Chapter 31

"You...what are you doing here, who let you in, presumptuous, it is too presumptuous, lawless, simply lawless."

An angry roar instantly echoed the entire bloodline room, a black afterimage flashed and snapped. Before Lin Xinrou had time to realize what had happened, she was fanned out and fell to the ground. .

Guanshi Liu's face was distorted, like a furious beast. His eyes were blood-red, his right index finger pointed at Lin Xinrou who was lying there, and he yelled: "Do you know where this is? You little waiter, who is it? Bringing people in for your courage is simply looking for death!"

Liu Tong roared, but his heart was full of coldness. It was over. Deacon Li ordered that the bloodline room that only the president can use was broken into.

My God, this is a great negligence.

Liu Tong could almost imagine Deacon Li's reaction after hearing the news. He finally found the blood sanctuary of the relationship, and tried his best to become a steward, but he did not expect to be ruined by such a small waiter.

At this moment, Liu Tonglian had the heart to kill Lin Xinrou, the anger on his face almost split the other side's muscles and bones, and his gaze was about to peel away.

Lin Xinrou spouted blood and looked at Liu Tong who was furious. She knew that the other party was in charge of the blood vessel area. The fear in her heart surpassed the pain in her body. She panicked and said, "Ms. Liu, the door of this blood vessel has just opened. I thought it was an open blood room in the Holy Land, so I didn't think much..."

"Don't think too much, do you know who this bloodline room belongs to? This is the bloodline room of the president. How dare you bring people in casually so that the president knows how many lives you can lose?" Liu The same angrily corrupts the way.

"what!"

Lin Xinrou heard that this bloodline room was for the president, and she suddenly felt dark in front of her, and Huarong was pale with fright.

The president of the Holy Land of Bloodline, that is the number one figure in the Holy Land, a well-known big figure in the great Qi country, he actually let people enter his bloodline room, Lin Xinrou was shocked instantly, buzzing in his mind, she didn't know what to do What did you say.

"Also, you, I'm so brave to move the blood vessel of the guild grower, come here, let me watch them both, and wait for Deacon Li to come and deal with it!" Liu Tong roared, and he heard something from the side. The guards of the Holy Land of Blood hurried over and immediately surrounded Qin Chen and Lin Xinrou.

At this time, there were also many people around the bloodline area, standing on the periphery and pointing, not knowing what happened inside.

Liu Tong was panicked, but when such a major incident happened, he didn't dare not report it, and immediately went to Deacon Li in a panic.

Qin Chen looked at the guards surrounding his bloodline and frowned. He took the first two steps, and immediately several guards snorted and said, "Don't move."

Qin Chen coldly glanced at the guards around him. The Holy Land of Bloodline was indeed rich and rich. The guards on both sides were all at the prefecture level. At first glance, they were well-versed and agile.

If he dared to leave, Qin Chen was certain that these guards would definitely take action without hesitation. Although Qin Chen was not afraid of so many masters, he did not want to fight.

"Don't worry, I won't run, one by one, what are you nervous about." Qin Chen said in a calm tone, without feeling uncomfortable, went straight to Lin Xinrou and helped her up: "Are you okay?"

I saw Lin Xinrou's face swelled and tears filled her eyes. After being lifted up by Qin Chen, her eyes were still worried, as if the sky had fallen, and she cried: "Sir, I'm sorry, I don't know if this bloodline room is the president. Yes, it hurts you. I will make it clear to Guan Shi later that this matter has nothing to do with you, it is all my fault."

"Don't worry, nothing will happen." Qin Chen gently wiped the tears from Lin Xinrou's cheeks. His soft voice seemed to have magical powers, which instantly reduced the fear in Lin Xinrou's heart.

Feeling the strong masculine aura on Qin Chen, Lin Xinrou's white cheeks blushed slightly, and she forgot her fear. On the contrary, she felt that her face was hot and did not dare to look up at Qin Chen.

The guard on the side had cold eyes and a sneer at the corner of his mouth. At this time, this kid is still flirting with the little girl. He really doesn't know how to write dead words, but he is quite courageous and kind!

"Deacon Li, the two of them moved the blood chamber of the president." At this time, Guan Shi's voice came in a hurry. In front of him, Deacon Li walked over with an ashen expression.

Upon seeing this, many guards stood up straight and saluted. Deacon Li is a celebrity in front of the president, who has a prominent position in the Holy Land of Blood. How dare they neglect.

But Li Wenyu didn't even look at them. He couldn't wait to look into the blood vessel, and when he saw the blood vessel in the activated state, a cold chill was instantly released from him.

The temperature in the entire blood vessel area seemed to have dropped dozens of degrees out of thin air. Everyone felt the biting cold. Li Wenyu turned around and stared at Liu Tong with almost murderous eyes, and said coldly: "Liu Tong, this is that your guarantee?"

"Deacon Li, accident, this is definitely an accident."

"I don't want to hear an explanation. The president said he is going to come down. You will explain to him later."

what!

Mr. Chairman, coming over?

"Pump!"

Liu Tong's legs weakened and he knelt directly on the ground, clutching the corner of Li Wenyu's clothes, crying in mourning: "Deacon Li, Master Li, save me, save me!"

"Huh, help you?" Li Wenyu kicked him to the ground, and said coldly: "How did you just assure me that it has only been so long that you actually ruined the guild leader. The blood vessel that came here, do you know how much effort was spent to grow up this blood vessel and how many times I ran to the superior bloodline holy place? I didn't expect to come back for a few days, and you were ruined, huh, I see You should ask for your blessing."

"Deacon Li, it's really none of my business. It was Master Chen Fan's bloodline that had a problem just now. I handled it in the past. It was them and the waiter who brought people in casually. Yes, it was all their fault."

Liu Tong seemed to have grasped a life-saving straw and pushed all the responsibilities to Ruby Lin and Qin Chen.

"Huh." Li Wenyu glanced at Qin Chen and them coldly, with indifferent eyes. In his opinion, no matter who was at fault, there was something wrong with the president's blood system, and none of these people could please.

Qin Chen listened to their conversation, and realized that the other party was angered for the purpose of activating this bloodline room privately, and said lightly: "Are you the deacon here? When we came, the door of this bloodline room was open, who knew we could not enter. If there is a mistake, it is also the issue of your blood sanctuary. We are also victims in this matter. It has nothing to do with us. Let's go!"

After that, Qin Chen will walk out.

Chapter 32

"You...you have destroyed the guild leader's blood vessel, and you still want to leave. How can there be such a good thing." Liu Tong jumped up suddenly, stopped in front of Qin Chen, pointed at Qin Chen savagely, and spit in his mouth. Hengfei almost splashed on Qin Chen.

Qin Chen's footsteps were slightly wrong, his eyes were cold, and he said solemnly: "First of all, I just borrowed the bloodline instrument and it did not damage it. Secondly, even if it is damaged, it is also a problem with your bloodline holy place. Do you still want to impose responsibility on it? It won't work for this young man!"

Qin Chen's eyes suddenly burst into a fierce spirit, with a trace of indifference in the cold, which made Liu Tong trembled all over, a cold chill straight into his forehead, and a deep sense of fear was conveyed from his heart. Come up.

He took two steps back in amazement, and trembled: "You...what do you want to do? This is the Holy Land of Blood!"

Glancing at the guard next to him, Liu Tong suddenly woke up and instantly understood his situation. His backstepping stopped immediately. He only felt that his old face was flushed and it was so hot that he wanted to find a place to drill down.

My God, this is simply too embarrassing. He was in charge of the dignified bloodline holy land, and was so scared by a young man that he passed it out. He would never want to mix in the bloodline holy land.

Li Wenyu was surprised by the aura released from Qin Chen's body. The other party was obviously only a teenager, but the previous aura made him feel like he didn't dare to underestimate him, and he was secretly surprised. Pay attention.

"Li Wenyu, what's wrong with the awakening room?"

At this moment, a calm voice suddenly came from outside the awakening area. An old man wearing a white robe with a blood pattern on his chest and a silver border embroidered on the edge of the blood pattern passed through the crowd and walked over.

He walked steadily, his aura was not exuded, but he exuded an unspeakable majesty, his eyes were deep, like a bottomless cold pool, which made people afraid to look at him.

"Oh my God, it's the president of Dongfang Qing from the Holy Land of Blood."

"What happened inside that shocked the president of the Holy Land of Blood."

"My God, is there an earthquake in the Holy Land of Blood?"

The many warriors surrounding the awakening area were all stunned, and each made a thunderous discussion. At the moment Dongfang Qing passed by, all of them looked reverent and respectful, as if staring at their idols.

Dongfangqing, the president of the Holy Land of the Great Qi Kingdom, one of the most powerful and powerful in the Great Qi Kingdom, stomped his feet and the whole king would tremble three times.

The ordinary people wanted to see him once, and it was almost as difficult as reaching the sky. They did not expect to see him in the awakening area today. It can be seen that something extraordinary must have happened to the Holy Land of Blood.

For a while, many people were worried, and looked up inside desperately, but couldn't see anything clearly.

"Fourth-tier bloodline profound master!"

Qin Chen's gaze fell on the badge on Dongfang Qing's chest, and he condensed slightly. The bloodline master usually uses bloodmarks to represent his identity and rank. One bloodmark represents the first rank, two is the second rank, and the three roots are three. After reaching the fourth level, the blood pattern will become one again, but a silver edge will be added to the blood pattern edge, and so on, after the seventh level, the blood pattern edge will be inlaid with a gold edge.

The opponent now has a silver-rimmed blood pattern on his chest, which shows that he is a fourth-order mysterious bloodline master.

"Li Wenyu, what happened in the awakening room? Let me take a trip myself!"

Dongfang Qing was shocked by the awakening of Qin Chen's thunderous bloodline. He was so shocked that he fell into contemplation, but was interrupted to say that there was something wrong with the awakening room and could only rush over immediately, naturally feeling a little unhappy.

Although Li Wenyu looked arrogant in front of Liu Tong, when seeing Dongfang Qing, he immediately looked respectful as a follower and cautiously said: "President, Liu Tong takes care of the disadvantages. Put a guest from a holy place into your newly formed one. Blood Vessel..."

"What?" Dongfang Qing's displeased expression was suddenly startled, interrupting Li Wenyu, and said in shock: "Which blood chamber are you talking about?"

Li Wenyu's heart jumped, and nervously said: "It's the blood vessel room where you just returned from the superior bloodline holy ground to return the latest blood vessel."

Dongfang's calm expression disappeared instantly, and the anger in his eyes accumulated like a volcano before the eruption. Everyone only felt that a chill was sweeping across the bloodline area like a storm, and each one shivered with fear.

"Damn it, didn't I tell you that you must not let anyone enter this bloodline room? You can't do this little thing well. What do you guys eat, if there is a problem with those bloodline instruments? , All of you don't stay in the Holy Land of Bloodline, all of you roll me up and leave." Dongfang Qing's furious roar sounded in the hall, and the loud voice shook everyone's minds rumblingly, dizzy.

Immediately afterwards, Dongfang Qing turned into a gust of wind and hurriedly rushed into the bloodline room on the side.

Li Wenyu and the others all followed in panic, preparing to accept the violent anger of President Dongfang Qing, but found that after the club had grown in, there was no movement at all, and they couldn't help but look into the blood vessel.

I saw Dongfang Qing, who had rushed in anxiously before, stood stupidly in front of the activated blood vessel like a idiot. The scene was weird if it were weird.

The hearts of Li Wenyu and others sank slowly. For a moment, their hands and feet were cold, cold sweat rolled off their bodies, and their robes were soaked in cold sweat.

In the process of waiting for Dongfang Qing just now, everyone prayed in their hearts that there should be no problems with the instrument. As long as the bloodline instrument is still in good condition, just accidentally let the guests in, there is hope of salvation.

But if something goes wrong with the blood vessel, then...

And now.

Seeing the sluggish expression of the chairman, Li Wenyu had only one thought in their hearts at this time, that is--

That's it!

There is definitely something wrong with the blood vessel.

"Pump!"

Liu Tong, who had finally managed to gain a foothold, felt that his eyes were dark, and suddenly sat on the ground with his ass, almost fainting.

On the side, Li Wenyu's mouth twitched, and he was also frightened. His feet couldn't help but back up two steps, and his heart was cold.

As for the group of guards, they were far away from the door, the atmosphere did not dare to breathe, for fear of becoming a target for the president's rage.

Everyone can already imagine the violent appearance of the guild leader, and continue to stay by his side, it will be deadly.

really.

Under the gaze of everyone's eyes, President Dongfang Qing finally moved, and saw that he walked towards the activated blood pulse meter step by step, his feet seemed to be heavy, and at the same time, his hands trembled and stroked the buttons on the blood pulse meter, his eyes bulged round. Round, staring fiercely at the many bright patterns on the blood vessel.

The muscles on his face slowly twisted, and his face gradually flushed.

I'm coming!

Li Wenyu and the others held their breath, and were already preparing to endure the shaking anger of President Dongfang Qing.

Chapter 33 Attitude Change

I saw Dongfang Qing's body shaking more and more fiercely, his eyes widening more and more round, that appearance was like a volcano that was brewing and erupting, and his anger accumulated extremely strong.

Think about it, too, how much energy has been spent by President Dongfangqing, the latest type of blood instrument returned from the superior bloodline sanctuary after all

the hardships. Before he could thoroughly study it, it was because of the mistakes of the staff that a teenager got it. It's broken, and this kind of thing happens to anyone, and you have to be angry.

This kind of painful thing, even if it is a thousand cuts to the other party, can't be overstated.

In an instant, the air in the entire blood vessel was suffocating, and even breathing seemed to be a luxury, and every second was as long as a century.

Finally, Dongfang Qing, who was depressed to the extreme in everyone's eyes, jumped up suddenly, the loud voice rumbling like thunder in the entire bloodline area.

"Who is it, who came in and moved the old man's blood vessel, tell me, who is it?"

Dongfang Qing came to Li Wenyu in an instant, grabbed his clothes tightly, and roared like a lion roaring, making Li Wenyu's head dizzy, and his face was splashed with saliva.

Under Dongfang Qing's roar, Li Wenyu was completely stunned. He didn't know what to say for a moment. He wanted to speak, but Dongfang Qing was so speechless, his face was like pig liver.

"It's him, the president, it's this kid, who broke your bloodline meter, and this waiter, she let this kid in. The two of them are really damn, dare to take advantage of the subordinates to repair the blood of Master Chen Fan When performing the ceremony, stealing into your bloodline chamber of the president of the presidency and destroying your bloodline device, even if it is ten thousand deaths, it is difficult to understand the hatred of the subordinates."

Liu Tong, who almost passed out, jumped up like a carp at this moment, pointed at Qin Chen and Lin Xinrou angrily, yelling, his eyes full of anger and heartache, as if he was also a victim.

"It's him!"

Dongfang Qing's gaze fell on Qin Chen for an instant, and a hint of surprise flashed in his eyes. When he shook his figure, he came to Qin Chen, staring at Qin Chen firmly, and said sharply, "Young man, you just entered. The blood vessel is gone, and the old man's blood vessel is moved?"

"That's right!" Qin Chen looked directly into Dongfang Qing's eyes, with a calm expression, a kind of maturity and stability that people of the same age shouldn't have.

"But I didn't steal in. When this waiter brought me over, the door of this room was already open, but no one said that this bloodline room could not be used."

"Huh, kid, you still dare to quibble, does it mean that you can enter at will if the door is open? The blood instrument is so advanced, can you understand it as a kid? Since you don't understand, you dare to move your blood at will Yi, this is obviously deliberate sabotage. I now doubt whether you were sent by some ulterior motive force to destroy the bloodline instrument of the president." In order to protect himself, Liu Tong put a big hat directly on Qin Chen's head. .

"President, I now suspect that this kid is most likely a spy of the Blood Demon Cult," Liu Tong said fiercely.

Everyone's heart shuddered, Blood Demon Sect, that is the notorious terrorist force in the entire North Five Kingdoms. They are cruel and do a lot of evil, but their power is extremely large, even above the North Five Kingdoms.

Moreover, the Blood Demon Sect has always wanted to intervene in the North Five Kingdoms and control the North Five Kingdoms, but it was only because of the obstruction of the bloodline holy land, the artifact hall and other forces that the Blood Demon Sect has not been satisfied these years.

If the boy in front of him was really sent by the Gorefiend to destroy the blood vessel of the guild leader, then the problem would be serious.

Qin Chen smiled coldly and glanced at Liu Tong disdainfully: "Hehe, I, an ordinary citizen of the great Qi country, can actually be called a spy of the Blood Demon Sect, you dare to say it!"

"You..." Liu Tong was pierced by Qin Chen's gaze. He couldn't help being furious. He wanted to continue to say something. Before he could say it, he snapped a slap on his face. Slapped, the whole person flew out like a torn sack, and fell heavily to the ground.

It was Dongfang Qing who had been staring at Qin Chen all the time.

"Shut up, shameful guy, go away."

This sudden scene made everyone trapped.

Liu Tong fell to the ground, squirting blood, "President, I..." He was confused and didn't understand what was going on.

Li Wenyu also did not understand.

However, what shocked them even more was Dongfang Qing's next move.

I saw him hurried to Qin Chen, his face suddenly burst into a smile, like the remnant flowers and willows in full bloom, especially awkward and ugly, "This little brother, I don't

know where to learn from? In Xia Dongqing, Tim As the president of the Holy Land of the Great Qi Kingdom, it is a great fortune to meet the young man today."

Dongfang Qing showed a smile, where there was a half-furious appearance before, and if he was more kind, he was more kind.

A group of people petrified on the spot, all stunned.

Many people can't stop shouting: What is going on? Why would the always arrogant president show a pleasant look to a fifteen or sixteen-year-old boy?

Li Wenyu and many of the guards rubbed their eyes vigorously, thinking they were dazzled.

Qin Chen frowned and said, "There is no need for the teacher to say anything, are you still okay?"

A group of people were dumbfounded.

What's the origin of this young man, don't you know that the one standing in front of him is President Dongfang Qing? Even the prince of the Great Qi Kingdom would not dare to say this to President Dongfang Qing, right?

"Uh!" Seeing Dongfang Qing touched his head, he said in embarrassment, "Well, your Excellency opened the blood vessel in our Bloodline Holy Land. I wonder if I can turn it off."

After he finished speaking, his old face was slightly red. He had just brought this blood vessel back from the superior blood sacred place, and he couldn't operate it yet.

"This is simple."

Qin Chen stepped into the blood vessel room. This time, no one dared to stop him anymore. They all watched Qin Chen walk up to the blood vessel instrument. His hands quickly operated on the blood vessel instrument. The phantom fingers were like flicks. The artwork that plays moving music is full of beauty.

A colorful stream of light flashed, and the blood vessel quickly dimmed.

Dongfang Qing's eyes lit up, staring at Qin Chen's technique, his body trembling with excitement.

"Cough cough..." After Qin Chen turned off the blood vessel, Dongfang Qinglian rubbed his hands again and said, "This little brother, can you tell me how you opened the blood vessel just now?"

He was respectful, like an apprentice humbly asking for help, looking at Qin Chen hopefully.

How could Qin Chen fail to see what Dongfang Qing was thinking, knowing that this person was not familiar with this blood vessel, and wanted to learn some knowledge from him.

He was not concealed either, and said indifferently: "I will only demonstrate it once, you are optimistic."

When the voice fell, Qin Chen's hands moved suddenly, and his fingers flashed across the instrument quickly, and the whole blood vessel suddenly lit up, flashing colorful streamers, setting off the whole blood vessel room extremely gorgeous.

Then Qin Chen said lightly, "Your Excellency should have figured out this matter today, can I go now!"

"Yes, of course!"

Dongfang Qing calmed down the excitement in his heart and turned to Li Wenyu and said: "Li Wenyu, send this little brother, no...no, I'll send it personally."

Dongfang Qing personally took Qin Chen to the outside of the Holy Land of Bloodline.

Chapter 34

Outside the sanctuary of blood.

Dongfang Qing smiled and said: "Little brother, let you watch a joke in my blood sanctuary today. This is the token of our blood sanctuary. With this token, the little brother can enjoy 30% off anywhere under my blood sanctuary. In addition, you can also go to some areas that ordinary warriors can't go to. Please accept it."

Dongfang Qing stuffed a token into Qin Chen's hand.

The surface of the token is gold, and it is the gold guest order of the Holy Land of Blood.

The ordinary tokens of the Holy Land of Blood are divided into three types: iron, silver, and gold. Above the gold tokens, there are more advanced guest orders.

The Bloodline Holy Land where the Great Qi Kingdom is located is a fourth-level bloodline Holy Land, and Jinkeling is already the highest-level token they can issue.

Qin Chen didn't shirk off, accepting the token directly, and said, "The waiter will not be punished, right?"

"Hehe, little brother joked, of course not."

"That's good." Knowing that Lin Xinrou would not be punished by the Holy Land because of her own blood, Qin Chen was relieved and turned and left.

After Qin Chen and Dongfang Qing left, many pedestrians and warriors who were onlookers at the entrance of the Holy Land of Bloodline suddenly became uproar and talked a lot.

"What's the background of that young man? He even asked Chairman Dongfang Qing to go out to see him off in person!"

"I do not know!"

"Tsk tsk, President Dongfangqing sent it off. Even the prince of our great Qi country may not be treated like this, right?"

"Have you seen the token that President Dongfangqing gave to the boy? The golden token must be the Golden Order of the Bloodline Holy Land. I heard that with this Golden Order, you can buy anything in the Bloodline Holy Land and enjoy seven Discounts, even the top powers in the capital may not have them."

Everyone is envious.

Bloodline area.

At this time it has calmed down.

After Dongfangqing came back, he looked at Liu Tong who was lying on the ground coldly, and said coldly: "Drive Liu Tong to the Holy Land of Blood Vessels. From now on, I will not step into the Holy Land of Blood Veins."

When Liu Tong heard it, his eyes went dark, and he almost passed out.

"President Dongfang, President Dongfang...It's really none of my business, I'm innocent, please forgive me!" Liu Tong desperately hugged Dongfang Qing's calf and cried.

"Get out!" Dongfang Qing's face sank, kicking Liu Tong in the chest, and kicking him out directly, "Do you know why I punish you? If you just let people into the old man's bloodline room, that's all, but you After a problem, instead of knowing to repent, confessing my negligence, but arguing, desperately quibbling, and trying to get through it, in the end, in order to get rid of sin, I even framed others. If you continue to stay in the Holy Land of my blood, that would be right. An insult to my blood sanctuary."

Liu Tong fell to the ground, spouting blood, and cried, "President Dongfang, give me another chance!"

"Hmph, the old man is merciful if he doesn't kill you, and asks the old man to forgive you, go, don't go, believe it or not, the old man will kill you now! Don't let me drag him away!"

Liu Tong screamed, knowing that there would be no room for change. Although he was in the bloodline holy land, who was the other party? The president of the Holy Land of Blood, is it a matter of a word to abolish him?

Immediately two guards stepped forward and dragged Liu Tong out like a dead fish.

Dongfang Qing's gaze fell on Lin Xinrou again. Lin Xinrou was agitated, and her heart was up and down, and her whole person was panicked. He only felt dizzy and cried: "Mr. Dare."

Dongfang Qing smiled suddenly, "What's wrong with you? The old man also wants to thank you for bringing people to my bloodline room. I ask you, what was the name of the boy just now? What is his identity?"

Lin Xinrou looked at Dongfang Qing whose painting style had changed, and she was confused, "I...I don't know...I only know that his name is Qin Chen."

"Qin Chen?" Dongfang Qing thoughtfully, then nodded: "You did a good job today. Go to the Holy Land to get an extra month's salary. Go back to rest for two days!"

"Yes!" Lin Xinrou was dizzy, and stupidly walked out, until she was out of the bloodline area, she still didn't understand what happened.

"Li Wenyu, help me find out what Qin Chen's background is!" Dongfang Qing said suddenly.

"Yes." Li Wenyu seemed to understand something, and asked in doubt: "President, does that young man have a lot of background?"

He has followed Dongfang Qing for so many years, and he has never seen a young man who can make the chairman so important.

"Backing? Didn't you see it just now!" Dongfang Qing glanced at him, walked into the blood vessel, stared at the blood vessel in front of him, and couldn't help showing a shocked look in his eyes.

"My subordinates are dull!"

Dongfang Qing pointed to the blood vessel in front of him, and said: "This latest type of blood vessel has six states and eighteen levels. Every time you raise a level, an additional pattern will light up. The higher the level, the blood vessel The intensity of the

instrument's detection is also stronger. Now, how many array patterns do you see on the blood vessel instrument?"

"One, two, three..." Li Wenyu concentrated on the count, suddenly startled, and lost his voice: "Eighteen ways, how is this possible?"

"Yes, it is the Eighteen Paths." Dongfang Qing had a deep gaze, and said in a deep voice: "This bloodline instrument is the old man who had to return from the superior bloodline sacred place not long ago. It is extremely rare in the entire North Five Kingdoms. As for the Great Qi Kingdom This is the only one, and there is no difference. Even the old man has only mastered the opening techniques of the first twelve levels. But the boy just turned on the blood vessel to the highest power eighteenth level. Say what's going on?"

Li Wenyu said in amazement: "President, do you mean that there is a powerful bloodline master behind this young man?"

"It's very possible. Even if it isn't, this one is definitely not easy." Dongfang Qing squinted his eyes, stroked his beard, and thought thoughtfully: "Our king's capital has such an interesting young man, hehe, it is really interesting! "

Qin Chen sighed when he returned home and found that his mother was not there.

"Mother these days, every day I go out early and return late every day, I must be rushing to make money. After the college entrance examination, I have to find a way to make some money. I must not let my mother continue to work hard."

He made up his mind secretly, then returned to his room and continued to practice.

In the simple room, Qin Chen sat cross-legged, a faint blood halo appeared on his body, and a faint blood rune appeared under him, wrapping him in it.

As a Tier 8 bloodline emperor in his previous life, Qin Chen naturally knew a lot of bloodline cultivation techniques, and what he was practicing at the moment was a bloodline cultivation technique that was extremely against the sky in his previous life.

After the bloodline is awakened, there needs to be a consolidation process, and what Qin Chen does is to consolidate his bloodline.

Secondly, the martial artist's control of the bloodline requires constant attempts to control it and urge it. Qin Chen is now increasing his control over the bloodline.

"What's the matter, my bloodline power is slightly improved than before!"

An hour later, Qin Chen was shocked to find that the trace of thunder and lightning in his body had actually gained a slight increase.

Although this growth was extremely subtle, ordinary warriors would not care at all, but he discovered it at once.

Chapter 35-Divine Bloodline

"Impossible, the general martial artist who wants to improve the bloodline can only improve by absorbing the bloodline power and blood crystals in the blood beast, or through the promotion of the bloodline master, but my thunderous bloodline..."

A bloodline that can grow on its own?

Qin Chen was shocked by his discovery.

In addition to the first to ninth ranks, the blood under the sky is also divided into three levels: ordinary, profound, and king.

This is because no matter how trash the bloodline can be promoted by the bloodline master or absorb the power of the bloodline.

But the level of different bloodlines is different, and the possibility of final growth is also different.

Fan-level bloodline refers to the ordinary bloodline that can only grow into a third-grade bloodline.

This bloodline can only be promoted to the third rank, and the most common.

Profound level, it is the bloodline that can be raised to the sixth rank.

As for the king rank, it is the bloodline that can grow to the ninth rank.

According to legend, above the king-level bloodline, there is also a god-level bloodline. This kind of bloodline does not need to absorb the bloodline power and blood crystals of the blood beast, and it can improve its rank as the martial artist improves.

It's just that this bloodline only exists in legends, and Qin Chen has only heard of it in his previous life, and has never seen it.

"Is my Thunder bloodline the legendary god-level bloodline?"

Qin Chen only felt hot all over and sweaty palms.

Although he doesn't know how terrifying the god-level bloodline is, it can be known from the literature that the growth and power of the god-level bloodline is far higher than that of the king-level bloodline. The geniuses who have the god-level bloodline in history, as long as they don't fall, eventually His achievements are extremely amazing.

"Whether it is a god-level bloodline or not, the top priority is to improve my cultivation level. I have fallen behind too much before, and time is not waiting for anyone. I must advance to the late human level before the college entrance examination."

Qin Chen let out a long breath, his eyes gleaming.

In the next few days, he stayed home and fell into retreat.

The Nine Star God Emperor Jue was doing Zhou Tian one after another in his body.

After each week, the true qi in the twelve meridians in Qin Chen's body will rise.

At this time, the power of the Nine Star God Emperor Jue was reflected.

In general, after running for dozens of weeks, the meridians of the human body will not be able to withstand the impact of true qi, and will cause minor damage. Warriors often need to rest for a period of time before they can continue to practice.

But the Jiuxing Divine Emperor Jue will nourish and repair the meridians while cultivating, that is, it can cultivate endlessly without causing damage to the meridians.

After practicing again and again, the true energy in Qin Chen's body became stronger and stronger.

Finally the day before the college entrance examination is coming.

"boom!"

There was a sudden muffled noise in Qin Chen's dantian, and the whole body trembled slightly.

Break through the late human level!

The capacity of the qi pool immediately expanded ten times. The qi pool the size of a washbasin immediately became one meter square, containing a large amount of pure zhenqi, like a full lake, surging.

"Finally broke through the late stage of the human level, the next goal is the ground level, striving to break through to the ground level within a month, otherwise, this cultivation speed will be too slow."

If other warriors heard the thoughts in Qin Chen's heart, they would have to vomit blood in depression.

In one month, the breakthrough from the early stage of the human level to the late stage of the human level is almost comparable to the one-year cultivation of some genius teenagers, and it is actually too slow.

It's unreasonable.

"Anyway, after reaching the late human level, those who want to see my jokes in the college entrance examination will probably be disappointed."

Qin Chen smiled coldly, and Zhao Feng's sinister expression appeared in his mind.

"I don't know where my strength is now?"

Qin Chen stood up and walked into the courtyard.

It was midday, and there was no one in the house, and Qin Yuechi generally did not return at noon.

Qin Chen stared at a half-person tall black stone in the courtyard in front of him, his steps were slightly wrong, his legs slammed, and he rushed out.

"Crack!"

Where Qin Chen stood before, the floor tiles burst open immediately, spreading like a spider web, his whole body was like a flash of lightning, and he came to the stone in an instant, using the strength of his legs to drive his waist, then his waist to drive his back, and then his shoulders. , And finally condensed the power on the right fist, and punched on the rock.

"boom!"

With a loud bang, the whole rock was pierced by the force of the fist, and it was instantly torn apart, turning into fist-sized pieces of gravel, bursting to the ground.

"The power of this punch should be around 20 horsepower!" Qin Chen nodded in satisfaction.

A warrior in the early stage of the ordinary human level has a power of one horse, a warrior in the mid-human level has a power of five horses, and a warrior of the late human level has a power of ten horses.

As soon as Qin Chen broke through the late stage of the human level, he had 20 horsepower, which was considered quite good. As his cultivation level increased, his power would definitely become stronger.

"Take a break and wait for tomorrow's college entrance examination."

Qin Chen put on a set of clean clothes and closed his eyes to rest in the room.

Qin Mansion.

The courtyard where Zhao Feng lives.

"Qin Yong, tomorrow is the Big Star Academy exam, what happened to what I asked you to do?" Zhao Feng said gloomily, sitting on a chaise longue.

"Madam Hui, everything is done, but..." Qin Yong bowed and said slightly.

"Just what?"

"That person thinks that his wife gave too little, and he wants to add 20,000 yuan."

"Hmph, give it to him."

Zhao Feng squinted his eyes and said, "As long as that little beast can't pass the Big Star Academy exam, 20,000 yuan is nothing."

"Yes." Qin Yong nodded, some hesitant to say something, and finally said: "Madam, is it worth it for us to spend so much energy for such a kid? If we let the people at the Star Academy know that we bought their assessment teacher, Tianxing Academy became furious, it is very dangerous for our Qin family."

"Huh, what do you know?" Zhao Feng squinted his eyes and said, "No matter how Qin Chen is, it is also the blood of the old man. Even though Liang Yu's matter was used this time to drive their mother and son out of Qin's house, if the old man is It's still possible to take their mother and son back to the mansion again, but if the kid fails the college entrance examination of the Star Academy, it will be different if he is expelled from the academy.

"What I want is the mother and son of Qin Yuechi. I won't be able to return to the Qin family in this life." Zhao Feng shouted sharply, with a hideous face.

Qin Yong said suddenly, "Madam, my subordinates understand."

Zhao Feng nodded: "You have time to communicate again. Money is not a problem. I hope that there will never be any business trips this time. If that kid passes the college entrance examination, it will be in trouble!"

"Mother, what are you worried about? This college entrance examination will be attended by all the students of the whole grade. I promise you that even if Qin Chen awakens his blood, I will invalidate him in the following examination."

The door opened, and Qin Fen walked in confidently.

Chapter 36

"Fen'er." Zhao Feng smiled when he saw the visitor: "How are you in your cultivation these days?"

Qin Fen grinned and said, "Mother, don't worry, the child has already broken through to the peak of the late human level, and is only one step away from the predecessor level. It is more than enough to deal with the kid Qin Chen, and one move can destroy him."

Zhao Feng's face showed a trace of relief and exclaimed: "Okay, Fen'er, but you can't focus on Qin Chen. Mother hopes that you can learn from your elder brother and become the top genius in the capital."

"Mother, you always want me to learn from my eldest brother. How can I compare to him because of his talent." Qin Fen said depressed.

His elder brother Qin Feng is the first genius of the Qin family and the pride of Zhao Feng.

Qin Feng has shown extremely amazing talent since he was a child. As early as a few years ago, he had already broken through the prefecture level, followed King Dingwu on the battlefield, and made several great achievements. Now he is the first lieutenant in the army and is also close to the general. Only one step away.

Qin Fen can be said to have lived under the shadow of his elder brother since childhood.

Fortunately, Qin Chen has always placed him at the bottom.

"Hey, my good brother, you'd better pray that you don't awaken your bloodline tomorrow." Thinking of tomorrow's college entrance examination, Qin Fen's mouth twitched slightly and a sneer appeared on his face.

At this time, Wu'an Hou Mansion!

A group of students from the advanced class of the Star Academy gathered here, all of whom were noble children in the royal family.

"Congratulations to Master Xiaohou, Master Congratulations to Master Xiaohou, for breaking through the prefecture level in one fell swoop, you will be able to graduate from Tianxing Academy tomorrow, and then follow Wu'anhou to enter the court as an official, fight on the battlefield, and worship the king."

In the courtyard, the children of the kings and grandchildren, surrounded by a fair-faced, feminine-eyed young man, complimented.

"Haha." The feminine young man was dressed in a splendid robe and lion cloud boots. Although in the cold winter, he held a paper fan with a graceful manner. "Then I would like to thank you all."

"Master Xiaohou is polite. From now on, Master Xiaohou will become soaring. Don't forget everyone."

"Yeah yeah!"

"Lord Xiao Hou is only seventeen years old, he is already a powerhouse at the prefecture level. There are so many noble children in the entire king, and there are a few who can compare with Lord Hou."

A group of people were extremely skilled.

In the crowd, Wei Zhen's face was gloomy, and he looked at the feminine boy uncomfortably.

He and Li Qingfeng are both Houmen disciples. They have a good relationship on weekdays and have a lot of exchanges, but at the same time they are secretly competing with each other, and neither is convinced.

Now that Li Qingfeng has broken through the prefecture level, and he is still struggling at the peak of the human level, not only has he not made progress in his cultivation these days, but he has actually regressed.

There was a faint feeling in his heart that the reason why he was like this was absolutely related to the kick Qin Chen kicked his dantian.

He had also consulted some doctors and pharmacists, but after the diagnosis, he said that there was no problem without him, which made him extremely irritable and became increasingly angry with Qin Chen.

"Brother Li!"

After waiting for a few less people around, Wei Zhen stepped forward immediately.

"Oh? Brother Wei!" Li Qingfeng smiled slightly, patted his hand with a fan, and looked at Wei Zhen. There was a high look in his eyes, and a smile was drawn at the corner of his mouth: "This time, I will break through the prefecture level first for my brother. , Brother Wei should cheer up, don't neglect, brother still wants to wait for Brother Wei to break through, and then we can compare each other."

"Brother Li, don't worry, Wei will not let Brother Li wait for a long time!" Wei Zhen suppressed his uncomfortable heart, said proudly, and then the conversation changed, "Wei came today and asked for something!"

"Oh?"

"Tomorrow's college entrance examination, I hope Brother Li will help me teach someone." Wei Zhen gritted his teeth.

"Who?" Li Qingfeng was surprised. Wei Zhen is not a person who likes to ask for help. Moreover, who is he going to teach, and he needs to beg for himself?

"Qin Chen!" Wei Zhen squinted his eyes and said every word, his eyes shot with hatred.

Li Qingfeng frowned, "Which Qin Chen?"

"Which one is Qin Chen you know."

"he?"

Li Qingfeng was stunned. Qin Chen was so famous that he was not only the illegitimate son of the Qin family known as the military **** family, but also the first student who might be expelled because of his inability to awaken his blood. Although Chen is only a junior class student, he has also heard of the other's name.

Just such a guy, Wei Zhen can easily solve it by himself, why would he let himself take the shot?

Staring at Li Qingfeng's puzzled gaze, Wei Zhen seemed to know the doubts in the other party's heart and gritted his teeth and said, "This person is not as simple as you think."

"Oh? Come and listen."

Li Qingfeng came interested.

Wei Zhen told the ins and outs of the incident. The excitement on Li Qingfeng's face became more intense. He looked at Wei Zhen disdainfully, and seemed to disdain him for being defeated by a trash, and said calmly: "Haha, it's interesting, I accepted."

Anyway, he has broken through the prefecture level, and after the big exam, he can graduate from the Star Academy, and give Qin Chen a lesson. No one cares about him.

King Kang's mansion, martial arts field.

"The sky is full of stars!"

Zhao Lingshan was holding a star sword and pierced it out. There seemed to be countless stars twinkling in the sky, dense and inevitable.

Jingle bells!

There was a crisp sound of gold and iron fighting, and the three guards backed back, and they had to withdraw for nearly ten steps before stopping. On their chests, there were several torn sword marks that touched the inner armor.

"The county chief has a high level of cultivation, I am ashamed." Several guards sighed.

"Flap!"

King Kang Zhao Jing stood aside, slapped his palms with a smile on his face, and said gratefully to Liang Yu who was on the side: "Thank you, Master Liang, for making the little girl's cultivation level possible. It only took a month to break through. I will be able to graduate from Star Academy tomorrow."

Liang Yu said indifferently: "Prince Kang is over-famous. That's also because of the princess's extraordinary talents. The awakened person is the third-rank bloodline and the spiritual talent reaches orange. Therefore, the cultivation of the old man's subtle and mysterious method can get twice the result with half the effort and break through the prefecture level within a month. "

Lord Kang smiled and said: "No matter what, all this is the master's credit. After the little girl graduates from the Star Academy, this king hopes that she can learn from Master Liang and strive to become a real refiner as soon as possible."

Liang Yu said: "I asked her to break through the prefecture level as soon as possible and graduate from the Star Academy, which is exactly what I meant."

"Haha." Lord Kang laughed: "Tomorrow is the big exam of the Star Academy a year ago. I wonder if Master Liang is interested in taking a look at the big exam tomorrow?"

An extraordinary figure suddenly appeared in Liang Yu's mind, exhaling: "That is necessary."

Liang Yu and Lord Kang talked and smiled and left the training ground, while Zhao Lingshan continued to practice.

Chapter 37

One day passed quickly.

"Today is the college entrance examination."

Qin Chen put on his clothes early in the morning, walked out of the room energetically, and saw his mother busy in the kitchen.

"Chen'er!" Seeing Qin Chen, Qin Yuechi stopped working, and soon brought a bowl of steaming noodles and some cooked food.

"Mother, today is the college entrance exam, so you don't need to be busy, go and take a look with your child." Qin Chen said while eating.

In order to prevent Qin Chen from feeling the pressure, Qin Yuechi has never talked about the college entrance examination these days. Today is the day of the college entrance examination. She originally wanted to tell her, but worried that Qin Chen would be under pressure, so she was very hesitant in her heart. Thinking of Qin Chen speaking out by himself.

"Well, you go there first, mother will go to see after the meeting." Qin Yuechi nodded and looked at Qin Chen gently.

Tianxing Academy is full of voices and lively.

The annual exam is the biggest event of the Star Academy. It is held once a year, when many high-ranking officials and dignitaries will come, and even the palace will send masters, and the dean who has always been fascinated will also participate in person.

The annual big exam is naturally extremely important to every student in the college, and there is no room for loss.

At this time, groups of students stood together in groups, and there were lively discussions.

Before the big exam started, many students had already gathered in the academy's martial arts field, waiting for the big exam to start.

Around the martial arts field, there are many high platforms, which are for many senior officials and students' parents who come to visit.

Qin Chen thought he had arrived very early, and unexpectedly, when he arrived at the martial arts venue, most of the students had already arrived.

"Look, isn't this Qin Chen?"

"I heard that he hasn't awakened his blood yet, and if he can't awaken again, he will be expelled from the academy."

"This person is a disciple of the Qin family, the grandson of King Dingwu, how could he not even be able to awaken his bloodline? It's incredible!"

"Tsk tsk, I heard that he is the illegitimate child of the Qin family, and the inheritance of blood comes from his parents. His mother is the eldest Qin family, and the blood is naturally not bad, but his father..."

"Shhh, shut up, no matter what, he is also a child of the Qin family. If someone hears it, you will die."

Wherever Qin Chen went, there would be whispers, and the students around all peeked at Qin Chen with surprise.

Qin Chen heard these words in his ears, expressionless.

These words could not arouse the slightest disturbance in his heart.

"Little dust, you finally came."

A surprised voice came, and Lin Tian and Zhang Ying came to Qin Chen excitedly.

"Are you two okay?" Qin Chen took a look at the two of them. After more than half a month, the injuries on the two of them had healed, and they looked refreshed.

"We are fine, but you are less dusty. Did Wei Zhen trouble you afterwards?"

Thinking of the last time, the two of them still had lingering fears.

"He?" Qin Chen smiled faintly: "If he dares to come, I will let him come back."

Qin Chen's casual and domineering expression made Lin Tian and Zhang Ying startled. They looked at Qin Chen deeply and found that their brother was really different from before.

"By the way, Shao Chen, the formula you gave last time is amazing. After Lin Tian and I practiced, the speed of gathering true qi was several times faster than before. This is really...well, neither of us I know how to thank you!"

After the two came back to their senses, they seemed to have thought of something, and they immediately spoke with excitement with a look of excitement.

In half a month's time, the two not only broke through the middle stage of the human level, but also went further, which was beyond the imagination of the two of them before.

"It's a small matter, don't worry about it." Qin Chen smiled lightly. He had already come out. The aura on the two of them had obviously made a breakthrough. Not only did they enter the middle stage of the human level, but also did not reach the latter stage of the human level. Far.

It seems that both Lin Tian and Zhang Ying's talents are pretty good, otherwise they would never have progressed so fast just by using a formula.

"Qin Chen, I didn't expect you to really dare to take the year-end exam?"

At this moment, a sound of mockery suddenly sounded, and Qin Fen and several students walked over, looked at Qin Chen with contempt, and stopped them in front of Qin Chen.

These people, all with extraordinary aura, are obviously disciples of the advanced class, with their arms around them, so they can look at Qin Chen and the three people in leisure, their eyes are narrowed, and the corners of their mouths are like a cat playing with a mouse.

Lin Tian and Zhang Ying suffocated, with nervous expressions on their faces, and they all looked at Qin Chen. They all recognized Qin Fen and knew that this person was Qin Chen's second cousin, but the relationship between the two seemed not very good. At least in the academy, what happened to Qin Chen had never seen Qin Fen and the others come forward.

"Step aside."

Qin Chen raised his head blankly and looked at Qin Fen. His expression made the students around Qin Fen a little startled, hehe, interesting.

"Qin Fen, is this the **** of your Qin family?"

"As the second brother, he doesn't seem to bird you very much."

Several people looked at each other, then laughed, their eyes narrowed slightly, as if it depended on Qin Fen's handling.

At this time, the eyes of other students around were also watching.

Qin Chen calmly raised his head and said coldly to the two of them: "Get out of the way, a good dog won't get in the way!"

The expressions on the faces of several people instantly solidified, and the smiles at the corners of their mouths bloomed halfway through, and their expressions became extremely ugly in an instant. Under the eyes of everyone, they were called dogs by Qin Chen, so how would they mess with the king in the future?

In an instant, a trace of coldness and murderous aura quickly rose from the two of them.

"Boy, what are you talking about?"

"Qin Fen, is this the child of your Qin family?"

"Qin Fen, today Xiu blames Ben Shao for giving you the face of the Qin family and teach him a lesson."

A few people took a step forward, and there was a seeping chill on their bodies, their expressions gloomy as if water could drip, their fists were creaked, and they stared at Qin Chen.

Lin Tian and Zhang Ying were shocked, their eyes were tense, and they hurriedly circulated the true energy in their bodies, stepping forward one after another, blocking Qin Chen.

The expressions of the two were as if they were facing an enemy, and cold sweat broke out on their foreheads.

At this moment, Qin Chen pushed away the two of them, and said lightly: "Lin Tian and Zhang Ying, you two get out of the way, I want to see, in the year-end exam, how will they teach me when everyone is in full view?"

Qin Chen had a faint mocking smile at the corner of his mouth. The seemingly unconventional appearance made Qin Fen and the people around him startled. They hurriedly looked around, their expressions choked, and cold sweat broke out on their foreheads.

Although they are in the corner of the square, many people have noticed the situation here, especially above the surrounding high positions. Many of the invited powerful kings, kings and grandsons, have arrived. Naturally, we can notice the scene here, and many people have already watched sharply.

The two of them felt terribly cold. Today is the day of the college year-end exam. If they accidentally ruin the college's year-end exam and arouse the anger of the college's senior management, even their noble children will find it hard to please.

"Huh, kid, don't be arrogant. It's best to look forward to not meeting us during the year-end exam, otherwise, I will let you know what regret is."

The cloudy and sunny faces of several people changed for a long time, and finally they could only snorted coldly, suppressed the anger in their hearts, and retreated.

"Haha." Qin Chen sneered, without even looking at a few people, leading Lin Tian and Zhang Ying directly through them.

Qin Chen's contempt caused Qin Fen and the few people around him to smoke, almost unable to suppress the anger, this kind of contempt made people even more angry and aggrieved than public insults.

But they couldn't get angry yet, so they could only gritted their teeth and squeezed their anger into their bodies.

"Little beast, you are still arrogant at this time, and once the blood awakening ceremony is over, I see how arrogant you are." Qin Fen said with cold eyes.

Chapter 38-College Exam

Just when Qin Chen and Lin Tian were about to leave.

Outside the square, another group of people suddenly came.

All of these people have shiny fur clothes, extraordinary bearing, and their eyes are as sharp as eagles, giving people a feeling that they dare not look closely.

Where everyone went, many students who were originally present retreated one after another, showing fear.

This group of people is just a group of princes' children headed by Li Qingfeng. Wei Zhen and Wei Zhen are also walking in the crowd, looking at the appearance of the leader Li Qingfeng's majestic power, and they are secretly depressed.

Suddenly, the eyes of the two people caught Qin Chen, and their faces suddenly stiffened.

"Wei Zhen, this is what you call Qin Chen?" Li Qingfeng noticed the gazes of the two and suddenly said with a smile.

"Yes, it's him!" Wei Zhen gritted his teeth, his eyes burning with anger.

If Qin Chen was moving forward, he turned his head and saw Wei Zhen's gaze and the cold killing intent contained therein.

Then, Qin Chen's eyes fell on Li Qingfeng who was beside Wei Zhen.

Although Li Qingfeng had condensed his breath, Qin Chen could see through his cultivation level at a glance with what a glance.

The eyes of the two suddenly collided in the void.

"Haha, interesting."

Li Qingfeng's eyes flashed. It was the first time he saw someone, and he didn't avoid it in his own eyes. Moreover, it was also a famous college who had not awakened his blood for several years.

Qin Chen just glanced at him faintly, then turned his head and ignored him.

"Little dust, the man just now was Li Qingfeng, the son of Wu'an Hou's family, with a very high cultivation base. It is said that he is the same as Wei Zhen, only one step away from prefecture level."

"Wu'anhou is in power in the DPRK, so many students in many advanced classes follow this Li Qingfeng."

Lin Tian and Zhang Ying explained to the side at this time.

More than just about to enter the ground level, this person is already a ground level powerhouse. Qin Chen's thoughts flashed in his heart, but he did not say that the ground level warrior could not attract his attention at all.

"Okay, let's not mention these things, let's find a place to sit."

With a smile, Qin Chen walked into the square with Lin Tian and Zhang Ying.

Anyone who is a disciple of the Star Academy must take the year-end exam.

There are more than ten primary, intermediate, and advanced classes in Tianxing College, with thousands of students.

With so many disciples gathered on the square, it seemed extremely noisy.

On the square, the masters of all major forces in the royal capital, including some princes and generals, also rushed to gather around the square to form a camp.

The Star Academy is the first academy in the Great Qi State. All major powers in the capital, relatives of the imperial family, princes and generals will send their children to the Star Academy, and every year-end entrance examination, the academy also invites students' parents to attend the ceremony. .

"Master Liang Yu, please here."

On the high platform, Lord Kang waved his hand with a smile, and led Liang Yu to his seat.

Zhao Lingshan stood aside respectfully.

"Master Liang Yu, I didn't expect that the son of Wu'an Hou's family also broke through the prefecture level. Master thinks that this person will be Shan'er's opponent?" Since Liang Yu entered the square, his eyes have always been on a corner of the square, Lord Kang Under doubt, I saw Li Qingfeng and a group of people, thinking that Liang Yu was paying attention to Li Qingfeng, and suddenly said with a smile.

"Oh?" Liang Yu was taken aback for a moment, then he reacted and said with a smile: "Li Qingfeng is extremely talented. It is indeed difficult for Lingshan to beat him, but I am not concerned about him, but saw one. Little friend."

Lord Kang said with doubts on his face: "Little friend?" He looked up, but didn't see any particularly noteworthy students. He couldn't help but wondered: "Who is Master Liang referring to?"

What makes Liang Yu a little friend must be extraordinary.

"Master said Qin Chen?" Lingshan suddenly said, seeing Qin Chen, and her heart suddenly moved.

Liang Yu smiled, his face became solemn, and solemnly warned: "Lingshan, if you meet this person later, you must be polite, and greet him on behalf of the teacher."

There was a hint of curiosity in Zhao Lingshan's eyes, but he respectfully said, "Yes, Master!" There was doubt in her heart. Who on earth is this Qin Chen who can make Master pay such attention? Remember that Qin Chen and Master were in the Hall of Instruments. After leaving for a while, after returning, Master's attitude towards him changed drastically. What happened between Master and Qin Chen at that time?

"Shan'er, what is Qin Chen said by Master Liang..." Wang Ye knew nothing, and asked in confusion.

"Father, it's Qin Chen from Dingwu Palace, Qin Yuechi's son!"

"he?"

Lord Kang was taken aback for a moment. He really heard that Qin Chen was an illegitimate son of the Dingwu Palace. It is said that he has never awakened his blood, but how could Master Liang pay attention to such a young man?

Liang Yu smiled without saying a word, just looking at Qin Chen's eyes, revealing a deep dignity.

A month ago, after Qin Chen went to the Hall of Devices, Liang Yu secretly sent someone to investigate him.

What surprised Liang Yu was that Qin Chen, who surprised him as a celestial being in the Hall of Equipment, turned out to be an illegitimate son of Dingwu Prince's Mansion. Moreover, he had never awakened his blood and was about to be expelled from the Tianxing Academy.

He even investigated the many grievances of Dingwu Prince's Mansion and knew that Qin Chen had been expelled from the house by the Qin family not long ago.

"It's such a young man, but he has shown amazing talents in refining tools, even surpassing him as a second-grade refining master."

"Where did he come from?"

"Since you have such a deep refining ability, why would you be suppressed like this in the Qin family again? Even the one who lives is worse than a subordinate?"

"There must be an untold shocking secret in this young man!?" A series of questions circled in Liang Yu's mind.

In his opinion, Qin Chen's performance in Dingwu Palace was definitely deliberately pretending to be a pig and eating a tiger, hiding himself.

But no matter what Qin Chen's purpose is, as long as he thinks of the refining that day, Liang Yu's blood boils all over, and there is even an urge to worship Qin Chen as his teacher.

Therefore, after learning that today was the Big Star Academy exam, Liang Yu immediately agreed to Lord Kang's invitation and came to watch, the purpose was to find an opportunity to contact Qin Chen without arousing his disgust.

"Brother Wang, did you come to the Star Academy too? Are you here to watch the year-end exam of Lingshan's niece! Ha ha, with Lingshan's niece's talent, today's exam will definitely shine!" At this moment, a frivolous voice suddenly appeared. The ears of a few people rang, but they saw a bloated, wretched middle-aged man walking over with a flattering expression.

It was Prince Qi Zhao Qirui, beside him, there was a woman with rich clothes, Danfeng eyes, thin lips, and it was Zhao Feng.

Chapter 39

"Big brother, what are you doing here?" Lord Kang, Zhao Jing frowned and looked at Zhao Qirui.

Zhao Jing and Zhao Qirui are both relatives of the emperor, and naturally have some origins, but the realm of the two is too far apart. Zhao Jing has always looked down upon Zhao Qirui, a prince who only knows how to corrupt the reputation of the royal family.

"Hehe, Brother Wang, the entrance examination of the Tianxing Academy is also a major event in my great Qi country. Brother Wang, I came to visit and visit, so I want to see and see."

Zhao Qirui was dismissive of Lord Kang's disdain. He set his eyes on Liang Yu and said with a smile: "This should be Master Liang Yu from the Hall of Instruments? I heard that there were some misunderstandings between Master Liang and Prince Dingwu? It is Anpinghou's eldest wife Zhao Feng, Master Liang and Anpinghou are all elites of my great Qi country. If you have any misunderstandings, just let it go, but you must keep it in your heart so as not to hurt your peace."

"Master Liang Yu, I didn't expect to meet you here. It's really unexpected."

Zhao Feng hurriedly seized the opportunity and stepped forward and said: "I had some misunderstandings between the Qin family and the master before, but those are the family children who are not well versed in the world. If there is something offended, I hope Master Liang Yu Haihan Qin Fen, Inuzi, has also been taught."

"Ms. Zhao joked. The Qin family's affairs have nothing to do with Liang, so there is no need to explain it to Liang."

"Zhao Feng has always been wrong about Qin Chen's mother and her son, how can he get close to Qin Chen if he wants to climb to her." Liang Yu sneered in his heart.

Seeing that Liang Yu was unmoved, Zhao Feng continued: "In order to express our Qin Mansion's apologies, not long ago, I have expelled Qin Chen, the unfilial son who had offended your master, along with his mother Qin Yuechi. They It's not my Qin family anymore."

"In this way, I can express my sincere heart to Liang Yu and draw Liang Yu back in; secondly, even if the old man comes back and wants to pick up Qin Yuechi's mother and son, this matter has already made everyone in the royal capital known, and the old man will consider the reputation of the Qin Mansion. Make concessions." Zhao Feng calculated in his heart, and the corner of his mouth couldn't help but lifted up.

When Lord Kang on the side heard the name Qin Chen, his eyes lit up, and he stared at him with interest.

"what?"

Liang Yu's expression suddenly changed when he heard this, and cold sweat oozes from his forehead. "You mean Qin Chen was expelled from the Qin family because of a conflict with me?"

"Exactly." Zhao Feng's eyes lit up, thinking that he had received Liang Yu's approval, and said triumphantly: "Qin Chen's trash, how dare you offend Master Liang Yu, my Qin family just expelled him, it is already a big deal. It's good. If you want me to say, this person should be abolished directly, and then kneel at the door of the Hall of Apparatus for ten days and ten nights, so that the master's hatred in your heart can be solved."

Zhao Feng's expression was passionate, but Liang Yu's heart was dripping with cold sweat.

"If that's the case, doesn't Qin Chen hate himself to death? The Qin family wants to kill him." Liang Yu said angrily in his heart!

For a while, Liang Yu's body was cold, and his back was dripping with cold sweat.

"Master Liang, are you okay?" Zhao Jing couldn't help but see that something was wrong with Liang Yu.

"I'm okay." Liang Yu woke up abruptly, and his heart sank. Now that the matter is up, he can only find a way to make up for it.

Liang Yu glanced bitterly at Zhao Feng, who was still eloquent. He even thought about cutting her alive. He snorted coldly, "You don't want to listen to the Qin family's affairs, Mrs. Zhao. Please do it!"

Liang Yu waved his hand, and his tone became bad.

Zhao Feng's smile stiffened. He didn't know what had happened, but he quickly turned around and said, "Master Liang, the concubine wants to reconcile with you, so, if you treat my Qin family. If there is any dissatisfaction, just say it, as long as I can do it, I will not refuse."

"Haha." Liang Yu sneered, and said with a mocking expression: "Mrs. Zhao is joking. Liang must not dare to have a relationship with your Qin family. Liang has something to discuss with King Kang. Please leave soon, Madam."

Liang Yu turned his head, his face was gloomy, and he no longer looked at Zhao Feng.

Zhao Feng's complexion instantly became extremely ugly, and neither did he leave for a while, nor did he stay.

At this time, Prince Qi Zhao Qirui smiled and said, "Master Liang..."

He still wanted to make peace in the middle, but he didn't want Liang Yu to give him no face at all. Before he could speak, he interrupted directly: "Prince Qi, Liang seems to be unfamiliar with you, so don't keep it much."

Liang Yu was furious in his heart, "Zhao Qirui still wants to fight Qin Yuechi's idea, and does not look at his own virtues. If Qin Chen sees that he is staying with this person, wouldn't he be misunderstood again?"

Thinking of this, he couldn't help but sneered: "As a relative of the emperor, sometimes he should pay attention to the influence. He spends all day mixing with married women and being seen by others. I am afraid that I think they are two. What's wrong?"

"You..." Zhao Qirui's face turned green when he was told, and he was shaking with anger.

"Big Brother, Master Liang is right. In the future, when you walk with others, you have to pay attention to your sense of measure. Don't care about anyone. You will lose the majesty of the royal family." Zhao Jing gave Zhao Qirui a cold glance.

Zhao Qirui dared not say anything. Zhao Jing's position in the royal family was much higher than him. At this time, he could only depress and say, "Yes, Brother Wang."

The two of them left in a desperate manner.

"Madam, how are you talking with Master Liang?" Qin Yong asked when Zhao Fenggang returned to his stand.

Zhao Feng's face turned blue, his eyes filled with hideous meanings, and angrily said: "Huh, it's just a second-grade craftsman, what kind of pull, do you think it is the master of the palace?"

Zhao Qirui also had an ugly face, and coldly snorted: "Outrageous, Liang Yu is too arrogant."

Qin Yong saw that the two of them were anxious and depraved, he knew that the two of them must have been squashed just now, and he hurried back aside, not daring to touch them.

"Master Liang, calm down, Qi Wang has always been a bastard, don't break your body for this kind of popularity." Zhao Jing said to Liang Yu with relief as soon as Zhao Feng and others left.

Liang Yu nodded, did not speak, but frowned, thinking about how to dispel the bad impression he had in Qin Chen's heart. Alas, this Zhao Feng is simply harmful.

Zhao Jing looked at Liang Yu with frowning brows, thoughtfully, and stared slightly at Qin Chen's place. Who is this person who could make Master Liang Yu offend the Qin family and King Qi for him?

After all, the Qin family is also one of the leading giants in the Great Qi State. Although Liang Yu is a craftsman in the Palace of Tools, he doesn't need to care about the faces of some families, but if a wealthy family like the Qin family can't be guilty, naturally they are still not guilty. As well.

Interesting, really interesting.

Zhao Jing looked at Qin Chen's place, narrowed his eyes slightly, and smiled meaningfully.

Chapter 40

Below the stands, Qin Chen and the three sat together.

"There is little dust, the blood awakening ceremony after the meeting, you must not be nervous, just use your heart to sense the power in your blood, it will definitely be possible."

"Don't worry, I feel that Less Dust has become different from before, this time I will definitely be able to awaken the blood."

Knowing the truth in adversity, Qin Chen's heart warmed slightly when he heard what Lin Tian and Zhang Ying said.

Suddenly, Qin Chen turned his head and looked at the entrance of the square.

A slender figure slowly walked in from outside the square.

"mother!"

Qin Yuechi came to the square and swept his eyes slightly. The mother and son seemed to have a sharp heart, and their eyes met instantly.

Qin Yuechi smiled slightly and showed a cheering smile to Qin Chen, and then did not walk towards Qin Chen, but found a spot in the stands and sat down quietly.

Although Qin Yuechi came quietly, her alluring face attracted the attention of many people in an instant.

"Who is this woman? She is so beautiful?" a man exclaimed.

"Snapped!"

The friend next to him gave him a violent shudder in an instant, and whispered softly: "Be quiet, you don't even know her? She is the eldest lady of the Qin family and Qin Batian's youngest daughter, Qin Yuechi."

"What? That's her? The first beauty in the royal capital, she really deserves her reputation."

Above the stands, Zhao Feng, who saw this scene, narrowed his eyes, and the fierce light surged in his eyes, "Huh, I didn't expect Qin Yuechi, a bitch, to also come. Fortunately, just to see how her precious son was expelled. Out of the Sky Star Academy, hahaha..."

Wang Qi beside her had a hint of **** in his eyes.

"Master Dean is here."

At this moment, I don't know who suddenly yelled, and the whole square fell silent for an instant. A group of people walked in from outside the square. One of them was an old man with gray beard and white robe. It was Chu Weichen, the dean of Tianxing Academy.

By his side, there were several powerful men with extraordinary bearing, and the group soon came to the main table in the center of the high platform.

What shocked everyone was that in the past annual exams, it was always Dean Chu Weichen who sat on the main seat, but this time, after a little humility, it turned out to be a middle-aged man wearing a blue martial robes sitting. He was in the top position, and Dean Chu Weichen just sat next to him.

"Who is this guy?"

"Even sitting on the main seat, never seen it before?"

"Is it a big man in the palace?"

Many students discussed below.

"Hey, this time your Majesty sent Lingwu King Xiao Zhan to participate in this assessment. It seems that your Majesty attaches great importance to the assessment of the Star Academy?" When he saw the black man, Lord Kang blurted out in surprise.

Lingwu King Xiao Zhan is the **** of war in the Great Qi Kingdom. He has reached the pinnacle of the fourth-order Xuan-level in his cultivation. He is only one step into the sect.

Only he can sit above Dean Chu Weichen who is also a fourth-order profound level powerhouse.

At this time, some of the nobles and martial arts experts who had seen Xiao Zhan talked in secret, "Although Tianxing Academy is the first academy in the royal capital, it is not important enough to let Lingwu King Xiao Zhan come here? King Wu came here for another purpose."

"Could it be because of that..." Lord Kang's heart moved, suddenly thoughtful.

The venue for the year-end exam is the martial arts training ground of the college.

Although there are many people sitting on the high platform, it still looks very vast and magnificent.

"Everyone, today is the day of our Star Academy's big exam, everyone is welcome to come and participate."

An old man in a gray robe walked up to the high platform, said Hong Sheng, his eyes sharp.

This person is Ge Hong, the deputy dean of Tianxing College, and he is the presiding officer of all the colleges.

"The test is divided into two parts..." Ge Hong said loudly on stage.

At the end of the year, the exam is divided into blood awakening and martial arts competition.

The awakening of the blood is to gather all the disciples who have not yet awakened the blood together to receive the collective baptism.

This process is not taken seriously, it is equivalent to watching a ceremony.

After all, almost every student who can join the Star Academy is able to awaken the blood. The reason for not awakening is because many of them have not reached their age.

Most of these people are new students who have just joined the academy this year, and unsurprisingly, at the awakening ceremony at the end of the year, most of them will awaken their blood.

But this year's awakening ceremony was a bit different.

Some people who knew the inside story turned very strange expressions on their faces, searching among the students.

Because they heard that there has been a student who has joined the academy for more than two years and has never awakened his blood.

According to the rules of the Star Academy, if a student has not awakened his blood within three years of enrollment, he will be expelled from the academy.

Although this rule has existed since the establishment of the college, it has never happened before in the history of the Star Academy for hundreds of years.

But today, this record may be broken.

As long as the person still fails to awaken the blood in this blood awakening ceremony, he will be the first student in the history of the Star Academy to be expelled because he cannot awaken the blood.

If the other party is just an ordinary person, I am afraid it will not be able to attract so many people's attention.

However, this student without awakened blood is still the grandson of Dingwu King Qin Batian, the illegitimate son of the Qin family, Qin Chen, who is known as the military **** of Daqi.

With so many factors combined, people have to gossip.

After Ge Hong announced the process, a large group of junior squad disciples who had never awakened their blood were gathered on the square one after another. There were more than 100 people.

On the square, people who have already had blood sacred places have deployed various instruments.

Under the gaze of so many people, many students who came to the square felt extremely nervous.

"Hurry up and tell me, which one is Qin Chen from the Qin family?"

"Did you find it?"

"Father and dog of the Qin Family Tiger, there are disciples who have not awakened their blood for more than two years. It is incredible. If we still don't awaken today, the Qin Family will probably become a joke of my great Qi country."

"Hey, Brother Li, you are wrong about this. Although his mother is from the Qin family, his father is not from the Qin family. The so-called tiger father and dog son are not valid at all."

"That's true. I'm afraid that Qin Chen's bloodline cannot be awakened. It's also because of his father. How can I find such a man as the number one beauty in the great Qi country? Could it be that he was given to him while he was out... "

"Shhh! You don't want to kill you. You can't say something nonsense. Be careful of your head."

Amid the noise of the crowd, Qin Fen and others stared at Qin Chen's sinister eyes. By this look, everyone's eyes were startled, because they found that Qin Chen had no idea of getting up and entering the square.
