### [Chapter 3251: Blood moon](#)

"Your Excellency, you are really lawless. Is this the kind of person you are talking about? This is the kind of person you are talking about? This seat is devoted to thinking about Guangyuetian, but you are so slanderous. What is your intention?"

The Lord of the Dragon King said angrily, the obvious killing intent exploded from his body, and the phantoms of real dragons above his head appeared, and there were a series of majestic auras on them, and he did not know what peerless magical powers were brewing in his body. .

"Why? Dragon King Island Lord, you are acting with a guilty conscience and you want to do something to the old man? The Alliance Conference is to speak freely. Not only my five major forces, but even any of the forces present have the right to express their own opinions. If you do this, is it right? Want to make a statement?"

Qin Chen was even more domineering and took a violent step forward. He already knew from the Guangcheng Palace Master that the Dragon King Island Master was the top master of Guangyuetian, and his cultivation level was inestimable. Rumor has it that once Dragon Qi is activated, Comparable to the mid-term peak Saint Lord, possessed a large array of monsters left over by the ancient dragon clan, the top force among the five major forces.

If you want to win over other forces, you must attack the prestige of the Dragon King Island Master: "I've heard long ago that you have been in contact with the Yao Mie Mansion, the Dragon King Island Master. Your Excellency has taken the lead? Now the old man wants to see what you, who want to preside over the cooperation of Yao Mie Mansion and serve as the master of the general alliance, do you have?"

"Huh, outsider, you just came to my Guangyuetian, you are so arrogant, you are too strong, not a heavenly way, although you are the chief guest of Guangcheng Palace, but after all, you are an outsider, when did I matter to Guangyuetian? Need an outsider to take control? Besides, if you are so arrogant, I am afraid that you will cause trouble for yourself and Guangcheng Palace, and you will undoubtedly die in the future."

Suddenly, on another high platform, a master on the throne stood up, his body was like a mountain, and his body was surrounded by the light and shadow of a blood moon. When his body moved, it seemed that a red moon rose in the sky and bloomed. Blood light.

"City Lord Red Moon!"

Palace Master Guangcheng was shocked, and immediately conveyed his spiritual thoughts to Qin Chen: "This person is the city lord of Red Moon City, the five major forces of Guangyuetian. He is powerful, especially above Fenghui Sect lord. He is like the lord of the Dragon King. One of Lianzhi's Big Macs, I'll help you."

Palace Master Guangcheng said that he was about to fight.

"No need to!"

Qin Chen waved his big hand and pressed it on the cold shoulders of Palace Master Guangcheng, and pressed her down: "Master Palace Master, give this person to me."

Qin Chen smiled coldly: "City Lord Red Moon, one of the leaders of the five great forces of Guangyuetian? It's ridiculous, what kind of heaven do you know, and what kind of heaven do you know? Here, the old man is the way of heaven, and he must die. Look at how the old man must die. It's up to you? Since you say that the old man must die, the old man will kill you first!"

Qin Chen laughed long, his heroism was boundless, and his body swished away.

Immediately, the Red Moon City Lord's throne began to collapse, and he felt that all the strong people on the scene had disappeared. In the world, only the figure of Qin Chen, engulfing the power of the rolling heavenly Dao, came in mighty. In an instant, the sky collapsed and the earth cracked, the holy yuan exploded, the law of the heavens collapsed, and there was a breath that disappeared everywhere in the void.

Even if he turned into an endless and majestic void at this moment, he would be directly blown up.

An ancient body, a savage blow!

Qin Chen restrained all his powers together, concealed them, and burst out with a murderous intent.

The Red Moon City Lord only felt that his heart was shocked. Before he could make a move, Qin Chen had already killed him. The powerful aura pressed against him. He was so sad that he wanted to vomit blood and wanted to escape from here, but he couldn't move anyway. Picking up a finger is extremely difficult.

He reluctantly raised his arm and bombarded with magical powers, but when Qin Chen's domineering body suddenly collapsed.

"Blood Moon comes to the world!"

Suddenly, the Red Moon City Lord gritted his teeth, his life was burning, and the billowing soul aura rose up. In his eyes, two rounds of blood moon appeared, and everyone felt that above the star void, a sudden appeared. A huge blood moon, the blood moon with residual blood, shining a terrifying light.

Immediately, everyone present seemed to be trapped in an endless blood-colored world. The Saint Yuan in the body could not be controlled, and was absorbed by the blood moon and turned into the power of the city lord of the red moon, which was mobilized by him.

The blood moon comes!

One of Red Moon City's unique tricks is extremely difficult to make. Once it is displayed, it can be said that the world is transformed into a \*\*\*\* moon, unable to break free.

Boom!

The Red Moon City Lord lingered with blood, this move blasted out at any cost, and collided with Qin Chen. Suddenly the endless blood rose, went straight for 90,000 li, swept through nine days, and crashed into Huangquan, the star world. I couldn't see my fingers, only the endless blood lingering, drowning everything.

"It's actually a blood moon coming! This Red Moon City Lord has made the most terrifying killer move in the history of Red Moon City, turning this heaven and earth into a blood moon heaven and earth. Rumor has it that this move has lasted tens of thousands of years. Almost no one has practiced!"

"We Guangyuetian, there are several top supernatural powers, which can be called the best. The blood moon of Red Moon City is definitely one of them. It can incarnate in the blood moon field and incorporate more than a dozen top supernatural powers. Turning into the ruins, the Red Moon City Lord has actually become the master. This person's strength is simply abnormal. Allowing it to develop like this will surely lead Red Moon City to new glory."

"As soon as this move is made, heaven and earth turn into the realm of the blood moon. I am afraid that Qin Chen cannot resist. The Red Moon City Lord is also desperate. This move requires the power of burning the soul. This is a game that hurts both sides!"

"Even if Qin Chen is defeated, he is honored to have witnessed such a trick with his own eyes."

"I don't know how it turned out!"

As soon as the Blood Moon came out, everyone was wrapped in the Scarlet Domain, and everyone was frightened. It seemed that Qin Chen's confrontation with the Red Moon City Lord attracted everyone's attention, and he didn't want to miss a trace.

"Guangyuetian's top supernatural powers, the \*\*\*\* moon came to the world? There is nothing remarkable, it is impossible to shake the power of the heavens."

Suddenly, Qin Chen's voice came out again: "The old man is in charge of the Three Thousand Ways of Heaven. He is the most invincible. It will be broken for me!"

A group of devastating storms swept around, Qin Chen's body shook violently, and the laws of the Three Thousand Heavens were revealed. He immediately spread the light of the blood and moon in all directions. He strode forward, and every step of the fall caused the world to shake, blood The Moon Realm rumbling and roaring against the town, turned the Three Thousand Heaven Dao Law into a weapon, breaking through the line of defense, and the power of destiny rushed in secret.

Qin Chen displayed many civilized laws in the Book of Origins, secretly spurring the power of destroying the sky and the art of fate, and in charge of destiny. The incomparable mystery makes people unable to detect clues. At the least cost, he played the strongest The power of, among them, was integrated into the origin of the three holy masters, such as the Sage Master of Extinguish the Heavens and the Saint Lord of the Wild, and was immediately moved by him.

#### [Chapter 3252: Tianlong Zhenjun](#)

The technique of fate is mainly used to cover up, so that no one can see the clue.

Such a terrifying power was shot out by him at once.

Under Qin Chen's palm, all the power, the blood-colored halo, fell apart.

He deceived himself to move closer and beat back with one punch.

The Red Moon City Lord, with all his moves broken, his magical powers disintegrated, and the Blood Moon domain collapsed one after another. Qin Chen violently bombarded his body like a sacred mountain. With a bang, his robe and defensive armor were all pierced through, torn apart, the sacred treasure blasted to pieces, any sacred treasure and law were under Qin Chen's attack, and could only be supported for an instant.

Too overbearing, it was shocking.

"It's defeated! The Red Moon City Lord was actually defeated, or was it defeated by the Ke Qing of Guangcheng Palace, this innocent saint?"

"Blood Moon came to the world, Red Moon City's top supernatural powers were fraudulently taken out by a holy master who was close to the mid-term peak, and they couldn't hurt the guest of Guangcheng Palace. What kind of strength is this? It seems that Palace Master Guangcheng said before This person's ability to kill the mid-term saint master is definitely not a lie."

"What kind of power is he exerting? I feel that he can almost control fate. What kind of magical power is this? The art of fate? Is it a member of the Southern Heaven Realm Zhuge family? No, this person's destiny art and Zhuge family's It's a little different. What's the origin?"

"I have lived for nearly 100,000 years and have seen countless wars and many masters, but I have never seen this magical power."

"Have you seen that this person actually smashed the way of heaven before, it is terrible, the law of this person is endless, how can a holy lord master so many terrifying laws of heaven? No wonder he claims to be Heavenly Way."

All the Saint Master masters present were shocked, and one after another guessed Qin Chen's cultivation base and strength, shocked inexplicably.

"City Lord Red Moon, you said that the old man must die. How can he die?" After defeating City Lord Red Moon, Qin Chen stood proudly and coldly said: "Even old man, you are not an opponent. Where do you have the qualifications to talk about heaven? "

Qin Chen defeated the Red Moon City Lord once again, and the shocked eyes of the giant masters of Guangyuetian were almost bursting, and they were stunned.

This is the Red Moon City Lord, one of the top five sect masters of Guangyuetian, how powerful and invincible, but under the Ke Qing of Guangcheng Palace, he was also defeated. What is the origin of the Ke Qing master of Guangcheng Palace? It's crazy.

Especially after Qin Chen took a few shots, he was actually full of breath, and the original law in his body did not weaken at all. It was a miracle, and no one knew what was going on.

In fact, in every battle, Qin Chen will refine the original power of the three powerful masters, such as the Heaven Destruction Saint Lord, to supplement his own strength, especially in the battle with the strong, the speed of refining Faster.

This is equivalent to giving Qin Chen a chance to refining. Qin Chen is fighting and cultivating at the same time, which can be called an ancient move.

"Your Excellency, don't be arrogant, you are an outsider, but you are arrogant and domineering above my Guangyuetian alliance conference, can you deceive me Guangyuetian without anyone? With your strength, you are willing to become Guangcheng Gong Keqing, this seat now suspects that you are most likely another force to sneak into my Guangyuetian spy, wanting to destroy my Guangyuetian future."

The Red Moon City Lord was defeated at once, and on a throne behind the Dragon King Island Lord, a terrifying mid-term saint master suddenly stood up. This mid-term saint master, wearing an earth-yellow robe, is as thick as heaven and earth, immobile. The majesty of a mountain.

"Everyone, the origin of this person is unknown. Before discussing major issues, this seat invites colleagues to take action together to capture this person. First ask about the origin and be serious!"

He stood up all of a sudden, said coldly, and aimed all the heads at Qin Chen.

"Who is Your Excellency?"

Qin Chen looked at him coldly, condescendingly, as if a king was watching his courtiers.

"Hmph, I don't even know this seat, and pretend to be a Guangyuetian person? Open your ears and listen carefully, this seat Tianlong true monarch, the deputy owner of Dragon King Island."

The overbearing strong man in the khaki robe said coldly, his eyes shot around: "Everyone, this person was overbearing, unscrupulous, and hurting several people in my Guangyuetian Alliance Conference. This is my Guangyuetian Conference. Since the Alliance Conference, there has never been a great shame, but this person has a weird background. At this time, he must have ulterior motives to sabotage the conference. You all join hands to capture him, torture him, and ask the truth."

One stone set off a thousand waves.

All the masters looked at Qin Chen, but no one immediately took action. Some of the masters with profound skills and cultivating for tens of thousands of years, and even longer masters, were all passing on their spiritual thoughts.

"This person's true strength is too abnormal. He has a strange background. He has defeated several masters in a row. He is not like an ordinary person. Does he have any identity?"

"What should I do now? This person does have some truth in what he said, but what True Monarch Tianlong said is not groundless. Why would such a master willingly come to Guangcheng Palace to serve as a guest officer? It is indeed a bit strange. I have never been in the Eastern Heaven Realm. I've heard of this person."

"It's really weird, and I'm Guangyuetian, and I'm strongly suppressed by such an outsider. If I pass it on, I'm afraid my reputation will plummet, and I will lose face in the Eastern Heaven Realm."

"Or, suppress this person first, and then make a detailed decision?"

"It makes sense. Take him down first and look at the situation. At least I can't lose my Guangyuetian face. However, cooperating with Yao Mie Mansion is also very unreliable. If this person is not hostile, I will be Guangyuetian. It's a blessing to have such a master."

"I'll wait for all of them. No matter how strong this person is, he won't be able to shake the sky, but I am afraid that some people are unwilling to do it. Palace Master Guangcheng will definitely not move. Moreover, the Sect Master of the Death God Sect has not spoken yet. It's his character."

"Yes, once the Reaper Sect and Guangcheng Palace stand in that person's position, I am afraid that Guangyuetian will be split in an instant. Moreover, we are all a generation of saint masters. It is too shameful to deal with one person together, even if it is a successful suppression. This person has no good reputation when he spreads out."

"And if you have seen it, this person seems to be confident. So far, he has not revealed the real hole cards. I think even if I wait to take the shot, I am afraid that my blood will flow in the sky, and the other party may not have anything to do."

"I think it's better to consider the long-term plan, don't fall into the plot of Dragon King Island."

Qin Chen stood proudly in the void, the technique of urging destiny, countless spiritual thoughts were all clearly spied by him, his eyes flickered, and he looked around, his eyes were deep, as if he could see through all people's hearts, and the feelings of many masters in Guangyuetian. When he saw his gaze, the strong fighting spirit and self-confidence in his heart couldn't help but become even more jealous.

#### [Chapter 3253: King of True Dragons](#)

"Dragon King Island Deputy Owner Tianlong True Monarch? Hahaha, it is ridiculous. The dignified Deputy Island Owner, if he is really capable, he will fight alone with the old man. He actually wants to unite with all the forces of Guangyuetian. It is really letting people. Laugh out big teeth."

Qin Chen smiled coldly: "I think you, the so-called deputy island owner, wants to use the hands of many heroes in Guangyuetian to target the old man and let the old man kill his blood. You can take advantage of the fishermen's profit. Yaomie Mansion will rule Guangyuetian and remove obstacles."

Qin Chen snorted coldly, and when his body moved, he suddenly surging like a mountain, with mighty power. He pushed towards True Monarch Tianlong and sneered: "True Monarch Tianlong, there is a species, you will be the first to take a look, as long as you dare Do it, the old man will kill you, believe it or not? If you don't believe it, just give it a try, set an example, and be the first grievance to die in the hands of the old man!"

The sharp tone of Qin Chen's tone, rolling like the laws of the heavens, threatened True Monarch Tianlong. This true Monarch Tianlong, his face was cloudy and cloudy, white and blue, as if he wanted to make a move, but he didn't dare to be a strong mid-term Heavenly Sage. He was completely taken by Qin Chen's breath.

At the same time, Qin Chen had another thunder and lightning spear in his hand, and he would throw it out at any time. The light and shadow of this thunder spear were full of the taste of judgment, like a \*\*\*\* in charge of the punishment of heaven.

Moreover, his figure is extremely large, and he is integrated with the heavenly path. It is really lofty and domineering and unmatched. This is simulated by the technique of fate, but it is very similar to the power of the true heavenly rule, because The breath of the supreme divine thunder that Qin Chen absorbed was incorporated into it, which was enough to be fake.

Under the aura of thunder's ruling, there was really no holy lord who dared to act rashly.

Just when the true monarch of Tianlong couldn't hold back and wanted to do it.

"The power of Tianlei's adjudication?" The Dragon King Island Lord's gaze was condensed, and Li Mans burst out from his pupils, which prevented True Monarch Tianlong from taking action and stepped down from the throne, because he knew that True Monarch Tianlong would never Will be Qin Chen's opponent.

"Hmph, your excellency is so arrogant, do you really think that no one in Guangyuetian can take you? The holy lord who intimidates my Guangyuetian, so bold, your Excellency said that whoever does it first will do it at any cost. Who to kill. I want to see, what exactly do you have, I must first suppress you now, can you kill me?"

Boom!

Step by step, the island lord of the Dragon King walked towards Qin Chen, sending out a wave of true dragon qi, invisible and invisible. He actually began to dissolve Qin Chen's breath, causing all the holy masters to look at him, Tianlong true monarch, Hongyue The City Lord, Fenghui Sect Master, and others are also eager to try. As long as the Dragon King Island Lord can suppress Qin Chen, they will immediately lead many expert hands to directly obliterate Qin Chen, because Qin Chen is too arrogant to put them all. In the eyes.

In the void, I saw the Dragon King Island Master walking towards Qin Chen step by step. In the divine light above his head, the ancient true dragons were awakening, and the phantoms of true dragons were constantly showing up. The shapes are all different and lifelike, just like the ancient dragons descending into the world to destroy everything.

And these real dragon phantoms, as the Dragon King Island Master moves, continue to merge together. In the end, countless true dragon phantoms who disagree with the realm are gathered together and gathered into a supreme and supreme real dragon phantom, as if it were The king of true dragons.

This is a peerless magical power. When it was brewing, the aura of the Dragon King Island Master rose steadily, which was equivalent to the union of several mid-term holy masters.

"Dragon King Island's top supernatural power, the true dragon king, was actually realized by the Dragon King Island owner?"

Many holy masters were shocked when they saw the vision of Dragon King Island's master brewing this trick. The level of cultivation of this trick is even more difficult to develop than that of the Blood Moon. They don't know how many supernatural powers, combined with the truth in the main body of Dragon King Island. The dragon's bloodline, agitated to a certain extent, can be combined to form this trick.

The gaze of Death God Sect Master also condensed, revealing a solemn color.

Palace Master Guangcheng was also shocked.

"Master Palace?"

Xu Xiong changed his color and looked at Palace Master Guangcheng. Under this move, the Saint Yuan in his body was firmly suppressed, and he felt like he could not move. It can be seen that Qin Chen was

under great pressure when he faced this move. I was worried that Qin Chen could not resist this move, unless Palace Master Guangcheng made the move to relieve Qin Chen's pressure.

"Can't do it." Palace Master Guangcheng looked ugly, "If we do it, it would be considered a violation of the rules. City Lord Red Moon, True Monarch Tianlong, and others will also take action together, and even the holy masters of my other forces in Guangyuetian. Everyone will stand on the side of the Dragon King Island Master. For the present plan, we can only look at Brother Wudao. As long as he can resist the Dragon King Island Master's attack and not die, everything will have a chance to turn around."

Palace Master Guangcheng also felt the seriousness of the matter.

On the field, many holy masters looked nervous.

"This trick of the True Dragon King's supernatural powers should be the latest successful cultivation of the Dragon King Island Lord. It should have been his assassin. I didn't expect it to be exposed now. It seems that this Guangcheng Gong Keqing really angered the Dragon King. The island owner, unfortunately, no matter how strong this person is, I am afraid that it will be difficult to resist the true dragon king, and the true hole card must be exposed. Once it is completely unstoppable, the Red Moon City Lord and others will definitely take action, and everyone else will also. Being instigated by the owner of the Dragon King Island, the image of this person condensed before will be completely shattered."

Many people talked in secret.

And the Red Moon City Lord and the others showed cold light and communicated with each other: "Everyone, as soon as that guy falls out of defeat, I will take action together, and jointly suppress and kill him."

"Well, the majesty of my Guangyuetian is not to be desecrated."

The masters of the three major forces began to brew silently.

Qin Chen still stood on the spot, motionless, and coldly watched the Dragon King Island Master brewing and mobilizing the True Dragon King's ultimate move, his temperament was extremely calm, and he seemed to treat him as if he did not exist.

"Your Excellency is calm enough, but this trick of mine, the king of true dragons, gathers the might of my clan's ancient true dragons, inspires the blood of the true dragons, and truly summons the ancient true dragons. There is no way to resist!"

The Dragon King Island Master slowly stepped forward, and when he approached Qin Chen, he suddenly stopped, his strength contracted inward, and the whole world immediately rumbling and roaring, his clothes robe hunting.

boom!

The void where Qin Chen's body was located was enveloped by this true dragon aura. The void seemed to be solidified with crystals, becoming extremely hard, and everyone in this space was imprisoned in it.

Qin Chen had mastered the supernatural powers of space, but under the aura of this true dragon, the power of space seemed to be beyond his control, which shows how terrifying this trick is.

If it is an ordinary holy lord, there is no need for the active hand of Dragon King Island, just this terrifying space oppression can directly crush this holy lord character into flesh, unable to recover.

#### [Chapter 3254: King of Killers](#)

It can be seen how fierce the Dragon King Island Lord's trick the True Dragon King is.

"True dragons of the heavens, listen to my call, the eternal aura, blend into my body!"

Finally, the Dragon King Island Lord took a shot and took it with a palm. His body disappeared, as if it turned into a real dragon flying into the sky, and nine proudly roaring. Numerous true spirits and shadows appeared between the heavens and the earth, representing the magical powers of the ancient real dragon. Each snarled and danced, aiming at Qin Chen, and unearthed many magical powers.

Booming...

The laws were condensed, the supernatural powers converged, and finally gathered into a long river of true dragon aura, which completely engulfed Qin Chen.

"So many magical powers, the ancient true dragon phantom, this king of true dragons is invincible in the world, even if the invincible holy master can withstand it, I am afraid he will be seriously injured, because such an attack, even a one The mid-term Holy Lord is also extremely difficult to resist, and the original power in the body will be bombarded and directly collapsed."

Many people were surprised.

"Attention, as long as this person shows signs of decline, we will kill, and the wind will return to the Sect Master. You block the Palace Master Guangcheng, the City Master of Red Moon, and you resist the Death Sect Master who may be shot, and let this alliance meet. , Don't have any variables!"

True Monarch Tianlong looked deep, and said in unison to the top masters of the three major forces.

"So many magical powers, the ancient true dragon, really extraordinary, this person's strength has infinitely approached the mid-term peak Holy Master, no... this trick is probably the real mid-term peak Holy Master power."

At this moment, Qin Chen also felt tremendous pressure, but his body remained motionless, like a reef under a waterfall, unmoving forever despite the impact of the true dragon's aura.

Countless magical powers bombarded his body, exploding one after another, vaguely saw that Qin Chen's body began to have some slight cracks.

"Huh, what the incarnation of the heavens, die for this seat, the king of true dragons, the holy lord is invincible!"

Suddenly, the Dragon King Island Lord descended from the sky, and fell down, above the big hand, all the real dragons and shadows, like sea and rivers, all fell into the palm of the palm, and then rushed down, making the holy energy of Qin Chen's body evaporated. The holy yuan of the body, all turned into chaos.

boom!

The long sleeves on Qin Chen's hands were exploded, revealing his arms. On that arm, the whole body was dim, showing a wild and ancient majestic aura, majestic and boundless, bronze skin, giving people an indestructible feeling.

With his eyes facing up, he saw through the Dragon King Island Master, and suddenly shot: "True King of Dragons? What kind of True Dragon King, he thinks he is proud, but he is just a half-human and half-demon beast, true dragon? A kind of clan is also rampant here."

Qin Chen suddenly made a move, with a small voice that was inaudible at first. In a blink of an eye, the mighty and mighty destiny was displayed, and the river was rolling into which the powerful ancient and extremely divine way was incorporated.

In the wild ancient divine way, all kinds of supernatural powers emerged, and the various powers of the Heaven-extinguishing Saint Lord, the Nine Nether Saint Lord, and the Wild Saint Lord were melted by Qin Chen and integrated into himself.

It should be known that Qin Chen killed the Heavenly Sage Lord at the beginning and relied on various great formations, Qianxue and others, as well as many treasures, such as the Palace of Purple Clouds, but now, although the Dragon King Island Lord is not as good as the Heaven Slayer Lord, but the magical powers of the true dragon king who cast it, also truly showed the terrifying power of the mid-level peak Holy Lord.

If it hadn't been for Qin Chen to kill the three great masters such as Mietian Saint Master, smelt their origins, and integrate all their strengths, facing a master like Dragon King Island Master, Qin Chen would really not be able to hide it.

At this time, Qin Chen spurred the destiny, showing supreme majesty, the original supernatural powers can be transformed into the many laws of heaven, which is truly unpredictable.

With this magic trick, Qin Chen integrated the terrifying and wild power of the wild holy lord, and suddenly the world was vast, everything turned to nothing, and the terrifying magical power of the true dragon king was resisted to death.

"Huh? What kind of supernatural power is this, it can be so powerful?"

The Dragon King Island Lord turned his gaze, and in his body, a series of terrifying true dragon auras rose to the sky, and on his face and arms, they climbed up a series of scales. This is a true dragon scale armor, with blood returning to the ancestors. , As if to become a real dragon.

In addition, the whole body of the Dragon King Island Lord, a vortex formed.

"Peerless array, killing real dragons, fighting all kinds of dragons, ancient dragon formation!"

Boom!

At this moment, when the Dragon King Island Lord turned into a dragon scale, nine top-level holy master treasures suddenly appeared in his body. These treasures are very simple and vicissitudes of life. They are obviously treasures handed down from the ancient times. They have dragon claws. , Dragon horns, dragon heads, dragon tails, etc., with peculiar shapes, exuding the breath of real dragons.

Suddenly, these nine top-level true dragon treasures instantly turned into a large formation, a rare true dragon killing formation, which was formed at once.

Boom!

The True Dragon Killing Array landed and enveloped Qin Chen. There were many phantoms of true dragons on it, roaring like a millstone of heaven and earth, trying to wipe out Qin Chen's figure.

King of True Dragons!

True Dragon Killing Array!

Two major killer moves were displayed at the same time, and the Dragon King Island Lord was completely incarnate as the holy lord at the mid-level peak, in charge of everything.

Everyone was shocked, and looked at the Dragon King Island Master in disbelief.

The power exposed by the Dragon King Island Lord at this moment has surpassed the other five powerful forces, and even completely surpassed the other five major forces masters, like Fenghui Sect Master and others, if under this move, they will definitely be seriously injured or even be Beheaded.

The balance of the five major forces, at this moment, is about to be broken.

"When has the Dragon King Island Lord been so strong?"

Everyone was stunned. If it weren't for Qin Chen, no one would have known that the power that the Dragon King Island Lord had exploded would be so terrifying.

"Hahaha, seize the opportunity and do it now."

The Red Moon City Lord and the others were full of ecstasy, their eyes were cold, and a strong murderous intent emerged one by one.

"Huh? Ancient true dragon formation? Really powerful?"

Qin Chen felt the power of this great formation, and frowned slightly, but he was not afraid at all, and began to burn and destroy the origin of the heavenly master in the jade disc.

Naturally, Qin Chen's own power and treasures could not be displayed, and could only burn and destroy the source of the Heavenly Lord, forming a terrible power.

boom!

In an instant, above Qin Chen's body, a mighty killing aura formed, and a terrifying \*\*\*\* of killing appeared between heaven and earth.

"what is that?"

Everyone saw the horror-killing phantom emerging from Qin Chen's body, and everyone was stunned. Those holy masters who wanted to take action to suppress Qin Chen, the strong, all backed down and collected the holy yuan that was just about to be sent. Came back.

boom!

How terrible is the power of the Primordial Burning Outburst of the Sage Lord?

puff!

The island owner of the Dragon King spouted blood, and the nine ancient sacred artifacts returned. The true dragon king's ultimate move was also shattered by the power of the killing god, and the whole person flew out like a cannonball.

"Lost!"

Many people who have a close relationship with the Dragon King Island Master suddenly mentioned it in their hearts, especially the Red Moon City Master, Feng Hui Sect Master.

### [Chapter 3255: Ancestor of Wuhun](#)

Pedal!

The Dragon King Island Master was repelled by a single move, and he opened his mouth and spouted blood. His face was instantly shocked. The nine ancient sacred artifacts around him surged around him, forming a layer of terrifying defense for fear of Qin. Chen did it again.

"Hmph, this is your arrogant capital, but so!"

Qin Chen sneered.

At this moment, Qin Chen's figures against Guang Yuetian's many top arrogances appeared in front of everyone, leaving an indelible scene in everyone's mind.

In the void, Qin Chen stepped out one step at a time, repelling the Dragon King Island Master with one move, and had to make another shot.

But suddenly, his eyes flashed, his figure stopped, and he suddenly raised his head to look at the distant sky.

"Hahaha, it seems that the old man is not here at the right time. This is such a lively scene in Guangyuetian. Unexpectedly, there are so many masters in Guangyuetian. I really admire and admire the world. Today, I represent Yao Mie Mansion visited Guangyuetian, hoping it didn't disturb your Yaxing."

A loud laugh came, booming, in the infinite and far-reaching time and space, a figure looming out, far away in the sky, the breath that burst out, shocked the ages, as if it was in the ears of people.

However, that person is indeed in the distant void.

In other words, in the starry sky that Guangyuetian didn't know how much, a master was flying towards here.

However, as soon as this person's voice fell, the lingering sound was still passing through in the void, and he saw the starry sky ahead, and the looming figure kept gazing, and in a flash, it appeared in front of everyone.

boom!

This is a figure full of cold rays of light, extremely majestic, wearing an ancient feather garment, like an ancient true sage, his eyes are radiant, and his power is rolling. In one step, he shows the magical power of the end of the world, spanning Endless void, one step across this battlefield.

This is actually a master of the mid-term peak Holy Master level.

"Your Excellency is Xingtianya, known as the ancestor of Martial Spirit in the Eastern Heaven Realm? Isn't your Excellency the ancestor of the Sea of Martial Spirit in the Eastern Heaven Realm? When did you join Yao Mie Mansion?"

Seeing the incoming person and hearing the other's words, everyone was startled, showing a solemn color, even the Dragon King Island Master and others were shocked, seemingly surprised by the incoming person.

"Yes, it is this seat. I have already sent a message to you from Yaomie Mansion, saying that you want to send a master to negotiate, don't you receive it?"

Feeling the doubts of the Dragon King Island Master and others, Xing Tianya frowned.

"As for when this seat will join Yaomie Mansion, it will be a long story. My Martial Soul Sea is known as a casual cultivation leader in the Eastern Heaven Realm, but if the World Human Race is in distress today, my Martial Soul Sea naturally wants to be The Human Race has made some contributions and joined Yao Mie Mansion. It also wants to integrate the forces of the Eastern Heaven Realm and cultivate more Tianjiao for the Human Race."

Xingtianya laughed.

However, he was puzzled. He had already joined Yao Mie Mansion, but he had never been responsible for Guangyuetian's side. This time, he also got news temporarily and asked him to come to Guangyuetian immediately and bring Guangyuetian's The forces are integrated and completely won.

But before he left, he had also inquired about it. The one who was in charge of this Guangyuetian before was actually the Master of Extinguishing Heaven, and the masters of Saint Master Jiuyou.

Yao Annihilation Mansion is extremely terrifying. The Palace Lord's subordinates are also divided into many factions. The Heaven Exterminator belongs to the veteran Yaonii Mansion power. Although the cultivation base is only the mid-term peak holy master, it is not comparable to the few deputy chief giants, but it is The confidant of Palace Lord Yao Annihilation has been responsible for annexing all special realms.

This Guangyuetian, the key position, has always been the responsibility of the Sage Master, how could he suddenly arrange for him to come over?

Although Xing Tianya boasts that he is not inferior to the Holy Master of Destroying Heaven, in terms of his status, he, who later joined the Yao Mie Mansion, is naturally unable to compare with the Holy Master of Destroying Heaven, and now he finally has such a good opportunity. He will naturally come right away and try to do a good job.

But it never expected that the Dragon King Island Master and others in Guangyuetian would have a face of doubt.

Before leaving, Xingtianya had already learned about Guangyuetian's intelligence and knew that Dragon King Island, Red Moon City, and Fenghuizong among the five great forces of Guangyuetian had actually been destroyed by the Yao Mansion. Logically speaking, they would not be so surprised. That's it, this time, I just came to cooperate with them to master the power of Guangyuetian.

The other party should have been prepared.

However, even though Xing Tianya was puzzled in his heart, his face remained calm, looking towards the many powerhouses in Guang Yuetian.

"It turns out to be the ancestor of the Sea of Martial Soul, Senior Xingtianya, but I didn't expect that Senior would have joined Yao Mie Mansion. It is really a role model for my generation."

The Dragon King Island Lord was repelled by Qin Chen, his body was surging with blood, and the original law was almost cracked. At this time, he seized the opportunity and immediately took a sigh of relief and said with a smile: "Please sit down, please sit down, I can't think of Senior Xingtianya. Coming here, the Sea of Martial Soul is one of the top forces in my Eastern Heaven Realm casual cultivating world. I am afraid that my future will be limitless if I join Yao Mie Mansion in the future. Congratulations, please take a seat."

With a wave of the Dragon King Island Master, a magnificent throne rose up and arranged Xing Tian Ya on his side.

He greeted each other, treated him with hospitality, and was like a spring breeze. He did not have the embarrassment that Qin Chen had repelled before. His graceful manner made people almost think that he was the general leader of Guangyuetian.

Qin Chen also returned to Palace Master Guangcheng, his eyes flashed, and this Xingtianya intelligence had already emerged in his mind.

"Unexpectedly, Yao Mie Mansion actually sent a master, this time is troublesome, this line of heaven is a master of the mid-term sage of heaven, the strength is not under the sage of the sky, if he joins, the dragon king island lord will definitely Strength has greatly increased."

Qin Chen was very vigilant in his heart. Based on the news he had obtained from the memory of several masters such as the Sage Master and other information, Qin Chen knew clearly that Xing Tianya was a famous figure in the Eastern Heaven Realm. .

The Eastern Heavenly Realm is very vast, with many heavens.

These heavens have all been recognized by the high level of the heavens, but there are also some remote and wild places where some peculiar mysteries have been born, and the sea of martial arts is one of them. The ancestor of the sea of martial arts, Xingtianya, is a casual cultivator. The best among the martial artists, the cultivation base reached the mid-term peak Saint Lord realm, even more terrifying than the five great power ancestors of the heavens like Guangyuetian.

However, the power of casual cultivators is limited after all. Within the scope of the Eastern Heaven Realm ruled by the heavens, there are few casual cultivators who can break through to the realm of the late Saint Master.

The reason why Xing Tianya joined the Yaomie Mansion is most likely to find a chance to break through the late Saint Lord.

"It looks like you have to look at Yao Wuming and Su Quan."

Qin Chen's eyes flashed.

### [Chapter 3256: From the Dragon](#)

Before Qin Chen entered Guangyuetian, he had already sent Yao Wuming and Su Quan to join the three major forces. This time the three major forces held an alliance meeting in advance, which should have been the work of Yao Wuming and Su Quan.

Qin Chen had originally planned to expose the details of the three major powers at this alliance meeting in order to destroy the conspiracy of Yao Mie Mansion, but unexpectedly, Yao Mie Mansion sent another master, so the plan had to be changed.

Because, as soon as Xingtianya came, the Dragon King Island Lord and others would immediately find something was wrong, and would ask each other to expose Yao Wuming and Su Quan.

Sure enough, as soon as Xing Tianya sat down, the owner of the Dragon King Island laughed loudly: "Senior Xing Tianya, you said you have joined Yao Mie Mansion and came instead of Yao Mie Mansion. Is there evidence?"

Xing Tianya frowned. The words of the Dragon King Island Lord are a bit strange. He has already taken refuge in Yaomie Mansion, so how come he asks for evidence? Shouldn't the Lord Palace Master's plan be implemented?

"Hahaha, what evidence is needed for this seat to take refuge in Yaomie Mansion, but since you don't believe in the identity of this seat, this token can always represent this seat?"

Although Xing Tianya was puzzled, he still laughed, shaking his right hand, and a token had appeared in his hand.

As soon as this token was released, a mighty aura of destruction spread, and the entire void rumbling and trembled under this token.

This token is engraved with the word 'Yao Mie', which represents the identity of Yao Mie Mansion, contains the breath of Yao Mie Mansion, and is a token unique to Yao Mie Mansion.

No one can fake it.

Seeing this token, Palace Master Guangcheng and the others condensed their eyes, but the three of the Dragon King Island Master, Red Moon City Master, and Fenghui Sect Master were stunned.

Xingtianya's identity as the envoy of Yao Annihilation Palace is actually true?

"Lord Dragon King, what is going on?"

Xingtianya couldn't hold back anymore, and passed by secretly, "As far as I know, the three major forces of you have already taken refuge in my Yaomie Mansion, right? Why don't you keep repeating it? Do you want to regret it?"

His voice was like a thread, instantly spreading into the mind of the Dragon King Island Master.

"Master Xing Tianya, it's not that I am waiting to doubt your Excellency, but not long ago, an envoy from the Yaomie Mansion has come to my Dragon King Island." The Dragon King Island Lord smiled bitterly.

"What? An envoy has already been here? Impossible? Who is that person? Could it be Saint Lord Jiuyou?"

Xingtianya was startled, and then shook his head. It should be understood that he had previously wondered why Palace Master and the others had sent him over, so he deliberately asked for confirmation. After learning that Saint Master Jiuyou and them had left Guangyuetian, he had other important things. Just came, could it be that Saint Master Jiuyou is back again?

If the Holy Master Jiuyou came back, why did the Lord Palace Master send him over?

"It's not Master Jiuyou Sage!" The Dragon King Island Master shook his head.

Xing Tianya felt something was wrong in an instant, his eyes condensed, and a chill emerged from his body. Besides the Jiuyou Holy Master, who else would Yao Mie Mansion send over? This is simply impossible. Couldn't someone pretend to be the messenger of his Yaomie Mansion to deceive the Dragon King Island Master and them?

Xing Tianya's heart became cold, he became vigilant, and said in a deep voice: "Lord Dragon King, are you sure you are from my Yaomie Mansion? As far as I know, my Yaomie Mansion did not send any other envoys. Is it true? Someone pretends to be from my Yaomie Mansion? Where is that person now?"

Xing Tianya immediately felt the seriousness of the matter.

Someone pretended to be the messenger of Yaomie Mansion and came to deceive Guangyuetian's three major forces. This not only showed that Yaomie Mansion's plan against Guangyuetian was known, but it was also a provocation of Yaomie Mansion. How could this kind of thing let him happen.

"Master Xingtianya, these two people shouldn't be impersonating." The Dragon King Island Master shook his head, his tone firm.

"Not impersonating?"

Going to the horizon? The attitude of the Dragon King Island Lord made him wonder again. The one who docked with the three major forces of Guangyuetian was the Nine Nether Lord, but since the new messenger is not the Nine Nether Lord, why is this Dragon King Island Lord so sure that the other party is not a pretender? ?

As soon as the Dragon King Island Master was about to speak, he heard the void in the distance, and there were two loud laughs resounding again.

"Master Xingtianya, you are here so fast. I have been waiting here for a long time. I didn't expect Master Xingtianya, you have come here first."

Boom!

I felt the starry sky of Guangyuetian trembling again, and two figures suddenly appeared in the void.

The leader is a very young middle-aged man with black hair and an overbearing aura. By his side, he is also followed by a middle-aged man. The cultivation bases of the two are both in the early stage of the Holy Master, close to the initial peak. Realm.

But the aura that broke out was far more terrifying than most of the early peak holy masters present.

The Dragon King Island Lord and others suddenly stood up and said, "Master Xing Tianya, these two are the envoys of Yaomie Mansion who came to my Dragon King Island before, Yao Wuming Shengzi and his entourage."

Yao Wuming Son?

Xingtianya's eyes widened, and he turned out to be Yaomie Shengzi. No wonder the Dragon King Island Master is so sure that the other party is not a pretender, Yao Wuming is the saint child of Yaomie Mansion, the disciple of Yaomie Mansion, and Yaomie Mansion will come. One of the heirs.

Although Yao Wuming's cultivation base is not high, his position in Yao Mie Mansion is extraordinary.

Even when Xingtianya saw Yao Wuming, he felt a sense of respect in his heart, because he knew that he was only an outsider. If Yao Wuming Shengzi was not even the Holy Lord, then he would be fine, don't care, but Yao Wuming now Wuming broke through the realm of the Holy Master, and his status in Yao Mie Mansion would be improved a lot in an instant, even if it was him, he had to weigh it down.

However, it is rumored that the Son of the Yao Wuming had disappeared during the recent trial of the heavens. Why did he suddenly appear in Guangyuetian? And also broke through the realm of the Holy Lord?

Could it be said that this Yao Wuming Holy Master has not disappeared at all, but the news spread by the Lord Yao Annihilation deliberately, in fact, secretly assisting Yao Wuming Shengzi to break through the Holy Master realm and send out to deal with some things?

And the Lord Palace Master sent himself, in fact, to assist Yao Wuming Son, accumulate merits for Yao Wuming Son, and pave the way for Yao Wuming Son to take power in the future?

As soon as this thought came out, Xing Tianya couldn't contain it anyway.

By the way, it must be so!

The Lord Palace Master is planning to train himself into the direct line of Yao Wuming Shengzi.

Xing Tianya immediately became excited.

As the ancestor of martial souls, he joined the Yaomie Mansion as the mid-term peak saint master, but in the Yaomie Mansion, he has not been treated very much. After all, he is only a casual cultivator, not even as good as the Dragon King of Guangyuetian The island owners are valued, but if they can climb Yao Wuming Shengzi, Yao Wuming Shengzi will really hold the power of Yaomei Mansion in the future.

Then he will definitely become a minister of Conglong!

[Chapter 3257: Sincere](#)

hiss!

The ecstasy in Xingtianya's heart at this moment can hardly be contained.

"It turned out to be Lord Yao Wuming Shengzi, who has seen Shengzi on Xingtianya."

Xing Tianya immediately stood up and said with a smile, his attitude was just right, he was enthusiastic, not flattering, neither humble nor overbearing, and he performed well.

Boom!

The Dragon King Island Master waved his hand, and two thrones stood up immediately, Yao Wuming and Su Quan fell down instantly and sat down.

"Yao Wuming Shengzi, don't worry, since the victory of Guangyuetian this time is the Lord's test of the Holy Son, you can rest assured that this time, you will definitely be the nameless Shengzi. Things are done beautifully." Xing Tianya said hurriedly as soon as Yao Wuming sat down.

"Palace Master's test on me?" Yao Wuming was taken aback, and immediately understood Xingtianya's thoughts, and suddenly laughed: "Haha, easy to say, easy to say."

The atmosphere on the court suddenly eased a lot.

The attention of everyone was once again concentrated.

Before the fight between Qin Chen and Guang Yuetian everyone, everyone immediately abandoned it. This was an internal contradiction at best. On the contrary, it was the arrival of the people from Yao Mie Mansion that mattered to Guang Yuetian's future.

The Dragon King Island Lord smiled and said, "Brother Xing Tianya, and Yao Wuming Shengzi, several people came to visit us at Guangyuetian today. It really makes us and Pengxun flourish, and the cooperation between Yaomie Mansion and my Guangyuetian Regarding the matter, I have discussed with many forces in Guangyuetian, but everyone still has some doubts about the cooperation of Yao Mie Mansion. Several people can explain more."

"Sacred Son Yao Wuming, how about you?" Xing Tianya looked at Yao Wuming.

Yao Wuming smiled faintly, revealing an unpredictable smile, and said with a smile: "Senior Xingtianya, let's talk about it!"

Where does he know what instructions the Lord Yaomie has.

"The Nameless Saint is polite. If that's the case, I'll talk about it." Xing Tianya glanced at everyone present, and said lightly: "I think you all know about the cooperation between Yao Mie Mansion and Guang Yuetian. I'm here. Not much to say, what I want to say is that for this cooperation, my Yaomie Mansion can be said to be full of sincerity. This time, I have the token of the Lord Lord, representing the entire Yaomie Mansion. I hope to cooperate with Guangyuetian, reached a cooperation."

"This seat here can represent the promise of Yaomie Mansion. As long as Guangyuetian cooperates with my Yaomie Mansion, all areas of my Yaomie Mansion will be open like the entire Guangyuetian. Everyone knows that I Yaomie Mansion. There are many secret realms in Fuzhong, many top-level

forces, and there are also many medicines, saint soldiers, and even magical powers for sale. These are impossible to appear in Guangyuetian, but as long as Guangyuetian cooperates with my Yaomeifu, Guangyuetianzhong Any power in the world can enter these powers in My Yaomie Mansion and buy anything they want."

"What? All forces in Yaomie Mansion are open to us Guangyuetian?"

As soon as this remark came out, the audience was an instant sensation, and everyone looked over in shock.

You know, Yao Annihilation Mansion now secretly occupies many forces in the Eastern Heaven Realm, causing the resources possessed by Yao Annihilation Mansion to be extremely terrifying, but Guangyue Tian's forces dare not enter the territory of Yao Annihilation Mansion at all. Once inside, That is when the sheep enter the tiger's mouth.

And now, all areas of Yaomie Mansion are open to Guangyuetian, which is a huge attraction for many forces.

Xing Tianya smiled slightly: "This is only the most basic. Except that the territory of Yaomie Mansion is open to you, once Guangyuetian cooperates with my Yaomie Mansion, it will be regarded as my Yaomie Mansion's alliance, I Yaomie Mansion. Any secret realm in the mansion can be enjoyed by the warriors in the Guangyue Heaven, and there are even many news about ancient secret treasures that appeared in the Eastern Heaven Realm, which can also be shared with you."

"What? The secret realm in the Yaomie Mansion, I can join the warrior of Guangyuetian? And the news of ancient secret treasures, can you share it?"

"The sincerity of Yao Mie Mansion is too much, right?"

"There are many secret realms in the Yao Annihilation Mansion, not only for the earth and heaven, but even the secret realm of the holy master. If I can enter, the cultivation base will surely advance by leaps and bounds."

Many Guangyuetian forces whispered after hearing this, but then they all looked at Qin Chen and Guangcheng Palace Master. The Guangcheng Palace Guest Qing who had just shown great power, did not know the conditions of Yao Mie Mansion. Won't change your mind? Or is the thunder furious and bluntly scolding?

But unexpectedly, Qin Chen remained motionless, his expression as usual, not knowing what he was thinking.

"How about? Everyone of Guangyuetian, how do you feel about it? Can Guangyuetian, a jewel, be combined with our Yaomie Mansion, and contribute to the heavens and our human race?"

After Xing Tianya finished speaking, watching Guang Yuetian's many forces finally fell on the face of the Dragon King Island Master, he spoke again.

"Unexpectedly, Yaomie Mansion is so sincere and able to contribute so many benefits. Since the adults of Yaomie Mansion are so sincere, I, Dragon King Island, is naturally very happy. As long as I cooperate

with Yaomie Mansion, I can Yuetian's development will be even faster. Whether it is for our top forces or ordinary forces, it will have huge benefits, so why not do it."

"My Red Moon City is naturally happy."

"Haha, the old Feng Huizong naturally hopes that my Guangyuetian will be stronger. I still refuse this benefit. Isn't it blind?"

After a while, the three major forces of Guangyuetian directly agreed, making everyone's expressions change.

The speed of the promise of these three forces is really too fast.

Everyone looked at Guangcheng Palace and the Death God Sect. If even Guangcheng Palace and the Death God Sect agreed, then even if they want to refuse, I am afraid it will be impossible.

Originally, many small forces were quite moved when they heard Xingtianya's promise, but now that the three major forces, including Dragon King Island, promised so readily, they couldn't help but feel cold.

If anyone still hadn't guessed that Dragon King Island and other three powers had colluded with Yao Mie Mansion long ago, then they would be too idiot.

"Reaper, what do you say?"

The Dragon King Island Lord slid away from Guangcheng Palace, looked at the Death God Sovereign, and said with a smile.

"Palace Master, since Yao Mie Mansion is so sincere, it's better than us..." The Deputy Sect Master of the Death God Sect who had dealt with Qin Chen before immediately stepped forward and said.

"To shut up."

The Reaper Sect Master made a cold voice, interrupting the Deputy Sect Master's words, and replied: "Dragon King Island Master, my Reaper Sect is naturally looking at everyone. However, the Wudao Keqing of Guangcheng Palace does not seem to agree with this matter before. If you don't, the lord of the Dragon King, you will talk about it after persuading the other party."

Huh!

The words of Death God Sect Master made everyone's eyes fall on Qin Chen.

"Oh? The one who doesn't approve of my cooperation between Yao Mie Mansion and Guang Yuetian? Does he want to be the sinner of Guang Yuetian?"

Xing Tianya stood up instantly, star Destroy in his eyes, looked over coldly, sneered at the corner of his mouth.

### [Chapter 3258: Open and honest](#)

Xing Tianya's eyes had a strong killing intent, and in his eyes, a strange light flickered. It was the power of the martial soul, and it could kill a holy master. But Qin Chen still didn't move, just sneered: "It's what the old man disagrees with, why, you have an opinion? Or do you want to do something against the old

man if you don't accept your Yao Mie Mansion's proposal? Forcibly let me Guang Yuetian Join your Yaomie Mansion? Zhenruo

If so, what else do you have to discuss here? Anyway, your Yaomie Mansion is extremely powerful. It's better to just annex my Guangyuetian directly. Why do you pretend to come here to suggest that you want to set up an archway when you are a bitch? "

While speaking, Qin Chen sneered again and again, and he was not at all polite to Xing Tianya.

what? Everyone was dizzy when they heard Qin Chen's words. Although Qin Chen's strength demonstrated before shocked them, and even repelled the Dragon King Island Lord, everyone still never expected that Qin Chen would dare to confront Yao. The people who destroyed the house are like this

Stout.

This is the ancestor of Wuhun Xingtianya, the master of the mid-stage peak of the saint master, and the person of the Yaomie Mansion, is this innocent and not afraid of death? Indeed, in Guangyuetian, with that innocent strength, he could not be afraid of the people of the Yaomie Mansion, unless the Yaomie Mansion broke the jar, violated the rules of the heaven, and forcibly beheaded the opponent. It's just that, it will Attracted the attention of the high level of heaven,

Attracted criticism from other spheres of the Eastern Heaven Realm.

However, it doesn't work on the bright side. With the power of Yaomie Mansion, there are many methods in the dark. You can even spend a lot of money to ask the dark organization to kill the opponent. It is precisely by these means that Yaomie Mansion can occupy many heavenly regions in the Eastern Heaven Realm. Even many people in the Celestial Region know the actions of Yaomie Mansion, but they can only find clear evidence, nor do some of the top forces in the heavens. How to do it

Destroy the house. After all, the heaven is too vast. The eastern heaven sounds very vast and awesome, but it only occupies a certain area of the heaven. The whole heaven, as well as the territory of the demon world and the demon race, the land of all races, various secrets, and dangerous places. , The area is too large

Up.

Especially places such as the battlefield of humans and demons are the focus of the high level of the heavens, instead of focusing their attention on the heavens of the heavens.

Therefore, as soon as Qin Chen said this, everyone was dizzy and dumbfounded. They only felt that Qin Chen was indescribable.

"Lord Dragon King, this is your Guangyuetian person? It's so crude and unheard of."

Xing Tianya stood up suddenly, lingering murderously, his tone was cold.

Hum!

On his body, a strange soul light burst out, and it turned out to be a phantom, which was extremely amazing.

"The power of Wuhun."

There was a low voice from the crowd.

The heavens are vast, and various forces are emerging in endlessly. Especially among the many continents and planes in the lower realm, many strange powers have been born, like the Tianwu continent, which is a heritage bloodline, but there are also continents that have the power of martial soul, and even the power of star soul. Soul power, martial spirit, supernatural power

, Beast Soul, etc...

These powers are actually special powers that were researched out by the ancestors of the Human race when they developed their physical bodies, and passed on from generation to generation, deriving a range of special powers and professions. And the power of martial arts is a power that is very similar to the power of blood. It is rumored that the highest level of Xiaoyao Supreme in the heavens, the master who repaired the broken world, rose from a martial arts continent in the lower realm, possessing Devour one

Cut the powerful martial soul of martial soul power.

And this Xingtianya is also the best in the power of martial arts, and the ancestor of the sea of martial arts. His martial arts power is extremely powerful, even better than the power of the dragon king's true dragon inheritance. weak.

"boom!"

The power of martial arts in Xing Tianya's body burst out, immediately causing all the people to change their colors, and the power in the body was attracted, revealing deep fear.

"Hahaha, this is what you Yaomie Mansion said about being open and honest? The old man is not even qualified to make comments? It's extremely ridiculous!" Qin Chen sneered, "Xingtianya, right? Don't make fake suggestions here, what you said. , The old man doesn't believe a word, it's your business for the Dragon King Island Lord and them to take refuge in you, but if you want the old man to trust you in Yaomie Mansion, that's absolutely nothing

Possibly, if there is a kind of thing, you will kill the old man now, but unfortunately, with your strength, I am afraid it is still a little worse. "Say Lucy, Qin Chen stood up slowly, his body shook, and the void all over his body seemed to tremble with a sudden, showing tyrannical strength, "The old man was here just now, and he has already waited a lot with the Dragon King Island Master. The masters have fought,

These so-called masters, but so, the old man wants to see, what is your so-called ancestor of martial arts, what can you do? "The aura climbed steadily, and Qin Chen bloomed the original power in his body, and evolved the original aura of the Sage Master and the others. Suddenly, a mighty coercion spread out and merged with the void, a powerful force. Secretly by Qin Chen

Running.

In an instant, Qin Chen exuded power close to the mid-term peak of the Holy Master.

"Hi, the aura on this person is even more terrifying than when he defeated the Dragon King Island Lord before."

"Holy Master's mid-term peak master? No, it doesn't seem to have been reached yet, but how can the power in him be so terrible?"

"Awesome, when did Guangcheng Palace recruit such a master? Where did it come from? If this person and Guangcheng Palace Master join forces, wouldn't it be possible to become the number one power in my Guangyuetian?"

Many Guangyuetian masters were shocked.

"Palace Master Guangcheng, your guest Qing from Guangcheng Palace is too much."

The Dragon King Island Master stood up, his eyes were cold, and he shouted sharply.

He naturally couldn't let Xing Tianya openly act on this occasion, as long as Xing Tianya acted openly, the arrangement before Yao Mie Mansion would be completely ruined.

"Excessive? Why didn't this palace feel excessive? Brother Wudao was right, Yao Mie Mansion said it nicely. Who knows if he will keep his promises?" Palace Master Guangcheng sneered.

"you....."

The Lord of Dragon King Island's face was pale.

"Actually, what your Excellency said has some truth. It is unprovoked. It is indeed unconvincing. I don't know what I want in Yaomie Mansion before you can believe us?"

At this moment, a flat voice suddenly sounded, echoing in everyone's ears.

Yao Wuming spoke up. Qin Chen smiled coldly: "It turns out that it is the Yao Wuming Son of Yao Mie Mansion. It is very simple to ask the old man to believe it. You are not saying that once I wait for the unity, what secret realm and trial, I will all Can you participate? Dragon King Island Lord, do you recognize that?"

deny? "The Dragon King Island Master was taken aback, recovered, and nodded vows: "This seat naturally believes in what Yao Wuming Shengzi and Lord Xingtianya said. "

### [Chapter 3259: True Dragon Spirit Pond](#)

"That's good." Qin Chen said with a sneer: "Since you recognize the Lord of Dragon King Island, I heard that Dragon King Island has a true dragon spirit pool. It can be regarded as my top secret realm in Guangyuetian. You dare to take the true dragon of Dragon King Island. Is the spiritual pond open for me to wait for cultivation?"

As soon as Qin Chen said this, the atmosphere on the court instantly changed.

The masters of many forces immediately became excited.

There are five top powers in Guangyuetian, and each power has its own holy ground for cultivation. Guangcheng Palace has a holy pond, and other powers are naturally the same.

However, most of the sacred grounds for cultivation are just arranged with the holy veins of the Holy Master, forming a large array that can be provided to many masters for cultivation.

But Dragon King Island is different. It is rumored that the true dragon spirit pool on Dragon King Island is inherited from ancient times, and its underground not only has ancient holy veins, but also rumored to have dragon marrow and ancient true dragon blood in this true dragon spirit pool.

It is the foundation of Dragon King Island's survival.

The top Tianjiao of Dragon King Island has the opportunity to practice in the true dragon spiritual pond once in his life, absorb the blood of the true dragon, awaken the blood of the true dragon, and become the supreme power.

It can be said that it is the top holy place in Guangyuetian, and its reputation is far above the Moon God Body and Spirit Pool in Guangcheng Palace.

It is Guangyuetian's first holy place for cultivation. And there are other rumors in Guangyuetian, that is, the ancient sacred veins in the true dragon spirit pool of Dragon King Island are not ordinary ancient sacred veins, but the ancient true dragon sacred veins, which are the sacred veins of the dragon family. , More than the ordinary low-grade holy veins

, It is ten times, a hundred times more terrible.

Who would not covet such a holy place for cultivation? Not eager? Although there are rumors about the true dragon spirit pool on Dragon King Island, only those with true dragon blood can activate the power of dragon blood in it. The entry of ordinary human warriors is just an ordinary holy place for cultivation, but it is really unstoppable. This

Such rumors make everyone envious.

Now, since your Dragon King Island Lord said that he believes that Yaomie Mansion will keep its promise, and once united with Guangyuetian, all the training grounds of Yaomie Mansion will be opened, then you Dragon King Island, dare you to open it up?

I have to say that Qin Chen's words made everyone focus on the Dragon King Island Master, showing excitement.

If the Dragon King Island Lord refuses, then even Guang Yuetian's own forces will not be able to open up. Why do you believe that Yao Mie Mansion will open up?

If the Dragon King Island Master agrees, then everyone will also have the opportunity to enter the True Dragon Spirit Pond to take a look, which is also a reward.

For a while, everyone looked at the Dragon King Island Master with piercing eyes.

The expression on the face of the Dragon King Island Master instantly solidified, turning blue and white.

Qin Chen's words pointed to the point, making him in a dilemma.

"Lord Dragon King, promise him."

The Dragon King Island Lord was still hesitating, the voice of Yao Wuming Shengzi was already in his mind.

His face suddenly changed: "Yao Wuming Shengzi, this True Dragon Spirit Pool is the top secret place of my Dragon King Island, and the real dragon secret realm, once opened, wouldn't it be..." "Hehe, what top secret place?" Yao Wuming With a chuckle: "The true dragon spirit pond on your Dragon King Island is indeed good, but in the eyes of Yao Mie Mansion, it is not counted. If you open the true dragon spirit pond, then the people of Guangcheng Palace will be unable to say. By the time

, I will naturally give you enough compensation. "What's more..." Yao Wuming Shengzi smiled faintly: "I heard that the true dragon spirit pool of your Dragon King Island, only those with true dragon blood can absorb the dragon marrow and true dragon blood, that is to say. , Even if it is open, these people enter, top

Absorbing more power of the Holy Vein is nothing to your Dragon King Island, right? "

"No matter how much power of the saint veins these people absorb, when they are done and return to Yaomie Mansion, I will definitely report to the lord of the palace to replenish you with ten times the size, how about?"

"Furthermore, the true dragon spirit pool on your Dragon King Island is a top-secret place. As long as this innocent one enters it, how to deal with it by then, don't let me wait for it? Then those who follow me will prosper, Whoever goes against me perishes!"

The cold light bloomed in Yao Wuming's eyes, showing the cruelty of the saint son of Yao Mie Mansion. "That's a good idea." Xing Tianya's gaze also brightened: "Holy son, this person, this person has long seen him not pleasing to his eyes, but in full view, he can't do it himself, but if he can be introduced What kind of real dragon spirit pool, I have

Hands-on opportunity, when the time comes, hum! "

Killing intent emerged from Xing Tianya's body.

The Dragon King Island Lord finally made up his mind: "Since both of you have said so, the old man has satisfied this person's wishes." "Hahaha." Under the eyes of everyone, the Dragon King Island Lord suddenly laughed: "This seat finally knows. What does it mean to save the abdomen of a gentleman with the heart of a villain? Your Excellency said that you want to enter the true dragon spirit pool on my Dragon King Island. Why not? My Dragon King Island is for Guangyue

Tian's development is willing to abandon its own interests and make contributions to everyone present. "

boom!

One stone caused a thousand waves!

There was an uproar in the audience, and everyone was shocked. Didn't they have broken ears? What did you hear? Is the Dragon King Island Lord willing to abandon his own interests and make contributions to everyone?

What does Dragon King Island Lord mean? Could it be that it agreed to the request of the Innocent Lord of Guangcheng Palace?

Qin Chen's face suddenly became difficult to look like, as if he couldn't believe the decision of the Dragon King Island Lord? His face was cloudy and uncertain, and after a long time he forced himself to snorted: "Lord of the Dragon King, I say that there is no proof. After I enter, the old man can determine what you are.

It's true or false. "

Qin Chen's expression felt like a stubborn resistance.

"Hahaha, in that case, everyone who is willing to enter the true dragon spirit pool can follow the old man!"

Boom! The lord of the Dragon King Island took the lead to stand up, leading the master of Dragon King Island, and flew directly towards the Dragon King Island without any drag.

Whoosh whoosh!

The Dragon King Island Master stood up and everyone present looked at each other. In the next moment, countless masters showed their excitement and swept towards the Dragon King Island below.

"Brother Wudao, Palace Master Guangcheng, let's go?"

The Red Moon City Lord also sneered, following closely behind.

Suddenly, the ancestors, suzerain and others who had gathered in this Guangyuetian star space went to Dragon King Island one by one.

"Brother Wudao?"

Palace Master Guangcheng stood up and glanced at Qin Chen.

"Let's go over and take a look."

Qin Chen sneered coldly, the negative and stubborn color on his face had completely disappeared, but a sneer was revealed, and cold light bloomed deep in his eyes.

Boom!

Those who can participate in the Alliance Conference are all the ancestors of Guangyuetian's top powers. They are all extraordinary in strength, and the weakest are also the early holy masters. Most of them are the early peak holy masters. Half an hour later, he had already arrived at the teleportation array to the Dragon King Island.

A group of people took the teleportation array and made several turns. After a few hours, they had arrived at the Dragon King Sea where Dragon King Island was located.

What caught everyone's eyes was a vast ocean, the vast ocean undulating, pitch black as ink, and dangerous.

This is the Dragon King Sea, one of the most dangerous forbidden places in Guangyuetian. In the Dragon King Sea, a horrible ancient beast is dormant. Without the permission of Dragon King Island, ordinary people are connected to those near Dragon King Island unless they are masters of the Holy Master. No qualifications.

"Everyone, follow this seat, don't be alone."

The lord of Dragon King Island opened the way ahead and braved the wind and waves. People from all major forces followed in excitement. As one of the top five forces in Guangyuetian, the headquarters of Dragon King Island, there were only a handful of masters who had entered the scene. They are all curious about Dragon King Island, and now they are about to see it with their own eyes. Why not be excited?

Everyone flew over the Dragon King Sea. The entire sea was as black as ink, and the black waves were overwhelming. It was full of dangerous aura. Some powerful people could clearly feel that there was a terrible force hung in the depths of the Dragon King Sea. Some ancient beasts.

After walking about a stick of incense, finally, a vast island-Dragon King Island appeared in front of him.

The entire island stands on the Dragon King Sea, like a flying dragon, and will roar proudly for nine days.

"Welcome to my Dragon King Island."

The Dragon King Island lord said loudly, opening the Dragon King Island formation and leading everyone along the way. Along the way, many of the Dragon King Island disciples saw the people coming, and all showed surprise.

As soon as everyone entered Dragon King Island, they felt a strong sacred energy fluctuation. The surrounding sacred energy was hard to dissolve, and poured into everyone's body, making everyone feel a sense of ecstasy.

"This is the true dragon holy spirit of Dragon King Island?"

These holy qi entered the body, and the holy yuan in everyone's body was a little uncontrollable, and there was a feeling of eagerness to try. Obviously this kind of true dragon holy qi was so strong that the holy qi in everyone's body could not be suppressed.

Many people can't help but change their color. This holy energy is too domineering. No wonder the strength of the Dragon King Island Lord is so terrible. Once this holy energy erupts, how terrifying is its power? Everyone dare not imagine.

Under the leadership of the Lord of the Dragon King Island, everyone soon came to the depths of the Dragon King Island, a mysterious and ancient forbidden place.

Hum!

In front of him was a pitch-black cave mansion, in the cave mansion, a wave of strong holy energy was transmitted.

"Everyone, this is where the true dragon spirit pond of my Dragon King Island is located. Brother Wudao, don't you say that this seat is empty? This seat will now open the entrance to my true dragon spirit pond. Anyone of you can enter if you wish. I have a one-day practice in the True Dragon Spirit Pond on Dragon King Island. After a day, the True Dragon Spirit Pond will reject you. If you are willing to enter, you can do it now."

"However, the old man said in front of the ugly words. The power in the true dragon spirit pool of my Dragon King Island is very overbearing. It is not something ordinary people can bear. You should consider it. If it is because of absorbing the true dragon spirit pool of my Dragon King Island, it will come out. I am not responsible for what happened."

As the voice fell, the Dragon King Island Lord raised his right hand. Suddenly, in the cave in front, countless astonishing prohibitions flickered, the cave opened, and a strong and domineering aura spewed out from it, making everyone discolored.

This true dragon holy spirit is really domineering.

"Everyone, if you want to enter the True Dragon Spirit Pond for cultivation, you must hurry up. After the Dragon King Island True Dragon Spirit Pond is opened, the entrance can only be maintained for a while, and this seat will go in first. Master Xing Tianya, Yao Wuming Shengzi, it is better to follow Old man, go in and have a look?"

"Hahaha, let's go, look at the legendary true dragon spirit pond!"

Xingtianya laughed, and the owner of Dragon King Island, Yao Wuming, Su Quan, and the deputy owner of Dragon King Island stepped into the cave and disappeared instantly.

"Let's go, let's go in and take a look. There is no reason to say anything. It is like a villain to save the abdomen of a gentleman. This time we will be in the light of the Dragon King Island Lord and go into this true dragon spirit pool!"

City Lord Red Moon, Sect Master Fenghui and the others sneered, and with a sigh, they all entered the cave.

With their beginning, people from many other forces were also eager to try, looking at Qin Chen and Guangcheng Palace Master, as well as Death God Sect Master and others.

"Brother Wudao, be careful. This is the forbidden area of Dragon King Island. If the Dragon King Island owner and others set up an ambush inside, then we..." Guangcheng Palace Master showed worry on his face.

"Hmph, it's okay, I want to see what the Dragon King Island owner sells."

Qin Chen sneered, and immediately stepped forward and went directly into the cave. Palace Master Guangcheng shook his head and followed Xu Xiong and others with him.

"Master Sovereign?"

The Deputy Sect Master of Death God Sect flashed his eyes and whispered.

"Let's go, let's go in too, Jikang, follow me closely."

The Death God Sect Master had indifferent eyes and a sneer at the corner of his mouth, and followed Qin Chen and the others into the True Dragon Spirit Pool.

With Qin Chen and the others taking the lead, the remaining ancestors and sect masters of the other forces present are also eager to try. Although they have doubts in their hearts, they still can't help the temptation of the True Dragon Spirit Pool, and they follow one by one. .

After the masters of many forces entered one after another, Banzhuxiang passed, and the restriction of the real dragon spirit pond cave resurfaced again, covering the cave again and sealing it up.

Hum!

As soon as Qin Chen entered the cave, he felt a flower in front of him, and then, a feeling of spinning around the world lingered, as if entering a large teleportation formation.

next moment.

With a puff, Qin Chen plunged directly into a pool of water, and then, a domineering holy energy spouted into his body.

"The true dragon holy spirit is indeed powerful."

Qin Chen was surprised. This holy energy was almost the strongest among the many holy veins he had absorbed so far.

"Hmph, the true dragon sacred vein of my Dragon King Island is naturally extraordinary, but unfortunately, your Excellency is not blessed."

At this moment, a gloomy voice sounded with a cold killing intent.
