

## Valkyrie 2951

### [Chapter 2951: Soul Refiner](#)

"kill!"

Sisi chuckled lightly, her figure rushing into these charming banshees, her figure was misty, like a cloud of smoke, at the moment when she rushed into the charming banshees, a series of terrible auras suddenly cut out from her body.

Puff puff!

Under Sisi's attack, these enchanting banshees burst one by one, and a terrible charm lingered one after another, and was quickly swallowed by Sisi.

Sisi is a natural enchanting body, and has also received the inheritance of the nine-tailed fairy fox, how can he be afraid of the charm of this charm banshee, along with the charm, Sisi is the originator of these charm banshees. Wei Siqing, Zhou Wusheng and others, who were still anxious and frightened before, saw this scene, they were shocked. These charm banshees are so powerful, even they may not be able to easily resist such a terrible charm, but they did not expect Qin Chen beside Chen

It is so powerful that it can block the charm of the charm banshee?

However, they were just a daze, and then they led countless disciples of Guanghan Mansion, and they entered the enchanting banshee group one after another. With Sisi in front of the array, the disciples of Guanghan Mansion started to kill, and continued to kill one. The fascinating banshee of the head

Boom! Among the enchanting banshee army ahead, Qin Chen is more like a \*\*\*\* and demon, with a strong force, and the original magical powers are displayed. With every attack, many enchanting banshees are beheaded, and the huge enchanting banshee army is shattered. , Turned into thousands

The charm banshee was scattered and separated.

Qin Chen shouted coldly, the divine light on his body, these charm banshees felt Qin Chen's fierce power, they all surged crazily, and they wanted to rush out to do their best.

However, under Qin Chen's spatial power, these charming female demons were trapped in a space, unable to break free.

suddenly!

In the depths of the enchanting banshee group, a piercing scream sounded, and then, a horrible sword-like charm power came in horizontally and horizontally, and with a chuckle, Qin Chen's space constraints were opened by a gap. .

The leader of the enchanting banshee at the overlord level.

Then, the leader of the enchanting banshee gave a long whistle, and for a while, the enchanting banshee army retreated one after another, coming fast and going fast, shrinking into the depths of this space, in a boundless suffocation.

They also felt the horror of Qin Chen and Sisi, and they did not dare to entangle more here.

"Is this fascination leader really cautious?" Qin Chen frowned. He didn't expect the other party to be so decisive. In an instant, he retreated completely. Otherwise, he really wanted to fight the fascination leader. , If you can kill and swallow the opponent, you will be charmed by yourself

The civilization of the banshee is of great help.

"Are you all okay?"

Qin Chen looked at everyone.

"It's okay, Brother Qin, Girl Sisi is really too strong. With one person, she killed many charm banshees. If it weren't for her, we would be really struggling."

Zhou Wusheng flew up and said in shock, he was really surprised. The power that Sisi showed before was not weaker than his. The key is not to be afraid of the charm of the banshee, how powerful is the soul power?

"Haha."

Qin Chen smiled, he naturally knew Sisi's strength.

"Since everyone is okay, go, let's go deeper."

He flicked his sleeves, step by step, walking towards the depths, while calculating the whereabouts of Shenzhao Shengzi, while comprehending the breath of this enchanting banshee, and calculating the whereabouts of other masters.

He decided that it would be better to be able to improve his strength a little bit, so that he could directly kill the Godzhao Shengzi, otherwise there would still be some troubles, because he didn't know what point Shenzhao Shengzi's cultivation level had reached.

Qin Chen felt something very different from the power of this beheaded charm banshee. These enchanting banshees specialize in devouring the souls of humans, monsters, and demons. Their soul power is very strange. They are in a state that can directly swallow and ascend, and after swallowing their souls, they can also master them. In the soul

Qin Chen's martial arts was shocked.

It should be noted that although Qin Chen can also master the martial arts of others by devouring others, in essence, he can comprehend the great ways of heaven and earth and master martial arts through the techniques of patching the sky, the book of origin, etc., as well as the original rules of the other party. .

This is the first time I have heard of the method of directly devouring the soul, enhancing the power of one's soul, and mastering the other's martial arts like the enchantress. "When a martial artist arrives in the holy realm, the most important thing is the strength of the soul. The soul is strong, the aptitude is strong, the perception of various rules, and the mastery of various martial arts will be faster. If you can create a school similar to the charm of the female demon, you can pass special Means to mention

The supernatural power of the soul, how strong will it be? "Qin Chen kept thinking about it. He already mastered the heavenly soul forbidden technique, and his understanding of the soul far exceeds that of

ordinary people, and he has the technique of patching the sky, the book of origin, and can control various civilizations and magical powers. Now he feels charm. After the civilization of the banshee, I was overjoyed, if he could master the power of this enchanting banshee, it would be much stronger than he could master other civilizations.

If he can create a supernatural power that can directly improve the soul of a warrior, once it is promoted, he can even create a brand new profession in the human race. "There are different demons, there are different soul masters, among the human races, there are refiners and alchemists, but there is no soul refiner. I have understood the way of the deep demons, mastered the origin of the different demons, and possessed the heavenly soul forbidden. Magic, the origin of magical powers, combined with this charmed banshee god

Through, it may not be impossible to create such a career that enhances the soul. "

Qin Chen became more excited as he thought about it, his eyes brightened, and if he could really succeed, it would be of great help to his future beyond comparison.

"It seems that I have to swallow more banshees, but now I just have an idea. If I really want to create such magical powers, I must swallow more banshees and thoroughly master this method of fascination. It is possible to do it."

While thinking, Qin Chen looked for traces of the enchanting banshee, and quickly went inside.

Zhou Wusheng, Wei Siqing and others followed him, surveying all directions, and were a lot more careful. They were no longer as unscrupulous and lawless as outside.

Roar! Everyone was walking, and suddenly, in the evil spirit in front, a large group of charm banshees appeared again. This time the charm banshees were even more terrifying, because they even controlled some powerful groups of monsters and beasts. Stock demon

The army of beasts attacked back and forth in the void.

This group of enchanting banshees seemed to be besieging someone. Qin Chen looked intently and saw a vast sharp sword held in the hand by a cold and handsome man. This sharp sword contained endless runes. The man held it in his hand, and there was a kind of sword energy that could reach the sky. The feeling of resistance.

### [Chapter 2952: Ancient Demon Gun](#)

And beside the man, there was a woman with Danfeng eyes, very fierce. In terms of appearance, she was probably only as beautiful as the Wuling of Guanghan Palace, not even as beautiful as Xu Yuelai.

But she has a temperament that cannot be ignored. She surrounds the ripples in the space, her eyes are gleaming, her cultivation is terrifying, and she has the grace of a heroine.

At this moment, the two of them were surrounded by many monsters led by the charm banshee, and they were constantly resisting. "Tian Yanzong's sword genius song peak, and the female saint son of Minghui Pavilion, Quan Mu Liu, they are also trapped by the charm banshee. With so many charm banshees and monsters, they are already struggling. Trapped by the charm banshee

, Unable to rush out, now it seems to be so powerful, in fact, it will not take long before the saint yuan will be consumed, and it will become more and more difficult. "

Wei Siqing was taken aback. "Qu Gaofeng, I heard that this time the leader of the Tianyanzong Saint Son, he is the rare swordsman Tianjiao of Tianyanzong for thousands of years. He has cultivated the Tianyan Sword Art of Tianyanzong's secret code to the eighth level. The sword can even hurt the top of the half-step overlord

Master. "Na Quanmu Liu is also very strong, the chief elder sister of Minghui Pavilion. It is said that this person is extraordinary in wisdom and proficient in calculations. Unexpectedly, he was trapped in this army of charms, Qin Chen, what do you think? Tian Yanzong and Minghui Pavilion and our Guanghan Mansion are not there

What kind of affair? Are we going to rescue these two people, or take the opportunity to go down and kill them? "

Zhou Wusheng and the others looked at Qin Chen, recognized the origin of the other party, asked Qin Chen, and followed Qin Chen's instructions.

"Oh? How is the reputation of Yanzong and Minghui Pavilion this day?" Qin Chen asked lightly. He could tell at a glance that the two trapped were extremely powerful, not weaker than the Blood Sacred Son, and the top arrogances such as the King Sage Son should also be the top masters of the same level, and because the two of them were in the heavenly trial. The land has been there for a while

In the meantime, the hegemonic aura on his body is already very obvious, and there is a faint tendency to break through. Like Wei Siqing and Zhou Wusheng, as long as the opportunity comes, he can directly break through.

It's a pity that they encountered the enchanting banshee, and they continued to display the power of the enchantment. Coupled with so many monsters, the two of them could barely resist and fell into danger. "Brother Qin, Tian Yanzong and Minghui Pavilion have a good reputation, especially Nagqu Gaofeng. It is said that they are very aloof, but they are not sinister villains. You can make friends. As for Quanmu Liu, let alone, Minghui Pavilion's The reputation has always been excellent,

I have had two simple cooperations with our Guanghan Mansion, and the relationship with any force in this mansion is not bad. "Wei Siqing said, "But I'm not afraid of ten thousand, just in case, after all, in this heavenly trial place, anything can happen. Before, Brother Qin, you saved the people of Tianshan Mansion, but the other party didn't know the reward. , And even turn against us, it may not be

impossible. ""It shouldn't. Zhou Wusheng shook his head and said: "Qu Gaofeng and Tong Hu are still very different. The Tianyan Sword Art of Tian Yanzong inherits the Great Dao of Heaven. The Tianjiao who can cultivate the Tianyan Sword Art to the eighth level at such a young age. Won't be that

The sinister and nasty generation. "

"That's true." Wei Siqing nodded, "It's just that I have never heard of the friendship between Tian Yanzong and Minghui Pavilion. Why did this song Gaofeng go with Quan Muliu? It's a bit weird."

"Oh? Anyway, this kind of person won't fall into trouble. Ben Shao only targets the kind of insidious and cunning person. Since these two people have good monuments, they can be saved. It's a good fate."

Qin Chen and Sisi looked at each other, exchanged glances, their bodies turned into streamers, and they rushed directly to the Charm Banshee in the depths of the monster army.

At the same time, Qin Chen's voice rang in Zhou Wusheng and Wei Siqing's ears, "Go and meet those two."

"it is good!"

Wei Siqing and the others led the Guanghan Mansion masters, moved instantly, and they all killed Qu Gaofeng and Quan Muli who were trapped in the monster army.

"Another group of human saints, kill..." Seeing Qin Chen flying in, the leader of an extremely powerful charm banshee was furious, and with a long roar, countless charm banshees gathered and formed a huge body. Charm banshee, their souls fuse together, immediately

There was a palpitation breath. Moreover, their palms peeked into the void, and suddenly a terrifying black spear appeared in their hands. This spear was more than ten feet long, completely dark and exuding a strange atmosphere. It was a piece of ancient times. Demon soldier, don't know

Dao is the ancient monster clan master who survived after the fall, was obtained by this group of enchanting female demons, and refined into his own weapon.

Whoa, whoa! This enchanting banshee is commanded by thousands of enchanting banshees. With a black spear in his hand, Chen Sisi and Chen Sisi rushed towards Qin Chen at the same time. With a shot of the spear, all life, the way of destruction, a black magic Soaring into the sky, accompanied by

The terrifying soul impact directly swept Qin Chen and Sisi.

"Ancient demon magic spear, a demon \*\*\*\* strike!"

At the moment when the leader of the Charm Banshee was killed, he spurred countless charms of the Banshee, and the demon's breath burned, bursting out with shocking power. This charmed banshee commander is not the previous overlord commander, but another head. It has a weaker cultivation base and is not in the overlord realm, but it has entered the overlord realm only a little bit. Now it has integrated thousands of charm banshees. Burning Goblin

The aura that burst out immediately reached the realm of the overlord of the late Heavenly Sage.

boom!

The astonishing sound of enchantment enveloped, and many trapped monster beasts were going crazy, which surprised Qin Chen.

"Okay, okay, I didn't expect this charm banshee to be able to perform a combined attack!"

After Qin Chen was taken aback, his face showed a look of surprise again, and he rushed in front of Chen Sisi with a brush of his figure, and a green demon sword appeared in his hand, the ancient demon sword.

Since this enchanting banshee used the martial arts of the demon clan, Qin Chen would naturally not fall behind.

The two big demon soldiers burst out with shocking demon energy, and collided in the void like lightning.

The giant demon composed of the enchanting banshee bloomed with the aura of the overlord of the late Heavenly Sage. How tyrannical is it, and how can it also use the demon clan magic weapon, that power is enough to pierce the ages with a single shot.

However, after this shot collided with the ancient demon sword in Qin Chen's hand, it was unable to break through the demon energy of the green demon sword. The two alternated, sparking sparks.

"The dragon spear shocks the sky!" As soon as the enchanting banshee and Qin Chen's demon sword were handed over, the power that burst out was interrupted, and the power on the black spear was suppressed, and he was shocked. The body retreated violently, let out a roar, suddenly expanded, and killed another set of peerless marksmanship, the power is even more terrifying.

### [Chapter 2953: Hillbilly](#)

This Charm Giant Demon, composed of thousands of Charm Banshees, was so agile that it missed a hit, and instantly displayed other magical powers, bursting out even more terrifying power.

These enchanting banshees are fighter machines cultivated by the ancient Meizu. They know how to unite in battle formations, and the combined body shows no signs of collapse, and they react extremely fast, as if they have been tempered.

Moreover, this charm banshee issued a sharp roar, a storm of soul swept over, and with a deep charm, it made people fall into \*\*\*\* for an instant. "Dust, be careful, this charm banshee is extraordinary. It is made up of thousands of charm banshee's charms and forms a brand new magical power. This is the heavenly charm. Once it invades the soul, it will fall into Sinking, one negligence, was

Beheaded! "

Chen Sisi felt this fascinating power on the side, and suddenly changed her color.

"It's okay!"

Qin Chen's body and technique changed, he was as sick as a ghost, and he did not retreat in the slightest. Faced with the charm of the banshee, he didn't retreat but instead, he rushed into the charm of the charm to feel the charm.

"This human, looking for death!"

The enchanting giant monster gave out a color of ecstasy, and the power in his body was violent again. With this shot, the power skyrocketed again, and he came to Qin Chen in an instant.

boom!

At the moment of the moment, Qin Chen's ancient demon sword cut out, and with a ding, he stood in front of him.

"How can this human being be trapped by the Heavenly Charm?"

The charm giant was taken aback, but his eyes burst into a more hideous light, and the black long spear, as if it had been unblocked, broke out again with a terrifying shadow, and pierced Qin Chen's body abruptly.

"Jie Jie Jie, this human being is too naive, with spear shadow supernatural powers, enough to penetrate his body."

It's just that before its voice fell, its eyes widened, puff puff puff, horrible gun shadow swept across Qin Chen's body, suddenly bursting out flames, but couldn't penetrate Qin Chen's body at all.

"Hmph, if you are the real overlord banshee, perhaps Ben Shao should be more careful, but unfortunately, you are strong outside, and your magical powers can't even break Ben Shao's defense."

Qin Chen sneered. After breaking through the realm of the giant, his defense skyrocketed again and reached an extremely terrifying point. It was not something that the charm giant demon could easily break open.

"Charm, but so."

Qin Chen snorted coldly, the voice fell, and his figure suddenly disappeared. The next moment, the space flashed, Qin Chen directly came to this charm giant demon's side, his five fingers were like a hook, and he caught the charm of the giant monster directly. . From a distance, the giant monster made up of thousands of charms is a hundred feet high, and Qin Chen is on top of the charms, as if standing alone on the top of a mountain, but Qin Chen's palm fell and turned Make a huge palm of Sheng Yuan, forcibly

The buckle into the head of this enchanting giant monster.

Flutter!

The hard head of this charming giant demon was abruptly grabbed by Qin Chen with five holes, and with a bang, it exploded, and could no longer maintain the body of the giant demon. It turned into a charming female demon with thousands of heads, bursting all at once. open.

However, Qin Chen's palm penetrated the body of the banshee, and clasped it on the head of the core banshee commander. The book of origin in his body was violently urged and he sucked hard.

Suddenly, countless billowing laws of the banshee, together with the steady flow of essence, were absorbed by Qin Chen.

In the book of origin, the pages representing the banshee civilization and enchanting civilization become more clear.

Moreover, the Book of Origin is analyzing the soul structure of this charm banshee, analyzing its victory structure, and peeking through Meizu's core means of creating the charm banshee.

"Do not!"

The head of the enchanting banshee showed a terrifying emotion in his eyes, screamed, and suddenly exploded.

Thousands of enchanting banshees were sucked sharply by Qin Chen, all of them exploded, and then they were completely absorbed.

The black ancient demon spear was about to fly out while shaking, but Qin Chen slapped it with a big hand, held it in his hand, exuding a fierce aura, and couldn't escape no matter how hard he struggled.

"The art of patching the sky has been refined, and the ancient demon energy has been integrated into the body of the sword and the demon sword. This demon spear will be a tonic for you!"

The black demon spear trembled violently as he used the technique of patching the sky, and then exploded with a bang, turning into countless black demon spear fragments, and then being melted by Qin Chen into the purest ancient demon energy and blending into the green demon sword. The green demon sword trembled violently, as if a person who had been hungry for a long time was feasting, swallowing all these ancient demon energy into the sword body, and suddenly the green sword body burst into a more intense green light. Actually spread among the demon sword

Handed out a hint of joy.

Inside Qin Chen, the civilization of the enchanting banshee became clearer, and Qin Chen couldn't help being surprised when he felt the power in it. "The soul structure of this charm banshee is indeed very special, very different from an ordinary race. It is very difficult for humans to cultivate such supernatural powers, but it is not easy to say that there is a sky patching technique and a book of origin. You may not be able to create

Create the supernatural power of refining soul. "

Qin Chen looked at the fascinating banshee civilization continuously condensing in his body, and could not help but nodded repeatedly.

"If you want to create these magical powers as soon as possible, you have to absorb more Meizu banshees."

With a move, Qin Chen once again entered the enchanting banshee army, and launched an attack on these fascination banshees.

Boom!

Qin Chen waved the ancient demon sword, every time it fell, there was a sword aura soaring into the sky, and many charm female demons were smashed by Qin Chen with one sword.

He walked on the sky, like a \*\*\*\* descending into the world, fearlessly, the charmed banshees that were killed have all plunged into the whirlpool behind him, becoming his civilization tonic.

"Who is this? Why is it so powerful? Is this still a human?" Tian Yanzong Qu Gaofeng and Minghui Pavilion Quanmu Liu, who were struggling with the enchanting banshee army, suddenly relieved the pressure and saw Qin Chen walking on In the sky, a sword blasted the Charm Banshee, killing hundreds of Charm Banshees, almost astonished.

All the eye beads fell out.

Boom boom boom!

Qin Chen kept making moves, beheading many charming female demons, and these female demons all made a panic sound, screaming and retreating again and again.

"Where to go."

Qin Chen stood proudly in the void, hitting the sky with magical powers of space, covering everything, suppressing the ages, and solidifying the void of thousands of miles, being suppressed, forming a solid spatial structure.

It's like a crystal of space.

And those enchanting banshees were sealed in the spatial crystal, struggling hard, but each one could not move.

Qin Chen urged the origin technique, and the terrifying devouring power was born, and all these charm banshees were swallowed by Qin Chen, causing a fierce charm storm.

"My God, this man swallowed all the charms of the banshee, what exactly is this? The top master of which force? Is the overlord strong?" Qu Gaofeng and Quan Muliu looked dull at this time, like These are two hillbillies who have never seen the world.

[Chapter 2954: Great grace](#)

Boom!

Qin Chen sucked sharply, and even the space was absorbed into his body. The entire space was immediately annihilated, and the power of the surrounding space suddenly surged, creating a space zone and forming a violent space storm.

Under the eyes of everyone, all the power of the enchanting banshee was swallowed by Qin Chen, restrained into the body, and became Qin Chen's own power.

"my God!"

It was about the first time that Qu Gaofeng and Quan Muliu saw someone as cruel as Qin Chen, their faces looked as earthy.

Although Wei Siqing and Zhou Wusheng have been used to all this for a long time, they are still a little shocked at the moment. It is good for Qin Chen not to do anything. In addition to his majesty, he even has a gentle temperament. It seems to be devouring the heavens, very cruel.

However, the stronger Qin Chen is, the more confident Wei Siqing and Zhou Wusheng are, and the more at ease they feel.

After Qin Chen swallowed so many charms, many of them were half-step overlord level masters. The charms of the charms were all absorbed, but they did not enter Qin Chen's body, but entered the book of origin. , So that the pages of the enchanting banshee civilization are more clear, there is a purple enchanting glow circulating, extremely bright.

But Qin Chen knew that his Charm Banshee civilization hadn't reached a very deep level and lacked some power.

Especially the soul refining technique, even if it had obtained so many charm banshees, it did not completely break through, resulting in a transformation.

"The art of refining the soul is extraordinary. I am afraid that only by beheading the Son of God, refine his soul, and obtain the reincarnation supernatural powers taught by God, will we have more understanding."

Qin Chen settled down, thoughtful.

Although his soul refining supernatural powers did not change and he realized it directly, Qin Chen's soul power has also made an amazing breakthrough after swallowing so many charm banshees. The soul sea in his mind is even more majestic and profound, yes. According to the calculations of the Son, it is clearer.

Whoosh!

After killing these enchanting banshees, the army of many monsters was also defeated, and they all dispersed in a rush. Qin Chen's figure flickered, and he came to the front of Yanzong Qu Gaofeng and Minghui Pavilion Quan Mu Liu that day. .

"Your Excellency... In the next day, Yanzong Qu Gaofeng, this one is Minghui Pavilion Quanmu Liu, I don't know your surname."

Qu Gaofeng and Quan Muliu were shocked when Qin Chen stared at them. They immediately handed over and said, with gratitude in their tone, but there was still a trace of alertness in their expressions, and even a trace of anxiety, and they spoke very politely. This is knowledge. After Qin Chen's powerful strength, he felt strong oppression.

The two are also top-notch sons in their respective powers, but they actually feel restless in front of Qin Chen, because the two have a feeling that Qin Chen in front of him is so powerful that it is not the same, even if they are joined together. They may not be opponents of this person.

As soon as the two of them spoke, they saw Wei Siqing and Zhou Wusheng flying over from a distance.

"Guanghan Mansion Wei Siqing? And, Guanghan Mansion Heavenly Son Zhou Wusheng?"

The eyes of the two condensed for an instant. Both Wei Siqing and Zhou Wusheng are famous arrogances in this mansion, and they naturally know each other, and they immediately wondered whether the strong man who killed the Charm Banshee was from Guanghan Mansion. ?

But when I heard Zhou Wusheng laughed: "Qu Gaofeng, Quan Muliu, this is our heavenly son of Qin Chen, who just rescued you and killed these charming female demons, how about? What are the methods? The two are also the top Tianjiao of Tianyanzong and Minghui Pavilion. Should they also admire the leaders of this realm?"

"What, he is your guy who works?"

Qu Gaofeng and Quan Muliu both glanced at Qin Chen. They were both older than Qin Chen, and had experienced more wind and frost than Qin Chen, but when they stood in front of Qin Chen, there was an invisible oppression. It made people feel insignificant, as if Qin Chen in front of him was a \*\*\*\* descending from the earth, unable to resist at all.

"Yes, next is the sacred son Qin Chen who has newly joined the work of Guanghan Mansion, passing by by chance with the team of Guanghan Mansion, and seeing this group of enchanting banshees besieging the two, so he shot them and rescued the two. How is it? The two of you shouldn't blame the recklessness below, right?"

Qin Chen said with a flash of eyes, his tone was incredibly polite, and he arched his hands and said, there was a kind of refined feeling, not at all the ferocity of beheading the charm banshee before.

"No, no, of course not..." Hearing Qin Chen's words, Qu Gaofeng waved his hands hurriedly, "This time, I would like to thank everyone in Guanghan Mansion. This place is very dangerous and there are so many charms. Fairy Quan and I've been trapped here for more than an hour, and I can't rush out. If Brother Qin hadn't taken the shot, the two of us would even be at risk of falling."

"That's right, Brother Qin made the move. It was a gift in the snow. This charm banshee is extremely powerful. Both of us can't get out of trouble together. I don't expect Brother Qin to kill these charm banshees cleanly when he comes. It's reckless. Thank you Brother Qin for helping you. It's so kind and memorable."

Quan Mu Liu also arched his hands, with a grateful tone.

"Haha." Qin Chen laughed, and his eyes flashed: "It is true that the two are trapped, but there is a risk of falling. I don't think it is correct. Brother Qu's Tian Yan sword tactic is amazing, and the sword is so powerful. There is also Fairy Quan's way of space, which is also mysterious. Ben Shao can see that the two still have no secret skills. Otherwise, how can this mere charm banshee stop them? The grace of salvation is also nonsense. No, you two don't have to be so polite."

"Brother Qin was joking. Even if I still have the means to wait, it's just a trick in front of Brother Qin." Qu Gaofeng said politely.

Wei Siqing and Zhou Wusheng were amazed. They both said that the peak of the song was the first son of Tian Yanzong, and his personality was very aloof. Quan Mu Liu was also a person with a higher eye than the top, but today, they are both very humble.

But everyone also knew that it was because they saw Qin Chen's face and saw Qin Chen's domineering, and most people really couldn't be domineering.

"You two should also come to this ruin treasure land to hunt for treasure? Ben Shao heard that the two have a bold personality. When I saw it today, they were really upright and proud. I don't know how the two acted alone and were trapped by this charm banshee?" Wei Siqing asked: "Where are the other saints of your respective forces?"

Tian Yanzong and Minghui Pavilion are both top-level saint master forces. It is impossible for them to be the only ones who came in. Wei Siqing and the others are also curious.

"This is a long story, but the main reason is that this ruined treasure is so dangerous. After our two forces discovered it, we decided to explore other people on the periphery. Fairy Quan and I were the strongest, and we joined forces to enter the depths. It's safer. I didn't expect to be in danger soon after entering."

[Chapter 2955: More friends](#)

Qu Gaofeng shook his head: "Fortunately, the other disciples of our forces did not come in. Otherwise, if we didn't take care of the situation well before, many people would definitely fall away, but Fairy Wei and Brother Zhou actually brought so much Guanghan. Disciples from the palace come in

, Really courageous. "

"Haha." Wei Siqing laughed. "The two of you don't know. We also dare to come in together because Brother Qin took the lead. Otherwise, we would have suffered heavy losses. With Brother Qin, this ruined treasure land is unimpeded. "

"Oh?"

Both of them glanced at Qin Chen in shock.

"By the way, Brother Qu and Fairy Quan, meeting is fate, this ruin treasure is so dangerous, how about exploring this ruin treasure together?" Zhou Wusheng drew in.

"Brother Qin..." Qu Gaofeng looked at Qin Chen. "Brother Qu, this is also Ben Shao's idea. I think the two of them have a bold temper. Ben Shao also sees it right away. In the depths of the trial, there are many dangers. There are even strong men of the demons and other races. Our house People in the domain can be considered a force

, Naturally, we must join forces and help each other. "Qin Chen laughed: "Of course, if the two of you don't want to and like to act alone, it's fine. Because we entered the ruins and treasures on this trip, in addition to killing demons, enhancing strength, and searching for treasures, we must also kill the gods of the gods.

. "Qin Chen's eyes were cold: "This person has found the place of his inheritance from the reincarnation of the strong, and his cultivation base has been advancing by leaps and bounds. He even found the most precious Shenzhao Mirror of the Shenzhao teaching in the past. We murdered in Guanghan Mansion

Hand, we want to integrate the forces of our entire government. Those who follow will prosper, those who rebel will die. Not killing is not enough for civilians. This young man came here to fight to the death. "

Qin Chen was frank, and directly revealed his purpose. "Are you going to fight to the death with the son of Shenzhao?" Qu Gaofeng looked at Qin Chen and was taken aback: "This person is very powerful. It is rumored that he was the reincarnation of the seventy-eighth leader of Shenzhao. He came to this place of trial to find himself. To break through the overlord and return to

Pinnacle, didn't you think you had already fought Brother Qin? "Yes. "Qin Chen nodded: "This son has found a place for his inheritance, right in this ruined treasure land, and has even received the most precious mirror of the gods, which is infinitely powerful. Let him grow, it will be a great disaster. Because of this

The man-wolf ambition is to integrate our major holy mans. Anyone who does not obey his orders must be killed. It is very overbearing and must be prevented. "Qin Chen smiled coldly: "Unfortunately, although this person has supernatural powers, he is not yet Ben Shao's opponent. He previously combined with Xueyang Mansion, Renwang Mansion, and Tianshan Mansion against Ben Shao, but he was eventually repelled by Ben Shao and saved the blood. The holy son, but the man king holy son and

Tianshan Mansion Tonghu was not so lucky. The two had been beheaded by Ben Shao, and there were no bones left. "

Qin Chen didn't shy away, and said everything.

"What, your Excellency killed Wang Shengzi and Tianshan Mansion Tonghu?"

Qu Gaofeng and Quan Muli were shocked and almost couldn't believe what they heard. "Haha, that's right." Qin Chen flicked his fingernails, "I think the two of them have a bold personality, so I told them so, if the two are willing, they can join the team of my Guanghan Mansion, as long as they are friends, my Guanghan Mansion All are welcome, even if the two are unwilling

It's nothing, it's a reminder for the two of you, be careful of the son of the gods, after all, everyone is in this realm, and Ben Shao doesn't want to see the two be murdered by the sons of the gods. "

"This..." Qu Gaofeng and Quan Muli glanced at each other, their eyes flickering, they were both extremely smart, and they naturally understood Qin Chen's draw. "Never mind, that Shenzhaojiao and Xueyang Mansion were already fighting everywhere and were very overbearing. My Tian Yanzong and Minghui Pavilion had long been uncomfortable. Since Brother Qin invited us, then we were disrespectful, not to mention that Brother Qin still Our savior, just and

Brother Qin dealt with this dog together. "

The two looked at each other and quickly made up their minds.

"Haha, well, two more friends."

Qin Chen laughed: "At that time, the Shenzhao Shengzi will be killed, and Ben Shao is willing to share his many treasures with the two."

"Where is Brother Qin." Qu Gaofeng shook his head, "Qua doesn't particularly care about treasures or something. It's mainly Brother Qin who saved us. We must repay this kindness." "Let's go." Qin Chen was right. Looking at Wei Siqing, they laughed and said: "Now it's more certain to kill the Shenzhao Shengzi. When you encounter this person, I will kill the Shenzhao Shengzi. Sister Wei, Senior Brother Zhou, you and Brother Qu, Quan Fairy trapped other

People will do. "

"no problem."

Everyone laughed. "Okay, let's move on. I have already calculated that the location of this person is still deeper in this ruined treasure land. There is an amazing treasure in it. The Son of God is in it, Brother Zhou, what you gave Land of treasures,

It is estimated to have been discovered by this person, it should be a ruined land and the core of the entire ruined treasure land. "Qin Chen said.

"What? Then we have to hurry up."

Zhou Wusheng was taken aback.

Qu Gaofeng and Quan Muliou on the side were also taken aback. They didn't expect Qin Chen and the others to have such information.

"If that's the case, let's go." Qin Chen's voice fell and flew up.

Everyone set off again, the rays of light connected into one piece, and they entered the depths, and the evil spirits were rushed away. Along the way, everyone encountered some demons again, but at this time, Qin Chen faced the demons hidden in the evil spirits, and did not leave his hands at all. The holy essence in the body shook out at will, and those evil spirits were directly absorbed, expelled, and manifested. Out

The army of monsters hidden in the evil spirits, and then no matter how powerful the monsters, or the groups of beasts, under Qin Chen and the others, they fell one after another, turned into pure power, and were absorbed by everyone.

In order to speed up the time, Qin Chen would be the first to strike whenever he encountered danger, directly beheading it, so fast that sometimes Wei Siqing and the others could not react. Along the way, Qu Gaofeng, Quan Muliou, and others, hardly have too many mobile phone meetings. They only need to guard the surrounding area. When they are about to take action, many monster beasts have been defeated by Qin Chen. Even beheaded

A large piece.

The quickness of Qin Chen's shot is breathtaking.

Qu Gaofeng and Quan Muliou even tried to \*\*\*\* the demon with Qin Chen over and over again, but often Sheng Yuan had just been brewing, and the thought of the demon in front was wiped out. This made the two feel a little depressed. Both of them are powerful, and they are both top-notch saints. They also have great courage to enter the ruins and treasure land alone. The purpose is to sharpen themselves, but walking with Qin Chen is easy. , But almost no chance to shoot.

### [Chapter 2956: Big Three](#)

Qin Chen was like a \*\*\*\* of death, wherever he went, countless demons would fall without breathing power.

Everyone who saw it was stunned.

Along the way, Qin Chen was also searching everywhere for the trace of the leader of the Overlord-Level Charm Banshee, but strangely, the leader of the Overlord-Level Charm Banshee seemed to have no information at all.

Boom!

I don't know how long it took to fly, and there was a sudden violent fluctuation of the Saint Yuan. Then everyone saw that there was a land of ruins in the distance above the sky, and the sky above the ruins was filled with amazing fluctuations of the Saint Yuan.

The breath was unpredictable, and even revealed a mirage.

"Under the ruins, there is definitely a top-level holy vein." Wei Siqing and others roared excitedly.

"Qin Chen, the news I learned is in this place." Zhou Wusheng also said excitedly. "I saw it. This is a relic of an ancient battlefield. There are many top holy veins and amazing treasures in it. The Son of Shenzhao should be hidden in the depths of this ruin. His inheritance is also in it, but it is dangerous. ,You all

Be careful and follow me closely, otherwise one will fall into it if you are not careful. "

Qin Chen yelled, and flew in. A group of people, flashing light on their bodies, rushed into the passage under the ruins.

As soon as everyone entered, they heard the demon's roar from the depths of the ruined passage.

In this passage, there are many monsters.

"Hohoho!"

Only seeing fierce monster beasts pounced, the monsters here are extremely terrifying in strength, much stronger than the outer world, and everyone immediately felt the difficulty of the bursts.

However, under the combination of the great formation, and Qin Chen and other great arrogances, these monsters were beheaded by Qin Chen and others.

There were countless holy energy surging around, and everyone could feel that there were many holy veins around them, and the breath was amazing, even the ancient holy veins of the highest grade of heaven.

"Brother Qin?"

Zhou Wusheng and the others came to see that if they had obtained these ancient sacred veins, their strength could definitely be improved, and even entered the realm of overlord. "There is no time." Qin Chen shook his head: "I can feel that the Son of God is in the depths of the ruins. This person is now absorbing a lot of power to repair the mirror of God. He will never let him repair successfully. The most urgent task is to kill him first, otherwise once he recovers, his strength will be even higher. What's more, the ancient holy veins here are hidden very deeply, and it takes a lot of time to dig out. The place where the Son is definitely the most shocking

Human sacred veins. "

Qin Chen took the lead in flying, and under his leadership, everyone kept moving inward.

"kill!"

Qu Gaofeng and the others shot again and again, urging their sword aura, and when they encountered a monster, they shot strongly and opened a channel.

Boom!

After everyone had moved forward for a short period of time, a strong sacred aura suddenly passed in front of them, and the roar of a demon rang.

"Before? It seems that there are many masters fighting against monsters." The crowd heard the roar and looked over, and saw that a group of people formed a large formation under the leadership of

several top masters. The fierce primordial beasts fought wildly against each other, and every time they fought, they were powerful

The Shengyuan fluctuation caused a violent sensation in the entire ruins.

Especially the leader of that group of ancient fierce beasts, looks like the legendary fierce beast 杳, fierce and powerful. "That is...Ben Huarong, the master of Xueyang Futian, Zhao Lianghan, the master of Tianshan Futian, and Chi Wenmin, the master of Renwang Futian. They are fighting with a group of Primordial Beasts, behind the group of Primordial Beasts. Is... a day

The ancient sacred vein of the top grade? "

Zhou Wusheng was taken aback, and all showed surprise. Zhou Wusheng and Xu Yue all recognized that group of terrifying masters, it was the heavenly sons of other palaces. What surprised everyone was that among those sons, they had never met Qin Chen. The child of Hanfu Tian's work is invincible,

It's actually among them. At this moment, this group of people is fighting the group of ancient holy veins guarded by the sacred beasts. The group of monsters is powerful, extremely amazing, and extremely intelligent. They are also lined up, not afraid of the three forces of heaven. The master of work, especially the leader Yingtiao, has already entered the level of hegemony. Under a single blow, the ordinary half-step hegemon will fall, but it has serious injuries on its body. It seems that it was secretly calculated during the breakthrough. Very unstable, fluctuating up and down, leading to the root of strength

Ben can't play out.

Even so, it is not something that ordinary masters can face. However, Ben Huarong and other three giants all fought against this shack with a half-step peak overlord's cultivation base. The three of them joined forces, and their strength was shocking. They burst out with the power to burn the world, and suppress the stunned demon pressure again and again. Disperse, the evil spirit is fundamental

Cannot get close to their bodies. Leapfrog challenge, still occupy the top, it can be seen that the three giants of Huarong are the top masters, like Zhou Wusheng, or even stronger, because they enter here earlier and get more opportunities, as long as they can get this sky.

The ancient sacred veins of the top grade of the sacred can already be the masters of the three overlords. The movements of Qin Chen and the others also shocked the fighting monster army and the heavenly sons of the three major forces. Everyone was taken aback. The three giants saw Zhou Wusheng, Xu Yue and others, and their eyes suddenly changed. Ning, but also saw Wei Si

Qing, Qu Gaofeng, and Quan Muliu showed a sharp look.

But that invincible gaze appeared on Qin Chen, a trace of resentment flashed deep in his eyes, and he said something through a voice transmission.

The three of Ben Huarong's eyes condensed, their eyes all fell on Qin Chen's body, and a cold light flashed deep in the bottom of their eyes. However, the three of them didn't say anything else. Instead, they drank to Zhou Wusheng and let out a rumbling roar: "Zhou Wusheng, you are the son of Heavenly Work, and you are with the people of Guanghan Mansion. How to interact with Tian Yanzong and Minghui Pavilion

Are all mixed together? I really lose my face at work. When do I need to cooperate with outsiders?" Zhou Wusheng, Xu Yue, and Sun Wujin all changed their faces, and they heard the dissatisfaction in Ben Huarong's tone, but since everyone is Tianzuo disciple, they didn't say anything, just said: "Ben Huarong, Zhao Lianghan, Chi Wenmin, Brothers and sisters, can

Want us who work in Guanghan Futian to go together to deal with this army of monsters?" Zhou Wusheng said: "This time we are uniting with God to find the goddess son of the gods. This person is ambitious and wants to find his own inheritance, become the supreme hegemon, and command our major forces, even our daily work. We must obey his orders, otherwise we will kill him. We are working together to find this person and get rid of him. Right now, all the brothers and sisters can join hands with us, and they can be beheaded by then. . "

#### [Chapter 2957: Saw a joke](#)

"How many of you are you relying on to deal with the Son of Shenzhao?" Upon hearing this, Ben Huarong, the senior brother of Xueyang Futian, suddenly showed a mocking look on his face.

"You guys are thinking too much. The God according to the Holy Son is the reincarnation of the seventy-eighth leader of the God according to the teachings. Now that he has got his own inheritance and has broken through the realm of hegemony, you can only go up there. Dishes." Zhao Lianghan, senior brother of Tianshan Futian, also sneered.

"Yes, Zhou Wusheng, don't blame me for not reminding you, you are looking for the \*\*\*\* according to the holy son, it is to die, not to mention that we entered the trial land, not to kill people and make trouble, but to improve ourselves, so go, just Go by yourself. We don't need your help here, because our Heavenly Work has an extraordinary status and we don't need to join hands with outsiders. You are now with the people of Guanghan Mansion, Tianyanzong, and Minghui Pavilion. The face of work."

Chi Wenmin, the senior brother of Tiangong from Renwangfu said with disdain, and looked down upon the group of Zhou Wusheng.

As the three of them spoke, they fought with that 杌杌, and they were able to do two things at once.

Zhou Wusheng's expression was pretty good at first. Hearing the words, it was hard to look like he was also a big brother in the work of Yifu Tian, but the other party's superior tone didn't really put him in the eyes.

Even the faces of Wei Siqing, Qu Gaofeng, and Quan Muli on the side are not good-looking, this group of holy sons who work hard are too arrogant and arrogant.

However, this is a family affair of Heavenly Work, and they are too lazy to pay attention to everything. Zhou Wusheng and Qin Chen are in charge of everything.

Zhou Wusheng's complexion didn't look good, and he said coldly: "Since these people are not interested, then I will leave after waiting."

He originally saw that the other party was a disciple of Tian's work, and wanted to win him over, help the other party to kill these monster army together, and then join forces to kill the gods of Shenzhao, but when he heard such words, his heart became angry. , But he is well-educated, his joy and anger are

invisible, and he doesn't directly express dissatisfaction. The way is different and does not seek each other, so he turns and wants to leave.

"Brother Zhou, that's a sacred vein of the heavenly sage. Did we just leave like this?" Wei Siqing, Qu Gaofeng and others couldn't help but look at Qin Chen.

Zhou Wusheng's heart jumped, and he hurriedly said: "Brother Qin, after all, the other party is our heavenly worker. Let's stop fighting, so as not to cause unnecessary troubles after going out. There must be more than one Heavenly Saint High-Rank Saint Vein here. There is no need to do so. ?"

Qin Chen pondered for a moment, before making a decision, Ben Huarong's indifferent voice came from a distance.

"Zhou Wusheng, you can go, but you have a son named Qin Chen in Guanghan Futian, the one next to you, he will stay! I heard that this son just joined you Guanghan Futian Not long after I worked, I was arrogant and overbearing, letting the veteran holy child of your day work invincible kneel down, and even let a conscientious elder of Guanghan Futian be demoted. This person is really arrogant and he doesn't know his respect. Such a person will only cause trouble. Sooner or later, it will make your Guanghan Futian work unlucky and cause serious problems. This senior brother will teach you a lesson."

Ben Huarong looked at Qin Chen indifferently. By his side, Xiang Wudi said something secretly, as if making a plan, staring at Qin Chen with resentment and cold, full of bad water.

When Zhou Wusheng heard it, he knew he was going to suffer.

Sure enough, I saw that Qin Chen's face was difficult to look, and deep in his eyes, there was a mockery sketched out, "Are you going to stand up for that invincible and leave this young man? Do you want to teach him?"

Originally, for the sake of being a disciple of Heavenly Work, Qin Chen was also prepared to give Zhou Wusheng a face, and didn't care about the matter here. After all, killing Shenzhao Shengzi is the most important thing now, but the other party's words directly aroused The anger in Qin Chen's heart.

"Hahaha!" Qin Chen stepped forward with a soaring chill on his body, "Ben Huarong, what are you worthy of teaching Ben Shao? If you are not a disciple of Tianzuo, just rely on these words, yours Fate is no longer your own person. Not only you, but your people will also perish, and all of them will die in the hands of Ben Shao. But today, there are so many dangers here. I think that because you are disciples of Heavenly Work, Ben Shao does not. Willing to take advantage of people's danger and fall into the trap, all of you can roll, leaving the Saint Vein and Xiang Wudi, and get out of here."

"what?"

The disciples who worked in the three major palaces of Xueyang Mansion, Tianshan Mansion, and Renwang Mansion were all dumbfounded when they heard this sentence. They looked at Qin Chen in disbelief, only thinking that they had misheard their ears.

What did they hear? This Qin Chen actually let Senior Brother Ben Huarong get away? In a big tone, does he know who he is talking to? Even some of the overlord ancestors did not dare to talk to Senior Brother Ben Huarong and the others. How dare Qin Chen say that?

Ben Huarong's face was also hard to look at, looking at Qin Chen with cold eyes, and a deep chill appeared: "You are that Qin Chen, you are really arrogant, no wonder the veteran sage who dares to kneel when he comes up. Humiliation, okay, originally I just wanted to teach you Xiang Wudi, get Xiang Wudi's treasure back, and abolish your cultivation base, but now, you are finished, just relying on the few words you said before, Even if Zhou Wu Sheng protects you, you will not escape death."

When Ben Huarong made the shot, he turned his head and looked at Zhou Wusheng coldly, "Zhou Wusheng, you are the big brother of Guanghan Futian. You should have the responsibility of managing the team. Give you a chance to get that Qin Chen. In front of this seat, let him kneel down and admit his mistake. There may be a chance for things to change. Otherwise, when this seat vacates his hands, it will not be that simple. Because of your negligence, this seat will teach you a lesson."

"Ben Huarong, you are too much..." Zhou Wusheng's expression suddenly changed: "Zhao Lianghan, Chi Wenmin, do you think so too?"

"Zhou Wusheng, you, as the master of Tiangong in Guanghan Mansion, you actually let a veteran sage be humiliated by others, but you didn't say anything. It was a bit too much. This brother meant that you would make up for your merits and fulfill your elder brother's Responsibility."

"That's right, Master Tianjiao must be like a big brother Tianjiao, all day long only to make promises, and cooperate with some unknowingly so-called forces, which will damage my face."

Zhao Lianghan and Chi Wenmin also said indifferently, looking high above them.

"Brother Zhou, you guys who work in other days, have you spoken a little too much? What do you mean by the so-called power?" Qu Gaofeng and Quan Muli are also a little bit unable to stand it, the many saints of Guanghan Mansion, They also looked ugly.

"I'm sorry you guys, let you watch a joke." Qin Chen stepped forward and said lightly: "Although our daily work is a top power in the heavens, there are some disciples in there who are both good and bad. There are all kinds of cats and dogs, since In this way, as the son of Tianzuo, Ben Shao should be obliged to clean up the door, so as not to let some people ruin Tianzuo's reputation."

#### [Chapter 2958: Huabing Shen Jue](#)

"Brother Qin." Hearing Qin Chen's words, Zhou Wusheng couldn't help but yelled out anxiously, "Ben Huarong and the three are big brothers who work in other Futians. They are not ordinary. You can't act recklessly, otherwise you will definitely provoke. The headquarters is furious, this

Leave the matter to me. "

He felt a little frightened, knowing Qin Chen's style of acting, he really wanted to start, and the three of Huarong would definitely be unlucky.

What's more, he was worried that if Qin Chen moved the three of Huarong to the headquarters, he would definitely be punished. "Ben Huarong, Zhao Lianghan, Chi Wenmin, Zhou does not know what rumors you heard, but Qin Chen is the person who works in my Guanghan Mansion, and it is not your turn to call the shots. You can take in Xiang Wudi. Do care, but we are

The water does not offend the river, and Zhou does not want you to interfere with our work in Guanghan Futian. "

Zhou Wusheng shouted coldly. "Shut up, Zhou Wusheng, I think you are going back more and more alive. No wonder you are not promising. You have to cooperate with other forces when you experience in this trial land. No matter, since you don't know how to clean up the door, then I will do it myself. , Then kill Na Qin

Chen, let me teach you again, so that you know what a master Tianxian should do. "

Ben Huarong said with disdain.

"You..." Zhou Wusheng trembled with anger: "Ben Huarong, Zhou is not easy to provoke. Today Zhou is going to see how strong you are, and you actually said something like this."

"Forget it, Senior Brother Zhou, let me solve it. It saves time." Qin Chen walked out and put one hand on Zhou Wusheng's shoulder, preventing him from shooting, and a chill appeared on his face: "Brother Zhou , You have also seen this group of guys wanting to kill themselves, no wonder others, since some people are aggressive,

Then Ben Shao is not welcome, otherwise, how come Ben Shao is messing around in the heavens? After being insulted like this, do you still have to swallow? "

"Brother Qin." Seeing the chill on Qin Chen's face, Zhou Wusheng couldn't help taking two steps back, with some fear in his heart, "Please be merciful and don't kill you, otherwise you will be in trouble if you return to the headquarters."

"Naturally, I have a sense of measure. Don't worry, I'm also a man who works in heaven. Although there are just a few \*\*\*\* on the opposite side, this young man will not kill him." Qin Chen nodded. "Trash? Who is trash? Boy, do you think you are the Holy Lord, with such a arrogant tone?" The senior brother of the Xueyang Mansion, Ben Huarong, rushed out of the fight with Ying Xiao, and shouted at Zhao Lianghan and Chi Wenmin. : "Brother Zhao, Brother Chi, you two

First stand still, and after I kill this kid, I will join hands to kill this gangster. "

"Die me!"

He roared, and suddenly shot, a dark whirlpool suddenly appeared on his chest, and from that whirlpool, countless black vigor, like fine needles, were shot out, densely packed like cow hair.

These thin needle-like black energy, the roots are shimmering, contain the supreme truth of heaven, flashing amazing aura, almost indestructible.

"Black Emperor Destroying Needle!"

Zhou Wusheng and the others condensed their expressions and immediately exclaimed, "Brother Qin, be careful!" However, his words were superfluous, and the black emperor miraculous needle shot in and just reached Qin Chen's body. In the distance, it was like stabbing a piece of hard steel, making a clanging sound, the flames burst forth, and then directly turned into black circles.

The smoke disappeared and nothing was left. "The Black Emperor Deshen Needle is extremely vicious, specializing in breaking the body protection and defensive sacred treasure. With this attack, Ben Huarong has no idea how many powerhouses he has conspired against. I heard that some time ago, he had conspired against a heavenly sage. The overlord master in the late stage severely injured the opponent

, Almost beheaded, now he returned without success? "My brother's cultivation base is even stronger than before. He has already condensed the power of hegemony in his body. He is almost the hegemonic power of the late Heavenly Sage. The Black Emperor Deshen Needle should be even more powerful. Yes, why didn't I break it at all?

Qin Chen's bodyguard Saint Yuan? "

"Then what power is the breath of Qin Chen? The aura of ancient times? Is it the top inheritance of an ancient body-refining expert? No wonder it can defeat Xiang Wudi. It seems that this invincibility is not wronged."

"It's a pity that he is offending Senior Brother Ben Huarong, huh, Senior Brother Ben Huarong can do more than these." "Yes, Senior Brother Ben Huarong can become our senior brother in the work of Xueyang Mansion, not by seniority, but by Even if it is the big brother Zhou Wusheng who works in the Guanghan Mansion, it will not be the right of Senior Brother Ben Huarong.

Hands, let alone Qin Chen. "

Seeing that Qin Chen blocked Ben Huarong's attack, many of the heavenly work saints of the three major realms all started talking and sneered secretly. Although a little surprised, they didn't look at Qin Chen at all. They looked like a dead man. .

They sneered at the corners of their mouths, formed a large formation to resist the army of monsters, all wanting to see how Qin Chen was killed.

"No wonder it's so arrogant. It turns out that there are two children. Unfortunately, in front of this seat, it is not enough to see." Ben Huarong saw that the Black Emperor Mie Shen Needle could not penetrate the Saint Yuan on Qin Chen's body. With a cruel smile, suddenly the body moved, the whole body disappeared inexplicably, and the front was empty.

There is no breath at all.

Om...

In the next moment, Ben Huarong appeared behind Qin Chen's head, turned into a pitch-black sword, and slashed down. He actually turned into a weapon, cutting through obstacles and attacking the enemy as a weapon. The power of this dark sword even reached the level of the heavenly holy treasure. The power is amazing. Above the sword, the runes that shake the sky are full of vastness. destroy

Aura, and there is an inexplicable aura that cuts everything, in the process of cutting it down, it actually cut Qin Chen's ancient aura like tofu.

"Huabing God Technique-Purgatory Magic Knife!"

Everyone was shocked when they saw Ben Huarong's methods. "Unexpectedly, Ben Huarong has actually developed the most top-level military transformation magical power in our work in heaven. It is invincible in all directions. This magical power can be cultivated to the extreme, and it can be transformed into the world's top sage soldier, which can destroy everything that is visible and invisible. of

exist. Rumor has it that this tactic of transforming soldiers was handed down from a strong man who worked in the past, and there are few people who can successfully cultivate. "

"Purgatory Demon Sword, this is already the point where the Huabing Shenjue is small." "Huabing Shenjue!" Zhou Wusheng and other Tiangong disciples all showed shock, their eyes were shocked, and they knew the terrifying aspects of this magical power.

### [Chapter 2959: Stalemate](#)

"Hua Rong's assassin of Huarong's sacred tactics can be used to seriously injure the overlord master. Qin Chen will suffer a big loss." Top masters such as Zhao Lianghan, the master of Tianshan Futian and Chi Wenmin, the master of Tianshan Futian. They all nodded secretly, sneered at the corners of their mouths, knowing that Qin Chen was going to be unlucky, and at the same time secretly wondering what should I do if I meet the God of War

What to resist?

However, beyond everyone's expectations.

Qin Chen turned around, moved his palm, lightly cut it, pang!

The palm edge was cut on the purgatory magic knife. The purgatory sword was slashed by a palm, and the black energy on it skyrocketed, the runes trembled, and a whine sound, as if it could not bear the strength, and it tumbling and flew upside down for a distance of thousands of meters before it stopped and re-entered in the air Cohesion becomes Benhua

The form of content comes. Ben Huarong's face was pale, a mouthful of blood spurted out, and his eyes looked at Qin Chen. The incredible emotions were deeply manifested in his pupils, but the next moment, the incredible emotions turned into hatred and revenge: "Boy, you are irritated. I

. Next, there is really only a dead end, not only you, but all of you who work in Guanghan Futian will be killed by me. Just accept your fate. "The body shook, and a breath of the magic weapon magic formula radiated from his body. This magic formula flickered, and all kinds of aura bloomed in Huarong's body, and suddenly, it turned into A magic spear, the magic spear stirred, turned into

The magic dragon shot Qin Chen with a shot.

Boom!

This gun was pierced, and the void was almost burst, and black ripples spread from the tip of the gun, and all the tangible and intangible existences in the void continued to be destroyed.

This shot was unmatched, as if the gods pierced his own rage shot to destroy the world. But Qin Chen remained motionless. In the depths of his palm, waves of destruction burst out of him, forming a series

of sword auras. These sword auras are simple and deep, and there is no shocking aura, but every sword aura is cut. Over there

Above the black spear, the violent tremor of hitting the spear, the countless runes and strength on it were cracking.

"Is this Qin Chen so powerful? Can he withstand the Huabing Divine Art?"

"What kind of supernatural power is this? It seems to be some kind of supernatural power of swordsmanship, with such destructive power blooming out, is that Qin Chen a swordsman?"

"Didn't it mean that Qin Chen's physical defense is very strong, and he has a powerful skyfire power? Why didn't he show it?"

Everyone was even more shocked when they saw Qin Chen blocked Ben Huarong's attack again. At this time, Ben Huarong's magic weapon magic arts began to use its full strength. During the change, countless magic weapons evolved in the void. These magic weapons turned into infinite phantoms, with various shapes, swords, guns, swords and halberds. , 18 martial arts, endless

, Among the countless weapon changes, there was a supreme aura, and the entire void of the ruined treasure land began to rumbling and trembling, as if an army of magical soldiers was dispatched.

Even the overlord demon beast Ying Tiao who had fought against Ben Huarong had a startled look in his eyes. Before Ben Huarong had acted, he hadn't displayed such a terrifying supernatural power at all, otherwise it would be even more difficult to resist.

Are these human beings so perverted? The mighty sacred soldiers turned into an army of sacred soldiers and poured out to Qin Chen, but Qin Chen's expression remained unchanged, he did not even display any magical powers, but his body kept flashing in the void. It was the way of space. , And then in the palm of your hand

It exploded and shot destruction sword aura, wandering in the air, and surrounded Qin Chen with the real dragon aura, shaking away countless weapons.

"Stalemate!"

"This Qin Chen actually blocked the attack of Senior Brother Ben Huarong." The many masters of the three mansions Tiangong showed shocked expressions, "It is no wonder that Wusheng Zhou wanted to defend Qin Chen with all his strength, no wonder this Qin Chen can defeat Xiang Wudi, and this son is so capable that even Senior Brother Ben Huarong can't get it for a while.

he. "

"Can't hold each other?" Zhou Wusheng smiled bitterly, and Wei Siqing and the others showed a sneer, but said nothing. They knew that Qin Chen was playing a game with Ben Huarong, and he was even 10% strong. None of them were displayed.

The original Huarong in the air used the magic weapon magic art to the extreme, and a sacred yuan burst forth, seeming to attract countless ancient magic weapon spirits from the void, and the sky is full of weapon shadows he transformed into.

"Hahaha, you only have the power to parry. This is useless, because you can only keep resisting, and my Divine Weapon Technique is pervasive. As long as I seize the opportunity, you will fall sooner or later, and you will die. "

Ben Huarong's voice was extremely cold, and a cold murderous aura appeared everywhere.

"Really?" Qin Chen let out a leisurely voice, no matter how violent the weapons in the sky, he can use Destruction Sword Qi to dissolve them. "I'm playing with you, don't you understand it yet? Now I am thoroughly familiar with your magic weapon transformation technique. I have calculated it. I just fought with you for such a long time just to calculate yours. Mystery of magical powers, you really have to

Does my strength stop here? "Qin Chen sneered. The reason why he had fought with this Huarong for so long was actually deducing the other side's magical powers, because this Huarong magic formula is indeed very different and has unpredictable power. It is a pity that this Huarong cannot be displayed at all. , Now in

In the case of using the technique of patching the sky, Qin Chen had completely captured the mystery of the magic weapon transformation in a moment.

Boom!

In Qin Chen's body, in the Book of Origins, a civilization page about Huabing Shenjue slowly formed.

One more civilization, one more page. Just now, if it hadn't been for brewing the mystery of civilization, entering a state of epiphany, and comprehending the profound meaning of this magic weapon, Qin Chen would have killed Ben Huarong long ago, how could it take so long? Now that he is free from the state of enlightenment, he no longer keeps his hands

.

boom! As he spoke, Qin Chen's breath suddenly changed, like a high mountain, uplifting from the ground, like a huge wave, flooding the continent, in his body, the aura of true dragons of dark and violent dragons rose to the sky, sweeping in all directions, directly One punch, suddenly,

The boundless strength exploded, and the heavenly \*\*\*\* soldiers evolved from the Huabing Shen Jue burst and collapsed, and Qin Chen blasted out with a punch.

Origin God Fist!

With a bang, all the weapon phantoms disappeared, and finally condensed into an embarrassed figure.

Ben Huarong's whole body exploded, and his clothes were torn apart by the shock. He was embarrassed. He sprayed blood all over his body, and fell down fiercely. Blood was sprayed constantly in his mouth, and his body was seriously injured.

"What? Brother Ben Huarong actually lost?"

"How is it possible to fail? One move was defeated? That Qin Chen was really playing with him just now? When he really showed his power, he would be defeated with one move?" Everyone was shocked.

"Don't wear the sky!" Ben Huarong's face was extremely hideous, and a devilish breath evaporated from his body, and boundless resentment rose to the sky. In front of so many people, he was humiliated. He couldn't stand it. Suddenly, he tried his best. Jumping in the air, it turned into a round of pitch-black scorching sun, and the black light above it flickered everywhere, bursting out the most terrifying secret of Huabing Shenju.

#### [Chapter 2960: Yin Yang Baolun](#)

"The Wheel of Refining Soldiers!"

With a loud roar, Ben Huarong turned into a black wheel of soldiers, directly crushing it, layer by layer of breath, crushing all the space.

Qin Chen stepped out in one step, and the ancient aura of his body revolved, and in his palm, he turned into a dark warrior. The aura of this warrior was even more terrifying than the warrior evolved from the Huarong body, like the sickle of death. It cut out with one blow and banged directly on the wheel of refining.

"what!"

Ben Huarong let out a scream again, the wheel of refining soldiers exploded, black energy filled everywhere, and then a figure rose up like lightning in the black energy, and was about to flee here.

"Want to run?" Qin Chen waved his sleeves, the space condensed, and all the black energy that escaped condensed in all directions. Then he stepped forward again, and the black energy condensed, and he stepped on the soles of his feet.

Ben Huarong's body appeared again, crawling on the ground, Qin Chen stomped on his head, stomping heavily, so miserable that he was so humiliated that he wanted to commit suicide.

"What? Brother Ben Huarong was trampled on the soles of his feet!"

"Is this my eyes blurred? How is it possible? This is definitely not true, that Qin Chen also displayed the magic weapon transformation, the magic weapon transformation is the secret technique of my blood sun palace work, yes My Xueyang Futian work minister got it from a certain ruin. It is impossible to have Guanghan Futian work, how can he master it."

"Didn't you hear it? Then Qin Chen had fought with Senior Brother Ben Huarong for so long before, just to understand Senior Brother Ben Huarong's magic weapon transformation technique, which Qin Chen mastered from Senior Brother Ben Huarong. "

"Impossible, how could this be true? The Divine Transformation Technique is a top-level magical power. Even if you and I spend 10,000 celestial years, it is impossible to master it. Then how could Qin Chen realize the magical power in an instant? Master it."

"My God, no matter where Qin Chen got it from, he actually trampled Senior Brother Ben Huarong under his feet. Senior Brother Ben Huarong is a son of the world, but now he has been trampled directly with dignity. It's lawless. Who is this Qin Chen? Is this still a human? How can a human have such means."

Seeing this scene, the celestial sons of the three holy masters all walked back, with a terrified look on their faces. They couldn't believe their eyes and tried their best to see more clearly.

After a few breaths, all the talents came back to their senses and clearly saw that Ben Huarong was defeated by Qin Chen with his fame stunt—Huabing Shenjue. He didn't even have a chance to escape. He trampled on his feet. , Just like a beggar.

"brute!"

Ben Huarong's head was stepped on by Qin Chen, his eyes could only see the opponent's boots, but he could feel the eyes of many people, and immediately boundless humiliation arose from his heart, which made him crazy. : "You dare to step on this seat on the soles of your feet, you...you're done, this seat is bound to thwart you and turn you into ashes!"

Click!

Qin Chen directly squashed his head with force. The terrifying wildness was suppressed, and the huge pain caused Ben Huarong to scream again in pain.

He struggled fiercely, his head condensed and formed again, his face looked like a rotten watermelon, and his face was distorted. At his level, as long as his body is not directly exploded, he can recondense, but it is useless, in the suppression of Qin Chen's ancient spirit. Down, he couldn't escape at all, his body was constantly twisting and beating, but he couldn't escape at all.

Qin Chen's ridiculous aura suppressed the ages, and the soles of his feet crushed him to death. No matter what spatial means or escape methods Ben Huarong used, he was restrained and immobile.

Qin Chen's feet are like the pillars of the realm of the heavens. The power radiated from it is enough to control the heavens and confine the earth, like a \*\*\*\* king reincarnation.

"Ben Huarong, this is your proud capital? Frustrated bones and ashes? Ben Shao sees how you thwarted me and ashes? In the eyes of Ben Shao, you are just an ant, also rampant there, you can hardly live or die."

Qin Chen looked at Ben Huarong aloft and said with a sneer.

"what!"

Ben Huarong struggled violently and felt the boundless shame.

"Damn it!"

Seeing Ben Huarong suffered such humiliation, Zhao Lianghan, the leader of Tianshan Futian Work, finally couldn't bear it.

He was fighting with Chi Wenmin and Na Ying. Suddenly, his body flashed and disappeared on the battlefield. The next moment, the whole person suddenly appeared behind Qin Chen. Suddenly, he made a bold move, striking out with a single move. Roared, "Life and death turn around, Yin and Yang treasure wheel!"

This move was a sneak attack. It was a silent attack, and it broke out behind Qin Chen's back. In his fist strength, a yin-yang avenue of life and death flashed out in an instant, this precious wheel. , Contains the aura of life and death, rotating in two colors of Tai Chi, one black and one white, instantly bursting out an unpredictable aura of life and death.

This is the yin and yang wheel, the heavenly treasure, combined with Zhao Lianghan's own understanding of the way of life and death, the breath that burst out in an instant, earth-shaking, as if the \*\*\*\* of death and the \*\*\*\* of life appeared instantly, preaching to the lower realm.

The yin and yang cycle, the breath of life and death, made everyone horrified and felt the coming of death.

This move was very abrupt. Before everyone could react, they saw the yin and yang wheel that Zhao Lianghan waved, blasting directly on Qin Chen's back.

"Haha, it succeeded! Brat, you will be seriously injured if you are hit by the yin and yang wheel of this seat."

Zhao Lianghan showed ecstasy and laughed loudly. He spurred the yin-yang treasure wheel to explode Qin Chen with one blow, but when he fully urged the yin-yang treasure wheel, he felt his yin-yang treasure wheel. It seemed to be embedded in a hard solid, not as if it had been hacked into the human body, but as if it was stuck by an ancient sacred mountain, and it was actually unable to move.

Then he was shocked to see that Qin Chen was filled with the ancient atmosphere behind him, and he evolved into a giant black hand, which actually clamped the yin and yang treasure wheel tightly, no matter how he urged it, he didn't move.

"how is this possible?"

He was shocked, just about to make another move. Suddenly, on top of Qin Chen's head, a seven-colored pagoda appeared. Booming, there was a purple palace on top of the pagoda. It was the Qibao Glazed Tile Pagoda and Zixiao Dousidi Palace. In the palace of Zi Xiaodou, the flames bloomed, covering the yin and yang wheel, and unexpectedly began to refine the aura on this yin and yang wheel.

In the Seven Treasure Glazed Glass Pagoda, a group of intense sunlight burst out directly, emitting a vast flame. This flame, like countless flame flowers falling, turned into a sea of flames, and slammed on Zhao Lianghan's body.
