

Valkyrie 3081

[Chapter 3081: Bear the last wish](#)

"That's just a divine mind from her, the divine mind projected from her. As for that woman, is the descendant of Princess Lianxinluo? Dao clone? Or is it just a carrier of her divine mind, then I don't know..." Wanling Mozun shook his head, as if to Lianxin

Princess Luo can appear here, but also very confused.

"Think about her..." Qin Chen was nervous.

"Your girlfriend is no longer there. I can feel that she is no longer in this trial place. It is very likely that Princess Lianxinluo has not been taken away. As for where she went, I don't know, nor can she Answer you..." Wanling Demon Lord seemed to know what Qin Chen thought in his heart: "Perhaps, she was brought to Princess Lianxinluo's transformation, or she was the reincarnation of Princess Lianxinluo... or , She was favored by Princess Lianxinluo and became her successor,

Everything is possible. "

"Sisi!"

Qin Chen felt a pain in his heart, the world was vast, where could he find Sisi? Is it in that dark abyss?

For a long time, Qin Chen couldn't return to his senses. Venerable Tianhuo shook his head, "Don't worry, if Princess Lianxinluo really takes away your lover, then I believe she will never have an accident. Princess Lianxinluo is the leader of the demons. It is also extremely worshipped, such a person,

Of course it will not harm your girlfriend. "

Qin Chen calmed down gradually, no matter where Sisi went, he believed that he would always find her. Venerable Skyfire continued to tell, "The demon demon of all spirits is the demon's year-end acquaintance. Back then, the deity competed for calamity and underworld fire in the devil world. If it weren't for all spirits to cover for me, perhaps I would have died in pursuit of the demon demon. Killed, and then returned to heaven

After the world, after I became a Venerable, I contacted the Wanling Demon Venerable, and wanted to unite some righteous people in the Demon Race against the dark forces. "

"However, the dark forces are developing too fast..."

Venerable Skyfire fell into the memory. Following the narration of Venerable Skyfire, Qin Chen also gradually learned what happened in the past. Venerable Skyfire and Wanling Mozun, a human race, a demon race, turned out to be a year-end friendship. The two tried their best to fight against the forces of darkness. , But beginning

In the end, they did not succeed, so one day they came up with an extremely bold idea.

That is, whether it is a human race, a demon race, or other races, it is difficult to resist the invasion of the power of darkness. Once you accept the power of darkness, the soul will be corroded by the power of darkness and gradually become a running dog of the power of darkness. .

Especially the masters of the demons and human races, as long as they are instilled by the power of darkness, their strength will be astonishing. This is the main reason why the forces of darkness can develop rapidly. In order to fight against the forces of darkness, the Venerable Demon of All Souls and the Venerable Skyfire even thought of fusing the powers of human demons together to see if they could resist the power of darkness. Once successful, the power of darkness of the darkness forces would not only be unable to confuse the various races, Even become

The power of all races is used to fight against the forces of darkness. Venerable Skyfire himself is an exalted alchemist. He leads by example and personally absorbs the power of the demons and turns himself into a half-human and half-demon, but he has attracted accusations from the human race. However, he abandons everything, and All spirits are in this land of demons

, Secretly sealed a master of the dark forces, constantly studying the other party. Their research has been in the dark and no one knows it. However, with the celestial war, they finally exposed. This piece of heaven and earth was plunged into war, and their research was also discovered by the demons. In the end, it was a tragic

After the war, they fell here.

Qin Chen suffocated, he never expected that such a thing happened back then.

"Senior, then... have you succeeded?" Qin Chen wryly asked, using the power of the human and demons to resist the bewitching of the power of darkness and let the power of darkness become his own power. This kind of operation is too wild. "Failed." Venerable Tianhuo sighed: "The power of darkness is very special. Once exposed, it will provoke the suppression of the heavenly realm. Brother Wanling and I tried our best, but in the end we didn't think of a way to block the heavenly way. But we don't blame God,

Because this kind of action is too risky. Once our vision fails, many people will absorb the power of darkness, and if they are controlled by the power of darkness, it will inevitably become a scourge to the heavens. "

Qin Chen sighed secretly, failed? "However, although we have failed, we have a feeling that as long as we get the recognition of the heavenly way, our vision may not be impossible, because the power of darkness is also a power, a rule, but a completely different

Since the rules of the heavens are power, there are naturally ways to control them, but before that, they must be recognized by the heavens. "

"There is generally only one way to be recognized by the heavenly way, and that is to become the heavenly way."

"Become Heavenly Dao?" Qin Chen was shocked, what else could Heavenly Dao become? "Of course." Venerable Tianhuo laughed: "At the beginning of the heavens, there were many source continents in this world. These source continents all have the same origin as the heavens, but they are different in strength. As long as you have the heavens, Origin, it becomes

With the recognition of Heaven, by that time, our vision may be successful. "Of course, in addition to absorbing the power of the heavenly origin of the Source Continent, there is another way, which is to

incarnate into the heavenly way. Unfortunately, in this way, all wills will dissipate. No matter how strong the person is, even the venerable will suppress it. Eternal but also

It's just in his own world, in his own domain, but once he is transformed into Dao, his will will be integrated into the vast Dao of Heaven, it will be completely dissipated. "

"The will of the Venerable, if it is a river, then the will of heaven is an ocean, no matter how vast the river is, it cannot change the destiny of the ocean."

"Source Continent?" Qin Chen felt a shock, "Isn't Tianwu Continent the Source Continent?"

"So, you felt Qin Mo's aura from the Origin Continent before you made him a descendant?" Suddenly, the **** cat said coldly. "Huh?" Wanling Mozu looked at Qin Mo and laughed, "Yes, in the Demon Abyss, my will feels a breath of Origin Continent, so I attracted this person over and attracted him. As the descendant of the deity, I actually want him to become

The last wish of the deity. "As for you..." Venerable Skyfire looked at Qin Chen and smiled: "You can get the recognition of disasters and underworld fires and get my inheritance. It obviously shows that you have the two powers of Human Race and Demon Race, although I I don't know how you successfully cultivated, but

, In this way, you can also follow my last wish and continue walking. "" Carrying your last wish? "The **** cat suddenly smiled coldly: "You have chosen the wrong person." "

[Chapter 3082: That adult](#)

"what?"

Venerable Skyfire and Venerable Wanling Mozun were taken aback and looked at the **** cat in surprise.

Qin Chen also looked at the **** cat in doubt.

Hum!

I saw the **** cat's figure flashing, and suddenly appeared in front of Venerable Skyfire and Wanling Demon Venerable. In an instant, the three of them fell into a special field, shielding Qin Chen's perception. The **** cat stood proudly in front of Venerable Skyfire and Wanling Demon Race, and said coldly: "Your choice is indeed one direction, but it may not be successful. In fact, besides you, there are many people in the heavens who are all fighting. Dark forces, and Qin Chen wants to accept

The mission of loading is beyond your imagination. "

The **** cat's voice fell, hum, and a series of weird prohibitions filled its body. This prohibition, located in every corner of its body, was densely packed with a vast breath, permeating it.

"You... the prohibition on you, what is the relationship between you and that adult...?"

Seeing this prohibition, Venerable Skyfire and Wanling Mozun were shocked, each one was shocked, the remnant souls were almost unstable and almost cracked.

What a shock it was that the remnants of the two nobles could not remain calm. "Me? I'm just a guy who has done something wrong and has been sealed." The **** cat said lightly: "But I have seen the change of fate from him, so I will always follow him. As for what he is I don't know what identity

Chu, but the only thing he knew was that Qin Chen must be the protagonist of this era, the son of destiny. "

Both Skyfire Venerable and Wan Ling Mo Venerable were startled by the words of the **** cat.

Qin Chen was outside and saw what the **** cat was talking with each other. Suddenly, the two sages looked at him in shock, their eyes were filled with amazement, really inexplicable, booming...

At this moment, a huge space-time passage was slowly opened above the sky of the entire monster world, and even in the sky of the heaven trial.

"This is the passage of the trial land. The experience of the trial land is about to end ahead of schedule. Isn't this... three months and half a month away?" All Tianjiao in the entire trial land saw this scene. Surprised.

"Huh?" Qin Chen also looked up at the sky, obviously he didn't expect the trial ground to open and end at this time.

"It was our fight that disrupted the power of the trial ground, and caused the trial to end early, because the trial ground can no longer withstand the power of so many arrogances."

Said the Venerable Skyfire and the Venerable Demon.

Hum!

The domain barrier in front of the two suddenly cracked and reappeared in front of Qin Chen.

"Unexpectedly, you would be that one..." Venerable Tianhuo looked at Qin Chen, exclaimed: "I think you master Tianhuo and are also an alchemist. If so, then I will take my experience in alchemy over the years. , Teach it all to you!"

Boom!

Venerable Skyfire's voice fell, and a palm fell on Qin Chen's head.

"I will also teach you my lifelong experience, but how much you can master depends on your own good fortune." Wanling Demon Venerable also looked at Qin Mo, an invisible magic light, ingesting his eyes .

Rumble!

In an instant, the Book of Origins in Qin Chen's body circulated wildly, and an immense amount of knowledge began to flood into his mind, receiving information from Venerable Skyfire all the time.

These information gathered into a torrent, running calculations, making him grasp the mystery of the avenue's operation every moment.

In the book of origin, a vast array of civilizations and knowledge are running and presented.

This is his invincibility. Other Tianjiao can only accept the inheritance a little bit, and feel the memory of Venerable Tianhuo a little bit, because the experience of a Venerable Venerable is too rich to support a Holy Lord, but Qin Chen has the book of origin, which can contain countless knowledge. ,store

Get up, and when you need it, you can use the Book of Origins to display it.

Infinite manipulation methods lingered, and various auras flickered in Qin Chen's mind.

boom!

First of all, the imitation of Zi Xiao Dou Li Gong in Qin Chen's body disintegrated, and the power in it was released and directly penetrated into the jade disc.

Qin Chen already owns the authentic product of Zixiao Dousili Gong. This imitation of Zixiao Dousili Gong does not have much effect on Qin Chen. This force is immediately integrated into the jade disc of good fortune in the universe and grows stronger. The power of the jade disc of good fortune.

The space in the jade disc of good fortune of the universe began to be filled with flames.

Then, it is the Qibao Glazed Tile Tower!

Following the inheritance of Venerable Tianhuo, Qin Chen began to disintegrate the method in his body. Many treasures that were originally at the Heavenly Sage Supreme Treasure level were exploded and shattered to replenish the jade disc.

In an instant, these many powerful treasures were transformed into pure power by the refining of the Zixiao Dousui Gong in the jade disc of good fortune in the universe, and the urge of patching the sky, and let the jade disc of good fortune in the universe begin. Has been an amazing improvement.

Rumble!

The smashing and refining of these treasures also caused Qin Chen's power to begin to transform. His body, in this process, felt an even greater power, and touched the realm of Heavenly Sage's peak little by little.

Hum!

At the same time, in Qin Chen's body, the treasure of the Five Secrets finally trembled. Under the breath of the venerable, it began to recover. The power of Venerable Skyfire was absorbed by the many treasures in the Five Secrets, allowing Qin Chen to be absorbed. The breath became more and more terrifying.

This breath is too strong! Although Qin Chen could not fully mobilize these holy master treasures, Qin Chen had a feeling that he was already able to mobilize the power in them. After these treasures recovered a little, he would definitely be able to mobilize these treasures.

Unparalleled and terrifying power.

Moreover, although the inheritance of Venerable Skyfire cannot directly improve his own strength, he has gained the experience of Venerable Skyfire, so that his future breakthroughs will reduce many detours, and it will be easier and more comfortable.

Hum!

I don't know how long it took. Qin Chen suddenly woke up. He saw Venerable Skyfire and Wanling Demon Venerable, their figures gradually dimmed, and finally turned into a soul light, and that soul light, also it should dissipate gradually.

The strength of the two of them finally came to an end.

However, before dissipating, both of them had smiles on their faces, which was the smile of someone who succeeded.

"You, continue to grow, and hope that in the future, you can fight against the forces of darkness and bring the heavens back to light."

Venerable Tianhuo and Venerable Demons murmured: "Unfortunately, we can't see that day."

The two looked at each other, their eyes calm.

"Two seniors!"

Qin Chen's heart was shaken, whether it was Venerable Skyfire or Venerable Ten Thousand Souls Demon, they had dedicated their lives for the heavens and the race.

"Don't worry, two seniors, I won't let you die. One day, I will let you see the heaven recovery for yourself."

Qin Chen murmured, and immediately a soul light lingered out, enveloping two soul lights, and wanted to guard them.

"It's useless..." Heavenly Fire Venerable and Wan Ling Mo Venerable shook their heads. If they could, they didn't want their remnant soul to dissipate, but now they have indeed come to the end of their lives.

However, a vast breath of the Devil Tree of Ten Thousand Worlds lingered out of Qin Chen's body, enveloping the two of them, so that their soul light no longer slowly dissipated, but stabilized.

"This is..." Venerable Skyfire and Wanling Demon were shocked again.

[Chapter 3083: Make a plan](#)

This force actually made the soul light of the two of them about to collapse stabilizing. Although the soul light could not be restored, it could slow down the speed at which their soul light dissipated indefinitely.

"This is... the Demon Tree of the Ten Thousand Realms, the breath of the Demon Tree of My Demon Race? There is the Demon Tree of My Demon Race in your body... Are you really the chosen one of destiny? ..."

Wanling Mozun's figure shook wildly, his face showed an unprecedented shocked expression, and he exclaimed. However, although the Devil Tree of the Ten Thousand Worlds can make the two souls no longer dissipate, it cannot prevent their souls from falling into a deep sleep, because their soul light only has the last trace of power, and only a deep sleep can give their power No longer completely eliminate

Scattered.

"Two seniors, you can rest in peace in my universe jade disc."

Qin Chen murmured, with a wave of his hand, the souls of Venerable Skyfire and the Soul Demon Venerable entered Qin Chen's Universe Fortune Jade Disk, and were like the Eternal Sword Master, the Nine-Tailed Fairy Fox and other predecessors. Fell asleep under the nourishment.

"Kid Qin Chen, what are you going to do next?"

The **** cat looked at Qin Chen.

"You came to this demon world through that Demon Abyss, right? The Demon Abyss passage was set up by Master Wanling Mozun back then. We can follow the Demon Abyss and return to the Tianwu Continent."

Qin Chen's eyes flashed, Qin Mo got the inheritance of Wanling Demon Sovereign, naturally knowing that this Demon Abyss was coming, Qin Chen and the others could use that passage to return to the Tianwu Continent.

"But before that, let's deal with the things here."

Qin Chen said lightly, the next moment, he stepped abruptly, instantly crossing the infinite space, and landing to the space where the ruined treasure land was.

At this moment, the ruins and treasures are already in chaos. Although the Zixiao Dousili Palace and the Wanling Demon Coffin were obtained by Qin Chen and Qin Mo respectively, there are many ancient holy veins and other treasures in the ruins, attracting countless treasures. Human coveting.

Now the closed passage in the trial land has been opened. At most, the passage will be closed in only one day. Everyone must complete the search during this day, otherwise once they stay in this monster world, they will fall here completely.

boom! In the ruins of the treasure land, one after another, many people searched for the sacred veins of the heavenly sage's top grade. They shot and searched for these sacred veins. Some people even found a long river of sacred veins. Surging

There are hundreds of holy veins of different ranks, and in the middle of this long river of holy veins, there is actually a vast holy main-level holy vein.

This naturally drew everyone's frenzied shots and murders, and also attracted masters such as Yao Wuming, Little Demon King, Golden Crow Prince, Golden Wing Clan, and Star Giant.

As long as they obtain a Saint Lord's Saint Vein, combined with the power they have learned here, after returning to their respective forces, they only need to retreat for a period of time, and maybe they will be able to enter the Saint Lord realm and achieve their position. Especially Yao Wuming, he also received a holy master demon fire, and now the terrifying aura permeates his body, madly swallowing the power of these holy veins, the aura in his body has begun to move towards the half-step holy master state, and even his body has begun to condense. One

The power of the Holy Lord of silk. Of course, even if he really condenses the power of his own holy lord, it takes a lot of effort to become the holy lord. The holy lord is already a high level in the heavens. In some heavens, thousands of years, ten thousand years There may not be one, I want

Breaking through is never so easy.

Boom! Yao Wuming's big hands surged, and immediately, the power of the rolling holy veins poured into his body, and he immediately grabbed at least ten high-grade holy veins of the peak of the heavenly holy, and even that holy main holy vein. Was grabbed a corner by him and started to ingest

In the body, improve yourself.

Not only him, but Tu Moyu, Lingyuan, Golden Crow Prince and other masters are also crazy to take action to plunder the holy veins here.

These top masters shot, and immediately many ordinary Tianjiao were repelled, vomiting blood one by one, and fled in embarrassment. For example, there is only the last half of the day in the trial of today, so naturally no one wants to fall here.

And just when everyone is crazy to shoot.

Boom!

Above the sky of the demon world above everyone, a vast force descended, and then everyone saw that two figures quickly descended from the vast sky.

"It's that Qin Chen!"

"And the master of the Abyss Demon Race!"

"They are back!"

"go!"

Some masters were taken aback and did not dare to stay here. Qin Chen and Qin Mo were powerful and far surpassed them. At the last moment of this trial, saving their lives is the most important thing. Who knows if Qin Chen will suddenly kill people like crazy.

There are even some people who directly sensed the traction force of the passage of the day realm, and began to enter the passage of trial, accept the traction of their own forces, and return to the realm of heaven.

Many of these people received a little bit of magic fire and some Tianjiao of the Holy Veins. Now the inheritance of the Venerable has been taken away. If they stay again, the risk is greater than the benefit, so many people directly chose to leave.

"Brother Qin... are you okay?" Seeing Qin Chen appear, Zhou Wusheng and the others were all excited to welcome him, and then looked at Qin Mo with vigilance. In their eyes, Qin Mo was a member of the Yuanmo clan, naturally and They are hostile, and Qin Mo has also received the inheritance of Wanling Mozun, the strength of

Horror, absolutely against the sky, if you covet Qin Chen's inheritance, then a big battle will inevitably occur.

"I'm fine."

Qin Chen smiled faintly, raised his hand, and suddenly a wave of magic fire began to emerge, and it suddenly entered the bodies of Zhou Wusheng, Wei Siqing, Quan Muli, Qu Gaofeng, and Murong Bingyun. Suddenly, several people felt the power of the Venerable sweeping over, as if seeing the Dao of Heaven emerge in their minds. This demon fire was the ordinary demon fire of Venerable Skyfire that Qin Chen had obtained. Qin Chen absorbed it at the beginning. Tens of thousands of ordinary magic

Fire, these demon fires all contain some of the heavenly insights of Venerable Skyfire. Qin Chen himself has received the disaster and underworld fire, but there is not much demand for these ordinary demon fires.

But in the eyes of Zhou Wusheng, these magic fires are absolutely heaven-defying treasures.

The breath of several people turned out to be eager to try, and they stepped into the peak of Heavenly Sage in one fell swoop. This is not to mention, in their minds, the power of the great road surged, and even vaguely sensed a trace of the power of the Holy Master.

"Thank you Brother Qin."

Zhou Wusheng said with great excitement.

With the power of the demon fire given by Qin Chen, it was only a matter of time before they stepped into the peak of the Heavenly Sage, and they could even directly realize a trace of the power of the Holy Master, enough to save thousands of years of hard work. "Brother Zhou and Senior Sister Wei, everyone, if the realm channel has been opened today, you should leave as soon as possible. With your strength, staying will be dangerous and the gains outweigh the losses." Qin Chen smiled.

[Chapter 3084: You stay](#)

"how about you?"

Zhou Wusheng and the others were startled. Qin Chen's words clearly didn't intend to leave with them.

"I still have some things to deal with." Qin Chen said lightly.

"This..." Zhou Wusheng and the others hesitated, turned their heads to look at the power of the vast sacred veins in the depths of the ruined treasure land. They had already dazzled the nameless aura they had shed. They suddenly realized that they knew that Qin Chen was staying, and it was very likely that it was to capture The Holy Vein here, immediately

Said: "Brother Qin, then... be careful." "Brother Qin, if it weren't for you this time, I'm afraid I would have died in this trial site long ago. The green hills will not change, the green water will flow long, Brother Qin, We will have a period in the future. From now on, my Qu Gaofeng will regard Brother Qin as your head. Brother Qin needs

Qu Mou is helping, just let him know, Qu Mou will surely go through fire and water, and will not hesitate. "

"Brother Qin, goodbye, I am right to admire Liu. From now on, I will look forward to Brother Qin's head and look forward to meeting Qin Chen in the cold weather." Qu Gaofeng, Quan Muli and others said excitedly. As for Zhou Wusheng and Wei Siqing didn't say anything, and they didn't need to say anything. The light in their eyes was enough to explain everything. Everyone is from Guanghan Mansion.

However, he trusted Qin Chen extremely.

When the words fell, Zhou Wusheng and the others no longer hesitated, and directly rose up one by one, began to accept the attraction of the heavenly passage, and returned to their respective forces.

They also knew that staying by themselves would only be a burden to Qin Chen, but they were also very decisive.

"Bingyun, you can stay."

Qin Chen's eyes flashed and saw Murong Bingyun leaving too, but he smiled slightly and shook his figure before he came to Murong Bingyun and hugged her in his arms. Murong Bingyun knew her identity, so she rushed to return to Guanghan Mansion, but Qin Chen was not so relieved and naturally wanted to be tied to him. Moreover, Qin Chen did not know whether Murong Bingyun knew about Qin Mo. Once she knows that Mo Qin is also coming

From Tianwu Continent, she might have guessed something.

"Hahaha, a heroic beauty, she really fits well, Brother Qin, there will be some time later."

Zhou Wusheng and the others knew the relationship between Qin Chen and Murong Bingyun. They all laughed and said, Wei Siqing's face even showed a trace of inexplicable affection, and finally turned his head and the group disappeared into the passage of the heaven.

"Qin Chen, can you let me go now?" Murong Bingyun couldn't help gritting his teeth when he saw Zhou Wusheng and the others leave. Qin Chen let go of Murong Bingyun and said faintly: "You are a smart person. You should know why I left you. You stay here and find a place to stay. I will leave a mark in your body and wait for me. After finishing things, I will naturally come to find

You, but before I find you, you can't enter the passage of the heavens. If I perceive it, this mark will directly detonate your body and make your soul fly away. "

"Don't think about playing tricks, you should know that I have this ability."

Qin Chen said.

Murong Bingyun said angrily: "Why do you restrain me like this?"

"Why?" Qin Chen glanced at her, "I am better than you, is that enough?"

"Also, don't run around, or you die here, I'm not responsible." Qin Chen stopped paying attention to Murong Bingyun, and suddenly disappeared here.

"Qin Chen, you bastard!"

Murong Bingyun looked at Qin Chen's leaving back, jumping with anger.

After Qin Chen left, he quickly approached the long river of sacred veins, and in an instant, he came to the top of the long river of sacred veins, staring downward, and instantly fell on Yao Wuming and the others.

"not good!"

Yao Wuming and the others froze. When they looked up, they saw Qin Chen appearing in the sky, and their hearts sank: "Qin Chen."

"Hmph, you people, when dealing with Sisi, shouldn't you give me an explanation?" Qin Chen said with a sneer.

"Qin Chen, what do you want to do? If today's trial is over, you dare to act on us and be careful to be punished by the heavens. What's more, do you still want to deal with so many of us and fail?" Yao Wuming shouted coldly.

Boom!

Yao Wuming is not a good person either. As soon as his body moves, he jumps up and directly urges out the World Mountain. A vast mountain immediately appeared in front of everyone. "All the princes of all races, we unite to fight against the devil. This person has become a demon. At this time, we have to act on our races. Moreover, Venerable Huo apparently practiced demon skills that day. Perhaps this person has also become a demon. Puppet

After we go out, we will definitely report to the top of the heavens to punish this person. "Yao Wuming screamed loudly and accused Qin Chenluo.

Now he knew that he could not be Qin Chen's opponent. To kill Qin Chen, there was only one possibility, which was to accuse him of Luo weaving, unite all the top talents present, and then use the heavens to suppress him.

Although Qin Chen is strong, he is only a person after all. "Yao Wuming, you slander like this, thinking that you can resist me if you unite with so many arrogances?" Qin Chen laughed when he heard this, "Well, I will destroy all of your Yaomie Mansion today. People, this time in the celestial trial

In Yaomie Mansion, no one can go out alive. "

What he said was not cruel, but he did it himself. With the palm of his hand, a whirlpool appeared in front of him, and he attacked the huge World Mountain. His whole body was revolving. It was impossible to know how many demonic qi in the demons world was triggered by him, and appeared everywhere. Out of a statue

The body of the demon god, the entire demon world seems to be able to be used by him, listen to his dispatch and dominate him. A fist of origin, a comet hit the moon, the World Mountain was hit by a volley, and there was a loud noise. I don't know how many levels of forbidden laws were blasted at once. On the mountain, there were cracks in the cracks. , Faintly visible

Many masters of the Eastern Heaven Realm gathered by Yao Wuming had horrified eyes.

"Qin Chen, you are too much. Now it is the chaos in the heavens. You actually want to kill the masters of the human race. Are you really into the demon? I, the people of the demons, can't stand by. People of the human race, don't panic."

Suddenly, Prince Golden Crow's eyes flashed, various conspiracies flashed out, and with a roar, he unexpectedly displayed a golden feather. This feather turned into a flying boat, the flames bloomed all over, and the monster masters also shot.

This feather, I don't know what a master's divine feather, the flames of the whole body bloom, and the power of the horrible flames is a blow to Qin Chen.

Buzzing, the vast fire light turned into a long river of flames that reached the sky and came directly to Qin Chen's side.

He coveted Qin Chen's inheritance and wanted to kill Qin Chen and regain the inheritance. This is their only chance.

[Chapter 3085: Still human](#)

"Huh, Prince Golden Crow, your demon race is seeking your own death!" Qin Chen didn't move his eyes, and pushed the palm of his hand to disperse the flames, his body rushed to the sky, and instantly transformed into a river of fate, more than that flame The long boat is even bigger, strangling

In the past, it looked like a flood dragon, which had to directly entangle and attack.

The flame brilliance on the long boat of fire feathers continuously exploded on his body, and even the light of fire did not emerge, all of which was swallowed by the power in Qin Chen.

boom!

With the sound of the sky breaking and the earth cracking, the flame flying boat shook twice, and many of the masters of the imperial mausoleum demon clan made shrill screams of fear one after another.

The fate of Qin Chen's incarnation hit the Huoyu Flying Boat.

He used the technique of fate, which was even more terrifying than Zhuge Xu of the Southern Heaven Realm, and the mighty fate of the air simply rolled over, covering the sky and the sun.

"Prince Golden Crow, both of the monster race, I'll help you."

At this time, the Little Demon King of the Ten Thousand Demon Mountain Range also suddenly stood up. There was a lot of demon aura surging through his body, and the sound of mimos filled his body. In a short time, the terrifying demon aura surged and radiated from all sides.

At the same time, dozens of Tianjiao from the Ten Thousand Demon Mountain Range demon clan took action at the same time, expelling a demon energy from their mouths to strengthen the Fire Feather Boat.

"World Mountain, unite with the Boat of Fire Feathers, and fight against this monster, brothers of the Star Giant Race and the Golden Wing Race, what are you waiting for? The monster race has already united with me, don't you let this Qin Chen go wild here? Is it?!" At this time, Yao Wuming led the many

arrogances of Yaomie Mansion, urging the World Mountain, and fiercely uniting with the boat of fire feathers. A holy energy erupted from his body, and a circle of flames set off a dark world. Mountains, strengthen each other and merge into one

. "Do you think that the combination of several major forces will be able to contend with me? Those who don't want to die, retreat quickly. This is just a personal grievance. Anyone who intervenes in will be my mortal enemy of Qin Chen!" Qin Chen incarnates a long river of fate. Suddenly an expansion, its Zhongyiwanlongyin exudes, "Heaven and earth are one, the origin of all worlds, the destiny flows, the dark emperor will live forever!"

Amidst the billions of dragons, the emptiness was broken everywhere, some different dimensions in the monster world, many growing monsters, all kinds of deadly energy, don't throw your money into Qin Chen's destiny. There are countless monsters in this monster world. Even if they are many arrogances, they have been killed for so many days, but they are not reduced at all. But now, with Qin Chen himself as the center, the monsters in many fields, many monsters in many monster kingdoms

, Can't help being sucked by him, adding strength to him.

This method is simply appalling.

In those cracked voids, countless demons were gathered together, in groups, and fell into the long river. The force of destiny that was surging was twisted, and it was immediately broken, transformed into the pure power in it, and opened its teeth and claws. Qin Chen's destiny was rolling, the monsters were raging, and the dragon's aura was soaring, the terrifying origin magical powers descended, and he had the aura of the ancients in his body, and there was also the unique power of the dark emperor of the Eastern Emperor, Zhuge Xu's fate Qi, repeatedly

Attacking the Flame Flying Boat, smashing this huge flying boat, it was really going to break through the Flame Flying Boat and kill all the Tianjiao of the Yaozu and Yao Mie Mansion.

If it weren't for the suppression of World Mountain and Flame Flying Boat, just a half-step holy master treasure would have been destroyed. "It's too cruel. It's the first time I saw such a cruel person." The masters of all major races are already in full economy at this moment. They all watched the battle, and saw that Qin Chen used one person to fight against the demon clan and Yaodie Mansion. All the masters of other forces,

One by one, his scalp was numb, and his cold hair stood up.

One person fights so many masters, Tianjiao, is this still a human?

"This, I am afraid it is at least half a step of the power of the Holy Master, right?"

There are some race masters who lost their voice. "Boss, this Qin Chen has been inherited by Venerable Skyfire, and there must be many treasures on his body. This person not only took away Venerable Skyfire's Skyfire, but also took away Venerable Skyfire's palace, and there must be a return in that palace. There are many treasures, now all

Qin Chen is cheaper? Shall we secretly start to **** the treasures from him? "

Star giants, a group of masters gathered.

The most powerful star giant has returned to the crowd, his eyes are shining constantly, and he doesn't know what he is calculating.

On the side of the Golden Wings, many experts of the Golden Wings also gathered together. Around them, there were many races and experts gathered.

Many races didn't get any benefits, and it was fake that they didn't have resentment in their hearts, but they didn't dare to fight Qin Chen. They all looked at several powerful races such as the Star Giants and the Golden Wings, such as the Star Giants and the Eight-Winged Gold Wing Masters. They are all top arrogant who have mastered the way of the Holy Lord, plus they have obtained the Holy Lord. Demon fire, the breath on the body at this moment

Climbing all the time, there is a tendency to advance to the half-step holy master.

Now they are the core here, and only they are qualified to intervene in the battle between Qin Chen and Yao Wuming.

Everyone is looking over! "Taking the palace back? You want to die?" The star giant heard a giant master talking like this, he couldn't help but snorted, and snorted with an urn: "Look, this person is fighting hard with the two races of Human Race and Monster Race. , Shengyuan is simply

Lawlessness, I am afraid that he is close to the Holy Master half a step, and I guess that he has not fully refined the calamity and underworld fire of Venerable Skyfire. If once refined, the fighting power that erupts will definitely increase to close to the Holy Master, do you want to die? "

"However, no matter how this person is, he is only the overlord. Now is the best chance to kill him."

"Yes, and our Star Giant Race also has many master masters. Killing him is not afraid that the Human Race will retaliate." "Kill him? Do you think this person is really so easy to kill? This person has not been inherited by Venerable Skyfire. Before, he had already killed Donghuang Jueyi of the Human Race West Heaven Realm and Zhuge Xu of the Southern Heaven Realm. How could such a lawless person be simple?

Besides, Venerable Skyfire chose this person. Are you sure that this person does not have the assassins left by Venerable Skyfire? Such a character, once immortal, will definitely become the most defying character in the human race in the future. "The leader of the starry sky giant runs the wisdom: "I have already got a holy master demon fire, there is no need to **** the disaster and evil fire, because even if we **** it, we may not be able to keep it, but make friends with this person, far away. Far more than this enemy

Good. "

"Then what should I do? Do you want to work with this person against Yaozu and Yao Wuming?"

"It's not necessary. Although I don't like the masters of the human race and the monster race, they are very scheming, but after all, they have a strong background and there is no need to offend. Let's go." The star giants finished their words and flew away. He started and left here.

[Chapter 3086: Every good thing](#)

As soon as the leader of the star giant left, many people were immediately astonished. Such a treasure, unexpectedly gave up? This starry sky giant is so cautious in doing things, it is no wonder that it can stand in this heaven for countless years without perishing.

"Let's go, too. There is only half a day left before the trial ground is closed. There should be some ancient sacred veins elsewhere. There is no need to waste time here, go!"

Huh!

As soon as the starry sky giant left, the eight-winged golden wing master's eyes flashed, and he turned and left, and the master of the wing race instantly rose into the sky.

Immediately, some top players left one after another. They also weighed the gains and losses, knowing that staying was just a waste of time.

Who is not a smart person who can survive till now? They would weigh the pros and cons, analyze the pros and cons, and in a short time, they left seven or eighty-eight, and there were few people left on the scene. "Hey, these guys are gone, just to give us a chance, Lingyuan, how about you and I act together to kill that Qin Chen, so as to seize the treasures from him?" Tu Moyu and Lingyuan of the Dead Demon Race did not leave with the masters of their respective races

, Said gloomily, looking at Qin Chen covetously.

"Tu Moyu, do you think that the demon did not know that your dead demon clan had colluded with the human forces? If I am not mistaken, Yao Wuming of the Yaomie Mansion should have cooperated with your dead demon clan?" Ling Yuan Leng Cold road.

"Hahaha, it seems that I can't hide anything from you. That's right, Yao Wuming is a demon, but you can rest assured, as long as you kill that Qin Chen, you will definitely have a piece of it." Tu Moyu gloomy Compassionate way.

When the voice falls, he will stand up!

"Stop all, without the devil's order, none of you will move."

At this moment, a cold voice came, hum, a terrifying magic light descended, and it was Mo Qin who came to the demons.

"I have seen...sir!"

The corners of the eyes of Tu Moyu and Ling Yuan twitched, and they hurriedly saluted, and then said anxiously: "Master Demon, then Qin Chen has the inheritance of Venerable Skyfire, and now it is just a good opportunity to kill him and seize the treasure from him, Master Demon, you ..."

"This demon's order, don't you just listen to it?" Qin Mo's body surged with the power of the deep demon, hum, the coffin of the ten thousand spirits appeared above his head, exuding a vast aura, a horror Was suppressed by the deterrent force, Tu Moyu and Lingyuan only felt that their bodies sank, and their souls were

Feeling shocked, he couldn't help but was shocked, and he hurriedly lowered his head.

"Subordinates dare not."

The two said in fear. The aura on Qin Mo's body is too terrifying. He who originally possessed the power of Abyssal Demon is far superior to Tu Moyu and Lingyuan in coercion. Now he has the inheritance of Wanling Demon Venerable, allowing Tu Moyu and Ling Yuan has the feeling of facing the demon saint master, his heart

Jump wildly.

"Hmph, just don't dare, this devil doesn't want anyone to disobey me and just watch the changes."

Qin Mo said lightly, watching his nose and his heart, standing in the void, quietly watching the battle in the distance.

"Huh? Why isn't Tu Moyu still doing it? Where is he watching the show?"

Yao Wuming joined forces with the monster clan masters to fend off Qin Chen frantically. They only felt strenuous again and again. When they saw Tu Moyu, they didn't do anything. Instead, they stood there calmly and suddenly changed their colors.

What does the other party mean, is it to reap the benefits of the fisherman?

"Hmph, I know that there is not a good thing in this demons."

Yao Wuming's eyes sank.

At this time, Qin Chen had already seen more and more people leave, only a few people were left, and his eyes finally cooled down.

"It's almost done, the rest of the people who stayed, they are all ill-intentioned, looking for death by themselves."

Qin Chen smiled coldly, buzzing, a terrifying spatial fluctuation filled the space, covering the void in a moment, and in a moment, the void of thousands of miles became Qin Chen's territory.

"What fire feather boat, World Mountain, give Ben Shao annihilate." Qin Chen yelled, and finally burst out his own terrifying power. Boom, in his body, a vast flame power swept away, instantly It immediately wrapped the Yao Wuming and other masters in front, and the raging sky fire started to burn, unexpectedly

Refining each other.

At the same time, the Book of Origin in Qin Chen's body surged, and the Origin God Fist had already blasted out.

boom! Above Qin Chen's fist face, dark flames surged, and the power of disaster permeated. This is disaster and underworld fire. Although he has not fully grasped it, after receiving the inheritance of Venerable Skyfire, Qin Chen is already able to Urge a trace, at this moment

After it was displayed, the whole demon world had the illusion of being in disaster.

☩! The earth was roaring, and there seemed to be a thunderbolt between the sky and the earth. The boat of fire feathers and the world mountain trembled, and the black light tens of thousands of times, you heard the click sound, two and a half steps above the Holy Master Supreme Treasure, suddenly appeared Countless cracks, one

The prohibition exploded wildly.

"what!"

The screams of screams sounded, and many human and monster masters in the Fire Feather Boat and the World Mountains screamed one after another. Under Qin Chen's blow, many people were directly exploded and turned into Blood mist.

puff!

Yao Wuming, the Little Demon King, and the Golden Crow Prince shook furiously, their faces turned pale, and they vomited a mouthful of blood.

"Just because you guys work together, you think you can stop Ben Shao?"

The terrifying aura on Qin Chen's body came under pressure, and the Fire Feather Boat and World Mountain kept shaking, and there was an illusion that it would collapse at any time.

Half a step, the holy lord Zhibao could not resist Qin Chen's oppression.

Several people looked at Qin Chen's gaze, they were almost looking at a devil.

Too strong, is this still a human?

"You guys, die for Ben Shao!"

Qin Chen reached out his big hand, and a pitch-black palm appeared in the sky and the earth, the terrifying space rules were restrained, and the Prince Jin Crow madly urged the boat of the fire feathers, but he couldn't move.

It's hell.

"not good!"

Yao Wuming felt that his heart was beating wildly, and a strong sense of crisis permeated his heart. He couldn't hide it anymore, and roared grimly: "Qin Chen, do you think you are determined to win? It is you who forced me to win. of!"

boom!

After the words fell, Yao Wuming's body unexpectedly rose up with thick black energy, and the whole person's momentum changed, becoming extremely cold and evil.

A strange force rose from his body. Moreover, Yao Wuming's power increased crazily at this moment. Before that, he intercepted a section of the Holy Master's Saint Veins, and was instantly absorbed by him. A breath of the Holy Master began to diffuse from Yao Wuming's body. Using the power of darkness

He and the Saint Master's Saint Vein directly entered the realm of a half-step Saint Master.

A vast way of heaven, permeated from him, but it was completely different from the holy lord of the human race. It was very cold and could not be tolerated by heaven and earth.

"The power of darkness!" The Little Demon King, the Golden Crow Prince, and everyone present, their expressions all changed, and they were extremely frightened.

[Chapter 3087: Too strong](#)

The power of darkness is the most evil power in the heavens. Once the power of darkness is discovered, it will inevitably be conquered by all races.

Now Yao Wuming directly displayed the power of darkness, which immediately drew everyone's shock.

"Yao Wuming, you have the power of darkness in your cultivation. This is a taboo in the heavens. Have you already taken refuge in the demons?"

"Do you practice such a taboo technique?"

"No, the power of darkness in your body is very strong. This not only cultivates the dark taboo technique, but also directly absorbs the power of darkness, Yao Wuming, you have to give us an explanation."

The Little Demon King and the Golden Crow Prince said angrily.

"Hahaha, explain, what do you want to explain? All of you are going to die today."

boom! Yao Wuming's voice fell, and a palm directly pierced into the body of a demon clan. The demon clan roared wildly, struggling in pain, and was enveloped by black devil energy, which turned into a dark devil energy in an instant. Turned into countless

The blood and life were then absorbed by Yao Wuming. The aura on Yao Wuming's body continued to rise, like the same demon god, booming, and a wave of magic light permeated out, and the power of darkness swept the surrounding masters of the monster race. In a short time, these masters screamed all over, the vitality of the body.

Dissipated quickly and was swallowed by Yao Wuming a little bit.

Even Yao Wuming didn't let the masters of the Yao Annihilation Mansion let go. Some masters got close and were also contaminated by his dark power, and his whole body instantly burned with black flames, screaming into ashes.

"Yao Wuming, you are looking for death!" Prince Jin Wu was angry, and could not care about anything else. He urged the boat of fire feathers, and the boat of fire feathers burst into flames. He wanted to be separated from Yao Wuming World Mountain, and Prince Golden Crow was all over. It is madness to bloom the sun's spirit, towards Yaowuming

Swept over.

"Huh, Prince Golden Crow, you look too high on yourself."

Yao Wuming snorted, and a black magic light was suddenly released from his body, and it collided with the sun's essence fire suddenly, and the snoring sound suddenly sounded. Under the power of this darkness, the sun's essence fire continued to corrode and quickly Was extinguished.

And the power of darkness spread quickly, and it was about to haunt Prince Golden Crow's body in an instant.

"what?"

Prince Golden Crow's face changed drastically. This dark power was too terrifying. Under the sweep of this dark power, his solar spirit was so suppressed that there was almost no room for resistance.

The power of darkness is something that even the heavens and the ways of heaven have to fear, can it be resisted by the mere fire of the sun?

Rumble!

In the sky of the demon world, a series of terrifying rays of light surged. This is the light of heaven that felt the power of the demon world, which aroused anger. However, Yao Wuming's dark aura is too weak, and this is the monster world, the ancient and broken place, such as the power of the heavens in today's world cannot penetrate too much, so there is no natural punishment for Yao Wuming, of course if Yao Wuming uses

If the power of darkness breaks through to the power of the Holy Master, then it will definitely be punished by Heaven, and it will not be recognized by Heaven.

Heaven is furious, and the whole monster world is surging. "This Yao Wuming is really bold. He has displayed the power of darkness here. This demon has told him how many times. Once the power of darkness is displayed, it will be indignant between man and god. It seems that this time he did it. Ok to be in

All the monsters and humans are planning to kill. "

Tu Moyu sneered where the demon clan was.

Ling Yuan was not surprised either. He had already calculated Yao Wuming's identity a long time ago, but the masters of the Demon Race under the two were a little shocked. Obviously, they did not know the agreement between the Dead Demon Race and Yao Mie Mansion.

This is natural. Naturally, no one can grasp such secrets. But what puzzled Tu Moyu was that Qin Mo didn't have any surprises on his face. Did Master Qin Mo have already guessed it? Thinking of the identity of the Qin Moyuan Demon Race, Tu Moyu is a little surprised. After all, the Yuan Demon Race is in charge of the major species of the Demon Race.

Clan, maybe the cooperation between the Demon Clan and Yaomie Mansion was led by the Abyssal Demon Clan, so it wouldn't be a surprise. "Hahaha!" I saw Yao Wuming laughed wildly, his breath constantly surging, and that terrifying dark power had already wrapped the Little Demon King and the Golden Crow Prince and many other demon masters, and a famous demon screamed With the fall, the Golden Crow Prince and Xiao

The demon king's face also had a look of horror, his face pale, and a little bit of erosion by the power of darkness, the demon power on his body began to weaken.

"Qin Chen, wait, wait until I have swallowed them, and then come to deal with you, quack." Yao Wuming stared at Qin Chen, his eyes lingering with resentment, with unprecedented vigor.

"Kid Qin Chen, what are you doing in a daze?"

Seeing Qin Chen looking at Yao Wuming with a sneer, the **** cat on the side couldn't help it, and said.

"What's the urgency? Let Yao Wuming deal with the monster clan first." Qin Chen said lightly.

Before the Little Demon King and the Golden Crow Prince had attacked him several times before, Qin Chen would naturally not be kind enough to save people. "Kid Qin Chen, although the Golden Crow Prince and the Little Demon King are a little greedy, they are also monsters. They stand on the same front with the humans, and the crime is not dead." The **** cat shook his head and said, "Just give them a lesson. , Really let Yao Wuming kill them,

This is not necessary. "

"Huh? When did your **** cat become so kind?"

Qin Chen looked over in surprise, showing a suspicious look: "It's not right." He looked at the **** cat, "Big black cat, you should also be a demon clan? Could it be that the Golden Crow Prince and the Little Demon King are your bastards? No, the Golden Crow Prince is the three-eyed Golden Crow, the prince of the imperial mausoleum, and the Little Demon King is the demon child of the Ten Thousand Demon Mountain Range.

, You are a cat, the breed is wrong? "

"Oh shit!"

The **** cat was so angry that his eyes were red.

"What? Really? Is it a different animal love? Big black cat, it's not that I said you, your taste is a bit heavy!" Qin Chen shook his head.

"Kid Qin Chen, I will ask you if you can do it? If you don't do it, I will do it, Lord Cat!" The **** cat was so angry that it smoked.

Qin Chen laughed: "Okay, I'm joking with you, I'll take action now."

Qin Chen had long felt that the **** cat had an unusual attitude towards the people of the demon race, and now he was even more sure of his guess. He was thoughtful, could it be that the **** cat was once a master of the demon race?

In his mind, Qin Chen didn't bother to guess, and directly killed Chao Yao Wuming.

Is the power of darkness awesome?

boom! Qin Chen sacrificed the green demon sword, slashed it, and slashed towards Yao Wuming. A vast sword aura pierced through the sky and suddenly appeared in front of Yao Wuming.

[Chapter 3088: Source of restraint](#)

"Qin Chen, you still dare to do something to this seat, who inspired the power of darkness, how can you rival me?"

Yao Wuming didn't expect that he hadn't done anything to Qin Chen yet, and that Qin Chen actually took the initiative to do it, and couldn't help but become angry.

He is now a half-step holy master master. Although he has displayed the power of darkness and is suppressed by the heavens, many of the original laws cannot be used, but the power of darkness itself can restrain all sacred elements without fear of any attack.

"Since you are eager to find death, then this seat will fulfill you."

Yao Wuming blasted out with a palm, and suddenly a black terrifying force swept out like a vast ocean, turning into a dark fist shadow, and hitting Qin Chen directly.

Bang!

Swords and fists fought, bursting out an earth-shattering explosion, and a shock wave also blasted out, rumbling, and the entire monster world seemed to have caused a major earthquake.

The smile on Yao Wuming's face suddenly disappeared, revealing an unbelievable expression, because even if he burst out the power of darkness, he still lost to Qin Chen?

How could this be? The power of darkness is a very perverted taboo power in the heavens. Now, under the blessing of the power of darkness, he is no longer just the pinnacle overlord who has mastered a trace of the way of the holy lord, but has truly stepped into half a step. The state of the Holy Lord, logically speaking,

Under the power of darkness, no matter how strong Qin Chen was, he would have to be suppressed. Didn't you see that the two sages of Skyfire and Wanling Mozun were almost beheaded by the master of the dark forces?

It stands to reason that the power of darkness should be ten times and a hundred times higher than the power of the heavens, and his cultivation base is even higher than Qin Chen. It should be said that Qin Chen should be seriously injured with a single punch. Why should he be evenly matched with Qin Chen?

It's totally unreasonable!

Not only him, but Tu Moyu and other demon masters in the distance were also dull and unbelievable.

Qin Chen actually blocked the erosion of the power of darkness.

"How is it possible, this kid? Although the power of the dazzling and obscure darkness is only a trace, but at this level, it should be swept, why can't it cause damage to that Qin Chen?" Tu Moyu said in disbelief.

"Come again!"

Yao Wuming roared and shot again.

Boom!

This time, the dark power he urged was even more terrifying, and the devilish energy rose up into the sky, almost like a tsunami, mobilizing all the dark power in his body, sweeping it crazily.

"It's useless, what dark power, in front of the young master, it is like a chicken."

Qin Chen sneered, stood up and shot frantically.

Boom boom boom! Countless sword auras rushed, blocking the power of darkness in the air, and Qin Chen felt a terrifying and strange power continuously pouring into his body. This power was more severe than before in the forbidden land. When Xiu Chengze attacked, strong

It is more than a thousand times, ten thousand times.

But it was useless. As soon as this force entered his body, a ray of thunder rushed from the depths of his body, wiping out this dark force, and could not bring him any harm.

It's his own blood! Qin Chen suddenly, when he was in the forbidden land, Xiu Chengze's dark power was wiped out by his own body, as if he was innately restraining this power, but Qin Chen at that time did not know what it was. Reason because

Xiu Chengze's dark taboo technique was too weak, and he couldn't even make his body react.

But this time, Qin Chen felt that it was the thunderous blood in his body. At the moment that the power of darkness entered, he would confront and wipe it out.

"My thunder bloodline can actually suppress the power of darkness? This is a power that the heavens and the ways of heaven can't control, why?"

Qin Chen was shocked, even if he wanted to break his head, he couldn't think of the reason.

According to the truth, any power in this celestial realm will be suppressed by the power of darkness. The previous fights between the Venerable Skyfire and the conditions of the Golden Crow Prince and the others have proved all this, but he is like an abnormal number.

do not care.

"Kill!" Qin Chen yelled sharply. He looked at it very much. Since he didn't understand, he didn't think about it. In his body, the catastrophic fire was immediately triggered, and the terrifying disaster power quickly merged into the green. Among the demon sword, suddenly, the eternal disaster above the demon sword

The breath was permeated, layers of sword aura, all of a sudden, Yao Wuming broke through.

Boom!

At this moment, Qin Chen was like a sword master, controlling everything.

Yao Wuming is very strong, with the help of the power of darkness, Qiang has even stepped into the realm of a half-step holy master.

Unfortunately, what he encountered was Qin Chen, a demon who was born to restrain the power of darkness. This left him only to be suppressed, puff puff puff, sword light fell, Yao Wuming shot out blood

all over his body, the power of darkness on his body was pierced through, and countless blood spattered, but under the corrosion of the power of darkness, Turned into a dark breath,

Melted into the body.

boom!

Yao Wuming was stunned and flew out. The World Mountain and the Boat of Fire Feathers separated suddenly. The Golden Crow Prince and the Little Demon King seized the opportunity to rise to the sky in horror and want to leave here.

Whether it was Qin Chen or Yao Wuming, they didn't bother to control, they just wanted to leave this place of trial and return to the clan.

However, the world is confined by a terrifying spatial force, making it impossible for them to escape.

"Yao Wuming, what other means do you have, just use it!"

Qin Chen sneered and approached step by step.

"impossible!"

Yao Wuming roared in anger and anger. He couldn't believe that after he released the power of darkness, he was not yet Qin Chen's opponent. Om, even more terrifying power lingered in him, and a breath of life was aroused. Burn his life.

In addition, the power of darkness in Yao Wuming swept across, immediately enveloping the few remaining arrogances of Yao Mie Mansion, and he was about to swallow them and transform them into his own power.

In order to kill Qin Chen, he was already crazy.

But at the critical moment, Qin Chen used the magical powers of time, slashed with a sword, and snorted. The power of darkness displayed by Yao Wuming was instantly cut off. The peak overlords of Yaowu Mansion all looked at Yao Wuming with horror. Aftermath.

They didn't expect that it was Yao Wuming who wanted to kill them in the end, but it was Qin Chen who saved them.

"Damn, you can't kill me, you can't kill me." Yao Wuming roared, the power of darkness in his body lingered frantically. Although Qin Chen kept flying and scarred, he was invincible for a while.

"This power is really weird..."

Qin Chen frowned, Yao Wuming now is the same as Xiu Chengze at the beginning, this dark power can continue to reach their bodies, it is almost difficult to kill them.

Moreover, the book of origin in Qin Chen's body encountered an unabsorbable force for the first time, unable to absorb the dark force, formed a dark civilization in his body, and found a targeted method. However, since the power of thunder in one's body can restrain the opponent, then...

[Chapter 3089: All enslaved](#)

boom!

Qin Chen suddenly aroused the power of thunder in his body, and in an instant, a terrifying thunder light poured out, covering Yao Wuming's whole body.

"what!"

He saw that the dark power of Yao Wuming's whole body was eroded crazily under the pressure of thunder light, blood spewed out from all parts of his body, and the whole person became like a devil.

He was wrapped in Qin Chen's thunder light, and the aura on his body weakened a little bit.

"Ah, Master Tu Moyu, save me!"

Yao Wuming finally couldn't hold on, screaming in horror.

"Master Demon!" Tu Moyu hurriedly looked at Qin Mo, banging, his body filled with aura, apparently trying to rescue Yao Wuming. Yao Wuming was part of their plan, so naturally he couldn't let Qin Chen be killed here, even if Lord Demon is angry, he will

Can't control it.

"Oh, do you dare to disobey the devil?"

Qin Mo's eyes suddenly became gloomy, "Stop it for me."

The power of the Abyssal Demon lingered on Qin Mo's body, and suddenly suppressed Tu Moyu.

"Master Demon, this person is a chess piece set by my dead demon clan in the human clan, let him die like this, I'm afraid..."

"I'm afraid of what?"

Qin Mo said coldly, his eyes exploded with cold light: "Watch the changes, otherwise, this demon will condemn you for rebelling against my abyss demon clan."

"Ah, damn!"

Tu Moyu hated him, but he did not dare to disobey Qin Mo. He could only watch Yao Wuming be restrained by Qin Chen a little bit, and the power of darkness on his body was also slightly suppressed.

How come, why can that kid suppress the power of darkness?

Tu Moyu and their hearts are almost crazy. Among the demons, they have never heard of masters who can suppress the power of darkness.

In the end, Yao Wuming's power of darkness was suppressed to a limit, and the power of darkness on his body suddenly became restrained, and the whole person returned to the appearance of a human race, but he was covered in blood, embarrassed, and his breath dropped a lot.

"Do not!"

Yao Wuming roared bitterly, and he who had lost the power of darkness was simply a lamb that Qin Chen slaughtered.

"Qin Chen, if you win, kill me if there is a species!"

Yao Wuming was filled with despair, and he knew that everything was over.

"Kill you?" Qin Chen sneered. "Hahaha, do you still want to use me to target Yaomie Mansion? It's useless, Yaomie Mansion will not recognize the power of darkness in me, and will only recognize that I am in collusion with the demons, based on the majesty and strength of Lord Palace Master, No one in the heaven dared to question the mansion easily

Lord, no one will believe you. "

Yao Wuming laughed madly.

"Hmph, I didn't say that I used you to slander Yaomie Mansion, Heaven Soul Forbidden Technique!"

A soul shock suddenly filled Qin Chen's pupils, and he wanted to plant a soul mark in Yao Wuming's mind, enslaving Yao Wuming.

Tu Moyu and Lingyuan are both top masters of the Demon Race, naturally seeing Qin Chen's plan, they couldn't help but change their colors. If Qin Chen really enslaved Yao Wuming, wouldn't it be the cooperation between his Death Demon Race and Yao Mie Mansion? Trouble?

"Master Demon!" Tu Moyu hurriedly turned around and said in anger.

"Don't worry, just watch the changes." Qin Mo said lightly.

The expressions of Tu Moyu and Ling Yuan changed, and they finally realized something was wrong. It was this time. Qin Mo kept watching the changes and let Qin Chen enslaved Yao Wuming. What kind of force field was he?

"Mako-sama, sorry."

Tu Moyu gritted his teeth and drank coldly, no longer ignoring Qin Mo's opinion. Boom, the power of darkness filled his body, and the horrible cold demon energy swept across him and rushed towards Qin Chen.

"Hahaha, do it, it's time to close the net."

Feeling all this, Qin Chen turned his head slightly and said with a smile.

what?

Tu Moyu and Ling Yuan were startled.

Roar! Then they saw that Qin Mo suddenly roared, shaking the heavens and the earth, and the space on all sides was shattered like a mirror. A devastating wave of demonic energy enveloped all the masters of the demons, a chaos-like nest. Phantom, from

Qin Mo's body bloomed out, and Tu Moyu and the others were immediately imprisoned.

"Master Demon, what are you going to do?"

Both Tu Moyu and Ling Yuan were taken aback, their faces horrified.

"doing what?"

Qin Mo faintly smiled, and the Ten Thousand Spirits Demon Coffin floated above his head, with a terrifying aura permeating, and suddenly suppressed Tu Moyu and Ling Yuan and other masters of the Demon Race here.

Tu Moyu and Ling Yuan finally felt something was wrong, their expressions changed drastically, and roared, they were about to kill a terrifying murderous intent erupting in their bodies.

"Huh? Want to resist?"

Qin Chen sneered, "Kill!"

He spurred the green demon sword, with countless swords in succession, and slashed towards Tu Moyu and others. These sword lights were condensed by his lifelong skills, using the sword to protect the gods, the spirits to breathe, and the qi to condense.

Swish Swish!

The sword aura permeates the sky, the grace of God is like a sea, and the vastness is like a tide. The world is submerged by this sword intent.

what! The Tu Moyu and others who had just exploded the power of darkness encountered a sudden blow from Qin Chen before they had time to activate their magical powers, and countless sword auras continuously slashed on his body, bursting out all kinds of terrifying killing intent. There is a terrifying thunder

The power struck, making him feel like he was completely torn apart from the body to the soul, and fell into the boundless hell.

Boom!

In addition, Qin Mo also shot, and Wan Ling Mo Coffin was suddenly suppressed.

"Ah, Lord Demon, you are so cruel, why, you would join forces with that human race, why?"

Tu Moyu and the others uttered unwilling voices, trying their best to change and escape the terrifying sword aura and the suppression of the magic coffin.

But Qin Chen didn't give him this opportunity at all, and countless thunder sword aura attacked.

Boom!

Countless sword auras once again converged into a thick sword aura divine light, piercing out, directly tore through all the dark power of Tu Moyu and others, even Qin Chen felt that the origin in their bodies was about to collapse. "I'm dead, am I going to die like this? No! Impossible!" Tu Moyu and others turned into magic light, boiling again. At this moment, Qin Chen continued to take action, slicing all his magical powers and bodyguards. Yuanhe power, and then soars, turning into

The huge magic hand, with a bang, suppressed them.

"what!"

The group of them was firmly restrained by Qin Chen and could not move.

Heavenly Soul Forbidden Technique!

Qin Chen urged the Heavenly Soul Forbidden Technique to enslave so many top experts at once.

The terrible soul power is permeated, but what makes Qin Chen frown is that because of the darkness power in these people, it is extremely difficult for the heavenly soul forbidden technique to enslave each other.

"You want to enslave me and wait, hahaha, go dream."

Yao Wuming roared angrily.

"Really? Ten Thousand Realms Demon Tree, Heavenly Soul Forbidden Technique!" Qin Chen snorted, and there is no longer any hiding. In the jade disc of good fortune in the universe, the breath of the Ten Thousand Realms Demon Tree suddenly swept out, booming. Countless magic tree tentacles swept away, and Yao Wuming, Tu Moyu, Lingyuan, and the Yaomie Mansion present

The rest of Tianjiao and Mozu masters were all tied up. The Heavenly Soul Forbidden Technique, combined with the power of the Devil Tree of the Ten Thousand Realms, instantly planted a soul mark in their minds.

[Chapter 3090: Ancestors](#)

Between the heavens and the earth, the tentacles of the Ten Thousand Worlds Demon Tree bound Yao Wuming, Tu Moyu, Lingyuan and others in the void. The tentacles penetrated their bodies and left tens of thousands in their bodies. The breath of the magic tree.

The Ten Thousand Realms Demon Tree can nourish the soul, and Qin Chen's soul power diffuses along the tentacle of the Ten Thousand Realms Demon Tree, instantly leaving a mark on the minds of Tu Moyu and others.

In the void, infinite black tentacles penetrated many top arrogances. This scene stunned the Little Demon King, the Golden Crow Prince and others, shaking and horrified.

This is almost the same as Jiuyou Purgatory, the scene is too terrifying.

Yao Wuming and others, any of them are masters on the same level as them, and they are not under them in terms of strength, but now they are penetrated. If such a scene is seen by many holy masters in the heavens, they will also be stunned. Confidence.

Qin Chen also had a shock in his heart, because he discovered that the Ten Thousand World Demon Tree combined with the Heaven Soul Forbidden Technique had surprisingly good effects.

"How terrible is the power of the Demon Tree of the Ten Thousand Realms? It is indeed the most precious treasure of the Demon Race. Back then, the Demon Race of Yama even wanted to use the Demon Tree of the Ten Thousand Realms to challenge the position of the Abyss Demon Race. Now it seems that this is indeed possible."

Before, it was very difficult for Qin Chen to enslave Yao Wuming and others, but the combination of the Heavenly Soul Forbidden Technique and the Ten Thousand Realms Demon Tree could easily enslave everyone. This method was amazing. Moreover, Qin Chen felt that the Book of Origins in his body was surging slightly, and a strange dark power was permeated. In the Book of Origins, a whole chapter began to appear, but that chapter. Very vague,

But the power was the power of darkness that Qin Chen was extremely familiar with.

what happened? How could a civilization that was unable to condense the power of darkness before the Book of Origin suddenly formed an independent chapter?

Could it be because he enslaved Yao Wuming and them? After enslaving Yao Wuming, Tu Moyu and others, Qin Chen was able to easily control the life and death of the opponent, and naturally also more clearly felt the power of darkness in these demons. It was a power completely different from the power of the heavens. Very weird

It is different, but inside it contains unique rules and means, like another system. However, the book of origin is only a simulation of civilization with a trace of dark power. After all, the power of darkness in Tu Moyu and the others is not strong. Even the book of origin can only simulate a trace at present, allowing Qin Chen to only spy To its

A very subtle touch of mystery in the middle. "In this way, as long as I enslaved masters who mastered the power of darkness in the future, or understood enough power of darkness, it is possible to form a civilization of the power of darkness in the Book of Origins and exercise restraint in front of the power of darkness. Even since

The body simulates the power of darkness? "

Qin Chen thoughtfully. He put away the Devil Tree of the Ten Thousand Realms and returned the tentacles to Qin Chen's body. Then he saw Yao Wuming carrying the remaining Tianjiao of Yao Mie Mansion, and Tu Moyu and Ling Yuan carrying the masters of the dead and holy demons, respectfully Walked towards Qin Chen, kneeling and saluting: "See

Over the master! "

The Golden Crow Prince and the Little Demon King were already shocked, and their hair was standing up. Qin Chen actually enslaved these people in front of them, even the masters of the demon clan. It should be understood that that is the Demon Race. Although the souls between heaven and earth have something in common, the souls of Demon Race and Human Race are also very different. They have also heard of the power of cultivating soul secret methods in the heavens. Enslave others but

Never heard of human masters being able to enslave demons. On the contrary, it is not uncommon for the demons to seize the human race. Just like the holy demons where the Lingyuan is located, it is rumored that it can completely simulate the aura of the human race. Among some of the top masters of the holy demons, it may not be even the venerable. Can detect,

But now, this master of the Saint Demon Race was easily enslaved by Qin Chen.

Is this going against the sky?

The Golden Crow Prince and the Little Demon King were afraid, and backed cautiously, trying to escape from here.

However, as soon as they moved, Qin Chen's eyes stared over, causing the bodies of the two demons to tremble, almost crying. "Qin Chen, Brother Qin, not Master Qin Chen... The two of us have eyes but don't know the mountains. You have a lot of them. Forgive us. We promise that from now on, we will never go against you again. Moreover, we will never talk about things here

If we go out, we can swear, we can guarantee, even if the memory is erased. "

Where is the arrogance and arrogance of the Prince Golden Crow and the Little Demon King at first, and they were as scared as two quails, they almost knelt on their heads and begged for mercy.

"Big Black Cat, is this your illegitimate child? Tell me, how to solve it?"

Qin Chen looked at the **** cat.

He was also looking at the face of the **** cat, and temporarily did not kill the Golden Crow Prince and the Little Demon King, but it was impossible for Qin Chen to let the two demon here go, after all, the two demon saw a lot of things that should not be seen. There must be a solution.

"Huh, this emperor doesn't have these two waste offspring." The **** cat snorted coldly, too lazy to pay attention to Qin Chen, but squinted at Prince Golden Crow and Little Demon King. In his eyes, a strange power flashed. And pass.

The Golden Crow Prince and the Little Demon King only felt that they were being stared at by a wild beast. They trembled and broke into a cold sweat, but their eyes burst with excitement: "Senior, you...you belong to my monster clan? "

There was a unique bloodline power permeating the **** cat. This bloodline power made the Golden Crow Prince and the Little Demon King feel a little, and he felt a sense of facing the master of the race, and felt shock from the depths of his soul.

This is the suppression from the deepest part of their monster bloodline.

"Yaozu? Humph!" The **** cat sat in the void with Erlang's legs upright, and said lazily: "One of you is a descendant of Dijun? The other is a descendant of Taiyi? How did these two guys give birth to you two? Waste?"

"Dijun, Taiyi?"

Qin Chen looked at the **** cat, who were these two monsters he was talking about?

Qin Chen is not a member of the Demon Realm, and naturally does not know the situation in the Demon Realm.

The Golden Crow Prince and the Little Demon King shook their bodies wildly, and their eyes showed incredible expressions. They trembled and said, "Senior...you...do you know our ancestors?" The eyes of the **** cat showed memories of memories. The Golden Crow Prince and the Little Demon King were even more shocked. Dijun and Taiyi, the ancestors of their two clans, had long been detached. Although they had the blood of each other, they were actually incomparable.

Far away. Of course, no matter how far away they are, they are also the most direct descendants of Emperor Jun and Taiyi, and they are considered as prostitutes, and they have an extraordinary status among the demon clan, otherwise they would not be the crown prince of the imperial tomb and the little demon king of the Ten Thousand Demon Mountain Range.
