

Valkyrie 3031

[Chapter 3031: Secrets of the Venerable](#)

Tu Moyu faintly said: "Although the power of darkness is powerful, it is after all a force outside the heavenly realm, which is contrary to the heavenly way. The holy lord is still under the heavenly way. It is a manifestation of the ultimate mastery of the heavenly way. If you use the breath of darkness to directly break through to the Holy Lord, then you will lose the most important opportunity in your life to understand the way of heaven. The most important thing is that once you use the breath of darkness to become the Holy Lord, because the Holy Lord is still in the control of heaven. Once you are exposed,

Tiandao has enough strength to directly obliterate you. "

"Directly obliterate?" Yao Wuming took a deep breath. "Yes, the power of Heaven's Punishment cannot be resisted by the Holy Lord. As long as you use the power of darkness to break through the Holy Lord, you will have the source of the power of darkness in your body. Then once you expose a trace of darkness in the heavens, you will be affected by the heavens. Betrayed into heresy, straight

Then come down to judge the thunder and kill you. "So, you can't use the dark aura to break through the Holy Lord, at most it can only be used for cultivation and strength improvement. Once there were many masters in my Demon Race. In order to enter the realm of the Holy Lord as soon as possible, I absorbed too much dark aura and broke After the Lord,

Perceived by Heaven, he directly sent down a ruling thunder penalty to obliterate. "

"Is it impossible to resist in the Demon Realm?" Yao Wuming said in disbelief. "The Demon Realm?" Tu Moyu sneered, "Although the Demon Realm is called the Demon Realm, it is actually the same as the realm of your human race. It is the area of the celestial realm. How can you resist it? As long as it is within the scope of this universe, any darkness Breath of strength,

They couldn't escape the lock of the thunder punishment of the heavenly ruling, which was why they couldn't use the dark breath to break through. "

"According to you, Lord Palace Master..." Yao Wuming said in confusion.

"Palace Master Yaomie is different. He himself is the pinnacle of the saint master, who has achieved completeness in the way of heaven. His goal is to use the aura of heaven to achieve the Lord, and the Lord is beyond the existence of heaven. ."

Transcendence?

Yao Wuming nodded. He had also heard of this. The Holy Lord is still a figure blessed by the heavens, but the sage is an existence that transcends the heavens, and will be suppressed by the heavens, which is intolerable.

Therefore, under the world, the number of venerables is extremely rare, much less than that of the Holy Master. Everything is due to the birth of the venerable, which will suppress the Heavenly Dao, and it is impossible for the Heavenly Dao to agree to such a thing. "Therefore, if Palace Master Yaomie wants to use the dark aura to break through the Lord, there is no problem, because the Lord has already

transcended the existence of Heavenly Dao, even if the Heavenly Realm Heavenly Dao feels the dark aura of Palace Master Yaoniu, Can't cut it

kill. "Tu Moyu said.

"There is still such a thing!"

Yao Wuming murmured. "So, you are currently using the dark breath to practice the dark taboo technique at most, but if you want to break through the Holy Lord, you still have to follow the cultivation method of the human race, and the dark breath is enough to make you far above the masters of the same level. Darkness

The complete release of the breath is equivalent to a half-step holy master, enough to sweep through the human race. "

"However, once you display the breath of darkness, you have to kill all those who spy on your breath, otherwise, once it spreads to the outside world, the whole heaven will want you, and even your palace lord will kill you directly. clean!"

Tu Moyu reminded.

"So that's the case." At this moment, Yao Wuming finally understood why the Lord Palace Master had to cooperate with the Demon Race, and why the Demon Race had received the blessing of the power of darkness, but did not give birth to countless Demon Race Lords. , If the demons can be unscrupulous

Using the dark breath to break through, then the demons will give birth to an infinite holy lord, no matter how strong the human race is, it cannot resist the vast army of holy lords. Everything is because of this.

"I understand." Yao Wuming nodded: "I can't think of the darkness and such a taboo..."

"In fact, it is not that no one can use the dark breath to break through the Holy Lord."

"What?" Yao Wuming looked over in astonishment. "This is just a rumor." Tu Moyu smiled and said: "I heard from the senior members of the clan that people with the origin of the heavenly origin continent may be able to directly absorb the aura of darkness without being punished by the heavens, because, The source continent is the universe development

At that time, the Origin Continent, which was born with the heavens, had the same power as the heavens. If the heavens and the heavens obliterated such a person, it would be tantamount to breaking one's arms and losing vitality. "Of course, this is just a guess. The leader of my demons, the Yuanmozu, has searched for traces of the source continent in many planes of the universe, trying to make such an attempt. Unfortunately, it has never been successful. Rumors, Yuanmozu Lord Demon, when

He had entered a source continent in 1 year, but it was a pity that he failed, and even fell. "The source continent?" "Yao Wuming shook his head. This kind of continent was born at the beginning of the universe, and the number is extremely rare, especially after the huge development of the heavens, all the source continents were absorbed and annexed by the heavens, and became the heavens.

Part of the power of, now there are almost none of the remaining source continents in the universe, right?

It was extremely rare for the Yuanmo clan to find a source continent back then.

wrong. Yao Wuming was stunned. Under the command of the Lord Palace Lord, their Yao Mie Mansion seemed to be annexing some continents everywhere in the lower planes. Could it be that this is just a representation. The purpose of the Lord Palace Lord is to find the source continent and swallow it. Make

Have oneself not be suppressed by the heavens and heavens?

hiss! If this is the case, then the Lord Palace Master's plan is too terrible. Just about to be succeeded by him, Lord Palace Lord will become the only one in the celestial realm who will not be suppressed by the heavens. At that time, Lord Palace Lord will How can it become

afraid?

Just thinking about it, Yao Wuming was shocked.

However, Yao Wuming would naturally not tell Tu Moyu about such things. "Okay, you know this, we should also leave. The life essence of so many human races is enough for this demon to cultivate the death demon scriptures and condense the power of the human race in the body. I will meet again later. The devil still needs your cooperation

. "Tu Moyu said lightly. "Yes, Master Tu Moyu! "Yao Wuming respectfully said:" By the way, there is another doubt below. There is the inheritance of the demon race here. Why does Master Tu Moyu have to come to the place where the human race is inherited to swallow the human blood? Isn't it afraid of other demons? high

Will the hand take the first step and take away the inheritance of the demon venerable? "

Yao Wuming couldn't understand this matter and couldn't help asking. "Hahaha, the inheritance of Demon Venerable? If the inheritance of Demon Venerable is so easy to obtain, it will not be called Demon Venerable Inheritance. In fact, the inheritance of Demon Venerable and Skyfire Venerable is not as simple as you think. I absorb human blood , Is to seize the heritage

Use, you don't need to know the details. "Tu Moyu spoke coldly, his voice fell, and a magic light flickered. It had already taken the master of the dead demons and disappeared.

[Chapter 3032: Domineering](#)

"It turns out that there are so many secrets in this dark atmosphere." Standing in the ruins, Yao Wuming's eyes flickered and muttered. Immediately, a hint of cold chill flashed through the depths of his eyes. What does it mean to refining the human race's essence and blood just to capture the inheritance of the venerable?

In addition to wanting to get the inheritance of the Demon Race Ten Thousand Spirit Demon Venerable, Tu Moyu also wants the inheritance of my Human Race Skyfire Venerable? "

"Humph." Yao Wuming sneered: "No matter what the purpose of this Tu Moyu is, the inheritance of the sacred person in this heaven trial is destined to be Yao Wuming."

"Yao Wuming Lord."

At this moment, there were shouts of shouts from outside the cave, Yao Wuming immediately recovered his calm, his face became a little pale, and he held his chest, the dark aura on his body also quickly converged and disappeared.

Whoosh whoosh! From outside the cave, a group of people flew over. The leaders were the top masters of the Eastern Celestial Realm such as Baihua Fairy and Shao Jikang. At this moment, all of them were full of vigorous aura. They were obviously in the ruins. Had some adventures,

The cultivation base has improved a bit.

"It's so bloody, Master Yao Wuming, why are you injured? Are you okay?"

A group of masters from the Eastern Heaven Realm felt the blood in the cave, their complexion changed, and they came forward to inquire. They also came to one after another after receiving a message from Yao Wuming. They did not expect to see such a scene.

"I'm okay!" Yao Wuming said with an ugly face: "Before I searched for the holy veins with some Human Race Tianjiao, but I didn't expect to be ambushed by a group of demons masters. Everyone except me..."

Yao Wuming's expression has traces of grief.

"Master of the Demon Race? How come there are masters of the Demon Race into the inheritance of my human race's Venerable Skyfire?" Baihua Fairy and others were all taken aback.

"I don't know the specifics." Yao Wuming said coldly, "If I were not for the first time, these people would not be allowed to succeed." "Yao Wuming adults, these demons are probably for Venerable Skyfire. It's inherited. There was an astonishing flame aura erupting in the depths of the ruins before. We suspect that where is the heritage of Venerable Skyfire, someone should have stepped forward first.

Entering there, we..." Several masters in Yao Mie Mansion hurriedly said.

"What? Someone has found the heritage of Venerable Skyfire?" Yao Wuming's expression changed: "Go, let's go over."

Whoosh whoosh!

At the moment, this group of people flashed and disappeared.

Because of the surging of the Tianhuo Hall, not only Yao Wuming and others, but all the powerful masters flew across the ruins, heading to the place where the ruins were, and their speed increased to the extreme.

Boom! And before the Tianhuo Hall, many masters have also found here. Although the ban in this hall is terrible, there are so many masters, strong like clouds, and this ban is not absolute, and soon there will be Some people opened the entrance

, The masters swarmed into it like a crucian carp crossing the river, rushing across the palace, searching for treasures everywhere. And in that mysterious hall, Qin Chenzheng had cultivated to the critical moment, and the many auras of the Holy Master in the body of the Master Shenzhao were refined by him. Under the refining of the technique of patching the sky and the Zixiaodou rate palace, Into the purest doctrine of the Holy Lord,

Incorporated into Qin Chen's body cells.

Qin Chen's body cells expanded in circles, and the power nurtured in it became more and more powerful. If at this time, a master uses his divine eyes to see through, he will find that within Qin Chen's billions of cells, separate spaces have been formed. These spaces contain the power of various laws, turning them into crystal stones of laws. Seems and

The combination of origins and magical powers, infinitely and irregularly, always creates a new future.

Various civilizations appeared in Qin Chen's body.

The main body of the godly teaching not only contains the way of the holy lord, but his soul contains the secret of rebirth and rebirth. This is a magical technique of soul inheritance, which is different from natal soul fire. It is a kind of soul message that is left in the avenue of heaven and earth, which can be passed down along the blood line and enter the next generation, or between people of the same blood. , Wait until a certain day

After that, this soul message will wake up and become a reincarnated body.

This kind of soul secret technique was very peculiar, and it opened Qin Chen's eyes. Combined with the soul secret technique of charm banshee and the heaven soul forbidden technique, Qin Chen was extremely inspired.

This time Qin Chen made a lot of money, and the gain was too great. This time, it swallowed the body of the Godzhao Guru, much more than he swallowed all the masters before refining combined. Although in the body, the body of the Godzhao Guru no longer has any power, but it is against the heavens. Sentimentally

, Qin Chen's previous refining masters were less than one percent of the master of the gods. The soul of the **** according to the leader has been directly awakened, and his perception of the way of the holy master is equivalent to a true ancient holy master. As long as he is given time and enough holy vein resources, he can restore his physical body to the peak again. Get there

At that time, it can become an invincible existence here, and it will be easy to inherit the many Skyfire Venerables.

It is a pity that Qin Chen killed his plan before it was realized. However, what Qin Chen also had doubts about was that when the leader of Shenzhao fell back then, there was still time to arrange a large array? And even if he has time to set up a large formation, why not use the ancient demon corpse to nourish his own flesh, but instead use himself

To nourish a demon lord of the ancient demon race with his flesh body, this is simply seeking the last. If the master of the gods cares for his own body, then he does not need to seize the house at all. He only needs the soul to come out of his body, and he can directly enter his body in the previous life. It is a perfect fit, at least it can directly display the half-step saint. Lord's reality

force.

In this way, Qin Chen may not have been able to win the gods as the leader before, and everything will take another path.

But now, everything is cheap Qin Chen.

Boom boom boom! When the power of countless laws surged in Qin Chen's body, Qin Chen was also frantically devouring the holy vein of the holy master. The infinite holy energy of heaven and earth continuously entered into Qin Chen's body. Qin Chen's ancient body began Change, and the world has

An extremely close connection, closeness.

In a trance, his body shook violently, countless cell spaces, and the laws of heaven and earth, merged into one, and he felt dying and prosperous, immortal, and the artistic conception of the same life of heaven and earth.

The aura of great roads lingered around Qin Chen, this was a real domineering state.

Qin Chen's body is slowly entering the overlord level.

"I'm breaking through!" Not far away, Sisi clenched his fists and stared at Qin Chen, with an excited expression.

[Chapter 3033: Sure enough, someone came](#)

Although she herself had broken through to the overlord, when she watched Qin Chen break through, the excitement in her heart was even stronger than when she broke through.

Moreover, this is not Qin Chen's biggest change, Qin Chen's biggest change is his soul.

The reincarnation technique of the **** according to the master, the soul refining method to charm the banshee, combined with the power of the heavenly soul forbidden technique, gave Qin Chen a deeper understanding of the mystery of the soul.

He vaguely felt that his soul had undergone transformation at a certain moment, and at this moment of transformation, he even felt a strong attraction that lingered in his mind.

Every thread of his soul bloomed with brilliant light.

Qin Chen's own soul thoughts had expanded infinitely. He felt that he was the sky, and he was completely integrated with the sky, and a special understanding that raised the soul emerged from the bottom of his heart.

His soul has become an independent world, an independent party.

"The Art of Refining Soul!"

Qin Chen murmured, at this moment, he absorbed the soul secret technique of the god-zhao master, the soul technique of charm banshee, and combined with the heaven soul forbidden technique, he actually created a unique soul refining technique.

Just like the original magical power he created, this soul-refining technique is his unique magical power, which makes his soul more transparent.

In the dark, Qin Chen felt a strong attraction in the void.

"This is... the clone!"

At this moment, he actually sensed the soul breath of Qin Mo's clone, which was actually not far away from him.

"What? The clone is also in the heavens, in this trial land?" Qin Chen was taken aback, and he finally understood why he felt a strong attraction outside the ruins, and he also cultivated the Abyssal Demon. The Taoist Chen Sisi is gone, because this is not the attraction of the demon venerable at all

, But the soul breath of the clone is attracting him.

The soul of the clone is his soul, and they have the same origin, so they will naturally have a strong attraction to each other.

But how did Qin Mo come to the heaven? Isn't he in Tianwu Continent? What makes Qin Chen more puzzled is that even if Qin Mo ascends to the heavens, it should be in a certain heaven. Even if he appears in the demon world, Qin Chen will not be surprised at all, because the clone cultivator itself is a demon clan. The way, why

Will you enter this place of trial?

The place of trial is where the top talents of all races can enter, and there is no such condition for the clone. What's more, if the clone is really in this place of trial, why doesn't he feel at all? The souls of the clone have the same origin with themselves, even if they are separated by thousands of miles, they can clearly sense each other, it is impossible to be so fuzzy.

Induction.

Even if it hadn't been for the transformation of one's own soul, and the Heavenly Soul Forbidden Technique had cultivated to the third level of ten thousand souls, he would still be unable to sense the existence of the clone.

These kinds of doubts kept popping up in Qin Chen's mind, and he didn't even understand.

call!

In this thought, Qin Chen wandered in the holy veins of the holy master level, his mind was empty, everything in the outside world was abandoned outside, his physical body, every cell is changing, and he has entered a mysterious and mysterious special. situation. The magical thing is that Qin Chen's soul and body are both metamorphosing together. This state is unprecedented, but the trouble is that in this state, Qin Chen cannot be interrupted at all. Otherwise, if he is not careful, he will become confused. , Exhausted

Abandoned, even burst into death.

Chen Sisi was happily feeling Qin Chen's transformation with a smile on his face. Qin Chen's breakthrough through the power of the Great Dao triggered by the overlord made her harvest full, and the power in her body was agitated.

But suddenly, Chen Sisi seemed to have sensed something. He turned his head abruptly and looked in the direction of the entrance of the hall, his face suddenly changed.

She sensed that there was a strong outside world approaching, and at the critical moment of Qin Chen's breakthrough, someone unexpectedly came.

"not good!"

Chen Sisi was shocked immediately. If Qin Chen's breakthrough is interrupted at this time, it will inevitably cause irreversible consequences for Qin Chen. She can perceive Qin Chen's state of enlightenment at this time. This is the most critical moment for the breakthrough. .

Whoosh!

Chen Sisi's figure flickered, and he immediately appeared outside the formation and restriction, and his eyes became cold.

At this time, in the passage outside this hall, Zhuge Xu and Donghuang Jueyi were the first to enter the palace.

"Here, this place should be the location of the Saint Lord's Saint Veins." Zhuge Xu stopped.

"Here, are you sure?"

Donghuang Jue looked at the empty pillars around him, with a look of doubt on his face.

"It can't be wrong, it's here. The reason why you can't see it is just because there is a formation here that blocks your perception." Zhuge Xu said lightly.

As soon as his voice fell, there was a roar around him, and in the distance, there was a vague sound of fighting.

"Zuge Xu, hurry up, there are already a lot of people in the hall now." Donghuang Jue frowned, and immediately sneered: "Kill, the crazier they kill, the better. After they kill, We will profit from the fisherman..."

Hum!

Zhuge Xu urged the sky-passing talisman, and immediately, the ninety-nine eighty-one pillars in front of him turned around. At the same time, a vast force spread, and the entrance in front appeared.

"Hahaha, there really is a secret room!"

The Donghuang laughed loudly, his figure shook, and the first one rushed into the cave.

"Hahaha..." He laughed, but the laughter stopped abruptly: "Damn, who are you and why are you in this hall?"

Because he saw the hall in front of him, it was empty and there was nothing, and in the hall, there was a woman sitting here cross-legged.

Whoosh whoosh!

Zhuge Xu and others also flew in one by one.

"Sure enough, someone came."

Chen Sisi's heart shuddered, and her face suddenly became difficult to look at seeing the influx of many masters. She didn't expect that so many masters would swarm in all of a sudden.

This hall is very secretive. It is a special hall in the Heavenly Fire Hall. If it weren't for following the gods, the ordinary overlord would not be able to figure it out.

But now, this group of people can actually break in, who are they?

Chen Sisi looked at the group of people coldly.

"Someone actually entered this hall before us?"

Zhuge Xu and the others were also taken aback, their eyes fell on Chen Sisi, but they couldn't recognize Chen Sisi's origin. However, being able to enter the palace of Venerable Skyfire before them and break into this hall is absolutely not to be underestimated, and Zhuge Xu's gaze is also serious.

[Chapter 3034: The unknown](#)

"Who is your excellency? Why do you appear in this hall?" Zhuge Xu said, arching his hands.

"There is an unknown person in the Lower Heaven Realm, and it's not enough. The reason why I am here is naturally because of exploring the inheritance of Venerable Skyfire. Who are you?" Chen Sisi stood up and said lightly. When things happen, she will naturally not shrink. .

"An unnamed person? Humph!" Dong Huang Jue's eyes burst out with a faint glow, his eyes flicking in the hall, especially when he saw the restriction behind Chen Sisi, he immediately condensed, and he couldn't help laughing. .

"Who are we? The East Emperor of the Western Celestial Realm is unique, this one is Zhuge Xu from the Southern Celestial Zhuge family. Have you ever heard of it?" Donghuang Jueyi said proudly.

"East Emperor Jue One? Zhuge Xu?" Chen Sisi was stunned. They turned out to be the top two arrogances of the Western Heaven Realm and the Southern Heaven Realm. At this time, she also understood why this group of people could find here: "It turned out to be the Western Heaven Realm and The sirs of the Southern Heaven Realm, and the wisdom of the Southern Heaven Realm

Called Lord Zhuge Xu, it's no wonder that you can find this place. It is said that the heavenly Zhuge family is good at calculating, and it really deserves its reputation. "

"Not bad!" Zhuge Xu smiled slightly, "You can also enter this hall. It really surprised me. How did you get in?"

"Of course I also have secrets. Would you be allowed to come in but not me? If there are treasures, you can get a share." Chen Sisi said. "Share a piece of..." Zhuge Xu glanced at Chen Sisi and suddenly laughed: "It seems that you also know quite a bit about this place. This treasure of Venerable Heavenly Fire is not trivial, especially in this hall. The calculation is correct, this

There should be a holy vein of the Holy Lord, it should be in the restriction behind you, but unfortunately, you should not be able to open this restriction, do you want it? "

Everyone can feel the restriction behind Chen Sisi, and there is a huge breath surging in it, containing amazing power.

"Yes, I found this Holy Master's Saint Vessel first. Why, do you want to grab it?" Chen Sisi said coldly. She is also a powerful character herself, not timid. "In this palace of Venerable Tianhuo, there are a total of four eyes, each of which is suppressed by a holy vein of the Holy Master to maintain the operation of the whole palace." Zhuge Xu pinched his fingers and said lightly: "This way, We are not overwhelming, this

Since I discovered the saint veins of a hall, I will collect them. I will point you to two places. How about you can collect those two saint veins? "You guys are joking. I found this hall first. I'm sorry, I won't let it. As for the other holy veins, I am not interested. It is better for you to quit, go to other positions and search Other holy veins? "Chen Sisi is not humble

Kang Dao.

"presumptuous!"

A master overlord sneered: "A guy with an unknown origin, don't shame you, retreat quickly, and save your life, otherwise the consequences will be disastrous."

"Quickly retreat? Who will give her a chance to retreat?" At this time, Donghuang absolutely walked out, sneered, and stopped Zhuge Xu from speaking: "Brother Zhuge, you are still too kind, since you know the Holy Line of the Lord In the ban behind this person, what nonsense is this person talking to her, the origin of this person is unknown,

Now I suspect that this child is a spy hidden by the demons in our human race. Just kill it directly. It's a waste of time and a waste of time! "The Great Eastern Emperor, Lord Zhuge Xu, asked me to take down this little Nizi, pry her mouth open, and ask how she got into this Heavenly Fire Palace so quickly and came into this hall. , This person is likely to have some secrets

dense. "

The overlord master who had been scolding before, walked out with a grin, swish, and shook his figure, rushing towards Chen Sisi, and grabbed Chen Sisi with one claw.

At the same time, another master master of the Western Heaven Realm also flew up and directly sealed the space on the other side, which did not allow Chen Sisi to escape.

Moreover, Donghuang Jueyi and Zhuge Xu shook their bodies, and walked towards the restriction, obviously trying to open the restriction and search for the Saint Lord's Saint Vein.

"Who dares to move the ban and find death!"

Chen Sisi's eyes suddenly became cold, and Qin Chen was her reverse scale, who would dare to move?

boom!

In Chen Sisi's body, a terrible aura suddenly erupted, with black threads on her head, soaring into the sky. From these people's voices, Chen Sisi had already heard that these people are not good people at all and should be killed.

Boom!

She shook her figure, and she did not retreat, but went forward, and directly killed the two overlords who had rushed towards him. The way of illusion in her body suddenly revolved. The cold breath set off her like a killer god, and suddenly came to the two of them. Before, a punch came out.

With two screams, before the two overlord masters had time to react, they were blown up in the air by Chen Sisi's two punches, flew up, bloody, and splashed on all sides, the situation reached the extreme.

"what?"

Everyone looked frantically shocked, and they couldn't imagine that a woman who looked harmless before, suddenly shot, and had such a terrifying power.

"How dare you kill me, the arrogant man of the Western Heaven Realm, you are looking for death!" An old man roared beside Dong Huang. The breath of this old man was like the ocean, and he had stepped into the realm of the peak overlord. With a roar, he stepped forward and struck out with a punch: "The sky and the earth are mighty, the mountains are majestic,

Pick me up, Lin Yuan Shenquan. "

The old man's body swelled, as if blowing air, his footsteps violently trampled on the ground, and he struck Chen Sisi with a fist. Riding him to blast through the two overlords, the moment when the new power was not born and the old power was cut off, he held it just right.

With a punch of the old man, his body suddenly swelled, becoming only more than three meters tall, like a giant, the holy yuan friction space outside his body blasted out, playing a super tyrannical boundless strength.

Chen Sisi's eyes were cold, he didn't evade at all, and he punched again, smashing it hard.

"The Way of the Abyss!"

The two punches collided in the air, and the old man let out a scream of earth-shaking screams. The eyes, nose, and ears all sputtered sticky flesh and blood. It seemed that Chen Sisi's punch hit all the organs in his body. Broken.

puff!

In the eyes of everyone's surprise, they saw the old man spouting a cloud of blood, mixed with broken heart, liver and gallbladder, and lungs...

Chen Sisi punched out all the internal organs in his body. "A good intention to persuade, but there are a lot of people pushing each other. People are really in the rivers and lakes, and they can't help themselves." Chen Sisi shook his head and sighed, but his hands were extremely fierce, and the body trembled again, and a cold breath burst out, with a domineering abyss. The strength of the game has played several palm shadows in a row.

[Chapter 3035: Fist of Devouring](#)

Puff!

On the spot, there were some close overlord masters in the two celestial realms, and they were hit by Chen Sisi before they could react, and they all exploded.

Those who followed Donghuang Jueyi and them were all overlords, but they couldn't resist Chen Sisi for a round.

Suddenly, in the western and southern heavens, several overlords were beheaded by Chen Sisi and turned into flesh and blood. Among them, there was even a master close to the peak of the overlord, who also fell on the spot.

Chen Sisi rolled up his sleeves and condensed all of these flesh and blood, and directly refined them. He was never polite. He lingered in the magic light. This was the breath of a master in the magic road, giving people a feeling of a fairy in a witch.

Moreover, Chen Sisi's face began to change, and she turned into a touch of charm, a touch of coldness and pride, and a touch of overwhelming power, which shocked everyone.

"Who is this woman? She is so strong?"

Even Donghuang Jueyi and Zhuge Xu were taken aback. This Jedi is a giant, the top power in the heavens. The key is that they have never heard of it? "Your Excellency is so cruel, directly kill me and other masters, everyone listened to orders, set up a big battle, let me capture her, and see what kind of evil this woman is." Donghuang Jue's face appeared. The cold murderous intent, "No one has ever dared

Killing my subordinates of the East Emperor Jueyi, no one can do it, die for me! "

Donghuang Jue moved his body, and a swallowing force filled his body.

Immediately, all sceneries between heaven and earth disappeared.

"Solar Eclipse Festival, Fist of Devouring!"

Boom!

Donghuang Jue had a whole body, and a black ball began to emerge, transforming into a masterpiece fist, and hit it right away.

Chen Sisi's eyes flickered, and this Donghuang's peerless boxing technique had already blasted in front of her.

"Fist of Devouring!" These four words are the name of this fist technique. As soon as it was displayed, Chen Sisi immediately felt that he was repelled by the power of heaven and earth, and a swallowing force permeated, especially the solar eclipse festival. The power of the black sphere formed, actually

However, there is a strong swallowing power, and in an instant, a terrifying power will strike Chen Sisi and swallow the power in her body.

"As expected to be the top arrogant in the Western Heaven Realm, not weaker than Yao Wuming's existence, the power of devouring? This child can actually master such a supernatural power!"

Chen Sisi's gaze changed, but his mind remained unmoved. He roared and punched out, his body changed, and countless magical powers circulated in his body. With a slight change, he immediately displayed the magical magical powers.

Chen Sisi used the magic to enter the Tao. Her understanding of the magic is unprecedented. Although this swallowing magical power is terrible, her magical magical powers are also ancient and modern, and they are immediately played out.

Boom!

The two forces collided, and the terrifying devouring force field formed by the solar eclipse festival suddenly collapsed, causing the body of Donghuang Juyi Gundam to shake.

"Illusory magic power? What magic power is this? We have this magic power in heaven?"

Donghuang looked shocked, obviously he did not expect his own eclipse ceremony, the fist of swallowing, did not take down the woman, the power of the opponent's magic way actually resisted the devouring of his own solar eclipse ceremony. "Which school are you, the disciple of which force? The Dragon Demon Sect of the Western Heaven Realm? The Immortal Demon Valley of the Northern Heaven Realm? Or the Purgatory Mountain of the Eastern Heaven Realm? No, I have heard of these demon powers, among them the top saints. I also heard about it, and

There is no magic magic power. "

"Stop talking nonsense!" Chen Sisi used the power of the magical demon, and the holy energy within her body shook violently. The whole body of the world immediately caused a strong resonance. She shook the power of the magical demon in her body, whizzed out, and the magical power changed. Turned out to be floating

The invisible, merged into the void, making people invincible, a martial arts cultivation base, not inferior to the East Emperor.

"it is good!"

Donghuang Jue was shaken, and an extremely condensed swallowing air radiated from his body.

"Solar Eclipse Ceremony!" Three black spheres haunted his body, and the whole person became even more evil, like a devil. These three black spheres, surrounded his body, stood in the center, suddenly, Sen Han's murderous aura came out: "Yaolong Candle Omen!

"

Boom boom boom!

With a flick of his finger, it immediately turned into a billowing black light, and the three black **** turned into three roaring dark dragons, evil spirits roaring towards Chen Sisi. Chen Sisi's complexion changed. At this moment, she suddenly felt that the void around her had been frozen. The three dark dragons transformed by the Yaolong Candle Omen could seal the void and imprison everything. In an instant, Chen Sisi felt like she like

Become a lonely person, suffering from the darkest forces of heaven and earth erosion.

This Donghuang Jue displayed his supernatural powers, and in one move, it turned into a black dragon to shake the sky, spurring the world, killing and destroying all things.

At this moment, he is a demon **** who wants to condemn and exterminate Chen Sisi.

"Not good, the way of magic!"

Hum! Chen Sisi's expression was solemn, and in her eyes, a faint of enchantment filled her eyes. At the same time, the power of the magical demon in her body became more and more possible. Moreover, the wild blood aura similar to the monster race filled out. This is nine

The magical powers of the monster clan taught by the tail fairy fox.

Boo!

The black dragon attack formed by the Yaolong candle omen, inadvertently, there was a hint of diffuseness in the eyes, and the forbidden void was loosened, Chen Sisi followed the opportunity and shot out like a lightning.

"What? Even my Yaolong Candle Omen escaped?" Donghuang Jueyi was truly shocked this time. The other party was able to avoid him. The solar eclipse ceremony was nothing, but even the Yaolong Candle Omen's black dragon attacked. I also avoided it. This is by no means an ordinary expert can do. Anyone who can do this is bound to be heaven.

The most top-level Tianjiao figure in the earth.

"Before you were doing it, it's my turn."

"Charm!"

Chen Sisi's pupils revolved, and immediately, an invisible charm permeated. Donghuang Jue felt his mind sinking, his six senses disappeared, and the whole figure seemed to have fallen into endless darkness.

"not good!"

He was shocked that he had lost his perception of the outside world.

On the other side, Zhuge Xu, who was in a visual battle, also changed color, "This is... a charm attack, impossible. What charm attack can charm a character like Donghuang Juyi?"

"Sky Talisman!" Zhuge Xu was originally just watching the show and was not ready to intervene, but at this moment, he couldn't help it. If Chen Sisi was allowed to attack, Donghuang Juyi would definitely be injured, and there was a terror above his head. The talisman suddenly shined, and a bright light hit Chen Sisi.

[Chapter 3036: Rivalry](#)

Hum!

This ray of light, like lightning, came quickly behind Chen Sisi and directly bombarded her body.

Zhuge Xu was very shrewd. He didn't save Donghuang Jueyi, but directly targeted Chen Sisi. This was the technique of encircling Wei and saving Zhao.

"Damn it!" At this time, Chen Sisi had already charmed Donghuang Jue. He was about to seize the opportunity to give Donghuang a fatal blow. He felt a strong danger. He turned his head and saw Zhuge Xu brewing. Heavenly Talisman, kill her,

In the mind, there was a cold air rising, and the whole body was standing up.

At this moment, she felt that she had fallen into the long river of fate, and she felt unable to break free.

"No! This trick is dangerous!"

Chen Sisi immediately woke up. If she killed Donghuang Jueyi, once she was engulfed in the light of this talisman, she would not be able to escape death, at least she would be seriously injured, and she would be in danger when there was little dust.

"Illusory demon turned around!" Chen Sisi's figure flickered after being familiar with it. Her body was pierced by this light, but not far away, another figure appeared again. That is Chen Sisi's body. Come, attack Donghuang absolutely, immediately

It loses its effect.

Hum!

Losing Chen Sisi's charm, Donghuang Jueyi immediately woke up. He recalled the scene before, and he was immediately covered in cold sweat.

Just now, he was almost counted on, thinking that he had almost fallen into the hands of a woman, a cold chill suddenly appeared in his heart.

"Brother Zhuge, thank you very much."

Dong Huang Jue said with lingering fear, looking at Chen Sisi's eyes with unprecedented coldness. "Raise your hand." Zhuge Xu waved his hand and stared at Chen Sisi solemnly. In fact, he was extremely shocked in his heart and muttered: "Who is this woman? Can I escape the attack of my Heavenly Talisman? The Heavenly Talisman contains destiny. The technique, once

If you shoot, anyone who is shrouded will fall into the long river of fate, unable to break free, but this woman, instantly reacted, who is it? "

"No matter who she is, anyone who dares to stop us must die."

Dong Huang Jueyi sensed that there had been a lot of movement from the outside world, and his expression changed: "Brother Zhuge, a quick fight, you and I will join hands and kill her directly!"

After the words fell, Donghuang Jueyi suddenly filled with an astonishing breath of the Holy Master. This is the way of the Holy Master!

As the number one arrogant of the Western Heaven Realm, Donghuang Jueyi has mastered a trace of the way of the Holy Lord.

He lingered around the black sphere, rushed towards Chen Sisi, and shouted: "Falling God Contract!"

He directly displayed his big move!

"Okay!" Zhuge Xu also sensed the aura of the outside world, and did not care about guessing Chen Sisi's identity. His eyes were cold. A long river of fate appeared along his body, and the sky-tall talisman above his head immediately bloomed out. The light of

As a long river of phantom, blasted towards Chen Sisi.

Boom!

This shot of the two masters is their own unique knowledge, the purpose is to take down Chen Sisi in the shortest time, so as not to cause unnecessary trouble. Moreover, at the moment when the two of them took action, the surrounding masters of the Western and Southern Heavens also moved together. There were dozens of overlord masters, transformed into a large formation, and the breath that erupted was no weaker than a master mastering the saint. The top master of the Lord's Way,

The surrounding area of Chen Sisi was sealed, and she was not given any chance of escape.

The three major attacks came strong, and the attacks had not yet arrived. The terrifying coercion had swept Chen Sisi. The aura of her whole body was dimmed, and Sheng Yuan actually said back shocks and fluctuations.

At this time, he suffered a little bit of injury.

"The way of destiny, the way of swallowing!" Chen Sisi was frightened. She never expected that she would fall into such a desperate situation. Although she is strong, she is a figure of Tianjiao after all, and it has not been long before she entered the realm of the overlord of the late Heavenly Sage. The cultivation base is so short of the pinnacle overlord,

It was a lot lower than Donghuang Jueyi and Zhuge Xu.

In addition, both of them are the masters of the top avenue, and there are many overlord masters' joint formations, which immediately fell into a disadvantage.

"No, nine-tailed fairy fox, charm!" In the crisis, Chen Sisi couldn't care too much, and could only use the power inherited from the predecessor of the nine-tailed fairy fox in his body. In the next moment, Chen Sisi changed, and his whole person became incomparable. Noble, the breath in the body soars instantly, a terrifying power of charm,

Shrouded outward, swept across instantly.

"Om!"

Chen Sisi is born with a charming body, how powerful is it to show it all at once? Even the souls of true holy masters such as Godzhao Guru at the beginning will be charmed. Although Donghuang Jueyi and Zhuge Xu are tough, they can't escape the charm.

Everyone only felt that they were trapped in a hazy state, with a feeling of emergence.

"No, it's a charming technique!"

But Donghuang Jueyi and Zhuge Xu were Tianjiao figures after all. In an instant, they woke up and saw Chen Sisi's magic attack, which had already come to them.

"not good!"

Everyone was shocked and shot together.

Boom!

The earth-shaking roar resounded, and the two of them backed away, frightened and angry.

"Huh? Are these two people okay?"

Chen Sisi's face was ugly, and the Tao of Illusory Demon was weaker. If she could display the Tao of Abyss, she would definitely be able to seriously injure both of them. But the way of the Abyssal Demon is too important. There are dozens of master masters on the scene. Once she uses it, as long as anyone leaks the wind, not only will she die, but Qin Chen will also die. She is wanted by the heavens, so it's not. Moment of life and death

, She must not use it.

"Naturally charming!"

Chen Sisi revolves the natural charming body, walking in the void, behind her, a misty nine-tailed fairy fox appears, wherever she goes, it becomes her territory.

Whoever Chen Sisi looked at would sink into ruin. If there were any Donghuang Jueyi and Zhuge Xu alone, Chen Sisi would have been able to kill them long ago, but there are too many strong people here. No matter how strong Chen Sisi's charm art is, he cannot charm everyone in an instant. This also leads to, Between them

Cooperate, constantly clash with Chen Sisi, and always keep someone awake and guarantee that they will not be beheaded.

She actually resisted the many arrogances of the Western Heaven Realm and the Southern Heaven Realm with a single person.

"Damn, do you really think you can fight against all of us by yourself?" Dong Huang Jue had a cold look, and roared, he was really angry. This peerless Tianjiao couldn't tolerate so many people being treated by a man. The little girl resisted the fact that his murderous intent was condensed into countless dark shadows of murderous gods behind him.

Almost to make the space collapse, Chen Sisi's enchanting aura was strongly resisted. This is to burn the origin, desperately.

[Chapter 3037: Fox Fairy Clan](#)

"Hmph, as long as I am here, today you can never cross the Lei Pond half a step. If you have the ability, you will defeat me and walk past me." Chen Sisi said coldly, with firm eyes.

As long as Chen Shao didn't come out of it for a moment, Chen Sisi would not let the opponent cross a half point.

"Hahaha, good, good, since you want to die, this seat will fulfill you."

Donghuang Jue roared and killed him like lightning.

"Charm!"

This time Chen Sisi didn't try hard, but directly used the charm technique to avoid Donghuang Jueyi's attack. No matter how Donghuang Jueyi attacked, as long as he couldn't resist Chen Sisi's charm technique, she couldn't hurt her at all.

"That does not work."

Zhuge Xu looked at Chen Sisi deeply, Chen Sisi's charm was too strong, and Donghuang alone could not kill the opponent.

However, Zhuge Xu also wondered what was in this restriction that caused this woman to confront such a strong resistance.

Boom!

And just as Zhuge Xu was about to do it, suddenly, there was a roar from outside the hall, and then, a series of rich aura flew in.

"Huh? There are so many masters of the human race? It's so rich and powerful, what is this place?"

The leader, with three eyes, was the prince Jinwu Prince of the Demon Clan Imperial Tomb. When he swept his gaze, he saw the scene here, especially when he sensed Chen Sisi's breath, he was shocked.

This Human Race woman actually has the aura of their monster race.

"Prince Golden Crow, after you look at the hall, there seems to be a restriction, and there must be treasures in it."

A demon overlord master said in a deep voice.

"Yes, Lord Golden Crow Prince, the humans here seem to have arranged a formation. It's strange, if there are treasures here, why don't these human masters take out the treasures?"

"Huh? That woman, she has the aura of our monster race, weird, but she is clearly a master of the human race, and her position, just before the restriction, is it to prevent these masters of the human race from competing for treasure?" Do you think too much? Is this woman able to prevent so many human masters from plundering treasures? Just kidding, you didn't see these two human masters. They are so strong that they are definitely the top talents in the human race. Could this woman be one enemy two? "

Many monster overlords talked and said.

"Shut up to me, you can see such an obvious thing, don't you see the prince?"

Prince Jinwu said furiously, a group of idiots, embarrassed.

"People of the monster race."

The appearance of the Golden Crow Prince also made Donghuang Juyi and their hearts sink. This is obviously a group of masters of the monster race, especially the leading Golden Crow Prince, with a restrained and amazing sun spirit, giving them a strong shock.

Such a Yaozu master is definitely not easy to deal with.

"hateful."

Donghuang Jueyi glanced at Chen Sisi viciously. If it weren't for Chen Sisi, the group of them would have already robbed the sacred master's holy veins under restraint, so where is the opportunity for these monster clan masters.

Whoosh whoosh!

And with the appearance of the Golden Crow Prince, a lot of masters appeared in the hall one after another, all of them gathered here, humans and monsters.

Boom!

Another terrifying aura emerged, and a group of demon masters appeared, and the stars surrounded a young demon master like a moon.

"The Little Demon King of the Ten Thousand Demon Mountain Range?"

When Prince Jinwu saw the incoming person, his eyes burst into cold light, and the murderous intent on his body suddenly spread, sweeping like a vast ocean.

"Prince Golden Crow, I didn't expect you to be here? Why? The demonic atmosphere here before, could it be that you were fighting these human masters?"

The Little Demon King is a young man with extraordinary momentum. There are golden weird lines on the center of his eyebrows. The whole breath is very sturdy. When he swept his eyes, he fell on Chen Sisi, showing a look of surprise: "Tongtianze Fox Fairy Clan?"

But immediately it was stunned, so in addition to feeling the aura of the fox clan from Chen Sisi, Chen Sisi's whole person was not like a monster at all, it was clearly a human race.

But how could the human race be inherited from the fox fairy family? "Who is your Excellency, why is there the inheritance of my Monster Race Tongtianze Fox Fairy Clan?" The Little Demon King frowned, "The Tongtianze Fox Fairy Clan is the top race in my Monster Race, and it rarely has a border with the Human Race. Even hate human beings, especially in ancient times

After a quasi-patriarch of the fox clan fell in love with a master of the human race, he broke away from the fox clan, and even attracted the hatred of the fox clan. In these years, there has been almost no fox clan walking in the world. What about you..."

Speaking of this, the face of the Little Demon King of the Ten Thousand Demon Mountain Range changed, and he thought of an extremely shocking possibility: "Could it be that you are the descendant of the master and human race that betrayed the fox fairy clan back then?"

The more the Little Demon King thought about it, the more shocked it became. If it was true, then Chen Sisi obviously had the blood of the two major races of Human Race and Demon Race.

This could explain Chen Sisi's aura of the Fox Fairy clan. "Unexpectedly, the Fox Fairy clan still has descendants out there. You were besieged by these human races before? Humph, there is nothing good about the human race. This Demon King has a proposal, knowing that you will take refuge in the Little Demon King and become the servant of the Little Demon King. This Demon King will cut it for you

How about killing these human races? "

Little Demon King narrowed his eyes and said lightly. "The Fox Fairy Clan?" Prince Jinwu also squinted at Chen Sisi, "Sure enough, he possesses the charm of the Fox Fairy clan. This kind of aura must be possessed by talents who have obtained the origins of the Fox Fairy clan, and most humans and even monsters can't get

, And this kind of aura is the aura of a saint of the Fox Fairy clan, even an ordinary disciple of the Fox Fairy clan can't have it, unexpectedly appearing on a human. "The Golden Crow Prince looked at the Little Demon King with a sneer: "Little Demon King, aren't you, the Ten Thousand Demon Mountain Range and the Fox Fairy Clan a little bit grudge? Because your Ten Thousand Demons Mountain Range wants to gather the Fox Fairy clan to become your family, the Fox Fairy clan has always been not very friendly to you Ten Thousand Monster Mountain Range

Okay, why, now he actually started from the descendant of the Fox Fairy clan? "Speaking of this, Prince Jinwu looked at Chen Sisi, with a golden light in his eyes, and said with a smile: "Your Excellency, I belong to the imperial tomb, and the Foxian clan has always been in the well water. If you are willing to follow my imperial clan, even if You are a human race, I am gold

Prince Wu is also willing to accept. "

Upon hearing this, Zhuge Xu and Donghuang Jue's expressions changed.

Unexpectedly, the aura of the demon race in Chen Sisi's body could make the people of the demon race take her so seriously.

"Haha, what kind of fox fairy clan? Unexpectedly, the woman next to Brother Qin has such an identity, admire, admire!"

Boom! Suddenly, a loud laughter sounded, and immediately in the hall, Yao Wuming landed with a group of masters.

[Chapter 3038: Praying man](#)

"Eastern Heaven Realm Yao is nameless!"

Donghuang Jueyi and others turned their heads one after another, and their eyes burst out with cold light. This person's name is so big that it is their old enemy, and they immediately became vigilant in their hearts. "Hahaha, there are so many people here, are you waiting for this seat?" Yao Wuming walked in with a smile, full of confidence, and gained the power of darkness. He boasted that he was above any disciple of the same level. Naturally full of confidence and demeanor

Also revealed a proud temperament.

Beside him, a group of masters from the Eastern Heaven Realm followed closely behind him, Zhongxing Pengyue. This time, the field became more chaotic. As soon as Yao Wuming appeared, he naturally attracted the jealousy of countless masters. He was also a top master. Now the hall has become a meeting place for all major forces and races. Master,

Gather one after another.

"This person is also a master of the human race? He is even more arrogant than this prince, and he doesn't know how high the world is!"

Yao Wuming's posture naturally attracted the dissatisfaction of Prince Jinwu and others. Yao Wuming ignored the gazes of everyone on the field, and looked directly at Chen Sisi: "Unexpectedly, your Excellency is a descendant of the Fox Fairy clan of the Monster Race. Before this seat was a bit abrupt. Brother Qin is so blessed. By the way, what about Brother Qin? No trace of it,

And Brother Shenzhao, he doesn't seem to be here either, you should know where both of them have gone, right?" Everyone looked at Yao Wuming vigilantly. Yao Wuming seemed to be comfortable with Chen Sisi. Donghuang Jueyi and Zhuge Xu's expressions were hard to look at. In this way, they would be even more troublesome if they wanted to persecute Chen Sisi. Have such a big

backing.

"Yao Wuming, this woman is from your Eastern Celestial Realm? Huh, no wonder I have calculated that this time we have a huge threat to your Eastern Celestial Realm." Zhuge Xu said coldly with the Sky Talisman floating above his head.

Yao Wuming smiled and said: "It turns out to be Brother Zhuge, yes, this woman is indeed a member of my Eastern Celestial Realm, and she is also related to this person. If Brother Zhuge wants to target this person, don't blame this person for not giving face. Up."

"Huh, Yao Wuming, but I don't care what you have with this woman. I will never give up on the holy line of the Holy Lord behind this woman. The so-called treasure can get it. If you want to monopolize it, it depends on you. There is no such ability."

"Holy Lord's Saint Veins?"

Yao Wuming was stunned, and the other monster clan masters and others also looked at the restriction behind Chen Sisi. No wonder these people gathered here. In the restriction behind this hall, there is actually a holy lineage.

Everyone was talking and laughing, but their expressions of indifferent expression instantly became serious.

Holy Master's Sacred Vessel, who is not moved? Yao Wuming was shocked. Originally, he saw Donghuang Jueyi and Zhuge Xu besieging Chen Sisi. He thought there was a conflict. He was disgusted with Donghuang Jueyi and Zhuge Xu, but when he heard the Holy Veins of the Lord, he understood instantly. , It's not easy

. Why is Chen Sisi staying outside the prohibition? If there is really a holy lineage in it, she can't waste the opportunity. She spends time with people here. She has already collected it as soon as possible. Even if it can't be collected, she can absorb it as quickly as possible. But she found

It's so weird to stay outside.

And where did Qin Chen, whom Chen Sisi had been following?

Thinking of this, Yao Wuming has completely understood that Qin Chen must be under the restriction, and Chen Sisi is definitely covering for Qin Chen's collection of the Holy Vessel. Thinking that Yao Wuming here can no longer hold back, but he suppressed his greed very well, instead he smiled and said: "So, it's no wonder that Brother Qin is not seen. It turns out that Brother Qin is here to forbid him. To collect the Holy Vein of the Lord,

Girl Sisi is really sincere to Brother Qin. She is willing to sacrifice her life to guard the restriction for Brother Qin, and she doesn't want anyone to take away Brother Qin's holy line. How could such a good woman Yaomou not meet? "

"What? Someone in this prohibition is collecting the Holy Vessel of the Lord?"

When Donghuang Jueyi, Zhuge Xu and others waited for Yao Wuming, their expressions changed drastically, and they understood.

It's no wonder that Chen Sisi has been staying outside of the prohibition, and turned out to be a cover for others, so that other companions can collect and absorb the Holy Master's Saint Veins, which is a despicable method.

Boom!

Donghuang Jueyi, Zhuge Xu and the others couldn't help it anymore, their bodies shook, and they shot directly at Chen Sisi. After so long, who knows how many holy veins are left for them?

"Get out of me!"

Donghuang Jueyi directly displayed his strongest power this time, a series of dark halos suspending his body, haunting the aura of the holy master's way, followed by a terrifying killing like the ocean. breath.

Zhuge Xu's eyes on the side also became cold, and the sky-reaching talisman was floating above his head, surrounded by the river of fate, flying into the sky.

"East Emperor Jueyi, Zhuge Xu, you two boasted that Jiaozi in the heavens actually did something to a weak woman in the east heaven. I can't stand it anymore. Miss Sisi, I will help you. "

Yao Wuming's eyes flashed, and a cold breath flashed in his body, ostensibly to help Chen Sisi resist Donghuang Jueyi and Zhuge Xu, but in fact he was close to the restriction secretly and wanted to rush into it.

"Hahaha, Saint Lord's Saint Vein, how come our Monster Race is indispensable, Miss Sisi, this Saint Lord's Saint Vein, it is better to let our imperial tomb line keep it for you."

Prince Jinwu and other monster masters, as well as other human masters also moved, one by one, they shot strongly, bombarding the restraints behind Chen Sisi. Nothing is important to benefit. Although Sisi is a member of the Tongtianze Fox Fairy clan, he is also an outsider. Among the monster clan, the major monster clan forces are also fighting again and again. If facing a common enemy, Then everyone can join hands

Fan, but now in front of the treasure, that is what the strong won.

Boom!

Countless attacks, gathered into a strip of occasions, rushed towards Chen Sisi.

"Whoever wants to break the prohibition, step on me."

Chen Sisi roared, her eyes suddenly turned into pitch black, and a strong demonic energy was released from her body.

She is like the same witch, standing among the crowd, and she has to resist all the strong.

"Huh? It's such a strong devilish energy, this woman is probably already enchanted, huh, now that the demon race is coming, this woman is still practising magic arts, which is not a good thing at first sight."

"Want to block so many of us? Praying man arm as a car."

"act recklessly!"

All the masters present sneered, and Sisi's behavior was really naive.

boom!

The endless attacks came, and Sisi was full of enchanting light, but still couldn't resist the cooperation of so many top masters. With a puff, he was blown out in an instant, wow, at the same time, he opened his mouth and spewed blood, scarred.

However, she stabilized her figure and stood proudly in front of everyone again.

"Kill!" she yelled, and the devilish energy burst out from her body, resisting everyone.

[Chapter 3039: Mozu exposed](#)

"What, was blocked by her?"

"Mad, really crazy!"

"It's crazy to resist so many of us by one person."

Many masters were shocked, and there was a cold light on their faces, booming, everyone joined hands and attacked Chen Sisi again.

Puff!

Chen Sisi flew out directly, vomiting blood and his face was pale.

But she stood proudly in front of the prohibition, and did not retreat!

"Girl Sisi, you are just doing a senseless resistance. If you continue to resist, there is only a dead end. Why do you have to work so hard!"

Someone sneered.

"If you want to enter the restriction, just step over my corpse." Chen Sisi stood still.

For Qin Chen, unless she dies, as long as she is alive, she will never let anyone destroy Qin Chen's cultivation breakthrough.

Qin Chen is the only one of her. She has always been protecting Qin Chen. Today, it is her turn to protect Qin Chen, even if she will lose her life.

"Hmph, since you are looking for death, then you can't blame us."

Donghuang Jue snorted coldly, and in his eyes, a cold killing intent bloomed, and he said, the breath of death permeated his body. Experts such as Zhuge Xu, the Golden Crow Prince, the Little Demon King, and Yao Wuming also released the terrifying way of the Holy Lord. The Golden Crow Prince turned into a golden crow, the sun burned, and a flame golden crow appeared in the hall. Horrible too

The Yang Jinghuo swept away like a vast ocean, as if to melt the entire hall.

In Yao Wuming's body, there is even more killing aura, and the Little Demon King is also demon-powered to the sky, with a predominant aura.

Boom!

This group of people joined hands, and the breath that broke out made Sisi feel a strong threat. "Sure enough, isn't the strength enough?" Sisi felt cold. After all, she started too late. Compared with Yao Wuming and others, she was a step behind in realm, even though she mastered the extremely sky-defying Abyssal Demon. But it can't be used at all, and then

With so many top talents taking action, how can she be hostile.

"No one... can disturb Little Dust!"

A dark whirlpool appeared in Chen Sisi's eyes, and the Tao of the Abyssal Demon in her body was finally revealed by her. In the midst of it, everyone felt cold, as if stared at by something cold. .

"This is... the power of the Demon Race, she actually has the power of the Demon Race in her body?"

"Devil, is this person a Demon?"

Everyone was shocked. If the aura in Chen Sisi's body was still magic power and magic way, then the aura exposed in Chen Sisi's body is not magic power or magic way at all, but the power of the demon clan.

Moreover, this demonic power was so terrifying that it caused a faint fear in their hearts.

"dead!"

"It turned out to be a member of the Demon Race, hiding in our crowd."

"The Demon Race turned out to be the Demon Race, and it's definitely the top race among the Demon Race. How did she do it? It's clearly the breath of the Human Race, but it has the power of the Demon Race and the Demon Race."

"Could it be the legendary holy demon race, it is said that the holy demon race can simulate the aura of the human soul by seizing the human body, and hiding in the human race, is this person too?"

Many masters said with a cold voice.

Yao Wuming's eyes also showed shock. Chen Sisi, who had been following Qin Chen, had practiced the magical powers of the Demon Race. Could it be that this person, like him, took refuge in the Demon Race and gained the power of darkness. However, he carefully sensed the breath of Chen Sisi, and found that the power of Chen Sisi was fundamentally different from his power of darkness. He was the power of darkness, while Chen Sisi was the power of the demon. There were still very different differences between the two.

.

The Demon Race will not be rejected by the Heavenly Dao, but the power of darkness will definitely be rejected by the Heavenly Dao.

Hum!

As soon as the Tao of the Deep Demon in Chen Sisi's body bloomed, the infinite attack fell on her. Combining the Tao of the Illusory Demon and the art of charm, she was immediately resolved by her.

"what?"

Everyone was shocked, their joint attack was actually blocked?

"Everyone, at this time, you don't need to hide it, right?"

Zhuge Xu gave a cold snort, his eyes flickering.

"Unexpectedly, the descendant of the Fox Fairy clan is actually a member of the Demon Clan? Today, this prince will replace the Demon Clan and kill this person, huh, the sun's spirit and fire, and smelt everything."

Prince Golden Crow snorted coldly, and in the center of his eyebrows, a group of solar essence fire appeared immediately. As soon as this solar essence fire appeared, it immediately scorched and trembled the void and swept Chen Sisi.

"World Mountain!"

Yao Wuming also displayed the World Mountain, and immediately, Baihua Fairy, Shao Jikang and others jointly urged the World Mountain and turned into a streamer to critique Chen Sisi.

"Hey, heavenly talisman!" Zhuge Xu sighed, and the heavenly talisman above his head finally burst into unprecedented light, and the runes containing the fate of fate flowed, representing the most terrifying talisman light in the world, he stepped out, Like the **** of fate,

Palm destiny.

"The solar eclipse is here, like my miracle!"

Donghuang Jueyi also sang, above his body, black light bloomed, and deep and simple voices came from his mouth.

"The darkness, deeper than the darkness, reflects eternity."

At this moment, everyone displayed their own unique skills, and this force combined, and the void of the entire hall was rumbling and trembling slowly, slowly passing it out.

"The Way of the Abyssal Demon, the Magical Power, the Art of Charm!"

Chen Sisi's expression is also extremely solemn. Everyone here is the top arrogant in the heavens and has the potential to become a holy master. Together, Chen Sisi can't imagine how strong the cultivation base will be.

However, she would never take a step back.

boom!

at last! Infinite power exploded, and the power of everyone united to form a halo that blasted towards Chen Sisi. This force caused the entire hall to roar and tremble crazily, just in this horror. Power is

The moment when Chen Sisi will be hit.

Boom!

The entire Sky Fire Palace trembles suddenly, and you can see with the naked eye, an invisible black wave suddenly swept over and enveloped Chen Sisi.

"this is....."

Chen Sisi raised her head suddenly, and felt an invisible force enveloped her.

The next moment, under the endless roar, Chen Sisi disappeared suddenly, and disappeared suddenly.

"What about people?"

"Why did this woman disappear suddenly?"

"What power is this?"

Under the endless roar, everyone saw Chen Sisi's strange disappearance, and they all showed shock. At the next moment, everyone could not help but look up, and then they saw that the entire hall was fragmented, and above the vast sky, a huge palace appeared, blooming with a purple halo, as if the palace where the gods lived.

[Chapter 3040: Omen](#)

The purple palace is vast and boundless, like a palace where the gods live, standing proudly in the sky, and the breath that erupts, shocking the ages.

And beside the purple palace, there is a black altar, boundless black magic light blooms, on the altar, it seems that there is still a coffin, the atmosphere of chaos and darkness fills thousands of miles.

These two breaths actually complemented each other, contacting each other, forming an amazing picture of Yin and Yang.

"This is... Venerable Skyfire's treasure?!"

"And what is that? Is it the treasure of the Wanling Demon Venerable?"

Everyone on the court was excited, looking at the two treasures that stood in the sky, each of them was shocked.

What shocked them even more was that the inheritance of Skyfire Venerable and the inheritance of Ten Thousand Souls Demon Venerable were actually in the same place. The two complemented each other to form a world-like world that mirrored everyone.

Why did the inheritance of Skyfire Venerable and Wanling Demon Venerable be together? Could it be that the two great Venerables fought against each other and they all belonged here? That's why the inheritance of the two powerhouses is actually in the same place?

These people were excited, and they all looked at this in disbelief.

"Look, that is the master of the Demon Race." Suddenly, a strong man's complexion changed, and he saw that in the world under the altar, a master of the Demon Race flew up one after another, all of them disappeared into the two major In the world under the mysterious site, it seems to step on the altar step by step,

Won the treasure.

The most shocking thing is that there is a master of the demons who walked towards the purple palace step by step along the void passage outside the purple palace, seeming to be going to the purple palace and taking the purple palace.

"Why can the master of the Demon Race walk towards that purple palace?"

The people of Donghuang Jueyi were shocked. This is the inheritance of their human race, Venerable Skyfire. Doesn't Venerable Skyfire know that the master of the demons is walking towards his precious palace? Don't even use the sky fire to kill these demons?

"Is this the supreme treasure of the human race Venerable Skyfire? It is rumored that Venerable Skyfire possesses a treasure of alchemy that can refine the heavens and everything. Could it be this purple palace?"

The prince Jinwu of the Monster Race flashed his eyes, no longer caring about plundering the treasures in the hall, and shook his figure, shouting at his entourage: "Let's go!"

The voice fell, the void flashed, and the three-eyed golden crow shot up into the sky, and flew directly towards the purple palace above the infinite sky. For him, the purple palace of Venerable Skyfire is too attractive to him, and it is far more attractive to him than the holy veins of the Holy Lord in the main hall. As long as Venerable Skyfire's inheritance and his treasure are obtained, he is Can fully feel the sun

Waking up, even entering the realm of the Holy Lord within a hundred years, is easy. In contrast, the Holy Master's Saint Veins is much weaker. What's more, there are so many masters on the scene. He

can't guarantee that he will be able to plunder the Holy Master's Saint Veins from among the many masters. The Holy Line of the Lord, not yet

If you go ahead and compete for the inheritance of Venerable Skyfire, you will get the purple palace.

Because among the many masters on the scene, there were few Tianjiao who practiced the Fire Element Dao better than him.

With this movement of Prince Jinwu, the expressions of the others changed, showing hesitation.

One is the inheritance of Venerable Skyfire, and the other is the Holy Lord's Holy Veins within reach. How to deal with these two great treasures, many people immediately showed hesitation.

On the contrary, the Little Demon King of the Ten Thousand Demon Mountain Range did not hesitate. At the moment when the Golden Crow Prince flew up, he also rose into the sky, chasing after him.

"My lord Little Demon King, we don't want the Saint Lord's Saint Veins anymore?" A demon overlord couldn't help saying. "Hmph, although the Holy Lord's Sacred Veins is powerful, it is far inferior to the inheritance of the venerable. What's more, we must not let the Golden Crow Prince be inherited from the human race Skyfire venerable, otherwise in the future in the monster race, this seat will Always suppressed by the Golden Crow Prince

, Even if you get the Holy Master's Sacred Veins, you can't change it. There are more than one Sacred Lord's Sacred Veins in the Ten Thousand Demon Mountain Range, but the inheritance of the Lord is rare for hundreds of millions of years. Which is the lighter and the heavier, isn't this demon king? know. "

The Little Demon King hummed coldly, and immediately entered the world enveloped by the purple palace and black altar.

"Brother Zhuge, since the woman was mysteriously missing before, then we will break this restriction first, obtain the Holy Lord's Saint Veins, and then immediately accept the inheritance of Venerable Skyfire."

Donghuang Jueyi came to this hall for the first time, and asked him to just give up the Saint Lord's Saint Veins. Naturally, he was unwilling to do so, and he blasted toward the hall restriction with one punch.

"Brother Donghuang, let me help you."

Yao Wuming sneered, and followed, and the masters of other forces here also all shot together, suddenly blasting above the restriction.

Boom!

The entire ban shuddered, and everyone didn't even break it under one blow.

how is this possible?

Everyone was taken aback, this restriction is so terrible? So many of them joined forces, but they couldn't break through? But if Qin Chen was under this restriction, how did he get in?

"Brother Zhuge?"

Donghuang Jueyi immediately looked at Zhuge Xu. Among the people present, Zhuge Xu was the one who knew best about the tactics of the formation and was a master of the formation of the overlord level.

"The world is boundless, the universe borrows the law, seals the line fortune-telling, and guides the way!"

Zhuce Xu urged the sky-reaching talisman above his head, and suddenly the light of fate burst out from the center of his eyebrows, evolved into various patterns and shapes, and finally turned into a simple rune, and then exploded.

"what?"

Seeing the rune, Zhuge Xu's face turned pale, and his eyes were extremely shocked.

"Brother Zhuge, what's the matter?" Dong Huang Jue's expression changed. "Big violent, Donghuang brother, I have another divination. I must not break this restriction. The big culprit in this restriction is dangerous with life and ten deaths." Zhuge Xu said with a pale face. He was the first time to count. To such a hexagram, but before he entered

Before the main hall, it was obviously unpredictable, but suddenly it became a big evil omen.

"The big omen, are you sure?" Donghuang Jueyi also said in surprise, in disbelief.

During this period of time, they have actually done nothing at all. The long river of fate cannot be changed for no reason. It must be affected by some factors.

Is it the woman before? Her disappearance changed the direction of fate? However, even if she disappeared, why did the violent sign come from the immediate prohibition?

"Let's go! There is no way to stay in this hall. Staying on is a dead end."

Without any hesitation, Zhuge Xu turned around and rose directly into the sky, flying towards the place where the inheritance of Venerable Skyfire was. The sky-reaching rune is the treasure of his line, and there is never a time when a calculation is wrong, he firmly believes.
