[Chapter 2991: Tribulation cloud landing](#)

"It turns out that the lair of those succubus succubus is here? No wonder they all disappeared suddenly in the ruined treasure land before?"

Qin Chen's eyes condensed, if such a country of demons were placed in the heavens, he didn't know what kind of **** storm would be caused.

"Humans, destroy the peace of our monster world, die..."

In the city of the succubus, heads of the succubus flew up, all of them enchanting, like the same witch, all parts were exposed, exuding a charm of charm, and the person watching was spurting blood. .

"My God, the magic vortex collided with the demon kingdom of the charm banshee." In the distance of the endless void, the many demon geniuses who secretly observed here were shocked. The country of the charm banshee, these demons, The people of the clan actually know it, but no one dares to break into it, because the monsters here have already formed

The kingdom, not the tribe, even if they are the arrogance of the top demon race, if they dare to rush into it, they will definitely die.

Everyone knows there are amazing magic veins inside, but no one dares to break into it.

Because the number of monsters in it is really terrifying. Sure enough, the next moment, the dense locust-like succubuses made them cold, and their scalp numb. So many succubuses, entering it is like looking for death, even the overlord will be immediately divided up, no bones. Save

.

However, Qin Chen's devilish vortex was not afraid at all. Facing a group of powerful demons, there were tens of thousands of them, covering the sky and sun, like locusts. When he was strangled by the vortex, they all strangled and suffered annihilation. Disaster. However, more succubus succubus flew out, almost endless. These succubus succubus formed a large array of seats, blooming with a breath of charm, suddenly launched, and billions of torrents of demonic powers bombarded out of it. , It is

Opening up the world, there is a feeling of breaking through the demon world.

It's a pity that these enchanting supernatural powers were played, and the lasing shot into the magic vortex, without a trace, it seemed that a mud cow entered the sea.

The magic vortex of the evolution of the Devil Tree of the Ten Thousand Worlds, all abilities are swallowed, and all abilities are broken.

kill! Amidst the army of enchanting banshees, a huge torrent of sound was conveyed, which shattered the sky, and more banshees filled the air, and the attack became fierce again, and invisible power rippled and turned into huge palms. ,

The volley grabbed it, and on the huge palm, the eye of charm appeared, this is the top master of the charm of Banshee.

Several overlord banshee leaders, all shot together.

Ouch!

At the same time, in that monster kingdom, a series of terrifying roars rose to the sky, and suddenly, there were several terrifying monster overlords rising into the sky. These monster overlords are the best in this monster kingdom, and their strength is above the sky. .

Behind them, the mighty ethnic group soared into the sky, formed a large formation with the enchanting banshee army, and killed them all.

Because they all know that once the enchanting banshee formation is broken, the entire demon kingdom will be destroyed. This is a fight to the death.

For a time, there were nearly ten overlord monster masters all at once.

"Good, good!"

Faced with such a terrifying army of monsters, Qin Chen was not surprised but rejoiced.

If he was before breaking through the mid-term peak of Heavenly Sage, or before he could use the Demon Tree of Ten Thousand Realms in the Demon Realm, if he encountered such an army of monsters, he would definitely be afraid, but at this moment, he was fearless, like a demon god. In his eyes, these monsters in front of him are not enemies, but resources, they are magic veins. As long as they can kill these overlord monsters, plunder the heavenly sage high-grade magic veins in their lair, and refine them to realize the power of the overlord, then Qin Chen Can touch

When you reach the realm of overlord, step into the realm of overlord, you can immediately resist the evil catastrophe.

If you let others know Qin Chen's thoughts, you will definitely go crazy. Only Qin Chen thinks about taking food from a tiger's mouth at this time, and only he has the ability to change to another overlord and he will only be hit. Kill.

The surging whirlpool swept across the many monster army, Qin Chen simply had a look of the world.

"Just one person confronted our demons, looking for death!"

These monster overlords were so angry that they roared one after another, leading their subordinates, dozens of demon qi to the sky, rushing up to confront Qin Chen.

Cang Dang!

The power formed by so many overlord monsters is simply unparalleled and overbearing. When they collided with Qin Chen, they immediately formed a thunderous roar, and many ordinary monsters were shaken to death.

However, these dozens of demon auras that pierced the sky abruptly stopped Qin Chen in the void, showing the tyranny of power.

Since entering the world of demons, Qin Chen has killed demons and exterminated demons, where he is invincible, and all demons are killed directly, but now he has encountered the joint efforts of dozens of overlord demons and countless demons, and was blocked for the first time.

Of course, he could also feel that the shocking thoughts conveyed by the dozens of sky-reaching demon auras were obviously that the strong men among the demons were also surprised. So many strong men could not control Qin Chen by joining forces.

Boom!

Qin Chen snorted coldly, and stepped forward to confront these monster overlords. He immediately felt strong resistance. He also saw that among these monster overlords, there were a number of top monsters with great strength.

It takes a lot of energy to kill them with Qin Chen's strength, because these monster overlords are obviously under the leadership of the magic sorceress overlord, forming a large formation, forming an unprecedented overall strength.

"Huh, Ben Shao doesn't have time to waste with you here, the Ten Thousand Realms Devil Tree, it will be swallowed directly by Ben Shao."

At other times, Qin Chen may still be in the mood to continue fighting with these monster overlords, but now the devilish cloud has been affecting Qin Chen, Qin Chen naturally does not bother to fight with them, and directly urges the magic tree in the devilish vortex. .

Suddenly, in the magic vortex, black branches flew out suddenly, piercing into the chests of these monsters like lightning.

"this is....."

These monster overlords felt the power of the Ten Thousand Worlds Demon Tree in horror, and each uttered a screaming scream. The power in the body quickly solidified, and was wrapped tightly, unable to move.

"dead!"

Qin Chen shot, the mysterious rust sword appeared, puff puff puff, one sword at a time, all at once, the dozen monsters overlord were beheaded.

"The technique of patching the sky, swallow it for me!" Qin Chen urged the technique of patching the sky and began to swallow the power of these monster overlords. The terrifying power of the overlord entered Qin Chen's body. Although it was the power of the monster, it was in the technique of patching the sky. Underneath, it immediately becomes a pure power, turned into the most primitive

Yuan gave Qin Chen a lot of insight.

In Qin Chen's mind, a series of auras rose, and the artistic conception of the overlord of the late Heavenly Sage began to gradually form.

Moreover, Qin Chen's soul secret technique was also swallowed by Qin Chen, and Qin Chen's number of soul refining gradually formed. In the book of origin, a page of soul refining began to form slowly.

More than a dozen overlord leaders have fallen, and the remaining demons flew away in horror, but were swallowed by the magic vortex transformed by the Demon Tree of the Ten Thousand Worlds, and they were refined into nothingness.

"Boom!"

At the same time, after feeling this power, the demonic Jieyun above his head was finally unable to block it completely, and seemed to be about to land immediately.

"No, Jieyun is about to land, I can feel it, Shenzhao Shengzi's breath, right in the front of a magic mountain, okay, first swallow all the magic veins, go there to lead the magic disaster." Qin Chen immediately began. Absorb countless demonic veins in the demonic kingdom below.

[Chapter 2992: Mozun Legacy](#)

Boom! Qin Chen, like a **** and demon, flew directly into the kingdom of demon and demon below. He immediately took out the demon veins from the ground. In the void, there were celestial sages like dragons. The demon vein of the top grade is crazy

Dancing, and around this demon vein, there are many other demon veins, transforming into a strip of dark dragons, roaring at the sky, showing off their might. The number of demon veins in this demon kingdom is extremely astonishing. Although the number may not be as great as the hundreds of thousands of demon veins that Qin Chen plundered before, the quality is higher, because every overlord Monster, there is one

The magic vein of the heavenly sage top grade.

How many high-grade demonic veins will there be in a country where so many overlord demons gather? This is an astonishing number, even if a holy lord comes here, it is a small fortune.

If this demon vein was replaced by a holy vein and appeared in a certain area of the heavens, it would definitely attract the holy masters of many mansions in that area to take action and plunder.

Rumble!

The infinite pulse of demons rose into the sky, and the entire underground of the demons world exploded. The countless demons hidden in the depths of the demons country all flew out in horror, like helpless ants.

"Demon, this guy is a monster."

"Our country is so ruined?"

"why?"

A lot of demons uttered in horror, looking up at the body like a demon god, unable to withstand the attack of the devilish vortex, they were killed one after another.

Qi swallowed mountains and rivers, Jin Ge and iron horses, the whole country of demons was torn apart and disintegrated instantly.

"This guy really broke the kingdom of the witch banshee?"

"My God, who is it? Which master master of our demons?"

"Is it really an adult of the Abyss Demon Race?"

Many Demon Race Tianjiao people, hiding in the distant void, saw this scene, their scalp numb, and each one was shocked.

Fortunately, they are all overlord-level demon heads, and they can't help shaking. That is the kingdom of succubus witches. It has stood for tens of thousands of years in the world of monsters and swallowed the souls of tens of thousands of powerful people. The magical power of the sky.

In such a country, the demons of their clan did not dare to rush into it, even if it was the overlord demons, but in the hands of this person, it fell apart in an instant, like a chicken and dog, that kind of feeling makes people crazy.

At this moment, Qin Chen's invincible figure remained in their minds. Although they didn't know Qin Chen's true face or appearance, the breath had already made them unforgettable forever and they wanted to be impressed. Kneel down.

These demons of the demon race stared at Qin Chen, using all kinds of magical powers, trying to find out Qin Chen's face and know his true appearance.

However, as soon as their power leaked out, they were immediately captured.

Hum!

I saw Qin Chen who was like a demon **** above the demon kingdom. Suddenly, he looked at this place. His eyes, like the eyes of the demon god, contained the breath of all the devil in the world, bursting out.

"No, he found us!"

Just when these guys wanted to spy on Qin Chen's true face, Qin Chen suddenly shot his gaze over.

Huh!

These demons instantly felt that they had been thoroughly seen through, and even inch by inch of the laws of magic, and the origin of each of them, were burning and fluctuating violently, and the whole body had a smell of evaporation. Their souls fluctuated violently, and were subjected to endless intense coercion, vaguely, they seemed to see a figure sitting on the top of the strongest Demon Mountain of the Demon Race! One thought of it is the world, and it can take them all at a glance

All obliterate.

"Puff puff!"

Several of the demons with lower cultivation bases burned on the spot, flashing with the light of magic flames, screaming one by one.

This is a delusion, the magic power in the body is not stable enough, and Qin Chen's gaze and aura are spurred by Qin Chen's gaze and aura.

In an instant, all the demon souls present felt a sense of being torn apart.

"No, this is my clan's heaven. You can't look at its eye pupils. Otherwise, once our minds are not firm enough, the avenues in our bodies will be drawn and burned immediately. The ashes will be wiped out and go quickly." The overlord leaders of several demons are all big. Roaring, they displayed their demon clan supernatural powers, all kinds of demon auras flickered, and with the clansmen under his command, they never dared to stay in this void anymore, each of them flashed and fled, like

The same tree fell and scattered.

In the blink of an eye, all the demon masters who spied on Qin Chen all disappeared without a trace, like a frightened bird.

After flying by for a long time, these demon masters fled to a safe place, and they stopped until they could barely perceive Qin Chen's breath.

"so close!"

Among them, the masters of the overlord of the demons breathed a sigh of relief, and looked at each other with bitterness in their pupils. "Shari, Moluo, I'm afraid there is no need to continue the fight, right?" A pale, vampire-like demon master said in a deep voice, its eyes are full of ghosts, it is the demon. The demons among the clan Gao

Shouguifeng is also an overlord master with amazing strength.

"At this time, what are you fighting for?"

Nashari and Moluo were also master masters of the Shamozu and Luo Mozu who entered the trial land this time. At this moment, their faces all had a bitter meaning.

Before they fought, they were also fighting for treasures and demon veins, but after seeing Qin Chen's shots before, all thoughts in his heart were ashamed, and they only felt bitter.

In front of that demon-like master, these masters of the Chamo, Demon, and Luo Mo race are not worth mentioning. Before, they were fighting for some small things. Now thinking about it, it is really ridiculous. . "This demon heard that in this experience, at the core of this trial, something against the sky is very likely to appear. It seems to be the inheritance of an ancient demon lord. I am waiting for it to compete for a little demon vein here. It's better to join hands and find that one

If the inheritance of the Lord Demon Lord can really get a little bit of the inheritance of this Lord Demon Lord, I am afraid that I will become the top person in my own race. "

"Inheritance of Demon Lord? Mo Luo, I have also heard the news about you. Indeed, with our strength, searching alone is dangerous, but together, it may not be impossible to get a share."

"Well, Demon Lord inheritance, this is a treasure that even the holy lord of our clan covets. If it can be obtained by us, the future is boundless."

"Walk away!" No one could imagine that these Demon Race Tianjiao, because of Qin Chen's stimulation, would join hands to search for the top inheritance in this monster world.

[Chapter 2993: Holy Lord prohibition](#)

Naturally, Qin Chen didn't know all of this. The magic light appeared on top of his head, turned into a vast ocean, and swept down.

"No, the devilish robbery cloud is coming, Sisi, stay away from me, don't be affected by the devilish robbery."

Qin Chen's figure moved and after plundering all the magic veins, he immediately appeared above a distant magic mountain. As soon as he entered this magic mountain, Qin Chen felt a strong magic power contained in the depths of the magic mountain. Place.

"What a strong devilish energy, and... such a terrifying aura, what is this place?"

Qin Chen was taken aback.

The magic power here was far more terrifying than he thought, and even he was shocked by that power.

And the breath of the Son of God according to God had disappeared under this magic mountain before.

"There is definitely something weird here." Qin Chen's eyes condensed, and then he saw that in the Demon Mountain, a series of weird demon qi surged, these demon qi, as if possessing life, swept towards Qin Chen. Then, it brought Qin Chen a sense of crisis, this devilish energy

, Obviously can pose a threat to Qin Chen.

This made Qin Chen even more shocked. With his current strength, ordinary overlord masters couldn't bring him any harm at all, but the mere devilish energy that escaped could threaten him. How to keep him safe? "Hmph, this magic mountain is too weird. If I read it right, the Son of God has definitely arranged something here. If I rush in, even if I feel confident, there may be danger. Fortunately, there is a robbery cloud on my head. It's better to use

This magic calamity flooded this magic mountain. "Shenzhao Shengzi was a master-level master in the previous life, after all, Qin Chen was confident, but he didn't dare to be careless. With a move in his heart, he suddenly screamed to the sky, and the layers of demonic qi cloud above his head surged and thundered. Countless magic lights are thoroughly felt

After Qin Chen's breath, a brain bombardment came down.

Qin Chen no longer suppressed his breath, and tried his best to arouse Demon Tribulation.

Immediately, the magic mountain community where Qin Chen was located turned into a world of magic light gleaming.

Boom! The attack formed by this devilish cloud is very strange and weird, at least different from the thunder calamity of Tianwu Continent. The rays of the devilish light surging in this devil cloud are waves of magic light and thunder. Shot, thunderbolt, let Chen Si

Sidu felt his heart palpitations, and clenched his fists with some worry.

Chen Sisi even saw that the son of the magic cloud, the magic light condensed into one magic commander, magic soldier, hand-held spear, long knife, wearing magic armor, turning into a skeleton, waving violently, flashing thunder, and shocking the eternal.

If the thunder of heaven is a kind of mighty, ruling, and punishment, then the thunder catastrophe of the magic way is deep, destructive, and extinct.

"This devilish robbery has actually evolved into this."

Chen Sisi's heart clenched suddenly, and suddenly lifted it up.

Boom!

In the next moment, countless Magic Light Thunder and Magic Soldiers and Magic Commanders completely flooded Qin Chen. "This Demon Tribulation is really powerful, but just come on, when Ben Shao was in the realm of King Wu, he was not afraid of the Demon Road and Thunder Tribulation of the Foreign Demon Race. In this demon world today, how can he fear the Demon Road and Tribulation Cloud of the ancient demon world? , The sky will crush me, I will destroy the sky

, If the earth wants to trap me, I will destroy the land. If the gods and demons want to kill me, I will kill the gods and destroy the demons. I, Qin Chen, will control my destiny. "

Qin Chen let out a silent roar in his heart, and in his eyes, two rainbow lights burst into the sky.

Boom! The thunder fell on Qin Chen, and Qin Chen's body was instantly split apart, but Qin Chen was not afraid at all, the immortal sacred body, the ancient body revolved, and while repairing the body, it was actually swallowing The power in this tribulation, he

He actually wanted to use this devil to baptize, experience, and improve himself. Qin Chen's will seemed to have frightened the Demon Tribulation. Suddenly, the Heavenly Lord was furious. Above his head, the Demon Qi Tribulation Cloud spun crazily, emitting a more and more terrifying aura. The next moment, the Demon Light Thunder Tribulation landed like a vast ocean. Down, a moment

The child covers the entire magic mountain.

Zi Zi Zi!

In the magic mountain, the magic light and thunder flickered, wandering, forming a terrifying picture. Qin Chen was smashed and killed by the Demon Light Thunder Tribulation abruptly, and rushed into the Demon Mountain. The weird demon energy that had swept across Qin Chen one after another burst and turned into nothingness. At the same time, Qin Chen saw that in this demon Among the mountains, there was a

All the weird rune prohibitions are resisting the attack of the devilish thunder robbery.

These rune prohibitions are very deep and terrifying, and Qin Chen has a feeling of palpitation. Qin Chen's heart is suddenly shocked. Is this, the Holy Master-level prohibition?

"This Shenzhao Shengzi has indeed deployed special methods here in his previous life."

Qin Chen's heart was stunned, secretly shocked, Holy Master's restraint, this is definitely something that makes his scalp numb when he hears it, no matter how weak the Holy Master's restraint, he can also annihilate the master-level master.

However, Qin Chen could feel that the Holy Lord's prohibition in the Demon Mountain in front of him was very dilapidated. It was not a state of heyday, and it was not an attack prohibition, but a kind of pregnancy or transformation type prohibition.

"What did the Son of God conceive and transform in this demon mountain?" Under the attack of the devilish thunder and robbery, Qin Chen continued to analyze the restrictions on the demon mountain below, secretly calculated and calculated the possibility of cracking, he found, If it weren't for this demonic thunder tribulation, it's not that difficult to find out the restriction easily.

, Even if one is not careful, it will be trapped here.

This is obviously also an arrangement of the Son of God according to the gods, but unfortunately under the devilish cloud, all arrangements have lost their effect, because the thunder robbery comes to the world and everything is destroyed.

"First devour the power of the demon vein, find a way to step into the half-step overlord realm, condense the overlord's aura, and then use the demon calamity to break the demon mountain prohibition, and see what the Shenzhao Shengzi did."

Click! Click! Under the dark thunder light, Qin Chen was broken and fractured, but he didn't care at all. Instead, he began to swallow the Qi of the Heavenly Sage High-Rank Ancient Saint Vein that was bred from the jade plate of the Universe fortune. Are swallowed before the devil tree

The pure power formed in the various demon veins that had swallowed millions of them was continuously refined by Qin Chen in his body at this moment. Suddenly, Qin Chen's originally injured body was quickly repaired. Every cell was shining brightly, shining with the breath of the perfect road, and Qin Chen's eyes became deeper, especially in the devil's thunder and robbery. Under the bombardment,

The body breath is more rounded.

He raised his hand!

Hum!

Actually displayed the Tao of Abyssal Demon. Originally, Qin Chen was the body of the human race. Although his clone was inherited from the Dao of the Abyss, Qin Chen's body was after all human, and he could not deduce the essence of the Dao of the Abyss, nor could he truly evolve the Dao. Body.

[Chapter 2994: Ancient Demon Corpse](#)

But at this moment, Qin Chen felt a sense of transparency in his heart. In his body, the ways of the deep demon were integrated into his body with the help of the devil, but they were not strangely integrated. His body evolved into a demon. This feeling is incredibly magical, just like a person of flame who actually comprehends the way of water, and when he raises his hand, he can perform a current attack. Even its flame body can be transformed into a body similar to water current. The state of

Why not be surprised.

"Good, good!"

Qin Chen clearly realized that the pages of the book of origin in his body were surging rapidly, and many of the pages of the previous book related to the magic way were all gathered together, and actually formed two different civilizations of humans and demons. "Magic way, human way, demon way, all races in the world have their own ways, but these ways are actually small ways, even if you practice to the extreme, they are just ordinary, but in fact, the so-called ways of all races actually have their own ways. Something in common, because heaven

Going down the main road is the way of heaven. "

In Qin Chen's mind, various auras flashed, and he began to comprehend the mystery of heaven.

Hum! His original barren ancient body unexpectedly slowly turned into a pitch-black barren ancient demonic body, and then in an instant, it changed into a human body. The two switch between them, very freely, and let other people spy, and they can't see it. If Qin

While Chen kept his human body, even a master master could not feel the slightest magic energy in Qin Chen's body.

"Sisi, you can also feel the power of this devilish thunder calamity." Qin Chen said to Sisi Transmission. This devilish thunder calamity power is also of great benefit to Sisi, especially the Yuan where Sisi also cultivates. The way of the devil, and has been in the devil, this devilish robbery can make Sisi's temperament more circumstantial, making people unable to distinguish

Distinguish the essence of her practice.

"Come on, come more violently!" Qin Chen yelled, his whole body was consumed and crackled, countless dark thunders continued to fall, blasting Qin Chen with many holes, although Qin Chen had a deeper understanding of the magic way, But this evil spirit cloud also gathered more violently, it seems that Qin Chen

The behavior of Qin Chen was infuriated, and more demon soldiers and demon generals rushed in, even the realm of Qin Chen's heaven and earth would not break apart.

Puff puff!

Qin Chen's whole body was broken and fractured, the wounds on his body, and the internal organs could even be seen, which made his fierce power suddenly reduced a lot.

But Qin Chen didn't worry at all, because his Five Secrets contained world-shattering treasures. As long as this thunder tribulation could not destroy his soul or destroy the five internal organs where his Five Secrets were located, Qin Chen could quickly cure.

The ancient qi revolved and rolled out, those damaged bodies were quickly healed, and a large amount of the power of the holy veins entered Qin Chen's body, causing Qin Chen to return to its heyday in a moment.

In this process, Qin Chen's perception of the power of the overlord and the integration of heaven and earth are rapidly improving. His eyes swept across, and many demon soldiers and generals were smashed and transformed into nourishing demon energy. After entering the body, the soul became deeper and rose rapidly. This demon calamity could not destroy Qin Chen, but rather Brought a huge amount to Qin Chen

Benefits made it easier for Qin Chen to touch the realm of the overlord. Originally, Qin Chen wanted to touch the realm of the overlord, not only had to absorb a large number of holy veins, but also carefully figured out the realm of the overlord, and felt the way of the overlord. Even if Qin Chen killed many monster overlords, they were all monsters. Help and

It's not very big, and it's not as good as Terran Avenue.

However, under this devil's calamity, Qin Chen's avenues for both humans and demons have been astonishingly improved. The breath of countless overlord demons naturally made Qin Chen a more perfect understanding of the domineering realm.

Hum!

When countless sacred veins poured into Qin Chen's body, Qin Chen still showed a perfect state. This is the way of the overlord that appeared, like divine light, shining brightly.

In Qin Chen's body, the overlord's breath began to emerge.

Of course, this does not mean that Qin Chen can become the overlord, but it only means that Qin Chen has grasped a trace of hegemony, and has begun to break through the mid-term peak giant realm, and achieve the half-step overlord.

Even so, it was an extremely huge breakthrough for Qin Chen.

"Okay, okay!" Qin Chen was pleasantly surprised. He didn't expect that his harvest would be so great. This Shenzhao Shengzi would really be his blessing, if it weren't for Shenzhao Shengzi who brought him into this monster. Realm, got so many magic veins, through the ten thousand realms

The magic tree triggered Jieyun, and he wanted to touch the half-step overlord realm, at least it would consume more than ten times the hard work.

"Hohoho!"

Qin Chen yelled up to the sky, he looked up, facing the thunder tribulation, unexpectedly began to swallow the thunder tribulation.

In the jade disc of good fortune of the universe, the breath of the astonishing sacred veins is constantly emerging, and the power and thunder are blended with each other, constantly tempering the law of the hegemon in the body, and it is to be transformed into the immortal Daoguang of the hegemon.

Just when Qin Chen enjoyed this endless thunder robbery. Suddenly, with a bang, the prohibition rune on the weird demon mountain finally couldn't withstand the bombardment of the devilish robbery cloud, and suddenly burst, the entire demon mountain, bursting apart, and directly in the demon mountain below. A dark cave

"Huh? It's the magic cave again?"

Qin Chen looked at it intently, and felt the devilish energy in this devil cave, and an aura that made him jealous suddenly escaped.

"The breath of the demon saint master."

Qin Chen's face changed. He was very familiar with the aura escaping from this cave. It was similar to the aura of the Yama Demon Lord in the Yama Secret Realm. It was the power of the Demon Race Holy Lord.

Could it be that there is a demon saint master in the demon cave under the demon mountain?

At this moment, Qin Chen even had the urge to turn around and run away.

wrong.

At the next moment, Qin Chen's eyes flashed, if there is really a demon saint master in this demon world, what else is there to experience? It had already broken out of the devil and swallowed all the warriors who had entered the land of trials in the heavens.

Could it be the body of the demon saint master? Qin Chen's figure shook, swish, and directly engulfed Infinite Thunder into this devil's cave, and then he saw that under this devil's cave, there was an ancient large formation, in which a terrifying demon corpse was lying. There, it exudes shocking

The breath of, and above the eyebrows of the demon saint master's head, a simple mirror floats, exuding the power of faith, and slowly blends into the eyebrows of the demon saint master's corpse.

Qin Chen was shocked suddenly, this godzhao saint son was actually taking away this ancient demon corpse. No, this ancient demon corpse has obviously fallen for tens of thousands of years, and the quaint aura is exuded all over his body, and the Son of God is resurrecting with the corpse.

[Chapter 2995: Resurrection of the Lord](#)

However, how could a human being, the godzhao saint son, be able to use the corpse of the demon saint master to resurrect?

First of all, the structure of the human race and the demon race is different, not to mention that this is the corpse of a demon saint master, no matter how strong the soul of the gods is, it is impossible to spur the body of a saint master.

Secondly, it has never been said that the human race can seize the demons.

"No, maybe I will break through in the future and practice the Celestial Soul Forbidden Technique to the extreme. You may not be able to seize the body of the demon, but it is impossible to say that in the realm of the overlord, you will seize the body of the holy master of the demon race. paradox."

A strong curiosity emerged in Qin Chen's heart. His gaze swiftly passed over the entire array, and as expected, he discovered the clues, which turned out to be two large arrays. Under this ancient demon corpse, there is actually a big formation. In that big formation, there is actually the body of a strong

human being. The body is broken. Obviously, he was violently attacked before he died, but his face was not damaged. Too much, and the gods

The appearance of the Son is very similar, it is simply carved out of a mold.

"This is... the past life of the Son of God, and the seventy-eighth leader of God in the mirror?"

Qin Chen was taken aback.

There are actually two holy master-class bodies here. The divine mirror floats above the ancient demon corpse, releasing the power of Taoism. At the same time, when the power of faith is integrated into the body of the ancient demon corpse, it also blends into the corpse of the previous life of the divine master below. Make two sides

It became resonance.

What is God according to the Son? Do you want to resurrect your past life? Qin Chen was completely puzzled. He looked closely and was even more shocked. At first, he really thought that the purpose of God's image of the Son was to seize the ancient demon corpse, use the demon corpse of the Holy Lord to resurrect his previous life body and occupy his previous life. Body, but

The more I watched, the more things went wrong, and in the end, Qin Chen took a breath, and he finally understood. These two large formations are the mother-child nourishment formation. God shines on the body of the leader, which is the son, and the body of the ancient demon corpse is the mother. The purpose of God shines on the son is not to resurrect one's previous life, but to use The main body of one's own previous life

Body, to nourish the ancient demon corpse, try to occupy the ancient demon corpse, and become a master of the demon race.

No, the big formation here has been arranged for countless tens of thousands of years, that is to say, the formation here can't be arranged by the God according to the Son at all, but the God according to the previous life of the Seventy-eighth leader.

"hiss!"

When this thought came up, Qin Chen couldn't help but feel his scalp numb, and his whole body instantly became cold.

Ruthless, simply too ruthless.

The seventy-eighth leader of Shenzhao was extremely cruel. If Qin Chen didn't guess wrong, the previous life of Shengzhao Son, the seventy-eighth leader of Shenzhao, had fallen into this ancient monster world. So far, Qin Chen does not know why the opponent fell and who was beheaded, but it can be seen that before the fall, after knowing that he was going to die, Qin Chen found the corpse of a powerful demon master. , Place this letter

Nourish the big formation, then open the big formation, let your body after death become a sacrifice to nourish this ancient demon corpse, and maintain the aura of the holy master of this ancient demon corpse.

In addition, the **** of the gods used reincarnation methods to reincarnate a trace of true spirit and become the son of gods of the gods, and then at a certain moment, he returned to the monster world, borrowed the ancient demon corpse to resurrect, and resurrected himself. Even in order to prevent his reincarnated person from being unable to find his physical body, he also set up a large array of holy veins in the ruins of the trial land, and stored the divine mirror, a treasure of the holy master, so that the opponent has enough Strength,

Come here and really revive yourself.

This chain of links is cruel and unparalleled.

Especially using one's own body to sacrifice the demon corpse of the Demon Race, this method alone is not something ordinary people can do. "This demon corpse definitely has a big background. Otherwise, the **** according to the leader will not be willing to sacrifice himself and let the future generations seize the devil corpse, because once the seizure is successful, then the **** according to the leader will still be human, but in reality Up has changed

For the Demon Race, after combining with the Demon Race's body, his soul will also be assimilated, and eventually, it will be completely transformed into a state of human beings and demons. People are not humans, and demons are not demons. "

Qin Chen's heart was very clear. If there were not enough benefits, the gods and teachers of the previous life would never do such cruel things.

"You can't let this Shenzhao Shengzi succeed." Qin Chen felt completely horrified. No matter what the other party's purpose is and what internal circumstances, he must not let the other party succeed. Otherwise, with the help of the ancient demon corpse resurrected Shenzhao Shengzi, it is enough to be here. The place of trial is invincible, anyone can become

The souls of his men.

"kill!"

Qin Chen rushed to kill with the boundless demon energy thunder robbery.

Rumble! The infinite demon qi heaven fell, frantically bombarding the ancient demon corpse below and the large formation where the demon corpse was located. Suddenly, the magic mirror shook violently, causing strong fluctuations, and Qin Chen held the mysterious rust sword, urging it. Overlord in the body

The breath, facing the divine mirror below, abruptly cut down.

Desperate to destroy the other party's plan.

Hum!

At this moment, two pairs of pupils appeared on the divine mirror below, suddenly opened, and a vast force swept out.

Qin Chen cried out secretly: "Not good!" Because he felt that at the moment of slashing, a mysterious power suddenly descended and poured into the mirror of the gods. The breath of God's mirror is no longer the immature breath of God's Son, but has become

A big man, one can be proud of the world, overlooking the existence of the common people.

In the mirror of Shenzhao, the Son of Shenzhao made a rolling voice: "Qin Chen? I know that your original name is Qin Chen. I actually want to ruin this seat's countless years of plans. It's just looking for death."

This voice is not from God to the Son of God.

Rather, it came from the emptiness, a powerful existence, and this powerful existence is undoubtedly the legendary Godzhao Guru.

Qin Chen's heart was already shocked, because in an instant, the power that bloomed from the gods' teachings became more and more terrifying and incredibly powerful. It was actually trying to suppress all the thunder calamity on the sky and crush Qin Chen's body. The power in the destruction.

If the opponent's power were allowed to erupt completely, with this sword, Qin Chen might not have killed the Son of God, but would be beheaded by the opponent instead.

"Hmph, it's just an old thing that has been dead for an unknown number of years. It will die when it dies. I want to be a demon and suppress this young man!"

Qin Chen's gaze also became fierce. How many things has he experienced all the way from the Tianwu Continent to the heaven? In the Black Death Swamp, when he was extremely weak, he was once occupied by the demon master of the alien demon race. In the forbidden land, he also saw the scene of the two great holy masters fighting for the time secret realm. As for the Yama secret realm, it is even more so. I have seen the ancient Yama Lord

Remnant soul.

He came all the way, relying not on luck, but on strength.

"Cut!" Qin Chen went crazy, urging the mysterious Rust Sword, and in his body, the origin supernatural power surged, and the half-step overlord's power condensed into a single point, and released it against the divine mirror below. Destroying sword energy beheaded.

[Chapter 2996: Retreat is death](#)

"Huh? This is the power of the half-step overlord, but why is it so powerful? What kind of magical powers are in your body? Unfortunately, no matter what magical powers are, ants are ants. Dadao is not used in this way. Let me teach You, Qin Chen!"

Hum! On the mirror of the gods, the lingering power of the vastness rushed out again, and a towering figure began to appear in the sky of the mirror of the gods. terrible

Breath.

Boom!

The two forces collided in the void, and a devastating storm broke out immediately.

Puff puff!

Qin Chen's body suddenly split, and the ancient body couldn't resist this power of faith. A vast power of faith penetrated into Qin Chen's body, crushing Qin Chen's body.

Hum!

When that power of faith was about to pour into Qin Chen's body and was about to destroy Qin Chen's body, finally, in Qin Chen's body, an aura of holy lord treasure rose up, which was the hall of life and death of the holy lord Yama.

when!

The Demon Palace of Life and Death was subjected to this force, emitting magic light, resisting this force of faith, and the sky-repairing hammer also surged, covering the heavens, making all the power disappear and invisible.

"Well, in your body, there is the breath of the treasure of the Holy Master. What kind of treasure is this that can actually withstand my attack?"

There was a surprise in the voice of the Master Shenzhao, but there was not much shock, because no matter what was in Qin Chen's body, he still couldn't change the ending of being beheaded by him.

"Book of Origin, Mysterious Rust Sword."

Qin Chen took a blow abruptly, without changing his face, the mysterious rust sword abruptly cut down.

"what!"

When the mysterious rust sword slashed into the Shenzhao Mirror, a screaming scream resounded. Above the Shenzhao Mirror, the phantom manifested by the Shenzhao Master suddenly trembled and suffered a huge blow.

"Can you actually hurt the will of this leader?"

Guru Shenzhao's voice was full of horror. He did not expect that Qin Chen could directly attack him. Under the mysterious rust sword, Guru Shenzhao had a severe headache, and the remaining power of will trembled, feeling like he was about to collapse.

"not good!"

His heart was immediately shocked, no longer the arrogance and arrogance he had before, there was still panic in his expression, and the divine mirror flashed, and he was about to sink into the body of the ancient demon corpse.

"If you want to run, how can it be so simple, leave it to me."

Qin Chen's figure flickered, engulfing the attack of Lei Jie, a breath of the Devil Tree of Ten Thousand Worlds permeated from the jade disc of good fortune.

"what!"

Suddenly, the leader of Shenzhao again screamed that the Demon Tree of the Ten Thousand Realms was enough to suppress the Eternal Demon Path, and immediately blocked the will of the Lord of the Shenzhao, preventing him from entering the body of the ancient demon corpse.

"The gods come, shining on the past and the present!"

Shenzhao Guru yelled, and the terrifying will formed a storm, which exploded abruptly, violently agitating the aura that Qin Chen had displayed, and at the same time, he was about to urge Shenzhao Mirror to rush towards the corpse of his previous life.

The power of the Demon Tree of the Ten Thousand Worlds had already blocked the ancient demon corpse. From his holy master's perception, he clearly felt that if he insisted on entering the ancient demon corpse, what he would bring to him would definitely be an end of destruction.

Therefore, he can only turn to the second place, enter his broken body in his previous life, recover the body first, and then fight Qin Chen, otherwise, without a physical body, even if he can push Shenzhaojing, he will not be Qin Chen's opponent. . At this time, his heart was full of horror and disbelief. How could he not dare to imagine that even if he was a dignified Holy Lord, even if he had fallen for countless tens of thousands of years, there was only a remnant soul and aura, but how could it be one and a half? Step overlord is not right

hand?

"Time magic!"

Qin Chen saw the divine mirror shake and was about to enter the dilapidated body of the divine master, his face changed, and he directly displayed the magical powers of time. In an instant, the time between heaven and earth stagnated, as if stuck in stagnation.

"Cut!" Then, Qin Chen slashed down with a sword, and even, he secretly instilled a force of power into the mysterious rust sword. The mysterious rust sword suddenly showed an endless aura of coldness, and the whole magic cave seemed to have entered eighteen in an instant. The layers of purgatory are filled with cold

Meaning.

The Holy Master's Will, how dare Qin Chen be careless, as soon as he came up, he displayed the top ultimate move.

"not good!"

When the spirit of the master of God according to the spirit was stagnating, he felt something wrong, and looked at Qin Chen in anger, time supernatural power, this kid actually mastered time supernatural power, how could there be such a perverted person in this world.

When he came back to his senses, the mysterious rust sword had already fallen on the mirror of the gods.

"what!"

There was a screaming scream from the master of Shenzhao, and at the crisis, he finally woke up and directly aroused the ultimate power in the mirror of Shenzhao.

"God shines forever!"

boom!

Shenzhao Jing burst out with a dazzling light and shook Qin Chen flying out, and then Qin Chen saw that an extremely broken soul flashed out from the Shenzhao Jing and quickly entered the broken body of the master of Shenzhao. in.

"not good."

Qin Chen was shocked immediately. The next moment, he saw the body of the god-zhao master who had been dead for years, and he suddenly opened his eyes, and a breath of the holy master spread out.

"Qin Chen, now it is the master's turn to take action."

The rumbling roar sounded through the world, Qin Chen only felt that his scalp was numb, and the holy lord, a holy lord was resurrected. "Damn, I used the Devil Tree of the Ten Thousand Worlds to block the ancient demon corpse, and used the mysterious rust sword to destroy the opponent's will. I didn't expect the opponent to escape Ben Shao's assassination, and entered the body of the previous life. One time

Alive, could it be that the master of the saint is so terrible? Just a remnant soul can make Ben Shao helpless? "

Qin Chen was frightened, but the fighting spirit in his mind became more and more vigorous. He knew that at this time, he could only advance, not retreat.

Retreat is death!

Qin Chen didn't retreat but moved forward, roaring, and slammed to the leader of Shenzhao.

"Boy, die for me."

The gaze of the **** of the gods was cold, and the aura of the holy master bloomed, like a **** or devil, his broken big hand protruded directly and grabbed Qin Chen.

Suddenly, the avenues of the demon world seemed to oscillate. This is the Holy Lord's Way of Heaven, unmatched. The Holy Master is truly a top master who has mastered the ultimate Dao. On the understanding of the Dao, a Holy Master is stronger than hundreds of overlords. The same law, power, and the Holy Master's actions can destroy the world. Ten times the overlord, a hundred times no

only. Between the shots of the gods and the masters, the main road resonates, and the words are free, as if they have become the master of this world.

[Chapter 2997: Self-destructed saint treasure](#)

"kill!"

Qin Chen roared, and moved his whole body, splitting the sky divine mark, time supernatural power, origin supernatural power, and destroying sword intent. They all displayed them together. Moreover, the ancient extreme divine way also operated, as if the same desolate **** descended to the world, cut out with one sword, and fought hard with the **** of the gods. One note.

Immediately, the two forces collided with each other, and Qin Chen's body poured into a supreme pressure containing the highest artistic conception, rushing across his body, the body of the ancient body creaked.

However, what surprised Qin Chen was that this Shenzhao leader's blow was amazing, but its power was much weaker than he thought.

Puff!

What surprised Qin Chen even more was that the sky-reaching sword qi evolved from the mysterious Rust Sword smashed into the palm of the Master Shenzhao.

"Ah!" I heard a scream, the three fingers of the godzhao guru flew out, and then there was the corrupt and dark blood. The palm of the godzhao guru was directly cut off by Qin Chen's sword. Fingers and mysterious rusty sword

The cold force suddenly poured into the body of the **** of the gods and brought strong damage to his remnant soul again.

I saw the master of Shenzhao clutching his right hand in pain, looking at Qin Chen like a snake and scorpion, his eyes were inexplicably frightened, but also frightened and doubtful.

"Why is the strength of this godzhao leader so weak?"

Qin Chen was also stunned. The Shenzhao leader gave him the feeling that he was not like a master of the Holy Master level, not even a semi-sage, but a master master of the peak of the late Heavenly Saint.

Qin Chen's own strength was already considered upstream among the overlords, and coupled with the full use of various means, as well as the power of the Demon Qi Thunder Tribulation and the Ten Thousand Realm Demon Tree, immediately suppressed the **** master and cut him off. Of three fingers.

With a sword, cut off the three fingers of a holy master master, if this is replaced by an ordinary half-step master master, it can blow for a lifetime.

"I understand!" At this moment, Qin Chen's eyes flashed, and he understood in an instant that the reason why the **** of the gods is so weak is not unreasonable. The **** of the gods at this moment is just a remnant soul, far from the peak state, the only one Strong is right

Above the understanding of heaven. But simple comprehension is useless at all. The root of all the saints is the soul and the origin. This **** has sentiment, but the soul has been seriously injured under the attack of the mysterious rust sword. The most sad thing is his Holy Lord's body, countless

For thousands of years, he has been nourishing this ancient demon corpse, causing his body to have already lost the strength of the Holy Master level.

All combined, leaving Shenzhao Guru only the strength of the peak overlord in the late stage of Tiansheng, even weaker.

"God according to the teacher, even if you are the Holy Lord, but it is already in the past tense, in front of this young master, you are not qualified to be rampant."

Qin Chen stepped in the void, his confidence greatly increased, and he reached the front of the master of Shenzhao, another sword, between this sword, murderous intent was so high that it enveloped the master of Shenzhao.

In addition, Qin Chen once again used the magical powers of time, and blocked the world with the breath of the Demon Tree of Ten Thousand Worlds, trapping the gods and masters here.

"Damn it!"

The face of the god-zhao master immediately became savage, and the infinite aura of the holy master burst out of his body, and he snapped at the god-zhao mirror.

"The gods shine in the mirror, the gods shine."

All of his power was integrated into the God Mirror, and all the power in the God Mirror was shot out suddenly. "Damn, Qin Chen, this leader has to admit that you are the only one who has calculated this leader, but unfortunately, if it were not for the loss of the leader's physical cultivation, how could the leader be afraid of you? You wait and wait for the leader to re-train Unleash the power of the Holy Lord, restore the soul

, This leader will kill you completely, you are waiting. "

In an instant, the leader of Shenzhao smashed through Qin Chen's blockade, his figure twisted and flashed, and he retreated into the void. He actually stopped fighting Qin Chen and fled directly.

"Where to go!"

Qin Chen urged the Demon Tree of the Ten Thousand Realms, and the sky filled the black vines, which immediately wrapped the past. At the same time, the magical powers of time worked, and time was about to freeze.

However, the power of faith filled with the master of Shenzhao before a shock, Qin Chen's time magical powers could not freeze his body, and the sky full of vines swept past his body.

"what!"

The **** of the gods screamed, and his body burst into blood mist, penetrated by the magic tree of the world, but at a critical moment, he burned his soul of the Holy Lord, and under the coercive will of the Holy Lord, he was all of a sudden. Break free and rush into nothingness.

"Charm!" Suddenly, a loud shout sounded, and the master of Shenzhao saw that between the heavens and the earth, a black nine-tailed fairy fox appeared, full of charm, and a **** who was seriously injured. Mind fluctuates immediately, to be charmed

.

It was Chen Sisi, who displayed the natural charm at the most critical moment.

However, Shenzhao's soul is at the level of the Holy Master. Even if it's just a remnant soul, Sisi can't be completely charmed. He roared, spit out blood again, burned all over, sacrificed the remaining power, and disappeared into the void under a shock. .

"chase!"

Qin Chen's face was ugly, and he was about to rise to the sky, chasing after him.

"God shines in the mirror, burst!"

But in the dark, a roar resounded, and it was the **** of the gods, who, in order to escape for himself, instantly detonated his natal treasure gods mirror.

Hum!

Qin Chen felt the divine mirror next to him, suddenly emitting a dazzling light, a vast force that would explode completely when it swelled.

"not good!"

Qin Chen was shocked. The **** of the gods was too ruthless. In order to escape, he was willing to explode his own destiny saint master's treasure at any cost. This method was harsh and unprecedented.

If this divine mirror was allowed to explode, the lethality produced when a holy master's treasure blew up could definitely severely wound Qin Chen, and even caused Sisi to fall here.

"The origin of time!" At the critical moment, Qin Chen urged the origin of time abruptly. In his mind, the power of time was born. This was far more terrifying than Qin Chen's previous magical powers of time, causing the explosion of the magic mirror. The ground was suffocated, and even the Holy Lord's treasure blew up.

Can affect.

At the moment of influence, Qin Chen had already urged the Devil Tree of Ten Thousand Realms, wrapped the divine mirror all at once, and then slammed into the jade disc of Universe Good Fortune.

"Suppress, obliterate!" In the universe of good fortune jade disc, the power of the years flowed, Qin Chen took advantage of the moment before Shenzhaojing exploded, and suddenly suppressed the breath of Shenzhaojing, and the master of Shenzhao also detonated in order to detonate Shenzhaojing. Qin Chen took advantage of his own soul

Opportunity, directly imprinted his soul into it, and stabilized the mirror.

Hum!

A simple and simple ancient mirror floats quietly in the jade dish suspended from the universe.

Boom!

At this time, the Demon Qi Lei Jie finally lost the sense of the Ten Thousand Realms Demon Tree, knowing that Qin Chen could do nothing, slowly dissipating, and completely disappeared.

"Dust, are you all right?" Sisi flew over and said nervously, with shock in his eyes!

[Chapter 2998: Really high](#)

"I'm okay." Qin Chen waved his hand and looked at Sisi with a smile: "Sisi, are you okay?"

"I'm okay." Sisi breathed a sigh of relief, feeling the power of the half-step overlord on Qin Chen's body, a little palpitated, and sighed: "Unfortunately, let the **** of the gods escape." "That's fine, then. The **** of the gods is now a dog of the mourning family. Originally, this man made such a conspiracy to seize this ancient demon corpse. Who knows that it will be destroyed by us in the end and can only return to the broken body of his previous life, his

In order to nourish this ancient demon corpse, the flesh had already lost the power of the Holy Master, and even if it escaped, it would not be able to set off many waves. "

Qin Chen said calmly, his eyes flickering and his mind was clear. "Although that is said, the Godzhao Shengzi knows some of your secrets. If he announces it, you will still be in danger." Chen Sisi's eyes flashed with cold light: "So this person must die. I stayed on this person before. There was a breath,

This person can be tracked at that time. ""Oh? You also left behind?" Qin Chen laughed: "Actually, I also left behind. When I wounded this person just now, I had already obtained a drop of his soul blood. I can use various methods to calculate his position in the future. of

Everything can be said to be under my control. "A drop of black blood floated out of Qin Chen's hand, exuding the aura of soul light. It was the soul blood of the **** of the gods. He threw this soul blood into the magic tree of the ten thousand worlds in the jade plate of the universe. Secretly evolved and calculated, suddenly that god

According to the trace and figure of the leader, Qin Chen began to present in Qin Chen's mind, the trace of the other party was completely controlled by Qin Chen.

Sisi saw it, and couldn't help being taken aback. Beautiful eyes gleamed again and again: "Did you deliberately let him escape?" "It doesn't count deliberately, it's just a matter of judging the situation." Qin Chen smiled slightly and his eyes flashed: "If I used all kinds of methods to keep him at least 80% or more, but letting him go also has the advantage of letting him go, think about it

Look, there are many treasures in the entire celestial trial place. This person fell here in his previous life. He must know many secrets here. Now he is seriously injured and his plan is destroyed by us. What do you think he will do when he escapes? "

Sisi understood in an instant: "You mean he will look for treasures that can restore him for the first time? Or, to go to the top inheritance site in this heavenly trial site?" Qin Chen said, she immediately She understood Qin Chen's intentions, and she couldn't help being very excited. If she said that, she could fully understand that there are many treasures in the place of trials in the heavens. After all, they are not familiar with this place.

Li absolutely understands that as long as you follow the gods and masters, you can easily find the top inheritance here.

High, this trick is really high. "This is just one of my purposes. In addition to this, the God according to the teacher laid out such an amazing plan here. I suspect that there is a hidden secret in it that we don't know. With his cultivation base, there is no need to take away a demon. Lord's body, he

What you do must have another purpose. "

Qin Chen squinted his eyes and said solemnly, "As long as we follow him in secret, we will naturally know what his purpose is."

"Sure enough, my husband is the most powerful." Chen Sisi's face was ruddy, leaning into Qin Chen's arms, only feeling full of admiration for Qin Chen.

"Then, do we want to catch up right now?" Sisi raised his head, on the beautiful face, two big eyes of Shulingling looked at Qin Chen pleasantly, breathing in the masculine breath of Qin Chen, a kind of Ren Qin The meaning of dust picking. "You naughty ghost." Qin Chen squeezed Sisi's Qiong nose and laughed: "Don't worry, the **** master can't escape, but you, after the **** master leaves, it will be the nine holy veins. The big formation stays, you can swallow this holy vein

The big formation, directly breaking through the realm of the overlord, I also want to study this ancient demon corpse carefully, refining the mirror. "Qin Chen looked at Sisi. The aura in Sisi's body had reached a critical point. When the devil qi thunder tribulation came before, Sisi was also in the devil qi thunder tribulation, but at the edge. Jie while transforming Qin Chen's body,

It is also helping Sisi to consolidate his body's cultivation base. At this time, Sisi has already touched the threshold of the overlord realm, and can condense the light of the great road.

If Sisi can break through the realm of overlord, it will also be of great benefit to Qin Chen's plundering of many treasures in this monster world.

At least Sisi's charm technique would sink even the pinnacle overlord, almost similar to the rough version of time magic.

"Break through the overlord?" Sisi pondered for a while and said: "It is okay, but at least seven or eight Heavenly Sage high-grade ancient sacred veins are needed. With these sacred veins, it is better to let you swallow it, so that it can also allow you to cultivate. To be more consolidated."

"It doesn't have to be." Qin Chen shook his head, "Even if I swallowed this saint vein formation, I am still just a half-step overlord. I feel that if I want to break through the overlord realm, I can't swallow a few high-grade heavenly veins. , Need to get more insights and gains, down

Since you can break through, don't waste time. As for your Abyssal Demon Avenue, you can gradually improve after the breakthrough. "

"I also have some insights about Abyssal Demon Dao here, but I can exchange it a bit." Qin Chen pointed out as soon as the voice fell, his understanding of Demon Dao penetrated Sisi's body immediately, and Sisi's body surged. The magic light, the breath could no longer be suppressed, the whole body began to tremble, and the top of the head actually began to shape

Become a robbery cloud.

"Ok?"

Qin Chen raised his head, Sisi broke through the realm of the overlord, would it actually cause a cloud of robbery?

He was puzzled at first, and then immediately understood, and immediately revealed the color of surprise. "I understand, this is what you were in my devilish robbery cloud before, and you were felt by the heavenly way of the demon world. You are a human race, but you have got the inheritance of the demon race. You can be called a different kind. Enter the Tao with demons, in the world of demons

Under Dao perception, you have the possibility of threatening the demon world. Dao is ruthless. It can't distinguish good and evil. It can only tell whether it is repelling from your Dao, so it will come down.

"That's good. If you can resist the robbery cloud, then you will be like me. The abyssal demon avenue in your body will be completely integrated with your physical body. At that time, as long as you are willing, you can completely complete your abyssal demon avenue. Hidden, even the pinnacle of the human race

The Holy Lord also never wanted to pry out your fiction. "

Boom!

As Qin Chen spoke, he suddenly picked up the sacred vein array composed of the nine Heavenly Sage high-grade ancient sacred veins, directly forming a magnificent array of light, enclosing Sisi in it.

"Dust!" Sisi felt the birth of Jieyun, and shouted.

[Chapter 2999: Various temperaments](#)

"It's okay, with me, that devilish cloud can't hurt you at all. You can just absorb the energy of the holy vein, break through the realm of the overlord, and then under the devil, consolidate the cultivation base and become the supreme overlord."

Qin Chen yelled fiercely, drank it in a head-on-head, as if it were inspiring.

Sisi immediately sat cross-legged in the air, with a solemn expression, facing the heavenly calamity in the air, accumulating strength and preparing to fight. After half a column of incense, when Sisi condensed the power in the body to the extreme, Jieyun really began to become rich, the thick black magic light poured down like a vast ocean, and many magic soldiers and generals evolved in it. ,

Bombard on Zhusisi.

The momentum of this devilish robbery cloud was slightly weaker than that of Qin Chen before, but it was also incredibly strong. With the devil's light extinguished, it was enough to kill ordinary overlord masters.

"Sisi entered the sacred by the Abyssal Demon Avenue, and the calamity she suffered was much worse than that of ordinary overlords. Those Demon Light Thunders can kill an ordinary overlord with every blow. If they are replaced by Wei Siqing and the others, it is absolutely impossible to resist. ."

Qin Chen watched Sisi in the sky confront Demon Light Thunder.

I was struck by lightning just now, but now Sisi was struck by lightning.

The terrifying magic light thunder bombarded Sisi's body, and immediately split Sisi's body apart, and his robes were scattered, becoming more ambiguous. Qin Chen did not make a move. As long as Sisi does not encounter life and death danger, he will not make a move. Only after he has survived the thunder can he gain more insights. Moreover, Sisi has already experienced his magic light thunder before. Thunder, it should not be so

Fall easily.

Sure enough, Sisi gritted her teeth, and the whole body of the Abyssal Demon Avenue was running, and she could still maintain her composure, facing the Demon Light Thunder, she showed a lot of spring light, and under the Demon Light Thunder, she still maintained a perfect appearance.

No way, in front of his beloved man, how can he show embarrassment. Sisi lingered around the magic light, swallowing the power of the Saint Vein formation, and at the same time confronted the magic light and thunder robbery, handy. After a while, the catastrophe changed and became more violent. Thunder soldiers and thunder generals appeared everywhere, even more than Qin Chen's demonic energy is weak

Not much.

"Tonic the air!"

Once Sisi is a little bit unable to hold on, Qin Chen will enter a sky-filling qi, and Sisi's body will be immediately purified. With Qin Chen's support, no matter how fierce Thunder Tribulation is, it will not be able to harm her origin. .

Three hours have passed, above the origin within Sisi's body, the light of the Great Dao began to emerge, and it began to transform to the overlord Shengyuan. This is a comparison. Although Qin Chen failed to break through the realm of the overlord, his overlord origin is already very terrifying, much stronger than the average overlord. If the light of other overlords is the stars, Qin Chen's

Once the light of the great road is formed, it will be the scorching sun, and the light of the great road of Sisi will be the bright moon. In the thunder light, the strength in Sisi's body increased rapidly, and the breath of the nine heavenly saints high-grade ancient sacred veins all poured into Sisi's body, with a thunder, finally, a divine rainbow burst out of Sisi's eyes. , A breath of dominance

, Completely swept out of her body.

Hush! The devilish thunder robbery in the sky also realized that Sisi could not help but finally dissipated slowly. Sisi passed through the heavens, and the whole body of Saint Yuan was condensed into the power of hegemony, and a smile appeared on his face. Between Gu and Pan, the bright eyes glowed Become more dazzling

.

"Dust, am I beautiful?"

Sisi's ragged clothes fell from the sky, and his body was full of divine light. In that divine light, there was even more dark magic light flashing. The combination of the two, like the combination of the devil and the angel, is incomparable. Strong shock.

"Sisi, are you okay?"

Qin Chen hugged Sisi in a hurry, and suddenly a soft body lay in Qin Chen's arms, extremely soft, soft as if boneless.

If any man sees Sisi at this moment, he will definitely be fascinated by Sisi.

This charm, sacred temperament, is enough to drive any man crazy.

Qin Chen was about to put Sisi down, Ke Sisi suddenly muttered softly and became weaker, as if she could not stand up. She lay in Qin Chen's arms, curled up with her white skin, her hands wrapped around Qin Chen's neck, Exhale as blue.

"Is there something backlash for Sisi?" Qin Chen's face became serious. Sisi's delicate appearance is too weird, but it's not right. He perceives Sisi's body, and Sisi's body contains an astonishing overlord. Strength, there is no meaning of weakness at all, but in the heyday status.

"Sisi, what's the matter with you? Is there anything uncomfortable?"

Qin Chen became nervous.

"you....."

Thinking anxiously, speechless, he just wanted to lie in Qin Chen's arms and act like a baby, and this wood actually didn't understand at all.

"I'm fine." Seeing Qin Chen's nervousness, Sisi reluctantly got up again, and hurriedly stood up. The storage ring flashed, she had put on a new robe to cover the leaked spring light. The charm of human beings also disappeared completely, becoming

Very holy.

"It's okay, it scares me a lot."

Qin Chen breathed a sigh of relief, he thought something happened to Sisi when he broke through.

"What can I do, Chen, do you like me like this? Or do you like me in another way?" Sisi's voice fell, and the sacred breath on his body faded, and his eyes immediately became dark, and the magic light surged from one to the other. The sacred fairy suddenly turned into an evil witch. The terrifying road of the demons was enough to deter the demons.

Overlord master.

Suddenly, Sisi was like a different person.

She looked at Qin Chen with a smile, and said, "Or, do you prefer me to another appearance?"

After the words fell, Sisi's temperament changed again, becoming charming, the shy look in his eyes, the charm of his whole body, even Qin Chen's Dao Heart fluctuated a bit, and he was about to fall into it.

Hiss, this is simply a witch.

"No matter what your temperament, I like it." Qin Chen smiled helplessly.

"I like them all?" Sisi said with a bright light in his eyes, and said with a grin: "Well then, when I am with you, what you like will become what I will become."

Qin Chen was speechless.

Seeing Qin Chen's speechless appearance, Sisi couldn't help but giggled. He only thought that Qin Chen was very funny. Of course, if Qin Chen wanted her to change her temperament, she would be very happy and meet all Qin Chen's requirements. Qin Chen looked at Sisi and said with a smile: "This time, thanks to the Son of God, who brought us here, and was suppressed by the Great Dao of the Demon Realm, Lei Jie was attracted. Now Si Si is the Abyss Demon in your body. The way can be completely hidden, even if it is holy

The Lord can't see it before you. "The thinking at this moment is extremely sacred, and it is impossible for anyone to see that she is actually a master of cultivating the magic way.

[Chapter 3000: Guardian mountain](#)

Qin Chen completely relaxed, and then came to the ancient demon corpse, ready to collect the ancient demon corpse. Although this ancient demon corpse has been dead for countless tens of thousands of years, but after so many years of nourishment, the aura on his body is still very terrifying, whether it is much more terrifying than the former Lord Yama or the former God Lord, Qin Dust only

Just approaching, I felt a strong shock.

This demon corpse, blue-faced fangs, lying here like a demon god, a very evil, full of evil aura radiated from its body.

Moreover, it has a strong seal aura on its body. Qin Chen was secretly surprised. Fortunately, he arrived in time before. The master of Shenzhao did not seize the ancient demon corpse in time. If he succeeds in seizing the corpse, then it will be really troublesome. Such a demon corpse still has a holy master level. Breath, even the weakest saint

Lord, it is not what Qin Chen can resist now.

By that time, the result was really hard to tell.

But now, this ancient demon corpse is cheaper than Qin Chen.

"Give me!"

Qin Chen screamed and prepared to put this ancient demon corpse on the jade plate of heaven and earth. Although he did not know why the **** of the gods had to seize this demon corpse, he believed that he would be able to find it if he gave him time. answer.

It's just that Qin Chen just urged the universe to make a jade disc, but his face changed, because the ancient demon corpse could not be collected.

Inside this ancient demon corpse, there was an astonishing aura, even after death, it could resist the ingestion of space treasures.

What is the origin of this ancient demon corpse? Qin Chen's face changed, but he didn't have any worries. Instead, he once again ingested the body of this ancient demon corpse. This time, when Qin Chen urged the universe to make the jade disc, he also urged the universe to make jade. The magic tree of the world in the dish,

Suddenly, the pitch-black tentacles came out and suddenly wrapped the ancient demon corpse. The next moment, the ancient demon corpse was already pulled into the jade disc, and the cave was immediately empty.

Qin Chen breathed a sigh of relief. As expected, the Demon Tree of Ten Thousand Realms was powerful, the most precious treasure of the Demon Race, capable of suppressing all the power of the Demon Race.

"Go, let's take a look again, are there any treasures in this magic cave?"

Qin Chen shook Chen Sisi's figure and swept into the depths of the magic cave.

It's a pity that in these caves, there is no longer any monster, nor a evil spirit vein, empty, only some broken restrictions.

"Let's go! Don't let the **** of the gods get lost."

After sweeping the devil's cave, Qin Chen and Chen Sisi stood up, and Qin Chen calculated that the breath of the **** of the gods immediately appeared in his perception.

"Ok?"

Qin Chen was startled, his brows frowned. The place where the gods and masters went was not in the depths of the demon world, but was rushing to the periphery of the demon world.

What is he going to do?

Originally in Qin Chen's expectation, the master Shenzhao knew very well about the demon world. He should enter the depths of the demon world as soon as possible, looking for treasures that would allow him to recover faster, but now he is looting outside the demon world, so Qin Chen will not understand.

Does he want to escape here?

Impossible! Qin Chen shook his head. Characters like Godzhao Guru will never retreat because of such a trivial matter. He believes that the opponent's greatest wish now is to restore strength, and secondly, to kill himself and regain the devil's corpse.

Yes, it serves these two purposes.

"Go, Ben Shao wants to see what the **** is this Shenzhao Shengzi doing."

Qin Chen and Sisi joined hands and immediately swept towards the periphery of the demon world. I don't know how long it took before the aura of the demon world became weaker and weaker, as if it had reached the edge of the demon world.

In the other part of the demon world, there is a vast trial ground, where the evil spirit is so powerful and the holy spirit lingers, it is the place of human experience where the ruins and treasures are located.

"Then Godzhao Guru returned to the land of human experience?"

Qin Chen was even more curious this time, the other party came here with absolutely purpose.

And when Qin Chen and Sisi carefully followed Shenzhao Shengzi.

Whoosh!

A black line pierced the void. At the junction of this demonic world and the trial land of the human race, a radiant sacred mountain stood here, and on the top of the sacred mountain, the shape of the **** of the gods appeared.

If Qin Chen were here, he would be surprised, because at this moment, the shape of the leader of Shenzhao had become extremely young, changed into the appearance of Shengzhao Son, almost exactly the same as Shengzhao Shengzi. If the **** of the gods is very similar to the gods of the gods, but because of age and temperament, only 60% of them are similar, then almost 90% of them are similar now, but the temperament is more vicissitudes of life.

People will think that he is the son of the gods, not another body.

And this ancient sacred mountain is also very famous in the place of trials in the heavens. It is known as the guardian mountain of the human race. It contains infinite prohibitions and coercion, and it is majestic and majestic. It is the last place of the masters of the great realm in the trial. place.

Because after this ancient sacred mountain, everyone will enter the scope of the demon world, and will encounter top masters of other races such as the demon race and the demon race. And in this guardian mountain, there are restrictions left by the great power of the ancient human race. Once the human race masters are in danger, they can escape into it. It is impossible for any master in the demon world to break into it. To Terran

His breath will be shrouded by the prohibition in the guardian mountain, strangling on the spot.

And this guarded mountain has also become the core place where human masters gather in all the trials of the heavens.

As long as they break through the overlord, feel that they are qualified to enter the world of monsters, and the top talents who compete with the powerhouses of the ten thousand races, they will come to this guardian mountain, or team up, or walk alone, looking for opportunities.

At this time, on this guardian mountain, a lot of top talents have gathered, all of them are extraordinary, and those who can come here are all the best in the major realms, peak masters, and ordinary people are not qualified to come here.

"Huh? Another master is here, this person actually came from the direction of the demon world."

Suddenly, everyone saw a stream of light bursting from the Demon Realm, and it fell on the guardian mountain with a bang, and the astonishing sage aura rose to the sky, forming a magnificent vision.

"Who is this person from the direction of the Demon Realm?"

"Is it the top master of which realm?"

"Shen Zhao Shengzi, this person is the Sheng Zi Sheng Zhaojiao, from a relatively remote territory."

"Shenzhao Shengzi? I seem to have heard of this person's name, but it's him." A series of shocked sounds resounded, and the appearance of Shenzhao Shengzi immediately attracted the attention of many experts present.
