### [Chapter 2971: Overlord master](#)

"This seat thought you were a human being, and wanted to draw you in, let you follow this seat's side, become the right arm of this seat, and achieve the supreme orthodoxy in the future, but this seat is disappointed, and you are obsessed with not understanding, destroying this seat's cultivation. , Then this seat is

I can only kill you and let you know that this seat is not to be rebelled. Although it will waste the time of this seat's cultivation, but it has absorbed your strength and swallowed up these partners of yours, but it can barely compensate this seat. "

Shenzhao Shengzi Longlong said, and walked down step by step.

"God according to the Son, do you really think you are invincible?"

Zhou Wusheng said with a cold snort. "The reason why you dare to come over is that I have not broken through the realm of the overlord, so I released the power of faith and practiced breakthroughs here, right? You were so wrong. This seat has already broken through the realm of overlord. The real overlord, this seat is cultivating here, just to be able to directly restore to the peak state of the late Heavenly Sage, and then enter the depths of this trial ground, plunder other saints inheritance. Today, let you foolish people Look at the true strength of this seat

. "

Shenzhao Shengzi suddenly shook.

boom!

In his body, an overlord's breath lingered out, and above his head, a dazzling light burst out from the Shenzhaojing, and the heavens lingered around him, representing the strongest power of rules in the heavens, which was a symbol of the overlord.

Shenzhao Shengzi had already broken through to the realm of hegemony.

And now, he was just trying to restore more of his repair and break into the realm of the peak overlord, so as to get more benefits.

"You... you have already broken through the overlord?"

The expressions of Qu Gaofeng, Quan Muli, Wei Siqing, Zhou Wusheng and others all changed.

Before Shenzhao Shengzi had broken through the realm of the overlord, he was already extremely powerful and suppressed the eternal age. Once he broke through the overlord, the level of power would increase more than tenfold. How can he restrain it? The reason why they kept rushing before is to prevent this person from breaking through, because once this person breaks through the realm of the overlord, and then restores the mirror, the strength will be unparalleled, and it will be enough to suppress countless masters in the heavens who have entered the trial ground.

Sweep invincible. But Wei Siqing and the others never expected that Qin Chen led them to hurry up, and it was actually too late. The other party had already broken through the realm of hegemony. At this moment, whether it was Wei Siqing or Qu Gaofeng and others, they were all in their hearts. It's Yihan, even cute

Give birth to retreat.

The Godzhao Shengzi who has become the overlord, coupled with the holy master's treasure, Shenzhaojing, almost only the true peak overlord can restrain him, other than that, he is invincible.

"Brother Qin, let's retreat quickly! It's too late. No matter how powerful we are, we can't kill this person. Instead of fighting meaninglessly and letting others take advantage, it is better to retreat."

Quan Muli of Minghui Pavilion immediately passed the divine thoughts to Qin Chen, and at the same time arched his body, preparing to eject and leave.

"Everyone, let's go!"

Qu Gaofeng was even more straightforward, roaring, and leapt directly into the void.

"Huh, want to go, can you go?"

Shenzhao Shengzi moved his hands, and the space immediately shook. An invisible power of faith turned into a cage, covering the world, and the huge force forced him back.

"You!" Qu Gaofeng's face was very ugly. He waved his sword aura and cut away the power of belief, but at the same time he felt that all the surrounding space was blocked by a special power. With his power, he couldn't jump out at all. , This surprise is very big

can.

"I said today, you people are going to die here. There is no suspense. Those who dare to kill me here don't refine you, so how can this seat stand up?"

Shenzhao Shengzi smiled coldly. Behind him, there are many civilized pictures, with the power of faith, people of countless races are praying, praying, kneeling there, setting off the Shenzhao Shengzi like gods, Full of divine breath.

"Master Shenzhao is mighty!"

Xue Shengzi and the others were so excited that they all knelt down, roaring feverishly, and there was even a trace of madness in their eyes. Obviously, they had been brainwashed by Shenzhao Shengzi and became his fanatics. There was something wrong with the state.

"Brother Qin, what should I do now?" Wei Siqing and the others became nervous. "You don't have to panic like this, even if he has become the overlord, this young master can completely restrain him." Qin Chen smiled coldly and spoke again. Suddenly, the ancient aura in his body spread out all of a sudden. All around

Sora, a lot of cracks began to appear, and the cage composed of the power of faith was suddenly cracked. "Qu Gaofeng, Quan Muli, Senior Brother Zhou, and Senior Sister Wei, you have no confidence

in Ben Shao, because Ben Shao has not displayed your strongest power all the way, so you have no confidence in me, and you are so afraid. Shenzhao Shengzitu

Breaking the overlord realm, in fact, this young man had already calculated this, it was to use this person's hand to help him break through the overlord realm in the future, behold him, and feel his overlord power. "

Qin Chen's whole person suddenly became majestic: "You give Ben Shao a predicament, and now Ben Shao will tell you how strong this Shao is, no overlord, is not Ben Shao's opponent, heaven and earth faith, destroy me. ."

Boom! On Qin Chen's body, the power began to be completely released, and the realm of heaven and earth was unfolded, and the aura of the ancients erupted like never before, turning into a horrifying body of the ancients, covering the shape of the son of Shenzhao, the dark dragon composed of ten thousand sages. Of

The qi burst out all at once, rising up and down, and the dragons roamed, one by one, the rules and strengths appeared behind him.

"God shines in the mirror and refines me!"

Qin Chen's holy yuan, turned into an invisible sky, shrouded the celestial son to the gods, actually like refining Zhao Lianghan's yin and yang wheel, directly refining the opponent's \*\*\*\* mirror.

Facing the Shenzhao Shengzi who was promoted to the overlord realm, Qin Chen made a bold move and directly refined it, which can be described as powerful and domineering, invincible in all directions, and direct through the ancient, modern and future.

The power of faith in the entire world was broken at once, and the evil spirit outside rolled down. "What a strong power, how can it be so strong!" Qu Gaofeng, Quan Muli and the others were shocked. Although they overestimated Qin Chen, Qin Chen has really fully deployed his power now, and they still let them. Almost scared out of the cold

Sweat coming.

"How can this person be so strong!" Even Shenzhao Shengzi changed his expression. He could see that Qin Chen was only in the realm of a giant, thinking that no matter how tyrannical he was, he would not be much stronger, but now, Qin Chen's power, completely beyond his estimation, it is that he has no

A kind of powerful that the law can imagine. It was a bit more terrifying than Zhao Lianghan, the top saint son of the previous one.

[Chapter 2972: Watching the show there](#)

Boom!

Above the endless sky, Qin Chen is like the same demon god, towering in the sky, majestic and boundless. Here, the entire world is transformed by the power of the Son of God, or the power of faith combined with the mirror of God. The power is immeasurable. Anyone who enters this void cannot get out. , Even if

It is useless to be an overlord of the same realm as him.

But now, it was exploded by Qin Chen's power, and it was shattered at once.

At the moment, the holy yuan in the body of the son of God was shaken, and people were slightly injured.

However, this slight injury is nothing to him. With a slight movement of the divine mirror above his head, more sage yuan rolled in, completely repairing the injury, and tempering his whole body shape. Fan.

His body is extremely terrifying, because he has been nourished by the divine mirror. It is the treasure of the Holy Lord in his previous life. It is infinitely powerful and can set the world and sit on the side.

"Amaterasu!" Shenzhao Shengzi put his hands together, and in an instant, the boundless power of faith condensed into a war knife with a panic of heavenly might, and it slashed against Qin Chen's head. Torn the evil spirit, the power is concentrated, like an emperor

The soldier, to split Qin Chen in half. Qin Chen's eyes flashed, a punch was blasted out, the ancient gods were moving, killing fists surged, his fists turned into iron stones, shining, the punches collided, and with a bang, he gave this sword to The smash of the explosion, the faith above

Qin Chen swallowed all his strength.

"Be careful!" At the moment when Qin Chen smashed the sword that day, a sharp gun, coming from nothingness, reached Qin Chen's chest directly, and the other end of the gun was in the hands of Shenzhao. On the palm of the son, the tip of the gun flashed out indefinitely

The aura is the law of faith.

Flutter!

This shot, with great power, actually plunged directly into Qin Chen's heart and came out of his back barrel.

Shenzhao Shengzi shot Qin Chen through. "God's spear, this shot is called the soul shot. The person who is hit will be shattered, and the soul will be drawn into the mirror of the gods and become the slave and servant of the mirror. You will be my servant obediently. !" God appeared on the face of the Son of God Smiled.

A tragic image appeared in Dang Kong, and the Shenzhao Shengzi penetrated Qin Chen's body with a single shot, stabbing directly to the back from in front of his chest.

On the ancient Shenyang spear exuded bursts of fierce aura, and many magical power avenues condensed on the Shenyang spear, destroying Qin Chen's body.

A smile appeared on the face of Shenzhao Shengzi. He deeply knew how powerful this shot was after he had cultivated into the overlord. With one shot, it was enough to penetrate the overlord of the same level, and even severely injured the peak overlord master. As for Qin Chen, a mid-term giant that has not yet been promoted to the late overlord, it can be destroyed directly without any effort. This sacred

spear and Amaterasu are not a holy treasure, but they are transformed by the power of faith in the sacred mirror.

Yes, with the majesty of the Holy Lord and Saint Soldier, and with the majesty of the Holy Lord, even the Heavenly Saint Treasure is difficult to resist under this attack.

"How could this happen, no, Qin Chen was pierced at once, and now he is not dead and seriously injured."

"This shot, if it pierced into my body, it would have suffered devastating damage immediately, and the soul was scattered on the spot, with no bones left."

Qu Gaofeng and Quan Muliu were shocked, but they did not dare to help. On the contrary, Zhou Wusheng, Wei Siqing and others all roared, and suddenly they formed a large formation and launched a Jedi attack on Shenzhao Shengzi.

The rainstorm-like magical attack hit the past.

Hundreds of magical power attacks continued one after another, forming a torrent of torrents, a long river of rules, to rescue Qin Chen.

"A group of ant-like things is not my opponent when combined. When I kill this Qin Chen and refine the origin in his body, I will kill you one by one so that you know what terror is."

In front of Shenzhao Shengzi's body, a shield of faith suddenly appeared. The avenue of supernatural power bombarded the shield, bursting with roars, but it could not shake his body at all.

This shield can resist any degree of attack.

He breaks through the overlord, and with the blessing of the gods mirror, he can display the gods condensed by the power of various beliefs. Knives, spears, and shields emerge in an endless stream. Each has its own mystery. Each is equivalent to the peak holy soldier, or even better.

"Qu Gaofeng, Quan Muliu, attack quickly and rescue Brother Qin, otherwise he will kill Brother Qin, and none of us will survive!" During the battle, the voices of Wei Siqing and others were heard, and Zhou Wusheng was also roaring. Again and again.

Na Murong Bingyun also had an ugly face, and she tried her best to shoot. Although she was unhappy, she knew that if Qin Chen died at this time, all of them would have no way to survive. "Let's take action together, save Qin Chen!" Qu Gaofeng and Quan Muliu looked at each other, knowing that at this time, they absolutely cannot shrink back. If they shrink back a little, the consequences would be unimaginable. The two suddenly shot, and they bombarded Shenzhao Shengzi separately.

The long-established arrogant peerless.

Boom!

When Quan Mu Liu shot, it was a big killer move Minghui Tongxin Jue, countless light of the Holy Spirit appeared out of thin air, the void changed, and became a vast river of light. In the river, the turbulent power bullied, the raging waves swept, and killed the Son of God. past.

The divine sword appeared in Qu Gaofeng's hand, and the sword light slashed, and the sword vigor was vertical and horizontal, and the Tianyan Sword Art was mobilized to the extreme, forming a picture of ten thousand swords opening the sky, and the Jedi suppressed the Shenzhao Son.

"Hahaha, Master Shenzhao is mighty, don't worry, these guys will be killed by us."

Seeing this scene, the blood sacred son and others roared wildly with excitement. Shenzhao Shengzi shot through Qin Chen with a single shot. They were so excited that they soared to the sky one by one, actively intercepting Xiang Wei Siqing and the others.

Boom! The masters of several major forces collided and exploded in the void, and the light of the blood \*\*\*\* surged on the blood sacred child. Then Chi Wenmin and others also took a strong shot, not giving Wei Siqing and the others a chance to rescue, they shot with all their strength, and immediately All the masters in Hanfu

, Are blocked.

"Damn it!"

Wei Siqing and the others roared again and again, trying to break through the defenses of the Blood Sacred Child and others, but the opponents were also top masters, each with a cultivation base that reached the sky, how could it be so easy to suppress them in a short time.

"Sisi, don't you hurry up and save Qin Chen."

In the great formation, Murong Bingyun's body was full of colorful auras, and his natural spirit body was mobilized to the extreme, shouting at Chen Sisi.

Chen Sisi's previous method of killing the enchanting banshee made Murong Bingyun deeply aware of her horror. At this time, when he discovered that Qin Chen was killed, Chen Sisi did not move at all. Murong Bingyun was frightened and angry, and his heart was too angry. This is your husband, you are not moving at all, watching the show there?

### [Chapter 2973: Faith civilization](#)

"Bingyun, don't worry, your husband is okay. You are also his husband's woman. Are you so confident?" Chen Sisi glanced at Murong Bingyun and said faintly, without any worries.

"puff!"

Murong Bingyun was so angry that he was about to vomit blood, your husband's woman? What is your husband's woman? Is this girl a fake?

"Qin Chen, these helpers you called now are all resisted by my subordinates and cannot penetrate into my domain at all, so you just die."

After piercing Qin Chen's body, Shenzhao Shengzi transported his spear, and suddenly shocked, and the power in his body broke out again, and he was about to shatter Qin Chen with a shot.

"What a joke! Do you think this can hurt me?" Qin Chen's eyes suddenly opened, bursts of divine light burst out of his eyes, and the magnificent aura appeared on his body again: "Qu Gaofeng, Quan Mu Liu

and Senior Sister Wei and Senior Brother Zhou, you guys really think I'm in danger? You want you to save me? I don't know much about my strength. This shot just made me catch the flaw. Son, do you think I was stabbed by you? A big mistake, I deliberately let you be assassinated, and infer your belief in your body

The breath of God, the essence of the mirror. Then comprehend your power, fully comprehend this power, and give back to the body in the other way. The power of faith, unite me! "

Click, click! The sound of the gun body breaking was conveyed from Qin Chen's body, that sacred gun was broken inch by inch, and a huge amount of power of faith entered Qin Chen's body, not only did not destroy and assimilate him, but was swallowed and absorbed by him. Became nourishing

Strength is integrated into the body.

"What's going on?" Shenzhao Shengzi's body exploded, and he reacted extremely quickly. At this moment, he felt the soul in his body being shot by a mysterious force, as if rubbing the past. My comprehension of the power of faith, God's control in the mirror

The method is actually known and controlled by the other party one by one.

I saw Qin Chen's body shake, and the infinite power of faith condensed in his body. In the book of origin in his mind, the page of faith was born, and it took shape all at once.

The civilization of this belief was grasped by Qin Chen at once.

"This power of faith is indeed special, but it has given me a lot of inspiration."

Qin Chen said magnificently, unexpectedly blooming the same breath of faith as Shengzi Shenzhao. He was pierced by a shot in his body when he fought against Shengzi Shenzhao just now, indeed deliberately. That Shenyang Spear is a spear of faith evolved from Shenzhaojing. It entered the body at once, and was quickly analyzed by Qin Chen. He took the opportunity to use the technique of patching the sky to peek into the structure of the power of belief, so as to carry out the belief civilization and Shenzhaojing. Perception and comprehension,

Finally, I realized the art of faith, and successfully condensed the pages of faith in the Book of Origins, forming a civilization of faith.

How could Qin Chen be killed by such a simple shot? If Qin Chen, who had entered this ancient place to conduct a trial in the heavens, would encounter the current Shenzhao Shengzi, he would really be seriously injured by a single shot from the opponent, but Qin Chen's strength has improved a lot all the way into the ruins and treasures. Killing the King of King Shengzi and others, refined the wings of King of King, and beheaded the demons along the way. The Book of Origin condensed many magical powers and reached its apex. Finally, it broke through the realm of giants and almost reached the peak of giants, which is no longer what it used to be. It's not this photo at all

Shengzi can be killed easily.

The civilization of faith was written in the Book of Origins, and immediately, on the top of Qin Chen's head, there was a glowing atmosphere of faith, which was no different from that of the Son of God.

Even the exquisiteness of it contains the breath of the king, the breath of life and death, the breath of chaos, the various rules and the changes in the road, and it surpasses the power of faith of the Son of God.

"What kind of shield of faith, break it to Ben Shao, and become Ben Shao's strength!" Qin Chen moved his body, hum, and a pair of wings appeared behind him. They were the wings of the King of Humanity. Pian Ruo was shocked. Approaching the Son of Shenzhao, both palms flew, and the two powers shot out, directly floating in front of the Son of Shenzhao

The shield of faith smashed into pieces.

The shield of faith was shattered, and the power of faith burst out immediately, and it was swallowed and absorbed by Qin Chen like a hundred rivers, making the aura of faith in Qin Chen even more terrifying, just like the same god.

And the place where he had been pierced by the gun before, there was no scar at all. "What kind of supernatural power is this? How is it possible? I have never seen such a miraculous supernatural power before, actually plundering the power of faith of the Son of God, and turning it into my own power. How can I fight this? Can easily swallow others Strength, isn't it

never fail? "

"This is too strong. Any attack can be controlled and absorbed by the other party in a moment. It can't hurt him at all, but will be strengthened by him. This kind of magical power is really terrifying. How can there be such a magical power in this world? ?"

"The vast civilization, even the ancient holy master, doesn't have such a rumored method? Is it the secret secret method of heaven's work? Impossible, no matter how powerful the secret method is, we should at least listen to it. I said it."

"Isn't this Qin Chen a goddess, but an ancient monster who transcended the holy lord?"

Qu Gaofeng, Quan Muliu, Chi Wenmin and others were shocked to see this scene.

Qin Chen's methods are too perverted, they have surpassed their imagination, and can absorb the opponent's power to strengthen himself, so how can the Son of God attack? Any attack is a tonic.

"Impossible, no one can control the power of my faith except this seat. This seat does not believe it. You can really condense the power of faith in this seat!" Shenzhao Shengzi was repelled, but I don't believe in evil, standing in the void, disheveled, roaring, and in the divine mirror above my head, a vast light shines out, instantly solidifying the void with a mountain-like air.

The rest is almost turned into the power of actual faith, blocking everything.

Sure enough, the power of faith in Qin Chen's body was suppressed, and he could not even refine the power of faith dissipated by the gods of the void.

"The dignified holy lord \*\*\*\* soldier, the \*\*\*\* is in the mirror, and the road of faith, how can you be broken by your witchcraft?"

After Shenzhao Shengzi stabilized the power of faith, he sneered, his figure shook, and in an instant, he appeared in front of Qin Chen and struck out with a punch.

After all, the treasure of the Holy Master is the treasure of the Holy Master. The Holy Son of Shenzhao condenses the power of faith at once. Although Qin Chen has condensed the civilization of faith, after all, it has just taken shape and cannot absorb the power of faith in the treasure of the Holy Master. Shengzi Shenzhao smashed all of a sudden, lightning shot violently, reached Qin Chen, and launched a counterattack. Suddenly, the strength of the Holy Lord's Divine Soldiers pressed down, making Qin Chen seem like a mountain covered with pressure.

#### [Chapter 2974: recovery](#)

"Be careful, this is the phantom of faith! Brother Qu, Miss Quan, everyone, the true goal of the Shenzhao Son is you!"

Facing such oppression, Qin Chen's eyes flashed, and he actually sent out a divine mind, and at the same time, he rushed fiercely, splitting his palm, and immediately smashed the Shenzhao Shengzi who had been slaughtered in front of him.

It was actually a clone formed by the spirit of faith, tall and magnificent, and condensed exactly like the Son of God.

If Qin Chen hadn't seen the clues, he would have deceived everyone. Many Tianjiao of Guanghan Mansion, as well as masters such as Qu Gaofeng and Quan Muli, were watching the battle between Qin Chen and Shenzhao Shengzi. Suddenly, they felt Qin Chen's divine spirit transmission, and then a flower was in front of him. The air is rolling and oppressive,

God according to the true body of the Son of God appeared.

Above his head, the divine mirror revolved, bursting out all kinds of light, and the infinite talisman culture was a dense array, which was pressed down. At the same time, there was a cold light flashing in the eyes of the Son of Shenzhao, and a grinning smile appeared at the corner of his mouth, which made people tremble. A wave of soul fluctuations passed over: "Qu Gaofeng, Quan Muli, and Guanghan Mansion Everyone, you are ready to die, kill you first, and then slay that Qin Chen. Qin Chen can withstand the blow of this seat, but you cannot. Take you into the mirror of the gods, your life and strength, Will restore the strength of the mirror of this seat, and then pierce that Qin Chen

Beheaded at the end. "

Believing in the great formation, covering all the masters of Guanghan Mansion, the Son of Shenzhao is like an overwhelming \*\*\*\* and demon with murderous intent, urging the Shenzhao mirror to be pressed down, and everyone in Guanghan Mansion can't breathe, and there is a feeling of falling on the spot. .

Bang bang bang!

Even if Wei Siqing and the others are half-step overlords, the world's arrogant, under the pressure of the Shenzhao Son's overlord's breath and the cover of the Shenzhao mirror, their bodies immediately cracked and were seriously injured, and one of them vomited blood.

Suddenly, everyone was injured.

Wow!

Under this breath, everyone shook their bodies wildly, spurting blood, and badly hurt their vitality.

The Son of Shenzhao would seriously injure everyone and bring all the masters of Guanghan Mansion, such as Wei Siqing, into the Shenzhao Mirror, and melt them into the nourishment of Shenzhao Mirror.

"Here, I can't tolerate you in the wild." At this moment, a clear voice sounded, and Shengzi Shenzhao was startled immediately. Then he saw that among the crowd of Guanghan Mansion, a woman with an ethereal figure was actually in him. Under the power of faith, there is no harm in the slightest, and a pair of smart

His eyes, and his eyes, looked at each other momentarily.

Hum!

This is what a pair of deep eyes. The Son of Shenzhao was swallowed by the other's eyes in an instant. The whole person had an urge to die for this woman, with a dull expression, and the whole person was dull.

"wrong!"

But after all, he was the reincarnation of the ancient holy lord, an awakened spirit instantly.

"It's not good, it's fascination." He was startled in a cold sweat, and was taken aback. Although he has never recovered his previous life, he is the reincarnation of the 78th leader of the gods according to the teachings. His determination is unprecedented. The pinnacle giant is charmed, this female researcher

Who is it?

In shock, before Shenzhao Shengzi had any reaction, a cold shout rang out.

"Shen Zhao Shengzi, your opponent is Ben Shao."

Boom!

In the voice, a big hand suddenly tore the big formation, with a spirit of brilliance, arrived at the side of the people in Guanghan Mansion, Qin Chen actually directly cut through the power of faith that escaped from the mirror and entered it.

In his hand, a dark green demon sword appeared, the demon sword trembled, and the demon energy soared to the sky, and the sword was cut down at the Shenzhao Shengzi.

Destroy Sword Intent!

"not good!"

Shengzi Shenzhao instantly felt a strong sense of crisis. Under Qin Chen's sword, he actually felt like his soul was flying away. In shock, he hurriedly urged Shenzhao mirror to resist him.

boom!

The demon sword collided with the Shenzhao mirror, and suddenly there was a shocking roar. The Son of Shenzhao only felt an infinite power passing through, and his figure shook wildly, backing back and forth, almost unable to withstand it.

how is this possible? He watched this scene in disbelief. His Mirror Mirror was the Holy Lord's Divine Weapon. Even if the Demon Sword in Qin Chen's hand was the Heavenly Sage Treasure, it would not be able to withstand the terrifying power of the Mirror Mirror, and would be shattered, but Qin Chen Between the waves of his demon sword, his god

The mirror banged, and the forces of the two sides continued to collide, and they were evenly matched. How could Shengzi Shenzhao not be shocked?

"Could it be that the demon sword is also the Holy Master Saint Soldier?"

The Son of God is incredible. Even Qin Chen himself sighed about the power of the Demon Sword. When he was in the Tianwu Continent, although he could not see the level of the Demon Sword, he only thought that the Demon Sword was an ordinary holy soldier. After the heavens, the mysterious demon

The sword's power continued to recover. Although it hadn't reached the level of the Holy Master Saint Soldier, Qin Chen felt that the current mysterious demon sword was not in its final form, and could continue to grow.

Even so, facing the God Mirror, who had lost most of its power, the Demon Sword was enough to stay the same.

"Killing Sword Intent!"

"Destroy Sword Intent!"

"Chaotic Sword Intent!" Qin Chen urged his sword aura, and he quickly cut out the sword aura that reached the sky. Qu Gaofeng was dumbfounded and shocked. Qin Chen's kendo skills were more than a star and a half better than him. , Let him have a kind of even kneel down

Land, the urge to worship each other as a teacher.

"Ah, \*\*\*\* it!"

Shenzhao Shengzi was constantly suppressed, and suddenly roared, an inexplicable force lingered out of his body, integrated into the Shenzhao mirror, which was a special power of blood and soul.

Hum!

In an instant, the divine mirror burst out with a strange divine light, and the nine ancient sacred veins in the surrounding void also glowed instantly. This large array of sacred veins seemed to have been moved by an instant.

Infinite power came down, allowing him to get a huge blessing. An invisible coercion radiated out. This divine mirror bursts with divine light and instantly becomes bigger, like an ancient sacred mountain, falling down, and for a while, the sky is dim, the sun and the moon are dark, Qin Chen, Zhou Wusheng, Qu Gaofeng , Wei Siqing

Everyone can't move at once, and can't display any holy yuan at all.

Finally, the Son of Shenzhao used his strongest means, using his own blood to burn the mirror of the Shenzhao, to exert the strongest power of the Holy Lord's soldiers.

The power in the mirror began to recover and was forcibly activated.

Holy Soldier! This power no longer belongs to the Son of Shenzhao, but belongs to the ancient power sealed in the Mirror of Shenzhao. Although Shenzhaojing has lost all its power, it has been revived under the nourishment of the Son of Shenzhao, and at this moment, This power of recovery was activated desperately by the Son of God.

### [Chapter 2975: Resilience](#)

"Ah!" If Qu Gaofeng, Quan Muli, Zhou Wusheng and others had lost to Shenzhao Shengzi, but at least they could still fight against each other, then now, under the oppression of Shenzhaojing, everyone roared together. , Tried to resist, but was suppressed

It's so hard that it can't even move.

No matter what kind of Tianjiao they are, after all, they are not even the overlord. Facing the power of the Holy Lord and Divine Weapon, they can crush them into ashes with a slight shock.

"Qin Chen, and you, all die to me, burn into the power of faith, and become one of the nutrients of Shenzhaojing." The Son of Shenzhao roared up to the sky, "This trick is the strongest blow of Shenzhaojing. , I played against the ancient holy master. Under this trick, even the holy master would be seriously injured. Although the power of the \*\*\*\* mirror is less than one ten thousandth, it is not

You group of ants can resist, Qin Chen, I didn't expect you to push this seat to this level, but unfortunately, it is already at the limit. Now that you are still going to die, just die for me! "

During the speech, the divine mirror suddenly accelerated and pressed down.

boom!

The strength increased, Guanghan Mansion really did not have many large formations formed by the union of the saints and saints. First of all, it could not resist, and it disintegrated at once.

All the saints in Guanghan Mansion spewed blood violently, and some saints and women began to break the law of heaven.

God revived in the mirror, invincible in the world. This is equivalent to taking advantage of the infinite power of the previous life. The strength that the Son of Shenzhao showed in an instant can suppress the eternity, especially the power of faith that the Shenzhao Mirror has bred, and block the world and oppress some of the holy children with low cultivation.

Simply can't survive.

If it wasn't for Qin Chen to hold up the pressure, even the masters such as Wei Siqing, Zhou Wusheng, and Qu Gaofeng would be seriously injured. As for some ordinary saints, they would even be crushed and exploded on the spot.

The power of this magical mirror is equivalent to a master in the overlord, with infinite power.

The power that burst out in this way, ordinary overlord masters could not resist.

As soon as the pressure came down, Qu Gaofeng and Quan Muliu felt the catastrophe.

This is the real disaster of extinction, the rolling pressure of the divine mirror is enough to crush all those who disobey the power of the sky, and even Qin Chen's barren ancient body is constantly retreating under pressure and cannot rise at all.

"The power of origin, eternal surging, origin of good fortune, supernatural power!"

At this time, Qin Chen supported the overall situation alone, roaring, in his body, the origin supernatural powers were suddenly displayed, and the mighty origin rules impacted the divine mirror.

The divine mirror was attacked by the origin's supernatural powers, and suddenly revolved, and the 100,000 ancient earth veins of the heavens bloomed in it, making a magnificent sound, as if from the Primordial Primordial Land.

Behind the God Mirror, a majestic phantom emerged. It was the phantom of an ancient holy lord, towering and covering it suddenly.

boom!

The two terrifying forces collided, and under the suppression of the magical mirror power, Qin Chen's original magical power was instantly shattered, making a crackling sound. "Huh, it's useless. No matter what magical power you have, you can't escape destruction under the resurrection of the mirror. This mirror contains the power of belief in the ancient heavens and the world. , The top treasure formed is when

How can you be a giant that can easily resist the treasure of the town taught by the gods. "

Shenzhao Shengzi looked hideous, and the Shenzhao mirror grew more and more. You could see countless figures emerging in it, kneeling down there, singing loudly and praying. Shenzhaojiao, in ancient times, spread extremely widely, even the supreme religions in many lower realm continents, each of them has a continuous power of faith to enter the heavens, be absorbed by Shenzhaojiao, and finally merge into this Shenzhao mirror. Conceived

The top treasure, the power of nature is extraordinary. The origin supernatural power is a supernatural power created by Qin Chen. With the improvement of Qin Chen's strength, it will also increase, but it is still in continuous improvement and is connected with Qin Chen's cultivation base. Today, Qin Chen is a sage. In the mid-term giant state, facing the gods

Mirror and other treasures of the Holy Master immediately fell into a disadvantage.

Click!

Qin Chen's barren ancient body also began to shatter.

"Okay, okay!" Qin Chen didn't have any anger. Instead, he got excited and said with a big smile. Since he cultivated into an ancient body, this is the first time he has encountered a master who can break through his own defenses. Opponent, whether it is Xiang Wudi or what

The giants are too weak. Under attack, even his defense can't be broken. How can he fight? But Shenzhao Shengzi was a top master he encountered after entering the heavens. Although he was only an arrogant body, he was the reincarnation of the ancient godzhao cult leader, the figure of the holy master, and the silent treasure of the holy master, which made Qin Chen finally fight. To

The feeling of \*\*\*\* battle.

"Awesome, is this the treasure of the Holy Master? It is really strong. Although it has not restored the glory of the past, it contains the supreme power. It can even tear my ancient body. It seems that my ancient body has not been cultivated yet. In place."

Feeling the splitting of the desolate ancient body, Qin Chen continued to feel this feeling. His desolate ancient body was only a small achievement, and he had not cultivated to the top level. Compared with the desolate \*\*\*\* of the ancient tribe, it was far behind. If the Lord of the Desolate God is here, even if the Shenzhao Mirror returns to its peak state, it is impossible to break the slightest of his defenses. However, now that Qin Chen's desolate ancient body is split, it is not because of the overlord power of the Son of Shenzhao. But this

The majesty of the treasure of the holy lord who is in the mirror

He felt the power of this resurrected treasure of the Holy Master carefully, because in his body, there were a few great treasures of the Holy Master silent, which was of great benefit to him.

"The ancient spirit, restore!"

The ancient atmosphere in Qin Chen's body was filled, repairing his body, a force of strength was instilled in Qin Chen's physical body, once again recovering.

Although his body was split, the foundation of Qin Chen's Immortal Saint Body was still there, and the ancient energy in his body was endless. As long as the ancient energy continued, his physical body would not be shattered.

"Good recovery ability?"

Shengzi Shenzhao couldn't help but sighed at the moment when he urged Shenzhao Mirror, but he acted more ruthlessly and fiercely.

However, Qin Chen constantly urged the ancient aura, and the origin supernatural powers continued to be used. He even constantly adjusted his origin supernatural powers and tried in the process of confronting the Shenzhao Son.

Was he actually experimenting with this God according to the Son?

"Damn, your defense is so strong, the power of the gods, the eternal spiritual veins, and the world is revived." Shengzi Shenzhao roared, and suddenly, the nine ancient sacred veins below him burst into magnificent light, rolling like The long river-like sacred energy rushed into the mirror of the gods madly, and once again showed its power.

## [Chapter 2976: Immortal](#)

The large array composed of these nine holy veins is actually burning at this moment, the rolling holy veins are burning, and the power is amazing, the breath is full of air, and boundless power erupts everywhere.

This holy vein, each one is the ancient holy vein of the heavenly sage top grade, with amazing aura, any one can create several master masters, and now it burns all at once, what a terrible shock it burst out.

Hum!

The breath of the ancient holy veins rose layer by layer, and was directly shot into the mirror of the gods, billowing and burning. This was a luxury that surprised everyone.

"Oops, dangerous."

Seeing this scene, Wei Siqing, Zhou Wusheng, Qu Gaofeng, and Quan Muliou all let out desperate roars. They couldn't resist this oppression.

No one thought that the Son of Shenzhao would be so cruel, directly burning the holy veins in the great array of the holy veins, entering the mirror of Shenzhao, and killing them.

"Master Shenzhao is mighty!"

The blood sacred child and the others all shouted in ecstasy, one by one they were extremely excited, they had all seen that the many masters of Guanghan Mansion had reached the end of the crossbow, and they were about to be killed with their fingers. Shenzhao Shengzi looked at the crowd with ferocious eyes, knowing that the overall situation was settled, and sneered: "This seat has searched and arrived at the nine ancient sacred veins. These nine sacred veins are left behind by this seat and formed before death. The ancient formations of is to allow me to have enough resources to break through after being reincarnated. Originally, these ancient holy veins were enough for this seat to step into the pinnacle overlord and save thousands of years of hard cultivation, but now I can't manage that much, for I will kill you

Burning these holy veins, as long as you kill you and swallow your power, it is enough to restore the cultivation base of this seat. "

In his sneer, the gods shone under the pressure of the mirror, and the endless worship figure suddenly expanded, and everyone seemed to have returned to the world, facing the oppression of the supreme divine power, desperate to be crushed.

Immediately after repeated explosions, Qin Chen's original magical powers exploded again, and the eternal power was revived in the magic mirror, causing Qin Chen to fall directly into the wind.

However, the expression in Qin Chen's eyes was still clear and transparent, and it seemed that he was ready.

"Shen Zhao Shengzi, you are looking for death by yourself. Originally, Ben Shao was going to compete with you more, but now, you actually burn Ben Shao's holy veins, Ben Shao cannot tolerate you." Qin Chen's eyes were cold.

"The power of time is like one for eternity, and the years of Haohao are forever!"

Suddenly, in Qin Chen's body, a force of time flashed away, and the entire void suddenly paused, and all the power was stagnated under the force of time.

puff!

Everyone didn't react, they saw Qin Chen's figure flashing, and the next moment, the sword light appeared in front of Shenzhao Shengzi suddenly.

At this critical moment of Shenzhaojing's recovery, Qin Chen suddenly offered his assassin.

Time magic!

puff! The sword light flashed, and Qin Chen's body seemed to wash out a divine light, and the vertical and horizontal sword energy instantly came to the son of Shenzhao, and it was too late for people to react. When the son of Shenzhao reacted, the sword The anger has come to his eyes

before.

"What are you...what magical power?"

Shenzhao Shengzi showed a horrified expression, with a pop, the sword light penetrated his eyebrows, and the head of Shenzhao Shengzi exploded suddenly.

This sudden scene stunned everyone.

The Son of Shenzhao had the upper hand before, and no one thought that in the blink of an eye, the battle would turn around, and Qin Chen would directly kill the Son of Shenzhao with a single blow.

This contrast makes everyone unable to believe their eyes.

"The magical power of time, this is the magical power of time. It is said that Qin Chen exchanged the time spar in the treasure temple, mastered the magical power of time, and defeated Xiang Wudi. Can't it be true?"

Zhou Wusheng murmured that he was a Tianzuo disciple, and he naturally heard about Qin Chen mastering the magical powers of time, but he never believed it in his heart. It was only now that Qin Chen displayed the magical powers of time that he was completely awakened.

This rumor turned out to be true.

"Time is supernatural, how is it possible, how can anyone in this world control the rules of time?"

"What kind of monster is Qin Chen?"

Everyone in Guanghan Mansion looked at Qin Chen in shock, and their minds were a little confused.

But the forces of Xueyang Mansion, Renwang Mansion, Shenzhaojiao, etc., their faces were ashamed, and they fell silent all of a sudden.

Lord God Zhao Shengzi, just like that died?

"No, look at that \*\*\*\* in the mirror!"

Suddenly, someone exclaimed. Qin Chen also looked at the Shenzhao Mirror with dignity. According to the truth, Shenzhao Shengzi is the manipulator of Shenzhao Mirror. Once he dies, the Shenzhao Mirror will lose control. If Shenzhao Mirror is alive, he will definitely leave here, even if he is dead, Will be silent

Come.

But now, the divine mirror was suspended in the air, continuing to bloom with an amazing light, and with a boom, a terrifying force suppressed it.

"Be careful!"

Qin Chen let out a loud roar, and hurriedly shot, a burst of light rose, resisting this force.

boom!

Qin Chen flew upside down, the ancient aura from his body was shaken away, and his face was solemn. Is this magic mirror still attacking?

"Dust, that Shenzhao Shengzi is in a weird state, as if... not dead!"

Chen Sisi suddenly spread the voice.

"Ok?"

Qin Chen glanced over, and he also found that the body of Shengzhao Shengzi was very weird. In the mirror of Shenzhao, an inexplicable force came down. Kakaka, the beheaded head of Shengzhao Shengzi was condensed again Get up and recover well.

"Immortal?"

Everyone was taken aback, Shenzhao Shengzi was not dead? At their level, some powerful masters can indeed repair injuries, rebirth with broken arms, etc. However, the head is the birthplace of the soul. Once the head is detonated, the soul will be destroyed and there is no possibility of resurrection.

, But now, after the shattered head of the Son of Shenzhao, it has been formed again. "Jie Jie Jie, I didn't think you could actually hurt me to this level. Time is supernatural. No wonder you can be so strong. Unfortunately, you can't kill me. This seat is immortal, and this seat just kills you, you The magical power of time will also be controlled by me.

"

Shenzhao Shengzi's breath rose up all over his body, causing Qin Chen's eyes to freeze, and the aura on Shenzhao Shengzi's body was not weakened.

Qin Chen was truly shocked, this was beyond his understanding.

"Heaven Soul Forbidden Technique!"

Hum! Qin Chen opened his heavenly eyes, and a vigorous soul fluctuated out. He didn't believe that this divine son could really be immortal. This was something the Holy Master couldn't do.

[Chapter 2977: Ashes](#)

The horrible soul light swept across the body of Shenzhao Shengzi, Qin Chen was shocked, there was only a trace of weak soul breath in Shenzhao Shengzi's body, and there was no soul entity.

In other words, this is a body with only a remnant soul, but how is this possible?

"No, it's the \*\*\*\* in the mirror." Qin Chen raised his head suddenly, and saw that from the \*\*\*\* in the mirror, the power of faith that continued to fill the road, reshaping the body of the son of God, and, in that power of faith, A faint trace of the power of the soul permeates and enters the photo

In the body of the Son, a new soul is condensed.

As long as the power of Shenzhaojing is immortal, the Son of Shenzhao will not fall.

"It turns out that the soul of the Son of Shenzhao has actually been integrated into the mirror? What exactly does he want to do?" Qin Chen came to understand why the Son of Shenzhao could not die. The important thing is the soul. As long as the soul is not destroyed, even if the body is destroyed, there is a specific way to reshape it, and the Son of God is to take his soul

The power was integrated into the God Mirror, and was stored in the God Mirror, and in his physical body, it was just a remnant soul.

Therefore, although Qin Chen blasted the head of Shengzi Shenzhao and extinguished the remnant soul, as long as the main soul of Shengzi Shenzhao in the mirror was not destroyed, Shengzi Shenzhao would not die.

However, Qin Chen still didn't understand why Shenzhao Shengzi would do this? Indeed, the benefits of integrating the soul into the treasures of the Holy Master, such as the mirror of the gods, are obvious. You can achieve an immortal state in another way, but every time the body is destroyed, the soul will also lose a lot, just a few more times. , Will God according to the holy

After Zi's remnant soul was destroyed too much, his main soul in the mirror of Shenzhao couldn't separate the remnant soul infinitely. This is just one. The most important thing is that for a strong person, the body and the soul are indispensable. Once the soul and the body are separated, they will lose their understanding of the Great Way of Heaven. In other words, if the soul is lost, it will be How to feel,

It is also impossible to perceive the great avenue of the heaven, and it is impossible to enter the realm of the holy master.

Doesn't God do this according to the Son of God to give up the original and seek the last? Unless, he has other purposes.

"Hmph, I understand, your soul is in the mirror of the gods, but Young Master wants to see, your main soul can let you condense your physical body several times."

After understanding the ins and outs, Qin Chen gave a sneer, and before his body flickered, he had already shot again.

"Time magic!"

Hum!

Between the heaven and the earth, the traces of time flashed by, and the heaven and the earth immediately became obscure, as if they were covered with a layer of mist, and then everyone felt that the Saint Yuan in their body seemed to have stagnated for an instant, even thoughts. All stopped working.

"not good!"

Shenzhao Shengzi was shocked, and hurriedly urged Shenzhao Mirror: "God shines on the mirror, block me."

But it was too late. With the power of the Mirror Mirror, he was naturally not afraid of the supernatural powers of time. However, it took a process for him to activate the Mirror Mirror, and Qin Chen had already frozen time and did not give him the opportunity to urge the Mirror Mirror.

puff! When everyone reacted, they saw Qin Chen holding the dark green demon sword, and once again beheaded the flesh of the son of Shenzhao. This time, Qin Chen urged the destruction of the sword to the extreme, booming and mighty. Jianguang turned into a traverse

The long river of sword energy in the heavens cut the body of Shenzhao Shengzi into nothingness.

With a sword, the godzhao saint son was wiped out in ashes.

However, the two uses of time magical powers also caused Qin Chen's body to consume a lot of the power of time and the power of time, and there was a faint feeling of emptiness. Qin Chen knew that this was because the magical power of time was a taboo technique, which was not tolerated by the heavens. If it was used for a long time, it would even disturb the order of the heavens. Therefore, the cost of using it was extremely high. Fortunately, Qin Chen has the origin of time in his body, the time

Otherwise, just using two time magical powers could cause Qin Chen himself to be seriously injured.

After all, the power of time consumed by applying time rules to a giant is completely different from that of applying time rules to a hegemon.

"Shen Zhao Shengzi, this time the major will completely destroy your physical body, but you have to see how much power you still have to condense your body again."

Qin Chen said coldly, as he displayed the Destroying Sword Intent, he also displayed the Heavenly Soul Forbidden Technique, completely annihilating the power of the soul of the Son of Shenzhao into nothingness.

"This....."

The Blood Sacred Child and the others were going crazy, all dumbfounded. Seeing that Lord Shenzhao Shengzi had just recovered, he couldn't expect that in the blink of an eye, he would be wiped out once again, without even leaving his soul.

"Qin Chen, you are looking for death by yourself." In the mirror of Shenzhao, Shengzi Shenzhao's angry roar was transmitted. Since Qin Chen could see through, he didn't bother to hide it.

He thought that he had seen Qin Chen's time magical powers, and there should be enough ways to block the time magical powers the second time, but he didn't expect the result to be the same. Once the time magical powers came out, he couldn't resist it at all.

This is natural, and if the magical powers of time are so resistant, it won't be the highest rule in the heavens.

"Qin Chen, do you think you are determined to win? The soul of this seat is in the mirror of the gods, immortal forever, even if you can destroy the body of this seat, ten or a hundred times, what can you do? The power of this seat can be reborn continuously."

Shenzhao Shengzi roared.

"is it?"

Qin Chen sneered. He didn't believe that the Son of God could be reborn infinitely. The body of the overlord was not so cohesive at all. This time, he completely destroyed the body of Son of God and condense again, which absolutely requires infinite power.

"Qin Chen, that's because you don't know anything about the power of this seat." The Shenzhao mirror burst into light, and on the mirror surface, the face of the Shenzhao Son actually appeared, cold and cold.

"Master Shenzhao is mighty!"

The Blood Sacred Child and others were desperate at first, but at this moment they all roared excitedly.

As long as God according to the Son of God does not die, then they will not be in any danger.

"Qin Chen, get caught quickly, in front of Lord Shenzhao Shengzi, you don't have any chance to resist at all. It's better to kneel and give in, maybe there is still a way to survive."

The Blood Sacred Son, Chi Wenmin and others roared. "Sad, do you really think that you can laugh proudly in the heavens by following the Divine Sacred Son? Is it invincible?" Qin Chen glanced at the Blood Sacred Son and others. The Blood Sacred Son also claimed to be the reincarnation of the Ancient Blood God, which is simply ridiculous. He has seen that these homes

A trace of the soul power in the gang has been extracted, and it is secretly integrated into the divine mirror.

This was also the result of Qin Chen's full use of the Heavenly Soul Forbidden Technique before he saw a hint.

"You are all used by the Son of God, your souls are already mutilated, and with constant prayers, sooner or later you will become the puppets of the Son of God," Qin Chen said coldly.

"Qin Chen, at this time, he is still alarmist. Following the gods, we will be able to sweep the heavens and survive forever." Chi Wenmin and the others shouted.

[Chapter 2978: Rusty Sword Out](#)

"Yes, following this seat, you can all sweep across the heavens and live forever, but instead of following this seat, you become one of the powers of this seat."

Above the sky, the face of Shengzi Shenzhao in the mirror of Shenzhao suddenly smiled grimly, and the next moment, a terrifying mysterious wave filled.

boom!

This power rippled out in an instant, diffused in an instant, and entered the bodies of many saints such as Xueyang Mansion, Renwang Mansion, Shenzhaojiao and so on.

"what is this....."

This power entered the bodies of these people, and suddenly, all the saint children felt a boiling aura, and a series of weird lines appeared from the surface of these saint children.

"What's wrong"

"my body!"

"what happened?"

"Do not!"

They looked at their bodies in horror, with extremely terrifying expressions on their faces. Under everyone's eyes, the bodies of these people collided like balloons, and then burst open with a bang.

Puff puff puff puff... countless blood splashes. After the blood fell, it surged like a snake, and scattered on the earth. There are many monsters and blood, forming a series of restrictions, one after another. The soul power of the stock rises with

Flying in the void with thick heavenly sage laws.

In an instant, at least hundreds of people fell and blood flowed. These fallen people are the masters of the saints of the major forces, the masters of the mid-stage sage, and even the existence of the half-step overlord. Only the few masters who have mastered the power of the overlord, such as the blood sacred and Chi Wenmin, have not fallen yet. , But the body

In the middle, the weird aura rose, and began to be unable to resist this force.

Bang bang bang!

There were explosions everywhere in their bodies, revealing blood holes, and they screamed bitterly.

"Master Shenzhao, what are you doing?"

The few surviving major powers all screamed sorrowfully and blood flowed. This shocking scene made the faces of many Saints and Saints in Guanghan Mansion pale and frightened.

This scene was too tragic. In an instant, all the masters of several houses fell, how miserable. "What? You don't want to follow this seat? If that's the case, then become the power of this seat. To blame, blame Qin Chen. Originally, this seat wanted to keep you and lay chess pieces among the major forces. However, Qin Chen forced this seat to

Enough to swallow your blood and soul, and let God Mirror recover faster, it is Qin Chen who killed you.  
"

Shenzhao Shengzi said ferociously, in the Shenzhao mirror, the invisible power once again permeated, and it swept over everyone who was left.

"Ah!" At this time, the remaining Blood Sacred Son and others also screamed, their eyes full of regret, they hated, an evil force spread in their bodies, and everyone was struggling frantically, Trying to resist the erosion of this force,

But it's useless, the Mirror of God is a treasure of the Holy Master, and even Qin Chen must be jealous, how can the Blood Holy Son easily resist it.

At this moment, Chi Wenmin and their hearts were filled with regret. He hated and hated why he and Qin Chen were enemies.

Bang bang bang!

Finally, these people struggled in pain, exploding one by one, blood flowed.

A wave of soul power was quickly swallowed by the divine mirror, and the rich blood transformed this world into a blood-colored ocean.

In the mirror of the gods, an even more heaven-defying aura broke out.

This time, even Qin Chen changed the color of the breath erupting from Shen Zhaojing.

"You can't let the Divine Photo Saint Child swallow these powers so easily." Qin Chen's eyes were cold, and the Qibao Glazed Glaze Pagoda and Zixiao Dousiligong were released for the first time. Suddenly, a roaring fire burst out, and the flames burst into the room. For a sea of flames, I envelop this world and refine the blood of the Holy Son

The power of Saint Yuan after they fell.

Boom boom boom!

The origins of the Heavenly Sages were crazily refined by Qin Chen, vying for power with Shenzhaojing.

"Damn it, Qin Chen, you angered me."

Shenzhao Shengzi roared, and in the Shenzhao mirror, the light once again flourished. In an instant, it suppressed the aura of the Qibao Glazed Glass Pagoda and Zixiao Dousidi Palace, and even several large sky fires were suppressed and extinguished continuously.

Shenzhaojing is a treasure of the Holy Lord, and Qibao Glazed Glass Pagoda and Zixiao Dousidi Palace are both heavenly sacred treasures, which are a whole big difference from Shenzhaojing. How can they withstand the pressure of Shenzhaojing? However, as the flame was extinguished, Qin Chen's body moved suddenly, and instantly appeared on top of the lens of the gods, wrapped in layers of absurdity, like an ancient god, as soon as it descended, the dark green demon sword suddenly appeared. Cut in that photo

Above the mirror.

boom!

The monstrous breath erupted, and the many saints in Guanghan Mansion below couldn't resist them. They screamed again and again, and Wei Siqing was also seriously injured, one by one backward.

"Quit, you all leave here and leave it to me to deal with it."

Qin Chen immediately shouted coldly when he saw this.

At this time, Wei Siqing and the others could not help at all. On the contrary, if they fell, their power would be absorbed by the magic mirror and become the power of the magic mirror.

"Brother Qin, then you..."

Wei Siqing and the others changed their colors and said, leaving Qin Chen here alone, how could they do it?

"Where to go!"

In the Shenzhao Mirror roared again and again, a phantom appeared, erupting against the weather, and directly descended. Suddenly, there were casualties among disciples in the Guanghan Mansion. As long as they fell, all the power would be swallowed and absorbed by the Shenzhao Mirror.

"roll!"

Qin Chen yelled, pierced the flying \*\*\*\* with a sword, and shouted angrily: "You don't care about me, it's trouble for you to stay, leave quickly."

Wei Siqing and the others hesitated for a while, and finally they could only gritted their teeth and left one after another.

"Stay!"

Shengzi Shenzhao wanted to stop it, but Qin Chen spurred the supernatural powers of time. Suddenly, time stagnated, whoosh, Wei Siqing and the others united and turned into a big array, breaking the shackles all at once, and disappeared. Here. "Damn it." Shenzhao Shengzi roared: "But it's fine, Qin Chen, this seat will kill you first, and then kill all those guys, and become the nourishment of this seat. This seat is in the mirror of God, as long as you can't break it. Open the mirror, your time is magical, not

May cause harm to this seat. "

"is it?"

Qin Chen's eyes were calm: "Do you think you can withstand Ben Shao's attack by hiding in the treasure of the Holy Master and acting as a turtle with your head down?"

"Can you still hurt this seat?"

Shenzhao Shengzi laughed.

Hum!

Just look at Qin Chen's hand, the dark green demon sword suddenly disappeared, the next moment, a black magic weapon appeared in Qin Chen's hand.

It's the mysterious rust sword!

As soon as the mysterious rust sword came out, a cold breath lingered in the void, as if falling into the ice hell.

"This is..." Shenzhao Shengzi, who was in the Shenzhao mirror, actually felt this cold breath, and his soul trembled. He looked at the black magic soldier in Qin Chen's hand in shock, showing a look of horror.

#### [Chapter 2979: Devil's Cave](#)

As soon as the mysterious rust sword in Qin Chen's hand came out, a cold aura suddenly filled, and the cold aura could penetrate into the Shenzhao mirror, bringing a cold feeling to the Son of Shenzhao.

Shenzhao Shengzi's heart was terribly shocked, and he only felt that his soul was trembling. He is now in the Holy Master's treasure Shenzhao mirror, no matter how strong the ice rules, he can't penetrate his Shenzhao mirror.

But the pitch black sharp sword in Qin Chen's hand could actually penetrate in, making him feel cold, even the Saint Lord treasure could not resist.

How is this possible?

"What kind of soldier are you?" Shenzhao Shengzi was shocked.

"Didn't you say that others can't hurt you? Ben Shao wants to see if he can hurt you." Qin Chen smiled coldly and turned to Chen Sisi and said, "Sisi, you stay here and wait for me. Just a moment."

When the voice fell, Qin Chen moved suddenly.

Hum!

His figure shook, like a bolt of lightning, blasting at the Son of Shenzhao. The Son of Shenzhao instinctively felt a slight crisis, and hurriedly wanted to control the Shenzhao mirror to retreat, but a terrifying thunder light appeared on Qin Chen's body.

In front of Shenzhao Shengzi, a sword fell down.

"This is not the magical power of time. How did your speed suddenly increase so much?" Shenzhao Shengzi was inexplicably horrified. Under the horror, he hurriedly urged the power of the Shenzhao Mirror to the extreme. Gushing out, turning into a vast torrent, bursting towards Qin Chen frantically,

This torrent has shocked the universe forever.

"Mysterious Rust Sword, cut!"

Qin Chen sneered at the corner of his mouth. He didn't even arouse the terrifying power in the mysterious rust sword, but only urged the mysterious rust sword itself to be cut down. Hearing a chuckle, the mysterious rust sword in Qin Chen's hand was cut down, like a fire knife slicing into butter.

The power of faith was almost irresistible, and it was cut open at once, and the mysterious rust sword was born A terrifying devouring force,

All the swallowing power that was cut apart was swallowed all at once.

when!

The mysterious rust sword split through the endless stream of beliefs and slashed the gods into the mirror.

"Ah!" Shengzi Shenzhao only felt that he had suffered a blow. The moment the mysterious rust sword struck Shenzhao Mirror, his soul power in the Shenzhao Mirror was missing a piece of power, as if it had been swallowed. There was severe pain, how many

Almost fainted.

"How is it possible? My soul is in the mirror of the holy lord treasure, how can you hurt my soul?"

Shenzhao Shengzi roared in horror. Under this sword, his soul was missing one tenth and was severely damaged. He was an ancient master master.

"Hmph, in front of the young master, nothing is impossible, let alone your soul hiding in this broken mirror, even in the heyday, the mirror can't keep you."

Qin Chen sneered and continued to shoot. He shook his sword indifferently. The mysterious rust sword glowed with sword light, and the cold breath exploded. The entire open space immediately seemed to be trapped in an ice purgatory, extremely cold.

"This mysterious rust sword is really powerful." Qin Chen held the mysterious rust sword, and his eyes also showed amazement. The mysterious rust sword is one of his most mysterious treasures, and it contains strange cold power, like a corpse. The sea of blood, and what's more terrifying, seems to be hidden

A strange soul powerhouse, whenever Qin Chen urged him with all his strength, his soul seemed to be swallowed up, lost his mind, and even lost his mind. However, as Qin Chen's cultivation level improved, the power of the mysterious rust sword erupted more and more, and even surpassed the ordinary holy master treasure. Before the mysterious rust sword was consecrated, Qin Chen had a feeling. The mysterious rust sword can restrain the gods

The \*\*\*\* of the Son of God took the mirror and directly attacked the opponent's soul.

Unexpectedly, the effect surpassed Qin Chen's expectation. With a single sword, the soul of the Son of Shenzhao was cut by a tenth, and it won't be long before the Son of Shenzhao would fall into a deep sleep because of his soul damage. He even lost his soul on the spot.

"cut!"

Qin Chen kept shooting and saw the mysterious rust sword continue to bloom with weird light. Every time it slashed on the Shenzhao Mirror, the Shenzhao Mirror would tremble violently, and the breath that finally recovered from it was quickly dimmed, and the lead was lost.

In front of the mysterious Rust Sword, the divine mirror of the holy lord's treasure was like a baby, constantly being beaten, without any power to fight back.

This is because Qin Chen didn't mobilize the special power in the mysterious Rust Sword. Otherwise, Qin Chen even had a feeling that he could directly smash the magic mirror with a single sword.

Boom boom boom! Shenzhao Shengzi suffered several heavy blows, his soul was severely damaged, and he roared sternly, madly urging Shenzhao Mirror, and even sacred veins, but it was useless. In front of Qin Chen, no matter how Shenzhao Shengzi used any means, To no avail, only

Can be forced to be beaten.

"Damn it, Qin Chen, do you really think you are afraid of you? You forced me."

Suddenly, Shengzi Shenzhao roared and banged, and a dazzling light burst out of the Shenzhao mirror. A terrifying force directly penetrated the ground of the Saint Vein formation.

In the next moment, the mysterious rust sword in Qin Chen's hand was also severely slashed on the Shenzhao Mirror again. With a sound, the Shenzhao Mirror was split and flew out, the light dimmed, and it suddenly sank into the cave and disappeared.

"Huh? This cave?"

Qin Chen lowered his head and immediately looked at the underground that was broken by the divine mirror. From that underground cave, the devilish energy escaped, and the devilish energy rolled in the depths, as if it had sealed the demon king.

"This cave?"

Qin Chen was taken aback, his hands dispelled the billowing evil spirits, and he saw this magic cave hole on the ground. There was still residual soul power at the entrance of the cave, which was obviously left by the son of Shenzhao. It was obvious that he had penetrated In the magic den.

"Dust, there is an extremely terrifying magic power in this underground."

Chen Sisi flew up, his eyes solemn. "Hmph, I have calculated it a long time ago. This place is very weird. Under the ground, it seems to be an ancient battlefield, and the arrangement of these nine holy veins is also very peculiar, like a sacrificial formation, illuminating the previous life of the Son God according to the teacher in ancient times

The times have definitely deployed some means here. "

Qin Chen stared at the Demon Cavern, where there was a surge of powerful demon energy and an extremely dangerous smell that made people afraid to go deep into it.

However, Qin Chen and Chen Sisi were not afraid. They looked at each other, their bodies shook, and they all swept into the cave together.

How can the inheritors of the Abyssal Demon Avenue fear the aura of the demons? They want to see what the \*\*\*\* is this Shenzhao Shengzi doing!

[Chapter 2980: Monster world](#)

Boom!

As soon as Qin Chen and Chen Sisi sank, they directly entered the cave. Suddenly, the ancient evil spirits that were billowing mixed with demonic energy lingered in, billowing like tides.

Qin Chen directly shot a shot, and a vast force blasted out, and the evil spirit and demon cloud in the cave were dissipated one after another, and some of the soul power codes were thoroughly investigated.

"This is..." Qin Chen and Chen Sisi were shocked when they felt the scene in the devil's cave, because there are layers of voids in this devil's cave, deep into the earth, twists and turns, not knowing how deep it is. It seems to lead to another world,

Even vaguely conveyed the roar of a shocking monster.

No wonder they felt such a terrifying demon flame aura before, and there was such a vast world under the ground.

"Could it be that what this cave leads to... is the ancient experience of the demons?"

Qin Chen condensed in his heart, blurted out, showing surprise.

The Ancient Celestial Trial Site is an ancient battlefield in the ancient world, located in the depths of the infinite void of the Celestial Realm. It can only be opened at a certain time so that all the masters below the overlord of the Celestial Realm can enter it. However, in addition to the human masters, there are many other races that can enter this heavenly ancient trial place, such as demons, monsters, etc., and they also have their own specific entry channels to enter the ancient trial. Lianzhi

In the earth, it belongs to their unique trial place.

These places will eventually converge in the core area of the Celestial Trial Land, which is also the most miserable and terrifying place in the ancient battlefield, and the masters of many races will also meet.

And the cave in front of him is clearly a possible passage to the place where the demons have experienced.

No wonder the demon energy transmitted from the ground before is so strong.

"What exactly did this God according to the Son of God do?"

Chen Sisi also frowned. The Saint Vein array here was specially arranged when the Son of Shenzhao fell on the ancient battlefield in his previous life, but why should he set up such a saint vein array in this place leading to the experience of the demons, Make Chen Sisi think about it understand.

"Dust, in the depths of this cave, there is a breath of monsters."

Chen Sisi said intently.

"I feel it now."

Qin Chen nodded.

This demon's aura is very strong, even stronger than what they had encountered before. Obviously, in the depths of this demon cave, there are a lot of demons concentrated.

However, the more the demons were concentrated, the holy veins existed.

The survival of demons also depends on the holy veins.

Qin Chen naturally felt that in the depths of this demon cave, many holy veins permeated, combined with evil spirits and demon energy, and changed into dead veins and demon veins, supporting the demon.

Moreover, he also felt a lot of heavenly sage high-grade auras, which were exuded from the deadly veins and demon veins, which were actually the demon veins of the heavenly sage top grade. "If this is really an ancient experience place for the Demon Race, then it is normal to have the Heavenly Sage High-Rank Endeavour and Demon Veins inside. When the Shenzhao Shengzi left before, it urged the Saint Vein array, causing The nine saint veins follow the \*\*\*\* according to the son one

At the same time, we entered the depths of this demon cave, and then supplemented with these holy veins, plus some demon veins and dead veins, we can fully ascend. "

Qin Chen said solemnly.

"Hehe, this Shenzhao Shengzi really found such a treasure for us, if it weren't for the Shenzhao Shengzi, even I might not be able to easily find the space passage of this demon cave." Chen Sisi also laughed, Juemai, Demon Vein, For other human warriors, it is not very useful. It takes too much energy to purify the holy veins that can be cultivated by the adult race. But for Qin Chen and Chen Sisi, the magic veins

It has many uses as Juemai.

"go!"

Qin Chen stayed still, and his soul plunged into the space channel deep in the demon cave, holding Chen Sisi's hand. After the two had accumulated enough strength, they swished and entered the demon cave. In a blink of an eye, I traversed layers of space. I didn't know that I flew tens of thousands of miles. There were no demons and no holy veins. But just before the advancement, the cave suddenly dissipated, and I saw a dense, hornet's nest. Maze cave

, Appeared in front of the two of them, not knowing which one is true, which one is false, and which hole Shenzhao Shengzi got into.

Qin Chen didn't hesitate, and went straight into a cave on the left.

His method of calculation and perception can be said to be in the same realm. No one can surpass him. Naturally, he can know the whereabouts of the Son of God. The Son of Shenzhao was extremely fast, and in an instant, he entered the infinite depths of the demon cave. It seemed that he had calculated everything here, but the breath of the Son of Shenzhao was bitten by Qin Chen, and it was impossible to escape. Out of Qin Chen's palm

.

This cave became wider and wider as it went deeper into it. It was almost a broad road and a smooth plain, a bit lower than the vast plain in the cave at the bottom of the Black Death Marsh in the Land of the Five Kingdoms. On the underground plain, there are thousands of rivers that cross and flow, and they are actually a series of magic veins, similar to the long river of evil spirits gathered by Mokui Yaksha. Countless monsters grow in the place of the magic veins river, thrive and thrive, Qin Chen can see To various demons

Demons, there are purgatory ghost praise, ghouls, flying bats, etc., gathered on the plain, densely packed, covering the sky and the sun, among the demons, they also fight each other, plunder the control of the demon vein, and the order In, with confusion. In this magic cave is the world of demons, the kingdom of demons, and countless rare demons in the ancient times grow in it. The death of the demons from generation to generation, the growth of generations, the bones of the dead demons merged into the earth and restored to the oldest

The old evil spirit and devil energy, and those demon veins and dead veins, gushing out from the ground far and wide.

Some demons, after absorbing the magic veins of the rivers on the ground, in the depths of the earth, they did not know where the magic energy gushed again, condensed into the magic veins, and continued to grow. Qin Chen couldn't see exactly what kind of reason it was. . A series of demonic veins, in the deep plains of the demon cave, for thousands of years, it has flowed like this, bred powerful demons, even Qin Chen saw in the distance, a huge simple demonic city, built in the distance Place, actually formed a tribal shape

The style is obviously a city built by a powerful monster here, trying to rule a large area in this magic cave. "It's incredible, who can think of it? In this magic cave, there is still a vast world? The world of monsters? By the way, the previous succubus suddenly disappeared, I still feel very strange, now it seems that those succubus should It's here

The demons entered the trial land through a certain spatial channel, occupying a space. Did many demons in the ruined treasure land all fly out of this magic cave world? "Qin Chen's heart moved.
