

## Valkyrie 3011

### [Chapter 3011: World mountains](#)

Yao Wuming gave a cold snort, but saw that a dark rock suddenly appeared in his hand. On top of this rock, there was a haunting atmosphere of runes, bursting out a breathtaking breath.

"this is....."

Everyone was taken aback, because on this rock, there was an aura that was similar to the way of the Holy Lord.

Is it the treasure of the Holy Lord?

Even Qin Chen and the leader of Shenzhao stared at him, this Yao Wuming has such a background? Take out the treasure of the Holy Master in one go?

No, it is not a treasure of the Holy Lord. However, after the two perceive carefully, they breathed a sigh of relief. Although the mountain rock has the breath of the Holy Lord, it actually contains the breath of the Holy Lord, and it is still a lot different from the true Holy Lord Supreme Treasure, a bit like that kind of refinement. The failed holy master

Things, leaving the breath of the Holy Lord's Supreme Treasure, but not the power of the Holy Lord's Supreme Treasure.

Summarized in one word, it can be called a half-step holy treasure.

However, even though this is only a half-step Saint Lord treasure, in the eyes of Baihua Fairy, Shao Jikang and other Tianjiao, it is still extremely shocking and terrifying. After all, the top of them is only the heavenly treasure.

"Everyone, this thing is an imitation of the World Mountain Treasure of the Lord of the Yaomie Mansion. Although it is only an imitation, it also has infinite power. It can gather your strengths and unite them to form an unmatched treasure. ."

Yao Wuming held the black rock in his hand, "Everyone, all gather and rush out of this monster country."

He made a decisive decision and gave the order.

Ohh Ohh ohh!

Immediately, Baihua Fairy, Shao Jikang and other masters all delivered orders, and they flew up one by one, surrounding the world mountain, blasting their breath together.

Qin Chen, Chen Sisi, and Shengzhao Shengzi's eyes flashed, and they all gathered.

Boom! Immediately, the world's mountain treasures swelled rapidly and instantly turned into a hundred meters in size. The Primordial Mountain floated in the air like a sacred mountain, propping up a dark field. In this field, a dark figure appeared, just like the eternal giant god.

Generally, it is the unity of the holy origin of all the top holy children.

As soon as this dark ancient giant phantom appeared, he waved his giant hand and went all the way, bang bang, bang, bang, countless monsters, the space was torn apart, even the monsters of the overlord level could not help this giant phantom. Kill, retreat. Along the way, the shadow of the world mountain is unrivaled. No matter how the formation of this demon kingdom is surging, how to surround Qin Chen and the others, it can't break through the shadow of the world mountain. , Blast, transform

For nothingness.

In an instant, thousands of monsters screamed and turned into ashes.

In this scene, Shao Jikang, Baihua Fairy and others were very excited, but also secretly awe-inspiring.

This is a country of demons. If they are trapped inside, their lives are in danger, and they may not be able to rush out if they want to fight blood.

But under the fascinating world mountain treasure, it's as if it's like a broken bamboo, it's so hearty, it's worse than ten times? hundred times.

This made their sense of reverence for Yao Wuming more serious, and the thought of not being enemies with them was born in their hearts, and it was firmly solidified.

"Master Yao Wuming is mighty."

"This world's most treasured mountain is really powerful. Just imitations are so terrifying. How terrible would it be if it were genuine?"

"No wonder Yaomie Mansion will be one of the top celestial domains in the Eastern Heaven Realm."

"too strong."

Many Saints, the strong screamed, full of energy, it was the first time that they fought so heartily, it was like a massacre. "Huh, it's just a small half-step holy master treasure. If it weren't for this seat's holy master supreme treasure that had blew himself up because of the Qin Chen kid, how could there be anything in this world mountain, just a fake!" Can't help but scold

Sentence, he is empty now, and there are no treasures left.

His only treasure is the God Mirror. Unfortunately, he blew himself up on the spot in order to escape. Although he had never seen the scene of the God Mirror blew himself up, he lost the sense of the God Mirror, and he thought it was destroyed.

It's just that he didn't understand that Shenzhaojing is the treasure of the Holy Lord, how Qin Chen survived the explosion of Shenzhaojing, and there was nothing at all, which made him puzzled. "It doesn't matter, since the Divine Mirror has been destroyed, it's useless to think about anything else. Although Qin Chen's cultivation base is stronger, it may not be much better than mine. The most important thing is that his weird black sword can actually To obliterate the soul of this seat, cannot block this black sword,

This seat can't fight against it, if it weren't for the black sword, how could this seat be so embarrassed? I have to think of a way to take away or restrain his weird black sword. "

God according to the teacher's heart is constantly calculating.

Yao Wuming heard the shouting and excitement of the crowd, his expression calm, with a reserved smile on his face, but a sneer in his heart.

A half-step Holy Master Supreme Treasure made them so excited, huh, if the method of this seat is fully displayed, I don't know how shocked they will be.

Yao Wuming urged the World Mountain, rumbling, and cutting through thorns all the way, and soon broke through the kingdom of demons and continued to deepen, leaving a place of ruins and mess.

"Damn it! Our Primordial Demon City has all been destroyed, and there are many magic veins! It is the result of our hard work for many years, and it is now destroyed."

After the world's mountains were far away, a group of demons appeared. It is the top monster leader in this monster kingdom, all in a panic. There are more than a dozen heads. Each monster leader is a master of the overlord level. Among them is the black enchanting female snake monster, and a full body. Brutal Kui

Wu Man Niu is even more powerful, approaching the realm of the pinnacle overlord.

These overlord demons gathered together, looking at the distant World Mountain, a look of fear appeared on their faces.

"Every time the celestial realm is tried, these tianjiaos of all races will come in and kill them. I am really fed up with this kind of life. I must go out and let us wander in the vast celestial realm."

A demon looked at the World Mountain viciously, with hatred in his tone.

"There is no way. These celestial races can come in through spatial channels, but we can't break through the seal and go into the celestial realm. The most hateful thing is that these tens of thousands of races completely treat us as prey and don't take it in their eyes. "

A tiger-headed demon said viciously: "If I can get revenge, I will definitely crush those guys to their bones and eat all their internal organs." "Forget it, demon tiger demon, don't be foolish, although this world has an ancient atmosphere, but It is not friendly to us native monsters at all, and it is almost impossible to give birth to masters of the Holy Master level. Otherwise, how could these races be allowed to slaughter.

"A demon resented.

### [Chapter 3012: Sanctuary](#)

"Yes, but these guys can get countless inheritances here. It's absolutely hateful. Our only hope is to escape from here." Another demon shook his head repeatedly: "I heard that the kingdom of the witch banshee has been The human master was destroyed, and the master was still here to cross the calamity. The formed thunder calamity exploded the demon kingdom. We are still good. This group of humans did not pay attention to us at all. We should keep a low profile. If you meet such a master,

Can only escape. "

"Low-key, how low-key? Do we have to keep swallowing?" "What can we do? Just like the human master who encountered the destruction of the succubus kingdom, what else can we do besides swallowing the sound? This person can actually trigger the demon world Lei Jie, what kind of talent is this? I have been here for so many years.

Once I heard that it could cause a thunder robbery in the Demon Realm and be suppressed by the Dao of the Demon Realm! "It's not without it. Do you remember that more than two years ago, the depths of the demon world were born with anomalies. At that time, the trial of the heavens had not yet started, and the depths of the demon world suddenly burst into wind and clouds, and the aura burst out, We are all trembling, you

We forgot so soon? "

"More than two years ago? There was such a thing, and I haven't figured out the reason."

"Yeah, I feel a little palpitating when I think about it now. I have heard some monsters in the depths of the monster world say that when the mutation was born, they seemed to see a dark figure coming in along the passage of time and space. It was very strange. "Forget it, no matter what the situation was, it has nothing to do with us. Our top priority is to figure out how to not be slaughtered by these experienced ten thousand races, otherwise we will continue to do this and go through several trials in the heavens. We are afraid. Will be destroyed

Family. "

These monster masters were gloomy and calculated each other. "Oh? There was a mutation in this demon world more than two years ago? And someone actually crossed the calamity in this demon world, and even destroyed a demon kingdom? It's really out of my expectation. It seems that this time in the heavens. There are so many masters

, Besides me, there are actually such masters, are they masters of the human race or of the demon race? Or what other race? "

Just when these monsters were about to move around, planning how to avoid being killed by the experienced race, suddenly, a cold voice appeared behind them.

"Who?"

The black female snake demon was taken aback. Someone arrived behind them silently. How terrifying is this? Turn around immediately. All the demons saw an elegant man. The man was white and dressed in a black robe. He was slender and had a perfect body. He stood with his hands and his body stood. There was a feeling of oppression of a world-famous god. It was suffocating.

!

"Who are you?" Many monster overlords were taken aback and screamed.

"Human race master? No, your Excellency possesses the rules of demon qi, you are a demon master!"

The snake girl demon with a graceful figure.

"Huh? An ancient ghost python transforms into form. This is a rare alien species in the world. It is rare in ancient times. It also incorporates the spirit of demons. Only this ancient world can be nurtured." This black The elegant man in the robe looked at the graceful snake-girl demon and nodded: "The peak overlord, very good, you can be a servant girl for me, and you demon are powerful, stay in this ancient monster world. , It's too wasteful. I just need a group of powerful minions. In this way, you all kneel down and call my master, I can lead you out of this ancient world of monsters, and later I will become the ultimate holy master, even the supreme sage , You can replace one by one

I fought in all directions and traveled the devil world. "

The feminine man said softly.

"What a big tone!"

The burly bull demon's eyes were red, and he said coldly, "Sovereign Supreme? Who do you think you are?"

"Everyone, do it!" The enchanting snake girl demon suddenly let out a long roar. Suddenly, these dozens of powerful monsters were completely condensed together, and the combination of monster energy turned into a huge array of monsters. The energy of the monsters was rolling, and the power was infinite, pressing down and directly facing the black robe man. Shock

Down.

"Looking for death! Toast and not eat fine wine."

The man saw that many demons gathered together and burst out a shocking attack. Without stopping, he quietly waited for the power of these demons to increase to the maximum. He was confident. "My name is Lingyuan, and I will be your master from now on. You can call me Shao Yuan." The man said quietly, and the space slowed down as he spoke, and a force field radiated from his body, making The power of the demon, basically

Can not be swept down.

Moreover, a rumbling roar echoed in the minds of these monsters, and the soul seemed to be in a state of chaos.

"Ten Thousand Demon Sanctuary!"

The enchanting snake demon and the burly bull demon combined with many demon beasts, no matter how to stimulate the power, they couldn't penetrate into it, and couldn't touch the man's body at all.

They recognized it at once. This is a special magic power field, and it is not only an ordinary magic power field, but also has a terrible field that can affect the soul. There is even a kind of demon holy master. The breath lingers.

In other words, the man in front of them has already touched a trace of the cultivation realm of the demon saint master, just like Yao Wuming and Shenzhao Shengzi.

"This soul power, you are... the master of the Saint Demon Race!"

The enchanting banshee screamed in horror. "Hey, you monsters are still a bit of a vision. You know the prestige of my holy demon clan. Yes, this demon is a master of the holy demon clan. One of the top races of the demon clan. Follow this demon, you can enjoy it. Spicy drink, free and easy,

How, obediently surrender to me. "

The man said lightly.

"Hmph, even if you are a master of the Holy Demon Race, in ancient times, the Holy Demon Race was just a race under the Yuan Demon Race. How can I be convinced, the demons gather together, and immortal!" All the demons suddenly With a roar, the spirit of the demons in the body merged, and a vast ocean of demons was formed. A round of black demonic sun appeared between the heaven and the earth, slowly sinking into the ocean, and the next moment, there was an explosion of nothingness.

Poor and magnificent terrorist power.

Rumble!

There is a roar from the monster world, countless monster road passes light surging, and the rules of the way, blasting the monster world repeatedly. "Huh? Yes, I can join forces to perform the legendary forbidden technique, the fall of the monsters, and the scene of the dusk of the world. In the ancient times, it was the method of a master of the peak of the monster race. You must be the monster. The remnants of the pinnacle of the tribe? Or the descendants who have been passed down for countless generations, so the soul is imprinted with the inheritance of this magical power."

### [Chapter 3013: Holy Demon Purification](#)

"But for me, unless the real master of the Holy Master comes, otherwise the little taboo techniques condensed by you demons are really not enough."

This holy demon clan master Ling Yuan looked at the vast ocean of destruction pouring down from the sky, and suddenly stood up, bursting out strange demonic spirit fluctuations in his pupils.

Hum! This demon soul fluctuates and is infinitely powerful. It sinks into the ocean, and directly connects the demon energy in the ocean, and it blasts away. Then, the person blasted out with a punch, and it was immediately torn apart. Wang Yang, even put those

The large array of many demons penetrated at once.

The big array burst into disintegration, turning into a dozen monsters, flying out one after another. "Go, this person is powerful. We ran away separately. He actually cultivated to the cultivation of the Way of the Holy Lord. The soul of the Holy Demon Race is the most powerful. It is the upper-class race of the Demon Race. I can't resist it. Hurry up." All the demons exclaimed

Come.

"We ran away separately! How many can escape!"

Whoosh whoosh...

A dozen overlord demons flew randomly, in all directions.

"Really? Able to run away?" This holy demon clan Lingyuan moved his body, and suddenly, more than a dozen figures were transformed into them, and they directly chased after them. Each figure displayed a demon soul like a peak overlord. attack.

"Holy demon purification, for my use."

Each figure, the demon soul that was shot, contained astonishing fluctuations, and the strength was astonishing. During the display, many monsters were hit to vomit blood and glide in the air.

Huh!

All the dark shadows condensed together again and turned into the shape of the Saint Demon Race Lingyuan. It grabbed it with its big hands, and the demon soul domain immediately spread out, and all the demons were caught involuntarily.

The enchanting snake girl demon and the bull demon were struggling again and again, the power of the peak overlord kept colliding, but they could not move at all.

Boom boom boom boom...

After a few dozen sounds, all the demons were caught back at once and thrown in front of them.

"Why, don't you still surrender?"

Saint Mozu Lingyuan just stood like this, not afraid of him or the others going, and in the depths of his eyes, killing intent still emerged.

"You..." These monsters didn't dare to escape. The enchanting snake maiden and the burly bull monster looked at each other, and despair emerged in their hearts, so they had to kneel down and said: "Don't kill us, we are willing to take refuge in you, the Lord."

"Yes, since that's the case, I will plant the sacred demon mark on you. From then on, remember that I am your master. If you betray, the sacred demon mark will destroy your body."

The holy demon clan Lingyuan's fingers flicked, and the holy demon marks turned into black streamers and entered the eyebrows of all the demon. "Master Lingyuan, why did you run out alone? We have found out the news of the dead Demon Race Tu Moyu. This Tu Moyu brought the dead Demon Race team to the fall of that Demon Lord. Place, if we go late, let

If the people of the Dead Demon Race get the inheritance of that Demon Lord first and dedicated them to the Abyss Demon Race, then the status of our Saint Demon Race will be threatened. "

Several masters of the Demon Race came out of the void, all from the Saint Demon Race.

"What do you think of the monsters I surrendered? Ling Yuan didn't care, just smiled faintly.

"Hi, so many overlord monsters? There are even peak overlord monsters? Even if these monsters are among our race, they should not be underestimated."

The masters of the Saint Demon Race were shocked. "Don't worry, they will all be surrendered by me. If there is any rash, I can kill them cleanly at any time. This group of demons surrendered and brought them into our team, which can also increase a lot of help. You know, I There is information, then

The dead demons have long placed chess pieces among the human races. This time the human race masters in the heaven trial must have their dark children, and we must also strengthen our strength in advance. "

"Dead demons colluded with Terran masters? Huh, these guys know how to use crooked ways, but Terran masters are nothing surprising. With our cultivation base, we can easily obliterate all Terrans."

A master of the Saint Demon clan sneered. "You can't be careless." Na Lingyuan squinted his eyes and shook his head. "I sensed the aura here before, and then rushed over. It turned out to be a human team. It passed through this monster kingdom and triggered a big battle. , That group of people are high

Hands, they even joined forces to pass this piece of monster kingdom, no one was damaged, and it should not be underestimated. "

"So strong?" Those Saint Demon clan masters all stared.

"Furthermore, I also heard from these monsters. Before, there were masters who fought in this monster world and even wiped out a piece of monster kingdom. Who among you can do that?"

Ling Yuan said coldly.

"This..." The Saint Demon Race master couldn't help being taken aback, and said in doubt: "Master Lingyuan, you can't hear it wrong, right?"

"You said, is there such a thing?"

Ling Yuan said to the group of monsters. "Enlighten Master." A demon stood up: "There is indeed such a thing. The one who crossed the tribulation seems to be a human master with amazing strength, especially when he released it, even the Jedi demon in the depths of the demon world. There is a change in Yuanzhong

After crossing the robbery, the kingdom of the witch banshee was directly obliterated, and I didn't dare to approach it at all. "" Terran master?" But it can provoke the Demon Realm Thunder Tribulation, and even the Demon Abyss Jedi has changed? eccentric! "Even Lingyuan was shocked by the news, and a playful expression appeared on his face: "This trial is getting more and more interesting.

Go, talk while walking! "

With a wave of Lingyuan's sleeves, he immediately took many demons and several masters of the holy demons, directly tore the space and flew into the depths of the demons world. "What a strong atmosphere of the Great Dao, and a hint of cold demon aura. It is definitely not a dazzling aura. Is it a master of the Demon Race? And there are many demon auras here, and there is a trace of the Demon Race's holy master's way. Yes... mastered the magic

Demon master of the way of the clan saint master? "

Whoosh, whoosh, whoosh. Just after Lingyuan left with many demon overlords and subordinate masters, this demon kingdom suddenly descended upon a group of people. The two headed by them had extraordinary auras, and their body was filled with an astonishing breath of the way of the holy master. East Emperor Jue of Heaven

A team led by Zhiduoqing Zhuge Xu from the Southern Heaven Realm.

If Yao Wuming were to see this scene, he would be surprised, because the Western Heaven Realm and the Southern Heaven Realm were actually united.

"Hmph, here is a country of demons, with the aura of demons, but there is no trace of demons. It seems to be subdued by the masters of that group of demons." Zhiduoqing Zhuge Xu pinched his fingers, and there was aura in the center of his eyebrows. It flashed, as if a long river of fate had appeared, constantly calculating.

#### [Chapter 3014: Yin Yang Ruins](#)

"Brother Zhuge, your destiny calculation technique is getting more and more powerful. It is worthy of being called Zhi Duo Xing. It is a no-brainer. You have all the secrets in your hands. Who can be the enemy?" The man with gloomy eyes, but his anger

The horror of breath is like a vast ocean, which makes people smelly.

And that Zhuge Xu turned out to master the legendary destiny art, the art of destiny, can deduct the origin of all things, very rare, good at cracking the formation, seeking luck and avoiding evil, so he arrived here safely along the way.

"Brother Donghuang, that's nothing, your Eastern Royal family's undefeated Eastern Emperor's holy law can tremble the heavens. That's terrible. You can smelt the power of heaven and earth and use it as your own strength. I will only admire it." Xu said lightly, very humble. "Haha, where, where, Brother Zhuge, we don't have to boast about each other, what is your destiny?" Donghuang squinted his eyes and said, "You said, this time the East Heaven Realm Yao Wuming will be of great help

, I waited until I joined forces. Have you ever figured out what great help? "I haven't figured it out yet. I just figured it out and continued to go deeper. It is a sign of good fortune. It implies that there are treasures in front of the sky, and it is very consistent with the information about the inheritance of the Venerable. But the future is unpredictable. A moment is good

Great profits, one conversion, the next moment may be a catastrophe. "

Zhuce Xu squinted his eyes, and the light of fate flickered all over his body: "Moreover, I also feel that the fate ahead is unpredictable. One carelessness can change our fate and cause amazing changes in me." Isn't it? Fate is disorderly, this is normal. Any decision or thought can make a completely different change in fate. We all understand the truth." Donghuang Jue said indifferently, "Although fate is disorderly, but It is not an exhaustive strategy, Brother Zhuge, what you have to calculate is only the position of chance this time, so that we can get the treasures of the venerable. As for the others, whether it is bad or good, it depends not on calculation, but on strength. Whoever comes will have to die in our hands

in. "

Donghuang Jueyi said proudly, surging with murderous aura, what he pursued is to suppress everything by force. "Brother Donghuang is right, but there are many dangers in this monster world. Experts from all races gather here. Of course, the most important thing is our human race and demons. There will be a battle between dragons and tigers. I just calculated it with my mind. A hexagram, found

It is the pattern of the mantis catching the cicada and the oriole. Everyone knows this truth, but the key is, who is the cicada, who is the mantis, and who is the oriole? "

Zhuge Xu pinched his fingers and said.

"Hmph, no matter who is the praying mantis, who is the cicada, this oriole, my Eastern Emperor is definitely determined." Donghuang Jueyi said proudly.

"Well, you and I are working together, enough to not be afraid of anyone, let's go, I have a hunch that the inheritance of the Lord will be truly opened this time."

Whoosh whoosh!

This group of people escaped into the void and swiftly swept deep into the monster world.

At this time, Qin Chen and others were already close to the depths of the demon world.

Woo woo woo.

The monsters here were even more terrifying, and each of them had very strange auras. Suddenly, Qin Chen and the others shook their eyes and saw that an ancient ruin-like place appeared in the world in front of them.

The most amazing thing is that the ruins are actually like a Tai Chi picture, divided into two colors of Yin and Yang, exuding two strange auras of Yin and Yang, which are particularly conspicuous in this monster world.

"this is....."

Qin Chen and the others stopped, staring intently. "This is the place where Fire Supreme inherited that day. According to the soul inheritance of this seat, among the ruins of Yin and Yang, is the place where Venerable Skyfire fell. But as for what is in it and what is the specific situation, Venerable Skyfire Corpse

I don't know where it is. "

Shenzhao Guru said lightly on the side.

"Inside is the heritage of Venerable Skyfire?"

The eyes of Qin Chen and the others showed solemn expressions. As for the specific situation in the eyes of the gods as the leader said, everyone's eyes flickered, and they did not know whether they believed it or not.

"Go, go in and take a look." Everyone's body shape immediately followed the void passage, directly into the ancient ruins, everyone only felt the waves of the whole body, and did not know how many restrictions have been broken. , It landed on a piece of

Above the ruins.

Wow!

This fall, time and space change, has entered an inexplicable world, the sky is high and the earth is wide, and the situation in the outside world of monsters is completely unclear.

Everyone saw that there was a ruin in front of him. It was said to be a ruin. Because of the incomparable desolation, a towering mountain of ruins had been formed, exuding a domineering atmosphere.

The most amazing thing is that this ruined mountain is divided into two completely different colors, one red and one black, radially, very strange.

Hum! As soon as Qin Chen entered, he felt the Tao of the Abyssal Demon in his body tremble, and the Zixiao Dou Ligong in the Qiankun Fortune Jade Disc trembled slightly, making a sound of golden ming, and then Qin Chen felt it. Deep in the ruins, there seems to be

Something has made contact with Zixiao Dousizong.

What shocked Qin Chen even more was that the ancient demon corpse in the jade plate of his great fortune had also escaped the devilish energy, and there was an urge to resurrect.

Qin Chen's heart was immediately stunned. The first thing he thought of was that when he was in the ruins of the treasure land before, when he used the Palace of Purple Clouds, he felt a mysterious aura in the depths of the trial land, which was connected to the Palace of Purple Clouds. He didn't care much, but now it seems

, This breath that has contact with Zixiao Dousili Gong should be in this mysterious yin and yang ruins in front of you. "Zixia Dousidi Palace, rumored to be an imitation of a powerful treasure in ancient times, has changed here now. Could it be that the power of Zixia Dousidi Palace is the legendary Venerable Skyfire, or, Have some connection with Venerable Skyfire?

"

Qin Chen secretly guessed. He is not guessing wildly. First of all, there are a lot of flame treasures in his body. Not to mention, the Qibao Glazed Tile Pagoda is also a flame treasure, and Qin Chen also has many sky fires and different fires in his body, but in addition to Zixiao Dousili Gong, Other treasures and

Tianhuo didn't move at all. Obviously, there must be some connection between Zixiao Dousili Gong and this Venerable Tianhuo.

"If this is the case, the inheritance of Venerable Heavenly Fire is absolutely indispensable." Qin Chen couldn't be more clear about the effect of Zi Xiaodou's palace. It would help him too much. Not only could it be able to nurture Heavenly Fire, but it would also be a great help. If he can obtain a piece of alchemy supreme furnace cauldron, he will surely make his flame and alchemy attainments amazing

Promote. But what puzzled Qin Chen was the demonic energy in the ruins of Yin and Yang.

[Chapter 3015: Treasure opens](#)

"Dust, I feel that in the ruins of Yin and Yang, there seems to be some kind of extremely terrifying demonic energy, which is attracting me, and it seems to be extremely attractive to the way of the abyss."

Chen Sisi spoke in Qin Chen's ear.

"I also felt this. If I guessed correctly, in addition to the inheritance of Skyfire Venerable in this ruined land, there should be another demon master's inheritance. It is very likely that he is also a demon Venerable. ."

"Mozun?" Sisi took a breath. "That's right, when the Venerable Skyfire fell here, he must have been fighting with the master of the demon race, and it can make the Venerable human race fall. Under normal circumstances, only the master of the demon class can do it. This can also explain Why is this ruin arousing the way of the deep demon in our body?" Qin Chen looked solemnly: "If this is the case, there will surely be many masters of the demon race in this ruin, and Yao Mie Mansion should have been in collusion with the demon race long ago. , Although I don't know what he is colluding with

Someone from the clan, but there must be a trap set by them here. You will follow me closely later, be careful. "

"Yes!"

Chen Sisi nodded.

In fact, Qin Chen still had a doubt in his mind that he didn't talk about, that is, after the ancient demon corpse in the jade plate of the universe came here, there was a slight change, what is going on? What kind of medicine is sold in the gourd of the \*\*\*\* of the gods?

Not only Qin Chen and Chen Sisi were shocked, but many other masters in the Eastern Heaven Realm also showed shock and enthusiasm. They could also feel the terrifying power surging in the ruins of Yin and Yang.

"Venerable...Is this the place of inheritance of my Terran Venerable?"

"Sure enough, as soon as I came in, I felt a force that seemed to be able to frighten eternity."

"Venerable, that is the realm that is still above the peak of the Holy Lord in the rumors. A Venerable is the top master of my human race, immortal forever!"

Many of the holy children were extremely excited. They hadn't even touched the side of the holy lord. How could they not be excited if they could get the inheritance of the venerable?

"Look at it, it's... the demon!"

Suddenly, the Son of God exclaimed, and everyone flew towards the ruins of Yin and Yang, and then they saw in the distance, a series of terrifying figures of demonic energy, one after another, falling in a certain area of the ruins of Yin and Yang.

Rumble! This group of demons seems to have formed a certain formation and is attacking the ruins of Yin and Yang. Moreover, these demons are extremely tyrannical. Each of them is a power of the overlord or even the peak overlord level. They cover the sky and the sun, but Did not search everywhere

Xun, but under the leadership of a pinnacle overlord, unleashed a wave of power in the demon clan, and launched a sacrifice to the ruins of Yin and Yang.

The huge ruins of Yin and Yang, half on the ground and half under the ground, did not move, showing no signs of opening.

And the strong demon clan chanted the language and runes of the demon clan, flying in the sky, one by one, all infiltrating into the ruins of Yin and Yang.

"The spell of the Demon Race, the call of the Ten Thousand Demons!" Qin Chen is most familiar with the Demon Race. He has dealt with the Demon Race for a lifetime. Although the Alien Demon Race in Tianwu Continent is only a branch of the lower plane Demon Race, but They are also demons, and in the heavens, there are also top masters of alien demons.

, And there are even the powerful aliens of the Holy Master level.

Qin Chen started dealing with the Demon Race all the way from the land of hundreds of dynasties, and later when he arrived in the Martial Domain, he became involved with the Abyss Demon Race. However, ascending into the heavens, apart from the ancient mystery of the Yan Luo Demon Race, he has not really encountered a master of the Demon Race. Now I finally saw it. Qin Chen was actually a little excited in his heart. The way of the deep demon flowed in Qin Chen's heart. In, the demons are

His treasures can be obtained at will. While Qin Chen was throbbing and the path of the deep demon in his body was flowing, Qin Chen vaguely felt that the depths of the ruins of Yin and Yang seemed to be the place of inheritance of the demon venerable, and he vaguely felt a faint connection. Very familiar feeling from him

Surging in his mind.

"what is this?"

Qin Chen was taken aback. Why is there a feeling he is very familiar with in the deepest part of the inheritance of the demon clan? Could it be that it was a master of the Abyssal Demon Clan that fell here, so it had a connection with the Tao of the Abyss in his body?

"Sisi, do you feel that this place where the Demon Race Demon Venerable inherits has some familiar connection with you?"

Qin Chen asked through sound transmission.

"contact?"

Sisi was startled and shook his head: "No, I just feel a calling force, giving me an urge to enter it and get inheritance."

"No?" Qin Chen couldn't help but wonder. According to the truth, Si Si is the inheritor of the more pure Abyss Demon Clan's Abyss Dao, and his understanding of the Abyss Demon's Dao is the result of the soul perception of the clone Qin Mo. Come, if it's what he guessed, then

Mo Sisi's familiar connection should be stronger than his own.

"What the \*\*\*\* is that?"

Qin Chen shook his head. If he didn't understand, he didn't bother to think about it.

"Hide everyone. These demons are trying to open the entrance to the ruins of Yin and Yang. Fortunately, we came in time. Otherwise, the demons will enter first and it will be miserable. Follow me and don't disturb the demons."

At this moment, Yao Wuming let out a low cry, exuding powerful spatial power, engulfing everyone, and suddenly hiding in the ruins of Yin and Yang. Everyone felt that in the yin and yang ruins, there were folding spaces and restrictions everywhere, like a maze, and even everyone vaguely felt that there were some masters lurking around, but because of the restrictions, they didn't know where they were hidden.

.

After Qin Chen and the others arrived, many masters approached one after another, a terrifying aura agitated everywhere, and many forces and powerful men were hidden in the ruins of Yin and Yang, waiting for the opening of the treasure land, and no one appeared.

At this kind of time, it is looking for death. Even if Qin Chen is surrounded by countless demons and masters, he can't say that he will be able to rush. This place has gathered many top overlords of the entire heaven.

And these demons also seemed to ignore the surroundings, and more and more demons masters joined. These demons masters do not seem to be in the same camp, but they did not fight each other, but united to open the ruins of Yin and Yang.

Oh oh oh! Everyone didn't know how long they waited. Suddenly, countless masters of the Demon Race sang together, and their voices seemed to come from the ancient times. Above their heads, they condensed into a demon phantom, opening the world, facing the ruins of Yin and Yang below.

Slammed down.

Boom!

Suddenly, all the restraints on the yin and yang ruins were shaken apart, the entire ruins exploded, and countless violent air currents filled many spaces. Even some of the overlord masters who had been hidden were shocked out of the space. The huge ruins suddenly trembled. At the top of the ruins, a huge gap appeared. Amid the rumbling, a deep tunnel appeared. Deep in the tunnel, deep and dark, I don't know what powerful existence is hidden.

.

boom!

One black, one red, two mighty auras rushed up into the sky. After the aura, everyone felt the deep dark tunnels, all kinds of powerful treasure auras, tumbling out.

The Lord's Treasure is open!

Huh!

Qin Chen felt a flower in front of him, and a black shadow seemed to have plunged into the tunnel in an instant, but when he looked closely, there was nothing, not even the masters of the demons.

"Big black cat?" Qin Chen was taken aback, and in a daze, he seemed to see a phantom like a \*\*\*\* cat and entered the tunnel.

### [Chapter 3016: Destiny](#)

Qin Chen was taken aback. How could the \*\*\*\* cat be here? Could it be that he was dazzled?

"Sisi, did you see the \*\*\*\* cat entering the ruins just now?" Qin Chen spoke to Sisi. "Big black cat, no?" Sisi was taken aback: "Did the \*\*\*\* cat come here? But isn't it in the Tianwu Continent? And even if the \*\*\*\* cat has come to the heaven, it is impossible to enter this heaven for trial. Right? There is only heaven here

The top talent must be able to come in. "

"I should be dazzled." Qin Chen smiled bitterly, he was worried that Tianwu Continent was too worried.

Rumble!

At this moment, among the ruins, various magnificent auras surged, and Qin Chen smelled a lot of treasures and holy veins in it.

There is even the Holy Line of the Lord.

"What? In the ruins, there is actually the Holy Master's Saint Vein? And there is more than one Saint's Vein? This breath, at least has more than one Holy Master's Saint Vein's power."

Qin Chen was shocked, and he immediately sensed that there was a very strong Holy Master's Holy Vein aura in this Holy Vein, which was even more terrifying than the broken Holy Lord's Holy Vein he had obtained from Yama Sovereign. "The breath of the Holy Master's Saint Vein is very strong, and it even gives people a perfect feeling. It is not broken at all. It is a complete Holy Master's Holy Vein. That day, Lord Fire and Lord Demon should have fallen. Is there a complete holy main vein?

Operation formation? Or is it not dead? "

Qin Chen's heart shook wildly, and as soon as the ruins opened, the Zixiao Dousili Palace under Qin Chen's control trembles constantly, as if he was strongly attracted and wanted to enter it.

Not only Qin Chen, but the other Tianjiao also felt this terrifying breath of the Holy Vein, and Qin Chen saw that whether it was Yao Wuming or the \*\*\*\* master, his eyes were red, bursting with naked light. "It's no wonder that this goddess teaching mainly brought us here. The cultivation level in his body now is completely lost. It is extremely difficult to recover, but as long as he obtains a holy vein of the holy master, he will definitely make his cultivation at an astonishing speed. Recovery, even if it is

There is no way to return to the realm of the Holy Master, but there will be absolutely no problem in reverting to a half-step Holy Master. By then, adding his understanding of the Holy Master's way will be enough to sweep all of us here. "However, if he really has this plan, wouldn't it be better to sneak in by himself?" Why did you deliberately go to join Yao Wuming and the others, and bring everyone here? Is it just to join forces with Yao Wuming to fight against the masters of the demons?

No, it should not be that simple, there should be other calculations. "

In an instant, countless thoughts appeared in Qin Chen's mind, constantly flickering.

At this moment, all of a sudden aura burst out of the ruins. In that aura, many sacred treasures brilliance soared into the sky, it seemed that they could not be restrained at last and were about to burst out.

Whoosh whoosh!

The masters of the Demon Race who joined hands unexpectedly entered the entrance of the ruins in an instant, and the remaining masters of the Demon Race did not enter the ruins. Instead, they began to set up a magic formation outside the ruins.

"These demon guys, this is going to swallow the treasures of the two great nobles." Yao Wuming's eyes burst out with cold light, and the world mountain in his hand suddenly appeared, and his spiritual thoughts were immediately passed out: "Brother Shenzhao, Brother Qin, everyone, Listen to my orders, gather the world mountain phantoms, form a big formation, join forces to attack Qin Chen, don't let the demons

The clan blocked the cave and prepared to fight for treasure. "

Yao Wuming roared and rose into the sky, directly exposed in the void, urging the power of the world mountain.

boom!

A magnificent mountain shadow appeared in the void.

"Yes!"

With a blast of anger, many masters of the Eastern Heaven Realm, such as Baihua Fairy, Shao Jikang and others, all flew together, and immediately spurred World Mountain, turned into an afterimage, and rushed toward the entrance of the ruin.

"kill!"

And just as Yao Wuming and the others moved, on the other side, booming, there was a surging breath. In the void, groups of human masters appeared one after another, completely exposed, no longer hiding, and fighting.

There are two breaths in it, which are exceptionally magnificent, and they are also top masters who have mastered a trace of the way of the Holy Master.

Is it the East Emperor of the Western Heaven Realm, and Zhuge Xu of the Southern Heaven Realm, they actually joined forces? Yao Wuming's eyes showed a solemn color, and he burst into cold light, but at this time, he would naturally not target the opponent. Then Donghuang Jueyi and Zhuge Xu and others also looked coldly, and did not make a move. In front of me, all grievances are temporarily

Can only be postponed.

In heaven and earth, not only these people, but also small groups composed of human masters, have also appeared one after another, one by one strong.

"kill!"

Many human races gathered together and turned into a vast force, taking advantage of the moment when the demon race's great formation was not completely formed, they all shot together.

Boom!

Suddenly, between the heaven and the earth, infinite power was born, and suddenly there was a shocking roar. The strong cooperation of many human masters failed to break the restriction of the demon race.

"Damn it, how is it possible?"

Many human race overlords showed shocked faces, so many human race masters joined forces, unexpectedly failed to break the demon's restriction, what are you kidding? "Huh?" Qin Chen condensed his gaze. He saw that the demon clan's prohibition was not set up hastily before, but had been prepared for a long time, even before opening the ruined passage. Arranged in secret until now

It just broke out.

That's why it can withstand the attacks of many human races. This demon race has already arranged all of this and must target the human race. Na Zhuge Xu and the others obviously also saw the clues, and shouted coldly: "Everyone, this demon's wolf ambition, we must not let them succeed. They are not famous. How about we put aside our previous suspicions and join forces to attack the ruins first? My human race? Venerable Skyfire's Treasure

, Can't let this demon get it. "

"Ok, Zhuge Xu, you are known as Zhi Duoxing, what are you going to do?"

Yao Wuming shouted coldly.

"Simple, I master the art of destiny, and I'm sure to break a gap in the demon's ban. By then, you will urge the power of the world mountain with all your strength to knock this gap open and drive into the ruins."

Zhuce Xu's voice fell, and he didn't wait for Yao Wuming to reply. Om, a terrifying talisman light suddenly rose up in his body.

This rune, incomparably huge, appeared between the heavens and the earth, and a force of fate lingered out. Everyone felt like they had fallen into the long river of fate. They were about to be swept away by fate, unable to resist fate. Weili. Qin Chen looked at the sky-passing talisman in shock, the breath of the river of fate, and couldn't help but secretly startled. The technique of fate is one of the most powerful techniques in the world, and it is also the top rule of the heavens, and the space rules are at the same level. To master the art of fate to remember, to be able to master the fate of the heavens, this is an extremely terrifying magical power.

### [Chapter 3017: Fallen God Contract](#)

If this destiny art can be obtained by him, it will definitely increase his understanding of the heavens.

"The talisman of the heavens, the destiny flows, the eternity is destroyed, but I live forever!"

Zhuge Xu yelled, and the vast talisman suddenly glowed, turning into a star-filled array, and crashing down against the demon restraint below.

Boom!

In an instant, the entire Demon Clan's restraint was shocked, and then cracks began to appear, and a gap appeared.

Yao Wuming seized the opportunity to urge the World Mountain, and rushed past the gap, while all the overlord masters of the Eastern Heaven Realm merged their power into the World Mountain and swept it out at once.

In the next moment, the World Mountain exuding a majestic aura crashed on top of the restriction.

Cang Dang! The entire prohibition exploded at once, countless cracks appeared, and the devilish energy agitated everywhere, but the prohibition was just knocked through a huge gap, seeing the world mountain rushing into the ruins, the countless demons masters below, Sing together

Drink up.

Buzzing buzzing...

A wave of black magical energy swept over, and suddenly resisted the collision of the World Mountain. The power of everyone failed to rush the World Mountain away, and was immediately blocked in the air.

"not good!"

Yao Wuming was taken aback, staying in the air for a while, it was more dangerous than ever.

"Do it!"

The countless demons below have begun to take action. Swishes, swishes, a series of demons masters soaring into the sky, lingering demonic energy, like a demon god, forming a space seal to Qin Chen and the others Surrounded.

"Zuge Xu and Donghuang are absolutely one, you still don't make a move?"

Yao Wuming shouted sharply.

"coming."

Without waiting for Yao Wuming to drop his words, a dark figure descended from the sky, the unique Eastern Emperor of the Western Heaven Realm.

Undefeated Donghuang Holy Law!

Hum! This Donghuang was absolutely brilliant. In an instant, the whole body burst into darkness, and the whole person was like a black hole. When the dazzling World Mountain broke through the demon ban, three black spheres appeared immediately around the body. , Fell on

Above the prohibition of the demons.

"Falling God Contract!" The three black \*\*\*\* on Donghuang Jueyi's body burst out with a dazzling black light, and a terrible swallowing force was born, quickly swallowing this demon's forbidden power, even The magic power of the demons has also been swallowed into it.

The individual seems to have become a demon god.

Boom!

Under the attack of the East Emperor Jue Yi, the demon clan's restriction was finally corroded and a gap was opened, bursting open all at once.

"Brother Zhuge, go!"

The Donghuang Jue tore through the demon clan's restriction, immediately shouted loudly, and shook his figure. He even walked along the restriction passage, huh, entered the tunnel entrance of Yin and Yang ruins earlier, and disappeared without a trace.

"Go! Destiny turns, a thousand miles away!"

Huh!

Zhuce Xu also urged his energy, wrapped a master around him, using the power of fate, he rushed into the cave of the ruins of Yin and Yang and disappeared in the blink of an eye.

They even took advantage of Yao Wuming when they were fighting against the masters of the demon race, and they took the first step and entered the treasure.

"hateful!"

Yao Wuming's eyes froze, and at this moment, Bang, among the demons, a terrifying force swept over and directly blasted on the World Mountain.

puff!

Under the joint hands of the masters of the Demon Race, the entire world mountain phantom burst open immediately, and the masters vomited blood and retreated. Some of the masters of the Eastern Heaven Realm even exploded directly.

"Everyone, hurry up into the ruins, and I'll stop this master of the Demon Race." Yao Wuming shouted loudly and urged World Mountain to stop the Demon Race's shots alone.

Countless master masters of the Eastern Heaven Realm were all very moved, and no one expected that Yao Wuming could do such a great thing under this kind of crisis.

"go!"

Everyone flew by, flickering towards the entrance of the ruin.

"Let's go too!"

Qin Chen's eyes flashed, he glanced at Dazzling Wuming, smiled coldly in his heart, and took Chen Sisi to the entrance.

Hum!

As soon as he entered that entrance, Qin Chen immediately felt a scorching hot breath and icy magical energy merge with each other, and he immediately felt an illusion of a cold and hot transformation.

"This is..." Qin Chen looked up and saw the entrance to the ruins in front of him. It was divided into two parts. One side contained amazing flame power, and the other side contained cold magic power, but these two forces merged with each other. Not completely separated, but also formed

A completely different spatial state.

"Dust, which direction should we go?"

Chen Sisi frowned. Although Qin Chen and she are masters of the Human Race, they also master the way of the Abyssal Demon. Both of them can accept the inheritance of the two kinds of nobles. Unlike others, such as the Human race, they can only go to the inheritance of the Celestial Fire. Land, and the demons can only go

The inheritance of the demon.

Qin Chen also hesitated, all kinds of abnormalities occurred in his universe jade disc. Among them, Zixiao Dousiligong drove him to the place where the flames are rich in the inheritance of the Skyfire Venerable, and the ancient demon corpse led him to the place where the demon qi is in the sky. The most important thing is that in Qin Chen's heart, Feeling in the inheritance of the demon

There is a strong sense of attraction.

"This feeling again!"

Qin Chen's eyes condensed, whoosh, whoosh, whoosh...At this moment, there was a lot of space undulating passing by.

It is a lot of powerful master masters, taking advantage of the ruin entrance battle, seizing the opportunity to rush into the treasure.

Hum!

At the same time, a wave of spatial fluctuations flashed, it was the breath of the \*\*\*\* of the gods, flashed in the void, and went to the direction of the inheritance of Venerable Skyfire.

"Go to the place of inheritance of Venerable Skyfire first."

Qin Chen sensed the breath of the gods of the gods, and immediately made up his mind. The gods of gods knew more about this place than any other god, and following him, he would surely get the greatest benefits.

With a thought in his heart, Qin Chen concealed deeper, and there was a kind of union with heaven and earth, lurking in the past.

"Go, go, go!"

At this time, there was already a chaos in the ruins, and various small groups, masters of the demons, all rushed in.

Roar!

Suddenly, outside of the ruins, there was a loud roar that stunned the four wilds, making Qin Chen's heart tremble, and then he felt that above the ruins and sky outside, there was a top overlord with an aura like wild beasts. Master.

These top masters roared, and in an instant, they all turned into horrible monsters, fighting to kill.

Is the master of Yaozu. In addition, some masters who couldn't tell what race they were also appeared. Various races, densely packed, rushed in taking advantage of the gap between the human race and the demons.

### [Chapter 3018: Light car familiar road](#)

The entire tunnel entrance is not too big, but as soon as it rushes in, it is like entering an underground world. It is extremely magnificent and vast, and has many passages, enough for countless people to hide, and all of them rush into it instantly and disappear.

.

Qin Chen was hiding in the void, perceiving a lot of masters, secretly frightened, there were so many masters in the heavens, it was almost countless.

At the same time, the outside world continued to communicate the sound of fighting.

Qin Chen fired slightly and found that many overlords were a step too late and had not rushed into the ruins. They were intercepted by the demon army and overlord masters outside and started fighting.

Some masters fell one after another, countless supernatural powers, holy treasures blossomed in the demons army, but then they were suppressed.

These masters of the Demon Race, as if not interested in the inheritance of the Demon Race inside, are here to kill the masters of various races.

Chi Chi Chi...

There are a few particularly tyrannical master masters who have almost broken through the blockade and entered the ruins, but suddenly countless beards appeared in the air, and they penetrated their bodies directly.

Several tyrannical overlords were all held in the air by the devil's beard, and in an instant, they became a corpse, and all the vitality poured into the devil's beard and died immediately.

Several overlords died instantly.

The one who displayed the devil's whiskers was a majestic master of the demon clan, surrounded by cold demon energy.

"This demon is so strong. It is a top demon master who has mastered the way of the holy master." Qin Chen was taken aback. From this demon master, he felt a strong aura of the demon, more than ten times stronger than other demon clan. .

This is definitely the top race master among the demons. What puzzled Qin Chen was that such a master of the Demon Race did not enter the ruins to compete for the inheritance of Demon Venerable? Moreover, with the strength of the demon, it was possible to intercept more masters before, but there was no first time.

Do it, but at the last juncture, intercepted several top overlord powerhouses and swallowed their power.

Extremely targeted.

This demon master shot, and immediately targeted the human master, and shot again and again.

"stop!"

A roar sounded, and then, a magnificent high mountain phantom suddenly blocked the demon beard in midair.

It is Yao Wuming.

"Everyone, this seat belongs to the East Heaven Realm, Yao Wuming, everyone rushed in with me."

Yao Wuming single-handedly resisted the top master of the Demon Race, roared.

He exploded with an astonishing aura, resisting the demon master, rushing to the ruins with countless masters.

The demon master was actually stretched back under Yao Wuming's collision.

"No, when did Yao Wuming be so strong?" Qin Chen stared at this scene. Other human masters couldn't perceive the aura in the demon master, but Qin Chen, who possessed the power of the deep demon, could. It couldn't be clearer, the demon beard master of the demon race, the aura in his body is more dazzling

The name is only strong but not weak, and it is impossible to retreat under Yao Wuming's rush between the two.

Weird!

Qin Chen's eyes condensed, but he didn't know the demon clan at all, and he couldn't know the origin of the demon beard master. Suddenly, he saw a demon clan overlord enter the ruins, his eyes flashed.

There is a way!

Boom!

When the master of the Demon Race entered the ruins and was about to plunder into the inheritance position of the Demon Venerable, Qin Chen, who was hiding in the void, made a quick move. Hey, his right hand stuck out, and the deep demon's way and time rules inside his body were suddenly displayed.

Hum!

Under the awe of the two top supernatural powers, the Demon Race Overlord was taken aback. The next moment, Qin Chen directly captured it and threw it into the jade disc.

"go!"

Grasping a master of the demon clan, Qin Chen sensed that the spirit of the \*\*\*\* master has almost disappeared from his senses, and then his figure shook, and Chen Sisi immediately followed him up.

But not long after Qin Chen disappeared, Puff, Yao Wuming urged World Mountain, and finally came in. He was bloodied and spit out a mouthful of blood, looking extremely embarrassed.

Following him, there are many human races and some race masters.

"Brother Yao, thanks a lot this time."

"Thank you brother Yao, otherwise we might all be in danger."

"If it weren't for Brother Yao, this time I'll be ill-tempered."

These masters, looking at Yao Wuming, all showed gratitude. If Yao Wuming didn't make a strong move before, they would all be in danger. "Don't mind you, no matter which race we are from, the enemy is the demons. Fortunately, we have finally come in. But the demons will definitely not give up and will continue to chase and kill me. If we don't dislike it, we can join hands. Explore together

Find this ruined treasure. Yao Wuming wiped off the blood from the corners of his mouth, Hong Sheng said.

"Okay, let's listen to Brother Yao."

"Brother Yao is a person, I am convinced."

"It is said that the Yao Mie Mansion in the East Heaven Realm is domineering, but I saw Brother Yao today and realized that the rumors may not be true."

Many masters have said one after another.

A weird light flashed in Yao Wuming's eyes, and he smiled and said: "Then you followed me closely, the demons are about to come in, we must leave as soon as possible."

Immediately, under the leadership of Yao Wuming, these masters followed Yao Wuming into the depths of the ruins.

Hum! But not long after Yao Wuming left, several black shadows appeared in the place where everyone was before. The leader was the terrifying demon master who displayed the devil's whiskers. This demon sensed Yao Wuming's direction of their departure. Smile coldly, huh

Suddenly, he didn't go to the place of Demon Venerable's inheritance for the first time, but followed Yao Wuming and them quietly.

In the ruins, the space is stacked, and there are caves everywhere, and there is an amazing flame lingering around.

A series of tyrannical auras, hidden in the space, are deepening one after another, all of them are the masters of various races who have entered the ruins, looking for inheritance.

But this entire ruin was extremely huge. It rushed into it. There were thousands of roads extending in all directions and a maze. Without knowing where he was, Qin Chen felt a powerful aura, swept through the passage and entered. Deep in the ruins.

The surrounding walls of the ruined passage have become extremely solid after hundreds of millions of years, showing traces of incomparable vicissitudes of life, and have withstood the erosion and erosion of the years without any damage, even without mottled aura.

In the wall, there are thoughts that destroy the sky and the earth, and they can't shuttle at all.

Many of the masters who entered the ruins were confused, like headless flies, scurrying everywhere. But Qin Chen was able to keep deepening and approaching the place of inheritance of Venerable Skyfire based on the breath from Zixiaodou Liao Gong, and what shocked Qin Chen was that the breath of God according to the master was also deepening, unexpectedly There is no detour, the direction to go is exactly the location where the Zixiao Dousizong passed the change. It is very familiar and familiar with the road.

#### [Chapter 3019: Many treasures](#)

This \*\*\*\* according to the teacher really has his own purpose.

Qin Chen sneered in his heart, catching the breath of the \*\*\*\* of the gods, and cautiously inward along the way. At the same time, Qin Chen also saw many overlord masters roaming here. The ruins were full of dangers. Qin Chen swept away his thoughts and saw a overlord master preparing to shuttle through the walls of the ruins, but he just touched To the wall,

Suddenly, an astonishing flame emerged from the wall. The flame instantly ignited the overlord's whole body. With a sound, the entire overlord master turned into a burning man in an instant, screaming and turning into ashes.

Even the overlord's origin disappeared, merged into this void, and became the power to maintain the operation of this ruin. Qin Chen came to understand why this ruin could stand here for so long, and for countless years there was no daring to enter by demons. This place is too dangerous. As long as it does not come in at a specific time when it is opened, no matter how strong the demons are, they will fall.

Here, become the power of this ruin.

Everyone looked at the burning man who turned to ashes, and his screams, each of them horrified, knowing that the other party was horrible.

"This ruined wall cannot be touched at will, nor can it be traversed. It hides the powerful restrictions set by Venerable Skyfire. Once contacted, it will be killed."

"Dangers are high, everyone must be careful."

"All the people in the Northern Heaven Realm are pretty good. Don't act rashly and do your work step by step. There are many races here, and even the demons are very likely to sneak in. Then it will be a random killing. Don't be careless." There is the inheritance of Venerable Skyfire, but it is also a Jedi. If

you are not careful, you will fall here. Be careful, but there are also treasures against the sky. Not only do you have the inheritance of Venerable Skyfire, you can feel the holy atmosphere around you. ,

It is so rich that it definitely contains the Holy Master-level Saint Vein. As long as we can get a Holy Master-level Saint Vein, and realize the one-and-a-half-minute inheritance of Venerable Tianhuo, even if we can't become the Holy Master, we can step into the realm of the Holy Master and sweep across Invincible. "

"Go, go find the treasure."

Countless spiritual thoughts are stirring and intertwined in the ruins.

All were caught in Qin Chen's ears. Behind, there were a steady stream of masters who entered the ruins, and masters of demons and other races, and even Qin Chen felt a trace of the aura of demons. Obviously, there were masters of demons and did not seek the inheritance of demons. , Also lurking in , As for the aura of other races like demon, not to mention, the situation is getting more and more complicated.

Ohh Ohh ohh.....

When countless masters entered this ruin, with the entry of many Tianjiao, the holy energy of heaven and earth in the entire ruins suddenly boiled.

"Dust, the void in this ruin has changed."

"Yes, I also feel that the space has become more and more solidified, and a large number of people have poured into it, triggering the prohibition in it."

"This is because there are too many masters inside, which should have caused a change in the aura inside. I almost can't hide my figure, and I will be forced out of it."

Chen Sisi felt the holy energy around her suddenly boiled, and she couldn't help being surprised, because in the boiling holy energy, her own magical powers were greatly suppressed, and she was almost directly squeezed out of the space.

"Stay steady!"

Qin Chen hurriedly displayed the spatial rules, drawing Chen Sisi to his side, and continued to hide in the dark.

But some of the other overlords finally couldn't hold it anymore, and the holy energy all over their bodies exploded violently, one after another showing their bodies.

At first, everyone wanted to hide in the dark and search carefully, but this time, many people were exposed, and immediately battles began everywhere.

"Let's go, we follow the \*\*\*\* to follow the leader. With me, we won't show up. Let's see what the purpose of the \*\*\*\* to follow the leader is."

Qin Chen urged the realm of the integration of heaven and earth, using the rules of space, turning into a shadow, and deepening again.

Along the way, he also saw the overlords of many big forces flying wildly, none of them could hide their bodies.

Only his realm was extraordinary, and the holy energy boiling in the ruins could not affect him.

"Huh? There is actually a holy vein here!"

Qin Chen revolved the jade disc of good fortune from the universe, spinning among the ruins extending in all directions, and went deep into it. Suddenly, he seemed to sense something. He stopped in a secret passage, faced the wall, and suddenly hit out a palm. .

Click!

This palm did not cause a counterattack against the secret passage, but instead a secret door in the passage opened automatically, and a stone chamber appeared.

In the stone room, the light is shining, like a star river flowing, which is very different from the ruins where the ancient atmosphere flows.

"Sure enough, the Universe Jade Plate is the treasure of space. It can sense many special spatial structures, and it can also be used here."

Just now, Qin Chen calculated that the space here was a little weird by using the jade disc of good fortune from the universe, and the deep sacred aura was permeated. As expected, he opened the secret door on the ruins and saw where the sacred vein was.

In the secret room behind the secret door of the space, there is a galaxy-like holy vein, which is actually the holy vein of the top of the heavenly sage.

Countless bright rays of light, like stars, circulated on the holy veins, emitting an astonishing breath. This holy vein continuously supplies holy energy and penetrates into the walls of the ruins. The entire ruin depends on many holy veins in these hidden spaces to maintain its operation. Whoever can find these hidden spaces can get the holy energy here. pulse

.

This high-grade holy vein is extremely powerful and continuous. It is more able to extract the holy energy of the heavens and the earth from some voids to supplement one's own growth. It seems that it has produced its own spiritual consciousness, and it is like starting to practice.

"What a strong ancient holy vein!"

Qin Chen showed his body in this stone room, took a step forward, observed the surroundings secretly, and saw if there was any danger, he had to collect this spiritual vein. He has already noticed that in this huge ruin, there are not many such holy veins, which support the operation of the entire ruin forbidden law. This time into this ruin, even if he has nothing, he can collect these holy veins. Already

Experience is a great harvest.

In the heavens, the holy veins are hard currency, and everything can be exchanged.

And this is still a heavenly holy high-grade holy vein that can absorb the void holy energy and strengthen itself, and it will fall to the outside world. Some holy masters must pay attention to it, which is enough to establish an immortal hegemonic power. Whoever obtains this saint vein is equivalent to having an endless stream of high-grade saint veins, which is stronger than the nine perfect ancient saint veins that were arranged before the master of the gods.

### [Chapter 3020: Crown Prince](#)

If Qin Chen can collect all the holy veins in the entire ruins, Qin Chen will immediately become a wealthy man in the heavens, and there will be no problem even sitting in a heaven.

Because such a treasure can't even be taken out by the Peak Lord, this is the inheritance of Tianzun.

"Boy, dare you!" But the moment Qin Chen started to collect this holy vein, a huge thunderbolt roar spread into the stone room, and with a sigh, a burly old man covered in scales also flew into the stone room, looking at Qin Chen, he shook his hand and blasted out

With a punch, a terrifying fist suddenly swept over, with an astonishing wild power, locking the ancient holy vein in the center of the stone chamber. "Human kid, what identity do you dare to collect this ancient sacred vein, this place of inheritance of the Heavenly Fire Venerable has been favored by my demon sage, my demon sage is the prince of the demon clan's imperial tomb. Anyone can offend,

Get out of here quickly, thinking that because you are a human race, there is still a way to survive, otherwise there is a dead end! "

While collecting the ancient holy veins, this burly old man issued a sharp warning, and at the same time spit out patches of black light from his mouth. The black light turned out to be patches of pitch-black scale armor, enclosing both Qin Chen.

The arrogance of behavior is simply breathtaking.

collapse! Chen Sisi quickly pointed out, resisting the dark light, and said to the scaly old man: "We discovered this holy vein first, and this Venerable Heavenly Fire is also the Venerable of our human race. If you want to say who the treasure belongs to, should be owned by our human race

, You people of the monster race, dare to grab our treasures? "

Both Qin Chen and Chen Sisi could see that this black armored old man turned out to be a strong monster of the demon clan, with a demon energy all over his body soaring to the sky, like a wild blood beast, bursting out with a terrifying killing intent. "The little lady is looking for death!" The black armored old man's eyes were sharp: "What human race, monster race, even if you are a master of human race, how can you compare with my master, the crown prince of the demon clan, Yaozu orthodox, even you

The holy lord of the human race didn't dare to make trouble when he saw it, because he wanted to maintain the harmony between our two races, Er et al. knelt down quickly and got out of the stone chamber, otherwise you two juniors would die without a burial place. "On the top of the black armored old man's head, among roars, pieces of black scale armor emerged in a whirl. These scale armors should be the sacred treasures of the old man's own life. Every piece of scale armor bursts out with black light, which contains amazing information. Wilderness, yes

Qin Chen and Chen Sisi swept across, vast and mighty.

"Dust, this person's background is the prince of the demon clan's imperial tomb, what shall we do...The imperial tomb, rumored to be a top power of the demon clan, the prince of the imperial tomb, should be similar to the son of someone in the ancient heavenly court of our human race. The status of Yaozu is not low."

Chen Sisi immediately passed on God's thoughts to Qin Chen, the Demon Race and the Human Race. In ancient times, that was also a great enemy. I don't know how many wars there have been. In order to fight for the supreme position of the heavens, there have been extremely tragic battles. But then the demons rose up, and suddenly took trouble. In order to defend the heavens, the human race and the demons joined forces to fight against the demons. Speaking of which, the human race and the demons are still allies, and the demons are also big races in the heavens, so Chen Sisi Must not

Hesitated not to vote for the rat avoidance device.

"Huh, what kind of monsters and ghosts do you care about him? Even if the son of the human king of my human race comes, he dares to \*\*\*\* Ben Shao's treasure, Ben Shao can not miss it. What kind of imperial prince, where did he go? ."

How did you know that Chen Sisi's spiritual thoughts were only halfway through, Qin Chen snorted suddenly, stepped out, and the killing fist suddenly blasted out, directly smashing the long river of black scale armor to collapse, and the whole room was filled with devilish spirits. sound.

Pedal! Pedal! Pedal!

The master of the demon clan imperial mausoleum stepped back a few steps, and his body was blasted by Qin Chen's fist. The blood surged back and forth, with an incredible expression on his face.

"Human junior, you are self-defeating." His body shook and exploded, and his body actually became tall, his whole body was black and light, and patches of scales appeared on his body, and his real body began to appear: "Old man for a long time. I didn't use my natural talents and supernatural powers, you actually made me make an exception

,good very good! Now you can't even keep the whole body. "

Boom!

This black armored old man's body grew bigger and turned into a pitch-black pangolin. No wonder the body was so hard that Qin Chen didn't explode even with a punch.

As soon as he transformed into a body, the blood beast's demonic energy swept out, with murderous aura, and its power greatly increased.

"Where did such an arrogant old thing jump out, a pangolin, and he didn't look in the mirror. I don't know how many catties I have. I dare to provoke Ben Shao and let Ben Shao die."

Qin Chen flickered, his hands tore hard, and the black light of the pitch-black pangolin was directly torn apart. Qin Chen stepped in, approached the fierce pangolin, and hit the pangolin's chest with a heavy punch.

puff!

This pangolin was caught off guard, and was blasted with blood spurted by Qin Chen's punch.

Qin Chen grabbed the head of this pangolin, twisted it fiercely, and with a click, unscrewed it alive, and then behind him, there appeared Zi Xiao Dou Li Gong, and the pangolin was directly thrown into Zi Xiao Dou rate smelting in the palace.

Huhuhu! The raging fire of the sky burned, and the power of Zixiao Dousizong in this ruined land was greatly increased. The pangolin, known for its physical defenses, was struggling desperately and ups and downs in Dousizong, but then it screamed. Turned into a monster

Qi, filled Qin Chen's limbs. This pangolin is also an overlord master, and has a very strong physical body, with wild power, light wheel defense, many times stronger than the overlord of many human races, no wonder it is so arrogant, because the average master can't break his Guard against

Imperial.

It's a pity that he met Qin Chen, and in front of Qin Chen, he was just a killer, and he was not an opponent at all.

"Received by the ancient holy veins! Incorporate into my body!" Qin Chen killed this arrogant pangolin with one move, refining and entering the Palace of Purple Clouds, then grabbed it with his hands and displayed the way of space, deeply penetrating into it. Among the first-order ancient holy veins, between the bangs, this galaxy is as bright

Qin Chen's high-grade ancient sacred vein was picked up by Qin Chen, turned into a flying dragon, and ingested into his body.

As soon as the ancient holy veins were ingested, many hidden lore prohibitions in this stone chamber stopped functioning and lost their motivation.

In the stone chamber, it became dark as well, and the flame aura faded away, as if it had turned into the most ordinary stone chamber.

"Dust, you just killed the demon clan's imperial prince's men. If the news spreads, it will be a lot of trouble." Chen Sisi said.
