### [Chapter 3111: Sea of Shadows](#)

The Zhen Boundary Pearl in the Tianwu Continent is equivalent to the Chaos Devil's Nest of the Alien Demon Continent, and it is also this thing that shined brightly when in the Secret Realm of the Heaven Demon, suppressing the alien race and sealing the Secret Realm of the Heaven Demon.

Later, it was moved to the Abyssal Demon Secret Realm by a strong man to suppress the Lord of Abyssal Demon.

However, although the town boundary beads are very powerful and have the same effect as the original space of the heavens, when the two treasures are replaced, they will naturally cause the leakage of the space.

But even so, it wouldn't make the Lord of Abyss Demon get out of trouble so quickly. The most important thing was that Qin Chen broke into the mysterious realm of Abyss Demon back then and provided the Lord of Abyss Demon in the secret realm with life force.

Back then, the Lord of Abyss Demon released the clone projection to find a way to get out of trouble. Although Qin Chen suppressed his power, his power was replenished and he found a loophole in the secret realm of Abyss.

In addition, Qin Chen and the \*\*\*\* cat had broken into the seal of the town boundary beads, which caused a certain loosening of the seal.

Of course, there is also the reason that the Lord of Abyss Demon has been constantly killing the seal for countless years. The combination of these many reasons, and the emergence of Su Quan and other experts in the Yaomie Mansion, caused the riot in the Sea of Thunder, which led to a part of the power, and the Lord of the Abyss immediately seized the opportunity and became the crushing camel. The last straw

, Successfully escaped.

Although the \*\*\*\* cat didn't say anything about it, the moment Qin Chen saw Zhenjiezhu, everything understood.

"Unexpectedly, the Lord of the Abyss is related to me. If this is the case, it is even more impossible to let the Lord of the Abyss be free."

Qin Chen shot out a cold light in his eyes, and quickly flew forward.

Then, everyone saw an even more shocking scene.

Boom boom boom!

In the Demon Sea below, a huge figure floated and uttered a roar that shocked the sky and the earth, like a dormant demon god, exuding a terrifying aura that overwhelmed the world.

This is naturally the Lord of Abyss Demon. And beside the shadow of the master of the abyss, terrifying shadows stood out one after another. These shadows were the weird shadows that could confuse

people's minds and even rob the body of the strong in the abyss. , And at this moment, these magic shadow secrets

The crowds emerged, like a vast ocean.

Among these demon shadows, several half-step holy master-level demon shadows were born. These demon shadows were red in color and had extremely terrifying auras.

In addition, behind these blood red magic shadows, each has countless magic shadows, forming a large array.

Countless black, blood, and dark red magic shadows are densely packed. From a distance, the entire magic sea is full of ant-like magic shadows.

Pitifully, Qin Chen had never seen so many magic shadows. "This is the demon warrior that the Lord of the Abyss has used his own demon energy to nourish for countless years. Among them, there is actually a half-step holy master's demon shadow, hiss. This Lord of the Abyss has been suppressed for countless thousands of years, and his strength has long been only One thousandth, one thousandth, even

Even less, the devilish energy that escapes can actually give birth to a half-step holy master level demon? "

The \*\*\*\* cat was also shocked.

It's just that the demon energy that escapes has half a step of the cultivation base of the holy master, and it is the situation after the master of the abyss has been suppressed for countless tens of thousands of years, and the devil qi has been greatly weakened, then the heyday of the master of the abyss is What cultivation base?

The Peak Lord?

still is.....

Demon Lord?

Everyone's heart was violently shaken and felt heavy pressure.

"Or we opened the Abyssal Demon Secret Realm back then and gave it to the Abyssal Demon Master Association, otherwise, would it give birth to so many Demon Shadow Warriors?" Qin Chen looked ugly. He felt from these countless Demon Shadow Warriors. With all kinds of miscellaneous souls and auras, this made Qin Chen understand that the reason why so many terrifying ghost warriors have been born is probably the same as when they broke into the deep magic secret.

Environment-related. When they first entered the Abyssal Demon Secret Realm, those demon shadows, even the dark red ones, were at best the strength of Emperor Wu. They were able to confuse and seize the masters of Emperor Wu, but it was only a few years ago. Half-step the magic shadow of the holy lord

Now, this is almost a dozen levels, and all of this is undoubtedly related to the countless masters who fell in the Abyssal Demon secret realm.

If it weren't for their recklessness to cause all of this back then, the Lord of Abyss Demon would be too early to get out of trouble, and still be suppressed to death.

Of course, Qin Chen and the others can't be blamed for all this, after all, the first to enter here back then was the master master of the alien demon race.

Rumble! At this moment, the endless thunder light and the breath of the town boundary beads are constantly suppressing, and the top half-step holy master ghost shadows below, with countless magic shadows, form a large array to resist the pressure of the town boundary beads. , And under their resistance, the abyss below

The Demon Lord is constantly struggling, struggling to break free.

Situation, extremely dangerous!

"Qin Chen, what should I do now?" Murong Bingyun looked at him in shock, his face pale.

"What can I do? I'm done!"

Qin Chenhan said: "If the Lord of Abyss Demon is freed from trouble, the entire Tianwu Continent will surely be transformed into a plane of death."

boom!

Qin Chen stepped out in one step, and rushed into the ocean transformed by Demon Shadow in such a bold manner.

"Lunatic, Qin Chen is a lunatic!"

Murong Bingyun looked stupid, she had never seen such a lunatic, and she dared to break into this vast army of magic shadows alone.

"Kill!" As soon as Qin Chen entered this demon sea army, his body was full of devilish energy. At least a thousand demon kings surrounded him and killed them. These demon shadows were all war machines made by the master of the abyss. It is different from the ordinary Demon Clan, and is more unified,

More offensive and killing.

The Demon Shadow was originally the evolution of the Lord of the Abyss with a trace of physical demon energy and many fallen human souls, blood, and life. It was a pure war and killing machine.

Now that Qin Chen fell in, it was the breath of the human race. It was like a drop of water falling into the oil pan, which immediately triggered a rejection reaction. Many demon shadows around felt this "foreign body" and wanted to remove it.

These thousand magic shadows, the vitality condensed into one during the attack, suddenly attacked, all kinds of forces were neatly moved like an army, and the dense magic light bombarded Qin Chen. "Okay, what a pure demon energy, this is the demon energy power of the true abyssal demon clan giants, really a godsend! I need a lot of pure magic power to provide nutrients to the Ten Thousand World Demon Tree. Unfortunately, there is no such thing in the heavens. The real demons, the place of trial

The demon masters are only master masters. There are no figures above the holy master, and the devil energy is not pure. Capture these demon shadows and enter the universe fortune jade disc, so that the magic tree of the world can absorb it, which can make the tree of the world grow more smoothly! "Qin Chen roared in his heart.

### [Chapter 3112: Devour Shadow](#)

Qin Chen did not develop his true strength, but facing the attack of thousands of demon kings, he didn't care. When he split his hands, a whirlpool emanated from his palm, and immediately sucked all these magic shadows into his body. Take off

When I got up, I saw the dense ants-like demonic warriors, and I shot them with one palm.

Hand of Origin! The huge palm was grabbed out, and immediately thousands of Demon Shadow Warriors were caught in Qin Chen's palm, and then a huge whirlpool appeared in the center of the palm, the whirlpool rolled, and all the Demon Shadow Warriors Swallowed, sent to dry

Kun's good fortune jade disc, penetrated into the Devil Tree of Ten Thousand Realms, and was immediately transformed into it! In the jade disc of good fortune in the universe, the Demon Tree of the Ten Thousand Realms saw the influx of the aura of countless demon shadow warriors, and suddenly the demon tree glowed, countless branches surged, glowing with a cheering atmosphere, countless branches captured these demon warriors one by one , Crazy swallow

bite.

Moreover, under the power of the years, time accelerated, and in an instant, these magic shadow warriors were dried up, swallowed a little bit, and turned into nourishment for the growth of the magic tree of the ten thousand world.

Among the jade discs of good fortune in the universe, these magic shadow warriors could not resist the swallowing of the devil trees of the world. After a breathing time outside, a quarter of an hour passed in the jade disc of good fortune in the universe, and countless magic shadows were completely swallowed.

The power of the Demon Race formed by the Lord of Abyss Demon Qi is really different from the power of the ordinary Demon Race. It is extremely pure. You can see the magic light on the Ten Thousand Realm Demon Tree, the magic light is bright, and the breath is visible at the speed. Slowly improve. Because, the Lord of Abyss Demon is at least the pinnacle of the Holy Master level, and even, it may be a master of Demon Venerable. Although these demons have a very low cultivation base, their essence is still composed of the pure demon energy of the Lord of Abyss. This kind of devilish energy is against the devil tree of ten thousand realms

It is undoubtedly a great supplement.

"it is good!"

Feeling the changes in the Demon Tree of the Ten Thousand Realms, Qin Chen was immediately overjoyed. He also knew that the Lord of the Abyss was indeed the top race among the Demon Race. The demon energy was pure and powerful, and it was not an ordinary Demon Race at all. Comparable.

No, let alone an ordinary demon clan, even the demon aura of the saint master of the Yama demon clan is far inferior to the demon aura of the master of the abyss demon. "However, the pure devil energy produced by thousands of Demon Shadow Warriors swallowed is too thin. The growth of the Demon Tree of the Ten Thousand Worlds requires endless pure demon energy. More Demon Warriors must be captured, and is a stronger Shadow Warrior, Pinnacle

Master Demon Shadow, even half-step Holy Master Demon Shadow. "Qin Chen tasted the sweetness, his body flickered, and suddenly moved, flew over to the densest area of the Demon Sea, and then the hand of origin, the power reached the extreme, and immediately grasped the huge demon shadow. The ocean was captured and photographed. The entire magic sea seemed to be empty, and then a magic fire broke out from the hand of origin, and the whole magic sea captured and photographed was severely refined and swallowed. Infiltrated the jade disc of good fortune in the universe, was suppressed, and then by

The Devil Tree of Ten Thousand Realms devoured wildly.

Under the suppression of the power of time, these magical shadows can hardly make any waves.

Qin Chen's violent shot immediately caused a huge chaos in the Demon Shadow.

"Where is the human kid! So tough, he just broke the master's escape plan and killed him!"

Many powerful demons have noticed him. Although these magic shadows are just formation of demonic energy, after swallowing the blood and life of the human warriors, a will has begun to be born. It is a magical skill. If it is allowed to develop and swallow enough power, it may even form.

Real life.

Now, they saw Qin Chen rioting in the Demon Sea, and they were so frightened that they naturally couldn't let him be so arrogant. Suddenly, a tall demon shadow rose into the sky. This magic shadow, the whole body is entwined with a stream of black energy, there are hundreds of black energy like a snake, rolling around the body, every black energy is a peak, or several peaks.

The demon head leads countless demon shadows, densely packed with thousands.

This is a half-step holy master demon shadow, leading countless heavenly demon shadows and even earth holy demon shadows into a vast array, forming a whole.

The half-step holy master of this magic shadow is a vast sea of magic.

"Demon Shadow God!"

Tens of millions of demon shadows gathered into a single strand, and gathered on the body of the holy master demon shadow in this half step, making the power of the holy master demon shadow in this half step suddenly increased several times, and there was a kind of vagueness. A breath of detachment to shock the world!

This means that this half-step Holy Master Demon Shadow has almost infinitely approached the Holy Master level after integrating into this infinite Demon Shadow power. "Damn human race kid! No matter where you come from, pick me up, the magic light shines! Remember, it is my magic three who

killed you. In front of my magic three, no one can destroy the Lord's plan!" This half step, the holy lord demon shadow roared and punched

When the call came, the sky broke and the earth broke, and the devilish energy was violent, tearing Qin Chen apart.

"What a half-step holy master demon shadow, so powerful, it is infinitely close to the holy master, hiss, is this really just the formation of devilish energy?"

Qin Chen saw the half-step holy lord Demon Shadow punch, the heaven and earth demon energy was violent, divided into two, involved himself in it, to be torn apart, this force almost tore his own barren ancient body. It's incredible. It should be understood that this is just a demonic energy released by the Lord of the Abyss. Such a powerful Demon master can be born, not even weaker than the real Demon Tianjiao such as Tu Moyu, a half-step master of the peak of the Holy Master. How not surprised Qin Chen, scalp

Tingling.

Is the Lord of Abyss Demon so strong?

However, apart from shock, Qin Chen was not surprised but delighted. Such a powerful magic shadow warrior, if caught refining, it will definitely be able to produce even more powerful and pure demon energy, and Qin Chen vaguely felt that this magic shadow's body also contained special magic powers, and this punch came. , Void Fury, to

Divide the corpse yourself, this is definitely not an ordinary devilish blow, but contains a special magical power.

Once you capture the opponent and refine the opponent, you may be able to gain even more powerful magic powers. At the moment, Qin Chen's body was spurred by disasters and underworld fires, and the ancient aura was urged to the extreme. Once again, a terrifying force emerged in the body, condensed into a black hole. This black hole is vast and boundless. With a secret breath, it takes this half. The Attack of the Holy Lord Moying

Hit, disintegrate instantly.

boom!

Qin Chen rose to the sky, seized the opportunity, and instantly came before the half-step Holy Master Demon Shadow, took a palm shot, and enveloped the half-step Holy Master Demon Shadow in his hand.

This half-step the holy lord demon shadow roared, trying to break free from Qin Chen's shackles. However, at this moment, Qin Chen secretly urged the supernatural powers of time, and displayed the aura of disaster and underworld fire, instantly imprisoning the demon shadow.

[Chapter 3113: Magic axe](#)

Boo!

Under Qin Chen's palm, the half-step Sage Lord Demon Shadow shrank rapidly, and then transformed into a small human form. It also submerged in Qin Chen's body, absorbed it for life, but actually penetrated the universe. Inside the good luck jade dish.

In the jade disc of good fortune.

The magic three is roaring.

"Boy, do you think you have a mysterious holy treasure, and a little sealing technique, can make me fall into it? How naive!"

Demon Three Demon Shadow, thinking that he was dragged into a holy lord by Qin Chen, could not help but sneer again and again, and wanted to get out, but an invisible force suppressed it and immediately imprisoned it.

"What? Small world!"

The Demon Three Demon Shadow felt the laws of the surroundings, roared, and suddenly shocked, Qin Chen felt that the Demon Three Demon Shadow had actually made contact with the outside world, and an infernal will was about to infiltrate. The magic three is led out.

"Is it the will of the Lord of the Abyss?"

Qin Chen was shocked, this force, vast and terrifying, turned out to be the will of the Lord of Abyss Demon.

It was as if someone wanted to capture the black slaves in front of Qin Chen, Qin Chen would naturally be able to use his soul imprint to help.

not good!

Qin Chen was immediately shocked. If the will of the Lord of the Abyss could penetrate, could the jade disc of good fortune be blocked?

Qin Chen was not sure at all.

Although he is invincible in the jade disc of Universe Good Fortune, he still depends on the object. If the idea of a demon is really projected in, the inside should be combined with the outside. With Qin Chen's current cultivation base, no matter how invincible, it is impossible to resist it.

"Cut off!"

Qin Chen roared!

Boom!

In the jade disc of good fortune in the universe, the wind is surging, and the infinite power and laws are mobilized.

"Hahaha, it's useless, your kid actually has a small world on him, just because Lord Lord still lacks the treasure after getting out of trouble, I will give it to Lord Lord." The three magic shadows laughed fiercely.

"Hmph, dedicated to the Lord of Abyss Demon, you also have to have this opportunity."

Qin Chen smiled coldly. After panicking, Qin Chen also calmed down at this time. He immediately felt that this traction force was not so strong. At least he couldn't pull the three magic shadows from the jade disc in the universe. Get out. Think about it, the Lord of the Abyss has been suppressed for so many years, and has not yet escaped the trap. He has been firmly suppressed by the Sea of Thunder and the Zhenjiezhu. This strand of will is not even its active will, but stays here for a while. The instinctive mark in the body of the Holy Lord Demon Shadow

In other words, the now trapped Abyssal Demon Lord can't even perceive the situation in the jade disc of good fortune in the universe, but its instinct finds that a demon shadow disappears and launches a rescue.

As long as the three demon shadows cannot escape the jade disc, the master of the deep demon will never know what happened.

Thinking of this, Qin Chen's eyes suddenly became ferocious.

"Huh, the remaining subconscious minds also want to take people from their hands?"

"Qin Mo, do it!"

Qin Chen gave a low drink, and for a short while, a dark figure suddenly appeared behind the magic three, staring coldly at the magic shadow.

It is Qin Mo!

"The master of the main line?"

This magic three magic shadow was startled, with an unbelievable expression. How could this be possible?

How could there be a master of the Abyssal Demon Race in this small world, and why didn't this person rescue the master, but help the people of this human race?

"The Ten Thousand Worlds Demon Tree, the ten thousand worlds are united, swallow the Ten Thousand Demons, and regain a new life!" Qin Mo urged the power of the Yuan Demon, and in a short time, the Ten Thousand World Demon Tree behind Qin Demon surged with countless tentacles, violently turning this The magic three magic shadows were tied up.

"Ah, Ten Thousand World Demon Tree, what is this?"

The Demon Three Demon Shadow roared bitterly, and the power of the Ten Thousand Realm Demon Tree began to penetrate the body of the Demon Three Demon Shadow under the blessing of Qin Demon, swallowing his power. The Universe Jade Plate was originally Qin Chen's world, and Qin Chen said that he followed the law, only because the power of the Lord of the Abyss was too strong to infiltrate and interfere, but under the combination of Qin Demon and the Ten Thousand Realm Demon Tree, One of the Lord of Abyss

The subconscious can't lift the waves at all, it is as strong as the three magic shadows, and it has been swallowed a little bit.

"Ah! Who are you? Why do you have such a treasure?"

It was almost impossible for the Demon Three Demon Shadow to explode, and the news could not be transmitted, so it was swallowed by the Ten Thousand Realm Demon Tree and disintegrated a little bit.

In the end, as well as the countless demon shadows in his body, they were all swallowed by the Demon Tree of the Ten Thousand Worlds, and the magical powers of the Lord of the Abyss flickered in the void, which were contained in his body.

"What a powerful demon shadow!" Feeling the ten thousand realm demon tree in the jade disc of good fortune in the universe, after refining this half-step holy master demon shadow, Qin Chen's aura suddenly soared, and Qin Chen was surprised and delighted. If mad, and, half-step the power of the Abyssal Demon and the magical powers against the Abyssal Demon Race

The understanding of the law is also of great help to Qin Mo. Suddenly, Qin Mo flashed a more profound aura of Abyss Demon. Originally, Mo Qin's body was transformed by a parasitic seed, and his heart was transformed by the Chaos Demon's Nest. It was only after practicing the Abyss Demon that he could display the Yuan Demon clan's Strength, carefully

To perceive, you can also perceive the difference. But now, Mo Qin absorbed part of the power of the Demon III, the purest Demon Qi, and gained some of the Demon Supernatural powers. Immediately, the surface of the body naturally revealed the aura of the Abyss. It can be said that now Qin Mo enters the devil world

Among them, even if they are seen by some demon tribe saint masters, they will only think that the opponent is a pure Yuan demon tribe, rather than other demon tribes who have practiced the rules of deep magic.

"Well, this time the gain is too great."

Qin Chen was surprised again and again, which was simply an unexpected surprise.

"If I can kill and swallow enough demon shadows, not only will the Ten Thousand Realms Demon Tree accelerate its growth, but Qin Demon can also use this to step into the realm of the Holy Master and kill these demon shadows more."

Everything in the jade disc of good fortune in the universe, the passage of time has been greatly accelerated, and Qin Chen was outside, and a moment passed. Many magic shadow masters saw this intrepid human master, and they imprisoned the Demon Three with a single palm, and then became more violent, constantly bursting power, sweeping the many magic shadows around, and they were shocked all by them. Big array

Nothing can help him.

"What's the matter? Where did this child appear? How could such a strong master appear in this small plane?!" "Damn, this person has taken the magic three, the strength of the magic three, through the ancient and modern, in the body Contains thousands of magic shadows, unmatched, even if it is

captured, you can escape, kill the square, and blow it up, not to mention that the magic three is the main one.

The formation of the main devil energy, which contains the will of the main, can't escape? "

The remaining half-step Sage Lord Demon Shadow saw this scene and was taken aback. It let out a long whistle: "Brothers, unite as one, form a magic axe, open the sky and help the Lord to get out of trouble."

#### [Chapter 3114: Merge into one](#)

Hum!

With this half-step holy master shadow as the center, among the densely packed shadow warriors, several half-step holy master shadows flew up immediately, and the body and this half-step holy master shadow were combined, and then issued together Long howl.

In an instant, countless demon warriors, centered on these half-step holy master demon shadows, flew above them like locusts, condensing them into a huge magic axe! This huge magic axe is tens of thousands of feet long, and the magic light is shining. There are densely packed Mozu runes on it, which are each Mozu warrior. At least there are hundreds of millions of Mosha warriors, condensed, if it is placed in the starry sky. , I'm afraid it was a slight shock,

The aftermath can blast countless stars, and the strength has reached the level of infinitely close to the Holy Master.

Except that the realm cannot be reached, there is no difference in strength.

Boom! This huge magic axe slashed fiercely towards the town boundary beads in the sky, covering the space, blocking everything, and even time seemed to stop. Hundreds of millions of magic shadow warriors, mobilizing the big formation, are truly linked, and the combat effectiveness is more than ten thousand times higher than the mess

?

Qin Chen had never discovered that the combination of many demons could still produce such a great combat power. Among the magic axe, countless masters of the magic shadow above the heavenly saints communicate with the devil world by virtue of the devil aura in their bodies. In the demon world, a gloomy \*\*\*\* breath was transmitted, blessed on this big axe, making it unstoppable. One cut

In between, it seems that deep gullies can be cut in the sky.

The origin of the entire Tianwu Continent shook under this power, and seemed to be afraid of this power.

"not good!"

Qin Chen was shocked, his gaze condensed, and he suddenly raised his hands to the masters of Tu Moyu who had charged in and killed outside the Demon Sea: "Come in!"

Suddenly the space shrank, and several masters suddenly entered the universe jade disc, and then Qin Chen suddenly appeared between the heavens and the earth, frantically urging the calamity fire and various treasures in his body.

boom!

In Qin Chen's body, the aura of various holy masters and precious soldiers permeated, and Zixiao Dousui Palace was also aroused by Qin Chen. The phantom of a huge palace appeared around Qin Chen, resisting the sky-reaching one. Magic axe.

哇!

The world shook wildly, after all, Qin Chen couldn't fully mobilize the universe and good fortune jade disc. Between this magic axe, the entire palace phantom burst into pieces, and Qin Chen was also shaken out. However, Qin Chen's block also weakened the power of the Heaven-sounding Demon Axe. In the sky of Thunder Sea, countless runes were shaken apart and still blocked the blow, but anyone can see that Thunder Sea. The breath of Lei Fu has weakened Xu

many.

"Damn it, continue to condense and help the Lord get out of trouble."

The Demon Shadow couldn't make a big blow, and suddenly roared again and wanted to make another shot.

"No, if this continues, the lightning talisman formation will definitely be broken, and they must be killed and their formation destroyed."

Qin Chen's thoughts moved, and his body instantly appeared in the great formation of Mohai.

In this position, there is a half-step holy Lord Demon Shadow sitting here, and the vast ocean of Demon Shadow Warriors around him, like a secular army, stationed here.

As soon as Qin Chen landed, as if a \*\*\*\* descended, a black hole-like whirlpool appeared all over his body, which turned out to be swallowed directly.

"The swallowing of ten thousand realms belongs to me!"

Attracted by the power of the black hole, countless magic shadows in the magic sea have been thrown into the jade disc.

At this moment, Qin Chen was like a demon god, wherever he went, the demon shadow was swallowed and became Qin Chen's own strength.

"Ah!"

When these magic shadow warriors were placed in the heavens, they also harmed the general demon army, but in front of Qin Chen's eyes, it was the source of strength, and they all screamed.

"Damn it, stop him. This person can consume our strength. If this continues, once he swallows enough Demon Warriors and he swallows one, our strength will be weakened by one point."

The many demon warriors who had condensed into magic axe saw what Qin Chenbi was doing, and they were all angry.

"Hmph, you magic shadows will all be transformed by me!"

Qin Chen's eyes were cold, and at this moment, a monstrous breath rose into the sky in the Demon Sea.

"Who is it, devouring the demon energy of this demon."

A rumbling roar resounded through the world, and under the demonization, the phantom of the Lord of the Abyss broke free, and an ocean-like power poured out.

Qin Chen felt a twitch.

No, the magic axe still shook the seal before, which made the Lord of the Abyss break even more.

"Hurry up!"

Whoosh whoosh, whoosh whoosh! At this time, Qin Chen showed his true strength, the space was operating in rules, and he walked in the magic sea. With his strength, he could sweep everything. During the display of the original magical powers, he shuttled among the countless magical shadows, with his hands entwined, and countless magical shadows. war

The scholar was reaped into the universe of good fortune jade disc. The Ten Thousand Realms Demon Tree absorbs more and more power, and you can see that the Ten Thousand Realms Demon Tree in the Universe Destiny Jade Plate, in such a short period of time, has actually grown a full circle, Ka Ka Ka, Qin Chen feels an unprecedented breath, open

Hajime diffused out of the Devil Tree of the Ten Thousand Realms, as if glowing with a whole new breath.

In an instant, Qin Chen felt that his grasp of demonic energy became more keen and more comfortable, and he felt like refining everything with his fingers.

In an instant, the speed of the Ten Thousand World Demon Tree refining the Demon Shadow Warrior increased ten times.

"brute!"

Seeing Qin Chen in the demon sea, the infinite demon shadow warriors were beheaded by him, the magic axe formed by the half-step holy master demon shadow, was even more furious, and once again screamed, to gather more demons. Shadow warriors, condensed into a more powerful magic axe.

"Many magic shadows listen to my orders! The magic one summons, merge into one!"

This half-step holy master-level demon shadow is obviously extremely advanced. It is called Moyi. It actually emits a magical power, and immediately the demon shadow in the entire Demon Sea is attracted and merged into the magic axe.

Almost all the half-step holy master demon shadows are fused together, and again they will condense into a magic axe. This time the magic axe is obviously more powerful than the previous one. Once it appears, the world will split. . However, at the moment when the magic axe was about to condense, Qin

Chen suddenly disappeared. He stepped on the power of time and appeared above the magic axe. The power of the jade plate of the universe fortune and the power of the devil's treasure Zixiao Dou Li Gong were completely released. Came out and blended into

With the power of the Demon Tree of the Ten Thousand Worlds, the mighty demon fire came, it was a disaster.

This appearance immediately messed up the magic axe aura condensed by these demon shadows. The power of the magic tree of the ten thousand worlds, under the cover of the aura of disaster, began to devour the power of this magic axe crazily. Completely disintegrated. Qin Chen was frantically refining.

### [Chapter 3115: Finally out of trouble](#)

At the core of the magic axe, the countless half-steps of the magic shadow of the magic axe, magic one, magic two to magic ten, were all imprisoned, and a painful look appeared on their faces, and after a few breaths, their painful eyes Zhongdu turned into a determined look, "Lord

In the next life, the devil will come to serve you again! "

"burst!"

Hum!

The aura on the magic axe suddenly violent, an aura capable of destroying countless continents exploded suddenly.

"not good!"

Qin Chen shook violently. At the last moment, these countless demon shadows blew themselves up, and the entire demon axe, a breath that could kill the holy master, exploded.

Boom!

The next moment, the place where Qin Chen was, exploded suddenly, and the infinite explosive power swept through. The origin of Tianwu Continent was shaking, and the terrifying force rushed into the big seal formed by the town's boundary beads and the sea of thunder. Above the array.

Click!

There was a slight cracking sound, and the seal over the sea of Thunder finally cracked.

This seal blocked the explosion of the magic axe and prevented the destruction of the Tianwu Continent, but it was finally blasted through a gap.

Boom boom boom! Suddenly, in the magic sea below, a vast figure seized the opportunity and struggling step by step to walk out. This is a figure that reaches the sky, like a demon god, through the sky and the earth, once it appears, a round of eyes, like a demon Average day, exudes

Infinitely terrifying breath.

There are countless thunder lights and seals on its body, which are preventing him from breaking free, but it still allows it to step out.

"Hahaha, my Lord of Abyss Demon has been trapped for so many years, and finally is about to get out of the trap, the world is on the earth, I am the only one, I want to swallow all the humans on the entire continent and kill all the creatures."

The Lord of Abyss Demon looked up to the sky and roared, his voice vibrating.

The Lord of the Abyss finally began to escape.

"Damn it!"

Qin Chen appeared under the seal with an ugly expression. The moment he exploded, he entered the universe jade disc and escaped the attack. Now when he came out again, he saw such a shocking scene and his heart was frightened.

He raised his head and saw the seal above his head. He gritted his teeth and immediately rose up to the sky to repair the seal.

"Human kid, I was the shadow warrior who hurt this demon before, and now I still want to repair the seal? Looking for death? The demon remembers you. You once entered the secret realm of the demon. I never thought you were so strong. You have a big body. Secret!" The Lord of the Abyssal Demon roared when he saw this scene. It hadn't completely freed itself, but broke away half of its body, and slapped Qin Chen with a palm, even though he was also severely injured and suppressed countless. Thousands of years, but still majestic, one hand

At that time, time and space came and passed, and chaos stood alive, making Qin Chen like a solitary boat floating in the vast ocean. The power of the Lord of the Abyss is too terrifying. Qin Chen has never felt such a terrifying power. With this palm, Qin Chen immediately felt suffocated all over his body, and almost had difficulty breathing, and countless spaces around him were torn apart. , Even touched

The law of its own origin.

Qin Chen's physical body began to shake.

"Ancient body, Zixiao will lead the palace, and the disaster will come out to me." Qin Chen didn't dare to neglect for a moment, and he shook, and the phantom of Zi Xiaodou's palace appeared, resisting in front of him, and the boundless demon fire lingered , Turned into a defense to resist this blow.

Ooooooooooooooooooooooooooooo!

The original power in Qin Chen's body ran to its limit, and a mysterious rust sword appeared in his hand, and he split it out of his hand and slammed it hard against the divine fist of the Lord of the Abyss. Two overbearing powers collided in the space, and immediately, countless parallel spaces were destroyed, and huge black holes appeared one after another in the sky. From the black holes, many real stars could be vaguely seen. ,

There are also unknown big worlds, some alien spaces.

This is the space-time black hole.

The space-time black hole that can only be created by the strong war will not be eliminated for hundreds of years, or even thousands of years.

Qin Chen felt an unrivaled force pouring out, and for a moment, even the mysterious Rust Sword could not resist.

With a crackle, Qin Chen's body continued to walk, only feeling the strength of the Lord of the Abyss, rushing into the aura of the ancients, and many holy treasures seemed to be unable to bear it.

At the critical moment, the treasures in Qin Chen's body, such as the Heaven-Swallowing Demon Jar and the Palace of Life and Death, were shaking violently, exuding a unique aura to resist this force. But even so, the internal organs in Qin Chen's body still almost turned over. Every inch of flesh and blood seemed to be piercing violently. His waist and back were painful and he was extremely tired. He wanted to fall on the ground and passed out. Heaven and earth

Turn around, staring at Venus.

Obviously it was this blow that destroyed the essence of his original body and hurt the original source.  
puff!

He spouted a mouthful of blood, blood was seeping through his eyes and nose, and the blood in his pores was pitch black.

With a punch from the Lord of the Abyss, it was as mighty as this! "How can it be so powerful, this Abyssal Demon Lord is too strong!" Qin Chen roared, trying his best to recover from his injuries, and countless sacred veins aura nourished from the jade disc of good fortune from the universe, and Zi Xiao was in the palace. Countless \*\*\*\* pill breath is also added

After coming, he merged into Qin Chen's body and calmed down some vitality again.

If this time, the Lord of Abyss Demon continued to punch him, he was afraid that he would be seriously injured if he didn't die.

"Huh?" The Lord of Abyss Demon was also taken aback, and did not attack, because the power of the town boundary pearl was suppressed again, and it saw Qin Chen take his own punch, his face paled, and a sacred pill breath emerged. Come, return to ruddy, destroyed in the body

The source was recovering at an incredible speed, and he couldn't help being surprised. "Although I have been trapped for countless years, my cultivation base has been greatly weakened, and infinity has been weakened, but this punch also has the power of the Holy Master. Even if an ordinary human Holy Master hits me with this punch, I will be seriously injured and must be closed. Ten thousand years will be able to get rid of the injury, and

There is no hope of being promoted to the next level in his life, this kid can actually resist it! "

"Qin Chen, be careful, this Abyssal Demon Lord hasn't completely escaped. This is his original blow. If he escapes completely, you will definitely be in danger." The \*\*\*\* cat furiously said in the jade disc.

Murong Bingyun also watched Qin Chen and the Lord of Yuanmo fight hard, bloody, and a heart was lifted.

"No, I can't go. If I go, Tianwu Continent will be over. For the sake of Tianwu Continent, I can't go."

Qin Chen said coldly, wiping off the blood from the corners of his mouth.

Murong Bingyun was moved. Is this Qin Chen crazy? Don't he know that there is only one dead end when he stays. When the Lord of the Abyss is out of trouble, he can't even escape. Is he a fool?

However, in the face of such a situation, Qin Chen always stood tall, and took the initiative to kill. Balls of flame burned all over his body, evaporating all the dirty blood, and then a source of power emerged from his body. It was his source, and above the sky, the source of Tianwu Continent also instilled power, making His body

Started to repair slowly. The origin of the mainland also knew his contribution and knew that Qin Chen wanted to fight the Lord of Yuanmo.

### [Chapter 3116: The Lord of the Abyss](#)

Infinite power lingers, and the power of thunder in Qin Chen's body also diffuses. The breath of the Demon Tree of the Ten Thousand Worlds is also poured into Qin Chen's body. The power of the Demon Tree of the Ten Thousand Worlds is finally revealed at this moment. There is a kind of supreme beauty

use. The power that the Lord of the Abyss stayed in Qin Chen's body was originally irresistible. It was destroying Qin Chen's origin and couldn't be removed. Even some of the Holy Lord's Supreme Treasures could only delay the opponent's invasion, but the Ten Thousand World Demon Tree's As soon as the power comes in

It restrained the power of the Lord of Abyss Demon.

In a few moments, Qin Chen felt that the strength of the master of the deep demon left in his body was all resolved.

"it is good!"

Qin Chen was overjoyed and added a trace of confidence for the first time. The terribleness of the Lord of Abyss Demon even made him feel desperate and unmatched deep in his heart, but now he finally has a trace of confidence.

This is also the fact that the Ten Thousand Worlds Demon Tree has made a big breakthrough under the nourishment of the previous half-step Holy Lord Demon Shadow, otherwise it would be impossible to eliminate the hidden dangers left by the Lord of the Abyss.

The breath of the Devil Tree of the Ten Thousand Realms filled Qin Chen's body.

"What? This is..."

While the Lord of Abyss Demon broke free from the \*\*\*\* of the town boundary beads, he felt the breath of the Ten Thousand Realms Demon Tree faintly emanating from Qin Chen's body, and was immediately shocked.

With this kind of power, even it was horrified, and felt the vastness and boundlessness, it turned out to be its demon clan's most treasured devil tree.

Rumor has it that the Demon Tree of the Ten Thousand Worlds was the origin of the birth of the Demon Clan, and the mother tree that emerged from the Demon Clan, the first master of the Demon Clan, was the magic way that was formed under the Demon Tree of the Ten Thousand Worlds in ancient times. However, afterwards, the Ten Thousand Realms Demon Tree experienced countless calamities, countless Nirvanas, and countless times only the Demon Seed was left behind. It was the totem and belief of their Demon Race, but during the First World War, the Ten Thousand Realms Demon preserved by their Abyss Demon Race The tree species, unexpectedly disappeared,

Being snatched away by someone, missing him, I can't imagine that Qin Chen actually felt the aura of the Devil Tree of Ten Thousand Realms. "You kid took the demon seed of the Demon Tree of the Ten Thousand Worlds? And cultivated it? Right? The Demon Tree of the Ten Thousand Worlds is the treasure of my demon clan. It must be the purest demon clan source power to be able to nourish it, and , The whole process is extremely long, tens of thousands of years

Ji, how could you, a small human race, cultivate the Devil Tree of the Ten Thousand Worlds? Say, where did you get it? "

The lord of the deep demon roared, roared, and the demon sea boiled, really like the end of the day. The mighty aura stunned nine heavens and ten earths, and the origin of the Tianwu Continent was shaking and was about to be destroyed.

This breath is too strong, it is incomparable.

Boom!

He shot, and the black magic sun-like aura continued to rise, bursting into the world, the black aura seemed to come from the ancient abyss, shaking everything.

"If you want to get out of trouble, ask me before you talk."

Qin Chen shouted angrily, whoosh, whoosh, in his body, the tentacle of the Ten Thousand Worlds Demon Tree suddenly spread out, and it turned into a big formation, above the Demon Sea, to help the town bead and the Thunder Seal , Seal the Lord of Abyss Demon again.

Qin Chen knew very well that using his strength to kill the Lord of Abyss Demon had no more thought, but could only find a way to seal it again. "Human kid, you are looking for death." The Lord of the Abyss stared at Qin Chen coldly, "You may not know the identity of this demon. I am the demon of the Heavenly Abyss Demon Race. Now the universe is moving and the situation is changing. Clan contends for supremacy, Hundred Ge contends, our deep demons clan

, Is a race that is destined to rule the entire universe in the future. Since you have the Demon Tree of Ten Thousand Realms, you can see that you are connected to my Abyss Demon Race. The rumbling roar resounded, and there was a hint of temptation and a hint of mighty magic power in the voice of the Lord of the Abyss: "You should know that this seal has trapped me for countless years, but today, it has been I can't trap the demon at all. As long as the demon gets out of the trap, the entire source continent will be refined by the demon and become food for the demon. However, you can not die, as long as you take refuge in this demon, this demon can seal you as the high-level of my deep demon clan. In the future, my clan will conquer the entire heaven, and this demon will become an abyss.

Lord of the demons, and you, the demon can make you the supreme human race, let you enjoy the supreme glory, control countless human races, and be recognized by the power of darkness, how? "

The Lord of Abyss Demon suddenly said, the rumble of roar shook the entire Tianwu Continent, and countless people on the mainland heard this sentence, and everyone who said it was shocked.

In Tianlei City, everyone felt this domineering majesty, and everyone was frightened.

This Abyssal Demon Lord actually wanted to win over Pavilion Master Qin and bestow the supreme status of the other race. Who can resist this temptation?

Especially in these times of crisis, the time when life and death are out of control, is an endless temptation to people. But Qin Chen knew very well that it was the Lord of Abyss Demon who was disintegrating Qin Chen's confidence, on the surface he was trying to win over himself, but in fact he was looking for help. This shows that the Lord of Abyss Demon not only possesses extremely powerful force, but also penetrates his soul. The wisdom of

Turn all foreign enemies into his own strength, and even use himself to get out of trouble.

This can be seen from the traps he set up in the Abyssal Demon secret realm and the test of the human heart.

"Hahaha, make me the supreme of the human race? Let me be recognized by the power of darkness? Is it rare?" Qin Chen's eyes were cold and unparalleled, facing the Lord of the Abyss, the oppression like the gods and demons of the heavens. No retreat, full of fighting spirit, no hesitation, "You, the deep demons, destroy the heavens, and do harm to the world. If you get out of trouble, you will surely be wiped out.

Tan, even if Ben Shao desperately died today, he still wants to stop you from being born. "

"Huh, stop me from being born? Toast and not eat or drink fine wine, your human races are all stupid, if that's the case, then go to death!"

The Lord of the Abyssal Demon made a sudden profit, and then broke away another point, and a mighty force rose: "The punch just now did not kill you. It was your luck. Let you pick me up now. , The world is the same demon, I see how long you can hold on!"

When the voice fell, the eyes of the Lord of the Abyss flashed with evil light, which seemed to be the most evil existence in the universe, to make the magic path counterattack and assimilate the world.

The fist hasn't been unfolded, a force and aura completely enveloped Qin Chen, making him unable to move. In an instant, Qin Chen felt that he had no chance to escape and dodge in the face of the master of Abyssal Demon's punch, because the souls of thousands of generations seemed to be locked, and no matter where he fled, he would have to endure the chase. , Even if you go back in time,

It is useless to avoid to the future.

In the long river of heaven and earth, in the long river of years, he has been locked and countless can escape.

"Heaven and earth are the same demon!" With a bang, Yuan Mozhi took the initiative, and when his body moved, heaven and earth collapsed. His fist lifted up, slowly like a snail, but fast like lightning, completely distorting the holy realm master. The understanding of time and space overturned the idea of Dao.

### [Chapter 3117: Actually caught](#)

Qin Chen couldn't even estimate when the opponent's punch hit his body, nor could he lock the opponent's fist intent or even his body movements. It seems that he has suddenly entered a completely distorted world, and any concept is a piece of

Vague, only boundless magic, swallowing everything.

Such a shocking punch!

In desperation, Qin Chen poured all the sacred essence and will into the Devil Tree of Ten Thousand Realms, into the jade disc of good fortune in the universe, and into the palace of Zi Xiao Dou. Through the heaven-defying Venerable Treasure, the Demon's Supreme Treasure, Qin Chen radiated infinite power, and the origin of time was also urged by Qin Chen. The infinite time was distorted, the river of destiny surged, and the glory of origin appeared. , All kinds of magical powers flash

Now, he immediately broke free from the mood of the Lord of the Abyss, grasping the true attack of the Lord of the Abyss.

However, which dark fist containing endless magic light, seemed to be in the boundless darkness, the powerful demon \*\*\*\* broke through the eternal seal, rushed out, and directly bombarded Qin Chen's head!

Extremely dangerous!

If this bomb hits, Qin Chen is afraid that he will be broken into pieces, suppressed by eternity, and broken into pieces! At this critical juncture, Qin Chen has fought countless lives and deaths, and the experience gained in the \*\*\*\* storm is once again perfectly displayed. He does not know where the tyrannical will has mobilized all the holy yuans in the body and the power of all holy treasures. ,All

Combining them together, in an instant, nearly a hundred high-grade ancient sacred veins in Qin Chen's body were burned, and many demon fires were transported without capital, and entered the jade disc of good fortune in the universe, Qin Mo and others In the body.

Qin Mo and others all roared, half-step the holy master's cultivation base, one by one urged to the extreme, under the infinite power, the power is all condensed into one, and Qin Chen's power is combined to penetrate into the ten thousand world demons. In the tree. Qin Mo, Tu Moyu, Yao Wuming, Su Quan, Lingyuan, and Murong Bingyun are all the top arrogant, the most powerful half-step holy master. Now they burn so many holy veins and so much power at once. The bursting power is infinitely close

Holy Lord, then, all the power was integrated into the Devil Tree of Ten Thousand Realms, and combined with Qin Chen.

Boom boom boom!

The power that burst out at this moment shocked ancient and modern times.

Roar! Qin Chen opened his mouth, as if roaring out the first sound of the opening of the heavens and the earth. Above his head, the original power of Tianwu Continent also descended and merged into his body. On the mysterious rust sword in his hand, there was a ghost immediately. Sense power, Qin

Before Chen's eyes, he saw the boundless purgatory, the bones everywhere, the sea of blood and the eternal glory.

The source of time was urged to the extreme, the endless time was stagnant, and the world seemed to pause for a second.

In an instant, the sky full of Demon Trees and the mysterious rust sword in Qin Chen's hand slammed into the past, crashing against the Master Demon Fist of the Abyssal Demon that haunted the sky.

Boo!

A huge energy, a devastating impact, exploded in the two of them.

The Lord of Abyss Demon was blasted and sank a little, as if to be sealed again. Qin Chen's attack definitely reached the power of the Holy Lord, and with the mysterious rust sword, the two great treasures of the Ten Thousand World Demon Tree were blasted out. If the Lord of the Abyss was in his heyday, he might not have any fear, but when he was suppressed Countless thousands of years, already seriously injured

Under the circumstances, it immediately affected him.

And over his head, Qin Chen's whole person was also stunned and flew out, bang, Qin Chen slammed into the town boundary bead behind, puffed out with a mouthful of blood, and merged into the town boundary bead. , Into the Thunder Seal.

In his body, there was a dense explosion of explosions, it seemed that his body was flesh and blood, and all kinds of treasures were beginning to be destroyed and destroyed.

Indeed, at this moment, the energy of the Master of Abyssal Demon's fist strength has penetrated into his body's many holy treasures, destroying everything in it.

Puff puff puff! Dozens of jets of black blood spurted out. Among the jade discs, many half-step saint master treasures were all exploded. Qin Mo and others vomited blood and collapsed, and their bodies were shattered. As for the lower-level treasures, Is directly transformed into

The ash flies and evaporates.

哇!

Qin Chen's physical body was almost annihilated, and a depraved aura permeated Qin Chen's body. Obviously, the damage was not small, and in the five secrets of Qin Chen's body, all kinds of holy treasures were shaking.

At the critical moment, a powerful aura broke out in the Patching Heaven Palace, which calmed down countless treasures. This attack was terrifying, and it was Qin Chen who suffered. The Five Secrets in his

body were all treasures of the Holy Master, and there were also heaven-defying gods such as Patching Heaven Palace. They were replaced by ordinary Holy Masters. With this attack, their bodies were also Have to explode, seriously injured on the spot, the source is damaged, difficult

To repair.

"The power of origin suppresses heaven and earth, and the origin of heaven and earth merges into me."

Qin Chen roared and activated the Origin Supernatural Power again. Above the sky, the origin of the Tianwu Continent once again merged into Qin Chen's body. The power of fate, time, and eternal power echoed in Qin Chen's body.

Bang bang bang!

Qin Chen's body kept roaring. Originally, Qin Chen thought that he had broken through to the peak overlord, and his physical body had been condensed to the extreme.

But under this blow, Qin Chen's body cells all exploded, giving his ridiculous body a chance to improve instead. The original power of the Source Continent rolled back and forth in Qin Chen's body. Many supernatural powers were refined again. The cells in Qin Chen's physical body quickly condensed. Moreover, the origin of Qin Chen's body also seemed to have undergone transformation and began to germinate. more

Strengthen the vitality and diffuse from Qin Chen's body.

Fighting against the Lord of Abyssal Demon this time was truly a life and death.

Qin Chen encountered the most dangerous moment in his life, and his level was so different. Every time he fought, he would die in nine deaths.

However, under this vast pressure, his spirit has been greatly improved, and his soul has been sublimated.

"I actually caught it." The Lord of the Abyss looked at Qin Chen and finally showed shock. In his opinion, Qin Chen is just an ant. Indeed, for him, a peak hegemon who is not even a holy lord. , It's really ants, no, not even ants, because one

In his eyes, the holy lord is nothing.

But now, his two attacks were actually blocked by Qin Chen, and he was not shocked.

"The power of the source, you actually got the recognition of the origin of this continent? Let it instill the power of the origin of the source continent into your body, who are you?" The master of the abyss saw the sky above, Tianwu The mainland's continuous indoctrination of power came down, and could not help being shocked.

### [Chapter 3118: Can't calculate](#)

"You have the Devil Tree of the Ten Thousand Worlds, you have mastered the origin of time, and you can also be recognized by the origin of the Origin Continent. Even the black sword in your hand is no

small thing. It seems that there are strange powers and countless opportunities are present in you. Waiting for opportunities, only

To get one, even if you are in the heavens, you can become a supreme figure, and it's all concentrated on you. "

"No, you are definitely not an ordinary person."

After the master of the deep demon made two punches, it shook extremely. In his eyes, endless rays of light flickered, like the sun, moon and stars surging, a kind of power of destiny in the dark, haunting him.

He was calculating Qin Chen's fate and grasping the truth about Qin Chen.

However, Qin Chen's fate was very vague, he couldn't predict it, and he couldn't see clearly.

"How is it possible?" He was shocked. Even if he had been suppressed for countless tens of thousands of years, his realm was still there. Under calculation, a small human race could not evade his calculation, but now, he can't calculate it. Come out, but feel that there is

A great horror came, as if he would be punished by fate as long as he forced the calculation.

This feeling shocked him like never before.

A small human race can make him feel the great horror, this is simply a fantasy.

Boom!

At this time, the power of the Zhenjiezhu continued to erupt and was slowly suppressed.

"Can't entangle this human kid."

The Lord of Abyss Demon looked savagely, and now he was sealed, if he could not completely break the seal, and instead entangled with Qin Chen, it would undoubtedly be a waste of the last for him.

"Om!"

The Lord of Abyss Demon screamed, in his body, the origin of the Demon Race was released, his body's devil qi was all exploded, and the Abyss Demon secret realm under the Demon Sea began to disintegrate.

His hair fluttered, dancing like a devil, covering the sky and the sun. This momentum alone caused the entire Tianwu Continent to shake. Although his power was sealed by the town boundary beads and the Thunder Sea, his power could not diffuse out, but the power of the Lord of Abyss Demon was too terrifying. The entire Tianwu Continent ,countless

All of the creatures are crawling, trembling, and unable to move.

The Lord of Abyss Demon is so powerful, how powerful should he be when he is truly detached? How strong should it be?

Although Qin Chen's physical body had been transformed, the Saint Yuan in his body was now agitated, but facing the terrifying aura of the Lord of the Abyss, he suddenly lost his heart, and despair emerged inexplicably.

"No, I am shocked by the opponent's devilish energy, and I cannot despair. In the battle, the aura is the most important. If I lose this aura, I will definitely lose."

Qin Chen's heart was alert, the other party's excitement had already shaken his own mind, and if this went on, there would be no suspense. If he received another punch from the Lord of the Abyss, he would definitely be killed by a punch.

Once the will is affected, 10% of the strength can only be released 70%, 60%!

"kill!"

Facing the power of the Lord of Abyss, Qin Chen took the initiative to kill. "Huh? It really is a wizard of heaven. Under my oppression, there is no retreat, but more and more fighting spirit, soaring will. Unfortunately, this still has no purpose. Before absolute strength, my power ,not at all

You can contend with you now. When I break the seal, I will capture you and deprive you of your soul. Take a good look at what the big secret is in your body. "

The aura of the Lord of the Abyss climbed endlessly, and there were countless black holes in his body, and every black hole released a terrifying aura. Among them, countless demons shattered and turned into strength, enhancing his attack. power. After the Lord of Abyss Demon was imprisoned, he even evolved a secret realm. In the secret realm, there are countless magic shadows nourished by his demon energy, heaven and earth, but at this moment, in order to break free from the bondage, he does not know what demon magical powers he has displayed. My secret

The environment, completely burned, integrated into itself.

This kind of power obviously wants to break through the shackles of the town boundary beads and break free completely.

The crazy power spun out. It seemed that the origin of Tianwu Continent had begun to shake and was pulled and twisted. The entire world of Tianwu Continent, except for some top secret realms, had begun to destroy and collapse in many places.

In the north of the mainland, there is an endless snowfield, but now, ten thousand years of profound ice has begun to melt, and there is a vast sea in the south, but the sea above the sea is madly transpiring.

Pieces of mountains and rivers are all being destroyed.

A terrifying force quickly rushed towards the Zhen Boundary Pearl above Qin Chen's head.

The Lord of Abyss Demon launched his final attack. Among the jade discs of good fortune, the \*\*\*\* cat changed his face and said in anger, "Kid Qin Chen, hurry up, he is desperate, shattering his own world, the secret realm of the abyss, making them Nirvana, the strongest one Trick, this trick, one whole

The holy master in the heyday will be blown up, if you resist, you will undoubtedly die. "

"No, I said, I, Qin Chen, stand here today. If the Lord of the Abyss wants to break free, he has to step on my corpse first."

Qin Chen's tone was as firm as gold and iron, and an unprecedented huge will began to revolve. From his body, the power of destiny and the power of time rose.

Qin Chen was burning his soul and blood.

boom!

A ray of thunder burst out from Qin Chen's body.

However, the strongest blow of the Lord of Abyss had already been delivered.

boom!

The world began to collapse and began to become muddy.

Oh oh oh oh oh oh!

Over the Tianwu Continent, a void seemed to be opened, and the breath of the demon world was instilled and fed back.

Rumble! Rumble!

A punch from the Lord of the Abyss blasted the entire sea of thunder, and the endless thunder was boiling.

At this moment, the town boundary beads suddenly glowed, and a tyrannical force burst out.

"Huh, what kind of space orb is this? You want to suppress me? The origin of the space in the heavens is changed, how can the demon be afraid and open it to me!"

The Lord of the Deep Demon came out with a big hand, not to attack Qin Chen, but to grab and photograph the town boundary beads. The Zhenjiezhu was transformed by the space origin of the Tianwu Continent, and it was the space origin of the heaven that suppressed the Lord of the Yuanmo. Although the Tianwu Continent is the source continent, it is not as good as the origin of the heaven and the Yuanmo in terms of space origin. How to avoid the lord

dread?

Moreover, his palm wrapped Qin Chen in it, and together with Qin Chen, they would all be cracked.

"Less dust!"

Outside of Thunder World, countless people in Tianlei City have also seen this mighty scene, all of them raised high and fearful.

"Fight against the Lord of the Abyss!" Qin Chen roared. With this punch, Qin Chen felt as if his soul was about to be shattered. However, he did not retreat in the slightest. Instead, he faced difficulties, because he knew, if he retreats, then Tianwu Continent will be completely finished, and everything will be destroyed.

[Chapter 3119: Raikage reappears](#)

Perhaps Qin Chen can live and even leave here.

But what about the entire Tianwu Continent?

Tianwu Continent is the world that gave birth to him, and is his root. What if the root is gone? Can the leaves survive?

At this moment, Qin Chen revealed a tragic aura, but, in the midst of this tragedy, at this moment, iron and blood merged together, and the majestic fighting spirit was born at this moment.

This punch must not be lost! It's definitely going to be next.

At this moment, Qin Chen abandoned all distractions and forgot everything.

Forget this day, this place, this person.

I have forgotten the jade disc of good fortune in the universe, and even forgotten all the previous memories.

The enemy in front of him, the Lord of Abyss Demon had also forgotten.

I have forgotten the magical powers I cultivated, but the magical powers and various laws in my body are naturally operating. It is purely natural, without any thoughts of my own.

Qin Chen entered a realm of profound and profound. It seemed that he had returned to the chaos before the opening of the world, his whole body was wrapped in a chaotic air, and he had not hatched yet, but inside his body, a combination of innate and acquired mood became stronger and stronger. All the holy elements in the body,

They all began to wriggle, waiting for a sudden moment when the universe exploded, giving rise to a world of all things.

The origin of everything.

In the jade disc of Universe Destiny, Murong Bingyun and the \*\*\*\* cat have complex faces. With such a terrifying blow, the jade disc of Universe Destiny cannot withstand the terrifying power. The endless magic power has come, even affecting Murong Bingyun. they.

boom!

Finally, Qin Chen's attack and the attack of the Lord of the Abyss collided.

Two forces collide, no one can describe the power.

This seems to be a punch that runs through the ages.

Destroy all civilizations in a universe, an epic punch.

Among the jade discs of good fortune in the universe, Qin Mo, Tu Moyu, Lingyuan, Yao Wuming, Su Quan, Murong Bingyun and many other masters were all shaken off. Their bodies broke and the laws began to become confused.

Even Qin Chen's body began to be destroyed.

Although Qin Chen had integrated all his strength and even got transformed, the Lord of Abyss Demon was too strong. When he burst out his strongest attack, Qin Chen could not resist.

In terms of realm, the gap is too big. From the Lord of the Abyss at this moment, Qin Chen felt a kind of detached power, an aura that surpassed the heavens, which showed that the Lord of the Abyss was not the peak Holy Lord, at least the Venerable, because Only the Lord has this

Kind of breath beyond heaven.

Lord! The real top master in the heavens, such a master, even if it is sealed for ten thousand years, one hundred thousand years, one million years, even if severely injured, even if only one thousandth, one thousandth of his own strength remains, it is definitely not like Qin Chen. The pinnacle overlord can resist

of.

Hum!

Qin Chen's body was about to disintegrate at this moment.

At this critical moment, suddenly, on the town boundary bead above Qin Chen's head, the light was shining, and endless thunder light burst out.

Boom!

In Qin Chen's body, the thunder light that originated from his blood also burst out, and unexpectedly merged with the town boundary pearl. A terrifying force burst out suddenly from the town boundary bead, and then Qin Chen saw that a figure rose from the town boundary bead. This figure seemed to come from the age of eternity. Thunder light, eyes running across

Heaven and earth, like two big days, contains the coercion to suppress everything.

This figure looked at Qin Chen kindly.

Qin Chen immediately felt that the thunder light in his body seemed to resonate with this person in blood, an extremely cordial feeling.

this is.....

Qin Chen was shocked. This kind of blood inheritance shocked Qin Chen suddenly. Could it be that this figure that traverses the ages has a blood relationship with him?

father? Qin Chen was shocked. Apart from his father, Qin Chen couldn't think of any other possibilities. The Qin family had no thunder bloodline, so his bloodline must be passed down from his father, but his father never appeared. Even mother Qin Yue

Chi, also disappeared after leaving the five countries, and could not be found on the entire continent.

In fact, after experiencing so much, Qin Chen has already learned a lot, just as the Lord of Abyss Demon said, what happened to him is too bizarre, and it is not something an ordinary person can have.

Qin Chen always felt that there was a kind of destiny power affecting him. At this time, after seeing the thunderous figure, Qin Chen's mind vaguely caught something, but he couldn't see anything clearly. Moreover, at the moment when Lei Ying appeared, Qin Chen had an incomparably familiar feeling. At this moment, he even remembered what he had experienced in the long river of years. Amidst the boundless years, a figure of thunder light appeared to block him from Mozu

Mozu's attack.

Originally, the memory of anyone who left the river of years would have disappeared, but at this moment, Qin Chen remembered everything, this thunder shadow, and the figure of thunder in the river of years, was so similar, just like a person.

Who is he?

Is it the father?

Or, it is a certain ancient power, a family power that has a blood relationship with him, who has been observing and affecting himself.

Hum!

As soon as this thunderous figure appeared, the endless boiling sea of thunder calmed down instantly, like a stormy sea. The wind and waves were instantly calm, and a mighty breath came out.

"Abyss Demon, I didn't expect you to be so cruel after so many years."

This Lei Ying spoke, and the voice boomed throughout the ages.

"It's you..." The Lord of the Abyss roared, his eyes red, and he became extremely excited, "You actually left a projection. It was you that trapped the demon and destroyed the plan of the demon. The demon is imprisoned here, life is better than death, are you still

Want to stop the demon? "

Roar! The Lord of the Deep Demon roared violently, the magic power on his body was actually burning, burning his own demon energy, and booming, the Lord of the Deep Demon lost the suppression of the town boundary beads, stepped out of the seal, and truly escaped, but in Under the influence of Raikage, his

Strength, still failed to diffuse out of the range of the Thunder Sea.

Otherwise, the aura of the Lord of Abyss could cause the entire Tianwu Continent, except for some forbidden areas, to turn into red land and die.

"You have imprisoned me for so many years. You want to stop me with a projection? Give me a shot!"

The Lord of Abyss Demon roared, and the infinite power blasted down towards the Thunder Shadow.

However, this Lei Ying raised his hand suddenly, banging, the world was thundering, and the infinite thunder light fell, and the dense thunder instantly smashed on the Lord of the Abyss, causing him to scream. Moreover, the town boundary pearl, with a sigh, entered Qin Chen's body. Qin Chen's body,

which was about to be shattered under the fist of the Master of the Abyss, quickly merged, a breath of spatial origin. Qin Chen's body quickly

The strength of Qin Chen's body also increased rapidly.

Boom!

At this moment, all Qin Chen's feelings finally merged together. The power of the pinnacle overlord in Qin Chen's body quickly entered into the breath of the half-step saint child, and directly obtained a breakthrough.

Half-step holy lord! Breakthrough in one fell swoop!

### [Chapter 3120: Time and Space Fusion](#)

Hum!

An endless thunder light appeared on Qin Chen. In his body, chains of order appeared, and thunder light surged. This was the breath of heaven's punishment.

Countless thunder lights fused with the seal aura of the sea of thunder, making Qin Chen's whole figure incarnate into a sea of thunder, completely blending into it.

This is too strong. At this moment, Qin Chen, standing proudly in the sea of thunder, is full of thunder, the rays of the sun are shining, and the roots of the hair are crystal clear, like gold, and his pupils burst into the rainbow, running through the nine days, like the stars beyond the sky. Blast down, the terrible Saint

The way of the Lord lingers.

Among the jade disc of good fortune in the universe, Murong Bingyun and others were in shock. Qin Chen only broke through the half step of the holy master, and it felt more terrifying than a holy master. When Qin Mo broke through the half-step Saint Master cultivation base, it was already shocking. However, compared with Qin Chen's body, it was far worse, especially the thunderous force in Qin Chen's body. Like the ruling deity in charge of the thunder

, Majestic and boundless.

boom!

The entire sea of thunder surging and boiling under Qin Chen's breath, bursting out infinite terrifying power.

"It's him....."

The \*\*\*\* cat was also shocked, his eyes widened, with a look of horror, and he looked at the thunder-light figure above Qin Chen's head in shock, with fear, dread, shock, fear, and horror in his eyes.

Various expressions bloomed in its eyes, and the black hairs all over his body stood up.

"No wonder, it's no wonder that kid Qin Chen can become the son of this plane of Origin Continent, and he turned out to be his descendant?"

The \*\*\*\* cat murmured, shocked.

At this moment, its eyes were brighter than ever.

"The town boundary beads, the sea of thunder, the origin of the mainland, the jade discs of good fortune from the universe, these treasures, the reason why Qin Chen can obtain and agree with it is not accidental. In accident, there is also inevitable..."

boom!

Outside, the thunder phantom suppressed the Lord of the Abyss, no matter how the Lord of the Abyss roared, he couldn't break free. The devilish energy on his body was like an ocean, roaring with frightening power.

"This demon has fought with you." The master of the abyss roared, and an ocean-like power instantly permeated his body. The infinite demon energy turned into the ocean of the world, and in the ocean of demon energy, The source of the deep devil energy began to explode, to penetrate the shackles of lightning

.

☹!

This shadow of thunder light, constantly trembling, and thunder, condensed into simple runes in his palm, no matter how hard the source of the devil energy struggles, he can't break free.

"Okay, okay, that demon will kill your descendants!"

The Lord of Abyss Demon knew how he struggled, and couldn't break free. He stared at Qin Chen for an instant, aimed at Qin Chen, and the source of this magic light burst fiercely.

"Be careful!"

Everyone exclaimed, showing awe.

Hum! And at this moment when the magic light was about to hit Qin Chen, Qin Chen's eyes suddenly opened, half a step of the power of the holy master swept through his body suddenly, and the infinite thunder light burst out, the town boundary The origin of space contained in the pearl,

Qin Chen became the \*\*\*\* of this space.

"Zhenjie Zhu, suppress!" Qin Chen shouted, the power of infinite space condensed in the palm of his hand, and you can see that in the palm of Qin Chen, there are worlds evolving, changing, and countless creatures. Prosperity, and the origin of space merges with the origin of time, so that Qin Chen

In this space, his figure is ethereal, sometimes void, sometimes solid.

boom!

Finally, this punch of Qin Chen completely collided with the source of the demon energy of the Lord of the Abyss. The killing of this punch and the terrifying force shook Qin Chen's robe into a hunting sound. To be torn apart.

A huge black hole with a radius of one hundred thousand li appeared in front of Qin Chen and the Lord of Yuanmo, a beam of shocking light that lasted tens of thousands of li, soared into the sky, blasted into the sky of Tianwu Continent, and hit it. Outside the sky. At this moment, in the Tianwu Continent, many warriors can see that a beam of light in the Martial Domain blasted many stars in the sky to explode, and those star fragments fell down in all directions and turned into meteors, like end

advent.

The aftermath of this blow created a vision of heaven and earth!

The master of Yuanmo's punch of burning the origin of devil energy collided with Qin Chen's punch.

This kind of strong impact, the space-time black hole and the brilliance that were hit have spread to the outer sky, exploding many stars.

Klang Klang! In Qin Chen's body, the infinite cells burst. Even if he broke through the half-step Saint Master's cultivation base, Qin Chen still could not withstand the burning punch of the Master of Abyss Demon Qi, but it was in Qin Chen's body. The cells in the body, the flesh, to be destroyed

When it disappears. In Qin Chen's body, time origin, space origin, and the two major origins operate at the same time. Qin Chen's body seems to be detached from this time, and it seems to exist in this time, detached from this space, and it seems to exist in this space. In time and space

In the illusory change, the attack of the master of the abyss reached his body with endless delay. It seems to outsiders that the cells in Qin Chen's body were directly shattered in this time and space, but in the next time and space, they recovered. Because time and space are changing, Qin Chen's own state is also changing, as if standing in An invincible

Ground.

"Time and Space Fusion!"

The \*\*\*\* cat stared wide and stunned.

After the fusion of time and space, Qin Chen was invincible on the Tianwu Continent.

However, although Qin Chen's body can be transformed in time and space, the power of the Lord of Abyss Demon is real after all, and it is a power that transcends the Dao of Heaven to penetrate Qin Chen and descend on the entire Tianwu Continent. At this moment, the thunderous figure did not move that day. If the Lord of Abyss Demon's attack is allowed to directly blast through the Thunder Sea and enter the Tianwu Continent, then the entire Tianwu Continent will be exploded in an instant. Will open

Cracking is like breaking the heavens and being directly exploded. Except for some top forbidden areas and secret realms, which can still exist, most places will be reduced to ashes, with no bones.

Qin Chen, who has obtained the two origins of the Tianwu Continent, time and space, although he is invincible, does not mean that the Tianwu Continent itself can be undefeated.

"The Demon Tree of Ten Thousand Realms!" At this critical moment, Qin Chen and the Qin Demon clone in the Qiankun Destiny Jade Plate simultaneously urged the Demon Tree of Ten Thousand Realms. In a short time, the infinite tentacles burst out of Qin Chen's body, densely packed. 'S tentacles penetrate

into the void, and under the power of Qin Chen's time and space, they can enter any time and space, frantically devouring the source of the burning demon energy of the Lord of the Abyss.
