

Valkyrie 3051

[Chapter 3051: Soul mark](#)

As the heavenly arrogant, both of them are intelligent people. Seeing that they were not dead, they immediately understood that it was not their strength, but Qin Chen deliberately let them go and immediately begged for mercy.

"Take orders to me?" Qin Chen said lightly: "Don't worry, I won't kill you, soul imprinted!"

Hum! Qin Chen opened his eyebrows abruptly, and burst out a soul attack. Hey, this soul attack fell directly into the minds of Shao Jikang and Fairy Guangcheng. The eyes of the two suddenly became confused, and their minds Zhong Ruo

Rolled up the stormy sea.

Rumble!

In the minds of the two of them, Qin Chen's soul imprint continued to deepen, and a little bit of it was engraved in the depths of the two souls, but it aroused the strong resistance of the two souls, and they fought wildly.

However, Qin Chen's soul imprint was unmatched. Although he encountered strong resistance, it was still a little bit imprinted in the two souls.

Just when Qin Chen's soul was about to leave a mark in people's minds, booming, a terrible aura filled the depths of the two souls, with a trace of the meaning of a holy master, directly countering Qin. The soul of dust.

boom!

This breath soared into the sky, immediately violently oscillating Qin Chen's soul. This was a holy master-level soul resistance and launched a counterattack against Qin Chen's soul.

"Huh? There is soul defense!"

Qin Chen sneered when he saw it, and was not surprised, his eyes became colder, and the breath of the Devil Tree of Ten Thousand Worlds filled his body.

"Magic skills of ten thousand realms, heavenly soul forbidden technique, I am the soul master, and I live in!" In Qin Chen's body, soul lights flickered, and the soul bursting out of his eyes was more powerful, even with a trace of origin. The artistic conception of the book immediately suppressed the resistance in the depths of the two souls, and directly shocked with a puff.

Broken, and then, in the depths of the two souls, left two soul marks of their own.

"the host!"

The misty eyes of Fairy Shao Jikang and Guangcheng instantly became clear, and they saluted Qin Chen respectfully.

The mark of their own power in the two souls was completely erased, leaving Qin Chen's mark, becoming a servant of Qin Chen's soul control. "It seems that what I expected was correct. These top saints who entered the trial ground should have some soul defenses left by their respective forces in their bodies. They can be killed, but they want to enslave them with their souls. Not an easy task

. "Qin Chen thoughtfully, he had already noticed when he searched for the souls of some top masters. Some top masters have soul bans, and ordinary memories can be explored, even some Supernatural power, avenue

, You can also feel it, but the core secrets of the respective forces have been sealed up, and there is no room for prying.

Once snooped, it will force the soul to burst, and even counterattack the snoopers. This is actually to prevent being seized by the demons and some special races. After all, there are some races in the heavens that specialize in soul training. The holy demons in the demons can also seize the masters of the human race, simulate the breath of the opponent, and even do it. Vivid

.

If the demons specifically target the masters of the human race, it will be troublesome. That's why the major forces left their bans on the souls of their top Saint Sons. Before Qin Chen broke through, Qin Chen had guessed that he did not rush into enslavement, but now he has swallowed the soul of the **** master, and obtained the charm girl. Demon, and

After obtaining the Ten Thousand Realm Demon Tree and banning a Heavenly Sage master of the Saint Demon Race, after breaking through to the overlord realm, Qin Chen finally made rapid progress on the attainments of the Heavenly Soul Forbidden Technique.

At this time, Qin Chen had created his own soul-refining technique on the way of soul cultivation, so he could enslav Shao Jikang and others. "It's no wonder that the ancestors of the Ji family said at the beginning that although he had long acquired the soul secret technique of the heavenly soul forbidden technique, he has never successfully practiced it. In the heavens, he has never seen anyone truly master this secret technique. , This day soul forbidden technique, indeed too

Perverted. "

Qin Chen can be sure that the one who left the mark on the souls of Fairy Shao Jikang and Guangcheng must be the master masters of their power, but under the heavenly soul forbidden technique, they are still enslaved by Qin Chen, and this shows the heavenly soul forbidden technique. powerful.

"You two, go back to Yao Wuming and follow Ben Shao's orders."

Qin Chen ordered.

"Yes, master."

Shao Jikang and Fairy Guangcheng said respectfully, and the two of them flew up and headed towards the inheritance of Venerable Fire that day.

Qin Chen raised his head and saw that in the small world above the sky, the figures of many masters flickered. Some masters, who were clearly not humans, were all rushing towards the palace and altar.

"Huh? Why are there such masters of the demons outside of the palace of Venerable Skyfire? They are killing the overlord of the human race?" Qin Chen opened his eyes and saw Venerable Fire's Purple Heaven and the Palace of the Palace. In addition, some masters of the demon race are ambushing. These masters of the demon race did not compete for the inheritance of the demon venerable of all spirits. Instead, they killed people outside the palace of the venerable Skyfire.

The master of the clan.

"What are the tactics of these demons?"

Qin Chen's gaze flashed, and he rose into the sky, constantly leaping across the void, and he felt the vast aura above the sky getting stronger and stronger, and then his body sank, he had entered the small inheritance world of Venerable Skyfire and Venerable Spirit Demon. Among.

"What a weird breath."

Here, the auras of the demon and the human were actually fused together, regardless of each other, the power of the sky fire and the power of the demon, merged with each other, giving people a very weird and weird feeling.

Under the pressure of the venerable aura, the Saint Yuan in Qin Chen's body immediately converged firmly and was imprisoned a lot. The Sage Yuan here is too strong to suppress, Qin Chen can feel that after entering here, the strength in his body has been suppressed a lot, and it has shrunk to the point of one percent of the original, and his body seems to have suddenly become extremely heavy. , There is a kind of move

The feeling of struggling.

However, he was not the only one suppressed, and Qin Chen would naturally not care.

He looked around, and it was strange that after breaking through the realm of the overlord, Qin Chen thought he could perceive the position of the clone more clearly, but after entering this small world, Qin Chen found that his perception of the clone had completely disappeared.

This small world has a strong shielding effect on the soul and perception of the warrior.

The venerable is a powerful person who transcends the way of heaven. In the small world of the venerable, even the holy master will be arbitrarily slaughtered. Qin Chen and the others are the powerful people in the overlord realm, and they will naturally be suppressed even more fiercely. "If Sisi is really plundered by a mysterious force, then it is very likely that it was captured and taken away by the power of the Demon Lord, because the way of the Demon Abyss in Sisi is the highest of the Demon Race. Tao."

[Chapter 3052: Desolate Devil](#)

Qin Chen hovered in the small world, looking at the palace and the dark altar in the distance above his head. In this small world, countless black magic energy and the power of skyfire were entangled, like long black and red dragons, strangling and strangling. Dangerous.

But there are two different roads leading to the Zixiao Dousui Palace and the altar.

With Qin Chen's inheritance, the best way is to seize the inheritance of Venerable Tianhuo, because this fits him too well.

However, if you want to find Sisi, the best way is to go to the inheritance of Wanling Demon Venerable, because Sisi is certainly possible and where will it appear.

Moreover, if the clone is in this small world, it is very likely to appear in the inheritance of Wanling Demon Venerable.

"In that case..."

Qin Chen's eyes flashed, and he had already made a decision in his heart, that is, to go to the inheritance of Wanling Demon Venerable first, for Sisi, any Venerable inheritance, Qin Chen can ignore, as long as Sisi is safe.

But when Qin Chen was about to go to the Ten Thousand Spirit Demon Sovereign inheritance, he suddenly saw Zi Xiaodousi outside the palace, there were people killing each other.

"That's... the demons are killing our human masters."

Qin Chen's mind was shocked. What surprised him was that he actually felt a few familiar breaths in it.

"It's Senior Brother Zhou Wusheng!"

Qin Chen's mind was shocked and hurriedly tore through the void, flew towards the Zixiao Dust Palace. After approaching, he immediately felt the infinite murderous aura, wave after wave, shaking people's heart, the cry of countless creatures passed.

Qin Chen looked into the distance and saw a group of demon masters lingering in devilish energy, chasing a group of human warriors.

Among this group of human warriors, there are Zhou Wusheng, Wei Siqing, Murong Bingyun, Quan Muli and Qu Gaofeng.

At this time, the cultivation of several people had already broken through to the realm of the overlord. Obviously, they had obtained a lot of opportunities and entered this ruined treasure land, but they were chased and killed by a group of demon masters.

These demon warriors, all haunting demon auras, these demon auras are of different colors, and together with this, can form a kind of force field.

Every Demon master is cold, cruel, and bloody.

Moreover, their auras are extremely vicious, the weapons in their hands are devilish, and when they are smashed, it is a flash of magic light, with the breath of tearing the soul, extremely powerful!

"Ah!" A scream came out. Among the group of martial artists who were chasing, a female overlord flew a little bit slower, and was grabbed by a cold demon master behind her, and then she caught her on the spot. I stripped off my clothes and started to linger

. Humiliation, the female overlord screamed sternly, and after a few breaths, the scream stopped abruptly, losing all the breath of life.

Hahaha, hahaha...

The sound of laughter came out of the demon master's mouth, and the demon master tore with a big hand, the female overlord who had lost her life was torn apart, and all kinds of essence and blood were swallowed.

"Damn it! The beasts of these demons!"

Many of the strong men who were chased were completely angry, and a few turned their heads to fight, but the demon masters smashed them down with a magic light, and these overlords were smashed to death.

"Retreat! These demons cannot resist, they are too despicable. They actually hide outside the palace of our human race, Venerable Skyfire, and specifically ambush us, and our human masters have already entered the palace. hateful."

Many Terran masters looked ugly, united, roared.

They were all casual cultivators and did not take refuge in the top powers of their respective celestial realms, so they came too late. Although they were all overlords, they were a relatively weak part, but they did not expect to be ambushed by this group of demons.

But in this crisis, they united together and united with each other, otherwise they would have been breached one by one. "These people of the Demon Race deserve to die, and the so-called Tianjiao of the Human Race should die too. They are desperate for the treasures, even knowing that the Demon Race is ambushing here, and they did not act, because in their eyes there are only treasures. Compared with the future of the Human Race, they fundamental

not give a **** about. "

"Huh, don't mention those guys, we unite and kill these demons, even if we die here this time, as long as we can kill one demon tianjiao, even if it is equal, if we can kill two, then earn Up."

"Yes, fight with them, none of the masters of our human race is a bogus."

"Hahaha, being able to slay a demon clan, I, Wei, will have no regrets in this life."

"Hahaha, yes, one kills one!" At this critical moment, these overlords did not have any despair. Instead, they were so proud. Wei Siqing, Zhou Wusheng and others were also so proud and united, even Murong. Bingyun, also united with them, for the human race

war.

There was a human master who was besieged by several demons, and these overlords turned their heads and turned to deal with this person, seeing death as home.

"Everyone, kill these demons. Our human race has no guilty species." A master master roared, "Our human race is not afraid of death."

"Hmph, these human wastes still want to resist, this time they will all be extinct."

A tall master leader of the Demon Race, holding a magic knife, suddenly slashed out, and immediately, a long magic light shot through the hole, chasing to the front, and many warriors were smashed into pieces.

This demon master is equivalent to the cultivation base of the peak overlord of mankind. The magic knife in his hand is also a treasure, and when he is shot, he is murderous.

"Hurry up and kill, turn these human warriors one by one into corpses, collect their souls, and become our power. Wait for these people to be killed, and other human masters in the killing palace."

"Jie Jie Jie, quack!"

One by one, the powerful demon clan roared, chasing them up again.

"No, go back." Zhou Wusheng and others roared again and again. The human masters here are strong and weak, but no one abandons their teammates. Instead, the strong escorts some weak ones to flee desperately, leaving a fire for the human race. .

"Can you escape?" In the eyes of the demon master leader, an evil light flashed, and suddenly a black air burst out from his mouth, which instantly turned into a magic cloud, covering the sky and the earth.

"Wild demon bites the sky!"

A raging magic cloud swept over.

"not good!"

Zhou Wusheng and the others were taken aback, and they were unable to escape. They were enveloped in the black cloud sprayed by the leader of the demon clan master.

When Qin Chen saw this scene, his gaze condensed, and he directly gave orders to Shao Jikang and Fairy Guangcheng not far away, and at the same time slammed his palm.

Booming, a sharp glow swept down from the sky, directly piercing the black energy, and at the same time, two masters landed in the sky, protecting everyone.

It is Shao Jikang and Guangcheng Fairy.

"It is Shao Jikang, the first arrogant of Guangyuetian in the East Heaven Realm, and the fairy Guangcheng, the second arrogant of Heaven." A group of human overlords shouted excitedly.

[Chapter 3053: Hate itching](#)

Shao Jikang and Fairy Guangcheng were also quite famous in the Eastern Heaven Realm, and they were immediately recognized and excited.

"Hmph, the pinnacle overlords of the two human races dare to stop our demons, knowing nothing about life and death.

The leader of the demon clan smiled coldly, his eyes were indifferent, and the billowing demon energy swept once again, and immediately wrapped Shao Jikang and Guangcheng Fairy in it.

"Reaper's umbrella, the river of death!"

Shao Jikang coldly drank, and a dark umbrella appeared above his head immediately, and a river of death swept out to resist the magic light.

Boom!

Shao Jikang immediately felt a terrifying pressure, and found that the devilish energy was so powerful that he couldn't resist even the long river of death, and he felt a sense of retreat.

"go with!"

Fairy Guangcheng also shot, and the rays of light soared into the sky, and the many masters present also changed their colors. They all shot together. Immediately, a series of magnificent auras soared into the sky, like the falling of the sun and the explosion of stars.

However, the demon energy released by the master of the demon clan still rolled down, suppressing everyone's breathing difficulties, and his heart shook wildly.

"Hahaha, humble human ants, think they can resist this seat with these two wastes? Ridiculous!"

The peak overlord master among the demons, with a total of three or five masters, combined naturally reveals the power that surpasses Shao Jikang and others.

"No, go back!"

Everyone's expressions changed, and they didn't think that even Shao Jikang and Fairy Guangcheng could not beat the master of the demons.

Rumbling.

The infinite magic light will cover everyone.

Qin Chen, who saw this scene in the distance, couldn't help but shook his head. It seemed that he still had to take action.

Boom!

A figure wrapped in a mighty breath, buzzed, and landed directly in the crowd. Along the way, the black magical energy was shaken back.

"who?"

Everyone was shocked, looking at the figure falling from the sky in shock.

"this is....."

The eyes of Zhou Wusheng, Wei Siqing, Murong Bingyun, Qu Gaofeng, Quan Muli and others suddenly went round, and they were all excited.

But the people of the Demon Race focused their eyes on killing some Human Race overlords. How could they be disturbed over and over again? In my heart, I couldn't help but get angry and murderous.

"Everyone, we are saved. This is our master Qin Chen from the Eastern Heaven Realm asking the Hantian Guanghan Mansion. With him, these demons should have no worries." Shao Jikang saw Qin Chen and spoke to everyone. .

"Qin Chen?"

"Ask the master of Hantian? Why have you never heard of it before?"

"Even Shao Jikang and Fairy Guangcheng are highly praised. It looks like we can be saved."

Hearing what Shao Jikang and Fairy Guangcheng said, everyone was pleasantly surprised. Qin Chen looked at the crowd. There were more than a hundred people. The clothes on his body were of different colors. They were obviously masters from various forces. Among them, only one or two were close to the peak hegemon. The rest were ordinary hegemons and put them in the outside world. Absolutely top

Rank Tianjiao, but in the depths of this celestial trial ground, in the demon world, it can only be regarded as ordinary.

Of course, those who can get here are undoubtedly the best in their respective universes.

"Brother Qin!"

"Qin Chen!" Zhou Wusheng, Wei Siqing and others all rushed up excitedly. Even Murong Bingyun looked excited. At this moment, there was a feeling of tears in her eyes, but she hadn't had time to be grateful, Qin Chen's figure With a swift, he has embraced her, and touched her palm

He touched her waist and said with a smile: "Bingyun, you have suffered."

"you....."

Murong Bingyun finally wiped out the excitement and goodwill that Qin Chen had raised, and his heart was itchy with hatred, and he was very angry.

This guy is just a bastard. But in the eyes of Wei Siqing and others, she is Qin Chen's girlfriend after all. Although she is extremely embarrassed, she can only let Qin Chen hug her into her arms hard and hold her tightly, but she has to pretend to be a pair. Strong smile, excited expression, depressed heart

Is about to vomit blood.

"You guys, haven't come to see Brother Qin yet, this one, but we are the unparalleled arrogant of the East Heaven Realm Yao Wuming Master." Shao Jikang and Fairy Guangcheng said to everyone.

"what?"

Many human masters were stunned. Looking at Qin Chen, even Yao Wuming was amazed by the peerless Tianjiao. They had never heard of it before?

However, since Master Shao Jikang said so, there would never be a problem, and the way Qin Chen played before also shocked everyone. "Aren't you going to salute?" Shao Jikang quickly reminded, and at the same time respectfully said to Qin Chen: "Thank you Brother Qin for helping me. I saw Master Yao Wuming later. I will definitely speak for Brother Qin. Heroic

Would be very grateful. "

"I have seen Brother Qin..."

"Thank you Brother Qin for your help."

Many masters present also rushed forward to salute. "Life's encounters are really incredible. I think that when I first came to the heavens and saw the Earth Sage Giants, they were also extremely domineering, with great momentum. I can't imagine that even the Heavenly Sage Overlord treats me respectfully." Qin Chen felt very emotional for a moment.

thousand. "Hahaha, the arrogance of the human race? It came just right, and I was about to catch it all in one go. This time the demon received an order to lead my masters from the wild and barbarian demons to kill your human race. The gain is not great, so I captured it. Some female overlords plundered some holy veins and did not encounter big prey. Now the prey appeared. Your Excellency is a master as famous as Yao Wuming in the Eastern Heaven Realm of Human Race? I have heard about Yao Wuming, and it is rumored to belong to the Eastern Heaven Realm. On the first day, if you are not bragging,

That captured you, compared to let the demon be in my demon clan, and make immortal contributions, enough to make the demon more valued. "

Suddenly, a burst of domineering laughter passed. The group of demon masters who were hunting down stopped and looked at Qin Chen and the others in the sky. The leading demon master demon sword pointed at him, very arrogant. Huge volcano that erupts

Contains lava.

In the trembling of the magic knife, he spit out a scent of magic light all over his body. Qin Chen swept his eyes, and found that these demon masters, all very anomalous people, some with an ancient aura, amazing aura, and the physical structure is very powerful, twice larger than the average human master, and there are still on them. Scales

, Every tendon and muscle in the body is constantly squirming, and while squirming, it constantly absorbs the power between the heaven and the earth and gains strength. This is obviously the Wild Demon Race and the Barbarian Demon Race among the Demon Race. These two races are not high or low among the Demon Race. They belong to the middle class, and generally surrender to the Dead Demon Race, the Holy Demon Race, etc. The demons, that's why they were sent here to plunder and kill masters of the human race.

[Chapter 3054: Wild Demon](#)

"Wild Demon Race?" A race emerged in Qin Chen's heart. It was obtained from the inheritance of the Lord of Abyss Demon. In ancient times, there were actually no two races of Wild Demon Race and Wild Demon Race, only Wild Demon Race. Family, and the wild demons are not weaker than the holy demons and dead demons

The top demons of the clan. But later, the savage demons split, forming two different training schools and systems, and eventually became the savage demons and the wild demons, but they also fell. Magical power exercises, still able

Give Qin Chen a lot of understanding.

Rumor has it that the Wild Demon Clan cultivates Wild Qi, which is somewhat similar to the Huanggu Clan, and belongs to the Qi Sect, while the Barbarian Demon Clan cultivates the flesh, and the flesh is as powerful as the same ancient barbaric beast, belonging to the Body Sect.

If you can kill this group of barbaric and wild demon masters, and then refine them to obtain the power in their bodies, it will also be of great benefit to Qin Chen's cultivation of the ancient body.

"Brother Qin, what shall we do now?"

Zhou Wusheng, Wei Siqing and others all approached and said nervously.

"It's okay." Qin Chen smiled, these demons were not in his eyes yet, "It's actually you, who actually broke through the overlord. It seems that there are gains in that ruined treasure land." "That is... ..Brother Qin, you blocked the Son of Shenzhao and asked me to wait for the escape. I waited for you in the outside world for a long time, but I didn't see you coming back. I was worried in my heart. Fortunately, we happened to find a celestial sage who was entrenched by demons. Mai, paid a lot of price, and drove out the group of monsters, and then broke through to the realm of the overlord. When we turned back to find you, we found that both you and the Son of Shenzhao had disappeared. Instead, there was a magic cave. We are cautious, this is

Came here. "

Wei Siqing was overjoyed when he saw Qin Chen, and the light in her beautiful eyes twinkled like a woman looking at her lover affectionately: "It's great to see you all right now. By the way, the goddess son What? What happened?"

"Shenzhao Shengzi, I have been beheaded." Qin Chen waved his hand and said, "First solve this group of demons." "Resolve us?" The leader of the demons sneered, "Just you? , You, come out, how about we fight alone? If you win, you can go, if you lose, all of you must stay, since you are with the East Heaven Realm

Yao Wuming, a famous master, shouldn't he dare to challenge next? "

This master of the Demon Race, very clever, squinted at Qin Chen, naming him to challenge him.

"Brother Qin, this demon is powerful, don't listen to him, let's join forces and flee here, there is absolutely no problem with Brother Qin."

Zhou Wusheng hurriedly said that he was very convinced of Qin Chen, but he also knew the power of these demons in front of him, so he naturally didn't want Qin Chen to fight alone.

"Escape? Why do you want to escape? These demon clan wastes, one less person is enough to be killed. You are all here, rest and heal your wounds. In turn, Ben Shao will take you into the palace of Venerable Heavenly Fire."

Qin Chen waved his hand, hugged Murong Bingyun, and stepped out.

"You guy." Murong Bingyun's blushing face is not ashamed, but angry. Qin Chen is speechless. Isn't he afraid of dying fast when he fights against the demons and is holding his arms?

"Devil clan waste? Boy, you are too mad, why, you want to fight against all of our people alone?" The leader of the desolate demon clan saw Qin Chen walk out, still holding a woman in his arms, and the magic knife trembled violently in the void. Get up, angry: "Boy, no matter how strong you are, you can't humiliate this demon, are these women your women? Wait for the demon to kill

For you, see how I ravage these human women!" It pointed to Murong Bingyun, Wei Siqing, and Quan Muliu, and licked their scarlet tongue, revealing a lustful light.

Qin Chen's face didn't change color, and suddenly, raising his hand, he slammed out.

Boom! Qin Chen's fist blasted out, and there was a black light at first, but in an instant, the whistling expanded, like a landslide and a tsunami, in the world, all were black monstrous waves, and amidst the power of the giant wave fist appeared. Demon god, master

, Holding a weapon of nothingness, rushed to it, turned into a vast ocean, and swept.

"what?"

The lustful eyes on the face of the master of the Wild Demon Race solidified, and just about to jump up, he was overwhelmed by the power of the thunderous fist. It was beaten to pieces, turned into strips of demonic shadows, trying to gather.

It is a master of the Wild Demon Race. Unlike human beings, it cultivates the ancient Qi, and the body is blown up. As long as the soul is immortal, it will transform into countless ancient Demon Qi with boundless power, capable of reuniting.

People of the demon race are like the alien demon race, even if the body is destroyed, as long as the soul is not destroyed, they will not die.

This master of the demon clan was exploded with Qin Chen's punch, turning into a series of demon qi, frantically condensed, and was about to take shape again.

Qin Chen grabbed it with a big hand, covering the sky and the sun, covering all the phantoms of the ancient demon energy. In an instant, they were all wiped out, and the fire swept through the sky, refining into a pure atmosphere of the ancient times. .

"what!"

A screaming scream resounded in the aura of the wild ancients. It was the master of the wild demons who was struggling violently after being crushed and exploded by Qin Chen. All the demons present were stunned, and then Qin Chen urged his fist, and suddenly, the billowing black fist swept through. Not only did he blow up this group of wild demons masters with one punch, he refined it, even the rear. The other masters of the demons are also involved in this

Among the authority of Tianjulang, it was crushed into a wild ancient demon energy.

Bang bang bang! A master of the Wild Demon Race burst into a wild ancient demon energy, and the master of the Barbarian Demon Race resisted a little longer, but only a little longer. Amid the screams, their bodies exploded one by one, bursting into pieces, Turned into wild power, crazy

Wriggling, twisting, and even condensing together, reunited into the body.

This turned out to be a means of rebirth from a drop of blood.

"Sure enough, there are some ways."

Qin Chen showed a look of surprise. Although these masters of the Wild Demon Race and Barbarian Demon Race were nothing in Qin Chen's eyes, the Demon Race methods they cultivated gave Qin Chen a lot of insights, which were very different from the Human Race. Many saints, the overlord saw this scene, they were completely stunned. They were chased by this group of demon masters and fled in embarrassment. Everyone knows how terrible these demon masters are. Chasing them all the way, almost let

They were in a state of despair, but in the blink of an eye, Qin Chen killed a lot of these demons, making it hard to believe their eyes. Murong Bingyun was also completely shocked, bound by Qin Chen in her arms, she most obviously felt the terrifying power surging in Qin Chen's body, such as a wild dragon, such as a god, giving her a strong shock and incomparable safety. sense.

[Chapter 3055: Great benevolence](#)

"Wild supernatural powers? It really does have a magical effect." Qin Chen naturally did not have time to pay attention to Murong Bingyun's thoughts, and felt the refining of the wild ancient demon energy and wild power, and felt the sum of these powers, containing the breath of wild ancients. Clouds and mist, fine

Gas surging. Those dark ancient demon qi and wild qi and blood were still trying their best to combine, trying to form the body of a master of the demon clan, but in front of Qin Chen, everything was in vain. Just when they were combined, Qin Chen grabbed it with his hand. The wild demons and wild demons

The soul of the leader of the two great demons of the clan was taken into the palm of Qin Chen's hand, struggling violently.

"Who are you and how are you so powerful!"

The leader of the Wild Demon Race and the leader of the Barbarian Demon Race who fell on Qin Chen's palm roared and tried to break free from here, but it was a pity that no matter how they worked, an invisible soul light was wrapped around them, wrapping them tightly. .

Their souls can't escape at all. As for the other masters of the Demon Race, after incarnation of the ancient demon energy and wild power, they were shot out by Qin Chen's fingers, and released Zixiao Dousui Gong, refining them. Turned into pure wild power,

Melted into his body.

Hum!

Various powers flickered in Qin Chen's body. The Book of Origin also swallowed this power and transformed into a wild civilization. Since then, the Book of Origin has not only the civilizations of the human race, the demons, and the demons, but also now. The civilization of the demons.

This is simply a Supreme Book of God.

Even Qin Chen has never seen such a terrifying treasure. It is the mysterious ancient book in his mind that has shocked the past and the present.

Qin Chen directly beheaded these masters of the Demon Race and swallowed their power, just like the masters of the Demon Race killed the human race and swallowed the human race's blood and life.

"You!" The two leaders of the Wild Demon Race and the Barbarian Demon Race saw that their eye sockets were cracked, and their souls were violently fluctuating, almost bursting open: "You actually refined them all, you are a human race, how can you swallow us? The power of the demons, you heresy, the dead demons

Master Tu Moyu will definitely not let you go, and will break you into pieces. "Tu Moyu?" what! "Qin Chen shook his head. At this refining, he has almost fully understood the body structure of this wild demon race, and is using the book of origin to calculate, as for the souls of these two masters of demon race and some others.

Qin Chen didn't intend to refining the demons that came, but directly blended into the jade disc of good fortune in the universe, and served as nourishment for the Demon Tree of the Ten Thousand Worlds. If the Ten Thousand Realm Demon Tree wants to grow up, it needs too many resources. The Lord Yama used his power of the Five Secrets to nourish countless thousands of years, and it only allowed the Ten Thousand Realm Demon Tree to grow, but it did not. The real Dacheng wants to make Ten Thousand Realms

Tree Dacheng consumes resources ten times, a hundred times, even a thousand times, ten thousand times more than Qin Chen's cultivation to become a holy master!

The treasure of the demons is not a simple matter.

Therefore, Qin Chen must use all resources to grow the Ten Thousand World Demon Tree, at least now Qin Chen is more and more comfortable with the Ten Thousand World Demon Tree.

After Qin Chen refined these masters of the Demon Race, he had more storage space in his hands, including many treasures such as Saint Veins, Demon Veins, and Demon Arms.

They are all looking for and plundering in this place of trial. Qin Chen didn't leave, and shook his hand, and threw some of the holy veins into Zhou Wusheng's hands. "You send these weapons, medicines, and holy veins to the hands of many overlords present. I just saw if there was any Few people were injured, this time

They have lost a lot of attacks by the clan. These sacred veins and treasures may have been plundered by the demon clan from the overlords of the major forces present, and they must be returned one by one. Of course, these sacred veins can also help you further your cultivation. . "

The reason why Qin Chen made his move was also to admire these human masters. Unlike Yao Wuming and others, who were selfish, these overlords had been chased by the demons before, and they did not abandon or give up, and joined forces against the enemy. Furthermore, these holy veins and weapons are actually not so helpful to Qin Chen anymore. He is now destined to be an enemy of Yao Mie Mansion and other forces. It is better to win over these overlords, who are all sentimental and righteous. To heaven, every

They are at least the top tianjiao among the Holy Lord-level forces, and in the future, they can also make a lot of contributions on the battlefield of humans and demons.

Qin Chen naturally wanted to win.

"Good!" Zhou Wusheng and Wei Siqing shouted, secretly admiring them.

"You are so benevolent and righteous, we are really grateful." Seeing Qin Chen slaying the demon clan and distributing the various treasures that have been scraped, almost the overlord of all forces is grateful and full of admiration for Qin Chen from the bottom of my heart. What Yao Wuming, Zhuge Xu, Donghuang Jueyi, one by one, claiming to be the number one arrogant of which heavenly realm, really meets the demons, only cares about their own treasures, regardless of the life and death of other people, just such a guy, and want to become a human race. Leader, I bah

!

Even Murong Bingyun was about to be infected by Qin Chen. He felt that although this guy was a bit hateful and a bit of a bastard, he was also quite affectionate and righteous.

Qin Chen's righteousness even caused some masters to kneel down and salute, gratifying.

Life-saving grace is tantamount to regenerating parents. "Let's all get up. Since you meet, you are destined. You people, if you unite in strength, you can also fight against the demon army. Even if your strength is scattered, the formation of the formation is somewhat rough. This young man is a man of heaven, but he knows that there are Some war

The method of using the formation, this battle formation, I researched it myself, and now teaching it to you, it's not a break of the rules of work, it is enough to increase your strength by several times together, enough to protect yourself and kill the enemy together. . "

Facing the overlord of these many forces, Qin Chen suddenly waved his palm. In the sky, a series of patterns appeared, floating light, and gathered into a piece of talisman, which immediately landed and landed on each overlord.

Immediately, these overlords understood the use of some mysterious formations in their hearts, and their bodies were also integrated into a formation talisman, and it was a slaying demon battle formation that was energized.

This is a top-notch big formation that Qin Chen has obtained the inheritance of the gods and the masters. It was a popular formation in ancient times when the human race and the demons fought against each other. It is suitable for the overlord master.

In ancient times, countless human overlords united. As long as they had enough power, they could even trap the holy lord of the demons and find a fighter for the holy lord of the human race. In an instant, these overlords immediately dispersed, pinching the talisman in their hands, connecting them into a large formation, turning into a domineering phantom of the **** of war, guarding the center.

[Chapter 3056: Raksha Demon](#)

This phantom of the **** of war is infinitely powerful. As soon as the overlord Saint Yuan is activated, it will send out a rumble of combat power. The power is so powerful that it will shock the eternal ages, and it is enough to counter the top masters.

If they had mastered this battle formation before, they would be able to fight against the masters of the Barbarian Demon Race and the Wild Demon Race without Qin Chen, and would not be so embarrassed.

"This battle formation is too powerful, it seems to be some kind of ancient battle formation."

"Brother Qin directly taught us this formation. Our human masters may not be able to master this formation. At least my father doesn't know this magical power."

"Brother Qin is too heroic. This is the future of our human race. Only a master like Brother Qin is worthy of the name shaking the world."

"Have you seen that the treasures of Heavenly Fire that Brother Qin displayed before are very similar to the aura of Lord Heavenly Fire. Maybe Brother Qin is the descendant of Lord Heavenly Fire."

"I have also seen that Brother Qin is too righteous." Many overlords said in amazement, they are truly subdued in their hearts. This kind of battle formation is definitely not possessed by a holy master force, just as they said before. Overlord, his father is the palace lord of Eastern Heaven Realm Yuetian Palace, even his father

Without this kind of battle formation, it can be seen that it is rare, but Qin Chen took it out and took it out. Who can do this kind of pride?

All of them are very grateful. "Let's go, Ben Shao doesn't need your gratitude. Everyone is a human race. We should help each other and fight the demons together. Now the demons are fierce. If we encounter a human team along the way, we can save him. Will pass one by one

Give them a battle formation, and then form a big formation together, which can fight the demons well and protect themselves. "Of course, after entering the palace of Venerable Fire that day, if you find treasures, you can naturally rely on your own abilities, but I hope that for the future of our human race, even if you are fighting for treasures, you should not be dead. Treasures are destined

Whoever gets it, no matter who gets it, it belongs to our human race. It will help our human race against the demons! "

Qin Chen stayed quiet, and while talking, he walked in the void and walked towards the palace of Venerable Huo that day.

Countless masters are deeply touched, this kind of feeling is too high-meaning.

Everyone was deeply convinced by Qin Chen, even ashamed.

"Brother Qin..."

Wei Siqing looked at Qin Chen, her beautiful eyes flashed, ripples in her heart, suddenly full of envy for Murong Bingyun.

"go!"

Under the leadership of Qin Chen, this group of more than one hundred overlords joined forces to go to the palace of Venerable Skyfire. Outside the palace, demonic energy and flames flowed, killing intent floating, outside the palace, countless masters were fighting in the void, contending with the army of the demons. Among them, there were even some half-step overlord giants, who did not break through the overlord realm, but Also for

In order to inherit the Venerable, he forcibly broke into here to take risks. In such a place, the overlord is very dangerous, not to mention the half-step overlord, and there are even some giants at the peak of the mid-term Heavenly Sage. If such a person breaks in, they are often dead for a lifetime, but they can live out in the future. Achievements

It must be extraordinary.

Qin Chen saw the front at a glance. The sacred treasure was flying around, and in the void of a million li, there were squabbles everywhere. Many masters of the demons seemed to lie in ambush here specifically to kill people of various races.

Qin Chen even saw some special races such as Giant Race, Monster Race, Abyss Sea Race, Ancient Spirit Race, etc.

That's all, Qin Chen even saw some ancient corpses, some even bones, some resembling humans and beasts, and even races with white wings, not monsters, but winged races.

However, the biggest battle is the human race and the demons. As he approached the palace, Qin Chen saw another large-scale fight. As soon as Qin Chen arrived on the scene, he immediately showed his peerless power. When his big hand volleyed, a large group of demon masters immediately collapsed in the air. The breath dissipated, then he

The big sleeves were waved for a while, and the mighty ancient aura swept out, covering the sky and obscuring the sun, turning into a huge black vortex and appearing in the air.

After being sucked into the whirlpool of the black hole, the masters of the demon race immediately screamed and turned into invisible, apparently killed, and then merged into the jade disc of the universe fortune and turned into the nourishment of the magic tree of the world.

After a few breaths, the world was swept away.

All the masters breathed a sigh of relief, but looking at Qin Chen in the air, an incredible expression appeared in his eyes, with divine thoughts intertwined.

"Who is this person? Such a master unexpectedly appeared outside the palace? Didn't it mean that the top Human Race Tianjiao has already entered the palace?"

"We fought hard here just now. When he came, he swept away all the demon masters. Among these demon masters, several masters equivalent to the peak overlord were actually killed by him. Up."

Many people were shocked. "This one is Brother Qin from the Eastern Celestial Realm. He knows that we are fighting against the Demon Race, and deliberately rescued me. He didn't have to join our team quickly and kill the Demon Race? Brother Qin is the top figure in the heavens. In the heritage, not the first time to search

Treasure, wait for me to shoot, what are you waiting for? "

Among the crowd, a respectable master screamed, spoke for Qin Chen, and immediately attracted many masters, joined their team, was taught the art of battle formation by Qin Chen, and became a supporter of Qin Chen.

Some masters of other races were also shocked. They were encouraged to join the team. Among them were leaders, some were even stronger than Shao Jikang and others, but they were all impressed by Qin Chen and willing to join Qin Chen's team.

Of course, there are also reasons because the demons are on the side.

As for the Terran masters, let alone, some masters were excited and roared, "Brother Qin is mighty, Brother Qin is invincible!"

The waves one after another, passed far from this battlefield, and attracted the attention of many top masters of the Demon Race hidden on the battlefield.

"Who is this person? So fierce?"

A master of the Demon Race hidden in a different dimension, with black wings on his back, like a sharp blade, is a master of the Demon Race of the Rakshasa in the Demon Race, his eyes pierced through time and space and looked at Qin Chen.

"My lord, do we want to kill him?"

The master of the Raksha Demon clan screamed. "No. Originally, our plan was to take advantage of the human masters entering the palace to kill the rest of the experts outside the palace, first obliterate their human race's vitality, so that the race will not be green and yellow. Since there is a human race's top powerhouse, then we must

If it's not worth the loss, if one is not careful, we will fall into this place. At that time, we will really make wedding dresses for the Holy Demon Race and the Dead Demon Race. Go, stop, we will also go to the Altar of All Souls. , Compete for inheritance. "

Whoosh whoosh!

Countless magical thoughts swept away, and the masters of the demon clan outside the palace immediately retreated. Qin Chen and the others no longer encountered resistance, and all entered the palace.

Boom! As soon as he entered the palace, Qin Chen felt his body tremble, and the Saint Yuan in his body could not be moved instantly.

[Chapter 3057: Demon Skyfire](#)

what?

Qin Chen was shocked, and looked up, not only him, but all the masters present felt that the Saint Yuan in his body was shocked, unable to move, and the Saint Yuan in his body seemed to be blocked.

Then, everyone saw a magnificent world. In this Zixiao Dousui Palace, it was like a world, containing the universe.

Because this Zixiao Dousui Palace was originally the ultimate treasure for refining pill medicine. Once it was transformed into a pill furnace, it could contain the world, forming an independent world, and smelting everything in the world.

In the center of this world, above that, a dark flame was burning, exuding a deep breath.

This is a dark flame, full of pitch black, magic light blooming, as if born in the dark world at the source of darkness, exuding a palpable magic light atmosphere.

This group of flames stood in the center of this dark palace, and the aura that pervaded the palace seemed to evolve the entire palace into a dark world, shocking everyone.

"This is, Demon Fire? Demon Sky Fire?"

Qin Chen's heart twitched fiercely and looked at the sky in disbelief. Because from this black flame, Qin Chen actually felt a power from the demon clan. For Qin Chen who has mastered the way of the deep demon, he would never admit his mistake. The origin of this flame is extremely cold. , This force, absolutely

Right is not owned by the normal Skyfire, but by the Demon Fire.

The inheritance of Skyfire Supreme, could it be the Skyfire of Demon Race?

This is not shocking. Not only Qin Chen was shocked, but everyone else on the scene was also surprised. Although they could not perceive this as the sky fire of the demon clan like Qin Chen, they also felt the special nature of this demon fire. Taoism springs up in their hearts

Cold power. And what shocked Qin Chen and the others even more was that there were countless masters under the demon fire, trying to approach the demon fire and accepting the inheritance of the demon fire. Among them, not only the masters of the human race, but the masters of the demon race and other races, unexpectedly And demons

man of.

"There is a demons here?"

Everyone's expressions changed. The master of the demon race was here to accept the inheritance, and Venerable Skyfire's palace did not move. What was the situation?

"Go, let's go."

Qin Chen's eyes sank and took the lead in leading the crowd to fly forward.

However, everyone felt it during the walking process. After the Saint Yuan in the body was restrained, everyone's speed slowed down a lot, and they could only fly and walk slowly. The places that could be reached in a short time had to go. It's been a long time.

"This is the realm of the venerable world? Or is this Zixiao Dousizong's own spatial rules?" Qin Chen didn't sit idle either. He flew by while sensing the power of restraint around him, trying to figure out the

restraint. Does the power come from the suppression of Venerable Skyfire, or from the Palace of Purple Clouds, after all, these treasures are similar to the universe

The jade discs should all have the effect of creating a space by themselves, and the Venerable can set unique rules here.

After a while, Qin Chen and the others finally came under the black magic fire. I saw strands of black magic light falling down, like a black magic light waterfall, forming a torrent of water below, and in this waterfall, you can also see the power of the law from above. Flow in the magic fire

Trickle down.

On both sides of the Moguang Waterfall, there is an open space. On both sides of the open space, there are many people standing, all of them are energetic and domineering.

They are all peak overlords from all major forces and races. Qin Chen and his party were vast and mighty. Before they came to this open space, Shao Jikang and the others swept their eyes, and couldn't help but breathe in a cold breath. So many races

man of? "That one..." Shao Jikang's eyes flashed and he turned to a giant in the distance. "I've heard of this person. He seems to be the top arrogant of the giants, named Qiangshi, known as the nine-fold fist god. , With nine punches, you can kill any one

opponent. "

"The other one should be the Tianjiao of the Wing Clan." A Zhou Wusheng said in a deep voice: "The four-winged demon head of the Wing Clan flies through the sky. It is rumored that it can travel through the void, and the way of space is unmatched."

"There are still many hidden masters of our human race."

"Hey, there are too many masters here, right? The key is why there are masters from the demons here?"

Everyone thought they were top masters. After they came here, they knew how many masters there were in the world, and there were even many people who were not well-known, all exuding a palpating breath.

Moreover, the open space in front is divided into three distinct factions, one is the human race, the other is the demons, and the other is the demons and other races, and the three factions are actually extremely harmonious, and they are all accepting this magic light perception.

"What is going on here? Why are so many people so harmonious?"

Qin Chen frowned, there must be something he didn't know about here. Moreover, Qin Chen didn't even see Yao Wuming, Zhuge Xu and others here. From Donghuang's unique memory, he knew the situation in the hall before, and naturally knew that Yao Wuming and the others had arrived here, but they didn't watch it for the time being. To these people,

So where did these people go?

Qin Chen looked at the middle of the flood of magic light, inside, the infinite magic light flows, covering everything, if it is possible, then these people will only be in this flood of magic light.

Is it possible to enter this torrent of magic light to be truly inherited? But why are there so many people in the open space and didn't enter?

"Ask!" There is no need for Qin Chen to speak, Shao Jikang and others have already stepped forward and asked, and soon got the answer.

It turns out that this place is extremely suppressed, and the more people enter the magic light, the more people are suppressed. At first, only the holy yuan is suppressed, but once it enters the magic light, even the flesh will be affected. suppress.

Only when you feel the breath of the magic light, can you enter a little bit, resist the oppression of the magic light, if you force it, it is purely seeking death by yourself. As for why the demons are here, it's because the palace of Venerable Skyfire is very peculiar. I don't know if it's because of the demonic fire. It will not be aimed at the demons, and the masters of the demons can also break in. , In the palace

It is strictly forbidden for anyone to do anything, and once a fight occurs, it will be suppressed by the palace.

In addition, because everyone can't mobilize the Saint Yuan in the body, even in battle, it is difficult to kill the opponent, because the power of the rules cannot be used here. There is only one place where the battle will not be suppressed, and that is in the river covered by the magic light escaping from the magic fire. However, once you enter the magic light river, you need to constantly understand the rules and power of the magic light, otherwise it will be easy to be rejected.

, Can not get the real inheritance. In this way, Human Race, Demon Race and other races reached a balance for a short time.

[Chapter 3058: What's the secret](#)

As for Yao Wuming, they are not in sight, because they have all entered the depths of the magic light torrent. Once inside, they will gradually be shielded from perception. If it goes too deep, outsiders will not be able to perceive it.

What everyone can see is the people outside the open space and the masters who are not too deep in the magic light.

"This Heavenly Fire Venerable's inheritance is so magical?" Qin Chen was surprised. Entering this palace, he thought that there were many treasures, but he could not think that there was nothing but a magic fire in the vast void, and the magic fire was very strange and full. The cold breath of disaster, obviously the sky fire of the magic way

.

That's all, the most amazing thing is that Venerable Skyfire's palace allows the demons to enter and will not be killed.

This is weird. The place of trial in the heavens is the battlefield of the two races of ancient humans and demons. Numerous dead and wounded masters and heavy casualties. According to the hostile

relationship between the human race and the demons, once the demons enter it, they will definitely be targeted, but now the demons also enter. Here,

Wasn't it targeted?

A weirdness suddenly emerged in Qin Chen's heart.

He has seen too many things, and obviously there is something wrong here.

However, Qin Chen was not afraid, suppressed his cultivation, his body was still there, and with his ridiculous body, he would not fear anyone, let alone soul attainment.

"Go, go and see the situation."

The disappearance of Sisi is obviously related to the emergence of the inheritance of Venerable Tianhuo and Venerable All Souls. At first, Qin Chen thought that it must be the reason why the Venerable All Souls had sensed the way of the Abyssal Demon in Sisi's body. Maybe it's not that simple.

Qin Chen strode forward and took the lead to walk toward the source of the Black Light Waterfall. As soon as he approached, a scorching violent aura emerged, making Qin Chen feel the heat and pressure.

But in this magic light, Qin Chen also felt a trace of the power of the heavens. This power was very peculiar, different from the power of the heavens, but changed in the power of the heavens.

"Could it be the power of the rules mastered by Venerable Skyfire after surpassing the Tao of Heaven?"

Qin Chen thoughtfully and carefully realized that the power of the venerable is not so easy to encounter. This is a huge opportunity for everyone present.

Just as soon as Qin Chen realized it, his face changed slightly, because he had realized a very peculiar power from the avenue of Venerable Heavenly Fire, which was a rule similar to that of a demon race.

Venerable Skyfire unexpectedly incorporated the rules of the Demon Race into his avenue? Qin Chen was shocked. At this moment, he thought a lot about why there is a Dao of the Demon Race in the Dao controlled by Venerable Sky Fire, and the Sky Fire that he stored in the Palace of the Purple Clouds actually belonged to the Demon Race. Skyfire, all of this,

It's all like a mystery.

Qin Chen even thought of the god-zhao master, why would he use his body to nourish an ancient demon corpse, and even willingly incarnate into a demon race? Come to seize this demon corpse?

Qin Chen was even more puzzled after seeing that there was a trace of the demon clan in the avenue of Venerable Skyfire.

However, unless one can enter the depths of this magic light, get close to the demon flame sky fire, and get the inheritance of the sky fire, or rely solely on imagination, will never know the answer.

"You all feel it for yourself, Shao Ben has a look!"

Qin Chen looked at Zhou Wusheng and others who couldn't get close, and said. He now knows why so many people are standing in the open space outside the magic light. If you want to enter the magic light,

you must master a trace of the magic light and fight against it. Those who fail to enter are obviously unable to enter. Against the power of magic light, absolutely

Most of those who stay outside are ordinary overlords.

They need to understand the power contained in the magic light to be able to gradually enter.

Seeing Qin Chen flying in directly, many people showed a look of contempt, feeling that Qin Chen was indifferent, so many powerful people stayed here and slowly realized that you, a kid who just came here, actually want to break into it directly. ?

Can do it!

"Who is this person, take yourself too seriously, right?"

"Oh, you underestimated this person."

"Why, he's still not a man of the world?"

"It's not a man of the world, but I heard that this person is quite famous in the Eastern Heaven Realm, and he was invited by Yao Wuming from the Eastern Heaven Realm before."

"That's him?" "You don't remember. There was a rumor that Tianjiao from all major forces in the heavens discovered the Holy Line of the Holy Lord in a hall, but was blocked by a woman. It is said that the reason why the woman blocked many masters is that I want to charge this Qin Chen for the Saint Lord's Saint Pulse

Take time. "

"What? That's him? But I heard that the East Emperor of the Western Heaven Realm has stayed in the hall and wanted to seize the Holy Line. Why didn't you see the East Emperor, this person came instead?"

"This is also strange to me. It stands to reason that this son could not escape death under the hands of a large man of the Eastern Emperor. Could it be that it was not this person who was searching for the holy veins in the hall?" "Who knows, no matter what In this way, when Qin Chen came up, it was like breaking into this torrent of magic light, and it was too whimsical. Before Yao Wuming adults, they all stayed for a long time in order to enter it. This kid is too crazy.

"

"You are optimistic, there is his suffering."

Everyone was talking about it, and they saw Qin Chen's figure swaying, he was already close to the magic light, and then, strange rays of light surged over Qin Chen's body, and Qin Chen suddenly fell into the flood of magic light.

"what?"

Whether it was on the outer space of the magic light, or the powerhouses who entered the periphery of the magic light, they were all shocked.

Qin Chen actually entered the magic light without being ejected? And there is no injury, how did he do it?

"The demon ways of the alien demon race and the abyss demon race really have something in common with the demon avenue displayed by this magic light."

Qin Chen entered the torrent of magic light, and thoughtfully, although he only felt for a moment, but Qin Chen himself had a certain understanding of the Dao of the Demon Race, and naturally he couldn't compare with ordinary people.

As soon as he entered this torrent of magic light, Qin Chen immediately felt a huge pressure hit, and his body was also slightly suppressed.

"Huh, the ancient body."

Qin Chen urged the ancient body, this little suppression naturally did not have much effect on Qin Chen, and his figure swept and continued to walk forward.

Many surrounding experts showed shocked faces. This was too exaggerated. As soon as Qin Chen came in, he would be able to go inward, without the need to perceive the power of magic light. This method is simply amazing.

You know, none of the previous top demon masters can be so relaxed in this magic light like Qin Chen.

"Boy, say, what's the secret about you!" When one of the masters of the demon clan saw this, his eyes were cold, and a big hand came directly towards Qin Chen, actually trying to capture Qin Chen.

[Chapter 3059: Enemy with Ben Shao](#)

This person saw that Qin Chen could directly enter the magic light, and kept going deep into the magic light, immediately guessed what secret Qin Chen possessed, and immediately seized Qin Chen and seized the secret from him.

This is a monster of the peak overlord cultivation base, burly, with double horns on the top of the head, and is obviously a master of the bull clan. Between shots, the blood in the body surges with infinite power. This is the root of his pride. In this magic light, Sheng Yuan will be suppressed, and the flesh is suppressed even less. Some strong flesh bodies are definitely more popular than some strong men who use the Holy Yuan to shock the world. Outside, he may not dare to be arrogant

, But in this magic light, he prides himself on his body, without fear of any master.

Therefore, he shot, his big hand is like a dustpan, extremely big, the stars twinkling between Zhang and He, there is a mighty blood swelling.

"roll!"

Qin Chen glanced at him, calmly, and took a step forward, without retreating or avoiding, his hair was fluttering and his momentum skyrocketed!

boom!

The bull clan master flew out directly, crashing into the torrent deep in the magic light, the whole person coughed up blood, his bones rattled, and he didn't know how many roots were broken.

how is this possible? Everyone was shocked. The Barbarian Bull clan expert was stunned out in an instant. This is sensational. In this magic light, the fleshly strong man clearly has the advantage. Qin Chen, a human race, directly shook a barbarian cow. Master of the clan

, The hell?

Moreover, Qin Chen just shook at will, it was too terrifying, it was the difference between heaven and earth.

"Do you want to kill me? Shoot against me? Want to get my secret?"

Qin Chen walked towards the bull clan master step by step, his eyes were cold, faintly cold. "I'm sorry, I was wrong, don't kill me, I am a member of the monster race, and you belong to the human race. I just wanted to discuss with your Excellency and exchange experience." The barbarian bull clan expert spurted blood, although soft Powerless, but still rush

Speaking tightly and hard, he didn't want to die, and at the same time his figure slowly receded out of the magic light.

Outside of the magic light, you can't do it. It will be severely suppressed by the rules of the palace. Only in this magic light can you not be suppressed and you can do it.

"Want to exchange experience with me, still want to capture me and get my secret?" Qin Chen grinned, and finally said with a cold expression, "Since you have already moved towards Ben Shao, there will be no chance, death! "

As he spoke, Qin Chen's aura suddenly released, and his right hand directly captured the barbaric bull clan expert in his hand like a divine rainbow.

"what!"

The bull clan expert was almost torn apart, whether it was the soul light or the physical body was cracking, and finally with a puff, the whole person exploded and turned into a blood mist, was sucked by Qin Chen suddenly, swallowed into his body, and earned In the jade disc of good fortune in the universe.

"If you want to do something to this young man, you can try it, but I hope you can bear the consequences of failure. No matter what race you dare to do to this young man, you will die."

Qin Chenhan said, his eyes were cold, what kind of monsters, demons, as long as they do it on themselves, that is the enemy, as for the enemy, then they have to be killed, not leaving any way to survive.

Everyone looked at Qin Chen with trepidation, trembling in their hearts, too mad, killing a master of the bull clan in an instant, and still killing it under the eyes of everyone, this method is unparalleled.

It should be understood that there are other masters of the monster race here. If they return to the monster race, they will definitely cause some disputes and troubles, and will also attract the hostility of the monster race.

Sure enough, Qin Chen's remarks aroused dissatisfaction from many monster masters.

"Your Excellency is too much."

"Just behead the people of my demon race and set aside the alliance between the human race and the demon race. You are causing trouble for your human race."

A master demon clan shouted angrily.

"Do you want to be an enemy of Young Master Ben?"

Qin Chen turned his head, his hair was shining, and he burst out with a magical rainbow. The whole person was like the same god, surging with vast divine light.

That formidable aura immediately caused the faces of several monster clan masters to change slightly, and they kept silent, because they could see that as long as they said nothing, Qin Chen would definitely kill them together. There is any hesitation.

There is no need to care about a dead man of the Barbarian Bull tribe with this lunatic.

Qin Chen stopped paying attention to everyone, and continued to go deep. As Qin Chen deepened, immediately the coercion became stronger and stronger, and the aura of the magic way became stronger and stronger.

However, Qin Chen also noticed that although there was an aura of devildom lingering here, the most important thing was actually the way of heaven of the human race.

"Sure enough, in this magic light, you can do it without any punishment or suppression."

Qin Chen thoughtfully.

He kept deepening, and gradually, a chaotic light surging in front of his eyes, and a trace of throbbing began to emerge from his body.

"This is approaching the origin of Skyfire."

Qin Chen raised his brows. This feeling was too familiar. Qin Chen himself was an alchemist and the owner of several sky fires. He was too familiar with the perception of the origin of sky fires.

Then Qin Chen saw that an altar appeared in front of him. The altar was directly upward, and at the top of the altar was the demon sky fire.

But what shocked Qin Chen was that the appearance of this altar was exactly the same as the altar on the inheritance of the outside world, but on the altar of the ten thousand spirits was a dark coffin, and on the altar, it is a demon sky fire.

Although the inheritance of the two is different, the same altar still surprised Qin Chen. The altar was shrouded by the magic light of the demon sky fire before, and it was invisible to the outside world. Only after entering the interior, can you see it very clearly.

Then Qin Chen saw that there was already a group of people standing under this altar. This group of people had extraordinary auras. The aura in their bodies was like the ocean, with dozens of them.

The aura of each of the masters is more terrifying than Shao Jikang, and the worst is among the same as Shao Jikang, each of which is the peak overlord cultivation base. That's not even counted, because they are just below the altar, and on the stairs above the altar, there are already a group of strong men, about a dozen of them, Yao Wuming, Prince Jinwu, Little Demon King, Zhuge Xu, Tu Moyu and other masters

, All in it.

In addition to them, there are some masters from other races, with a vast aura permeating their bodies, each of them is obviously a top arrogant who has come into contact with a trace of the way of the Holy Master.

This group of people, standing on the altar, approached the demon fire step by step. There were fronts and backs, and obviously they all wanted to obtain the demon fire and the inheritance of Venerable Skyfire.

And this altar contains a vast aura, giving Qin Chen a feeling of facing the Dao of Heaven, this is the altar of inheritance.

"Ok!"

At the moment Qin Chen approached, everyone felt Qin Chen's breath, and one after another turned and stared.

However, Qin Chen's gaze only fell on one of them.

Zhuge Xu! Previously, together with Donghuang Jue, aimed at Sisi's Southern Heaven Realm Tianjiao.

[Chapter 3060: Altar suppression](#)

"Zuge Xu?" Qin Chen's eyes were cold, and he walked towards Zhuge Xu step by step. Suddenly, his body was lingering with the mighty aura, his hair was moving, his roots were crystal clear, like gold, his body Among them, there is a chaotic breath surging like a god

Magic Piyi.

boom!

The vastness of the breath spread, and the entire altar was like a storm. Qin Chen, like a god, stepped out of the storm. Such a terrifying sight suddenly changed the expressions of everyone present. .

Who is this person, who has such a terrifying aura.

The key is that Qin Chen looks very young, and the aura on his body is only in the late overlord realm, but the aura that can be released is much more terrifying than their group of peak overlord level masters.

How is this possible? Moreover, Qin Chen became angry as soon as he came up, staring at Zhuge Xu, murderous, that strong murderous intent, as if it had turned into substance, had actually evolved into a vast world beside Qin Chen, if not in this magic light Under the envelope

If he was suppressed with all his might, the murderous intent that escaped would be enough to shock everyone and dare not look at him.

"Zuge Xu!"

Qin Chen said with a cold voice, and he approached the altar step by step under the eyes of everyone.

"Who is your Excellency? To me so murderous? I didn't seem to know each other before, right?"

Zhuge Xu frowned. He was sure that it was the first time he saw Qin Chen. He didn't even know who Qin Chen was. Why did this person be so murderous to him when he came up?

In the voice, a talisman appeared in his hand quietly, and after counting, the breath of various destinies suddenly appeared, and a series of messages began to emerge, showing a causal relationship with Qin Chen.

"what?"

Zhuge Xu was taken aback. Although he had never seen Qin Chen before, he knew the cause and effect between himself and Qin Chen immediately after calculation, and also vaguely understood who Qin Chen was.

There was horror in his heart immediately. If he remembered correctly, even though he left the hall at that time, Donghuang Jueyi still stayed there, but now Donghuang Jueyi is nowhere to be seen. Instead, this Qin Chen has appeared. This shows what?

However, before Zhuge Xu could speak, Qin Chen's arrogant attitude immediately aroused the dissatisfaction of many strong people present.

"Who is your excellency? It's a bit too arrogant when you come up, right?"

A stern voice asked, asking about a pinnacle overlord master at the side of the altar.

"It doesn't matter who I am, as long as I know that I am here to find Zhuge Xu." Qin Chen said coldly, facing dozens of top overlords, he was not at all afraid.

"What a crazy human kid."

Prince Golden Crow looked at Qin Chen with an expression of interest. Qin Chen's posture obviously did not take so many people present in his eyes.

The masters of the demons like Tu Moyu and Lingyuan also condensed their eyes, revealing a taste of interest.

However, the faces of the human masters in front of Qin Chen were a little embarrassed, especially the masters of the Southern Heaven Realm, their eyes sinking. "Looking for Lord Zhuge Xu from the Southern Heaven Realm? You have to ask us first!" A burly man under the altar suddenly took a step forward. At the same time, the murderous aura on his body exploded, directly turning into a straight line towards Qin Chen. With this murderous

The accumulated murderous intent rushed directly in front of Qin Chen, and then burst open. Qin Chen stood in front of the altar and didn't move. The murderous aura seemed to have encountered an

invisible barrier in front of him, and the bursting sound was really scary. But that kind of momentum is only a sneer tearing the surrounding space, and Qin Chen even a head

The hair didn't move. At this moment, not only the burly man was moved immediately, but the rest of the people near and on the altar were also moved. Those who come here are all outstanding in the same tier. Qin Chen, a late overlord, can block this powerful murderous intent.

Injury, even the hair did not move, but it is not easy to do.

In fact, with the exception of Qin Chen, the several masters around the burly man were fluttered by the murderous clothes, and everyone knew that it was only aimed at Qin Chen.

The burly man's eyes condensed, his strength is strong, the forces behind him are also extremely tough, but he is not a brainless person. He had known and investigated the top masters of the entire Celestial Clan, so he saw Qin Chen coming, and although he was shocked by Qin Chen's aura, he still played for Zhuge Xu, because Zhuge Xu's forces belonged to their southern Celestial Realm. Top

If the forces can have a good relationship with Zhuge Xu, it will be of great help to him.

As for Qin Chen, he didn't even say that he had seen it before, he hadn't even heard of it before, so he naturally despised it, but now under temptation, he realized that the late overlord in front of him is probably not easy. "Do you want to stand up for that Zhuge Xu?" Qin Chen turned his head and looked at him coldly. From Donghuang Jueyi's memory, he didn't see this person appearing in the previous hall before turning around again, coldly. Said: "Before you want to get ahead, you'd better weigh yourself

Don't be too prosperous for your own abilities, but instead lose your life. "

"Haha, what an arrogant character, this demon likes it." A demon master immediately grinned. The burly man's face was blue and white, and his heart was very angry. He was angry but was about to say something, but he was suddenly pulled by the friend beside him: "Xiang Yong, stop talking nonsense, you can't die? Didn't you see Zhuge Xu's face changed? Huh? There must be a grudge between this person and Zhuge Xu. What do you intervene in the matter of the two of them? Don't let yourself go in. What's more, there is a great oppressive force on this altar, you think it is. So good? This kid troubles Zhuge Xu,

Maybe you can't even go up to this altar. Why are you doing this wicked person for nothing?" The burly man next to his friend said secretly. After hearing this, the burly man couldn't help but suddenly, yes, he was fine, and he might not even walk up to the altar. Zhuge Xu would not be in trouble at all, but instead Of anger

Do it to yourself, when you fight against this person and get hurt, and you can't get the inheritance of the venerable, who will compensate yourself?

He gave a cold snort and stopped talking immediately.

Others who saw this scene naturally did not make their heads again. This place of inheritance of the venerables, they still want to fight each other a lot, when everyone loses and loses, they will be able to profit, why not? ?

With all eyes in full view, Qin Chen stepped onto the altar in one step.

Hum! Suddenly, a terrifying pressure swept over, Qin Chen only felt a terrifying demon sky fire breath into his body suddenly, burning his body, and at the same time there was an astonishing pressure. The cover is pressed down.
