[Chapter 3091: Activate blood](#)

"It's too far away."

The **** cat sighed and shook his head for a long time, "Kid Qin Chen, you can figure it out, as long as you don't kill them, the offspring of old friends must show some face."

"Old friend? Are you old friends with the ancestors of the Demon Race?" Qin Chen looked at the **** cat suspiciously. This **** cat, which has always been unreliable, can have this status? At the beginning, in the secret realm of the heavenly devil, even Emperor Wu could run over it.

Of course, the mystery of the **** cat is obvious to all.

"Since the **** cat has spoken, I have to show some face." Qin Chen said lightly.

Hum!

He raised his hand, and suddenly an invisible dark soul light sank into the bodies of the Golden Crow Prince and the Little Demon King.

this is.....

The two demons felt an invisible power flash in their minds. There was a feeling of being controlled in the dark, but when they perceive it carefully, there is nothing.

In addition, Qin Chen shot out several demon fires in his hands and slid into the bodies of the two demons. One of the demon fires turned out to be the Holy Master Demon Fire, which was divided into two and merged into the bodies of the two demons. "Ben Shao has left a dark soul light in your mind. This soul light has no effect on you. It can even help you understand the way of heaven. But once you have the idea of betraying Ben Shao, this dark soul Light, will

Explode directly, let your souls fly away. "Furthermore, don't think about allowing the ancestors in your clan to sweep away this dark soul light for you. Although the dark soul light left by this young master cannot withstand the power of your demon clan veterans, it can still be used in your demon clan. Before the Venerable Clan took action,

Destroy your soul. "Qin Chen said lightly: "Also, this young master has left you with a few demon fire inheritances of Venerable Skyfire. With your talents, using the demon fire, given time, it may not be inconvenient for you to enter the Holy Master. Realm, in the future against the forces of darkness,

Can also contribute more. "

"Thank you, my lord, no, thank you, Shao Chen, who will be useful to our Monster Race in the future, just open your mouth, I will definitely go through fire and water, and I will do it!"

The Golden Crow Prince and the Little Demon King saluted again and again, gratitude, and dazzled their fate. They only felt that they were too lucky.

What's more, Qin Chen still left the power of dark soul light and magic fire in their bodies. They were both grateful and terrified.

"You can go now." Qin Chen is not afraid of the other party exposing himself, because this dark soul light was cast by the law of darkness in the book of origin, even if it is the prince of the Golden Crow and the little demon king, as long as Back to the Yaozu dare to expose, this dark soul light

They will be wiped out, and even the demon veteran cannot be saved.

For the rest of their lives, Prince Golden Crow and Little Demon King dared to disobey Qin Chen, hurriedly saluted, and left.

"Wait!"

At this moment, the **** cat suddenly said: "Since you are the Emperor Jun and the first generation descendants, the emperor will give you some gifts."

As the words fell, two weird powers suddenly burst out of the **** cat's eyes, and they plunged into the bodies of the Golden Crow Prince and the Little Demon King.

"Boom!" At the next moment, the Golden Crow Prince and the Little Demon King were suspended in mid-air. With horror, he felt that the power of blood in his body seemed to be activated for an instant. From the depths of its soul

The power of flame swept out suddenly.

And the Little Demon King also burst out of terrifying prehistoric demon aura, the aura of the two great demon clan Tianjiao's body suddenly soared.

Boom!

Two terrifying powers diffused from the bodies of the two monsters, and the breath of the Golden Crow Prince and the Little Demon King suddenly stepped into the realm of the Holy Master.

"I..." The Golden Crow Prince and the Little Demon King were excited to feel the power in their bodies, and were shocked to find that the blood in their bodies had been activated, and the concentration had been astonishingly improved. The talents and magical powers of their race were also This moment seems to be

Like activation, reborn.

"Senior...you..."

The Golden Crow Prince and the Little Demon King looked at the **** cat in shock. This kind of means to enhance their demon clan's bloodlines in an instant is a magical skill. Even the venerables in their clan may not be able to do it, unless it is The ancestors shot.

The **** cat's blow was far more terrifying than Qin Chen directly giving them the Holy Master Demon Fire. Their bloodline of the Demon Race had been transformed, and the impact on them was unparalleled.

"Thank you, Senior Cat King!"

The Golden Crow Prince and the Little Demon King knelt down in excitement, kowtow again and again, grateful, this is definitely the magical power of the demon clan's power, and their luck exploded.

"Okay, get out of here."

The **** cat rolled his eyes and waved the cat's paw.

The Golden Crow Prince and the Little Demon King didn't dare to ask more, and immediately turned and left. This time, the space power that bound them had disappeared, and the two demon didn't dare to stay any longer, and hurriedly followed the attraction of the passage to return to the demon world.

"Little Demon King, that Qin Chen and the Demon Race guy are actually together, what do you think they are related to? And who is Senior Cat Sovereign? What happened in this trial place..."

The Golden Crow Prince and the Little Demon King looked at each other, and there were still palpitations in their hearts. What happened here completely subverted their three views.

"Don't tell me, Prince Golden Crow, you can't die, let me say, believe it or not, I will destroy you." The Little Demon King said angrily, his eyes brighter than ever: "The senior black cat is definitely the power of our Demon Race. Even the ancient power, otherwise it's impossible to know our ancestors, and with a few clicks, we can improve our blood, you are in the imperial tomb

Have you ever heard of this method? Do you dare to talk nonsense! "The Golden Crow Prince also trembled. If their monster race wants to improve their bloodlines, at least they have to enter various bloodline pools for baptism, or get the inheritance of the strong within the clan, but like this kind of means to improve their bloodlines, Don't say you have seen it before,

I haven't seen it before, at least the nobles in their clan can't do it at all.

"Hmph, Little Demon King, do you think only you know?"

Prince Jinwu said angrily: "I mean, now this matter is a secret between us, you have to pay attention, if you miss a word, I want you to look good."

puff! The two monsters looked at each other for a long time, but they suddenly laughed. In the past, the two of them were enemies-like. They competed with each other and wanted to become the only arrogant of the monster clan. Now that the two monsters have a common secret, they suddenly have a kind of A feeling of sympathy

.

"Hahaha, Little Demon King, come, next, let's Bibi, who will become the new Holy Lord of the Demon Race first." Prince Jinwu laughed.

"Come on, I'm afraid you won't make it?" The Little Demon King said with disdain.

"Haha!" The two big demon race Tianjiao laughed, and instantly entered the passage of the demon world, disappearing.

[Chapter 3092: The breath of an old friend](#)

After the Golden Crow prince and the others left, Qin Chen immediately shot, banging, and the distant holy master-level holy veins and many heavenly holy veins were captured and picked up by Qin Chen and collected into the Universe Jade Plate. He hadn't completely absorbed the Saint Lord's Saint Vein

that Qin Chen found in the main hall of the Palace of Zixiao Doulu before, and half of it had already entered the realm of the late Heavenly Saint Overlord. Now together with this Saint Lord Holy Vein, Qin Chen's universe suddenly

There is a half-and-half of the holy vein in the jade disc of good fortune.

Rumble!

In addition, there is also a small half of the saint master's holy veins of the Yama Sage Lord that originally nourished the magic tree of the ten thousand worlds in the jade disc of good fortune of the universe. In addition, the number of holy master's holy veins on Qin Chen's body is almost two.

This is definitely a big number against the sky, even some ordinary holy masters may not be able to produce two holy masters.

However, Qin Chen was not enough.

boom! He made a strong move, and he had a clear understanding of the ancient sacred veins in this monster world. In an instant, countless ancient sacred veins gathered and formed the sacred veins beside Qin Chen, and finally gathered in Qin Chen's universe. In the jade disc

.

It wasn't until the heaven trial channel was about to close that Qin Chen stopped taking action.

"Kid Qin Chen, it's time for us to leave."

The **** cat said at this time.

"Well, almost."

Qin Chen nodded, Qin Mo had already obtained the will of Wanling Demon Sovereign, and naturally knew that once the heaven trial ground was closed, then he would not be able to leave this demon world.

"You all, go back to your respective forces." Qin Chen said to the Yaomie Mansion, the dead demon clan and some of the holy demon clan's arrogant talents. These arrogant princes have been controlled by Qin Chen, so naturally they will not disobey Qin Chen. Authority, turned and left instantly.

After they returned to the Yaomie Mansion, the Dead Demon Race, and the Holy Demon Race, they would become Qin Chen's eyes and ears, doing things for Qin Chen and collecting information.

"As for you, come into my world."

Qin Chen raised his hand and brought the three half-step saint masters Yao Wuming, Tu Moyu and Lingyuan into the Universe Good Fortune Jade Disc. Of course, Qin Mo also entered the Universe Good Fortune Jade Disc.

"Kid Qin Chen, you..." The **** cat was puzzled.

"Keep them by your side, this young man has another purpose." Qin Chen didn't intend to let them go. Although they returned to their respective forces and could bring some help to Qin Chen, they were all

Tianjiao, the top tier of the major forces, will definitely be received by high-level officials after going back this time

, The most important thing is that Qin Chen kept them for other purposes.

After a while, Qin Chen returned to the place where Murong Bingyun was.

"Qin Chen, you finally came back."

When Murong Bingyun saw Qin Chen, he was a little bit angry, but he was relieved in his tone.

"Are you still alive?" Qin Chen said with a smile.

"You..." Murong Bingyun turned green with anger, dare Qin Chen let her wait for death here? "Haha, no kidding." Qin Chen raised his hand and included Murong Bingyun on the jade disc of Universe Good Fortune. Although this woman was hateful before, she had helped Qianxue and Ruyue after all, and after so much experience, Qin Chen did. For Murong Bingyun

The senses have changed a little, at least the other party hasn't played anything along the way.

Of course more importantly, Qin Chen also had other plans for Murong Bingyun.

After doing all this, Qin Chen once again swept towards the Demon Abyss in the Demon Realm. At a place near the Demon Abyss, Mokara and Skeleton Rudder are carefully absorbing the breath of this ancient holy vein. The devil energy on the two of them is becoming more and more vigorous, although only in this demon world A very short time, but the two

The talents are all good, coupled with the previous baptism in the forbidden land, and the nourishment of such a powerful ancient holy vein, at this moment the power of Mokara and Skeleton Rudder Master has also stepped into the pinnacle of Earth Saint. This speed is already extremely against the sky for the two of them, but compared to the terrifying monsters in this monster world, Mokara and Skeleton Rudder are cautious, and they dare not release any aura at all, for fear of provoke a monster directly Just swallowed

Both of them.

"You said, where did Senior Black Cat go? It's so scary here, will something happen to Senior Black Cat?"

Skeleton Rudder said with some worry. "Hey, I can't think that the heaven is such a terrifying place, and I don't know what Shao Chen is doing in the heaven, have you felt it, the outside atmosphere is too terrifying, and any trace of it can crush us." worry

Grumpy.

"Can I not feel it?" The Skeleton Rudder master shrank, "Senior Black Cat has always been unreliable, won't you hang on here? That's troublesome."

"Well, it is indeed unreliable."

Mokara nodded.

"You two, who is unreliable?"

Suddenly, an angry voice sounded, and the void flashed, and the **** cat appeared in front of the two of them.

"Senior Black Cat, are you back?"

Mokara and Skeleton Rudder were surprised in an instant, "Ahem, that, you just heard it wrong."

"Hehe, yeah, we didn't say anything."

Both Mokara and Skeleton Rudder said in embarrassment.

"Really? I heard it too. You are saying that the **** cat is not reliable."

A light laughter resounded in the cave, and that familiar sound made Mokara and the Skeleton Rudder Master instantly stunned.

"Dust, little dust..."

The two turned around excitedly, their voices trembling, and they saw a familiar figure floating in front of them. Who else could it be Qin Chen?

Really less dust!

Mokara and Skeleton Rudder rubbed their eyes desperately, their expressions seemed incredible, extremely shocked.

At this moment, the two felt happy enough to explode.

"You two are still the same!" Qin Chen smiled, seeing Mokara and Skeleton Rudder Master, his heart was full of warmth, only seeing the people around him, he would be so warm.

"Do you still dare to say that this emperor is not reliable?" The **** cat looked at Mokara and Skeleton Rudder proudly, and hummed.

"We know, Senior Black Cat, you are the most brilliant and heroic."

"Let's go, let's go back!" Time is urgent, Qin Chen didn't care about explaining too much with Mokara and the Skeleton Rudder Master, and directly put away the two and the ancient sacred veins around them, and ingested the Universe Jade Plate. , And then his body shook, and he came to the terrifying Demon Abyss

before.

"Is this the way to the Tianwu Continent?"

Qin Chen murmured.

He was going to return to Tianwu Continent through this Demon Abyss channel, rather than returning to Guanghan Mansion.

There are many ways to travel from the Tianwu Continent to the Heaven Realm, but it is too difficult to return to the Tianwu Continent from the Heaven Realm. It is such a rare possibility that Qin Chen naturally does not want to give up.

"Om!"

When Qin Chen was about to enter the Demon Abyss, Qin Chen suddenly turned his head and looked at the distant sky, which was the passage of the Demon Realm.

"Kid Qin Chen, what's wrong with you?" The **** cat was puzzled. "I seem to feel two familiar breaths, and I have entered the passage of the Demon Realm. It seems that they are two old friends!" Qin Chen murmured, then, he turned his head, his eyes exploded, and his figure shook. Then he entered the Demon Abyss passage ahead.

[Chapter 3093: Shameless](#)

boom!

Less than a moment after Qin Chen entered the passage of the Demon Abyss, the celestial trial ground and the passage of the celestial realm began to slowly close, and the terrifying and violent spatial fluctuations spread, and the sky of the entire demon realm rumbling and finally closed completely .

After Qin Chen and the **** cat entered the passage of the Demon Abyss, the **** cat's face suddenly went to one side. "Little Qin Chen, we will immediately enter the universe of good fortune jade disc. Now that the demon lord of all spirits is dead, the space passage in this demon abyss has also reached the end. With the closure of the heaven passage, this demon abyss is also very There may be empty

Broke down. "

The **** cat glanced at the back of the passage and said anxiously.

Qin Chen's expression also changed slightly, because at the moment he entered the passage of the Demon Abyss, he also felt a terrifying force of destruction, and a feeling of extreme danger haunted his mind.

Qin Chen subconsciously entered directly into the jade disc of good fortune in the universe.

"boom!"

Less than three breaths after Qin Chen entered the universe of jade disc world of good fortune, the terrible explosion sounded, the entire Demon Abyss channel began to collapse, and the place where Qin Chen stood before has become nothingness. Qin Chen's divine consciousness stretched out carefully, and found that the space outside the Universe Fortune Jade Plate was collapsed everywhere, and the space was dislocated. The space storm formed by this force was extremely violent. If he was outside now, he would definitely be seriously injured, even

His whole person is also very likely to be torn into pieces.

Don't talk about Qin Chen, even his divine consciousness was swallowed by the terrible explosion outside. Qin Chen was shocked in his heart and couldn't help changing his color. If it weren't for the **** cat reminding him, even if he felt the violent atmosphere of space, he would not have entered the universe fortune jade disc for the first time, and would perceive what happened. In this way, = Once

He hesitated, then maybe he would get hurt, so he could not enter the universe to make a jade disc. Even if he did, he would probably get hurt. Ordinary treasures can't stop this kind of terrible explosion.

Even the treasures of the Holy Master will be torn apart. Maybe Zixiaodou Ligong can resist it, but it's only possible. After all, Qin Chen can't fully urge Zixiaodou. Fortunately, Qin Chen has done something Kun good luck jade disc, anyone else, even if the master of the Holy Master is here, will fall.

The **** cat is also lingering. "Little Chen, are you okay?" Both Skeleton Rudder Master and Mokara asked nervously. Qin Chen did not hide their perception. They could naturally perceive the outside world, and they would be frightened. If they come to the monster Encountered this

Qin Guang, I'm afraid he was already gone.

"I'm fine." Qin Chen shook his head.

"Qin Chen, what is this place? Where are you taking me?" At this moment, a voice resounded, and then Mokara and Skeleton Rudder saw a woman flying over. Murong Bingyun.

And Murong Bingyun was shocked when he saw Mokara and Skeleton Rudder Master.

"Is it you?"

There was an incredible color on Murong Bingyun's face.

But when Mokara and Skeleton Rudder saw Murong Bingyun, they were even more shocked than the other party.

"Damn, little dust, you...you are hiding in the golden house in your own little world." Mokara opened his mouth wide, his chin was about to fall.

"I'm not mistaken, am I? This is Murong Bingyun from Misty Palace? Dust, you are a mother-daughter-take-all?" Skeleton Rudder also glared his eyes with a dazed expression, his eyes full of admiration. Mokara also gave a thumbs up, and said dumbfounded: "Less dust means less dust. When did you hide Murong Bingyun in the jade disc? Is it before entering the long river of years? Haven't heard of it? And the Lord? Aren't they angry?"

? "

"What's your anger?" Skeleton Rudder looked at Skeleton Rudder with disdain, "In front of the master, what can the mistress say? And maybe the master is too capable, and the mistress can't serve them. They all agree. ."

"good job!"

"I admire you!"

Both the Skeleton Rudder Master and Mokara both admired, with endless admiration in their hearts.

Qin Chen has a black line, these two guys are too unreliable, what are they all about?

"You two shut up for me!"

Murong Bingyun's face turned green when he heard it, and this was calling himself Qin Chen's forbidden.

"Who's Jinwu hiding? Just that shameless and indecent fellow Qin Chen, who is so despicable, I will look at him?"

Murong Bingyun said angrily.

"Huh? Not Jinwu Cangjiao? Then what is this?"

Skeleton Rudder and Mokara were dumbfounded, and suddenly realized: "I understand, this is Shao Chen teaching the enemy's daughter. Well, ordinary methods are not strong enough. Using this method of imprisonment and binding, she will be trampled to death. ."

"Hi, this is too cruel! But I like it."

"Hehehe."

Skeleton Rudder Master and Mokara said with a treacherous smile.

Trapped the enemy's daughter in her own small world, fiddle with whatever she wants, hehe, you can play with little dust, awesome.

"You guys are looking for death!"

Murong Bingyun was so angry that she exploded, bang, she was angry, and immediately shot, a palm came to suppress the Skeleton Rudder Master and Mokara, the fighting power at the peak of the late Heavenly Sage exploded suddenly, making the Skull Rudder owner and Mokara full of faces. The color of horror.

The aura on Murong Bingyun's body was too terrifying, he could kill them with a single palm.

However, as soon as Murong Bingyun's palm fell on top of their heads, he realized that he could not move.

Naturally, Qin Chen urged the law of the small world and prevented Murong Bingyun. Here, Qin Chen is the god.

I saw Murong Bingyun's body floating involuntarily, and then came to Qin Chen in an instant, his whole person could not move, watching him floating, the panic in his heart could be imagined.

"Qin Chen, you let me go, what is going on?"

She was shocked, and it was the first time she encountered this situation.

"In my little world, do you dare to do something to my people? Are you looking for death?"

Qin Chen said coldly.

"They provoke me first." Murong Bingyun is anxious, but she also knows that if he is against Qin Chen here, it is seeking death.

"Even if they provoke you, you can't do anything to them. Hmph, go to the side and practice slowly. When you get to the place, you will naturally know where we are going now."

When the voice fell, and Qin Chen thought, Murong Bingyun was instantly imprisoned in a space, unable to move.

"hateful."

Murong Bingyun's teeth itchy with anger, tears in his eyes, cursing in his heart: "This bastard."

"Hey, it's still less dusty, and the enemy's daughter can be cured." Mokara nodded.

"That is, and the previous Murong Bingyun said that Chen Shao was shamelessly indecent, what did you say Chen Shao did to Murong Bingyun?" Skeleton Rudder said in doubt.

"It needs to be said!" Mokara smiled slyly: "A woman said that a man is nasty, what can she do."

[Chapter 3094: Important meeting](#)

"Okay, you two will chirp again and teach you together."

Qin Chen's face turned green. These two guys described themselves as lewd demons. Are they so shameless?

The two of them shuddered severely by Qin Chen, and each one laughed.

"Little dust, we understand, rest assured, we will never reveal your secrets."

Mokara and Skeleton Rudder firmly assured.

Qin Chen had a black line on his face and was too lazy to pay attention to the two of them. He directly injected two magic fires into the two of them, imprisoning them in a space, and let them practice obediently.

After letting people leave, Qin Chen also began to enter the place where time passed and began to practice.

He also felt the urgency of time, the opening of the time accelerated, sitting in front of a holy main-level holy vein, and began to practice in retreat. He wants to improve his cultivation base, and now his cultivation base is extremely terrifying, he is a hegemonic figure, but in the heavens, it is not enough to see, although any hegemon, even a half-step saint, Qin Chen has nothing Not inferior, but in

In the heavens, the pinnacle overlord can only be regarded as the mainstay, and the real high-level people are all saints. Once they enter the place like Yao Mie Mansion, the overlord can only be regarded as ordinary. In the future, what Qin Chen will face is the top master in Yaomie Mansion. Even this time in the Celestial Trial, information about him will spread throughout the Celestial Realm. At that time, Qin Chen will face the attention of the entire Celestial Realm. , Even Guanghan Mansion and

Tianjiao will also face tremendous pressure.

Once the entire Celestial Realm pays attention to him, many of his own secrets may be exposed, and what Qin Chen is most worried about is naturally the crisis from Yao Mie Mansion. If this crisis is not resolved, Qin Chen will have trouble sleeping. However, the current Yao Annihilation Mansion is so powerful that it is so prestigious throughout the Eastern Heaven Realm. Qin Chen must do everything possible to improve his strength. Only in this way can he face the upcoming crisis safely.

Correct. Especially after Qin Chen discovered that he had stepped into the overlord realm of the late Heavenly Sage, and wanted to improve his strength, he had to absorb the holy veins of the Holy Master level. For example, for him today, the Saint High-Rank Ancient Sage Veins hardly have much to do. Worked, although

The strength that can also be improved, but in terms of speed, it is far behind the Holy Master's Saint Veins. However, although Qin Chen said that there are close to two Saint Master Saint Veins, to maintain the operation of the Universe Fortune Jade Plate, one Saint Master Saint Vein is necessary. This is undoubtedly. The main holy vein is nourished, and the rest

There is only one.

And half of Qin Chen's holy vein of this holy master also serves another purpose.

In this way, Qin Chen could only absorb half of the Holy Master's Saint Vein. However, Qin Chen did not hesitate, instead, he absorbed this holy vein of the Holy Master with all his strength, and consolidated his cultivation to the pinnacle overlord realm as soon as possible, so that he could try to advance to the half-step Holy Lord realm, or even enter To the realm of the Holy Lord

.

Qin Chen could feel the intense oppression. He knew that only when he stepped into the realm of the Holy Master, could he face the crisis of Yao Mie Mansion and no longer be afraid.

Murong Bingyun had long known that Qin Chen's cultivation momentum was amazing, but when Qin Chen really started to practice, everyone was shocked.

Rumble! I saw the wind surging in the entire universe of good fortune jade disc, and the sky was roaring, using the holy master's holy veins to cultivate, and the speed of absorption was so terrible. The holy yuan vortex that was rolled up all represented Qin Chen's terrible absorption. Speed, this

So much holy essence has been absorbed, isn't it amazing that the cultivation base has improved? Mokara and the others have a feeling that even if they absorb a bit of it by themselves, it is possible to enter the realm of the legendary Heavenly Sage, but after Chen Shao has absorbed so many sacred essences, the aura on his body has not improved much, but it seems that more

Introverted and deep. And Murong Bingyun was also shocked. She was already the peak martial artist of the late Heavenly Sage. If she could absorb such a terrifying Saint Master's Saint Vein, she would most likely understand that trace of the Saint Master's way and even quickly improve her cultivation. But Qin Chen is

In this case, it is only to consolidate one's own realm.

How terrible is Qin Chen's realm now?

This is the Saint Lord's Saint Vein that the Lords can improve their strength? In shock, Murong Bingyun and the others couldn't care too much. They naturally didn't want to give up on such a good opportunity. Qin Chen's cultivation and the aura of the Great Dao escaped was simply earth-shattering, and any trace of it could give them an amazing insight.

Under the influence of Qin Chen, one by one quickly raised their own cultivation bases.

"This kid Qin Chen... really perverted!" The **** cat shook his head, with the bronze bell in his mouth, hiding in a sneaky way not knowing what he was doing.

At this time Qin Chen was cultivating in the Universe Jade Plate, but the entire Demon Abyss channel was constantly being destroyed, while Qin Chen went deep into the end of the infinite void in the destroyed Demon Abyss channel and headed to the Tianwu Continent.

However, this time because of the destruction of the Demon Abyss channel, Qin Chen and the others were unable to directly descend on the Tianwu Continent. The Universe Jade Plate was floating in the void, and it was unknown how long it would take to arrive.

Tianwu continent.

Wuyu!

The place where the Misty Palace is located.

Today's Misty Palace has long been destroyed, but Misty Palace occupies the best part of the entire Martial Domain, is also the most flexible place of the teleportation array, and is still the core of the entire Tianwu Continent.

However, the Misty Palace nowadays is no longer a separate force, but has become a meeting place of the Chendi Pavilion, a meeting place facing the top forces of the entire Tianwu Continent.

Buzzing!

In the Misty Palace on this day, rays of light continued to fall, and every rays of light exuded an astonishing aura, all of them were Saint Realm masters.

These sacred masters are the ancestors of many forces in the Tianwu Continent, and upon receiving the order from Chendi Pavilion, they come to Miomi Palace to participate.

"What happened? Make Chendi Pavilion suddenly promoted to the meeting?" "I don't know, could it be because of the demon energy channel that appeared in the Tianwu Continent not long ago? I heard that it leads to the land of the demon clan in the heavens. Ascension passage, some holy realm masters did not obey the order of Chendi Pavilion, and directly broke into it, and the spot was ashamed.

Off. "

"Huh, those guys are looking for death by themselves, and they blame Chen Dige?"

Those who came here were all the ancestors and holy realm masters of the major forces of the Tianwu Continent. Over the past few years, the Tianwu Continent has been thriving under the leadership of Chendi Pavilion, and has also been supported by countless forces.

These ancestors can also be regarded as acquaintances, and they often learn together and communicate with each other.

"Look, Master Fu Qiankun is here."

"And Master Mo Yuanbai!"

"Master Negro is here too!"

As soon as everyone settled, they saw a group of high-ranking people from Chendi Pavilion descend, and they were immediately shocked.

Chendi Pavilion's top-notch high-levels had arrived. Everyone instantly understood that today's meeting is absolutely extraordinary.

[Chapter 3095: Mainland distress](#)

Hum!

When all the masters of Chendi Pavilion gathered, a vast universe of stars suddenly appeared above the entire Misty Palace, which shocked all the ancestors of the Holy Realm.

"Everyone!" The leading black slave has stood up. The black slave has followed Qin Chen for the longest time. He has followed Qin Chen from the land of the Five Kingdoms. He even has his own real name, the land of a hundred dynasties. One of the top family, but now he

Has abandoned his own destiny. Qin Chen once wanted the black slave to restore his real name and let him rebuild his own family, but the black slave refused. He said to Qin Chen like this: "Little dust, my family, since everyone died, only When I'm the only one left

After being completely annihilated, I am now just a servant black slave by your side. You avenged me. From now on, the black slave is willing to follow you and grow the Chendi Pavilion with your will. After death. "

The black slave's loyalty to Chendi Pavilion also shocked everyone else. Although Fu Qiankun and Mo Yuanbai were old friends of Qin Chen, the other was a disciple of Qin Chen, and their strength was also in the black slaves. on.

But the black slave was the one who followed Qin Chen to establish the Chendi Pavilion, and he was also the current Chendi Pavilion's chief steward, and even Qin Batian, Qin Ying, and other relatives of Qin Chen trusted him extremely. It's just that as soon as the black slave stood up, everyone else was puzzled, because today's meeting was actually hosted by the black slave. Although the other masters on the court are all there, there is still a pavilion master named Qin Mo in the Chendi Pavilion. Zeng presided over Misty

I didn't even see the palace and the dark place this time.

However, although everyone was puzzled, none of them raised objections. After the black slave stood up, there were also masters such as Lao Yuan, Fu Qiankun, Mo Yuanbai, and Da Bei Old Man sitting beside him. After the black slave glanced over all the masters around, he said in a low voice: "Today's meeting is important. No less than the holy

The invasion of the environment will not be lower than the invasion of the alien demons. "

Wow!

All the holy realm masters present were in an uproar. "Everyone should know that three years ago, a Saint Realm master invaded my Tianwu Continent, and was later killed by Chen Shao, the master Qin

Chen of our Chendi Pavilion. This saved our Tianwu Continent and at the same time Destroy the danger of the alien race

machine. "Since then, the Tianwu Continent has been thriving and prosperous. The restoration of the origins of the Tianwu Continent has made it possible for everyone to enter the Holy Realm. Today, there are many holy realm masters in our Tianwu Continent, I think you all Also know

How can it be divided into many levels after the holy realm, there are mortal holy, earth holy, heavenly holy, etc.! "And above our Tianwu Continent, there is still a heavenly realm. It is only because of some problems in the celestial realm that we cannot ascend and cannot sense the call of the celestial realm. But these years, everyone should be able to vaguely feel it.

The existence of heaven. "

The black slave said slowly.

With the constant restoration of the heavens and the improvement of the strength of the people in Tianwu Continent, in fact, everyone yearns for the heavens more and more, and there are already people who can vaguely sense the existence of the heavens.

But because the origin of the Tianwu Continent has not reached its peak, and the power of the heavens has not been released after the restoration, so no one has yet to ascend in the Tianwu Continent. "Our Tianwu Continent is one of the countless planes in the entire universe." The black slave said directly: "And the heavens are the top planes in our world. All major planes, continents, including Tianwu Continent, The other continents,

Once a strong sacred person appears, they will sense the call of the heavens and fly to the heavens. "But in the heavens, there is no peace. In fact, there are killings everywhere, even more cruel than our Tianwu Continent. The holy realm master who invaded our Tianwu Continent three years ago was a certain force from the heavens. they

He improved himself by plundering the origin of the lower realm, but fortunately he was prevented by the dust. "When they heard the black slaves, everyone nodded. The ordinary people in Tianwu Continent may not know this information, but they, the ancestors of the holy realm, also understand and clearly. Chendi Pavilion's management of Tianwu Continent is very enlightened, almost Rarely

What information to hide. "However, although less dust prevented the opponent, our Tianwu Continent is facing a more serious crisis. That is, although the holy realm masters who invaded our Tianwu Continent three years ago were prevented, they have also eliminated our Tianwu Continent.

The message was sent to their forces, the forces that were specifically targeting the Tianwu Continent's team, and they will arrive again soon. They were the leaders of Ling Luling and the others who invaded three years ago, and they were extremely top masters in the heavens. "

When the **** said this, everyone present was shocked.

The Holy Realm master who invaded three years ago had already spread the news, and there will soon be a master coming?

Everyone shook their hearts.

The terrifying scene three years ago, they still remember that the Tianwu Continent was almost destroyed, and now, how terrible will the master of the heaven continue to descend?

"When will they come?"

"Can't we resist it?"

"We have so many holy realm masters in Tianwu Continent, are you afraid of them as a team?"

Everyone talked a lot, first panicked, and then burst into battle.

The Tianwu Continent has experienced wars for tens of thousands of years, has been invaded by a demons countless times, has never surrendered, and has attracted countless people's fighting intentions in an instant. The black slaves listened to their discussion and angry fighting spirit, and couldn't help but solemnly said: "The exact time of their arrival is not clear, but it is definitely at this period of time. When they really arrive, it will be too late. Against him

Men, our Chendi Pavilion has been improving our strength. Now, Senior Yuan, President Fu and President Mo, have all entered the realm of Earth Sage and become Earth Sage masters. "

what?

Everyone was shocked, and then excited. Earth Sage, this is a top-level powerhouse that surpasses Fan Sage. Although there have been many sacred realm masters in the Tianwu Continent in the past three years, they are all masters who have been in the early and middle stages of the sage, and later masters are relatively rare. Holy, not to mention

Needless to say.

How not shocked their hearts.

Earth Saint, can you always resist the opponent's attack, right?

Lao Yuan and the others listened to the discussion below, with excited expressions, they couldn't help sighing, because they didn't know what Tianwu Continent would face in the future. The black slave also sighed, and said in a low voice: "Earth Sage is already a master who has surpassed the mortal sacred realm, but for this time visitors from the heavens, the Earth Sage is still far behind, compared to them, the Earth Sage is too small. As far as we know, this time the heavenly masters who came to the Tianwu Continent, the earth sage masters, there are no less than seven, and they are all outstanding among the earth sages, and the source seniors are just ordinary earth sages. This is nothing, the key This time the leader of the visitors from the heavens is named Dong Yuyin. If we guessed correctly, this person should be a master of heaven."

[Chapter 3096: Legendary continent](#)

God!

Everyone was shocked, and each one was shocked.

"how is this possible?"

"Master of Heaven? Unbelievable."

"Wouldn't it be that a finger can crush our existence?"

Everyone was shocked, each one was dumbfounded, and was speechless for a long time. Although everyone is just a mortal sage, it doesn't mean that you can't imagine the horror of the heavenly sage. In the holy realm, there is a small level gap, that is, a big gap. The heavenly sage treats these mortal sages as if the Emperor Wu is facing the King of Wu. Should be a martial artist

Zong hasn't even practiced martial arts for ordinary people, I'm afraid they can kill them with a breath.

The difference in strength is too big.

The entire Misty Palace was silent, deathly quiet. "As everyone knows, in ancient times, we invaded our Tianwu Continent countless times. At that time, there were many holy realm masters in our Tianwu Continent, and the Alien Demon Continent was a continent that was stronger than ours. Senior Yuan is From the land of different demons. "

The black slave continued to introduce.

"But the Foreign Demon Continent has been destroyed long ago. It was destroyed by visitors from the Heavenly Realm. Not only the Foreign Demon Continent, but also some planes that are stronger than the Foreign Demon Continent, have all been wiped out."

The black slave shook his head.

Everyone trembled.

"Excuse me, Senior Black Slave, what should we do?" A holy realm master trembled. "There is no way. We have made a lot of efforts in Chendi Pavilion over the years. A few days ago, you should have seen the passage of devil energy in the mainland. It is the land of the demon clan in the heavens. We in Chendi Pavilion tried to enter. Among them, the master of Qin Mo Pavilion

It was to find the hope of saving the mainland, and disappeared in the magic channel, but unfortunately there is no news so far. "

No audio?

Everyone was heart palpitated, they all knew that some holy realm masters did not obey the Chendi Pavilion's orders, and rushed into the devilish channel, but they were wiped out.

And now, the master Qin Mo Pavilion of Chendi Pavilion has also entered it, everyone is shocked, to understand and save the mainland, Chendi Pavilion actually paid so much. In fact, because Chendi Pavilion occupies almost all the resources of the entire Tianwu Continent, there are actually some people who have secretly criticized it, but now that they know the contribution that Chendi Pavilion has made silently over the years, many people are showing shame.

.

Compared to Chendi Pavilion, they are so ridiculous.

"Then what should we do now?"

Someone raised his head, his eyes firm.

After despair, the fighting spirit of the people has not weakened, but has become more vigorous.

This made the black slaves feel that Human Race is indeed a tough race, even in the face of desperation, they did not back down.

"Now, we can only rely on ourselves." The black slave said sternly: "This time I invite you to come over. It is necessary for you to unite with the major forces on the mainland to select the most outstanding Tianjiao and represent the future powerhouse to enter Sky Thunder City. , Because once a visitor from the heavens arrives, Sky Thunder City is likely to be

The last piece of safe place. "

"Of course, this is only possible, so this batch of Tianjiao will be divided into two batches, and the other batch will be hidden in the forbidden land of Tianwu Continent."

"I hope that our major forces will act immediately."

The black slave said coldly.

There is no other way. When the doomsday comes, only one can be saved.

Moreover, whether Tianlei City can withstand the invasion of Yaomie Mansion, the black slaves have no bottom.

At the end of the meeting, the major forces on the Tianwu Continent hardly stopped, and left one after another. For such an important matter, they must return to their respective forces and make arrangements as soon as possible.

Tianwu Continent was in the face of crises and emergency.

Outside the Tianwu Continent, in the vast void, a gray flying boat had already approached the Tianwu Continent.

"Sure enough, there are traces of void passages here. I didn't expect there to be a magical continent here."

In the flying boat control room.

A majestic master, sitting quietly on a chair, looked at the empty passage in the distance and the vast aura faintly transmitted behind the passage, and could not help showing a smile.

"Master Su Quan, I heard that on this continent, there is a source of time, and there are many mysterious treasures? Is a small continent really so powerful?"

Beside him, is a middle-aged man with short hair, his eyes are eagles, his body is full of blood, and he looks like a murderous master, his murderous intent is soaring like an ocean. "Ling Luling and the others, shouldn't dare to make jokes with Lord Palace Master about this kind of thing, otherwise I don't need to rush over in such a hurry, Lord Palace Lord even consumes a lot of the source of the Holy Lord because of this, the purpose is to make me rush Sir

He paid special attention to the affairs of this continent, because he suspected that this continent might be related to the legendary continent. "

The person called Su Quan said lightly that if Qin Chen was here, he would be surprised, because Su Quan was filled with the aura of a holy master, who was actually a half-step holy master.

"The legendary continent?" The man was puzzled. "This seems to be related to a secret of the heavens, even I am not very clear. The Lord Palace also guessed from some ancient sporadic records, plus this time the loopholes have been detected by other forces because of the repairs of the heavens. ,that

The space loopholes in the lower realms are also beginning to be repaired, and I am afraid they will be completely repaired in a few days, so this seat will take a personal trip, Dong Yuyin, you are so curious, do you think this seat has robbed you of your credit? "Su Quan smiled lightly.

"Subordinates don't dare." Dong Yuyin was frightened and hurriedly saluted. "Subordinates do their best to serve the Lord Palace Master and follow Master Su Quan. They don't have any thoughts. They just think of such a continent, whether it is legendary or not. Of the mainland, but according to Ling Luling's biography

The information that came back didn't even have a holy realm master, so I thought it might have made a fuss, and the subordinate would be enough to complete the task for the Lord Palace Master. "

"Making a fuss?"

Su Quan shook his head, "Since Ling Luling and the others have passed back the news, there has been no new news. I am afraid they may have some trouble..." "Master Su Quan, you mean, there are Master?" Dong Yumeng was startled, "Even if there are masters, Ling Luling and the others are just the cultivation base of Fansheng Peak. Since they can send messages back, it won't be a big deal.

character. "

Dong Yumeng fought in the lower realm, and the continent that was destroyed was unknown. With his Heavenly Sage's cultivation base, naturally he would not put a lower realm continent in his eyes.

"It's better to proceed carefully."

Su Quan shook his head.

boom!

At this time, Feizhou was shocked, and he had already passed through that piece of void passage and entered a brand new starry sky.

"This is..." Su Quan stood up suddenly.

[Chapter 3097: Come](#)

Su Quan and the others all looked in front of them in shock. In this Feizhou control room, there are more than a dozen terrifying masters with the same aura as Dong Yuyin. It is the master of Heavenly Sage brought by Su Quan this time, among them the master of Heavenly Saint Peak. There are three, each

The momentum is extraordinary. Then they saw that a vast blue continent appeared in front of them. The blue continent exuded a misty atmosphere, and there was an inexplicable aura that even made Dong Yuyin and the masters of the sky feel it. Arrived

The feeling of stocks returning to their roots.

"Source Continent, this is... Source Continent!"

Su Quan said in shock.

He is a half-step holy master master, and he has mastered the heavenly realm to an extremely astonishing level. It can be said that he is a master who has half-footed into the holy master realm, the holy master, the master of the holy realm, and the heavenly realm in his body is already in the heavenly realm. Fusion.

In other words, no matter which continent he came to in the lower realm, he would not feel any kindness, but he actually felt a feeling of returning to his origin in this continent.

This.....

Is it the legendary source continent?

Dong Yuyin and the others were also shocked. Although their cultivation base was far inferior to Su Quan, and they did not reach the terrible level of Su Quan, they could not feel the feeling of completely returning to their origins, but they could also feel the continent in front of them. The extraordinary.

The continent they destroyed was unknown, but it was the first time that the continent felt this way.

Naturally, they have all heard of the source continent. It was a continent that was born with the heavens. Is this continent in front of you?

At this moment, everyone was excited. "Source Continent, it is rumored that this is a continent born with the heavens. It has the same origin as the heavens. If you can swallow the origins of this continent, you will be able to master the same power as the heavens and heavens. At that time, we will break through the Holy Lord. realm,

There is also great hope. "

Dong Yuyin's eyes were frantic. You know, the other things they kill are unavoidable. Even some higher planes can only improve their strength, but they cannot enter the realm of the holy master. However, the source continent is different. This is the only possibility. Let them break through

The plane of the Lord.

But soon, everyone's eyes were sad.

If it is the Source Continent, then it is almost impossible to have their share. Such a source is absolutely what the Lord Palace Master extremely expected, how could it be absorbed by them? Swallowed?

At this moment, some people even had the urge to swallow secretly and directly advance to the Holy Master.

But thinking of the possibility of the Lord Palace Lord, everyone felt like they were pouring cold water on their hearts. Even if they really broke through the Holy Lord, what can they do? Once they returned to the heavens, facing the chase of Lord Palace Lord, they couldn't escape at all.

boom!

Looking at the continent in front of him, Su Quan urged the flying boat, and it soon landed over the continent.

Suddenly, an invisible and terrifying force fell.

Moreover, this continent has a binding force to prevent them from entering.

"Ok?"

Su Quan stood up, and he could feel that this was the way of heaven on this continent, stopping them.

"The origin of this continent has ever been injured? It is still in a weak state!"

As the half-step saint master, Su Quan immediately felt the original state of Tianwu Continent, and was immediately shocked.

Could it be that this continent is really the legendary continent among the palace lord's large population? Rumor has it that in ancient times, triggered the land of the gods at dusk? "Master Su, this continent is called the Tianwu Continent, and its origin has indeed been injured. According to the information I have obtained, it seems that a continent called a foreign demon invaded here tens of thousands of years ago, causing injuries to the origin of the Tianwu Continent. That Demon Land

Now that they have been wiped out by us, Ling Luling and the others came to this continent by chasing and killing the masters of the alien demon continent. "

Dong Yuyin explained on the sidelines. "Different Demon Continent?" Su Quan snorted and looked at Dong Yuyin coldly: "That continent, should it be an inferior plane? At best, it's close to a medium plane? You mean, one can even be a medium plane. The continent that can be reached has hurt a source

The origin of Lu? "

"Is there any problem?" Dong Yuyin suddenly broke out in a cold sweat when Su Quan's eyes looked at it.

"Huh, the origin of the source continent, even the holy lord can't easily destroy it. You actually said that it was injured by a continent close to a medium plane. It's ridiculous." Su Quan turned his head and stared at the Tianwu continent in front of him. , Very shocking. No wonder Ling Luling and the others said that this continent may have its origin of time. If it is really the legendary continent of the ancient times, then everything can be explained, and the origin of this continent is damaged, it must be the ancient one. Zhan Yin

Made.

"Enter!" Su Quan urged the flying boat, and immediately, half of his body was filled with the aura of the holy lord, and the whole flying boat burst out with a dazzling light, and a series of runes representing the aura of the vast heaven began to appear on the body of the boat. Above, the whole flying boat begins

Little by little, he entered the Tianwu Continent.

Boom!

Finally, Su Quan urged the flying boat, resisted the suppression of the origin of Tianwu Continent, and instantly entered the sky over the mainland.

Wow!

In Tianwu Continent, endless rules linger.

This celestial flying boat descended on the Tianwu Continent, and the vast aura instantly covered the entire continent, making countless people on the continent feel suffocated.

Sky Thunder City.

There was already a sea of people here. When Su Quan and his boat landed, the movement of heaven and earth triggered an instant shock to countless sacred masters in Tianlei City.

The black slaves felt this change almost in an instant, and they came to the sky above Tianlei City in shock, looking at the vaguely terrifying atmosphere in the distance.

"coming."

Although they couldn't see the scene at all, they clearly felt that an astonishing aura had descended on that piece of heaven and earth, making each of them inexplicably shocked.

Is this the celestial master of the heavens? The black slaves are heavy in their hearts. Can today's Tianwu Continent really resist such a terrifying powerhouse? The other party hasn't even made a move, just the breath coming down has made them feel the fear from the bottom of their hearts, this is

An oppression from the soul.

At this time, in the Tianwu Continent, over the northern sky.

Wow!

The boundless and vast rules surge.

Su Quan's flying boat had already landed on this continent.

"Contact Ling Luling and the others immediately."

Su Quan gave the order at the first time, and his spiritual consciousness quickly spread out.

Ten thousand miles!

One hundred thousand miles!

Millions of miles!

Thousands of miles!

Su Quan's half-step Saint Master's cultivation base caused his spiritual consciousness to spread over most of the Tianwu Continent in an instant. But what shocked him was that his divine consciousness encountered obstacles in many places on this continent, and he couldn't see through it with his half-step Saint Master's cultivation.

[Chapter 3098: Search the soul to understand](#)

"this is....."

Su Quan was shocked, and instead of worrying, he showed ecstasy.

According to the aura escaping from the Tianwu Continent, this plane should only be an inferior plane.

What is the inferior plane?

In this entire universe, in addition to the heavens, there are three types of lower planes, middle planes and higher planes.

Among them, inferior planes, unless there are special circumstances, the holy realm masters that are generally born can only be the peak of the holy.

The medium plane is the pinnacle of the holy land.

And the higher plane is the peak of Heavenly Sage. Of course, in general, even in higher planes, few people will practice to the extreme, because once they enter the holy realm, they can feel the call of the heavens. The vast majority of people will choose to enter the heavens and only a few People, again

Or because the heavens are broken and unable to ascend, they will cultivate to the extreme on a certain plane.

And judging from the size and volume of the continent of this plane, it is obviously only an inferior plane. Generally, on this plane, the masters of the earth can sweep and easily snoop the information of the entire plane.

So with his half-step divine consciousness, he should be able to see through the entire continent in an instant

But now, on this continent, his spiritual consciousness has encountered a lot of obstacles, and many places are completely invisible.

This is terrifying.

That was a half-step holy master, even if it was a higher plane, there was absolutely no reason to stop him from spying, but this Tianwu Continent, which seemed to be only a lower plane, did it.

"These areas that can block my divine consciousness are absolutely extraordinary. They are most likely the land of the Holy Lord. Only the land of the Holy Lord can stop my divine consciousness."

Su Quan was agitated. This means that there have been many holy masters on this Tianwu Continent, and he vaguely feels that on this Tianwu Continent, he is definitely going to post.

"Master Su Quan, Ling Luling and the others did not respond to the call."

At this moment, Dong Yuyin walked up and said with an ugly face.

"Huh? No response?" Su Quan's gaze narrowed, "So it seems that they have probably had an accident."

what? Everyone present was shocked, this is impossible, this continent is even the source continent, but judging from the aura exuding from this continent now, the strength of the creatures on the continent should not be very strong, Ling Luling and the others are all Pinnacle Fan

How could the saint's cultivation base fall here.

"Master Su Quan, could there be any accidents? Maybe they are in a certain secret realm on this continent, and it's not necessarily because they can't receive our message." Dong Yuyin said. Su Quan snorted coldly, with a trace of madness in his eyes, turned around and said to the many Heavenly Sage masters who were equally excited and suspicious on his side: "Everyone, let me emphasize that this continent is likely to be the Lord Palace Master. Said piece

Continent, and most likely a source continent. "

"Maybe you don't know. If it is such a continent, there will be many holy master treasures on such a continent, and it may even have the inheritance of the venerable."

"Wow!"

There was an uproar in the entire flying boat. This continent? Su Quan's gaze is solemn, "Although this is just a guess, if it is really the continent of the Twilight of the Gods, then this continent must not be underestimated. Although this continent has long since fallen, it is almost time for us to collect the fruits of victory.

Gu, the more this is the time, the more we can't take it lightly! After all, this is a continent that once caused the Twilight of the Gods, we know almost nothing about it! "

Many Heavenly Sage masters hold their breath.

"On this continent, we must be careful, especially for some mysterious places, we must not rush to take action, maybe there are some remaining methods of ancient powerhouses that caused us to fall here."

Su Quan said in a low voice.

The ship capsized in the gutter is not uncommon.

Some celestial masters stumbled upon a piece of ancient continent, but broke into the relic trap set by the ancient powerhouse under the care, and died at the closest moment to victory. Such things often happen.

Su Quan suspected that Ling Luling and the others had encountered this situation.

"Understand, Lord Su Quan."

"Master Su Quan, don't worry, we know how to do it." "How could it be possible to capsize the ship in the gutter, even if it is the means left by some ancient powerhouses in some continents, but the

heavens have been broken for countless years, and all planes have long been No strong person has ascended, and even if this continent is the source continent, according to Master Su Quan, the source was also injured at the dusk of the gods, and the strong cannot be born. What's more, there are Ling Luling and the others. The report, now this continent, such a thin heaven and earth holy energy, I am afraid that the strong holy realm,

It is also very few. "

Someone nodded and promised that there were also master masters in the late Tiansheng period, but they laughed, but also expressed that they would be careful.

"You still have to be careful." Su Quan nodded: "Go, now let me go out and investigate this continent."

boom! Su Quan and others left the flying boat in an instant, and the vast Heavenly Sage was overwhelmed. As for some of the earthly saint leaders and Van Sage guards in the flying boat, they were not qualified to follow Su Quan at all. They just stayed in the flying boat and might be occupied next. Mainland will use

they.

In an instant, Su Quan and the others descended on the northern sky region.

boom!

Guyang City! There is an emperor-level city in the Northern Tianyu. The Northern Tianyu was the lower four realms. There were hardly many emperor-level masters. However, after the revival of the Tianwu Continent, the holy realm powerhouses appeared in large numbers, and many masters were also born in the four lower Tianwu Continents. , As for the imperial power

Power is spreading out like bamboo shoots after a rain, and Guyang City is one of these newly born emperor-level forces. When Su Quan and the others landed, the countless people in Guyang City all looked at the sky in horror. In their eyes, the sky of Tianwu Continent was covered, the scorching sun was dim, and only the breath of Su Quan remained in the world. Terrifying vastness

hand.

"Huh? The people of this heaven and earth are really weak, there is not even a strong holy realm?"

Su Quan's divine consciousness swept away and found that the area where they were located didn't even have a holy realm, and the strongest were just some peak martial emperors.

"Kill!" Su Quan snorted coldly, an infinite sacred power cap was pressed down, and the whole world burst into pieces. Below, the entire Guyang City burst open, instantly the countless masters and citizens of the entire city It burst in an instant, and all of them died here

in.

"Soul search!" Su Quan said indifferently, and immediately the infinite power filled the front, and the souls of the people who died tragically rose up, especially the souls of the top martial emperors in Guyang City. Condensed together, the memories of the entire continent began to appear.

[Chapter 3099: Enough](#)

This is what any plane invader will do the first time after invading a seat, that is, search for the souls of the natives on the plane and learn about information.

Hum!

Through the soul search, images began to emerge in everyone's minds. These are the memories of countless people and powerful people in Guyang City and what they know.

Quietly, all the history and memories of the entire Tianwu Continent were quickly searched for souls, and everything was exposed in the minds of these invaders.

Because the Wudi level masters can't resist the soul search of the Heavenly Sage level masters.

At this moment, Tianlei City. There is a map in front of the black slaves. On the map, some red dots are marked. These red dots are the communication formations of the Chendi Pavilion throughout the entire continent. Through these communication formations, the black slaves can easily transfer the news. Delivered to the mainland

Any corner, at the same time, also manages this continent.

But at this moment, the red dot representing Guyang City in the Northern Sky Region disappeared.

"Guyang City is gone."

The black slave murmured, with a cold heart, a city lost contact in an instant, and anyone could know what it represented.

And when all the masters in Tianlei City were panicking, Bei Tianyu, Su Quan and others had already learned everything about the entire Tianwu Continent through soul searching.

"Damn it, Ling Luling and Xiu Chengze are really dead, Chendi Pavilion!"

boom!

The terrifying aura of Dong Yuyin's body permeated, and countless dense spatial cracks and gaps appeared in the void, bursting with hideous killing intent.

From the souls of the Wudi powerhouses in Guyangcheng, they all learned about everything that has happened in the Tianwu Continent over the years, including the aliens from the heavens, the invasion of alien demons, including the battle of the forbidden land, and the masters coming from heaven. The fall. Originally, Dong Yuyin still had hope in his heart. Ling Luling and the others had no news. It was possible that they had just entered a special secret realm and had not received the information. But at this moment, Dong Yuyin who got the news from the soul of the Guyang City master ,

It was completely angry.

From the memory of the other party, they truly understood that all the visitors from the heavens who had descended three years ago had fallen and were beheaded.

"Chendi Pavilion!"

Dong Yuyin and many Heavenly Sage masters burst into the eyes of cold light.

And from the minds of the Guyang City powerhouses, they also knew where the black slaves were now.

Sky Thunder City?

"Master Su Quan, absolutely cannot spare this group of people."

Dong Yuyin said coldly.

"Kill, kill this group of natives."

"Dare to kill the people of our Yaomie Mansion, looking for death!"

"The little natives of the lower planes dare to attack the Tianjiao of our Yaomie Mansion, knowing whether they live or die."

A group of Yaomiefu masters roared.

Only Su Quan looked calm and muttered: "Sky Thunder City? Thunder Sea? Seven Forbidden Lands, God Forbidden Land?"

Su Quan's gaze became more and more prosperous, and what he saw was naturally far beyond these people.

Because, the so-called Martial Territory Thunder Sea Land is a place that his previous divine consciousness can't penetrate at all, and it is most likely a holy land.

"Go!" Su Quan yelled coldly. He knew that many of the secrets of this were in the hands of the Chendi Pavilion, and everyone in the entire Tianwu Continent gathered in Tianlei City. Just kill these days of Leicheng Chen. People in Dige can know the secret here

?

Boom!

In an instant, many masters of Yaomie Mansion were dispatched one after another, turned into a vast light, flew towards the Martial Domain, and quickly approached the Sea of Thunder.

Along the way, as long as the place where the flying boat of Yaomie Mansion passed, it turned into a thousand miles of red land, with corpses spreading across the wild.

The half-step holy lord Arcana is too strong. This plane flying boat is Su Quan's top treasure and the key to his rampage. The power that escapes can easily destroy a lower plane continent.

In Tianlei City, countless masters gathered, looking at the rapidly disappearing red dot on the map, one by one was frightened.

No, everyone who broke through the holy realm felt the wrath of the Heavenly Dao of the Tianwu Continent, the vast aura permeated, and the origin of the Tianwu Continent was furious and shaking.

However, nothing can be done.

"We went out and fought with them."

A holy realm master said angrily, his eyes burst out with cold light, and he was very angry.

They, the top masters of the Tianwu Continent, nest in this Thunder City, and let the countless people of the Tianwu Continent face such a terrifying celestial comer.

"Yes, fight with them. I would rather die outside than stay here."

"Fight them to death."

A master of the holy realm was roaring.

"No, they are already here."

At this moment, Lao Yuan, Fu Qiankun, Mo Yuanbai and other masters suddenly raised their hands with heavy eyes.

next moment!

boom!

A vast flying boat suddenly appeared outside Tianlei City, and a breath of heaven spread out.

Click! Click!

There is no need for the opponent to take action at all, just the aura from the flying boat that Su Quan and the others are riding in has already made the entire array outside Skylei City tremble, countless arrays of light linger, and even countless ones appear on the large array. crack.

Everyone was shocked.

how can that be? The large formation outside Tianlei City has long been reinforced by them countless times, and even has the joint blessings of Gu Huamao, Fu Qiankun, and Mo Yuanbai, the masters of the Divine Master Hand Tool Hall, and they have gathered the strength of Lao Yuan. Re-reinforced, but now,

Under the aura naturally escaping from the flying boats of these celestial powerhouses, the entire array rumbling and roaring, there is an urge to smash, how can this make everyone not surprised? "Hahaha, I said, who killed the saint realm master of our Yaomie Mansion? I can't imagine that there are so many ants in Thunder City on this day. Let me see, eh? There are still a few earth saints. Master? Huh, it's interesting, I thought this one

No characters will be born in the mainland. Now it seems that we take it for granted. "

A sneer like a sky thunder sounded, and then everyone saw that a group of masters flew out of the flying boat, the number was so large that there were more than a hundred people.

The black slaves' faces suddenly changed.

According to Ling Luling's memory, isn't there only 30 masters coming this time? Why is it so many times? In addition, the aura exuding from the leading people was like a big sun, and even the power of the Heavenly Dao of the Tianwu Continent was suppressed under the suppression of the leading person. That person was like the same god, where he stood. , It's him

Kingdom of God.

Is this the heavenly powerhouse?

Everyone's heart sank, and despair emerged in their hearts.

"Let's do it, first break through this thunder city, kill ordinary people, and leave the rest to search for souls."

Dong Yuyin spoke, his eyes sinking, and coldly ordered.

Whoosh whoosh!

In an instant, the many mortal sages and earth sage masters he led in the rear all slew out, rushing up with a grinning smile. To deal with places like Tianlei City, there is no need for adults to take action at all, and their ordinary guards are enough.

[Chapter 3100: Thunder Reappearance](#)

boom!

Many of the guards of Yao Annihilation Mansion have taken action together. The weakest of these guards is Fan Sage Peak, but more of them are figures at the level of Earth Sage Chiefs, each of them bursting into the sky.

Originally, a mortal sage was already a scorching sun in the eyes of ordinary people.

But now, in front of these earth sage masters, even in front of peerless earth sages, those mortal sages are as dim as fireflies, extremely dim.

Such a scene made countless people in Tianlei City feel chilly and extremely cold, one by one could not even move at all under this breath, and the Saint Yuan in the body was solidified.

The only thing that can respond is Chendi Pavilion and the masters of the sacred realm of the mainland.

"Fight with them, spur the big formation." The black slave roared, and in a short time, in the entire Tianlei City, hundreds of holy realm masters, all shot together, and the terrifying power of the holy realm suddenly poured into the sky. In the thunder formation outside the city, a series of terrifying thunders rose up directly

Flock to this group of Yao Mie Mansion guards.

"It's ridiculous, a group of ants actually want to go against the sky. The pseudo-land Saint Array in the lower boundary also wants to stop me and wait?"

"Ants generally exist. I'm afraid they don't know what they will face?"

"No nonsense, Master Su Quan and Dong Yuyin are still watching the battle and making a quick decision. Do you want to be punished by the adults?" The leader of a peerless holy snorted coldly, his eyes were cold, with their cultivation For the sake of insight, I can easily see that the large thunder formation outside Tianlei City is just a pseudo-land holy formation, at most it can resist ordinary earth holy ones, but it is against him

For some of our peerless sages, it's like tickle, too easy.

"Boom!" He shot, the vast divine light slammed out, crushed it down, and banged, the entire Sky Thunder City rumbling and trembling violently, dense cracks spread like a spider web, the entire Sky Thunder City is shaking, many people

The people below bleed through seven holes, miserable.

The great formation has not been broken, just dissipating the suppressed horror atmosphere, causing some ordinary people in Tianlei City to burst into death.

"Ah! Fight with them, everyone, use your strength to spur the big formation."

An old man with gray beard and hair came out. It was old man Qin Batian, majestic and arrogant. As the core of Tianwu Continent, Tianlei City is the base camp of the Chendi Pavilion. Qin Batian, Qin Ying, Qin Yuanzhi and other members of the Qin family's direct descendants have all been sent here. Nourished by the resources of Chendi Pavilion, Father Qin Batian is now too

It is a peak martial emperor.

It was just a pinnacle martial emperor. In such a battle, it was like an ant and insignificant, but the old man Qin Batian was so proud and roared to burn his own holy essence.

"Fight."

Qin Ying, Zhang Ying, Lin Tian, Zi Xun, Zhao Lingshan, all the high-level Chendi Pavilion, they have also broken through to the holy realm, although they are just ordinary saints, but they started to burn their souls.

Together!

Defend against foreign enemies!

At this moment of crisis, no one backed down. The Ji family, Teng family, Death Demon Sect, Heaven Ghost Sect, and other forces who surrendered to the Chendi Pavilion back then did not back down, and went against the trend one by one.

Even some ordinary people, Wudi, Wuhuang, Wuwang, Wuzun, and Wuzong all burned the holy yuan and blessed the great formation.

boom!

The thunder formation burst into a dazzling light instantly, and the vast aura skyrocketed again.

"Ok?"

Was it blocked? The Peerless Earth Saint, headed by Yao Mie Mansion, had an ugly face. In his opinion, with a palm down, the city of this small plane should be exploded. The corpses were everywhere, and only some top holy masters were left. Who searched their souls,

Unexpectedly, under one blow, they didn't even explode this city. "Hmph, it seems that this seat is too cautious. I am afraid that the holy realm masters in this city will be directly bombarded, so I am a little restrained. Haha, if this is the case, then just kill it directly, anyway, as long as the soul is Immortal, just as capable

Search the soul! "

The leading Peerless Earth Saint sneered, and the palm of his hand fell again. This time, the coercion of the Peerless Earth Saint was unobstructed.

With a bang, the entire Sky Thunder City blasted fiercely, and the thunder blast exploded, bursting in an instant, countless cracks permeated, and an indescribable terrorist force penetrated in.

Wow! Under the big formation, everyone vomited blood violently. The masters of Lao Yuan, Fu Qiankun, Mo Yuanbai, and Gu Huamao were standing in the front. Under this blow, their bodies shook wildly and their bodies were all different. Cracks appeared everywhere, the soul burned, there was a kind

The feeling of bursting to death.

In the rear, the black slaves, and the old man of Great Compassion were also bloody, languid, and furious.

That's it!

The large formation formed by gathering all the powers of all the powers of the entire Tianwu Continent, and the power of all the powers of the entire Tianlei City, was actually defeated by the opponent, making everyone linger in despair from the depths of their hearts.

"Nigga, go, you will immediately take the Qin family and other people away, and enter the core of the Thunder Sea, the location of the Abyssal Demon Secret Realm. You can run as far as you can, and there may be a glimmer of life."

Fu Qiankun roared, together with several masters of the earth, one by one rose to the sky, wanting a **** battle.

Each of them burned their own lives in exchange for a glimmer of life for everyone.

"Want to escape?" Who knew that Fu Qiankun's words just fell, and suddenly an invisible force came, that peerless earth saint, directly released its own terrifying space constraints, the entire Sky Thunder City, in a flash, Being imprisoned, none of them can escape

Up.

"Hahaha, just wait to die."

The guards of Yaomie Mansion all over the sky laughed, and the killers came down one by one, laughing cruelly and ferociously.

at this time.....

Boom boom boom! The sea of thunder in the distance suddenly boiled, rumbling, and a thunderous breath of horror was exposed. From a distance, from the position of the sea of thunder, a series of thunder dragons burst out, coming in an instant. Arrived over Tianlei City

.

what is that? The terrifying light of thunder drew the power between the sky and the earth, dragging the long tail wing across the sky and the earth. From a distance, it was really like a giant dragon that crossed the sky and the earth. It instantly descended on the top of Tianlei City, facing the forefront of the Holy Palace. The masters of the realm

Come.

This scene is too horrible, countless thousands of miles of thunder light, from a distance, it is really like a series of angry dragons, exuding a palpable thunder light.

boom!

Lei Guang fell, directly facing the masters of Yao Mie Mansion.

"what is that?"

When this scene appeared, the expressions of many Heavenly Sage masters under the half-step Saint Master Flying Boat also changed, and suddenly, there was such an attack. Only Su Quan's eyes narrowed: "Here it comes!"
