangerous. Every time, many Tianjiao fell. The last time the Guanghan Mansion fell most of the Tianjiao, it can be described as a heavy loss, but there are still so many Holy Lord forces willing to bring their own influence. Disciple sent in

Come for life and death experience. "Qin Chen finally understands all this. If Wei Siqing and the others want to break through the realm of the overlord in the outside world, it will definitely take a long time. Even if it can rely on treasures to force a breakthrough, it will also cause the foundation to fail. Steady, will

It is difficult to step into a higher level.

After all, Wei Siqing and the others are young talents. Compared with the old giants, the training time is too short, so there are some hidden dangers.

But the place of trial in the heavens, there is ancient aura everywhere, the sea of chaos has the atmosphere of chaos, and there is a strong ancient evil aura in this ruined treasure land, not to mention the danger. Under the tempering of these primordial auras and many dangers, Wei Siqing's foundation of these arrogances will rapidly improve, and the realm will continue to be consolidated. When it reaches a certain level, as long as he has enough power of the holy veins, he can push the boat along the water and easily step into it.

Overlord state.

This kind of breakthrough has no hidden dangers. On the contrary, it is very solid, and will surely be able to spy on higher levels in the future. "This celestial trial place is really a treasure. With the talent and strength of these arrogances, even if there is no treasure harvest, as long as they can live here for three months, once they return to their respective forces, as long as they have Heavenly

The saint veins provide absorption, and naturally they can break through to the realm of the overlord and become the cornerstone of the town. "Qin Chen's eyes flickered: "Unfortunately, Qianxue failed to come in, but Sisi, still cultivating in the jade disc of the universe fortune, with Sisi's foundation and

strength, if there is a holy vein, it would be easy to break through to the peak of the mid-term Heavenly Sage. , The next step into the realm of the overlord will also encounter bottlenecks, even if there is the inheritance of the predecessors of the nine-tailed fairy fox, only this ancient aura can erase this influence. It seems that Sisi can't be allowed to practice in the jade discs of good fortune in the universe, she must be allowed to come out, life and death history

Practice, this is to help her. "

"Furthermore, the breath of the Moque Yasha, possessing both the power of the demon clan, and the power of the demon clan, is very consistent with the power of Sisi's cultivation. If it can be swallowed by Sisi, it will surely be able to quickly increase her strength. "

"However, Sisi was the one who deceived the secrets of the heavens and used the jade disc and the magic tree of the universe to secretly bring into the trial land. It is not a disciple of our realm. Letting her come out will arouse suspicion. Think of a way."

Qin Chen's eyes flashed, and he couldn't help but think about it.

Boom! At this time, Wei Siqing, Zhou Wusheng and the others faced off against the enemy again and again, resisting the attacks of many Moque Yaksha. With their shots, a large number of Moque Yaksha fell one after another, but what made everyone look ugly is that from the evil river In, constantly

Mo Kui Yasha emerged, and everyone immediately felt a little pressure.

"Brother Qin, what are you doing?"

When everyone saw that Qin Chen hadn't taken any action, they seemed to be calculating something, so they couldn't help asking. "I'm calculating, the place where these evil spirit yashas live, in that evil spirit river, there is a vast evil spirit, it seems that there is a evil spirit sacred vein, so it can give birth to so many evil evil spirits, want to defeat these Demon evil Yasha, you have to destroy

Destroy their base camp? "

Qin Chen was talking, and suddenly he was surprised: "Huh?"

"What's wrong? Did you calculate something?" Everyone was taken aback by Qin Chen's tone. "In this long river of evil spirits, it's very dangerous, but in this long river of evil spirits, I seem to feel the aura of a human master. This person seems to be fighting against Moque Yaksha in this river of evil spirits, absorbing this Moque Yaksha. Ethnic saint

pulse. "Qin Chen said in shock.

"What?" Wei Siqing and the others were taken aback. There were masters in this long river of evil spirits fighting against the evil spirit Yaksha, and absorbing the sacred veins of the evil spirit Yasha group? What kind of master is this? For these people, it is difficult enough to resist the attack of Demon Sha Yasha.

This person can actually enter the long river of evil spirits and enter the lair of the evil spirit Yaksha, is he also a master of evildoers of the level of Shenzhao Shengzi and Qin Chen?

"Who is this person? Is it the Son of God?" Wei Siqing everyone was surprised.

"It's not the Son of God, it seems to be a woman, this breath is so familiar, could it be her..." There was excitement in Qin Chen's eyes, and it was the first time everyone felt such excitement in Qin Chen's eyes. With a look, he saw Qin Chen turn his head and suddenly came to Murong Bingyun, and said excitedly: "Bingyun, let me meet someone

, You guys, go back as soon as you go. "

When the voice fell, he wrapped Murong Bingyun and rose into the sky.

Boom!

Qin Chen was in the shape of electricity, carrying Murong Bingyun, and rushing towards the long river of evil spirit where the evil spirit Yaksha's lair was located like a lightning bolt.

"Qin Chen, be careful!"

Wei Siqing and the others yelled, and Qin Chen rushed into the Mo Kui Yasha, who was hard to resist together, making them uneasy. But the next moment, everyone's eyes showed a look of surprise, and they saw Qin Chen lingering around the terrifying Saint Yuan, guarding Murong Bingyun, and blasting his entire body into the army of the evil spirit Yaksha.

[Chapter 2946: Way of the Abyss](#)

"Book of Origin, take it to me, the magic fist is invincible, the origin of all things!" Qin Chen blasted out, an extremely tyrannical force burst out violently, as if an ancient sacred mountain smashed into the ocean, bang, the magic fist fell In this place, the horrible energy radiated out in ripples, turning into concentric one after another

round.

At the moment, many evil evil spirits were swept by this ripple, and they were dismembered, turned into powder dust, and turned into pure evil spirits, flying everywhere.

"The book of origin, condenses the origin of the evil spirit, the origin of the Yasha." Qin Chen roared, realizing the energy of the evil spirit. In the book of origin in his body, he actually began to create a civilization of evil spirit and the civilization of Yasha. The power of the evil spirit Yaksha transformed into his own power and formed his own unique civilization

power. Suddenly, Qin Chen also faintly filled with the power of evil spirits. He suddenly sucked in all the evil spirits around him, and then swept it out. Every time he lased, countless evil spirits died in this civilization. And then be transformed

, Turned into more evil spirits, supporting Qin Chen's supernatural powers.

"So strong!" Everyone was stunned when they saw this scene. They saw Qin Chen rushing into the army of the evil spirit Yaksha like a **** of war, the gods blocking the killing of the gods, the magic blocking the killing of the monsters, sweeping the world. Invincible, instantly broke through the magic night

The torrent of the fork army came to the river of evil spirits.

Ho Ho Ho!

Many evil evil spirit Yasha surrounded them, but the cell power in Qin Chen's body creaked, every cell exploded with earth-shaking power, and the killing fist burst out.

Boom!

Above the river of evil spirits, countless evil spirit yashas were shaken away by Qin Chen, turned into thousands of evil evil spirit yaksa, and they were scattered in all directions, and then suddenly sank into the river of evil spirits.

In the long river of evil spirits, the infinite cold breath swept over, Murong Bingyun only felt the cold power seep in, and his whole body was shivering. She turned pale and looked at Qin Chen in anger, and said, "Qin Chen, what are you doing? Wouldn't you want to assassinate me if you brought me to this place alone? I'm telling you, you killed me like this. I, the lord of the palace, will definitely doubt it, and quietly

Snow will also be dissatisfied with you after knowing it, so think carefully. "

Murong Bingyun was more jealous of Qin Chen than Demon Evil Yasha, and seriously suspected that Qin Chen brought him here alone in order to kill himself. She was thinking wildly in her mind how to get out of this situation, but no matter how she thought about it, she was a little desperate. In the face of Qin Chen, a monster-like guy, she could not use any means. In the face of absolute strength, she could only Pray to qin

Dust don't do it to yourself. "Kill you? Huh, Ben Shao wants to kill you. How could he use so many troublesome methods to kill you directly from the outside world. Shao Ben brought you in for another reason. As long as you cooperate well, it will be with you. For reasons from Tianwu Continent, as long as you are good

Be obedient, this young man can save you a life. "

Qin Chen said coldly.

"Don't kill me? Then what did you bring me in? Is it thinking?" Suddenly, Murong Bingyun seemed to think of something, and his face turned pale suddenly. "You...couldn't be..." She bit her lip, her face ugly: "Qin Chen, I tell you, I am not such a woman, you should not think of me too much. You used to be in Yaochi Holy Land. I haven't asked you to settle accounts for everything I have done

, If you are wrong to me, I..."

Murong Bingyun was pitiful, tears in the corners of his eyes, frightened and angry.

"What's the mess?" Qin Chen glanced at Murong Bingyun, and saw her with her hands covering her chest, as if she had been violated. He couldn't help being speechless, "Just like you, who looks at you?"

"What do you mean?" Murong Bingyun suddenly exploded, his eyes staring at Qin Chen, and his beautiful face was full of grievances.

Her natural spirit body has always been the focus of attention since she was young. Whether in Misty Palace or Guanghan Palace, when was she insulted by a man so much?

It is more unacceptable for them than killing a woman, that is, they are ugly, it is simply too much than killing them.

"Isn't it?"

Qin Chen sneered, his voice fell, and he came to a rock wall under the evil spirit river, blasted a punch, and immediately blasted a hole on the rock wall, and then threw Murong Bingyun in.

"You stay here, I'll go back, I won't kill you, but if you die in the hands of Demon Yasha, you can't blame me."

After Qin Chen finished speaking, he shot directly, and placed all restrictions on the stone wall. Only then did his figure sway, and he continued to go deep into the bottom of the river of evil spirits.

"You...Where are you going? Leave me here alone? You are still not a human being!"

Murong Bingyun said in horror, and threw her to the bottom of the dark river of evil spirits, the lair of Demon Sha Yaksha, it would be better to kill her directly.

But Qin Chen ignored it and had already reached the bottom of the river.

Huh!

The next moment, the space around him flashed, Sisi had already appeared beside Qin Chen.

"Dust, will you cause trouble if you do this?" Chen Sisi asked a little worried.

She naturally understood Qin Chen's intentions. "It's okay. Only in this way can you break through faster. Moreover, you have the inheritance of the master of the abyss, the power of the magic way in your body, and the inheritance of the predecessor of the nine-tailed fairy fox, and the power of the monster race. In the depths of this trial place, will

When you meet the masters of Tianjiao from other races such as the Demon Race and the Monster Race, you will be like a fish in the water here, which is far greater than the gains in the jade plate of heaven and earth. "Qin Chen said.

"Don't say anything first, let's go, let's find the sacred vein of this evil spirit Yaksha first. I can feel that this sacred vein is extraordinary and very suitable for you." The two of them shook their bodies in this river. In the bottom, swift quickly, the bottom of this river of evil spirits is like a honeycomb, and there are layers of space everywhere. A devilish yaksha feels the breath of the two people, and rushes up frantically.

Qin Chen beheaded one by one, and after a while, the two reached the core of the ground, and saw that there was a dragon-like ancient holy vein in the depths of the ground.

This ancient sacred vein, surging with the aura of evil spirits, was cold and obscure. It turned out to be an ancient sacred vein of the highest grade of the heavenly sage, but it was a little broken, but the whole was still very intact. The power contained was shocking.

"Okay, Sisi, go, refine this evil spirit sacred vein, you will surely be able to break through the mid-term peak of Heavenly Sage."

Qin Chen was overjoyed and rushed over. The breath of the two immediately alarmed the countless evil spirit yashas who were dormant near the holy vein. Suddenly, the entire river bottom boiled, and the dark, almost limitless evil yasha swarmed over.

"Sisi, you go to absorb this holy vein, these evil spirit yasha, hand it to me to resist."

Qin Chen shouted sharply.

"No need! Dust, look at me!"

Sisi smiled slightly, her eyes suddenly turned black, and a breath of the supreme demon came out. Way of the Abyss!

[Chapter 2947: Breathtaking](#)

Hum! As soon as Sisi's deep demon's way was put on display in the dark underground, the endless river bottom seemed to freeze. The evil evil yaksas who rushed towards Sisi crazily seemed to have seen the emperor's courtiers, and they were all irritable. Surging up

, Stopped in the air one by one, screaming in horror.

They were shaking the bone spurs on their bodies, and their black eyeballs stared at Sisi. There was a color of horror in their pupils, and they were irritable and unable to move.

"this is....."

Qin Chen watched this scene in astonishment, completely unexpected that the aura of the Deep Demon Dao on Sisi had such a strong deterrent power against Demon Evil Yasha. What Qin Chen didn't expect at all was, but at the moment Sisi's Deep Demon Tao was displayed, in the entire ruin treasure, any monster or fierce beast with the blood of the Demon Dao looked at this place in horror, shivering, Soul aspect

Feared. Unlike the human race, the human race world depends on strength and strength is respected. Unless it is on the mortal continent, there is no particularly strong force in force. Identity and status are extremely important to the human race, but it is at the level of Heavenly Sage. Strong

By.

Identity and status are just assistance. The core thing is strength. But demons and demons are different, their bloodlines and ranks go deep into their minds, the strongest race of the deep demons and the heavenly demons, and Sisi has also received the inheritance of the deep demons. This inheritance power is enough to make the demons Sha Yasha from the depths of the blood, feeling

I was surrendered, I felt fear.

The aura of the deep demon way in Sisi, coupled with the power of the nine-tailed fairy fox, has an extremely powerful suppressive effect on any demon race or monster race.

Boom!

The thought of using the deep demon's way directly sank into that evil spirit sacred vein, this set of evil spirit sacred vein, black flames billowing, this is the ancient evil spirit, the evil spirit energy. This kind of

ancient holy vein is a dead vein, and ordinary warriors can't absorb it at all. Even if it is taken out, Wei Siqing and Zhou Wusheng can only stare at them. If they absorb the power rashly, the terrible evil spirit will corrode their bodies. ,

Not only is it unable to improve their cultivation, but it will cause them to fall into a violent state, and even become devastated and die.

But Sisi was not afraid, and went straight into this ancient holy vein, and saw her protruding out with her big hand. Suddenly, a wave of terrifying demon evil holy veins surged like a pillar of heaven, pouring in into her body.

Suddenly, Sisi's aura rose at an astonishing speed.

"Hohohoho!" Seeing Sisi devouring the lifeblood of their race, the ancient holy veins, these evil spirit Yasha finally couldn't help it, all restlessly restless, staring frantically, even though they were being Sisi. The way of the abyssal demon on his body was shocking, but he thought about it

It was a human race, not a demon race, and there was no blood of the abyss demon race in his body, and what Sisi was doing now was to swallow the roots of their clan formation, how could he stand it?

Finally, a powerful evil spirit Yasha couldn't bear it anymore, and rushed towards Sisi with a roar.

There is one end, there is a second end.

Ho Ho Ho!

Under the leadership of some powerful Demon Yasha, countless Demon Yasha rushed up, biting frantically towards Sisi.

Qin Chen's face changed and he was about to resist, but he heard Sisi's voice sounded: "Chen, leave it to me!" The next moment, Sisi, who swallowed the aura of the endless devil's holy vein, opened his eyes suddenly, a charm. The aura of sacredness permeated out, it was a natural fascination, the secret technique of the nine-tailed fairy fox, the power of this charm swept out, these evil spirits originally

The frantic gazes suddenly solidified, each of them seemed to be in hypnosis, their eyes became absent, and each one was restless and restless, but lost the heart of killing.

"Dead!" Sisi yelled, the way of the Abyssal Demon in her body swiftly diffused out, hum, the power of the Great Dao of the Abyssal Demon Race swept through, permeating many evil demon Yashas, all these evil demon Yashas. It shattered silently and turned into a road

The pure evil spirits, among these evil spirits, contain the blood of the two races of demons and demons, and the extremely strong evil spirits, which are the original power of these evil spirits.

Many of the origins were violently sucked into the body by Sisi. Suddenly, Sisi's strength began to transform, and the strength of the original half-step giant began to increase crazily.

In particular, the origin of the ancient sacred veins of the evil spirits entered Sisi's body, and Sisi's body began to undergo a crazy transformation.

"The power of the years!" Qin Chen urged the power of the years to help Sisi, looking at Sisi a little nervously. He knew that Sisi would still be a bit risky in doing this. After all, Sisi's cultivation base was too weak and forced Absorb an ancient sacred vein of the heavenly sage top grade, and such

Even if Sisi has mastered the way of the deep demon and has the inheritance of the nine-tailed fairy fox, it will be extremely dangerous.

At the critical moment, a white light appeared above Sisi's head. This white light turned into a nine-tailed white fox, guarding Sisi, preventing Sisi from being invaded by evil spirits, affecting her soul, and strengthening her power. The astonishing evil spirit sacred vein madly entered Sisi's body, and Qin Chen could see with his naked eyes, that the ancient sacred vein had shrunk at an astonishing speed, and almost every breath would be swallowed up. After only half a day, the whole Ancient Saint Veins

, Has all entered Sisi's body.

Boom! In Sisi's body, an astonishing suffocating aura rose to the sky. Murong Bingyun, who had been attacked by the evil evil Yasha before, and Wei Siqing, Zhou Wusheng and others from the outside world, saw an astonishing aura rising to the sky. Many evil spirits

They all rushed to the river of evil spirits in horror, and no longer attacked them.

"What an amazing speed of devouring!" Qin Chen looked at Sisi in shock. It is no wonder that when Sisi was in the dead soul realm, he was able to survive in the dead soul realm where the earth sage and even the heavenly sage were rampant with the cultivation base of the mortal sage. Going on, Qin Chen has always wanted to keep Sisi, now for the first time

The feeling of Sisi's is so powerful. Although the breath on Sisi poses little threat to him, Qin Chen is not afraid of the way of the deep demon. He possesses the Demon Tree of the Ten Thousand Realms, and is the most precious treasure of the demon clan, and Sisi's charm technique cannot charm him. To him, but change to any other

The master came, and could not easily resist Sisi's attack.

Hum!

When all the power was integrated into Sisi's body, Sisi's aura calmed down, and her cultivation level had already reached the peak realm of the mid-Sage Sage.

Compared with Qin Chen, Sisi's body is not strong enough after all, even a broken Heavenly Sage High-Rank Saint Vein is enough to make her strength amazingly improved.

Hum!

Sisi opened her eyes and looked at Qin Chen with a smile. There was a profound meaning in her eyes, and her whole spirit became introverted. Apart from the slightest exposure of evil spirits, she could not see any sense of magic.

Moreover, the natural enchanting body has also been controlled to a state of extreme freedom, as long as she is not deliberately released, then she is a peerless beauty like Murong Bingyun and Wei Siqing, but she definitely does not have any charm. What Qin Chen saw was also amazing.

[Chapter 2948: Somewhat good](#)

"dust!"

Sisi looked at Qin Chen with a smile.

"Sisi!"

Qin Chen hugged her hard, and the two hugged each other for a long time. Qin Chen lowered his head and looked at Sisi tenderly. After a long time, the two laughed.

"Dust, I'm really okay when I appear here like this?" Sisi held Qin Chen's cheek and said softly.

"It's okay, even if someone is skeptical, they would never think that you were brought in by me. This celestial trial place is very powerful. Even if it is the treasure of the holy master, it may not be able to bring others into it. There is only the jade disc of good fortune. The most top-level space treasure can communicate with many secret realms between heaven and earth, plus the magic tree of the ten thousand realms can cover your breath, let me take you into this place."

Qin Chen smiled, "They suspect, at most they doubt my origin, and they will not suspect that I brought you in. What's more, isn't Murong Bingyun covering us?"

"Murong Bingyun?" Sisi sighed. "She is also a poor woman. Although her mother is Shangguan Xi'er, she is a hidden son of her mother to relieve the alien demons from control. Under the control of the demon, Shangguan Xier actually instilled all the power of the alien demon who controlled her into a baby of her. It is pitiful to meet such a mother."

"Poor?" Qin Chen shook his head, "Sisi, you are still too kind. Although she is of pitiful background, she is the Young Master of Misty Palace. What the Misty Palace did to the major forces in the martial arts back then, Murong How can Bingyun not know, at least she understands the cooperation between Misty Palace and the alien demon. Even if she does not understand the purpose of the alien demon, she is still a vested interest. In the avalanche, no snowflake is innocent. of."

"Dust, that is, you will call me kind."

Sisi laughed, "I'm a man of evil."

"How about being in a demon? As long as you have justice in your heart, there is no righteous demon." Qin Chen looked at her and said.

"Yeah." Sisi nodded vigorously, "I am now worried about the master, she was brought into the gate of the demon world by the soul of the master of the abyss, and I don't know what is going on now."

"Is the Illusory Sovereign?" Qin Chen was silent for a moment, and said: "Sisi, don't worry, no matter what, the Illusory Sovereign will enter the gate of the Demon Realm to save us. One day, I will enter the Demon Realm and look for her. Trace, rescue her, nothing else, just to return her favor."

Qin Chen thought of Shangguan Wan'er in his mind, and an inexplicable emotion emerged in his heart.

"Yeah." Sisi nodded and held Qin Chen's hand.

"Let's go, don't let Senior Brother Zhou and the others wait for a long time."

Qin Chen's voice fell, with thoughts, and instantly rose to the sky, and in a moment, he had arrived at the seal of Murong Bingyun.

"Qin Chen, you bastard, you finally came back. You didn't know that I was almost caught by those Mo Kui Yacha...eh? Chen Sisi!"

When Murong Bingyun saw Qin Chen, he yelled in embarrassment. The seal that Qin Chen had placed before was already broken. You can see that in this cave, Murong Bingyun has gone through a battle, and the evil spirits around him are surging. And Murong Bingyun's body was also full of scars, showing a white spring light.

However, her spirit is very good, and it seems that there has been some growth.

She cursed, and suddenly she was taken aback, looking at Chen Sisi beside Qin Chen in disbelief, with a look of astonishment in her eyes.

"Why is she here?" Murong Bingyun's eyes were shocked: "Could it be that she released the terrible breath before? That's right, there was a hint of magic in the terrible breath just now. Chen Sisi is A disciple of the illusion demon sect, she has the way of illusion demon cultivation, she is so strong?"

Murong Bingyun's heart was mixed with five flavors. She was born with a spirit body, and she could feel the terrifying body aura from Sisi's body. The faint aura made her feel shocked, as if she was under extreme pressure.

Suddenly the heart was hit.

In Guanghan Palace, she was better than You Qianxue, and she didn't expect even Chen Sisi to be ahead of her now.

However, she was also curious about where Chen Sisi came out of.

"Unexpectedly, you didn't die, you are considered dead." Qin Chen glanced at Murong Bingyun: "Let's go, why Sisi appeared here, you don't need to know, as for what you want to say next, you I don't know if I don't know."

As Qin Chen spoke, a hint of cold light bloomed in his eyes.

Murong Bingyun instantly understood Qin Chen's purpose. This was to let himself cover, and couldn't help but said, "It's okay to let me cover, but shouldn't it be a bit good?"

Huh!

Before she finished her words, Qin Chen appeared in front of Murong Bingyun, pinched her swan-like slender neck, and carried Murong Bingyun in front of her. The noses of the two of them faced the noses, and their eyes could only see. At a distance of only ten centimeters, Murong Bingyun could clearly feel the breath in Qin Chen's nose, and her whole body instantly stood upside down, and a strong sense of danger rose from the bottom of her heart.

"I didn't kill you before, it doesn't mean that I won't kill you. If you cooperated obediently, this young master might have saved you for the sake of helping Qianxue and others before, but if you don't cooperate, you should know Ben Few means."

Qin Chen said coldly, his eyes as cold as death, and he threw Murong Bingyun to the ground.

Murong Bingyun snorted, and her long skirts were scattered, revealing slender and white Yurun thighs. She hurriedly covered the skin of her legs, bit her red lips, looked at Qin Chen shamefully, but did not dare to say a word.

"Okay, don't be jealous, let's go, Murong Bingyun, you are not a little woman." Qin Chen sneered and stood up.

"you....."

Murong Bingyun trembled with anger, had to gritted his teeth and stood up bitterly, and touched the neck that was pinched by Qin Chen. The faint pain made her even more resentful.

Qin Chen is a bitch.

But she dared not say a word, and hurriedly followed.

Above the river of evil spirits, Wei Siqing, Zhou Wusheng and others, with the many saints and daughters of Guanghan Mansion, looked anxiously under the river of evil spirits. Before, the river of evil spirits exuded a terrifying cold air. Those crazy attacks before them All of the evil spirit Yasha roared into the river of evil spirits, and then nothing happened.

They waited here for a long time, and they were a little anxious and unsure of what happened below, because the power of the magic way that made everyone's heart palpitating before was too weird, completely different from Qin Chen's power, making everyone a little bit Uneasy.

When everyone was worried and prepared to venture into the long river of evil spirits, well, three streams of light rushed into the sky from the long river of evil spirits and came to them. It was Qin Chen and the three.

[Chapter 2949: Demon breath](#)

Above the vast ruins and treasures, Guanghan Mansion and his party were flying quickly.

"Brother Qin, I didn't expect you to meet the girl Chen Sisi who was separated from you here. It seems that God really took care of us. Not only did you find your beloved girl, but it also gave our team a strong arm. "

Zhou Wusheng said with emotion.

Many of the Saints and Daughters of Guanghan Mansion at the scene also looked at Chen Sisi enviously, enviously. When Qin Chen showed up with Chen Sisi, Zhou Wusheng and the others were still taken aback. Later, they realized that Chen Sisi was the girl who had been lost before Qin Chen came to Guanghan Mansion. This time, they unexpectedly met in the land of trials in the heavens. Everyone is amazed

Already.

Especially when they knew that the terrible aura that had soared into the sky in the long river of evil spirits before, it turned out that after Chen Sisi was released, it shocked everyone even more. Even Wei Siqing had carefully looked at Chen Sisi for a long time.

The previous power was extremely terrifying. Even Zhou Wusheng and Wei Siqing were shocked. Everyone understood that Chen Sisi had been following Qin Chen like a bird, but this person was definitely not weaker than them. Master.

Although Chen Sisi's detailed origins were not informed, Qin Chen opened his mouth, with Murong Bingyun's help. Everyone did not ask interestingly, and completely believed Chen Sisi and regarded her as a part of the team.

After trimming the team, everyone continued to set off, and Qin Chen was also constantly calculating the situation in this ruined treasure land and understanding the location of the Son of God.

Hum!

I saw that under Qin Chen's calculation, a huge picture screen appeared in the void in front of the picture. In the picture screen, various streamers flickered, and there were some powerful light spots that flickered in the picture screen, but they couldn't see clearly. The real face.

These light spots represent the powerful saint son in this ruined treasure land, and in the depths of this screen, there are still hidden crises, some crises, even Qin Chen feels palpitations.

"Brother Qin, have you calculated something?"

Wei Siqing and Zhou Wusheng curiously said. "In this ruined treasure land, I am afraid it is very dangerous. When I calculated just now, I felt that there was an overlord-level demon aura, and in the depths, there were some other terrifying existences, the aura of the gods and sons. already

Going deep into the ruins of the treasure land. Qin Chen said in a deep voice.

"What? Overlord level demon breath?" Everyone was taken aback. Zhou Wusheng's eyes flashed and said: "Then you can't go wrong. The information I got at the beginning is that there are many ancient sacred veins and treasures in the depths of this ruined treasure land, and at least there are the ancient sacred veins of the highest grade of heaven. Because only the ancient sacred veins of the heavenly sage top grade can nurture masters of the overlord level, we must refine the ancient sacred veins of the heavenly sage top grade and these monsters of the overlord level if we really can refine one of them. , Is a great adventure,

Climbing to the sky in one step, breaking through the bottleneck, not only can break through the realm of the overlord, but also consolidate the cultivation base and spy on a higher realm. ""Not bad. Qin Chen nodded, "Refining powerful monsters is indeed a good way to break through, but it's not that easy. It's the perfect solution to be careful." None of these overlord monsters is easy to deal with, and even though they have us in their bodies

The power of the ancient times is extremely needed, but there are countless evil spirits and chaotic rules. If someone's mind is not tempered to perfection, once a master demon is refined, even if it really breaks through, it will go crazy and turn into ashes on the spot. "This is natural. "Wei Siqing and the others nodded: "However, there is no risk in martial arts practice. It is best to find the inheritance of the

ancient human race powerhouse, get their inheritance power, and refine it into the body, so that it can be compared to refinement here.

The powerful monsters are much more useful, but how many true masters in the ancient wars can be passed down, and it is extremely difficult to find. It is only easier for reincarnated people like Shenzhao Shengzi to find opportunities in their previous lives, right? . "These things are far away, we speed up, and it is best to find the group of Shenzhao Shengzi as soon as possible, and kill them, and there are many powerful saints here, and there are many holy veins here. , Must be robbed

Wealth, especially the holy veins of the heavenly sage, are extremely cherished, as long as you get enough holy veins, so that you can also break through the realm of the overlord, and kill the divine son, it will naturally be easy. "

Qin Chen led the crowd and flew quickly.

In this barren land, in the space of ruins and treasures, the evil spirits turned into heavy mists, making people unable to perceive things that are too far away, and there are dangers everywhere.

However, Qin Chen's soul power is strong, and he can see clearly. In the distant sky, above the barren earth, there are long rivers of evil spirits, and there are also some caves and dense lands, many of which have bred powerful ancient fiends. beast.

Wherever there are Primordial Beasts, there must be ancient Saint Veins. This is the theorem, because these Primordial Beasts must absorb the power of the Holy Veins if they want to survive, otherwise they will not be able to form a strong race. It's just that many of these holy veins are infinite pulses, just like the holy veins of the demon evil Yaksha before, they contain endless evil auras, and ordinary warriors have no ability to absorb them. If they are forcibly absorbed, the holy energy consumed by refining evil auras is compared with the holy energy absorbed. ,not

How much must be less, it can be said that the gain is not worth the loss.

Unless it is taken out to be cleaned by the master master, in this way can there be enough profit. However, Qin Chen and Chen Sisi did not worry about this. The two did not deliberately search for it, but kept mopping up. As long as they passed by and encountered the sacred veins of evil spirits, they would not collect it. Kill, or change to

With all kinds of power, it is in the bag.

After only a short period of time, the two of them smashed into the depths, and more than 20 top-level Heavenly Sage middle-grade evil spirits were collected, which was a big profit.

These ancient sacred veins, Qin Chen sent all of them to the jade disc of good fortune from the universe, and strengthened the jade disc for the good fortune of the universe. "This is really a treasure place! If you can stay here forever and not go out, you can fight and train in this way, so that you can be promoted soon." Qin Chen said, he felt that he was slaughtering and absorbed many rare things in the ancient times. Suffocating, unexpectedly

There was a trend of promotion at the beginning, and the many powers in the body, the original law, seemed to be upgraded again, and the holy energy would also be condensed again.

Obviously it is going to step into the mid-term peak of Heavenly Saint.

Originally, after Qin Chen broke through the middle stage of the Heavenly Sage, he was not too far from the peak of the middle stage of the Heavenly Sage. Now he has absorbed a lot of evil aura and has an impulse to continue to break through. But he can't hit the mid-term peak realm now, nothing else, not enough holy veins.

[Chapter 2950: Charm](#)

Although he already had this feeling, he really needed to consume a lot of ancient sacred veins to make an impact. Qin Chen was still far short of his body. Once he broke through, without enough ancient sacred veins, he would definitely be short of holy energy. When the realm is impossible

Consolidation does more harm than good.

The most fearful thing about hitting the pass is the lack of holy spirits.

Roar! Just as the crowd flew to refine the primordial aura, a group of powerful demons appeared again in the midst of the billowing evil aura. This group of demons, very strange, turned out to be beautiful women, giggling and grinning. Hot body

Material, making a charming chuckle.

These beauty-like monsters have a terrifying aura. They flew by, directly tore through the space, came down, and chuckled. Everyone felt that they were in a gentle town, and they felt like sleeping in it.

"Be careful, this is a charm banshee!" Both Wei Siqing and Zhou Wusheng's expressions changed: "There is such a monster here, how is it possible, this is a charm banshee!"

"Charming Banshee?"

Qin Chen was also shocked. In his book of origin, he recorded many materials in the Treasure Temple, including some ancient records. The charm banshee is rumored to be a monster race inherited from the ancient Meizu. Meizu is a middle-ranked race among the ancient ten thousand races. It is very powerful, but later, because of certain things, a big battle broke out and it was almost wiped out, but

The enchanting banshee they cultivated is still preserved.

The Charm Banshee, which looks like a human being, is actually a kind of ancient fierce beast. It is not a Human Race or Meizu, but a kind of monster. Each Charm Banshee is full of charm and is very cruel and violent.

They make a living by absorbing the souls of various races. Not only can they charm the human race, but they can also charm the demons, demons, and many other races. They are a very terrifying beast.

Once in the heavens, a charm banshee appeared, and directly broke into a sect, and actually charmed a sect, swallowing all the masters of the sect, and blood flowed into a river. Now there are so many here.

"Chuck!" A charm banshee leaped forward with a light smile, her voice full of charm, but there was a terrifying murderous intent in her eyes. The nails of both hands were like sharp swords, and they were assassinated and exploded. Dazzling light, this mighty power

, Actually, like a master of kendo, practicing kendo martial arts.

Qin Chen was shocked. Although these enchanting banshees were fierce beasts and demons, after absorbing the souls of various races, they were able to master martial arts, supernatural powers, and display extraordinary powers.

You know, the reason why the human race is strong and become the top race among the ten thousand races is because the human race is amazingly talented, able to perceive the world, and practice various magical powers. If these charm banshes can perform martial arts and magical powers, then it's worth it?

He did not hesitate, as soon as he punched out, this enchanting banshee was directly hit and exploded, turning into a rain of blood and landing.

Ouch!

The killing of a charm banshee aroused more ferocious emotions of the charm banshee. They flew up to form a large array, connected into one piece, and various charm voices were transmitted, and their power increased greatly.

Many of the Saints and Daughters of Guanghan Mansion all felt dizzy and almost vomited blood one by one.

The charm power of these charm banshees can be added together, which is terrifying.

Even masters such as Wei Siqing and Zhou Wusheng were almost charmed and unable to kill these charm banshees, because these charm banshees are very fast, master the profound meaning of space, and can avoid the attacks of many masters. Moreover, among this group of enchanting banshees, there are obviously extremely clever leaders, commanding many enchanting banshees, and attacking the army of Guanghan Mansion. Often when Qin Chen and the others are about to attack, the other party will retreat. Qin Dust them loose

The opponent waved his hand, and the opponent immediately began to attack.

This is a monster army with commanding ability, able to use wisdom to attack the human team.

Even if the many masters of Guanghan Mansion formed an array, they couldn't ambush them, instead they were ambushed by each other.

Moreover, these enchanting banshees did not rush to kill Qin Chen and the others at the first time, but set up a strategy and kept crowding them, seeming to trap Qin Chen and the others, not giving Qin Chen and the others any chance of escape.

"Damn it, it's a paradise for alluring banshees. Even if the overlord comes here, he will have to die alive." Everyone has fallen into a kind of passiveness since they encountered the group of banshees. Can't kill too many charm banshees, because these charm banshees are connected as a whole. Once everyone makes a strong move, it will be so amazing.

The power of confusion will diffuse at the same time, eroding everyone's combat effectiveness.

"Brother Qin, this is not the way to go."

Everyone said anxiously.

"It's really not a way to go on like this, you have to use powerful methods." Qin Chen thought secretly in his heart.

Qin Chen was also a little impatient in his heart. He was not afraid of these enchanting banshees' moves, and immediately jumped up and entered.

Suddenly, Qin Chen sank into the army of charming female demons.

"Sisi, you stay."

Qin Chen screamed, banged, and entered the enchanting banshee army, and immediately displayed the original magical powers.

"Receive me! The Book of Origins, Harvest Origins, Charm Civilization, Banshee Civilization!"

Qin Chen paused, and an extremely tyrannical aura spread out in ripples, and the power of origin swept through. These charmed banshees looked very difficult to others, but in Qin Chen's eyes, they were the best in cultivation. treasure.

Boom boom boom!

At this moment, countless enchanting banshees couldn't bear it anymore, and they screamed and burst apart. Their power was sucked into Qin Chen's body and became the origin civilization.

In the book of origin, banshee civilization and charm civilization began to appear.

These enchanting banshees were killed by Qin Chen, and they suddenly roared in anger. Suddenly, even more terrifying power of charm appeared, which directly penetrated Qin Chen's mind like a magic sound.

There was even a fascinating force, extremely terrifying, almost shaking Qin Chen's soul.

"It's the leader of the charm banshee, the overlord-level charm banshee."

Qin Chen was shocked, but he was overjoyed. He captured the thief and the king. Qin Chen's figure shook, and his whole body turned into a thunder sword light, and he rushed into the army of charms, every time he shot, there was charm The banshee died in his hands. These charmed banshees realized that their power of charm had no effect on Qin Chen. They were frightened and furious. Suddenly, the banshee army separated. A large number of banshees rushed directly to the army of Guanghan Mansion, obviously to take advantage of Qin Chen. No, cut

Kill the disciples of Guanghan Mansion.

"not good!"

Wei Siqing and the others were shocked.

"Oh!"

At the moment these enchanting banshees rushed up, Sisi smiled, and a trace of enchanting power quietly passed by in his eyes. In an instant, the physique of these charm banshees stagnated, and their eyes became dull.
