

Valkyrie 3221

[Chapter 3221: Take the initiative](#)

boom!

In the next moment, the iron rod in Qin Chen's hand suddenly fell, and all the strength in Qin Chen's body was gathered by him, and then he beat out strongly.

With a bang, everyone's ears shook.

Then everyone saw an incredible scene.

The Wild Lord screamed and was squashed by a club. His body exploded. Numerous wild rules splashed around and were instantly blown up.

In the void, endless turbulence lingers, Qin Chen stands proudly in this void, standing tall, like a god, holding a dark long stick, above the long stick, like a mountain-like rune. Haunted and stained with blood.

Qin Chen is like the same ancient demon god, standing proudly in the air, sweeping the world with a stick, unparalleled.

In front of him, the laws of infinity were floating and splattered, and the laws of wildness swept like an ocean, dripping with blood, the blood of the wild Lord.

This scene was too scary. Palace Master Guanghan and Holy Master Yaoguang were extremely shaken, and great pride emerged in their hearts.

This is the savage saint master of Yaomie Mansion? The saint master character in the mid-term of the dignified, in the entire Eastern Heaven Realm, is not an unknown generation, and was beaten up by a stick. This scene is too **** and too frightening.

The khaki blood flew across, and every blood contained an astonishing barbaric law, and among them, a soul power soared into the sky and was about to escape from here.

It is the remnant soul of the Wild Lord.

He looked frightened, like a bird of panic, panicking, trying to flee here, looking for a chance.

But Qin Chen raised his hand, and Zi Xiaodou led the palace to bloom with a magnificent phantom. In the palace phantom, a vast swallowing force was born, absorbing the original source and remaining soul of the savage Saint Lord into it and suppressing it.

Hum!

Zi Xiao Dou Ligong revolved, entered Qin Chen's body, and disappeared.

This piece of void fault calmed down instantly, as if nothing had happened, and everything was safe and sound.

But anyone who saw the previous scene would shake and even make a sensation in the whole heaven.

"go!"

Not far away, Palace Master Yonghe and Palace Master Ling Xue were pale, their eyes were full of horror, they retreated cautiously, and were about to flee here.

At this moment, their hearts are filled with endless fear and endless regret.

This is terrible, where is a person, it is simply a demon god.

"Palace Master Yonghe and Palace Master Ling Xue, where do you two want to go?"

Two icy voices resounded, Palace Master Guanghan and Holy Master Yaoguang shook their bodies, and stopped them with a cold light in their eyes and a sneer at the corners of their mouths.

Palace Master Yonghe and Palace Master Ling Xue were one of the culprits who brought them here, and their fate was doomed when the other party decided to bring them to this trap.

Palace Master Yonghe and Palace Master Ling Xue were terrified and completely lost the courage to resist. Even the Heaven Slayer Lord and the Wild Lord of Yao Mie Mansion died in each other's hands. How could they both resist? If you resist, I am afraid there is only a dead end.

"Palace Master Guanghan, Holy Master of Yaoguang, we were also forced, and it was the Holy Master of Yaomie Mansion who persecuted me to wait, otherwise I would all ask Hantian's Mansion Master, how could I harm my own people? , We are all innocent."

The two begged for mercy, extremely humble.

"Forced?"

Palace Master Guanghan sneered, high above, perhaps, there is indeed a persecution element in this, but if Palace Master Yonghe and Palace Master Ling Xue are unwilling, there will be opportunities to remind them that, after all, they still covet and fear her Guanghan Palace. Just want to follow the boat.

innocent?

That's just self-deception.

"Qin Chen, how to deal with these two people?" Palace Master Guanghan asked, she was extremely convinced of Qin Chen now.

"These two people?"

Qin Chen squinted his eyes, his heart moved murderously, Palace Master Yonghe and Palace Master Ling Xue suddenly felt cold all over, as if they were being stared at by a beast, their whole body got goose bumps.

Qin Chen originally intended to kill directly, but thinking that Palace Master Guanghan and the others would still control Question Hantian, his eyes flashed, and said: "Then you two will be enslaved. Use the Soul Refining Technique taught to you by the young master. You can control those who have a lower cultivation base than you."

"Slavery?"

Palace Master Guanghan and Holy Master of Yaoguang were startled. Does the soul-refining technique taught by Qin Chen still have such effects?

boom!

The two turned around at the same time, and the terrifying soul aura spread out all at once. Palace Master Yonghe and Palace Master Ling Xue were horrified at the moment Qin Chen's voice fell, and they wanted to escape in horror, but how to escape, they were directly suppressed. In between, an invisible soul power poured into the two people's minds, directly leaving a soul mark in their souls.

Palace Master Yonghe and Palace Master Lingxue suddenly did not dare to move, their faces were as gray as death and desperate. The souls of Palace Master Guanghan and Palace Master Yaomi had already been planted in their souls. As long as each other thought, Their souls shattered and fell on the spot.

At this moment, they became prisoners directly from the lord of a house, and the despair in their chests can be imagined.

After doing all this, Qin Chen immediately took Palace Master Guanghan and the others and turned and left.

"Little dust, what shall we do next?"

On the way back, Palace Master Guanghan frowned and asked. Although the crisis was lifted this time, Yao Mie Mansion would never give up. Even once Palace Master Yao Mie knew the news of the fall of the Holy Master, Wen Han Tian would really fall into it. A catastrophe.

"How to do?"

Qin Chen could not help but smile as he felt the rich Holy Master's Law in his body, a faint cold light bloomed in his eyes.

"If a person is in the first year of junior high, we will do the fifteenth. Then since Yaomie Mansion dares to violate the rules of the heavens, why can we only wait for the other party to attack? Next, this matter of asking Hantian is left to you, Ben Shao Going to Yaomie Mansion." Qin Chen said coldly.

"What? Are you going to Yaomie Mansion?"

Palace Master Guanghan and Holy Master Yaoguang were both stunned. Is Qin Chen seeking his own death?

No, absolutely not.

The two immediately objected, Yaomie Mansion was too terrifying, it was the foremost terrifying force in the Eastern Heaven Realm, and the Palace Lord Yaomie was even at the pinnacle of the Holy Master level, assaulting the existence of the Venerable. What a terrifying powerhouse is this?

Although Qin Chen is strong, once he enters Yaomie Mansion and his trace is found by the Yaomie Palace Master, he will inevitably be unable to escape to death.

"Don't worry, this young master is not as stupid as you think. Didn't Yaomie Mansion secretly control many of the heavens in the Eastern Celestial Realm? Naturally, this young man can't let him do what he wants. It is revealed that only in this way can we find a real opportunity to fight back."

I have to say that Qin Chen's words could not help but impress the two of them.

If the true face of Yaomie Mansion can be revealed, perhaps it can really cause irreparable harm to the opponent.

[Chapter 3222: Don't say unpredictable](#)

"Qin Chen, in that case, why don't I go with you. As my job, if you expose the news of Yao Mie Mansion, it might be more convincing."

After all, Qin Chen is just a genius. Although he has some reputation in the heavens, he has no influence, but if he speaks, it will be different. It can instantly attract the eyes of the entire heavens.

"Yes, Qin Chen, let us accompany you. With us, the Yaomie Mansion should be even more jealous." Palace Master Guanghan also burst out of his eyes, murderously, Yaomie Mansion is too much. , Directly violated the rules of the heavens, and secretly asked Han Tian to them, what kind of arrogant person the Lord Guanghan Palace, had already suffocated his heart.

She had just become the Palace Master of Guanghan Mansion that year. With the cultivation of the early Holy Master, she dared to challenge the old Saint Master Mansion such as Xueyang Mansion and King Ren Mansion. Now she has broken through the middle of the Holy Master, although Yaojie Mansion is a giant in his eyes. , But she didn't have the slightest fear.

Who can become the Holy Lord, who is not an arrogant person?

Qin Chen shook his head and said: "No, you stay, this operation, I can go by alone."

"But..." Palace Master Guanghan and Holy Master Yaoguang both changed their expressions. Qin Chen entered Yao Mie Mansion alone, and both of them were a little nervous just thinking about it.

That is Yao Mie Mansion, if one is not careful, it will be broken.

"Relax, this young master has his own plan and will not act recklessly. What I am most worried about is to ask Hantian. If Palace Master Yaomie finds that the Holy Master and others have lost news, he will definitely send a master, and even come to ask Hantian personally. At that time, the two of you are bound to be in danger, so you two need to pass on the news of this time to attract the attention of the major forces in the heaven..." Qin Chen said solemnly.

After all, Yao Mie Mansion was an illegal action. Once Ask Han Tian attracted the attention of the high level of the heavens, even if the Lord Yao Mie wanted to intervene again, he did not dare to rush into Ask Han Tian.

"We understand."

Palace Master Guanghan and Holy Master Yaoguang also understood what Qin Chen meant and nodded one after another.

"Then I will leave first. The Yaomie Mansion is a long way away. I'm afraid it will take some time. You are asking Hantian, so be careful." Qin Chen warned that Wen Hantian was his base camp, and even Fu Qiankun and others were also caught. He stayed and developed the Chendi Pavilion, so he asked Hantian there must be no accident.

"Qin Chen, don't worry, you will leave it to us to ask about Hantian." Palace Master Guanghan and Holy Master Yaoguang said firmly.

Qin Chen stopped speaking, turned and left.

Boom!

The void split, Qin Chen entered the main-class battleship, shuttled through the void, and took a long celestial journey.

The heavens are incomparably vast, and there are many dangerous areas between the heavens. It is difficult for ordinary heavenly masters to cross. Only the holy master can shuttle between the heavens.

Of course, there are also many teleportation formations between the big heavens, which are left over from the ancient heavens, for exchanges and transactions between the big heavens.

Yao Mie Mansion's power in the Eastern Heaven Realm is too great. In order to prevent the opponent from knowing the clues, Qin Chen did not use the teleportation array after leaving Wen Hantian, but took the main-class battleship to the next heaven and shuttled through the void. .

The heaven is too vast. Generally, even a master of the Holy Master, it takes a long time to go to the core area of the Eastern Heaven.

But Qin Chen uses the main-class battleships and urges the flow of time, coupled with the arrangement of large space formations in the void, to shuttle, and finally combined with the speed of Qin Chen's thunder incarnation, tens of thousands of miles a day, traversing layers of space, quickly Approaching the location of the Eastern Heaven Realm.

In the process of flying by, Qin Chen did not waste time, but began to refine the three saint masters in the palace.

Boom!

The origin laws of the three mid-term holy masters are terrifying. A large number of holy master laws, the origin of heaven and earth, plus various magical powers, constantly enter Qin Chen's body, and Qin Chen urges the heavenly soul forbidden technique and soul power Diffuse, began to strip and spy on the memory of the three people of Exterminating God.

This is where Qin Chen dares to go to Yaomie Mansion alone. The three masters of the sky are all the top powerhouses of Yaomie Mansion. They are the high-level members of Yaomie Mansion. They have a far better understanding of the entire Yaomie Mansion. Anyone, with the soul memory of the three of them, Qin Chen can seek good luck and avoid evil, unpredictable.

And when Qin Chen went to Yao Mie Mansion.

Just a little quietly asked Hantian, and suddenly there was a big news.

Guanghan Mansion was invaded by the mysterious mid-term Holy Master. At the critical moment, the Guanghan Palace Master and the Yaoguang Holy Master made a strong move to block the incoming enemy and force the opponent back.

Palace Lord Guanghan made public remarks, scolding certain forces in the heavens, asking Hantian, it was the major forces in their homeland who asked Hantian. No outsider could intervene in asking Hantian's affairs for any reason, let alone directly attack Hantian. , Otherwise it is to regard the heavenly rules as nothingness. Guanghan Mansion warned certain forces to do their own thing. If you dare to ask Hantian again, don't blame her Palace Master Guanghan for not being affectionate and tearing your skin.

Don't say it is unpredictable!

As soon as the news came out, the whole heaven was a sensation.

During this period of time, Wenhantian had attracted the attention of many celestial forces. Especially in the past few days, Guanghan Mansion strongly resisted the invasion of Wenhantianren Prince's Mansion and other forces, repelled the origins, and brought forces such as the Renwang Mansion. Conquering, almost occupying half of Wenhantian's territory, has long attracted the attention of many forces.

In particular, the news of Qin Chen's trial in the heavens attracted the attention of countless people. News of Qin Chen's assassination of Palace Master Tianshan also caused a huge sensation in the heavens.

How long has it passed since Wen Hantian sent out this news again, which once again caused an uproar in the heavens.

Asked Hantian was actually invaded by the mid-term Holy Master, which force was this? Are you ready to tear your skin?

It should be noted that the upper levels of the heavens have long established rules. In order to prevent the human races from consuming each other, unless there is a cause, in the heavens, only the big houses in the heavens are allowed to fight, and the outside heavens are not allowed to interfere at will.

Of course, in fact, would there be no secret fights among the major universes? There have been conflicts between the major heavens long ago, and they have secretly annexed each other, but it is only in the dark, and few people have openly exposed.

And now Palace Master Guanghan's announcement shocked the entire Celestial Realm. It was too naked, and it was tantamount to striking the face of the high-level Celestial Realm.

Which force did it take again?

Yaomie Mansion? Zhuge family? Donghuang family? Or is it that certain forces, fish in troubled waters, want to get a share of Qin Chen in Guanghan Mansion?

After all, Wen Hantian is too weak. In the entire Eastern Celestial Realm, it belongs to a lower level of heaven. The entire Wen Hantian does not even have a mid-term Holy Lord. Qin Chen has also received the inheritance of the Heavenly Fire Lord. It's like a child without the power to bind a chicken, holding a gold ingot in his hand, can he not be coveted?

[Chapter 3223: High level comes](#)

It's just that because the eyes of the public are in full view and the attention of many forces, no one dares to do it at will, otherwise the strong will have gathered long ago.

Venerable inheritance, who doesn't want it?

But this time Guanghan Palace Master's announcement shocked the entire celestial forces in an instant.

Damn, who is so bold? Did something they dared not do? It's too arrogant.

For a while, all the major intelligence forces in the heavens were operating secretly, trying to find out who was risking the world's misfortune to act on Guanghan Mansion.

As the investigation progresses, this announcement and another news have attracted the attention of many caring people.

It was this mid-term Saint Master's invasion that was actually repelled by Palace Master Guanghan and Palace Master Yao Mie.

This once again caused an uproar among the major forces.

Asked Hantian, very weak, Palace Lord Guanghan and Holy Lord of Yaoguang are just the holy masters of the initial peak, the two of them can actually repel a middle-term holy master?

This.....

Fantastic Nights.

The first reaction of many people is incredible.

The mid-term Heavenly Sage, that represents the realm of the body and the heavenly realm. Compared with the early Holy Lord, both in the physical body and the law, there is a qualitative improvement. How can the Guanghan Palace Lord and the Yaoguang Holy Lord resist?

As the investigation continued, a shocking news came out.

Palace Master Guanghan and Holy Master Yaoguang had all stepped into the mid-term Saint Master realm, and only then could they withstand the invasion of the enemy.

In the Guanghan Mansion, the secret agent with the news once felt the astonishing pressure from the sky above the Guanghan Palace, attracting an astonishing aura of the Holy Origin, which is precisely the posture of breaking through the mid-term Holy Master.

As soon as the news came out, the whole heaven was in an uproar.

hiss!

So possible?

The first thought in the minds of the major forces is not to believe.

The mid-term Holy Lord is not a big figure in the entire celestial realm, but in each heavenly domain, it is also an existence on the side. It should be noted that the entire period of asking Hantian has not been

born for countless thousands of years. Holy Lord, we can see how difficult it is to break through the mid-term Holy Lord.

Of course, the Lord of Light and Palace Lord of Guanghan are both the holy masters of the initial peak, and they are only one step away from the middle-term holy master, and it does not mean that they must not enter the middle-term holy master.

But the two of them stepped in at the same time. There is almost no chance of such a probability.

The two great early peak holy masters, and at the same time entered the mid-term holy masters, if there is no problem, no tricks, no one will believe it.

After all, if Guanghan Mansion really had such a foundation, Palace Master Guanghan and Yaoguang Sage would have broken through long ago, and they would not wait until today.

Combining many clues, a single possibility emerged in the minds of all forces in the heavens.

Qin Chen!

The biggest variable in Guanghan Mansion was Qin Chen, who was inherited from Venerable Skyfire.

If Qin Chen had transferred certain inheritance of Venerable Skyfire to Palace Master Guanghan and Holy Light of Light, then the two would break through the mid-term Heavenly Sage together, which would give people a very reasonable feeling.

Lord inheritance!

Let the two early peak holy masters step into the mid-term holy master state, thinking about it carefully, they all feel very logical.

During this period of time, Guanghan Mansion directly annexed several great holy master forces that asked Hantian. There is news that after Guanghan Mansion occupied several great holy master forces, the first thing it did was to take the power of the great holy masters. The Holy Lord's Saint Vessel was seized, and the combination of these big news made everyone feel confident.

Yes!

It must be Qin Chen who transferred part of the inheritance of Venerable Tianhuo to the two of them, and the two of them relied on the holy veins of the other great holy master forces to successfully break through the mid-term holy masters.

The more the major forces think about it, the more reasonable they feel.

The eyes of the early holy masters of many forces are red. What does this show? It means that as long as they have obtained the inheritance of Qin Chen, they will also have the opportunity to enter the middle stage of Heavenly Sage. What kind of attraction is this?

Even some mid-level holy masters are hot in their hearts. The Venerable's inheritance is so powerful, can they let them, who are mid-level holy masters, also enter the realm of late-stage holy masters? What about being a giant in the heavens?

Think about it, it's not impossible!

The inheritance of the venerable, let alone let the mid-term saint master enter the realm of the late saint master, even if it is for the later saint master to enter the venerable realm, I am afraid it will have a lot of help.

Palace Master Guanghan's announcement made the whole heaven completely mad. All the attention was focused on Guanghan Mansion. Can they also fish in troubled waters?

The hearts of some ordinary forces in power have all become enthusiastic.

Of course, by asking Han Tian's current level of attention, they were all timid again, because no one dared to take the risk of offending the high level of the heavens.

In particular, some top forces in the heavens have already noticed the matter of asking Hantian.

Of course, the one who gets the news the fastest is day work.

Not long after the Guanghan Palace Master issued the announcement, Tianjiao uttered his voice, and solemnly warned the major forces in the heavens that Qin Chen was their disciple, and that any force dared to target Qin Chen would be their enemy.

As soon as the news came out, the heavens shook.

It was only then that people remembered that there was indeed a record in the previous intelligence that Qin Chen was a disciple of Tiangong's refining division, and also a holy son of the Tiangong Division of Guanghan Fu, and a direct disciple of Tiangong.

There were still some forces eager to try, and wanted to secretly find a way to enter the Guanghan Mansion and capture Qin Chen, but now it quieted down.

Especially after hearing that Tianjiao had sent high-level officials to Guanghan Mansion to receive news that Qin Chen would go to Tianjiao's headquarters, many forces suddenly died down.

Anything needs to have a reward ratio. Compared with the risk of offending the day's work, no one would be such an idiot to do something that is not necessarily successful.

boom!

Sure enough, only half a month later, a terrifying warship arrived in Guanghan Mansion.

This battleship is very majestic, and the whole body is pitch black, with a huge warhammer inscription engraved on it, exuding a dazzling light, where it passes, the void shakes, as if it has been crushed.

This is the top battleship of Tianwork, from Tianwork headquarters.

The mighty coercion was suppressed, and the powerhouses of the entire Guanghan Mansion all looked up at the sky in horror. Under the terrifying aura of this battleship, they were a little out of breath.

Huh! Huh!

In the void, the Lord of Light and Palace Lord of Guanghan appeared, looking up at the battleship in the sky.

"Sure enough, as Qin Chen had expected, it was the people from our Heavenly Work Headquarters who came." Holy Master Yaoguang narrowed his eyes and said in a deep voice.

Palace Master Guanghan nodded: "Follow Qin Chen's instructions before leaving, and see what the other party's purpose is."

The two talked, the door of the battleship opened, and several figures with a magnificent breath descended on their bodies.

The leader is a white-bearded old man with a terrifying holy origin aura haunting his body. He is a strong man at the mid-term peak. The aura in his body is like a surging ocean, which is extremely terrifying.

[Chapter 3224: Elder Tianyun](#)

Behind the white-robed old man, there were several masters with extraordinary auras. Two of them were also mid-term holy masters with arrogant temperament. Among them was a middle-aged black-robed man with eagle-eyed eyes and sharp eyes like a blade. Staring at

The Holy Master of Yaoguang, feeling the powerful aura in the Holy Master of Yaoguang, his eyes narrowed slightly.

The appearance of this group of people instantly attracted the attention of countless experts in Guanghan Mansion, one by one raised their heads, shocked in their hearts.

Especially the white-robed old man exuded a breath, which was too terrifying and gave everyone a strong shock. Is this a day job? One of the top forces in the heavens, casually dispatched the three mid-term saint master masters, the leader is still the strong man at the peak of the mid-term saint, the breath of that body, like a Wang Yang, swept out, let everyone breathe

Difficulty, there is a feeling of looking at the scorching sun.

Unexpectedly, their Guanghan Mansion will have such a future, all the masters in Guanghan Mansion who are staring here are extremely excited and excited.

"Yaoguang, don't come to nothing!"

This group of people stepped out in one step and came to the front of Guanghan Palace in an instant. They looked at the Lord of Yaoguang and the others. The old man said calmly, carefully looking at the Lord of Yaoguang, his gaze was calm, but his heart was filled with turbulent waves. Generally, secretly shocked.

He could see that the Holy Lord of Light had indeed entered the middle realm of Heavenly Sage, just as in the news. He naturally knew the origin of the Holy Lord of Yaoguang, and also why he came to this Eastern Heaven Realm. Wenhantian served as the head of the branch. He was originally a degraded person and was punished to a remote place. Unexpectedly, he broke through to Heavenly Sage. Mid-term

Jie, I don't know how many guys will be surprised and unexpected in their daily work after learning the news.

"It turned out to be Elder Tianyun, Yao Guang met Elder Tianyun."

The Holy Lord of Yaoguang saw the leader old man, but he stepped forward and saluted respectfully. This is a character from the headquarters. Although he also has a background, he will naturally not show arrogance at this time.

"Elder Tianyun came from a long way, and the journey was hard. Please come with Yaoguang and have a glass of water and wine."

Holy Master Yaoguang said with a smile.

Palace Lord Guanghan also smiled and said: "Several high-level workers who work hard come here, my Guanghan Mansion is full of glory. It is better to come to my Guanghan Mansion for a glass of water and wine, as the Lord Yaoguang said. Pick up the dust for you all."

Palace Master Guanghan turned around and was about to take this group of people to Guanghan Palace. "You don't need to drink water or wine, Yaoguang, I'm waiting for this trip because of Qin Chen's affairs. I heard that a master with external forces broke into your Guanghan Mansion. We must target Qin Chen and you. The senior management is very concerned and came here to bring you and

Then Qin Chen took it back to the headquarters and protected it. "

The old man with white beard smiled and waved his hand. The white-bearded old man hadn't finished speaking yet, the middle-aged in the black robe behind him spoke indifferently, and said indifferently, "Yaoguang, especially Qin Chen, represents that the work of heaven has been passed on from the heaven trial. The headquarters is very Concerned and gratified, in order not to allow some high-level staff in the headquarters to wait too long, you will immediately take that Qin Chen and follow us back to the headquarters to work in Heaven. By the way, what about Qin Chen? Why didn't he come out? , Don't you even know the etiquette at this moment? See Elder Tianyun

I didn't even come out to welcome him, how did you discipline your disciple? "

The middle-aged in black, with a cold expression and aggressive tone, he squinted at the Holy Lord of Yaoguang.

"Haha, Elder Tianyun, you don't have to worry about it, some of you have to take a rest after the journey, and Qin Chen, this is what Yao Guang wants to explain to you, come, come, come, Let's talk about advanced Guanghan Palace."

Holy Lord Yaoguang said with a smile, and swiped his right hand to guide everyone. "Explanation, what's a good explanation? What about Qin Chen, not coming out yet? Is it ignoring our work? And Yaoguang, as the head of the branch of my work, you actually colluded with the local forces in charge. , And took us into this wide

Han Palace? Humph, why, did the headquarters send you to spend time and drink in love? Where is your day job branch? No more? What kind of system! "

The black-clothed middle-aged, with a cold tone, said tauntingly, with a faint light in his eyes, and sneered at Palace Master Guanghan and Holy Master Yaoguang. Their eyes were too arrogant. Make peace.

The originally warm atmosphere on the court suddenly became awkward, and everyone in Guanghan Palace's complexion was hard to look at, and the smiles on their faces suddenly solidified.

What happened to the people who worked this day? Isn't it the backstage of their Guanghan Mansion? Moreover, Qin Chen is still the saint son of Tianzuo. According to the truth, Tianzuo should be very happy with such a Tianjiao. Why is there a provocation between words?

Many people's faces gradually became hard to look.

Palace Master Guanghan's eyes gradually became cold, his face was cold, and he coldly glanced at the middle-aged man in black. "Why? I was wrong?" The middle-aged man in black snorted, his tone indifferent, and aloof: "Okay, hand over that Qin Chen. He has the trial and inheritance. It is very dangerous. He can only work in heaven. The headquarters will not be targeted, Yao

Light, you bring people out, come with us, don't waste time. "

"Yuanlong." The white-bearded old man glanced at the black-clothed middle-aged and prevented him from speaking, seemingly dissatisfied, and then said to Palace Master Guanghan, "Palace Master Guanghan, Yuanlong is just this temper, you Don't mind, but there is some truth to what Yuanlong said, Yaoguang

, You can bring Qin Chen out, when I come, can he not be there? Hurry back to the headquarters, everyone at the top is waiting to meet this young man who has stirred up the heavens. "

"Elder Tianyun, I'm really sorry, Qin Chen is not in Guanghan Mansion."

Holy Master Yaoguang suppressed his anger and explained. "Not in Guanghan Mansion?" The middle-aged black-clothed saint named Yuanlong smiled coldly, squinted his eyes, and said a little chill: "Yaoguang, don't you want to hand over that Qin Chen, do you? , The venerable inheritance who covets him, you have given people to

killed? "

The Holy Master Yaoguang heard this and couldn't hold back anymore.

boom! A terrible murderous intent permeated his body. The mighty mid-term saint master's coercion suddenly suppressed the black-clothed middle-aged man, booming, both of them were mid-term saint masters, with terrifying auras colliding with each other. , The void is roaring

, Trembling. "Yuanlong, don't be shameless. In those days, your ineffective junior had to challenge me, but I was abolished. Why? You want to avenge him now? You deliberately targeted me? Back then, there was a master to protect me. Master is not there, neither will I

I'm afraid of you, if you have the ability, just come here with dignity, chirping here, what a thing, I'm. I have long felt that you are a sinister, just like your junior trash brother, and now it seems like that. "Holy Lord Yaoguang cursed directly.

[Chapter 3225: Neither overbearing nor overbearing](#)

This Yuanlong Saint Lord is no one else, it is exactly one of his old enemies in the Tiangong Headquarters. Back then, the junior master of Yuanlong Saint Master often troubled the Yaoguang Holy

Master. In a competition, he was directly caught by the irritable Yaoguang Saint. The Lord was annulled and completely became

A waste person.

The Holy Master Yaoguang was also punished for this incident, and it was also one of the reasons for his demotion. Now that he hears this Yuanlong repeatedly finding faults, it is strange that the Holy Master Yaoguang can bear it.

"Yaoguang, you are so courageous, thinking that you have broken through the mid-term saint master, you dare to challenge this seat?" Yuanlong saint master's eyes sank and boomed, his body surged with terrible murderous intent, and the black aura shot into the sky. Rumble, swept like a vast ocean, rumbling, the power of endless horror, turned into a black angry dragon, pounced towards the Holy Lord of Light

.

This black angry dragon roared up to the sky and shook the sky. The power was too terrifying, shaking the sky, and the entire Guanghan Palace was rumbling and shaking under this force.

The black-clothed middle-aged man has cold eyes, this is to teach the Holy Master Yaoguang a severe lesson.

"Yuanlong, I'm afraid you won't be able to get the light?" Holy Master Yaoguang yelled coldly, raising his hand and blasting out with a punch. The dazzling glow lingered on his body, the whole person was like a blazing sun, the light was too dazzling. With an unmatched domineering force, and the black middle-aged man in black

The anger dragons collided fiercely.

Boom!

The attacks of the two moved the laws of the sky, and the avenue turned into huge pillars that smashed into each other.

Too terrible, too powerful!

boom! When the two forces collided, the face of the black-clothed middle-aged man changed slightly, only to feel an incomparable power coming. The bright fist of the Holy Lord of Light slammed on the angry dragon he displayed, the angry dragon With a roar, he was unexpectedly caught

All of a sudden, his fist attack exploded.

A tyrannical sun burst into the sky. At this moment, the holy master of the light turned into a scorching sun, blooming with an unpredictable terrifying law.

what? With one blow, everyone changed color, and even the white-bearded old man showed a look of astonishment. He looked at the Holy Master of Yaoguang in shock. The aura in the main body of the Holy Light was so strong that it didn't look like it. Is a saint who just broke through the mid-term

The Lord, on the contrary, is like an old holy Lord.

How is this possible?

Any genius, no matter how powerful it is, after entering the mid-term Holy Master, it will take a long time to consolidate its own strength and reach a peak state of its own strength, but the posture of the Holy Lord of Light is too special.

How did he do it?

On the first blow, Yuan Long didn't take advantage, but his face was ugly and frustrated.

And the match between the two immediately shocked the entire Guanghan Palace. Suddenly, countless masters looked at this place in horror, and looked at a group of people in the sky, one by one in shock.

Isn't Lord Yaoguang the minister of Tianwork? Why did you confront the high-level staff from the work headquarters that day?

As for Palace Master Guanghan, his eyes were even colder.

boom!

An icy breath of ice filled her body, and the surrounding void seemed to be frozen in an instant, and the endless chill was permeated, forming a field of ice, covering the many masters of the work of heaven. .

In addition, in the Guanghan Palace below, a terrifying formation has also risen, the formation rumbling, turning into a monstrous array of light, surrounding everyone who works in Heaven.

"This is..." Elder Tianyun, the white-bearded elder's face changed slightly, and the other mid-term saint masters who were working in the field, and the remaining few early peak saint masters, their complexion also changed, this force of ice. Haunted down, they all felt that the Saint Yuan in their bodies was choked.

Kind of feeling about to be frozen.

by!

Is this Palace Master Guanghan really only breaking through the mid-term Saint Master not long? How did it feel like a veteran mid-term saint master, this ice-powered furnace was so perfect that they all throbbed.

"Elder Tianyun, is it your job to ask Hantian to interrogate the prisoner?"

Palace Master Guanghan stood proudly in the void, with a cold tone and cold eyes, and said coldly that she did not give in the slightest to the high-level staff of Tianjiao.

Whoosh whoosh!

At the same time, from the Guanghan Palace, one after another aura rose up. Each of these auras was extremely powerful, and they were all masters of the Holy Master.

One!

Two!

Three!

A number of masters rose up one after another. There are the masters of Yonghe Palace, the Palace Master of Lingxue Palace, the Master of Minghui Pavilion, the Master of Tianyan Sect, and Saint Master Ke Yi, who are at the peak of the early stage of the Holy Lord, and masters who have asked Hantian's many government domains, as well as Wei Siqing, Zhou Wusheng, Qu Gaofeng, Quan Mu Liu and the younger generation, just

The Holy Lord who just broke through.

In an instant, more than ten holy masters hovered in the sky, staring coldly at a group of people working in the sky, facing a group of masters led by elder Tianyun, there was no fear on their faces, and some were just endless. Fighting spirit.

The scene was extremely solemn, and the battle was about to start.

"Holy Lord of Light, do you think you have broken through the realm of the mid-term holy master, do you not be able to hold your seat?" Yuanlong holy master was furious, his forehead violently blue veins burst, and a terrible aura rose in his body. There are many dark runes lingering on the body. These runes are extremely deep and strong. Each of them can shatter the mountains. They are too powerful.

.

However, unable to continue his action, Heavenly Cloud Holy Master suddenly moved and appeared directly in front of Yuanlong Holy Master, coldly scolding, "Enough!"

"Elder Tianyun, let me teach this guy who doesn't know the heights of the sky and the earth." Yuanlong Saint Lord said angrily.

"Sacred Master Yuanlong, do you want to violate the iron law of Heavenly Work, work with the people of the local forces in the heavens, and drag the Heavenly Work into the scope of crusades by the major forces in the heavens?"

Elder Tianyun said angrily. As soon as this remark came out, the anger on Yuanlong Saint Lord was immediately suppressed, but his expression was still extremely angry. "Everyone, Palace Lord Guanghan, I'm really sorry. I don't have the idea of being an enemy of you all. From the day it was established, I have been adhering to the task of maintaining order and peace in the heavens. Insert into any force

."

Elder Tianyun explained while telling others not to get angry, Palace Master Guanghan and the others didn't really want to do it, and soon the scene calmed down again. "Elder Tianyun, Qin Chen is indeed no longer in Guanghan Mansion, because outsiders have repeatedly targeted me in Guanghan Mansion. To prevent accidents and to protect Qin Chen's safety, Qin Chen temporarily left Guanghan Mansion. As for Where did you go

Fang, I didn't even know, if Elder Tianyun had to look for Qin Chen, there would be nothing in this palace. "Guanghan Palace Master said neither humble nor humble, as cold as a goddess.

[Chapter 3226: Like a **** of death](#)

"Haha, I understand, I understand, I am waiting for this time to protect Qin Chen's safety. Since he is not in Guanghan Mansion, then he has the opportunity to ask the Guanghan Palace Master to inform Qin Chen. After all, it is better to go back to heaven outside. The work headquarters is safer,

Palace Master Guanghan is also invited to tell Qin Chen that my daily work is always his firm backing, and no one is qualified to act on my daily work disciples. "Elder Tianyun smiled.

"Elder Tianyun, I will meet next time."

Palace Master Guanghan nodded. "If this is the case, then I will leave first." Elder Tianyun smiled and glanced at the Holy Master Yaoguang: "Yaoguang, you have broken through the mid-term realm of the Heavenly Sage, and the headquarters will punish you sooner or later. To be relieved, are you still here, or

Follow us back to the headquarters this time? "

"Return to Elder Tianyun, Yaoguang, as the head of the Tiangong Division of Guanghan Mansion, has some things to deal with here, so I won't go back with the elder this time."

"Never mind."

Elder Tianyun nodded: "Then I will leave."

When the voice fell, Elder Tianyun didn't talk nonsense, and returned to the battleship with Yuanlong Sage Master and others, and the battleship rose with light, disappearing instantly.

"Huh, all the seniors who work this day are all like this? Yao Guang, compared to you, it's a lot worse." Palace Master Guanghan looked at the back of Tian Jiao's departure and snorted coldly.

Holy Master Yaoguang smiled bitterly: "Palace Master Guanghan, you can just stop responding to me." He frowned, and then said: "But this time it is indeed a bit strange. Elder Tianyun is normal. He Working at the Tianwork Headquarters is to deal with the affairs between the disciples, which is also considered essential work.

Hou Bin didn't care about me well. The headquarters sent him over, which was a bit strange. Don't you know that the other party will conflict with me? "

He was very puzzled. If Tianzhu Headquarters really valued them, he shouldn't let Yuanlong Saint Lord, who would conflict with him, come. "Do you think the arrival of the Yuanlong Holy Master was an accident?" Palace Master Guanghan sneered, "Don't forget what Qin Chen said before he left. Don't tell the sky about his whereabouts. I didn't understand very well before, but now

Before I get it. "

"Hey, don't you mean that someone at the top of the working day will target Qin Chen?"

Holy Master Yaoguang looked solemnly and inhaled cold air. He didn't believe it at first, but now, thinking about it carefully, he is vaguely suspicious.

But for a moment, he shook his head again: "I don't believe that the masters are such people." "I didn't say that it was your master, but these people who came this time definitely have problems. Even if you

encounter them in the future, you have to Be careful." Palace Master Guanghan smiled, squinted and said: "But this time the purpose is complete, after this time

We asked Hantian that many forces in the celestial realm have paid attention to it. Even if Palace Master Yao Mie discovers something wrong with the Holy Master, they will not do it easily. "

Day work among the battleships. Holy Master Yuanlong also came to Elder Tianyun, frowning and said: "Elder Tianyun, why did you stop me before? No matter how strong the Holy Master Yaoguang is, I can take it down when I take the shot. , Then find out that Qin Chen and bring it back directly

Heavenly work, no one dares to say anything at all, can it be that Guanghan Palace really dare not stop it. "

An icy murderous intent surged through Yuanlong Saint Master. Elder Tianyun shook his head: "You are too impulsive. I just asked you to test each other, but I don't really want to capture them. Don't forget our identity. We represent Tian's work, although that adult has Another order, but

It is not enough for us to directly break the rules of Tian's work, otherwise, even if I have completed the task of that person and returned to the headquarters, I will be punished, and the gain will not be worth the loss. "

"Then, don't we just forget it?" Sage Master Yuanlong frowned, "We didn't bring back Qin Chen, I'm afraid we go back..." "Is it good for us to bring back Qin Chen?" Elder Tianyun sneered. , Smiling face was full of chills: "I don't know why that person secretly gave me such an order, I only know that even if I brought back that Qin Chen,

What advantage is there for us, but if Qin Chen has something wrong, we have to bear the responsibility, the venerable inheritance, is it really so attractive, even that one covets? "Elder Tianyun shook his head and said, "I now believe that the inheritance of Venerable Tianhuo is indeed terrifying, and it can enable Guanghan Mansion to give birth to so many masters in such a short period of time, but as that one. , Should not be the

Are you interested? Why is that? "

Elder Tianyun frowned, lost in thought. Of course, there is another reason why he left directly, that is, he can feel that what the Holy Lord of Light and Palace Master said are true. Qin Chen is indeed not in Guanghan Palace, he was in Guanghan Palace before. In the sky, he showed

The world listened to Dafa, if Qin Chen was in this Guanghan Palace, even in some hidden space, he would not fail to feel it at all.

And just as the Guanghan Palace Master expected, what happened in Guanghan Mansion after Elder Tianyun and others left, instantly spread to many forces in the heavens, and even forced the Tiangong headquarters to come forward. Explained.

This also caused Wen Hantian to receive more attention, especially the news that Qin Chen left the Guanghan Palace, which attracted everyone's attention. Many forces were wondering, where did Qin Chen go?

Where can he hide?

At this moment, Qin Chen was flying in the void in a certain area of the Eastern Heaven Realm. He was completely immersed in the perception of the Sage Master and others, rumbling, a series of terrible auras, constantly pouring into Qin Chen's body, strengthening Qin Chen's origin of the Holy Master, and located in the Universe Jade Plate You Qianxue and others in

Constantly absorbing the power of the three holy masters, improving himself.

If anyone sees Qin Chen at this moment, he will be surprised, because countless laws of power surge in Qin Chen's body, one after another, bursting into his body, bursting out dazzling power. However, due to the lack of the holy veins of the holy master, although Qin Chen's realm has been continuously improved, and his understanding of the way of heaven has also been continuously strengthened, his cultivation level has always been stuck in the initial holy master realm, and it has always been so far from the initial peak. One step

remote.

"Still lacking the Holy Vein."

Qin Chen sighed. If there are enough Saint Veins, Qin Chen can boast that he can definitely step into the initial peak Saint Lord realm in an instant, and his strength will increase a lot. Once he enters the initial peak realm, even if he meets the God Slayer again. Master, not too

It's as troublesome as before, and it takes so much energy.

Boom!

One day, the battleship Qin Chen was riding on suddenly shook.

"Have you finally reached the place?"

Qin Chen stood up and looked at the sky that appeared in front of him, "It seems that the Holy Master Saint Veins I need can almost be found." Qin Chen smiled, just a smile, extremely cold, like a **** of death.

[Chapter 3227: Guangyuetian](#)

Qin Chen looked at the heaven in front of him. This heaven was located on the ridge of the Eastern Heaven Realm. The location was very perfect.

This heaven is precisely the famous Guangyuetian in the Eastern Heaven Realm!

Guangyuetian is one of the core celestial regions of the Eastern Heaven Realm. It is well-known. It belongs to the middle power of the Eastern Heaven Realm. However, it occupies the core area of the Eastern Heaven Realm and is connected to the several middle celestial regions of the Eastern Heaven Realm. Its position is very important.

As early as tens of thousands of years ago, Yao Mie Mansion had set up a dark child here in an attempt to secretly control Guangyuetian.

However, due to the complexity of Guangyuetian's forces, in today's Guangyuetian, although three of the top five forces have been controlled by Yaomie Mansion, Yaomie Mansion has not yet fully mastered Guangyuetian.

It can be said that Guangyuetian is a big bone that Yao Mie Mansion will gnaw next, and even a strategic place that Yao Mie Mansion must pass through if he wants to control this universe. From the memory of Saint Lord Jiuyou, Qin Chen learned that the Saint Master Jiuyou and the Saint Lord of Savageness had been sitting in this Guangyuetian before, uniting the three forces of Guangyuetian, and secretly annexing the other two great forces. Forces, to achieve true control

Yuetian, it's a pity that the Saint Master Jiuyou and the Savage Desolate Lord were temporarily transferred to Wen Hantian and captured Qin Chen, only to fall into Wen Hantian.

"Just take this Guangyuetian operation!"

Qin Chen made a decision.

At the same time, he must also be very careful. Guangyuetian is different from Wenhantian. It is extremely powerful. It is a mid-range universe, possesses a mid-term Saint Lord, and more than one, and even has a mid-term peak Saint Master who is extremely powerful.

If you want to target such a force, you must plan and act rashly. In case of revealing your identity, this is not to ask Hantian. Once Palace Master Yao Mie learns the news, Qin Chen has almost no place to escape.

Therefore, he must fight quickly, win the victory, and gain the first opportunity before Yao Mie Mansion reacts.

"Well, it's one way to drive tigers and wolves."

Qin Chen meditated, he was not the kind of person who rushed to do anything, he had to plan to do anything.

call!

He plunged into the sky, murderous intent, and the power of various civilizations circulating on him. Gradually, the aura on his body became primitive, his body was elevated, and his bones were changing.

This was the magical technique of the ancient body, and the wild aura permeated, making Qin Chen's face begin to grow old, like a towering old man, incomparably vicissitudes of life.

He walked in the territory of Guangyuetian, like a traveler passing by here.

This kind of change was amazing. It was a change from the inside out. Combined with the sky patching technique, Qin Chen seemed to have changed himself. No matter how close he was, he could not distinguish his breath.

He leaned on crutches, trembling like an old elder who is about to enter the earth with his companion.

However, when he clenched a fist at this moment, he instantly revived like a real dragon!

boom!

In an instant, it was like a celestial thunder exploding, accompanied by a terrifying white fog, causing the space to be distorted and collapsed.

Around him, the laws of the Holy Lord were in patches, densely packed, like flaming lightning intertwined, extremely terrifying. He integrated the power of the Wild God Lord into himself, with a trace of the coldness of the Nine Nether Lord Lord, and also joined the destructive power of the Heaven Slayer Lord Lord, combined with the breath of the Lord of the Wild God and the Eternal Sword Lord, and became A top class never seen before

Master. The mid-term origin of the Dao Dao Holy Master lingers on him. This is not condensed by himself, but his Holy Master Origin, combined with the origins of the Wild Saint Master and others, the power of the mid-term Saint Master formed is very realistic. Almost nobody spied

Come out true and false.

Hum!

Qin Chen gently urged this force. Suddenly, the mountains were roaring and resonating, and the entire mountain range and the boundless barren forest seemed to be exploded. The mountains shook for a time, and the void was shaking. When Qin Chen shook, his blood was surging, he changed from a towering old man to a peerless strong man, vast and vast, covering the sky, covering the vast mountains and void, making all kinds of creatures tremble, many of them are overlords Class, but all trembling , The suppressed prostrate trembling on the ground.

This is the power that Qin Chen has condensed after absorbing several mid-term Saint Masters of Mietian Saint Master.

"Well, it's very similar, almost no one can recognize it." Qin Chen muttered to himself, he felt carefully, nodded slightly, he went to other areas with this identity, it is impossible for anyone to recognize his true identity. The technique of heaven is so amazing, it can fix all loopholes, even Qin Chen wonders if he is in the middle

Holy Lord of the period.

It is a pity that the only difference is the cultivation level. If you really want to fight, at a critical juncture, you might be recognized by others and spied out.

However, Qin Chen is not afraid. His cultivation level is false, but his strength is true. Even if the opponent perceives something, he is at most doubtful, it is impossible to really see his true face.

If he waited until he had absorbed enough of the Holy Master's Saint Veins and stepped into the initial peak of the Saint Master's cultivation base, he would be more lifelike, and at that time, anyone would be deceived.

"Let's go, it's time to attack, don't waste time, but before that, I have to find my two subordinates, Yao Mie Mansion. Offending Ben Shao is your greatest misfortune."

Qin Chen muttered to himself, he crossed the sky, stepped out in one step, stepped out of the endless void, and headed to the set destination.

Astonishing mansions towered across, and Guangyuetian mansions were terrifying. There were too many masters in them, and even any mansion could be compared with Wen Hantian. This was a qualitative difference.

Qin Chen sighed, just being a middle-level heavenly domain is so terrifying, so how powerful is Yaomifu, which is known as one of the top forces in the Eastern Heavenly Realm?

Soon, Qin Chen flew all the way and entered the core area of Guangyuetian.

"Qin Chen, among the five major forces of Guangyuetian, three of them have been controlled by Yaomie Mansion, and Guangyuetian is very united, and the five major forces have formed an alliance of forces. If you rush in like this, I am afraid it will be very dangerous. "

Among the jade disc of good fortune in the universe, You Qianxue said anxiously: "Yao Mie Mansion has been arranged in Guangyuetian for many years, and a reason must be found." "It's fine." Qin Chen said: "Qianxue, you don't know. When I tried in the heavens, I once enslaved the two great arrogances of Guangyuetian, Shao Jikang and Fairy Guangcheng. Both of them were the sons of the two great forces of Guangyuetian. They will inevitably become the top figures of the two powers, and the two powers they belong to happen to be the two powers that Yao Mie Mansion wants to occupy. This is also the reason why Yao Wuming wooed the two people, so this time, I

There has long been full confidence. "

"So that's the case." You Qianxue showed a dazed look, no wonder Qin Chen would choose here because he had been prepared.

[Chapter 3228: Space continent](#)

Huh!

Qin Chen entered Guangyuetian and instantly released Yao Wuming and Su Quan from the jade disc of good fortune in the universe.

"the host."

Yao Wuming and Su Quan bowed and saluted. "You two, go to the three powers that are controlled by the Yaomie Mansion. Without the Nine Nether Sage Lord and the Savage Sage Lord, these three powers must be a little uneasy. You two can enter this place as the Yaomie Mansion. The three major forces will cooperate with this

Block action. "

"Yes!"

Yao Wuming and Su Quan saluted again and again, turned and left instantly.

Qin Chen naturally had to make good use of his many subordinates. As Yao Wuming and Su Quan, as long as they compile some reasons, Guangyuetian's three major forces will definitely not doubt it. At that time, they will only need to use some tactics, or even expend much effort, to control Guangyuetian. Own hands

"Let's go, let's go to Guangcheng Palace first. It is rumored that this Guangyue Heaven also has a treasure, Hanyue Ling, which is suitable for Qianxue."

"What is Hanyue Ling?" You Qianxue asked in confusion. "Han Yue Ling, is a treasure refined by the Holy Lord Yue'e of the ancient Guangyuetian. In the ancient times, it even surpassed the treasure of the Peak Lord and approached the treasure of the Venerable. Then the Holy Lord Yue'e was also the Peak Lord. Only one step into the realm of venerable

The top powerhouse, but unfortunately, after the Celestial World War, Holy Lord Yue'e also fell on the battlefield. "And this Hanyue Ling, rumors contain the lifelong inheritance of the Lord Yue'e, but these are nothing. What is really special is that relying on the Hanyue Ling, you can find the Yueyun Immortal Jade of the Lord Yue'e. It is said that this is a piece. Baoyu has special effects

, Can allow the recipient to cultivate into a Moon God Body. "Although Qianxue has obtained the supreme treasure of Lunar Glazed Glaze, these treasures are not too small for anyone. Once you have cultivated into a moon **** body, you can melt the void and turn into moonlight, which is invincible at the same level. That Yue'e Holy Lord is Yi

Relying on this magical power, he became a well-known strong man in the heavens, and even the venerable couldn't easily kill him, but unfortunately, he was stared at by a demon **** and died in battle. "

All this information was obtained by Qin Chen from the memory of the Holy Master Mietian.

Hearing this, You Qianxue was also moved, and this Moon Divine Body really fits him very well.

"Let's go, go to the Guangcheng Palace first. This is a treasure reserved for you by your husband." Qin Chen laughed and flew towards the Guangcheng Palace. Qin Chen shuttled through Guangyuetian. He did not know how many layers of space he had traveled. He had gone through many provinces and some extremely dangerous places along the way. However, Qin Chen did not stay here, but flew far away. , His goal is Guangcheng

palace.

Guangcheng Palace is one of the five major forces of Guangyuetian. It is very powerful. Compared with the whole Wenhantian, it is only strong or not weak. It is far inferior to King Ren's Mansion, because this Guangyuetian Palace has a mid-term saint. the Lord.

The overall strength of Guangyuetian was too much stronger than Wenhantian, and it was not on the same level, so it was also a treasure place that Yao Mie Mansion paid great attention to.

"The front should be the sphere of influence of Guangcheng Palace."

Suddenly, Qin Chen stopped in a very strange void. He felt that in this emptiness, the aura began to be different, the stars, especially shining, some huge scorching sun, shining.

The air current in the void, this is an obvious light spirit, permeating all around, like moonlight.

"Look, Qin Chen, those are space continents!" You Qianxue said suddenly, pointing to the depths of the void. Qin Chen looked out from a distance, and saw that in the depths of the infinite stars, space continents were floating, and each space continent was almost as big as the Tianwu continent, so it floated in the sky. Trajectory

, Countless warriors live on these continents suspended in space.

In the depths of the mainland, in a more secret space, there are countless tyrannical auras hidden.

This is the dojo of Guangcheng Palace.

Qin Chen's eyes flashed, his body disappeared without a trace, and he lurked in.

"This is the dojo of Guangcheng Palace? It's really magnificent. I have to get the news first."

Qin Chen quietly appeared on a space continent, because his spiritual thoughts shot from afar. There are many foreign saints on this space continent, and they operate various restaurants, shops, and sacred workshops in these spaces. , Pills workshop.

Every continent is as vast as the Tianwu Continent.

These foreign saints seem to be sheltered by the Guangcheng Palace, where they live and work in peace and contentment, without disasters, without the riots of foreign struggles, and are extremely prosperous and lively.

There are also some warriors from other forces in Guangyuetian who come to settle on this space continent, or do some business, and even some saints want to worship the legendary Guangcheng Palace.

As one of the five powers of Guangyuetian, Guangcheng Palace is the place that countless sages of Guangyuetian yearn for. Qin Chen walked on a wide street, paved with white jade, with shops and restaurants on both sides. There is a feeling of being in the lower realm of the world. The only difference is that these business people are all saints, with earth saints and heaven saints.

, Overlords, giants, and even half-step holy masters are not a few.

Of course, the masters of some top powers, even the saints.

However, doing business here is different from other places. It is a bit more calm and less contentious.

Guangcheng Palace is the most uncontested among the five major forces of Guangyuetian, and it is naturally the place where many foreign warriors most dream of entering.

As long as you join the Guangcheng Palace, you will have no worries about food and clothing. Of course, joining is extremely difficult. In the surrounding air, there is a breath of clear spirit, which is very suitable for cultivation, like moonlight, with ethereal and clear coldness. The entire huge space continent is moving slowly, following the trajectory of the sun and the moon, which is cultivation. Feng Shui Sheng

Ground. Qin Chen walked into a restaurant at random and looked at the recipe. There were many weird delicacies on it, such as deep sea dragon liver, purgatory beard, demon saint inner alchemy, stir-fried phoenix tongue, etc. Some drinks were also from heaven. Brewed by Qizhen

The sky is much more luxurious. Of course, the prices of wine and vegetables here are very expensive, and some even reached the price of millions of top-grade sacred crystals. Qin Chen ordered some dishes at will, such as phoenix liver, poultry feather, and a pot of holy liquid ice wine. , Observe the momentum here, and

There are destiny calculations, and tyrannical characters are induced.

In the depths of this restaurant, there is a mysterious space mansion, which is obviously the residence of the giants of this restaurant.

And some of the folks here are also peerless sages. They are enough to be a city lord in Guanghan Mansion, but above the spatial continent of Guangcheng Palace, they are just a buddy in the restaurant. However, there were not many customers in this restaurant. Qin Chen swept away at will, and there were some people in the lobby of the restaurant. In the elegant room, it was almost empty.

[Chapter 3229: Guangcheng Palace](#)

"I want to ask you something. Is the dojo of Guangcheng Palace in these space continents?" Qin Chen suddenly stopped a peerless holy fellow, and lost a holy treasure in the past. Clean, but slashing

After killing the Sage Master and many masters, the treasures on his body were densely packed, and there were some low-end treasures. Qin Chen didn't bother to integrate into the jade disc of Universe Good Fortune. For Qin Chen now, some of the most basic heavenly sacred treasures are nothing but rubbish. Even the top-level heavenly sacred treasures are nothing. There are only half a step above the holy master's treasure. In the eyes of Qin Chen's method, but nothing

What a great use, it can only be refined by the Universe Jade Plate.

Only the late Saint Master treasure, even the Peak Saint Treasure, can now Qin Chen take a high look.

"Tian Sheng Sheng Bao!" As soon as this guy received his hand, his face immediately showed a respectful look: "Senior is a newcomer, the big boss of our restaurant is opened by a core disciple of Guangcheng Palace. However, the gate of Guangcheng Palace is not in these space continents, but in a deeper space. These space continents are the guardian formations that Guangcheng Tian established in the ancient times. Each space continent is actually one. In the eyes, in the rumors, only the master of the holy master can urge

."

"How can I reach Guang Chengtian?" Qin Chen waved his hand.

"This... I don't know how the senior's cultivation is?" The guy said: "If the senior is a heavenly saint, then you can go to Guangcheng Palace to try your luck. If you have good aptitude, you can be recruited as a core disciple."

"The core disciples of Guangcheng Palace must be Heavenly Sages who have comprehended the law of Heavenly Sage?" "In fact, this is not the case. If it is a native warrior of Guangcheng Palace, the day born is a figure in the palace, but if it is an outsider If you want to join, you must be a heavenly sage to be eligible, and you must solidify the law and master magical powers, which is extremely difficult

, Many of Guangyuetian's casual cultivators, even if they are famous, are difficult to pass the examination of Guangcheng Palace. "In short, in Guangcheng Palace, there is no status for not becoming a sage. The core disciple must be a strong sage, and must be a leader in the sage, with potential for development. As soon as I saw, Senior was definitely a master of Heavenly Sage, and he could touch

Take a chance. "

"Then what if it is the Holy Lord?"

Qin Chen said slowly.

The fall of this statement is nothing more than a thunderbolt in the blue and a sensation.

"Holy Lord, Supreme Lord? Controlling the existence of a mansion? A master of the heavens! Senior is the Holy Master?" This fellow shook his body and almost knelt down, his eyes revealing an incredible light. "Yes, this time I came to the dojo of Guangcheng Palace to do something, but no one was invited, and I didn't want to come here rashly. Isn't the owner of your restaurant a core disciple of Guangcheng Palace? He makes a friend, don't know that

Can't it? "

"Yes, yes! I'll report it, I'll report it immediately, please wait for a while, senior."

This guy continued to speak, but only promised and retired. "Qin Chen, I originally thought that you would use your strength to directly enter the Guangcheng Palace, find that Guangcheng Fairy, and then go to see the Guangcheng Palace Lord, discuss problems, gain the trust of the other party, and target Yao Mie Mansion. Unexpectedly You actually said in this restaurant

Isn't it a bit of abandoning the basics to ask the core disciple to take you in? "You Qianxue doubted in the jade disc of good fortune in the universe, "Holy Lord, a holy Lord, in any power, can get enough respect, is a thorough big person, you will enter through the core disciple, will not provoke people Doubt? And you

Would it be bad to expose one's own strength directly? "Qianxue, I'm actually hiding my strength now."

"Qin Chen laughed: "Although I am the cultivation base of the early saint master, I can beat the mid-term saint master!" Who knows my true strength? Go directly to Shangguangcheng Palace. Although it is fast, it will definitely be

This method can make the other party less vigilant. Qin Chen said lightly: "What we have to do is to unite the two big forces of Guangyuetian, destroy the conspiracy of Yaomie Mansion, and suppress the three big forces of them, instead of directly killing one party and leaving a mess at that time. Although it destroyed the plan of Yaomie Mansion

, But we didn't get the benefit ourselves, we still have to come slowly, what I want is to control the Guangyuetian in our own hands, and let Yaomie Mansion be like a throat. "

Qin Chen said with cold eyes, his breath changed, and a sacred master emerged from his body, making no secret of his initial cultivation.

In a short while, there was a burst of spatial fluctuations, and many big figures came across the void and appeared in the restaurant. The leader was a middle-aged man with a burly figure and a simple face, but

with a gleam in his eyes. Qin Chen swept away the cultivation base of this middle-aged man, and he was actually a giant at the peak of the middle-aged Heavenly Sage, and Qin Chen could feel that this middle-aged man was very young. I am afraid that he has cultivated for less than ten thousand years, and he already has a kind of overlord. I'm so angry, in time,

Within hundreds of thousands of years, he will definitely break through the late Heavenly Sage and become the overlord.

Such a person can be called a world-famous arrogant in any force.

Therefore, behind this middle-aged man, there are still a group of masters who hug the middle-aged man. Most of them are giants in the middle of the heavenly sage, and there are even two overlords of the latter part of the sage that surround the middle-aged man.

However, these people all felt the aura of the Holy Lord released by Qin Chen, and their expressions looked respectful. No matter what, a Holy Lord, any power in the heavens, even in the Yaomie Mansion, is shocking the world. Generation.

Holy Lord, that truly entered the ranks of the top masters in the heavens, and no one should be underestimated. In some realms, he can serve as the palace chief, a powerful and powerful person.

"This senior, I am Xu Zhijie, the core disciple of the Guangcheng Palace. I don't know what the senior is looking for for the junior? What are the important things to enter my Guangcheng Palace?"

Xu Zhijie, the core disciple of Guangcheng Palace, was obviously a shrewd figure, staring at Qin Chen, his eyes gleaming. "A tycoon at the peak of the Heavenly Sage's mid-term? Can't break through the overlord realm for a long time? With your strength, it should be no problem to enter the celestial trial, but unfortunately, you are a little bit older and you have lost this opportunity to enter the celestial trial. Stepping from a giant to the realm of the overlord, if you lose this opportunity, it will probably take you hundreds of thousands of years to enter the realm of the overlord. It's a slow step or a slow step, no matter, if you and I are destined, I will give you something first. Good, let you step into the realm of overlord as soon as possible."

[Chapter 3230: Have fate with you](#)

Qin Chen's eyes flashed, Xu Zhijie's body seemed to be extremely transparent, and any Sheng Yuan fluctuations and the power in his body were clearly seen by him, and the details were visible.

After that, a law of origin appeared in Qin Chen's hands, manifested, exuding the aura of a dominance, obviously the power of a dominance.

Qin Chen pointed his finger and buzzed. This core disciple Xu Zhijie was immediately set in the void, unable to move up and down. His expression changed, "Senior, what are you going to do?"

Not only Xu Zhijie, but even the people around him were unable to move, as if they were imprisoned, each of them changed a lot, and they were frightened. Could it be that Guangchenggong's enemies are here?

"Nothing, I see you are predestined, and I deliberately gave you a chance." Qin Chen shook his hand and punched this overlord origin into Xu Zhijie's body.

Boom!

Suddenly, the origin of Xu Zhijie's body has undergone earth-shaking changes. Various forces have condensed crazily. A trace of hegemonic power poured into his body, transforming his body, and various laws merged. In a flash, Xu Zhijie The Saint Yuan lingered around his body, the holy energy rolled, and all kinds of terrifying powers unexpectedly formed a wave of visions.

Boom boom boom!

An overlord's breath emerged from his body, and the whole person uttered a roar. A tyrannical force of law was condensed in his body, and there was a kind of overbearing that frightened the eternity and took control of one party. mean.

From the mid-Tian Sage giant breakthrough to the late-Tian Saint master overlord, for the average Heavenly Sage master, that is a huge bottleneck, at least it takes thousands of years, tens of thousands of years, and some even tens of thousands of years may not be able to break through.

And this Xu Zhijie is the Tianjiao of Guangcheng Palace. Although it may only take hundreds of thousands of years to make a breakthrough, it will also consume a lot of his energy. For such Tianjiao, hundreds, thousands of years, is a very It's a long process.

Maybe, in these years, his potential will be exhausted, and he will never be able to enter the realm of the Holy Master in the future.

Otherwise, the heaven trial would not be so important, so countless Tianjiao tried their best to enter the trial and get the opportunity to break through the overlord.

But now, Qin Chen's power in his body was transformed with his fingertips. From the mid-term giant of Heavenly Sage, he stepped into the realm of late overlord in one fell swoop. This is simply a fantasy.

"The origin of the overlord, I actually condensed the origin of the overlord. This is a realm breakthrough that I have dreamed of. Even if I am the core disciple of Guangcheng Palace, breaking through the realm of the overlord is extremely difficult. Pick one in a million. Once I break through, my status will be great. Ascension of, you can even get some amazing inheritance, because only the realm of the overlord can be regarded as a bridge to the realm of the saint. If you don't become the overlord, you may not even have a trace of becoming a saint."

Xu Zhijie was shocked, with an unbelievable expression: "Father, in order to allow me to break through as soon as possible, he tried his best. I don't know how many holy pill he has prepared for me, and how many laws I can understand. It is useless. What kind of method is this predecessor. Breakthrough?"

Xu Zhijie became the overlord, excited again and again, feeling the power of the overlord in his body, after a long time he calmed down, looked at Qin Chen's calm eyes, a sigh, and immediately knelt on one knee and bowed to salute.

The friends behind him were also shocked and hurriedly bowed down.

These methods are simply magical, because they all know that even a master of the holy master, it is impossible for a giant in the middle of the holy sage to directly break through the realm of the overlord

of the late sage. If the breakthrough of the overlord is really that simple, it will not There will be trials like this in the heavens.

"Senior, this is the grace of remaking. Such a great grace, I don't know how to repay it!"

Xu Zhijie bowed down and said, but he was extremely shocked in his heart. He was not a young child, and he knew exactly how violent it was to improve his realm. Once his father had specially asked many big figures in Guangcheng Palace for him, and even other master masters, but there was no way.

Even the lord of Guangcheng Palace, the top powerhouse in the mid-term of the saint master, could not let him break through at once.

In the mid-term, the Holy Master had no choice but Qin Chen could actually do it now, could it be...

Xu Zhijie always felt that Qin Chen on the opposite side was not as simple as an ordinary Holy Lord.

Because his father is also the Holy Lord, a top elder in Guangcheng Palace, otherwise there will not be so many giants and overlords around him.

"This is the hegemonic origin obtained from him after he once killed a pinnacle overlord. This hegemonic origin, after being refined by this seat, retains the most core hegemonic power, which happens to be cultivated by this hegemon. The law of magical powers is very similar to yours. This seat uses methods to provoke your own origin and directly break through, which is nothing."

Qin Chen said lightly, "Don't even think about my cultivation level. This seat will tell you the truth. The strength of this seat is beyond your imagination. Even if it is your palace lord, this seat is not shy at all. So to find you, or even to improve your cultivation, is not to use you for anything. It's just that this seat is predestined with your Guangcheng Palace. This time, when you come here, there is something important to discuss with you Guangcheng Palace. You Guangcheng Palace, there is one The saint is called Fairy Guangcheng, this woman has been instructed by this seat."

"What? Senior, you..."

Xu Zhijie didn't hear anything. He heard that Qin Chen was not even shy from the palace owner of Guangcheng Palace. This sentence almost shook him to death.

Who is the Lord Guangcheng? The top master in the mid-term of the holy master, even close to the mid-term peak of the holy master, is famous throughout Guangyuetian, is the dream lover of countless men in Guangyuetian, and one of the top masters of Guangyuetian.

Now this person actually said that even the Lord Palace Master is not shy, is it also a master of the mid-term Saint Master?

This shock, Xu Zhijie is not trivial.

Although the saints are rare and powerful, they are actually not considered high-profile figures in a medium-level universe like Guangyuetian. Let alone the entire Guangcheng Palace, there are at least a dozen figures. His father Xu Xiong , Is an early holy lord of Guangcheng Palace, the top elder.

But the mid-term Holy Master is scarce, and only a few people can compare with Guangyuetian.

"Let's talk, do you know Fairy Guangcheng? I told her back then. I heard that after she participated in the trial of the heavens, she returned to the Guangcheng Palace. When I got up this time, I just came to see her. Of course, I wanted to See your Palace Master Guangcheng." Qin Chen waved his hand.

"Senior has ever pointed out Fairy Guangcheng?"

Xu Zhijie stood up immediately, with a respectful expression, "It turns out that seniors and our Guangcheng Palace have such a relationship."
