

## Valkyrie 3061

### [Chapter 3061: What can i do](#)

"What kind of power is this..." Qin Chen was shocked, but he was already prepared, his eyes sank, and the power of the sky fire in his body was also running, booming, the aura of the demon fire of Qinglian was filled, and he immediately gave the breath of the demon fire to Resisted it.

However, as soon as the power of the demon fire resisted, Qin Chen felt a wave of soul power permeating over again. This soul power was extremely terrifying, and it was suppressed in Qin Chen's mind. Qin Chen's mind immediately rang out with howls. ll.

Qin Chen immediately activated the Heavenly Soul Forbidden Technique, and all the demon fire and soul oppression disappeared instantly, and Qin Chen was already standing firmly on the steps of the altar.

"What? He actually stopped."

Under the altar, the dozens of top overlords who were waiting to see Qin Chen's jokes all changed color, revealing a look of astonishment. These people did not walk up to the altar like Zhuge Xu and others, but stood under the altar, not because they didn't want to go on the altar, but because they couldn't. This altar possessed extremely terrifying demon fire aura and soul impact, thinking want

Standing firm on the altar requires strong strength and will.

They had tried it before, all because they couldn't resist this breath, and then they retreated to the bottom of the altar. At this moment, they are constantly comprehending the power of the demon fire, trying to offset the oppression of the altar, so they stand here.

In their opinion, it is almost impossible for Qin Chen as an overlord to step onto the altar, without a long time of insight, it is impossible to resist the oppression of the demon fire and the soul of the altar.

But who knew the result made them all startled and dropped their jaws, one by one dumbfounded.

"This son, actually stood directly on the altar for the first time?"

Experts such as Tu Moyu of the Dead Demon Race, Lingyuan of the Holy Demon Race, the Little Demon King of the Ten Thousand Demons Mountain Range, and the Prince Jinwu of the Emperor's Mausoleum changed their eyes one by one. "No wonder these people are standing under the altar, and there is no expectation of such a great oppression on this altar. Could it be that this altar is the test of the Venerable Skyfire? If you want to get the inheritance of the demon fire, you must go to the top of the altar. , Only go to the top

, Only those who come into contact with the magic fire can get the inheritance? "

Qin Chen thought about it. He raised his head and saw that most of the dozen or so high-ranking hands on the altar were in the middle level, and there was not much difference between them, and there was still a slight distance from the top level.

Qin Chen did not look at the demon fire on the top of the altar, but walked towards Zhuge Xu step by step.

Rumble! As Qin Chen walked up the altar step by step, the terrifying coercion passed from the top of the altar grew stronger and stronger. The aura of the fire this day was very strange, and Qin Chen felt a trace of disaster from it. The flame seemed unknown and touched. There will be

Life and death are in danger.

But Qin Chen was not afraid. The Zixiao Dousidi Palace and several large flames in his body ran at the same time, and immediately resisted the aura of the demon fire. As for the pressure of the soul, with Qin Chen's current soul cultivation base, he would not be affected by this. The intense oppression was shocked.

After only a dozen breaths, Qin Chen surpassed several masters who had boarded the altar before him and came to Zhuge Xu.

"Zhuge Xu, do you recognize me?" Qin Chen said coldly. "You should be Qin Chen, the man in the hall before, right?" Zhuge Xu looked at Qin Chen. Although shocked in his heart, his expression remained calm and calm: "Are you looking for me to avenge your woman? First, your woman doesn't

I didn't kill her, and I didn't kill her. Secondly, although she was a human race, she practiced the demon clan's exercises. I have reason to suspect that this person was in collusion with the demon clan. Your Excellency, as a human clan, if you are reasonable, then it's time to find me. "

"Brother Qin, Brother Zhuge is right. Everyone is a human race. Why are you so murderous?"

At this moment, Yao Wuming, who was on the altar not far away, chuckled lightly and said.

"Yao Wuming, you are one of the women who dealt with Ben Shao before. After Ben Shao finds Zhuge Xu, I will come to you to settle the account."

Qin Chen glanced at Yao Wuming and said coldly. "Brother Qin, what are you talking about?" Yao Wuming said with a wry smile: "Brother Qin, you must have misunderstood. I did meet Brother Qin's woman before, but I didn't target Brother Qin's woman. I just wanted to take that. It's just the treasure in the main hall. Brother Qin, you know, I waited to enter this ruined place to find the treasure. Brother Qin can't blame me for wanting to get the holy veins, right? And your woman was exhibiting in that hall. It's even considered to be in collusion with the demons

Although I was skeptical at the time, I thought that Brother Qin was definitely not that kind of person. Later, I left, and even gave up the treasures in the hall. If Brother Qin asked about it later, I should know that I was talking about it. Really. "Yao Wuming said with a smile, "Brother Qin, those who can come here now are the arrogances of all races in the heavens, and you have also seen the flames above the altar. I'm waiting to guess, as long as you get close to the flames, you can get the sky fire The inheritance of the Venerable, although I don't know why the flames of Venerable Skyfire's inheritance are so devilish, and these demons are also qualified to enter here, but under the current circumstances, I think we must Don't fight in a nest, let

The demons took advantage. "

"Inheritance of Venerable Tianhuo?" Qin Chen's eyes were cold: "I don't care, I only know that Zhuge Xu makes Sisi know his life and death, so he should die!"

Qin Chen gritted his teeth, his eyes were cold, "Zhuge Xu, what do you have to say before you die?" "Hahahaha..." Zhuge Xu was still a little frightened, and couldn't help laughing, "Qin Chen, You are too mad. I, Zhuge Xu, travel to the South Heaven Realm. I have never been afraid of anyone, although I don't know what happened to Brother Donghuang.

, Why did you come here, but you want me Zhuge Xu to admit my mistake, that's impossible. "Speaking of the latter, Zhuge Xu's tone became more and more violent. Although he knew that he was in danger during the calculation, he did not believe that he would be beheaded by Qin Chen. He is a well-known arrogant in the southern sky. If you are afraid of this That won't go

To this point today. "Qin Chen, your girlfriend practices the Demon Clan's exercises. I Zhuge Xu has reason to suspect that he is colluding with the Demon Clan. Now you want to avenge your girlfriend. Everyone, now I suspect that this person is also in collusion with the Demon Clan. I want to see. Look, you are a collusion with the demons,

What can I do? "

Zhuge Xu's tone was very disdainful. Under the suppression of this magic light, he was not afraid of anyone at all.

"How can I help you? First try to take my punch!" After Qin Chen listened, there was no nonsense at all, and he punched out. How could Zhuge Xu think of Qin Chen on this altar saying that he would do it, but he reacted extremely quickly and immediately became angry. Before he said anything, Qin Chen dared to be so arrogant as a late overlord. The next moment, a huge sky-reaching Fu Lu was sacrificed by him and stood in front of him.

#### [Chapter 3062: Badly injured with a punch](#)

This punch of Qin Chen seemed to appear out of thin air. This blow swept through the space around Zhuge Xu's whole body to kill intent, and the continuous killing momentum was still rising out of thin air, but a killing whirlpool formed between his breath. , Will all

Ge Xu wrapped up.

For Qin Chen, the killing fist can shroud the void of thousands of miles, or it can be shrouded in a very small space. Although Zhuge Xu is the number one arrogant of the Southern Heavenly Realm, he is at the same level as Donghuang Jueyi. Qin Chen can kill Donghuang Jueyi, so naturally he will not care about Zhuge Xu. He is completely sure to kill Zhuge here. Xu, just need to show some

Means only. Zhuge Xu was still sneering when Qin Chen punched out, but when Qin Chen led the killing power of the entire space, and the killing power was still increasing out of thin air, it seemed to appear suddenly in the void, Zhuge Xu wrinkled. Brows, secretly surprised

, Because the killing power formed by Qin Chen is really terrifying. If it is outside, then Zhuge Xu would not care about such a killing, but here is really in the inheritance of Venerable Tianhuo, everyone's holy origin has been suppressed seven or eighty eight, even the physical body has been suppressed Quite a lot, but Qin Chen

Suddenly, such a momentum broke out, so he was not surprised. When Qin Chen's killing force formed a whirlpool, completely enclosing him, and it became difficult for him to connect the heavenly talisman to

sacrifice, Zhuge Xu was already chilled. Once the other party's slaughter mood bursts around him, he will become this

The center of a burst was torn apart by the opponent's fist.

At this time, Zhuge Xu understood why Qin Chen had the courage to attack him here, because the other party really had the possibility of killing him, at least he would definitely not be able to display such a terrifying killing aura here.

Could it be Qin Chen that the big omen he had calculated in the hall before? And Donghuang Jueyi was already fierce in his calculations, could it be that Qin Chen had already killed him?

The terrible killing force directly invaded Zhuge Xu's mind, making Zhuge Xu feel as if his life would no longer belong to him in the next moment.

"A long river of fate."

Zhuge Xu roared, and the cold sweat came out at once. He felt that death was so close to him, and he could not care about other things, and directly used his most powerful means. In an instant, a river of destiny began to appear in the void. This river of destiny was extremely mighty. Although it was crazily suppressed by the altar and the magic light aura, the power of destiny can penetrate everything, and naturally it will not be completely unable to move.

When the power and the sky-reaching talisman were completely integrated, the dazzling light of destiny burst out from the sky-reaching talisman.

Fate is supernatural!

Fate is unpredictable!

Qin Chen immediately felt that Zhuge Xu's aura became ethereal and sacred, and the whole figure seemed to have jumped out of fate, completely disappeared in the river of fate, without being controlled or beheaded. If Qin Chen didn't have any precautions and Zhuge Xu used this trick, then Qin Chen might really be confused by the opponent's destiny, but he had mental arithmetic and unintentional. On the surface, Qin Chen only displayed the intention to kill. Actually

However, it has integrated the two magical powers of Origin Supernatural Power and Rift Sky Divine Mark, and both are supernatural powers above the Holy Master level. Even if Zhuge Xu is prepared, he may not be able to resist it.

Sure enough, when Qin Chen's fist fell, the power of fate on the heavenly talisman in front of Zhuge Xu was exploded, and the entire heavenly talisman erupted with a terrible buzzing sound, that was Qin Chen's fist. The sound of the wind surging.

boom!

In the next moment, Qin Chen's fist had already smashed against the sky-reaching talisman.

puff! Zhuge Xu directly spewed out a mouthful of blood, and his whole body shook violently. He was swept out by a punch on the altar, and fell severely on the steps of the altar. His aura instantly turned into despair. Spring up everywhere

There was blood stains, and fresh blood gushing out of his mouth.

With one punch, Zhuge Xu was seriously injured!

At the critical moment, a powerful force of destiny burst out from the sky-reaching talisman, and part of Qin Chen's power was eliminated.

"Huh?" Qin Chen immediately showed dissatisfaction on his face, frowning, and with a punch, he didn't kill Zhuge Xu? On the surface, he just punched, but in fact, Qin Chen has incorporated his strongest killing intent into this punch, as well as the origin supernatural power and the rifting divine mark, so he can envelop the infinite killing intent. In a very small space, burst

Unconscious strength came out.

This was already Qin Chen's extremely terrifying move, except that Qin Chen did not display the treasures such as time magical powers and mysterious rust sword, with this punch, it was enough to easily kill a pinnacle overlord. Qin Chen looked at Zhuge Xu who was lying there, and the Fulu in front of him, frowning slightly, he could feel that the Fulu in front of Zhuge Xu suddenly exploded with a special force. Zhuge Xu was not beheaded, otherwise

It must have been killed.

But Qin Chen frowned, and the other overlords who were present were already dumbfounded. What did they see? Zhuge Xu, known as the number one arrogant of the Southern Heaven Realm Human Race, was seriously injured by Qin Chen's punch?

The Golden Crow Prince, the Little Demon King and others who were still watching with a playful smile before were shocked. Even the Demon Clan's Tu Moyu and others had their eyes dignified, re-examined Qin Chen, and their hearts were deeply affected. Big shock.

Zhuce Xu was the most shocked. He was so majestic that he was seriously injured by a punch. At the moment of being bombarded, he even felt the arrival of death, and his heart was terrified. At this moment, he was already sure that he had felt the terrible violence in that hall before. Of

Zhao, definitely because of that Qin Chen, even Donghuang Jue hadn't appeared until now, and definitely because of being beheaded by that Qin Chen.

Qin Chen naturally didn't know the shock of these people in his heart, even if he knew it, he wouldn't care about it.

Since Zhuge Xu's own kill hit was blocked by Zhuge Xu, and he couldn't kill him with one punch, it would be better to have a few more punches.

Qin Chen felt cold and stepped forward again, and he was about to take another shot against Zhuge Xu, especially Zhuge Xu's destiny trick, which made Qin Chen quite curious. If he could get it by himself, maybe there would be Not a small insight.

"No, do it slowly!"

Zhuce Xu was so frightened that he was in a cold sweat, and when he saw Qin Chen he punched again without hesitation, he was frightened and hurriedly roared.

But Qin Chen ignored him at all and didn't stop at all.

"Brother Qin, wait a minute."

When Yao Wuming saw this, his eyes sank and swish, his figure shook, and he hit Qin Chen with a punch. At the same time, the Little Demon King, the Golden Crow Prince and even the masters of the Demon Race also burst out of their eyes, showing a strong fighting spirit.

### [Chapter 3063: Blade of Destiny](#)

When Yao Wuming saw that Qin Chen was about to kill Zhuge Xu, he flew over frantically, and at the same time fell towards Qin Chengai with a punch.

"Huh!" Qin Chen snorted coldly, his figure shook, and he already punched Zhuge Xu again, daring to move his woman, Zhuge Xu and Donghuang are definitely the two main culprits, and Qin Chen can forgive anything. People will not forgive these two people. When Zhuge Xu saw the murderous intent in Qin Chen's heart, his heart was secretly uncomfortable. Fortunately, he saw Yao Wuming's move, and his heart was immediately ecstatic. Although he didn't know why Yao Wuming would rescue him, he obviously only had to survive Yao Wuming.

Come, you can survive.

No matter how strong Qin Chen is, it is impossible to challenge these two great arrogances.

In shock, Zhuge Xu no longer panicked, but a vast aura of fate rose in his body and merged into the sky-reaching talisman. Suddenly, the invisible power of destiny turned into a pitch-black war knife and sacrificed it. .

This sword is black in its entire body, blooming with the breath of destiny. It is the power of destiny. It is Zhuge Xu's assassin's blade of destiny. It was originally used to plot against other masters, but it was never expected to be displayed at this time.

But he knows very well that if he doesn't show it now, there will be no chance next.

As soon as the blade of black destiny came out, tens of thousands of densely packed black sword shadows had risen out of thin air. The sword aura was filled with endless killing intent and turned into a whirlpool of destiny, making the overlord masters who were far below the altar subconsciously surprised. There was a tremor. Qin Chen snorted coldly. He was an extremely simple person. Since he decided to kill this person, he would not give the opponent a chance. Therefore, he did not wait for the breath of the opponent's Blade of Destiny to fully explode, and he was already in his own fist. Into the Yong

Constant artistic conception.

"Time magic!"

"Om..." Qin Chen's punch was almost full, and it was also integrated into the eternal artistic conception and the terrifying power of the ancient gods. Even if there is a hand, it is limited. After this punch, the entire altar is around a hundred meters wide. The place was immediately engulfed by the wind

, The murderous intent of the sky completely concealed the unformed momentum of the Blade of Destiny. Moreover, a wave of time flowed, and everything between heaven and earth seemed to have stagnated, but this time, Qin Chen's time magic only affected Zhuge Xu and Yao Wuming, and did not release too far, because of the altar's The oppression is too strong

However, unless he exposes the origin of time, he can only cover the magical powers of time in a very small range.

Rumble!

With the power of time flowing, Yao Wuming's actions seemed to have stalled, but Qin Chen's attack appeared in front of Zhuge Xu like lightning.

Even the overlords who were far away under the altar were stretched subconsciously by the fist belt, as if the punch was hitting his chest, and bursts of anger came.

After Tu Moyu, Little Demon King and others saw Qin Chen's punch, their expressions changed drastically. They were also top masters of the major forces, and of course they understood the power of Qin Chen's punch. To be precise, this is not a punch of magical powers, but a punch of civilization. In this punch, they feel the aura of endless civilization circulation, and in this civilization, there are not only human, monster, Monster, there is even one

With the familiar atmosphere of the Demon Race, this fist civilization has swept the surrounding killing potential, coupled with Qin Chen's physical horrible power, this fist is simply unstoppable.

What made them even more terrifying was that Qin Chen actually used the power of time in this punch.

"Time rules!"

Everyone was shocked. It turned out to be the rule of time. Even the masters of other races such as the monsters and demons were shocked. The rule of time was the top rule in the heavens. Even among their races, they had never heard of anyone. grasp.

"boom....."

Under the gaze of everyone's eyes, Zhuge Xu's Destiny Blade was not fully sacrificed yet, and he was engulfed in the wind of fist, and it became too heavy to carry.

"Crack..."

The fist wind hit the Blade of Destiny with a terrible loud noise. Zhuge Xu's expression changed, and his blood was burning at the same time. Once his Blade of Destiny was engulfed by Qin Chen's fist, he could only wait to die.

He can wait for Yao Wuming to come by just blocking Qin Chen's blow, but now he is horrified to find that he doesn't even have time to wait for Yao Wuming to come, not to mention that under Qin Chen's time supernatural powers, everything is connected to the world. Are all imprisoned. The terrifying murderous intent was completely engulfed by Qin Chen. Zhuge Xu realized that he wanted to break free. It was too late. A series of invisible killing vortexes were brought up by Qin Chen's fist, like a huge crushing disc. Come here, Zhuge Xu

He even felt it was difficult to breathe, and the grind plate seemed to have pressed his chest.

"Boom..."

The terrifying fist and killing vortex blasted the surrounding space with bangs. The destiny talisman presented by Zhuge Xu trembled violently, his pupils widened, and he seemed to feel the aura of destruction and death. At this moment, Zhuge Xu couldn't help being horrified anymore, was this still an attack from an overlord? Even the half-step holy lord may not have such a terrifying magical powers as Qin Chen. At this moment, his heart is filled with endless regrets, regretting why he

To provoke each other.

"Brother Qin, I surrender... Your friend is not dead. I have the skill of fate and can calculate your friend's whereabouts for you."

Zhuce Xu hurriedly transmitted his voice in panic, but he soon discovered that his voice was wrapped in the opponent's murderous whirlpool, and he could not even utter a word.

"Boom..."

The horrible killing force vortex swept by Qin Chen firmly crushed Zhuge Xu, and a dull muffled sound was made in this fist vortex. Flesh and flesh flew everywhere, and in the blink of an eye, it turned into nothingness in this murderous vortex. A talisman that reached the sky was agitated to a height of tens of feet, and fell again, falling on the altar with a bang, and then the talisman trembled , Exuding fate

The breath will rise to the sky.

Boom! Qin Chen's five-finger skips, and the infinite flesh and blood was madly swallowed into his body by Qin Chen, and merged into the jade disc of the universe's good fortune. At the same time, Qin Chen suppressed it with his hands, flashed in his hand, and the magic mirror suddenly appeared, staring at him instantly. Live here

Destiny talisman begins to refine its power.

In the blink of an eye, calm on the altar was restored, but Zhuge Xu who had been standing there had disappeared. There were only a few pools of blood and the talisman of fate suppressed by Qin Chen, which also represented a top master here before. The surroundings were silent and silent. Almost everyone stared at Qin Chen in shock, even their breathing was suppressed.

#### [Chapter 3064: Also have you](#)

boom! At this time, Qin Chen released Dao Dao power and divine consciousness, and merged into the destiny talisman. The fate talisman that was trembling immediately settled down and was slowly captured by Qin Chen. This scene was like an early morning. Walker in the woods

, Suddenly found a talisman on the ground, picked it up so peacefully and naturally, without any strong or killing intent.

Silence, still silence. A late-stage overlord, with two punches, or two strokes, killed a top tianjiao of the southern celestial human race, a top overlord who mastered a trace of the way of the holy lord. He did not use any strategy or even any magic weapon. Fist

, Is a punch.

"Brother Qin...you..." Yao Wuming stopped. He didn't think that before he had time to make a move, Qin Chen had already killed Zhuge Xu, and it was still the time rule of the show, and he was guarding him more than before. On the mountain, Qin Chen showed the time rules

However, it became even more terrifying, and a trace of jealousy rose in my heart. When he was wrapped by the magical powers of time before, he even had the urge to release the power of darkness, because with his current cultivation base, he could not resist the constraints of Qin Chen's time rules. The only good news was that Qin Chen's time rules seemed At this

It was too far above the altar that could not be released.

Tu Moyu and others who watched Qin Chen slay Zhuge Xu with their own eyes also had heavy faces. It stands to reason that they should be happy about the cannibalism between human races, but at this moment they don't have any happiness in their hearts.

Qin Chen was able to kill Zhuge Xu with two blows. This has exceeded their expectations. If they encounter this terrifying strength, how will they crack it? They don't know, maybe they can feel it only when they experience it firsthand.

At this moment, all the masters were staring at Qin Chen, their eyes trembling and cold, they were all wondering if they could kill Qin Chen by themselves?

Even many masters glanced at each other, quietly there was a tacit understanding between them, and even the impulse to join hands to kill Qin Chen here first, because Qin Chen's existence had already seriously threatened everyone present. Without waiting for them to communicate with each other, everyone suddenly felt Qin Chen's eyes swept away from them. Qin Chen's eyes were very calm and did not have the slightest intention to kill, but everyone felt cold, and they had a premonition. ,that

It was Qin Chen who was waiting for them to take action. This feeling was weird, but very clear. The Little Demon King and the others shook their fists and gave up their plans to challenge Qin Chen together. Apart from the fact that the various forces on the scene were hostile to each other and had no one mind at all, they also had a feeling that Qin Chen as a whole was not afraid of their challenge.

, If they want to make a move, they must hit with one blow, and they must first thoroughly understand Qin Chen's strength. No one likes to do things that are uncertain.

Before the inheritance of Venerable Tianhuo, one accident was to make wedding dresses for others.

But if these people didn't trouble Qin Chen, it didn't mean that Qin Chen wouldn't trouble them.

"Yao Wuming, you were the one who worked on Sisi in the hall before, right?"

Qin Chen looked at Yao Wuming coldly, and walked over step by step.

"Brother Qin, all this is a misunderstanding." Yao Wuming's expression changed, Qin Chen was staring at him, and he secretly cried out in his heart. With the strength Qin Chen had shown before, if he really stared at him completely, then He's really in trouble. Without using the power of darkness, he has no

Have the confidence to deal with Qin Chen.

The other people also twitched their mouths and felt Qin Chen's methods. On this altar, everyone was trying hard to gain the inheritance of Venerable Skyfire. Only Qin Chen used this as a battlefield to kill and provoke. Past his enemies.

This guy is really crazy.

Everyone was awe-inspiring. Facing the inheritance of the Venerable, they were not tempted to kill people. What is it if they are not a lunatic?

"Misunderstanding? What misunderstanding?"

Qin Chen continued to move towards Yao Wuming step by step, and the suppressive power of the altar continued to sweep in, but it could not hinder Qin Chen's will at all.

"go!"

Yao Wuming changed color, kicked, stopped talking nonsense, immediately turned around and rushed towards the altar, booming, a world mountain appeared above his head, resisting the pressure of the altar, and quickly rushed to the top of the altar. .

He was mad, and in his body, soul power burned and blood was boiling, and he did not want to face such a monster as Qin Chen.

Tangtang, the first heavenly arrogant of the Eastern Heaven Realm, turned around and fled? Everyone felt the horror of Qin Chen again.

"Ok?"

Qin Chen's eyes followed the direction Yao Wuming was heading, and immediately met Tu Moyu of the Dead Demon Race on the altar above. Qin Chen sneered in his heart. He instantly recalled that the man of the Demon Race in front of him was the top master of the Demon Race who blocked the human race master at the entrance of the ruins and displayed countless black tentacles. So everything made sense, Yao Nameless hook

The demon master of the knot, it seems that he is this guy, no wonder he even dared to step forward strongly in the face of the countless tentacles, showing incomparable bravery.

In that case, Yaomie Mansion is also cooperating with the Demon Race this guy is in?

"A master of the dead demons?"

Qin Chen's eyes flashed, he had already put Tu Moyu on his heart and became his mortal target. From Zhuge Xu's memory, Qin Chen also captured some of the other's identity information.

"Let's go up too!" On the altar, because of Qin Chen's appearance, not only Yao Wuming started to go crazy, such as the Little Demon King, Golden Crow Prince, Tu Moyu, Lingyuan and other masters, they also moved one after another. Burn the soul and blood in the body, I can't wait to rely on

Near the magic fire overhead.

Because of Qin Chen's appearance, all these people felt threatened, and even some of them even started to join forces. "Lingyuan, you should also have heard about the secrets of Lord Tianhuo. If you

can get this person's inheritance, your status in the clan will be rapid, and you can even compare with the adults of the Yuanmo clan. This is the situation now. , You and me are not as good as

How about joining hands? "

Tu Moyu's body was filled with dark demon energy, and he shouted at the Holy Demon Race's Lingyuan, Lingyuan smiled faintly, and nodded slightly after his eyes flashed.

Boom!

The auras of the two immediately merged together, and their resistance to the altar immediately increased, quickly approaching the magic fire at the top of the altar.

"Little Demon King, you and I work together. Your qi of the ten thousand monsters can withstand stronger pressure, and my sun spirit can withstand the aura of flame stronger. Together, you and I must not let the demon people Get the first." Seeing the master of the demon race quickly rushed up, Prince Jinwu's complexion changed, and the sun on his body was blooming, abandoning grievances, and even united with the little demon king of the Ten Thousand Demon Mountain Range, and the two great demon gods also quickly Approach the top of the altar.

#### [Chapter 3065: Disaster](#)

"Roar!" On the other side, a giant with a height of nearly ten feet roared. This giant has lines of stars throughout its body, and the light of stars began to appear in the body. This is the legendary star giant family. The day of absorbing the stars in the sky,

Possess an unparalleled powerful body.

At this time, he exploded with the power of the stars and began to charge towards the top of the altar.

A gold-winged clan master with eight golden wings on his back also moved and rushed to the sky above the altar.

Whoosh whoosh!

In an instant, the dozen or so top masters of various races who had been slowly moving forward on the altar, Qi Qi burst out of their strongest combat power, moving forward frantically, all feeling the pressure of Qin Chen.

"Huh, good luck." Qin Chen glanced at the nameless, unexpectedly his appearance caused the many races present to unite, and launched a charge on the altar, and he immediately urged Zi Xiao in his body. Dou Shi Gong and a few big sky fires, the beginning and the demon above

The fire gained induction, and the pressure on his body was greatly reduced, and he began to rush upwards.

Boom!

Everyone was rushing wildly, and the scene dazzled the many overlords on the altar below.

"Let's go, we also rushed up, fighting for the magic fire."

"This demon fire is the inheritance of Venerable Tianhuo. As long as you get a little bit, you can have the power of earth-shattering inheritance, cultivate supreme magical powers, and after you go out, you will become the holy master and do whatever you want."

"Indeed, the inheritance of Venerable Skyfire, even if it is of vital importance to the Holy Lord, cannot be taken away by them."

"We joined forces and rushed up in a swarm. It may not be able to resist the power of the altar. As long as we unite, even the masters such as Yaowuming and the Golden Crow Prince will retreat." Below the altar, countless peak hegemony are also mad. The various forces in the celestial realm, although this altar is all the best among the various tribes in the celestial realm, their forces sometimes rely on the breath of those top forces

, But facing the Venerable Supreme Treasure, no one is unmoved.

As long as they get it, they can change their lives.

In an instant, the masters of all races and forces all joined hands and rushed to the altar.

Rumble!

Above the altar, infinite power boiled.

boom!

The moment many masters stepped onto the altar, the magic fire on the top of the altar burst into countless flames in an instant, and the billowing magic fire swept away, turning into thousands of flames, floating in the air.

In the flames, various magical powers, various profound meanings, and various rules began to appear, representing the infinite heritage and strength of Venerable Skyfire. Each flame represents a strength of Venerable Skyfire, suspended in the sky at the top of the altar, blooming with various bright rays, and in this endless flame, there are eighteen more powerful flames, which are surging The power of prohibition

. These eighteen flames are obviously the top inheritance of Venerable Tianhuo. Qin Chen refined Zhuge Xu and obtained the art of fate. After a little calculation, he vaguely sensed that this flame represents the possession of Venerable Tianhuo. Super rule

Comprehend, get any one, practice with great concentration, as long as you fully understand the power in it, and become a master master, it is not difficult.

Of course, these are not counted. The most noble thing is the only magic fire above the infinite flame.

This demon fire, flowing with the aura of disaster, there is a kind of dangerous fate aura in it, and there are a series of inheritance secret curses on the surface.

This is Venerable Skyfire's fame as the top sky fire in the heavens-calamity and underworld fire!

Na Zhuge Xu was a master of Zhuge's family in the Southern Heaven Realm, and he knew many secrets of the Heaven Realm. In Zhuge Xu's memory, there was some information about Venerable Heaven Fire.

It is said that this Venerable Tianhuo was an alchemist in ancient times. He entered the Dao with Tianhuo and became the Holy Lord. He also promoted his own Tianhuo throughout his life. Later, in order to find a stronger flame, he entered the Demon World and practiced in the Demon World.

No one can recognize it. Later in the demon world, he entered a demon forbidden area and found a top demon fire. In order to fight for the demon fire, he finally exposed his identity, fought against many demon peak holy masters, and snatched the demon fire. After being a demon

The Venerable chased him to death, severely wounded and fled back to heaven.

After that, he retreats for countless tens of thousands of years, and when he leaves the customs, he has practiced the most terrifying flame of the Venerable-Calamity Fire. At the same time, he has broken through the realm of the Venerable and became the supreme human being. Lord.

Although Venerable Skyfire is a human race, he has the two great flames of the human race and the demon race. Rumor has it that he has even practiced the techniques of the demon race. These are all recorded in the most secret archives of the heavens.

These secrets are not known by ordinary saint master forces. Only the top forces have some spread. Even if Zhuge Xu knows, there are only some, and the specific situation is not known.

"Disaster?"

The one floating on the top of the altar, exuding the aura of disaster, is obviously the Venerable Tianhuo who broke through from the pinnacle of the Holy Master to the realm of the Venerable, with which the Venerable Flame Calamity Evil Fire.

A Venerable Flame, although many of the Venerable Laws contained in it have dissipated with the fall of Venerable Skyfire, its power is still strong.

"The disaster and the fire, really appeared, get this flame."

Tu Moyu stared at the disaster and underworld fire, full of greed. Masses of magic light burst out of his body, and he wanted to get in touch with the disaster and underworld fire and communicate with each other. A trace of magic light rises, and the masters of the demons such as Tu Moyu and Lingyuan really use their own demon energy to get a little contact with the disaster, but no matter how close they are, they can only get a trace. Weak connection, and

Can not directly attract the approval of this disaster.

"Venerable Flame belongs to my Prince Golden Crow."

The Sun Essence in the body of the Golden Crow Prince burst into flames, and in the center of his eyebrows, a core flame essence that seemed to be contained in the great sun of the heavens emerged, and he also made a trace of contact with the disaster.

However, it is also impossible to get close and get that flame.

On the contrary, some human masters, as well as masters of other races, would not be able to obtain the approval of the disaster and the fire and could not get in touch with them if they were not practicing the flame technique.

Calamity and Netherfire are formed by the fusion of Skyfire Venerable Skyfire and Demon Fire. It contains the two powers of Demon Race and Skyfire. Therefore, only those who have the flame technique or are of the Demon Race can practice it. It is easier to get its approval. The Demon Race had known this secret for a long time, and this was also the reason why the Demon Race Tu Moyu and the others came.

### [Chapter 3066: Disaster Supreme](#)

This demon fire is the top flame of their demon race. In the past, countless pinnacle holy masters fought for this demon fire to kill, and later it even made Venerable Skyfire enter the realm of Venerable. If they could get it, enough to make oneself shed

Change, as long as sufficient resources are cultivated, not only will it be able to easily enter the realm of the Holy Master in the future, but it can even move towards the realm of the Venerable.

So at this moment, everyone was crazy, including the masters of the demons, all in order to compete for this calamity fire, to arouse the most powerful force in the body.

"Hahaha, this disaster will be caused by me Tu Moyu." Tu Moyu laughed.

Hum!

On his body, a terrifying magic light bloomed, and in that magic light, there was a trace of human aura. This is the human aura permeating out, and it merged with Tu Moyu's body.

As soon as this force appeared, the disaster in the sky suddenly throbbed, and he obviously felt a strong attraction.

"This is..." Everyone was shocked, why Tu Moyu had human power in his body, and it actually integrated this power into his body, making himself a demon, even lingering in the human aura. This is simply sensational

smell. "The forbidden hemolysis method of the dead demon? You actually incorporated the blood of the human race into your body, affecting your blood of the demon? Tu Moyu, are you too crazy? In this way, the blood of the human race will affect you Demon power in the body

, Will have an irreparable impact on your future. "

Saint Demon Race Lingyuan saw this scene, his eyes condensed, and he said in a deep voice, his eyes flickered, and he was obviously shocked by Tu Moyu's actions. "It turns out that Tu Moyu absorbed the essence and blood of so many strong human races to integrate the blood of the human race into its own body." Yao Wuming was taken aback, although he was involved in all this, but Wanwan Unexpectedly, Tu Moyu's

This was the plan, but why did he do it? Is it because of this disaster? I heard Tu Moyu laugh loudly: "Hahaha, Lingyuan, you are also a member of the Holy Demon Race, and you have some understanding of this disaster and underworld fire, which represents the disaster fire of our Demon Race. , Has a special meaning in our demons. It is not only a magic fire, but also represents the rules and artistic conception of disasters. Rumors indicate that this disaster is the source of the supreme disaster of our

demons in ancient times. Fire, as long as you get this disaster, it is possible to get the disaster of my demons.

The inheritance of Zun, the achievement of the supreme supreme, become the real great figure of the demons. "

Tu Moyu's gaze was ferocious, and the magic light lingered all over, like the same demon god, and in the body of that demon god, at the same time, the human race's essence and blood was also lingering out of the body, echoing the calamity and the fire, and made an amazing connection.

The disaster is slowly affected by it.

The conversation between Tu Moyu and Lingyuan also shocked everyone. This magic fire is not only the core of Venerable Skyfire's breakthrough in the realm of Venerable, but it is unexpected that there is such a position among the demon race. The origin of fire.

hiss!

Everyone sucked in air.

The Supreme Being is just a title, just like the master of the Holy Realm, but in fact, there are gaps in the realm of the nobleman. When you first enter the realm, you can only be called the noble one, and the so-called supreme all belong to the noble one. The person who has come to an end.

The Xiaoyao Supreme, who repaired the broken heaven back then, was also in the Supreme realm. At this point, the world changes and the rules are reproduced at the fingertips, unmatched.

The fire of the origin of the demon disaster supreme, it is no wonder that the people of the demon race would rather give up the inheritance of the demon demon of all spirits, but also come here to compete for the demon sky fire.

"Hmph, Tu Moyu, the fire of the origin of the Supreme Disaster, that is just a legend, if this demon fire is really the fire of the origin of the Lord of Disaster, how can it be taken away by the peak of the human race back then?" Ling Yuan sneered.

"Oh, is it? Lingyuan, you shouldn't be fighting for me, just say so deliberately, but it's useless for you to be jealous. This calamity will definitely be my devil feather painting." Mo Yu was confident.

"Hahaha!" Lingyuan couldn't help laughing: "Do you think you alone are prepared?"

Hum!

A trace of human aura also rose from Lingyuan, which was the power of human soul.

As soon as this power came out, the connection between it and the Calamity Netherfire suddenly increased, once again competing with Tu Moyu for the attraction of Calamity Netherfire.

Tu Moyu was taken aback, and there was a human aura in Lingyuan. "This is the power of the human soul, as well as the power of the demon. You have merged the souls of the human Tianjiao and the demon into your own soul. Don't you fear that your holy demons' soul will be polluted and will never be able to Hide yourself?" Tu

Mo Yu roared.

"Why do you want to hide this seat? Other holy demon races are pretending to be humans, trying to disrupt the human world. I am Lingyuan, born as holy demon race, and died as holy demon race, I am me and don't need to hide anything."

Boom!

In the voice, Lingyuan increased his attraction to the disaster and underworld fire, and the two great demon clan Tianjiao, forcibly competing for the inheritance of the skyfire venerable, saw that everyone present was stunned. Unexpectedly, the inheritance of the human race Skyfire Venerable, in the end it turned out to be the most promising competition between the two masters of the demons, and the other human race masters, although they also practice the fire system and possess peculiar flames, are attracted to this disaster. Even own too

Yang Jinghuo's Golden Crow prince could not be compared, let alone Tu Moyu and Lingyuan.

On the other side, Yao Wuming and others watched these masters vying for calamity, their eyes flashed, and they rose to the sky, they were vying for the rest of the magic fire light.

"Hmph, first compete for these other demon fire rays, so that you can transform yourself, at least get the eighteen ruled supernatural power flames, and have the opportunity to become the holy master. When the time comes, you will compete for the disaster and the fire." Yao Wuming sneered in his heart.

Not only him, but some of the other masters, all shot one after another, but one by one absorbed the magic light in the sky.

Some of the weaker peak overlords are all trying to plunder the ordinary magic fires, but the vast majority of masters, aiming at the 18 magic fires with the rule of the Lord, rushing in madly.

Boom! When the magic fire altar exploded, the infinite magic light bloomed. Many masters who had never seen the altar in the magic light before, also clearly saw this scene, the oppressive power of the magic light. Suddenly weakened and flooded all

Human eyes.

"Inheritance of Venerable Skyfire, rush in!" In an instant, many masters were excited, Zhou Wusheng and Wei Siqing also showed excitement, one by one soaring into the sky.

### [Chapter 3067: All show their magic](#)

Suddenly, there was chaos on the field, with explosions everywhere, and some masters shot each other, chaos. However, although the power of suppressing the demon fire is greatly reduced, if you want to take in these demon fires, even a small one, you will be strongly oppressed, so that many peak overlords can only be small. Charge for a little flower, basically

Can't absorb too much.

Although there are many master masters on the scene, there are not many who really looted the magic fire. Compared with the number of magic fires in the sky, the gap is too big. And when the demon fire

exploded, the Zi Xiao Dou Li Gong in Qin Chen's body also bloomed with excitement. At the same time, the many sky fires in Qin Chen's body also swayed excitedly, as if countless hungry. Heavenly people, feel the delicious

The food is average.

Qin Chen didn't care about taking action on Yao Wuming, and it shot up into the sky at the demon fire above his head. In the strong magic light, in Qin Chen's body, the aura of Zi Xiao Dou Li Gong was urged to the extreme, and the four great sky fires were also forcibly urged by him. With a wave of his big sleeves, he displayed the supernatural powers of the universe of jade discs. , A trace of the magic tree of ten thousand worlds, in Qin

The power of the dust quietly diffused out.

In an instant, the demon fire in the sky seemed to have encountered nemesis, and they all poured into it. Even the demon fire inherited by the eighteen venerables suspended above the devil fire in the sky showed a sense of awe.

"Give me a charge!" Qin Chen seized the opportunity and displayed all his power. He turned into a river of destiny. The breath of the years spread through it. The power of space was permeated between the heaven and the earth, and a demon-like phantom sat cross-legged. In the long river, the big hand moves towards four

Catch it on Monday, forming an endless space to swallow.

Buzzing, buzzing...

A lot of demon fire, all fell into the big hands of this group of demon \*\*\*\* phantoms, and then in a flash, they were sent into the vast space of the Universe Jade Plate.

Qin Chen was like a long whale absorbing water, the magic fire in the sky was absorbed by him frantically, and it poured into his body like a torrent.

This sky full of flames, each with a vast aura, can make a master overlord transform, such a flame is collected by Qin Chen, what kind of wealth is this?

In addition, Qin Chen used his magical powers, his eyes locked on those eighteen top-level demon fires, and suddenly there were thirteen or four demon fires among them. Qin Chen was attracted by Qin Chen and rushed to his side.

These eighteen demon fires, as long as they are equipped with sufficient resources to be absorbed by the world-famous arrogant Yao Wuming, each one can at least give birth to a master of the Holy Master, which is equivalent to a holy vein of the Holy Master. The thirteen and four paths are combined. unbelievable.

"Do not!"

Many masters on the scene saw that Qin Chen attracted more than a dozen top-level magic fires at once, and swallowed a large amount of magic fires. Everyone's eyes were red, and even Yao Wuming and others were going crazy, and there was a heartbreak in their hearts. The roar and roar of the lungs.

They never expected that Qin Chen would not be squeezed by the magic light at all, and could even continuously absorb the magic light into his body, Yao Wuming never expected them.

However, they did not attack Qin Chen, but stared at the demon fire in front of them, because they could not even absorb the demon fire in front of them for the time being.

"Get out of here!"

Yao Wuming, Little Demon King, Star Giant Race, and Golden Wing Race masters all stared at the demon fire in front of them. Any master who dared to approach them was instantly beheaded by them.

"Who is this person?"

"A person plunders so much magic fire, \*\*\*\* it!"

"No matter who he is, kill him and \*\*\*\* the magic fire from him." Some of the overlord masters who came in later, although their strength is not top level, their vision is not weak, and they immediately saw what Qin Chen and the others had absorbed. More than a dozen top magic fires are the most powerful, but they dare not compete with Yao Wuming and others.

Instantly stared at Qin Chen, and rushed up one by one.

"Looking for death!" Qin Chen's gaze was cold. He didn't care which race he rushed to. Since he rushed up, it would be to his own disadvantage. He shouted, the ancient body erupted, and the sword aura that pierced the sky for a moment. Pouring out like the ocean

go with.

Puff puff!

The sword light passed by, and an overlord was directly penetrated through the body, bleeding into the sky.

"what!"

In an instant, dozens of overlords were beheaded by Qin Chen, blood flowed, extremely miserable.

This scene stunned the rest of the overlord masters who had not had time to rush up. They were all stunned.

This guy is not a human being, he is simply a devil.

Only then did they understand why Qin Chen did so, but Yao Wuming didn't target Qin Chen anymore. Who would dare to go up with this pervert?

Boom!

Qin Chen alone captured a dozen top-level magic fires, and continuously absorbed them, swallowing them, and included them in the jade disc.

But these magic fires, after all, had an amazing aura, even Qin Chen couldn't fully take them in a short time, looking for opportunities. "Well, this Qin Chen attracted more than a dozen top-level demon fires alone, but he couldn't directly absorb them. Instead, he was in a stalemate. This is our opportunity. As

long as we refine the demon fire in front of us, we can treat Qin Chen shot, let him lose more than the gain.

"

After Yao Wuming saw it, he was overjoyed. Originally, he saw that he was trying to absorb the magic fire, but he couldn't do anything. However, Qin Chen strolled in the courtyard to collect the magic fire. If this continues, he can't even drink a mouthful of soup, and he feels depressed. Extremely.

But at this time, he was rather confident.

"No birth and no death, the world reincarnates, everything dies, shines on the sky!"

Yao Wuming suddenly exploded, and the power of his whole body condensed into a magnificent figure. This figure sat on the world mountain, blending with the breath of his body, close to the demon fire in front of him.

The Venerable Demon Fire in front of Yao Wuming felt the supernatural power of Yao Wuming's body, and there was a tendency to silently agree with him, which made him less stressed.

"Thousands of beasts are boundless, they drink blood, sacred and enlighten, and wisdom is a monster!"

Masters such as the Little Demon King also roared, showing their unique power to attract the top magic fire. "Hahahaha, many of them are the heavenly arrogances of the world. They are really strong.

Although this young master is invincible, he is not a domineering person. As long as you can get the approval of the sky fire, you can plunder the treasures without coveting this young treasure. Less can

Don't care, let's compare and see who gets more inheritance. "Qin Chen laughed, the treasure was touching, but he didn't want to be an enemy of the whole heaven, not to mention that he couldn't absorb all the treasures in a short time, so he roared out loudly without staying on his hands, and the breath in his body surged. , Devour the magic fire in front of him even harder.

#### [Chapter 3068: Who dare to come up](#)

"The origin of good fortune, the beginning of civilization, Venerable Skyfire, if you have the spirit, you know that this young man is the future of the heavens, let me absorb it!" The power of the ten thousand worlds magic tree in Qin Chen's body surged, and the blood on his body surged. Moving, in an instant, the raging demon fires between the surrounding world and the earth, like a hundred rivers and rivers, obeyed his command, all entered into the jade disc of good fortune in the universe, and it was suspended by Qin Chen,

The dozen or so top-level magic fires that were attracted by Qin Chen, but were not convinced, all jumped, gathered in the magic light, and were absorbed one by one in the jade disc.

One flower!

Two flowers!

Three flowers!

...

Almost one of these top-level magic fires can create a holy lord in the future. Seeing that the masters such as Yao Wuming are heartbroken, blood is almost flowing in their eyes.

Heartache is extremely. "This is the inheritance magic fire of Venerable Skyfire. If you put it into a big power, as long as you have enough resources to cultivate, and the support of the holy veins of the holy master, one flower can create a holy master. This Qin Chen can absorb so much. ..." Yao Wuming was roaring in his heart

, The first arrogant of his dignified human race in the Eastern Heaven Realm, he barely attracted one flower, but Qin Chen attracted a dozen of them at once, this kind of strong contrast almost made him crazy.

However, he had nothing to stop Qin Chen from receiving the magic fire.

He hadn't fully grasped the flower in front of him, and now he went to attack Qin Chen. It was because he had lost the watermelon and picked up sesame seeds.

He couldn't be more clear about the reason that a bird in the forest is worse than a bird in his hand.

"Damn, this person has taken away most of the inheritance, and he can't let him succeed." Some top overlords are furious. Although there are still many magic fires in the world, they are all ordinary magic fires. Who doesn't want to get the top Inheritance of magic fire? If Qin Chen only snatched one, a few of them would be fine, but now, Qin Chen

Zi took away 80% of the magic fire, so how can these guys not go crazy.

Although Qin Chen's harsh methods had already deterred many people, the wealth was touching, and no one could restrain it in front of the treasure.

"kill!"

Rumble!

In an instant, a hundred of the top overlords from the world came to kill, and the momentum seemed to punch through the sky.

Among these overlords, including masters of various races, all went crazy.

"Brother Qin, be careful."

When Zhou Wusheng, Wei Siqing, Qu Gaofeng, Quan Muliu and others saw this, they hurriedly exclaimed and wanted to step forward to help. Even Murong Bingyun clasped his hands tightly and exclaimed, feeling nervous for Qin Chen. worry.

They and Qin Chen are now both prosperous, and both lost.

However, their cultivation base was too low, and in the torrent of so many overlords, they were blown away all at once, without any blocking effect at all.

"Humph!"

Qin Chen felt the murderous intent of countless masters around him, and his heart was cold, but so many masters came together to kill him, even he did not dare to be light-hearted, after all, so many top overlords shot at the same time.

"Ancient body, magical power of time!" Qin Chen directly activated the magical power of time. In an instant, the time in this world seemed to freeze. Qin Chen slammed it back, screaming, and attracted a dozen top-level magic fires. , All were collected into the jade disc of good fortune in the universe, and then moved directly

Out of this world.

boom!

The vast torrent of attacks flooded Qin Chen's position, but Qin Chen had disappeared, and the breath of the sky swept across the sky, shaking so many overlords to sway and retreat one after another.

"what?"

Then, they saw Qin Chen walking out of the void, unscathed.

"It's dangerous!" Qin Chen was a little surprised. If it hadn't been for his transformation, the time supernatural powers would have become much stronger, otherwise he would not be able to restrain the attacks of so many masters. Once he was hit, although he would not die, he would still Will be injured and lost then

In order to attract those top magic fires, it will be difficult to absorb them.

Fortunately, he succeeded at the last minute.

"Kill that guy, fight for inheritance!"

Seeing that Qin Chen was still alive, a red-eyed overlord immediately roared.

puff!

Before his voice fell, the whole person suddenly split apart, and a figure appeared beside him, it was Qin Chen, his hands were stained with blood, his eyes were ferocious.

"Who wants to come up?" Qin Chen licked his tongue, his eyes fierce.

"You..." a pinnacle overlord said angrily, but he didn't say anything. Suddenly a figure flashed, and Qin Chen appeared beside him with a punch. He wanted to react but it was too late, with a thud. , The whole person fell apart and burst into the sky

Blood mist.

An overlord fell in an instant.

"Who else dares to come up?"

Qin Chen looked at everyone with cold eyes, and died if he cared about the gods and demons and dared to block him.

For a moment, the court was silent and dumbfounded, everyone was silent and no one spoke.

"Humph!"

Qin Chen gave a cold snort, turned his head, and looked at the disaster. He didn't fight for the magic fire in front of Yao Wuming. He got a dozen of such magic fires. It took time and plundered a few more. In fact, it didn't make much sense. On the contrary, it was the disaster. The question is the entire Skyfire Lord

Among the inheritors, the most noble and most valuable.

Moreover, Tu Moyu and other masters of the demon clan had already started to provoke the disaster, and if Qin Chen didn't make a move, it would be too late.

"Only by getting this calamity and underworld fire can we truly count the inheritance of Venerable Skyfire. At that time, when I step into the realm of the Holy Master, that is the real hope. In the future, I will be more confident when facing the Yaomie Mansion."

Qin Chen is deeply aware of his current shortcomings. Regardless of his incomparable strength right now, it is only among the overlords. Once a holy lord appears, he will surely sweep them. He wants to fight against the Yaomie Mansion. With Qin Chen's current strength, Far from enough.

Unless he can get the inheritance of Venerable Skyfire.

However, even though there are imitations of Zixiaodou and Ligong, and Qin Chen himself is a top craft refiner, the disaster is still not so easy to collect.

Boom!

The endless flames in Qin Chen's body burst out and turned into a \*\*\*\* of flames, and began to communicate with the disaster and underworld fire, and the power of Zi Xiao Dou Ligong also wanted to refine the other party.

However, when Zi Xiaodou led the palace to contact that calamity and underworld fire, when he wanted to refine the other party, the aura of that calamity and underworld fire eroded away instead, actually trying to get rid of Qin Chen's thoughts left in it, and instead refine this purple sky. Dou rate palace.

"It's amazing!" Qin Chen's heart moved, and countless civilizations jumped in his mind. He felt it in an instant. This disaster is not only a magic fire, it has a disaster atmosphere, but also contains a kind of wisdom. Able to grow oneself and choose one's own heritage

By.

It is impossible for Qin Chen to directly swallow this calamity fire just like attracting and swallowing the demon fire before.

However, although Qin Chen did not succeed in his first shot, he also succeeded in destroying the refining of Tu Moyu and the others, making Calamity Underworld no longer attracted by Tu Moyu and the others, but hesitated.

"Damn it!" Tu Moyu and the others were furious, watching Qin Chen's murderous aura boil.

### [Chapter 3069: What is invincible](#)

They were all about to attract disasters, but Qin Chen immediately broke this balance and almost gave up their previous efforts.

"Huh, the heavenly fire of the ten thousand realms, turn the source into one, keep the heart and righteousness, blend into my body."

Qin Chen snorted coldly, ignoring anyone, but directly urging the power of the sky fire in his body, and began to attract disasters and underworld fires. Various flame supernatural powers diffused out of Qin Chen's body, and produced disasters and underworld fires. contact.

Immediately, the disaster scene began to appear in Qin Chen's mind. "No, this person has already attracted the attention of Calamity and Netherfire. He has to collect all the treasures. In this palace, the most valuable thing is this Calamity and Netherfire. If he receives it, plus the previous charge Many magic fires, this one will

To get all the inheritance of Venerable Skyfire, I am afraid it will become a big disaster. "

Tu Moyu and the others were shocked when they saw that Qin Chen had made contact with the disaster and underworld fire instantly.

This is simply intolerable. Now Qin Chen is powerful enough. He has collected so many demon fires before. If he gets this calamity fire again and combines them with each other, would he still have it? No one can control it.

There will definitely be a world-famous arrogant in the human race.

"Lingyuan, everyone, kill this Qin Chen first, and I will fight for this calamity afterwards."

Tu Moyu roared, and immediately joined forces with Lingyuan, magically communicated, and a vast river of magic light rushed past. Prince Jinwu and others did not take action, but their eyes flashed. They tried to communicate the calamity while the demon masters attacked Qin Chen, and they also hoped in their hearts that the demon masters such as Qin Chen and Tu Moyu could lose both. , Can't all

Absorb the disasters and disasters, and it will be them who will really benefit.

"You two, unfairly compete, dare to take action against Ben Shao. This is for death. Many treasures, Zi Xiao will rate the palace and show me." At this time, the many treasures Qin Chen had collected were suddenly revealed by him. Suddenly, a simple sacred mirror rose slowly. It was a sacred mirror, as well as Zixiao Dousui Palace, Qibao Glazed Pagoda, Dark Emperor Crown, Destiny Talisman, all

Many treasures revolve around the magic mirror.

These treasures were all top treasures that Qin Chen had collected before. They were refined by him and transformed into his own treasures, and then formed a power of precious light, urging a mighty force, and suddenly resisted Tu Moyu and Lingyuan's impact.

"I am the real God of Heavenly Fire. As long as the Heavenly Fire of Ten Thousand Realms blends into my body, it can become a fire against the sky. It will not quickly become the civilization in my body. I will let you regain its peak. "

The power of the flame in Qin Chen's body was constantly released, and the terrifying soul storm turned into a vast ocean, and he got in touch with the disaster and the fire, and merged with each other. "Damn it, don't let him collect this calamity, the Golden Crow Prince, the Little Demon King, Yao Wuming, and all the arrogances of yours. You still don't take action? This son is cruel, even the arrogance of your human race dare Kill, just let him get disaster

Fire, you can't get a little bit of treasure here. Those who rebel against others will definitely be killed by him. From now on, you will rely on his breath and live in his shadow. "

"Why don't we join forces to kill this person and divide the treasure!"

Tu Moyu roared again and again, and his divine thoughts passed into the minds of all the top Tianjiao present.

"Everyone, my demons are willing to swear an oath here. After beheading this person, my demons are willing to compete fairly with the gods of all races and divide the inheritance."

Saint Demon Race Lingyuan also flashed his gaze, conveying divine thoughts, the Spirit of Saint Demon Race's soul fluctuated with the power of bewitching, and it immediately made many Tianjiao overlords present a little bit interested.

"Not good!" Qin Chen felt a huge crisis in his heart. He was wise, and after a little thought, he immediately understood the cause and effect. If all the Tianjiao of all races in the scene joined the industry against him at this time, then he would never want to take it. To this

The person passed on.

At the moment, he immediately decided.

Boom!

The boundless enormous power burst out from his body, and in a flash, he fiercely shot eternal sword aura, destiny supernatural power, and the power of origin, the ancient gods. In the void above the entire altar, Qin Chen's power swept everywhere, devastating power, impact everywhere. At this time, he is the cultivation base of the late overlord, but the strength is so strong that it can even hurt the true half-step holy lord. , So many supernatural powers

How terrible is it to have an exhibition at the same time? The equivalent of dozens of hundreds of masters are all in the shot. "Quick retreat! What kind of power is this? If I encounter it, I am afraid I will be injured immediately, and I will die in a moment!" There were many movements around, and the masters who tried to approach suddenly felt the danger, their expressions were shocked, and their bodies couldn't help but back again ,

Qi and blood surged in an individual.

"Very well, since you have to force Ben Shao, don't blame Ben Shao for being polite. This calamity is already in my bag, and all those on the edge of the calamity will give Ben Shao. If you don't get rid of it, you will stay without permission.

Qin Chen finally made a decision, clearing the field first, then refining, he turned around, and launched a fierce attack on Tu Moyu and Ling Yuan and other demons Gao Shuo.

"The two of you are really looking for death. Does the strength of this young man stop here? Now let you see what is truly invincible."

Between Qin Chen's killing, powerful thoughts waved.

"Fight!"

Tu Moyu, Ling Yuan's head was blank at this time, and he saw Qin Chen pointing to the sky, rolling over, unstoppable, they immediately mobilized their maximum strength, recklessly fighting Qin Chen.

Inside Tu Moyu's body, a sky full of black devilish tentacles were exploded. The roots were like gods and demons, and each of them could easily penetrate the Peak Overlord and crazily wrapped towards Qin Chen.

In Ling Yuan's body, there was also a shock of soul power, and a soul's black hole vortex appeared above its head, like the dark abyss of the demon, bursting directly toward Qin Chen.

The power of the three masters collided together like a whirlwind, and the entire void shook violently. The power of the terrifying explosion was like the falling of stars, the sun bursting, and the air of chaos exploded.

Boo! Boo!

After two consecutive sounds, Tu Moyu, Ling Yuan's body was knocked into the air by Qin Chen, and flew out, spurting blood in the air, and the two of them lost in one move.

"Kill! Kill Qin Chen and win the treasure!"

"This person is too overbearing. He wants to swallow the inheritance of the Venerable by one person, kill him, and plunder the treasure."

"As long as you get the inheritance of the Venerable, you can have peerless luck and cultivate supernatural powers. After going out, you will be invincible and do whatever you want." "We swarmed and took the opportunity to kill this person, plundering the magic fire that this person had collected before, any one. Duo is enough for us to become the Lord. With so many of us joining hands, even top masters such as Yao Wuming and Tu Moyu have to retreat

Sanshe. "Under the altar, countless masters rose to the sky, all taking advantage of the chaos, to kill Qin Chen and take the opportunity to plunder his treasure.

### [Chapter 3070: in danger](#)

In an instant, the sound of supernatural powers exploding everywhere, one after another, almost like blasting, some powerful peak overlords rose to the sky, tearing the magic light, and wanted to join the team that attacked Qin Chen.

These masters come from all major races, each with extraordinary strengths. It's just that they just rushed to the sky. Suddenly, an invincible divine light blasted from the sky, shaking the earth and exploding. The bodies of Tu Moyu and Lingyuan flew out and hit the group of peak overlords. Several peaks at the moment

The overlord's body was directly torn apart, exploded, screamed again and again, and some holy treasures exploded in the air. Turned into powder.

"What is this? The Tu Moyu of the Dead Demon Race and the Lingyuan of the Holy Demon Race were beaten into the air with one move?"

Many pinnacle overlords quickly stepped away, almost scared to death.

Everyone was horrified, undecided, and didn't dare to move on.

But Tu Moyu and Lingyuan two masters, spitting out blood, sitting cross-legged in the air, trying their best to adjust their breath, it seemed that the injury was not light.

Above the endless sky, Qin Chen burst out of his strongest combat power, and immediately shook the top masters of the two demon races to frighten everyone. At the same time, the violent power in Qin Chen's body swept once again.

Boom!

The power of horror suddenly swept toward Prince Jinwu and others.

"Damn!" Prince Golden Crow roared sharply, and his whole body was enveloped by the sun's essence fire. The billowing sun's power swept all things and tried to resist Qin Chen's attack, but it was useless. The child was bombed and the whole person flew

Get out.

Qin Chen is like the same demon god, killing everywhere, facing the Little Demon King, Yao Wuming and others also shot.

"Block this Qin Chen!"

The Little Demon King and other human monsters have breathed through the sky. Behind the scenes there is a demon shadow that can reach the sky. It is a demon ape with bright eyes and holding an iron rod. Yao Wuming also soars into the sky. Prevent Qin Chen from taking action.

And the masters of the Star Giant Clan, the Golden Wing Clan, etc., turned into star meteorites, golden storms, and opponents to Qin Chen, and many masters joined forces to fight against Qin Chen.

"Huh, time is supernatural!"

Qin Chen felt the unparalleled pressure, so many masters joined forces, and there were many top arrogant talents who had mastered the way of the Holy Master, Qin Chen also felt the pressure, his body creaked and was infinitely oppressed.

However, this situation made Qin Chen more excited. His eyes burst into the rainbow, straight through the sky, and his body suddenly stood up to the ground. The sky was turbulent, the roots were crystal clear, and the rays of light burst forth, urging the time magical powers with all his strength.

The power of endless time blooms, instantly solidifying a world.

boom!

In an instant, Qin Chen unleashed an eternal sword aura that pierced the sky, swept across with terrifying power, and flew the Little Demon King and other masters out of the earthquake, and retreated one by one in embarrassment.

Under the supernatural powers of time, Qin Chen was almost invincible. Under a punch, the time was solidified, and others could not resist it. It was indeed the top supernatural power rule in the heavens. In an instant, Qin Chen Zhenfei all the top masters immediately urged the supernatural powers of time to the extreme, and the soul also felt the unparalleled oppression. Taking advantage of this moment, Qin Chen did not hesitate, and with the help of the burst of fighting power, once again Remind

Moved the power of the sky fire in the body, used the book of origin, enveloped the disaster and underworld fire, and directly ingested it.

boom!

The sky-reaching disaster demon fire seemed to burst out of Qin Chen's mind, and the aura that radiated from it shocked the ages, and would burn Qin Chen's soul and directly refine it.

"Heaven Soul Forbidden Technique!"

Qin Chen urged the heavenly soul forbidden technique to resist the devouring of calamity and underworld fire, and then urged the sky-repairing hammer in his body, and the sky-repairing technique quietly operated.

"The technique of patching the sky, everything is patching the sky!"

The technique of patching the sky is the top-level refining secret technique in the heavens. Even the heavens can be repaired. It is enough to refine all things. Although the disaster and the underworld fire is terrifying, it is also the flame of the Venerable. Qin Chen absorbed a little bit.

The demon fire outside the disaster and underworld fire was refined by the sky-filling technique, and turned into pure flame power. Many flame origins poured directly into Qin Chen's body and merged with the four great heavenly fires, suddenly the four great ones The breath of Skyfire began to soar.

Calamity and Underworld Fire is the flame of the Venerable. Even if it loses the nourishment of Venerable Skyfire, it is still very powerful. Once refined, it can make the other Skyfires in Qin Chen go against the sky. The change.

Now that Qin Chen used the technique of patching the sky forcibly refining, the aura on Qin Chen's body began to change immediately.

"puff!"

Suddenly, Qin Chen's body shook and he spit out a mouthful of black blood. In this blood, there was an aura of disaster surging. Under the power of this disaster, cracks began to appear in his body, and he was about to suffer disaster. The fire is completely assimilated.

what?

Qin Chen was shocked. In this calamity and underworld fire, there was a magical energy that reached the sky. His body was unable to adapt to it in a short time, and was continuously corroded by the power of this disaster.

"Hahaha, Qin Chen, you think too much. If this disaster is so easy to absorb, the demon would have already succeeded." The dead demons Tu Moyu wiped off the blood from the corners of his mouth, and stood laughing. He got up, his eyes gleamed with a cold light, and he said with a grin: "The disaster and the fire is the original fire of the ancient disaster supreme of our demons. Whether it is true or not, at least its essence is the sky fire of our demons. You are a human race. If you are not a cultivator of the magic path, it is impossible to absorb this disaster and underworld fire. If you forcibly absorb it, not only cannot the disaster and underworld fire be refined, but the aura of disaster will permeate your whole body and bring your

The physical body corrodes and becomes its own power. "Tu Moyu laughed up to the sky, incredibly ferocious, "Now, you are forcibly absorbed the disaster and the fire, facing you, only death, the breath of disaster, and the power of the underworld, even if your human holy lord comes, it cannot get rid of it. You're waiting to be disaster

The breath is corroded, turned into the power of disaster and fire, and then absorbed and swallowed by us, jiejiejie. "

Everyone was stunned.

No one thought that there would be such a reversal, everyone was shocked. I thought that Qin Chen flew so many people, seized the opportunity, swallowed this calamity and underworld fire, everyone has no hope of seizing the treasure, but no one knows that to absorb this calamity and underworld fire, it is necessary to practice the magic way and use the magic way. Power can be absorbed, this Jane

It just subverted everyone's understanding.

The inheritance of Venerable Skyfire of the Human Race needs to be refined with the power of the Demon Race, which is damned.

Hum! In Qin Chen's body, the power of disaster began to permeate, and the body of Desolate Antiquity as strong as him could not resist, because the Lord of Desolate God was no more than the cultivation base of the Peak Lord and Half-Step Venerable. The actual flames of the Venerable, the original fire of the Venerable Skyfire, and the power of disasters that erupted contain the most terrifying disaster rules in the heavens. Even if the holy lord of the human race is here, this collision of original powers cannot be resisted.
