[Chapter 3201: Motivate the Five Secrets](#)

Therefore, Qin Chen deliberately restrained and increased the strength of the Qin Mo three at the same time, but did not allow them to fully enter the realm of the holy master, but only condensed the power of the holy master in the body and possessed the power of the holy master.

boom!

After the thunder tribulation, in the sky, the infinite holy yuan descended, and everyone in the Jade Lake Holy Land was immersed in this breakthrough.

In addition to allowing everyone to accept his thunder baptism and improve his cultivation, Qin Chen also used his soul-refining secret technique to spread into everyone's mind.

Once this secret soul-refining technique is practiced, it will carry Qin Chen's soul aura, and will instinctively believe in Qin Chen, accept Qin Chen, and submit to Qin Chen.

Moreover, in order to make everyone's future more clear, Qin Chen even added a trace of the magic tree of ten thousand realms to it, leading everyone's soul to breakthrough.

Holy Land.

The soul is fundamental, and only when the soul breaks through can the future have unlimited possibilities.

Bang bang bang!

In the sacred place of Yaochi, black slaves, Wang Qiming, Fu Qiankun, Lao Yuan, Mo Yuanbai, Gu Zunren, Lin Tian, Zhang Ying, Zhao Lingshan, Zi Xun and many other masters from the Tianwu Continent have broken through the shackles in their bodies. , Even stepped into the realm of Heavenly Sage in one fell swoop, truly becoming a giant.

In the short span of a month when they arrived in the heavens, they had gone through hundreds, thousands, or even tens of thousands of years of penance by ordinary holy realm warriors, and became a master of heaven in one fell swoop.

It is true that Qin Chen and the others have radiated too much power from their breakthroughs, and the insights of Heavenly Dao lingers out, giving everyone a huge harvest.

And Ao Qingling, Qin Tingting, Ao Lie, Gu Gu, Tian Xing Zhenren, Ancient Medicine Master, and others have all stepped into the touch of the power of the Holy Master, and even marched towards the half-step Holy Master realm.

More than a dozen holy veins of the holy master, combined with the heaven and earth holy origins that landed between the heavens and the earth, exploded and entered everyone's body.

The other disciples in Guanghan Palace, such as Wuling and others, have also benefited tremendously. Almost everyone's cultivation level has been improved to a greater or lesser degree, at least by a level,

even if it is not improved, I feel that After reaching many laws, immersing in the body becomes their most precious asset.

one day!

Two days!

Three days!

For three whole days, Guanghan Palace was plunged into cultivation, and everyone was shining with various lights, falling into an epiphany, and the entire Guanghan Palace seemed to be in silence.

Hum!

Finally, three days later, Qin Chen opened his eyes.

The strength in his body, the infinite cohesion, between his gestures, there is an illusion of groundbreaking.

At this moment, King Qin Chen came to the world, truly achieved the Supreme Lord, and the source of his body was completely consolidated, not far from the initial peak of the Holy Master.

The laws of the Holy Master in him are hundreds of times that of ordinary Holy Masters. In these three days, the origin, laws, and all life imprints in the bodies of the master masters such as Palace Master Xueyang and Saint Lord Ren Wang, etc. Being refined by him, blended into his own body, as well as the body of everyone present, became his own strength.

"Unfortunately, it's still a little bit worse. A dozen holy veins of the Holy Lord, plus the holy veins of the Yaochi Holy Land itself, and the holy veins in the work of heaven, plus the holy energy that breaks through the holy lord and is gifted by heaven. Strong enough for anyone to get a breakthrough, but I needed too much holy vein aura, and I didn't even break through to the initial peak Holy Master."

Qin Chen was very happy with the power of moving his whole body. He could feel that with his current understanding of the way of heaven, there was no problem with entering the initial peak of the holy lord. The only thing missing was the holy veins. The combination of nearly 20 holy veins, is not enough for him to absorb.

Although there is a gift from heaven, the boundless holy energy of heaven and earth, which is equivalent to dozens of holy veins of the holy master, it is still not enough. Qin Chen is estimated to be able to absorb dozens of them by himself, not to mention there are still quiet. Qianxue waited.

Sure enough, in the heavens, resources are the most important.

However, although he could not step into the realm of the initial peak holy master in one fell swoop, Qin Chen had already felt how strong his body was.

"My strength has increased by dozens of times. With a single blow, I can severely injure an early peak holy lord. If you encounter Palace lord Ren Wang and others now, wherever you need a sneak attack, you can cut them directly by cutting melons and vegetables. Kill, even if it's the mid-term holy master, I'm afraid it can't kill me."

In Qin Chen's body, the ancient qi surged, and there was an impulse to condense into a wild god.

He even felt that he could activate the treasure in the Five Secrets.

With a movement of his body, among the Five Secrets, five supreme treasures suddenly roared, the mysterious small sword, the nameless sword canon, the sky patching hammer, the sky swallowing pot, the palace of life and death, and the five supreme masters exuded powerful power, allowing Qin Chen to have kind of an impulse to destroy the world.

At this moment, Qin Chen also felt the strength of the five treasures in his body.

Among them, the mysterious small sword and the sky-filling hammer at the heart are the most terrifying. Under Qin Chen's urging, although the two exude a little aura, they remain motionless. Obviously, with Qin Chen's current strength, it is impossible to sacrifice at all. And control these two treasures.

The Heaven-Mending Hammer is the supreme treasure of the Heaven-Mending Palace, capable of replenishing everything in the world, even the heavens can be repaired, and the Heaven-Mending Palace is the top power in the ancient times. In the ancient times, there were countless masters in charge of refining tools, and it was natural to be strong. Up.

But that mysterious little sword was very special, and it couldn't be activated, and it couldn't distinguish its origin. On the contrary, it had a faint resonance with the mysterious rust sword in the jade disc.

"That mysterious little sword, just like the ancient book, comes from the forbidden land, how can it resonate with the mysterious rust sword?"

Qin Chen was puzzled and couldn't understand.

And second only to the mysterious little sword and the sky patching hammer is the nameless sword canon.

The Anonymous Sword Tome is the treasure of the Tongtian Sword Pavilion. According to the words of the Eternal Sword Master, it seems that only the Venerable can fully grasp it and inherit the mantle of the Tongtian Sword Pavilion. It can be seen that this Unknown Sword Tome is a treasure of the venerable level.

With Qin Chen's current strength, he was only slightly motivated, unable to truly grasp it.

And the last thing is the Sky Swallowing Jar and the Palace of Life and Death.

The Heaven-Swallowing Jar is the supreme treasure of the ancient holy lord, and the Palace of Life and Death is the supreme treasure of the Yama demon clan. The two treasures are the inheritance treasures of the two major races. They should be the pinnacle of the holy master, close to the venerable weapon, and also Qin Chen The one that can now provoke the most.

Qin Chen even felt that as long as he was willing, working with all his strength and offering sacrifices of his own power, he might be able to induce the Sky-Swallowing Jar and the Palace of Life and Death to attack and suppress everything.

But this is just a feeling, and Qin Chen needs more attempts.

In addition to stimulating the Five Secret Treasures in his body, Qin Chen even felt that he could begin to truly worship Zixiao Dousizong.

[Chapter 3202: Perceived danger](#)

Qin Chen could only provoke a phantom in the previous Zixiao to rate the palace, and it could not be regarded as a real sacrifice. Now, after breaking through the Holy Lord, Qin Chen possesses the power of the Holy Lord in his body, and can already start the real sacrifice of Purple. The main body of Xiaodou Rate Palace, as to how much it can be refined and how much it can be activated, depends on Qin Chen's own Saint Yuan.

Hum!

Qin Chen urged Sheng Yuan and injected Zi Xiao Dou Li Gong, and Zi Xiao Dou Li Gong immediately began to resonate with Qin Chen, and Qin Chen began to grasp the context.

However, the Saint Yuan consumed by Qin Chen was also extremely large.

After all, this is a treasure of the venerable, even if Qin Chen breaks through the Holy Lord, how can he easily refine it?

"Really, refining this Zixiao Dousui Palace, needs so many Saint Yuan?"

Qin Chen perceived it carefully and found that the Saint Yuan in his body was pouring out like an ocean. Although it could continue to be born, it still decreased at an alarming rate.

"This is too abnormal, the treasure of the venerable, is it so terrifying? The outside of the light sacrifice refining requires so many sacred essences, and I will fill in the whole sacrifice myself."

Qin Chen sighed secretly.

Now he can only say that he can control Zixiao Dousizong, and it will take a long time to truly master it.

Qin Chen perceives his own changes carefully, marveling everywhere. After breaking through the Holy Master, he suddenly possessed an incredible Saint Yuan, plus the treasures that can be activated, and his strength has increased too much.

boom! boom! boom!

When Qin Chen was excited, You Qianxue, Murong Bingyun, Wei Siqing and others all flew out excitedly. All of them, with their amazingly circulating principles of the Holy Master, apparently had truly entered the realm of the Holy Master. , Between gestures, exudes terrible power.

"Qin Chen, this time, we have delayed your blessing."

Suddenly, the thunder exploded and the heavens roared.

Qin Chen looked up and saw that two figures flashed and landed in front of him. It was Palace Master Guanghan and Holy Master Yaoguang.

There was a terrible aura lingering on the two of them, and they all stepped into the realm of the Holy Master.

"Haha, congratulations, Lord Palace and Minister Minister." Qin Chen smiled slightly, and the two of them entered the middle stage of the holy master, and their own assistance could be great.

"Qin Chen, if it weren't for you, how could we break through the middle realm of the Holy Master." Holy Master Yaoguang shook his head.

I don't know why, how does he see Qin Chen pleasing to his eyes at this time, and he even feels like he wants to rely on Qin Chen.

How did he know that when he broke through, because he had cultivated Qin Chen's soul-refining technique and absorbed the breath of the Devil Tree of the Ten Thousand Realms, his soul was already in contact with Qin Chen in the deepest part of his soul, and he would never be born against Qin. Unfavorable thoughts.

Even if there is a master who wants to kill Qin Chen now, Holy Master Yaoguang and the others will even instinctively sacrifice their lives for Qin Chen.

This is not that Qin Chen deliberately wanted to control them, but a natural result after they received Qin Chen's baptism. This was also the reason why they were able to break through the mid-term Saint Lord.

Otherwise, the mid-term holy master, that is not necessarily a master character who can not be born in an ordinary heaven. Although he and Palace Master Guanghan have backgrounds and amazing talents, it is impossible to directly advance so quickly, at least tens of thousands are needed. The penance of the Celestial Year is the least.

This time breakthrough, everyone has benefited, and everyone is extremely happy.

The happiest one is naturally Qin Chen. Although Qin Mo and the others did not enter the realm of the holy master, they just lacked a ritual. This ceremony needs to be completed in the Demon Realm. In terms of strength, the Qin Mo three are no less inferior. The holy master of the early peak.

On Qin Chen's side, there were two more mid-term saints and ten masters in one fell swoop.

What a pervert is this?

If this news is passed on, the entire heaven will be a sensation, and even countless big forces will be alarmed.

Among the real great powers in the heavens, the early holy masters weren't a big deal, but ten figures suddenly appeared, and even those top powers couldn't do it. This was like a miracle.

Because no one can withstand so many cumulative attacks from Heaven's Dao Thunder Tribulation at once, except Qin Chen.

"Okay, Lord Palace, now that you have broken through to the mid-term holy master, it is time to lead the entire Wenhantian, and develop your own power based on Wenhantian."

Qin Chen said in a deep voice.

The reason why Guanghan Mansion only occupied forces such as the Renwang Mansion before was because the background of Guanghan Palace was a bit weak after all, but now, with enough strength, it can naturally develop vigorously, and there is no need to be cautious.

Palace Master Guanghan nodded, even if Qin Chen didn't say this, she would do it, and the real question would be controlled by Hantian.

"Let me calculate first, what should I do next, after all, although I have broken through the realm of the holy master, I still lack resources. If I want to get resources, I must plunder and enter a more powerful region."

Qin Chen slowly realized that after breaking through the Holy Lord, Qin Chen's mind became more and more calm, and his grasp of fate became stronger and stronger. Various brilliance appeared on his body, entwining his body, turning into a destiny. The long river, hundreds of millions of sands of the Ganges River gather in it, ups and downs.

His destiny became more and more refined, and he even felt a vast fate, cause and effect.

Suddenly, Qin Chen felt a sense of crisis in his heart. You must know that he is now breaking through the realm of the holy master, and his strength is so strong. After asking Han Tian, no one can hurt him. How could he have such a crisis. ?

He immediately urged the destiny technique, carefully perceived it, and then saw that some black qi appeared in the long river of fate. In that black qi, there were several hideous faces, and countless conspiracies emerged, including one face. , Qin Chen felt a touch of familiarity surprisingly.

"what?"

Qin Chen's body shook, and he awoke from the calculation.

"What's the matter? Qin Chen, what have you discovered when you estimate your fate?" Holy Master Yaoguang and Palace Master Guanghan looked at them together, frowning, because they found that Qin Chen's face turned out to be very ugly.

"I just pushed the destiny to the extreme, and I saw the crisis. It is the God Slayer of the Yao Mie Mansion. He has sneaked into us and asked Han Tian to kill me!" Qin Chen said.

"What? Holy Lord of Destroyer? Are you sure?"

Holy Master Yaoguang and Palace Master Guanghan were taken aback.

Although they broke through the realm of the mid-term Saint Lord, they still had a kind of jealousy in the face of Yaomie Mansion. After all, it was one of the top forces in the Eastern Heaven Realm, much stronger than they asked Han Tian.

And that Mietian Saint Lord is even a general under the command of the Yao Mie Palace Master. His cultivation is as high as the mid-term peak Saint Master, and there are countless realms occupied by that Mietian Saint Lord.

Such a master, actually sneaked into him and asked Hantian?

A strong jealousy emerged in everyone's hearts.

[Chapter 3203: His woman](#)

"Qin Chen, are you sure you didn't calculate it wrong?"

Holy Master Yaoguang frowned, such a master, even if he broke through the middle stage of the Holy Master, he would still be jealous.

Moreover, how did the other party come to them and ask Hantian? Even if they came here, due to the rules of the heavens, the Holy Master of Destroying Heaven could not do anything. After all, there are rules in the heavens, and people of higher heavens cannot kill others at will. People in the universe, otherwise the universe would be messed up long ago.

Unless Yao Mie Mansion wants to violate the regulations set by the major forces in the heavens!

What's more, how did Qin Chen know the Holy Master of Yao Mie Mansion?

"I should not be mistaken. My destiny technique can infer the fate of all realms. Although I can't estimate the future of the past and the present, I am very sensitive to my own crisis. This time, besides the Holy Master, there are a few more Master, come and see!"

With a wave of Qin Chen's hand, several master figures suddenly appeared in the void, exactly the figures Qin Chen had realized in the long river of fate.

"Sure enough, it is the Sage Master!"

Seeing the hideous face of one of them, the Holy Master of Yaoguang was taken aback and shocked all over, and the other two also made him instinctively jealous. There was a sense of crisis, and they were obviously also two top masters.

"Little Chen, it is indeed the Holy Master of Destroying Heaven, and the other two are Holy Master of Wild and Nine Nether!"

Among the jade disc of good fortune in the universe, Yao Wuming and Su Quan said immediately, and at the same time, they informed Qin Chen of the information of the Savage Sage Lord and the Nine Nether Sage Lord.

Are the two mid-term saints again?

Qin Chen's eyes were cold, it is no wonder that he felt such a strong murderous intent, the people of Yao Mie Mansion really valued him, and even sent three middle-term holy masters to ask Han Tian.

"Let me investigate, who are these two people!"

The Holy Lord of Yaoguang began to prepare for the work of the communication day and inquire about the information.

"No, these two people are the savage saint master of Yaomie Mansion and the saint master of Jiuyou!" Qin Chen said coldly.

"It's them?"

The Lord of Light and the Lord of Guanghan looked at each other, and they both took a breath. The Lord of the Wild and the Lord of Nine Nethers are also well-known masters in Yaomie Mansion. Although they are not as good as the Lord of Despair, they are still in the middle stage. Holy Lord, the strongest.

When these three powerhouses came, could their Guanghan Mansion be able to resist it?

"Qin Chen, these three people are all well-known holy masters in Yaomie Mansion. Why would Palace Master Yaomie send someone here to target us? Is it because the heavens tried Yao's nameless thing." The brow frowned. "According to the rules of the Celestial Trial, no one is allowed to retaliate privately. By doing so, they are obviously in violation of the rules. As long as I find a way to reach the highest level of the Celestial Realm, I will definitely punish them for violating the human agreement."

Holy Master Yaoguang said coldly.

He has now broken through the realm of the mid-term Saint Lord, and he is naturally very confident.

"Why they came here, I still don't really understand. Yao Wuming is definitely one of the reasons, but there should be other reasons."

Qin Chen said solemnly, before the start of the heaven trial, Yao Mie Mansion had colluded with King Ren Mansion and wanted to secretly control and ask Han Tian, so in Qin Chen's opinion, Yao Mie Mansion's actions were not just because of this, there must be Other purpose.

However, with the size of Yaomie Mansion, what is the reason for having to stare at the cold sky? It should be noted that Hantian is just a small force. There was not even a mid-term Holy Lord before, so it takes such a great effort to take such a big risk?

This is what Qin Chen has always wondered.

"Perhaps Yao Mie Mansion is eyeing the master's inheritance." Palace Master Guanghan suddenly said.

Inheritance of the supreme female emperor of Luli Liuli?

If it's because of this, it makes sense.

In fact, the reason why the Holy Lord Feihong betrayed at the beginning was also because he wanted to get the inheritance of Palace Lord Guanghan.

"Hmph, the inheritance of my woman is something they can covet." Qin Chen said coldly.

Palace Master Guanghan was startled, his woman?

It was only after a meeting that Qin Chen was talking about You Qianxue, and his face flushed.

What do you want!

"Palace Master Guanghan, are you okay?" Holy Master Yaoguang looked over in doubt.

"I'm fine."

Palace Master Guanghan hurriedly shook his head, it was too shy to say this.

"Qin Chen, since Yaomie Mansion has sent so many masters, it is better for us to find a way to go back to work first, avoid the edge for a while, and then inform Master them, let Tianjiao contact the high level of Celestial Realm and target Yaoguang Mansion." Coldly.

"Avoid the edge temporarily? Do you need to avoid the edge temporarily?" Qin Chen said coldly, "If the young master might have to consider before breaking through, how can this young master be afraid of them if he breaks through now? Are you scared?"

"I'll be afraid?" Holy Master Yaoguang snorted: "I just broke through the Holy Master back then, I dared to turn the Tiangong Headquarters upside down, what is Yaomie Mansion?"

"That's good!"

Qin Chen smiled coldly, "Killing, not killing is not enough to clear the source, the people of Yaomie Mansion have been killed at the door, how can they be allowed to leave safely, since they are here, they have to leave something."

"Holy Lord of Yaoguang, Qin Chen is right. Since Yaomie Mansion is staring at us and asking Hantian, we can't avoid it by hiding, and they don't dare to do it rashly. In fact, we also have an advantage. Now they don't know our situation. This is an opportunity."

Palace Lord Guanghan was full of murderous aura, "I am waiting to break through the mid-term holy lord now, and I will definitely encounter more difficulties in the future. If you are scared off by that district Yao Mie Mansion, how will you seek supremacy in the future? What is Yao Mie Mansion, kill, Kill him with blood flowing into a river without leaving a piece of armor."

"Okay!" The divine master of Yaoguang's expression turned, and finally made up his mind: "However, we have to take a long-term view, as long as Yao Mie Mansion dares to start, we are not polite. However, the current situation is Qin Chen's calculation, and may not be true. ...The future situation, the ever-changing situation, no one knows, and the Yaomie Mansion will definitely not dare to do it directly. It will definitely use other methods to attract us to appear, such as infiltrating a certain force in the cold sky, attracting us to leave, and then A deserted place, secretly start."

As soon as his voice fell, booming, a powerful breath quickly approached the sky in the distance.

"Huh? It's the Yonghe Palace Lord of Yonghe Palace! Why did he come here? Could it be that..."

The eyes of the few people of the Yaoguang Holy Master sank, and they all thought of some possibilities.

"Palace Master, Palace Master Yonghe, please see me."

At this time, a loud voice was also passed over.

"coming!"

Qin Chen smiled coldly.

They were thinking about what means the Holy Master of Extinguishing Heaven would use to appear. Palace Master Yonghe appeared immediately, and Yonghe Palace had some trouble with Guanghan Palace before, so they came directly to Guanghan Palace, which was too strange.

If something goes wrong, there must be a demon.

"Everyone, hide it first."

Qin Chen waved his hand, and immediately, the many holy masters in Guanghan Palace hid one after another, and the Yaoguang holy master, Guanghan Palace master, and Qin Chen also immediately reduced their auras and wanted to see what the other party was playing with.

[Chapter 3204: Spring heart](#)

Boom!

At this time, Guanghan Mansion has completely restored its calm, countless holy energy has dissipated, and no one can see that more than a dozen holy master masters have just been born here. Because of the destruction of the sky, it feels very good. desolate.

In the distance, a terrible breath flew over, and beside that breath, there was a figure that was very ethereal. The two of them flew by, and instantly landed on the sky above Guanghan Mansion, standing far away.

"Haha, Palace Master Guanghan, don't be unharmed, hey, Holy Master Yaoguang is also here? This one should be the prestigious and famous Qin Chen Qin Shaoxia, right? He is really handsome and extraordinary."

As soon as the two of them fell, the leader Yonghe Palace said with a smile.

This Palace Lord Yonghe, wearing a black long coat, was handsome, like a gentleman, and his breath was quite surging, obviously not a simple character.

And the ethereal figure beside him turned out to be a woman, wearing a silk robe, with a plum blossom mark on her eyebrows. The plum blossom turned into seven petals of snowflakes, with a trace of icy icy avenues, which seemed a bit misty. dust.

This woman is not someone else, she is the palace lord who asked Hantian another top sect Lingxue Palace.

The two came together, but Palace Master Guanghan frowned slightly. She said lightly: "It turns out that it is Palace Master Yonghe and Palace Master Lingxue. The two are coming here, are they here to congratulate me Guanghan Palace for destroying King Ren? Cut off those who are asking the cold sky and evil forces? Is this a bit late?"

The Lord of Guanghan Palace said indifferently.

She is on the side of Ge's response. The news of Guanghan Palace's destruction of King Ren's Mansion and other forces has been spread a long time ago, and most of the forces in the entire Wenhantian have visited, such as Tian Yanzong. The forces such as Minghui Pavilion also presented the Holy Lord's Holy Vessel and other treasures, expressing their willingness to follow in the footsteps of Guanghan Mansion.

Yonghe Mansion is the nearest to Guanghan Mansion, but it is only now, obviously because of lack of sincerity.

"Ahem, Palace Master Guanghan, you have misunderstood me." Palace Master Yonghe gave a wry smile, "The reason why Zai Xia didn't come to congratulate me in the first time is because something has been fettered, so this time I specialize. I contacted the palace lord of Lingxue, and came to plead guilty. In fact, I wanted to explain to you, lord palace lord, so as not to misunderstand you."

"Oh? Explain, explain what?" Palace Master Guanghan said indifferently: "I am waiting to ask Hantian's forces, whether I will come to congratulate, it is actually the freedom of every force, although my Guanghan Palace has destroyed King Ren's Palace and other forces, That's because the other party is colluding with the demons, doing evil for wrongs, and doing harm to the other side. If Palace Master Yonghe didn't do anything I'm sorry for asking Hantian, I'm sorry for the human race, naturally there is no need to explain to this palace."

"No, no, no." Palace Master Yonghe waved his hands again and again: "An explanation is necessary, and I came here specifically with Palace Master Ling Xue, for fear of misunderstanding Palace Master Guanghan, and at this time with Palace Master Ling Xue It's also related, so come together."

"Oh? What's the reason? The palace wants to know it." Palace Master Guanghan asked deliberately.

Qin Chen and Holy Master Yaoguang were aside, but they didn't speak. They also wanted to see what kind of medicine was sold in Palace Master Yonghe's gourd.

"We have a very important matter related to the rise and fall of Hantian." Palace Master Yonghe solemnly said: "The reason why Palace Master Lingxue and I did not come to Guanghan Palace to congratulate the first time is because we discovered A mysterious space contains a huge treasure, which is left over from ancient times. It seems to be a place of inheritance of a certain top power in ancient times. Knowing that this treasure land can be opened, we asked Hantian's strength, and even it The tenfold increase has not stopped, the birth of countless masters of the Holy Master, and even the Lord Guanghan Palace Master, you and me, can therefore enter the realm of the mid-term Holy Master."

"What? What treasure has this ability." Palace Master Guanghan pretended to be shocked: "We asked how terrifying Han Tian's strength increased tenfold. You should know that we can also enter the mid-term Saint Master realm. What should we do? Are you kidding me? Do you know how difficult it is to enter the mid-term Saint Lord state? This is my dream for a lifetime."

Palace Master Guanghan and Holy Master Yaoguang were able to deceive Palace Master Yonghe and Palace Master Lingxue completely.

"It is the inheritance of an ancient top power. The legendary holy place for refining weapons was the most powerful refining power in the heavens in the ancient heavens." Palace Master Yonghe said: "The rumor, this power is actually in our question to Hantian. Nearby, we found the entrance to that mysterious space, so we suspect that in that space, it is very likely that the ancient refining power is located, but unfortunately, we can't enter at all with the strength of Palace Master Lingxue and me. Lord, you should know what this means?"

"Gutianting's holy place for refining artifacts?" Palace Master Guanghan clearly knew that Palace Master Yonghe and the others came with ulterior motives, but they still had some yearning, because she had also vaguely heard of such one from the inheritance of the Supreme Empress of Lunar Glazed Glaze The power, moreover, seems to be asking Hantian this area.

This news is very secretive. In the eyes of Palace Master Guanghan, Palace Master Yonghe shouldn't know it. Now she was surprised when she said it.

"Qin Chen, Holy Master of Yaoguang, this Palace Master Yonghe is afraid that what he won't say is true, right?"

At this moment, she was a little bit convinced. If they could really find the refining power of the ancient heavenly court, they asked how Han Tian's strength would rise? It is not an illusion at all to increase it tenfold.

"Huh, what Gu Tianting's refining power is just a means to deceive you, do you really believe it?" Qin Chen glanced at Palace Master Guanghan, and came over with a voice transmission: "Master Palace Master, they all said that women **** No brainer, you don't look like that kind of woman?"

"you!"

Palace Master Guanghan was flushed with a big chest and brainless, Qin Chen was too much to say that to her.

But for some reason, there was a faint excitement and pleasure in her heart.

Suddenly he was extremely ashamed.

Holy Master Yaoguang also heard the sound transmission and glanced at Qin Chen speechlessly. Qin Chen is too courageous. You must know that Palace Master Guanghan's temper is very hot. It looks cold, so you can just start it. Do it, although he had a good personal relationship with the Guanghan Palace Master for so many years, he would never dare to make such a joke.

But seeing Palace Master Guanghan didn't scold Qin Chen, on the contrary, there was a kind of shyness of a little woman, his face showed a strange color, his eyes almost burst.

Palace Master Guanghan, she... won't it be Chunxin's sprout?

This...forbidden love!

Regarding age, Palace Master Guanghan and Qin Chen are too far apart, they are not people of the same age at all.

However, in the heavens, the lifespan of holy realm masters is extremely long. In theory, ordinary holy realm masters have a life span of 100,000 years.

[Chapter 3206: Celestial Patch](#)

Of course, this is just a theory. Most of the holy realm masters cannot live for tens of thousands of years, and they often fall in the middle of the journey. Because there are too many battles in their lives, it is inevitable that there will be hidden diseases. Usually, only the holy master can live enough. Over one hundred thousand years.

Therefore, seniority and age are not a big deal among the holy realm masters. A 10,000-year-old holy realm master has the same body and appearance as a 34-year-old young man.

What can really hinder two people is actually the cultivation base.

However, Holy Master Yaoguang thought about it carefully. Although Palace Master Guanghan's cultivation base should be higher than Qin Chen, in terms of talent, Qin Chen will catch up sooner or later, and maybe...

Cough!

He tried not to make himself think about this picture.

Palace Master Guanghan felt the weird look in the eyes of the Lord of Light, and he didn't know what he was thinking, and he was extremely ashamed.

"Palace Master Guanghan?"

Palace Master Yonghe was a little strange in the weird atmosphere between the three, and even spoke softly.

"It's okay, are you sure that you found the refining power of Gu Tianting?" Palace Master Guanghan frowned.

"Yes, it's true, but we are just skeptical, because the space is very secret, and I can't enter with my cultivation base, and therefore, Palace Master Ling Xue and I also missed coming to congratulate Master Palace Master, but it happened. I'm waiting to hear that Qin Shaoxia of Palace Master Guanghan has obtained the inheritance of Venerable Skyfire in the trial land. With Qin Shaoxia's means, since even the inheritance of Venerable can be obtained, you may be able to open the ancient heavenly court by cooperating with the Lord of the Palace. Forbidden, enter into that treasure."

Palace Master Yonghe said hurriedly.

Palace Master Ling Xue also echoed: "Palace Master Guanghan, this is an opportunity for us to ask about the rise of Hantian. Of course, I also hope to be able to unite with you and ask Hantian to build better. But after the treasure is opened, I will wait for 60% of the treasure."

This Palace Master Ling Xue was bargaining, and his words were vivid.

"If so? Then take us over to see." Palace Master Guanghan glanced at Qin Chen and said lightly.

"Okay, it shouldn't be too late. If we are discovered by others, we will lose a lot." Palace Master Ling Xue immediately rose into the sky and led the way.

"go."

Palace Master Yonghe also rose into the sky, and said to Qin Chen: "Qin Shaoxia, you also go with you. With the means you have inherited from Venerable Skyfire, you will definitely be able to open the treasure. You are a man of destiny."

"Sure enough, it's insidious. Even I counted. It seems that I'm also one of the main goals!" Qin Chen sneered secretly, but his face was calm, and he laughed: "That's natural, go, I want to take a look. , How awesome is this ancient heavenly court heritage!"

boom!

Suddenly, Qin Chen silently collected Qianxue and others in the jade disc of good fortune in the universe, and hid them. At the same time, he rose up into the sky with Palace Master Guanghan and Holy Master Yaoguang, following Palace Master Yonghe and Lingxue Palace. Behind the master, leave Guanghan Palace.

"Holy Lord Yaoguang, are you also here? Okay, brother Yaoguang, you are the holy master of Heavenly Work. You must be extremely accomplished in refining tools. With brother Yaoguang following, you will surely be even more powerful."

Palace Lord Yonghe flashed his eyes and said.

In fact, he is reluctant to involve people who work in heaven, but in this kind of situation, he is naturally not good at letting the Holy Lord of Yaoguang leave, otherwise it is too unnatural, and he can only take one step.

During the journey, Palace Master Yonghe and Palace Master Ling Xue glanced at each other, and the exchange of spirits with each other was all conspiracy, but they were hiding very well.

The three of Qin Chen didn't seem to show up at all.

This made them secretly happy.

"Palace Master Guanghan is too arrogant. He thinks he has some strength. When Wen Hantian caused such a disturbance, he wiped out several big mansions in a row. I really want these characters to master Wen Hantian. I am afraid I will never have any more in Yonghe Mansion. On the day of tranquility, sooner or later, it will be annexed by this Guanghan Mansion. This time the people from Yaonii Mansion come to the door, how can you miss such a good opportunity?"

Palace Master Yonghe calculated in his heart: "It is impossible for me to obtain the inheritance of Venerable Tianhuo from Qin Chen, but the Holy Master of Extinguish Heaven promised us that as long as Guanghan Palace is defeated, Yao Mie Palace is willing to support me. Yonghe Mansion and Lingxue Palace have become Wenhantian's leaders. At that time, Wenhantian will be under our rule and Yaomei Mansion will be the backer. It is not an extravagant hope to break through the mid-term Saint Lord in the future."

He is also not afraid that the people in Yaomie Mansion are nothing to say, because Yaomie Mansion cannot directly intervene in Hantian's affairs, only through his Yonghe Mansion or Lingxue Palace, so the only thing he needs to worry about is with Lingxue Palace. Sharing of interests between the Lords.

However, it is still at the stage of cooperation, so there is no need to go too far.

Palace Master Yonghe and Palace Master Ling Xue communicated in secret.

Palace Master Guanghan and Holy Master Yaoguang followed silently, saying nothing, but communicating with Qin Chen in spirit: "Qin Chen, are you sure that the ancient heavenly court's weapon refining force deceived us?"

"I confirm."

Qin Chen affirmed that he already wanted to understand why Yaomie Mansion would always stare at Guanghan Mansion. In addition to his own reasons, there was also the inheritance of Patching Heaven Palace.

He was sure that the ancient Heavenly Court refining power that the other party said should be the inheritance of Mending Temple, but unfortunately the inheritance of Mending Temple has been obtained by himself. How could he be asking Hantian elsewhere?

It is very likely that the people of Yaomie Mansion have obtained some information and know that there is a heritage of a certain top power in Asking Hantian, so they have always wanted to occupy it. This time, it is also used for this reason to seduce Palace Master Guanghan and others.

It's a pity that the people of Yao Mie Mansion couldn't think of it, Qin Chen had obtained this inheritance.

Even Palace Master Guanghan didn't even know that in a certain city under her territory, there would be an inheritance of ancient top crafting power.

"If this treasure is completely fake, why should we follow it? If I'm not wrong, Palace Master Yonghe will surely lead us into the trap of the God Slayer, when we are in danger. , It's better to do it first, and directly suppress Palace Master Yonghe and Palace Master Ling Xue, and then make another plan?"

Palace Master Guanghan said in awe.

"Don't worry." Qin Chen sneered. "These two people must have the marks left by the God Slayer and the Lord. If we rashly act, we will be noticed by the other party, and we will lose the opportunity to take the initiative. Palace Lord Yonghe Palace Master Ling Xue is just a small miscellaneous fish, and the key is still the three of the Sage Masters, I want to see what conspiracy the three of them have laid out!"

"After a while, there will definitely be a fierce battle. Both of you are ready. Although you have just broken through the mid-stage of the Holy Master, your strength has been reached. Under the sudden attack, the other party is absolutely unable to resist. Add me, Together, the three people can kill one of the three people first."

Qin Chen said with confidence, always calculating various possibilities in his mind.

[Chapter 3207: What a picture](#)

Qin Chen sneered, and the other party couldn't wait.

"Okay, let's go in and take a look." The three of them exchanged secretly, and Palace Master Guanghan nodded, "If this is really the entrance of the ancient Heavenly Court refining power, then we will ask Han Tianzhen to reach the sky in one step. ."

While they were speaking, the three Qin Chen flew up and flew towards the huge space fault.

Palace Master Yonghe and Palace Master Ling Xue showed expectant expressions on their faces, and followed behind them. When they followed, they seemed to vaguely form an angle, cutting off the way of retreat for the three Qin Chen.

Palace Master Guanghan and Holy Master Yaoguang condensed their eyes, how they cultivated, how could they not see the intention of the two of them, as Qin Chen said, the two of them had a bad heart, which was absolutely moved to them. Killing heart.

Endless killing intent suddenly appeared in my heart.

At the beginning, they had some skeptical calculations.

But now, Qin Chen's idea was thoroughly confirmed.

The attention of the two people immediately concentrated, and the powerful soul power permeated out. They have all been baptized by the Demon Tree of the Ten Thousand Worlds, and they have also incorporated Qin Chen's soul art. The soul power is compared with the average mid-term holy The Lord, on the other hand, has to be a lot tougher. If you look carefully, you will immediately see the clues.

"Sure enough, this prohibition looks very old, but there is a trace of old age, and the space here seems to have been artificially arranged, but it is very clever. If it had not been suspected, I am afraid it would be difficult for a while. Find."

The Holy Master of Yaoguang was secretly shocked, the other party's old methods were so powerful that he couldn't even see it. This method could even fool the mid-term Holy Master.

With the strength of Palace Master Yonghe and Palace Master Ling Xue, it is absolutely impossible to do it.

"Sure enough, Yao Mie Mansion made a ghost."

Boom!

Although the three of them were wary in their hearts, there was no clue on their faces. They still stepped forward excitedly, quickly perceiving the ancient prohibition in front of them.

This prohibition is so vivid, if it weren't for the preparations of the Holy Master of Light, it would not be obvious.

However, I still see some loopholes in my mind.

"Qin Chen, what should I do next?"

Holy Master Yaoguang and Palace Master Guanghan actually asked Qin Chen. In their hearts, they instinctively regarded Qin Chen as their backbone, even they didn't even anticipate it.

"Quietly, pretending to break the restriction, but don't you feel the abnormality in the surrounding space?" Qin Chen asked.

Space abnormal?

The two inadvertently searched the void around them, and suddenly their eyes condensed, and they wondered: "You are talking about the space mezzanine behind the ruined space on the left? There seems to be something unnatural there."

"Yes, you can finally see that a mid-term Saint Master master of Yao Mie Mansion is actually hidden in it." Qin Chen said lightly.

"what?"

Palace Master Guanghan and Holy Master Yaoguang were shocked. Someone was hidden in this ruined space, but they didn't even notice.

It should be noted that although they have just broken through the mid-term saint master, they are definitely not inferior to the average old mid-term saint master in the perception of soul power.

"This is also normal. This person should have some kind of powerful spatial treasure, which combines himself with the spatial fault. The cover is very clever, and there is no murderous expression. It is normal for you to not perceive it."

"Qin Chen, did you see it?" Holy Master Yaoguang said in disbelief.

Qin Chen sneered calmly: "That's natural, if I read it right, what is hidden in it is the Nine Nether Sage Lord among the three mid-term saint masters of Yao Mie Mansion. This person has the power of Nine Nethers. He has unique attainments in the laws of space. He is hibernating in the ruins of space, brewing his own peerless murderous intent."

by!

Holy Master Yaoguang and Palace Master Guanghan couldn't help but breathe in the air. Although they knew that Qin Chen was very strong, he could kill the Holy Master at the initial peak in half a step, but they didn't expect to be so strong. The Saint Master Jiuyou, who couldn't perceive it at all, spied it directly.

"It's okay. Although the Nine Nether Lords displayed some kind of spatial treasure, in front of Ben Shao's perception, it was like a shadow under the scorching sun, too obvious." Qin Chen smiled lightly.

His soul power is so strong, and most people want to avoid his perception completely, that is wishful thinking.

Palace Master Guanghan felt the confidence in Qin Chen's words, and his heartbeat accelerated inexplicably.

"What's wrong with me?"

Palace Master Guanghan was irritated, his face flushed, and the mind-clearing technique he had cultivated was like a cold laurel tree in Guanghan Palace, not subject to any fluctuations from the outside world, but in front of Qin Chen, it seemed as if the ban was broken. A word and a word give me great attraction.

"Qin Chen, what about the Sage Master and the Savage Sage Master?" The Holy Master Yaoguang asked by voice transmission again, awakening Palace Master Guanghan's reverie.

"Did you see the ancient ruined stone thousands of miles away on the right? The Wild Saint Lord is hidden in this rock, and the wild aura on his body is completely integrated with the ancient waste stone." Qin The dust said again.

The two of them looked over inadvertently and saw that there was a very ordinary ancient waste stone on the right. Such ancient stone was left over when the ancient heavens were broken. There are many faults in this space, but The one Qin Chen was referring to seemed unusual at first, but under the special observation of the two of them, they also found some clues.

The position of this rock and the space fault on the left, as well as Palace Lord Yonghe and Palace Lord Lingxue behind him, form a unique angle, as if it were transformed into a formation, blocking the three of them from moving forward and backward. path of.

hiss!

The two gasped in air-conditioning, admiring Qin Chen even more.

"But what about the Holy Lord of Destroying Heaven?"

Among the three, the strongest is the Sage Master, where is he?

The two searched carefully, but they couldn't see any other problems.

Qin Chen's eyes flashed, and a cold smile appeared at the corner of his mouth: "The Lord of Heaven Extinguisher is not hidden in the nearby space. If I didn't guess, this person should be right in front of us in the space behind this ancient forbidden space. As long as we open the ban, we will immediately launch a real peerless attack."

Qin Chen believes.

It has to be said that this method of destroying the heavens is terrible, and the arrangements are very secure, even if they are only targeting people like Palace Master Guanghan and Qin Chen who are asking Hantian, they have made full preparations and laid traps. Those who don't underestimate the enemy directly come up and do it, the purpose is to be foolproof and not to give Qin Chen and the others any chance to escape.

Think about it, Qin Chen and the others have discovered an ancient ruin, they must be excited, and they will try their best. But the moment they successfully broke the ban and opened the ban, the Jiuyou Sage Master made a violent attack, and the Sage Lord Slaying It is from the opening of the ban, what kind of picture will it look like?

[Chapter 3208: Sneak attack on Jiuyou](#)

With such meticulous design, let alone Palace Master Guanghan, who were originally only the holy masters at the initial peak, even a holy master at the mid-term peak would be seriously injured in an instant, or even into crisis.

The lion fights the rabbit, also with all its strength.

No wonder Yaomie Mansion was able to expand wildly in the Eastern Heaven Realm and became one of the most terrifying forces in the Eastern Heaven Realm. From this, we can see some clues.

At this moment, the Lord of Light and Palace Lord of Guanghan both had heart palpitations, numb scalp, and goose bumps.

Dealing with them in the Guanghan Mansion, the Holy Master of Exterminating Heaven was so deliberate as here, and the harsh methods of the Holy Master of Exterminating Heaven were really harsh.

"Qin Chen, what shall we do next?"

The Lord of Guanghan Palace said coldly.

"Naturally cannot let them do what they want."

Qin Chen smiled, his smile was extremely cold, like ice.

"You will listen to my order later, and take the initiative to take the initiative to the Jiuyou Sage." The Sheng Yuan in Qin Chen's body has already quietly moved.

"Holy Lord of Yaoguang, Young Hero Qin Chen, Palace Master Guanghan, what do you think?"

Palace Master Yonghe and Palace Master Ling Xue saw that the three of Holy Master Yaoguang hadn't moved, their hearts were shocked, and they pretended to come forward unconsciously.

At the moment when the two stepped.

In the minds of Palace Master Guanghan and Holy Master Yaoguang, Qin Chen's thunder and anger suddenly sounded.

"Do it!"

boom!

At the moment Qin Chen yelled, the trio of Yaoguang Holy Master, Guanghan Palace Master, and Qin Chen moved instantly, banging, and the three of them turned into three terrible streams of light, and in an instant, they penetrated countless voids, suddenly Come to that piece of void fault not far to the left.

The Lord of the Light roared, and a dazzling light burst out from his body. The five fingers of his right hand soared, turning into a crystal-clear rainbow, which penetrated the sky and the ground, and slammed into the space fault below.

boom!

The void exploded, eternal boiling, dazzling radiance surging, like the ocean, flooding everything, above the five fingers, the rules of the heavens turned into endless runes, flashing the atmosphere of suppressing the avenue, destroying the heavens forever.

And at the moment when Holy Master Yaoguang shot, Palace Master Guanghan also moved.

Hum!

All of her hair flew up, her pupils became lingering, and a penetrating chill bloomed from her pupils, rumbling, the world seemed to be frozen, and the power of the terrible law blocked it. Heaven and earth penetrated into layers of void, bang bang, bang, and the emptiness in front of a few people burst like a mirror.

In the depths of the broken space, a lonely figure appeared. It was dark and lurking there. He looked shocked at the sudden shot of the Lord Yaoguang and Palace Lord Guanghan, his eyes were frightened and angry. It seemed that he didn't expect it. , That Yaoguang Holy Master and Guanghan Palace Master would suddenly act on themselves.

boom!

Two terrible forces suppressed, and the face of the Jiuyou Saint Master showed a look of anger, roaring, he roared, at this moment of crisis, as a veteran mid-term Saint Master's combat experience instantly made him react. In the body, a cold breath filled the body, and the whole world seemed to be plunged into the **** in a moment.

Jiuyou realm!

The terrifying ultimate move of the Nine Nether Saint Master, the ultimate skill, was displayed in an instant, and the speed was so fast that people were jaw-dropping.

"Hmph, Holy Master Yaoguang, Palace Master Guanghan, I didn't expect you to be so keen that you could perceive the existence of this seat, but unfortunately, you are too tender, so you dare to take the initiative to do this to me and die!"

Saint Master Jiuyou screamed coldly, although he was shocked in his heart, but he did not panic, the terrifying power of Jiuyou shot up into the sky from his body.

Boom!

Three terrifying forces collide instantly!

Before coming to Guanghan Mansion, Saint Lord Jiuyou had investigated Wen Hantian's strength. He knew that Palace Master Guanghan and Holy Master Yaoguang were strong, half of their feet had already reached the mid-term Saint Lord, but how could it be? If you don't really enter the mid-term Holy Master, in the eyes of the Jiuyou Holy Master, that is the Ant.

Therefore, although he was sneak attacked by the Lord of Light and Palace Lord of Guanghan, he was not panicked at all, because he was not worried that he would be unable to resist it.

However, when the three forces collided, his face changed.

Hearing a bang, the Nine Nether Domain of the Nine Nether Lord's Nine Nether Domain instantly made a cracking sound, and cracks appeared in an instant. In the Nine Nether Domain, there were even snow falling. The power of ice penetrated directly.

"What? The rules of ice? Melt Avenue, you broke through the mid-term Saint Lord?"

This trace of ice power instantly penetrated into the body of the Jiuyou Saint Master, and immediately the body of the Jiuyou Saint Master was covered with a thin layer of ice, and he was immediately frightened.

Isn't Palace Master Guanghan the holy master of the initial peak? But the strength displayed at this moment is clearly the power of the Holy Origin that only the mid-term Holy Master has.

Amidst the anger, the power of Nine Nethers in his body rose again, and a ray of light bloomed from his body, to resist the power of the cold ice of Palace Master Guanghan, but just when the power of his Nine Nethers rose. The moment.

boom!

The radiant palm of the Holy Lord of Light, followed by the power of the ice, came instantly, booming, the golden light skyrocketed, and countless runes flashed on the palm of the Holy Lord of Light, and his five fingers were like It turned into a sky-reaching formation, and suddenly penetrated into the realm of the Jiuyou Saint Master.

Boom!

Numerous Nine Nether Lights bloomed, and the Nine Nether Domain, which was originally a little broken under the power of Guanghan Palace Lord's Ice, burst into pieces in an instant. The big bright hand, like a god, reached out his palm and moved toward him mightily. When the cover was pressed down, it blasted on his Nine Nether Body in an instant.

puff!

The gloomy light on the Jiuyou Saint Master was extinguished suddenly, the whole body shook wildly, and the Saint Yuan on the surface burst suddenly, and countless runes and powers split on his body, with a terrifying impact. It was Wang Yang, rushing into his body fiercely.

The Holy Master Jiuyou immediately spouted a mouthful of blood, and his body was arched. In his body, how many tangible and intangible powers were blown up, and the origin of the Holy Master suffered a strong dramatic impact.

"you....."

The Holy Master of Nine Yous looked at the Holy Master of Yaoguang in horror, and roared up to the sky. He never thought that the Holy Master of Yaoguang was also a master of the mid-term Holy Master. Under this attack, the origin in his body was cracked. , The whole person was seriously injured instantly.

Bang bang bang!

The terrifying Nine Nether Lights in his body suddenly rose up into the sky, like a vast ocean, shaking the Palace Master Guanghan and the Holy Master Yaoguang away, and his body retreated suddenly.

In an instant, Saint Master Jiuyou was already seriously injured.

The whole process was long, but in fact it was only a moment. Palace Master Yonghe and Palace Master Lingxue didn't even realize what was happening. The surging power shocked the two who were terrified, and they didn't even know what to do. How to be good.

"Mietian, Barbarians, what are you waiting for, the other party has discovered us, and hasn't done anything yet?"

Saint Master Jiuyou was seriously injured and retreated, roaring.

[Chapter 3209: Just died like this](#)

boom!

With the fall of his voice, a piece of ancient waste rock in the distance exploded suddenly, like a meteorite suddenly bursting, countless rocks splashing around, every rock can explode a continent, and one body is covered with soil. The burly giant man with yellow runes rushed out of the huge waste rock like a holy mountain.

Boom!

This is a wild-looking figure, shot out of the ruins, roaring and roaring, lingering like a barren ocean, swept in, like a storm, and engulfing this faulty world. among them.

"Jiuyou, hold on!"

The savage saint shouted coldly, the bronze body was like the same demon god, and the savage air lingered around his body, like a wild ancient war god, rushing and killing.

Nine Nether Lord's heart is determined. Although the Wild Lord Lord is still some distance away from here, with his strength, I am afraid that he will be able to get here in an instant. When the time comes, I will join forces with the Wild Lord Lord and worry about this. Two guys from Hantian?

At this time, there was only doubt in his heart, that is why Palace Master Guanghan and Holy Master Yaoguang broke through to the mid-term Saint Master? Could it be that the two got a certain treasure from Wen Hantian?

He was thinking in his heart, but his hands kept moving, booming, the light of the Nine Nethers bloomed, and the black flames burned. His whole person was like a demon **** who came out of purgatory. He wanted to fight against Palace Lord Guanghan. The Savage Holy Lord counterattacked.

But when his body just moved and his heart was a little relaxed, suddenly, a strong sense of crisis rose from his mind, and behind him, suddenly a sharp sword light flickered.

It's Qin Chen!

When the Guanghan Palace Master and the Yaoguang Holy Master took action, Qin Chen had been hiding in the void, and did not do it for the first time, but gathered his own strength to find the most perfect opportunity.

The slack of Jiuyou Saint Master immediately gave Qin Chen the perfect opportunity to cut out with a single sword, and the Eternal Sword burst out violently.

"kill!"

Qin Chen sprang out from the void, silently, like a ghost, with four consecutive swords, and smashed towards the Holy Master of Jiuyou. These four swords contained Qin Chen's four top kendo murderous intents. At this moment, with his Holy Master's strength Completely released.

"Slaying Sword Intent, Destroying Sword Intent, Eternal Sword Intent, Originating Sword Intent, Sword Intent Reaching the Sky, Slashing Through the World!"

Swish Swish!

Between the four swords, the sword energy is like the sea, the sword intent is like the ocean, and the sword light is like the stars. The world is overwhelmed by this sword intent.

"Damn it, who is it, attacking this seat?"

The Nine Nether Lord screamed in anger, Fen'er turned around and made a strong move to resist this terrible attack. On him, the power of Nine Nether spurred to the extreme, and the infinite Nine Nether light condensed all over his body, forming a shield. Like a shield, it turns into an eternal barrier to resist incoming enemies.

The next moment, Saint Master Jiuyou saw the face of the person who attacked.

He was startled, and it was a young man who attacked him unexpectedly. No, it was Qin Chen, the most famous player in the Celestial Trial, one of their goals this time!

boom!

Qin Chen's sword light had already descended, and it pierced his Nine Nether Realm fiercely. Bang, his Nine Nether Light burst instantly. Qin Chen's sword aura was too powerful, one sword after another. As if there is no end, with the most mighty holy master sword aura, it penetrated directly into his body.

"what!"

The Sage Master Jiuyou screamed, and a **** wound was instantly split open on his body. Qin Chen's four swords continuously smashed his body, exploding all kinds of terrible swordsman killing intent, making him have one from the body to the soul. The feeling of being completely torn apart and falling into boundless hell.

"No, how can this son be so strong, Savage Sage Master, you still don't take action?" The Nine Nether Sacred Master roared, his canths were torn apart, and he roared harshly, bang bang bang, a wave of destruction sword aura poured into it. In his body, his body was torn apart at once, and the original source in the body appeared cracks and was split away.

"Damn, brat, you are so cruel, I am not reconciled, my Nine Nether Body has lost so much power, my life span was killed by most of my life, I am not reconciled, how could this happen, I'm lurking well, how could I be discovered by you all at once, this seat has already displayed the space secret technique to cover the void, how do you know our ambush!"

The Holy Master Jiuyou made an unwilling voice, trying to change and escape the terrifying sword aura.

There was a great hatred in his heart, if it weren't for Palace Master Guanghan and Holy Master Yaoguang who hurt him badly at first, how could he be so embarrassed.

Moreover, at first he thought that Palace Master Guanghan and Holy Master Yaoguang's attack on him was just an accident, but now that he saw Qin Chen's secret ambush, he realized that this was not an accident at all. I knew where I was hiding.

boom!

He frantically burned the life span in his body, and his black hair was flying, like a demon god, trying to rush out of Qin Chen's ultimate move.

But Qin Chen didn't give him this opportunity at all, hum, in the sky, a towering palace phantom appeared, and it was the palace of Zi Xiaodou.

The palace trembles, and a world-shattering aura bursts out, and the cover is instantly pressed down, and it smashes on the body of Jiuyou Holy Master.

When Qin Chen was only half-step to the peak of the holy lord and couldn't master the palace of Zixiao Dou Li, urging the phantom of Zi Xiao Dou Li's palace was enough to kill the holy lord of the early peak. Now Qin Chen has broken through the holy lord. Realm, can finally spur Zixiao Dousizong, how terrible is the power that burst out?

No one can describe it, not even Qin Chen himself.

Boom!

The phantom of the Palace of Zixiao Douzhi was suppressed, and the body of the Holy Master Jiuyou immediately began to crack, and a series of terrible flames poured out from the Palace of Zixiao Douzhi, rolling out, covering the Holy Master Jiuyou, piercing through His body blasted his body directly, and his body collapsed, and even Qin Chen felt the collapse of his Holy Master Origin.

"I'm dead, did I just die like this? No, it's impossible!"

The whole body of Jiuyou Saint Master glowed, and the gloomy light on his body boiled again. At this moment, Qin Chen sent out four swords in succession, coupled with the suppression of Zixiao Dousiligong, exploded all his body protection supernatural powers and treasures, Jiuyou A dazzling gloom burst out of the holy master's body, and the whole person turned into a billowing gloom, flashing like lightning, about to break through obstacles and escape Qin Chen's suppression.

However, just as he soared, an ancient mirror and an ancient clock appeared. It was a god-illuminated mirror and a god-illuminated clock. When the bell sounded long, conveying the ancient and modern future, it suddenly rushed into the soul of the Nine Nether Lords, and at the same time , In the palace of Zi Xiaodou, boundless flames poured out.

Qinglian Demon Fire, Nether Sky Ice Flame, Great Sun Golden Flame, Yin-Yang Soul Fire, Purple Ambiguity Real Fire, Calamity Fire, and many terrible flames, especially the Calamity Fire, which carries the power of disaster. The flame turned into a billowing tide, instantly enveloping the Nine Nether Lights transformed into the Nine Nether Lord.

[Chapter 3210: Kill the sky](#)

In the boundless flames, Qin Chen's icy voice was heard: "Sacred Master Jiuyou, you are here to attack Ben Shao, and you will die today. Don't worry, you will not die in vain. All your laws, origins, and strengths will all be Refined and absorbed by Ben Shao

, It is your honor to become Ben Shao's own strength. "

That faint light is the concentration of all the essence of the law of the Nine Nether Lords, and it is wrapped in the many sky fires that Qin Chen sacrificed, and coupled with the suppression of the Zixiao Dousizong, it is immediately unmovable. Although Saint Master Jiuyou is an old mid-level master master, he was first injured by Palace Master Guanghan and Saint Master Yaoguang, and then attacked

by a sneak attack. The origin within the body was directly broken, and Zixiaodou led the palace's suppression. , Almost nothing

The power to fight back.

The torrent of billowing flames envelops the Saint Master Jiuyou, who is about to be received by Qin Chen into the Palace of Purple Cloud for refining.

"Stop!" The Savage Sage Lord had also come to the front at this moment. Seeing this scene, he was frightened and angry. He roared, the sky was cracked and rumbling, and there was a thunderbolt on the Void Fault. A savage light directly hits

Coming here, to rescue the Jiuyou Holy Master.

"Wild Lord, I have been waiting for you for a long time." Holy Master Yaoguang sneered. After he and Palace Master Guanghan attacked and severely injured Holy Master Jiuyou, they were already ready to go. The main body is glowing, and the mighty radiant aura lingers on his body, it hits the wild holy master with a punch

.

Palace Master Yonghe and Palace Master Ling Xue also reacted instantly, panicking, and hurriedly helped.

They knew that the people of Yaomie Mansion must not be allowed to have an accident here, otherwise they would be finished.

boom! In the void, the attacks of the Holy Master of Light and the Holy Master of Wilderness collided fiercely. One figure carried an endless wild aura, domineering and mighty, like a wild beast, while the other figure was a bright divine light. Domineering

, The two collided, and the void suddenly caused countless ripples and expanded wildly.

The heaven and the earth sounded like a huge explosion. In this big explosion, the savage saint master was abruptly blocked and stayed in the void, and the divine master was even more uncomfortable. He kicked and kicked, and he took seven or eight steps backwards to stabilize his figure. , His face was faintly pale, and blood surged in his body

Moved, almost spit out a mouthful of blood.

However, he urged the power of Saint Yuan to immediately suppress the qi and blood in his body, his eyes rose sharply, and his fighting spirit was boiling.

"Good job."

The Holy Lord of Yaoguang was full of fighting spirit and was extremely overbearing. Although he was downwind in the previous blow, there was no frustration on his face, but endless fighting spirit.

It should be understood that he is not facing ordinary people, but the wild saint master of Yaomie Mansion, a veteran mid-term saint master, and he does not have much time to break through the mid-term saint master. It is already satisfied to be able to fight like this.

As long as he is given enough time, he believes that sooner or later he will be superior to the Wild Lord.

"Damn it, get out of me!"

The Wild Lord's face was blue and ugly. He never expected that his powerful blow would be blocked. Boom, he burst into the sky with wild air and killed him again.

Bang bang bang!

He fought against the Lord of Yaoguang, and suppressed the Lord of Yaoguang strongly, causing the Lord of Yaoguang to retreat continuously and could only parry.

However, Holy Master Yaoguang also blocked him, making him unable to intervene in Qin Chen's refining of Jiuyou Holy Master.

"You two rubbish, don't help yet."

The Savage Lord was extremely anxious, and shouted at Palace Master Yonghe and Palace Master Ling Xue. Palace Master Yonghe and Palace Master Ling Xue watched the battle between the two sides, feeling the terrifying pressure of the mid-term Holy Master, they were already terrified, where there was still courage to come up, but the Wild Holy Master spoke, and the two dare not listen. Carefully move towards

Qin Chen flew over.

"Hmph, try it." But for an instant, an icy chill came over. It was Palace Master Guanghan, her eyes were cold, she stepped forward, shocking Palace Master Yonghe and Palace Master Lingxue, but Did not do it, but leaned out the fibrous hand, turned into the light of ice, and came instantly

In front of the savage Lord.

She obviously also saw the current state of the Holy Lord of Light. Although she frequently counterattacked under the attack of the Wild Lord, she was very embarrassed and obviously still couldn't hold on for long, so she shot and joined the battle group.

Bang bang bang!

With her joining, the Holy Master Yaoguang immediately became even more powerful, and the two mid-term Holy Masters joined forces to resist the Wilder Master, and did not give him the slightest chance of rescue.

"Refining for me!"

On the other side, Qin Chen urged Zixiao Dousui Palace, and the billowing flames spread out, and the powerful force began to refine the Nine Nether Lords. A surging Nine Nether power swept out of the body of the Nine Nether Lords. .

"Good fellow, such a strong source of the Holy Master!" Although Qin Chen was promoted to the realm of the Holy Master, when he was forcibly refining the Holy Master Jiuyou, he found that the Holy Master Jiuyou was very tenacious. At this time, he was still resisting. , Hiding the soul under the light of Jiuyou, forming an extremely tenacious

The barrier made Qin Chen unable to refining in a short time.

"Huh, the origin of magical powers, the origin of all things, the art of patching the sky, smelting the world!" Qin Chen urged the power of Origin, spurring Zixiao to rate the palace, and displayed the art of patching the sky, the power of patching the sky, began to penetrate In the Palace of Zixiaodou, began to seal all the essence of the heavenly path, lifespan, and supernatural powers of the Nine Nether Lord Lord

, To refine him.

Hum!

The Holy Master Jiuyou roared in pain, and he refused to give in. However, under the power of the sky patching technique, it was a little bit of wear away, and the light of Jiuyou continued to wear away, a little bit.

Seeing that the Holy Master Jiuyou was about to be completely wiped out and refined.

Abruptly--

boom!

The void where the ancient prohibition was located suddenly erupted with a roar to the sky, followed by a towering domineering figure with endless killing intent, suddenly rammed out of the ancient prohibition.
