

Valkyrie 3191

[Chapter 3191: Who dares to move](#)

"Ah! Summon the ancestors!"

In the teachings of the gods, two old antiques roared, burned incense and prayed, inspiring the power of faith, and taught the disciples to pray with countless gods, and sacrificed the life force in everyone. They were calling the old master.

However, Qin Chen ignored and continued to make a move, crushed by the powerful Saint Yuan Longlong.

boom!

Godzhao taught the ancestral land, the earth cracked, the mountain peaks exploded, the scene was quite shocking.

This is not an ordinary place, but an important place for education. There are many restrictions on the layout, and each mountain and stone is unique, and it is guarded by an amazing formation that is difficult for outsiders to shake.

But in front of Qin Chen, it was like a chicken and dog, nothing at all, it exploded directly.

Now, with the exception of the ancestral religion, which is the core of Shenzhao Sect, the surrounding area and mountains have been exploded, and nothing has existed, and it has been completely blown up.

The lush old trees and the towering mountains are gone, turned into powder.

"Has the call come? If not, I'm going to do it!"

Qin Chen sneered and descended from the sky, just like that, the sword light surged, and the two masters in the center of the ancestral land were blasted.

"Om!"

But at this moment, a certain aura rose.

Between the heaven and the earth, strange auras surged, as if there were undead from the prehistoric years, in the void, horror and inexplicable light and shadow appeared.

boom!

This is a terrifying figure that exploded into the void, and suddenly walked out of the ancestral land of Shenzhaojiao, each of which contained shocking intent, towering like a god, turning into a phantom, staring coldly at the front.

what is this?

The hearts of everyone in the outside world almost stopped beating, their eyes horrified, and their breathing stagnated.

What did they see? An ancient powerhouse, each of which is at the level of a holy master, there are too many, more than a dozen or so, like a legion.

The breath of these phantoms is too terrifying, none of them are under the two holy masters taught by the patron saint.

Is it possible that all the old leaders who taught by God have been resurrected? At this moment, no one is not horrified. Many people think that it is just a phantom. If you perceive it carefully, you can feel the horror of these figures, like walking out of the long river of prehistoric years, with ancient and vicissitudes. Of course, there is also decay

Breath.

But what can't be concealed is the terrible coercion surging through them, shocking the eternal ages.

More than a dozen holy master masters were born together, everyone was going crazy, and they couldn't believe their eyes.

"Huanghuang sacrifices to the heavens, summons the ancestors, fights against foreign enemies, and returns my photos!"

The gods teach, countless disciples are chanting, and the surviving disciples, under the leadership of the two old holy masters, all kneel down, pray, and are extremely devout. The astonishing power of faith surges, as if turned into a kingdom of God, glorious lofty.

This is scary.

boom!

Those dozen or so figures burst out of terrifying murderous, lifeless figures, stepping out one step, and making a strong shot at Qin Chen. This is to take the initiative, not to bluff.

"Well, it's interesting!"

Qin Chen frowned, stared carefully, and then smiled. Hey, he sacrificed the mysterious rust sword, sighed and said, "Today, it's cheaper for you, so you can eat a full meal."

Then, Qin Chen moved and cut out with a sword.

puff!

Sword light passed by one of the horrible figures, and that figure immediately burst out with a stern roar, as if a wild ghost howling, it was too horrible and frightening.

The mysterious rust sword glowed, and the faint light immediately enveloped the summoned ancestor, and disappeared on the spot, his soul flew away, as if he had been swallowed.

"what?"

The masters of Shenzhaojiao below were shocked, what did they see? Qin Chen killed a leader Xianling with a single sword?

kill!

Qin Chen haunted the divine light and kept making moves. The mysterious Rust Sword fell with one sword. After each sword, a figure disappeared. The majestic and invincible figure disappeared continuously under Qin Chen's beheading. .

It was only a moment. The dozen or so figures that were originally shocking and horrifying were all gone. Only Qin Chen was left, holding a sharp sword, with cold eyes, standing in the void.

These so-called ancestors are nothing more than remnants of souls, condensing the figure with a unique technique of faith. To a certain extent, they can indeed burn the soul and the power of faith in a very short period of time, exploding all the parts of ancient times. Vaillant.

Unfortunately, what they met was Qin Chen.

Under the mysterious rust sword, any remnants of souls could not resist, and were absorbed by the sword body one after another. On the quaint mysterious rust sword, the lustrous luster lingers all the way around, like a monster.

"It's over!"

Qin Chen murmured, put away the mysterious rust sword, and rushed directly below. Suddenly, the sky fell apart, and countless disciples of Shenzhao teachers could no longer muster any courage. Only the two old antiques wanted to fight back desperately, but Qin Chen urged Shenzhao mirror and Shenzhao clock to suppress them for a moment. Owl head, body

He was directly refined in the Zixiaodou Rate Palace.

In the distance, all the masters in the outside world saw their scalp numb.

Two masters of the Holy Master? Just die like this? It's like killing a chicken! This is horrible!

What they didn't know was that changing to another master master might have the possibility of escape, but Qin Chen possessed a magic mirror and a magic clock, and could easily suppress any master of the magic master, and this could easily kill him.

boom!

After beheading the two, Qin Chen immediately pulled out the two holy veins of the divine master under the gods and taught them directly. The crystal-clear holy veins were severely extracted, roaring in the void, and the eyes of those watching were red. Straight.

The two holy veins of the Holy Lord, for any realm, are heaven-defying treasures.

But who dares to move?

Facing the enchanting Qin Chen, the whole void and silence, everyone watched Qin Chen put away the two holy veins of the Holy Master, then glanced at the void here, turned and left.

call!

After Qin Chen left, the masters of the major forces all sighed together, and after recovering, they discovered that their robes were all soaked under Qin Chen's eyes.

Then, the major forces came to the place where the gods teach.

Below, there is a dilapidated ruin, ruined walls, extremely desolate.

Except for some building fragments remaining in the wasteland, it is not visible at all. Once there was a big church towering here, only barren ruins.

Moreover, it was so lifeless here, not even the corpses were left. As long as the bodies of the top experts were taken away, some even saw Qin Chen using Zixiao to rate the palace to refine the bodies of the two great masters.

Ruthless, so terrible!

There are many people doing things like the law of extraction, but they are all secretly and cautiously, for fear that they will arouse public anger and lead to a bad reputation, and they will be regarded as demons. But what about Qin Chen? Good boy, openly taking away the body, this is too cruel, too bold.

[Chapter 3192: Wanchao Lai Gong](#)

"This is definitely a cruel boy. It's too arrogant and lawless."

"Hey, too abnormal, why is there such a monster in the heavens?"

"Shenzhaojiao, the great religion that has been passed down for millions of years, the ancient sect that was rumored to have existed before the shattering of the heavens, just like that? It was destroyed in the hands of a young man?"

Many people sucked in air-conditioning.

Everyone felt that if the ancestors taught by the gods had spirits, they would be so angry that they would lift all the coffin boards and walk out of the Yin Cao Netherworld.

Oh!

They all forgot that the ancestor Yin Ling who was taught by the gods had been summoned, but they all died in Qin Chen's hands. It is estimated that there is no such opportunity.

"Go, we must pass the news back as soon as possible, and we must not provoke Guanghan Mansion and this kid."

For a while, the masters of the major forces secretly spread the news, passing back the news here, lest their forces provoke such a fiendish star.

boom!

When everyone was sending a message, the void in the distance suddenly exploded. It frightened everyone and turned their heads hurriedly, only to see that in the void, a number of silhouettes appeared, rushing forward, fast. To the extreme.

When the nervous people saw the incoming person, they couldn't help but heaved a sigh of relief, because they recognized that the incoming person was not someone else, but the masters of their major forces, all acquaintances.

"Aren't you staring elsewhere? Why did you come here?"

"Yeah, I remember you guys should be stationed in King Ren's Mansion? Why did you suddenly come over?"

People who know him inquired and talked with each other, very confused. "Shhhh, just keep your voice down. This is the ancestral land of Shenzhaojiao, right? The Mansion of King Ren was destroyed, and was destroyed by Palace Master Guanghan and Qin Chen. That Qin Chen is coming to Shenzhaojiao and plundering the resources of Shenzhaojiao. Estimated to be coming soon, soon, we hide,

Don't be discovered by that Qin Chen, this is definitely a monster, it's too scary. "

A master who had rushed over from King Ren's Mansion said excitedly, hurriedly gesturing to the master here, asking everyone to hide, and not to run into Qin Chen.

"What are you talking about? The Royal Palace was destroyed? It was destroyed by Qin Chen?"

The masters here were all dumbfounded, dumbfounded, as if petrified. "Otherwise, what do you think? We saw with our own eyes that Qin Chen of Guanghan Mansion is indeed terrifying. The old Holy Master of King Ren Mansion is in his hands. It is just like a chicken. It's too miserable. Forget it, let's not say more. Yes, if Qin Chen hits us, it will be troublesome

Now, hide it quickly. We got the news that the next goal of this child is to teach by God. "

The masters who came from King Ren's Mansion all said they wanted to hide.

"No, Qin Chen has been here, Shenzhaojiao has been destroyed..." The masters of the major forces who were watching outside Shenzhaojiao were all stunned and their eyes dull. They thought that Qin Chen was the first to come. It's only then that Qin Chen came from Renwang's Mansion. This

It's the second game.

"I've been here? The gods are gone? It's okay. The rumors of the gods are very strong, and the previous loss is not as big as the Renwangfu. The battle that will erupt in the future will definitely be more amazing. We...what, what are you talking about?"

The master who came to King Ren's Mansion was still talking endlessly, and suddenly his eyes went straight, thinking that he had heard it wrong. What did they hear? Qin Chen has been here, and the godly teaching has been destroyed?

How is this possible?

But when they next saw the place where the gods were taught, it had disappeared and turned into broken ruins, all of them were shocked.

They... came too late?

The masters who came from the Mansion of King Ren looked at each other, each of them was incredulous, and they were going crazy. Is this true? They saw Qin Chen set off from King Ren's Mansion, so they used all their strengths in the Holy Master's cultivation and rushed to this place at the fastest

speed. In their opinion, Qin Chen's strength is stronger, but after all, it is only a half-step from the peak of the Holy Master. ,s

Speed, it is impossible to be their opponent.

They could arrive before Qin Chen, hide, and watch the second battle.

But now others tell them that they are late and the good show is over.

hiss!

How long is this?

In less than a day, Qin Chen rushed to them from Renwang's Mansion ahead of time, and before them, he taught the gods to annihilate.

Everyone almost went crazy.

Especially after I heard that Qin Chen killed the gods, and left immediately, their scalps were numb, then Qin Chen, shouldn't he go to Xueyang Mansion or Yuming Mansion...

"Go, the news here must be sent back to our forces as soon as possible."

The masters of many forces are horrified.

At this time, everything Qin Chen caused caused an uproar in the outside world.

"Shen Zhaojiao's background is too deep to be able to summon the leader Xianling. This is too cruel!"

Someone sighed.

It's a pity that he died and was beheaded by Qin Chen alone.

This incident made all the outside parties awe, and they had a better understanding of Qin Chen's strength. The enchantment of this son was simply shocking.

And when the outside world madly spread the news of the demise of the King's Mansion and Shenzhaojiao.

Qin Chen was rushing frantically, and in the Universe Good Fortune Jade Plate, You Qianxue and others, who had obtained the three holy veins of the Holy Master, were also in retreat, refining the rules of the Holy Master, preparing to attack the realm of the Holy Master.

Once You Qianxue, Qin Mo, Yao Wuming, Su Quan, Lingyuan, Tu Moyu, Murong Bingyun, these seven people, along with Qin Chen, will break through to the realm of the Holy Lord, and Qin Chen will establish his army of Holy Lords, and There are ears and eyes all over the heaven.

However, there are only three holy main veins, which are too rare and not enough for everyone to break through.

Moreover, Qin Chen himself needed more holy veins.

Next, Qin Chen rushed all the way to the scene, asking Hantian suddenly a **** storm.

Xueyang Mansion, Tianshan Mansion, Yuming Mansion, the three Holy Lord Mansion, followed the fate of King Ren Mansion and Shenzhaojiao, were destroyed by Qin Chen, and then controlled by Guanghan Mansion.

Half a month!

In just half a month, Wenhantian has changed. Guanghan Mansion has unified the four major domains of Renwang Mansion, Xueyang Mansion, Yuming Mansion, and Tianshan Mansion, becoming Wenhantian's largest power.

Wanchao pays tribute. As a result, Qin Chen obtained more than ten Saint Master Saint Veins, because the Minghui Pavilion, Tian Yanzong and other forces brought the half-step Saint Master Qu Gaofeng and Quan Muliu to visit Qin Chen, thank Qin Chen's help to the two forces in the trial land

, And contributed half of the Holy Line of the Lord.

Other forces have also contributed one after another, for fear of stepping into the footsteps of forces such as the Renwang Mansion.

Qin Chen and others immediately fell into retreat and began to practice hard.

And when the news of asking Hantian spread in the heavens, Qin Chen and the others practiced hard in seclusion.

Asked a heaven outside the cold sky.

boom!

The void exploded. Three silhouettes exuding a lofty and terrifying aura suddenly came to the outside of Wenhantian, staring at the distant heavens, their eyes emitting a cold light.

[Chapter 3193: Ancient heaven](#)

These are three incomparably majestic figures standing proudly in the void of this celestial realm. The endless sky seems to be bent behind them, each of them seems to be able to see through the ages, exuding violent murderous intent.

They are just standing here, and the surrounding space seems to be isolated from a separate domain, and this square of heaven and earth has become their kingdom of God.

These are the three holy masters, no doubt, but the aura on them is far more terrifying than the holy masters of the early peak of Palace Master Guanghan.

This turned out to be a strong man in the middle of the three holy masters.

Especially the leading person, the murderous intent lingers all over, the murderous intent on his body is like the ocean, too vast, as if a slight shock can shatter the eternal sky and destroy thousands of realms.

"Sir, Lord Extinguisher, Lord Palace also pays too much attention to this question, right? He asked me to wait for the three to come."

Among the three, the one standing on the left opened his mouth, frowning.

This is a burly strong man, with explosive power in his body, and the wild aura lingers in his body, vast and boundless.

Savage Lord!

The mid-term saint of the Yaomie Mansion, one of the army commanders under the Yaomie Mansion.

On the right, there is a middle-aged man with cold eyes and narrow eyes. His face is pale, as if there is no blood color. The nails on his palms are as sharp as blades and extremely narrow.

Nine Nether Lord!

Another mid-term saint master of Yaomie Mansion, known as a human face demon, is extremely cruel.

And among them, it was the Holy Master of Exterminating Heaven, one of the most savage and prestigious Holy Masters in the Yao Mie Mansion, the mansion where he had killed him was countless, and he was a war demon.

If anyone knew about these three people, they would be surprised if they all came to Wenhantian. Yaomie Mansion is the chief power of the Extremely Sealed Heaven. It also has a prestigious name in the Eastern Heaven Realm. It frightens one side. Although on the surface, Yaomie Mansion is only trapped in the Extremely Sealed Heaven, but in fact the entire Eastern Heaven Realm is controlled by the Heavenly Sealed Heaven. Domains, there are so many

Be secretly controlled by Yaomie Mansion.

The ambition of Palace Master Yaomie is so great that no one can imagine.

However, because Yaomie Mansion has always been secretly attacking other forces, and even in addition to drawing some forces in the heavens for indirect control, it even lays down dark children and lie in ambush in a certain government for thousands, tens of thousands of years, even longer.

This also led to the fact that Yao Mie Mansion's power was deeply rooted, and the horror of the power was unimaginable.

Today, these three evil gods came at the same time, and if the news spreads, it will definitely cause a shock in the heavens.

"You two, the command of the Lord Palace Master is something you can arbitrarily discuss?"

Sage Master of Extinguish Heaven snorted coldly, his eyes cold.

Suddenly, the Savage Sage Lord and the Nine Nether Sacred Lords kept silent, and stopped talking. Although both were the mid-term Sacred Lords, the evil name of the Desolation Sovereign Lord had to be above them.

"You don't know something." The Sage Master glanced at the two of them, and said coldly: "Palace Master pays so much attention to Asking Hantian because it is rumored that there has been some special inheritance in Asking Hantian."

"Special inheritance?"

The two mid-term saints were surprised. What kind of inheritance can make the Lord Palace Master pay such attention. You must know that if they forcefully intervene in asking about the cold sky, the news will be detrimental to the Yaomie Mansion, because certain forces in the heavens have been rumored to the Lord Palace Master. move

Very dissatisfied.

"This inheritance is very special, and I am not very clear about the specifics, but the rumor is the inheritance of an ancient power. This power is so strong that it was once one of the powers in the heavens."

When these words came out, the two were even more shocked.

One of the powers in heaven?

The ancient heavens were controlled by several top powers of the human race, forming the so-called heaven. There is no simple one, which is extremely terrifying, and possesses endless resources and strength.

The predecessor of Rutian Work was made by a craftsman who was once a member of the ancient heavenly court. If you ask Hantian really have such a big power, that would be amazing.

"How come? The top powers of the heavens, once located in some powerful heavens, with supernatural status, how can they appear in the cold sky."

The two are puzzled! "I don't know this. It's only the possibility that the Lord Palace Master discovered from a certain legend. This kind of thing is better to be believed than to be true." Sage Master squinted his eyes and said: " And the palace lord had already contacted Ren secretly

Wang Mansion, and searched the whole Wen Hantian, but there was no gain, so the lord of the palace guessed that the inheritance was most likely in Guanghan Mansion. "

"Guanghan Mansion?" "Yes, Guanghan Mansion is asking Hantian, its location is very remote, but it has always been rumored that there are rumors that the palace owner of Guanghan Mansion has received mysterious inheritance. If these are not enough, but this time the heaven trial , Qin Chen from Guanghan Mansion could show

With such a terrifying strength, even Zhuge Xu of the Southern Heaven Realm could beheaded. "The Holy Master of Mietian looked gloomy: "The Zhuge family that Zhuge Xu belongs to has a reputation in the Southern Heaven Realm and masters the way of fate. Its ancestors, even the lord of the palace, are not willing to easily provoke them, even the glory of my Yaomie Mansion. The nameless is at the end of the trial

After mysteriously disappearing and disappearing, the Lord Palace Master suspects that it is very likely that Qin Chen made a ghost. Are you not curious, why a small Guanghan Mansion can cultivate such a Tianjiao? "

"This....."

The Savage Saint Master and Jiuyou Saint Master looked at each other, this is really doubtful.

"But, I wonder if it has been rumored that Qin Chen was not cultivated by Guanghan Mansion?" The Wild Lord frowned. "There is indeed this rumor, but it is just a rumor, but no one can tell which power Qin Chen came from. Don't you think it is strange?" Sage Master Mietian smiled coldly, his eyes burst out. Leng Mang: "So the house

Master Lord suspected that the rumors from the outside world were just smoke bombs in Guanghan Mansion, and it was very possible that Qin Chen had received the inheritance of the ancient top power in Guanghan Mansion, otherwise he could not explain his enchantment. "I have already received the news that this son was able to kill Palace Lord Ren Wang and others in half a step at the peak of the holy lord. Even if he got the inheritance of the sky fire, he could not be so abnormal. After all, he was only How long has it been inherited by Venerable Skyfire?

"

The words of the Holy Master of Extinguishing Heaven made the eyes of the Wild and Jiuyou Holy Masters fierce, revealing a sudden look. It's no wonder that the Palace Master values this Guanghan Mansion so much. They have been wondering before, why the Palace Master is asking Han Tian, the low-level heavenly layout. This heaven cannot even be born with a mid-term Saint Lord, which is obviously extremely barren. Place in

The entire Eastern Celestial Realm is actually not ranked at all. But now, they understand.

[Chapter 3194: Go down and have a look](#)

"We understand that what the lord of the palace values is not asking Hantian, but actually this Guanghan Mansion, or it is not this Guanghan Mansion, but the terrible inheritance that may be hidden in Guanghan Mansion."

"As for that Qin Chen, the lord's concern is not the inheritance of Venerable Skyfire in the land of the heaven trial, but the inheritance of that ancient terrorist force."

The two suddenly realized.

The inheritance of the Lord is indeed important to Lord Palace, but it is not possible for Lord Palace Lord to take such a big risk to let them come. The only possibility is that ancient inheritance.

"That's right." Holy Master Mietian nodded, "But in addition to clarifying this inheritance, Lord Palace also wants to figure out the traces of Yao Wuming. Palace Master can feel that Yao Wuming has not fallen yet, but There are no traces. The Lord Palace Master suspects that Qin Chen might know Yao Wuming's traces, so he specifically asked us to investigate."

"The Unknown Son?!"

The two great holy masters nodded, Yao Wuming was the top one among the many holy sons that appeared in Yao Mie's mansion. It is no wonder that the master of the palace is so valued.

"But, after all, we are from the extremely sealed Tianyao Mie Mansion, and cannot participate in the battle of Wenhantian. If we appear in Wenhantian, once the news spreads, some high-level forces in the heavens will know that the Lord Palace Lord may be more troublesome. ."

Saint Lord Jiuyou said gloomily, and his voice was like a ghost from purgatory, erratic.

"If we are directly involved, of course it won't work, but we can do it in secret. As long as we capture that Qin Chen in secret, who knows that we did it? Besides, even if we are exposed, we can use that Qin Chen. The reason for colluding with the demons in the trial land is prevarication."

The Holy Master of Miserable Heaven sneered: "The reason is just an excuse. The real thing depends on the strength. As long as you have enough strength, no matter what you do, others will not say anything, because even the rules are set by you. Think about it. See, as long as there is enough time, wait for the Lord Palace Master to thoroughly search for that Qin Chen's soul and explore the secrets in his body. If the Qin Chen really has nothing to do with the ancient forces, the Palace Master can even release that Qin Chen. Now, what can other forces say? What can the high level of the heavens say?"

"If that Qin Chen is really related to the ancient forces, then the Lord Palace Master killed that Qin Chen, seized the secrets of that Qin Chen, and obtained the inheritance of an ancient heavenly top power, how can he be afraid of what the heavens call now? High level?"

The Lord of Exterminating Heaven, rarely confident, has a hideous look.

"We understand."

The Savage Sage Master and the Nine Nether Sacred Master could not help but suddenly realize.

"Sacred Lord, what shall we do next?"

"Naturally, I went to the Mansion of the King of Ren first. Although the Holy Master of the King of Ren is dead, the Mansion of the King of Ren is still there. At the beginning, for the plan of the Lord of the Mansion, I deliberately accepted the son of the King of the Mansion as a disciple. It should be their contribution. It is best for them to seduce that Qin Chen. We can intercept it halfway and directly do it. Without alarming anyone, we can bring that Qin Chen back to Yaomie Mansion, and wait for the people in Guanghan Mansion to recover, or the news when it was passed back to the top of the heavens, the Lord Palace Master had already figured out that Qin Chen thoroughly.

The Sage Master smiled grimly, waved his hand, and said coldly: "Go!"

Boom!

These three top masters immediately entered the cold world.

The endless void passed by behind a few people, and there was a turbulent flow of void everywhere, but the three of them were fearless, hiding their bodies in the void and moving forward quickly.

They are very confident. In a place like Wen Hantian, there is not even a strong man in the middle of the holy master. Any of them is enough to sweep away, and naturally they did not take Wen Hantian at all.

In fact, they did not understand that Lord Palace had sent the three of them together, and they rushed to do not understand, but thinking of the inheritance of the ancient power, the three of them could only think that it should be Lord Palace who felt that the inheritance was extremely crucial. Let the three of them come together, otherwise, any one of them is enough.

"It's really that Lord Palace Master can't suffer any other losses. The hunting team under Lord Palace Master once found traces of the origin of time in the lower realms, but who knows, that team

disappeared without a trace later. The Lord Palace directly dispatched Su Quan and others who were in charge of the lower realm team, but now even Su Quan and others have disappeared."

"Now that the mark of the lower realm has completely disappeared, and the Lord Palace Master is furious, but the action of the Lord Lord against the lower realm has been discovered by some high-level forces in the heavens. We can't do it with great fanfare. This time our action, it must be successful, otherwise, under the anger of the Lord Palace Master, we cannot bear his anger."

Boom boom boom!

Three terrifying auras, under the flying by, quickly after all, the Royal Palace.

"Ok?"

The three masters frowned as soon as they entered the forces of King Ren.

Regardless of their cultivation base, they instantly felt that King Ren's mansion had just experienced a battle, and the remaining Saint Yuan aura was there. The battle at that time must be very tragic.

Moreover, the aura in King Ren's Mansion was also very strange, and he couldn't feel the power of that kind of human king family at all.

"No, although that person Wang Shengzi is only a disciple recruited by my expedient plan, but the human king bloodline in his body does have some uniqueness. In the Renwang mansion, almost everyone has the human king bloodline, but the bloodline concentration is thin, but Now, I can't even perceive the existence of a king's bloodline."

Holy Master Mietian frowned.

Could it be said that what happened to the Royal Palace?

Unlikely, right?

After he gave orders to King Ren's Mansion before, he rushed from Yaomie Mansion for the first time. The distance between the two heavens is far away. Although they spent a lot of time, it is not very long. But one month's time in the celestial realm is just a matter of time. In such a short period of time, what can happen to King Ren's Mansion?

Although it was said that King Niang's army failed to attack Guanghan Mansion, they knew the news halfway through, but there are other holy masters in Niwang's mansion, and they are ready to rely on the old holy master of Niwang to control Niwang's mansion. , To seduce Qin Chen to come, could it be said that the old saint of King Ren also had an accident?

"Go, go down and take a look."

The three mid-term holy masters shook their body and directly entered the Mansion of King Ren, transformed into an ordinary master, walking on the street.

The formation restriction of King Ren Mansion was not a barrier at all for the three mid-term holy masters, and easily escaped.

Soon, they came to one of the top restaurants near Renwang's Mansion.

The restaurant is full of friends, guests and people come and go, so it's so lively.

[Chapter 3195: Angry](#)

The three holy masters sat in a private room, and their powerful spiritual consciousness escaped, asking for information here.

The unscrupulous spirits of the three people filled the entire restaurant, and even the entire Renwang Mansion, no one noticed.

"Haha, that person's royal family was finally destroyed. What kind of person's royal family has been occupying the Renwang Mansion over the past few years. It is very overbearing and arrogant. It specializes in sucking the blood of our ordinary warriors. It's all right now. There is no such thing as a royal family in our Mansion."

In the hall, a heavenly sage said loudly, with a look of resentment. Obviously, he had suffered from the human king family, so he is very happy now.

"Shhh, keep it quiet, are you going to die?"

A friend reminds me next to it.

"Why, did I make a mistake? What kind of dog thing in the Human King family, claiming to be the ancient king of humans, I think it is almost the same as human locusts, human locusts, leeches, specializing in human blood."

On this day, the saint master ignored him, and continued to speak loudly: "I'm not a flattery to Guanghan Mansion. Since Guanghan Mansion occupied the Renwang Mansion, there has been no other action, and even the General King's family for so many years. The harsh regime that came has been lifted. After the Chendi Pavilion was established, there were even many rare pill and Heavenly Sage weapons for sale. Have you ever seen such a good thing for so many years?"

This person said proudly, but attracted the approval of many people.

In the private room of the restaurant, the three people of Mietian Saint Master were stunned, all of them dumbfounded.

What?

What did they hear that the Mansion of King Ren was destroyed? The entire human royal family was uprooted, and the Ren Wang Mansion changed hands?

They were dull, dumb, and then looked at each other.

Didn't they make a mistake? Although they received news that the whole army was destroyed during the attack on Guanghan Mansion by the King of Niang, but how many days have passed since? Will it not arrive in half a month? Is Guanghan Mansion so arrogant?

"Damn it, it's no wonder that I think this Mansion is not right. The Human King's family has been destroyed. Damn it, this seat is going to destroy this Guanghan Mansion."

The Savage Lord stood up, exploded with anger and violent aura, and the mighty aura almost shook the restaurant away.

At the critical moment, the Holy Master of Extinguishing Heaven took the initiative and immediately banned the void, which saved the restaurant.

"Wild Lord, don't be impulsive. If you do, we will be exposed."

Holy Master Mietian frowned.

"Then what should we do? Renwang Mansion is gone, how do we use Renwang Mansion to seduce Qin Chen to appear?"

The Savage Lord said angrily, they are still planning to use the Mansion of Ren Wang, who knows, it is actually a step too late, the killing intent in his heart still has that kind of aggrieved, nowhere to spill.

At this time, the Saint Master of Extinguishing Heaven was completely enveloped in Chaos Qi, and he was motionless, no one knew what he was thinking.

After a while, he raised his head and his eyes were indifferent: "Although the Mansion of King Ren is gone, there are other forces. If you want to come to the Gods and Teachers and other forces, you are also willing to cooperate with my Yaomie Mansion. We must not be impulsive during our trip. The grand plan of the Lord Palace Master must be handled carefully."

He said coldly, "Go, go to the gods to teach!"

Phew, a wave of spatial fluctuations flashed by, and in the private room, the three people of Sacred Master instantly disappeared.

Tight, bang, the void outside of King Ren's Mansion burst directly, and three figures whizzing appeared, appearing in this desolate field of heaven, the three of Sage Masters.

They did not stay and rushed all the way to the gods to teach them, because they were afraid that they would also encounter the same situation as the previous King's Mansion.

However, when they came to the ancestral teaching land of God according to the map, they were all dumbfounded.

Here, how can there be traces of God's teaching? There is only a barren ruin, ruined walls, seeming to laugh at the three.

They came late, and the gods were gone.

"This..." They trembled, thinking of a bad possibility in their hearts.

Renwang Mansion and Shenzhao teaching are gone, what about Tianshan Mansion? Where is the Blood Sun Palace? Or Yuming Mansion?

boom!

The bodies of the three of them ploughed through the cold sky, like a big explosion along the way, pushing across the way, a gully appeared, and the sky and the earth were split, extremely terrifying.

They are venting their anger. They are getting dry in an empty place.

Of course, after entering the Tianshan Mansion's domain, they all converged.

However, the result is the same.

Tianshan Mansion is gone.

Then, the Blood Sun Palace.

then.

Yuming Mansion!

Several big mansions, the original power is gone, and the people of Guanghan Mansion have established some Chendi Pavilion and take the control of one side.

The three of them stood proudly in the sky, their bodies trembling, and they were going crazy.

Even the kind-hearted people of the Holy Master Mietian are a little trembling, damn, they are late.

This is only a long time, but in a month, the King of Ren Mansion and other major forces have disappeared, which is too cruel.

The hands of the Holy Master of Mietian were trembling.

Who said he was a demon, killing a god? This is the Guanghan Palace, too vicious, and revenge never stays overnight!

Then, they caught a heavenly sage, searched for his soul, and learned something about it.

"Little beast!"

The Holy Master of Extinguishing Heaven was trembling, they finally asked Hantian the forces cultivated, and it disappeared all at once, which was too cruel.

If according to his temperament, he would have killed Guanghan Palace and pinched Qin Chen directly to death, but he could not do this. Once he did this, all the layout was gone, and the Lord Palace Master would have to kill him.

"Qin Chen, this little beast is too vicious. He gave the arrangement of our Yao Mie Mansion in Wen Hantian to a pot, wait for death!"

The Holy Master of Exterminating Heaven roared, he stopped persuading the Lord of the Wild, his hair was flying, exuding a misty murderous look, his eyes were like sharp blades, and he expressed determination.

He took a deep breath and secretly advised himself not to get angry.

But still a little unbearable.

Qin Chen directly angered them. After such a long time, who would dare to provoke them to Yaomie Mansion? Never, Qin Chen was the first.

Moreover, he did not believe that the people of Guanghan Mansion would be ignorant of the existence behind King Ren Mansion, and must understand it, because it would not be a secret. The other party even occupied the Holy Lord of King Ren and several big mansions. Certainly will understand.

This is common sense.

But the other party still did this, and he didn't take his Yao Mie Mansion into consideration at all.

"Sacred Master of Extinguish Heaven, let's just kill Guanghan Palace directly, capture both Palace Master and Qin Chen, and ravage them severely." The Savage Saint Master said coldly.

"Can you still use your head?"

The Holy Master of Exterminating Heaven is going to be mad, is this because he is not chaotic enough?

He squinted his eyes, showing cold light, and said coldly: "The Royal Palace and other forces have died out, ask Hantian, some are forces, let's go, let's go to other forces."

With their strength, secretly controlling a realm could not be too simple, the only trouble is to do it naturally, which takes some time.

However, this is also more secure.

[Chapter 3196: Crazy Qin Chen](#)

Soon, the Sage Master and the others found a power, which was a power close to Guanghan Mansion, named Yonghe Mansion.

This power has always been neutral, close to Guanghan Mansion, and occasionally has some friction with Guanghan Mansion, but it is not a great enemy.

Moreover, because of the rise of Guanghan Mansion, the other forces that asked Hantian had fawned over Guanghan Mansion and made tribute. Only this Yonghe Mansion, although they had also visited, had an ambiguous attitude.

Because the distance between Yonghe Mansion and Guanghan Mansion is too close, they belong to the bordering power, and are richer than Guanghan Mansion. What the palace owner of Yonghe Mansion is most worried about is that Guanghan Mansion's power rises and will want to annex his Yonghe Mansion.

"Well, this is the Yonghe Mansion. As long as this Yonghe Mansion is secretly opposed to Guanghan Mansion, I don't believe that Qin Chen will not move!"

The Holy Master of Extinguish Heaven immediately selected the target.

Boom!

The three mid-term holy masters immediately infiltrated the Yonghe Mansion, secretly infiltrated the Yonghe Mansion, and controlled the Yonghe Mansion.

They have done too many such methods. The Yao Mie Mansion has been able to occupy so many top powers over the years, relying on this infiltration method, and the powers that secretly dominate are countless.

Yonghe Mansion is just one of the most inconspicuous.

But when the Sage Master and the others tried their best to infiltrate the Yonghe Mansion, when they wanted to plot Qin Chen and the others.

At this moment, Guanghan Mansion.

Qin Chen was located in a mysterious space.

This is a space in the depths of the Jade Lake Holy Land, very secretive, and belongs to an independent space. At this moment, in this space, the infinite aura of the Holy Master's Saint Veins surges, madly dissipating, and then is swallowed by Qin Chen.

The heaven and earth sacred energy here has turned into liquid, and the tide is pouring into Qin Chen's body. Qin Chen is constantly absorbing the vitality of the holy main sacred vein. The more and more he inhales, the more and more violent he is. The number of cells is constantly growing.

The vitality of the holy veins of the holy master is no small thing, once it is absorbed, the flesh and blood of the whole body will become sacred, able to contain the laws of the holy master.

Qin Chen opened his mouth, like a long whale sucking water, and in every mouthful, a large amount of Holy Master's holy veins poured into his body.

And beside Qin Chen, You Qianxue, Murong Bingyun, Su Quan, and Yao Wuming all sat cross-legged, devouring the holy veins around them frantically.

As for Qin Mo, Tu Moyu, and Lingyuan, there are also a large number of Holy Master's Saint Veins floating and sinking among the jade discs.

The three of them are all cultivating the Dao of the Demon Race, and Qin Chen absolutely dare not let them directly break through the Holy Lord here, because once they break through the realm of the Demon Race Holy Master, they will surely release an amazing atmosphere of the Demon Race. When someone at the top of the Celestial Realm perceives it, it is really hard to explain it.

At this time, under the space where Qin Chen was, more than ten Saint Master Saint Veins had been spread all over, like a large array of Saint Veins, constantly pouring out the ocean-like breath.

"Swallow everything!"

After finally collecting enough Saint Master's Saint Veins, Qin Chen almost let go of his body and mind, first frantically absorbed the power of the endless Saint Master's Saint Veins, and then began to attack the realm of the Saint Master.

Qin Chen absorbed the Holy Master's Saint Veins too fast. If Su Quan and the others absorbed it one by one, the energy of the Holy Master's Saint Veins around him was like a stream, then the Holy Master's Saint Veins around Qin Chen, that it was Wang Yang, pouring into Qin Chen's body all the time.

At the end, Qin Chen's whole body was almost fused with the Holy Master's Saint Vein, regardless of each other.

In the Yaochi Holy Land outside this mysterious space, groups of Tianjiao are here cross-legged, black slaves, Zhang Ying, Ling Tian, Wang Qiming, etc., as well as Zhou Wusheng, Wei Siqing, etc., and even Qu Gaofeng, Quan Mu Liu, the two heavenly arrogances of other forces, are actually here, and through the gaps in space, they are also absorbing the breath of the Holy Master's Saint Veins here.

Palace Lord Guanghan and Holy Lord of Yaoguang were protecting the law for this group of people outside the Jade Lake Holy Land.

That piece of space is very mysterious, and Qin Chen also displayed the power of time, covering the void, coupled with the power of fate, and the shelter of the Jade Lake Holy Land itself, the Palace Lord Guanghan and the Holy Lord of Yaoguang can only feel below Approximately Saint Yuan's situation, but unable to see the real scene inside.

This is what Qin Chen did on purpose. It's not that Qin Chen couldn't believe in Palace Master Guanghan and Holy Master Yaoguang, but there are some things that they still don't know, otherwise they will see Yao Wuming and others, and they will inevitably have some trouble. .

Holy Master Yaoguang and Palace Master Guanghan felt the power of the surging Holy Master's holy veins surging below, and their faces were full of shock.

"Palace Master Guanghan, this Qin Chen is too scary? This kind of holy vein aura, did he induce more than a dozen holy veins together?" Holy Master Yaoguang said in disbelief, he was still number one. I felt the power of the Holy Master's Saint Veins so surging this time, and even his cultivation base felt a little palpitating, and felt pressure in his soul.

More than a dozen holy veins.

According to the rules of the heavens, a holy line of the holy master can train at least one master of holy masters, and people like Zhou Wusheng and Wei Siqing who have swallowed up the original power of the old holy master of Ren Wang and mastered the light of the holy master, I am afraid that half of the Saint Lord's Saint Vein is enough to allow them not only to enter the Saint Master realm, but even to consolidate their cultivation.

A holy master vein, even those master masters of their initial peak, can cultivate endless years, because the holy master vein can actively swallow the holy energy between the heavens and the earth, otherwise there will be fewer and fewer Holy Master veins in the heavens. , Has long since disappeared.

The reason why there are so many holy veins is because it can recover on its own, unless even the core is swallowed, otherwise it can continue for endless years.

Otherwise, with their cultivation base, in such a long period of time, they would have swallowed up the Holy Master's Holy Veins where their respective forces were located, and where they would be stored until now.

But now, the aura of the Holy Master's Saint Vessel passing from below the Jade Lake Holy Land far exceeded their imagination, and there was a feeling of fright.

"It's really possible."

Palace Master Guanghan nodded.

Because she is very clear that Qin Chen has plundered how many holy master sacred veins in a total of several major forces, more than ten are absolute, plus the offensives of major forces, there are more than a dozen, but before the retreat, Qin Chen They also specially mobilized the Holy Master's Saint Vein in their Guanghan Mansion's Yaochi Holy Land, and even borrowed the Holy Master's Saint Vein from the Guanghan Mansion's Heavenly Work.

Even before the retreat, Qin Chen contacted the Tianyanzong and Minghui Pavilion where Qu Gaofeng and Quan Muliu were located, and asked them to send Qu Gaofeng and Quan Muliu over, and send one more holy line of the Holy Master. Their two major forces will have two more master masters in the near future.

As a result, there are two more holy main veins.

This is obviously the rhythm of big things.

"This Qin Chen is too crazy. By doing this, he is equivalent to swallowing dozens of the vitality needed by the holy masters to advance, and they are still devouring them. Even if it is your cultivation base, if you suddenly provoke ten A few holy veins of the Holy Lord, swallowing the vitality power in them, I am afraid they will explode and die."

Holy Master Yaoguang said with some worry, feeling the surging and fierce holy energy of the heaven and the earth below, a little frightened.

[Chapter 3197: Soul Destruction](#)

Palace Master Guanghan also frowned, and Qin Chen had already swallowed the holy energy equivalent to dozens of half-step holy masters to advance to the holy master realm, and was still devouring them.

"This Qin Chen is a bit perverted." Palace Master Guanghan frowned. Some of them couldn't believe it, but her eyes were calm: "Qin Chen is very sure of every shot, and never makes an unprepared battle. , He did this, there must be his intentions, we just need to believe him, as long as Qin Chen can be promoted to the holy lord, it will be almost invincible and a great help for us. At that time, our Guanghan Mansion will be more than just In Asking Hantian, in other heavens, you can also send

Unfold. "

"However, I just worked the law and calculated it. In the dark, I felt a dangerous aura approaching our Guanghan Mansion."

"What is the danger?" Holy Master Yaoguang's eyes condensed. "I don't know, it is impossible to calculate at present, it is the telepathy in the dark." Palace Master Guanghan shook his head, "But this danger is not trivial. I could never calculate it before, but this time I killed several major forces. The lord of

After comprehending their laws, my understanding of the so-called destiny also gave me a new insight, especially Qin Chen's way of destiny, which gave me great hints, and I have to thank him. "

"Huh? What a terrifying aura, this Qin Chen is about to hit the Holy Master."

As soon as the Holy Lord of Yaoguang was about to speak, he suddenly saw a horrible atmosphere enveloped him. He raised his head and saw the endless sky above, as if there were terrible dark clouds condensed. This was the Holy Lord's Thunder Tribulation. Breaking through the realm of the holy lord belongs to the way of heaven that has mastered the realm of heaven. Although the birth of a holy lord will benefit the origin of the heavens, not everyone can break through to the realm of the holy lord. Once someone hits the realm of the holy lord, the realm of heaven will be

It will be tested, as long as the test is passed, it will be able to successfully advance, otherwise, it will be wiped out and assimilated with the way of heaven.

Holy Master Yaoguang and Palace Master Guanghan are both master masters, and they are familiar with this, but they never expected Qin Chen's Holy Master Lei Jie to be so terrifying.

Boom!

In the sky, the endless aura of coercion condenses, and the clouds are shrouded. This is not an ordinary cloud, but contains an aura of omnipresent chaos, the aura of ten thousand laws to break the army.

this is.....

At this moment, in the entire Guanghan Mansion, countless masters raised their heads, feeling boundless panic in their hearts. "Oops, what kind of thunder calamity is this? Is it the legendary grandfather thunder calamity? This breath is too terrifying, and it contains the power of the grandmaster chaos. According to rumors, this thunder calamity can only be promoted to the realm of the nobleman. Can meet, because respect

Those who belong to the way of transcendence, open up the world, and all will be tested by the heavens and the earth when they were born, how can they appear when they are promoted to the Holy Lord? "

Holy Master Yaoguang was taken aback.

This aura was too terrifying. He, the holy lord of the initial peak, had a bright and uneasy feeling, as if under this thundering calamity, he instantly called his body to be broken and no bones.

At this moment, he looked around. In the darkness, the void was shattered, and the power of killing was passed through the air, all concentrated in the sky above the holy land of Yaochi, condensed into a phantom of the killing **** of the great chaos.

This phantom image was fascinating, but it contained a shocking aura and exuded a violent aura. This world of mine tribulation turned into a chaotic war god, and launched an attack against Qin Chen.

boom!

In his hand, a chasm that reached the sky appeared, and it penetrated fiercely towards the Jade Lake Holy Land below.

Boom! In the sacred place of Yaochi, Zhou Wusheng, Wei Siqing and others were all shaken by this force. One by one, they shivered and crawled to the ground. The terrifying thunder and tribulation gas instantly entered Qin Chen's body. The ancient body exploded in an instant

, The Eucharist has wiped out more than half.

But the next moment, a mighty sacred yuan rose up, the atmosphere of the ancients filled, and Qin Chen's body recovered again.

"This is my holy lord Thunder Tribulation?"

Qin Chen's eyes were like electricity, and a divine rainbow burst out. He stood up majestically, staring coldly at the giant **** of chaos, not retreating but advancing. He can feel that this is the oppression of the way of heaven, the test of the way of heaven, the way of heaven, he feels the terrifying power in his body, he must be suppressed and tested, as long as he overcomes the test, he can get the way of heaven. recognition

, Truly integrate with the heavenly way, and become the Holy Lord.

Hum!

In Qin Chen's body, the terrifying holy origins crazily condensed, and the power of countless holy veins of the holy veins leaned in desperately, allowing Qin Chen's barren ancient body to swell and heal, and it almost has endless regeneration. ability.

Rumble!

The chaotic giant of Na Hongmeng was furious, and no one dared to provoke it so much. This giant, as if possessing consciousness, constantly released the power of destroying the world.

"Good coming!" Qin Chen yelled. At this moment, he also knew that the situation was extremely dangerous. The Grand Meng chaotic cloud appeared on his head, and the majesty that the giant gave him seemed to be that the venerable was directly attacking him with his mind. , Kill him, but now he feels like water,

Not fluctuating at all.

Entered a sacred realm.

In all his thoughts, in the sea of souls, a unique ethereal world was slowly condensing into shape.

Boom boom boom!

The Chaos Giant God made a total of nine attacks, each bursting out the power of destroying the world. Qin Chen also used the technique of patching the sky to re-consolidate the ancient body nine times.

Nine Thunder Tribulation, just passed. Suddenly, Na Hongmeng Chaos Giant God suddenly changed, and on his face, countless eye pupils appeared. In those eyes pupils, a series of terrifying soul shocks swept over them, continuously submerging into Qin Chen's body, and facing him Kill

.

Every soul shock is like a shattering of heaven and earth. It penetrates into Qin Chen's body, explodes continuously in his soul, and the soul sea is collapsing.

However, no matter how Qin Chen's soul collapses, Qin Chen will recover in the next moment, the heavenly soul forbidden technique operates, and the soul-refining technique is eternal. Qin Chen stands in the origin, as if he has mastered the power of eternal immortality. Rebirth.

A series of shocks, strengths, calamities, and souls turned into the ocean, turned into a unique soul law, and rushed to Qin Chen.

"The Great Calamity of Soul Destruction!"

Holy Master Yaoguang widened his eyes, thinking that he had made a mistake.

The Soul Destruction Great Tribulation is the destruction of the soul. This is the real Venerable Great Tribulation. How can it appear on a half-step holy lord? Once this kind of catastrophe specifically for the soul comes, no matter how strong the characters are, they will suffer. The disaster of extinction. Palace Master Guanghan also broke out in cold sweat, his hands clenched, his eyes solemn.

[Chapter 3198: Step into the Lord](#)

boom!

The endless soul attack fell, Qin Chen's soul power, instead of being extinguished, was getting stronger and stronger. He seems to be in the midst of the tribulation, getting stronger and stronger, standing firmly in the tribulation of the soul, becoming a waver, and various glorious civilizations linger in his body, and the history of civilizations has appeared one by one. The entire Guanghan Palace is wrapped

Going in, and, he raised his head, and in his eyes, there were terrible soul fluctuations, which were actually fighting against the catastrophe.

After he fought again and again, the Soul Destruction Great Tribulation was broken by Qin Chen, and then he took a big mouth, sucking all the soul power in the Heaven Tribulation into it.

All the spirit of the soul was swept away, and the Heaven and Earth Thunder Tribulation gradually dissipated.

An extremely strong sacred aura appeared in Qin Chen's body. The power of the Holy Master was condensing crazily. This aura was so strong that even Palace Master Guanghan and Holy Master Yaoguang felt heart palpitations.

The Holy Lord of Yaoguang looked over with a surprised look, and found that the power on Qin Chen's body was even more terrifying than himself. He was not like a character who had just entered the Holy Lord at all. I am afraid that the breath of dozens of ordinary Holy Lords is Can't compare with him.

"It is equivalent to the power of dozens of holy masters combined. What kind of realm is this on earth?"

Palace Master Guanghan widened his eyes. They had never seen that a Holy Master who had survived the catastrophe and was still consolidating his cultivation base could possess such a terrifying breath and power.

"Qin Chen's body has begun to condense the power of the Holy Master. Could it be that he has survived the tribulation?" "No, not yet, you see, the power of the Holy Master in Qin Chen's body has not been fully formed. This is just the prototype, that is, Said that he still lacked a thunder tribulation, got the recognition of the last heaven, I felt a more terrifying aura, you see, that is

what? "

The Holy Master of Yaoguang suddenly took a breath of air, and saw that above the endless sky, the previous Hongmeng chaotic aura became more and more terrifying, and there was a black god-like figure, this figure, holding the infinite terror breath.

This seems to be the condensing of heaven itself. But Qin Chen faintly appeared in the Jade Lake Holy Land at this moment, motionless. In his body, the power of the terrifying Holy Lord was condensing, but he did not explode a truly earth-shaking breath similar to the Holy Lord, that is, only the light of the Holy Lord. Constantly

Condensed, it seems that it is really still short of the final disaster.

Zi Zi Zi, Zi Zi Zi. At this moment, above the black god-like figure in the sky, countless thunder lights began to appear. These thunder lights turned out to be black, carrying the power of endless punishment and destruction. This power is so amazing, even if it is the Holy Lord. past

, I am afraid that the eyes will be blinded and will be severely suppressed.

"What kind of thunder is this? Is it an extinction thunder?" Holy Master Yaoguang took a breath. He had never heard of this kind of thunder from his work in heaven. It was terrible, and he had never experienced it. Terrible thundering breath.

Holy Master Yaoguang dared to guarantee that the thunder tribulation he faced when he broke through the Holy Master was at least a hundred times weaker than the thunder tribulation aura Qin Chen faces now.

He and Palace Master Guanghan didn't dare to be under this robbery cloud, because just below the robbery cloud, the soul felt a kind of soul flying away.

"Come!" Suddenly, the black heavenly god's thunder light moved, and a cloud of thunder fell down and smashed into Qin Chen's body. Immediately, Qin Chen's ancient saintly body was cracked, and the bones were all. Shattered, as if to be bombed, his blood,

It was shot out, and it evaporated directly in the void, turning into nothingness.

"This is the World Destroying Thunder."

"Every divine thunder has the power to kill the holy lord. It's terrifying. I can feel that one such thunder light can cause me serious injury, and a few can make me fall." Air-conditioning, under that divine thunder, his soul instinctively feels about to be destroyed, he wants to escape from here, but he did not move, but greedily feels the power of this divine thunder, because this is almost too difficult, Billion

Never saw it in thousands of years.

boom!

In Qin Chen's body, various cells are shattering, and even the ancient body cannot resist. At this time, Palace Master Guanghan and Holy Master Yaoguang cannot help, because they will be targeted immediately when they intervene. It will fall in minutes.

They can only pray, pray that Qin Chen can hold it. A series of waves of World Extinguishing Thunder shot Qin Chen's body, evaporating a large amount of his body, but his recovery ability is extremely

tyrannical. It was evaporated almost instantly, and then instantly recovered. On the contrary, the God of Extinguishing Thunder was instantly recovered. Power in

With the sky patching technique, it penetrated into his body, causing the cells of his body to exude the breath of the world-destroying **** thunder.

This World Exterminating God thunder was angry, banging banging, pouring down continuously.

In addition, the divine thunder was filled with various flames, hurricanes, and the light of soul destruction, and various forces poured in to wipe out Qin Chen's body, soul, will, and all his existence.

Qin Chen gradually couldn't hold it anymore, feeling that everything in his body was going to be obliterated and disappearing.

"The power of thunder, I have it too, give it to me!" Suddenly, Qin Chen roared, rumbling, and bursts of thunder light burst out of his body. This is the power of his bloodline, the power of thunder, this power of thunder, terrifying Incomparably, it instantly turned into a thunderous ray, and slammed into the sky of the extinguishing gods.

God.

boom!

The black heavenly **** of the World Extinguishing God Lei seemed to have encountered a more powerful destructive force than him. Under the divine thunder surging out of Qin Chen's body, it exploded and shattered instantly.

The power of the billowing divine thunder began to madly blend into Qin Chen's body.

This...this...this...

The eyeballs of the Holy Lord of Yaoguang almost exploded, and the thunder that suddenly released from Qin Chen's body actually exploded the World Exterminating Thunder, and the power of that moment almost made him pass by, and his soul was shocked. broken.

What the **** is this? Qin Chen stood proudly above the holy land of the Jade Lake. He raised his head and took a sharp breath. Suddenly, the infinite power of the heavens swallowed into his abdomen and turned into the power in his body. He walked around the whole body. Light, light of origin rises, destiny

The long river appeared, and Qin Chen seemed to have jumped out of the long river of fate and mastered his future destiny.

At this time, the cloud between heaven and earth finally disappeared, but the power of the terrifying thunder has entered Qin Chen's body, and the power of the dozens of holy veins of the holy master has also crazily poured into Qin Chen's body. Qin Chen's body.

boom!

It was as if he heard a loud sound of the Great Dao, the shackles in Qin Chen's body were instantly broken, and the terrifying power of the Holy Master began to rise from his body. Really entered the realm of the Holy Lord.

[Chapter 3199: Make a breakthrough](#)

"Qin Chen survived the thunder of World Exterminating Tribulation so quickly? It's really terrifying. Now he has become the Holy Lord."

The Lord of Light screamed in secret, and saw Qin Chen's body below, entrenched once again, but an eternal and immortal majestic aura still rises here, imprinted in the void, as if it has become eternal The **** of existence. This invisible towering figure continuously releases the breath of the Holy Lord, and this kind of Holy Lord breath goes directly to the source of the heavenly path. The Holy Lord of Light and the source of the Holy Lord in the main body of the Guanghan Palace are in this breath. Down, I was a little bit ready to move

, As if to sublimate.

This made the two dumbfounded.

Qin Chen had just stepped into the realm of the Holy Master, and the aura of the Holy Master exuded made them all throbbing, which was really terrifying.

Holy Master Yaoguang had never seen such a powerful aura of the Holy Master. "The Holy Lord realm is also divided into three or six or nine grades. I work every day and I am one of the top forces in the heavens. I was always arrogant when I was in the Heavenly Work Headquarters, because my talent was in the Heavenly Work Headquarters. Excellent. But I'm not yet

They are the most top-notch. In my daily work, there are some more top-notch talents, who are more talented and more defying. But now, even the most talented Tianjiao I have ever seen, there is no such tyrannical Qin Chen. "The Holy Master of Yaoguang was shocked: "Don't say anything else, it is the sky thunder that broke through the Holy Master. I am afraid that it can kill the Holy Master at the peak of the ordinary initial stage, and he is just attacking the realm of the Holy Master? And this breath, more than half of my foot stepped into it

The veteran holy masters of the period holy masters are all against the sky, have I lived in the belly of a dog in this life? "

Holy Master Yaoguang has a low self-esteem, he is truly inferior.

He came from the headquarters of Tianjiao and studied under a famous school. Although he is not the most famous Tianjiao in Tianjiao, he is also called the favored son of Tianjiao. Like some heavenly trial, he also participated in that year. It can only be regarded as an experience and insignificant. .

But after seeing Qin Chen, he was truly shocked. Compared with Qin Chen, what kind of arrogant is he, he is simply the dullest warrior, what qualifications does he have to be proud of, and what qualifications to be complacent. "I was punished at the headquarters. Master took the initiative to send me to a remote area like Wenhantian Guanghan Mansion, so that I can reflect on it. Over the years, I have been working in heaven and retreating, not managing affairs, because I Holding a sip

Qi, want to break through the mid-term Holy Master. "

"But the more obsessed, the harder it is to do it. Over the years, I have gradually fallen into a misunderstanding, but now, I finally understand Master's painstaking efforts."

The heart of the Holy Lord of Yaoguang was deeply touched.

Master's intention is to let him come to the most ordinary area of the heavens, walk around, take a look, and wash his soul.

No matter what the pride of the world, what is the deep background, are all imaginary.

The heavens revolve, countless eras, billions of years, the birth of the strong, the world's arrogant, how many? That's too many to count. Although many of the high-level and top-level powerhouses in the heavens at any time are from the top powers and are talents of Tianjiao, the strange thing is that the big people who have really changed the pattern of the heavens rarely come out of the top powers.

Coming. This is like a curse. Among the top forces in the heavens, many trainees are lawful. Although they are also top powerhouses with unpredictable supernatural powers, the big figures who really influence the destiny of the heavens are the winds that start at the end of Qingping. , Born from the dust

in.

Just like today's prestigious Xiaoyao Supreme, it is also rumored to ascend from the lower plane, step by step, to achieve the Supreme Supreme.

In this regard, the previous Holy Lord of the Light basically didn't care much. After all, these were just legends, and he could only listen to them, feeling that he couldn't bear it.

But now, after feeling Qin Chen's power, Holy Master Yaoguang was really shocked.

The heart was extremely touched.

Hum!

On his body, the aura rose up, as if a **** and Buddha, began to emit the light of god.

"You..." Palace Master Guanghan was shocked. She looked at the Holy Lord of Yaoguang in shock. The light on the Holy Lord of Yaoguang turned out to be the light of epiphany. Originally, the Holy Master of Yaoguang was only the early peak Holy Master. The breath on the body actually has something to break through the shackles, truly

The feeling of climbing a step.

He wanted to realize this and break through.

Palace Master Guanghan trembles in her heart, because under the breath of Qin Chen's breakthrough, under the aftermath of the power of the robbery, the origin in her body is also changing, and various laws are surging in her mind. A feeling of complete enlightenment. Although she and Holy Master Yaoguang did not really participate in the heavenly calamity, the power of this heavenly calamity still affected them. While worrying about Qin Chen, they also experienced a round of baptism in the heavens. A kind of unclear way

Epiphany.

Not only them, but the entire Guanghan Mansion's people, under this force, have undergone a certain degree of transformation, and have entered an inexplicable state one by one.

"The way of heaven originated, all things turn into one, I am the way of heaven, and the world is invincible!" In the mysterious space at the bottom of the sacred land of Yaochi, Qin Chen crossed the heavens and suddenly burst into a wave of momentum. He is the son of the plane of the Tianwu Continent and understands Tianwu. The origin of the continent is the origin of the continent, and the origin of the origin of the continent is actually the same as the origin of the heaven.

It came out of the same vein, so when he passed the thunder tribulation of the heavens, in an instant, he seemed to be connected with the origin of the heavens.

In his eyes, the years passed and the fate changed. He seemed to have seen the origin of the heavens, the growth of everything in the heavens, and all visible and invisible reincarnations.

The reincarnation of the world and everything lingers in his hands, and he feels like he has touched the mystery of the entire world.

However, Qin Chen knew that this was just an illusion. When he broke through the Holy Master, he had the illusion of communicating with the origin of the heavens. It was too difficult for him to truly control reincarnation, at least his realm was not good.

Who can transcend fate is just struggling in the world.

Only by constantly advancing, reaching the end of the avenue, and reaching the end of the way of heaven, can we transcend and achieve that eternity.

Hum!

Qin Chen glowed throughout his body. Although he had never truly mastered the cycle of reincarnation, this was his way, and his feelings were always imprinted in his body, guiding him forward.

boom!

Above the sky, infinite power descended, and dozens of holy master's holy veins were shining, forming a vast ocean of holy origin, madly entering Qin Chen's body, the holy master's origin in his body was madly condensed, holy Yuan is also rising rapidly.

Boom boom boom! At the same time, there was a roar around Qin Chen, and a terrifying aura came. It was Qianxue, Yao Wuming, Su Quan, Murong Bingyun and others. They finally broke through with Qin Chen's breath, Sheng The power of the Lord is concentrated in the body.

[Chapter 3200: Incarnate Thunder Tribulation](#)

At that instant, everyone broke through.

The heavens roared loudly, and everyone's body was lingering the breath of the Holy Lord. With the breakthrough of You Qianxue and others, in the Holy Land of Yaochi, the bodies of Zhou Wusheng, Wei Siqing, Quan Muli, and Qu Gaofeng also bang. With a sound, the chains were broken, and the light of the Holy Lord began to rise in the body.

Originally, with You Qianxue and the others, it was not difficult to step into the realm of the Holy Master, and after following Qin Chen, it should be extremely.

However, Zhou Wusheng's talents are actually so much worse than Qianxue and the others. They originally wanted to step into the realm of the holy master, at least they needed years of insight and cultivation to settle their own heritage.

But now, under the breakthroughs of Qin Chen, You Qianxue and others, under the influence of such a strong aura of the Holy Master and the power of thunder tribulation, the power in their bodies was immediately recommended, transformed, and entered the Holy Spirit together. The main realm.

Boom!

In the sky, countless tribulation clouds surged, it was Qianxue and others who broke through the realm of the holy master one after another, and immediately once again attracted the heaven, earth and heaven.

Furthermore, Qin Chen felt an extremely terrifying thunder tribulation power emerge, and even locked Qianxue.

Obviously, the Heavenly Dao of the heavens felt the terrible inheritance and the great inheritance from Qianxue and wanted to test it.

This time, Qin Chen immediately felt the level of everyone's realm and the strength of talent.

In the sky, there are waves of tribulation clouds surging, both strong and weak. Among them, the tribulation cloud aura corresponding to You Qianxue is the most terrifying. It is almost close to Qin Chen. Of course, in essence, there is a slight difference, and secondly It turned out to be Murong Bingyun.

In her body, the light of all spirits flickered. This is the power of her natural spiritual body, which is surging and transforming.

"Unexpectedly, the potential of this woman is so strong?"

Qin Chen was a little surprised, knowing that Murong Bingyun was not in the sacred realm breakthrough in Tianwu Continent, so in her body, there was only a weak aura of Origin Continent.

Unexpectedly, Yao Wuming and others are all strong.

The next thing is Yao Wuming, only a little weaker than Murong Bingyun, but it is also extremely terrifying. Locking Yao Wuming's heavenly calamity power is almost equivalent to the breath of a Holy Master master's full shot.

You know, Yao Wuming has not yet passed the baptism of Heavenly Tribulation, which means that he is not yet in the realm of the Holy Master, but the Heaven facing him is equivalent to the full effort of an early master of the Holy Master. How terrible is this?

The test of heaven and earth to him is extremely strong.

The next heavenly breath is not Su Quan, but Wei Siqing, then Zhou Wusheng, Qu Gaofeng, Quan Mu Liu and others, and finally Su Quan.

Although Su Quan broke through the shackles earlier than Zhou Wusheng and the others, he is the oldest master in Yaomie Mansion. In fact, his talent and potential are not necessarily comparable to those who have entered the heavenly trial and have been baptized by Qin Chen. The younger generation.

But from Yao Wuming and Su Quan, Qin Chen also felt a hint of killing.

Heavenly Tribulation had a hint of killing intent on Yao Wuming and Su Quan.

Why is this?

Is it the power of darkness?

Yes.

Su Quan and Yao Wuming both practiced the power of darkness. Although they did not rely on the power of darkness to enter the realm of the holy master, and were extremely secretive, the instinct of heaven still felt threatened, and naturally they would try their best to remove the threat to them. .

Boom!

Many heavenly arrogances broke through together. The thunder calamity formed between the world and the earth was palpitating. The endless thunder robbery was born, and the entire Guanghan Palace was plunged into darkness.

"this is....."

Everyone was stunned. Eight sage masters broke through. With Qin Chen, it was nine. The breakthrough of the nine great sage masters caused the heaven and earth thunder robbery. Moreover, this force made Palace Master Guanghan and The body of the Holy Lord of Yaoguang moved, and in an instant, all of them broke through the shackles, and his mind was extremely transparent, and he instantly entered the middle stage of the Holy Lord.

Rumble!

The sky thunder came to the world, the power was terrifying, the world changed color, and the entire Guanghan Palace disciples were trembling.

"boom!"

I saw the endless thunder pouring down. How terrible would these terrifying thunder tribulations once fall? The entire Guanghan Palace could not be resisted, and it was going to be reduced to ruins again.

"Exit!"

At the critical moment, I saw a figure rising into the sky. This figure was extremely vague, and I couldn't see who it was. He was surrounded by thunder light, opened his mouth and sucked, and suddenly all the sky thunder was sucked into his abdomen and swam throughout his body. .

It's Qin Chen!

When the thunder came to the world, the endless thunder was sucked into Qin Chen's body, turned into his own power, turned into the thunder sage, and was absorbed by Qin Chen.

Qin Chen was not afraid of the power of thunder, and coupled with his breakthrough in the Holy Master, his cultivation base increased sharply, he originally thought that he had not absorbed enough heaven and earth sacred essence, and now that the heavenly calamity was coming, he was extremely excited.

He urged the thunder power in his body, and turned the power of the endless heavenly thunder tribulation into the original power in his body, madly absorbed and integrated into himself.

The billowing thunder was suddenly inhaled by him, and the smoke disappeared.

"This is too exaggerated!"

Palace Master Guanghan and Holy Master Yaoguang both looked dumbfounded, and the two gleamed with a strong aura of Saint Master. Although they had entered the mid-term Saint Master realm, they still felt incredible about Qin Chen's methods.

After swallowing the power of the endless thunder tribulation, Qin Chen lingered thunder light all over his body, he entered the Jade Lake Holy Land, and the vast thunder was released by him again.

Boom!

In the whole Jade Lake Holy Land, thunders surged everywhere, and these thunders were baptizing Qianxue's flesh in madness.

Although Lei Jie is a test, it is also a kind of baptism. Qin Chen swallowed all the heavens and used the stronger Lei Jie in his body to baptize Qian Xue and the others. There is no need to worry that Qian Xue and the others will not be able to bear this baptism. Qin Chen is Heavenly Tribulation, he has become the incarnation of Heavenly Tribulation.

Not only Qianxue and the others, Qin Chen opened the Universe Good Fortune Jade Disc, allowing the aura of the heavens and the heavens to enter the Universe Good Fortune Jade Disc. Suddenly, there are three masters of the Demon Race, Qin Mo, Lingyuan, and Tu Moyu. , The power in the body also suddenly surged, and the light of the Holy Lord flashed out of his body, and he wanted to step into the Holy Lord.

However, Qin Chen restrained the aura from the heavens from entering too much. He only transformed the bodies of Qin Mo, Lingyuan, and Tu Moyu so that they could have the power of the Holy Master under their own thunder, and the real breakthrough would be They need to enter the demon world before they can.

Although Qin Chen used his thunder and lightning power to simulate the power of Heavenly Tribulation, and introduced the aura of heaven into the Universe Jade Disc, it could also enable the three of them to truly enter the realm of the Holy Master.

But in this way, it is tantamount to stifling the talents of the three of them, so that the three of them have not really been baptized by heaven.
