

## Valkyrie 3211

### [Chapter 3211: How many secrets](#)

The terrifying claws seemed to be able to squeeze the stars and directly grab Qin Chen's head.

"Qin Chen be careful!"

Palace Master Guanghan and Holy Light Yaoguang both exclaimed. The moment the Heaven Extinguishing Holy Master appeared, the void was shaking, exuding a terrifying aura, and a strong sense of crisis emerged in both of them.

This is definitely a terrifying powerhouse above the Wild Saint Master and the Nine Nether Saint Master. It's no wonder that in the Eastern Heaven Realm, the reputation of the Slayer Lord is so much more terrifying than the Wild Lord and the Nine Nether Lords, because this person is too strong, and between the strikes, the aura soars, like a rainbow through the sun, like a round The scorching sun exploded, and the endless void was full

With amazing power, drown everything.

Under this blow, Palace Master Guanghan and Holy Master Yaoguang both had a feeling of difficulty breathing, and the circulation of the Saint Yuan in the body was somewhat stagnant.

They are too strong. If they were to be replaced, they would definitely be seriously injured by this blow.

Can Qin Chen stop it?

boom!

The terrifying palm of his hand, like an ancient sacred mountain, came to Qin Chen's head in an instant.

"Roar, war, war!"

At this critical moment, a towering white bone figure suddenly appeared in front of Qin Chen. It was the corpse of a war clan. It suddenly resisted Qin Chen, squeezing a huge white bone fist, and slammed it out.

boom!

The palms of the bones collided with the dark palms of the ancient sacred mountain, sending out a shocking explosion, like the same big sun exploded, and the terrible explosion swept like an ocean.

Pedal!

Amidst the ocean, the corpses of the war clan retreated again and again, the death air on their bodies was constantly extinguished, and the soul fire in their eye sockets was also constantly flashing out, and there was a creaking figure all over the body, and there was a feeling of bursting open.

For the first time, the corpse of the war clan was under tremendous pressure.

"So strong!"

Qin Chen's heart was dark, revealing a solemn color, and the strength of the Sage Master exceeded his expectations.

"Huh? It actually blocked the blow of this seat. What is this? The corpse of an ancient alien powerhouse? Can be moved by you? Boy, how many secrets do you have?" In the void, a towering figure walked out. Now, he is surrounded by the aura of destruction. He walks between the heavens and the earth, like a king patrolling the heavens. His domineering aura soars to the sky, and the thick and powerful laws linger around him, turning this heaven and earth into himself.

Kingdom of God. This is the Sage Master, he looked at Qin Chen coldly, his eyes were always cold, and he couldn't see the slightest emotion, even the corpse of the war clan displayed by Qin Chen resisted his attack. He was already calm, as calm as

The mountains are average.

"Boy, I know that the soul of the Holy Master of Nine Nethers has not yet died. If you hand over the soul of the Holy Master of Nine Nethers, offer the inheritance of Venerable Skyfire, and take refuge in my Yaomie Mansion, there may be a way of life, otherwise, die!

Sage Master said coldly, domineering unparalleled, the rumbling roar echoed in the void, the entire void vibrated under the power of his law, and the way he spoke was just as usual.

At the level of the Holy Master of Destroying Heaven, the understanding of Heaven's Dao had already reached a perverted level. With a wave of his hand, he could arouse the power of heaven and earth and issue a peerless attack.

"Huh, let Ben Shao hand over the Nine Nether Lords? It's ridiculous, do you think you can kill Ben Shao? You Yao Mie Mansion colluded with the demons and cultivated the power of darkness, wanting to rule the Eastern Heaven Realm. This matter, sooner or later, it will come to light in the heavens."

Qin Chen said coldly.

what?

The look of the Lord of the Light and the Lord of the Guanghan Palace changed, and the Yaomie Mansion colluded with the demons to cultivate the power of darkness? There is such a thing?

Palace Master Yonghe and Palace Master Ling Xue changed their expressions. They really didn't know about this. Collusion with the Demon Clan was a great crime of extermination.

"Boy, death is approaching, and my mouth is still stiff. My Yaomie Mansion is colluding with the demons and talking nonsense. Do you have evidence? No evidence, slanderous, ridiculous."

The Sage Master sneered and said, as he walked step by step, there were stars spinning in his eyes, brewing peerless murderous intent.

"Evidence? Yao Wuming can prove everything in the place of the heaven trial." Qin Chen sneered, but in his heart he secretly sighed that the Heaven Destruction Saint Master was so cunning. Under this circumstance, he still didn't admit it.

"The Nameless Son?" Sage Master Mietian frowned, and his heart fell cold. In the Yaomie Mansion, people who truly cultivate the power of darkness have all levels, but they are strictly selected, like the Savage Saint Lord and Jiu. The two masters of You Sheng had never practiced, but Yao

Anonymous is definitely one of them.

Because Yao Wuming is the most outstanding talent born in Yao Mie Mansion over the past ten thousand years. He was originally trained in the direction of heirs, which is extraordinary.

If Yao Wuming was really killed by this Qin Chen, he would definitely be exposed to the power of darkness before he died.

Even though he thought of this in his heart, the face of Mietian Saint Lord remained silent, but the intention to kill was even worse, so he couldn't keep it. "It's ridiculous, Qin Chen, you killed my sacred son of the Yaomie Mansion, and you want to blame me on the Yaomie Mansion. Are you ridiculous? You really colluded with the demons, isn't it you? Not much nonsense. The seat will represent the human race of the heavens and capture you as a traitor

Take it to comfort the spirit of the fallen ancestors of my human race. "

The voice of the Holy Master of Mietian fell, no longer talking nonsense, booming, he stepped out suddenly, and came to Qin Chen again to capture it.

Hum!

This side of the world became dimmed in an instant, and the big hand came out, and all the light disappeared, as if it had fallen into endless darkness. In the big hand, the aura of destruction surged, imprisoning everything, and imprisoned Qin Chen to death. In it.

The reason why the Sage Master and Qin Chen talk so much nonsense is not that it is boring, but that he secretly gathers his strength to seal off the void of one party, so that Qin Chen and the others will turn into turtles in the urn.

Under this magical power of destruction, the corpses of the war clan may not be able to hold them. Don't explode the death air on your body, and you will definitely lose your combat power at that time.

At the critical moment, a breath of time surged in Qin Chen's body.

"Hahaha, want to imprison Ben Shao? Sacred Master Exterminating Heaven, Ben Shao will kill your Yao Mie Mansion sooner or later, and level down your entire mansion." Qin Chen yelled, and the law of time suddenly turned around. At the moment when the Kingdom of Destroyed God is about to be formed, Qin Chen confines time, seizes the opportunity, sneers, turns into a thunder light, and rushes toward the void ruins in the distance.

Away.

"Sacred Master of Extinguish Heaven, there will be a period later!"

There was a rumbling voice, Qin Chen's figure flashed, and he was about to escape into the depths of the ruins and dive into the interlayer of space.

boom!

The law of time disappeared, and the ruined kingdom of God of Exterminating Heaven was formed, but Qin Chen had already fled here.

"The law of time? And, the law of thunder?" The Sage Master stared at Qin Chen's disappearing back, and couldn't help but sneered: "It is said that this child also masters the law of time. How many secrets are there? The law of time, but the power of the law that even the pinnacle holy master may not be able to master? How does he control it?"

### [Chapter 3212: Do not escape](#)

The Lord of Exterminating Heaven is puzzled.

However, he didn't think about it in depth either, he just smiled coldly at Qin Chen's disappearing back. "Unfortunately, this kid is still too naive. If he escapes to other places in the heavens, maybe I am still a little worried about the news being transmitted, but he panicked and ran to the center of the ruins of the heavens fault, thinking that he would be able to hide through the space fault.

Avoiding my pursuit, this is simply seeking a dead end, as everyone knows, escaping to such a sinister place will only make him die faster. "

With a sneer, the Sage Master suddenly stepped out and said coldly to the Savage Sage Master: "The Savage Sage Sovereign, the Yaoguang Sage Sovereign and the Guanghan Palace Sovereign, will be handed over to you, entangle them, Waiting for this seat to return."

When the voice fell, his figure suddenly disappeared, breaking into the depths of the void and chasing after Qin Chen disappeared.

"Palace Master Guanghan, Qin Chen asked us to entangle the wild holy master, don't follow, what do you mean?"

Seeing the disappearing back of the two, Holy Master Yaoguang was a little startled.

Because before 'escaping', they had already secretly transmitted the two of them, so that the two of them should not be nervous. He will enter a Jedi with the Lord Slayer. He and Palace Lord Guanghan only need to entangle the Savage Lord. Okay.

Palace Master Guanghan also received Qin Chen's voice transmission, and his expression was somewhat dazed, but thinking of Qin Chen's terrifying strength and the terrifying thunder on Qin Chen's body, Palace Master Guanghan's heart was immediately filled with Gained confidence.

"Qin Chen said so, he must have his intentions, the two of us only need to entangle the wild holy lord."

Although the Holy Master of Extinguishing Heaven is extremely terrifying, Palace Master Guanghan is also full of confidence in Qin Chen, knowing that he must have deep meaning in doing so.

"it is good!"

The two looked at each other, one left and the other right, staring at the Wild Lord.

"You two didn't run away?" The Savage Saint Master was stunned. Now the Holy Master of Miserable Heaven has followed the kid away. In theory, it is the best time for the Lord Guanghan and Holy Lord of Yaoguang to escape. Therefore, the Holy Lord of Heaven Miser will warn himself before leaving and entangle the two, but What he never expected, Palace Master Guanghan and

The Holy Lord of Yaoguang didn't even have any intention to escape.

There was a strong anger in the heart of the wild saint. These two people simply looked down on him.

"Holy Lord of Light and Palace Lord of Guanghan, you are humans, but you are shielding Qin Chen who colluded with the demons. Now this seat has reason to suspect that you are also in collusion with the demons. Today, this seat will take you. Next, wait for the high level of the heavens to come down."

In anger, the savage saint lord shouted loudly, killing him instantly.

"Stop talking nonsense, war!"

The Lord of Light and Palace Lord of Guanghan also rose into the sky, bang bang bang, the two sides fought, and instantly fought into a ball.

On the other side, the Sage Master of Heaven Miser is swiftly following Qin Chen, but he unexpectedly discovered that under his own tracking, he hadn't seen Qin Chen's trace for a short time, and only felt what was left by Qin Chen's crazy escape in the void. The power of thunder and lightning. "This thunderous breath is so terrifying? What kind of thunder secret is this?" Sage Master of Heaven Miser realized Qin Chen's thunder and lightning power, and immediately muttered to himself in shock. The secret of Qin Chen's body made him even more powerful. Curiosity, a strong desire

The urge to capture Qin Chen and take away the treasures from him. It should be known that he had already sensed that Qin Chen was only an early holy master. Under this thunder secret method, his speed could be comparable to his mid-level peak holy master. If he could master this secret method, what would he do? powerful? I'm afraid God

The world is so big that he can travel.

The law of time, the secret technique of thunder, and the inheritance of Venerable Skyfire, these various secrets made the Sage Master's expectation of Qin Chen even stronger.

He shook his figure and continued to follow him away. But in the turbulent flow of the void not far in front of the Saint Lord Mietian, Qin Chen has stopped his figure, swish, swish, a silhouette rushed out from the jade disc of the world's good fortune, ambushing in this piece In the empty ruins of the space fault, and

The array flags that had been prepared a long time ago were shot out continuously, and after only a dozen breaths, those array flags had disappeared into the void, and there was no longer any shadow. Even so, Qin Chen still feels a little regretful. The time left by the Lord Slayer is too short. If he can give him a half-zhuxiang time, he has a greater grasp of the formation method. After setting the formation method, Qin Chen Not standing in place, but facing

The void fault flew over a distance before it stopped. "Are you not leaving?" Sage Master Mietian came over and saw Qin Chen standing alone in the void, and said with some doubts. In his opinion, Qin Chen

has the Thunder secret method. At this time, he should have escaped as far as he could. Maybe he thought he could escape.

Instead of standing here and waiting to die.

Although in his eyes, Qin Chen couldn't escape his palm even if he tried to escape, but Qin Chen stood here and didn't leave, but he was far beyond his expectation.

"Flee, why should I run?" Qin Chen sneered.

Hum!

In his hand, a sharp sword appeared, and as soon as the quaint mysterious rust sword was taken out, a cold and cold aura wafted out of the void. This cold power seemed to freeze the void.

"This is... what kind of holy soldier?" The Sage Master felt the breath on the mysterious Rust Sword, and was immediately shocked, because his holy master origin, instinctively felt a hint of crisis, as if this weird sword could hurt him generally.

"Is it a pinnacle Saint Master weapon?" The Heaven Extinguishing Saint Master's eyes were bright, and his eyes seemed to have flames burning. He naturally knew about Qin Chen's inheritance from Venerable Skyfire, but according to the news of the heaven trial. , The precious treasure Qin Chen got from the venerable sky fire is the purple sky pocket

Li Gong, where did the simple and simple sword in Qin Chen's hand come from?

With such a strong murderous intent, even he felt heart palpitations, at least it was the top Saint Master weapon.

"Okay, very good, it seems that this time the gains of this seat are going to be great." The Sage Master stared at Qin Chen, and he had obviously regarded Qin Chen as his own impunity. He was sure that after Qin Chen came here , Didn't take the initiative to escape, but stood alone here. There was absolutely something to rely on, but he was not worried.

In the early and early stages of the Holy Lord's reliance, no matter how powerful, in front of his mid-level peak, it is also a cloud.

What's more, he himself has a strong foundation, which is where he is not worried at all.

"Presumably you think you have amazing supernatural powers, so you want to try to see what is the difference between yourself and this seat? I am as you wish today." Sage Master Xietian sneered, and did not give Qin Chen a chance to speak. He waved his hand.

boom! This time, the Sage Master madly released his original power, and the powerful law power instantly confined the void, and did not give Qin Chen a second chance to escape.

### [Chapter 3213: Heaven-destroying power](#)

At the moment when the Holy Master of Mietian made his move, the infinite power of Heaven-Extinguishing had begun to envelop Qin Chen and turned into a kingdom of God, covering the world.

In order to prevent Qin Chen from escaping, the Sage Master of Heaven Extinguishing even used his original power. Before the palm of his hand fell, the power of the endless sacred element had instantly traversed all the void and completely confined Qin Chen.

cut! Qin Chen shouted angrily, the mysterious rust sword in his hand was already mobilized by him, turned into a sword aura that pierced the sky, and slashed fiercely on the power of the source that the Sage Master displayed. It was just his Qin Chen's face changed as soon as Jian Guang cut up.

, Because he found that his sword light was unable to split the heaven-killing power displayed by the Holy Master Mietian.

Panic suddenly appeared in Qin Chen's eyes. Seeing the horror in Qin Chen's eyes, Holy Master Mietian immediately sneered with disdain. Did Qin Chen think he really couldn't trap him? Although I had not been able to trap him before, he hadn't used the power of destroying the sky at all, and this

Power is his most powerful source of power, and this is his hole card.

Although the simple sword in Qin Chen's hand exudes a terrifying aura, it is not enough to see it before his own power to destroy the sky. Originally, the \*\*\*\* of the sky was a little worried about Qin Chen's methods, but now his heart is completely complete. Put it down. It's ridiculous, this kid dared to stay and fight with him in such a short time. The imprisoning supernatural powers of this heaven-destroying power is only the first application of his heaven-destroying power, and he didn't even use it.

Halfway through the exhibition, the opponent has no choice but to fight this? This is not a level at all. Qin Chen's horror was a bit pretended, but there was also a part of his real shock. He knew that the space confined by the power of annihilation was definitely not a holy master domain, but a certain kind of supernatural power, and this supernatural power contained special power.

The amount, even the power of the space around Qin Chen was completely frozen.

This is not the main thing, mainly in this confined space, Qin Chen felt an inexplicable destructive power appearing in his body to destroy his physical body.

Qin Chen immediately understood what was going on. This heaven-destroying power's supernatural power could be directly born in the human body. Once it was imprisoned, it would naturally begin to attack the enemy, even without the enemy's initiative.

Qin Chen didn't have to fight once or twice. It was the first time he encountered such a strange supernatural power, and he was able to directly generate power in the opponent's body. No wonder the reputation of the Heaven Destroying Lord was so great.

Moreover, Qin Chen was also sure that the terrifying power of the Heaven Extinguishing Lord had not even been fully displayed, this was just the beginning.

boom!

When Qin Chen was imprisoned by the power of Mietian, the terrifying palm of the Lord Mietian finally fell. The palm of his hand was like an ancient sacred mountain, blocking all the void in Qin Chen's body. There was a way to punch Qin Chen. The feeling of bursting. Originally, Qin Chen wanted to fight the opponent and pretend to retreat, but at this moment Qin Chen immediately changed his mind. The

color of horror on his face became even worse, as if he could not breathe under this force, roaring Cast immediately

Exhibited the phantom of the Palace of Purple Clouds.

boom!

A palace phantom rushed out of Qin Chen's body, and immediately wrapped Qin Chen in it, and then violently collided with the huge palm of the Holy Master of Exterminating Heaven.

☹! The sky and the earth are cracking, this is really the sky and the earth. Qin Chen only felt a terrible force surging. There was a huge explosion between the sky and the earth, and the phantom of the palace in the purple sky displayed by Qin Chen seemed to be unable to completely resist it. Of the Lord

In the attack, one of the heaven-killing powers actually penetrated the phantom shadow of Zixiao Dou Ligong and directly penetrated into Qin Chen's body.

Qin Chen immediately let out a muffled snort, his face turned pale, as if he had been seriously injured, his face was ugly, he seized the opportunity, and immediately flew out with a sword cut, and the four sword auras rose into the sky.

This is exactly the four great sword auras that severely injured the Nine Nether Lord Master, destruction, killing, origin, and eternity!

The four great sword auras were like the pillars of heaven, violently bombarding the imprisoned space formed by the power of exterminating the sky, immediately blasting the space with a small trace.

Qin Chen didn't even think about it. After Jian Qi, he hurried out with a punch, the origin of the magical power of boxing.

With a "click", the imprisoned space was like an entity, and a crack was blasted out by his fist. Qin Chen immediately took a light to retreat from the passage, and then escaped from the imprisoned space of the power of the sky. .

But after this battle, his face was already very pale. "Sure enough, there are two things. Not only can you withstand the imprisonment of the power of extinction, but also resist my attack and break the void of the imprisonment. Unfortunately, even if you have the treasure of the venerable, you can't exert your true power. Still killed by me

The power of heaven hits, as long as it hits my power of destroying the sky, no one can resist the erosion of the aura of destruction. My power of destroying the sky will spread in your body and eventually wipe you out a little bit. "

Heaven Slayer Lord laughed loudly. Although Qin Chen escaped from his spatial confinement, his heart was completely relaxed.

Before, he was worried about what means Qin Chen deployed here, so he has been cautious, seemingly relaxed, but in fact his nerves have been tight.

But now that Qin Chen has displayed even the venerable treasures, he is still bombarded by his own power of Extinguishing Heaven. After raging in his body, the Holy Master of Extinguishing Heaven knows that Qin Chen is really arrogant. Can fight against myself.

This kind of idiot can also get the inheritance of Venerable Skyfire, and the Holy Master of Extinguish Heaven is even sighing, some people in this world are really lucky.

"Unfortunately, these treasures will eventually be cheaper for me. It seems that the one who is really lucky should be me."

Sacred Master of Heaven Miser laughed, too lazy to talk nonsense, and he suppressed Qin Chen when he was tall.

A black sky-extinguishing force formed instantly, and it came to Qin Chen's chest in an instant.

"Supernatural power of time!" Qin Chen was horrified on his face, as if he was completely afraid of the attack of the Sacred Master. Time rules, and the time between heaven and earth suddenly stagnated for a while, seizing the opportunity, Qin Chen immediately flew up. , Continue towards the depths of the space fault

Go deep.

boom!

Due to the time rule, the attack of the Lord of the Sky fell silent.

"The rules of time, huh, I have to get this magical power, but do you think that if you master the rules of time, you will definitely be able to escape the chase of this seat?" The Sage Master Mietian looked cold, in his eyes. , An invisible murderous intent permeated instantly.

#### [Chapter 3214: All the treasures](#)

Whoosh whoosh!

Numerous weird murderous powers suddenly appeared in the void on this side, which turned into a dense network, wrapped in them.

"Damn it, the origin supernatural power, the rifting divine mark, the ancient super divine way!"

Qin Chen shouted angrily. In the process of fleeing, two magical powers had already exploded, and the ancient aura on his body was permeated, and the ancient extremely divine way had also been bombarded out, and his appearance seemed extremely embarrassing.

"Huh? Desolate Ancient Divine Dao, is this the magical power of the Ancient Desolate Clan?"

Sage Master Mietian felt the horror of the ancient Divine Dao, and his face immediately showed a solemn expression. He snorted, and a black iron rod appeared in his hand, and a stick swept out.

boom!

The black iron rod swept across, exuding a misty murderous intent. The wild ancient divine way that Qin Chen displayed was annihilated in an instant, and it was directly exploded.

"Huh, it's just a little fur from the ancient Divine Dao, and I dare to use it to scare me..." The Sage Master snorted coldly, and he was relieved. Qin Chen's ancient Divine Dao was not so strong. He wiped it out with a stick. Did not consume too much power.

The idiot of Saint Lord Jiuyou was so careless before that he was attacked and killed by this kid. At this time, the vigilance in the heart of the Sacred Master of Extinguished Heaven has been completely let go. He has already felt it. Although Qin Chen's strength is very strong, it is only comparable to the average mid-term saint master, and even a mid-term saint master is in Sure

Under preparation, the opponent could not even defeat the mid-term Saint Lord.

The reason why Saint Lord Jiuyou was suppressed before was obviously because of the actions of Palace Master Guanghan and Saint Master Yaoguang, otherwise it would be impossible to suppress the Lord of Jiuyou with Qin Chen alone. Of course, this Qin Chen was only a half-step holy master after the end of the heaven trial. In these short years, he broke through the holy master realm, and demonstrated such terrible strength, able to compete with the mid-term holy master. The strong fight is already

A miracle.

But as far as his mid-term peak holy master is concerned, it is simply not enough.

Thinking of this, the Holy Master of Extinguishing Heaven completely relieved his heart, and swiftly pursued and killed Qin Chen, using the power of Extinguishing Heaven madly.

Bang bang bang!

Under the chasing and killing of the Holy Master of Exterminating Heaven, Qin Chen frequently used time supernatural powers to escape, and even urged the corpses of the war clan out, but he was still embarrassed and fled again and again.

"Hahaha, boy, don't even think about escaping. You can't escape at all in my hands."

Holy Master Mietian laughed, and a terrifying force of heaven suddenly filled his body, burning his essence and blood, and came to Qin Chen in an instant.

Just before he could take action, he saw Qin Chen's ridiculous and playful smile.

There was a sudden thud in his heart, and for some reason, he instinctively felt something bad.

This piece of void?

An inexplicable sense of crisis suddenly rose from the bottom of his heart, and he was about to rise into the sky subconsciously.

However, before he could do anything, Qin Chen had already activated the supernatural powers of time. Suddenly, the time in this world paused slightly, and then the infinite formations rose in the entire void.

Boom boom boom boom!

Between the heaven and the earth, countless formations rose up and turned into a vast ocean, confining all the tens of thousands of miles around here, and in an instant, a huge formation was formed.

The infinite array lingered, trapping the Sage Master in an instant.

"Formation? When did you set up the formation here?"

There was a look of anger on the face of the Lord Mietian, he did not expect Qin Chen to arrange a formation here? When? During the previous battle, Qin Chen had no chance at all, could it be before the battle? When chasing by yourself?

But even so, that period of time was extremely short, how could it be possible to deploy the formation so quickly?

"Hmph, you want to trap me with this formation? Open it for me!"

With a cold heart, he roared, and the black iron rod in his hand swept down frantically towards the surroundings, to explode this square formation. What he is nervous about is not these formations, because with Qin Chen's cultivation base, even if the Saint Lord is set up, it is impossible to trap him. What he is nervous about is Qin Chen's actions. He has enough time to be here. Arrange the formation, why not escape

? Moreover, the strange smile on Qin Chen's face made his heart chill even more.

boom!

Under the stick of the stick and shadow, the heaven and earth seemed to be split under the stick of the saint master, and under one stick, the sun, moon and stars would burst.

"Hahaha, God Slayer, now that I have come to this young man's formation, stay here obediently, why are you so nervous?"

A sound of laughter resounded, and Qin Chen had an abusive smile on his face. At this moment, he was still embarrassed before, and even his pale face became ruddy, as if he was not injured at all.

This is impossible?

The other party obviously has his own power to destroy the sky, how can there be nothing at all? Even if it is the mid-term Saint Lord, he will be injured under his own power of destroying the sky. Is this Qin Chen unscathed?

An incredible look was revealed in the Sage Master's heart, but his hands kept moving. He didn't know what Qin Chen was doing, but his years of fighting experience made him feel the crisis instinctively and decided to rush out of this piece first. Let's talk about the area.

However, when his black long stick just broke out against the weather and was about to break the formation--

boom! In the sky, a terrifying palace phantom appeared. It was the Palace of Purple Clouds, but this time the aura erupted from the Palace was more than twice as strong as before. When, the black in the hands of the goddess of destruction The long stick sweeps in the palace

Above, it was impossible to shake the palace phantom, it just trembles the palace phantom constantly, but it cannot be swept away.

what?

The Holy Master of Exterminating Heaven was shocked, why is the power of the same Zixiao Doushou Palace more than twice as powerful as before?

If the Holy Master of Exterminating Heaven still didn't understand that he had entered Qin Chen's trap, then he would have lived so long in vain.

He missed a hit, without any hesitation, turned around and left, trying to kill from the other side.

Hum!

Just when he moved, on the other side of the void, a dark palace emerged, and the devilish air lingering in the sky unexpectedly performed a kingdom of the demon god, blocking his retreat.

It's the palace of life and death!

Breaking through the Holy Lord, Qin Chen was finally able to mobilize his treasure in the Five Secrets.

"This is... the palace of the demon race? Holy master treasure? You really colluded with the demon race? No, the aura in you is still the power of the innocent human race. How can you spur the demon race's holy master treasure? "

The Sage Master was frightened and angry, his face changed, and he dared not talk nonsense, and rushed in another direction.

Boom!

In that piece of void, a jar appeared, and in the mouth, there was pitch black, as if it could swallow the infinite world, like a black hole, blocking the way of the Holy Master Mietian. It's the Swallowing Jar!

[Chapter 3215: Anger of the Sky](#)

boom!

The sky-swallowing jar floats and sinks in this universe, and amidst the space ruins, an ancient earthen jar stands tall, in which it is extremely mysterious, like a black hole, emitting a faint cold light, swallowing a terrible rainbow.

Oh oh oh!

In the sky-swallowing pot, the terrifying wild ancient air poured out, turning into a vast ocean of wild ancient rivers, instantly enveloping the Lord of Exterminating Heaven.

In addition, the Shenzhaojing and Shenzhaozhong also appeared, the power of belief ups and downs, and many terrifying powers turned into a vast ocean, completely enclosing the heaven and earth in this place.

In addition to a few great treasures, there is the aura of the sky-reaching formation, exuding a magnificent aura. The combination of these holy master treasures and the formation forms a majestic picture that will never be remembered by the saint master.

Bang bang bang!

Several great treasures of the Holy Master floated and sank, and the Holy Master roared again and again, constantly waving the black stick, the terrifying Qi Tiantian soaring, but he could not rush out of this world. It's nothing more than that Zixiao Dousing Palace, it's a treasure of the venerable. Under the urging of the big formation, it's nothing more than to resist him, but what the \*\*\*\* is that black magic temple and the black stone pot, exudes Breath, the same terrible, let him

Feel a strong crisis.

In comparison, Shenzhaojing and Shenzhaozhong are nothing. "Holy Lord's Peak Treasures, this black magic temple and black stone jars are definitely holy master's peak-level treasures, otherwise it would be impossible to exude such a terrible aura." The Holy Lord's heart was horrified, and a chill emerged, even more crazy. Out of

Hand, want to rush out.

"Sacred Master of Destroying Heaven, since he is here, leave it to Ben Shao." Qin Chen still has the fragile appearance before. On his body, the horrible wildness of the ancients is ups and downs, and the power of origin is haunting the world. , The whole person is like a god, walked out of the void, and slashed down to the Sage Master

Come.

boom!

The sword light pierced the sky, as if to split the stars of the universe, a sword aura that pierced the sky swept across the silent and dark void, violently slashed out, stunning the years. Qin Chen took great pains, and the purpose of laying traps here was not to repel the Sage Master, but to kill him and stay in this lonely starry sky forever. At this moment, Qin Chen completely Broke out that I really

The strength, there is no trace of retention.

You know, although he has entered the realm of the Holy Master, it is definitely not that easy to kill a Holy Master at the mid-term peak. "This sword aura..." The Sage Master looked at the sword aura from Qin Chen in disbelief, his eyes were dignified, he stared firmly, and a strong sense of crisis suddenly emerged in his heart. I wake up, this sword can definitely hurt

Hurt him.

This Qin Chen's vicious heart, with such strength, was actually hidden, and it was only now that it really showed it. At this moment, the shock and shock in his heart was several times more than Qin Chen's. No matter what Qin Chen's strength was, he saw Qin Chen's cultivation level very clearly. At most, he was just an early holy master, a small one. The little early holy master, actually

There are so many things against the sky, and with such terrible strength, if this is spread out, it can simply cause a sensation in the entire heaven.

A terrifying sword light swept over, and the Heaven Extinguishing Lord knew that he was in a crisis, and could not think about it, but he had to think about it, and even trembled. The treasures of the holy master's peak such as Zixiao Dousui Palace, the Venerable's Treasure, the Hall of Life and Death, and the Sky Swallowing Jar, as well as the mysterious rust sword in Qin Chen's hand, have already possessed his

time supernatural powers, the law of thunder, and even disasters... ..Wait these, which one is not heaven

What do the powerful saints long for?

If these things become his, what kind of cruel man will he become? The Sage Master did not continue to think about it. Instead, there was a feverish look in his eyes, because all Qin Chen's hole cards have been exposed. Although the things on display are extremely horrible, I am afraid that if you want to kill him, it will never be so. Content

easy. The black iron rod was instantly urged by the Sovereign Lord, and countless auras of destruction bloomed on it, and a series of terrible runes flowed out. The whole iron rod seemed to smash the world. Facing Qin Chen's sword fiercely

Smashed up.

"Boy, die to me!"

The Holy Master Mietian even burned his own origin, and the terrifying power of Mietian lingered out, to crush the big formation under Qin Chen's cloth, he must suppress Qin Chen in the shortest time, otherwise the night would have long dreams.

At this time, he was no longer an order from Palace Master Yao Mie to act on Qin Chen, but to take all Qin Chen's things as his own.

But when the black iron rod in his hand collided with Qin Chen's mysterious rust sword, his face changed.

The sword light with many artistic conceptions of destruction, killing, origin, eternity, etc. kept cutting down, one sword is more than a dream, and one sword is more violent.

Boom boom boom boom...The black iron rod blocked Qin Chen's hundreds of swords continuously, but his hands were already numb, and what was even more terrifying was a cold force that was passing through again and again. The attack rushed into his mind quickly, this coldness

The power quickly corroded his soul, causing bursts of acupuncture-like pain in his soul.

Above his soul, cracks have begun to appear, and this weird and simple black sword can actually hurt his soul.

In addition, a series of terrible atmospheres of civilization and origin are pouring out, and at the same time, there are endless sky fires pouring down.

boom!

Calamity and Ninghuo brought a few big fires, and the Holy Lord of Extinguishing Heaven was wrapped fiercely.

Calamity and Underworld Fire is the flame of the Venerable. Although under the control of Qin Chen, it can't exert its true power, under the blessing of Zixiao Dousiligong, a power that induces the law of calamity suddenly diffuses out.

"Ah!" At this time, the Holy Master of Extinguishing Heaven was already filled with fright and anger, cracks began to appear on his soul, and his body was also severely pained by the fire of disaster. Suppression of the Lord's Treasures, the Lord of Elimination of Heaven feels

The origin has a feeling of being broken.

This is something he has never encountered before.

"Boy, do you really think you are determined to win?"

Sage Master Mietian's eyes were cold, and in his pupils, a terrifying source of darkness lingered out of his eyes, and said coldly: "You forced me."

Hum!

A dark breath filled his body, and in an instant, the Holy Master of Extinguishing Heaven seemed to be a person, lingering black magic power, and the whole person became extremely cold and evil. The black matter on his body began to corrode the void around him, contaminating the void in the heavens.

#### [Chapter 3216: Unfortunately no prize](#)

"The power of darkness?"

Qin Chen coldly felt the aura on the Sage Master, the Sage Master at this time was like a person, becoming extremely evil and hideous.

"Boy, I didn't expect you to know the power of darkness, yes, this is the power of darkness!"

The eyes of the Lord Mietian were confused. Although the power of darkness improved his cultivation, it made his mind even more crazy, like a demon. The power of darkness in his body began to corrode the heavens of the heavens. Fortunately, here is the fault space of the broken places of the heavens. The power of the heavens is very thin. If it is in other places in the heavens, once the goddess of the sky displays the power of darkness, it will be instantly meeting

Being targeted and squeezed out by the Heavenly Realm, it attracted a special vision.

"Qin Chen, you are very strong, and you can count on me. Unfortunately, you still have to die here. Under the power of darkness, the strength of this seat has been amazingly improved. Even if you have great means, it will be difficult for you. Resist the erosion of the power of darkness."

Sage Master Mietian said coldly, black energy in his body was constantly pouring out.

boom!

He shot and blasted towards Qin Chen. Suddenly, the terrifying power of darkness overwhelmed everything. Even the way of heaven was corroded wherever he passed. He was evasive, and he didn't dare to be light-hearted.

He started killing, and wanted to break through Qin Chen's big formation first.

But Qin Chen's expression remained unchanged, and even sneered: "Funny, dark power, do you think you alone have it?"

He said coldly, then waved, "Do it!"

Buzzing!

In an instant, in the void around this, a series of terrible figures appeared. The two leading people were Qin Mo and You Qianxue. Behind them, Yao Wuming, Su Quan, Lingyuan, Tu Moyu, Murong Bingyun and others appeared together, one by one in the eyes of the formation. In, each inspired all its strength

Boom boom boom boom! The terrifying auras of the Holy Lord soared into the sky, forming a terrifying formation in an instant, especially Yao Wuming, Su Quan, Lingyuan and Tu Moyu, who also exuded an astonishing aura of darkness, blended in In the big formation, to death

Imprison and destroy the power of God.

Regarding the power of darkness, Lingyuan and Tu Moyu came from the top Saint Demon Race and the Dead Demon Race respectively, and they were much more proficient than the half-hanging human race Saint Master Exterminator.

The four powers of darkness permeated at the same time, suppressing the power of the Holy Master of Extinguishing Heaven in an instant.

"what?"

An unprecedented panic appeared in the eyes of the Saint Lord Mietian.

"The Nameless Son? Su Quan, why are you here?"

His eyes were so round that he could hardly believe his eyes.

"Holy Master of Destroying Heaven, why bother to resist? Convert to the master to get true eternal life and the supreme way."

Yao Wuming and Su Quan said coldly.

the host.....

The Sage Master of Heaven Miser suddenly looked at Qin Chen, and his eyes revealed disbelief, "You... actually enslaved them?" What shocked the Sage Master of Heaven Miser was that not only did Qin Chen enslaved Yao Wuming and Su Quan, but also There is a holy master of the demon clan, shit, is he dazzled? The demons have always been known for their soul power, and there are many human masters who have been taken away by the demons, but he

I have never heard of someone who can enslave a demon master.

Is he out of date, or is the world too crazy?

wrong! Suddenly, the Sage Master suddenly woke up, Qin Chen enslaved Yao Wuming with no problem. After all, Yao Wuming entered the heaven trial ground, but Su Quan was not sent to the lower realm by Lord Palace Master? Seems to be going to a time book

The lower plane continent of the source has gone.

The origin of time? !

A flash of light flashed across the Saint Master's mind, stunned him completely. At this moment, a possibility suddenly rose from his mind.

"You, are you from the lower realm, from the lower plane that has the origin of time?"

He suddenly raised his head and stared at Qin Chen as if he had seen a ghost.

Qin Chen actually came from the lower realm?

Although he was unwilling to believe this fact, whether it was Qin Chen's unexpected mastery of time magical powers, an unknown source, and the sudden appearance of Su Quan, all revealed a possibility.

That was the young man in front of him who couldn't investigate the origin in the heavens, most likely he came from the lower realms.

But how can a person in the lower realm have such a talent? Even practicing so fast, all of this is totally unreasonable.

Because the resources of the lower planes are extremely lacking, and the laws of heaven are extremely weak. Some people who can be called geniuses on the lower planes will become mediocre once they fly into the heavens.

This is not because their talent is not good enough, nor is it because they don't have enough resources, but because they are from the lower planes, their foundation is too weak, which limits their development.

But now Qin Chen does not have this restriction at all.

There is only one possibility!

Unless, Qin Chen is from the Source Continent that has the same origin as the Heaven Realm.

Only in this way can all this be explained.

Yes, and only places like Origin Continent can be favored by Time Origin, otherwise, how could such a heaven-defying treasure such as Time Origin easily appear in a lower realm with little reputation.

"Are you... a genius from the Source Continent of the Lower Realm?" He stared at Qin Chen, his expression furious.

I have to say that this person is extremely powerful, and in an instant, from the clues of all this, he analyzed the origin of Qin Chen, which was amazing.

"That's right, but no prize!"

Qin Chen smiled coldly, hum, in his body, there was also a dark aura permeating out, it was the dark civilization he had mastered, sacrificed the mysterious rust sword, slashed out with one sword, and slashed towards the Sovereign Lord Come.

"Damn, you can't kill me!"

boom!

The Sage Master was mad, and he also knew that he had reached the critical moment of life and death, and he was mad to kill him, and he did not dare to fight Qin Chen recklessly, but wanted to rush out of the big formation and escape here madly.

He already knew Qin Chen's countless secrets. Under the anger in his heart, where would he dare to stay here more, Qin Chen's methods made him this mid-term peak, the well-informed saint master, feel the creeps.

Where is this person? This is an evildoer.

"Can you go away?"

Qin Chen sneered. He arranged so much for the purpose of keeping the Sage Master, how could he let him escape.

boom!

There was a dark atmosphere on one side of Qin Chen's body, and on the other side, a lot of thunder light filled Qin Chen's body. Two completely different powers appeared in Qin Chen's body, blatantly killing the Sage Master.

Bang! When the two fought, the face of the Lord of Heaven Exterminating showed a look of horror, because he found that his power was restrained by Qin Chen to death. The power of thunder seemed to be able to restrain him, and the darkness on Qin Chen's body Strength while also learning

And assimilate the dark power in him. This is hell.

### [Chapter 3217: Completely at a loss](#)

At this moment, the Holy Master of Mietian was completely at a loss.

How could this be?

The pride in his heart completely disappeared, and he showed an unbelievable expression again, because even if he burst out the power of darkness, he was still suppressed by Qin Chen?

How could this be?

The power of darkness is extremely taboo, extremely abnormal, and can even hurt the origin of the heavens, otherwise it would not be regarded as unknown, but now, his power of darkness is actually suppressed by the power of thunder on Qin Chen.

It was nothing more than suppression, the power of darkness dissipated, Qin Chen felt a little bit, and merged into his own dark civilization.

In the Book of Origin, it is actually difficult to simulate the true power of darkness, but as Qin Chen realized the power of darkness more and more, the dark civilization in the Book of Origin became more and more real and terrifying. .

Dark civilization, thunder power, and the two powers turned out to be like a yin and yang Tai Chi diagram, which opposed each other but complemented each other.

boom!

Qin Chen was full of chaotic rays of light, black light radiated from his body, and his figure became hazy, like a \*\*\*\* descending, dominating everything.

In addition, Zixiao Douluo Palace and many other treasures also showed off their power, bursting out power against the sky, suppressing the Divine Lord.

"what!"

The Sage Master roared, but the injuries on his body became more and more serious. His face was completely blank, the confidence built up in his heart completely collapsed, and this time it was completely collapsed from the inside out.

He stared at Qin Chen with endless horror in his heart.

I thought that this time when he came to Wen Hantian, he was just doing something casually. Although he had made all kinds of emergency preparations, he never expected that he would fall into such a terrible desperation.

boom!

He was furious, killing frantically, and wanted to rush out of the big formation, but how could Qin Chen give him a chance, the terrible holy formation ups and downs, and many supreme treasures suppressed, forming this world into a copper wall and iron wall.

"I fight with you!"

The Sage Master was horrified and completely mad. In his body, the terrible divine substance was exerted, and the power of darkness soared to the sky. The whole person's eyes were dark, as if he was in madness.

Boom boom boom!

The world is shaking on this side, the void will burst into pieces, turning into dust, and the life and death hall and other things are trembling.

It has to be said that the Saint Master of Extinguishing Heaven is too strong, the powerhouse at the mid-term peak, the top master of the Yaomie Mansion, these powerful people can destroy a heaven like Wenhantian with a single thought.

But at this moment, he was extremely embarrassed, burning his own origin, burning soul, and going crazy to escape.

"Holy Master of Extinguish Heaven, there really are two things!"

Qin Chen frowned, his own cultivation level was still not enough. After all, he had just broken through the initial holy master, and he had not even reached the initial peak. He could easily kill a middle-term holy master, but faced with monsters such as the \*\*\*\* of the sky, it was a bit difficult. .

However, it's just a little strenuous.

"The origin of time!"

Qin Chen's eyes condensed, and finally he no longer hides, and time reveals the origin of time.

Hum!

Between the world and the earth, there was a vast river of time at this moment. In the long river, the years flowed and vast, and you can see that it is actually flowing backwards.

As for the countless rules and countless chains of order gods, they burned and extinguished in Qin Chen's sea-like breath like waves, and returned to nothingness.

The origin of time, one of the most terrifying origins of the heavens, reverses time and reverses Yin and Yang.

No matter how strong the Sage Master is, even if he burns his origin and soul, he cannot resist the erosion of the power of time.

"kill!"

Almost at the moment when Qin Chen urged the origin of time, he slashed out with a single sword. One world was imprisoned, and time stopped flowing, completely imprisoning the Sage Master.

"Do not!"

Sage Master Mietian let out a roar of fright, trying his best to avoid it, but it was useless. The mysterious rust sword in Qin Chen's hand had already turned into a black light and pierced his body fiercely.

boom!

The power of darkness on the Saint Master Mietian undulated, but was quickly annihilated by the power of the thunder in Qin Chen's body, and could not resist any minute. The next moment, the mysterious rust sword pierced the body of Saint Master Mietian fiercely.

puff!

The sword light flashed, and the mysterious rust sword entered his body, and the Sage Master immediately felt a desperate power linger around his body, a cold power permeated, and it even penetrated into his mind and wanted to swallow his soul.

"Go away!"

The Holy Master of Mietian was furious and tried to resist the invasion of this cold force, but this cold force was attacking everywhere, making the Holy Master of Mietian completely impossible to resist.

"Ah, the forbidden technique of extinguishing the sky!"

The Heaven Extinguishing Lord roared and boomed, his body unexpectedly started a big explosion, a wave of shocking force swept out of his body like a vast ocean, and the whole person unexpectedly began to explode instantly. He is desperate. Knowing this situation, he will continue to resist. There is

only a dead end. Even the power of darkness cannot hurt the opponent. Everything about himself is already in the calculation of the opponent, so he wants to escape here. only

The only possibility is to explode.

How terrible is the self-destruction of a mid-term peak saint master? Holy Master Mietian had never seen it himself.

Especially his power of extinguishing the sky and the power of darkness, combined with the power of taboo, once exploded, it was enough to bombard and kill a holy master at the mid-term peak. He is confident that the terrifying impact formed by his self-detonation will surely be able to explode the great formation Qin Chen has laid down. At that time, he will flee from his soul. Although he has abandoned his physical body, his tens of thousands of years of hard work have fallen short, but as long as he lives, he will have Endless possibilities

.

He even thought in his heart that once he waited for his escape, he would send the Lord Palace Master the first time, let the Lord Palace Master do his own hands, even if exposed to the high level of the heavens, it would arouse the anger of the high level of the heavens, he must do so. Because this son is really terrifying. Not only does he have so many treasures on his body, but he also hides so deeply. Now he is only the early holy lord. It may not be long before breaking through the holy lord realm that he already has such a terrifying means. ,once

Waiting for him to continue to grow and step into a higher realm, such as the realm of the mid-term saint master, how terrible would it be?

The entire Yaomie Mansion will live under his shadow.

boom!

While being frightened in the heart of Miserable Heavenly Master, he completely aroused the origin in his body and blew himself up on the spot to kill Qin Chen.

However, it was almost that he had just exploded. The moment he exploded this space, he saw something unforgettable in his life, or the last thing he saw in his life. This is the sky full of black tentacles, countless black tentacles covering the sky and sun, as if forming a sky, exuding the terrible atmosphere of the origin of the demon, countless tentacles, crazy growth, instantly enveloping him who blew up , Stuck in it.

### [Chapter 3218: Ridiculous](#)

boom! The next moment, an endless explosion was born, and the rolling power poured out. The tentacle of the Tentacle Demon Tree was like a sharp blade, rooted in his body, and a strong engulfing meaning was born, madly devouring the Exterminator The force formed by the main explosion

the amount.

Rumble!

The terrible explosive force swept through, but was imprisoned by the Demon Tree of the Ten Thousand Realms, unable to cause real harm to Qin Chen at all.

"The Devil Tree of the Ten Thousand Worlds...the most precious treasure of the demons..."

The Sage Master did not continue to struggle, he stared at the Demon Clan Supreme Treasure before him, desperate in his heart.

He didn't even know which side Qin Chen was on, the Demon Race? Terran? Or something else?

The only thing he knew was that Qin Chen didn't want to save his own life at all, otherwise, the other party would not be so crazy and deliberately attacked himself.

At this moment, what emerged in the heart of the Sage Master was not panic, regret, or even anger, but ridiculous. It's ridiculous that I thought I could easily win the opponent. Even when I was caught in a big battle before, I still had disdain in my heart. But now, God Slayer knows that the ridiculous is actually himself, and the other party already knows his side. of

All the hole cards, and what the opponent revealed was only the tip of the iceberg. In the eyes of outsiders, this question to Hantian is just a small pool of water. A mid-term saint master can easily level it. The Jiuyou saint master thinks so, and the wild saint master thinks so. Although he himself does not despise it, he does not. I think asking Hantian can give myself

How much trouble it caused.

But now, he finally understood that it was himself that was ridiculous.

Asking Hantian is not a small pool at all, but an abyss, an abyss with no end in sight. It's not because of Qin Chen's strength, but the countless treasures that Qin Chen has in his hands. The Heaven Slayer Lord cannot believe how terrifying it is that he can possess so many heaven-defying treasures. He has not seen it before, even Did not listen

heard about it.

boom! The countless tentacles of the Ten Thousand Realm Devil Tree pierced his body, and the Holy Master Origin who was about to explode in his body instantly restored his calm. Numerous powers were crazy by the Ten Thousand Realm Devil Tree. The absorption of the world became

Nourishment of the tree.

"Kaka Kaka!" The Sage Master felt the collapse of the Holy Master's origin in his body, and countless Holy Master's laws spit out frantically, but such terrifying power did not escape, but was lost by the Demon Tree of the Ten Thousand Worlds Completely swallowed, the Ten Thousand Realms Demon Tree

There was a sharp scream, and there seemed to be a kind of extreme excitement jumping, unable to settle down.

puff! Then, that terrifying cold force enveloped the Saint Master of Sky Destruction. Just when his soul was about to be swallowed by that cold force, Qin Chen finally retracted the mysterious Rust Sword, and a powerful restraining force would destroy Saint Master of Heaven. The Lord's soul is imprisoned,

Throwing into the Palace of Zixiao Dousui, and then throwing into it, there are also the collapsed flesh of the Holy Master and the terrifying origin of the Holy Master.

Countless flames swept through the palace of Zi Xiaodou, and began to refine and destroy the body of the Holy Lord.

The void fault that originally exuded a terrifying explosion suddenly quieted down.

There is a broken scene in the void, which shows the previous battle, but the Sage Lord has disappeared. His whole person has been sacrificed by Qin Chen, integrated into the Zixiao Dousui Palace, and suppressed to the universe. Inside the good luck jade dish.

"dust!"

You Qianxue and the others flew over, she looked at Qin Chen with a smile, and did not have too many surprises for Qin Chen's killing of the Heavenly Lord.

But Murong Bingyun on the side couldn't restrain the shock in his heart.

God Slayer?

This is the fact that there are prestigious experts in the entire Eastern Heaven Realm, the terrifying master of Yao Mie Mansion, who was actually beheaded here by Qin Chen. This method was completely beyond her imagination.

She looked at Qin Chen with dazzling eyes, and she couldn't help but admiration emerged in her heart.

No matter what Qin Chen did to her? But beside such a Tianjiao, it was like facing a dazzling sun, full of security. As for Yao Wuming and others, they stood by Qin Chen respectfully. They completely surrendered to Qin Chen's orders. They were surrendered to Qin Chen. Although they were a little shocked, they did not show much performance. , Even Qin Chen asked them to die,

None of them will frown at all.

"It's over." Qin Chen shook his head. As soon as the Holy Master of Mie Tian died, this time Yao Mie Mansion's attack was completely over. Of course, the crisis of Yao Mie Mansion was still suspended in Qin Chen's heart. The news of the death of the Lord of the Sky

What a terrible attack he faced, but that was the next thing.

In the void, the black stick and the storage space of the Sage Slayer fell, Qin Chen instantly put away the two things, and then put away the mysterious rust sword. The mysterious rust sword trembled slightly, seemingly dissatisfied with the origin of Qin Chen's soul that prevented it from devouring the \*\*\*\* of heaven, but there was no moth. After all, Qin Chen only prevented it from absorbing the origin of the soul. Mostly

The power of the soul of Shu was still swallowed by him, and it was a full meal.

"Go, let's go back."

Qin Chen put away a lot of treasures, and treasures such as the Palace of Life and Death, the Sky Swallowing Jar, etc. entered his body instantly. As for the formation flags and other things here, Qin Chen carefully put them away, restoring the previously broken void.

Here is the turbulent flow of space faults, and there are terrifying storms of destruction swept through all the time. I am afraid that it will not be long before all the breath here will be annihilated. No matter who comes, it is impossible to see any clues.

After doing all this, Qin Chen brought You Qianxue and others into the Universe Good Fortune Jade Plate, and then soared into the sky and flew towards the Palace Master Guanghan and the others.

In the process of flying by, Qin Chen kept summarizing his battles and couldn't help but nodded secretly for his caution. In a battle with the Sage Master, he used all his cards, but it took a lot of energy to win the opponent. Even though Qin Chen seemed to be relaxed, he actually reached the limit. Once the Sage Master blew himself up, Not only can't kill the Lord of the Sky,

If he escaped again, the dangerous one was Qin Chen. Because once he learns the news here, Palace Master Yao Mie will definitely do it himself, even if Qin Chen is confident, he can't say that he can fight against Palace Master Yao Mie such as the peak holy master, I am afraid that the opponent will be under the palm of his hand. , The entire universe will fall apart,

I can't escape myself.

Fortunately, he had made enough preparations, and this made the Holy Master Mietian no hope of escape. "It seems that there is always nothing wrong with being careful in everything." Qin Chen said silently, and at the same time felt a little frightened by the power of Yao Mie Mansion. Although God Mietian is strong, he is only a master under the command of Yao Mie Mansion. It is rumored that Palace Master Yao Annihilated was the pinnacle holy master who impacted the realm of the Venerable. How terrible would it be?

### [Chapter 3219: Can't come back](#)

In the void, Qin Chen flew quickly while calculating everything silently.

But when Qin Chen hurried back, on the other side of the battlefield, Palace Master Guanghan and Holy Master Yaoguang surrounded the savage Saint Master, and the two sides fought and exploded with a shocking aura.

Rumble!

The heavens shook, and there was a roar everywhere, a few people fought, and the void was about to be blown up.

At the beginning, even if the two of the Palace Master Guanghan and the Holy Master of Yaoguang joined forces, they were a little struggling in front of the Savage Saint Lord, but as they understood their own strength more and more thoroughly, the two of them became more and more courageous. , Actually took the upper hand.

"Damn two ants, I am going to kill you."

The savage Lord was unable to win the Guanghan Palace Lord and the Yaoguang Lord for a long time, and his heart could not help being furious. The whole body was savagely lingering, and the whole figure turned into a savage war god. He shot frantically, endless attacks on him. The blooming, but he is not afraid, like a lofty mountain, rumbling over.

call!

The law of ice lingers, countless solid ice permeates the body of the Wild Lord, but when his body is shocked, the power of the cold ice is scattered by the shocking wild air, he makes a strong shot, and madly confronts the Lord of Light, The terrible coercion soared into the sky, forming a mighty picture.

Although Palace Master Guanghan and Holy Master Yaoguang joined forces to gain a certain upper hand, they were also quite strenuous, because the savage Saint Master's physical defense was too strong, like a star iron, both of them felt shocked.

It turns out that the physical body can be so strong?

The two of them meditated, simulated in the battle, felt the power of the Wild Lord, and found many clues.

This kind of battle made the two of them have amazing gains in this battle, because they discovered that the reason why the body of the wild Lord is strong depends on the law of heaven. When the understanding of heaven reaches a certain level, they can use the origin. The law condenses the physical body to form a unique physique.

In the early days, the Holy Lord, although able to integrate into the Dao of Heaven, it was only a preliminary integration, and initially began to master the complete Dao of Heaven. At this level, the power of the Dao of Heaven could be stimulated by every gesture.

However, after breaking through the middle stage of the Holy Lord, the understanding of Heavenly Dao will go to a deeper level, and will be able to easily grasp the Heavenly Dao, and even the physical body will instinctively absorb the power of the Heavenly Dao, transform the physique, and form its own unique divine body.

boom!

The Guanghan Palace Master urged the Guanghan Law, her body seemed to become crystal clear, like a bright blue star, with the air of ice permeating, and the whole person like a god. She raised her hand and immediately the power of ice lingered. Countless ice crystals are floating and sinking, and each ice crystal is like an ancient sacred mountain, frozen for thousands of miles, turning this world into a kingdom of ice and snow.

Countless ice crystals revolve around the savage saint master to block the opponent.

kill!

The wild holy lord roared, the whole body was violent, and the icy field displayed by Palace Lord Guanghan was shaken open, but he could feel that Palace Lord Guanghan was suppressing him more and more, and he was even able to It must hurt to give him.

boom!

On the other side, the Holy Lord of Light is also glowing. He integrates the avenue into himself, and the whole person is like a big sun in the heavens, floating and sinking in the starry sky, eternally immortal.

He raised his hand, the terrifying power of the light was horizontal and horizontal, and the heavens and the earth seemed to be exploded, billions of rays of light reflected in the heavens.

Klang Klang!

The three masters fought against each other. This battlefield was too fierce. In the distance, Palace Master Yonghe and Palace Master Ling Xue couldn't intervene at all, their eyes were full of horror, and they couldn't believe their eyes.

Are Palace Master Guanghan and Holy Master Yaoguang so strong?

The two of them throbbed and were deeply shocked, as if dull.

All this is so alarming, even beyond their psychological capacity.

"Wild Lord, hurry up and give the leader, continue to struggle, you will fall here sooner or later, why bother so hard?" Palace Master Guanghan chuckles, his eyes are cold, like a whisper, but the movements in his hands are non-stop, A series of ice curtains haunted out, sweeping everything like a sky curtain.

The Holy Lord of Yaoguang didn't say a word, he shot directly, opening and closing, the void was about to be blown up, and his breath was misty.

"Hmph, you two are going to be rampant. When the Holy Master of Exterminating Heaven returns, you two will not escape and die. The two warriors at the initial peak also want to deal with my Yao Mie Mansion, which is extremely ridiculous."

The Savage Lord sneered. Although he was suppressed and a bit irritable, he was not anxious, because he knew well that as long as the Lord Annihilation Lord returns, then Palace Lord Guanghan and Lord Yaoguang are nothing at all. With the strength of the Holy Master of Destroying Heaven, it is easy to capture the two.

At that time, it still depends on how arrogant the two are.

"Your God Slayer Lord cannot return."

At this moment, an indifferent voice suddenly sounded and appeared in the surroundings. The voice was very calm, but it was like a thunderbolt in the blue sky, which shocked the savage saint master and trembled all over.

this is.....

He turned his head in horror, and saw a figure quickly descended and landed on this side of the void. It was Qin Chen who had fled before and the Sage Master chased after him.

"why you?"

The Savage Sage Master looked at Qin Chen in disbelief, didn't he have been chased and killed by Lord Slayer Sovereign? Why did you suddenly appear here? Could it be that after turning the tiger away from

the mountain and guiding away the Holy Master of Exterminating Heaven, he came to deal with himself?

The thought of the Savage Sage Lord here was immediately shocked. Although he didn't know how Qin Chen broke into here, the fact that this son could escape the tracking of the Sage Heaven Sovereign had already shocked him extremely. In the mansion, the tracing technique of the Heaven Exterminating Lord is terrifying. Many heavens have been destroyed by the Heaven Extinguished Lord, and almost no one can escape his pursuit.

Even the mid-term Holy Lord is not good.

How did Qin Chen escape?

Combining with Qin Chen's previous sneak attack and killing the Saint Master Jiuyou, a trace of badness suddenly rose in the heart of the Wild Saint Master.

"Qin Chen!"

Palace Master Guanghan and Holy Master Yaoguang showed excitement on their faces. As soon as Qin Chen left, their hearts were worried. Although they instinctively believed in Qin Chen, they inevitably still felt a little nervous.

Now that Qin Chen appeared, he was immediately overjoyed.

No matter what Qin Chen did or how he escaped the chasing of the Sovereign Lord, his presence here represented a possibility and an attitude.

"Yes, you two really trapped this wild Lord here. Okay, Lord Palace, Lord Minister, you two go to deal with Palace Lord Yonghe and Palace Lord Lingxue, leave this wild Lord Lord to me Up."

Qin Chen said indifferently, stepping over with a calm expression, as if looking at a dead person.

### [Chapter 3220: What are you](#)

"Boy, you're looking for death, no matter how you escaped the chasing of the Holy Master, but you are arrogant in front of this seat, you are looking for death."

The Savage Lord roared and felt bad in his heart. He is not an idiot. Qin Chen's appearance made him feel something wrong instinctively. He roared and punched Qin Chen and just bombarded him.

"The power of the wild? It's a bit interesting. It's a pity that in front of this young man, it's not enough to see. Although your wild power is strong, it is nothing compared with the power of the young man. Ben young will let you take a look now. What is domineering, what is invincibility, you can die under Ben Shao's fist, it can be regarded as your honor."

Qin Chen rose up with a mighty atmosphere of the ancient ancients, and the ancient sacrament directly erupted, and his whole body transformed into an ancient ancient wild god. The ancient ancient gods contained the destructive fist and burst out.

boom!

Although Qin Chen is inferior to the barbarous saint master in cultivation, he has truly obtained a master of the power of the barren, and now he has been able to activate the sky-swallowing pot in his body, combined with the barren ancient divine way of the sky-swallowing pot. It was truly earth-shattering, with one punch, the void was almost blown up, and no one could beat it.

The mighty desolate atmosphere swept over, making the face of the desolate saint master changed.

"kill!"

He roared, the wild energy in his body urged to the extreme, the terrifying wild power exploded frantically, bursting into bright light, and all the wild true energy rushed up, hitting Qin Chen's fist and wind, unexpectedly His boxing strength was maxed out, and then his whole person rose up into the sky, his whole body turned into a wild god, a wild shadow appeared behind him, and he shot his strongest attack all at once.

Wild God Fist!

"Qin Chen be careful!"

Palace Master Guanghan immediately said nervously. She had experienced this trick of the Wild Saint Master before. It was incomparably powerful, and even if she and the Holy Master of Yaoguang joined forces, she could only temporarily avoid the edge and did not dare to fight hard.

The Savage Sage Lord roared, urging all the Saint Yuan powers in his body. He was desperately desperate. He was going to crush Qin Chen, severely wound this kid, and then used the opponent to force the Lord Guanghan and the Lord of Yaoguang to wait for the arrival of the Lord Slayer To reverse the situation.

Boom boom boom boom...

His cultivation is extremely deep, and he has reached the realm of the mid-term saint master. Coupled with the wild aura in his body, his body is invincible, and he punches it out, really like an ancient giant coming out of the wild world, suppressing the eternal age.

"In the early days of the Holy Lord, I don't believe it, you can resist my wild \*\*\*\* fist!"

The savage saint master Sheng Yuan exploded, and actually tore the void apart, triggering the power of destruction like a tribulation, containing unmatched divine power, tearing the ancient times, through the ancient and modern.

"It's ridiculous, even the Sage Master died in the hands of this young man. With your strength, in front of this young man, you are just a trash, die."

Facing the eruption of the wild saint master, Qin Chen's eyes were calm, and the wild ancient body in his body urged to the extreme. He fought hard, did not evade, resisted the opponent, and was strong and invincible.

Boom!

Two terrible forces collided, and the void on this side almost burst.

The savage saint master only felt a terrifying force swept over him. Under the shock of his savage \*\*\*\* fist drama, he unexpectedly exploded, and a horrible force hit him vigorously, devastating, crackling, savage saint master's The savage body split open, and yellow blood was flowing out.

"The defense of this wild saint is indeed terrible."

Qin Chen shook secretly. The opponent's strength was average, but his physical defense was abnormal, and the use of this wild power was also very peculiar. Qin Chen claimed that if he had control over it, it would be enough to increase his ridiculous body again. .

"This person must die!"

Qin Chen said silently, walking in the void, towering majestically like a god.

"Ben Shao said that even the Sage Master died in the hands of Ben Shao, what are you?"

He broke the golden body of the savage saint master, overbearing, between words, with his big hand out, and suddenly buzzed, a palace ghost slowly rotated, suppressed, and came toward the savage saint master.

It is the palace of Zixiaodou.

Although Qin Chen could suppress the Wild Lord by taking advantage of the ancient body, it would take a lot of time. He didn't want to waste time on this Wild Lord, so as to avoid long nights and dreams.

"What? You said that the Holy Master Mietian was killed by you? Impossible?"

The Savage Sage Lord was furious, his body shook, and he was about to rush out of Qin Chen's encirclement, but the Zixiao Doulugong was suppressed, and the surrounding space was suddenly imprisoned. The Savage Sage only felt a terrifying pressure coming. , The body can't move, there is an urge to be constantly suppressed.

"Damn it, do you think you can trap me like this? Get me up!"

The Savage Lord roared and his whole body shook. Suddenly, a terrifying wild rule soared into the sky, like a divine rainbow, shooting towards Qin Chen. As soon as this divine rainbow was born, the world changed its color and the wind and clouds caused it. With sorrow, the terrifying Wild Saint Yuan shocked on the spot, and a terrifying impact that was almost irresistible blasted towards Qin Chen.

This is the power of the original law of the savage saint master, which was instantly hit by him and turned into the strongest blow.

Qin Chen looked calm, suddenly raised his palm, and a time rule was quietly operated by him.

Hum!

The time between heaven and earth seemed to pause for a moment.

Then, Qin Chen's body moved. In his eyes, billions of destructive power surged, the breath of origin lingered out of his body, and Qin Chen's strength began to rise.

Step out.

Qin Chen's fist strength was like the first ray of light when the world was opened up, the magical power of the origin bloomed, and the world was shaken open with one punch.

Until then, the four-week flow rate returned to normal.

"No!" When the savage saint master came back to his senses, Qin Chen's Origin Fist had already blasted in front of him.

boom!

With a punch, the savage saint master who was lingering in the wild aura shook his whole body, and his body made a cracking sound. Qin Chen's punch directly punched the body of the savage saint master.

Blood flew horizontally, and the Savage Lord screamed and flew backwards.

The ravages are completely naked ravages.

No matter how the Wild Lord struggled, he was not Qin Chen's opponent at all. The wild aura on his body was firmly suppressed and he couldn't move.

"Sacred Lord, Save Me!"

The savage holy lord roared in anger, rumbling, echoing in the void.

"I said, he is dead, and you will be your next turn."

Qin Chen's eyes were cold, and a black iron rod appeared in his hand. It was the holy weapon of the Sage Master of Extinguish the Heavens, and a breath of Extinguishing Heaven lingered out. In the book of origin of Qin Chen's body, there was an extinction. The civilization of heaven has risen, and it is precisely the law of heaven extinction that Qin Chen mastered after refining and destroying the heaven.

"No, are you really..."

The Savage Lord looked at the iron rod in Qin Chen's hand in horror, felt the power of destroying the sky, and despair emerged in his heart.
