

## Valkyrie 3261

### [Chapter 3261: Heaven and Earth Wuhun](#)

Between the world and the earth, a series of cold murderous intentions emerged. In the void around Qin Chen, several terrifying powerhouses appeared, and they appeared one after another. It was the Dragon King Island Lord, Red Moon City Lord, Fenghui Sect Lord, Xing Tianya and Yao Wuming few people.

These people, with murderous aura, haunting murderous intent, appeared in this strange spiritual pond, wrapped up all the void around Qin Chen, sealed off a side of the world, and trapped Qin Chen in this small piece of world.

Qin Chen sneered in his heart. He had already felt that the Dragon King Island Master was not right. He didn't expect the other party to be ready to kill himself. This is the person who should unite with Yao Mie Mansion and behead himself here, right?

"It turned out to be the Lord of the Dragon King Island, what are you doing?"

Qin Chen frowned, and a trace of 'panic' appeared in his eyes, his expression became extremely nervous, and he looked at the Dragon King Island Master and the others coldly, and said with a little anger.

"Hahaha, your Excellency has come to this time, and you actually asked something like this, what do you say we are going to do?" The Dragon King Island Master laughed, as if he felt very ridiculous about Qin Chen's actions. , This person actually asked such innocent words.

"Do you want to kill the old man here? Humph, this should be the true dragon spirit pool on your Dragon King Island? Just rely on you, I am afraid that you can't kill the old man in a short time. As long as the old man makes a noise, it must be People from Guangyuetian's other forces will perceive that at that time, Yao Mie Mansion will intervene in Guang Yuetian's affairs, and the news will spread. I see if Guang Yuetian will cooperate with you Yao Mie Mansion, or even the news will reach the heavens. In the high-level ears, you are also in big trouble in Yaomie Mansion. I advise you not to be reckless."

Qin Chen's expression showed anger and said coldly.

"At this time, your Excellency is still so naive. Since I dare to do this, am I still afraid of your threat?" The Dragon King Island Master sneered and took a step forward. "If it was in the space of stars before , I really don't dare to do anything, but it's a pity that you shouldn't, you shouldn't, you actually took the initiative to enter the true dragon spirit pool on my Dragon King Island."

"The world does not know that the true dragon spirit pool on my Dragon King Island is very special. It was not actually built by my Dragon King Island, but by the ancient true dragons. In this true dragon spirit pool, there are many spaces. After entering the cave, , Through different spatial channels, you will also enter into different levels of space."

"Now, the space where your Excellency is located is the core place of my true dragon spirit pond, and it is also the most stable space. Below your lord, is the true dragon treasure of my true dragon spirit pond, in order to trap you , Will this seat be unprepared? In this true dragon treasure land, your power can't penetrate at all. I am afraid that when you fall, the guys in the other spaces of the true dragon spirit pool and the pool water will not notice it?"

The Lord of the Dragon King said with a triumphant expression: "This is called, there is a way to heaven, you don't want to go, and there is no way to hell. Your lord, you are trapped here!"

Qin Chen's expression was extremely ugly, "Lord Dragon King, you are one of the five great forces of Guangyuetian at any rate, and you actually obeyed the order of an early holy master, the younger generation of Yaomie Mansion, don't you feel sad?"

"What do you know?" The Dragon King Island Master sneered: "Yao Mie Mansion is now in my Eastern Heaven Realm, expanding everywhere, and has secretly controlled many heavens. It can follow the Lord of the Eastern Heaven Realm and show the glory of my Eastern Heaven Realm. , This is an extremely honorable thing, not to mention, I'm not afraid to tell you that the three major forces of mine have already joined the Yaomie Mansion. Not only us, but also the two major forces such as Guangcheng Palace and Death Sect. Our people, this alliance conference is to persuade many forces to join the Yaomie Mansion."

"Unexpectedly, Guangcheng Palace actually has a chief guest officer like your excellency. That's all, your excellency actually wants to destroy the important affairs of the adults in Yaomie Mansion. If you are not dead, who is at ease?"

The island lord of the Dragon King is murderous, and the dragon aura on his body forms a strong force with the dragon aura in the true dragon spirit pool.

"Okay, Dragon King Island Lord, don't talk so much nonsense with him, just kill it directly, anyone who wants to destroy my Yaomie Mansion's major events will have to die."

Xing Tianya sneered and stepped forward slowly.

"Xing Tianya, you are the person of Yao Annihilation Mansion, and you dare to do something to the old man. Are you not afraid that the old man will kill him and tell the world the news?" Qin Chen shouted angrily: "My many forces in Guangyuetian will never Leave it to you."

"Hahaha, at this time, your Excellency still dreams of going out alive. You offend my Yaomie Mansion and destroy my plan of Yaomie Mansion. From the moment you start your hands, your Excellency is already a dead person. As for Guangyue The other forces of the sky? Ha ha, as long as you die, the remaining Death God Sect and Guangcheng Palace, are you afraid of not obediently surrender? As for the ordinary forces, I still look down on the Yao Mie Mansion. When the time comes, I will be enslaved. Yes."

"Then the cooperation you mentioned before is all a lie?" Qin Chen said angrily.

"Cooperation, have you ever seen that elephants can cooperate with ants? Ants must have their lives as ants. Okay, your Excellency is too much nonsense. Just die."

Xing Tianya said with a sneer, stepped out in one step, clenched his fists, and struck Qin Chen suddenly. In an instant, it was his peerless ultimate move of the Sea of Martial Spirit: "Heaven and Earth Martial Spirit!"

Boom!

Suddenly, the infinite and terrifying aura surged, and the entire True Dragon Spirit Pool shook violently.

Heaven and Earth Martial Soul's move is the ultimate move of Martial Soul Sea. It is extremely powerful. It is almost the same as the True Dragon King displayed by the Dragon King Island Master, and even more terrifying. It is an invisible special martial soul power. When it diffused out, Qin Chen felt that his body was surrounded by a strange force, and the Saint Yuan in his body was restricted.

"This is the power of martial arts, one of the many powers of heaven and earth? It is really strange, and it is similar to the power of blood, but it is different in nature."

Qin Chen sensed the power of this martial soul, secretly frightened, especially the murderous aura revealed by Xing Tianya, extremely condensed, and the true meaning of martial arts in his whole body, at first glance, was the battle king who had reached a certain level after thousands of trials.

As a casual cultivator, Xing Tianya can become the holy master of the mid-term peak. How many battles have he experienced? Has long been innocent.

This kind of person is extremely terrifying. He is a top master who breaks through the secrets of his body and condenses the origin, and is completely different from the warriors who usually comprehend the way of heaven, cultivate the holy origin, and condense the origin.

A warrior born in battle.

#### [Chapter 3262: Clear Sky Hammer](#)

As soon as the heaven and earth martial arts came out, the void vibrated, and there was a wave of warfare everywhere, rolling and oppressing, countless war gods' shadows appeared, interpreting thousands of martial arts, and then condensed into one, forming the holy land of martial arts, the kingdom of martial arts.

Xing Tianya's move was to kill Qin Chen, killing him in the palm of his hand, using all his strength.

Moreover, he shot suddenly, without any signs. In the moment of an eruption, the thunder could not cover the ears, such as thunder and lightning suddenly from space, squally showers, stars falling, maddening, irresistible.

However, at the moment Xing Tianya suddenly made a move, Qin Chen seemed to have noticed that he was about to encounter an attack. His martial arts will, after fusing the origins of the Sage Master and others, already possessed the terrifying will of the mid-level peak Sage Master. , The essence of a generation of strong men who have experienced hundreds of battles, all in his mind, the origin of martial arts is deeply imprinted.

In addition, Qin Chen has condensed infinite supernatural powers, comprehended the laws of the heavens, and condensed the power of masters such as the Lord of the Wild Gods. Although his cultivation level is not high, his strength has far surpassed that of ordinary mid-term holy masters. .

"Hahaha, Xingtianya, the power of Wuhun is indeed powerful, but unfortunately, I can't kill the old man."

Qin Chen laughed, the panic on his face was gone, and a mighty magical power burst out in his eyes to greet him.

Boom!

The two fought against each other, like thunder surging, bursting out a monstrous roar and murderous intent, Qin Chen shot out, in an instant, many fist and palm shadows were vast, covering the sky and the sun, and suddenly rushed into Xingtianya to perform Out of the world martial arts soul.

boom!

Countless roars surged from Qin Chen's body, and the power of the martial soul seemed to be able to descend on the human will and soul, and it would directly tear Qin Chen from the inside.

However, in Qin Chen's body, the Book of Origins appeared, and many civilizations and magical powers continued to appear, and they began to imitate the aura of this Wuhun civilization.

Originally, Qin Chen had never seen the civilization and power of this martial soul, but under the swallowing of the book of origin, a piece of martial soul civilization actually rose up among the vast pages of the ancient book, showing the martial soul. Book pages.

A series of mysterious martial arts power began to appear on Qin Chen's body. Although very weak, it effectively resisted the invasion of the martial arts ancestor Xing Tianya power.

It should be understood that the Book of Origin in Qin Chen's body can be decomposed and absorbed even the power of darkness to form a dark civilization. The power of this region of martial arts is only the power of a certain civilization in the heavens. How can it be able to resist the book of origin absorb.

boom!

With an endless roar and explosion, Qin Chen rushed out from the mighty bombardment.

This series of changes is in an instant.

Everyone only saw that Xing Tianya suddenly broke out, using the way of lore to kill Qin Chen, but Qin Chen stood still, waiting for the killer to strike, counterattack again and again, breaking the world martial spirit.

boom!

The power of the two sides collided, everyone changed color, and the true dragon spirit pool below rolled up a huge wave.

what?

Xing Tianya's face was shocked, and he did not expect that Qin Chen could withstand the attack of his Heaven and Earth Martial Spirit, and launched such a strong counterattack, that wild force swept over, and the saint in Xing Tianya body Yuan made a crackling sound, as if he had endured endless bombardment.

How could this son be so strong? This Guangyuetian, when will there be such a master, you must know that even if it is the Dragon King Island Master, it is impossible to withstand his own martial arts spirit, even if it cannot defeat the opponent according to the rules, at least it can cause the opponent to be injured.

But Qin Chen is still alive and well.

How could such a master appear in Guangyuetian and serve as a guest of Guangcheng Palace.

Xing Tianya's heart suddenly became vigilant.

He started fighting from the midst of casual cultivators. He was very careful in mind. He paid special attention to certain things. The appearance of Qin Chen made him instantly feel weird. The Holy Master at the peak of the mid-term, even though he was placed on the entire Eastern Heaven Realm level, In fact, he is not even the top master, but he is not Xiaoyu Xiaoxi, and even Guangyuetian and other upper-middle heavens have almost no one.

And such a master, just at this time, appeared in Guang Yuetian, how insensitive to him.

Could anyone know the plan of Yao Mie Mansion and deliberately destroy it?

His heart was lifted instantly.

If you were to be a master of the local forces in the Yaomie Mansion like Jiuyou Saint Master, you would definitely not have such thoughts, because the warriors of the Yaomie Mansion are naturally arrogant and proud, but Xingtianya was killed from casual cultivation. Yes, naturally more sensitive.

kill!

In his heart, the killing intent was even worse.

"Unexpectedly, your strength is so terrible, no wonder it is so arrogant, but unfortunately, you still have to die."

Xing Tianya drank coldly, and a mighty black halo came out from his body.

"Martial Spirit and Battle Spirit, Clear Sky Hammer!"

Xing Tianya showed the heroic posture of a peerless saint, with black hair flying, and at the moment when the spirit of heaven and earth was broken, his momentum suddenly rose again, changing his moves, squeezing his big hand, and a simple shadow of a hammer appeared on his fist. , Lifelike, his fist turned into a martial soul giant hammer in this battle, just like the ancient mountain.

This giant hammer appeared, and the power that shook the ages was mighty. When the hammer was hammered down, the world was immediately chaotic, only to see his big hand turned into a complete hammer shadow, hammering through the mountains and stars, shattering the real world, making people unclear about the truth. false.

This move was earth-shattering and Wu broke the void.

But Qin Chen's eyes opened, fierce, divine light shot, murderous intent boiling, his body, a series of killing civilizations appeared, killing, destruction, death, eternity, extinction of heaven, purgatory, wild, various civilizations, Supernatural power, murderous condensed, turned into a sharp sword.

Wow!

The whole body of this sharp sword is united with Qin Chen's right hand. At this moment, Qin Chen's hand is the sword, and the sword is the hand, directly falling down, displaying the eternal and eternal mood.

This is the unique knowledge of the Heavenly Sword Sect recorded in the Unknown Sword Classic.

The infinite murderous aura, as if penetrating the heavenly void, slashed straight down!

With a bang, the sword hammer collided, and you heard the sound of KAKA, and cracks began to appear on the Haotian giant hammer transformed by Xingtianya's right hand Martial Spirit, and the infinite sword aura, a little bit penetration.

Of course, Qin Chen's right hand also felt a huge impact that could destroy the sky and the earth. He suddenly poured in, and the violent martial soul shock followed Qin Chen's right hand and instantly entered Qin Chen's body.

Click!

Cracks also appeared on the sharp sword that Qin Chen Shengyuan had transformed. The Vast Sky Great Hammer and the Heavenly Great Sword exploded at the same time, and the two of them flew out together, surging blood in their bodies.

### [Chapter 3263: Conspiracy exposed](#)

what?

Xing Tianya was shocked and almost exclaimed.

He never imagined that Qin Chen could even withstand his Clear Sky Hammer. This was already his top killer move, assassin's skill. Even if it was the mid-term peak Saint Lord encounter, he was not afraid of it. The enemy of strength, but now, he can't take a guest, one of the five major forces of Guangyuetian.

This.....

What a joke.

Compared to Xing Tianya's shock, Qin Chen was much calmer, but he still sighed slightly in his heart.

With his current cultivation base, it is still difficult to kill a holy master at the mid-term peak without using many treasures.

After all, his cultivation base is too low, even if it swallows the origin of the Heaven Slayer Saint Master and other powerhouses, it can simulate the aura of the mid-term Saint Master, but after all, it is only the initial Saint Master, and there is still a trace of the early peak Saint Master.

The realm gap is like a ditch, blocking him to death, unless he can break through in one fell swoop, otherwise, wanting to kill Xingtianya under the eyes of everyone, I am afraid it is really a problem.

breakthrough?

Qin Chen lowered his head and looked at the True Dragon Spirit Pool below, his eyes flashed, and he had an idea in his heart.

"Hahaha, the so-called ancestor of Wuhun, but so."

Qin Chen stood proudly in the void and laughed loudly.

"Master Xingtianya, are you... okay?"

The Dragon King Island Lord and the others looked ugly, and they stepped forward, and they felt a little unbelievable when Xing Tianya didn't take Qin Chen.

"Hmph, your Excellency still laughed loudly at this time, do you think you can survive several attacks from Lord Xing Tianya?"

The Red Moon City Lord yelled coldly. Behind him, the mid-term Saint Lord Taishang Elder of Red Moon City, Fenghui Sect Master, and the Deputy Island Master of Dragon King Island, united with the Dragon King Island Lord, and the six people of Xingtianya, surrounded Qin Chen. .

The six mid-stage saint masters surrounded Qin Chen alone, and the strong aura in the void made all the void tremble.

"Master Xingtianya, you come to grab the formation, this person, leave it to us."

"Yes, this is our internal affairs at Guangyuetian, Master Xingtianya, just watch it, and see how I will kill this person!"

The Island Lord of the Dragon King gave a cold cry, and immediately, the five great figures, all of whom shot at the same time, were all the top masters of Guangyuetian, the figures of the middle stage of the holy master, working together, in one go, suppressing Qin Chen at the same time.

The five big hands, connected into one piece, directly hit Qin Chen, sealing the void around Qin Chen, and completely trapping Qin Chen.

This combination is fundamentally invincible, and most people simply cannot resist it.

However, Qin Chen's eyes were cold and his mind was clear. He was never panicked at all. Even in the face of a more dangerous situation, his emotions did not fluctuate at all. Suddenly his figure shook, and he laughed: "With more enemies and less enemies? Do you think there is really only the old man here?"

Qin Chen's voice remained, and a billowing tide suddenly rolled on his body, a force of destiny penetrated out, and in this force of destiny, there was an astonishing force of space.

boom!

When the world broke apart, I saw Qin Chen's power seep out, and suddenly received a response in the void.

"Brother Wudao, I'll be waiting!"

Boom!

A mighty force surged from outside this void, and then the Dragon King Island Master and the others were horrified to see that in the distant void, terrible moonlight and death air swept in, directly There were countless cracks in this void.

From that emptiness, the Dragon King Island Master and others were shocked to see that Palace Master Guangcheng, Sect Master of Death, and others were leading countless masters, one after another, attacking and killing here.

"What? How could they find here?"

The Dragon King Island Master was stunned for an instant. When everyone entered the True Dragon Spirit Pool before, he could arrange to transport Qin Chen alone to the core of the Spirit Pool. As for the others, they were scattered to other places in the Spirit Pool. Parting, preparing to break through one by one, but never expected that these people would gather together.

"Palace Master Guangcheng, what are you doing? This seat is kind enough to let you enter the true dragon spirit pond to practice, and you actually destroy the true dragon secret realm of my Dragon King Island? Isn't it the grace to avenge revenge?" The dragon king island master sneered, his voice penetrated Void, spread forward.

"I will avenge your grievances? Dragon King Island Lord, what happened here before, Brother Wudao passed it to me through the mirror of destiny, exposing your conspiracy and tricks, but you never thought that the three powers of Dragon King Island had already taken refuge in Yaomie. The mansion is really a shame to my Guangyuetian. Entering this palace and the Death Sovereign, as well as all the colleagues present, will want you to eat the outsiders and capture them here, so that everyone in the world can look at your faces."

As Palace Master Guangcheng spoke, there was already a crystal in his hand. In the crystal, what was recorded was what the Dragon King Island Master and Xing Tianya said to Qin Chen.

The faces of the Dragon King Island Lord and their faces were instantly pale, and they looked at Qin Chen in disbelief, "You... actually designed to plot against us! However, I have already blocked this void, how did these messages pass out?"

The lord of the Dragon King Island was furious and unbelievable.

"It's just a little trick. The blockade of your Dragon King Island True Dragon Spirit Pond is indeed extraordinary. Unfortunately, it is not that easy to block the old man."

Qin Chen sneered. He deliberately fell into a desperate situation, and he was naturally prepared. Long before he entered the True Dragon Spirit Pool, he had secretly left the spirit stone for transmission on the Guangcheng Palace Master and the others, and sent an instant transmission.

What the Dragon King Island Master and the others said to Qin Chen before were all passed on by Qin Chen to Palace Master Guangcheng, and passed on to the ancestors and suzerains of every major force that entered the True Dragon Spirit Pool.

Aside, Xing Tianya's face was also extremely difficult to look.

"Master Xingtianya, what shall we do next?" The Dragon King Island Lord looked slightly panic.

Once the news of his collusion with Yaomie Mansion spreads out in Guangyuetian, then he, as one of the five major forces, Dragon King Island, will be completely unable to gain a foothold in Guangyuetian.

"Hmph, if you don't do it, don't stop, kill it directly, and those who follow will perish. You can't open this true dragon spiritual pool within a day. One day is enough for us to clean the entire true dragon spiritual pool. Kill, Kill him, and the blood will flow into a river. When the seal is opened, it will be said to the

outside that these people are fighting against each other in order to fight for the true dragon spiritual pool.

Xingtianya's eyes were murderous.

"it is good."

The Sect Masters and masters of the three major forces of Dragon King Island Lord, Red Moon City Lord, and Fenghui Sect Lord looked at each other, and their eyes burst out with shocking killing intent.

"kill!"

They drank coldly and slayed Qin Chen forcefully.

#### [Chapter 3264: Race against time](#)

Among all the people, they hated Qin Chen, and only by beheading Qin Chen can they release their hatred.

"Hahaha."

Qin Chen laughed loudly, and a mighty spatial force lingered out, and Qin Chen once again appeared in his hand with a sharp sword across the sky, slashing at the void below.

With a bang, the seal arranged by the Dragon King Island Lord and the others shook violently, and instantly burst a hole, permeating the true dragon breath, and Qin Chen seized the opportunity, huh, urging the law of space, and instantly penetrated the seal The crack, avoiding the attack of the Dragon King Island Master and others, suddenly sank into the true dragon spirit pool below.

puff!

The true dragon spirit pool surged, and Qin Chen sank into the pool instantly.

"not good!"

The face of the Dragon King Island Lord changed, and this guy escaped into the True Dragon Spirit Pool.

The Red Moon City Lord and others changed their colors. How could Qin Chen escape and rushed into the True Dragon Spirit Pool one by one. However, as soon as they entered, their bodies were burning hot, and their skin felt like burning. The overbearing power poured into their bodies, causing the Saint Yuan in their bodies to be violent.

After just a few breaths, the Saint Yuan in their bodies had an uncontrollable urge to riot, and their faces flushed.

On the contrary, Xing Tianya, the power of the martial spirit on his body was surging, resisting the true dragon's blood, and he could barely maintain his composure.

"City Lord Red Moon, you exit. This is the core of the true dragon spirit pond. It contains the richest ancient true dragon's dragon marrow and blood. Even this seat does not dare to rush in. You can't bear it." Long King Island Master said with an ugly expression.

"The blood of the true dragon is really domineering."

The Red Moon City Lord's expressions changed slightly, "Then no way can enter it, can this person resist the power of the blood of the true dragon?"

"Hmph, this person has fought him before. The physical defense is indeed terrifying. It will be longer than you can resist. However, if this person can completely resist the power of the real dragon's blood, it is 10,000. Impossible." Xing Tianya said solemnly.

"In this case, Lord Xingtianya, you and I will chase down the Innocent Saint Lord, Red Moon City Lord, you and Fenghui Sect Master and others. Stay here. Don't let Death God Sect Master and the others come in. Wait for us to solve it. , Come and kill all these people."

The Dragon King Island Master said with murderous aura.

At the moment, many dragon scales appeared on his body, turning into a real dragon, and He Xing Tian Ya quickly descended.

He was extremely cold in his heart, and even sneered again and again. Does Wudao think that in this true dragon spirit pool, he can escape to life? It is really ridiculous. In the true dragon spirit pool, the strength of his Dragon King Island Lord can be improved, and he can even fight Xing Tian Ya, which is equivalent to two holy masters at the mid-term peak. No matter how strong it is, it will be difficult. Run away to death.

With murderous intent in their hearts, the two kept tracking away.

In the true dragon spirit pool, Qin Chen continued to deepen, and felt the power of the sacred element in the true dragon spirit pool, and madly swallowed the power of the holy vein in the spirit pool.

boom!

Qin Chen felt an overbearing force to the extreme, constantly pouring into his body, and the meridians in his body instantly seemed to burn. The terrifying force began to rampage in his body.

"This is... the power of true dragon blood?"

Qin Chen looked inside and saw that in the meridians of his body, there were traces of terrifying ancient auras in the domineering holy aura he had absorbed. This ancient aura was very thin, but extremely domineering, as if it came from some kind of ancient creature, motivating Qin Chen. The blood in Qin Chen's body began to become irritable.

"Huh, the blood of the true dragon, what about the marrow of the true dragon? It was suppressed by Ben Shao."

Qin Chen shouted angrily, his eyes burst with a divine rainbow, the book of origin bloomed with mighty aura, and began to absorb the civilization of this true dragon, and in Qin Chen's body, the qi of the dark dragons rose up, and the whole person seemed to transform. Like a real dragon, roaring and wandering.

This is the power of the dark flood dragon that Qin Chen absorbed in the trial ground of the heavens, and now it has evolved, absorbing the power of the true dragon's blood and true dragon's marrow.

boom!

Qin Chen's horrible aura rose, and the whole person was golden, like a son of a \*\*\*\* dragon, madly devouring the power of the ancient true dragon sacred veins in the true dragon spirit pool, and even the Red Moon City Lord and others could not absorb it at all. The power of the true dragon was also quickly absorbed by Qin Chen, merged into his body, and merged into the ancient body.

Qin Chen's body was filled with ancient aura, and on his skin, a number of virtual dragon scales began to appear, as if it had also turned into a real dragon.

In addition, a large amount of the power of the ancient true dragon sacred veins poured into Qin Chen's body like an ocean.

boom!

Qin Chen's body is like the crops of a long drought and the rain, frantically devouring the sacred veins around him, the holy energy in the entire true dragon spirit pool is madly swallowed by him, and the holy essence in Qin Chen's body quickly condenses, The strength continues to improve.

"what happened?"

Such a big movement immediately attracted the attention of the Dragon King Island Master, and he and Xing Tianya quickly rushed to the place where the abnormality came from, and suddenly revealed that look of awe.

What did he see? Qin Chen was actually devouring the power in their Dragon King Island True Dragon Spirit Pool?

how can that be?

The shock in the heart of the Dragon King Island Master at this time was more terrifying than Qin Chen's repulsion of him before. His true dragon spirit pool contains the blood of true dragons, and most people can't absorb it at all, only the clan that contains true dragon blood inheritance. Talents can be absorbed, but Qin Chen, a guest of Guangcheng Palace, is actually absorbing the power of their Dragon King Island True Dragon Spirit Pool?

Damn it?

Especially at this moment, the breath of Qin Chen's body is extremely terrifying. A huge black hole vortex has formed all over his body. Every time he swallows, he absorbs massive amounts of true dragon blood and the power of true dragon sacred veins. He even feels Then, along with Qin Chen's voicing, the aura power in this true dragon spirit pond was actually slowly declining.

"kill!"

Under the fear in the heart of the Dragon King Island Master, he could no longer care about other things. He turned into a giant dragon and roared and killed Qin Chen.

And Xing Tianya also felt something was wrong, and at this moment, from Qin Chen, he actually felt a terrible breath that made his heart palpitations.

"kill!"

Xing Tianya's heart throbbed, and he roared, the Shou Yuan in his body was burned, and he couldn't hide it anymore. The spirit of martial arts broke out completely, turned into a murderous storm, and slashed to Qin Chen.

The power of horror came in an instant and wanted to kill Qin Chen.

"Break it for me!"

Qin Chen looked stern and opened his eyes. He felt that the strength in his body was increasing crazily, but he also knew that his current strength far surpassed the average mid-term holy master, and could even kill the mid-term peak holy master. , But to really kill Xingtianya such masters, he is not sure, unless he displays the treasure of Zixiao Dousing Gong.

But these treasures are absolutely impossible to display, and once they are displayed, they will be exposed.

Therefore, Qin Chen must break through here, and only by breaking through can the Dragon King Island Master and Xing Tianya be beheaded, the real Aoxiao this level.

boom!

After the endless devouring, Qin Chen felt that layers of shackles in his body were opened, and the cultivation level of the early holy master in his body was madly improved at this moment!

#### [Chapter 3265: Break through](#)

As Qin Chen's body strength crazily climbed, the attacks of the Dragon King Island Master and Xing Tianya finally came, booming, this is equivalent to the attack of the two mid-term peak holy masters, how terrible?

Especially the Dragon King Island Lord, in this true dragon spirit pool, it seems like a person has changed. The true dragon aura on his body soars to the sky, and he has double horns on his head, and he wants to be a true returning dragon.

The attack of the two turned into a world-destroying storm, swallowing Qin Chen whole.

"Huh, stop me!"

In Qin Chen's body, terrible power rose up, and when the world extinction storm swept over, the power was activated again, the magic of fate burst, the ancient aura boiled, and he pointed out.

boom!

The terrifying forces collided with each other, and the sky broke out. Although Qin Chen was still in the process of breaking through, the power in his body was still advancing by leaps and bounds. Under one finger, the group of world-destroying storms collapsed and appeared inside. The face of Xing Tianya could not hurt Qin Chen in the slightest. But Qin Chen did not harm him either.

"You can't hurt me." Xing Tianya roared again, the power of the martial arts on his body bloomed, the power of the dark martial arts turned into a vast ocean, rushing to Qin Chen, in the sea of martial arts, there were waves of martial arts. The light of the soul burst out, piercing Qin Chen's eyes.

"The breath of the true dragon, suppress it!"

The Lord of the Dragon King Island also aroused the power in the entire True Dragon Spirit Pool. In the entire True Dragon Spirit Pool, the sound of the dragon's roar was vaguely transmitted, as if there was an ancient giant dragon, awakening from the ancients and shocking the world. Eternal.

Qin Chen's face was solemn, and he roared. He didn't know what secret technique was being displayed. The blood flames all over his body burned. The swallowing power in his body was even more terrifying. In the book of origin, he had absorbed the true dragon's After getting angry, a real dragon civilization appeared.

In fact, when Qin Chen killed many dark and stormy dragons in the sky trial, he had already condensed the civilization of the dragon, but it was only the civilization of the dark dragon. The civilization of the true dragon was far superior to the civilization of the dragon. However, after swallowing the blood of the true dragon and the marrow of the true dragon in the true dragon spirit pool, the civilization of the true dragon finally appeared in Qin Chen's body.

As soon as this civilization came out, Qin Chen's body was instantly like a bottomless pit. The true dragon aura that had affected him before, at this moment, became a powerful thing that strengthened his body, countless true dragons. Qi and the blood of the true dragon and the marrow of the true dragon entered his body, madly expanding his power, forming a perfect cycle.

In an instant, Qin Chen seemed to see an ancient true dragon fighting bloody, fighting Tianjiao, and seeing an ancient true dragon roaring for nine days, fighting Huang Quan.

The powerful force entering Qin Chen's body also made Qin Chen more aware of the laws of heaven.

In his mind, Qin Chen seemed to see the origin of life, the power of heaven was ascending, and the origin of the Sacred Lord, the Savage Lord, and the Nine Nether Lords, which could not be completely absorbed before, was caught by Qin Chen. Thoroughly see it through, and completely blend into his body.

At this moment, Shengyuan condensed, and the source was surging.

The shackles in Qin Chen's body broke through with a click, and the origin expanded wildly.

In one fell swoop, he stepped into the realm of the holy master of the initial peak, and Qin Chen's power was still rising, in the middle of touching the holy master.

Difficult, too difficult!

Qin Chen wanted to break through, and the power he absorbed was ten times, a hundred times, or even more than that of ordinary holy masters. Now, after absorbing the origins of the three holy masters of the gods, under the blessing of this ancient true dragon holy vein, Qin Chen finally broke through.

His power has increased again, and the circulation in his body has become domineering again. The Universe Jade Plate has also absorbed a lot of true dragon qi, and has once again undergone earth-shaking changes. The billowing true dragon qi, true dragon blood, and true dragon essence Not only was it absorbed and swallowed by Qin Chen, but it also entered into the jade disc of good fortune in the universe, allowing You Qianxue and the others to absorb and strengthen their power.

Click!

Qin Chen felt that his barren ancient body had once again solidified, the barren aura, the barren ancient aura, and the true dragon aura were perfectly combined, and the defense reached an unprecedented level against the sky.

Moreover, the arrival of the true dragon will also strengthened Qin Chen's soul.

However, at this moment, Qin Chen didn't have the slightest joy in his heart. It was as if it was a matter of course. The promotion and breakthrough were his predetermined things. He already knew when he broke through the early holy lord and survived the thunder of the world. As long as you have enough strength, it is not difficult for you to break through the initial peak of the Holy Master. The difficulty lies in the resources needed and the great realm of the breakthrough to the mid-term Holy Master.

boom!

At this time, the strength in Qin Chen's body was still rising, and countless true dragon qi was condensed by him, and the origin became more and more terrifying, even moving towards the mid-term Saint Lord.

Originally, Qin Chen had just broken through the early peak of the holy master, he was not qualified to attack the mid-term holy master, but before he swallowed the power of the three mid-term holy masters, such as the Slayer of Heaven, the law and perception of the mid-term holy master has reached He made a brand new bottom, and played against the mid-term Saint Lord again and again, accumulating infinite experience.

When he was promoted to the early peak Holy Master, Qin Chen's body strength had not yet reached its ultimate level, and he was still improving, and he wanted to hit a higher realm.

Numerous dragon-shaped air currents burst from Qin Chen's body.

These dragon-shaped air currents turned into heads of real dragons, too mighty, a large amount of real dragon energy was absorbed by Qin Chen, and even the infinite real dragon energy was absorbed in the jade discs. At this moment, Qin Chen's universe In the jade disc of good fortune, it was as if a real dragon world had been re-created. These real dragons were absorbed by the Devil Tree of the Ten Thousand Realms and You Qianxue, and their powers were also crazy.

boom!

Although Qin Chen was still improving his realm and seemed to be about to hit the mid-term Saint Master realm, after he broke through the initial peak Saint Master, he had already increased his strength several times, ten times, and entered a brand new realm in an instant.

"Elevated the realm! This Wudao unexpectedly raised the realm at this time... No, how could the aura on his body be the initial peak holy master, impossible?"

"What the \*\*\*\* is going on? Why is the power of the true dragon spirit pond of my Dragon King Island rapidly declining? No, the true dragon spirit pond of my Dragon King Island has been passed down from ancient times to the present day. The blood is completely absorbed, so it can always be retained. The ancient true dragon sacred veins are also absorbing the sacred energy provided by the other eighteen

holy veins of my Dragon King Island at all times. It is almost inexhaustible and inexhaustible. Suddenly disappeared so much?"

Xing Tianya and Dragon King Island Master were frightened, feeling the changes in Qin Chen's body, they couldn't believe their eyes.

### [Chapter 3266: Knives](#)

"kill!"

They roared, and a strong crisis emerged in their hearts, as if death was about to come, one by one would not care about others, and they would kill Qin Chen fiercely.

The sea of martial souls above Xing Tianya suddenly exploded and turned into endless soul light. His whole person was in the black soul light, and the invisible martial soul turned into an existence like the lord of the night. Qin Chen is another masterful killer move.

The Dragon King Island Lord also aroused the aura of the real dragon and turned into a roar of a real dragon to tear Qin Chen.

The two of them are desperately desperate now.

It's a pity that Qin Chen at this time, compared to just now, did not know how many times he was furious. First, there was a shock, and the terrifying impact swept away. It directly shook the true dragon aura on the Dragon King Island Master and shook him away. After that, it was simple and unpretentious, just a punch, which directly punched through the dark night, but Hou Xing Tianya fell out of it, flew into the distance, and screamed.

"Xingtianya, you are not a good person. You must go to be a dog in the Yaomie Mansion. Today, this young master will kill you to see who can save you!"

boom!

When the infinite strength in Qin Chen's body climbed to the point of breaking through, it finally stagnated, only one step away from the mid-term Saint Lord.

But this step away, for an early peak holy lord, it was like a moat, difficult to cross.

"It's still the power in this true dragon sacred vein, and the laws I have learned are too few to allow me to break through the mid-term Saint Master's realm at once."

Qin Chen sighed, knowing that he couldn't force it, his eyes looked at Xing Tianya, and a cold murderous intent bloomed in his eyes. He strode to chase, and with only one step, he shortened the distance between the two. After a thousand changes, I couldn't escape this palm.

With a loud noise, his whole body was beaten into flight, blood flew across, a huge palm print appeared on his chest, and several bones were broken!

Xing Tianya, who had been able to compete with Qin Chen evenly before, was fighting forcefully, but now he was beaten down by Qin Chen with a single move. He was seriously injured, and the light of the martial soul in his body continued to spit out, extremely miserable.

"Master Xingtianya!"

The Dragon King Island Master, who had been blasted out before, saw this scene and couldn't help but roar, his scalp was numb, and his body trembled. He roared, not hesitating to burn the blood of the real dragon in his body, and provoke the whole real dragon spiritual pool.

boom!

The true dragon spirit pool roared. After all, the lord of the dragon king is a true descendant of the true dragon. After all, he sacrificed a peerless ultimate move and burned the true dragon blood in his body. The true dragon blood suddenly exploded and burned raging. The fire of the real dragon turned into a real dragon and roared towards Qin Chen.

This real dragon is lifelike, as if the ancient dragon descended to the world to obliterate Qin Chen.

The Dragon King Island Lord actually ignited his true dragon bloodline alive, using the power of the true dragon spirit pond to evolve an ancient true dragon and blasting Qin Chen.

With this move, he was determined to severely injure and kill Qin Chen, or even burn his blood. It should be noted that after the blood is burned, he will enter a period of weakness. Not only will the blood concentration in the body be greatly reduced, but even the realm is possible. Will fall.

However, he had to do this, otherwise Xingtianya would not be blamed for what went wrong, and he would be punished by Yao Mie Mansion and would not escape death.

"Huh, Dragon King Island Lord, this is your true dragon bloodline? It's ridiculous, but so, look at this young man's true dragon civilization."

Qin Chen's body was shaken, and a mighty true dragon civilization was born. Anyway, in this true dragon spirit pool, Qin Chen was not afraid of being recognized, and after the breakthrough, he had enough confidence to leave two people behind. , So unscrupulous.

He punched, and the origin magical power brought the civilization of the true dragon, and directly hit, that true dragon civilization, vast and mighty, instantly affected the control of the dragon king island lord over the true dragon spiritual pool, but was controlled by Qin Chen. Hands.

The ancient true dragon evolved by the Dragon King Island Lord using the true dragon spirit pool was not under his control, but was instantly controlled by Qin Chen and was directly in his hands.

"No, how can you arouse the true dragon spirit pool, you don't have true dragon blood, you are not from my Dragon King Island, why?"

The Island Master of the Dragon King was frightened and furious. His ancient true dragon, which had evolved, was snatched by Qin Chen, and turned his head unexpectedly, entwining him instantly and violently wiped out.

"what!"

The lord of the Dragon King Island screamed, angered, blood spurted, he was furious, and the trick he showed with his best was actually making a wedding dress for others to use against himself. This shame and this pain made him simply Go crazy.

"Who are you?"

Xing Tianya also saw what was wrong with Qin Chen at this time, because from Qin Chen, he actually felt the extremely young vitality, and he was different from the previous Innocent Holy Master.

He screamed in anger and turned around to flee here.

"late!"

It's a pity that Qin Chen sneered. How could he let him escape? Now that he has broken through the early peak Holy Master, he is only one step away from the mid-term Holy Master. His strength has increased by many times. The palm of his hand is spurred again and again. The attack surrounded Xingtianya.

what! what! what! what!

Xing Tianya was unable to fight back during Qin Chen's violent stormy attack. It was like a ball that was opened by his fists and kicks. With every palm, there was a thrilling sound of broken bones, mixed with various rules of collapse. idea.

"Damn, I don't share the same spirit with you!" Xing Tianya was still fighting back, burning his life, breaking down the law, sacrificing martial arts, blood turned into raging flames, displayed the martial art of the world, and played a vast killer move.

"Desperately, take me one move, Wuhun blew himself up!"

Blood and blood, but Xing Tianya, who was still fighting, fought back again, and even directly blew his martial soul.

"Blast Martial Spirit? In front of Ben Shao, you can't do it if you want to die, take it for me!" Qin Chen punched out again with a simple punch. The essence of Origin's supernatural power was thoroughly brought out, and the whole person was once again incarnate as a grandfather. The real dragon, the dragon claws change, as big as a mountain, breaking all the moves of Xingtianya, just press it directly.

Boo!

Qin Chen used the heavenly soul forbidden technique, and the terrifying soul power was permeated, and the power of the martial soul that Qin Chen simulated also lingered, directly suppressed, and unexpectedly knocked back the breath of Xingtianya's spontaneous explosion, and even blew it back. No more.

The whole situation is like an eagle in the sky. Once it flies down, a chicken is held down. No matter how powerful the chicken is, the chicken is always a chicken, and it cannot be compared to the eagle.

boom!

With one hand, Qin Chen clasped Xing Tianya's head and raised him fiercely. With terrifying rules lingering, he bound Xing Tianya tightly, squeezed it fiercely, unable to move, and became a fish on the knife.

[Chapter 3267: Enslavement](#)

At this moment, the Dragon King Island Lord saw this scene, his liver and gallbladder were split, his soul was scattered, and his heart was completely cold.

The mid-level peak Holy Master of the dazzling Yaomie Mansion was actually carried like a chicken. This kind of scene was too shocking and shocking.

The person in front of him is simply invincible. In the true dragon spirit pool of their Dragon King Island, they can cultivate and break through, as if they have countless cards. Starting from that star space, it seems that no one knows this person. What is his ultimate strength? It seems that the stronger the enemy, the more powerful he burst out.

The lord of the Dragon King Island was tightly trapped by the true dragon aura transformed by the true dragon spirit pool, and he felt that no matter how hard he struggled, he couldn't get rid of it. As the island owner of the Dragon King Island, his perception of the true dragon spirit pool, is not as good as an outsider, it's a fantasy.

"You are not from Guangyuetian, who are you?"

Xing Tianya was captured, screamed fiercely, shouted in anger, the power of the martial soul in his body was shocking again and again, trying to break free from Qin Chen's restraint.

"Hahaha, who is this young master? You will know when you enter hell."

Qin Chen sneered, with a rumbling, pressing his palm completely, and Xing Tianya let out a scream that reached the extreme, seemed to be the call when he was dying, or he wanted to explode the law of origin, desperately fighting with Qin Chen.

However, the screaming sound fell silent in the middle of the scream, as if someone had stuck his throat.

The Dragon King Island Lord then saw that Qin Chen's palm was deeply inserted into Xing Tianya's head, and the weird tentacles slowly penetrated into Xing Tianya's body. in.

It is the Devil Tree of Ten Thousand Realms!

The power of the Ten Thousand Realms Demon Tree penetrated into the soul of Xingtianya little by little, and at the same time, what also penetrated into the soul of Xingtianya was Qin Chen's soul power.

Xingtianya is a master of the mid-term peak Saint Master level. Qin Chen's previous cultivation base was too low to completely enslave these masters. He could only forcefully kill the Saint Master and others, and absorb their original laws. , Improve your own strength.

But now, the origin law of the ordinary mid-term peak saint master is not of much use to Qin Chen. Xing Tianya is also a mid-term peak saint master at any rate, and he is also the ancestor of the sea of martial souls.

Although the Sea of Martial Soul is nothing in the entire Eastern Heaven Realm, it is just a remote secret realm similar to the realm of the dead, but there are also many masters, powerhouses, and some special treasures, especially the power of Martial Soul. Xing Tianya, as the ancestor and general leader of the Sea of Martial Soul, naturally has a lot of resources under his command.

If he could enslave the World of Life, it would make Qin Chenchen Dige's resources more abundant.

Therefore, Qin Chen immediately decided to enslave Xingtianya.

Su Quan and the others still need a lot of time to grow up. They directly enslaved Xingtianya. Not only can they get a holy master at the mid-term peak, they can also get a territory. Why not do it?

Hum!

Qin Chen used the heavenly soul forbidden technique, and a terrible soul power poured directly into Xing Tianya's mind, rumbling, this Xing Tianya was known as the ancestor of the martial soul, and the strength of the cultivation of the martial soul was naturally different from that of ordinary strong people. Want to be with, and have a unique power.

But Qin Chen was not afraid. His Heavenly Soul Forbidden Technique combined with the Ten Thousand Realms Demon Tree, the strength of the soul was unparalleled, this was almost one of Qin Chen's most powerful trump cards, and it was not something ordinary people could resist.

Above Xing Tianya's mind, the waves were raging, and Qin Chen's soul power quickly permeated, and soon reached the end of his mind.

The power of the soul entered Xing Tianya's mind and was about to form an invisible seal imprinted in the depths of his soul, but just when Qin Chen's soul power was about to be imprinted.

Hum!

In Xing Tianya's mind, a forbidden force unexpectedly emerged. This forbidden force was full of cold power, and powerful soul fluctuations broke out, making the souls in Xing Tianya's mind a little trembling, seeming to bear. Can't help this power.

Qin Chen was taken aback: "It's such a powerful restraining force. In Xing Tianya's mind, he was actually restrained. Could it be that Yao Mie Mansion's hands and feet were moved?"

Xing Tianya is a sea of martial souls. After taking refuge in Yaomie Mansion, in order to prove his loyalty, it is very normal for the people of Yaomie Mansion to plant a restriction in his mind. However, this restriction is extremely hidden before. Well, even Qin Chen didn't notice it for a while, and didn't realize it unexpectedly until he was about to plant a seal in the opponent's mind.

The person who planted the restriction in Xing Tianya's mind has an absolutely extraordinary cultivation base.

Is it Palace Lord Yaomie?

Except for Palace Master Yaomie, Qin Chen couldn't imagine anyone else who could plant such a restriction in Xing Tianya's mind. After all, Xing Tianya is the holy master of the mid-term peak, even if Yaomie Mansion has a better late-stage saint than him. Lord, when there is only a big difference, it is also difficult to plant restrictions in others' minds.

Unless it's Palace Master Yaomie who is impacting the realm of the venerable.

boom!

When Qin Chen's soul power entered the extreme depths of Xingtianya's soul sea, the restraint instantly seemed to have sensed Qin Chen, and the power of restraint continued to roll and swept towards Qin Chen, obviously to Overwhelming Qin Chen's soul power, and along with Qin Chen's soul breath, gave Qin Chen a counterattack.

"Huh, it's not that easy to deal with Ben Shao?"

Qin Chen's eyes condensed, the heavenly soul forbidden technique was operating, a powerful soul force was constantly used, and the power of the ten thousand worlds demon tree also came, instantly enveloping the forbidden power, forming a cage, Wrapped that prohibition to the dead.

The prohibition seemed to feel the crisis, and it actually evolved into a black hole, trying to swallow the soul power surrounding it.

Qin Chen sneered and was also secretly shocked. This soul restraint was too strong, even with a trace of venerable aura. If Qin Chen was just an ordinary early peak holy master, he would be blasted by the opponent, and even let this A ban entered into his mind, causing serious injuries and even beheading.

It's a pity that Qin Chen's Celestial Soul Forbidden Technique is extremely powerful, and it also has the bonus of the Ten Thousand Worlds Demon Tree, which can continuously provide power, but this forbidden planter cannot continue to transmit power, and Qin Chen is immediately caught 'S power was suppressed, but it was firmly suppressed here.

"If this soul restraint is really planted by Palace Master Yaojie, it is possible to analyze the power of Palace Master Yaojie through this soul restraint."

Qin Chen's eyes flashed, revealing a sharp glow.

Hum!

In his mind, a force of soul continued to linger out, and he began to analyze the restriction that was trapped by him.

#### [Chapter 3268: Soul confrontation](#)

As soon as Qin Chen's soul power came into contact with this restriction, a terrifying coercion struck him. Qin Chen felt like he was in the middle of the tornado. The countless cold soul aura felt abnormal and crazily wrapped around his soul body. .

"Heaven Soul Forbidden Technique, break it for me!"

Qin Chen sneered, urging the heavenly soul forbidden technique, and the power of those terrifying souls was immediately dispersed by Qin Chen.

"boom!"

But before Qin Chen relaxed, the soul restraint seemed to feel a crisis, and instantly turned into a simple black rune. The black rune emitted endless black mist and turned into a net of heaven and earth, suppressing Qin Chen.

"Huh, little bugs."

A cold color flashed in Qin Chen's eyes, the Heavenly Soul forbidden technique was used, and the power of the Ten Thousand Realms Demon Tree was also blessed, and his soul power instantly became extremely powerful, when the black mist passed over Qin Chen's soul, The two sides fought fiercely on the soul level.

Boom boom boom!

Qin Chen felt a rumbling roar in his mind, and even a trace of dark power lingered in the soul restraint, and a mighty scene appeared before Qin Chen's eyes.

What appeared in front of Qin Chen was a dark space, where the infinite power of darkness rolled and lingered, like purgatory, full of destructive power.

And in the endless darkness, a towering body stands here, this is a dark powerhouse, hidden in the endless darkness, like a death in the darkness, the body is covered by layers of darkness. The package, the whole body exudes an infinite and terrible breath.

When Qin Chen saw this person, this person also seemed to feel Qin Chen's existence. Boom, those closed eyes suddenly opened, and in the endless darkness, two divine rainbows burst out suddenly. Staring at Qin Chen fiercely.

At this moment, Qin Chen felt that his body was stiff, and he was stared at by an ancient wild beast. What a pair of terrifying eyes? Cold and cold, with endless killing and tyranny, they pierced into Qin Chen's heart fiercely.

"not good!"

The moment Qin Chen stared at each other, Qin Chen was shocked instantly, and his whole body was cold, like falling into an ice cellar. These eyes did not carry a trace of emotion, but they seemed to be able to see through him thoroughly, and the endless darkness would swallow him instantly.

Destroy Palace Lord!

This person is the strongest person in the Yaomie Mansion, the terrifying powerhouse who wants to unify the Eastern Heaven Realm, the Lord of the Yaomie Mansion.

"Who is it, dare to spy on this seat and get out of this seat."

An extremely angry and gloomy voice came out from the infinite darkness. Om, in the infinite darkness, the power of the endless darkness surged.

"Boom!"

A pitch-black soul canopy seemed to penetrate the void of the heavens, traversing the distance, rushing toward Qin Chen violently, and slashing Qin Chen along the emptiness of the soul.

At the same time, the black eyes of the dark figure skyrocketed, and suddenly raised his hand, a mighty power that seemed to penetrate the infinite void and directly attacked Qin Chen's body.

"Heaven Soul Forbidden Technique, Soul Unity!"

Qin Chen was shocked. Under this mighty power, he even felt that his soul was broken and was about to fall on the spot. In a critical moment, Qin Chen urged the heavenly soul forbidden technique. Among the jade discs of great fortune, Qin Mo's gloom was cold. The power of the soul instantly diffused out, combining with Qin Chen's soul.

The soul aura of the Yuanmo clan collided fiercely with the power transmitted through the soul restraint.

Boom!

In the soul sea of Xingtianya, it seemed that there was a shocking roar, and the rumbling roar sounded. The black rune made by the soul restraint skyrocketed rapidly, and a black figure slowly walked out of the rune, and it gradually condensed. Becoming the figure of a strong man who haunts the power of darkness, this person's soul power is so strong that he has chased and killed all the way from the unknown endless void along the void.

At this moment, his figure hadn't completely walked out, and a terrifying soul power impact was like a hurricane tsunami, rushing straight towards Qin Chen.

"Huh? This person dared to chase him, here, but a soul power that penetrates, really think he is invincible?"

Qin Chen's eyes were cold, and he never thought that the other party would dare to use the soul restraint in Xing Tianya's mind to chase and kill him.

If in the opponent's battlefield, Qin Chen might still be a little worried, but in this own main battlefield, how could Qin Chen be afraid.

"Book of Origin, Origin of Soul, Demon Tree of Ten Thousand Realms, Destruction of Ten Thousand Realms, Power of Abyss Demon, Dark Civilization, come out to me!"

Qin Chen shouted angrily in his heart, the Ten Thousand Realms Demon Tree combined with Qin Mo's Yuanmozu soul origin, exploded with an astonishing breath, covering the figure of the dark powerhouse that gradually appeared clearly.

"What, this power... the power of the Demon Race? You are a member of the Demon Race, why do you destroy the good things in this seat!"

A horrified look appeared in the eyes of Palace Master Yaomie, and with a "bang", his figure was suddenly shattered and swallowed severely by the Demon Tree of the Ten Thousand Realms, and a large amount of pure spirit power instantly poured into the Demon Tree of the Thousand Realms. In, disappeared.

Qin Chen's eyes were cold and he no longer had his hands. He quickly squeezed the Taoist Soul Seal Technique with both hands. At the same time, he performed the Heavenly Soul Forbidden Technique, and the power of the soul burst out, turning into a substantial soul sword, slashing hard. On the black rune that the soul forbids.

Peng!

The entire soul restraint burst into pieces under this knife, and the powerful soul power that escaped was quickly swallowed by the Ten Thousand Realm Demon Tree.

In just a moment, the soul restraint of Palace Master Yaojie in Xing Tianya's mind was completely destroyed by Qin Chen, and the opponent could no longer attack across the void, and Qin Chen, once again used the Heavenly Soul Forbidden technique, in Xing Tianya's mind. Left a deep mark.

call!

In the true dragon spirit pond, Qin Chen and Xing Tianya opened their eyes at the same time, and Qin Chen quickly pulled out the hand that inserted Xing Tianya's head.

Losing the seal of Qin Chen's power, Xing Tianya's breath quickly recovered, and then in the horrified gaze of the Dragon King Island Master, Xing Tianya actually knelt to Qin Chen on one knee and said respectfully: "Master!"

"call!"

Qin Chen let out a sigh of horror in his heart. He never expected that Palace Master Yaomie's soul power was astonishing and terrifying. If he hadn't reacted in time, he would have been in danger just now.

And now, although he has broken the soul seal of Palace Master Yaomiie, Palace Master Yaomiie has also most likely discovered his existence.

I'm afraid this matter is in trouble.

Qin Chen's eyes were gloomy.

However, at this time, he couldn't control that much. Qin Chen raised his hand and directly included Xing Tianya into the Universe Good Fortune Jade Plate, and then his eyes fell on the Dragon King Island Master.

It's this guy's turn.

"You, what did you do to Lord Xingtianya just now?"

The Dragon King Island Master's face was horrified, looking at Xing Tianya who was taken away by Qin Chen, there was endless fear in his eyes, and he was struggling fiercely under the restraint of this ancient true dragon.

### [Chapter 3269: Long Chi](#)

"No need to struggle, because no matter how you struggle, it's useless!"

Qin Chen sneered, standing tall, and instantly came to the front of the Dragon King Island Master, pressing down deeply with one hand.

"what!"

The Dragon King Island Master roared again and again, trying to break free, but it was useless. Qin Chen severely captured him. Qin Chen was like a giant upright, and the Dragon King Island Master's true dragon Qi was like a little snake. , Violently twisted in Qin Chen's hands, but to no avail.

Bang bang bang!

Shock waves swept towards Qin Chen, fighting for Qin Chen's bondage, but a terrifying force in Qin Chen swept down like an ocean, and immediately shook the meridians in the main body of Dragon King Island open.

"Who are you? You are a member of the Demon Race? The breath on you just now is definitely not a Human Race."

The Dragon King Island Master screamed bitterly, but Qin Chen was not in the mood to explain, he snorted coldly, and the power of the Saint Yuan confined his body and began to penetrate his body, making his soul really dizzy, and his voice confined. Directly penetrate into the origin of the Lord of the Dragon King Island Lord.

Click!

The origin of the Dragon King Island Master split, and a series of terrible origin powers madly escaped from the Dragon King Island Master's body. At this moment, he has become a useless person, caught by Qin Chen, and moved. No, I can't say a word, even my soul can't escape.

Qin Chen held the Dragon King Island Master in his right hand and urged the Universe fortune jade disc. Suddenly, the endless spirit pool liquid in the true dragon spirit pool rolled into the Universe fortune jade disc, and Qin Chen had absorbed most of it. The ancient true dragon sacred veins and the condensed true dragon aura were also incorporated into the Universe Jade Plate by Qin Chen.

Qin Chen emptied the dignified Dragon King Island, a treasure that had been passed down for countless thousands of years, and cleared it upright.

"what happened?"

"Why is the true dragon's aura in the true dragon spirit pool getting thinner?"

"You don't feel it, the strong Saint Yuan Qi here seems to have disappeared, what's the matter?"

Over the true dragon spirit pond, Palace Master Guangcheng and Death God Sovereign, with the masters of Guangyuetian's many forces, are facing a frantic attack formed by the Red Moon City Lord and others at the core of the true dragon spirit pond, and then they feel When it came to the changes in the True Dragon Spirit Pool, everyone was shocked.

"Damn it, isn't it because Brother Wudao had some accident, right?"

Palace Master Guangcheng's expression was difficult to look at. Qin Chen designed to expose the Dragon King Island Master and their conspiracy, but he himself was trapped in the core of the True Dragon Spirit Pool. She and the Death God Sovereign joined forces in a short time. Unable to break through the great formation of this true dragon spirit pond, now feeling the changes in the true dragon dragon pond, my heart immediately burst.

This true dragon spirit pond is the secret area of Dragon King Island, and the changes here are definitely caused by the Lord of Dragon King Island, which immediately made her feel worried.

"boom!"

Palace Master Guangcheng's face changed slightly. Although she had not been in contact with Qin Chen for a long time, Qin Chen was kind to her Guangcheng Palace after all. How could Qin Chen fall here like this?

Thinking of this, Palace Master Guangcheng couldn't hold back anymore, the power of the moonlight on his body rose wildly, and the whole person desperately shot at the front.

Boom boom boom!

The sky was shaking loudly, and the Red Moon City Lord and others saw Palace Master Guangcheng desperately taking action, and they couldn't help changing their colors. Is this Palace Master Guangcheng crazy? But the more anxious the other party is, the more calm they are in their hearts.

"Haha, why did the breath of this true dragon spirit pool suddenly disappear? Could it be that the Dragon King Island Lord performed some forbidden technique?"

"Hey, that Wudao prides itself on extraordinary strength. He actually dared to deliberately use his body as a bait to attract me to be exposed. Unfortunately, he is too naive. In this true dragon spirit pool, even if I wait for exposure, what is it? Will you die? Even taking Palace Master Guangcheng and people from other forces in Guangyuetian to die together, it's ridiculous."

"Yeah, if it weren't for this innocent, as long as the Palace Master Guangcheng and the others are willing to surrender to me and the Yaomie Mansion, there may be a way to survive, but now, there is no way, there is only a dead end."

The Red Moon City Lord, Fenghui Sect Master, the Supreme Elder of Red Moon City, and the deputy island owner of the Dragon King Island, the four mid-term saints, with many masters under their respective subordinates, resisted the attacks of Palace Master Guangcheng and their sneers. Repeatedly, it is endless.

In their view, the changes in this true dragon spirit pond were naturally arranged by the owner of the Dragon King Island.

"Haha, this true dragon spirit pool aura has disappeared. You are here to stop the enemy, Ben Shengzi and Su Quan will go down to meet Xing Tianya and Dragon King Island Master."

Yao Wuming laughed, and then took Su Quan, shaking his figure, and dived directly into the True Dragon Spirit Pool.

"Master Yao Wuming Shengzi be careful!"

The Red Moon City Lord and the others hurriedly spoke, but before their words fell, Yao Wuming and Su Quan had sneaked into the True Dragon Spirit Pool and disappeared.

The Red Moon City Lord shook his head speechlessly, and the Vice-Owner of Dragon King Island saw this and immediately said: "Everyone, although the breath of the True Dragon Spirit Pond has disappeared, the True Dragon Spirit Pond is only against the Master Yao Wuming Shengzi. After all, it is too dangerous. Let the old man go down and take a look."

His voice fell, and just about to enter the spirit pool, suddenly, bang, the spirit pool below burst open, and then everyone saw an unforgettable scene.

I saw Qin Chen, who had been chased by the Dragon King Island Master and Xingtianya before, slowly ascended from the true dragon spirit pool. He was surrounded by a terrifying aura, like a \*\*\*\* and demon, majestic and terrifying, and in his With his right hand, he was carrying a person.

It is the Lord of the Dragon King!

The Dragon King Island Lord at this time was extremely miserable, covered in blood, with dragon horns on his head, and dragon scales all over his body. The magnificence of the breath burst out an unprecedented ancient aura, but in Qin Chen's hands, the Dragon King Island Lord looked like a dragonfly. Like a snake, he couldn't move at all, and a trace of original destruction escaped from him, dying.

This scene completely stunned everyone.

What a scene is this?

The island owner of the dignified Dragon King Island, one of the top masters of Guangyuetian's five major powers, possesses the blood of an ancient true dragon. After being transformed into a dragon, the island owner of the Dragon King who is comparable to the mid-level peak sage lord, is like a chicken. Carried in his hand, such a scene, the shock to everyone is too harsh.

Endless fear emerged in everyone's mind.

They know that the Dragon King Island Lord has been completely suppressed, there is no suspense, and his appearance is extremely miserable, and he can't even blew himself up. A mid-level peak Saint Master level powerhouse can't work hard. There is no way to the end. How strong is it?

"My lord of the island!"

"Lord of the Dragon King Island!"

The eyes of the deputy island owner of Dragon King Island were blood-red, and he was crazy all of a sudden. He alternated his hands and shot infinite divine light, attacking Qin Chen's body, trying to rescue the Dragon King Island owner.

### [Chapter 3270: Biochemical](#)

The Red Moon City Lord and the others were also extremely frightened. Although they were afraid in their hearts, they all knew the priorities during the crisis. They roared one by one, regardless of resisting the Palace Master Guangcheng and the others. They each played the Law of Heaven and various killing moves. Supernatural powers, like a torrent, attempted to rescue the Dragon King Island Master from Qin Chen's hands.

"It's ridiculous, at this time, I actually want to resist. Your attacks are of no use to the old man."

Qin Chen carried the Dragon King Island Master, and his body was full of terrifying wild aura. Those supernatural powers, laws, attacks, and holy treasures bombarded him one after another, but not even a single hair of Qin Chen fell off. , On the contrary, there were some sacred treasures, which were contaminated with the wild aura on Qin Chen's body.

After breaking through the initial peak Saint Lord, Qin Chen's strength has increased more than ten times? Originally Fenghui Sect Master and others were far from Qin Chen's opponents, after the breakthrough, they were even worse.

Even the Xingtianya and Dragon King Island Masters of the mid-term peak saints were mostly defeated by Qin Chen with three punches and two kicks. What are these mid-term saints?

boom!

Qin Chen's body shook, and the terrible aura suddenly rolled away. The countless sacred artifacts that had attacked began to explode, and then were swallowed by Qin Chen severely.

"If you don't understand, the old lady will let you watch me refining the Dragon King Island Master, a holy master at the mid-term peak, blending into the body!"

Qin Chen held the Dragon King Island Master with one claw, and suddenly tore it to pieces, tearing this mid-stage peak holy master hand to pieces. Countless flesh and blood, even a group of original laws that seemed like the movement of heaven, were integrated into Qin Chen's body. The power of the origin was refining and swallowed fiercely by Qin Chen, and of course there were some powerful laws of origin. Qin Chen couldn't use it, so he invested it in the jade disc of Qiankun's good fortune and gave them refining.

Originally, enslaving the Dragon King Island Master was also a good choice, but now Qin Chen has made a breakthrough, and coupled with the exposure of the Dragon King Island Master and their identities, even if they are enslaved, they cannot be in charge of Guangyuetian, let alone here. Palace Master Yaonie's movement may have been noticed, and Qin Chen could only kill him and swallow it under his weight.

Anyway, the true dragon's qi and bloodline of the Dragon King Island Lord also helped Qin Chen understand the civilization of the true dragon.

boom!

At this moment, Qin Chen's true dragon civilization was completely consolidated, and the blood of a true dragon descendant was integrated into the civilization, making Qin Chen also filled with dragon energy.

Countless power was swallowed by Qin Chen in an instant, dripping out.

In this way, in an instant, he refined the Dragon King Island Lord, a holy lord at the mid-term peak, a big figure in Dragon King Island, a Big Mac, and a top powerhouse who has been powerful for tens of thousands of years.

From then on, this dragon king island lord no longer exists in the world, and his whole body of hard cultivation, blood, soul, magical powers, laws, origin, years and experience gained from tens of thousands of years of hard practice are all Qin Chen took it away without leaving a trace.

Such a scene was so cruel, it made everyone's scalp numb, and everyone lost their voices in amazement, feeling like going crazy.

After thoroughly refining the Dragon King Island Master, Qin Chen felt that his body's power seemed to be more solidified. He had a slight improvement in the mid-breaking saint master, but it was still a little worse.

This shows Qin Chen's horror. The normal initial peak holy master, let alone refining a mid-term peak holy master, even if it is forcibly refined a mid-term holy master, one who is not careful, I am afraid that he will not be able to bear it. He would be seriously injured behind him, get caught up in the act, or even burst into death.

But Qin Chen, after refining a holy master at the mid-term peak, actually only improved his cultivation level by a little, and his aura hardly changed. If it were passed through the heavens, he would be shocked to countless powerful people.

"Coco!"

The Red Moon City Lord's eyes were round, like a duck pinched by the neck, their eyes were full of fear, and they couldn't say a word at this moment.

"Ah, Piff, I'm going to kill you!"

The deputy island owner of the mid-term saint master level on Dragon King Island, his face flushed, he roared in anger, and his hair stood up.

Seeing the ancestor of his own sect, Lord Island Master, was torn and swallowed by Qin Chen on the spot, what kind of experience was this? He is going crazy.

"Kill me? Even the owner of Dragon King Island and Xing Tianya of Yaomie Mansion are not opponents of the old man. They were beheaded and refined by the old man. What are you worthy of killing me?"

Qin Chen stepped out in one step, and his pupils bloomed with a divine rainbow, like a divine demon, unmatched.

What, Lord Xingtianya was also beheaded?

The Red Moon City Lord and the others had scalp numb, and they couldn't help it anymore. They rose to the sky one by one and were about to flee here.

Devil, this guy is simply the devil.

At this moment, they no longer had the slightest idea of confronting Qin Chen. They only had one idea, that is, to flee here, flee to Yaomie Mansion, let the Lord Yaomie do their hands, and kill Qin Chen.

But how could Qin Chen let them escape?

In the horrified gazes of Palace Master Guangcheng, Sect Master of Death God, and Saint Master masters of Guangyuetian's many powers, Qin Chen immediately started the killing.

He slammed his big hand into the void. Suddenly, City Lord Red Moon and the others were imprisoned in the void, jumping in the void one by one, like flies caught in a glass cover, and they couldn't jump out.

"what!"

Qin Chen held it with his big hand, several master masters in the Red Moon City and other forces screamed and screamed, bleeding from the seven orifices, and instantly shattered to pieces. The various sacred artifacts and origins on his body were suddenly exploded and Qin Chen took it into the universe. Among the good luck jade disc.

Although the origin of the masters of the pinnacle holy master level is almost useless to Qin Chen now, it is stored in the jade disc of Qiankun good fortune, and it can also provide a lot of resources for the cultivation of the jade disc of Qiankun for good fortune and others in Chendi Pavilion. , Accumulated, at certain moments, it can also provide power to Qin Chen, which is better than nothing.

And the Red Moon City Lord and others were also picked up by Qin Chen little by little, and they were firmly captured in their hands.

"No, let us go, we are willing to surrender, willing to surrender!"

The Red Moon City Lord and the others screamed sorrowfully, and the original laws in their bodies were also shattering little by little. The various original powers, constantly dissipating, were gradually swallowed by Qin Chen.

But how could Qin Chen bother?

Bang bang bang!

In the end, the Red Moon City Lord, Fenghui Sect Master, Dragon King Island Deputy Island Lord, Red Moon City Supreme Elder, and the four mid-term saints also exploded fiercely, but Qin Chen did not swallow their original power, but directly The income is in the jade disc of good fortune.
