

Valkyrie 3241

[Chapter 3241: Three reasons](#)

Palace Master Guangcheng exploded Zuo Rongtian here with a palm. The **** scene made everyone fearful and shocked.

The remaining few trapped Holy Lord elders shivered and frightened.

"Elder, you bring all these people down to this palace, and you have to ask about it. You must ask it out. What is the purpose of the people in Yaomie Mansion to control them."

Palace Master Guangcheng said coldly, a deep chill burst out of his eyes, and the people from Yao Mie Mansion had planted all the methods in her Guangcheng Palace, which was really intolerable.

Hearing that, a holy master who was at the peak of the early days of the heavenly sage in the crowd quickly left with the remaining elders, murderously.

"Brother Wudao, please sit down." Palace Master Guangcheng said to Qin Chen.

"How? How is my strength?" Qin Chen sat down and smiled at Palace Master Guangcheng. "Your strength is unfathomable. It can be against the powerhouse at the peak of the mid-term Saint Lord." Palace Master Guangcheng's gaze has returned to calmness: "Unexpectedly, the people from the Yaomie Mansion have already used their tentacles in order to control my Guangyuetian. Reach into my Guangcheng Palace, if

If you have said it, I am afraid that my Guangcheng Palace will definitely be in danger. Your Excellency is great. This palace has recorded it. I don't know what your needs are for doing this. As long as this palace can do it, this palace can meet it. "

Palace Master Guangcheng was very calm, and at this time, he didn't panic at all, not at all like the appearance of a major event in Guangcheng Palace.

"Palace Master Guangcheng, the old man came here this time without any requirements. I just don't want to see Guangyuetian, which took countless years to establish Guangcheng Palace, fall into the hands of outsiders." "Oh, isn't it?" Guang Palace Master Cheng smiled, and his eyes flashed: "If this palace is not wrong, your Excellency should have enmity with Yao Mie Mansion? And, there is a doubt in this palace, since this Nine Nether Stone belongs to the Nine Nether Lord Treasure, how is your Excellency

Get this Nine Nether Stone? Qin Chen suddenly laughed: "Palace Master Guangcheng is indeed a wise man, yes, the reason why the old man intervened in Guangyuetian's affairs this time, besides having a relationship with Fairy Guangcheng, and also wanting to help Guangcheng Palace, Another important reason is to destroy Yao

The plan to destroy the palace, as for the Nine Nether Stones..."

Qin Chen smiled: "Since this Jiuyou Stone has fallen into the hands of the old man, there is naturally no such a person as the Saint Master Jiuyou in this world."

what?

As soon as Qin Chen said this, the audience was horrified, and Xu Xiong and the others all showed a sense of horror.

The meaning of Qin Chen's words could not be simpler, that is, the Holy Master Jiuyou is dead, and it is very likely that he has fallen into his hands. Think about it, too, if a character like Jiuyou Saint Master had not been beheaded, how could his treasures appear in the hands of others, but that is the Jiuyou Saint Master, the mid-term Saint Master of the Yaomie Mansion, what kind of means is this person? , Can actually behead the Nine Nether Lord,

It's too overbearing.

Isn't he afraid to provoke Yao Mie Mansion's revenge?

In the entire Eastern Heaven Realm, there are almost few who dare to stroke the tiger's whiskers in Yaomie Mansion.

Where does he come from?

Palace Master Guangcheng condensed his gaze, but he did not expect Qin Chen to be so frank, and squinted his eyes and said, "Brother Wudao is really a good method, aren't you afraid that I will tell Yao Mie Mansion this matter?" Qin Chen gently shook his head. , Said with a smile: "Palace Master Guangcheng joked. If Lord Palace Master is willing to take refuge in Yao Mie Mansion, he will not refuse Yao Mie Mansion's wooing. This is the first and second, even if the Lord Guangcheng really Tell Yaomie Mansion, the old man is not afraid

, In this Guangyuetian, no one can stop the old man. This time, the old man is here because he sincerely wants to be friends with Palace Master Guangcheng. It depends on the Lord Palace Master whether you like it or not. "

In Guangyuetian, there are indeed masters like clouds, hiding many powerful men, and even the holy master of the mid-term peak, otherwise Qin Chen would not be so careful and plan.

However, Qin Chen was not afraid of anyone. He really wanted to tear his skin. Qin Chen also stingy to use his hand to kill the Quartet, killing the entire Guangyuetian into a river, it was not that it was the last resort.

Anyway, he is not afraid of Yaomie Mansion, he still cares about Guangyuetian?

It's just not in his own interest. "No wonder!" Palace Master Guangcheng smiled: "Brother Wudao, don't worry, this Yaomei Mansion has the ambition to dominate the Eastern Heaven Realm, but this palace will never give in. At least on this point, this palace and Your position is certain, but I don't know why Your Excellency will choose us Guangcheng Palace? "

The Lord Guangcheng said lightly: "If you say that it is just because your Excellency and Xingshuhui have an old relationship, or if you like me, Guangcheng Palace, I don't need to say such a reason."

"Hahaha, Guangcheng Palace Master is really quick to talk, and the old man won't hide and tuck him." Qin Chen said sprawingly, "The old man chose you Guangcheng Palace for three reasons."

"Oh?" "First, after the old man beheaded the Jiuyou Saint Lord, he got a lot of information. I'm afraid you don't know the Guangcheng Palace Master. The entire Guangyuetian five powers, in addition to Guangcheng Palace and Death Sect, in addition The three major forces: Red Moon City, Dragon King Island and Fenghui Zongdu

Has been controlled by Yao Mie Mansion. "

what?

Palace Master Guangcheng and the others were shocked. Except for Guangcheng Palace and Death Sect, the other three forces have all been controlled by Yao Mie Mansion? This news is really amazing. Moreover, the control Qin Chen said should be complete control. Even the leaders of the three major forces have already taken refuge in the Yaomie Mansion. Otherwise, there are also Zuo Rongtian and other controlled elders in the Guangcheng Palace. , But Qin Chen didn't say Guangcheng

The palace is also controlled.

"Second, the old man has a relationship with Fairy Guangcheng." Qin Chen said lightly.

"Third." Qin Chen said with divine light in his eyes: "The old man heard that you have a moon **** pool left by the ancient moon emperor in Guangcheng Palace, which can cultivate into a special moon **** body, so I just want to get into the practice. ."

"Do you want to enter the Moon God Pool and cultivate the Moon God Body?"

Palace Master Guangcheng showed a look of surprise. At this moment, she actually believed Qin Chen's purpose. The Moon God Pond is the sacred place of their Guangcheng Palace. It was the place of retreat and penance of the Lord Yue'e that year. It contains the amazing power of the Moon God, which is of great benefit to the warriors in the middle of the Heavenly Sage. It can condense the law. To consolidate the origin

.

However, Qin Chen wanted to cultivate the Moon God Body, but Palace Master Guangcheng was speechless.

The inheritance of the divine body is very difficult, even in the history of his Guangcheng Palace, except for the Holy Master Yue'e, almost no one can cultivate the moon divine body, even she is a bit short, Qin Chen actually wants to rely on the moon divine pond to cultivate. ? "Brother Wudao, I don't know where you got the news. I do have a Moon God Pool in Guangcheng Palace, and I can also cultivate the Moon God Body. However, the Moon God Body is a Yin attribute. With the strength of Brother Wudao, if you practice What big sun **** body, starry sky domineering body, this palace feels normal, but you can cultivate this moon **** body..."

[Chapter 3242: Luna Pool](#)

Palace Master Guangcheng almost said that the Moon God Body can only be cultivated by women, and men cannot cultivate.

But in fact, there is no limit to the divine body. In fact, men can also cultivate the moon divine body, but once the cultivation is successful, it is difficult to say what will become.

Everyone could not imagine that if Qin Chen really cultivated into the Moon God Body and became an enchanting old man who exuded the power of moonlight, it would make people imagine that his scalp would be numb and goose bumps would come out all over his body.

In fact, even in Guangcheng Palace, only the Saints of Guangcheng Palace, Guangcheng Fairy, and Caiwei Fairy are qualified to enter the Moon God Pool to practice, and others are absolutely not qualified. "This will not bother the Palace Master Guangcheng. Actually, the old man cultivates a magical power, which just lacks the power of this yin attribute. Even if he can't cultivate a moon **** body, he can absorb some of the moon **** pool's power. Harvested. to

At that time, whether he can practice successfully, the old man will stand on the side of Guangcheng Palace. "Palace Master Guangcheng was silent for a moment, and said: "Since Brother Wudao said so, that's fine, then this palace can open the Moon God Pond inheritance for you once, but to enter the Moon God Pond inheritance, Hanyue Aya needs to be mobilized. This palace has already entered. Passed the Moon God Pool three times, in

Before the cultivation base breaks through, it is impossible to enter again. In this way, Xing Shuhui's breakthrough holy master cultivation base will also have to enter the Moon God Pool for a bit of experience, so Xing Shuhui will lead you to enter. "

"Everything is up to the Lord Palace Master."

"In this case, Shuhui, you can take Brother Wudao to the Moon God Lake."

Palace Master Guangcheng shook her head, she was also speechless, so Qin Chen was the first man to enter the Moon God Lake.

The Moon God Pool, located in the sacred ground of Guangcheng Palace, turned out to be in the depths of a cave. Under the leadership of Xing Shuhui, the Lord Guangcheng opened the restriction, and Qin Chen and Xing Shuhui entered the cave in an instant. Xu Xiong and others shook their heads a little, what did they think Qin Chen would ask the Lord Palace Master? Unexpectedly, I entered the Moon God Pond. Although this place is mysterious and forbidden, almost all the top saints of Guangcheng Palace have entered it. History

Above, at least ten thousand saints had entered the Moon God Pool, but apart from absorbing the power of the Moon God Pool and improving their cultivation, almost no one had truly cultivated the Moon God Body.

Even Xu Xiong and the elders of the holy masters of Guangcheng Palace suspect that there is no such thing as a moon **** body in this world.

"Xu Xiong, what is the purpose of Guangyuetian, do you say that this innocence came to us? Is it really for this Moon God Lake?"

After Qin Chen and Xing Shuhui entered the Moon God Pool, Palace Master Guangcheng couldn't help but frown. Xu Xiong hesitated for a moment, and said: "Your Lord Palace, this subordinate doesn't know, but the subordinate also has some doubts. With the strength of this innocent senior, since he can kill the Jiuyou Saint Master and enter the Moon God Pool, Cultivating the Moon God Body is probably just one of his

It's just an excuse, the real purpose is to win the trust of the Lord of the Palace and target Yao Mie Mansion. However, the subordinates can feel that Senior Wudao is not hostile to our Guangcheng Palace. "

"I hope so." Palace Master Guangcheng's eyes fell cold: "Let's go and see how the Great Elder's interrogation is going, Yao Mie Mansion, huh!"

When Qin Chen stepped into the cave, he felt a cold and refreshing feeling, invading into the flesh, and a refreshing feeling of coldness.

"It's so cool, this Moon God Pool really deserves its reputation, it's the power of the most Yin!"

Huh!

As soon as Qin Chen lifted his hand, You Qianxue appeared beside him.

"Dust, this is the Moon God Pool?"

You Qianxue felt the power around him, and the whole body felt extremely comfortable, and the power of the glazed glaze supreme in his body also slowly started to swallow the power of the moon **** here.

Her glazed supreme body was obviously very attracted to the power in the Moon God Pool, and before it reached the Moon God Pool, the rolling Moon God power had already poured into her body.

"Dust, won't Palace Master Guangcheng find me?" You Qianxue worried.

"It's okay. This Moon God Pool is very special. It's a place of inheritance. Palace Master Guangcheng didn't enter, so naturally he won't find it here. Let's go."

Qin Chen strode towards it, without worrying about any danger, and soon came to a spacious place, which was as bright as daylight. The walls are all inlaid with large and small spars, each emitting a strong light like a dragon's eye. In the center of the cave is a weird formation, with various weird runes and ancient texts, the kind of ancient meaning. Come, obviously already has

Countless years have passed.

And below the formation, there is a pool of water, which is surging and undulating like moonlight.

This is the Moon God Pool?

Wow!

Qin Chen and the three of them walked into it, and their robes turned transparent, as if they had been penetrated by moonlight.

You Qianxue's face suddenly showed a crimson color, because under the moonlight, her clothes became transparent, and the concave and convex figure inside was looming, full of charm.

Not only her, but the robes of Fairy Guangcheng who walked in front also gradually became transparent, and her graceful figure was highlighted.

However, Fairy Guangcheng has been enslaved by Qin Chen, and naturally everything will obey Qin Chen's orders without any sense of shame. Even as long as Qin Chen speaks, Fairy Guangcheng will immediately put down his noble posture and serve Qin Chen.

Qin Chen frowned, and all the inheritances of the sacred pool were like birds, either they couldn't wear clothes, or they just penetrated the clothes directly.

But also, the top inheritance, the energy is very pure, and no impurities can invade, which will affect the quality of cultivation.

Wow!

As soon as Qin Chen and the three of them walked in, the endless pool of moonlight surging, especially You Qianxue, a lot of light burst out of her body, and a large amount of Moon God power poured into her body, blasting the entire Moon God pool. It seemed to be boiling.

"Little dust!" You Qianxue was taken aback. "Don't worry, this is the power of the colored glaze supreme in your body, devouring the power of the moon god." Qin Chen could feel that You Qianxue's colored glaze supreme strength is very strong, far above the energy of the moon **** pool. , So as soon as You Qianxue entered,

The power of the Moon God here was like a swarm, entering You Qianxue's body, but instead it was Fairy Guangcheng, the saint of Guangcheng Palace, who could only absorb some of You Qianxue's remaining power.

Hum!

On Qin Chen's body, vast auras also rose, and countless moonlight power began to flow into his body. Qin Chen possesses the Book of Origins, capable of condensing many civilizations, so this moonlight power can also be easily absorbed and swallowed by him, strengthening the power of the Holy Origin in his body.

[Chapter 3243: What happened?](#)

The power in this Moon God Pool is very strong. It was left by the Lord Yue'e that year. Although the Lord Yue'e, although not a Venerable, is a top-level Holy Master who is infinitely close to the Venerable, the inheritance left is naturally not Same as usual.

The original strength in Qin Chen's body immediately increased slowly, which made Qin Chen quite pleased, and he was so wide as the palace and his party did not disappoint him.

What Qin Chen lacked was the power of the holy veins, and the power of the Moon God was much stronger than the power of the holy veins.

Wow!

The three of them sat cross-legged, all absorbing the power of the Moon God Pool, Qin Chen absorbed the strength of the Moon God Pool for a long time, and suddenly stood up. "It's almost done. The power of the Moon God is a special power. It belongs to the power of the most yin. It is used to consolidate the source and improve the holy essence. There is no problem, but if I want to directly break through the initial peak of the holy master, it still Some are not good and must be absorbed

Enough power of the holy vein. "

Qin Chen began to observe the surroundings, the energy of the Moon God he had absorbed was enough, and if he absorbed it, it would not improve himself too much, but it would affect You Qianxue and the others.

But You Qianxue and Fairy Guangcheng were both women, and their cultivation power was very compatible with the Moon God Pool, but they could be absorbed forever. It was much more convenient than Qin Chen to rely on the power of the Moon God to make breakthroughs.

"It is rumored that if you want to cultivate into the Moon God Body, you must get the Moon God Immortal Jade, and this Moon God Immortal Jade remains in this Moon God Pool."

Qin Chen whispered, this is what he learned from the memory of the Holy Master of Mietian, Yao Mie Mansion has a very clear understanding of the power of the entire Guangyuetian, such treasures will naturally not fall.

So where will this Yueyun Fairy Jade be?

"Fairy Guangcheng, give Hanyue Ling to me." Qin Chen said.

Fairy Guangcheng immediately twisted her graceful figure and came to Qin Chen's body, lowered her head, and handed Hanyue Ling.

Hum! With Hanyue Ling in his hand, Qin Chen's body suddenly radiated a misty force. This Hanyue Ling had been refined by the Palace Master Guangcheng, leaving a trace of power, but Qin Chen just used the power of origin to give it a slight shock. Controlled a part of Hanyue Ling

Divided into power, it would not be noticed by the Palace Master Guangcheng.

what! When Qin Chen controlled a part of Hanyue Ling's power, he immediately felt that an invisible force diffused out of the Moon God Pool, and the quaint formation began to sway a lot of divine light, and every moonlight began. Diffuse out

, Penetrated through the bodies of the three Qin Chen.

Ok?

Qin Chen was surprised.

"This is... actually penetrated?"

Qin Chen looked at himself in surprise, every beam of light could penetrate through him, watching his musculoskeletal and blood circulation, his internal organs were all exposed under the light.

And after a ray of light shines through, you will feel a little strange in your body, as if it is cleaning impurities.

The same situation appeared on You Qianxue and Fairy Guangcheng. This kind of situation only appears when cultivating a special physique. That moonlight seems to be washing the bodies of the three of them. Qin Chen knows that there will be no danger, so he simply let go of his mind and blended into this feeling. Entered soon

Feel the state of heaven and earth.

Those rays of light continued to circulate on him, sketching out a beautiful pattern, floating above him.

At this moment, the three of Qin Chen were not only in the physical state, but also the Saint Yuan was also surging. They seemed to be led by the power in this Moon God Pool, and they felt like they were baptized in the Purple Spirit Pool at the Ji Family Ancestor Land.

Hum!

Among them, You Qianxue received the most moonlight on her body, and her body gradually exuded a terrible aura. The whole figure seemed to be transformed into moonlight, and she wanted to merge into the void, becoming very vain and ethereal.

"Moon God Body!"

Qin Chen was pleasantly surprised. Qianxue is now condensed into the Moon God Body. Once the Moon God Body is successfully condensed, it will turn into moonlight. Some are similar to Qin Chen's incarnation Thunder. In battle, this state can be inherently invincible. . The physical bodies of Fairy Qin Chen and Guangcheng are also comprehending this power, but they are too weak compared to You Qianxue, especially Qin Chen, as a masculine body, unable to completely transform into the body of the Moon God. But Qin Chen owns the book of origins and can

Condensing the power of the moon **** also has its own uniqueness.

Whoosh!

I don't know how long it took, a piece of treasure jade appeared in You Qianxue's body.

Yueyun Xianyu!

Qin Chen was surprised. It turned out that this Moon Rhythm Immortal Jade was not an entity, but a certain kind of supernatural power, integrated into the Moon God Pool, and as long as it was cultivated into the Moon God Body, it would be condensed in his own body.

Qin Chen could feel that the strength in Qian Xue's body was slowly increasing, even surpassing her, and heading towards the initial peak state. This time, her gains were really great.

Outside the Moon God Pool, Palace Master Guangcheng and the others have returned here, waiting quietly.

She had learned about some plans of Yao Mie Mansion, and her heart became even more angry and cold.

Xu Xiong asked: "Lord of the Palace, let's just keep waiting like this? How long does this inheritance take?" Palace Master Guangcheng said: "Time varies. Generally speaking, it will end within an hour. The higher the talent, the more time. The longer it is, but under normal circumstances, it will not take more than half a day. Now Brother Wudao has been in for more than half a day. They are far beyond ordinary people.

I'm afraid it will be out soon. It was the first time this palace entered the Moon God Pool, but it lasted for a long time. "

Xu Zhijie was taken aback: "For so long, can Senior Wudao really condense the Moon God Body?" Xu Xiong shook his head and said, "Enlightenment is possible. , It seems that so far, I have not heard of a person who can really condense the Moon God Body, absorb one

These Moon God powers are understandable, but it is completely impossible to condense the Moon God Body. "

Xu Zhijie suddenly muttered, "What if the predecessor innocent succeeds!"

Everyone was noncommittal and smiled slightly, obviously because they were not too cold at what he said.

"Out!"

At this time, Xu Xiong suddenly screamed, and saw two figures flying out of the cave.

Fairy Qin Chen and Guangcheng lightly landed in front of the crowd, their faces still wandering without any expression.

Xu Zhijie hurriedly said, "Senior Wudao, what's wrong?"

Palace Master Guangcheng and Xu Xiong smiled and didn't care at all, because they all knew that this was simply impossible.

"Master Palace, Senior Wudao succeeded in practicing." Fairy Guangcheng said suddenly.

what?

Everyone was stunned and did not understand for a while.

Qin Chen smiled and said, "Is the so-called Moon God Body like this?"

Suddenly, the light on his body began to flourish, and moonlight appeared all over his body, and his body gradually became transparent, dazzling, and truly beautiful. Under this kind of vision, the whole cave showed brilliance and brilliance.

[Chapter 3244: Another one](#)

Quiet.

Complete silence.

Except for the sound of the wind between the heaven and the earth and the sound of the holy yuan circulating, this place is like nothing but empty.

"Father, Lord Palace Lord, look, did Senior Wudao succeed in his cultivation in this situation?"

Xu Zhijie asked stupidly, and then he saw the wide-open eyes of both Xu Xiong and Guangcheng Palace Master, which looked even more shocked than Xu Zhijie.

This this.....

The two of them were stunned, they were going crazy, what did they see? That Wudao really cultivated into the Moon God Body, and both felt that the worldview collapsed suddenly.

"Why, isn't it right?"

Qin Chen smiled slightly.

At this time everyone woke up, but Xu Xiong still opened his mouth wide enough to stuff the watermelon, rubbed and rubbed his eyeballs, and patted his head from time to time to see if he was dreaming.

Xu Zhijie laughed. He saw the truth clearly from his father's performance, and said excitedly: "Senior Wudao, I know you can do it."

Qin Chen nodded, and smiled towards Palace Master Guangcheng: "Many Palace Masters have done it, and the old man's efforts have not been in vain."

"This... how is this possible?"

Palace Master Guangcheng lost consciousness for a while, and kept muttering to himself. Xu Xiong looked at Qin Chen behind him, as if he saw a monster, he kept touching the cold sweat on his forehead.

The Moon God Body, which had never been successfully cultivated for countless years, was successfully cultivated by a man.

Palace Master Guangcheng said with a wry smile: "Brother Wudao, you are really a man of destiny!"

She shook her head enviously, and made a sullen hand gesture. This is not even a divine body that she has successfully cultivated.

Qin Chen smiled and said, "My Lord Palace, it's actually very simple to cultivate into this Moon God Body."

"Very simple?"

Palace Master Guangcheng's face is even more bitter, but she is a figure who has entered the Moon God Pond and inherited three times. She has not successfully practiced until now. How could it be simple.

"Master... Actually, it's really simple, because the disciple seems to have successfully cultivated."

At this moment, Fairy Guangcheng said cautiously.

Before the Lord Guangcheng could speak, Fairy Guangcheng also burst into a bright moonlight. Her body seemed to have melted into the void. It was not long before she was the Holy Lord who had just broken through, but in Xu Xiong's perception, Guang Chengxianzi disappeared suddenly as if disappeared out of thin air.

He could not perceive the consciousness of this old-brand Holy Master.

It should be understood that although he is only an early holy master, he is also an old holy master at any rate, and he can't even perceive a person who has broken through the realm of the holy master within two days.

Palace Master Guangcheng also widened his eyes, because in her perception, Fairy Guangcheng's aura also began to become misty, slowly disappearing from her perception, and becoming as if there was nothing.

"The Moon God Body is another Moon God Body."

Palace Master Guangcheng was about to see crazy. After a long time in the wind, he wondered: "How did you cultivate?"

"Master, in fact, at the beginning, the disciple could only absorb the power of the Moon God. He was the Wudao Senior. He told the younger generation that this Moon God Body was said to be left by the Lord Yue'e of our Guangcheng Palace, and Hanyue Ling was us. Can the Holy Master Guangcheng Palace Yue'e's treasure be able to use Hanyue Ling to arouse the power in the Moon God Pool? The disciple tried to trigger the formation, but for some reason, it was washed away." Fairy Guangcheng said.

So simple?

Just triggering Hanyue Ling, can it trigger the formation in the Moon God Pool?

wrong.

Palace Master Guangcheng shook her head, Hanyue Ling was her treasure. Although she hadn't tried it deliberately, she had also urged her. The situation mentioned by Fairy Guangcheng did not happen. There must be other reasons for this.

But at this time, Palace Master Guangcheng couldn't study it carefully. She couldn't enter the Moon God Pool for the time being, and she had to wait for a while.

"My Lord Palace, I don't know if you can ask anything?" Qin Chen said.

Hearing this, Guangcheng Palace Master's expression immediately became dignified, showing gratitude: "This time thanks to Brother Wudao, it turns out that Yao Mie Mansion has been set up in my Guangyuetian for a long time, Red Moon City, Fenghui Zong and Dragon King Island had been under the control of the Yaomie Mansion many years ago, but the Death God Sect and I Guangcheng Palace have never been able to control it, so Yaomie Mansion did not act rashly without knowing it. However, this palace has already received the news, This time at the Alliance Conference, the Saint Lord Jiuyou has been sent to them, asking them to cooperate with the three major forces to seize the power of my Guangcheng Palace and the Death Sect."

"If it wasn't for Brother Wudao, you could see through the other party's conspiracy, I am afraid that Guangcheng Palace will be in danger this time."

Palace Master Guangcheng just thinks about it, and she has fears. Although she is not afraid of anyone, she thinks of the other three powers at the same time at the Alliance Conference. In addition, Zuo Rongtian and others in her clan have turned back. At that time, even if I have the heart, I am afraid I can't make it back.

Fortunately, this conspiracy was shattered.

All this thanks to Qin Chen.

"Hahaha, that's not a big deal." Qin Chen smiled, "Master Palace, do you decide what to do next?"

"Naturally, soldiers came to cover the water and the earth. Didn't Wu Dao mean that the Death God Sect was not wooed? I can join forces with the Death God Sect, and the Death God Sect Master Shao Tianxing is also a hero. Being controlled by Yaomie Mansion, as long as you tell him the truth, if the two big forces of mine join together, plus Brother Wudao, even if the three powers are in trouble, I will not be afraid of it. If Yaomie Mansion dared to intervene directly, Ben The palace will tell the matter out to see how Yaomie Mansion handles itself."

Palace Master Guangcheng said with icy eyes, "If it really doesn't work, this palace will definitely kill him."

The tone of the young girl, the Palace Master Guangcheng, was also very brutal. At first glance, she was in her bones, killing decisively and fearlessly.

"If this is the case, then wait for the good news from Palace Master Guangcheng. As long as you deal with Yao Mie Mansion, the old man has the responsibility." Qin Chen laughed.

Palace Master Guangcheng glanced at Qin Chen and said, "This palace has already contacted the Death Sovereign, but before that, this palace must first determine one thing. What do you want from my Guangyuetian?"

"Didn't the old man have already said it? The Moon God Body is the purpose of the old man." Qin Chen smiled.

Palace Master Guangcheng shook his head: "Brother Wudao, Mingren don't talk secretly. The Moon God Body may be one of your goals, but you have no reason to help me Guangcheng Palace and the Death God Sect against the three major forces of Red Moon City. , You must have other demands."

"Well, since the Lord of the Palace has said so, the old man will just say it. The old man wants all the resources of the three major powers." Qin Chen smiled lightly: "If the conspiracy of Yao Mie Mansion is extinguished, the three The power's holy vein resources are all owned by the old man. As for the territory, you can give them all to your two major powers."

[Chapter 3245: Attend the conference](#)

"In addition, the old man has also joined a certain force. By then, the old man's force hopes to enter Guangyuetian for development. At that time, you will need the support of Guangcheng Palace Lord."

Qin Chen had no interest in the region of Guangyuetian at all.

All he wants is resources, breaking through the initial peak Holy Master, and even higher level resources.

Of course, the development of the Chendi Pavilion is also very important to Qin Chen. Once the Chendi Pavilion expands, there will be a steady stream of powerful people born, which is much better than holding on to the territory.

As for the entire Guangyuetian, as long as Guangcheng Fairy and Death Sect's Shao Jikang grow up and become leaders of the two forces, they will eventually become Qin Chen's territory.

"Oh? Unexpectedly, your Excellency has joined a certain power? I don't know if you can tell this palace?" Palace Master Guangcheng condensed in his heart, quite a little surprised, what kind of power can let a master like Qin Chen join? And it sounds like this power was not established by Qin Chen, he just joined it.

"Well, originally this is a secret, and I can't tell anyone, because once it spreads out, it will cause some trouble, but since Palace Master Guangcheng wants to know, the old man can tell Palace Master Guangcheng to show his sincerity. , The force that the old man joined is called Chendi Pavilion!"

Qin Chen said with a smile.

"Chendi Pavilion?"

Palace Master Guangcheng was puzzled at first, and then suddenly surprised, "Your Excellency said, is it asking Hantian's Chendi Pavilion?"

"That's right, it is the Chendi Pavilion." Qin Chen nodded: "The Chendi Pavilion is in the major heavens. It only trades and does not occupy the territory, so Palace Master Guangcheng can rest assured."

hiss!

No wonder!

Palace Master Guangcheng had already fully understood in his heart at this time that Chendi Pavilion's current reputation in the heavens, at least no one in the eastern heavens knew, no one knew.

Combining with the previous announcement from Wenhantian, in the mid-term, the Holy Master broke into Wenhantian, but was blocked and driven away by Palace Master Guanghan and Holy Master Yaoguang. Now it seems that the invading person is most likely Yao. The Nine Nether Lords of the Exterminating Mansion, however, the Nine Nether Lords were not driven out. In fact, they might have fallen into the hands of the Innocent Lord and Palace Lord Guanghan and others, and became a resentful soul.

It's no wonder that Wudao's Holy Master would be so hostile to Yaomie Mansion. You must know that Yao Wuming Son of Yaomie Mansion fell in the heaven trial. It is rumored that Qin Chen killed him. How can Yaomie Mansion go down? , Will definitely start to ask Hantian, who knows but was killed by the person who asked Hantian.

All the clues were strung together in the mind of Palace Master Guangcheng.

"What is the origin of this Chendi Pavilion? It is said that Qin Chen's origin is unknown. Some people say that it is a native genius who asked Hantian. Others said that Qin Chen came from other forces. With such a person, it is impossible to recruit a top expert like the Innocent Saint, I am afraid that Qin Chen's origin is extraordinary."

Palace Master Guangcheng kept replenishing his brain, thinking that he had mastered the truth of the matter.

In fact, she even had the urge to ask Qin Chen about the true origin of the Chendi Pavilion. Since the Innocent Holy Lord came from Chendi Pavilion, she would certainly have some understanding, but she still suppressed the impulse in her heart.

This is the secret of Chendi Pavilion, how could it be easily said.

However, after Qin Chen explained that he was from Chendi Pavilion, Palace Master Guangcheng's suspicion of Qin Chen was truly let go.

Qin Chen before, although sincere, but the origin is unknown, which always keeps her bottomless, but now, she has also investigated the information of Chendi Pavilion, and she also understands what kind of power this is, even asking Hantian, that Chendi Pavilion She didn't occupy it, and was still under the control of Palace Master Guanghan. That Chendi Pavilion would naturally not covet too much of her Guangyuetian.

"It seems that this is an opportunity for my Guangyuetian. The Chendi Pavilion has a mysterious origin. Its pavilion master Qin Chen, in the trials of the heavens, has been inherited by Venerable Tianhuo alone, and is the holy son of Heaven's work. The future is limitless... If that Qin Chen can go on, what will be the achievement?" Palace Master Guangcheng asked.

Suddenly, a talisman came out through the air, with a strong aura, as if the sword cut into the sky.

"Huh? It's a saint master-level character passing the talisman book!"

Qin Chen's heart moved, and he saw Palace Master Guangcheng grabbing his hand and unfolding a little after receiving this talisman, his face changed and he suddenly sneered.

"Master Palace, what is this?" Xu Xiong asked in confusion.

"Huh, it's an invitation from the Alliance Conference. This Alliance Conference has already been advanced. We are required to go now and discuss our Guangyuetian's future. Very good. I want to see what the other major forces have done. ghost."

"Then let's go and see what your Guangyuetian alliance conference is about. The old man also wants to see, what masters are there in Guangyuetian." Qin Chen sneered.

In his body, the power is constantly running, and all the strength is raised to the maximum.

"Go! I'll take you there."

Guangcheng Palace Master took the lead in flying, Qin Chen followed closely, Guangcheng Fairy and Xu Xiong's holy master elders also followed, and after everyone flickered, after a short while, they jumped out of the Guangcheng Palace's range, towards An endless void swept away, and there was a sea of stars floating and sinking everywhere in front of him, everything returned to the ruins, the power of the stars, scattered down, like a beautiful fairyland.

The address of this alliance conference is located in the vast sea of stars in Guangyuetian. It is very mysterious. It is a misty void. There are no buildings. There is only a bright void. The galaxy floats and sinks. The void particles flicker, and there is no sound. It is a quiet place.

Very mysterious.

"Brother Wudao, this is the place for our alliance meeting, come with me."

Palace Master Guangcheng stepped forward, and suddenly an invisible gaze lingered over. This seemed to be a means of detection, sweeping Palace Master Guangcheng, feeling the breath on her body, and quickly retreated.

Then, the two came to a vast void.

But as soon as Qin Chen, Palace Master Guangcheng and others entered, they saw that a huge throne emerged out of thin air, entwining the sacred starlight, which was extremely noble.

Many brilliance came in the sky and landed on the huge throne, revealing one after another great figures. In addition, after the great figures on the huge throne sat down, some masters stood under the throne. The disciples of big figures, or subordinates, the lowest of them all are the Holy Master.

It seems that he is not in the realm of the Holy Lord, and cannot enter this alliance conference.

As soon as Palace Master Guangcheng appeared in the void of this alliance conference, a huge throne rose up, as if it was specially prepared for her.

[Chapter 3246: Dragon King Island Lord](#)

Of course, Qin Chen and the others did not. They could only serve as attendants, standing quietly under her throne. Of course, Qin Chen didn't care about this, but quietly observed the surroundings.

A throne of dignity rose up, one by one big figures broke through the air, Qin Chen was also secretly shocked, he actually saw many rare early peak holy masters in Wenhantian, in Wenhantian, the early peak holy masters, The palace masters that can give birth to the most top powers, such as King Ren Mansion and Blood Sun Mansion, are the holy masters of the initial peak, and some ordinary palace masters are only the early holy masters.

But in this Guangyuetian alliance meeting, Qin Chen only glanced at it, and at least saw a dozen of the early peak holy masters, and the number was still increasing.

This force is much stronger than Wen Hantian.

Even Qin Chen felt a terrible breath, which was the power of the mid-term Holy Master.

Asked Han Tian a mid-term saint master who didn't have one, here, Qin Chen vaguely felt more than a few.

"In our Guangyuetian, there are a total of five top powers, the Death God Sect, Guangcheng Palace, Red Moon City, Fenghui Sect and Dragon King Island, but there are eight masters above the mid-term Saint Master level, except for our five powers. In addition to the leader of, there is one in the Death God Sect, one in Dragon King Island, and one in Red Moon City." Palace Master Guangcheng introduced to Qin Chen: "As for the holy lord at the initial peak, there are many, like There are a lot of Zuo Rongtian, but Brother Wudao shouldn't take it seriously."

"Eight mid-stage holy masters? There are many early peak holy masters? This number is too terrifying." Qin Chen secretly said in his heart, but his eyes flickered. The stronger the Guangyuetian, the more resources he has. , He is naturally more convenient to break through.

Qin Chen asked again: "Since the Death God Sect, Red Moon City, and Dragon King Island have two mid-term holy masters, wouldn't they occupy the three of the top five?"

"It's not necessarily." The Lord Guangcheng smiled, his eyes were proud, "Although I have only one mid-term saint in my palace, my palace is only one step away from the mid-term peak, and even this palace has already Touching this realm, it would be easy for the Death God Sect and other forces to repel the main palace if they join forces, but if they want to kill the main palace, I am afraid it is a foolish dream."

Palace Master Guangcheng is extremely proud,

"However, you must be careful of the Dragon King Island Master. It is rumored that this person is half-human and half-demon. His ancestors possessed the blood of real dragons. They were very powerful. They also had a set of top-notch holy master treasures. They were treasures left over from the ancients and his own strength. , Is also close to the mid-term peak of the Holy Master, you have to be careful, don't be impulsive." Palace Master Guangcheng warned again.

"Really? True dragon spirit? The old man also has some research, you can compare and test." Qin Chen said coldly.

Boom!

Just after he finished speaking, several extremely terrifying forces broke through the air.

Two sacred seats, like the throne of the gods, rose slowly, and then two great figures, one after the other, leading some disciples of the Holy Master, the Supreme Elder, sat on the sacred throne.

"That's the two masters of the Death God Sect and Dragon King Island. The left is the Death God Sect Master Shao Tianxing, and the right is the Dragon King Island Lord Long Guiyun." Palace Master Guangcheng narrowed his eyes and reminded.

"Oh?"

In fact, without the Guangcheng Palace Master's reminder, Qin Chen also recognized the Death Sovereign, because with him, following Shao Jikang, a powerful aura surged through his body, so Shao Jikang broke through the realm of the Holy Lord without Qin Chen's help It can be seen that Shao Jikang's talent is extremely amazing.

Worthy of being Guangyuetian's number one arrogant, Shao Jikang himself was a leader among the many arrogances of the Eastern Heaven Realm who followed Yao Wuming during the trials of the heavens, and was stronger than Fairy Guangcheng.

However, the aura on Shao Jikang's body was very vain at this time. It can be seen that he had just broken through the realm of the Holy Master not long after, and he had taken some kind of natural treasure, and the aura on his body had not been consolidated.

And the Death Sovereign in front of Shao Jikang was an old man with gray beard and hair. His eyes were dark, with dark light flowing around, and the power of death lingered on his body. After a glance, he saw the endless coldness. As if facing the death **** of the underworld.

As soon as the Death God Sect Master fell, they quietly looked at each other with Guangcheng Palace Master, as if they were communicating with each other.

The Death God Sect and Guangcheng Palace are the only two powers that are not controlled by the Yaomie Mansion. The Guangcheng Palace Lord has also secretly contacted the Death God Sect Master, indicating a strong relationship.

But the owner of Dragon King Island was an old man with a gray beard, a burly figure, and his body was surging with blood, surging like a vast ocean, very different from ordinary people.

Qin Chen glanced at the past, and he felt the power in the main body of Dragon King Island. It was very surging. The blood was extremely vigorous. He indeed possessed the blood of the demon race. His face was wrinkled, and his eyes were immutable. It is a look of domineering and truth, with empty hands, the breath blends into the surroundings, and there is no movement, but it gives people a taste of earthshaking and changing colors as long as he moves.

This person is like the pillar of heaven and earth, unable to move at all, once moved, heaven and earth lose the pillar.

When this person came, he glanced at Palace Master Guangcheng and found Qin Chen. He swept it at will, crackling, and Qin Chen felt a tremendous force in his body. Invading in, he must be careful. He probed every inch of flesh and blood and Saint Yuan, but he didn't move at all, sneered on his body, and directly used the technique of patching the sky, the way of substitutes, and the reincarnation of destiny, revealing the aura of the early peak Holy Master.

The terrifying spirit shot past, and Qin Chen simulated his own power to the level of Zuo Rongtian. Zuo Rongtian's strength was also equivalent to that of Qin Chen, and the Dragon King Island Master saw it "clearly".

Found that this was an ordinary early peak holy lord, the spirit of the dragon king island lord flashed past.

"Brother Wudao, you haven't been spotted? The Dragon King Island Lord has the true eyes of the Dragon King. Your previous temperament was too outstanding and attracted his attention." Palace Master Guangcheng was startled, she knew Qin Chen. Chen's cultivation base is at least "Mid-term Saint Lord" or higher. Once recognized by the Dragon King Island Master, he will definitely cause trouble and make the other party vigilant.

"It's okay, the Dragon King is really eye-catching? Even if the real Dragon King is here, I don't want to see through the real power of the old man." Qin Chen smiled coldly, not caring.

After about an hour, the powerful force in the void finally calmed down, and the top masters of the several major forces, all kinds of supreme elders, and holy masters were all in their positions.

The masters of the five major forces, surrounded by a circle, burst out with a shocking aura.

The number of holy masters made Qin Chen amazed.

It was the first time he saw so many saints.

[Chapter 3247: Afraid of this seat](#)

What surprised Qin Chen was that in addition to the masters of the five major forces, there were also masters from other small forces in Guangyuetian.

Although it is a small power, it is actually smaller than the five major powers. There is no mid-term Saint Lord, but it is stronger than the forces such as the Mansion of King Ren who asks the cold sky. Each power has an early peak Saint Lord. Sit down.

This turned out to be the entire Guangyuetian power assembly.

"Dragon King Island, they actually greeted other forces besides our five major forces?"

Palace Master Guangcheng frowned.

The previous alliance conferences were only closed-door meetings of the five major forces, but this time, it seems a little different.

"Everyone, our five forces have finally gathered together again. It is gratifying and congratulations, but the Alliance Conference has always been only a meeting of our five forces. The Lord of the Dragon King Island urgently summoned me to wait and notified so many other forces of Guangyuetian, so Grand, I don't know what is going on?"

After quieting down, suddenly a magnificent figure stood up from the seat. It was an old woman, with crooked skin and hair, but she was tall and mighty, even bigger than some men.

"This is the Sect Master of Fenghui Sect. There are many women in Fenghui Sect. However, this Sect Master likes to recruit male disciples, and his various looks are handsome. On the contrary, his cultivation level is not so important. Many people said, The male disciples of Feng Hui Sect Master are all her face." Palace Master Guangcheng said to Qin Chen.

Qin Chen glanced at each other, and saw that this old woman had chicken skin and silver hair, and the wrinkles on her face were like the roots of old trees, entangled, but beside her stood two white skinned faces with crowns of jade. The man who was leaning on her side, with an intimate appearance, made Qin Chen cry out.

These men are not weak in their respective cultivation bases, each of them is rich and handsome, and turned out to be the early holy master. Such a man, with his reliable strength, has hit the sky and is powerful, so why don't he want to fight?

"Today, the Alliance Conference is held ahead of schedule, and my other brothers and sisters from Guangyuetian are also called together. This is because the old man has received an important news concerning Yaomie Mansion. The old man received a notice from Yaomie Mansion and wants to talk to us. Moonday cooperation. I'm here today to brainstorm ideas, mainly to discuss with you how to cooperate." The Lord of the Dragon King said, his voice is like a dragon and wind, and there is a smell of cloud from dragon, wind from tiger, every note, It seems vaguely that dragons and tigers roar down from the sky.

"Oh? Yaomie Mansion wants to cooperate with our Guangyuetian? This is good news. The Yaomie Mansion is the top power in the Eastern Heaven Realm. It is rumored that the Lord Yaomie is attacking the realm of the venerable. If it can cooperate with me Guangyuetian Tian's cooperation is also very good for our Guangyuetian's development. I, Guangyuetian, have never born a late-stage Holy Lord in these years. Perhaps with the help of Yao Mie Mansion, a breakthrough may be possible. What do you think?"

Feng Hui Sect Master raised her brows and said immediately, looking at the others present.

There was a whisper on the court immediately, and Palace Master Guangcheng didn't expect that the Dragon King Island Master didn't even conceal anything. As soon as he came up, he directly talked about Yao Mie Mansion, which made people feel a little out of reach.

Do not!

Perhaps the other party is not trying to make people feel awkward, but rather confident.

"Everyone knows that Yaomie Mansion has secretly developed in the Eastern Celestial Realm over the years, and we have contacted Guangyuetian many times, and it is rumored that Yaomie Mansion has secretly controlled many forces and formed a huge alliance. This time, the people of Yaomie Mansion came to us Guangyuetian once again, so the old man was very anxious to discuss with you. After all, according to the rules of the heavens, Guangyuetian didn't need to be afraid of Yaomie Mansion, but it has always been like this. If you go down, you will be targeted sooner or later, so it is better to make a decision sooner."

The Dragon King Island Lord said: "This matter must be discussed with my five major forces and the many brothers and sisters present."

"What do you think of the sect masters? When the masters of the Yaomie Mansion are next, we must come, and as envoys, we must also give sufficient respect. This is the reason for calling your sect masters to come."

Another powerful person spoke, the City Lord of Red Moon City.

The City Lord of Red Moon City was a taciturn and indifferent old man, but his murderous aura was extremely heavy, like a red moon rising, illuminating the world.

"My Red Moon City is naturally welcome. Yao Mie Mansion means that we only need to form an alliance with our Guangyuetian and form a front, and it is also for the more prosperous development of the Eastern Heaven Realm. As long as I Guangyuetian agrees, The Yaomie Mansion will teach me the experience of breaking through the realm of the saint master in the later stage, and will also provide the rest of the forces present with the possibility of breaking through the saint master in the middle stage. Now the demon is a disaster, and can break through a higher realm. I want everyone present, Does anyone need it?"

"Hahaha, I returned to the sect, so I naturally agreed. Why don't you agree to such a good thing? Of course, if Yao Mie Mansion dares to do anything about the idea of occupying my vast moon sky, the old man is the first to disagree. "

The old woman of Fenghui Sect Master immediately said loudly, her eyes flashed, she glanced at Palace Master Guangcheng, and smiled gloomily: "Next, let's look at Palace Master Guangcheng? It is rumored that Palace Master Guangcheng once refused Yaomie Palace. People, the people of Yaomie Mansion have also expressed their attitude with the old body. As long as Guangyuetian has any forces that do not agree, they will not force me to unite with Guangyuetian. I think these things are related to Guangyuetian's future events. Palace Master Guangcheng won't refuse rashly anymore, right?"

This Feng Huizong old woman directly named Guangcheng Palace Master.

This attack was so fast. The three major forces of Dragon King Island, Red Moon City, and Fenghuizong raised this question as soon as they came up, and then directly expressed their support, and put a big hat on the Guangcheng Palace Lord, and simply refused to Guangcheng Palace Director. How to ease the opportunity.

But this method is indeed effective.

If the people of Guangyuetian unanimously agreed to this cooperation and informed the world, Yao Mie Mansion would be able to intervene in Guangyuetian's affairs in a high-sounding manner without any punishment.

"Huh, Fenghui old woman, you gave me such a hat as soon as you came up, so I have to agree?" Palace Master Guangcheng stood up, "Others are afraid of your prostitution, but I am not afraid of the intention of Yaomie Mansion, Don't you know? If you agree to unite, then you have fallen into the other party's conspiracy. I am afraid that I will no longer be free if I wait for a breakthrough."

"Palace Master Guangcheng, what are you talking about?" Fenghui Sect Master's old woman looked ugly, "You mean, I will become Guangyuetian's sinner? It's ridiculous, so I don't know what to say."

"Master Sect Master, please don't get angry." At this moment, Feng Hui returned to the old woman of the Sect Master, and a man with a deep breath came up, "I have had a competition with Zuo Rongtian Taishang from Guangcheng Palace. I want to take advantage of this alliance meeting to have a trial, but today Elder Zuo Rongtian is not there for some reason, is it because I am afraid of this seat?"

[Chapter 3248: Tianyu old man](#)

This deep-breathed old man has muddy eyes and is very heavy, but between his gestures, there is a kind of immobile temperament, giving people a strong deterrent, and actually faintly exudes the aura of the mid-term saint.

"Huh? This is Fenghuizong's deputy master, the old man Tianyu. This old man is extremely powerful in his cultivation. When did he start to understand the way of the mid-term holy lord? You feel the breath in him, and it has begun to move to the mid-term. The Holy Lord has gone."

"Awesome, is this Fenghuizong going to give birth to a mid-term saint master master? In this way, we have the five major forces of Guangyuetian, but there are four major forces with two mid-term saint master masters."

"Good guy, I have heard that the alliance conferences of the five major forces have always had a tradition of discussing and discussing them. In fact, the competition is still strength. It is the highlight of the five major forces conference. It seems that we have hope to see this time."

"I just don't know how Guangcheng Palace will respond. The elder Zuo Rongtian of Guangcheng Palace, I have also heard of it, is also a personal character, the master of the early peak holy master, but for some reason, he did not appear this year. Fight against the foolish old man this day? Is it the Palace Master Guangcheng, and Palace Master Guangcheng shoots, it is no problem to win the opponent, but you lose your share."

The crowd talked a lot, and everyone was shocked, especially some of the masters of the ordinary forces. Seeing that a strong man came out of Fenghuizong, he was above them, and each one was secretly shocked by the powerful five forces.

"Palace Master Guangcheng, how do you usually say that you are strong in Guangcheng Palace? Why, Zuo Rongtian of Guangcheng Palace and my Fenghuizong people have agreed, but I dare not show up? Without this confidence, I think it would be better for you to expel from the five major forces in Guangcheng Palace earlier."

Feng Hui Sect Master old woman smiled coldly.

Palace Master Guangcheng's eyes were cold, she had already seen that the other party was forcing herself. She couldn't think that the other party had made such an agreement with Zuo Rongtian, and Zuo Rongtian had already been bought by Yaojie Mansion. If she didn't find out, it would be true. To be recruited, when Zuo Rongtian pretended to be filled with righteous indignation, and fought against the stupid old man that day, he was severely ravaged by the opponent and taught him a lesson.

Guangcheng Palace's face would be lost in an instant. At that time, her voice, the Lord Guangcheng Palace's speaking, would also be reduced. In the eyes of the masters of the other forces, she was not qualified to stop cooperation with Yao Mie Palace.

"Why? Palace Master Guangcheng, don't speak anymore? Don't Guangcheng Palace always claim to be above my Fenghui Sect? Now my Deputy Sect Master of Fenghui Zong, come up to challenge, it's better to let your strong from Guangcheng Palace come out and compete. How about it? Look at Guangcheng Palace and my Fenghuizong, who is better and who is the worse? Of course, if you don't have any manpower, you can do it yourself, but from then on, you Guangcheng Palace don't be in love with me. Huizong is vying for a name, there is not even a master who can take the shot, just listen obediently." Feng returned to the throne of the old sect master, and said with a gloomy smile.

"Who said that I have no one in Guangcheng Palace, I will come." Qin Chen has been silent, and now suddenly stands out from under the throne of Guangcheng Palace Lord.

"Ok?"

When he stood up, everyone was almost taken aback.

"Your Excellency, who are you? When did you have someone like you in Guangcheng Palace?" The old man frowned when he saw it that day.

"Palace Master Guangcheng, who is this person? Why I have never seen him before, he is not my Guangyuetian strong, you actually brought him into our Guangyuetian Alliance Conference? This person will not be another People of Tianyu, right? This violates the taboo of our Alliance Conference. Even if you are one of the five major forces, you can't be so presumptuous!" Suddenly, the Dragon King Island Lord spoke.

"He is not a native of my Guangyuetian, but he is also considered to be half of the Guangyuetian person. This person is a foreign aid I brought in from other heavens and has joined my Guangcheng Palace. It is my Guangcheng Palace. The chief guest officer of China is naturally eligible to participate in the conference? Why, you are only allowed to unite with Yao Mie Mansion, and I am not allowed to accept

the powerhouses from the rest of the universe in Guangcheng Palace?" Guangcheng Palace Master sneered coldly.

what?

The guest of Guangcheng Palace?

"Huh, Palace Master Guangcheng, you have a good method. While rejecting the Yaomie Mansion, you are trying to win over other heavens outside. Hahaha, these two sides are really too much. However, if you want to find one Ability, the breath of this person, but in the early days, the Holy Master actually hired him to serve as the chief guest secretary. If you lack masters in the Guangcheng Palace, you might as well come to seek your old body, and the old body can borrow some people from you."

Feng Hui Sect Master's old woman sneered coldly, her eyes were cold, and she continued to sneer: "It's fine if you find a trash. Wait, the messenger of the Yaomie Mansion arrives. Seeing my Guangyuetian, even this trash can serve The chief guest of our five major forces, isn't it going to make a big joke? You let me Guangyuetian, how can I gain a foothold in the Eastern Heaven Realm in the future?"

"Sect Master Fenghui is right. Palace Master Guangcheng, you are looking for Ke Qing, and you have to find someone who is more powerful. You have found such a guy. When the messenger of Yao Mie Mansion arrives, you make such a small person? Make my Guangyuetian face a big loss?"

The Dragon King Island Lord suddenly stood up.

"Really?" Qin Chen said lightly: "This Feng Huizong, since he looks down on the old man, he doesn't seem to have a good vision. If so, the old man will be directly obliterated today. There is no need to exist anymore. This is what this is. Things that make me lose face in Guangyuetian."

Boom!

From the top of his head, a huge palm appeared. The palm reached the sky, breaking through the sky to grab the throne of the entire Fenghuizong.

Qin Chen's shot was no longer the cultivation base of the early holy master, but urged the origin of the terror in the body, simulating the top power.

Many terrifying powers lingered in Qin Chen's body, setting him off like a god, majestic and boundless.

With the huge palm of the hand, the throne that hit this piece of void collapsed everywhere. At this moment, the stars exploded one after another, and the whole piece of void roared, like the sky and the earth cracked.

Qin Chen didn't make a move. Once he made a move, it was earth-shattering and shocked time and space.

Click! Click!

First, the wind returned to the huge throne under the old concubine's seat, and collapsed, and her disciples collapsed one after another. Two of them even exploded into **** corpses on the spot, and even the origin of the saint in the body was destroyed.

Especially the Deputy Sect Master, Old Man Tianyu, with a bang, blood spurted again and again, the terrifying giant god's palm had not yet fallen, he was already vomiting blood and injured, the original law in his body was constantly shaking, and his whole breath dropped sharply. Qin Chen was shocked and flew out, and blood spurted wildly.

"what!"

Feng Hui Sect Master's old woman faced Qin Chen's shot, shaking both hands, hitting the mid-term Saint Master Avenue in her body, mighty and unique, one after another of great supernatural powers, boiled up from her hands, like the ancient wind sweeping the universe and billions of stars. Destruction, like a celestial storm, sweeps through time and space.

[Chapter 3249: Fighting Mid-term Lord](#)

"The wind goes back to nine days! Thousand rivers! Sweep the world! The wind of the universe!"

The wind returned to the entire body of the old woman of the sect master, boiling, a burst of original holy energy suddenly burst, enveloped the disciples under his command, countless healing magical powers and sacred pill came down, to heal all the injured disciples, and she was right Qin Chen launched the strongest counterattack.

"Huh! I want to deal with me, it's ridiculous, let you see and see how powerful the old man is, the law of the heavens, three thousand in my palm, but I am innocent, who is the enemy!"

Qin Chen stood in the air awe-inspiringly, with blood and holy energy appearing all over his body, as if he had become an ancient **** of war. Behind him, there appeared many laws of the heavens, supernatural powers, mighty, layer upon layer, unexpectedly countless. How many laws came out, it seemed that the entire avenue of the heavens was in his body, and he had the capital to fight the heavens and fight against any forces.

Swallowing mountains and rivers with anger, holding the sky with only one hand.

Based on the origin of the magical powers, he played out the most domineering wild power, enough to cover all the avenues of the heavens and turn them over.

Boom boom boom!

Numerous loud noises exploded and shook out from the air. Fenghui Sect Master's old woman's great supernatural powers were shattered cleanly. Qin Chen's entire body descended in front of her, like the ancient **** emperor, king of heaven and earth, waving his palms, When the God of War came, it was shot immediately, and the layers of the air around her exploded. A top-level sacred garment directly disintegrated, became holy energy, and was melted.

The wild shadows of the heavens rolled over her head, pressing her into a hunchback.

"Desperate battle! The Holy Lord has no return! The Law of Heaven! The Supreme God!"

Fenghui Sect Master's old woman was suddenly broken by Qin Chen's protective qi, the protective clothing, oppressed into a hunchback, knowing it is not good, immediately unfolded desperate means, the Holy Master's law in the body, constantly urged, The air wave, one layer more than one layer, one world after another burst out, thousands of explosions, to explode Qin Chen's oppression.

On top of her head, the law of qi and blood, the holy energy of heaven, changed into a shadow of the supreme god.

"Heaven is majestic, no blasphemy!" Qin Chen saw this scene, without stopping in his hands, and took a violent step. In his tone, he actually brought the tone of judging all things, and suddenly condensed in the palm of his hand. The phantom of a long spear is exactly the same phantom of Tianlei's punishment.

Flutter!

With this shot, the phantom of the Supreme God was pierced, and the shot exploded. He grabbed a step and directly reached Fenghui's side with the old woman, and slapped it out.

Feng Hui Sect Master's old woman's eyes were blood-red, and she also slapped her palms against each other. The two palms slammed in the air and crackled. Feng Hui's entire arm of the Sect Master's old woman exploded, **** and bloody, and the whole person flew out and was beaten by Qin Chen. The vitality was severely injured. Although she was the mid-term Saint Master cultivation base, she could not resist Qin Chen's condensed palm of many supernatural powers.

After Qin Chen killed the Heavenly Sage Lord and the others, he was absorbing their original power at all times. Although his cultivation level had not improved, his strength was much higher day by day, and his holy energy was becoming more abundant day by day.

The last time he played against the three mid-term saints, Qin Chen had all his cards to win against the opponent, but this time, facing the mid-term saint master Fenghui Sect Master, he didn't need to be so troublesome for a long time, and Fenghui Sect Master did not really enter. At the peak realm of Heavenly Sage's mid-term, he couldn't resist his crit at all.

"How dare to do anything in the league meeting, so arrogant, looking for death!"

The closest to the throne of Fenghuizong is a majestic middle-aged man, the Supreme Elder of Red Moon City, and another mid-term holy lord. This middle-aged man has eyebrows like a sword and a tall stature, like a spear like a sky pillar. The spine is entangled like thousands of dragons, the body is full of strength, punches out, the vision of the falling stars appears in the air

"The galaxy burst!"

This punch is another great magical power.

In the rush, even though this person was shocked by Qin Chen's strength, he didn't have time to think about it. Relieving Feng and returning to the Sect Master was the top priority.

"Who dares to stop it! To blaspheme the way of heaven will not tolerate it!"

Facing this majestic middle-aged man's punch, Qin Chen didn't turn his head back, and threw his backhand. The phantom of a spear appeared in the air. On the spear, there was a light of thunder, a spear of judgment. .

This is the terrifying thunder light spear that Qin Chen has integrated into the punishment of the sky thunder, and the power of his own thunder, and also brings the endless destructive power, the power of extinguishing the sky, hidden in the core of the spear, the power Huge, although it is only a shadow of thunder, it can cause damage to the mid-term holy master!

Boo!

The spear of the verdict smashed the great magical powers with one blow, and the remaining power remained unflinching. He directly killed the middle-aged man's heart. The middle-aged man's complexion changed and his body changed again and again. The spear of ruling was smashed.

However, he had just smashed the spear of judgment, and Qin Chen's palm had already been suppressed.

"The heavens and the earth are majestic, and the heavens are vast. Who dares to stop me is to fight against the heavens!" Qin Chen was so powerful that he attacked the middle-aged majestic man again when he attacked Fenghui Sect Master's old woman.

"Boy, you are too mad!"

Qin Chen's actions at this instant finally angered some other masters. In the midst of his anger, another strong man flew up. He was another mid-term Saint Lord and Deputy Sect Master of the Death God Sect. He was murderous and lingering.

This strong man was filled with death, like a strong man who had died a long time ago. Between his backhands, a rainbow of death shot out, like the fall of the dusk, the stars imploded, and the blazing light of death in the void suddenly burned and attacked Qin Chen. .

Qin Chen was not afraid, took another step, doubled his fingers and sword, and cut out a terrifying sword aura in the air. The sword aura was like a slash in the underworld, and it turned into a death **** with the breath of death. The sword, cut down.

Wherever the sword qi went, the attacks of the Deputy Sect Master of the Death God Sect collapsed one after another, and the Saint Yuan was shattered.

Bang Bang Bang, Bang Bang Bang.

Qin Chen's footsteps are like a reminder note. At this moment, facing the three mid-term holy masters, he displayed the steps of the heavenly formation. With every step he took, he stood on one position, and the power of the heavens Motivated by him, heaven seems to have become his backing.

Suddenly, the three mid-term holy masters all had a feeling of facing the vastness of the heavens alone, horror in their hearts, and backed up one after another, especially Fenghui Sect Master's old woman, whose arm was seriously injured, and he had not had time to repair it.

"Stop, brother Wudao!"

Just when Qin Chen displayed his peerless supernatural powers and was about to attack again, Palace Master Guangcheng suddenly shouted: "This is the territory of Guangyuetian. You can't be too arrogant and overbearing. You just accept it when you see it. The strong have already seen that you can Fight against the strength of the mid-term saint master, if you kill the mid-term saint master here, I am afraid that everyone will be besieged, stop and take a look."

Many masters of the Holy Master wanted to take action involuntarily at this moment, but they were shocked when they heard two of the words of the Palace Master Guangcheng, fighting the mid-term Saint Master and killing the mid-term Saint Master.

The big people who are not afraid of these days have a chill in their hearts.

[Chapter 3250: Chief Guest](#)

"Hmph, since the Lord of the Palace has spoken, the old man will let the trash go, but if these guys don't know how to promote, the old man will not be stingy with thunder means and behead him."

As soon as Qin Chen's body stopped, Sheng Yuan contracted, and immediately the wind returned to the old woman of the Sect Master, the elders of the Red Moon City, and the Deputy Sect Master of the God of Death Sect. They all had the feeling of facing the majestic mountains and mighty heaven, and they couldn't help but sway.

But Qin Chen walked to Palace Master Guangcheng, and in an instant, his figure and aura seemed to be much taller than Palace Master Guangcheng.

This time he stopped, the wind was calm and the waves were calm, and there was no murderous intent, but the earth-shaking methods had been deeply imprinted in the hearts of many Holy Masters.

Many of the holy masters present are big figures, and more than half of them can be compared with the initial peak holy masters like Palace Master Xueyang. They don't know how many years they have lived, and there are countless people who have seen them, but Qin Chen's Thunder The means still shocked them.

Continuous shots, the wind returned to the suzerain's life and death dilemma, insisted on the supernatural powers of the other two mid-term holy masters, with ease and domineering counterattack, if it weren't for the Guangcheng Palace Master to stop, it would really kill a blood stream and a sea of blood.

"Who is this man? So terrifying? The power is simply unstoppable? Especially that set of boxing techniques, surpassing the ancients, and even comparable to my ancestor of the five great forces of Guangyuetian, powerful and invincible."

"Brother Wudao? Wudao Holy Lord? Why has this name never appeared in the Eastern Heaven Realm? What kind of power do you pretend to be the early Holy Lord? Absolutely the leader of the mid-term Holy Lord level, top figure, Guangcheng Palace. Is it time to win over such a master? Unconsciously!"

"Have you heard that, Palace Master Guangcheng just said that he can fight the mid-term Saint Master. Did he ever kill the mid-term Saint Master master? What kind of strength is this? Is it the mid-term peak Saint Master? You need to know the general mid-term Saint Master. , Even if there are strengths and weaknesses, it is very difficult to kill the opponent, which is generally impossible."

"This strength is really too terrifying. It's not like bragging. Before the wind returned to the Sect Master, the Red Moon City Supreme Elder, and the Three Mid-term Saint Lords of the Red Moon City Deputy Sect Master, they failed to suppress him, but frequently Dealing with it, falling into a disadvantage, and being counterattacked by the opponent, this seems not to be his full strength. Seeing these tricks, he can fight the mid-term Saint Lord, it shouldn't be fake."

"It's so tyrannical. Although Guangcheng Palace Master has always been strong, but Guangcheng Palace has only one mid-term holy master, he is weaker than the Death God Sect, Dragon King Island, and Red

Moon City. I didn't expect to be directly attracted by her. With such a mid-term saint master, Fenghui Sect Master still wants to find trouble in Guangcheng Palace. Isn't he seeking his own death?"

"Shhh, keep it quiet, do you want to die? But generally this class of masters can create a top power by themselves. Why do they want to join Guangcheng Palace and become the guest of Guangcheng Palace? Is it because Guangcheng Palace Lord, you say this Will people be the guest of Guangcheng Palace Lord?"

"Hey, Palace Master Guangcheng is the dream lover of countless people in Guangyuetian. Is there a master of famous flowers?"

At the moment, many of Guangyuetian's great saint masters were all talking, staring at Qin Chen, trying to see the details of him.

Especially the Dragon King Island Master was also taken aback. It seemed that he looked at him, and he couldn't believe it. A pair of eyes stared at Qin Chen, showing solemnity and fierceness.

"The few clicks just now were just a warm-up. I, the chief guest of Guangcheng Palace, don't know if I am qualified to participate in the affairs of Guangyuetian?"

Qin Chen didn't care about the gazes of all the big figures in Guangyuetian, but stood proudly on the spot, making a loud voice and spreading it out, like Hong Zhong Dalu, shaking the hearts of many figures.

Although there were many masters on the scene, they could not steadily suppress him. To suppress Qin Chen, at least a figure of the mid-term saint master level, it is only possible for the leaders of the five major forces to work together. Now everyone's opinions are not unified, naturally No one took it rashly.

"Your name is Wudao? Is it the chief guest of Guangcheng Palace?"

Suddenly, the Dragon King Island Master spoke.

"Not bad." Qin Chen smiled softly and looked at the leader among the five forces.

"Although you are the chief guest officer of Guangcheng Palace, you can participate in the affairs of Guangyuetian, but this time the alliance conference is related to my future for Guangyuetian. With your cultivation base, you will not know Yaomie Mansion. , If you know what conditions Yao Mie Mansion has given us Guangyuetian, I am afraid that Palace Master Guangcheng will not be so opposed."

The Dragon King Island Lord said quietly: "Your Excellency, do you want to hear, what are the conditions that Yao Mie Mansion gave us Guangyuetian?"

"I don't want to listen to what conditions Yaomie Mansion offers, and I'm not interested in listening." Qin Chen said coldly, "No matter what, no matter how good resources Yaomie Mansion gives, it can't change Yaomie Mansion's thoughts. To annex our Guangyuetian wilderness., I think you should all know the actions of Yao Mie Mansion, really think that the other party will support me? Huh, I think what you do is nothing more than pulling teeth from the mouth of a tiger, I really think that a tiger will make a mouth Waiting for you to pull it out?"

"Lord of the Dragon King Island, you are also the overlord, how can you not know the truth? I think your purpose is nothing more than to be the general lord of the Guangyuetian. As for the running dog of the Yaonii Mansion by then, it is estimated that he will not let it go. In the heart!"

"At that time, those who agree to become running dogs of the Yaomie Mansion will naturally have some benefits, but many other forces present, especially some ordinary holy master forces, will no longer have freedom, but will be wiped out. The mansion is enslaved and serves Yaomie Mansion."

Qin Chen threw a loud voice and was impassioned.

"you!"

The face of the Dragon King Island Master showed a majestic anger. No matter how well he cultivates, no matter how deep the city is, he will be irritated by people like this.

Too arrogant, too domineering, too defiant, and too powerful as iron.

However, the holy masters of some ordinary forces present had a strange feeling in their hearts: "This Wudao brother is not my Guangyuetian person, but his words are not rough, Yaomie Mansion really has such a kind heart? If I were a high-level member of Yaomie Mansion, I am afraid that I would be able to dominate Guangyuetian's mind and support one or two agents at most. Is this Dragon King Island really the Yaomie Mansion's agent?"

Guangyuetian is very vast, and many forces have gathered. Except for the five major forces, there are not a few forces like Wanghantianren Wangfu. There are at least a dozen, and they are all attracted by Qin Chen's tough attitude. Agree.

They even suddenly discovered that an outsider, Qin Chen, even more than the experts of the five major forces like the Dragon King Island Master, had to consider for their Guangyuetian forces.

Immediately before, Qin Chen's image suddenly became taller in Guangyuetian's ordinary saint master forces.
