

## Valkyrie 3121

### [Chapter 3121: Suppress the Lord of Abyssal Demons](#)

Originally, with the power of the Lord of the Abyss, the Demon Tree of the Ten Thousand Realms would never have been able to directly swallow the opponent's original burning attack, but under the influence of Qin Chen's rules of time and space, the Demon Tree of the Ten Thousand Realms could be infinite Time and space while

Absorb the attack of the Lord of Abyss.

In addition, Tu Moyu, Lingyuan, Yao Wuming, Murong Bingyun and others also began to mobilize the Ten Thousand Realm Demon Tree to promote its power. It can be seen from the naked eye that the original power of the demon energy bombarded by the Lord of Abyss is slowly dissipating, and it is constantly dissipating in the infinite time and space. Although every time there is very little to be dissipated, the infinite time and space are dissipating. Combined, is

An extremely terrifying point.

Hum!

The whole body of the Demon Tree of Ten Thousand Realms shook, and the magic light above it shone, and countless sky-reaching runes burst out. These runes contained the power of the origin of the Demon Race, and the power of the Demon Tree of Ten Thousand Realms was once again improved.

Moreover, as the Ten Thousand Worlds Demon Tree was ascending, it also had a force to feed it back, pouring it into the bodies of Qin Mo and Yao Wuming. Qin Mo, Tu Moyu, and Lingyuan are all members of the Demon Race. Needless to say, Yao Wuming and Su Quan also cultivate the power of darkness, and can also absorb the power of the Demon Race. As for Murong Bingyun, although she is Human race, but Shangguan Xier passed on the difference

The power of the Demon Race has entered her baby origin and merged with her blood. It can be said that the origin of Murong Bingyun also contains the power of the Demon Race.

After several people were nourished by the Demon Tree of the Ten Thousand Worlds, the aura on their bodies immediately improved, and their bodies exuded the true origin of the demon clan.

Boo!

Speaking of a long time, in fact, in an instant, the infinite time and space merged instantly, and the blow of the master of the deep demon burning the source of the devil gas, instantly disappeared, has been resolved by Qin Chen.

"what?"

The Lord of Abyss Demon was frightened, he could not blast away the Thunder Shadow and he could accept it, but he never expected that his attack on Qin Chen, a small half-step holy master, would be blocked by the opponent. .

"The Devil Tree of Ten Thousand Realms, time and space fusion, \*\*\*\* it!" The face of the master of the deep demon showed a dead gray color, but when he saw Qin Chen displaying time and space fusion, he

knew that everything was over, and Qin Chen got the Tianwu Continent. Time origin and space origin, the two origins merge, then Qin Chen

In this world, there is already an invincible existence.

If you are okay in the heyday, the power of the venerable, surpassing the way of heaven, naturally surpasses the general rules of time and space, can cause damage to the opponent, and even kill Qin Chen.

But now, he has been suppressed for countless tens of thousands of years, and his own strength is absolutely inexhaustible. Even if it is Burning Origin, it is impossible to hurt Qin Chen, who has mastered the origin of time and space and is at his home court.

It can be said that as long as on the battlefield of Tianwu Continent, Qin Chen is already invincible at the level of the Holy Master.

These are all good, because Qin Chen must be on his home court, which is the Tianwu Continent, in order to be invincible. He only needs to blast through the Tianwu Continent, so that Qin Chen loses his plane blessing and can treat him. Cause damage.

But the most speechless thing is that Qin Chen has a big killer like the Ten Thousand World Demon Tree, which can swallow all the power of the Demon Race. With the combination of the two, it is impossible for him to cause any harm to Qin Chen.

Seeing Qin Chen resisting the attack of the Lord of Abyss Demon with his own strength, a gratified smile appeared in the thunder figure and the eyes of the thunder light. Qin Chen looked at the Lord of the Abyss, but felt a headache. Although he didn't need to worry about the attack of the Lord of the Abyss, but now the Lord of the Abyss was out of trouble, and he could not kill the Lord of the Abyss with his strength. And the town boundary beads and thunder seal

The seal had also been broken, and it was impossible to suppress the Lord of the Abyss again.

How to deal with the Lord of the Abyss was a headache. Qin Chen raised his head and couldn't help looking at the figure of Thunder.

The Thunder figure smiled faintly, and suddenly shot, the infinite thunder light condensed in his palm, immediately enveloping the Lord of the Abyss. Seal after seal, began to suppress each other, and a force in the dark began to communicate with Qin Chen's universe of good fortune jade discs, and a series of thunder lights directly into the universe of good fortune jade discs, leading the master of the abyss into the universe. Good Fortune Jade Plate

.

"Kid Qin Chen, he wants to seal the Lord of Abyss Demon in your Universe Jade Plate." The \*\*\*\* cat showed a startled expression. Qin Chen also felt that this thunderous figure was to draw the Lord of the Abyss Demon into the Universe Jade Plate, because the power of the Thunder Sea had been exhausted, and the town boundary beads had also entered Qin Chen. Body and blended into the dry

Among the jade discs of good fortune, it can be said that the Tianwu Continent will find it difficult to trap the Lord of the Abyss. The only way is to suppress the Lord of the Abyss on Qin Chen's jade disc.

However, can the jade disc of good fortune of the universe be able to suppress the Lord of the Abyss? Qin Chen's thoughts turned, but he was surprised to find that it might not be impossible, because in his mind, a series of obscure thunder runes appeared, and it was the thunder shadow that taught the operation of the power of thunder. , This way of sealing,

Very peculiar, it can spur endless thunder sea and town boundary beads, combined with the ten thousand world demon tree, enough to continue to suppress the severely injured Abyssal Demon Lord.

Boom!

Suddenly, the Lord of Yuanmo roared into the jade disc.

Wow! The power of infinite years, combined with the Demon Tree of the Ten Thousand Worlds, began to wrap the Lord of Abyss Demon, and the power of Thunder in the entire Thunder Sea also quickly entered the jade disc of good fortune in the universe. Everyone was shocked to see. I don't know how many miles

The sea of thunder quickly became smaller, and the endless thunder light, like a river of thunder, poured into Qin Chen's body continuously. Among the jade disc of good fortune in the universe, a vast sea of thunder quickly appeared. At the bottom of the sea, the lord of the abyss struggled in anger, but it was useless. It was severely suppressed by the power of the jade disc in the universe. Immediately afterwards, the magic tree of the world flew

Soaring up, suppressed on the Thunder Sea, countless roots are like chains, pierced into the body of the Lord of Abyss Demon, blocking its power.

The power of the Zhenjiezhu and the Universe Jade Plate, sealed all the void, and a ray of thunder light, under the urging of Qin Chen, turned into a thunder talisman seal, blocking everything. Originally, with Qin Chen's strength, it was impossible to grasp the power of such a terrifying thunder talisman, but in the universe fortune jade disc, Qin Chen controls everything, but can use the power of the universe fortune jade disc to evolve the thunder talisman. It can also suppress the Abyssal Demon

The key to the Lord.

"You want to suppress me, you want to suppress me, what treasure is this? Your little world? Good baby, you have such a treasure, but you never want to suppress me!" In the thunder sea, the Lord of the Abyss roared , The suppressed can't move, can only use the power in the body to fight against Qin Chen, to break free of this small world.

### [Chapter 3122: All over](#)

Because it knew that as long as it was suppressed by Qin Chen, it would really be suppressed, and it would not know how long it would take to get out of trouble.

However, no matter how hard it struggles, it cannot break free and is suppressed a little bit.

"Everyone does it!"

Qin Chen drank coldly, frowning, because the Lord of Yuanmo was still resisting.

Suddenly, Qin Mo and others appeared, one by one, using the power of the Demon Race, urging the Ten Thousand Realm Demon Tree, and forcibly suppressing them.

"Ah, it's you..."

When the Lord of the Abyss saw Mo Qin, he was furious, and he recognized that this was his descendant in the secret realm of the Abyss.

"Disciple, what are you doing? You actually took refuge in a foreign enemy and suppressed it as a teacher. It's no wonder that the demon felt a familiar aura before, and you didn't quickly rescue it as a teacher.

The Lord of Abyss Demon displayed a series of deep demon powers to influence Qin Demon and save himself. However, the power of Abyss Demon in Qin Demon's body had been purified long ago, and the Lord of Abyss Demon could not be used at all.

Then, the Lord of Yuanmo saw Tu Moyu, Lingyuan and others, and was even more furious.

"You are members of the Dead Demon Race and the Holy Demon Race, you actually help the Human Race, ah ah ah..."

The Lord of Abyss Demon is mad.

"Hmph, what your disciple." Qin Mo smiled coldly, "Look at who I am."

Qin Mo's change turned into the same face and the same breath as Qin Chen's.

This made the Lord of Abyss Demon even more shocked, the two people turned out to be the same person?

impossible!

How could a human race be transformed into a demon race, just the soul breath is not equal.

It's a pity that Qin Chen wouldn't explain, but united with many masters and worked together to seal the Lord of the Abyss in the Thunder Sea. However, despite being imprisoned in the sea of thunder, the Lord of the Abyssal Demon is still full of anger, the resentment on his face, and the storm-like thoughts conveyed from it: "You little human race, you dare to seal me, I am Immortal, eternal

Body, you ants-like things! I want to wipe out you completely! My Abyss Demon Race will not let you go! "Lord of the deep demon, please be safer!" When I suppress you, one day, one day, you will be transformed into my slave! My servant, call my master! Demon clan demon, call me master! I see how you can maintain your image,

One day, I want you to call my master in front of all the demons. "

Qin Chen's sharp words, swords and arrows, pierced into the soul, causing the Lord of the Abyss to spit out a mouthful of magic blood.

After thinking about being enslaved, calling Master Qin Chen in front of everyone in the Demon Race, what's the use of that life cultivation base? All glory is turned into running water, and it will be stinking for thousands of years.

"Hmph, with your current cultivation base, it is impossible to refine me, enslave me, and make me a puppet! You can't help me. Even if you refine me into dust, I will be completely reborn and possess the original power." The Lord of the Deep Demon suddenly calmed down, "You can never imagine how terrifying my power and thoughts will be. Maybe, now you can seal me, but one day, my power will be Recover, break this cage, wait for me to accumulate

If you have enough power, you will break the seal and kill you. Even the Lord of Judgment can't kill me, so you deserve it? "

"Really? Then I'll wait for that day to see if you broke the seal or the Major General enslaved you."

Qin Chen smiled coldly, the infinite power came, and in a short time, the Lord of the Abyss was severely suppressed and disappeared completely.

"I will return."

The Lord of Abyss Demon roared, completely sinking, and being firmly imprisoned by the Demon Tree of Ten Thousand Realms.

In an instant, the infinite thunder light and devil energy disappeared in the entire world, and the trembling Tianwu Continent also returned to calm, only the thunder shadow that reached the sky, still standing proudly in the void.

"you....."

Qin Chen looked at that Lei Ying, with a thousand words in his heart, but he didn't know where to start. That Lei Ying looked at Qin Chen kindly, and said softly: "I know you have a lot of doubts, not that I didn't tell you, but that you are a variable in the long river of fate, fate changes, no one can fully understand fate , Instead of forcibly intervening, will

There is big horror. "Now you are still too weak, and many things, once told you, will be detrimental to you, sir... this is the bottom line. When you truly transcend the way of heaven and become the lord, when you transcend the rules, you should be able to Know something and also

Can understand my difficulties..."

"Your journey to the Lord will be extremely difficult, but I believe that you will succeed, and hope that that day, you will understand my painstaking efforts!"

"Also, your mother, she, is also waiting for you..."

When the voice fell, Lei Ying glanced at Qin Chen deeply, then banged, exploded, and disappeared without a trace.

Qin Chen floated in the air dazedly.

mother?

Waiting for yourself?

Qin Chen's heart trembled. At this moment, he thought a lot, but in the end he let out a long breath.

Although he still doesn't understand many things, but one day, he will understand all of them.

"Successful..."

"The Lord of Abyss Demon was suppressed?"

"We... won?"

In Tianlei City, the black slaves looked at the completely disappearing demonic energy and the endless thunder light with excitement, and stood up one by one, with excitement in their eyes.

At this moment, the horror in the hearts of the people in the entire Tianwu Continent disappeared, and the haze disappeared from the sky above the devilish energy, and the sun shone down, bright and gorgeous.

Whoosh whoosh! The black slaves, the ancient people, the old man of great compassion, Lao Yuan, Fu Qiankun, Mo Yuanbai... They all rose up into the sky one by one, rushing towards Qin Chen excitedly, and even the masters of the heavens such as Dong Yuyin were shocked. Looking at Qin Chen, their master actually suppressed

The top master of the Abyss Demon Race, as well as the thunder figure, is too terrifying, what is the origin of the master?

When the dark clouds dissipated, even the origin of Tianwu Continent shook with a hint of excitement.

"everything is over."

Qin Chen smiled and looked at the black slaves. He was also very excited. His action this time directly lifted the crisis of Yaoxi Mansion and even eliminated the crisis of the Lord of Abyss. At least in a short time, Tianwu Continent It's safe. Although Yaomie Mansion will definitely continue to stare here, from the soul of Su Quan, Qin Chen has already known that the passage of Yaomie Mansion to the lower realm has been discovered, and it has been continuously restored with the heavens. , That channel vulnerability

It is also gradually making up, and then Yao Mie Mansion wants to send a master down again, which is extremely difficult. Even if Yao Mie Mansion really sent a master down, the void passage outside the Tianwu Continent had slowly disappeared. Without the void passage to lead the way, even if the master of Yao Mie Mansion came to the lower realm, it would be extremely difficult to find here.

### [Chapter 3123: Break the ground](#)

"Everyone, the crisis of Yaomie Mansion has been resolved, and I will repair the Tianlei City and Tianwu Continent first, and then gather with you to conspire with you."

Qin Chen stood proudly in the sky, looking at the whole continent. This battle caused the original Tianlei City to be dilapidated, many buildings were destroyed, many large formations were destroyed, and the entire Tianwu Continent was destroyed by the final attack of the Lord of Abyss, and the ground veins split. Earth collapses, spirit

The air collapsed, the mountains withered, and the mountains collapsed. It was a doomsday scene.

If the Tianwu Continent continues to be damaged, it will not be a good thing for the entire mainland people.

Qin Chen immediately communicated with the origin of Tianwu Continent, a vast aura rose from his body, connected with the origin of Tianwu Continent, and a mighty sacred power swept out of Qin Chen's body.

These are the ancient sacred veins in the jade plate of his universe, which quickly fell into the core places of Tianwu Continent. In the Martial Regions, the Northern Heaven Region, the Western Wild Regions, the South China Region, and the Eastern Continent Region, each region has three ancient sacred veins of the top grade of the heavenly sages. These sacred veins are obtained by Qin Chen from the demon world that Qin Chen has tried in the heaven Come, wash the holy energy, throw it into the Tianwu Continent,

As soon as it fell into the ground, towering trees suddenly rose from the ground.

These big trees are all spirit trees, filled with aura, and the peaks with beautiful bells are all reunited, arranged and operated according to various formations, and actually formed an array similar to the gathering of spirits.

Countless elixir, holy medicine, began to grow. Qin Chen did not know how many arrogances, demons, and strong men had been killed in the demon world, and won countless space treasures, including countless divine pills, sacred veins, many sacred treasures, and the magical holy medicine of the heavens. Sprinkled by Qin Chen

Going down, according to their own growth habits, they were deployed to every corner of the Tianwu Continent.

Suddenly, various holy medicines grew and turned into medicinal fields. Some ancient holy medicines took root as soon as they landed, and then absorbed the holy energy and practiced automatically.

In an instant, the entire Tianwu Continent began to glow with vigor, various spiritual things began to grow, and everything began to originate. Some monsters and human warriors naturally couldn't help breaking through. "What a rich holy energy. Cultivating in this state, the people of Tianwu Continent will be born as a warrior. The key to this holy vein breath, after breathing for a long time, you can become Emperor Wu and absorb part of it. Can break through the holy realm, even

Stepped into a stronger holy realm. "

The people in Chendi Pavilion couldn't help but be frightened when they saw Qin Chen's such masterpiece.

Qin Chen wanted to transform the Tianwu Continent into an environment similar to that of the heavens. You must know that in the heavens, Emperor Wu was a mortal, not even a mortal sage. Only earth sages and heavenly sages are peerless. Master.

If according to Qin Chen's transformation, the Tianwu Continent will become a treasure similar to the heavens in the future, and everyone can become a holy realm master. However, this is also because the Tianwu Continent is the same source continent as the Celestial Realm, so it has such qualifications. Changing to an ordinary continent does not provide the source for everyone to break through the holy

realm, nor can it accommodate the growth of the holy medicine, because the land does not have enough.

Sufficient nutrients are useless even if it is placed under the ancient holy veins.

The growth of the holy medicine, the birth of the master of the holy world, not only requires the ancient holy veins, but more importantly, the environment, origin, and various combinations are needed to be born.

And Tianwu Continent has such a foundation.

Rumble!

Qin Chen displayed his own methods, countless holy essences, elixir, seeds, mountain peaks, and bans. Tianwu Continent began to transform and formed a brand-new appearance, evolving independently.

Then, Qin Chen began to transform Tianlei City, he raised his hand, and thunder lights appeared.

Originally, the sea of thunder had disappeared, and entered Qin Chen's universe of good fortune jade disc, the mysterious forbidden area of the sea of thunder in the martial arts, had completely disappeared.

But now, Qin Chen displayed a trace of thunder light from the jade disc of good fortune from the universe and arranged it outside the city of Tianlei, recreating the universe of tens of thousands of miles outside of the city.

The entire area outside Tianlei City, that ground, was refined by lightning, and the original soil and rocks were all refined into a crystal of jade, like a holy crystal.

"Go!" Qin Chen once again flew out the many materials stored in the Universe Good Fortune Jade Plate, Zixiao Rotated the Palace, and used the technique of patching the sky, and a whole line of the Holy Master's Saint Veins also came from Qin Chen's Flying out of the jade disc of good fortune in the universe, falling into the domain of martial arts

, One of the sections is Tianlei City, starting with the Tianlei City Meeting, this holy vein of the Holy Lord, like an angry dragon, enters the ground of Tianwu Continent. Suddenly, an astonishing holy energy began to rise in the Martial Domain. The Holy Lord's Holy Vein, the terrifying ancient holy Vein that can give birth to the Holy Lord, is so powerful that the entire Martial Region is changing, and Tianwu Continent The origin is also the nourishment of the holy vein

Slowly change and improve.

Immediately, all kinds of sacred auras rose in the martial arts, the fragrance was tangy, and everyone was bathed in the fairyland. Of course, the most central place is Tianlei City where Chendi Pavilion is located. It forms an independent space with countless restrictions. Qin Chen transforms the heaven and earth of Tianlei City into a fairyland-like cave with extravagant means. , How

Hua, the countless Chendi Pavilion masters who looked at Tianlei City, the holy realm powerhouses of Tianwu Continent were all dulled.

"Su Quan, Yao Wuming, Tu Moyu, Lingyuan, Murong Bingyun, come out, and quickly follow Ben Shao's refining technique to condense the land for thousands of miles to form a unique secret realm."

During the condensing process, Yao Wuming and others in Qin Chen's body all flew out, assisted together, and played various tactics. At the same time, Qin Chen harnessed the power of the years, using the origin of time and accelerating time.

At this time, Qin Chen urged the origin of time and time, and the power of time was even more terrifying. With a one-hundred-fold acceleration, Qin Chen and the others condensed for a full 100 days, more than three months.

Boom!

The earth sinks, and finally, the whole world of Tianlei City is filled with holy medicine, and the peaks are soaring into the clouds. Pieces of thunder light connect into the sea.

Boom boom boom!

Under the breath of the Saint Lord's Saint Veins, many people in Tianlei City couldn't help but start to break through. Some Wuzongs broke through to Emperor Wu and Emperor Wu within a day.

In some early days, Emperor Wu reached the peak of Emperor Wu in one day.

Some peak martial emperors realized the rules of the holy realm in one day, and they wanted to step into the holy realm cultivation base. The original Thunder City has disappeared, and replaced by a vast Thunder City. In this Thunder City, Qin Chen's soul power, the power of the origin, is surging throughout the year, unless the master of the Holy Master descends. , Otherwise even if it is a half-step holy master, it will not be able to break through.

#### [Chapter 3124: Preaching](#)

Now, if a half-step holy master like Su Quan comes to attack, even if Qin Chen is not there, the power of Sky Thunder City can directly kill the opponent and turn it into Sky Thunder City's own nutrients.

Moreover, this saint master sacred vein contains Qin Chen's origin power, as long as the martial artist who relies on the saint master sacred vein to break through the holy realm, and the master who breaks through the thunder sea, will be contaminated with a trace of Qin Chen's origin.

In addition, Qin Chen was the son of the plane of Tianwu Continent, and integrated into the origin of Tianwu Continent, making it impossible for the masters of Tianwu Continent to break through the holy realm to betray Qin Chen and Chendi Pavilion.

In this way, the entire Tianwu Continent will become Qin Chen's private land.

Everyone will become Qin Chen's subordinates, unless he does not use the holy energy and resources of Tianwu Continent to break through, but that is simply impossible. "Little dust, you are too exaggerated. What kind of saint vein is this? The strength is too strong, and Zhang Ying and I finally broke through to the peak of the sage, feeling that they have reached the extreme, but now the realm of the peak of the sage is actually There is a feeling of looseness,

how did you do it? "

Lin Tian said in shock, everyone around him was dumbfounded.

Many high-level Chendi Pavilion, such as Zhang Ying, are masters at the pinnacle of Van Sage. They have practiced to the extreme in the forbidden land, because they do not have enough resources to continue to break through.

But at this moment, under Qin Chen's Saint Lord's Sacred Veins, everyone actually has the point of stepping into a stronger realm.

What an exaggeration is this?

Such a method is simply unheard of.

"Hmph, what do you know, Qin Chen has arranged his holy master's holy veins."

At this moment, Murong Bingyun said in a cold voice, looking at Qin Chen's eyes full of shock. She is one of the people present who knows Qin Chen best. She knows that Qin Chen has obtained many ancient sacred veins, but there is only one complete Saint Lord's sacred vein. Some broken Holy Lines, Lu

It was gradually absorbed by Qin Chen and refined a lot. It can be said that there is only this one in Qin Chen's body now. But now, Qin Chen actually left this holy line of the holy master in the Tianwu Continent, completely beyond Murong Bingyun's imagination. You know, Qin Chen's current cultivation is only half a step holy master, he wants to enter Holy Lord Realm, the resources needed

It is definitely a figure against the sky.

This complete Saint Lord's Sacred Vein has absolutely extraordinary significance to Qin Chen, but Qin Chen took it out without hesitation, and used it to repair the Tianwu Continent and train the seniors of the Tianwu Continent. Murong Bingyun couldn't believe it. .

"Holy Lord's Saint Veins?"

Everyone was shocked. As soon as the name sounded, it was awesome. "The Holy Master Saint Vein is the holy vein used by the Holy Master to cultivate. One Saint Master Saint Vein is enough to be a Saint Master-level master. Qin Chen has only one complete Saint Master Saint Vein, and it is still Qin. Dust has gone through the dangers, and it took all the effort to get

Yes, it's cheaper for you now. "

Murong Bingyun shook his head and said.

"What? There is only one less dust?"

"Pavilion Master Qin has only one holy line of the holy master, and he actually stayed in Tianlei City?"

"This....."

Everyone was shocked by Qin Chen's methods before, but people didn't know Qin Chen's contribution until now. "Okay, Murong Bingyun, don't talk about it. The Holy Master's Saint Vein is nothing but the Holy Master's Holy Vein. Although this Holy Lord's Holy Vein can improve the cultivation level of this young man a lot, staying in Tianwu Continent can make the whole The people on the mainland have benefited, even the Tianwu mainland

The origin of the celestial body can also speed up to return to the peak. At that time, we will be able to give birth to more powerhouses in the Tianwu Continent. "

Qin Chen waved his hand and said. He looked at the countless people in Tianlei City, and looked at the many holy realm masters, knowing that these holy realm masters and Tianjiao were the top experts in Tianwu Continent, and some of the most talented masters were Chen. Dige knows the crisis of the mainland

Later, they were specially placed here, and many of them were not actually from Chendi Pavilion.

Although the Tianwu Continent is respected by the Chendi Pavilion, there are still many power developments, and a hundred flowers bloom, and the Chendi Pavilion will not be forcibly plundered or gathered, so it can be said that many forces are emerging in an endless stream. Originally, such a character did not belong to the Chendi Pavilion, and Qin Chen should not benefit from it, but at Qin Chen's current height, naturally he would not care about these, because he knew that only Tianwu Continent gave birth to more powerful men, Tianwu Continent The origin of

It will be even more powerful. When everyone in Tianwu Continent is a holy realm master, the origin of Tianwu Continent will grow to an extremely terrifying level.

At that time, let alone the Holy Lord, even the venerable would never want to easily break the Tianwu Continent.

Whether a continent is strong or not is inseparable from the strength of the people on the mainland. Qin Chen looked at the people and said in a deep voice: "After experiencing the previous things, I think everyone also knows the crisis of the mainland. In the heavens, it is even more dangerous. The catastrophe is coming. If we don't have enough in the Tianwu mainland Strength will be annexed and enslaved, so I spent a lot of effort and reversed time to shape the Tianwu Continent into a sacred place for cultivation, also in order to resist the invasion of the heavenly strong. I hope all of you can practice more, as long as you are willing to endure hardship , In the future

Will accomplish something. "

"Yes, Pavilion Master Qin."

In Tianlei City, there are now a thousand holy realm masters, and countless Wudi Tianjiao, all knelt down.

"I am waiting to swear that I am willing to join the Chendi Pavilion, for the safety of the mainland, dedicate my own strength, and contribute my life to the Chendi Pavilion."

These heavenly arrogances, the holy realm masters all said in unison, their eyes were firm, they were infected by Qin Chen, what kind of sect, the difference in power, all left behind, at this moment, they are all from the Tianwu mainland.

"Very good!" Qin Chen's eyes flashed, "Since you are willing to join my Chendi Pavilion, then I will not be stingy with the benefits. In this way, I will display a magical power I have realized, the book of origin, in this book of origin. In the book, I have recorded the infinite civilization

Poor supernatural powers, I will preach in Tianwu Continent for three days. You can study with your heart. As for how much you can understand, it depends on each of you. "

"Book of Origins!"

boom!

From Qin Chen's body, a huge book of Scripture flew out, which was full of divine light, with the breath of origin.

Suddenly, the pages of the book opened, and page after page of civilization began to appear. This is the many civilizations Qin Chen obtained in the heavens. At this moment, they all preach. The entire Tianwu Continent inherits Qin Chen's origin civilization. At this moment, as long as it is a citizen of Tianwu Continent, whether it is a human race, a monster, or blood Beasts, as long as they willingly submit to Qin Chen, submit to Chendi Pavilion, accept Qin Chen from the heart, and are willing to contribute to the Tianwu Continent, they can feel this immense power.

#### [Chapter 3125: This is the relative](#)

At this moment, if there is a holy master looking from outside the plane of Tianwu Continent, you can see that the entire Tianwu Continent is agitated under Qin Chen's origin civilization, and along with the origin of Tianwu Continent, it spreads to every corner of the continent.

On the mainland, countless people, countless monsters and blood beasts all knelt down and were extremely pious. They were bathed in the holy light and received the baptism of Qin Chen and the baptism of Origin.

In their ears, a loud Taoist sound resounded, Qin Chen's voice, resounding in each of their ears.

Suddenly, according to each individual's physique, cultivation techniques, and talents, they also saw different civilizations.

Civilization with fire, civilization with water, civilization with earth, civilization with sky, civilization with wind, civilization with thunder.

Of course, there are also martial arts civilization and dark civilization.

In Qin Chen's book of origins, he condensed the many civilizations he had obtained from the heavens. They were vast and unparalleled. These civilizations were suitable for everyone, and the entire Tianwu mainland people were receiving Qin Chen's preaching. And in the process of preaching, Qin Chen unknowingly used the magical powers of the heavenly soul forbidden technique, because in order to let more people realize the many civilizations and find the ones that suit him, Qin Chen needs to use his own soul power. , To wash their spirits

Soul power.

What Qin Chen didn't know was that when he was preaching, countless creatures on the Tianwu Continent had aspiration, thought, and faith. These powers, turned into light spots, large and small, all entered Qin. Chen's body.

There is even a wave of soul power, which is the soul of all spirits in the Tianwu Continent.

Qin Chen felt that his mind became clearer and more transparent. In the process of preaching, Qin Chen's own soul seemed to have been washed, and he had a deeper understanding of various civilizations. .

Even the various avenues of the Holy Master began to appear in Qin Chen.

"this is....."

The \*\*\*\* cat was shocked by the look, because Qin Chen's body began to emerge endless avenues, this kind of avenue, integrated into the origin of Tianwu Continent, set off Qin Chen like a god.

In front of Qin Chen, people from the whole mainland knelt down, the black slaves also knelt down, Yao Wuming and the others knelt down, and even Murong Bingyun also knelt down.

They did not surrender under Qin Chen's coercion, but from the bottom of their hearts, they identified with Qin Chen, and were accepting Qin Chen's preaching. Even the \*\*\*\* cat had an impulse to kneel down and listen to the voice of God. "The Supreme Preacher, in the heavens, only the Supreme has the possibility of preaching. Even the Honorable is only a way of transcendence, unable to convey his own way, but now, Qin Chen, a half-step holy master, actually simulates the Supreme Preaching The embryonic form, he studied

How did it happen? "

The \*\*\*\* cat was shocked. Looking at the book of origin on Qin Chen's head, the book of origin was too much like the Book of All Saints and contained many civilizations, which shocked the \*\*\*\* cat.

In just three years, Qin Chen's growth far exceeded his expectations.

"Boom!"

After three days, Qin Chen finally ended his preaching. Above the sky of Tianwu Continent, petals fell, and the vision was reborn. Everyone got a huge benefit. Everyone left their own civilization in their hearts. Even, there were earth-shattering roars everywhere. Emperor Wu is at the peak

Break through the Holy Land.

For a time, one after another, and in an instant, more than one hundred holy realm masters were born again.

Moreover, under the preaching of Qin Chen, the black slaves and the old man of Great Compassion also stepped into the holy realm together, and even the old man Qin Batian entered the holy realm in one fell swoop.

Everyone is like a dragon in Tianwu Continent.

And this is just the beginning. With the comprehension and cultivation of everyone, it can be expected that in the next period of time, on the Tianwu Continent, Saint Realm masters will emerge in endlessly, and a vast era will begin. Because of these people's breakthroughs, the origin of Tianwu Continent has also been greatly improved. A stream of origin power began to flow into Qin Chen's body, and Qin Chen felt that his thoughts became more accessible and his soul became more accessible. The thoroughness of the holy

The comprehension of the way of the Lord has become more and more refined.

In addition, the power of faith blooms in the mirror of the gods. Under the aspiration of all living beings, the mirrors of gods have been repaired seven or eighty-eight, blooming the power of the Holy Lord's treasure.

"Okay, okay." Qin Chen couldn't think of this preaching, and he also had such a huge benefit, but think about it, he is the son of the plane of the Tianwu Continent, and has been recognized by the origin of the Tianwu Continent, and the sage on the Tianwu Continent The more masters in the environment, Tianwu

The stronger the origin of the mainland, the greater the benefits he will naturally get.

"Let's go, Huichendi Pavilion."

Qin Chen stopped preaching, repaired the mainland this time, and taught civilization, Qin Chen also needs to take care of him, and he returned to Tianlei City Chendi Pavilion in one step.

"Chen'er!"

An excited old voice sounded, and Qin Chen's figure was shaken, and he saw an old man with gray beard and hair coming over excitedly, it was Qin Batian.

"Grandpa."

A gentle smile bloomed on Qin Chen's face, which was the smile of a homecomer.

No matter how strong he is in the heavens, how domineering and arrogant he is, in front of Qin Batian, he will always be a small child.

"Okay, Chen'er, you are doing well."

Qin Batian patted Qin Chen's shoulder vigorously, the old man with a beard, excited, his expression excited.

Qin Batian is not excited because his grandson is so promising.

"As expected to be my grandson of Qin Batian."

Qin Batian kept saying.

Qin Chen smiled. Seeing his grandpa so happy, Qin Chen's heart was also full of tenderness. His family was the person he wanted to protect most in his life.

"Second Uncle, Sister Ying!"

Qin Chen smiled at Qin Yuanzhi and Qin Ying beside Qin Batian.

Qin Yuanzhi was not as open as Qin Batian. Although he was the second uncle of Qin Chen, he was very concerned about Qin Chen and Qin Chen's mother back then, but at this moment, seeing Qin Chen, he was still a little excited and oppressed.

It was Qin Ying who was still so gentle, smiling at Qin Chen: "Your kid is finally willing to come back."

No matter how strong Qin Chen becomes, in her eyes, Qin Chen has always been the little kid who runs behind her \*\*\*\* and needs her own protection.

Qin Chen laughed.

This is the relative. Qin Batian listened, glared at Qin Ying, blowing his beard and yelling: "Ying'er, you think Chen'er is like you, Chen'er is the pavilion of Chendi Pavilion, who does great things. He goes out, sure I'm busy with things, but Chen'er, if you have time, you still have to come back and have a look. Look at your sister Qin Ying, how old you are, and don't know how to find a man so that I can hug a niece."

### [Chapter 3126: Met old man](#)

"Grandpa!"

Qin Ying was speechless, with a black line on her face, "I'm not looking for it. Didn't I find a suitable one?"

"Appropriate? You have to look for someone like Chen'er? A character like Chen'er may not be found in the entire Tianwu Continent." Qin Batian hummed.

"Puff!" Qin Chen laughed. It was the first time he saw sister Ying being so pitiful, but his heart was very warm. After all, many people in Chendi Pavilion had no blood relationship with him. Over time, sometimes Will be strange, and home will always be home, loved ones will always

They are relatives, they won't lose their longing for a long time, and they won't be separated because their grandson is stronger. "By the way, Chen'er, how are you? You are in the heavens with Qianxue and others, right? They are? You are no longer young, have you given birth to a few fat boys in the heavens? I heard that the heavens are full of holy spirit. Chen'er, your child, born in heaven

Surely good? "The old man stared at Qin Chen again.

"Grandpa." Qin Chen was speechless.

Now it's Qin Ying's turn to laugh, let you make fun of me before, now it's alright, see if you can withstand the old man's nagging. "Qianxue and the others are okay, but they all have their own things to do, and they didn't come back together this time." Qin Chen smiled bitterly. He didn't explain too much, for fear that Grandpa and them were worried. They would not be able to help many things. , Speak out, just

Cause sadness.

"Then this is..." The old man's eyes fixed on Murong Bingyun.

"Murong Bingyun has seen Old Man Qin." Murong Bingyun hurriedly stepped forward. She knew Qin Batian was Qin Chen's grandfather, so naturally she did not dare to neglect. "Well, the little girl looks good. I heard that you are Shangguan Xi'er's daughter? You are in the Misty Palace, but you can get lost when you get out of the mud without getting stained. That's good, good!" Old man Qin Batian nodded, although he I haven't seen Murong Bingyun, but I have heard some content from the conversations with everyone before, knowing the identity of Murong Bingyun, "Chen'er, you can't treat other girls too much because of their previous status. Excessive, know? The parents' fault is not the child's fault

,The child is innocent. "

The master took out a piece of jade pendant, "Old man, I have nothing to give you. This piece of jade pendant was obtained by me on the battlefield before. I have been with me for a long time, so I will give it to you."

Cold sweat came out of Qin Chen's forehead.

This piece of jade, white in yellow, is a piece of Tianlong Jade, a gem unique to the Demon Ancestor Mountain Range. It is a treasure in the land of the Five Kingdoms, but it is nothing in the land of a hundred dynasties. As for the Tianwu Continent, that It is sparse and usual.

And on this piece of jade, there is a red mark, which is obviously stained with blood. It can be seen that the old man loves and wears it all the time. It is very smooth and is his favorite.

Now that he took it out, Qin Chen was speechless. Grandpa admitted the wrong person, right? Everyone who wanted to hug his grandson would be regarded as his grandson-in-law.

Moreover, who is Murong Bingyun? The Young Master of Misty Palace, the personal disciple of Palace Master Guanghan, and the top celestial arrogant, can you see such a piece of jade?

Who knows that Qin Chen hasn't spoken yet, Murong Bingyun has already stepped forward, took the jade pendant with joy, and said excitedly: "Red candle magic body jasper heaven, dew drops exquisite and beautiful, such a good jade, thank Grandpa Qin, I like it very much."

She was holding the jade pendant, exuding the attitude of a little woman, very shy, even her face flushed with excitement.

by!

Qin Chen couldn't help but glanced at Murong Bingyun. Is this guy too good at acting?

However, in order not to make the old man sad, Qin Chen did not expose him.

"dust!"

At this time, Zhao Lingshan and Zi Xun came forward, and they looked at Qin Chen with a smile, with unidentified emotions in their eyes.

"You two, are both okay."

Qin Chen smiled and said, thinking of the time in the Five Kingdoms, and looking back now, it was still so beautiful.

"Ok."

The two men softly said, nodding their heads, warm as jade.

"Little dust, I have already asked someone to prepare the banquet, let's go into the pavilion and talk about it." said the black slave.

Fu Qiankun, Mo Yuanbai, Lao Yuan, and Gu Zun also all stepped forward.

"Ok!"

Qin Chen stepped into the Chendi Pavilion first.

Today's Chendi Pavilion, the already established resplendent and magnificent, Qin Chen's return made everyone extremely excited, and a large dinner party began.

At the banquet, everyone was excited to toast to Qin Chen, and the Saint Realm masters of all major forces in Tianlei City also stepped forward, respecting Qin Chen one by one, and they all joined the Chendi Pavilion.

The banquet ended very late. Almost everyone in the Qin family was successful. There were also some relatives who hadn't dealt with Qin Chen's mother and son too much before, and they all toasted Qin Chen with shame. Qin Chen didn't care about these past things. Qin Ying said that these Qin family members had already changed their personalities long before Qin Chen left the Tianwu Continent. They thought about the family and Chendi Pavilion. The relationship with everyone

Has changed a lot.

Coming to a new realm, many people also know their previous limitations and let go of a lot. As for Qin Chen, naturally they don't account for these trivial matters.

He is now the first person in the Tianwu Continent. His goal is the heavens and the entire universe. He is entangled in some previous festivals, and his heart is undoubtedly very narrow.

The past has passed, and the most important thing is the future. In the following days, people from all major powers came to visit Qin Chen one after another. There were experts from all tribes in the Tianwu Continent. Everyone knew that the Chendi Pavilion saved the mainland. Many people came to Tianlei City from all regions. Or the city near Leizhou, which is

In order to get a closer look at Qin Chen's true face.

Looking at the overcrowded Thunder City, the black slaves were a little helpless. They received some of the top forces one after another, and handled specific affairs well.

In addition, Chendi Pavilion will build a huge statue of Qin Chen outside Tianlei City, where the Thunder Sea was originally located, and build a huge square for all the citizens of Tianwu Continent to admire. Qin Chen didn't care about this kind of thing, and he didn't even think it was necessary. However, the black slaves, and even the holy realm masters of other forces were very persistent, because they all said that the world must remember that Tianwu Tranquility of the mainland

Who brought it.

Moreover, the specific establishment of the entire statue does not require Chendi Pavilion to do it. Chendi Pavilion only needs to formulate a plan, and countless people across the continent have voluntarily deployed labor and resources to build it. Under the mobilization of many sacred masters and top forces, this huge statue took only three days to stand up completely. The carvings are vivid and vivid, and it uses the hardest star iron in the mainland, which is integrated into the holy crystal and many Saint

Made of high-grade materials, it is magnificent. But when this sculpture took shape, Qin Chen had already left Tianlei City and went to a special secret realm!

## [Chapter 3127: Death canyon](#)

Death Canyon, the boundless gust of wind howled, ghostly.

This is one of the top forbidden places in the Tianwu Continent's martial arts domain, and it is also a place where countless experts in the martial arts domain have heard about it. If the Thunder Sea was once a forbidden land, but its periphery can still make people temper the flesh, so many martial emperor masters are eager for it, then Death Canyon, it is a true Jedi in the true sense. Warrior will come

Here.

Because it is rumored that the warrior who fell into the death canyon has never survived. This is a Jedi, which can swallow all the warriors who enter it, like a bottomless abyss.

No one knows how Death Canyon was formed. It seems to have existed here since ancient times, and it has been inaccessible for thousands of years.

"Death Canyon!"

Standing on the top of Death Canyon, Qin Chen was silent, muttering to himself.

Back then, he was chased and killed by Feng Shaoyu and Shangguan Xi'er. At the last moment, he jumped into the Death Canyon and found his own way of death. In the end, he didn't die. He was accidentally reborn on the present body of the Great Qi Kingdom. A whole new life.

When he came to Death Canyon again, Qin Chen felt as if he had passed away.

He stood above Death Canyon, staring below. In the valley, the black gust of wind roared, like the devil opened its huge mouth and swallowed everything.

"No snow!"

Qin Chen murmured that he came to Death Canyon this time not only to explore the fallen place of his previous life, but more importantly, to search for his best friend Ji Wuxue.

After the news that he had fallen in Death Canyon that year came out, his friend Ji Wuxue, the grandfather of Ruyue, resolutely entered the Death Canyon, and his life is still unknown.

"Wuxue, you are too stupid."

Qin Chen was sad, this was Death Canyon, and even the top powerhouses like Shangguan Xi'er did not dare to enter it, and Wuxue resolutely entered the Death Canyon alone in order to find his trace back then. How stupid it was.

But Qin Chen was deeply moved in his heart.

"Wuxue, I'm late, no matter whether you are alive or dead, I will find you back. I will see people when I live, and my dead when I die."

call!

Qin Chen jumped into the Death Canyon in an instant, and his half-step Saint Master's mighty spiritual consciousness was already swept down like an ocean.

Rumble!

Qin Chen's current spiritual consciousness is so powerful, one thought is enough to sweep the entire Tianwu Continent, but there are some forbidden areas that Qin Chen cannot directly sweep through. This Death Canyon is naturally one of them, which is why Qin Chen wants to come in person.

His spiritual consciousness quickly permeated.

Ten miles!

Baili!

Thousands of miles!

Miles!

This Death Canyon was tens of thousands of miles away, and it was not to the end.

And what shocked Qin Chen was that after thousands of miles, Qin Chen's consciousness was completely dark, as if it had been hindered and swallowed.

"What?" Qin Chen was shocked. With his current strength, it is impossible for ordinary holy masters to stop his divine consciousness scanning, especially his soul power is unprecedented, and he is also the son of the plane of Tianwu Continent. , Blessed by the source, Tianwu University

There should be no place for Lu to stop him.

"This Death Canyon is at least a forbidden place for the Holy Lord, and even, it is not an ordinary forbidden place for the Holy Lord."

Qin Chen was curious about Death Canyon. Originally, he thought he should be able to peek into the bottom of Death Canyon directly, but now, he immediately understood that Death Canyon was definitely not easy.

"Huh, then go down and take a look."

Qin Chen is also a daring master of art, and he has a lot of doubts about Death Canyon. If he fell into the Canyon back then, would the corpse also be under the Canyon?

call! Qin Chen leaped down, and quickly flew towards the bottom of Death Canyon. The boundless gust of wind howled, the flesh that could easily corrode even Emperor Wu's body was naturally nothing to Qin Chen, but when he entered When you reach the depths of thousands of miles

At that time, Qin Chen saw that the death canyon tens of thousands of miles below was a piece of darkness, and the terrifying death air completely enveloped this space. It seemed that countless resentful souls were crying underneath, which was creepy.

"Is this? Some kind of soul power? Resentful soul?"

A series of ghost crying and howling voices sounded, trying to enter Qin Chen's mind and confuse Qin Chen's soul, but Qin Chen remained motionless. With his current cultivation level, ordinary souls could not confuse him at all.

These soul powers can easily take in the soul and vitality of Emperor Wu's masters, but for Qin Chen, it is still too weak. He can resist even the soul impact of the Lord of Abyss, how can he be afraid of the threat here. Qin Chen entered thousands of miles in an instant, and suddenly, his ears kept roaring like a ghost, \*\*\*\* claws seemed to pierce his body, but when Qin Chen released the disaster, Those \*\*\*\* fierce

The ghost is like a big enemy, and there is a more miserable cry, and it disappears in this void.

Disaster and Underworld Fire is the fire of origin of the Supreme Disaster of the Demon Realm, and dealing with the resentful souls in this area couldn't be easier.

Finally, I don't know how long it took to fall again.

"Boom!" Qin Chen's body fell to the ground, and he felt as if he had stepped on the ground. In a short time, the endless life around him enveloped him, trying to envelop his vitality, but he was swallowed up by the calamity fire, and he just didn't give it. Qin Chen causes any impact, everything

It's all as he expected.

Although Death Canyon is the top forbidden area in Tianwu Continent, there are always people who are not afraid of death breaking into it. Over the years, the dead bodies in Death Canyon pile up like a mountain, and a gloomy breath spreads across the entire canyon.

It is no exaggeration to say that this place is comparable to eighteen layers of hell. If Qin Chen is not strong, just this gloomy breath can kill him invisible.

At least the Wudi strong would have no way of entering it.

"Could it be that Ji Wuxue has died here?"

Qin Chen's heart trembled. Such a necrotic attack was nothing to Qin Chen, but to a Martial Emperor like Ji Wuxue, it was definitely a nightmare and could fall in an instant.

Can Ji Wuxue survive here?

This is simply a life of nine deaths, no... even ten deaths!

Hum!

Qin Chen's soul power spread, and his heart sank completely. He no longer held the possibility of Ji Wuxue being alive, trying to find Ji Wuxue's body.

However, there are countless corpses here. After Qin Chen's soul swept through it, he unexpectedly did not find Ji Wuxue's corpse aura.

"Didn't Ji Wuxue die here?"

Qin Chen was startled. Impossible, with Ji Wuxue's strength of Emperor Wuxue, although strong, he has never reached the peak of Emperor Wuxue. As long as he enters here, he will undoubtedly die. It is

impossible to go far in one step. Moreover, Ji Wuxue has only fallen for more than three hundred years.  
, According to reason

, His body should be on the surface of the bottom of the canyon, the top layer of countless corpses.  
However, Qin Chen scanned it again, but did not find Ji Wuxue's corpse at all, not even his own corpse in the previous life.

### [Chapter 3128: Body missing](#)

Qin Chen carefully searched here, his divine consciousness searched inch by inch, but still could not find the bodies of himself and Ji Wuxue.

"I fell directly from Death Canyon in the last life. I lost consciousness after falling into the Canyon. According to reason, there are two possibilities. One is that the mysterious ancient book brought my soul back to the present three hundred years later. In the first place, my corpse must still be here, and it should be nearby. It can't be farther, but why can't it be found?"

Qin Chen frowned.

Although his previous life was only Emperor Wu's cultivation base, under normal circumstances, Emperor Wu's body would be preserved for hundreds of years and thousands of years would not have a problem, because although Qin Chen in the previous life was not at a high level, he was already at a golden level. As for the masters of Emperor Wu needless to say, at least it can be preserved for more than a thousand years.

But Qin Chen was here, but he didn't sense the breath of the corpse from his previous life.

"Could it be possible that the mysterious ancient book took me back three hundred years later, with my body also taken away?"

Apart from this, Qin Chen couldn't think of other possibilities.

But if this is the case, what about Ji Wuxue's corpse? Why can't it blow up here?

Qin Chen could feel that some of the corpses here were not far away. Some were hundreds of years old, some were hundreds, and there were even corpses that had just died for decades. Not to mention the longest ones, some of them were broken. There are only a few fragments left, at least thousands of years old, which means that many warriors have fallen here and died here for so many years.

Their corpses are all there, why are they missing Ji Wuxue and himself?

"Could it be that there are other creatures in this Death Canyon that will take away the corpses here, but why did they take away the corpses of Ji Wuxue and I? There are still many corpses that have fallen over hundreds of years, even Those with Emperor Wu's cultivation base are all left here."

Qin Chen frowned tightly and fell into contemplation.

Of course, there is another possibility, that is, Ji Wuxue is still alive and took away the corpse of her previous life, but this may be too low, but it cannot be said that it is impossible.

In fact, based on Qin Chen's current cultivation base, the body of his previous life is of little significance to him. In this life, he is a brand new person. He only wanted to find the body to understand the past and to bury his past. Of course, he did not want to own himself. His body was exposed in such a place.

"Don't think about it. At least the bodies of Ji Wuxue and I are not here. Go to the depths of Death Canyon and take a look. Maybe there are some gains. Ji Wuxue may not necessarily fall. After all, he is People who have entered the secret realm of the Ji family and got the inheritance of the ancestors of the Ji family. The ancestors of the Ji family should be the masters of the holy master of the Ji family. If Ji Wuxue has obtained his inheritance, it really may not necessarily fall here."

Suddenly, Qin Chen's eyes lit up.

It's really possible.

Qin Chen became excited immediately.

Hum!

When Qin Chen thought, his soul power instantly diffused, carefully perceiving everything around him.

"Ok?"

Suddenly, Qin Chen's expression changed, because he felt that something inside the Death Canyon was slowly absorbing his soul power.

hiss!

Qin Chen immediately sucked in air-conditioning, and this Death Canyon could even consume his own soul? Although it's just a tiny trace, it's like a sea of water is constantly being pumped by a spoonful of water. This amount is too subtle for ordinary people to notice.

However, Qin Chen practiced the Heavenly Soul Forbidden Technique, and was recognized by the origin of Tianwu Continent. He had a keen sense of his own soul and keenly felt the slight reduction of his soul.

This shocked him very much. Death Canyon can absorb the vitality and soul of people. He is not surprised. In the forbidden area, anything can happen, but he is a half-step master of the Holy Master. In terms of soul strength, it is even better than the average Holy Master. Experts are terrifying, ordinary things can not absorb his soul.

Weird!

There must be something weird here!

Qin Chen's expression became dignified, condensing his soul, staring into the depths of Death Canyon, step by step towards the depths.

Regardless of his body for the time being, Ji Wuxue must have entered here. He is a close friend of his previous life, and he entered Death Canyon because of himself. He is responsible for Ji Wuxue's death and wants to see people in his life. , Die to see the corpse.

However, after feeling the special nature of Death Canyon, Qin Chen had no hope. This Death Canyon could absorb even his own soul power, so with Ji Wuxue's cultivation base, even if it was inherited from

the ancestors of the Ji family, It is impossible to resist this soul-swallowing force at all, and it will definitely fall here.

Qin Chen released his spiritual consciousness and began to walk in this huge death valley.

He rose into the air, surrounded by the aura of calamity and underworld fire. The soul power at the bottom of Death Canyon could not hurt him at all, and under Qin Chen's deliberate convergence, the power of Death Canyon could not absorb Qin Chen's soul. force.

Normally, even the pinnacle martial emperor could not fly here, even Qin Chen could feel it, after deepening, the death breath here became more and more terrifying, and even ordinary holy realm martial artists could not walk, and the power of death was following. After Qin Chen went deeper, he was still getting stronger and stronger.

You must know that even Qin Chen's soul strength will be drawn from the soul here, and if he enters the depths of the Death Canyon, the ordinary holy soul may also be consumed quickly.

This is definitely a forbidden area of terror above the Holy Master level.

However, because of the heavenly soul forbidden technique, Qin Chen didn't feel the soul swallowed here at all. Even Qin Chen's disaster made him more comfortable here, and the Dao of the Abyssal Demon Clan made him very comfortable. Easy.

The entire Death Canyon was extremely huge. As Qin Chen continued to deepen, he felt the more and more powerful death power permeate, click, Qin Chen felt a pause in his feet, as if he had stepped on a skeleton.

He lowered his head and saw a white-spotted skeleton that was trampled off by himself. I don't know how long this skeleton has been here. It was already very dry and easily shattered after stepping on it, but Qin Chen felt a faint holy realm power from above the bones.

"Holy Land Master!"

Qin Chen's gaze condensed. There is a Saint Realm master in this Death Canyon. You know, Tianwu Continent hasn't seen a Saint Realm master for many years.

"Death Canyon already existed in ancient times. Could it be said that falling here is a holy realm master in ancient times?"

Qin Chen guessed.

Click.

Then, Qin Chen saw that he had stepped on a skeleton, and the number of skeletons here was not a small number. Qin Chen even saw many sacred martial artists who were obviously not human.

### [Chapter 3129: Bone Long River](#)

This skeleton is clearly not a human skeleton, is it a holy master of other races? Qin Chen's heart immediately became awe-inspiring. If it was a human master from the ancient times, then nothing

would matter. After all, there were many human masters here in the ancient times, but now Qin Chen sees other race masters, which makes Qin dust

Be vigilant.

Could it be that many masters have entered here?

Click!

When Qin Chen walked here, he was shocked to discover that there were too many corpses here, densely packed, like a sea of corpses and blood.

boom! Qin Chen made a move, and the whole ground shook, rumbling, and a hundred-meter-long gully and crack broke open on the ground, and a deep and secluded section spread to the depths of the ground, only spreading several tens of meters and then stopped, but only is this hundred feet long,

The gully tens of feet deep has already made Qin Chen's eyes shocked.

Because, he could see clearly, that the ground was actually full of corpses. Among the mud and rocks, there was a palpable atmosphere. The corpses were piled on top of each other, densely packed, and the number was too alarming.

Moreover, the breath of these corpses is not simple, almost all of them are above the holy realm.

Is this also a forbidden land similar to the God Forbidden Land of Tianwu Continent? In ancient times, were there countless places where holy realm masters fought? Moreover, is there a place where the various races of the heavens can fight?

Qin Chen changed color, and various speculations emerged in his heart.

At present, only this is possible.

Continue to take a closer look.

Qin Chen's spiritual sense sensed that these corpses had fallen for a long time, and could not feel the slightest life, and there was no Ji Wuxue's breath inside.

Qin Chen was even more curious about this Death Canyon. All he could see was the dark land, and it was enveloped by the breath of death. He couldn't see the end at a glance. There was a breath of death everywhere and lack of vitality.

On the ground, there are bones. These bones are half-hidden by the earth. There are also some giant weapons, corrupted saint soldiers, some are normal, some are tens of meters long, broken and rusty. On the ground. Qin Chen frowned. Normally, the preservation period of a saint soldier is very long. The saint soldier represents the law of the holy realm. Generally speaking, it is almost a breeze to save for tens of thousands of years, some, even can be preserved for hundreds of thousands of years, even longer.

But the sage soldiers here are almost all corrupted, what has gone through that caused so many sage soldiers to be corrupted.

Whoosh! Qin Chen flew by, shaped like electricity, flying in this Death Canyon. Originally, Qin Chen was still very relaxed, but as he continued to deepen, he actually felt the slightest pressure. The deeper, the deeper the Death Canyon. The more terrifying the place, the ghost

The anger lingered, it was creepy.

Moreover, the aura of the corpse here is getting more and more terrifying, and Qin Chen's face changes slightly behind him, because he has already felt a trace of the Heavenly Sage Law.

Some corpses here turned out to be Heavenly Sage masters.

What happened here?

"what is that?"

Suddenly, Qin Chen saw in the depths of Death Canyon, there seemed to be a white river flowing. In the depths of Death Canyon, it was silent and extremely strange.

How can there be a long river deep in this Death Canyon?

Qin Chen was taken aback, quickly approached and shuttled through space, and the face of this long river appeared in front of Qin Chen's eyes more clearly.

"This is..." Qin Chen couldn't help but breathe in the air, because there was a long white river that was not knowing how long, and it spread to the depths of Death Canyon, and it was not water flowing in this long river. But countless bones

, The densely packed skeletons, like the sands of the Ganges River, are spread over this long river. From a distance, they look like a vast white river.

In fact, this is a long river formed by countless bones, countless corpses, and skulls, blocking Qin Chen.

This kind of scene is very weird, it makes people horrified at first glance, and the goose bumps all over.

Where did so many bones come from? I am afraid that burying a person from the mainland here may not necessarily be able to pave such an occasion that winds for thousands of miles, requiring generations of corpses to accumulate.

Moreover, among these bones, there are not only human races, but also demons, various races, blood beasts, demons, and even wing races.

"Where is this Death Canyon?" For countless years, no one in Tianwu Continent has ever entered the depths of Death Canyon and passed the scenes in the depths of Death Canyon. Therefore, people's understanding of Death Canyon is very weak, Qin Chen At first I thought that in Death Canyon, only

It is a place shrouded in death. But now, he knew that he was wrong. The countless corpses buried in the mud and this white river of bones all made it clear that this Death Canyon is absolutely extraordinary, and even shocking, not weaker than the forbidden land to Qin Chen. The shock

.

You know, even the place of trial in the heavens, the battlefield of ancient times, the death and injury of so many people, did not form such a terrifying bone river, then where did this bone river come from?

Countless corpses, bones, who are piled here. After all, if this is an ancient battlefield, at most it can only form a place of trial in the heavens, or a forbidden place such as the forbidden place of the gods, a place of ruins, and it is impossible to say that all the corpses of the dead are actively flowing to Together to form

A river of white bones, this is amazing.

Qin Chen was a little horrified for a while. Standing on the edge of the Bone River, looking at the endless river, he didn't know where it was meandering, but he entered the depths of Death Canyon, enveloped by countless death air, and it was pitch black.

The hurricane in Death Canyon was whizzing, and the whole bone river was blowing, and there was a whimper sound, and there was a sound of ghost crying and wolf howling everywhere.

Qin Chen didn't dare to go deep into Bone River for a while.

Because this bone river is really weird, Qin Chen explored it with his spiritual knowledge, but couldn't find the editing at all, and didn't know how long it was.

Click!

Suddenly, in the White Bone River, a giant skull near the shore suddenly flew out of the Bone River and bit Qin Chen with its mouth open. This skull is very huge, about three feet in size, and I don't know what the corpse of a giant creature is. It jumped directly from the bone river, opened its big mouth, and surrounded the body with a black death breath. In the eyes, two suddenly lit up. Black spots

, It looked as if dark eyes were staring at Qin Chen.

Oh oh oh!

It opened its mouth wide, and exhaled infinite evil, directly permeating Qin Chen. Moreover, this skull is very powerful. Although it has been a long time since he died, there were strange black lines on it, like the texture of the avenue, which made Qin Chen, who mastered the avenue of the Holy Lord, feel a hint of profoundness.

### [Chapter 3130: Corpse](#)

Under the skull, he was about to swallow Qin Chen.

"Death!" Qin Chen's gaze condensed, and he blasted out a punch. Suddenly, Qin Chen felt that he had hit an extremely hard object, his fists were shaking and he was about to be blocked, but who was Qin Chen? Half-step holy lord, even the lord of the abyss dare to resist

Man, how can a skull stop him?

With a bang, the vast killing aura blasted into the sky above Qin Chen's fist. This skull was exploded by Qin Chen in an instant, and countless bones splashed into pieces, suddenly torn apart.

"What a powerful skull."

Qin Chen secretly changed color, and the power emerging from this skull head was close to a peerless earth saint. If the ancients came here, they would have no way to escape and would be swallowed.

"Who? Pretend to be a fool, come out and see."

Standing on the Bone River, Qin Chen said coldly, with a loud voice, reaching the depths of the Bone River.

He could feel that this skull was not a force derived from him, but was controlled by a strange death force. In the depths of this white bone river, it seemed that there was a mysterious and terrifying existence hidden. "This skull is very powerful. Its owner should be an extremely terrifying and powerful master in ancient times. Although it has fallen and its body has been corrupted, the bones left behind are extremely hard in texture. If it weren't for me, I would replace it.

Maybe it will be dangerous. "

Qin Chen's eyes flickered, guessing many things.

However, he exploded the skull with this one, and it immediately seemed to cause a huge commotion, oooooo, countless bones in the entire river of white bones were surging. Immediately, countless white bones heads and corpses made the sound of howling ghosts. The whole river of white bones seemed to come alive in an instant, kakaka, countless corpses flowed along with the river, and, Bit by bit

The skeletons formed strange corpses in the flowing composition, and they rushed towards Qin Chen one after another.

Countless white bones heads, white bones claws, and leg bones rose to the sky, and launched a fierce attack on Qin Chen.

These corpses were left by the top experts in ancient times, and they were so powerful that even a heavenly sage would fall here, be swallowed up on the spot, and turned to ashes.

But Qin Chen was not afraid, he snorted coldly, his eyes exploded with divine light, this long river of bones wanted to play with him, so let's play.

Boom!

Qin Chen's body suddenly burst into the air, and his whole person, like a demon god, suddenly rushed into the river of white bones.

Countless corpses immediately hit Qin Chen's body, and countless attacks fell, densely, like raindrops, on Qin Chen's body, scratching him wildly, bursting out terrible shocks.

However, Qin Chen had no fear. These attacks were nothing more than the attacks of the Peerless Earth Sage. Qin Chen was an expert who was infinitely close to the Sage Master. His whole body was shaken, crashed, and countless bones were blown out, bursting into pieces instantly. Very tragic.

"You won't come out, are you? Swallow!" Qin Chen sneered, straddling the bone river, and constantly swept toward the depths, but apart from these bones that constantly rushed to attack him, Qin Chen could not feel any will. Immediately sneered, the jade disc of good fortune of heaven and earth urged and displayed it

The technique of patching the sky began to absorb the power in this long river of bones.

Moreover, in Qin Chen's body, the Book of Origins appeared, and he began to imitate this bone civilization. I saw Qin Chen's whole body, countless whirlpools appeared, just like in the world of demons, swallowing countless demons, some powerful skeletons approached his body, and they let out a scream, the strange death aura in it. Be immediately

The whirlpool on Qin Chen swallowed. These skeletons are very difficult to refining. They are some corpses of ancient powerful men. Moreover, they have lost their flesh and blood and spirituality, and they have no vitality. There is only a strange breath of death and evil. If ordinary human warriors forcefully absorb it, I am afraid

In a moment, he will be infiltrated by the breath of death and evil in it, becoming mad and crazy.

But who is Qin Chen? He has obtained the inheritance of the Palace of Patching the Sky, which can fill the world, and the art of patching the sky can repair even the heavens. How can he not refine this evil spirit?

Rumble! Countless bones and skeletons exploded as soon as they approached Qin Chen. The death and evil spirits in it were refined by Qin Chen, and then continued to be refined under the breath of the Devil Tree of the Ten Thousand Worlds to form the purest death aura. , Comprehend the rules of death , Forming a civilization of death.

Qin Chenyi is bold, but he wants to see what is going on here.

These skeletons, when they rushed forward, not only did not cause any harm to Qin Chen, but instead became the cornerstone of Qin Chen's cultivation.

If someone was outside the Long Bone River at this moment, he would see Qin Chen as if he had entered the realm of no one, flying fast forward in the Long Bone River, deep into the depths of Death Canyon, and countless bones were refined by him.

Suddenly, the whole river of bones was furious, after he refined a lot of bones.

Boom!

A huge skeletal body crawled out of this long river of white bones. These bone corpses are very terrifying, and the lines on their bodies are extremely terrifying. They turned out to be the masters of some Heavenly Sage peaks. In their lifetime, they were obviously giants of a party, extremely tyrannical, and the breath that erupted was more terrifying than ordinary corpses.

Too much.

However, Qin Chen was still extremely calm.

He blasted out with a punch, and the civilization of Origin's magical powers appeared. The long river of white bones at the supremacy level of the Heavenly Saint Peak was blasted away by him and continued to fall.

Because even if the owner of these skeletons was alive, Qin Chen was not afraid, but now that he has fallen, Qin Chen is even less afraid. "This long river of white bones is really suitable for cultivation. As long as I have enough Saint Yuan to cultivate here for a hundred years or a thousand years, how strong will the origin supernatural power be? How strong will the understanding of death be? This bone seems getting stronger. "

The death civilization in Qin Chen's body became clearer and clearer, but at this moment...

Boom!

The entire river of white bones was completely furious, and after Qin Chen exploded thousands of the peak overlord's bones, there was a loud noise, and a complete huge skeletal body leaped out from the bottom of the river.

This huge bone was not a human being, but like a giant, with bone spurs on its back, like a fan, and a tail like a crocodile. Qin Chen couldn't tell what race it was.

As soon as this skeleton appeared, an aura that frightened the heavens exploded, and the black flames in the eyes were extremely rich, and the breath of death in his body aroused the breath of death in the entire Death Canyon.

"Human kid, dare to run wild in my Styx, looking for death!"

The bones let out a roar, and they slapped Qin Chen fiercely. Rumble, the power of the law that haunted the world on his huge palm turned out to be the law of the Holy Master. This is the corpse of a holy lord, actually resurrected.
