

Valkyrie 3101

[Chapter 3101: Abyss Demon](#)

boom! When the endless thunder light fell, the hearts of those peerless earth sages twitched fiercely, because they all felt the terrifying power contained in the thunder dragons, even these peerless earth sages, there was endless shock in their hearts. fear

As for some Van Sage-level guards, on the contrary, they couldn't feel the horror of this Thunder Dragon.

"This is the Guardian of the Thunder Dragon!"

Fu Qiankun and they all showed nervousness at this moment, and they all raised their hearts one by one, surprised and worried. The reason why Chendi Pavilion placed its headquarters in Tianlei City is because of the sea of thunder. Back then, when the heavenly powerhouse swept across the Tianwu Continent and descended on Tianlei City, Jianping Dao was ready to destroy Tianlei City, and at the critical moment, Storm from the sea of thunder

The thunder dragon surging out, beheaded the opponent, and stunned Liu Fengyu, Ling Luling and other Yao Mie Mansion holy realm masters.

"Is that thunder light?" Among this group of masters, the Gu Zunren was also shocked. In ancient times, the Tianwu Continent once encountered a powerful enemy of the heavens, and descended on the Tianwu Continent, making the top holy realm masters of the entire Tianwu Continent helpless. But, the master is

When the Tianwu Continent was about to be swallowed, a thunder light suddenly appeared, slashing it severely.

Now, such a terrifying thunder light appeared again.

However, the Ling Luling and the others were only warriors at the peak of Van Sage after all. The top masters who accidentally landed on the Tianwu Continent back then were tough, but they may not be terrifying to Dong Yuyin. Can this lightning light really resist them?

boom!

The endless thunder light fell, and it smashed into the crowd in an instant.

"Hahaha, the mere thunderbolt of the lower bound, want to kill me too?"

The peerless Di Sage and others in Yaomie Mansion were frightened, but they did not dare to retreat in front of the adults. They roared up to the sky, the holy light bloomed on their bodies, and they resolutely collided with the thunderous dragon that pierced the sky.

boom!

Thunder light bloomed, and a terrifying force that seemed to be able to destroy the chaos permeated at this moment.

"This breath..."

Dong Yuyin and other Heavenly Sage masters were shocked, their eyes were shocked, and their body could not help shaking, and the depths of their souls were shaking.

"Rewind!"

Dong Yuyin hurriedly shouted, then looked at Su Quan.

I saw Su Quan's dignified, hum, half-step above the holy master's flying boat, an invisible force enveloped them these heavenly masters, and a half-step holy master's breath also permeated out, to replace This group of peerless sages resisted.

but.....

boom!

When the endless thunder light fell, Su Quan released a half-step holy master aura. It only persisted for a moment, the next moment, click, the endless thunder light had penetrated the power released by Su Quan, and crashed down on the countless Glory House Saints. The body of the master.

"what!"

The screams are like purgatory coming, crackling, and thunder is blooming. This group of masters of the earth and sages, one by one, screams, under the thunder, the body is like white snow, silently shattered

.

Puff puff puff!

Under the thunder light, their bodies gasified silently, disappearing in ashes, and no bones existed.

This scene shocked everyone.

"Master Su Quan!"

Dong Yuyin and the others looked at Su Quan in horror.

"Holy Lord, it is indeed the precious land of the Holy Lord. There is a hint of the power of the Holy Lord in this thunder light..." Su Quan's eyes flickered, and his eyes burst out with excitement. In fact, he had long known that thunder would erupt in this sea of thunder. The light, from the memory of Emperor Wu of Guyangcheng, he has already captured it, Jian Pingdao, the master of the heavens who came that year

Just die in Thunder City on this day, annihilated by the infinite thunder of the sea of thunder. Therefore, he didn't make the first move before, otherwise, with his cultivation base, the entire Sky Thunder City could be wiped out in an instant, so why is it so troublesome to let his subordinates do it? Just for your noble half-step holy master status? That's great

Laughed.

Now, feeling the terrifying thunder light breath, the goose bumps on Su Quan's body have risen, both excitement and fear.

Hum!

In the endless sea of thunder, thunder rays condensed, aiming at Su Quan and the others, as if eyeing them.

"grown ups!"

Dong Yuyin and other Heavenly Sage masters, and even some of the overlords of Heavenly Sage Peak, had goose bumps all over, and felt a hint of crisis.

"Everyone retreat to the flying boat in this seat." Su Quan said coldly, as if the sun, moon and stars were rotating in his pupils, a breath of half a holy lord was released, and, that half step The Holy Master Flying Boat Supreme Treasure also burst out with a shocking aura, representing half a step of the Holy Master's

Afraid of coercion, it spreads like an ocean.

Rumble!

Half a step of the holy master's breath, second only to the holy master, the heavens of the Tianwu Continent are roaring, shaking under this force.

Roar! And just as the Sea of Thunder and Su Quan and his party were battling each other, and when they were about to clash, suddenly, in the Sea of Thunder, a roar of fright rang through the Sea of Thunder, and the Sea of Thunder violently surged inside. The horrible magic is actually

boiling.

"Abyss Demon Secret Realm!"

The black slaves and the others felt the shocking demonic energy, all of them were shocked, because this demonic energy was diffused from the abyssal demon secret realm.

"Hohoho!"

From the devilish energy, an overbearing aura soared into the sky, and the entire sea of thunder surging violently, as if there was something terrifying in the deep ocean that was going to soar into the sky, trying to break free. In a short time, the thunder light originally aimed at Su Quan and his party retreated suddenly, hum, and saw hundreds of thunder dragons swept out and turned into a large formation to guard the sky thunder city. The other thunder lights retreated one after another and suddenly returned. The sea of thunder, and

And frantically surging towards the abyssal demon secret realm at the core of the Thunder Sea.

A series of thunder symbols appeared, turning into world-shattering barriers and restraints, and madly suppressed the monstrous devilish energy.

"The aura of the abyss is actually the aura of the abyss. Could it be that a top master of the abyss is trapped in this sea of thunder?"

Su Quan and the others were shocked and trembling with excitement.

Especially Su Quan, at this moment, he suddenly thought of a legend, a legend that has been passed down from ancient times, and a palace lord gave him the legend recorded in the materials he saw before he left. In ancient times, a demon son of the demon ancestor of the deep demon race, in order to merge the power of darkness, searched for the source continent between heaven and earth, but failed and fell on that piece of source continent. Could it be said that the demon master did not fall, but Trapped in

This Tianwu continent?

Source Continent, the power of Yuanmozu?

When all the coincidences are fused together, it is by no means a coincidence.

Su Quan's heart was ecstatic, no matter what, because of the devilish energy, the sea of thunder could no longer protect Tianlei City. It only left some lightning power, but can these lightning power really resist him?

A hideous smile emerged from Su Quan's face.

The people who had captured these days of Thunder City first said that the lightning that suppressed the Demon of the Abyssal Demon Race would protect these people, which is enough to explain some problems.

boom! Without any hesitation, Su Quan shot directly, and took photos of the Thunder City below!

[Chapter 3102: Consolidate cultivation](#)

Buzzing!

The thunder light above Tianlei City surged crazily. Hundreds of thunder dragons roamed, exploding with a breathtaking breath, and suddenly resisted Su Quan's attack. With a bang, the entire Tianlei City shook, and the vast aura The whole world was shaking. The black slaves and others opened their eyes wide, watching Su Quan's attack being blocked by the thunder light, and all of them showed excitement, but immediately, all of their faces showed worry, because under Su Quan's attack, the thunder light was actually shaking. Obviously two forces

The quantity feels evenly matched. The hundred thunder dragons that guarded Sky Thunder City only resisted the attack of the Yao Annihilation Palace powerhouse, but they were unable to counterattack the Yao Annihilation Palace powerhouse. This continued, as long as the Thunder Sea could not free up their hands. Then these hundred thunder dragons

The power of, will be exhausted for a moment, and at that time, they will still be unable to escape. Everyone looked up nervously at the depths of the sea of thunder, because at this moment, only the sea of thunder can help them, but under their gaze, the vast demonic energy in the sea of thunder is even more terrifying. Up, as if

There is something terrifying in the Abyssal Demon secret realm that wants to break through the air, and the entire sea of thunder is boiling frantically.

The Thunder Sea used all its power to suppress the Abyssal Demon Secret Realm, suppressing the Lord of the Abyss, and could no longer rush to help.

Above the sky.

"Master Su Quan."

Dong Yuyin and the others turned their heads and looked at them. They were shocked by the fact that Master Su Quan failed to break the Thunder City with one blow.

"Sure enough, I guessed right."

Su Quan chuckled lightly, with a sneer at the corner of his mouth. Because of the limitations of heaven and earth, the power that this Thunder Sea could release was at best close to the Holy Lord. Although it could block him for a while, it couldn't block his life.

"Everyone shot to break the thunderstorm light."

Su Quan urged the holy master flying boat for half a step, brought many Yaomie Mansion's top arrogant talents, all shot together, and saw the stream of light falling, and the whole Sky Thunder City trembled, and the sky was full of thunder light.

And when Su Quan led the Yao Mie Mansion Tianjiao to break through the defense of Thunder Sea.

In the endless passage of Demon Abyss.

Qin Chen, who was cultivating in the accelerating years, gradually forgot about time. He was completely immersed in the state of selflessness, and he didn't know how long it had been outside. The gains he gained in the trial place of the heavens are really too great, and with the blessing of so many holy master sacred veins and the heavenly holy high-grade ancient sacred veins, the various avenues in Qin Chen's body are Keep running, get through, and

Many civilizations in the book of origin are also merging with each other. It wasn't until the half of the Holy Master's Holy Veins around Qin Chen made a clicking sound and completely turned into nothingness that Qin Chen suddenly woke up. He suddenly stood up and found that more than ten years had passed in the acceleration of time, that is, Fifty times plus

In the case of rapid speed, the outside world has passed three full months.

Half of the complete Saint Lord's Saint Veins was consumed by him, and the various resources he had obtained before were also consumed seven or eighty-eight, and the calamity and underworld fire in his body had been gradually refined by him. What makes Qin Chen speechless even more is that fortunately, he only used half of his holy veins in this practice. Otherwise, he was completely immersed in this kind of practice, and coupled with the insight of a lot of magic fire, he might think All the holy veins are consumed before

Will go out. And Qin Chen absorbed half of the Saint Master's Saint Veins. What left him speechless was that his cultivation was only consolidated to the peak overlord realm of the late Heavenly Saint, and he vaguely felt the aura of the Saint Master's way, a trace of distance from real mastery Way of the Lord

, To become a half-step holy lord, there is still a long way to go, as for becoming a true holy lord, it is still a thousand miles away. Qin Chen originally thought that he had close to two Saint Master Saint Veins, and there should be no problem entering the Saint Master Realm, but now Qin Chen is completely

awake, even if he completely swallows these two Saint Master Saint Veins himself, he will At most just master

With a trace of the power of the Holy Master, it is only a half step to become the Holy Master. It is not easy to become the Holy Master.

What's more, he must also leave a complete holy vein of the holy master, used to keep the jade disc of good fortune in the universe and the devil tree of the world running and growing. Qin Chen felt the surging Saint Yuan gurgling in his body, and his spiritual consciousness was even more smooth and free, and his powerful strength gave him some comfort. However, the powerful resources consumed have caused him a headache. In this way, what he needs to advance to the Holy Lord

Resources are far from enough now, and we must think of ways to get more resources. In fact, it took more than ten years to consolidate the cultivation base of the pinnacle overlord, which is already extremely terrifying. Even if Qin Chen has obtained so many resources and inheritance, before he enters the heaven trial, after all, he was only a warrior in the early days of the heavenly sage. ,and

The difficulty for him to advance is at least a hundred times stronger than that of ordinary Tianjiao.

Of course, this is an advantage, and it is also a certain point. If you change to Yao Wuming and other Tianjiao, absorb a whole holy line of the Holy Lord, and get so many inheritances, and even the inheritance of the venerable, I am afraid that it has directly entered into The realm of the Holy Lord.

Murong Bingyun and the others needed few resources for cultivation, but their strength was actually far inferior to him.

Thinking of Murong Bingyun and the others, Qin Chen immediately walked out of the acceleration of time. He still didn't know how the others were doing. As soon as Qin Chen came to the space of the Universe Jade Plate, he found that everyone was actually practicing, and Murong Bingyun also had a terrifying power of the Holy Master haunting him, and even grasped a trace of the power of the Holy Master, even There is a kind of step into the half-step holy

The possibility of the Lord.

As for Yao Wuming, Tu Moyu, and Lingyuan, they have completely consolidated their half-step holy masters, and have even reached the extremely terrifying level of half-step holy masters. Of course, they are still far from truly breaking through the holy masters. A little bit.

The breakthrough of the Holy Lord is too difficult. It is not that as long as you have the inheritance and possess the resources of the Holy Lord's sacred veins, you will definitely be able to break through. It also requires a lot of background and insight, otherwise there will not be so few Holy Lords in the heavens. .

As for the Skeleton Rudder Lord and Mokara, their cultivation bases are still at the peak of the peerless Di Sage, and they have already begun to break through the Heavenly Sage realm.

However, it will take some time to consolidate before the two truly break through. Qin Chen nodded. This is normal. Although Mokara and Skeleton Rudder have received the ordinary magic fire inheritance from Venerable Skyfire, it will not be a problem to achieve the peak overlord in the future, but the realm of Heavenly Sage is not so easy to break through. , In exchange, it is a peerless earth holy arrogant in the heavens, like Ao Qingling and the others, they will definitely be able to break through.

[Chapter 3103: Back to Tianwu](#)

But Skeleton Rudder Lord and Mokara are too low in their background and need to be consolidated before they can break through. However, this is also a good thing. The more consolidated, the more help they will achieve in the future. The only thing that surprised Qin Chen was his clone. When Qin Chen was cultivating as the years passed, the clone was also cultivating in the coffin of all souls. The understanding of the two was common and their souls merged. On the contrary, it was because of the coffin of all souls and the coffin. The nourishment of the magic tree, one

Ju grasped a trace of the power of the holy master, there is a half-step deep feeling of the holy master giant.

This made Qin Chen speechless, and even the clone was about to enter the realm of a half-step holy master, but the body was still in the realm of the pinnacle overlord. It was really shameful to say it. Of course, Qin Chen himself can understand. After all, the clone is transformed by a parasitic seed, integrated into the Chaos Demon's Nest, obtained the inheritance of the deep demon's way, is the purest demon, and is nourished by the Ten Thousand World Demon Tree, and The cultivation of the genie coffin, more

It is the inheritance of Wanling Mozun.

Combining them, the more pure clone mastered the holy master's magic way in advance, Qin Chen actually understood it very well.

However, what makes Qin Chen most delighted is not the breakthrough of the clone, but the dual nourishment of the magic tree of the ten thousand worlds and the coffin of the ten thousand souls, which has wiped out the aura of the deep demon way left by the original master of the abyss. . The Demon Tree of the Ten Thousand Realms is worthy of being the most precious treasure of the Demon Race. The aura that Qin Chen exudes now is not the simple aura of the Dao of the Abyss, but the purest aura of the Demon Dao of the heavens, even surpassing it. Qin Chen has been worried

Qin Mo's cultivation of the deep demon's way will leave the Lord of the deep demon behind, but now, this worry has completely disappeared.

"Kid Qin Chen, are you out?"

As soon as Qin Chen exited the customs, the **** cat immediately became alert, and with a quick glance, he came to Qin Chen's side, feeling the aura on Qin Chen's body, and couldn't help but secretly startle. Although Qin Chen's cultivation level has not improved much, his aura is much more terrifying than at the beginning, and after it has been consolidated for so long, the aura in Qin Chen's body has an incomparably rounded feeling, which is to understand the power of heaven to a certain extent. of

Point.

At this level, Qin Chen could finally move towards the realm of the Holy Master.

"Yeah." Qin Chen nodded.

At this moment, all the people who were practicing in retreat were awakened, and, sigh, sigh, came to Qin Chen respectfully one by one.

"the host."

The three half-step saint masters Yao Wuming, Tu Moyu, and Lingyuan stood in front of Qin Chen just like slaves.

"How is the outside world now?"

Qin Chen looked at the **** cat.

Outside, the void channel is full of chaotic particle streams, and it's pitch black.

"It should be here soon." Big Black Cat said.

"Ok?"

Suddenly, a light of excitement surged in Qin Chen's eyes. At this moment, he suddenly felt a familiar breath. Not far from the front, that breath, with kindness, seemed to be far away. Calling him.

It is Tianwu Continent.

Qin Chen is the son of the plane of Tianwu Continent, who has integrated into the origin of Tianwu Continent, and at the moment when he is close to Tianwu Continent, he has already felt the aura of Tianwu Continent.

He immediately urged Qiankun's good fortune jade disc, and flew towards that familiar breath!

The next moment, the endless void suddenly shook, and the jade disc of good fortune from heaven and earth flew out from the vast darkness, and came to a dark world.

The familiar breath instantly revealed an expression of ecstasy on Qin Chen's face.

Forbidden place, Qin Chen and the others still reached the forbidden place on Tianwu Continent.

call!

Qin Chen couldn't wait to appear in the forbidden land. Behind him, the dark magic cave finally began to collapse, and the magic light bloomed, and the whole dark magic cave collapsed in the rumble of the rumbling. The ashes disappeared, leaving only a broken ruin. . At the moment Qin Chen left the Universe Jade Plate, Murong Bingyun and others also appeared in the forbidden land. Feeling the familiar aura here, Murong Bingyun said in shock: "Qin Chen, are we back to the Tianwu Continent?" This is the **** of Tianwu Continent

Forbidden place? "

She was shocked and ascended from the lower planes to the heavens. It was very simple, but Murong Bingyun never expected that Qin Chen would be able to bring them from the heavens back to the Tianwu Continent. This was absolutely something the Holy Master of the heavens could not do.

"Otherwise, what do you think?" Qin Chen smiled. In the forbidden land, the origin of Tianwu Continent is shielded. This is an ancient battlefield. It is difficult for the origin of Tianwu Continent to penetrate completely, but when Qin The moment the dust appeared on the Tianwu Continent, the whole Tianwu

The origins of the mainland are all cheering and jumping for joy.

"The forbidden land is still the same." Qin Chen chuckled, his spiritual consciousness filled out, and in a flash, he swept through the forbidden land. It was too tyrannical than before. There are many places in the forbidden land. , All were clearly spied by him, but there are still many places, now

Qin Chen could not spy on it either. After all, this was the battlefield of the Holy Master in the ancient times. I don't know how many Holy Masters had fallen. With Qin Chen's current cultivation base, he could not easily spy on the land of the Holy Master.

However, in today's forbidden land, most of the land of the holy lord can no longer trap him.

"Go, let's leave God's Forbidden Land and see how other people are doing!"

Qin Chen had excitement in his heart, suppressing his excitement, thinking of his relatives and friends in Tianwu Continent, Qin Chen was excited and intolerable.

He flew away quickly, and soon came outside the forbidden land, but Qin Chen's face changed when he left the forbidden land.

boom!

Over the entire Martial Domain, the endless heavenly paths were running horizontally and horizontally, a suffocating breath swept across the world, Qin Chen felt a strong heart palpitations from the heavenly path aura of the origin of Tianwu Continent.

Qin Chen raised his head suddenly and looked at the place where the depressive breath was transmitted. At the end of the endless sky, a vast magic light shot up into the sky, as if some demon was going to rise to the sky, besides, there were some other powers. Included in it.

"No, that's... the sea of Thunder, the direction of Sky Thunder City."

Qin Chen's expression changed instantly. The place where the terrifying demon energy was transmitted was actually where the sea of thunder was located, and the vastness of that demon energy was actually very familiar with the power of the deep demon in Qin Demon's body.

Could it be that the Lord of Abyss Demon was born?

In addition to the aura of the Lord of the Abyss, there are other auras in Qin Chen's mind where the Thunder Sea is.

"People from Yao Mie Mansion!" Qin Chen's eyes suddenly became cold, and he couldn't care about anything else, and instantly put Murong Bingyun and others away, and boomed, his whole body soared into the sky, violently in the direction of Tianlei City. Sweeping up, shocking killing intent emerged from all over his body.

[Chapter 3104: Can't forget](#)

Sky Thunder City!

Under the continuous attacks of Su Quan and the others, those hundred thunder dragons have become increasingly dimmed, and a terrifying aura has begun to penetrate into the city of Thunder with the power of thunder.

"Hmph, these nasty ants are still stubbornly resisting, wasting so much of our time, after breaking through this thunder light, they must be tortured."

"Take their souls out and temper them."

"Hey, I think there are still many beautiful women in this city. After the city is broken, what it is like to play with the women of the lower realm."

The corners of the mouths of the masters of the Heavenly Sages who respect the Yaomie Mansion were all sneered, and the vast light on their bodies, like the scorching sun, exuded a breathtaking breath.

Below, the black slaves and others are completely desperate. "If I guessed correctly, these are the giants of the Heavenly Sage level, otherwise the power of the thunder will not be unstoppable." Gu Zunren is bitter, he is an ancient powerhouse, and he is also the one who knows the most about the heavenly masters among all people. , Dong Yuyin and others exude

Each of the auras that made him palpitated, enough to crush all the masters of his age, this kind of aura was not something that the masters of the earth sage could possess.

Heavenly sage, that is also the existence of great figures in the heavens. Every one is a giant, but now, there are a dozen giants who attack them frantically. In this case, how can they survive? Moreover, there is also a terrifying leader among the giants of the heavenly saints. The aura exuding from this person is similar to the most terrifying forbidden aura in the forbidden land of the gods. The **** cat said that it is the most terrifying in the heavens. The breath of the Holy Lord, eyes

Although the people before him are not as terrifying as the breath in the forbidden land, they are very similar. They are obviously the top masters who have touched the legendary Holy Lord realm.

Holy Lord!

The real big figures in the heavens are in charge of the existence of a government. Facing such masters, they are really like ants, and they have no resistance. Originally, they could still rely on the sea of thunder, but in the sea of thunder now, countless thunder lights have surged, and the Lord of Abyss Demon has the aura to get out of trouble. Once the Lord of Abyss Demon is truly out of trouble, then the whole Tianwu The mainland is over

.

boom!

Finally, under Dong Yuyin's strong attack, the thunder dragon above Tianlei City also made a crackling sound, and cracks began to appear.

"Hmph, I didn't expect this group of ants to persist for so long, but what's the use? It's not going to die here in the end!!"

Su Quan let out a cold snort, his eyes sullen, and without hesitation he pressed down on the Thunder City below.

Boom! A huge palm appeared between the heavens and the earth, and the aura of the holy lord was surging in half a step, and it rushed towards the sky thunder city and others below. Under the terrifying

palm, the whole sky thunder city roared violently, the earth cracked, and thunder The dragon bursts to pieces, the black slave

Their faces were full of sorrow and anger and unwillingness.

"Little dust, I'm sorry, we failed to defend Sky Thunder City."

The black slaves roared in grief.

"Qin Chen, where are you?"

The corner of Zhao Lingshan's eyes quietly slipped into tears.

At this moment, she wanted to see Qin Chen for the last time, but she knew that even such a simple request was an impossible luxury for her now.

"Qin Chen!"

Princess Zixun also shed tears.

I still remember that when they met Qin Chen for the first time in the Five Kingdoms, he was just a **** of the Qin family and a mocked person.

But Qin Chen brazenly climbed onto Zhao Lingshan's carriage, making the two of them very angry.

I remember Qin Chen's laughter and scolding at that time.

Remember the ups and downs in the King City.

Remember the life and death in the blood spirit pool, life and death in the land of a hundred dynasties depend on each other.

The eyes of Zhao Lingshan and Princess Zixun were blurred. In fact, they have always loved Qin Chen deeply, but Qin Chen is so good, they can walk side by side with Qin Chen at first, but gradually, Qin Chen has walked in front of them, and walked far behind them In front, they can only chase and chase , Chasing and chasing, watching Qin Chen's figure go further and further away.

I have always buried this deep love in the deepest part of my heart, and dare not say it. Even, they constantly want to make themselves forget about Qin Chen, forget everything about Qin Chen, return to the ordinary, and work hard to develop the Chendi Pavilion, let themselves be surrounded by countless things, for the development of Chendi Pavilion, continue to work hard, want to make I don't have that

So much time to think about Qin Chen.

It seemed that they had already forgotten Qin Chen by themselves and the love that was deep in their hearts.

However, at the last moment of this dying, the same figure appeared in their hearts.

In the Zhuo Lifeng, the man who didn't change his color in the face of anything.

The corner of that mouth smiled, making people never see the depth of the figure.

They had already forgotten Qin Chen, but in fact, they didn't, but they missed Qin Chen deeper.

However, all of this is far away from them.

"Little dust..."

In the crowd, the black slave also murmured.

He remembered that when he first met Qin Chen in the Five Kingdoms, it was at the auction in Wucheng, and he had a conflict with Chen Shao over Qinglian Demon Fire.

Later, Chen Shao surrendered and enslaved herself. But as Qin Chen got along, the black slave truly surrendered to Qin Chen from the bottom of his heart, and was incomparably subdued. Especially after Qin Chen avenged him, the former black slave had already died and stood still. Here, just follow Qin Chen

A servant has it all.

However, he still failed to complete Chen Shao's entrustment and managed Chen Ding Pavilion for Chen Shao.

"Sorry, little dust!"

The **** cried.

He hasn't cried for many years.

"kill!"

The black slave raised his head, his eyes burst with angry light, for Chen Dige, for Qin Chen, let him give the last light.

boom!

The black slave rose to the sky and roared.

"kill!"

Dabei Old Man, Fu Qiankun, Lao Yuan, Mo Yuanbai and the others also roared in anger. They, these earthly saints, can also mobilize the Saint Yuan in their bodies. At the moment of death, they will also burn their lives. Fight and die. Below, many of the citizens of Tianlei City who have closed their eyes in despair, and have no resistance to resistance, the people of Chendi Pavilion, even under the power of this half-step Holy Lord, they can't move one by one, but in their will

There was an angry roar, and he was about to rise to the sky, fighting with the evil people of Yaomie Mansion.

A lot of energy, condensed together, to guard against the sky.

"Stupidity."

Feeling the angry eyes and unwilling eyes of countless people below, Su Quan smiled, and his smile was full of sarcasm. The sad ants will never know that no matter how hard they work, they can't change the ending.

Because ants are destined to be ants.

boom! At the moment when Su Quan's palm was about to fall, suddenly, the heavens of the entire Tianwu Continent suddenly boiled, and in the distance, a fierce roar sounded in the distance, followed by an incomparable and terrifying fluctuation, like a sky.

The outer flying sword was general, and suddenly shot towards Su Quan.

"Stop!" An angry roar, as if exhausting all the energy, roaring and shaking, echoing the sky!

[Chapter 3105: Are you the Qin Chen?](#)

A roar resounding throughout the world, an invisible ripple shot towards Su Quan like a cannonball. The Holy Yuan in the entire sky seemed to be violent in an instant. Under this terrible energy, the void was directly frozen, a terrible Streamer

Came in front of Su Quan.

"What?" Su Quan was taken aback. This attack contained endless anger, causing endless fear in his heart. In the crisis, Su Quan immediately filled with a dark light, with Half-step defense of the Lord's breath

Hood suddenly appeared in front of him.

boom! The deafening attack resounded, Su Quan's whole body was blasted out in an instant, rumbling, his body was first hit by a fast passing star, and the holy yuan shield on his body was suddenly shattered, and , Nothing and nothing

Lunbi's terrifying power rushed into his body. He didn't have time to react to what happened, and the whole person had already spouted blood.

Click! The sound of broken bones sounded, Su Quan's bones did not know how many were broken, and the corners of his eyes showed a look of anger, booming, that half-step the holy master flying boat suddenly appeared on top of his head and enveloped him. He, Ka Ka Ka, Su Quan

The shattered bones quickly merged, and his eyes looked savagely into the distance.

"Master Su Quan?"

"who is it?"

"Who is shooting?"

Dong Yuyin and the others all cried out in exclamation, looking at the place where the attack struck in amazement, and they were all stunned by the sudden attack.

Below, in Tianlei City, all the people were also stunned. The black slaves who thought they were going to die, all raised their heads, and then looked at the sky in the distance with excitement, and saw the heavenly aura above the entire Tianlei City. Cheers for joy.

The black slave trembled and said, "That voice..." The previous voice was so familiar. Some people who were very familiar with Qin Chen were all startled. They were all in disbelief. Their bodies were trembling because of this voice. Familiar with their dreamlike voices, almost exactly the same

The same, although with anger, they would never have heard this voice wrong. Then everyone saw the sky in the distance, a figure exuding the breath of the weather, slowly flew over, he was facing everyone, and the sun just shattered on him, looking from a distance, it was like watching To one paved with blazing sunlight

The God of War descended from the sky, with the power of destroying everything, descended on the sky above Tianlei City.

"Who gave you the courage to go wild in this young man's continent!"

A cold voice sounded, coldly looking at the group of Yao Mie Mansion's Tianjiao, with cold murderous intent in his eyes, then he turned his head and looked at Tianlei City below.

"Less dust!"

"My Lord Pavilion!"

"Master!"

"Qin Chen!"

Everyone below stared at the figure blankly, the familiar figure, the faces of the black slaves and others couldn't help showing excitement, and many people even shed tears directly, crying with excitement.

"Everyone, I'm back, sorry, I'm late."

A gentle voice filled the world, and Qin Chen looked at the scarred and **** people below, with a trace of self-blame, a trace of excitement, and a trace of comfort in his voice.

"Less dust!"

Everyone murmured. At this moment, the crowd fell silent for a while, and then it boiled like an exploded gunpowder barrel.

Everyone's face was filled with excitement, and tears were streaming down their eyes.

They couldn't imagine that at this mortal juncture, Qin Chen would suddenly appear and save everyone in despair.

Not only the people of Chendi Pavilion, but also countless holy realm masters across the continent, their faces were also extremely excited at this moment. Is this the master of the Chendi Pavilion, Qin Chen, who destroyed the Misty Palace and the alien demons' conspiracy and killed the visitors from the heavens? In the past few years, Tianlei City has developed extremely fast, but many people actually saw Qin Chen for the first time.

All shocked.

No one thought that Qin Chen would come back at this critical moment.

"Well, let's see how excited each of you is. The emperor came back and didn't see you so excited."

A lazy voice sounded, sigh, the void flashed, the **** cat appeared beside Qin Chen and said lazily.

"Senior Big Black Cat!"

"Senior Cat King!"

The crowd also made excitement, and the black slaves just came back at this time. No wonder Qin Chen will come back at this time. Unexpectedly, Senior Black Cat brought it back, and Senior Black Cat actually succeeded.

"Your continent? Pavilion Master Chendi? You are that Qin Chen!"

In the distance, Su Quan and the others finally figured out Qin Chen's identity. They all looked at Qin Chen in shock, with a cold light in their eyes, and their eyes were incredulous.

According to the information they received, didn't the Chendi Pavilion already disappeared from the mainland, and it was rumored that he had already ascended to the heavens? How come you suddenly appear here? What surprised them even more was the terrifying attack that Qin Chen broke out before. Su Quan still had some lingering fears. Although his previous defense was hasty, how could he be a half-step holy lord, and he would actually be a subordinate. Saint

The young man in the realm was injured, this is simply a fantasy.

But after they felt the breath on Qin Chen, all of them were shocked.

At the peak of the late Heaven Sage, the aura of Qin Chen in front of him turned out to be the overlord of the peak of the late Heaven Sage.

How is this possible?

Even if this is the Source Continent, it is only a lower plane after all. Before such a thin Heaven and Earth Saint Yuan, it would be extremely heaven-defying to be able to break through to the Earth Saint Cultivation Base, and it was impossible to give birth to a master master at the peak of the late Heaven Saint Stage.

How did this kid break through?

"Be careful, Shao Chen, these people are the masters of the Heaven Realm Yaomie Mansion. This time, the number of masters in the Yaomie Mansion is far more than what we got from Ling Luling and the others. The leader is very likely to be even more terrifying experts."

After the black slave, Fu Qiankun, and Mo Yuanbai were pleasantly surprised, they immediately reminded them nervously, with a worried expression on their faces. Although Qin Chen is back, the opponent is a master of the Yaomie Mansion. It has only been three years since Shao Chen entered the heaven. Although the aura that erupted before shocked everyone, after all, the opponent is the extremely terrifying Heavenly Sage master in the Yaomie Mansion. , Qin Chen

Will it be the opponent's opponent? "Everyone first take the healing pills and heal the wounds with peace of mind. I'll leave the rest of the business to me." Qin Chen raised his hand, and suddenly a breath of sacred veins spread out and flew out from Qin Chen's hands. One after another holy realm pill, one after another

Into the hands of many warriors present. These pills were all obtained by Qin Chen in the heavens, and almost all of them were Peerless Earth Pills, and even Heavenly Sacred Pills. Qin Chen really couldn't come up with ordinary pills.

[Chapter 3106: Why is it so powerful](#)

As soon as these pills fell into the hands of the many holy realm masters on the scene, there was a feeling in many people's bodies that they were about to evolve, and their injuries were quickly healed. As for the ordinary warriors, Qin Chen didn't even give it. Elixirs,

Because as long as the aura from the Heavenly Sacred Pill, it was enough to cure them all. "Little dust, don't be reckless, these are the masters of the Yaomie Mansion, you must be careful, if you can't, you will enter the sea of thunder. It was the sea of thunder that allowed us to maintain until now." The black slaves were shocked. Yu Qin Chen took out the pill

It was terrible, but they all hurriedly said nervously.

"Don't worry, don't think of any of these people today." Qin Chen said coldly. "Huh, what a big tone." Su Quan sneered, took a step forward, staring at Qin Chen, and said coldly: "Are you the pavilion master of the Chendi Pavilion, Qin Chen? This is the number one master of the mainland? I really didn't expect you to be a queen of heaven

The overlord at the peak of the period, but you still have the aura of the heavens on your body. Could it be that the Tianwu Continent has a secret passage to the heavens? ! "

Thinking of this, Su Quan couldn't help but get excited. If this Tianwu Continent really has a passage to the heavens, then he will send it.

what? Xiao Chen is the overlord of the peak of the late Heavenly Sage?

Where was Su Quan himself excited, but his words made the black slaves all shocked and dull, and their eyes were about to fall off.

This... how is this possible?

It has only been three years since Young Master Chen went to the Heaven Realm, and it didn't take long before he entered the Holy Realm when he left. He wasn't even the Earth Sage, so suddenly, he was already the overlord of the late Heaven Sage peak?

Everyone felt that their breathing was about to stagnate, and they couldn't believe their ears. Could it be that the other party made a mistake?

"Late Heavenly Sage Overlord?" Qin Chen sneered, his eyes were cold, "Yes, this young master is the overlord, kneel down and give you a way out." "Huh, arrogant." A Yao Mie Mansion's late Overlord suddenly laughed. I got up and looked at Qin Chen like an idiot: "Are you the strongest in the Tianwu Continent? I know that you have great luck, and I even got the recognition of this source continent, but

it's useless. You are just coming back now, quickly. Hand over the passage between the Tianwu Continent and the Celestial Realm, and give us the Yaomie Mansion first, otherwise, it will turn you into pus and blood between backhands. Moreover, you are no longer the master of this continent, this source continent

, I have already taken over the Yaomie Mansion, kneel down and admit your mistakes, you can spare your life! "What nonsense with him, just grab it and search for the soul. There must be a big secret in this son. In such a short time, he has broken through to the realm of the overlord. This son must have obtained the heavenly inheritance of this source continent. Kill him and refine it directly

, Robbed of his inheritance. "

Several Heavenly Sage Overlords laughed angrily.

boom!

And at this moment, the sea of thunder in the distance suddenly surged, and a black magical energy soared into the sky, with the aura of suppressing the entire continent, the entire sea of thunder was surging violently, and the lightning burst.

"Huh?" Qin Chen changed his color and looked over.

This is... the main one of the Abyssal Demon is out of trouble?

"Boy, in front of us, you dare to be distracted." The moment Qin Chen turned his head, the two Heavenly Sage Overlords' eyes condensed, and they shot without hesitation, like a sneak attack, two horrors The power of his fist suddenly came to Qin Chen and turned into two dark whirlpools.

He swallowed Qin Chen in.

Boom!

Between the sky and the earth, violent aura surged, and the two vortexes, like the abyss of the doomsday, suddenly enveloped Qin Chen, bursting out a terrifying aura of death.

"Less dust!"

"not good!"

"Be careful!"

The black slaves in Tianlei City were all startled, each of them was terrified, hissing loudly, but it was too late. They watched Qin Chen swept by these two terrifying murderous intents and swallowed them all at once.

"Do not!"

The black slaves were terrified and hurriedly looked at the **** cat and yelled: "Senior Cat Emperor, save the dust!"

Suddenly, under the nourishment of these heavenly holy laws, the entire people of Tianlei City roared one by one, feeling that they were about to explode, and their realm was increasing crazily.

Ho Ho Ho! There are even more than a dozen masters at the peak of Emperor Wu, who have directly entered the holy realm in this way, and some experts at the peak of the mortal sage have directly stepped into the realm of earth sage, and each has made rapid progress.

[Chapter 3107: Kneel down quickly](#)

Qin Chen's Heavenly Sage Law used to refine the two of them, directly infiltrating the bodies of countless people in Sky Thunder City. This is not the most difficult. The most difficult thing is that many of the people in Sky Thunder City are ordinary martial artists. No, even the strongest Fu Qiankun

They can't withstand the suction of the Heavenly Sage Law at all, any trace can make them burst in an instant. However, under the refining of Qin Chen's sky-repairing technique, the laws in the main body of the two heavenly tyrants will be refined into the most basic law power, which will not bring side effects to the people of Tianlei City at all, even if it is one Wu Zong can also absorb,

It can also be refined.

"You two are ants-like things. It happens that the laws in your body are what our Tianwu Continent needs most, so kill you and nourish my Chendi Pavilion."

Qin Chen said coldly.

The aura in the main body of these two Heavenly Sages in the later period became weaker and weaker, and the aura of life became thinner and thinner, dying.

"Stop, junior, you dare!" At this moment, Su Quan finally couldn't help himself. While shocked and furious in his heart, a vast half-step Holy Master's power burst out of his body. It merges with the half-step holy master flying boat overhead, moving slightly,

The stars changed color, the sky and the earth rotated and blurred, as if the sky and the earth had returned to the chaos, Qin Chen immediately felt an extremely strong force, pulling towards him, and projecting it into an inexplicable void.

Moreover, Dong Yuyin and the others also roared. The moment Su Quan acted, all the power was integrated into the half-step Holy Master Flying Boat, combined together, launched the most heavenly attack on Qin Chen.

How terrible is the attack released by more than a dozen Heavenly Sage late peak masters plus a half-step holy master master, combined with half-step holy master treasures?

No one can describe the attack of this blow. The black slaves only felt that the entire sky was going to be destroyed, and they felt like the end is coming.

"Be careful with less dust."

The black slaves and their hearts suddenly lifted up, their injuries recovered, and they were about to jump up one by one to resist Qin Chen.

"Leave me all!" Qin Chen yelled coldly, the invisible pressure shook all the black slaves down, and then sneered: "Half-step holy master, is it strong?"

Qin Chen sneered, his whole body moved, the power of origin burst out, and the mighty killing intention came into play, his palm turned into the claws of the gods, and he grabbed the flying boat half a step towards the distant holy master.

Boom!

The palm of his hand felt colliding with a powerful existence, and the opponent's power bombarded it, as if all the planets exploded and fell, blasting into his body, completely destroying the structure of his body. "Huh! With this little attack, it is impossible to destroy Ben Shao's physical body at all. Half a step of the Holy Master, Ben Shao has more than one beheaded." Qin Chen grabbed the half step of the Holy Master Flying Boat and squeezed hard. , Ka Ka Ka, that half step of the Holy Master Flying Boat

On the ground, it trembled violently, and the outer shield immediately began to shatter, and the restraint burst into pieces.

"what?"

Su Quan is going crazy. What kind of monster is this? The cultivation base of the peak of the late Heavenly Sage almost exploded his half-step Saint Master Flying Boat with a palm?

Bang bang bang!

A wave of mighty power kept pouring into his body, the flesh and blood in his body, meridians, directly began to explode, and blood spattered everywhere.

not good!

A strong crisis emerged in Su Quan's heart. He felt that if he continued to do this, he would be squeezed by the opponent's palm.

"what!"

At the moment, he couldn't take care of it anymore, his eyes suddenly became red, and he blew, a dark breath filled his body, the power of darkness.

boom! As soon as the power of darkness came out, Su Quan's aura immediately rose to a discoloration level, and bursts of the majesty of the holy master filled him, and he was infinitely close to the realm of the holy master, if it was not because the power of darkness could not directly break through the holy the Lord

, Perhaps he had absorbed more dark power long ago and directly entered the realm of the Holy Master.

But even so, Su Quan's aura suddenly soared several times, as if it turned into a black demon.

Boom boom boom!

Dong Yuyin and other pinnacle overlords are also filled with the power of darkness. They are all high-levels of the Yaomie Mansion, and they have more or less practiced the dark taboo technique.

"Well, the power of darkness?!"

Qin Chen's eyes condensed, and he backed away suddenly.

"Want to escape?" Su Quan's savage face, urged the holy master flying boat to rush in half a step.

"Young Master Ben will run away?"

Qin Chen stayed in the void, smiled coldly, waved abruptly, and opened the universe jade disc.

Suddenly.

Buzzing...

In the horrified eyes of everyone, I saw a figure exuding a terrifying atmosphere appearing in the void.

Yao Wuming, Tu Moyu, Lingyuan, Murong Bingyun, and several great dreadful arrogances appeared instantly. Among them, Yao Wuming, Tu Moyu, and Lingyuan all entered the realm of a half-step holy master, and they all cultivated with the power of darkness. The aura is stronger than that of Su Quan, but not weaker, and Murong Bingyun is not half a step. Holy Lord, but also mastered the power of the Holy Lord,

Exudes a vast atmosphere of the Holy Lord.

"Master Yao Wuming Shengzi?" Su Quan was shocked when he saw Yao Wuming. He is a high-level master of Yao Mie Mansion and a half-step master of the Holy Master. How could he not know Yao Wuming, Yao Wuming is the son of Yao Mie Mansion, and still The leader of the Son of God, the future heir of Yaomie Mansion, although he is leaving Yao

Before destroying the palace, his half-step Saint Master's cultivation base was far above the mid-level peak giant Yaowuming Heavenly Sage, but in the Yaowuming Palace's position, Yaowuming was still above him.

"Su Quan, do you still know Ben Shengzi? You still kneel down quickly."

Yao Wuming said coldly.

"I....."

Su Quan was terrified, and Dong Yuyin and the others were also dumbfounded. What happened, why did Master Yao Wuming Shengzi be with this kid?

According to time, Master Yao Wuming should be participating in the ancient trial of the heavens? And it has only been a few years since Lord Yao Wuming is already a half-step holy lord. What is going on?

But when Su Quan and the others were frightened, Yao Wuming sneered and shot directly. In a short time, a wave of dark power spread out, and the dark power of Su Quan and others was immediately suppressed.

"Humph!"

Especially Tu Moyu, his body was filled with dark tentacles. The dark power of Yaomie Mansion was originally given by his dead demons, and he was naturally suppressed instantly.

boom!

Several masters joined forces, and in an instant, Su Quan and the others were instantly suppressed, one by one, the power of darkness disappeared, and they all knelt on the ground in pain, screaming bitterly.

"Little dust, what is going on?" The black slaves were dumbfounded.

[Chapter 3108: Not enough brain](#)

In the sky, Yao Wuming and other masters made a strong move, one by one bursting out against the sky, and Su Quan and many other masters were severely suppressed and suppressed here.

What shocked the black slaves even more was that there was a figure in this crowd that they were extremely familiar with.

"Murong Bingyun."

"Mission Palace Young Master."

"Natural spirit body."

"Why is she here?"

"Furthermore, her strength is terrifying. You see, she is not weaker than the master of the Jie Yao Mie Mansion that day, my god." Many people were shocked and exclaimed one by one, especially It's black slaves. They are all people who know the existence of Qin Chen's fortune jade disc. Seeing Murong Bingyun's sudden appearance, they know that Murong Bingyun must have been made in Qin Chen's universe before.

In the Huayu dish, all the eyes were round.

Although the scene was out of date, the words "Golden House Cangjiao" still appeared in everyone's mind inexplicably.

"Little dust, what the **** is going on? Holy Son of Yao Mie Mansion, these people..."

The people of Ancient Venerable were dumbfounded, and the terrifying demonic energy emanating from Tu Moyu and Lingyuan, just a trace of it, made all the people of Tianlei City have a kind of falling into the boundless purgatory. feel.

"This matter is hard to say, Skeleton Rudder Master, Mokara, you can explain to them."

Qin Chen waved his hand, Skeleton Rudder Master and Mokara immediately appeared in Tianlei City.

boom!

As soon as Skeleton Rudder Master and Mokara appeared, the two of them exuded a shocking aura. The tyrannical power caused Fu Qiankun to change color and back again.

"Haha, everyone, we are back, quack." Skeleton rudder master and Mokara laughed excitedly, their bodies aroused a vast aura, and it was as if they were pulling 25,000. There was no way. When they were in Tianwu Continent before, they two Their cultivation base is a bit weaker than Lao Yuan and the others.

In the demon world, coupled with the influence of Qin Chen's breath, the two already had a half-step heavenly sage breath.

Can you not pretend to be forced?

"you guys....."

Sure enough, as soon as the Skeleton Rudder Master and Mokara appeared, Lao Yuan and their eyes widened. Damn, it hasn't been a few months since they have seen them. These two guys have become so terrible. The aura makes them present. Everyone is feeling palpitations. "Don't worry, there is little dust. This is a master of the Heavenly Yaomie Mansion. It's like an ant. I can tell you that little dust is in the heavenly realm. That is quite a prestige in the entire heavenly realm. In the trial, fight the heroes, and finally

Obtained the Venerable Inheritance. "

"Venerable do you know what it is not? That is a more terrifying figure than the Holy Lord, who can't suppress even the heavens and the heavens, who is beyond the rules, hey, I tell you..."

boom!

Before Skeleton Rudder finished speaking, he was kicked out by a black shadow, disdainfully said: "Blow...why do you blow? If you don't brag, you will die?"

It was the **** cat, arrogantly akimbo, very disdainful, and then said to the black slaves: "I told you that these two guys can't do anything when they reach the realm of heaven. I'm still the cat and I found Qin. Little Chen, made an eternal contribution." "At that time, when I found Master Qin Chen, Lord Cat, Little Qin Chen was in distress. A master of the dark forces who killed the two venerables was born. Little Qin Chen is unfavorable, how can I stand by, Lord Cat? I was angry at the time.

Speaking slowly is fast. At that time, Lord Cat, I soared into the sky and fought against the master of the dark forces for three hundred...No, three thousand, still wrong, thirty thousand rounds, yes, thirty thousand rounds..."

"Just suppress the master of the dark forces, and then come back together with kid Qin Chen."

The **** cat looked like an outsider.

Qin Chen looked speechless, and the atmosphere on the court was also calmed by the **** cats.

"Master! What about these guys?"

At this time, Yao Wuming and the others had already brought Su Quan and others down, and they were all watching and saluting respectfully. Murong Bingyun also stood with Yao Wuming and the others, speechless in their hearts.

"the host....."

The black slaves were already dumbfounded, so many masters even called Qin Chen the master, what did Shao Chen experience in the heavens?

Everyone is going crazy, feeling that their brains are not enough.

"Sacred Son Yao Wuming, what are you doing? We came to conquer this continent under the orders of the Lord Palace Master. Do you want to disobey the orders of the Lord Palace Master?" Su Quan roared, with his head disheveled and covered in blood.

"Palace Master's order?" Yao Wuming grabbed Su Quan's head and said coldly: "In front of the master, what is the Palace Master, kneel down."

Yao Wuming pressed Su Quan firmly, his eyes were cold and the corners of his mouth sneered.

"what!"

Su Quan felt the boundless humiliation. He had never been so humiliated. He looked at Qin Chen angrily, but he was also shocked like never before. He couldn't understand why Yao Wuming would call Qin Chen the master, unless...

He was shocked, he was shocked to see a possibility, and said in anger: "Boy, do you dare to enslave my saint son of Yaomie Mansion, quickly let go of me and wait, otherwise the lord of the palace is furious, and you will definitely die without a place to be buried !"

At this time, Su Quan was still struggling.

"Death has no place to bury?"

Qin Chen smiled, his eyes froze, and an invisible force flooded into these people's minds.

"Ah!" In an instant, the minds of Dong Yuyin and others were attacked by Qin Chen, leaving a soul imprint directly on them, and Su Quan was still struggling. However, Qin Chen's soul power contained the power of the Ten Thousand Worlds Demon Tree. Strength, even Yao Wuming can't resist, this Su Quan

Of course it is the same.

In an instant, the eyes of the people in Yaomie Mansion became confused, and then became clear again.

"the host!"

Everyone stood in front of Qin Chen, saluting respectfully.

Everyone below was stunned. "Alright." Qin Chen smiled slightly as he was about to say something. Suddenly, there was a thunderous sound, and the endless magic cloud enveloped the sea of thunder in the distance, and the terrifying devilish energy continuously hit the sea of thunder. Runes, of which there is a heavy

The heavy magic light soared into the sky, and there was an angry roar.

Qin Chen's face changed slightly, could it be that the chief of the Abyssal Demon broke out of the bondage? Today's Qin Chen is no longer the Qin Chen he once was. He knows a lot about the Demon Race. Naturally, he knows that in the ancient times, the Yuan Demon Race once had a Demon Child who entered a piece of Source Continent. Power, a pity, the most

There was no news at the end, and I thought it had fallen. But combined with the current situation in the Sea of Thunder, Qin Chen felt vaguely that the Lord of the Abyssal Demon imprisoned in the Sea of Thunder was most likely the demon son of the Demon Race back then.

[Chapter 3109: Conservatory girl](#)

The Demon Child of the Demon Race is just a title, somewhat similar to the Son of Yao Wuming.

But this Demon Child of the Abyss Demon Race is extraordinary, representing the heir of the Abyss Demon Race, and rumored to be a son of the Demon Ancestor of the Abyss Demon Race.

If such a demon was born, the entire Tianwu Continent would be destroyed, even the Source Continent would not be able to resist it.

"go!"

Qin Chen's expression suddenly changed, his eyes condensed, and he was about to rise to the sky immediately.

"Little dust, you are..."

Negro they hurriedly said. Qin Chen stopped and glanced at the black slaves. His eyes flashed, facing Dong Yuyin and other celestial masters, as well as the skeleton rudder master, and said: "You take the black slaves and them to hide, we are going to Thunder In the sea, if I guess right, this

The trapped in the abyssal demon secret realm of the Thunder Sea is most likely the demon of the ancient abyssal demon clan. If this child is freed from the trap, the entire Tianwu Continent, even the heavens, will be devastated. "

After Qin Chen finished speaking, he didn't care to explain too much, so he flew up and headed toward the sea of thunder.

Behind Qin Chen, Yao Wuming, Tu Moyu, Lingyuan, Su Quan, and Big Black Cat all followed Qin Chen. As for the peak overlords such as Dong Yuyin, Qin Chen left behind. At the level of Qin Chen, a half-step saint master like Su Quan still has some functions, but the peak hegemon like Dong Yuyin is useless at all. Not only can it not help, but it will cause trouble. On the contrary, it will They stay to protect the black

Slaves and Tianlei City are still useful.

"The Demon of the Abyssal Demon Race." Murong Bingyun shook his whole body and looked at the middle of the Thunder Sea in disbelief. As one of the top forbidden areas in the Martial Region, the Thunder Sea was one of the top forbidden areas in the Martial Domain. I didn't expect that in this sea of thunder

Imprisoned the Demon of the Abyss Demon Race.

This is the Demon Child of the Abyss Demon Race, the descendant of the Demon Ancestor, such a character is about to get out of trouble, Murong Bingyun's heart is also shocked, and at the same time, there is fear in his heart. Qin Chen, a fool, went straight into the sea of thunder. If the demon head

imprisoned in the sea of thunder is really the demon of the Abyssal Demon clan, no matter what the other party is, at least it is the beginning of the holy master's cultivation. , Qin Chenju

Still dare to go up, isn't this looking for death?

In an instant, Murong Bingyun had the urge to call Qin Chen and turn around and flee.

"Unexpectedly, the Young Palace Master Murong Bingyun of the Misty Palace also changed his mind and surrendered to Young Chen?!"

"I heard that when the alien demon invaded, even though Murong Bingyun knew about the alliance between Misty Palace and the alien demon, she actually opposed collusion with the alien demon."

"At the beginning, she was also deceived by the palace lord Shangguan Xier. I heard that the reason the palace lord Shangguan stayed with Feng Shaoyu was only to use her to transfer the power of the alien demons in her body and to rely on the control of the alien demons. ."

"She is very pitiful to have such a parent. Fortunately, she met Shao Chen. Shao Chen did not dislike her for being born, and actually took her in."

"Oh, Pavilion Master Qin is such a sentimental and righteous person." Many powerful people in Tianlei City saw Murong Bingyun still staying in the sky, whispering and talking in low voices, but who is Murong Bingyun? The top master who has mastered a trace of the power of the Holy Master, no matter how quiet everyone is, even secretly

Zhongchuan Yin, how can she escape her perception? She heard everything clearly and plainly.

"Affection and righteousness? Qin Chen's demon is also called sentient and righteous?"

Murong Bingyun simply didn't know what these guys thought, and actually said that Qin Chen was affectionate and righteous, and there was simply no fellow in this world more hateful than Qin Chen.

God is so affectionate and righteous.

"Hush, this Murong Bingyun seems to have heard our words."

"No, she can hear it all?" "Be quiet, who knows, she is a top expert with the same strength as the leader of the realm that day, what if you hear it? But although she was not born well, she must be less dusty Wouldn't discriminate against her, she might be accepted as a greenhouse girl.

Sansheng was lucky. "

"Oh, that is, Shao Chen is kind enough to give her a chance to be a person again."

Everyone was talking and talking, and then they digressed again.

No way, who made Murong Bingyun so famous? In the Tianwu Continent back then, if Shangguan Xi'er was the number one beauty in the world, everyone was afraid of a poisonous scorpion beauty. Then Murong Bingyun is the most famous arrogant among the younger generation. Even You Qianxue, Ji Ruyue, and Chen Sisi are not as famous among the younger generations in the martial arts as this Murong Bingyun is indeed the young master of her misty palace. 'S identity is too dazzling

It's hard to look at.

Now that he actually became a servant by Qin Chen's side, it naturally attracted the amazement of many martial arts experts.

Oh shit!

Murong Bingyun was going crazy.

Conservatory girl?

As far as Qin Chen's virtue is concerned, he is lucky enough for three lives?

Just when Murong Bingyun was speechless and went mad, she felt the surrounding atmosphere suddenly quiet. She lowered her head and saw the people in Tianlei City below, all looking at them with anticipation and worry. She was. "Murong Bingyun, rest assured, since you have followed Chen Shao, we will not discriminate against you in the future. In our Chendi Pavilion, everyone is like a family. Everyone will remember your contribution and remember that you saved the sky before. Leicheng, go, me

We will pray for you and bless you here. You must come back safely with Shao Chen and them. "

The black slave came up and said softly.

Murong Bingyun was shocked, she lowered her head and looked at the countless people in Tianlei City. The black slaves, the ancient people, Fu Qiankun, Mo Yuanbai, the old man of Great Compassion, countless people, large and small, all looked at her with grateful and worried eyes, without any color, just like looking at one Relative, a worried son goes to war

The mother of the field.

And she also saw a trace of envy in the eyes of Zhao Lingshan and Zi Xun, envy her being able to fight alongside Qin Chen, envy her being able to stand with Qin Chen, envy her being watched by everyone, for this continent, Go to fight.

At this moment, Murong Bingyun's heart seemed to be electrocuted, and he trembled suddenly, his nose was inexplicably sore, and his eyes blurred.

Is this trust?

I don't know why, Murong Bingyun, who had looked very uncomfortable with the black slaves, suddenly had an urge to cry.

Tianwu Continent is the continent where she was born and raised her, but since the day she was born, she has not enjoyed happiness. She has been severely treated by Shangguan Xi'er since she was a child. She must do her best in any aspect, otherwise she Will be punished. Later, she became the Young Palace Master, and everyone treated her respectfully. She was used to being aloof. In fact, in her heart, how much she hopes to be able to live a happy life like an ordinary woman and have a playmate, even if one day

. But no.

[Chapter 3110: the meaning of life](#)

She must be high above, because she is the Young Palace Master of Misty Palace, and her every move represents Misty Palace, being stared by countless people and being scrutinized by Shangguan Xier.

Until she even forgot what she was living for, she only knew how to practice hard, unceasingly, and desperately, as if she could be liberated as long as she continued to practice.

But at this moment, when she saw all the people in Tianlei City looking at herself, the look of expectation, tension, and worry was like looking at a relative, Murong Bingyun's heart suddenly seemed like Generalized.

She didn't know what was wrong with her, but tears couldn't stop flowing down.

She wanted to try her best to maintain her arrogance in front of everyone, and to keep herself high, even if she was suppressed, bullied, or even tortured by Qin Chen, she could grit her teeth and fight back, but at this moment, she couldn't do it, she did everything. To.

Because she suddenly seemed to have found the meaning of a person's life, the meaning of life, and the nature that she had lost since birth.

"call!"

Murong Bingyun turned around and looked at Qin Chen, who had already turned into a black spot in the distance and was about to sink into the Sea of Thunder. He gritted his teeth and strode to chase him before disappearing.

"What's wrong with Murong Bingyun?"

Everyone was a bit inexplicable, why suddenly they cried just now.

Alas, girl, I really don't understand.

Whoosh!

Murong Bingyun's figure is like electricity, and the tears from the corners of his eyes evaporate instantly and disappear, as if he had never appeared before. Then I saw Qin Chen and his entourage in the distance, floating outside of Thunder World.

"Hmph, I'm not trying to help Qin Chen, but just not wanting the Tianwu Continent that nurtured me to be destroyed in the hands of the Demon Race."

Murong Bingyun said in a heartbroken heart, as if to cheer himself up, and hurriedly stood with Yao Wuming and them, standing behind Qin Chen.

Qin Chen glanced at her, too lazy to pay attention to Murong Bingyun. At this time, Qin Chen didn't have much thoughts about other things. He frowned and looked at the thundering sea in front of him, worried.

Although Qin Chen did not enslaved Murong Bingyun, if Murong Bingyun had not followed before, but chose to escape, Qin Chen would directly detonate the soul mark he had left in Murong Bingyun's body, causing her to fly away.

Naturally, Murong Bingyun didn't know, he had already walked through the ghost gate before.

"Kid Qin Chen, it looks like the situation is not good, the devilish energy in the sea of thunder is getting stronger and stronger. I am afraid that the master of the abyss will really be out of trouble."

The **** cat's face was solemn.

"I feel it too, go and enter the sea of thunder."

Qin Chen looked at the sea of thunder that surged like a tsunami and flew in instantly.

Boom!

As soon as he entered, a horrible light of thunder enveloped Qin Chen and quickly flowed through Qin Chen's body. Compared with the time when Qin Chen was on the Tianwu Continent, the breath of the Thunder Sea at this time was far more terrifying than that of the past. As long as the Emperor Wu entered the Sea of Thunder, he would not be injured. The Emperor Wu would be more relaxed. Except most

Outside the core area, the peak Wudi in other places can basically travel. But now, the sea of thunder is more than ten thousand times stronger than the power that burst out at the beginning? Even if it's only on the periphery, Qin Chen can already feel the violent power contained in it, and if the average Heavenly Sage expert breaks in, he might fall and become

It's terrible.

The Sea of Thunder is completely violent.

"Master!" At this moment, Qin Chen immediately felt Yao Wuming's cries of pain. When he turned his head, Qin Chen immediately saw that Yao Wuming, Su Quan, Tu Moyu, and Ling Yuan were covered in one body. Tao's thunder light envelops them, countless thunder envelops them

, A black qi came out of several people, their expressions were painful.

"This is... the power of darkness?"

Qin Chen's gaze narrowed, because Murong Bingyun did not have their status, obviously because of the power of darkness on the four of them, which attracted the hostility of the power of thunder, and the sea of thunder was regarded as the target of attack.

Fortunately, the cultivation bases of several people are extremely terrifying. They are all half-step holy masters, and they have completely touched the existence of the holy master road. Otherwise, if they are replaced by the peak overlords of Dong Yuyin, they will be caught in the sea of thunder in a short time. Seriously injured, even obliterated.

This sea of thunder is indeed the same as the thunder blood in his body, and it has a strong restraint on the power of darkness. Qin Chen's heart moved, a trace of his own soul power spread over and merged into the bodies of the four people. Suddenly, the thunder light that originally wrapped the four people felt the power of Qin Chen's soul, and it gradually dissipated. ,Do not

Attack a few more people.

Murong Bingyun's eyes widened in shock: "This is..."

Qin Chen's eyes flashed: "I'm right, my soul and this sea of thunder have some kind of connection. No wonder I felt the power of that vast and mysterious thunder when I was in the abyssal mystery." Qin Chen returned to the Tianwu Continent this time, but also wanted to clarify some things. After experiencing countless things in the heavens and learning some history of the heavens, Qin Chen also had some understanding of the entire world, even the ancient times, like is one

The boundless dark mist was dispersed some, and some clues were spied on.

"go!"

Qin Chen incorporated a trace of his soul power into Murong Bingyun's body, took a few people, and quickly swept toward the depths of the Thunder Sea.

As he went deeper, Qin Chen felt the horror of the Thunder Sea, and the devilish energy in the distance became more and more terrifying. When he reached the back, even Qin Chen felt a strong pressure, as if he was pressing on a heavy boulder.

And Yao Wuming several people are getting more and more frightened, they can't think that the continent of the lower realm has such a terrifying thunder power.

"Kid Qin Chen, look." The crowd flew for a moment, and suddenly, the **** cat gave a deep cry, and naturally saw that a huge seal appeared on the thunder sea in the distance, suppressing it. The whole piece of thunder sea, in the middle of the seal, there is a crystal clear bead

, Exuding the mighty power of space, combined with the power of the sea of thunder, constantly suppressing the magic sea below.

"It's the town boundary pearl."

Qin Chen and the **** cat looked at each other, and said in a low voice that this bead was the town boundary bead they had seen in the secret realm of Abyssal Demon.

"I understand, it's because the origin of the celestial space has been replaced with the town boundary bead, which caused the power of the space to leak. That's why the master of the abyss seized the opportunity and had a chance to get out of trouble." The **** cat said solemnly. The Zhenjiezhu is the legendary treasure born and cultivated in the Tianwu Continent. It is the heart of the world that was born with the formation of the continent at the same time as the continent. It is the core of the entire continent.
